The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Anglican Church of Canada  
General Synod Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. # CONSTITUTION

OF THE

## Church Society of the Diocese of Toronto;

INCORPORATED BY THE STATUTE OF CANADA, 7 VICTORIA, CAP. 68,  
FOR PROMOTING THE FOLLOWING OBJECTS:

**FIRST.**—For the encouragement and support of Missionaries and Clergymen of the United Church of England and Ireland within the Diocese of Toronto, and for creating a fund towards the augmentation of the stipends of poor Clergymen, and towards making provision for those who may be incapacitated by age or infirmity, and for the Widows and Orphans of the Clergy of the said Church in the said Diocese.

**SECONDLY.**—For the encouragement of Education, and for the support of Day-schools and Sunday-schools in the said Diocese, in conformity with the principles of the said Church.

**THIRDLY.**—For granting assistance, where it may be necessary, to those who may be preparing for the Ministry of the Gospel in the said Church, within the said Diocese.

**FOURTHLY.**—For circulating in the said Diocese the Holy Scriptures, the Book of Common Prayer of the said Church, and such other books and tracts as shall be approved by the Central Board or Managing Committee of the said Association.

**FIFTHLY.**—For obtaining and granting aid towards the erection, endowment, and maintenance of Churches, according to the establishment of the said Church, in the said Diocese; the erection and maintenance of Parsonage houses; the setting apart of Burial-grounds and Church-yards; the endowment and support of Parsonages and Rectories, according to the same establishment, and the management of all matters relating to such endowment.

### I.

That before the Society shall enter upon any business at any of its meetings, the following prayers shall be said:—

“Prevent us, O Lord, in all our doings, with thy most gracious favour, and further us with Thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally by Thy mercy obtain everlasting life, through Jesus Christ our Lord. *Amen.*”

"O GOD, from whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech Thee to visit with Thy favour our Sovereign Queen VICTORIA, and so rule her heart, that she may in all things seek Thy honour and glory. Prosper with Thy blessing the designs of this Society. Comfort with Thy grace those benefactors who contribute to its support. Bless the ministry of Thy servants, the Clergy; the endeavours of all who are engaged in spreading the knowledge of true religion in this Province, and the labours of those Missionaries who are promoting the same in foreign parts. And may Thy Holy Spirit direct all our consultations to the advancement of Thy glory, and the good of Thy Church, through Jesus Christ our Lord. *Amen.*

"O MERCIFUL GOD, who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner but rather that he should be converted and live, have mercy upon all Jews, Turks, infidels, and heretics, and also upon all those heathen nations upon which the light of Thy glorious Gospel hath not yet shone; especially the Indians of this continent. Bless the means used for their civilization and conversion, and take from them all ignorance, hardness of heart, and contempt of Thy Word: and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Spirit, one God, world without end. *Amen.*

"OUR FATHER, which art in heaven, hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in heaven. Give us this day our daily bread. And forgive us our trespasses as we forgive them that trespass against us. And lead us not into temptation; but deliver us from evil; for thine is the kingdom, the power and the glory for ever and ever. *Amen.*"

#### AND WHEN BUSINESS IS ENDED.

"ALMIGHTY GOD, Father of all mercies, we thine unworthy servants do give Thee most humble and hearty thanks for all Thy goodness, and loving kindness, to us and to all men: more particularly for the providential support by which this Society has been enabled to spread abroad the knowledge of Thy sacred truth. But above all for Thine inestimable love in the redemption of the world by Thy blessed Son; for the means of grace and for the hope of glory, which Thou hast given us, in the same our Lord and Saviour Jesus Christ; to whom with Thee and the Holy Ghost be all honour and glory, world without end. *Amen.*

"The grace of our Lord Jesus Christ, and the love of God, and the fellowship of the Holy Ghost, be with us all evermore. *Amen.*"

#### II.

That all those who are now, or who shall hereafter become members of the Association, and who shall subscribe Ten Shillings annually to the Funds of the Society, or contribute as much as Five Pounds in one sum, shall be Associated Members of the Society, and shall be eligible to be Members of the Corporation.

#### III.

That every Incorporated Member subscribe not less than One Pound Five Shillings annually to the Funds of the Society, or contribute not less than Twelve Pounds Ten Shillings in one sum, or land to the value of twenty-five Pounds; and that the Standing Committee be empowered, with the sanction of the President, to recommend persons whether Associated Members or not, to be elected into the Corporation as Life Members, who shall have contributed through any of the Parochial Associations in connection with the Society, in money, the sum of Twenty Pounds, or in land to the value of Thirty Pounds, for any of the following special purposes, viz.:—to be invested or held in trust for the Widows and Orphans' Fund; to

be invested or held in trust for the endowment of a Church or a Church-school; and that it shall be the duty of the Secretary at the meeting in the month of November in each and every year, to make a return of those who have not paid up the 25s. for the year ending the 30th day of April previous, and that such names shall be erased from the list of Incorporated Members.

