## BURGLARS ARE VERY ACTIVE IN MONCTON AT PRESENT TIME

James Doyle and Sons Grocery, Robbed  
of Two Hundred and Fifty  
Dollars.

### NO CLUE TO ROBBERS

(Special News Service.)  
MONCTON, Tuesday.—The most serious burglary of the recent epidemic which the police seem powerless to stop took place last night when James Doyle & Sons' grocery was entered and two hundred and fifty dollars stolen. Besides a large quantity of valuable private papers of the owner, an attempt was made during the night to enter F. W. Sumner's hardware store, but the burglar was not successful. The burglar entered the rear of Doyle's store, which was left behind, and this is the only clue the police have to work on. There have been nearly a dozen burglaries in Moncton within the last few weeks and although the police and detectives are working on the case no headway has been made.

## LEGERE HOTEL TO BE REBUILT SOON

Mr. Legere Had Only \$4,500 Insurance on  
Property—Message of Sympathy From  
Mr. Turgeon.

### AN ENTERPRISING CITIZEN

(Special News Service.)  
BATHURST, Tuesday.—Mr. John P. Legere informed your correspondent today that the total amount of insurance on his hotel property was \$4,500. The loss included household effects, clothing, harness, robes, sleighs, electrical supplies and liquor. Mr. Legere will rebuild at an early date. A message was received from O. Turgeon, M. P., this evening, conveying his sympathies to the sufferers and offering his residence to the disposal of Mr. Legere and his family. Much sympathy is felt for Mr. Legere as he has been a very enterprising man, having been a very successful hotelier.

## BONAVENTURE COUNTY WILL BE SOLID FOR LIBERAL CANDIDATE

Conservatives Badly Organized and Their  
Candidate Chosen at Convention  
Has Withdrawn.

### DR. WM. VERGE NOW RUNNING

Since two weeks the politicians in Bonaventure County have been very active. As soon as the elections were decided on, Mr. Kelly started the fight and has kept it up incessantly ever since. A week ago in order to select a candidate to oppose Mr. Kelly, and Mr. J. O. Mousseau, a lawyer of some twelve years standing, who practiced for a few months in Moncton and who afterwards abandoned his practice to enter the mounted police in the North West, was selected to oppose the government candidate. Mr. Mousseau is a stranger to this county and has been in Carleton place only a few months. After being selected by his convention he started on the fight, but returned a few days ago being forsaken by everybody. Yesterday, without being asked by anyone of the county, Dr. Wm. Verge, of Quebec went to New Carleton and without holding any convention, announced his intention to oppose the government candidate. He is now in the field and his candidature is looked upon as a joke. He is unknown in the county and everyone agrees in saying that he will lose his deposit. Dr. Verge has always had political aspirations. He tested the feeling in Quebec a few years ago at the general elections and found himself without friends in his own city. Later on he attempted municipal honors and was again turned down. A similar or more crushing fate awaits him in Bonaventure.

The nomination takes place June the first at New Carleton. Mr. Chas. MacNeil will arrive in Metapedia on Saturday and will speak at Metapedia on the evening in Mr. Kelly's behalf. On Sunday after Mass and after Vespers he will speak at St. Alexis and St. Andre, and on Monday will go to New Carleton for nomination. He will then remain in the county until voting day. Mr. Kelly's majority this year will be greater than at the last

## BATHURST PICNIC WELL ATTENDED

Base Ball at Bathurst—  
Death of Geo. Ryan—Other  
Gloucester News.

### LOCAL AND PERSONAL

(Special News Service.)  
BATHURST, Tuesday.—A fairly large crowd attended the St. Vincent's picnic and everybody enjoyed the outing. A large quantity of logs were running over the falls which added greatly to the beauty of the boiling foaming water.  
E. R. Thorburn, Dalhousie, spent Sunday and Monday in town. Allie Cool, of I. C. R. Campbellton, was the guest of S. R. Shirley for the holiday.  
A game of ball between the Town and Village teams was played on Fleury's square yesterday morning. The score stood 26 to 14. Up to the sixth inning the teams seemed evenly matched. The Village team were the best batters as was shown in the last few innings.  
The death of George Ryan occurred at his home here this morning. Deceased was twenty-five years of age and has been confined to the house only a few months with tuberculosis. He is survived by his mother, two sisters and three brothers.  
R. L. Fisher, of the Royal Bank staff spent Sunday and Monday in Campbellton.  
Charles Williamson went to Kent

## CAMPBELLTON HAS APPOINTED A NEW CHIEF OF POLICE

Robert Crawford, Late of St. John Police Force, The Favored  
Applicant and will Enter The  
Service June 1st.

### ENCROACHING ON STREET

The town council met last evening, the Mayor and Councillors, Richards, McDonald, Mowat, Andrew, Moores and McLennan being present.  
Accounts were passed as follows:  
PUBLIC CHARITIES \$26.00  
D. F. Graham, 16.00  
Mrs. Letourneau, 10.00  
FIRE  
Dr. L. G. Pinault, \$6.25  
Tom Richardson, 1.75  
Geo. Sullivan, 2.00  
Jas. J. Young, 2.00  
Frank Paradis, 2.00  
Joe Bernatchez, 2.00  
John Landin, 1.25  
WATER AND SEWAGE  
Canadian Engineer, 2.50  
Coun. McLennan read a number of recommendations from several prominent business men in St. John in regard to Robert Crawford, the nominee of the committee for the position of Chief of Police.  
After some discussion it was decided that Robert Crawford be appointed Town Marshal at a salary of \$65 for the first month, and if satisfactory, \$70 per month thereafter, his duties to commence June 1st 1908.  
Wm. Taylor was engaged as Street Commissioner, at a salary of \$225 per day.  
Coun. Mowat brought up the matter of Dr. Pinault's building on Water Street, encroaching on the street, and after some discussion it was ordered that Dr. Pinault be notified not to proceed any further with erection of the building on Water Street until street lines are defined by the town.  
It was decided to take over the tenancy of the upper flat of lockup building on Cedar Street, at annual rental of \$75 per year.  
Council adjourned.

