New Line of Dressing Gowns, At 50 cents.

Wood's Fair

A Special Line
Of Wrappers,
At 69 cents.

JUST IN TIME

Doctor's Great Symp On Bike Saves Life of Child.

Syracuse, N. Y., May 18.—Driven almost frantic by the condition of his 3-year-old daughter, Jacob Hagenbucher, who was about, he says, to operate upon his daughter's throat with a butcher knife, when a doctor arrived.

The little girl was suffering from diphtheria and the membrane was choking her. It was necessary that a tube be inserted in her throat at once to replace one that had become dislodged. Mr. Hagenbucher tried to reach his family physician, but he was not at his office. The frantic father then called upon the physician, who a week before had saved the child's life by inserting the tube. This man likewise was not to be had. The child's life was hanging by a thread. The father called for another doctor, but he replied the work was out of his line. After a few minutes, which seemed like hours to the father and mother, ready to save the dear one's life, the family physician arrived. But still there was delay. The case was one for a specialist. The physician sprang to the telephone and called upon a man experienced in such matters. He had left his office a few minutes before. Perhaps he was at home, said the person that answered. He was at home, at least two miles away. In fifteen minutes he might be too late. The admonition that rang in his ears as he sprang upon his bicycle. He thought that a human life was at stake. Doubtless he would have to exert himself. He arrived in time. A new breathing tube was inserted, and the child's life was saved. When it was all over, it is said by Mr. Hagenbucher, "I am glad to say that in his frenzy he was ready to cut a hole in the child's windpipe himself, to save it from strangling when the timely arrival of assistance averted the danger."

THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

Yours for Health
Lydia E. Pinkham

No other female medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian Troubles, Inflammation and Ulceration, and all Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhoea than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yield to it. Womb troubles, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures. Kidney Complaints and Backache, of either sex, the Vegetable Compound always cures.

Those women who refuse to accept anything else are rewarded by a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

SLEIGHS MUST BE FOUR FEET WIDE ON CITY LINES

Radical Change Recommended
by the Municipal Committee
of the Legislature.

The members of the municipal committee of the Legislature had a difficult tangle to unravel yesterday morning, when they came to the discussion of Mr. Tucker's bill prohibiting the use of sleighs less than four feet in width in municipalities of less than 50,000 population after December, 1906. There was much difference of opinion on the subject, and several times the chairman was obliged to call the disputants to order. Finally a compromise was reached. It was decided to pass the bill, but leave it to the various county councils to say whether they would declare it operative within their limits.

The measure, it was pointed out by its supporters, aimed at the improvement of country roads in winter time by making wider tracks. It had been approved by the Good Roads Association. As explained, it did not apply to cutters nor light sleds.

Against the bill it was argued that heavy expense to farmers and much inconvenience and probably loss to manufacturers would be involved in introducing such a change at so short a notice as one year.

Hon. W. J. Hanna contended that the fact that such legislation had been introduced was sufficient notice to the manufacturers that it would be carried in time, but that the committee should take no action at present.

Mr. Kidd, of London, said that such legislation must come sooner or later and it might as well come now. The manufacturers had been given abundant opportunity to be heard, and they had not availed themselves of it.

Finally the compromise outlined above was carried.

WORK SALE A SUCCESS

Good Sum Realized at St. John the Evangelist Church.

The bazaar given in the school room of St. John's Episcopal Church last evening by the church, was a signal success. The interior of the school room was decorated very tastefully, and was animated by the presence of a large crowd of people, who were in wise backward spending their money. From a number of small tables ranged throughout the room, dishes of refreshment, and various small and useful articles were dispensed, while wares of larger size were sold from pretty booths. The proceeds of the sale, which was considerable, will be devoted to the purpose of furnishing the rector's vestry room.

A delightful musical programme was given during the evening, as follows: Mr. K. Stone, piano solo; solo, by Mrs. Roblyn-McKillop; duet, violin and piano, by Mr. Charles Fennington and Mrs. Roblyn-McKillop; reading, Mr. T. Alexander; solo, Miss E. Green; piano solo, Miss E. Fennington; solo, Mr. T. Stockwell, and recitation by Miss E. Nathan.

LEGAL VICTORY FOR THE UNIONS

The Master-in-Chambers Decides That Orders Cannot Be Sued as Such.

Toronto, May 18.—Another decision affecting the point of a union's liability to be sued was handed down by the Master-in-Chambers at Osgoode Hall this morning, when he granted a motion to set aside the service of a writ on David Campbell, of Toronto, third vice-president of the Order of Railway Telegraphers.

Mrs. John Wallace and Mrs. Matilda Vincent, beneficiaries of the late Isaac W. Vincent, of Renton, Ont., wished to sue the union for a \$500 benefit certificate held by deceased in the order.

The master, in setting aside the service of the writ, held the order was a voluntary association, unincorporated, and not a partnership. If plaintiffs sued, they must sue the representative officers of the order.

The writ issued makes the order the sole defendant, and it was served on David Campbell, of Toronto, third vice-president, and D. L. Shaw, of London, assistant secretary-treasurer. Such service the master holds cannot bind the order.

The judgment says in part: "The position of such unincorporated associations was considered in a suit against the Brotherhood of Trainmen, and the effect of the decision was that it was held that such bodies are exempt from the provisions of the acts relating to insurance. The question of the service of the writ was not dealt with in that case, but it would seem to follow from the recent decision in Metallic Roofing Company vs. Local Union that such bodies cannot be regarded as partnerships, nor used as such. They cannot be sued in their adopted name nor served with process merely by serving one of their members, no matter how exalted the position, or high sounding the title he bears."