## IV.

That the Corporation shall consist of the Bishop of Toronto for the time being, of the members appointed by the charter, and of so many of the other Associated Members of the Society as shall be elected by ballot Members of the Corporation, at the meetings to be from time to time holden on the days and at the place appointed by the By-laws of the Corporation, for its stated meetings. Provided always, that the whole number of members of the said Corporation, in addition to those who are made Members by the Statute, shall at no time exceed three hundred, and that the whole number of members of the Corporation shall never be less than one hundred.

## V.

That the Standing Committee of the Society, to be appointed as provided in one of the following By-laws, be empowered, with the sanction of the President, to recommend persons, whether Associated Members or not, to be elected into the Corporation, without reference to the limitation of numbers.

## VI.

That the Lord Bishop of Toronto for the time being shall be President of the Society, and the Venerable the Archdeacons within the Diocese, shall be Vice-Presidents.

## VII.

That the Society shall hold a General Meeting on the second Wednesday in June in each year, when they shall choose one or more Vice-President or Vice-Presidents in addition to the Archdeacons; one or more Treasurer or Treasurers; one auditor; one Secretary, and such other officers, ministers and servants as shall be thought convenient to serve in the said offices for the year ensuing. Provided always, that no person not a member of the Society shall be eligible to any office.

## VIII.

That the paid officers to be appointed by the foregoing rule, shall be a Secretary, either a Clergyman or Layman, at the discretion of the Society, and with such salary as the Society may from time to time appoint; and that he shall furnish security to the satisfaction of the Solicitor to the amount of £1000, himself in £500, and two sureties in £250 each. Also, the Auditor.

## IX.

That the Standing Committee shall propose to the Board at the General Meeting in November, a list of seven Members of the Society, to form the Tract and Book Committee for the year ensuing; that at that meeting any member be at liberty to propose another list of seven members of the Society, instead of that proposed by the Standing Committee, and that the election of the Tract and Book Committee take place at the General Meeting in January.

## X.

That if it shall happen that any of the persons at any time chosen into any of the said offices shall die, or on any account be removed from such office at any time during the period for which he was elected or appointed to serve, in such case the President, or any one of the Vice-Presidents, shall convene a meeting, to be held at the usual place of meeting of the Society, at such time as shall be specified in the notice of such meeting; and that such members of the Corporation as shall be present at the meeting, or a majority of them, shall and may choose an officer or offi-

cers in the room or place of such person or persons so dead or removed, as to them shall seem meet. Provided, that it shall not be necessary for any such meeting to be called for supplying a vacancy in the office of Vice-President; but the President may do so in his discretion.

## XI.

That the Society shall and may, on the second Wednesday in the months of February, May, August and November, for ever hereafter, and oftener, if occasion require, meet at the place heretofore used for the transaction of the business of the said Society, or such other place as may be hereafter appointed for that purpose; and that the President or Standing Committee have power to call a special meeting of the said Society at any time. In Lent the meetings to be holden on Thursday instead of Wednesday. That the general meetings of the Society be held at eleven o'clock, A. M.

## XII.

That no act done in any meeting of the said Society shall be valid and effectual unless the President, or some one of the Vice-Presidents, shall be present at such meeting.

## XIII.

And with regard to all meetings of the Society, and to the making, altering, or repealing any By-laws, Rules or regulations at such meetings, it is to be specially noticed, that by the act of the Legislature incorporating the Society (7 Vic., ch. 68) it is enacted that no act done in such assembly or meeting of the Corporation shall be valid or effectual, unless six persons of the Corporation, at the least, shall be present, and the major part of them consenting thereto.

And further, that no Constitution, By-law, Rule or Regulation of the Society, nor any abrogation, repeal, change or alteration of the same, shall be passed, except notice of such intention shall have been given at the previous quarterly meeting, and then it shall not be of any force or effect until it shall have been sanctioned and confirmed by the Bishop of, or administering, the Diocese for the time being, by writing under his hand.

## XIV.

That there shall be a Standing Committee (five of whom shall be a quorum) to prepare the business for the Quarterly Meetings of the Society.

That the President, Archdeacons, Rural Deans, and Secretary be *ex officio* members of the Standing Committee; and that the committee shall further consist of ten members, to be elected by the Society at its annual meeting from its incorporated members; and also of a clerical and lay member from each of the several distinct associations in connexion with the Parent Society, to be elected annually by each of such district associations.

That the Standing Committee shall meet at eleven o'clock on the days immediately preceding the quarterly or special meetings of the society, and at such other times as the said committee may deem expedient.

## XV.

That minutes of all the proceedings of the Society be taken, and that at each meeting of the Society the minutes of the preceding meeting be read by the Secretary, and signed by the Chairman.

## XVI.

That the accounts of the Society be closed on the 30th day of April in each year, and that the same be audited within one month from that date.

## XVII.

That the Secretary conduct the correspondence of the Society, take minutes of the proceedings of the General Meetings and Committees, and prepare the Annual Report of the Society in connexion with the Standing Committee.

## XVIII.

In connexion and correspondence with the Society, District Associations shall be established, comprising one or more Districts, (as shall be approved by the President,) the same to be composed of the Clergy resident within the bounds of the district, and all other members who shall contribute in aid of the Society's Funds; the Archdeacon, or Senior Clergyman resident within its bounds, shall *ex officio* be chairman of such District Branch Association, with whom shall be associated, as composing a Committee of Management, all Clergymen in the District and two Laymen from each congregation which observes the constitution, rules and regulations of the Society, and from none others; the lay members to be elected at the annual meeting of the Parochial Association.

