LONDON GIRL IS HELD AT DETROIT

King Government To Grant \$10,000,000 In Rural Credits

SUSPECT GIRL A PAL OF BANDIT

Police of Detroit Hold Mary Olzweski of This City.

DENIES COMPLICITY

Confronted With Alleged Hold-Up Man, She Shows No Emotion.

Associated Press Despatch. Detroit, June 16.—The status of Mary Olzweski, 24, of London, Ont., is causing local police considerable perplexity. Police say she is the sweetheart of Stanley Podulski, one of the four bandits who killed Patrolman Casimir Kaliszewski, in the holdup of the Central Savings Bank branch at Harper avenue and Chene street Saturday, and later were captured.

Mary, however, asserts she never heard of Podulski. Podulski says he never saw her before. Police, however, think differently. They declare that when she was taken into custody she had in her possession a certificate of title to his automobile.

Shortly after the holdup detectives were told that a woman had been seen in the neighborhood in a taxicab. Obtaining the number of the taxicab and questioning the driver, the detectives located Mary and took her to headquarters that night. She is said to have dropped the driving license and title certificate to Podulski's car. Together with the detectives, and neither displayed any interest, and both declared they never had seen the other.

MERCHANTS TAKE U. S. MONEY AT PAR

Report of Coming Discount Is Denied—Business Is Welcomed.

United States money is good with London merchants. They are not, as a newspaper story suggested, considering the discounting of American currency owing to the large amount in circulation here.

W. H. Wood, managing secretary of the chamber of commerce, who is also secretary of the Windsor-Niagara highway association, points out the folly of spending thousands of dollars to attract American tourists to this part of Ontario and then to publish a silly story, make it appear that Americans are not wanted here. The mayor also is annoyed that such adverse publicity should be given to London at a time when American tourists are beginning to visit London in large numbers.

Inquiry among leading bankers of the city elicited the opinion that there is little if any foundation in fact for the statement that the city is "being flooded with money." There is absolutely no increase in the amount of circulation at this time every year, it was explained, due to the presence of American tourists, whose coming is welcomed by local merchants who have no particular aversion to accepting American money, but are in fact glad to get what it represents business they would not get at all otherwise.

The discount rate at the present time of American money is only one-half of one per cent, and even this is purely a nominal charge made by the banks to cover cost of shipment of the specie to the states.

There is absolutely no reason for any talk of discounting American money in this city under present conditions, according to a prominent local banker.

BICYCLE STOLEN. Wilfrid Pettit, 571 Elizabeth street, reported to the police today that his bicycle, owned by him and bearing serial No. 42018, had been stolen from Dundas street yesterday.

THE COUNCIL

20TH MEETING, JUNE 15, 1925.

Voted 7 to 4 to appoint T. C. McBride building inspector. Opposed scheme to collect utilities accounts with taxes. Endorsed plans to celebrate discovery of Canada. Accepted invitation to city hall club picnic. Passed printing tenders. Voted for 40-cent minimum wage on sewer pipe construction.

17 Are Killed In Ry. Wreck

Emigrant Special Is Derailed in Storm Near Easton, Pa.

Associated Press Despatch. Hackettstown, N.J., June 16.—Seventeen persons are known to have lost their lives in the wreck of a Lackawanna special train at Rockport Sag, two miles west of here, early today. Fifty-two injured are in hospitals.

Many of the injured were brought to the Easton hospital suffering from severe scalds from escaping steam. It was said a number are in a serious condition. The accident occurred during a severe electrical storm. Seven of the ten cars of the train left the tracks and because of the manner in which the roadbed was torn up it was impossible to determine what might have caused the wreck. Both engineer and fireman were killed. The 185 passengers on the train were to have sailed today from Hoboken for European countries. The first coach was hurled halfway over the top of the overturned locomotive. Men and women fought madly to work their way out of coaches. The locomotive blew up and filled the air with steam. Passengers said they were unable to see more than a foot in front of them.

VETERANS ASK REASON TO RUN

Petition Requests Colonel To Be Candidate For Federal House.

An effort to persuade Lieut.-Col. C. H. Reason, D.S.O., O.B.E., to accept nomination as a candidate for the house of commons at the next federal election is being made by ex-service men and friends in this city. It became known today. A petition is being circulated respectfully and urgently requesting Col. Reason to allow his name to be placed in nomination for the federal house, and will be presented to him when sufficiently signed.

BANDIT WIELDS RAZOR, SLASHES SHOPKEEPER

Fails To Rob Store and Is Captured After Tussle.

Canadian Press Despatch. Toronto, June 15.—Twelve stitches were required to sew gashes made by a razor in the neck of Charles H. Varcoe, shopkeeper, when he resisted a would-be hold-up man today. Francis Gerard, who assaulted the storekeeper, was captured after a tussle, and in police court remanded.

CANADA-INDIA TRADING DEVELOPING STEADILY

Canadian Press Despatch. Victoria, B. C., June 15.—The C. P. R. liner Empress of Yokohama, she brought an unusually large consignment of mail, a large portion of which was taken by aeroplane to Seattle. "Trade between Canada and India is developing steadily. There is an increased market offering for Canadian goods in India," said H. A. Ashholm, Canadian trade commissioner at Calcutta, who arrived on board the liner.

Police Figures Show 5,000 Cars Cross Bridge In Day

More than 5,000 vehicles crossed Ridout street bridge yesterday. Nine hundred motor cars passed over the expansion in three hours over the expansion in three hours over Saturday night. It is estimated that during 1924, before the bridge was declared unsafe, almost a quarter of a million vehicles entered or left London South by the Ridout street bridge route. SIR ADAM LIKELY TO BE ABSENT

Indicates He Is Not Equal To Part in Railway Hearing.

IMPROVES SLOWLY Board's Hearing Was Delayed To Permit His Attendance.

Sir Adam Beck, though convalescent, may not be able to take any part in the hearing of the London street railway case before the Ontario railway and municipal board here tomorrow. The hydro knight, speaking to The Advertiser this morning, intimated that he might not be able to attend the sittings of the board, either as a witness or as a spectator, and wasn't sure whether he felt like doing so, even if his doctor would permit it. The hearing of the street railway case was held up ostensibly to give Sir Adam a chance to return from Baltimore in good health and take a hand in the prosecution of the city's case against the company. However, it appears unlikely that he will be able to engage actively in the hearing.

Sir Adam professed that he knew little of the line of action to be taken by the city solicitor in seeking to fasten guilt on the railway company for violation of franchise clauses. Of any appointment to the division court office, said to be the gift vacant seat on the Ontario hydro commission, Sir Adam said he knew nothing. On sanatorium affairs, however, he was more discursive. "I am going very well there. Dr. Pirie is just now attending a convention. "But I must not answer any more questions," concluded Sir Adam. "You know I am not supposed to come to the telephone, and I am transgressing even now."

ALLEGED SLAYER HAS RECORD HERE

John Stanton Is Located on Prison Farm in Indiana.

John Stanton, arrested in Indiana for Winnipeg police yesterday on a charge of murdering John Penny of Winnipeg in 1922, is a St. Marys man, well known to local police, and convicted here in 1917 for forgery.

Stanton was found on an Indiana prison farm, under the name of John Barber, where he was serving a term of 90 days. Identification was made by finger prints.

The murder of Penny was one of the most brutal in the history of Winnipeg. He was attacked in his bedroom and literally pounded to death with a blunt weapon. Stanton is known to local police as Bert Stanton and John Stanton. He was arrested by Detective Harry Down in June of 1917 and convicted and sentenced to four months imprisonment. London police records show that Stanton is now 44 years of age. His finger-print identification and description are kept by Walter Harpur, head of the local finger-print department. Shortly after the Penny murder in Winnipeg, local police received information from John Stanton, corresponding to pictures and descriptions they already possessed of Bert Stanton and John Stanton.

TORONTO IN BLACK GRIP OF ONTO PLAGUE OF LOCUSTS

Canadian Press Despatch. Toronto, June 16.—Complaints of something like a plague of locusts were made by residents of an Eastern Toronto street to city officials today. The residents contended the insects were different from the black cricket, and had bred in a nearby city dump. Civic officials thought they were ordinary crickets, which they endeavor to exterminate. They are about an inch long.

Ready For Duty In Strike Zone

LONDON TROOPS ON WAY TO CAPE BRETON. On Saturday morning at 8 o'clock a detachment of R. C. R.'s, 300 strong, left here for duty in the Cape Breton trouble zone, where rioting and looting have been in progress for some days. The above photograph was taken at noon Saturday in Toronto, where the local troops were transferred to another special train.

MURDOCK GETS BUSY Minister Will Take Action To Bring About an Early Settlement.

Canadian Press Despatch. Ottawa, June 15.—The sentence of death imposed on John Buchanan Pirie of Ottawa, convicted of the murder of his wife and two children was commuted this morning to life imprisonment by the governor-general in council.

DR. W. H. HILL LEAVES FOR COAST POSITION

Former Dean of Health Institute To Holiday in Minnesota en Route.

Dr. H. W. Hill, formerly dean of the Institute of Public Health here, is holidaying with relatives in Minnesota before taking up his work as dean of the medical school at the University of British Columbia. Dr. Hill left London over the week-end.

His new duties at Vancouver commence with the autumn term. Dr. Hill was for many years London's medical officer of health and is the son of a former well known educationalist here. He studied much in the New England states and has a wide experience in university work. As a man of independence and outstanding opinion his beliefs were given the widest attention in Ontario.

BRUTAL BEATING ALLEGED

Manor Park Parent Said To Have Injured 8-Year-Old Son.

SUMMONED TO COURT Punishment Said To Have Been For Sunday Swimming.

Charged under the children's protection act, Gerald Woodhouse, Manor Park, will appear before Judge Quintin Warner of the juvenile court tomorrow morning to explain why he chastised his small son of 8 years on Sunday to such an extent that the youngster's back is black and blue from his neck down.

The little boy was told by his father that he must not go swimming on Sunday, and disregarding parental orders, he slipped off to the cove for a dip. On his return, the boy was soundly thrashed, neighbors state.

The child not only shows black and blue marks on his back, but was given a black eye. His little legs were cut and bruised, while there were numerous welts on his body. High Constable Wharton states.

In company with Major Bradshaw of the juvenile court, the high constable visited the home of Woodhouse at noon today to arrest the father. Owing to the hysterical condition of Mrs. Woodhouse, who fainted during the morning, when the high constable went to the house to take the boy to the office of Crown Attorney Judd, Woodhouse was not arrested, but was served with a summons to appear in court tomorrow.

NORTH OPPOSES BUSINESS ZONE

Citizens of Richmond Street Section Are Circulating Petition.

Citizens of Richmond street north are circulating a petition to change the zoning plans of the town planning commission, with a view of eliminating the business district on Richmond north. A form of petition has been presented to a number of residents of the district, and will be probably brought up at the commission meeting tomorrow afternoon.

At the present time the Richmond north business district is rather small in proportion. It consists of a single corner at Regent street.

It is understood that residents wish this corner included in the residential district, but difficulties are anticipated. Under the town planning act extension of zones can be prohibited, but existing boundaries or buildings cannot be removed by legislation.

The town planning commission meets tomorrow afternoon, and will possibly forego regular meetings during the remainder of the summer.

Papers in bankruptcy have been filed in the office of Edmund Weld at the court house by Charles Segal, St. Thomas merchant.

20,000 Here For Twelfth

London May Be Only City To Celebrate in W. Ontario.

London and district Orangemen will celebrate the battle of the Boyne in London on Saturday, July 11, when it is expected that between 15,000 and 20,000 persons will attend.

Dr. S. J. T. Bean, county master for East Middlesex, stated this morning that arrangements are being made to entertain and take care of fully that many people. Joe Carson is chairman of the committee in charge of the arrangements for the celebration.

Representative Orangemen are expected to be present from Sarnia, Chatham and St. Thomas, and in fact, from the whole of Western Ontario, since, as far as is known at present, the local celebration is the only one being planned in Western Ontario, other than one at the Bruce peninsula and one at Kitchener.

SITUATION IN CHINA ALARMING LONDON

Instability of the Government Makes Trouble All the More Serious.

Associated Press Despatch. London, June 16.—A most serious view is taken here of the situation in China and there is growing anxiety over the possible developments. The British government up to the present has given no indication of any further action than yesterday's note, delivered in Peking, and pending the return from Geneva of Foreign Secretary Chamberlain, it is not supposed that a more definite line will be adopted of late.

It is understood that the government attaches importance to the expected communication of the British ambassador to the United States, Sir Esme Howard, who is due today from Washington, where he discussed the situation with the United States secretary of state.

It is felt that one of the most difficult factors of the situation is the instability of the Chinese government, and the early summoning of the Chinese customs conference, which would apparently be well-attended, as a possible means of strengthening the Chinese administration by providing an established basis for the government.

Meanwhile, public opinion here is much varied, ranging from the attitude of the extremist Laborites, who favor a policy of non-intervention, to a desire for strong, forceful measures, including some undefined action against Soviet Russia, whose alleged intrigues are said to be mainly responsible for the trouble.

Reuter's correspondent at Canton says the fighting northeast of the city on Sunday was incidental to the coming of the Yunnanese mercenaries and that it was not serious. The Chinese government reports that the nearly 10,000 mercenaries have been disarmed and that many of them have enrolled in the Cantonese army. The railwaymen resumed work yesterday.