## TERRIBLE CRIME COMMITTED AT OWEN SOUND

(Special News Service.)  
OWEN SOUND, Tuesday.—A horrible butchery was perpetrated here this morning. James Creighton killed his wife and two beautiful step daughters, aged sixteen and eighteen years, Katherine and Clara Chapman. About six this evening Creighton called through the window to his neighbors that he had killed his family and shot himself. On entering the house they found Creighton had shot himself in the morning. His wife lay dead in a room, her throat cut, a shoe string around her neck, and she was also shot and stabbed. The two girls were in another room, shot and stabbed. Creighton appeared rational and he wrote a letter to his brother telling him of the terrible affair and saying he was in an awful state and bled to go insane. His letter was committed about six this morning. The victims were in their night robes, the pools of blood had dried. They were married at Ipsanti, Mich., a year ago, and lived unhappily. He was addicted to drink.

## CAR ACCIDENT AT OTTAWA

Charles Byrne Is Dead and  
Several Others Seriously Hurt.

### OTHERS RECOVERING

OTTAWA, Tuesday.—Charles Byrne 19 years old, one of the thirteen people injured in the Britannia Line street car crash, has died in the hospital. His brother, Fred Byrne, and Miss Lena Morin, are still in a critical condition. The rest of the sufferers are progressing favorably.

## ANOTHER SECTION OF G. T. P. LET

Contract Has Been Awarded  
to Toronto Co.—House  
to Prorogue.

### WORK NEARLY DONE

(Special News Service.)  
FREDERICTON, Tuesday.—The construction of the eastern branch of the Grand Trunk Pacific between Plaster Rock and Boiestown has been let to a Toronto construction company. Every evening a wheel passed over his head, breaking his jaw.  
JAWBONE BROKEN  
Fred Dobson fell off a slaven on Saturday and a wheel passed over his head, breaking his jaw.

### GOLF CHAMPIONSHIP

LONDON, Tuesday.—In the British Golf championship at Sandwich yesterday, George S. Lyon, of Toronto, the Canadian representative, defeated Leslie Smith four up and three to two. This is the Canadian champion's first defeat.  
Co. yesterday to look for heavy horses. Warrie, Sidney and Edwards Windsor, arrived here last night from Mr. Allison Academy.

## FLOODS CAUSE MUGH LOSS OF LIFE AND DAMAGE TO PROPERTY

(Special News Service.)  
DALLAS, Texas, Tuesday.—Fourteen persons dead, others missing and believed to have suffered a like fate, record breaking rise in the Trinity River and other streams following a rainfall unprecedented in severity. The crest of the flood passed Dallas at night, but in the north, rain is again falling and another rise in Trinity River is not probable. Dallas suffered most yesterday. Four persons are known to

## TWO NEW COAL AREAS ARE TO BE DEVELOPED AT BRAS DOR THIS YEAR

Cape Breton Capitalists Are Pushing  
The Undertaking With  
Vigor.

### FINE SEAMS OF COAL

(Special News Service.)  
SYDNEY, Tuesday.—The two coal areas of Little Bras d'Or, controlled by G. A. Forbes, Montreal, and adjoining the territory of the Nova Scotia Steel and Coal Company have passed into the hands of R. S. Cottrell, of Sydney, and W. A. McKay, of North Sydney, who have proceeded to develop them for immediate production and will shortly install thoroughly modern electrical equipment for haulage and mining. These areas contain several fine seams of coal including the Collins seam, upon which the Toronto Coal Company operated to a small extent at one time. Openings will be made within a few hundred feet of Little Bras d'Or, and a short spur will connect with the L. C. R. The new company will be known as The Colonial Coal Company. Men are now at work and the machinery will be on ground soon.

## FERRY SERVICE TO START THURSDAY

Steamer Florence Will Go on The Dal-  
housie, Miguasha and Campbellton  
Route.

### GENEROUS SUBSIDIES

Our readers will be glad to learn that Capt. Allard has been prevailed upon to put the steamer Florence on her regular ferry route, commencing on Thursday.  
This service is of great accommodation to parties living along the river. The New Brunswick government has promised a subsidy of \$800 and the Quebec government \$200. This is a fair amount for the service given.  
In our opinion an improved service taking in more points and giving a fuller service should be planned in the near future. The steamer Florence, in our opinion, is well adapted to form a joint stock company to undertake this matter. They would, doubtless, receive outside assistance. The fuller service should be planned in the near future. The steamer Florence, in our opinion, is well adapted to form a joint stock company to undertake this matter. They would, doubtless, receive outside assistance.

## NOVA SCOTIA DELEGATION ASKS NEW ROUTE FOR I. C. R.

Wants Government to Build New Road  
to Lessen Grades Instead of Double  
Tracking.

### LOOP AROUND MOUNTAIN

(Special News Service.)  
OTTAWA, Tuesday.—The premier and Minister of Railways at noon today received an influential delegation from the Nova Scotia, which practically asked Halifax averages one per cent. It is proposed that instead of double track the existing line a loop shall be built around Cabot's Mountain, International Transcontinental from Quebec to which would give persons to grades.

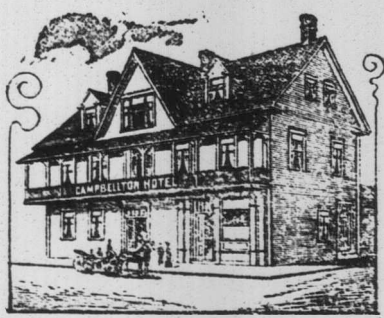

## ORDAINED AT BONAVENTURE

C. W. LeBlanc Ordained on Sunday—  
Solemn Service in The  
Church.

### LARGE CONGREGATION

(Special News Service.)  
BONAVENTURE, Monday.—An interesting event took place in St. Bonaventure church at 10 o'clock when Mr. C. W. LeBlanc, son of R. N. LeBlanc, of R. N. LeBlanc, Bonaventure, at which sixty guests were present. A table of honor at which there sat first priest from the different parishes was one of the features. The organ, assisted by Rev. A. Audet, best of style.  
A dramatic and musical entertainment was given by the guests during the evening.  
Monday morning at 7:30 Rev. C. W. LeBlanc celebrated his first Mass assisted by Rev. Mgr. Alard, the family of the young man receiving Holy Communion. One of these, a sister, Miss duties of a priest by His Lordship Bishop Blais was impressive and most appropriate to the occasion. An exceptionally large congregation was present and the church was filled to the rafters. The ceremony on the dignity and the duties of a priest by His Lordship Bishop Blais was impressive and most appropriate to the occasion. An exceptionally large congregation was present and the church was filled to the rafters. The ceremony on the dignity and the duties of a priest by His Lordship Bishop Blais was impressive and most appropriate to the occasion. An exceptionally large congregation was present and the church was filled to the rafters.