A general meeting of the Branch District Associations shall be held in each year at any time and place which may be agreed upon at a previous Quarterly Meeting of the Committee of Management; and Quarterly Meetings of the Committee of Management—not less than five to form a quorum—shall be held for the transaction of the ordinary business of each Branch Association.

In order to more fully carry out the objects of the Society, a general Public Meeting shall be held annually in each parish, at which the objects and claims of the Society shall be set forth, and persons shall be invited to become members by contributing to its funds, such contributors to form a Parochial Association of the Church Society. The members of the Association shall elect annually four among their own number as a committee, which, through its Chairman, (the Clergyman,) shall be in correspondence with the District Branch Associations, and may be denominated *the Parochial Committee of the Church Society*. The Committee shall meet so often, and at such periods as they shall themselves decide to be most convenient, inviting the co-operation of all the parishoners in their deliberations and designs. They shall collect subscriptions and donations from the members of the Church, in such manner as they shall deem most effective, and endeavour by every means in their power to augment the resources of the Society. All moneys raised to be transmitted to the treasurer of the District Association, who shall on or before the 30th of April in each year, transmit the same to the treasurer of the Society at Toronto, without any deduction.

The District Associations, through their respective Secretaries, shall communicate to the Secretary of the Parent Society at Toronto a minute statement of all receipts and expenditures within the sphere of their operations, embodied in the form of a report, once in each year, so soon as convenient after the General Annual Meeting of such District Branch Associations.

## XIX.

That four sermons be preached annually, and collections made in every church, chapel, or station in which an established Sunday service is performed, provided that in case of stations where Sunday service cannot be performed more than once in a month, it shall be discretionary with the Clergyman serving such stations to omit the said collection, if he shall think proper.

That the collections be made for the objects specified on the days following, or not later than two Sundays subsequently:

1. For Missions, on the first Sunday in January.
2. For Widows and Orphans' Fund, on the first Sunday in October.
3. For Missions, on first Sunday in July.
4. For Students in Theology, on the first Sunday in April.

That, as it is expedient that the funds annually raised in aid of Theological Students should be appropriated to the maintenance of *exhibitions* for the same in Trinity College, it be provided that the several District Associations of the Church Society, may, through their central boards, *nominate* one or more persons as holders of such exhibitions.

*Provided*, that any district, thus nominating, shall undertake to remit annually to the Church Society a sum which shall cover the amount of the exhibition or exhibitions to which a nomination is made.

That any district, entering into such engagements, shall be entitled to appropriate

## CONSTITUTION.

to the maintenance of the exhibition or exhibitions the proceeds of the annual collection made within the District for the Divinity Students' Fund.

That any surplus, remaining to any district, after providing for its exhibition or exhibitions, shall be paid over to the Church Society, to be put to the credit of that district towards a provision for an additional exhibition.

The Committee further recommend that persons thus nominated to exhibitions shall enjoy them subject, with only one exception, to no other conditions than those which are prescribed for every candidate for admission into Trinity College.

These conditions are:

1. That he shall produce testimonials of good conduct.
2. That he shall pass the Matriculation Examination.
3. That he shall have entered on his sixteenth year.

The exception mentioned above respects this third condition of age. It will probably be thought desirable that every Divinity Exhibitor shall have entered on his 19th year, in order that his course of study may not be completed too long before the time at which he can receive Holy Orders.

That the minimum value of the exhibitions shall be £30 per annum.

That the exhibition shall be tenable for *three years*.

## XX.

That no application for a grant, loan, or other assistance, be entertained from any Rectory, Incumbency, or Mission, in which there shall not have been established a "Parochial Committee" of this Society under the provisions of the article of the Constitution thereof, reporting to and in communication with the Parent Society, and in which all the requirements of said Constitution shall not have been complied with, unless upon the omission of such requirement a special written dispensation shall have been obtained within three months of the date thereof; and further, that accompanying such application there be a distinct accurate description of the object towards which aid is sought, together with a detailed account of the sum of money collected in the locality or elsewhere towards the same object, and how applied: provided, nevertheless, that it shall be at all times competent for the President to recommend to the Standing Committee any case which in his Lordship's opinion may require special consideration: and should the Standing Committee report favourably thereon, that the Society may in such case grant the assistance so sought, or any portion thereof; and further, that no application be entertained from the Widow or Orphan or the guardian of the Orphan of any deceased Clergyman of this Diocese who shall not have conformed to the provisions and requirements of a certain By-law, entitled a "By-law for the due administration and improving the Widows and Orphans' Fund of the Church Society of the Diocese of Toronto," and also of any amendments to the said By-Law, which may be enacted from time to time according to the provisions of the Constitution of the said Society, unless upon the omission of any of the said requirements a special written dispensation had been granted by his Lordship the President, and forwarded to the Secretary for registration within three months after the date thereof. Provided, nevertheless, that it shall be at all times competent for the President to recommend to the Standing Committee any case which in his Lordship's opinion may require special consideration, and should the Standing Committee report favourably thereon, that then the Society may grant such proportion of any annuity as the said Society may seem fit; and that it be the duty of the Secretary after each Annual Meeting of the Society, to notify to each Clergyman whether he have or have not complied with the requirements which would entitle his Widow and Orphans to a Pension.

