FREEDOM OF THE SEAS AND ECONOMIC EQUALITY AMONG CLAUSES OF CONSTITUTION OF LEAGUE OF NATIONS

Member of German Reichstag Submits Outline of What He Believes Should Be Recognized as Fundamental Principles Governing World-Wide Union of Countries—The Hague To Be Centre of International Bureau.

Amsterdam, Sept. 23.—A draft of a constitution for a league of nations, worked out in detail by Matthias Erzberger, German member of the Reichstag, is published in the Vossische Zeitung of Berlin. It is taken from a book entitled "The League of Nations, The Way to Peace," which Erzberger will publish soon.

The first section of the constitution, dealing with the organization of such a league, says: "Any sovereign state can enter the league, which shall consist of a council, a permanent administrative council, and a permanent executive council, consisting of the representatives of the federated powers, with the Dutch foreign minister as chairman."

The Hague would be the seat of the league, and there the international bureau would conduct its business. Each state, with the approval of its parliament, would appoint one delegate. The international bureau would be controlled by a permanent administrative council, consisting of the representatives of the federated powers, with the Dutch foreign minister as chairman.

GERMAN POLITICAL "CRISIS" IS REGARDED AS INTEGRAL PART OF THE ENEMY'S PEACE OFFENSIVE

Eighth Time During the War That Teutons Have Created a Furore Over Predicted Revolution, But All Have Failed to Materialize.

London, Sept. 23.—Although reports of a German political crisis arising from the supposed movement for parliamentarization of the government are printed at great length in the papers here, and the situation is watched with much interest for any possibility of a change in the whole thing is mostly regarded as merely an integral part of the German "peace offensive."

It is recalled that the reassembling of the Reichstag has frequently since the war broke out, been preceded by an outbreak of excited talk in German political circles. This has created a temporary "thunder" atmosphere, during which some revolutionary bomb has been predicted, but which has never fallen.

The Telegraph, discussing the rumors, says that the eighth political "crisis" in the course of the war and adds: "All of them have left things very much as they were before."

The papers generally ignore reports editorially, but the view widely taken is expressed by the Graphic, which declares:

Polish Soldier at the Niagara Camp Succumbs.

OUTBREAK IN QUEBEC

Nine Sailors and Three Students Victims of New Disease.

Niagara Camp, Sept. 23.—The first death in the Polish infantry camp from influenza, occurred this morning, and three new cases were admitted to the hospital, making a total of 138 influenza sufferers.

So far the Canadian camp is free from the disease, though there are numerous cases of grippe. There were four cases of suspected Spanish influenza in the Canadian camp yesterday, but Major Morrison, director of medical service, said today that they were simply ordinary influenza.

RAGING IN QUEBEC

Quebec, Sept. 23.—An epidemic of what is supposed to be Spanish influenza is raging at Victoriaville, Que., where three hundred students at the college are reported to be sick. The fact is that the college has been quarantined for the last week, all the scholars being gradually sent home after disinfection. So far two of the teachers and a student have died.

Morale statistics today show that in the course of the last few days nine sailors have died on ships in the harbor of Quebec, apparently from Spanish influenza. The bodies are shipped to the homes of the men, mostly in the United States.

Detroit, Sept. 23.—Spanish influenza in a mild form has been found at the United States Naval Station adjoining the Ford Eagle Plant at River Rouge, and the station has been quarantined. Between 40 and 50 cases are reported. A serious epidemic is not anticipated, the quarantine being merely precautionary.

PUBLISHERS NOT TO BE REPRESENTED AT THE INQUIRY

Government Counsel at Newsprint Investigation Makes Statement.

Ottawa, Sept. 23.—At the newsprint inquiry this morning, H. A. Stewart, K.C., government counsel, stated that the publishers would not be represented, but that he and Mr. Clarkson had received a memorandum from them, asking for certain information which, he thought, should be furnished with it. The matter was finally dealt with. It might be necessary for Commissioner Pringle to fix a price in the meantime. George F. Henderson, counsel for Booth Mills, utterly dissented from this suggestion. He had read a letter this morning from the publishers to the commission which he characterized as impertinent and audacious, and considered it ridiculous that the government counsel should argue in its support.