### THE TOWN BONDS

The Tribune is in a terrible state of mind over the possibility of the Town Bonds being actually sold. After stating repeatedly that the bonds were not worth the paper they were printed on and in every possible manner trying to prevent the sale of them by endeavoring to discredit the towns standing in the eyes of the public and claiming that it is on the verge of bankruptcy, he seems to have found out from the very best authority that the bonds are actually sold and the money placed at the credit of the town in the Bank of Nova Scotia. He now sets up the wall, "Why does not the chairman of the Finance Committee report the matter to the council?" and the public have a right to know, etc.

All who read the Graphic have had their information some weeks ago, not only in our report of the Council's proceedings but editorially as well. Of course the Tribune's readers if there may perchance be any of them who do not get the Graphic, have already the words, "there was a meeting of the town council held, but no business of any importance was transacted," dish out to them and it would indeed be difficult for them to get any idea of what the Council is doing either in the way of selling bonds or any other public business. It is probably fortunate for the town that the circulation of that paper is so limited and that its influence is so little felt throughout the community.

### SUBSTITUTES FOR PULPWOOD

An important point is to be considered in the question of prohibiting the exportation of pulpwood from Canada. It is the matter of the possible substitution of other materials for pulpwood in the manufacture of pulp. This is important because if there should be any likelihood of anything effectively taking the place of Canadian spruce, the strongest part of the argument in favor of prohibiting the exportation of Canadian pulpwood would fall to the ground. The claim of those who advocate this policy is that in the case of it being put into force, American manufacturers would be obliged to come to Canada and to manufacture pulp in this country the wood they are now taking out as raw material. Obviously then, if these manufacturers could profitably make use of anything but spruce they would not come to Canada, and so Canadians would lose a market for pulpwood without gaining anything else in turn.

That it is possible to make pulp and paper out of other materials than wood is a matter of common knowledge. People have been making paper of various kinds for many centuries, but it is only in the last half century that they have been making it of any extent out of wood. In fact there are a thousand and one materials from which paper can be made, and these materials range all the way from papyrus and vellum to wheat-straw and corn-stalks. Hundreds of different kinds of grasses can be worked into paper, and in some cases very excellent paper indeed. It has even been manufactured out of meat in some parts of Europe. Linen and cotton rags form a considerable portion of the better grades of paper, while the cotton itself makes a comparatively cheap and very convenient material. The refuse of sugar cane can also be used, and is used in at least one instance.

When one comes to the different woods that have been employed for the purpose, it is surprising to find that there are many rivals to spruce, and that most of them are already used to some extent. Practically all coniferous timber will make pulp, and even a hardwood like birch is used as a filler in some grades of paper. Maple, too, has been employed, and the fact of the matter is that almost any wood will do if the process of manufacture is properly adapted to it.

It is clear from this that spruce has by no means a monopoly as a material for the manufacture of pulp and paper. Where then lies its great advantage? It would make it necessary for American manufacturers to come and establish themselves in Canada in case they were shut out from the supplies of spruce in this country. Its advantage lies in its cheapness. This is the one solution of the problem of substitutes, and it is this which gives spruce an altogether unrivalled position as a material for pulp making.

As stated above, paper can be made out of great many different substances, and in many cases much better paper than is made out of spruce. But then this paper costs a great deal more, and so it cannot compete with spruce in the making of newspaper and such other cheap grades, which form the great bulk of the paper-making industry. The result of this is that the manufacturer who has a supply of spruce will possess a tremendous hand over his competitors who are not provided with such material and will practically drive them out of business. Consequently so long as the supply of spruce holds out no other material will be used for paper-making to any considerable extent. In fact, the price of spruce would have to be more than double before even the cheapest of those other substitutes, such as corn-stalks or the cotton plant, could be profitably manufactured.

This makes it clear why the American manufacturer, who is now so largely dependent on Canadian spruce, for the manufacture of his pulp, would

be obliged to come after it to Canada and set up his mills here, if his supply were cut off. The American manufacturer is too good a business man to conduct his industry under any but the most profitable conditions; and Canadians have it in their power to decide whether it will be more profitable for him to carry on his work of manufacture in this country or in the United States.

### THE BENEFIT FUND.

The fund for the widows and children of the young men who lost their lives in the deplorable accident here over a week ago is not meeting with the hearty and spontaneous response such a fund should meet with from our citizens.

These young men, all faithful and industrious, are suddenly taken away from their homes, leaving behind them orphans, but who in death, are left provided to fight the hard battles of the world. All the widows are mothers of young children who will be dependent on them for many years.

A regrettable feature of the sad accident is the fact that only one man carried life insurance, so that many of these families are left to earn a livelihood as best they can. It may be a fact that some of these have friends who will care for them but should we not as citizens band together to aid them in this, their hour of affliction?

We will receive and acknowledge all contributions, and would request that they be handed in at an early date.

### THE DAY SERVICE

For the past six months the advisability and practicability of running the electric light plant all day to supply light and power has been discussed on the street and, we believe, in the Council Chamber, but nothing has been decided.

During the past winter the Graphic spent considerable time and interviewed many of our leading business men and they were all unanimous in expressing themselves as in favor of the day service, yet the council hesitates in dealing with this matter. At least two industries are waiting for the final word from the ruling power, and if that body does not soon take the matter up and deal with it these industries will be obliged to install other motive power.

This question is more than one of dollars and cents. In it is bound up the industrial welfare and advancement of Campbellton. When it is generally known that this town has a day power service it will be an inducement for small industries to locate here.

Practical men who have gone into the matter and have seen the service would very shortly meet running expenses. If this is the case, why the delay in inaugurating it?

The Royal Mint has been quite busy, since it began operations. It has coined over \$200,000 worth of silver coins. Have you had any of them yet?

Railways may be hereafter made on merit, but what the pride of the rail service really objects to is that all salaries are published in a blue book.

British India is now producing a good deal of coal. The figures for 1907, which have just been tabulated, show that 8,782,250 tons were mined there during that year.

Indiana, is certainly a mother of lions. What other states in the Union could produce Gene Field, James Whitcomb Riley, Booth Tarkington, George Ade, and—Mrs. Guinness?

A young man who wants to get married has certainly contradictory preliminaries to go through. "What are they?" "First, he must put the question, and then he must question the girl."