## XXI.

That every Lay Delegate of the Synod of the Diocese shall be an incorporated member of the Church Society on the payment of the annual sum of five shillings, so long as he shall continue to be such delegate, and make such payment, notwithstanding anything contained in clauses 2, 3, 4 and 5 of the constitution of said Society.

That any By-law that shall be passed by the Society relating to the Commutation or Clergy Trust Fund, the Mission Fund, the or Widows and Orphans' Fund,

CONSTITUTION.

xi.

or in any way affecting the charges on or management of those funds, or either of them, shall be laid before the Synod of the Diocese at the first meeting of the Synod next after such By-law shall have been passed, and if at such meeting of the Synod any resolution shall be agreed to disapproving of such By-law, either in the whole or in part, and setting forth the reasons for such disapproval, the operation of such By-law shall be suspended as soon as such resolutions and reasons are received by the Secretary of the Society, until the next quarterly meeting of the Society; and unless at such next quarterly meeting such by-law be sustained by the vote of two-thirds of the members present at such meeting, such By-law, or the part thereof so disapproved of, shall cease and be of no effect. Provided always, that nothing herein contained shall prevent the members at such last mentioned meeting altering or amending the said By-law in accordance with the resolutions or reasons that shall be transmitted by the Synod.

That the Secretary of the Society shall transmit copies of any such By-laws as in the second section mentioned to the Secretaries of the Synod as soon as the same are passed, with the view to the same being laid before the Executive Committee of the Synod, that a synopsis thereof may be stated with the other business prepared for the Synod.

XXI.

That the Charter and these By-laws do together form the Constitution of the Church Society of the Diocese of Toronto, and that nothing which is contained in the Constitution of the Society established on the 28th day of April, 1842, or in any By-law, Rule or regulation, amending or altering the same, shall apply to, or be in force in respect to, the Incorporated Church Society of the Diocese of Toronto, except such provisions thereof as are above continued in force.

OF THE

### DIOCESE OF TORONTO,

PRESENTED AT THE ANNUAL MEETING AT TORONTO, HELD ON  
WEDNESDAY, JUNE 18TH, 1862.

---

We are now assembled to commemorate the twenty-first anniversary of the society, and in viewing the proceedings of the past year, there will be found much cause for thankfulness to the Divine Disposer of events, for the measure of success which has attended the society's efforts to discharge the sacred duties assigned to the church by her Divine Head, who has condescended to use human instruments for the purpose of perfecting his gracious design of making known to all men the glad tidings of salvation, so that they may be drawn into the paths of righteousness and peace here, and be made meet for the glorious inheritance of the saints in eternity. If such be the work proposed by the society, every member of the church should lend a helping hand, not considering himself excused because, according to his views, some parts of the machinery used are not so perfect as they might be; if any measure of God's blessing has been manifested, let him not lose his portion of it, and if he have steadily and self-denyingly done his part in order to improve the working, his conscience will be clear, if improvement be not effected; not so, if he be one of the many, who, like Pharaoh's task-masters, complain that much work is not done while they withhold the materials.

Since our last meeting, the sub-division of the diocese has been consummated, and the Bishop-elect of Ontario after many vexatious delays, which were very injurious to the missionary work in both portions of the diocese, has been the first bishop consecrated in British North America; the presence of the eloquent bishop, and his clergy, from our meetings, will be greatly missed by us, but it is the church's gain, the field has been divided, and more attention being given to the culture of each portion of it, a much larger increase of the products may, with God's blessing, be confidently anticipated—herein is cause for rejoicing.

During the previous year, if we refer to the last report, it will be found that out of 47 parishes now in the Diocese of Ontario, 36 remitted, through their district treasurers, to the parent society, the annual contribution of their parochial branches, a sum amounting in the aggregate to \$1370.46, in addition to the collections made periodically in their churches, after sermons, for the several objects of the society; during the past year, only one parish has remitted to our diocesan society a quota of its annual collections, and comparatively few of the others have taken up the collections for the several objects to be advocated at stated periods at the churches and stations. They were for several months expecting that the patent for the consecration of their bishop would be sent out by the next mail, and knew that every effort must be put forth to sustain the cause within their own bounds; the bishop, however, was not consecrated until within a few weeks of the expiring of our financial year. His Lordship stated at the meeting of his Synod, that as in order to meet the salaries of his missionaries due in July, he required all moneys which had been collected for the Church Society's purposes, and not remitted, to be paid to the treasurer of his diocese, yet he would feel bound upon his return from England, when a division of the property of the diocese was settled, to make every equitable allowance for moneys advanced to the missionaries within his diocese, so that no loss might accrue to our society from the withholding the parochial contributions. Under these circumstances, in addition to the fact that the province has not as yet recovered from the monetary depression which has more or less affected all classes, during the last few years, it would not have been very discouraging if it had been our painful duty to declare that the funds of the society had fallen several hundreds of dollars below the amount reported last year, but another cause for thankfulness is that such has not been the case. One or two parochial branches have not yet reported, and several collections have yet to be received, yet the income of the society is within \$400 (or £100) of that announced last year, and it is in excess of that of the year ending April, 1858, prior to the final severance of the Diocese of