HAIG ADVANCES IN ATTACK ON ENEMY POSITIONS IN THE ST. QUENTIN REGION

PENETRATION OF HINDY'S LINE IS ENEMY'S WORST WAR DISASTER

Canadians Continually Raid Foe's Positions Along the Canal du Nord.

GREAT AERIAL ACTIVITY Currie's Artillery Dominates Situation, Causing Many Fires, Much Destruction.

With the Canadian Forces in France, Sept. 23.—(By J. P. B. Livesey, Canadian Press Correspondent).—The week on the Canadian front has been one of active watchfulness marked by continuing patrols and raids on both sides in the Canal du Nord, which lends itself to this type of warfare. One post has been taken and retaken no fewer than four times, and the operations have resulted in a number of prisoners and a machine gun, even the German raiding party in prisoners to us. Shelling has been continuous, with gas predominating in the German repertoire.

Aerial activity, both by plane and balloon, has been uninterrupted. Several German planes and balloons have fallen to our pilots.

Yesterday a German balloon was cut loose by our artillery and drifted rapidly away at a great height. It is estimated that the German pilots are using parachutes.

Our artillery has dominated the situation, frequently neutralizing the German batteries and causing many fires, and the rifles of which there are many in the trench. There is an evident intention on the part of the enemy to hold the east side of the canal to the end of the war.

The importance of the breach made in the Hindy line is commented upon by a well-known German critic as one of the disasters of the war and as being ominously significant. It not only embarrasses a large part of the defensive front, but proves that any line can be taken. Therein lies the burden blow to German confidence. The result of the war is now a matter of men rather than of defenses, and in the hands of the Allies fear is not. In the type of warfare casualties are light, though the enemy is certainly on the down grade, making themselves felt in every part of the front.

The body was placed in a special sarcophagus at Omsk.

With the British Forces in France, Sept. 23.—(By the Associated Press).—In a small attack east of Gavrelle, in the Arras sector, British troops last night advanced their lines for an average depth of 600 yards along a front of 1,100 yards.

SERBIAN TROOPS REACH WEST BANKS OF THE VARDAR RIVER

London, Sept. 23.—Serbian troops have cut the main railway line between Uskub and Saloniki and are on the western bank of the Vardar River, according to the Serbian official statement of Sunday.

West of the Vardar, the Serbians have cut the railway line to Prilep, which is the main line of German communication in this region.

Serbian infantry units are now in the mountainous regions and advanced 25 miles in one day. The number of prisoners and the amount of war material captured increases daily.

The neighboring German and Bulgarian sectors are now feeling the loss of their communication lines. Enemy reinforcements have been forced to retreat.

Since September 15 the Serbians have advanced 40 miles. The statement reads:

ALLENBY CAPTURES 25,000 TURKS.

London, Sept. 23.—More than 25,000 Turkish prisoners and 260 guns had been counted up to yesterday evening by Gen. Allenby's forces pushing northward through Palestine, according to an official statement issued today by the war office.

The war office announcement says that the 7th and the 8th Turkish armies have virtually ceased to exist.

40,000 TURKS TRAPPED.

London, Sept. 23.—Reports from the Palestine front this afternoon indicate that none of the Turkish force of at least 40,000 men, trapped by the British through the seizure of the last of the passages of the Jordan can possibly get away.

London, Sept. 23.—British forces last night attacked the German lines between St. Quentin and Cambrai, opposite Le Catelot, making progress in the vicinity of Tombois Farm and capturing a group of trenches and strong points on the ridge northwest of Vendhuile, Field Marshal Haig announced in his official statement today. Another enemy strong point near the Ronsoy-Bony road, just to the south, also was taken by the British. A successful local attack was carried out south of Villers-Guislain.

Northwest of St. Quentin, the Germans penetrated the British line at one point at Berthaucourt during an attack. The position was re-established by a counter-attack.

On the front between Arras and Lens, there was a continuation of the advance movement in the neighborhood of Gavrelle. South-east of that village, English troops made progress on a front of three-quarters of a mile.

The text of the statement reads: "Successful minor operations were carried out by our troops yesterday and during the night at several points. In the afternoon English troops captured a German strong point, in the neighborhood of the Ronsoy-Bony road, which had held out stubbornly all day, taking 80 prisoners. Later in the afternoon a hostile counter-attack from the direction of Guillemont Farm was repulsed with heavy loss by our rifle and machine-gun fire."