The master further says that the provision in the benefit certificate that the application for payment must be made at the head office at St. Louis, may have the effect that no redress can be obtained in the courts of this Province.

The only way in which union members can be reached according to the decision in the Metallic Roofing Company case, is by suing representative members of it, and getting an order of the court that all members of the union are to be bound by the judgment against their representatives. The great objection to this method is that it is by no means certain whom the court will hold to be representative members, as there are decisions on the point, and a plaintiff is entirely at the mercy of the judgment of the court. The plaintiff's action, not knowing whom to sue. The whole burden of the decision is on the plaintiff, and no doubt many are deterred from proceeding with actions owing to the difficulty and expense of serving scattered members, and the danger of having the judgment recovered reversed on appeal on the ground that the proper persons were not served with the writ, or made defendants.

Complaint of City Not Well Founded, Says Manager—Street Names Changed.

At the meeting of the board of works last night, a letter from Manager Carr, of the London Street Railway Company, was read, in which it was stated that the city's complaint that there are not enough cars on the city lines is not well founded. Mr. Carr showed by figures appended that there are ample cars to carry all the passengers who use the several lines. The real trouble is, Mr. Carr says, caused by so many cars and lines of cars being compelled to use the one line of track. In order to avoid this, it has been suggested that the piece of track on Horton street, between Richmond and Wellington, be doubled, the company to be allowed to consider this double track as additional mileage, and Mr. Carr agrees to bring the matter to the attention of the directors of his company at a meeting to be held on May 26. The manager Mr. Carr, added, to prove that the cars in operation on the lines now are ample for the accommodation of all passengers were of much interest. The first line, the Oxford and Hamilton road line was 7; the Wellington street line, 4 1/2, and the South street line, 6 1/2. It is stated that the whole matter be laid over until after the meeting of the board of directors. The letter was sent to No. 1 committee.

The petition to have the name of South street changed was then taken up. It was moved that it be named Ottawa avenue. Finally, after the engineer had named several other streets whose names should be changed, the following names were decided upon:

South street, to Ottawa avenue. Sherbourn street, to Thornton avenue.

College street, to Hellmouth avenue. Cavendish street, to Barmston street. In regard to the latter change it was pointed out that Mr. W. H. Bartram, who is the heaviest taxpayer on the street, was the last reeve of Peterborough and the first reeve of West Gwillimburgh, and that he should be honored by having the street named after him.

The board heartily endorsed the recommendation of the engineer that the ward foremen henceforth exercise particular care to keep the macadam roadways in the best condition, by filling in all holes with crushed stone as soon as the holes make their appearance.

After the city solicitor's letter on the subject had been read, the committee filed the recommendation of the city engineer to use the asphaltum filler on King street.

The assessment commissioner reported that the following petitions are sufficiently signed, and the works will be advertised at once. For a cement walk on east Maitland street, South to Nelson; for a cement walk on north St. James street, Colborne to Wellington; for a cement walk on north St. James street, Alma to Wellington. The petition for an addition to the walks on the west side of King street, Ridout to Talbot, was found to be sufficiently signed, and it was filed. The petitions against a cement curb on St. Colborne street, between William and against a cement walk on east Gleebe street, King to Dundas, were signed sufficiently, and the work will not be proceeded with.

THE DOG NUISANCE AGAIN TO FORE

Lawns and Flower Beds in London and Elsewhere Are Suffering.

The dog nuisance always comes to the fore in the spring of the year, when people are busy improving their lawns and flower beds, and just now very many citizens are in real pain and feathers on the warpath after dogs who have destroyed their lawns. In London 1,824 dogs were licensed last year, and it may be taken for granted that there are sufficient unlicensed curs in the city to bring the total dog population up to 2,500. This means a dog to about every eighteen persons in the city, and altogether a very considerable number of dogs.

Toronto has an army of about 7,000 licensed dogs, but the unlicensed tagless canines which fall into the dog catchers' net, or make their escape, are a constant source of annoyance. Information received by the license department in London to time the number of dogs in Toronto is large compared with other cities.

In Ottawa some success has been attained in doing away with the nuisance by the enforcing of the following bylaw:

"No person shall allow his or her dog to run at large in any of the public parks, squares, drives, lanes, alleys or public places in the city, unless such dog is accompanied and is under the immediate control of some competent person, and any dog running at large during the first five years of its life shall be liable to be captured and disposed of as hereinafter provided."

This means that any dog found alone in the streets, in any public place at night or by day either may be captured by the police and disposed of. In Toronto, as in London, the only law which is operative permits the dogs to roam about alone at any hour of the day or night, provided they wear tags.

Morocco has placed an order with the French Government for the coinage of 2,000,000 francs' worth of small silver pieces.

Yellow People—Bilious

Did you ever see a "yellow" person who enjoyed being "yellow"? If their liver and kidneys were doing their duty, they would not be yellow and bilious. If they took Hutch Tablets, their kidneys and liver would do their duty. If the complexion is "yellow" it is because something is out of order. It may be the stomach.

A great share of women are annoyed by indigestion, flatulency, and biliousness in the most disagreeable manner, always at the most inopportune time. They are often troubled with kidney diseases. Biliousness, indigestion, and flatulency, are all due to the kidneys. Nothing but a powerful reconstructive will stop the breaking down of the lax tissues. Doctors especially watch the kidneys persistently. The stomach is the cause of kidney trouble. It is the fermentation of food, and the gases generated, attacks the kidneys and heart. Keep your stomach sweet and clean, and kidney trouble will be an unheard-of thing.