TWO DEATHS IN NEW YORK AS WEATHER GROWS HOT

Associated Press Despatch. New York, June 15.—Excessive humidity, accompanied by a temperature of 84 degrees at noon today followed an equal period of record heat. Two deaths and one heat prostration were reported today.

New York. The weather bureau forecast warmer weather for tonight.

CLERKSHIP NOT FILLED

No successor to C. M. R. Graham as clerk of the first division court, London, has yet been made. Attorney-General Mackenzie stated today that it has been expected for some time that Thomas Jones, 307 King street, would get the position.

There is now a feeling in local Tory circles that his appointment is far from certain.

DOMINION WILL AID FARMERS

Robb Announces Bill To Provide \$10,000,000 To Provinces.

4 FOR RURAL CREDITS Middlesex County Would Be Greatly Benefitted, Declares Official.

Canadian Press Despatch. Ottawa, June 16.—Hon. J. A. Robb, acting minister of finance, is bringing down a bill to provide for advances of not more than \$10,000,000 to the provinces for rural credits. The bill will provide:

- 1. That the governor-in-council may authorize advances to any one or more of the provincial governments for the purpose of assisting agriculture by enabling the provinces to make long term loans to farmers.
2. That such advances shall be secured by the issue and delivery to the dominion of bonds of the provinces.
3. That the aggregate of advances to be made by the dominion shall not exceed \$10,000,000.

"We already have a system of provincial farm loans in Ontario now," said J. F. Andrews of the Middlesex branch of the department of agriculture in commenting on the above despatch.

"However, such a loan as provided in the bill being brought down by the finance minister, would undoubtedly give an added impetus to farm loans in Ontario and Middlesex county particularly."

JERSEYVILLE BABE SCALDED TO DEATH

Two-Year-Old Child Falls Into Bucket of Steaming Water.

Canadian Press Despatch. Hamilton, June 16.—Tumbling into a bucket of scalding water at her parents' Jerseyville home yesterday, two-year-old Muriel Horning sustained burns which caused her death an hour later at St. Joseph's hospital, Hamilton. The child was the daughter of Mr. and Mrs. Arthur Horning.

Taken into the yard by her mother, the little girl crept back unnoticed into the house. In the kitchen she tripped and fell backward into a pot of steaming water. Her horrified parents, attracted by her screams, rushed the child to the hospital, where she died a few minutes after her admission.

**St. Thomas School Board Is Still Split On Hectic Question.**

Special to The Advertiser.

St. Thomas, June 15.—The question of laying the corner-stone of the new vocational-high school was discussed at length at the meeting of the board of education tonight, and was finally laid over until the next meeting of the board, to be held the third Monday in September.

Trustee Mrs. McCulley expressed the belief that the stone should be laid some time next month, and as Premier Ferguson has gone away until September, Dr. Merchant should be invited to officiate at the ceremony.

"Premier Ferguson is too busy a man," Mrs. McCulley said, "and I think he should be relieved of these extra duties."

Chairman Baines expressed the opinion that Mrs. McCulley's attitude was but a revamping of a "ridiculous disturbance that was made in this city over the question."

Canadian Press Despatch.

Ottawa, June 15.—A bill to provide for the construction of a branch line from Sunny Brae to Gushborough, N. S., by the Canadian National Railway, received first reading in the house of commons this afternoon. The mileage is 67 and the estimated expenditure is \$3,500,000.

**PROVINCES ARE GIVEN HYDRO EXPORT CONTROL**

**Commons Reaches Harmonious Decision After Long Discussion. PLAN OF PREMIER**

**Now Licenses To Be Granted For Longer Than Year.**

By A. C. BUCHANAN, Special to The Advertiser, by a Staff Reporter.

Ottawa, June 15.—One of the few remaining days of the session was given almost entirely to a discussion of the export of power, the Commons spending afternoon and evening on it. The result was a harmonious decision that no further permission for the export of power should be granted by the dominion government without the approval of the provinces affected, and that no export licenses should be for a longer period than one year.

The approval of any province will not be a mandate to the government for the authorization of export, but under the decision taken tonight, the government will not grant such authorization against the will of the province.

**Interests of Canada.**

This limitation was suggested by Premier Mackenzie King and was concurred in by the leader of the Conservatives. It was offered by the prime minister as being more in the interests of Canada than a more drastic proposal of R. V. Lesueur, of West Lambton, that no new export should be permitted at all except off peak load. Mr. King did not regard the resolution offered by Mr. Lesueur in amendment to the formal motion for going into committee of supply as necessary, since the government held the view that Canada should not export power required in this country, or which could not be recovered when required, and since it was following the policy of limiting export licenses to one year.

**Disagree on Embargo.**

The prime minister and Mr. Meighen were not in agreement on the question of the effect of Canada's relations with the United States of a power embargo.

The premier held that the United States had treated Canada well on occasions of fuel shortage. Mr. Meighen maintained that it was not from a spirit of generosity, but from a knowledge that Canada could secure coal elsewhere, and that this country's market might be lost to her that the United States had supplied coal to Canadians during the shortage. He would not be sorry to see the American source of fuel supply cut off, and held that the United States would cut it off if it were in her interests to do so. The Conservative leader, like other members of his party, contended that there

**CHAPTER 4.**

**Beauty in Women.**

Beauty! Tremendous word—almost as big as love.

Divine gift of the gods which, in fairy tales, the fairy godmother lays in the babe's cradle as a special gift: "Thou shalt be beautiful."

The names of beautiful women have remained in history even after centuries, with such stamper that it rings like a wonderful tune in our ears. We want to hear it often. We want to know all about them. We can never delve deeply enough into their lives. Poets never tire singing of them. The poets of every age want to conjure them up before us. Painters love to ponder their features, their expressions, to make them live again.

Cleopatra, Helen of Troy, Phryne, Dido, Venus, Dante's Beatrice, Mary Stuart, Lucretia Borgia, Lady Hamilton, and many others—names that artists—especially—Mary Anderson, Mrs. Langtry, Lillian Russell, Mary Garden, Ethel Barrymore, Mary Pickford—all faces that before us when we say the word: Beauty.

And when we pronounce these names, the thought comes instinctively: "What a blessing or curse, so exceedingly lovely? Beauty and virtue do not always go together. I may even say seldom seem to go together. The great beauty is also born a great lure, a great temptation. All eyes turn towards her.

Special to The Advertiser.

Tillsonburg, June 15.—The funeral of the late Gilbert Oswald Maddock was held from his late residence to the town cemetery this afternoon. As a mark of respect all stores were closed on Broadway from 2 till 3 o'clock, and the businessmen attended the services in a body. The floral offerings were beautiful and the funeral cortege was one of the largest ever witnessed in the town. Rev. A. E. Marshall, B.A., conducted the funeral services.

**PORT STANLEY DANCE HALL CHANGES SCALE OF PRICES**

The management of the Casino has decided to charge a flat rate to the patrons of the popular Port Stanley dance hall. Under the new tax regulations the charge of one cent a dance in addition to the entrance tax would have to be paid.

The note is already in the hands of the French ambassador in Berlin. It will probably be given out for publication on Thursday, but Germany's approval is desired before the date is fixed.

**AT THE THEATRES**

**CAPITOL THEATRE**

**'Price of Pleasure.'**

Virginia Valli and Norman Kerry find themselves happily associated and happily cast in the Price of Pleasure, shown as the feature presentation at the Capitol Theatre yesterday. The photoplay is extremely entertaining and tells a perfectly natural story, replete with human interest.

The picture deals with the love romance between one of great fortune and social prestige and one from a more humble position. Miss Valli has the part of a shop girl, and Kerry that of the son of a rich, socially established woman.

The film includes plenty of humor, many thrills, excellent acting and pleasing scenic effects. Its title, 'Price of Pleasure,' has little to do with the actual story, for conclusion sees a happily wedded couple.

**LOEW'S THEATRE**

**Grounds For Divorce.**

A picture that makes light of a serious situation is, after all, the funniest thing there is.

Such is the case the first half of the week at Loew's, where the Paul Bern-Paramount production, 'Grounds for Divorce' holds the marriage and "separation by mutual agreement" question for you to laugh at.

Florence Vidor, Matt Moore and Louise Fazenda are featured in the cast.

The story tells of a young and happily married couple, who, on their first wedding anniversary hit the snags of wedded life. Maurice Sorbler (Moore) is a successful lawyer who has reached the dizzy heights of fame and fortune by defending charming ladies in their separation suits.

His wife, finding that he thinks more of his business than he does of her, gets a divorce. It is only after her second marriage that she finds her mistake, and she employs her husband to get her second divorce. Naturally, she is made a wonder.

A novelty picture. Hot Dog' depicting nothing but animal actors, pleased the audience, while Pathe News was just as interesting as ever.

Bou Murphy & Co. head the vaudeville bill in song and dance. Murphy is especially good and made a wonderful hit with his song 'Here Comes the Groom.' The act closes with an Eskimo setting and another Murphy song that went over well.

M. Gintaro, a little Jap, had a clever lock manipulating and juggling act. It is one of the best seen here in some time.

Hamelin and Mack offer a novel entertainment, entitled 'Fun in a Phonograph.'

not think of herself, the one whose interest in others is greater than her self-absorption, the one who in spite of herself fascinates because without knowing it she is all the time giving, giving of her best self.

Charm is not solely the possession of youth. The old woman can have it as well as the young one, the plain one as well as the beauty. There is often greater charm to be found in a face upon which life has written its story than in a quite young face, unlined, unmarked by the hand of time. There is a fascination about eyes that have seen much and still remained kindly, in a smile that has sadness beneath its outward brave gaiety. Painters love these faces and have made of them their greatest pictures. (Copyright, 1925, in U. S. and Canada by North American Newspaper Alliance. All rights reserved.)

**Delegates Decide To Retain "Presbyterian Church in Canada" As Name.**

Canadian Press Despatch.

Toronto, June 15.—The Presbyterian general assembly, by attending vote today, decided unanimously to continue without change the name by which the church has been known for the past half century.

The assembly adopted the motion of a special committee that the name "Presbyterian church in Canada" be retained.

The delegates also decided to protect themselves against legal proceedings by the provision of a special committee with all the powers of assembly to take any action deemed necessary in case of litigation. Opposition was expressed to this motion, several commissioners stating that it looked like asking for litigation a thing that the church must endeavor to avoid.

**Name Organizers.**

Motions to appoint organizers for the church in British Columbia, Alberta, Saskatchewan, Quebec and the Maritime provinces were passed. It was felt that these organizers would not be required any longer than a year to get the church on its feet and the matter was certainly looked after. Dr. Robert Johnston, Calgary, said that in the past the Western mission work had been left too much with Easterners who knew nothing about it.

The moderator, Dr. Scott, got his motion through that the people constitute the Presbyterian church, and that there be no use of the title "Right Reverend" and "Most Reverend" used in describing moderators. There was, however, great opposition and registered dissent.

Rev. Mr. Newell of Sherbrooke described the resolution as "democracy run riot." He felt that the moderator was entitled to titles that assured him his place among the highest on state and ceremonial occasions. Dr. S. Banks Nelson said the motion was not worthy of its author.

Dr. Scott said he was after a greater ideal than getting a cheap seat at a banquet or a front place in a political procession. The titles had been borrowed from other churches, and he felt it time they were dropped.

**Plan Education.**

Dr. A. S. Grant presented the report of the educational committee, which recommended that theological education be carried on at Montreal and Knox Presbyterian colleges; that the board for Knox be appointed by the assembly, and instructed to make arrangements for the education of students this year; that the moderator be appointed acting principal of Knox for the ensuing year until permanent arrangements are made; that the colleges be instructed to make provision for the systematic instruction in the history and standards of the Presbyterian church.

Dr. Scott said he understood the acting principal of Knox college was a kind of dummy job.

The assembly decided to meet in Montreal next year on the first Wednesday in June. The matter of church publications was settled by the assembly agreeing that the paper be the Presbyterian Review.

Rev. Dr. J. A. McGillivray, of Guelph, and Rev. J. G. Potter, of Montreal, were appointed delegates to the great world conference of Presbyterians meeting in Cardiff, Wales.

**Types Always Changing.**

Undeniably the conception of beauty changes with the times, almost with the fashion. At this period of our existence we have no use for the Rubens type of woman, overflowing with an exaggeration of shall we call it—charm? She certainly in no way could be squashed into our skimpy, sleeveless, short-little frocks of today. We would run away from her.

Neither would she be able to hunt, play golf, tennis, hockey, baseball, nor could she jazz or fox-trot. We could not even invite her to the sort of entertainment she had better stick to her pedestal, whence she can pitifully look down upon our degeneration, feeling that she and the Rubens lady are eternal, and wondering what artist will arise and glorify our type for the joy and admiration of generations to come.

It is a pity that I find it almost quite impossible to separate beauty from charm. Somehow beauty without charm seems a small thing, rather than the great quality of its value, to become lifeless.

Why do some faces fascinate you so that you cannot keep your eyes from them? Why do you feel the pulse of a crowd will strike you as remarkable. You will look, and look again. You feel an overwhelming desire to know the person, man or woman. Yet it was not beauty, it was charm—it was almost stronger than beauty, subtler, more illusive but just as powerful. More so perhaps.

And here comes in that curious but indescribable fact, that at times an ugly face can be more fascinating than a beautiful one. I prefer, a thousand times, an ugly girl with a bright, happy, keen, amusing, or even kindly expression, to the glacially beautiful woman in all imbued with her own irresistible right to rule over every heart in the room.