"During the night other English troops made progress in the direction of Tombois Farm after several hours' hard fighting, and farther north captured a group of strongly-held trenches and strong points on the spur northwest of Vendhuile, taking a number of prisoners."

"During the night also over 100 prisoners were captured by us in a successful local attack south of Villers-Guislain."

"East of Gavrelle English troops made progress on a front of about three-quarters of a mile, capturing 60 prisoners."

"Early last night the enemy attacked Berthaucourt under cover of a heavy artillery barrage and penetrated our line at one point. An immediate counter-attack by our troops completely cleared the positions."

SCOTT'S ELMWOODS WALK AWAY WITH LAMBETH TOURNEY

W. W. Scott's Elmwood quartet secured the highest majority after winning all four games at the Lambeth "All London" bowling tournament on Saturday, and consequently walked off with first prize, consisting of four lame hams, which were distributed among the victorious players.

Threatening weather kept four rinks away from the contest, with the result that several defaults were made. Rain came down in spasms and interfered considerably with the success of the bowlers, with the bowlers put up cheerily and the enjoyment was as great as possible under the circumstances.

J. Snelgrove's peerless four, J. M. Farrow, William Turnbull, William Hynd and "Snell" himself were unfortunately in that they got a pair of defaults which diminished their chances of securing a majority large enough to win by. As it was the W. O. B. A. quartet were credited with four victories and the W. O. B. A. quartet took fourth prizes which were four pounds of butter for each of the members of the rink.

The leading squad met a default from the W. O. B. A. quartet, and the contest failed to show up, the unsettled condition of the weather evidently acting as a deterrent.

The scores of the four prize-winning rinks follows:
1—W. O. B. FIFTEEN HEATS RUN OFF AT COLUMBUS TO COMPLETE PROGRAM

Horse Review Futurity Goes to Edna Early.

COLUMBUS, O. Sept. 22.—To complete a long week-end program fifteen heats were run here Saturday afternoon. The feature of the card was the return to form of June Red, who won the Capital City 2:07 trot, purse \$2,000, in easy manner.

The unfinished Horse Review Futurity for three-year-old colts, of which three heats were completed on Friday, went to Edna Early, the digital favorite.

Peter, a three-year-old filly, started against a field of four-year-olds in the 2:18 trot and won in straight heats, repeating her victory of last week at Syracuse.

In the 2:12 pace Drop Wood defeated Dan Redwood, the favorite, and nine other pacers.

Dick McElahan's new trotter, Red Ben, was the class of the 2:13 trotters. Oscar Watts and Hank Stout, however, made it interesting in the heats.

On Monday the free-for-all race will be the feature.

SCOTT'S ELMWOODS WALK AWAY WITH LAMBETH TOURNEY

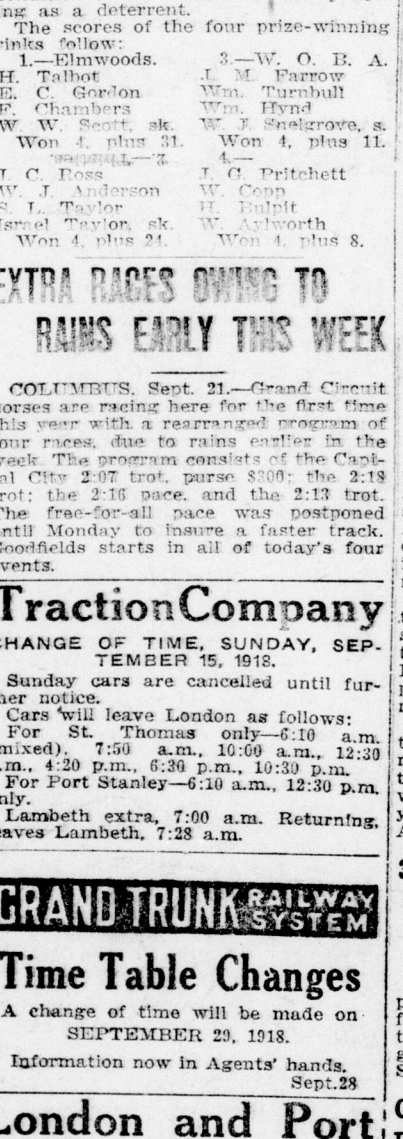

W. W. Scott's Elmwood quartet secured the highest majority after winning all four games at the Lambeth "All London" bowling tournament on Saturday, and consequently walked off with first prize, consisting of four large hams, which were distributed among the victorious players.