Huron, notwithstanding the Diocese of Ontario has been since separated. Another gratifying feature in the society's operations during the past year, is the increase in the number of churches and stations at which collections have been taken up, for the several objects of the society, as it shows that the clergy take a greater interest in the work. The number up to this time reported is 811, though no returns from the eastern diocese for the April collection could have been expected, and many of the others were not remitted. The year ending April, 1861, the number was 795; year 1860, 759; 1859, 586; 1858, 593, which was the last year in which we received contributions from that portion now comprising the Diocese of Huron, showing an increase in the number of stations where collections were then made of 218, and though there may not be a corresponding increase in the amounts collected, yet it is cheering to find that the duty of contributing according to their means is being so much more widely pressed upon the members of our church, for if this duty is plainly set forth, the increase to the funds of the church for the sustentation of the numerous and varied claims which she is bound to meet, will be not only ample, but enable her to look beyond the wants of this diocese, and gladly contribute to the funds of the Church Societies, whose peculiar operations are extended to the conversion of the Jew and the Heathen.

The last religious census sets down the number of professing church people of Upper Canada at 311,505; to this number may be added the large proportion of those who are set down as protestants 7,414, and a large number (to the credit of the province be it stated) of those who are included under the headings, "belonging to no religious denomination," amounting to 17,873, for certain ignorant and bigotted assessors, in various parts of the province, refused to enumerate the infants and young children of the members of the church as belonging to her, although they felt constrained to do so when visiting the families of Roman Catholics, thereby proving that they, while in many instances professing to be protestants, paid more respect to the religious feelings of Romanists, than they did to those of the Protestant Church. Now if we divide the number given 311,565 (which we deny to be correct) by 5, there will be then 62,313 heads of families, and taking rich and poor one with another surely as many dollars on an average can be collected for the various objects embraced in the constitution of the Church Society. We would again commend the consideration of this subject to the members of our communion and especially to the clergy: let the census roll in each town, village and township be examined, and great benefits will accrue to the localities, and also, if properly followed up, to the Church in the Diocese.

the total decrease which at present appears, when compared with the last years' income, though several collections and subscriptions promised have yet to be received for the same account. The small decrease in amount collected when compared with last year has been accounted for in various ways, wet weather when the collections for certain objects were to be taken up, the absence of liberal contributors from the parish, or their having removed altogether, or from other causes, yet, as has been stated above, there is cause for thankfulness, when we find that the clergy have endeavoured to advocate the objects which the society desires to support, with so much greater zeal than, under this heading, we have had heretofore any proof.

In the receipts is included a handsome donation from the widow of the Rev. H. Ripley, of \$400, who at the same time announced her gratification at being able to relinquish the pension she had received from the date of her husband's death.

The amount paid out in pensions to 9 widows and 4 orphans.....\$ 2180.00

The investments on this account now amount to.....\$30538.32

The Burnside bequest our solicitors hoped to have realized early in the summer of last year; in consequence of the non-production of one title to the property there has been some delay, which the solicitors state has been satisfactorily cleared up, and that they have been able to make a very satisfactory arrangement, fully securing the society without being forced to sell the property of the mortgagee at a great sacrifice. Another mortgage in the city, of \$4,000, purchased with Upper Canada bank stock at par, has had to be foreclosed for the non-payment of

interest, and after the time required by law will be sold, and it is believed will realize the amount paid; but pending the sale the amount of insurance on buildings, repairs, commission to collector, and law costs, has for this year proved an unproductive investment. The interest of the other investments has, though not punctually paid to the day, realized on the average 8 per cent. Before the report is printed an account of the lands held on this account will be given, which will be found satisfactory.

The balance to the credit of this fund is \$889.17, from which will have to be deducted the taxes on lands paid out of the General Purpose Fund.

#### BOOK AND TRACT FUND.

Though many complain that the society is so sparsely supplied with Bibles, Prayer-books, and Tracts, there are few who avail themselves of the privilege offered of becoming members of the Christian Knowledge Society, at the small cost of \$2.50 per annum, which would enable them to obtain the publications of that society at cost price, and charges for carriage. Since the Church Society was admitted on these terms as a branch of the Christian Knowledge Society, only two persons have subscribed specially towards this fund. This is much to be regretted, as, if there were no Church Society in existence, members of the church would feel bound to subscribe to the Church, Bible, Prayer-book, and Tract Society, in order to disseminate the true doctrines of the Bible, as interpreted by the church throughout the diocese. A resolution was passed at the May meeting of the society which, if it can be carried out, will render the society what in name it has always been, the Bible Society of the church. It should also be the Prayer-book, Homily, and Tract Society, but to enable it to meet the wants of the diocese, special subscriptions or contributions after sermons should be made for this object, one, it must be admitted, not of the least importance among those embraced in the constitution of the society. Up to this time, the clergy have been the chief contributors to this fund, perhaps the fault is theirs, in not bringing the subject more particularly before their flocks; but this is but another proof that the church is blamed for not more efficiently discharging its duty, whilst the complainants withhold the means. During the past year purchases were made from the Society for the Promoting of Christian Knowledge amounting to \$126.38.