Hutch is put up ten for ten cents. Two hundred for a dollar.

At the meeting of the board of works last night, a letter from Manager Carr, of the London Street Railway Company, was read, in which it was stated that the city's complaint that there are not enough cars on the city lines is not well founded. Mr. Carr showed by figures appended that there are ample cars to carry all the passengers who use the several lines. The real trouble is, Mr. Carr says, caused by so many cars and lines of cars being compelled to use the one line of track. In order to avoid this, it has been suggested that the piece of track on Horton street, between Richmond and Wellington, be doubled, the company to be allowed to consider this double track as additional mileage, and Mr. Carr agrees to bring the matter to the attention of the directors of his company at a meeting to be held on May 26. The manager Mr. Carr, added, to prove that the cars in operation on the lines now are ample for the accommodation of all passengers were of much interest. The first line, the Oxford and Hamilton road line was 7; the Wellington street line, 4 1/2, and the South street line, 6 1/2. It is stated that the whole matter be laid over until after the meeting of the board of directors. The letter was sent to No. 1 committee.

SMALLMAN & INGRAM,

149, 151 and 153 Dundas Street. London.

FIGHTING WHITE PLAGUE

Physicians Meet at U. S. Capital to Discuss Ways and Means.

Washington, D. C., May 18.—An attempt upon tuberculosis from every quarter constitutes a program for the day here today and to continue tomorrow, in which more than 200 of the leading physicians of the country are participating under the designation of the first annual meeting of the National Association for the Study and Prevention of Tuberculosis.

Dr. Edward Trudeau, Dr. Wm. Osler and Dr. Hermann M. Briggs are the president and vice-presidents respectively of the association, and each addressed the general meeting today.

The afternoon session was conducted in two sections, the sociological and the clinical and climatological. In the first work of localities was reviewed with allusions to the necessity for participation by the public in contribution, etc., to save the lives of those afflicted with this disease. Pennsylvania, it was stated, the average cost of curing a tuberculosis patient was \$120. In New York the cost was estimated at from \$7 to \$8 per week, while in Maryland \$86 was given as the cost of cure.

In comparison with this was stated that the value of lives saved, together with the most of attention and medicines in cases where no special treatment was secured, amounted to a total of \$2,000. The investment was said to return a dividend of not five, but five thousand per cent in favor of the organized effort as represented in the modern institutions.

The discussion in the sociological section was based on two papers, by Homer Folks, of New York, and Edward T. Devine, of New York. The discussion was general.

The second section took up the technically medical phase of the subject. Dr. Norman Bridge, of Los Angeles, presiding. It was stated that 12 per cent of the death benefits paid by one of the "Big Three" life insurance companies was due to tuberculosis; that over one-half of such beneficiaries were paid during the first five years of the life of the policies and that of the half billion dollars paid in death benefits by one of the large companies yearly \$5,000,000 is paid on account of this disease.

STEAMERS ARRIVED.

May 18.—At New York—Deutschland, from Hamburg; Koening, from Genoa; Clitta di Reggio, from Massina; Baltic, from Liverpool; Graf Waldersee, from Hamburg.

At Liverpool—Ivernia, from Boston; Noordland, from Philadelphia; and at Havre—La Touraine, from Boston.

At Boston—Saxonia, from Liverpool; Nimrod, from Glasgow.

Mr. A. R. Martin is in the city representing the Worrell Manufacturing Company of Schuyl, Mo., U. S. A., and will demonstrate the Insect Extirpator made by this firm.

Mr. Martin will go to any public institution or private home, if you will leave your address at Westman's hardware store or telephone 360.

The Worrell's Insect Extirpator is an insecticide, germicide, deodorizer and disinfectant, will kill bedbugs, moths, ants, roaches, fleas, lice, etc. Sold in bulk or bottles, is non-poisonous, non-explosive, will not deteriorate with age.

Will not injure most delicate fabric or polished furniture. Where it is used in large quantities it is applied with a large atomizer. Try a 35-cent bottle, and be convinced.

THE WEATHER TODAY—Fair and cool.

LONDON, FRIDAY, MAY 19.

Mr. Hyman's Re-Election.

If the counsel of many of the foremost Conservatives of the city prevailed there would be no election contest when Mr. Hyman asks to be inducted as Minister of Public Works. Some Conservative newspapers, not in touch with the feeling of the party in London, have denied this assertion, but it is a fact which Mr. Hyman will discover when he confers with his followers here tomorrow, if he has not discovered it already. The Toronto influence, which is at present dominating the Opposition, is clamoring for a fight, and it appears that this outside pressure may neutralize the efforts of the sensible Conservatives who would be happy to see their distinguished fellow-citizen, Mr. Hyman, returned to Ottawa to enjoy his new honors without faction, and in any event, futile opposition. This sentiment, if it does not prevail to prevent a contest, will quietly operate in Mr. Hyman's favor. It is more than probable that he will receive a large Conservative vote from personal and local considerations.