Threatening weather kept four rinks away from the contest, with the result that several defaults were made. Rain came down in sheets and interfered considerably with the success of the tourney. However, the bowlers put up a cheerful and the enjoyment was as great as possible under the circumstances.

His Age No Bar

NEW YORK, Sept. 21.—To prove his official disqualification that, although 65 years old, he is still physically fit for military service, Wm. J. Duffy, a deputy internal revenue collector and formerly a noted athlete, swam yesterday from Brooklyn Bridge to Coney Island, approximately twelve miles, in faster time than he did eight years ago.

"I have tried my best to get over there to do my bit," he said, "but every time I applied they told me that a man of my age could never stand the strain incident to war work. Now maybe they'll listen to me."

FIVE-MILE MARK IS SMASHED AT GREAT LAKES SPORT MEET

GREAT LAKES, Ill., Sept. 21.—America's stars of the athletic world made their farewell appearances until the end of the war today when they competed in the senior championships of the national A. U. outdoor track and field games at the Great Lakes naval training station.

Athletes representing clubs, universities and army and navy camps throughout the country were in the competition, numbering among them nearly every star not already in France.

Weather conditions had improved since yesterday and fine competition resulted.

Pores of Pelham Bay was the athlete to watch in the 5-mile run. The easterner annexed the five-mile run in record time of 23:35.2.

Marchion of the Great Lakes, Detroit, won the 5-mile run in 23:35.2, beating a selected field of performers.

Marchion won the mile in 4:21. Mat McGrath, competing unattached, was the star of the weight events, with two lifts to 225.

BILLY KELLY ENJOYS ANOTHER BANNER DAY AT HAVRE DE GRACE

Despite Top Weight, Famous Nag Makes Clean-Up.

Havre de Grace, Sept. 23.—Billy Kelly had another outing Saturday and impressed his score of victories by winning the Eastern shore handicap for two years with ease. Only three opposed the champion, which was asked to carry 135 pounds. He had shouldered this burden successfully before, and had no trouble in doing so again. Billy Kelly just waited until the stretch, and then came away to win handily from Roullet, with Ambassador third.

The decision of the news gathering associations to refuse race track suits and emblems was foreboding to a move which will completely squelch horse racing. The decision is a blow to the operators employed around the tracks, who are now being asked to close their doors. RACE RESULTS AND ENTRIES CUT OFF AFTER SEPT. 28TH

Things are looking pretty blue for horse racing on entries and results will be handicapped in this and every other centre faster and more effectively than any police commission or other how active the myrmidons of the law.

The news gathering associations offer no explanations, but they call attention to the fact that Provost Marshal Gen. Crowder has ruled that no newspaper or news agency will be permitted to carry race results or entries after Saturday, September 28.

The decision of the news gathering associations to refuse race track suits and emblems was foreboding to a move which will completely squelch horse racing. The decision is a blow to the operators employed around the tracks, who are now being asked to close their doors.

MINIMUM WOMEN'S WAGE

Motion to Seek Release of
Conscientious Objectors
Is Defeated.

QUEBEC, Sept. 22.—The Trades
and Labor Congress went on record on
Saturday as opposed to petitioning the
Government to release men who
refuse to serve in the military service
on the ground that they are conscientious
objectors. The motion was defeated
by a vote of 29 to 9.

After the resolutions committee had
moved non-concurrence in the motion
referring to the release of conscientious
objectors, the delegates to the Trades
and Labor Congress were divided into
three groups. One group, headed by
J. C. Waters, former president of
the Trades and Labor Congress, was
in favor of the motion. The other two
groups, headed by J. C. Waters, former
president of the Trades and Labor Congress,
were opposed to the motion.

The chairman of the committee, De-
legate Lodge, said that this was not
meant. The committee had decided on
non-concurrence because there were so
many cases of conscientious objectors
that it was impossible to release them
all. A presentation was made to Mr. Wa-
ters on behalf of the convention, of a
resolution of the seven years' connection
with the office of president of the con-
gress. The retiring president was also
allowed three months' salary and \$500
expense money for his trip to Eng-
land as fraternal delegate to the Brit-
ish Trades and Labor Congress.