We observe certain synods and conferences discussing Quebec Missions, says the Toronto Star. And just here let us ask if the saving of Quebec mightn't just as well be left to Henri Bourassa?

It is now suggested that meter readers and other employees of the gas company be equipped with uniforms. We do not put on up with masks, six-shooters, and the usual paraphernalia of hold-up artists.

After eleven years' occupation, England, Russia, France and Italy have withdrawn their troops from the Island of Crete. Crete's occupation being thus gone, the question arises, what are the islanders going to live on?

An English professor shows the Royal Society that the Canadian loaf is bigger than the English one because Canadian yeast gives off twice as much carbon dioxide. In short, we have better facilities for living on the yeast wind.

The Armourists of Chicago are about to establish a retail business in meat throughout Britain. The British people are not afraid of meat so long as it is clean and wholesome, so there is every prospect that the venture will be a public as well as a private advantage.

## Dorothy Dodd Shoes

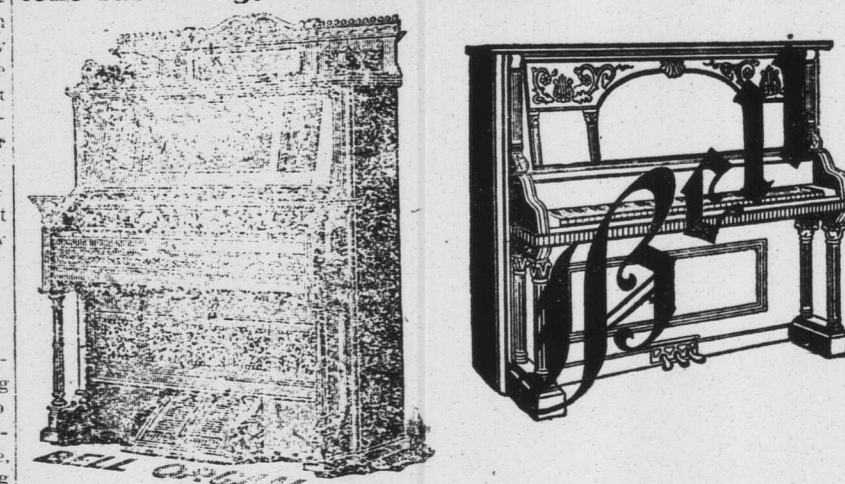

Not at any price can there be built smarter shoes than 'Dorothy Dodd.' And it is said that shapely, well-fitting shoes are an essential mark of a lady. Women fastidious as to what they wear, choose the 'Dorothy Dodd' for their elegance and good wearing qualities.

Toronto, Ontario.

### SYNOPSIS OF CANADIAN NORTH WEST.

**HOMESTEAD REGULATIONS.** Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 4 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Application for entry must be made in person by the applicant at the Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, brother, daughter or sister of an intending homesteader.

The homesteader is required to perform the homestead duties upon one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desire, perform the required residence duties by living on the land, not less than 180 acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on a farming land owned solely by him, not less than 60 acres in extent, in the vicinity of the homestead, or upon a homestead erected for him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention. Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

## CANCER IN BUTTERCUP SAYS THE PHYSICIAN

He Urges That Buttercups be Entombed as Safeguard.

### SOME EXPERIMENT

PHILADELPHIA, Monday.—Dr. W. W. Chaffant, whose declaration that many cases of measles are due to a poison contained in the common field buttercups, attracted considerable attention, is out with another statement in arraignment of the flower.

He now accuses it of being the cause of cancer. "The active poisons in the buttercup," says Dr. Chaffant, "are substances which produce inflammation at contact, and when taken internally may cause inflammation of the stomach and convulsions, and frequently death. The poison is transferred also in milk and meat."

The familiar and to many persons disagreeable smell of mutton, he asserts, is a distinctly cancerous smell. He states that he has produced conditions similar to those of cancer by rubbing healthy flesh with buttercups, and declares that, in all probability the disease has its origin in the meat or milk of animals which eat the flowers. He urges the destruction of the bloom.

The benefit fund is growing slowly, but better things are expected in the next few days.

This is a deserving object and should meet with a generous response from all classes of citizens.

All contributions received are acknowledged in these columns.

The following sums have been received:—

Dr. Pinaut, \$5.00  
A. Friend, 5.00  
Bal. of proceeds of Scotch concert, 16.51  
Charles Goss, 5.00  
Wm. Currie, M. P. P., 5.00

**A CONTEST WORTH ENTERING.** A Life Annuity of FIFTY-TWO DOLLARS is offered by the ORANGE MEAT people to the one sending in the largest number of bottomed ORANGE MEAT packages before May 31, 1908.

This means that the winner will receive One-Dollar EVERY WEEK or FIFTY-TWO DOLLARS every year, as long as he or she lives, or they may exchange it for a CASH PRIZE of SEVEN HUNDRED DOLLARS.

Besides the above there is a second CASH PRIZE of ONE HUNDRED DOLLARS, also other cash prizes as follows:—

Ten Cash Prizes of TWENTY DOLLARS each. Twenty cash prizes of TEN DOLLARS each. Twenty cash prizes of FIVE DOLLARS each, and ONE HUNDRED Cash Prizes of ONE DOLLAR each.

The only condition attached is that you cut out the bottoms of the Orange Meat packages and send them in to ORANGE MEAT, Kingston. The bottom of a JUMBO package counts equal to three of the smaller size. You should be able to win one of the above prizes if you start immediately and get your friends to help you. Send your name and address to ORANGE MEAT, Kingston today and state that you are entering the contest. It is surely worth trying for.

**NOTICE**  
All owners and harborers of dogs within the town of Campbellton are hereby notified to pay their dog taxes to the town clerk on or before the 1st day of June next under the provisions of a by-law of the Town Council imposing a tax on the owners and harborers of dogs in the said town.

JOHN T. REID, Town Clerk  
Campbellton, May 17, 08.

Ice Cream and Soda Water at A. Henderson's.

**Dust is a danger your home shouldn't endure**

The floor that is coated with the glass-like, germ-proof, seamless finish Floorglaze gives will exude practically no dust. That ought to mean much in your home.

**Floorglaze**  
Nearly every malignant disease finds dust its best messenger. And this floor-finish, in any of its ten eye-pleasing shades, deprives dust of its chief stronghold—the floor.