Sales of Bibles, Prayer-books, and Tracts were made amounting to	\$131.75
Subscriptions to 30th April.....	10.00

## GENERAL PURPOSE FUND.

On account of this fund, the receipts were to 30th April .....	\$3746.62
“ “ “ since “ .....	1008.08
	<u>\$4754.70</u>

Two years have passed since it was determined that no special collection should be taken up for this fund in January, but that it should be taken up instead for the mission fund. In consequence the power to make grants to churches and parsonages became restricted, and when applications for grants were made, they were allowed only on the condition that the fund would be in a position to meet the requirements. These promises amount now to \$450, a sum which could have been paid before the expiration of the year, if the government of the province had not insisted that the lands purchased by non-resident settlers should be paid for in full, with an addition for non-settlement duties. Certain lands were some time since sold belonging to the S. P. G. F. P., and other lands purchased in lieu. The purchasers of the S. P. G. lands being of late in arrears to the Society, out of this fund the Society had, in order to secure the church from loss of valuable property given to it by the S. P. G., (that society having generously, during the past year, deeded the whole of their lands to this society,) promptly to remit the amount to the Crown Land Office. And another unexpected call upon this fund was the inability of the person to whom the investment of the Darlington Endowment Fund had been loaned to meet his engagements, as the property mortgaged was considered ample to meet the amount loaned, and he agreed to the foreclosure of the mortgage; pending the sale, the society met the drafts of the incumbent for the amount of the interest half-yearly, which, as the accounts shew, have absorbed \$442.28 of this fund. Some few months will elapse before the sale takes place, as the society has no desire to sacrifice a property which is worth far more than the amount loaned; it was advertised for sale on the 18th inst., but for the above reason the sale has for a short time been postponed. When the amount is realized the grants can all be paid in full, and some of them in their order previous to that date.

The grants paid to churches during the past year amount to .....	\$ 75.00
Grants of books and tracts amount to .....	23.92

### DIVINITY EXHIBITIONS.

It will be remembered that two years ago a proposal was made to convert the Church Society's Scholarships in Trinity College into exhibitions, to which the districts providing exhibitions might have the privilege of nominating exhibitioners.

This plan has, to a small extent, been acted upon. There are in Trinity College at present two exhibitioners, one from the Niagara, and one from the Home District—a third has been elected for an exhibition by the Gore and Wellington District, on which he will enter in October, and it is understood that at the same time another student will enter college holding an exhibition from the Newcastle District.

The committee of the Gore and Wellington District most kindly and considerately acted on a representation which had been made to some of their number by the college authorities, in electing as the exhibitor a gentleman who, under the former regulations, would have succeeded to a scholarship in October. There are other students in the college in the same position, and we cannot doubt that on the production of satisfactory testimonials, they will be considered to have a special claim to the favourable consideration of any district committee, inasmuch as the change which has been made for the general benefit must, without such consideration of their claims, affect them most prejudicially, by depriving them of aid on which, when they entered college, they had good reason to depend.

Your committee have much satisfaction in reporting that during the past year the following munificent donation and bequest have been made to the society:

The particulars will be found in the following obituary notice:

With sincere regret we chronicle the bereavement which one of the oldest and most consistent church families in the Diocese has lately sustained—deprived of two of its members, a brother and a sister, in less than one month. On the 25th of March, at Grimsby, at the residence of her father, Mary G. Pettit. On the 16th of April, at the same place and residence, John Henry Pettit, Esq. He was a life member of the Church Society. They were brother and sister of the Rev. C. B. Pettit, M.A., Rector of Richmond. Mr. Pettit evinced his affection for his church to the last, bequeathing no less a sum than £2,400 to the Church Society, and Trinity College. His sister died intestate, but her father, the

administrator of the estate, knowing her love for the church, with a view of meeting the supposed wishes of the deceased, is about to pay over in Bank Stock the sum of \$100 to the Church Society, and \$200 to Trinity College.

Here we have an example which we commend to the members of the church. As baptised into the Church of Christ, they were members of his body, and evinced their faith and love to their Saviour by works of love to their brethren, for their Lord has said, "Because ye have done it unto the least of these my brethren, ye have done it unto me."

During the past year the church at home has been steadily carrying on her work of missionary enterprise, and the period has been happily marked by the recognition of a new principle, not so much by the church as by the civil power, viz., the expediency and duty of appointing missionary bishops, where they can claim no direct protection from the British Crown, nor owe it, in the civil capacity, any direct allegiance.