Some of our Conservative contemporaries profess to find a moral offense in the argument that a city should wish to be influentially represented in Parliament. It is surely of some importance to a constituency what manner of man shall speak for it, and what his measure of influence shall be in the national councils. It is not an appeal to sordid motives to say that London would be standing in her own light by rejecting the portfolio of public works on an occasion when no question of public policy can be decided, as in a general election. If there is to be a contest, the working Liberals will enter it with enthusiasm, energy and confidence. They have an ideal candidate, they are proud of his advancement, and they intend that he shall be sent back to Ottawa with flying colors to round out his brilliant career. They feel they will have the quiet support of many of their Conservative fellow-citizens who realize that the prestige of London is involved and who will put the city's interests above the claims of party.

Tomorrow's Advertiser.

Tomorrow's edition of The Advertiser will be enlarged to eighteen pages, and several special features will be introduced.

The Advertiser has secured, over a large territory, the serial rights of Conan Doyle's latest work, "The Return of Sherlock Holmes," recounting thirteen of the inimitable adventures of the famous sleuth. These stories are masterpieces of induction, and Sherlock Holmes is not only the prince of detectives but the prince of logicians. The adventures will be enjoyed by men, women and children alike. They are good literature as well as capital stories. A complete one will be published every Saturday until the series ends on Aug. 12.

An illustrated page for boys and girls, conducted by Polly Evans, will be published every Saturday. It will comprise short stories, new games, instructions for making odd toys, and a puzzle department.

A comic page for the little ones will also provide wholesome amusement. The latest fashioning will be described by Catherine Anderson, of New York, in the woman's page, with four fine half-tone illustrations.

Mrs. Henry Symes, a well-known specialist, will furnish a health-and-beauty page for women readers. This page will be illustrated in half-tones, and will contain much useful information for the fair sex.

Mr. Burris Gahan, of Sydney, N. S. W., a London boy, contributes an illuminating letter on political conditions in Australia, which are approaching a critical stage. The next great battle in the new Commonwealth will be Socialism versus Anti-Socialism, and the forces are lining up for the fray. A liberal installment of the popular serial story "Zelda Dameron," a discourse on the tendencies of English society by Lady Jeanie, the social gleanings of the week in this city, and other interesting matter will be found in tomorrow's edition.

A Lie! on London.

Here is a heading in yesterday's ST. Thomas Times, a lie! based upon the scare article in the London Free Press: LONDON FINDS OUT MISTAKE.

NOT RIGHT IN BLAMING PORT STANLEY FOR TYPHOID.

NOW TRACED TO SPRINGBANK.

Experts Say Forest City Water is Bad, and Blame it for Outbreak of Disease Last Summer.

Our local contemporary has given the city a black eye, and appears to be proud of its work. What public interest could be served by publishing the misleading report of the provincial analysts? The local officials were alive to their duty. They had made analysis of Springbank water which demonstrated its purity before and after the time at which samples were taken from the ponds by Dr. Hodgetts and Dr. Amyot. There was incontestable evidence that the great majority, 85 to 95 per cent, of the typhoid patients last summer had drunk from the wells at Port Stanley, which Drs. Amyot and Hodgetts say were in the worst possible condition. Under these circumstances local newspapers were doing the city a service by ignoring the report of the provincial analysts. Now it has been seized upon by the outside press

and used to the city's detriment. Our neighbor says today:

"It does not appear, however, that anybody's faith in the excellence of the water supply has been shaken by the report. Instead, the feeling is that the provincial officers have made a great mistake. The suspicion is strongly entertained that the doctors have reported upon very insufficient data, and that London has suffered a serious injustice. The suggestion that London water impure is disproven by the very latest analysis of the water—an analysis made by the same two provincial officers who reported adversely three months ago."

London has indeed suffered a serious injustice, and our local contemporary must take its share of the responsibility.

"No Pent-Up Utica."

In the matter of area London shows up well by comparison with other Canadian cities, as this table shows:

	Acres.
Winnipeg	12,750
Toronto	10,797
Fredericton	10,790
St. John	9,189
Montreal	5,772
Vancouver	5,091
London	4,378
Hamilton	3,990
Ottawa	3,365
Brantford	2,977
Charlottetown	2,400
Kingston	2,177
Quebec	1,921
Victoria	1,874
Moncton	1,650

The spaciousness of the Forest City has some drawbacks. It has been a factor in keeping the tax rate high because of the length of roadways, sidewalks and sewers, and the quantity of idle land which is lightly taxed. But it has helped to make the city beautiful and healthful, a city of lawns and gardens, wide streets and detached houses, where every man may sit under his own vine and fig tree. These luxuries have had to be paid for, but if the city maintains its present rate of growth and building activity, it will comfortably fill its clothes before many years.

Stick to Their Own Tongue.

[Exchange.]
In Wales there are about 508,000 people who cannot speak English, Welsh being their only language; in Scotland there are 43,000 persons who can speak nothing but Gaelic, and in Ireland there are 32,000 who can express themselves only in the Irish tongue.

Parker, Ghost-Seer.

[Bellefonte Intelligencer.]
Sir Gilbert Parker clinched his claim to being the world's greatest advertiser by seeing a ghost in the Imperial House of Commons. You can't keep the Bay of Quinte boys down.

Was It to Embroider England?

[New York Sun.]
It was grave news from Tokyo and London which was published yesterday. There seems to be some ground for the fast-deepening feeling, not only among the Japanese, but among British onlookers, that if the Russian fleet under Vice-Admiral Rojestvensky had been sent to South China Sea with the secret aim of involving France and England in the far eastern war, it could have pursued no tactics so suited to the fulfillment of the purpose than those which it has adopted.

Work No Object.

[Toronto Globe.]
Mr. Whitney's creation of the presidency of the council for himself recalls the enterprising young man's advertisement for a salary, with or without work.