Floorglaze costs little—a gallon covers 500 square feet. Anyone can apply it right. It just CAN'T wear off—'tho' it does dry hard in a single night.

Floorglaze is so durable, and stands hard wear so well, that it serves perfectly for floors exposed to the weather—balconies, summer houses, verandas, etc.

Most dealers sell Floorglaze. If yours doesn't happen to, tell us his name and receive a Free Book you'll like to read.

## NO POLES NEEDED FOR WIRELESS NOW

Messages Caught by Home Made Instruments in Basement.

### ANSWERED QUERIES

RICHMOND, Mo., Monday.—D. C. Elliott, professor of science in the Richmond High School, heard a strange clicking in the basement of the school yesterday. Investigating, he traced the noise to a wireless telegraph apparatus he had made to instruct his pupils. It had been stored in the basement while not in use.

Prof. Elliott sent for a telegraph operator and by means of the apparatus he says, he read messages going from wireless stations at Santa Cruz, Cal., and Oklahoma City, Oklahoma. He also responded to the queries made by the wireless operator when they found the new station of the line, and told them the Richmond station had no lofty pole or wires and was home made.

**CONCRETE HOUSES**  
"Undeniable progress has been made in the design and construction of concrete houses. Twelve months ago there were many concrete blocks, a few monolithic houses, of moderate cost, with here and there a costly mansion of solid concrete. Today there are countless block houses and a vast number of monolithic houses ranging in cost from three or four thousand dollars to hundreds of thousands. Architects everywhere are thoroughly interested in concrete and its possibilities and the result is manifest in recent improvements in design, which has included the block house as well as the more costly and pretentious monolithic structure. One noticeable feature is the increasing use of cement stucco. There is promise that this process will eventually be applied to cheaper houses with great success. Another noteworthy feature is the discovery of the fact that in a number of instances concrete houses which at first admitted moisture freely have become waterproof with time. This is a more important consideration than would appear at first thought, for dampness in concrete walls has been the chief objection cited by the opponents of concrete. With the use of a reliable waterproofing compound to start with, we are likely to hear less and less of damp walls. Another pleasing feature of recent progress is the distinct advance made in the use of concrete blocks. Some of the finest residences in the country have been built of blocks, and not blocks produced in fantastic or intricate shapes, but an honest and severely plain unit that has answered every purpose when treated frankly. And in the matter of monolithic walls there has been a return to common sense opposed to strained or bizarre treatment. To sum up the situation, architects and builders are going right ahead with concrete house construction producing admirable results in every sense of the word, and matters have now reached the point where some insist that even the first cost of concrete may be brought down below that of wood, brick or stone.

**PICNIC GOODS.**  
We have Picnic Hats, Bamboo Bots, Hooks, Lines, etc., special for Victoria Day.

Wm. CURRIE & CO., LTD.  
21ns.

### SEND YOUR

FOR SALE WANTED TO LET FOUND LOST and all small advertisers under classified heading to The Morning Graphic.

ONE CENT PER WORD. We have a large circulation on L. North Shore.

## "NORTH SHORE"

CAMPBELLTON, POPULATION 3500.

Is the centre of large trade in lumber, fish and farm products.

I. C. R. Divisional point, with offices, shops, etc.

Terminus of the International Railway.

Terminus of the Inter-Victorial Navigation Company, whose steamer Lady Elan runs during season of navigation to Gaspe and intermediate points.

Site of large lumber and shingle mills, wood working factories, etc.

Fine location for new industries in the pulp and paper line, can shops, furniture factories, mills, etc., and town offers reasonable inducements.

Town owns electric light and power plant, water and sewerage systems, and the streets are paved.

DALHOUSIE, POPULATION 1200.

On the Restigouche river, about sixteen miles below Campbellton, is a large shipping port and has lumber mills. Is incorporated, and is making rapid strides. Is a splendid location for new industries.

BATHURST AND BATHURST VILLAGE, POPULATION 3500.

Bathurst is one of the prettiest towns on the North Shore. It has large lumber mills. Large iron deposits in vicinity are being developed.

NEWCASTLE, POPULATION 350.

Newcastle is a divisional point on the I. C. R. and has large lumber mills and furniture factory. The town owns the electric light, water and sewerage systems, has paved streets and is thoroughly up-to-date.

The town offers special inducements to new industries. Has deep water and good railway facilities.

CHATHAM, POPULATION 5000.

Chatham, on the Miramichi river, has large pulp, sawing and lumber mills. On its own electric light, water and sewerage systems. Offers special inducements to new industries.

The Morning Graphic serves all these towns, being the only daily paper north of Moncton and south of Quebec City.

You cannot reach all the people in this great country unless you have an advertisement in the MORNING GRAPHIC.

## TOWN TOPICS

**BORN.**  
At Campbellton, May 20th, to Mr. and Mrs. W. L. Goodman, a son.

**PERSONAL.**  
D. S. McDonald, formerly with the Atlantic, Quebec & Western Ry., has accepted a position with the International Railway.

**TO BE DINED.**  
A number of gentlemen will tender a supper to Mr. Daniel O'Keefe on Monday evening, June 1st, on his retiring from the hotel business.

**MARRIED.**  
At Bonaventure, May 20th, Miss Anastasia Arsenault to Ernest Belanger of Campbellton. Rev. F. Pravel performed the ceremony. The young couple will reside in Black Cape.

**INVESTIGATION.**  
An investigation is being held at Quebec into the matter of the collision between the Dominion Line steamer Ottawa and the Norwegian steamer Thurold. The Thurold is still at Gaspe.

**NO POWER.**  
Owing to a bad accident to our motive power, (a gasoline engine) there was no Graphic yesterday morning. Necessary repairs were made and Events appeared as usual in the afternoon.

**NO FIRE CRACKERS ALLOWED.**  
The Police Officers of the town wish to announce that all persons caught infringing the law against setting off fire crackers and other explosives within the town will be prosecuted as the law directs.

**MARRIED.**  
At Grand Casapedia, May 13th, by the Rev. Wm. B. MacCallum, Alvin M. Barter, son of Robert Barter, and Agnes Emily Brown, daughter of Geo. Brown, all of Grand Casapedia, P. Q. At the same, New Richmond, May 15th by the Rev. Wm. B. MacCallum, George Mowat Denike of Belleville, Ont., and Ruth Taylor, daughter of John Taylor, Black Capes, P. Q.