Three appointments of this description have been made—that of Dr. Pattison, in Melanesia, under the metropolitan jurisdiction of the Bishop of New Zealand, that of Dr. Mackenzie, in Central Africa, who is put in charge of the great missionary work inaugurated by Dr. Livingstone; and that of Dr. Staley to the Bishopric of Honolulu, in Hawaii. The last appointment has an especial interest, as having been made in compliance with the repeated and urgent request of the King of Hawaii, who had long been conversant with the benefits of christianity, through the labours of English and American missionaries, and was wisely anxious to see a permanent organization given to a system of teaching which had so benefited his people. The position of the Sandwich Islands likewise gives this mission great importance, inasmuch as it is planted at a central spot between British Columbia and California to the east, and China and Australia to the west.

In our review of the religious aspect of the world, we cannot overlook the great events which, political as well as moral causes, seem to be hastening in Italy. Not only does opinion, as it exists among men of high character and enlightened understanding, advocate the abolition of the temporal power of the Pope, but it also calls for a reform of ecclesiastical abuses, and more especially for a full recognition of the authority of Holy Scripture, and of the duty of making it generally known to the people. We cannot, as English churchmen, but sympathise deeply with those who are endeavouring to carry out, in the midst of complicated difficulties, that work of reformation which Divine Providence enabled our communion to effect three centuries ago, and we observe, both with surprise and with thankfulness, how generally

the desire of reformation is associated in the Italian mind with a conviction of the duty of maintaining its religious institutions, and its ecclesiastical organization.

## EXTRACTS FROM DISTRICT AND PAROCHIAL REPORTS.

### HOME DISTRICT.

#### REPORT OF THE MANAGING COMMITTEE.

The committee consider that they may, without undue presumption, congratulate their fellow churchmen on the continued success with which Divine Providence has been pleased to bless the efforts of the Church Society in this field of its labour during the past year.

The objects of the society, especially in its missionary character, appear from year to year to be taking deeper hold of the hearts of our people, whether we draw the evidence of this from the enlarged attendance at the parochial meetings, or from the increasing amount of contributions. In regard to the meetings held at the various churches in the district during the past winter, the result in the great majority of instances have been of a most cheering and satisfactory nature. In places where the meetings have from the first been always well attended, last winter the attendance has not only *not* diminished, but *exceeded* that of former occasions. In other places where the early meetings of the parochial branches had been of the most discouraging character, the clergy have had the gratification of finding the churches crowded with attentive audiences. Nor does the interest appear to be confined entirely within the pale of the church, but many persons belonging to other denominations testify by their attendance, and in many instances, by their donations, that they are sensible of the importance of the work in which the church is engaged, and that they recognise our claims on the sympathy and aid of "all who profess and call themselves christians." In short, there appears to be among our own church people a growing appreciation of the value of the society as the great missionary agency of the church, and a growing sense also of their own duty of contributing more freely of their means for the carrying out of its sacred objects. The relation between religious liberality and spiritual good,—that great objects even of the most spiritual character cannot be effected without the supply of pecuniary means, and that the more holy and spiritual the object the greater its claim upon our means,—this truth seems to be gradually establishing itself in the minds of the christian community. The duty of giving seems to be better understood, and to be more generally accepted as a practical part of religion.

Your committee are far from assuming that the true and just standard of christian liberality has been attained, but still they would express their opinion that there is an increasing improvement in this particular, and their hope that that improvement will, under the blessing of God, be continued and progressive.

The following changes in incumbencies and missions in this district have been made within the last twelve months. The Rev. R. Arnold succeeds to the parish of Brampton, vacant by the resignation of the Rev. R. G. Cox; and that of Streetsville has been assigned to Rev. J. VanLinge; Woodbridge, in conjunction with St. Stephen's Church, Vaughan, has been constituted a separate parish, to which the Rev. J. Davidson, formerly of Newburgh, has been appointed; the very extensive care of Tullamore and Woodbridge being by this arrangement reduced to more practical dimensions. The Rev. E. Dewar, thus relieved of the care of St. Stephen's, has commenced a service at Richmond-hill, with very encouraging prospects. Holland Landing, which had been made a separate charge under the Rev. W. Cooper, has reverted to its former incumbent, the Rev. F. S. Ramsey, Mr. Cooper having accepted the mastership of the common school at St. Catharine's, for which his high literary attainments so well qualify him.

Your committee feel themselves called upon to notice also the progressive improvement in the Home District in regard to parsonage houses. Conducting as a parsonage house does so much to the comfort of a clergyman, and to the desirableness of a parish provided with one, it is gratifying to observe that so much has been done and is doing in this matter.

The parishes of Lloydtown, Scarboro', Springfield, Thornhill, Markham, York Mills, Weston, Oshawa and Woodbridge, are provided with good parsonage houses, four being of brick, the last four substantial frame buildings. In the new parish of Woodbridge a good house is about to be purchased. Nine of our country missions being thus provided with good residences; while in two others, Aurora and Tullamore, vigorous exertions are being made for the same object with every probability of success, suitable sites having in both instances been given, with a handsome subscription—that at Aurora, by J. Mosely, Esq., and that at Tullamore, by J. M. Chafee, Esq.

In accordance with the system of nomination to Divinity Scholarships at Trinity College, adopted by the society, the committee of the Home District, in September last, elected from three candidates, Mr. Hugh Cooper, of Vaughan, as a fit and deserving person for the enjoyment of the Home District exhibition of \$120 per annum, for a period of three years, the said sum to be paid out of the annual collection for divinity students' fund made in the churches and stations in this district.