Look After the Children.

[Hamilton Times.]
The case of a girl gone wrong leads the Windsor Record to issue a note of warning to careless parents—those who allow their girls to run the streets at night without any supervision. It says Windsor girls run the streets alone and take up with strange fellows who have no respect for themselves and absolutely none for the girls whom they would make their victims. A little parental oversight in the cases of both boys and girls is necessary. Parents should know how and where, and with whom their children spend their even time when not at home. A little more confidence between children and parents is needed.

She Was Shocked.

[Boston Transcript.]
Uncle Charles—I don't know as you will thank me for interfering, Ellen, but they tell me this Mr. Cashman you are going to marry is utterly worthless.
Ellen—Why, Uncle Charles?
Uncle Charles—Not in a pecuniary sense—he's got money enough—but from an intellectual point of view.
Ellen—Oh, Uncle Charles, you don't know what a turn you gave me!

Sad.

[Chicago News.]
"I have loved and lost," sighed the man in black suspenders.
"How sad," said the sympathetic friend, "You loved the beautiful girl and lost her?"
"No, I married her, and ever since I have lost all loose change I left in my vest."

Changing Hands.

[Chicago News.]
"Why did you snatch the lady's purse?" asked the judge.
"Because, your honor, I thought the change might do me some good," answered the prisoner.

All Lopsided.

[Indianapolis News.]
The two sides of a person's face are never alike. The sides of our line of two cases out of five, and one eye is stronger than the other in seven persons out of ten. The right eye is also, as a rule, higher than the left. Only one person in fifteen has perfect eyes, the largest percentage of defects prevailing among fair-haired people. The smallest vibration of sound can be distinguished better with one ear than with both. The nails of two fingers never grow with the same rapidity, that of the middle finger growing the fastest, while that of the thumb grows slowest. In 54 cases out of 100 the left leg is shorter than the right.

Licenses as Party Spoil.

[Hamilton Times.]
The Spectator sneers at the Times for remarking on the partisanship of the London license commissioners in taking away the licenses of four Liberals. It says: "But the grievance is that the commissioners are going to give these four licenses to Tories!" It takes it for granted that the commissioners should thus deal with the li-

"Seal Brand" Coffee may cost a little more, per pound, than the "cheap" kinds, but its extra strength and peerless quality make it cheapest in the end, not mentioning the greater satisfaction.

In 1 and 2 pound tins, sealed.

"Seal Brand" Coffee
Chase & Sanborn, - Montreal

"PROGRESS"
Single Breasted Sacks

The universal favorite. The one style that never wanes in popularity.

"PROGRESS" Brand Sacks are distinguished for their rich colorings—their air of good taste and refinement.

Made in an endless variety of patterns—in blue, black and oxford worsteds and serges—fancy stripes and overplaid, in silk mixed worsteds, tweeds, flannels and home-spuns. All sizes for men, youths and boys

This label in every genuine "PROGRESS" Coat

Progress Brand Clothing may be had from J.H. Chapman & Co

ences. Its surprise is that fairness should be expected of them. It shares the views of the Chatham commissioners that the licenses should be party spoil.

A Cow in a Bedroom.

[London Times, April 27.]
At Chatham, last week, a cow, which was being driven home from market, started in pursuit of a little girl named Dickenson, who had begun to run on seeing the animal. The girl ran into her home, and her mother had barely time to barricade the sitting-room door when the cow began to butt at it. Unable to obtain any satisfaction there, the animal proceeded to stomp on the stairs and wrought havoc in the front bedroom. A great crowd had by this time assembled in the street, and one of the spectators ran in and opened the bedroom window. Almost immediately the cow put its head and forelegs out of the window, and with its hoofs slipping on the zinc-covered roof of the bay window, it slid bodily into the street, to the accompaniment of a great breaking of glass. The crowd dispersed in all directions, but the cow, which was practically uninjured, was secured without further trouble.

In the Spring.

[Life.]
"Can't I go out into the back yard and play in the garden, mamma?"
"Certainly not, child. You must stay in and study your nature books."

To Wake the Dead Ones.

[Vankleek Hill Review.]
We have often wished we could say just what we felt like saying about some people who have died. We would have said it, but for the sake of their friends who still lived. It does seem a pity that newspapers will continue to lie for people after these people are in their graves. We are going to try getting nearer to the truth in these matters in the future—as near as we dare get.

A TYPHOID CURE

Doctors Convinced They Have Made Long-Sought Discovery.

Baltimore, May 19. — Dr. William Royal Stokes and Dr. John S. Fulton, of the state board of health, have, after nearly four years of investigation, discovered what they believe to be a curative serum for typhoid fever. The need of such a serum has for a long time been fatally emphasized, and experimenters in various parts of the world have with varying success endeavored to make such a serum. Dr. Stokes and Dr. Fulton have tested the serum they have made in 23 human cases of typhoid. There were two deaths, and among 21 living in recovery, there were 15 in which they considered that the favorable result was due to the influence of the serum. The two deaths were due to complications apart from the original disease. In both of these cases the injection of the serum caused an appreciable drop in the temperature. Six cases out of 23 showed no response at all to the serum. The conclusion reached is that by the use of this serum the febrile period may be shortened, and the daily variation may be favorably modified.