**PERSONAL.**  
Supt. E. Price is in Moncton.

**PERSONAL.**  
The Misses Cochrane, who have been visiting their brother, T. H. Cochrane, have returned to their home at Sackville.

**PERSONAL.**  
Architect Williams, who has been employed with J. & D. Harquail for some time past, left this morning for Montreal.

**NEW PICTURE SHOW.**  
A number of men are at work preparing the lot of land east of the Waverly for the new show. The Dream Land Moving Picture Co.

**PERSONAL.**  
Miss Florence J. Russell leaves for Campbellton tomorrow, where she will relieve in the G. N. W. telegraph office during the summer months. Newcastle Leader.

**COMMERCIAL MAN TO WED.**  
The nuptials of Mr. Frank E. Denison, a well-known commercial traveler and Miss Mattie Richards, daughter of Mr. David Richards, of Campbellton will be celebrated at the bride's home on June 17th.

**PRISONER FOR DORCHESTER.**  
Sheriff Doucet, of Bathurst was at the American yesterday. He came down from Bathurst yesterday morning with a prisoner named Lanteigne, who was taken to the maritime penitentiary at Dorchester, to serve three years for theft committed at Carleton Place, Ontario.

**DEATH OF MRS. GILBERT.**  
Mrs. Mary Gilbert died in the General Hospital, St. John on Wednesday. Mrs. Gilbert, who was sixty-seven years of age was a native of Shelburne, N. B., but had lived in this city for thirty years. She was twice married and by her first husband leaves one son, Patrick McManus, of Brockton, (Mass.). Mrs. Wm. Ahearn of Chatham, is a sister of the deceased. The body was taken to Chatham for interment.

**SAILORS IN TROUBLE.**  
The sailors of the schooner Sarah Townsend Capt. Geo. MacCallum, who were for the power house refused to turn to work yesterday morning and were before Collector of Customs McKenzie asking their grievances. They claimed that the vessel was not seaworthy and refused to work. They were advised to continue unloading the cargo, when an investigation would be held as to her unseaworthiness. This the men refused to do, so another crew of men were put at work to unload the coal. This is a serious matter for the sailors and if they refuse duty further they will be classed as deserters.

**SEEDS! SEEDS!**  
For Field and Garden  
Timothy and Clover,  
Peas, Beans, Onion sets,  
Potato onions, etc. etc.

**Seeds in 5c Packages.**  
ALL KINDS  
Orders by mail promptly attended to.

**T. WRAN & CO.,**  
DRUGGISTS.  
Agents for Eastman Kodak & Supplies

**PERSONAL.**  
Miss Mollie Tapp of Barachois was in town yesterday.

**PERSONAL.**  
F. E. Dennison was registered at the Royal, St. John, yesterday.

**PERSONAL.**  
O. C. Ward went to Amherst this morning to spend the holiday.

**PERSONAL.**  
Mrs. H. S. Alexander left this morning to visit friends in Amherst, N. S.

**PERSONAL.**  
Mrs. Geo. Lamble and Miss Geo. Lamble are visiting friends in Moncton.

**A NICE RIG.**  
Mr. H. T. Huguley, of the Maritime Nall Co., Ltd., is driving a very attractive rig.

**PERSONAL.**  
W. A. Walker of Port Daniel, was in town last night enroute to his home in Derby, England.

**HEAVY FREIGHT.**  
The Lady Eileen arrived last evening. She was delayed considerably owing to heavy freight.

**PERSONAL.**  
Miss Aggie Patterson went to Penobscot this morning to spend the holiday with relatives.

**PERSONAL.**  
Harry Miller left by the Maritime this morning to spend a few days at his home in St. John.

**PERSONAL.**  
John Troy, son of Postmaster Troy of Newcastle, is visiting his sister, Mrs. A. E. G. McKenzie.

**PERSONAL.**  
We are pleased to see Mr. P. B. Troy of Dalhousie, who has been ill for some time around again.

**PERSONAL.**  
Miss L. C. Patterson left on a visit to relatives and friends in Boston.

**PERSONAL.**  
Miss Margaret Fox left on the Maritime this morning for a few days' visit to friends in Moncton.

**BAPTIST SERVICES.**  
Rev. P. J. Stackhouse will preach at Belledune on Monday evening and at Jacques River Tuesday evening.

**PERSONAL.**  
Mr. and Mrs. A. E. Alexander went to Sackville this morning to attend the closing exercises of Mount Allison.

**ANOTHER VESSEL.**  
A large four masted barque has arrived at Dalhousie, and will come here to load deals for the Shives Lumber Co.

**(From Tuesday's Graphic.)**  
**ARRIVED ON TIME.**  
The Lady Eileen arrived last evening from Gaspe and Intermediate points. She had a fair number of passengers.

**VICTORIA DAY.**  
Victoria Day was a beautiful spring day and was observed as a holiday by all the merchants and business men. Parties and fishing parties were the order of the day and many pleasant parties wended their way homeward having thoroughly enjoyed the outing. Many fine catches of fish were also made from the lakes, but few were caught in the river, as it is just a little early.

**ARRESTED YESTERDAY.**  
Three young men were arrested yesterday afternoon for creating a disturbance. They were put in the lock-up. Later one of the young men succeeded in unlocking his cell door. He then kindly unlocked the door of his chum's cell and the two walked away. Later, one of them, fearing the consequences, returned and asked to be locked up. The other one is still at large, and is said to have left town.

**OBITUARY.**  
On Sunday morning at about thirty the angel of death visited the home of Mr. and Mrs. Robert Babcock and carried away their infant son, Duncan Wells, at the age of two months and fifteen days. The child being taken from its birth and tenderly cared for by its father and mother makes it much harder for them to bear the severe bereavement. The community join them in their sad bereavement.

**DROWNED AT CHATHAM.**  
Joseph Moore, the four-year old son of Daniel Moore, of Chatham, was drowned Thursday afternoon off the Russell wharf, while attempting to walk along a board laid from the wharf to a barge lying about six feet off in the stream. He and his brother Harry fell into the water. Harry escaped without injury but Joseph hit his head on a log and sank before help could be summoned. The body was recovered by grappling about an hour later.

**GOOD FARMING WEATHER.**  
The weather for the past two weeks has been excellent for farming and much of the crop is now in. Although the season is late, the soil is so that seeding and planting can be proceeded with under favorable circumstances almost as soon as the ground is bare. In fact, it is said that on one farm at Jacques River last week a farmer was planting potatoes within thirty feet of a snow drift, the snow having piled very deep in a gulch.