Resolutions passed recommended:
That the law granting stationary en-
gineers in Ontario be suspended until
the soldiers come home;
That the Government be petitioned to
place on all printing done by the
Government labor department;
That the provincial governments be
petitioned to introduce laws making it
compulsory on children to attend school
until the age of 16.

That laws should be introduced by
Parliament to stop the practice of
manufacturing clothes in the homes of
workers;
That sympathetic aid be accorded a
soldier who is discharged on medical
grounds;
That the creation of provincial and
federal departments of health is favored;
That the forthcoming Victory loan be
placed upon the same tax-bearing basis
as other securities;

That a licensing board be established
for Ontario electrical engineers;
That \$12 a week minimum wage be
established in Canada for women;
That equal pensions be granted to all
soldiers in proportion to their
disabilities and the prohibition of pri-
vate employment in the home of a
soldier.

That the Government be petitioned to
grant old age pensions.

Prince of Hess Sees Throne Fading Away

AMSTERDAM, Sept. 22.—Prince
Frederick Charles, a former
brother-in-law of Emperor Wil-
helm, has been urged "by high
quarters," according to the
Socialist newspaper, "Volkskracht"
of Frankfurt, to leave the ques-
tion of the Finnish throne in
the 4th division without receiving
the office of administrator of the
kingdom for five years.

The prince, the newspaper says, has
not yet accepted the proposal.

Cousin, Cyril Imrie, Wins
Majority About Same
Time.

Roy Gray, son of James Gray, the
London district food controller, has re-
cently received a further promotion,
earned on his service merit, and is now
a first lieutenant in the Royal Tank
Corps. He was promoted to the rank of
first lieutenant on the 1st day of Sep-
tember, 1918.

Gray went overseas as a private
with the 18th Battalion, and has had
the good fortune to come through
more than three years' hard active
service with the machine gun section
of the 4th division without receiving
a wound. On May 7, 1917, he was
granted his commission, and the next
star was awarded to him.

Gray is a member of a family
which has been largely represented in
the London district food controller's
office. His father, James Gray, was
son of Mr. and Mrs. Andrew Gray of
this city, who has been given his
majority. Major Imrie, a graduate
of the Royal Military College, went
overseas with the Toronto University
unit, and was promoted to the rank of
first lieutenant on the 1st day of Sep-
tember, 1918.

PATRICIA

Frank Keenan, in "More Trouble," at
the Patricia Theatre Today, Tues-
day and Wednesday.

"More Trouble" scored the greatest
hit ever registered by a picture play
when it had its premiere in the Rivoli
Theatre on Broadway, in New York.

Here is what the photoplay critic
of the Morning Telegraph said about it:

"There is a certain freshness of
novelty to the theme of 'More Trouble,'
the Patricia photoplay in which Frank
Keenan in a humorous role, quite dif-
ferent from the serious character parts
with which he has been identified in

the past. 'More Trouble' contains so
much clean, swift-moving fun that Mr.
Rothaupt hardly needed to add the
Katzeljammer Kids in 'Swat the Fly' to
his program, absurdly laughable as
their cartoon antics may be.

"The Keenan picture is a Pathe pro-
duction based on a story by Edgar
Franklin, and as adapted to the screen
by Ouida Bergere it has the added
merit of a sustained mystery. The
plot revolves about a college boy of
seemingly exemplary habits, whose re-
turn home from school is followed by a
deluge of bills, indicating anything but
a quiet career away from home.

His father's drastic treatment of the
bill collectors involves his own business
in difficulties, and only an unexpected
development saves him from heavy
trouble. The picture was directed by Ernest
C. Warde, son of Frederick Warde, the
veteran actor."

"More Trouble" will be shown at the
Patricia today, Tuesday and Wednes-
day.

Dies and Alfred

The unwelcome messages telling of
casualties have not come singly to the
home of James Bodenham of St. Marys,
who returned from France as a result
of being shot after going over-

Last week Mr. Bodenham was in-
formed by an official message that his
son Alfred had been killed in action on
September 3, and at the same time came
standing of the important features
and the real virtues of this new
and wonderful shoe. So we earnestly
invite any man in this city to
come to our store and allow us
to explain and illustrate the
various features and virtues and
try a shoe on. There will be no

That is not our idea of shoe ser-