UNCLE SAM STILL AT WAR

U. S. Troops Wipe Out Another Batch of Moro Warriors.

Manila, May 19. — The Moro outlaws against whom Gen. Leonard Wood has been campaigning have been killed in action, together with all the principals. The outlaws were supporters and followers of the Sultan of Sulu. The large forces of the Island of Jolo were not involved. The outbreak was purely an aggregation of piratical outlaws and disorderly characters of Sulu and the other islands stretching down to Borneo. The position taken by the outlaws for defenses were in almost impenetrable jungles and exceedingly strong, prohibiting the use of artillery and assault in two instances. Gen. Wood's forces sustained a loss of 8 killed and 21 wounded, all of whom are doing well. The constabulary had two killed. Gen. Wood has returned to Zamboanga with the troops.

Silks! Silks! Silks!

Never have we had Silks so rich and beautiful, yet at the same time so practical as is contained in our new stock. Our Silk Department has advertised itself. If it's to be had, and it's silk, we have it. A wonderful variety of weaves.

LOCAL MARKET.

London, Friday, May 19.—Although there were 30 loads of hay on the market today, and considering the large number of loads that had been offered on the other days of the week, the demand could be considered brisk, as nearly all of the loads were sold by 11:30 o'clock. Prices ruled at \$7 to \$8 per ton; only the choicest loads sold at the highest figure. A couple of loads of straw sold at \$3 and \$3.50 by the load.

About a dozen loads of oats were marketed. The demand was good at \$1.24 and \$1.25 per bushel. Dressed hogs, poultry, eggs and a limited quantity of apples and potatoes should sell well at Saturday's market.

STOCK MARKETS.

H. C. Becker, stock broker, Bank of Commerce building, received the following by private wire from Hartford, Frazier & Carrington today:

New York, May 18, Noon.—London cables this morning were of a discouraging character and prices for Americans showed declines ranging from 1/4 to 1/2 per cent. This, coupled with a report that prices of export rates were being cut, had a decided depressing influence on sentiment. Market opened weak, as had been expected, but there was very little outside liquidation. Sentiment is generally bearish, but owing to the existence of a fair-sized short interest, prices may have a temporary rally, but on bulges which market a sale. Sales to noon 690,100.

Clay Eclipse Is Dead.
New York, May 19.—The Arab stallion, Clay Eclipse, valued at \$5,000, died yesterday at the Fleetwood stud farm, Oyster Bay, L. I., from blood-poisoning, resulting from a slight wound received a few days before, when the horse at exercise was cut by a splinter from a twig, which he broke by stepping on it. Clay Eclipse was one of the most valued horses of the establishment founded by Randolph Huntington, and now owned by Walter Russell and R. V. C. Sewell. A big price was offered by an agent of the Russian Government stud for the Fleetwood farm Arab stallions, Clay Eclipse being included in the list.

**Quality
Store**

It is quite wonderful how rapidly this Grocery Store has grown in size and in public favor since its inception a few years ago. Unless one thinks of the motives which are behind it. The best Grocery Store should keep everything that is good, both staples and delicacies, should sell them at the lowest possible prices, and should be clean, and a pleasant place to visit. This Grocery Store has striven to be all these things, and its growth is a pretty good indication of its success. If you know it, we don't need to tell you any of this. If you don't know it, we want you to come in and see how true is what we have been saying.

natives of London or of Middlesex County, and any others who intend to be present at the semi-centennial and Old Boys' reunion, this city, are asked to meet in the Commercial Hotel, Exeter, tonight, to organize.

A FAREWELL GIFT.
Gordon L. Sherk, of Hamilton, intends to start business on his own account in this city. Before leaving Hamilton he was pleasantly remembered by his fellow-employees of the Cataract Power Company (in the stores department) which he has been with for the past six years, being made the recipient of a handsome suit-case and umbrella.

DEATH OF YOUNG LADY.
Miss Maggie McQueen, of lot 31, concession 10, London Township, passed away yesterday afternoon at the family residence. She was the youngest daughter of Mr. John McQueen, and is survived also by two brothers and one sister. The funeral will be held at 2 o'clock Sunday afternoon at the Ivan Cemetery.

GET WISE.
Citizens who have not yet learned the game have been irritated during the past few days, when about to board a northbound street car at the corner of Dundas and Richmond streets, by having to delay from a quarter of a block north of the crossing before it stopped. The company have wisely ordered that northbound cars shall stop at the Bank Commerce building, now being torn down, in order to prevent accidents.

AT REST AT WOODLAND.
The remains of the late Mrs. Warner were laid to rest at Woodland cemetery yesterday afternoon. Services were conducted at the family residence on Waterloo street by Rev. Archibald Richardson, who was assisted by the late Mrs. Warner's son, Alfred, of Winnipeg; Mr. J. M. Slater, Mr. F. Slater and Messrs. J. Wright, W. Andrews, E. Belz, A. McClary, W. B. Lawson and W. H. Irving.

BROUGHT HOME FOR BURIAL.
The remains of the late Mrs. C. W. Graham arrived here today from California, where the deceased was residing when her death occurred last Monday. Mrs. Graham was formerly a resident of Lambeth, and the remains were taken to the residence of Mr. Henry Campbell, of that village. The funeral will be held at Woodland Cemetery on Saturday at 2 o'clock.

WEDDED AT PORT HURON.
In St. Stephen's Church, Port Huron, a happy event occurred on Wednesday morning, when the marriage was solemnized of Mr. L. H. Bennett, of this city, and Miss Anna Graedel, of Port Huron. Miss Sarah Paladino attended the bride, while the bride's brother, J. M. Graedel, was best man. Among the guests were Mrs. Bennett, Mr. Vincent, Frank, Ralph, daughters, Lodia and Josephine; Mr. Paladino, daughters Mary and Grace; Mr. and Mrs. Lou Paladino, of this city; Mr. and Mrs. Joseph Paladino.