Beauty is a gift of the gods and must be treated as such, not marred by pose or affectation. It must be carried lightly, a joy to the possessor, and to the world at large. Or then give the man a thousand times rather than a plain girl with snub nose, freckles and a too-large mouth. A big, honest mouth that can laugh gloriously is a thing to treasure, too beautiful even to be kissed.

Can you make yourself beautiful? Enhance your beauty? Can clothes, paint, tricks help?

**Youth Can Be Prolonged.**

Undoubtedly the woman who wants to be beautiful and use every atom of charm she has, can achieve wonder. The French are past masters in this art. There are few really beautiful Frenchwomen, but they know how to dress as no one else in the world, just as the Frenchwoman knows the way of saying possibly, impossible things.

Paris is, of course, the place to go to be beautiful, and believe me, London and New York are not following close upon her heels. I, for one, have never, since the age of 17, lived in great centres, nor could my busy life allow me to leave my home, but I exist solely for my face, beauty, clothes. But I have seen wonders done, and I am feminine enough to rejoice that women can prolong their youth, their beauty and their "good time."

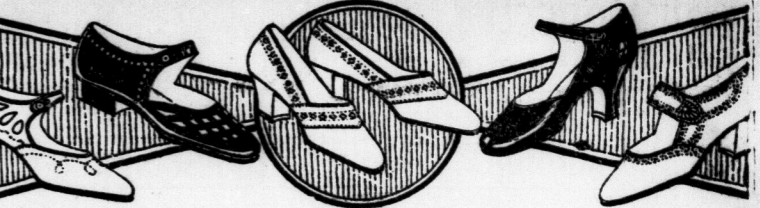

It is every woman's ambition to be beautiful, at least to be attractive, charming, to please. All women want to please. She would not be a real woman if she did not. Can I give any advice and rules to go by? A difficult question! But I do think there are one or two good principles which can serve all the world over: I am positively sure that the attractive woman is the one who has least charm. What, then, does charm reside in, health? Enthusiasm? Belief in one's own "star"? In an over-bubbling love of life?

**Secret of True Charm.**

It is hard to say. It can depend upon the tiniest little trick of nature—the line of an eyebrow, the tone of a voice, in a certain way of laughing, of throwing back the head, of being eager, attentive, of coming into a room. Charm is so subtle a thing, so immaterial, yet it is taking, penetrating, it can hold you fast and never let you go again.

The statuesque, languid, supercilious, dignified woman, who has seldom charm. She can be alluring, distracting. She can make artists rave. Crimes even have been committed for her smile. She can fascinate, inspire, passion, but charm is something else.

The quiet, timid girl can be full of charm, less so, evidently, than her belted sister, but there is charm in the little gray mouse with large, anxious eyes. But I think that the great charmer is the one who dares

### CHELSEA GREEN STREET TO OPEN

Council Makes Progress in Edna Street Improvement.

Further opening up of the Chelsea Green district will be possible after the purchase is completed of a small piece of property on Fletcher avenue. The city has already made a successful bid for the last gap that lay between Weston road and Edna street. Permission to make use of a level crossing at the London and Port Stanley railway tracks alone remains.

#### LAND IS AVAILABLE

#### Council Regards Consideration of the Scheme as Premature.

Once again the city council has shelved the possibility of making London an airship depot. For four years application has been made to the corporation to secure certain lands and other concessions for use as a port of call.

### EXPECTS SENATE TO BLOCK RELIEF

#### Home Bank Depositors Representative Believes Bill Will Be Turned Down.

The Home Bank failure was not a national calamity is the view taken by the majority of the members of the senate, according to U. A. Buchner, local representative of the Home Bank depositors here. For that reason he believes that the bill which passed the House of Commons recently which would reimburse the depositors to the extent of \$5,450,000 will hardly pass the senate.

#### Exponents of the "ship-by-air" cult are engrossed in and enamored with their hobby. They can see no other.

Train, truck and radial car aren't in the picture drawn by apostles of the 200-mile-a-minute method. London as an air port would open up great possibilities. From a tourist and freight shipping standpoint the location is ideal and the climate supposed to be invigorating.

ARCTIC AREA CLAIMED BY CANADA. The area over which Canada has just formally asserted her sovereignty is shown on the above map. While not including the North Pole, the zone covers that part of the Arctic southward from the apex of the world. From west to east it extends from the 142nd degree of longitude—which is the northern extension of the boundary between Alaska and Canada—to the 60th degree. Where the 60th degree north line goes down the straits separating Canada and Greenland, through Baffin's Bay and southerly through Davis Straits. The vast territory is administered by G. P. Mackenzie of the Yukon.

### T. M'BRIDE IS NAMED BUILDING INSPECTOR

#### Local Architect Appointed by City Council To Fill Vacancy.

#### WORDY BATTLE

#### Ald. Neeley and Ald. Douglass Clash On Mud-Slinging Charges.

Thornton C. McBride, architect, was last night named by the city council to fill the office of building inspector. A motion to appoint Mr. McBride was adopted by a 7 to 4 vote, after two amendments had been defeated. The appointee will not assume office until a bylaw is passed, and as the council will not meet again for five weeks, it will probably be some time in August before Mr. McBride will take up his duties.

T. C. McBride, who was appointed building inspector for London at last night's meeting of the city council. The vote stood 7-4.

Ald. Edwin Smith's motion to appoint Mr. McBride was supported by the mayor, Ald. Doig, Kilbourne, McCormick, Linnell and Neeley. Ald. McKay, Douglass, Bottrill and Ashton voted against the motion. Ald. Carswell and Ald. Cliff were not present.

Wordy Battle. The appointment came after a wordy battle between Ald. L. H. Douglass and Ald. Homer Neeley over the motives of varying factions. Ald. Neeley charged mud-slinging and obstruction to laudable enterprise, a charge that found Ald. Douglass indignant and ready to give his whole view on the appointment. He did not want a new inspector at all, but thought the present staff quite competent to handle the work.

Evidence given by John Cunliffe, one-time manager of the housing commission, that Mr. McBride had worked on housing commission construction was scoffed at by the mayor, who wasn't sure about Mr. Cunliffe's right to criticize.

Ald. McKay moved to have the matter settled before No. 2 committee given a chance to supply information. He was defeated on a 7-4 count. The same fate met the motion of Ald. Douglass to have the inspection work done by the engineer and his present staff.

On a Douglass-McKay motion the council adopted a resolution, opposing the new power commission act, whereby public utilities commission are empowered to collect accounts with city taxes. The council was unanimous on this point.

Delay L. S. R. Action. Discussion of street railway matters found no ready debate. The engineer reported that advice of City Solicitor T. C. Meredith requested that a report on London South service be deferred until after the sitting of the Ontario railway board here tomorrow.

Further reports were asked on "Ridout street and other city bridges. Purchase of a new pump truck for the fire department was deferred for further discussion by No. 1 committee.

Recommendation that the council support a 40-cent minimum wage rate for workmen engaged on sewer

### MAJESTIC TO BE WINTER RESORT

#### Will Include Conveniences For All Indoor Sports—Open to Public.

A softball diamond where the girls may carry on sport series during the winter while the fans look on from comfortable depths of wicker chairs by grate fires is what London may expect when John A. Nash puts the finishing touches on the old Majestic theatre.

So rapidly has the work been pushed that the interior of the old playhouse has been changed completely. Where the tiers of seats and the stage once were, are three large, roomy, well ventilated floors with nearly double height ceilings. These rooms for bowlers are being finished in mahogany leather.

Mr. Nash said this morning that the Archæ Bowling Academy was not being erected to take business from other people, but to create new business along the lines of a recreation building unlike any other here or in many places.

The new building, which is entirely modern, of steel construction, will be a model club house for London. It will contain gymnasium room, locker rooms, rest rooms, dressing rooms, for ball players, committee rooms, and refreshment stores. The furnishings have been designed to make the building as attractive as the home, stated Mr. Nash. It will be an ideal winter resort where the married and single couples who play golf and other outdoor games in the summer can go right on enjoying themselves during the winter.

The material for the bowling floors arrived this morning. The tiling near the entrance was laid today. Mr. Nash showed a party of prominent business men through the building today. They expressed surprise at the changes that had taken place. The building is open to public inspection.

### Any Old Number Is Not Sufficient

#### Automobile License Figures Mean Nothing to "Central."

The life of the average "hello" girl is sometimes colored with splashes of human density, all of which is supposed to relieve the strain of connecting the world hundreds of time a day. Disclosures of man's frailties have been few of late, but here is one that brought grins in the local exchange yesterday: "Number?" calmly. "91,252," very businesslike. "Beg your pardon?" "91,252," with a touch of impatience. "What?" Some more impatience. "Oh," and the connection is gently severed. He was offering the number of his auto license.

#### FIRST BOAT TRAIN.

The first boat train to be operated by the Canadian National Railways this season will pass through here Saturday at 1:40 p.m. The special will meet the S.S. Noronic at Point Edward. It will carry passengers from Toronto and other points.

### CITY STREETS TOTAL 150 MILES' POLICE FIND

#### Twelve Hours of Continuous Driving Would Take Autoist Through City.

London streets measure more than 150 miles in length. Should a motorist attempt to travel along every street in the city he would be compelled to slow down to a rate of 12 1/2 miles per hour 750 times, there being that many street intersections in London. With strict observance of speed laws it would take 12 hours of continuous driving to pass through every local street.

## HOUSE PROHIBITS LIQUOR IMPORTS

Provinces With Government Control Cannot Buy Supply Elsewhere.

Canadian Press Despatch. Ottawa, June 15.—A resolution which provides for the prohibition of private importation of liquor into provinces which now have government control was passed in the House of Commons this afternoon, and a bill based on it given first reading. When the resolution was moved, T. L. Church, Conservative, North Toronto, declared he did not believe in prohibitory legislation and he thought that the people of Ontario did not either. He asked who had requested the legislation. Hon. Ernest Lapointe, minister of justice, replied that the bill would not apply to Ontario at all. The whole object of it was to give effect to the views of those provinces to which it was applicable.

## LABORERS DISCOVER MEANEST LONDON MAN

Certain laborers in the east end believe they have found London's meanest man. Excavation work was started yesterday on a new building in London East. The sun was beaming down and both men and horses at work on the job were thirsty. The men applied at a house across the street for a drink of water. They were refused. Both men and horses worked through the day without water.

## SCOTCH WHISKEY STILL FINDS EASY ENTRANCE INTO STATES

Distillery Official Says U. S. Cannot Keep Up Rum Row Blockade. SEES MONOPOLY

Declares Country Has Acquired Lasting Taste For Imported Liquor.

Canadian Press Despatch. Vancouver, B. C., June 16.—While "rum row" has been practically wiped out on the Atlantic coast through the activities of the United States "dry fleet," prohibition enforcement agents are up against an almost impossible task in keeping liquor from entering that country, stated John McNeill, director of a distillery in Scotland, here yesterday. "Up to six months ago more Scotch was shipped into the United States than in any time before prohibition came into effect," he said. The cost of maintaining the dry fleet has been so enormous that the United States cannot maintain it any longer. As soon as the fleet disappears on the Atlantic coast, rum row will again spring up.

"The reason for the greater liquor exports to the United States is that there is no longer the competition of their own distilleries, which used to manufacture bourbon and rye whiskeys. Furthermore, in the event of the liquor ever again being permitted in the United States, I believe

## Mandelieu Wins the Ascot Stakes

Associated Press Despatch. Ascot, England, June 16.—Mandelieu won the Ascot stakes for £2,000, run here today. Eastern Monarch ran second and Carbonaro third. Ten rail, Mandelieu is owned by Lord Derby. Eastern Monarch belongs to Sir George Bullough and Lord Howard de Walden owns Carbonaro. Mandelieu won by half a length and the same distance separated Eastern Monarch and Carbonaro to 1 against; Eastern Monarch, 10 to 1 against; Carbonaro, 8 to 1 against.

Scotch will be the popular drink there, for who did drink before prohibition have acquired the taste for Scotch."

## FEDERAL AID IS SOUGHT FOR COKE PLANT BUILDERS

Canadian Press Despatch. Ottawa, June 16.—A bill is to be brought down in the commons by Hon. Charles Stewart, minister of the interior, to encourage the construction of works for the production of coke from coal mined in Canada. The assistance will be an annual sum not exceeding 3 per cent of the cost of the work.

## ROAD PLAN TO HIT LONDON TP. HARD

May Close 11 Miles of County Highway—Scheduled For Council.

Maps submitted to the county council at the June session by the Ontario department of highways, showing the 70 miles of county roads that the department proposes shall be cut from Middlesex county mileage and turned back to the townships, will be fully gone over and discussed by the councillors during the first week of July at a special arrangement at the county buildings and the highway department. No action will be taken until after the matter has been thoroughly threshed out, and it may be that some of the roads designated by the department to be changed will remain. No changes are proposed in East and Metcalfe townships, and nothing will be done in Adelaide and West Williams until the department announces the location of the new proposed provincial highway (Sarnia to London).