**THE LAST WEEK.**  
This is positively the last week that coupons will be accepted as one dollar in payment of subscriptions to the Morning Graphic. We would have cut this out some time ago, only in fairness to parties taking part in the contest, we decided to allow it to remain in until the contest closes, Saturday evening. Parties desiring taking advantage should do so this week, otherwise they will have to pay the full price. Remember Saturday is the last day. Mr. P. S. Martin is soliciting subscriptions in town this week for the Graphic.

**PERSONAL.**  
Miss Martha O'Donnell of Newcastle spent Sunday with friends here.

**MILL SAWING.**  
Sawing lower shingle mill commenced the season's operations Monday morning.

**PERSONAL.**  
Miss Alice Ducrest of the Varlet, St. John, spent Sunday with friends in Bathurst.

**PERSONAL.**  
A party of the freight dept. here, left for St. John in Bathurst, the guest of Mr. J. J. Adams.

**PARKER'S LAKE.**  
Many parties which have gone to Parker's Lake have had good sport, and some nice fish has been caught.

**TO TENT OUT.**  
Many parties are making preparations to tent at the seashore during the fine summer months.

**SEA TROUP.**  
Sea trout are commencing to arrive and by the end of this week there will be good fishing at Tide Head.

**BASH BALL.**  
Chatham beat Moncton, 9 to 3, at Chatham yesterday, and Newcastle beat Logville, 11 to 10. Campbellton players should organize and endeavor to get up some match games for this summer.

**ORDAINED AT BONAVENTURE.**  
C. W. LeBlanc, son of R. N. LeBlanc of Bonaventure, P. Q., was ordained at the church of St. Bonaventure on Sunday. A full report will appear in tomorrow's Graphic, as it was received too late for this issue.

**OTTAWA-TROLD COLLISION.**  
It is stated in Ottawa that the official investigation into the recent collision in the Gulf between the Dominion Line ss. Ottawa, and the Norwegian collier Trold, will open at Quebec on Monday, June 1. Commander Spain will preside. Inquiry at the local agency of the Marine Department, elicited that they had heard nothing about it as yet.—Quebec Telegraph.

**(From Saturday's Graphic.)**  
The Empire day proceedings at the Grammar school yesterday brought forth many citizens and the program as rendered deserves the highest commendation.

The exercises were held in the open seats having been provided for the hundreds of scholars and visitors. The day was cool but the exercises were brightly during the exercises and added warmth and lustre to the occasion.

Judge Matheson, the new chairman of the school board presided in a most acceptable manner. In a few words he explained the object of Empire Day, introduced the speakers and announced the various numbers of the program.

His Honor Judge McLatchey was the first speaker. In a short address he covered the history of Canada, from the discovery of North America by the Cabots, to the present time, dwelling particularly upon the patriotism, loyalty and education of the day.

His Worship Dr. Murray dwelt on the years of happy association he had enjoyed as chairman of the school board. Just about eleven years ago from June 2nd, 1897, when the whole country, the empire of Great Britain, was celebrating the late beloved queen's diamond jubilee he had the pleasure of assisting in the laying of the corner stone of this fine school.

That beloved queen had passed away but had continued its empire building and today two republics which existed eleven years ago are loyal colonies of Great Britain. He also dwelt upon patriotism from the standpoint of happy and contented homes, an enlightened and prosperous land.

Rev. Father Wallace touched on love of country and patriotism from the standpoint of soldiers and citizens. He spoke of the ceremony in Spain last week wherein the heir to the Spanish throne, then but one year old, was in the uniform of a private, consecrated to the service of his country, whereby he and his nation, of its magnitude, resources and prospects. In the history of this land were noticed on all sides the handwork of the creator. In conclusion he told a story which evoked much laughter.

Charmian Matheson in announcing the last number on the program complimented the principle and teachers for the manner in which the exercises had been carried out. He also spoke of the future of boys and girls. They would be the men and women of the future, and the future of the country depended on them.

Mr. A. E. G. McKenzie was the last speaker. He spoke of the greatness of the British empire, contrasting it to that of ancient Rome, an empire of which in the olden days it meant so much to be a subject of. But today it is vastly more to be a subject of the British empire, an empire washed by a sea and on which the sun never sets. He also mentioned the uniting of the various people of this vast empire into loyal subjects. An instance of this was shortly taken place at Quebec, when a conquered race would vie with English people in celebrating the three hundredth anniversary of the conquest of Canada and the fall of the ancient fortress.

Also the fact that eight years ago our soldiers were fighting in Africa, and last year Botha, a general who led the forces of the enemy was present at London as premier of a boy-

new colony. This was the policy which had made Great Britain, and of which every British subject was proud. He concluded by proposing three cheers for the King.

The exercises closed by singing God Save the King, and three cheers for the King.

The singing was under the direction of Prof. Williamson who with the principal and teachers are deserving of much praise for the manner in which the affair was carried out.

**PROGRAMME.**  
Address, by Chairman.  
Address, Judge McLatchey.  
Recitation, Leonard Mowat.  
Recitation, Margaret Adams.  
Song, "Our Grand Canadian Land," by School.

Address, Rev. Mr. Thomson.  
Recitation, Etta Coleman.  
Address, Dr. Murray.  
Recitation, Greta Metzler.  
Song, "The Maple Leaf," by School.

Address, Rev. Father Wallace.  
Recitation, Gladys Keane.  
Address, Rev. Mr. Coleman.  
Song, "Rule Britannia," by School.  
Address, A. E. G. McKenzie.  
God Save the King.

**(Special News Service.)**  
**DOAKTOWN, Monday.**—There is a boom about 15 miles west of Bathurst owing to preparations for constructing the G. T. P. which will cross the I. C. R. at that point. About a dozen engineers are now at the ground, and soon there will be hundreds of workmen. John Barry of Nashua, arrived there Saturday to begin a boarding house and with him came Mrs. Frank Dinsmore of Gibson, who will superintend it. Mr. Dinsmore follows in a few days.

**BATHURST, Monday.**—Victoria Day was this morning visited by a disastrous fire which totally destroyed J. P. Legere's fine hotel, stable and out buildings, and the I. C. R. freight shed.