BACONIAN CLUB'S DINNER.
The Baconian Club celebrated its majority by a capital banquet at the London House last night—the 21st annual affair of the club. The program was as follows: "The First Baconian," responded to by Mr. John M. Gunn, vice-president; "Our Noble Society," by the president; "Our Imperial Relations," by Mr. F. E. Perrin; "Our Native Land," by Mr. Alex. Stuart, K. C.; "Our Guest," by Rev. Dr. Ross, Rev. W. J. Clark, Mr. C. W. Mann and Mr. W. H. Greenwood; "Friendship," by Mr. G. N. Weeks; "Our Majority," by Mr. Chauncey B. Jarvis. Mr. Jarvis read interesting letters from Judge Hardy, of Brantford, and Mr. George Moorhead, of New York, who were associated with him in founding the club. Solos were rendered by Messrs. A. Dickson, George Robinson and W. J. James. Mr. George C. Phelps was the accompanist.

CONCERT AT MISSION.

The Ladies' Circle of Pall Mall Mission gave a most successful concert on Tuesday evening. The program was a very attractive one, and was provided by the Centennial Male Quartet, and several soloists. The quartet gave two much-loved numbers and were heartily applauded. Mrs. Court Irwin and Miss Bertha Little sang a duet, as did also Mrs. Irwin and Mrs. Reed. Both of these numbers were well received. Perhaps the most pleasing feature of the programme was the rendition of "The Army and Navy," as a duet by Messrs. Simpson and Riddell. Solos by Miss Little and several male vocalists were also on the very entertaining program. By way of variation, Miss Musgrove, pianist, gave three numbers, and was recalled repeatedly.

CHOIR'S ANNUAL CONCERT.

The First Methodist choir gave its annual concert in the Sunday school, last evening, and a large and appreciative audience was present. The choir rendered three numbers, under the direction of Mr. D. Jordan, in a very creditable manner, and the soloists of the evening were the Misses Mabel Scarlett, Minnie Fox, Pearl Eller and Mr. Arthur Garthwaite. The "Crescent Love Song" (Buck) was sung very pleasingly by Miss Eller, as was also "Denial" (A. M. Morris) by Miss Scarlett. Several pleasing readings were given by Mr. A. J. Greene, and Mr. St. George rendered a cornet solo in his usual good style. The accompanists of the evening were Miss Albright and Mr. Jordan.

When the electrification of the railways which run underground in London is completed, the traveler will be able to traverse 60 miles underground by electric traction without running twice over the same piece of track.

**Choice Pineapples
for the Table
and Preserving.**

We handle the larger sizes of Pineapples, considering their by far the most profitable for every purpose.

This week we're showing some of the choicest fruit grown. They have been properly ripened and have that rich, luscious flavor that pineapples should have.

**EARL GREY CANNOT
COME THIS SPRING**

Governor-General Finds It Impossible to Open the Nurses' Home.

Earl Grey, Governor-General of Canada, will not visit London this spring. This is official. The notification came to Supt. Heard, of Victoria Hospital, yesterday afternoon, while the trustees and the superintendent were in session at the hospital, making arrangements for the reception of the distinguished guest, and also for the opening of the Nurses' Home. The communication proved a very bitter disappointment to the trustees, and it was noted that there should be no formal opening of the home until the last of this month, when the nurses' graduating exercises will be held. Then it is probable that an official ceremony will be held. Colonel Hanbury-Williams, secretary to his excellency, intimates that Earl Grey finds it possible to visit London later on, he will notify the trust.

**VOTE WAS TAKEN
THEN ADJOURNED**

Birkbeck Shareholders Could Not Agree on Appointment of a Trust Company.

The shareholders of the Birkbeck Loan Company met in the Masonic Temple yesterday and voted on the question of appointing a trust company to wind up the affairs of the institution. The result of the vote will not be known until Friday, May 26, when another meeting will be held at 2:30 p.m.

The names of two trust companies were before the shareholders as liquidators of the London and Western Trust Company of this city, and the Canada Trust Company.

Mr. Henry Vincent, president of the meeting, and he named Messrs. R. J. Shillington, of this city, and J. A. Moody, of St. Thomas, as scrutineers to take up the names of those called for nominations for liquidator. Acting on behalf of Mrs. Wm. Young

**GREAT CHANGE
From Change in Food.**

The brain depends much more on the stomach than it is apt to suppose. Until we take thought in the matter, feed the stomach on proper food easy to digest and containing the proper amount of phosphorus and the healthy brain will respond to all demands. A notable housewife in Buffalo writes: "The doctor diagnosed my trouble as 'indigestion of the stomach.' I was actually so nervous that I could not sit still for five minutes to read the newspaper, and to attend to my household duties was simply impossible. I doctored all the time with remedies, but medicine did me no good."

"My physician put me on all sorts of diet, and I tried many kinds of cereal foods, but none of them agreed with me. I was almost discouraged, and when I tried Grape-Nuts I did so with many misgivings—I had no faith that it would succeed where everything else had failed."

"But it did succeed, and you don't know how glad I am that I tried it. I feel like a new person. I have gained in weight and I don't have that terrible burning sensation in my stomach any more. I feel so strong again that I am surprised at myself. The street noises that used to irritate me so, I never notice now, and my mind is so clear that my household duties are a real pleasure."