London township will likely lose eleven miles of county highway and is hardest hit of all the fifteen townships. Following are the roads that it is proposed to do away with as county highways: Dorchester township—The quarter road from Dorchester village through Gladstone to the 6th concession. Distance, six miles. Westminster township—Westminster township—The 5th concession and White Oak sideroad west from Springbank. The county assumes the present township road westerly from the Dorchester-Westminster town line, between concessions 2 and 3 to lot 13, thence northerly between 12 and 13 over the Meadow Lily bridge to the Hamilton road. Some 13 1/2 miles reduction in the township, but 5 1/2 miles are added, leaving a total reduction of 8 1/2 miles. Nissouri township—The 4th concession from Thornedale to the provincial highway, a distance of 7 1/2 miles taken off. McGillivray township—Town line between McGillivray and East and West Williams, 5 miles. Mosca township—Road between lots 8 and 9, from Glencoe-Newbury road, north, 4 1/2 miles. London township—The 5th concession from Hyde Park sideroad to Proof Line; 5th concession from the graded sideroad to Town Line; 11th concession from Proof Line to graded sideroad; Town Line, between Nissouri and 12th township, from 12th concession north; distance, 11 miles. Delaware Township. Delaware township—Road between concessions 2 and 3, from provincial highway north to lot 1, thence easterly to Westminster town line; road between concessions 1 and 2 from provincial highway north to the 10th sideroad; distance, 5 1/2 miles. Lobo township—Town line, between London and Lobo and 18th sideroad, to the 8th concession; road from Poplar Hill north. Total distance, 7 1/2 miles. Caradoc township—No. 12 sideroad and 16th sideroad; distance, 10 1/2 miles. Bidduph township—Town line, between McGillivray and Bidduph, from Chandoye road to provincial highway and from Granton north to the town line. This is a reduction of 4 miles. It is proposed to add 2 1/2 miles between concessions 8 and 9, south from the center sideroad to Elginfield. East Williams—Road between concessions 5 and 6 from the Nairn gravel road, south-westerly 4 1/2 miles.

## Fatally Burned Lighting Stove

Woman Dies, Husband Near Death at Montreal.

Canadian Press Despatch. Montreal, June 16.—While pouring coal oil into their kitchen stove last Wednesday at their home in St. Janvier, a village about 27 miles from here in the Laurentian district, Mr. and Mrs. J. Piche suffered such severe burns that the latter died today and the former was brought to a Montreal hospital in a critical condition. The oil exploded and in an instant both Mr. and Mrs. Piche were living torches. They rushed from the house screaming for help. Neighbors did their best to help, but the flames but they could not prevent the couple sustaining serious burns.

## City Churches

TALBOT B. Y. P. U. The final meeting of the season of the Talbot street Baptist church was held last night, with Miss Pearl Blackwell presiding. Miss Dorothy Ritter read the 31st lesson and the report of the nominating committee was then brought in, and the following officers were elected for the new term: Honorary president, Dr. Bowley Green; president, Miss Pearl Blackwell; vice-president, Will Clark; secretary, Miss Alice Clark; treasurer, Miss Gertrude Miller; pianist, Miss Muriel Pearson; press secretary, Miss Stella Pierce; convener of the literary committee, Miss Elizabeth Foulkes; of the devotional committee, Miss B. Wainwright; of the missionary committee, Miss Lovena Chute, and of the lookout committee, Frank Blackwell. Splendid reports were given on the year's work and plans were made to hold the annual picnic next Saturday at Lakeside, when the members will be conveyed there by motor. During the evening Miss Bulter contributed a piano number. Dr. Green then read the story, "Yankee Doodle," taken from Harold Bigby's book "Broken Earthwreath."

## SENIOR ENDEAVOR.

The members of the senior Christian endeavor society of the Pilgrim United church met last night for their regular meeting. Dr. H. Taylor presided and also took the devotional period, after which Mrs. W. Powell took the topic on "Leadership," which was followed by a splendid discussion of much interest. The intermediate endeavor of the church brought in a report of the debate they are to have, stating that June 29 was the date set, for at this time they are to take charge of the senior topic. The subject of the debate will be "Resolved, that Missionsary Endeavor at Home is More Necessary Than Abroad." Miss Minnie Bacon will be in charge of next week's meeting of the society.

## INTERMEDIATE ENDEAVOR.

The regular meeting of the Christian endeavor society of the Pilgrim United church was held last night, with Miss Rita Angles presiding. She also took charge of the devotional period, an excellent paper on "How Can We Improve Our Conversation" was given by Herbert Stark and the topic was followed by an interesting discussion on the subject. It was decided to hold a debate in the near future. It was also announced that the next meeting would be held next Tuesday evening, owing to the intermediate baseball game on Monday, and at that time Miss Eunice Hilton will take the topic.

## NEW ST. JAMES' W. M. S.

The regular monthly meeting of the W. M. S. of New St. James' Presbyterian church was held last night in the church and there was a large attendance. Mrs. Andrew Miller, the president, was in the chair, and Mrs. M. B. McEachern read the lesson. Mrs. Jackson sang very sweetly, "Jesus My Savior." Members from all the other Presbyterian Women's Missionary societies in the city were present, and following the business session of their hostesses they enjoyed a social hour. Reports were heard from the delegates who attended the missionary congress last week in Toronto, and among those giving accounts of the session were Mrs. George Cairncross, St. George's church; Mrs. John Kelman, Chalmers; Mrs. Munro, Hamilton; Mrs. Webster, Knollwood park; Mrs. Kelly and Mrs. Carnie, Elmwood avenue, and Mrs. McEachern, Mrs. Miller, and Mrs. John Currie, New St. James'. Light refreshments were served at the close of the evening under the convenship of Mrs. Milligan.

## EMPRESS AVENUE LEAGUE.

Last night's meeting of the Young People's League of the Empress Avenue United church was held under the direction of the citizenship department, with Jack Smeltzer presiding. The Scripture lessons were read by Miss Marie Braderick and Mr. Evans after which an excellent talk was given by William Gibson on "Citizenship." Miss Nellie Warner contributed a pleasing solo. Plans were discussed for the annual picnic of the organization, which is to be held next Monday at Springbank. S. P. Goodland and Susan Parson are in charge of the sports program, and Miss Verda Goodland is to take charge of the refreshments. Arrangements were also made to have the summer meetings of the league on the lawns of the various members.

# Helps Mother Out

To most families this is the holiday season. Girls and boys spend more time home—the family's together more. Hot summer days mean lighter foods which must be tempting as well as nourishing. And so with breakfast Mother starts the daily round, cleverly planning so that the family may begin each happy, busy day with satisfying, but, above all, easily digestible food.

Post's Bran Flakes with Other Parts of Wheat puts color in the cheek—puts spring in the step—fills bodies with that radiant glow of health. For bran's laxative quality skilfully blended with wheat's abundant nourishment supplies the system with necessary food roughage—adds its own good food value—acts as an efficient regulator. And Post's Bran Flakes is temptingly flavored—each thin, tasty, crisp-toasted flake. Served with milk or cream, it's delicious.

At all grocers in wax-wrapped packages—but be sure it's Post's Bran Flakes.

## TWO MONUMENTS TELL OF CABOT'S EXPLOITS

But Official Recognition Has Never Been Paid, W. A. Tanner Says.

Members of St. George's Society are not quite correct in stating that Canada has no monument commemorating the discovery of America by John and Sebastian Cabot, according to W. A. Tanner, secretary of the London school board. Mr. Tanner received a copy of a resolution recently adopted by the society in which it was pointed out that the city of London has a fine monument to the Cabots, but that no recognition of their achievements has ever been made by Canada. Mr. Tanner happens to be a British man and is familiar with the fine monument in that city. Some six years ago he had occasion to visit Halifax and was pleasantly surprised to find there a very similar monument to the skill and daring of the early navigators who first visited these shores.

## MISSIONARY BUS RIDE TAKEN BY OFFICIALS

Machine Bought by City of Quebec Is Demonstrated Here.

Four members of the city council and several city officials today rode in comfort, guests of a demonstrator of a big blue passenger bus, which has just been purchased by the city of Quebec. Mayor Wenige, Ald. Ashton, Ald. Bottrill, Ald. Smith, City Treasurer Bell and several others made a trip to the university grounds, Springbank and other points. The 15-passenger bus was reported to be an exceptionally easy method of transportation. The car was splendidly upholstered and painted in attractive colors. Speed and comfort were lauded by the aldermen.

CONCERTS AT STRATFORD. Bandmaster Woods of the London No. 1 band of the Salvation Army will give two musical festivals in Stratford Parks next Sunday. The London band, which is the pride of the Salvationists in this district, will be supported by members of the Stratford band under Bandmaster G. Williams. There will be 50 musicians in the combined bands.

# HAPPY? Yes, of Course! Why Not?

Do you realize that the young people who are marrying today have at their beck and call conveniences that twenty years ago were luxuries, and thirty years before that were not to be had for love or money? One of them is gas service, the modern burden-bearer. Think what it means for the bride of 1925 to marry with the knowledge that she is absolutely guaranteed against domestic drudgery!

**The Power of a New Hat Greater Than Warm Meals**

A new hat, according to a report made by a national social service organization, will often raise morale more successfully than sermons and warm meals.

This is established the power of clothes — attractive clothes — over the well-being of both the body and the mind. Satisfying the subtle appetite for appearing attractive is more potent than mere physical food.

This bit of human nature applies alike to the Colonel's Lady and to Judy O'Grady. Every woman likes to be well dressed, and smart hats can inspire many moods.

A tiny tight-fitting hat with a perky little brim provokes sauciness. A large, drooping hat induces a fitting dignity.

The advertisements appearing in The Advertiser are a shopping guide to the best selections, the newest models and the right prices.

But no matter what the mood — if her chapeau is new, the dainty wearer looks on life with the feeling that "all's right with the world."

Summer and its multiple social activities call for variety in the style and colors of hats. London women will find them now on display in the millinery shops and department stores of London.

If she is wise — as most women are — and if she wants "something different" — as most women do — she'll do her shopping now while stocks and styles are so complete.

**REPAIRS LIKELY TO CLOSE BRIDGE**

Railway Board Order On Ridout Street Matter Is Expected Tomorrow.

Plans for repairs to York street bridge are not yet complete and, according to City Engineer W. P. Near, there is no assurance yet that it will be unnecessary to close the bridge during repairs. An order from the Ontario railway board is expected tomorrow. Until plans are complete regarding method of repair, no decision will be reached in connection with closing the bridge.

We could certainly hasten repair work if the bridge is closed during that work," Mr. Near declared today. "Leaving the bridge open throughout would be more convenient, but it might be better to route all traffic by way of other bridges and thereby speed up York street repairs."

Kent street bridge, a block west of York street, is noted in good condition. The city plans paving the approach to the bridge, but this will not be done until filling recently placed there has settled.

The engineer's survey of the city bridges has not yet been completed. This work will be done slowly and carefully. Ridout street is complete and work there is nearly finished. A report will be ready for the next meeting of the board of works. Mr. Near expects to have a report on the bridge ready for each meeting of the committee.

Owners of heavy traction engines or construction trucks may secure information regarding best routes of transportation at the office of the engineer, as the adaptability of bridges for heavy service capacity changes from time to time.

REV. DR. THOMAS EAKIN, who, with Thomas McMillan and G. Tower Ferguson, will represent the continuing church on the federal commission, which will decide the disposition of the general church property of the churches affected by the formation of the United Church of Canada.

**CADET MOVEMENT LAUDED BY DEAN**

Fear of Militarism Groundless, Rt. Rev. N. L. Tucker, D. D. Declares.

The ever-increasing interest in the cadet work being carried out in London and Western Ontario is finding a growing favor among the clergy. Following a sermon preached before the cadets at St. Paul's cathedral, the Very Rev. Dean Tucker, D.D., St. Paul's cathedral, made the following comment, which appears in the St. Paul's cathedral magazine:

The parade of 800 cadets to the cathedral on Sunday morning, May 31, presented a sight that will not soon be forgotten. It is the first time that such a large body of boys in uniform joined the ranks of our congregation, and they taxed the seating capacity of the church to the utmost. The quiet and orderly way in which they entered the church, their smart and soldierly appearance, and the reverent and devout manner in which they joined in the service reflected the greatest possible credit on their training. As they left the church in an orderly manner as they had entered it, someone was heard to say that Col. Gillespie was doing as fine a piece of work among the boys as any man in Western Ontario.

**Fear Groundless.** It may with all confidence be said that the fear of militarism as the result of the training of cadets and boy scouts is a groundless fear. The system of training conceals no such latent purpose. The military men we know are not fire-eaters and swashbucklers, but the most peaceful and inoffensive men in the community. They no doubt hold what probably every sensible person in Canada holds, that the man who is not willing to defend his country when assailed is not fit to be a citizen. We are essentially a peace-loving people, fully engrossed in the tasks of peace. We are in the fortunate position of having no enemies in sight. Our neighbors to the south, with all their boundless energy and ambition, have not the remotest idea of invading our territory, and there is not a gunboat or a fortress between us. A far greater danger to the youth of our country is the joy-ride, the dance hall, and the place of amusement which is often a place of dissipation. Doting mothers can, in all confidence, entrust their boys to the cadet and boy scout movements, without the slightest fear that their darling sons will be imbued with the thirst for human blood.