Shortly after three o'clock this morning tankman Joseph Gauthier discovered fire in the I. C. R. freight shed. The flames were well under way when discovered and by the time an alarm was sounded and the town apparatus on the scene, hardly anything remained of the freight shed, and the flames had caught a hold on the Legere Hotel stable. Thence they spread to the hotel and soon that fine structure was reduced to ashes.

When the firemen saw that it would be impossible to save the hotel they made efforts to save the adjoining property, in which they were successful, after a stubborn fight.

Very little furniture or effects were saved from the Legere Hotel, in fact some of the inmates only escaping with meagre clothing, so rapid was the advance of the flames.

The loss to J. P. Legere is very heavy, as he had built up a fine piece of property in the last eight or ten years. It is estimated at between \$10,000 and \$12,000, with insurance of \$5,000.

In the freight shed there was considerable freight, but at present it is impossible to make an estimate of the loss.

No cause, other than that of a passing locomotive, is assigned for the fire.

**FREDERICTON, Monday.**—The races at the Fredericton driving park this afternoon drew a crowd of over three hundred. The contests for the most part were not interesting, the only surprise of the day being the defeat of Miss Letha, the mare that gained such a reputation last year.

The following despatch appeared in the Moncton Times:  
"Trainmen in connection with the reported killing of John Murphy, at Jacques River yesterday night's express that when the body was examined immediately after the train was stopped, blood was found on the deceased's head, and the opinion is expressed that Murphy was dead when the train hit him, and an inquest will be held."

The Graphic was informed by one of the Doherty that there was not a word of truth in the above, and so far as a member of the Graphic staff is concerned, the body of John Murphy was found on the Jacques River yesterday and heard nothing of any foul play stories. It was stated however that the deceased had been visiting the working train crew on the evening, and was there late. When he left for home one of the men accompanied him a short distance, but returned as his company was not agreeable to Murphy. It was thought probable that the deceased, who was killed near the east switch, got his foot caught in the frog and fell down, and remained down, falling to sleep.

Moulding, Birch Flooring, Spruce and Pine Sheathing, Spruce and Pine Clapboards, Sheathing for Out side Walls and Roof, Stair Newels, Railings, etc., etc.

**THE QUALITY OF OUR WORK CANNOT BE EXCELLED**

**NEW CARLISLE.**  
Monday.—It is quite a while since we have had any news from our little town.

We are enjoying lovely weather now. The roads are in a splendid condition, either for driving or walking. People are very busy farming this week, and they only wish for the weather to continue fine so that the busy time will soon be over.

Miss Lily Donnelly returned home today from New Richmond, where she has been visiting her sister, Mrs. E. Barter.

Mrs. Fry, who has been visiting in the states for some time past returned home last week by the S. S. Lady Eileen.

We are sorry to hear of the illness of Mr. Patrick Donnelly, who has been ill since the last two months and seems to be improving very slowly.

Miss Nettie Cold, who has been spending a few weeks with her relatives here, returned home Monday.

The very many friends of Messrs. Arthur Arnold and Raymond LeSclaire are pleased to see them once more with us, after spending the winter with their parents in Jersey.

We are pleased to see that George Kempfer and family have moved into their new house.

Mr. M. J. Kelly, who is very ill, left last week for the Hotel Dieu Hospital, Campbellton.

Miss Eliza Murlison, organist of St. Andrew's Church, is at present visiting in Quebec. During her absence, Miss Beatrice Kempfer, is kindly acting as organist.

Monday being Victoria Day and a holiday, a football game is arranged, New Carlisle vs. Paspelac.

**ST. JOHN, Monday.**—Victoria Day was celebrated hereabouts with more than usual ardour. From early morning until late at night the air was resonant with mirth and music. The weather was decidedly propitious and young and old moved about in holiday attire. The majority enjoyed the day in the open air. The parks and the squares were thronged and all outgoing trains and steamers carried record crowds. Terminal Supt. Ross told a reporter last evening that the holiday traffic on both the I. C. R. and C. P. R. this year was greater than it had been for years. Yesterday's traffic, said Mr. Ross, was twenty five per cent. greater than last year. Extra cars were pulled on all trains both Saturday and Monday.

**BATHURST, Saturday.**—N. A. Landry returned home from the local house last night to spend the holiday with his parents.

Douglas Williamson arrived home from Mt. Allison Academy this morning.

Misses T. M. Burns and George Gilbert returned from Fredericton last night.

Mr. J. A. Marvin had the misfortune to lose his order book this morning. A diligent search was made for it both last night and early this morning to no avail. At the station this morning the man driving the White House hack returned the lost article to its owner.

This community was somewhat startled this morning when it was reported that Mr. Henry White, the general proprietor of the White House, had smallpox. The first intimation was the turning away of passengers from the local express. The rumor spread like wild fire and by noon was all over town. Dr. Meahan was called and after examination of Mr. White placed the house and its occupants under quarantine.

The Norwegian bark Lohara, Captain Marksten arrived at the bar today. The trip across took thirty six days. This is the first ship to arrive this season and will load deals for P. G. Mahoney.

Mr. and Mrs. R. D. Hawson and Master Jack, of Chatham, are spending the holiday with Dr. and Mrs. McNichol.

Miss Mamie Power went to Carleton for Victoria Day.

A. G. Bishop returned this morning from Montreal.

A horse owned and driven by Dr. Meahan took fright at fireworks, being set off in front of the Opera House, about ten o'clock tonight and ran away. It ran into another wagon which was standing nearby, throwing the driver out and continued its mad career around the corner, striking the post office, then around Byrne's corner and down St. George St., being stopped near the meat market. The horse was badly cut and the wagon broken.

## House Cleaning

Painting is part of it—just as much as soap and scrubbing. There are spots that paint cannot remove, and discolorations that scouring will not take away. Use the paint brush in such cases.

### THE SHERWIN-WILLIAMS FAMILY PAINT

In small cans, is made to meet the thousand and one demands for a little paint about the house. It is ready to use. Dries quickly with a good gloss. Can be washed.

Other paints for special purposes that will come in handy during house cleaning time. Tell us what you want to paint. We'll tell you the paint to use.

**E. A. LeGALLAIS,**  
Water St., Campbellton, N. B.

## The True Test

of value is not the price you pay but the style, comfort and fit you get. Don't imagine that all tailors work is alike. Nor the goods alike in garments sold at similar prices. Not at all. Good, bad and indifferent describes it. Some excel. We make it a point of honor to give value and perfect fit. Can we do more.