Name given by Postum Co., Battle Creek, Mich.

Now, why was this great change made in this woman?

The stomach and the brain had not been supplied with the right kind of food to rebuild and strengthen the nerve centers in these organs. It is absolute folly to try to do this with medicine. There is but one sure way and that is to eat the old food that has failed and take on Grape-Nuts food which is more than half digested in the process of manufacture and is rich in the phosphate of potash contained in the natural grain, which unites with the albumen and water—the only three substances that will make up the soft gray matter in the thousands of delicate nerve centers in the brain and body. Grape-Nuts food is a sure road back to health in all such cases.

A. SCREATION & CO
London's Greatest Carpet House.

and Mrs. Platt, Messrs. Taylor and Meredith noted that the London and Western Trusts Company be named as the liquidator.

On behalf of Messrs. W. H. Shaver and Eugene Coote, Messrs. C. H. Ivey and J. M. Dromgole moved that the liquidator be the Canada Trust Company.

Mr. Ivey backed up his motion by protesting against the two scrutineers named by the president, one of whom, he said, was in the employ of the men who wished to have him appointed. The president had no right to name the scrutineers in such a manner, he contended. It was not fair to the shareholders. He asked that a committee be named to say who had and who had not the right to vote.

Messrs. Luscombe and Gibbons defended the action of the president in naming the scrutineers. Mr. Ivey was then invited to name a third scrutineer, but he refused. "We won't play with loaded dice," he said.

The vote was taken by the scrutineers named by the president, and an adjournment was made until the 26th. It is understood that if it is found that the London and Western Trusts Company has been voted as the liquidator, Mr. Ivey, on behalf of the shareholders, he represents, will at once carry the matter into the courts. It was in order that he might be free to act as he thought best in this matter that he refused to make his clients a party to the vote which was really taken under protest.

**WOULD NOT PLACE
RESPONSIBILITY**

The Coroner's Jury Investigates Death of John W. Nuttall Killed at Bank Building.

The manner in which John W. Nuttall met his death was investigated last night at the police station by a jury presided over by Coroner (Dr.) Ferguson. After the evidence of the doctors who performed the autopsy and that of Contractor Ed Martyn was taken, the jury brought in the following verdict:

"We believe that John William Nuttall came to his death on Friday, the 12th inst., while laboring at the Bank of Montreal, being caused by the fall of a quantity of bricks and mortar on his body, resulting in sudden death by dislocation of the neck. We do not feel warranted from the evidence in placing the responsibility for the accident upon anyone."

Dr. J. J. Hogg, who performed the autopsy, described the injuries which they found the deceased had sustained.

The evidence of Contractor Ed Martyn was taken, although he was not an actual eye-witness of the accident. He stated that Nuttall had been previously warned to be careful at his work. At the time of the accident Nuttall was at work carrying away bricks from the vault on the second story. Two or three courses of bricks above him gave away from the back of the vault.

The evidence of Robert Nuttall, John Banks, of this city, Vincent, John Leases and George Turner, corroborated the evidence of the contractor.

Half an hour sufficed for the jury to consider the evidence and bring in a verdict.

Mr. A. Greenlees was present in the interests of Nuttall's relatives, while Mr. Campbell, of Pauls & Campbell, appeared for William Rogers, who was working near Nuttall when the accident happened. Since the accident Rogers has been unable to leave his home, because his left leg was partially paralyzed by being struck by a quantity of bricks. Consequently, two actions for damages will be entered against Contractor Martyn instead of one. Mr. T. H. Luscombe appeared for Mr. Martyn.

GAS OWNS PHILADELPHIA
Council Called Thieves by Citizens for Selling Out Vote.

Philadelphia, Pa., May 18.—Amid scenes of disorder unprecedented in the annals of Philadelphia's legislative body, the city council tonight voted to lease the city's gas works to the United Gas Improvement Company for a term of 75 years for the total sum of \$25,000,000; the money to be paid in various amounts before the end of 1910.

Councils, chambers and committee rooms were crowded with excited citizens protesting against the lease from 1 p.m. until the proceedings opened, after three hours' debate. The moment President McCurdy, of

THE SOVEREIGN BANK OF CANADA

Is now open for business at 394 RICHMOND STREET, opposite the City Hall (Arcade entrance to the market), and extends a cordial invitation to the citizens of London and the surrounding country to call and learn our methods of dealing with the public.

The policy of this bank is to give an unexcelled service to all classes, irrespective of the size of the account.

**Interest Compounded on Savings Bank
Deposits Four Times a Year.**

\$1.00 OPENS AN ACCOUNT. F. E. KARN, Manager.

common council, announced the vote, a great uproar was started in the gallery which was crowded to the doors. From all over the gallery came hisses and cries of "Thieves."

The outburst was somewhat startling to the presiding officer, who made a vain effort to quell it. Finally, he sent for a squad of police officers to clear the gallery, which started the disorder anew.

The crowd continued to hiss and called the councilmen thieves and other names until the police arrived and started to clear the gallery. As the people moved out they sang unsolicited complimentary songs.

In clearing the gallery there were several clashes between the police and some of the spectators, but no one was hurt. All through the session of common council there were disorders. There was neither a cheer nor a hiss

when the bill passed the select council. The agitation against the passage of the bill resulted in the common council annulling the measure so as to provide for a slight reduction in the price of gas from \$1 a thousand cubic feet in 1911 to 30 cents in 1980.