**Help Supply Need.** On the other hand, these movements help to supply a need which is sometimes felt in our educational system. Its first object is to develop physical fitness. Our baseball matches, train a dozen semi-professional pitchers and batters and fielders and thousands of "rooters" who are more proficient with their voices than their muscles. Nearly one-half of the men who were called to the colors in the great war were physically unfit. Now the man who is unfit to march with his battalion in uniform is equally unfit to do any strenuous work on the farm or in the factory. To promote physical development is to promote efficiency in every department of the national life, and on the foundation of physical fitness the movements graft every form of manliness. They teach respect for law and authority. They inculcate unselfishness and a willingness to serve. The very essence of their spirit is "team play" and "to play the game." They grow upon all cowardice and meanness. They set up as their standard, truth, honor, faithfulness, and respect for all that is honest and of good report, and for all that is wholesome in mind and body; and the leaders are a class of men who train the boys by example as well as by precept. Instead of inspecting and hampering the movements as some do, all people of good will should unite in giving them their whole-hearted support. Indeed the whole community is deeply indebted to such men as Col. Gillespie for the admirable work they are doing among the youths of our land. The lieutenant-governor is reported to have said that one of the most impressive sights he had witnessed in his term of office was the 1,000 boys he had reviewed in cadet uniform in Victoria park.

**BYNG SUCCESSOR SEEN IN ARTHUR**

Duke's Eldest Son May Be Canada's Governor-General.

Associated Press Despatch. London, June 15.—Tonight's Star suggests that Prince Arthur of Connaught might suitably succeed Baron Byng of Vimy as governor-general of Canada. It is felt here, however, that the suggestion is merely journalistic little-tattle, and that it is improbable that any definite selection will be made for some time.

Prince Arthur is the eldest son of the Duke of Connaught and from 1920 to 1923 was governor-general and commander-in-chief of the Union of South Africa.

**HOUSE COMMITTEE FAVORS GRAIN ACT UNIFORMITY**

Canadian Press Despatch. Ottawa, June 16.—Concurrent legislation to make provisions of the new grain act uniform throughout Canada and place them beyond question on the ground of constitutionality should be asked of the provincial governments, especially those of the western provinces. This is the tenor of a resolution adopted last night by the agriculture committee of the house of commons.

**Teachers Are Far In Lead In Night Matric Classes**

For those who like to believe that the young people of the present generation are not less ambitious than those of former days, there is comfort in the annual report on evening matriculation classes presented by Principal E. A. Miller of the London Collegiate institute at a meeting of the executive committee of the board of education yesterday afternoon.

The report showed the encouragingly large number of 107 young Londoners who, having failed for various reasons to obtain their matriculation before leaving collegiate, are now endeavoring to complete their education by attending night classes. The occupations of these ambitious ones, as given in Mr. Miller's report, are as follows: Teachers, 29; stenographers, 5; bank clerks, 3; office clerks, 18; store clerks, 10; bookkeepers, 5; mechanics, 8; electricians, 3; other occupations, 16; without occupations, 10.

**UNITED CHURCH ORCHESTRA WILL PLAY AT ST. MARTIN'S**

The Wesley United church orchestra will play at St. Martin's Roman Catholic church garden party on Wednesday, June 24.

The orchestra, of which Dr. James J. Smith is the director, offered its services for the occasion to those in charge of the fête free of charge, and the offer was promptly accepted by Rt. Rev. Monseigneur McKeown, rector of St. Martin's church, in the same spirit in which it was made. W. H. Walsh, clarinet, and Ed. Mullins, cornet, both Roman Catholics, are members of the orchestra, which has played at different church affairs in London and district for two or three years past.

**KILLING OF BRITISHER TO HALT NEGOTIATIONS**

Associated Press Despatch. Shanghai, June 16.—Foreign officials today expressed opinion that the circumstances surrounding the assassination of W. W. MacKenzie, a British subject, here yesterday indicated a deliberate attempt to interrupt the progress of the negotiations with the Chinese government and to revive waning animosities.

They emphasized the necessity for the Chinese authorities to control the lawless agitators operating around the borders of the foreign settlement.

**SOLDIER-FARMERS GET CONCESSIONS**

Federal Bill Provides For Large Rebate on Live Stock Payments.

Canadian Press Despatch. Ottawa, June 16.—A resolution to provide for an amendment to the soldier settlement act, authorizing the soldier settlement board to credit with certain reductions the accounts of settlers who have not repaid their indebtedness to the board, or who have not abandoned their lands, or whose agreements with the board have not been terminated or rescinded, was introduced in the house of commons yesterday.

The resolution provides that a reduction may be granted of 40 per cent of the purchase price of all live stock advanced to the settler and purchased prior to October 1, 1920, and 20 per cent of the purchase price of all live stock advanced to the settler and purchased on or after the first day of October, 1920, and prior to October 1, 1921. It further provides that settlers' accounts should be credited with the total amount determined on the above basis as on the standard date in 1925. The resolution carried, and a bill based on it received first reading.

Paving at the corner has not yet been finished, but the works department hopes to have barricades removed and the street free from obstruction for Sunday's church demonstration at Victoria park.

# WOMEN and THE HOME

## TO CARRY ON YET IN PRESBYTERIAL

### London District Organization Remains Unchanged For Present.

The London Presbyterian W. M. S. under the presidency of Mrs. J. M. McEvoy, will carry on as usual until the new plans and policies of the new organization of the United church are completed satisfactorily to the general council of the United church. This statement was issued yesterday by Mrs. J. M. McEvoy on behalf of the London Presbyterian.

Mrs. F. Ballantyne, who has been supply secretary for upwards of twenty years in the Presbyterian, will continue to act in that capacity until the end of September in order to finish the year's work of shipping the bales to the Canadian west. She will then devote her energies entirely to the office of treasurer.

The secretary will be carried on as usual in the Presbyterian auxiliaries and union groups until such time as the new plans and policies of the new organization have been completed satisfactorily to the general council of the United church.

Officers of the London Presbyterian W. M. S. who have gone forward into union are: Honorary president Mrs. James Ross; past president, Mrs. D. L. McCrae; president, Mrs. J. M. McEvoy; vice-presidents, Mrs. W. R. McIntosh, Mrs. Wm. Beattie, Mrs. T. A. Symington, Mrs. Couits of St. Thomas, Mrs. George Gilmore of Tempe, Mrs. Strachan of Glenora, Mrs. Stewart of Dorchester, Mrs. McGugan of Rodney, Mrs. Campbell of Vanneck, treasurer, Mrs. F. Ballantyne; corresponding secretary, Mrs. John Gemmill; recording secretary, Mrs. S. Pickles; mission hand secretary, Mrs. Grant of Glenora; messenger secretary, Mrs. J. H. Douglas; literature secretary, Mrs. H. M. Peterman; library secretary, Mrs. Bisset of Rodney; home helpers secretary, Mrs. L. Campbell; Young Women's Auxiliary secretary, Mrs. K. A. Murray; C. G. I. T. secretary, Mrs. B. S. Scott; social secretary, Mrs. E. S. Pickles; press secretary, Mrs. G. W. Beable.

## EXCHANGE TEACHERS BID GUILD FAREWELL

### Are Recipients To Delightful Picnic Prior To Their Departure.

The women teachers' guild held a delightful picnic at Springbank park yesterday afternoon. The reason of which was to bid farewell to Miss Leitch and Miss Sagers, two teachers from England, who have been on exchange in Canada for the school year, ending on June 30.

A tea was served after which Miss Miss Leitch was presented by the president with a copy of Paul Peel's picture. After The Bath, Miss Sagers was presented with a volume of Pauline Johnson's poems. Miss Mulveny outlined the life of the artist and Miss Yeates gave a short talk on the author's poems.

The recipients of the presents expressed their thanks and their appreciation of the pleasant time they had had with the whole teaching staff.

Miss Isabel Davidson recited The Song My Paddle Sings, one of the most typical of Miss Johnson's poems.

The president expressed the sorrow of the guild over the loss they were sustaining in the departure of their guests and wished that the journey, which they intend making across the continent prior to their return to the old land might prove a most enjoyable one.

The regular meeting of the Campbell Becher chapter, I. O. O. E., is being held this Thursday at the home of Mrs. (Dr.) Campbell, Westminster street, instead of later in the month as announced. The picnic date will remain set for Saturday.

And for pity's sake, don't name a boy after some famous man. It is a handicap that he never gets over. He never lives up to his name. Give the baby a short name and one that comes trippingly to the tongue, and may she live to wear it long.

DOROTHY DIX.

Dear Dorothy Dix—I am a man who faces hell in daily living, and working and in my home life. What can I do with a woman who is a living talking machine, whose mouth is so wide that she puts her foot in it every time she opens it, but who never speaks a kind word to me; who has no use for me except on payday? I am a good worker, but my wife keeps me in debt by her extravagance. My salary is mortgaged for half the year to pay her Christmas bills. Does a man have to starve if his wife does not even try to make him a happy home?

A DOWNCAST HUSBAND.

Answer: I do not think that anyone is called upon to bear martyrdom, and if you cannot interest your wife to treat you decently, it seems to me that you are justified in leaving her.

Perhaps if you were to go away, even for a short time, and let her find out what it is to wrestle with the bills herself and make her own living she would be more appreciative of all you do for her and would realize how much she really cares for you. Many women need only a good job to really love them and make them see how blessed they are in having good husbands.

### Does a Man Have to Stand a Wife Who Does Not Attempt to Make a Happy Home.

Dear Dorothy Dix—We have a baby three days old, and both my husband and myself want to name her Eleonora. But its grandmothers, both sides insist upon the baby being named after them. Must we name the baby Eleonora or after her grandmothers?

MOTHER AND FATHER.

Answer: Please yourself in the matter. I think the name Eleonora is beautiful, stately and dignified. Any baby should be proud to wear it. It seems to me that the agony of bearing a child has the right to select its name, so long as she keeps within the bounds of good taste and does not give the youngster a name that will mortify it.

As for naming the baby after its grandmothers, the wisdom of that depends entirely on what sort of name the grandmothers have. Finally names should not be perpetuated if they are hideous and unmelodious. Because some ancestors groined under the name of Hezekiah, or Obadiah, or Jeremiah is no excuse for wishing such a curse on a poor, little, defenseless infant. Stop the family name right there.

Mr. Shakespeare asks, "What's in a name?" and opined that what we call a rose would smell as sweet by any other name. That is where he was wrong. A name makes a lot of difference, especially to a woman who has to be called Mary, or Gladys, or Hannah Jane by her family as long as she lives. So you owe it to a girl baby to give her a moniker to which she will enjoy answering.

## Simple Way to Get Rid of Blackheads

There is one simple, safe, and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this, get two ounces of peroxide powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, like blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dust and dirt and secretions that form in the pores of the skin. The peroxide powder anoints the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition—Advt.

**Do We Need Another Flag?**

One thousand dollars for the best design for a distinctly Canadian flag is the offer made by the Native Sons of Canada at Vancouver. If the design is not approved by the government of Canada to the extent of being officially sanctioned, the award is split to \$500.

The Native Sons of Canada is, as the name indicates, a simon-pure Canadian organization, aiming to develop a distinctly Canadian feeling among the natives of this country. That in itself is a commendable ambition. As far as The Advertiser can learn, this society seeks to make it possible to break down provincialism in Canada, so that we can better appreciate in Ontario what is in the minds of the people in British Columbia, and vice versa, so that in this way there shall be a Canadian public opinion on matters of larger public interest. That, too, seems commendable.

But what about the flag? At present we have an emblem with the Union Jack in the corner, then a big red background and a Canadian emblem in the other corner. That is really a marine flag. In more common use is the Union Jack, the flag that can be found on the seas of the world and fluttering in lands that are stretched pretty much all over the universe. We do not know whether this Vancouver society seeks to supplant the British flag with the new one, or to fly them both. That is a point they should have covered.

We do not know to what extent there is a demand for a new Canadian flag, but we do feel that the old Union Jack is a mighty fine old emblem for which we have never been called upon to apologize.

Of course, we were taught in school that it is made of a combination of the flags of England, Ireland and Scotland, and all that was and is very interesting. But as youth leaves behind the days of school, and starts to look around the world, to weigh the methods and ideals of men and nations, the technical formation of the flag really does not amount to much after all. The things for which it stands, freedom, a high and unflinching sense of justice, a desire to deal fairly and evenly with other nations—these things bulk larger in the adult mind than the story of the flag as we had it in school.

That is why so many people in Canada have come to honor and revere the Union Jack. They have lived under it; our older people have seen representative government established under its folds, have found here freedom to come and go, and all the time felt the protection of that old flag. They have come to know that religious as well as personal liberty means where the Union Jack flies; they have seen planted here a system of justice whereby a man is guaranteed a fair trial, and where he is considered innocent until his guilt has been fairly established. Canadians have seen councils established in townships, counties, villages, towns, cities, provinces, and for the whole dominion, and have observed that these have full power and liberty to function as Canadian institutions.

Looking farther afield, Canadians have seen the whole might of Britain placed at the disposal of one lone subject to whom an injustice was being done in some far-removed corner of the world, and we have noticed there was no call for vengeance, no desire for bloodshed—all that was asked was plain justice and freedom for the subject who pointed to the old emblem and said, "That is my flag." And Canadians hallow and revere the memory of her own sons who followed that same old flag in South Africa, and even more so when they fought and fell for it when the mad emperor of Germany had sprawled the path of war across the face of Europe. It was there that the sons of Canada stood shoulder to shoulder with men from Britain, sons who had sprung from the same loins, held by a common purpose, and brave for a common battle.

Yes, the Union Jack means much to the people of Canada. If it had failed us or deceived us we might well begin to search for something better. In the meantime, Canadians can't entirely suppress a pardonable little thrill when they see the grand old emblem unfolded to the breeze.

**What Mr. Morrison Did Not Say.**

J. J. Morrison, with others, addressed a meeting in Renfrew, in which he gave his impressions of the manner in which political parties in Canada carried on. The Renfrew Mercury reports Mr. Morrison as follows:

"Public questions were not discussed. Each party talked of the evil things the other party had done. People allowed the partisans to destroy the real intention of what an election was for. And under our system of government we paid an opposition a big salary simply to criticize every action of the government. Under our system of elections slander and abuse prevailed and partisans did not care what their party did so long as they succeeded. The only harm was in being found out. As long as people were so easily fooled on public questions they would never succeed in getting anywhere. Mr. Morrison was convinced that if it was necessary for other people to organize, surely it was up to the farmers to organize. They should do it simply to see that they got a fair deal in the distribution of the wealth which they created."

Mr. Morrison apparently does not think much of either the Liberals or Conservatives. There may have been other things he had to urge against them, but even in the short space used above he made full use of his liking for criti-

clim. The chief fault with what he had to say is that it is entirely destructive. Mr. Morrison contented himself with saying that farmers should organize. He was referring to politics all the way through, so he must have had reference to political organization. The farmers are organized, and well organized too, and it is for that reason that Mr. Morrison should have gone farther and rounded out his statement by telling what form he favored for political action. He pictured the two old parties as having no particular principle, no sense of honor, simply carrying on with the one idea of staying in power, and there he left them.

He did not even tell them that Mr. Drury was seeking recently to give new direction to a political force in Ontario, the basis of which would be found in the farmers' organizations of Ontario. Mr. Morrison did not even state that he considered such a development as being desirable, or that he would give it his support. When he had finished lambasting the old parties the road was wide open for him to point the way to a better method, but he did not. It would simplify matters a great deal if Mr. Morrison would state definitely where he stands in regard to political action, what form he thinks would accomplish most, and to whom the leadership of such a movement should be intrusted.

**He Learned a Great Truth.**

A London man dropped in at the Advertiser office yesterday morning, and admitted that he'd been away over the week-end, but it was not just the ordinary trip that looks for a mixture of pleasure and relaxation. His own account of it was about like this:

"I had a notice last week stating they were holding anniversary services in my old church, a little place some distance north of here, so I thought I'd just go and see what it looked like and felt like. I have often heard some people in cities ask what these little churches meant by always wanting some support from the home mission board, and they have often asked 'Why can't these places look after themselves?' This little church that I attended myself as a boy is a home mission church, so I was turning the same question over in my mind when I was there, and I have the answer to it.

"When we were seated in the old pew I started to look around. It was twenty-five years ago since I was there. There was not one of the boys there on Sunday that I had known. In some cases the parents were present. I had to explain a good many times who I was, but the thing that struck me was that all the young life of my day had gone, and I know for a fact that many of them are in the churches in cities today; some of them right here in London. And since I left there the same process has been going on right through, and I guess it had been repeated a good many times. The young people to whom that little church should look for support are trained and cared for, given a good start along right lines, yet as soon as they grow up they leave because there isn't anything for them to do at home. The little church has them in the most important years, when their habits are being formed, yet when they get near the point where they can earn something and help keep the work going, they leave and the city churches get them. These little home mission places are really feeding the city churches."

And it's a fact that the same thing runs right straight through, whether it's a church, business or any other line of commerce. The villages and the towns raise the boys and girls, teach them and care for them until they have become fairly well established as good citizens, and when they have reached the period when they are capable of productive effort the larger centers of population open their arms and take them in. It is a very real service that the smaller centers are performing for the larger places, and yet it is one that is too often overlooked or entirely ignored by the latter.

**A Citizen's Plain Duty.**

The Woodstock Sentinel-Review calls attention to the case of a citizen referred to by the magistrate as "undesirable" because he refused to telephone for the police patrol when requested to do so by an officer who was engaged in making an arrest. This gentleman may or may not have known that he could have been sent down for six months. The magistrate has that power, and it is a point that the public should understand.

A policeman is a friend and protector of every citizen who is observing the law. He is at the call of any citizen who feels that his person or property is in danger.

An officer very seldom asks assistance from a citizen to help him discharge his duty. If he does so it is because there is no other course open, and when such an emergency arises it is simply a call for the citizen to array himself on the side of law and order.

A little thought will show the fairness of this position. Suppose the citizen should find a burglar forcing an entrance to his house, and called the police for assistance, only to meet with a refusal. He would soon see that he was at the mercy of rowdiness and lawlessness.

There are the two forces, law and order and lawlessness. The Hamilton magistrate did not choose too strong a word when he referred to the citizen as an "undesirable" who refused to perform the small service of delivering a telephone message for an officer.

**Note and Comment.**

A German scientist has discovered a new disease, which leads the Stratford Beacon-Herald to remark that he should have kept it to himself until we learned to deal with the diseases we already have.

A quarter of a century ago it was the scorching cyclist who did the damage. In The Advertiser files of twenty-five years ago a report of an accident where a young lady was injured concluded as follows: "The scorching bicyclist escaped uninjured and hurried off without leaving his name."

A Toronto woman, making all possible speed to see her husband, who was dying in Detroit, was held up at the border for three hours by immigration authorities, during which time her husband passed away. The woman had telegrams from the Detroit hospital telling of the critical condition of her husband, but these had no effect. Such things happen when officialdom operates minus common sense.

**Fat Man's Race**

*It is a wicked thing to do when weather is so all-fired hot, to make fat men go in a race and prance upon the picnic plot.*

According to the things we read and by old theories that we hold, a thin man stands the heat the best, a fat man glories in the cold. So when the heat is turned on full a fat man he should feel it most, and reckon if it lasts a month he'll be much like a sirlion roast.

Ah pity then the man who's fat, who carries beef unto his roof, who plods about on days like this and kicks a weary sort of hoof. For folks should reckon his estate, and think with kindness of his lot, and have a pity on this dude when weather has turned sticky hot, and not go thinkin' up a cause to make the sweat ride on his nose, or cast about to bring things on to be a-addin' to his woes.

Just yesterday a picnic come, a chance to rest beneath a tree, the fat men gathered in a bunch, a-hopin' folks would let them be.

They watched the youngsters at their sport, and saw them race around the plot, they didn't seem to mind at all that it was so all-irrin' hot. They saw the young men and the maids play games upon the velvet sod, the fat men sat beneath the tree and talked and gossiped by the rod.

Until some wicked guy broke forth, and when he opened up his face, he hollered that the next event would be the famous fat men's race.

Poor birds, they couldn't get away, they had to go and face the heat, and lumber down a hundred yards and blister up their weary feet. Why they were licked at 20 yards, and they were puffin' hard for air, and they was wishin' every one how they was fifteen miles from there.

And all the crowd stood by and laughed at those perspirin', heavin' men, for that rare chump who called the race had gone and spoiled the day for them.

Humane inspector, come along and put these places on your beat, and shoot the guy that makes fat men go racin' round in summer heat.—ARK.

**No Township Boards.**

Meeting at Mount Brydges Was Not Favorably Impressed With Details of New Plan.

Editor of The Advertiser:

Sir,—A public meeting of ratepayers of the township of Caradoc was held at the town hall, Mount Brydges, on Thursday at 2:30 p.m. A discussion had been arranged previously for this date by the executive of Middlesex Trustees and Ratepayers Association on the proposed change of administration of schools from the present system to a township unit.

Dr. Kerr, from the department, tried to show a possible economy in township board administration, also improved educational conditions. However, he very reluctantly disclosed that a township board under the new bill which is being considered by the department was to consist of one member to a section up to ten sections, which was to be the limit of members on any board.

If a township had more than ten sections it was to be divided into districts by the township council. The new bill also provides for election of members of board at the same time and place as township council. It also provides pay of \$4 per day and mileage for its members.

In the discussion that followed it was disclosed that there would be considerable confusion as some ratepayers would have to vote in different polling booths to get in their vote for trustee. Taking into consideration that the present school boards are free service men, and it was estimated that one meeting of the township board would cost approximately \$45, the meeting unanimously opposed the new scheme for township board of trustees, and they adjourned.

**LONDON SOLDIERS ARRIVE IN BRETON,**

R. C. R.'s, Reinforced by Mounted Troops, Camp Behind Barbed Wire.

Canadian Press Despatch.

Sydney, N. S., June 15.—With the moving into the colliery district of troops from Upper Canada, augmenting the force moved up from Halifax last week, Cape Breton, scene of mine strike disorders over the week-end, was quiet tonight. Troops are now established behind barbed wire in improvised shelters in the power station at New Aberdeen, and it is believed that an attempt to operate the plant for the maintenance of mines in the southern district will be made. At night a battery of searchlights sweeps the surrounding terrain. The disposition of the troops has been observed from a distance by scores of the striking miners of the British Empire Steel Corporation, but there was no hostile demonstrations today.

R. C. R.'s Arrive.

The small force of troops in the strike area was reinforced by the arrival on a special train of a squadron of the Royal Canadian Dragoons from St. Johns, Que., and a detachment of the Royal Canadian regiment from London, Ont., 300 men in all. The train pulled into the military base camp at the steel plant yards, Sydney, on its arrival. The troops are fully equipped for active service. Cavalry horses, machine-guns, field kitchens and all the paraphernalia of field service were unloaded at the camp this afternoon. One hundred and fifty miners were sworn in as special constables at Sydney mines.

Hon. James Murdock, minister of Labor, who will endeavor to mediate the differences existing between 1,200 miners and the British Empire Steel Corporation over a wage scale, is expected to arrive in Sydney tomorrow.

This afternoon the Glace Bay Gazette published the following exchange of telegrams:

"Glace Bay, June 13. "Hon. James Murdock, "Minister of Labor, "Ottawa, Ontario.

"Conditions serious; brains needed here now, not bayonets. Troops arrived, camped at steel works, Sydney. Law and order should not take sides. Nasty rumors afloat. Something sure to start. U.M.W. and Besco heads both wrong and impossible. Public disgusted and want action. (Signed) "Stuart McCauley."

"Ottawa, June 13. "Stuart McCauley, "Minister of Labor, "Glace Bay, N. S.

"Your telegram received, and have wired President McLeod that I will leave here for Glace Bay, arriving not later than Tuesday or Wednesday next. Have also suggested that all improper activities on the part of the workers cease, pending my arrival. (Signed) "James Murdock, "Minister of Labor."

Stuart McCauley is a justice of the peace for the town of Glace Bay, an insurance broker and a former newspaperman.

**BATTERIES ON WAY.**

Canadian Press Despatch. Ottawa, June 15.—A troop train carrying two batteries of the Royal Canadian Horse Artillery and a battery of the Royal Canadian Artillery passed through here this afternoon from Petawawa, camp en route for Nova Scotia to the troubled mining area. The train comprised in all 20 coaches, and carried about 400 officers and men and about 150 horses.

LOCAL STRAWBERRIES BRING 35 CENTS A BOX

First Large Offering of Season Meets With Quick Sale.

The local market this morning saw the first large offering of district strawberries quickly snapped. The berries look fresh and well selling at 30 to 32 cents, wholesale, and 35 cents a box, retail. The recent rain brought the berries in large quantities, and it is expected that there will be a large offering from now until the season is ended.

There has been a little trouble regarding the fruit boxes, and some gardeners who have a large number of the boxes have had to wait for a permit from the government and a 'workmen' stamp showing how much the local trade would be able to use.

Hay and oats are still rising in price, as there is a strong demand for both. There were only four loads of hay offered, but the price went up to \$15 a ton. Oats advanced 5 cents a bushel.

UNIONISTS CHOOSE OFFICERS' TILES

"Moderator," "President" and "Chairman" Will Designate Presiding Officers.

Canadian Press Despatch. Toronto, June 16.—Business matters of considerable importance came before the general council of the United Church today, special sessions of the council being arranged to deal with them.

The report of the committee on titles, recommended that the presiding officer of the general council be called "moderator" of the annual conference, "president" and of the presbytery "chairman"; that the moderator should be elected by ballot by the council and that a deputy moderator should also be elected.

After discussion the question of a deputy moderator was referred back. Considerable discussion arose on the matter of retaining the term "moderator" for the presbytery. A vote was taken and the committee's recommendations sustained.

Use Present Hymn Books. In the report of the committee on settlement and transfer of ministers it was suggested that the council recommend to the conferences that each presbytery should be asked to settle a minister by two members and that pending the appointment of this committee interim settlements should be made by the council to deal in an advisory capacity with cases needing immediate attention.

It was also recommended that the general council sanction order the printing in pamphlet form of the several forms of union certificates, such as baptism, marriage, burial of the dead, etc., along with special forms for the ordination and education of trained corps in the school of the ministry of the Lord's Supper the use of these to be optional by the congregation.

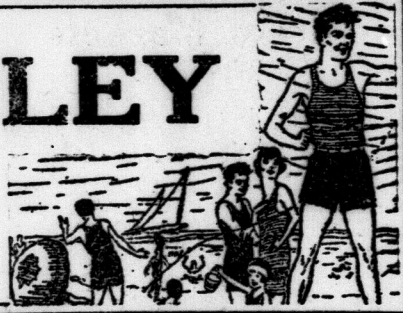

Judge A. Chesley, moved that a resolution affirming that as the training of young men for war was contrary to the spirit of Christ the officers of trained corps in the school of the ministry of the Lord's Supper be discontinued and that the government be urged to discontinue such training in the schools of the ministry of the Lord's Supper be referred to the committee on the life and work of the church. This was agreed to.

## PETERSEN'S REMAINS ON WAY TO ENGLAND

Shipping King Will Be Buried  
Near Home on Isle of  
Eigg.

Canadian Press Despatch.  
Ottawa, June 15.—Resting in a  
large solid bronze casket, the body  
of Sir William Petersen, whose sudden  
death on Friday robbed the shipping  
world of an outstanding personality,  
left Ottawa at noon. The remains  
will be transported to Montreal, where  
they will be placed on the steamship  
Melita, which sails on Wednesday  
for Southampton.

From private advices received last  
night, it was learned that Sir Wil-  
liam's funeral would probably be  
held in London Eng., and that inter-  
ment would take place at his home on  
the Isle of Eigg, in the Hebrides.

## GAS STATION WORKER IS SHOT AT TORONTO

Desperadoes Flee After Seri-  
ously Wounding Employee  
—Were Refused Money.

Canadian Press Despatch.  
Toronto, June 15.—Shot through  
the stomach when two men tried  
to rob a gasoline filling station here  
last night, William Bell, aged 27,  
is in Western hospital in a serious  
condition.  
Two desperadoes are stated to  
have entered the filling station just  
before closing time. They demanded  
money, and when Bell and another  
employee made no response they  
opened fire with a revolver.  
After Bell fell the men leaped into  
their waiting automobile and made  
good their escape without obtaining  
any money. Later the automobile  
which had been stolen, was found  
abandoned.

## PORT ESCAPES HEAVY LOSS IN WIND AND RAIN STORM

Damage From Sudden Blow  
Not as Heavy as Believed  
Last Night.

WAVES ROLL HIGH

L. and P. S. Properties Suffer  
Most—Hydro Wires Are  
Repaired.

Special to The Advertiser.  
By Staff Correspondent.

Port Stanley June 15.—With the  
exception of felled trees and minor  
damage to property, Port Stanley does  
not appear to have suffered from the  
heavy wind and rain storm which  
swept the port for an hour and forty-  
five minutes last night.

The properties of the London and  
Port Stanley Railway suffered most  
from the miniature tornado but the  
material loss is expected to be light.  
Dozens of trees planted on  
L. & P. S. property a few years ago  
were blown down.

Although the waves rolled far up  
the beach, the boardwalk was  
swayed by nearly two feet of water,  
both and concession owners reported  
this morning that their loss would be  
slight.

Without Hydro.

The port was without hydro for  
more than an hour while the storm  
was at its height. This morning  
saw the completion of repairs to  
the weight of falling trees.

The full force of the storm struck  
the top of the hill and several trees  
fell under the force of the wind.  
Some cottages were damaged by the  
driving rain but as far as can be  
learned all without the terrific  
wind.

At 7:45 dark clouds swept in from  
the southwest and in a few minutes  
the storm broke. So heavy was the  
rain at times that it was believed  
a cloudburst had struck the port.

On Way Home.

Fortunately most of the afternoon  
picnic parties had started home, so  
that the "population" on black cloud  
was not large. A crowd of people  
gathered on the beach to see the  
storm and they managed to get down  
the hill to shelter in buildings on the  
beach. The first of the raining crowd  
to see the beginning to arrive, and  
they too hurried for shelter.

Summer cottages on the hills all  
around Port Stanley to some extent  
damaged so far as can be learned to-  
night. The high wind drove the rain  
through all the cracks and crevices  
in the houses and some damage has  
been done to furnishings.

In the village the water ran in small  
rivers through the streets and impos-  
sible to see across the street because  
of the density of the rainfall. Some  
trees lost branches because of the  
high wind, but no serious damage  
was done.

STREETS FLOODED.

Special to The Advertiser.  
Dutton, June 15.—Limbs were  
blown from trees and streets were  
flooded by a high wind and heavy  
rainstorm which struck here about  
7:30 p.m. and lasted about fifteen  
minutes. The storm came from the  
west. So far there have been no  
reports of damage.

GET TWO STORMS.

Special to The Advertiser.  
Blenheim, June 15.—Two storms  
struck this district tonight. The first  
came about 7 o'clock and lasted for  
about a half hour. The wind was  
very strong, and the rain fell in tor-  
rents. The lightning was very sharp.  
No reports have been received of  
damage, but some fruit-growers fear  
that trees may have suffered some.  
The second storm was not nearly so  
severe, and came about 8 o'clock. It  
only lasted a few minutes, during  
which there was a heavy rainfall.

ALVINSTON.

Special to The Advertiser.  
Alvinston, June 15.—For about 15  
minutes just before 8 o'clock to-  
night there was a very heavy rainfall  
and some wind. There was some wind, but not  
enough to cause damage. The light-  
ning was sharp, but no fires have  
been reported.

GET NICE RAIN.

Special to The Advertiser.  
Petrolia, June 15.—A nice rain  
fell here tonight. The wind was not  
high. The rain lasted for about a  
half hour, but did not assume real  
storm proportions.

RAINFALL HEAVY.

Special to The Advertiser.  
Aylmer, June 15.—A high wind,  
accompanied by a heavy rainstorm,  
was experienced here tonight. It be-  
gan about 8 o'clock and lasted for  
about an hour. The rainfall was very  
heavy and the lightning was quite  
sharp, but there have been no reports  
of damage being done.

ST. THOMAS.

Special to The Advertiser.  
St. Thomas, June 15.—There was a  
very severe storm south of here early  
tonight. In the city there was a high  
wind for just a few minutes and this  
was followed by a rain which lasted  
for a considerable time. At Sparta  
the wind was very high and the rain  
almost like a cloudburst. Union re-  
ports a very heavy rain with consid-  
erable wind and sharp lightning. So  
far there have been no reports of  
any damage being done in or close to  
the city.

STRATFORD.

Special to The Advertiser.  
Stratford, June 15.—About 10:30  
tonight there was a heavy rainstorm  
which lasted for about a half hour.  
There was some wind, but it was not  
very high.

MAIL AT CHATHAM.

Special to The Advertiser.  
Chatham, June 15.—A severe elec-  
trical storm, accompanied by hail,  
visited the city and district early this  
evening, but as far as can be learned  
no damage was done. Along the  
river road, Dover, and also in Ral-  
sigh township, it rained very heavily,  
but there was no hail. In the city,  
however, the hailstones were excep-  
tionally large size, they did not fall  
with sufficient force to damage.  
Local farmers report that their green-  
houses were not damaged, while  
vegetable growers state that the  
tomato plants withstood the hail all  
right.

J. M. GODFREY, K.C.,  
organizer of the Bonne Entente  
League between Ontario and Quebec,  
delivered an appeal for the repeal of  
regulation 17, and for better under-  
standing of the French-Canadians.

## In Canada's Parliament

Canadian Press Despatch.

Ottawa, June 15.—The senate will  
debate the Home bank reimbursement  
bill.

In the house of commons the freight  
rates bill will have precedence.

YESTERDAY.

The senate debated the bill already  
passed by the commons for the re-  
imbursement of Home bank deposi-  
tors. In the house of commons third  
reading was given to a bill amend-  
ing the criminal code. A resolution pro-  
viding for the prohibition of private  
importation of liquor into provinces  
having government control, was in-  
troduced and the bill given first read-  
ing.

The remainder of the day was spent  
in debate on a resolution moved by  
Mrs. White, Conservative, West  
Lambton, to provide for the prohibi-  
tion of export electric power, except  
off peak power, on a yearly license  
basis. Premier King proposed modifi-  
cations which would require the  
concurrence of the province, in which  
the power was created. Estimates of  
the department of public works, total-  
ing \$2,250,000, were adopted.

## JAPAN SENDS TROUBLES TO CHINESE WREATH AREA

Associated Press Despatch.  
Tokio, June 15.—The Japanese  
government, impressed by the grav-  
ity of the Chinese anti-foreign situa-  
tion, ordered four additional destroy-  
ers to sail for China tonight.

## PASTOR, WIFE GET PURSES OF GOLD

Rev. (Capt.) John Garbutt and  
Family Given Farewell by  
Dundas Church.

Rev. (Capt.) John Garbutt and  
family were the guests of honor at an  
informal gathering in Dundas Centre  
United church last night as a fare-  
well to mark the close of a very  
successful four years' pastorate.

Mr. Garbutt was presented with a  
purse of gold, by the congregation,  
while Mrs. Garbutt was remembered  
by the ladies' aid of the church in a  
similar manner.

Wishing Mr. Garbutt every success  
in his new work as secretary of the  
Western Ontario Bible society, the  
representatives of the several organ-  
izations within the church spoke in  
highly eulogistic terms of the service  
rendered by Mr. and Mrs. Garbutt,  
by Miss Helen and Miss  
Marian and Mr. George Garbutt.  
Emphasis was placed upon the fact  
by both Mr. Garbutt and the congre-  
gational speakers that the break was  
only official in that the Garbutt  
family will continue to reside in the  
city as members of Dundas Centre  
church.

C. E. German, superintendent of  
the Sunday school, who was the first  
speaker called upon by Robert Greene,  
chairman for the evening, referred to  
"the conspicuous co-operation" of  
Mr. Garbutt and the members of his  
family in the Sunday school.

Young People's Friend.  
Frank Adams, head of the Nikator  
boys' club, leader of the opposition  
in the Ontario older boys' parliament  
referred to the "conspicuous co-opera-  
tion" of Mr. Garbutt and the members  
of his family in the Sunday school.

Speaking on behalf of the women's  
organizations, Mrs. Frank White  
ventured the remark "that no minister  
had left a more lasting impression  
in the regard of the people of Dundas  
Centre church than Mr. Garbutt and  
his family are leaving." At the close  
of Mrs. White's remarks, Mrs. Leon-  
ard Tait presented Mrs. Garbutt with  
a purse of gold from the ladies' aid.

Arthur Beal, recording steward,  
characterized Mr. Garbutt's ministry  
as "the best four years" in the history  
of the church and largely because  
of what Mr. Garbutt was himself as  
a man. Mr. Beal passed on the re-  
mark which had been made to him  
that "Mr. Garbutt had had more in-  
fluence outside his church, than any  
previous minister of Dundas Centre  
church."

Harmonious Spirit.  
Miss Helen Hardy, representing  
the Epworth league, stated that  
"Dundas Centre church was better  
for having had Mr. Garbutt as  
pastor," while Heber Gibson, speak-  
ing on behalf of the choir, testified

to "the harmonious spirit" which had  
existed between Mr. Garbutt and J.  
Parnell Morris, organist and choir-  
master. Mr. Gibson commented upon  
upon the able assistance given the  
choir by George Garbutt at the organ  
and by the Misses Garbutt as  
members of the choir.  
Upon being presented with the  
purse of gold by Henry Pocock,  
member of the trustee board, Mr.  
Garbutt expressed his personal  
thanks and that of his family for  
the kind things which had been said  
it has been a delight to him, he said,  
to work with the congregation and to  
serve its members, than whom, in his  
opinion and experience, there are no  
church people possessing more real  
ability to do the work of Christ.  
Touching upon the church's bigness  
of heart, Mr. Garbutt said that "the  
one bright spot of it all is that he  
and his family will continue as  
members of Dundas Centre church.  
In addition to the speeches, the  
evening's program included musical

numbers by Mrs. Frederick Sch-  
field, who sang When Spring Shall  
Come, and An Old-fashioned Toy,  
and by Miss Dorothy Cahill, who  
rendered on the violin the selection  
Czardas by Monte, and Farwell's  
Cucullain, by Kroisler. Mr. Mor-  
ris acted as the accompanist for  
Mrs. Schofield and Miss Cahill as  
led in the singing of several hymns  
as well.

The happy gathering broke up, af-  
ter the serving of refreshments, with  
the singing of Auld Lang Syne and  
national anthem.

DANGER IS BELIEVED PAST  
IN MANITOBA FLOOD AREA  
Canadian Press Despatch.  
Winnipeg, June 15.—Lack of news  
of the Birch river and White Moun-  
tain food situation today was con-  
firmed by Manitoba government officials,  
indicative that the need for further  
relief had disappeared.

STANSELL CHOSEN IN NEW RIDING

Norfolk-Elgin Tories Name Candidate For Coming Federal Election.

Special to The Advertiser. Simcoe, June 15. - J. L. Stansell, M.P. for East Elgin, will again carry the colors of the Tories into battle in the new riding of Norfolk and Elgin at the next federal election.

This was the chief outcome of the meeting of all party supporters, men and women, of the riding today at Courtdan. The nomination seemed to meet with the utmost approval of the meeting, his name being the only one proposed.

Despite the fact that this riding is newly created and some of the people were strangers to each other, entire satisfaction was prevalent on all sides.

Great tribute to the late Senator Alexander McCall, whose death took place recently, was paid by R. M. Hamilton, president of the association. In his opening remarks, he expressed regret.

Hon. J. S. Martin, Ontario minister of agriculture, expressed regret that he could not get out among the people here, but that affairs at Toronto were in such a state that he could not leave them long at any one time. But the branch of his department, men doing good work in that district, he hoped.

The district, he said, was especially adapted to diversified farming, and he hoped there would be a big return for the farmer this year. He did not care to discuss provincial politics except to say that his was the only department that had not been found in shocking condition.

Mr. Stansell spoke and his remarks were more or less on tariff. It could be easily understood that he was for going to represent the party he is. He believed that the only thing to save Canada was a high tariff wall, and some cheering was heard at the end of this.

Stansell is Praised. Donald Sutherland, M.P., former in high praise of Mr. Stansell and also explored the fact that the speaker of Canada is in no way able to compete with his American brethren. He added a few more remarks to what had been said by Mr. Stansell re the tariff, but shed no new light.

OCEAN SHIPPERS DENY CHARGE OF RATE INCREASE

Declare Cattle Are Still Being Shipped At \$20 Per Head.

Canadian Press Despatch. Montreal, June 15. - The reported statement of Mr. A. Maharg of Moose Jaw, Saskatchewan, that the north Atlantic shipping conference had raised the trans-Atlantic cattle rates from \$20 to \$25 per head is not correct according to cattle shipping companies and cattle exporters here.

Mr. Maharg, vice-president of the Robert Reford Company, declared that no such advance had been made, that the cattle rates to Atlantic shipping conference, it not being an agreed rate, and that local shippers had not parted from the rates they had been quoting.

"We have cattle booked for Liverpool and Glasgow up to the end of July at the \$20 rate," said Mr. Maharg, "and I know nothing of any advance."

CHURCH MONEY ISSUE IS BROUGHT INTO COURT

Judge Must Decide Whether Continuing or United Church Gets Legacy.

Canadian Press Despatch. Toronto, June 15. - The question of whether a legacy left to the Presbyterian church of Canada should go to the uniting Presbyterians, the continuing Presbyterians, should be divided or merely turned over to the next of kin of the testatrix will be decided at weekly court in Osgoode Hall today.

William Moore, a farmer of Ontario, Peterborough county, who died in 1914, bequeathed his estate to his wife, but during her life and leave the balance to the home mission fund of the Presbyterian church of Canada. His son and her executors will raise the question of the disposal of the balance, which amounts to \$3,975.

ROYAL RIFLES TO GUARD EARL HAIG DURING VISIT

Canadian Press Despatch. Quebec, June 15. - The privilege of providing the guard of honor that will meet Earl Haig, commander-in-chief of the British armies during the war, has been accorded the Royal Rifles of Canada. The regiment has set about picking fifty men and training them for the work.

Canadian Press Despatch. Toronto, Ont., June 15. - Revenue amounting to more than \$100,000 will be received by the Ontario treasury from the operation of the three cent per gallon gasoline tax for the first 21 days of Squire, deputy minister of highways, announced today. Some estimates place the revenue for the first month's operation of the tax at \$150,000 and \$175,000. The tax went into effect May 18.

DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience With Lydia E. Pinkham's Vegetable Compound

Provoat, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A.A. ADAMS, Box 54, Provoat, Alberta.

Pains in Left Side Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and am willing for you to use my letter as a testimonial."—Mrs. M.W. ROSE, 880 Notre Dame St., Lachine, Quebec.

She Says: "I Am Thin" Her Friend Says: "She Is Skinny"

If she only knew that she could put on at least 5 pounds of good healthy flesh in 30 days she wouldn't be worrying about her peaked face, hollow cheeks and neck and sunken looks. She has tried Cod Liver Oil, but the ill-smelling, nasty tasting stuff upset her stomach and made her feel worse than before.

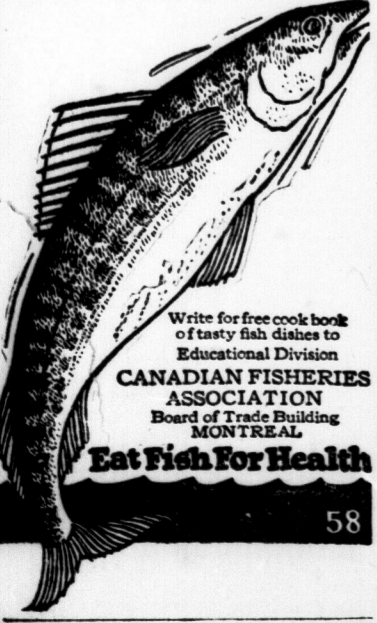

Doctors and good pharmacists know that Cod Liver Oil is full of vitalizing vitamins that make flesh, creates appetite, restores vigor, builds up the power to resist disease and chases away nervousness.

But it's horrible tasting stuff and every day fewer people are taking it for doctors are prescribing a different powder that they can get better results with. McCoy's Cod Liver Oil Compound Tablets, which Standard Drug and druggists all over the country are having a tremendous demand for.

It is a wonderful upbuilding medicine for skinny, backward children, especially after sickness, and 60 tablets only cost 50 cents. One woman gained 10 pounds in 22 days, and if any skinny man or woman can't put on 5 pounds in 30 days your druggist will gladly return the purchase price. But be sure and get McCoy's, the original and genuine Cod Liver Oil Compound Tablets.—Adv.

THE GUMPS—MAKE MA LAUGH. A cartoon strip by Bud Fisher showing a man and a woman in a domestic setting. The man is talking to the woman, and she is responding with various comments. The dialogue includes: 'I'll be back about 11.30 -', 'You've been out every evening for a week - I don't mind staying home alone - goodness knows I'm used to it by this time - but you seem to have forgotten that mother has been here for weeks - and you've never done a single thing to make her stay pleasant', 'What do you want me to do? Stay home and play bang or kiss the pillow with her? Maybe you'd like me to do tricks with cards or tell fortunes - is she fond of riddles?', 'You know what I mean - she's your guest - you take her to see a good show some evening or to an amusement park - try and make her feel at home -', 'The only shows she'll go to see are Ben Hur and Uncle Tom's Cabin - they're not in town - she says nice people don't waste their time in amusement parks - there's no use of my telling her funny stories - the only time she ever laughed at me was when I fell down the front steps - I know I'm not entertaining her - but she's not so very entertaining herself - why don't she hand me a couple of laughs once in a while and make me feel at home? I'm a good audience - let her do some entertaining for a change -'

MUTT AND JEFF. A cartoon strip by Gene Byrnes. The characters are in a room with a map of the U.S.A. on the wall. The dialogue includes: 'Look, mutt, what did I slip me! He wants us to take the country and this is to cover our expenses! - soft, eh?', 'Those dots represent the towns we gotta visit!', 'On 100 bucks? In that case we gotta get an auto.', 'Geeven, we'll flip you for your car! Ten bucks or nothing!', 'If there's any sporting blood in you, show it!', 'Name fortune has smiled on us for a change!', 'She's gotta bust out laughing right in our faces if the hundred spot's gonna see us through.', 'They're off! Cash in the sock #100.'

REGLAR FELLERS. A cartoon strip by Gene Byrnes. The characters are in a room with a map of the U.S.A. on the wall. The dialogue includes: 'Hurry quick! It's thunderin!', 'Boom boom!', 'Aw! That's one an echo off a railroad train!', 'What's a use of talkin' to him! He don't even know what an echo is!', 'Do so too! It's a noise's shadow!'

LAYMEN CONTROL CHURCH FINANCES. Important Change Is Made by Presbyterian Assembly—Committees Named. Canadian Press Despatch. Toronto, June 15.—The Presbyterian assembly tonight changed the practice of years with respect to the financial and business policy of the church by the appointment of a general management committee which is composed entirely of laymen. In the past there have been representatives of the clergy on this committee. Rev. Dr. Robert Johnston of Calgary made a protest, declaring the change was too radical, and might easily lead to a domination of business interests in the affairs of the church, whose fundamental aim was not business. However, the assembly upheld the recommendation of the striking committee, and appointed the all-laymen committee as managers of the business end of the church.

Disfiguring Pimples Healed By Cuticura. Daily use of Cuticura Soap, assisted by Cuticura Ointment when required, not only soothes and heals unsightly and annoying pimples and irritations on neck and face, but tends to prevent such conditions. Nothing purer, more economical or more satisfactory than these fragrant emollients. Absorbine J. For all aches, pains, cuts, sore or strained muscles. Absorbine J. has found well merited favor. \$1.25 a bottle at most druggists or sent postpaid by W. F. Young, Inc. 160 Lyman Building - Montreal

LOW COST FOUR-WEEK TOUR. Through Western Canada to the Pacific Coast, Yellowstone Park, Salt Lake City and Rocky Mountain National Park. A never-to-be-forgotten four-week tour of Western Canada and the Pacific Coast will be taken through the United States on the return journey has been planned for Canadian teachers and their friends this summer. Leaving Toronto by Canadian National Railways on July 9. The trip is simply crammed with scenic and historic wonders. A visit to Fairmount Park, the highest peak in the Canadian Rockies, and stops at the Indian village of Kitwanga, with its wonderful historic totem poles. Then westward again, following the mystic Skeena river, to Prince Rupert, the North Pacific terminal of the Canadian National Railways. At Prince Rupert a palatial steamer is boarded for the 750-mile trip through the sheltered scenic seas of the North Pacific to Vancouver, Victoria and Seattle. En route to Denver follows a visit to Salt Lake City, Utah, with a three-day motor tour of Rocky Mountain National Park of Colorado. En route to Denver short stops will be made at Clear Creek Canyon, Idaho Springs, and Lookout Mountain—where Buffalo Bill's burial site is recognized as one of the finest sea trips in the world. On the journey homeward, a 72-mile motor drive will be taken from Portland, Oregon, over the famous scenic Columbia river highway, and five days will be taken for a motor tour of Yellowstone National Park. Then follows a visit to Salt Lake City, Utah, with a three-day motor tour of Rocky Mountain National Park of Colorado. En route to Denver short stops will be made at Clear Creek Canyon, Idaho Springs, and Lookout Mountain—where Buffalo Bill's burial site is recognized as one of the finest sea trips in the world.

DODD'S KIDNEY PILLS. 46th Annual Meeting of Delegates Opens at Windsor Tomorrow. Canadian Press Despatch. Windsor, June 15.—Delegates from all over the dominion are here today, with more arriving tomorrow morning, in readiness for the 46th annual meeting of the high court of the Canadian order of Foresters, to be held in the Prince Edward hotel. Proceedings commence tomorrow at 2 p.m., with an address of welcome to the delegates by His Worship Mayor Frank J. Mitchell, to which High Chief Ranger J. A. A. Brodeur, K.C., of Montreal, will reply. Following this, the meeting will get down to the business of the officers' reports, striking of standing committees and so on. Among those who arrived so far is Dr. U. M. Stanley, chairman of the medical board, who has held that office since the inception of the order in 1878. He was one of the founders of the order, being one of the 400 who seceded from the American order

FRENCH FINANCIAL LEADER SEES SPLENDID FUTURE. Associated Press Despatch. Roubaix, France, June 15.—Louis Loucheur, former minister of commerce, and one of France's foremost financial authorities, in a speech here yesterday said he found solid reasons for optimism in France's financial situation, in that the country was well off and flourishing as a whole.

CURRIE LEAVES HOSPITAL AFTER 2 WEEKS' ILLNESS. Canadian Press Despatch. Montreal, June 15.—Sir Arthur Currie, principal of McGill university, has left the Royal Victoria hospital, where he was a patient for the last two weeks. He is reported to be now fully recovered from an infection of the jaw from which he suffered.

We want you to make this test. WE want every weak, puny, fagged-out man and woman in America to make this test; buy one bottle of Tanlac at your druggist's, take it according to directions for one week and see how quickly you get started back to full strength and vigor. We know what we are talking about. Tanlac has helped millions. In our files are more than 100,000 letters of praise from grateful users. Don't confuse Tanlac with ordinary patent nostrums. It is Nature's own tonic and builder, compounded from roots, barks and herbs that we gather at great expense from the four corners of the earth. Tanlac goes straight to the seat of your trouble; cleanses and purifies the blood stream; puts your digestion in proper shape. First thing you know you have an appetite like a starved child. You rest at night and your whole body begins to feel the stir of strength and energy. TAKE TANLAC VEGETABLE PILLS FOR CONSTIPATION. Brought Health and Happiness. "Since the Civil War indigestion and stomach trouble have been the bane of my existence. Tanlac made my weak stomach sound and did away with all signs of indigestion. In fact it has brought me health, strength and happiness and I give it unequalled endorsement and praise." Hon. A. P. Tarbox, 217 W. 73rd St. University Place, Neb.

**SAILORS FIGHT CHINESE; BRITISH SUBJECT SLAIN**

Situation in Far East Grows Acute As Snipers Play Murderous Fire On Foreign Cars—British Marines Rout Natives Seeking To Disrupt Traffic by Digging Up Roads—Repetition of Boxer Trouble Threatens Peace of China.

Associated Press Despatch.  
Shanghai, June 15.—British sailors today dispersed Chinese who were digging up the boundary roads of the foreign settlement with a view to interrupting foreign traffic. A British subject driving a motor car has been murdered.  
The telephone company is employing Russian refugees to take the places of striking operators.  
The financial situation here is acute, owing to the fact that a quantity of foreign goods has been delivered against native bank orders. Settlement is due Tuesday and default is certain in consequence of the closing of the Chinese banks.  
Lawless persons among the anti-foreign element have started a campaign of sniping foreign motor cars. A British engineer named W. W. Mackenzie was shot dead and his companion, Miss Mary Duncan, was wounded Monday night by ambushed Chinese while motoring along the Great Western road outside the settlement.