In conclusion, your committee cannot but express their thankfulness to Almighty God, that the cause of the church of the Redeemer has so far prospered in this section of the diocese, and that while in the outer world there are continual ebbs and flows of prosperity, changes, and rumours of change, these disturbing influences have not materially effected the welfare of the church, nor crippled her resources in those various subordinate details by which the visible kingdom of God and Christ is established in this world.

The total collections in the Home District, for this year, amount to \$3211.02.

## SIMCOE DISTRICT.

It is with great satisfaction that the committee have to report the continued prosperity of this branch of the society and the increase of its funds.

Four years since, when the county branch was formed, its income was under \$400; each year has shewn a large increase, and the amount reported for April, 1862, is \$1520 collected, with \$100 still to be sent in from Mono, making a total of \$1620, being four times the amount collected at the period first named.

During the month of January, public meetings were held in twenty places, at all of which some of the county clergy attended, and at some, the Rev. T. S. Kennedy, Sec. P. S., was also kindly assisting, a continued interest was every where manifested, and in many places a great desire for increased ministrations of the church.

In October last, the Rev. A. J. Fidler, who for the previous year had been labouring successfully as travelling missionary in the South Riding of the county, was appointed as resident missionary of Cookstown and West Essa, (a portion of his former charge,) these places having given bonds to the Board of Missions for \$400 per annum, for his salary for five years. The Bishop having no clergyman at his disposal, the travelling mission has since remained vacant, and consequently it was found to be inexpedient to make collections at Creemore, Nottowasaga station, and Mulmer, until such time as the vacancy can be filled; but when this much to be desired object is accomplished, these places will no doubt contribute to the funds of the society with the same readiness shewn last year, and in proportion also to their increased privileges. The people in Mulmer have given bonds to the Board of Missions for the yearly payment of \$400 in order to secure the services of a clergyman for the churches and stations of that township. St. Luke's Church, which is perhaps the central position, is a very neat substantial stone building, quite ecclesiastical in its appearance, and reflecting great credit upon the former churchmen of that part of Mulmer.

The church people of West Essa, under the zealous superintendence of Rev. A. J. Fidler, have during the past year erected a very church-like and commodious frame building, which will soon be completed for divine service.

The Rev. W. M. Ross continues his duties as missionary in the North Riding, though the distribution of his services has been somewhat changed, principally in consequence of Rev. T. B. Read, in October last, having secured the services of Rev. J. Creighton as assistant minister of Orillia, &c., with stipend from Colonial Church School Society, after which time the travelling

missionary was relieved from attendance at some places which he had partially served. He was also relieved from visiting the Muskoka territory, where Mr. Creighton now performs a Sunday service once a month. St. George's Church, Medonte, and the new Church at the village of Coldwater, hitherto in charge of Rev. T. B. Read, and of late jointly served by Rev. W. M. Ross, were at the same time placed under his care, as also Myer's Church, on Penetanguishene Road, which was unprovided for in consequence of the removal to Toronto of Rev. W. Checkly, Principal of Barrie Grammar School, who for some time past had kindly performed a service there.

In connexion with this part of the country, too much credit cannot be given to Mrs. H. Charles, of Coldwater village, for her undefatigable zeal in securing the erection of a small but pretty church in that village.

#### NIAGARA DISTRICT.

During the past year, we have had much cause for thankfulness for infinite mercies vouchsafed to us by our heavenly Father. For the proof of this we need not go beyond our own limits. We have a missionary who, up to the period of his leaving in September last, was entirely engaged, regardless of his personal comfort, in building up the scattered lambs of the fold of Christ in the most holy faith. And the gentleman whom he has left in charge of his mission will not prove himself wanting in so glorious a work, as will appear from the very satisfactory report he has sent to our chairman.

*To the Rev. the Chairman of the N. D. B. of the C. S.*

REV. AND DEAR SIR,—Having been appointed substitute for the Rev. John Stannage, during his absence in England, I have much pleasure in reporting to you on the state of the mission. Divine Service is celebrated at Welland every Sunday morning, and every alternate Sunday the Evening Service is performed at Marshville and Fonthill. I am happy to say I have been able to keep all my appointments, and at all places the congregations have been regular and satisfactory. Notwithstanding the zealous labours of the Rev. Mr. Stannage, sufficient funds have not yet been collected to commence the erection of the church at Marshville. The want of a suitable building is very much felt, as the service is conducted in a most uncomfortable log school house, which is often completely filled. The work, however, is progressing, and there is every reason to hope that the building

will be commenced in the course of the ensuing summer. At Fonthill the services were commenced the last Sunday in December, and have been continued fortnightly. We have been able at a very low rate to secure a very commodious room in which the services are conducted at present. But it is hoped that before the end of the summer we will be in possession of a small frame church. The munificent donation of a village lot has been made by D. D. Everardo, Esq., and by the indefatigable energy of Alfred Willet, Esq., nearly \$700 have been subscribed. From this I think we may reasonably hope, that though, hitherto, all attempts to build a church and establish a congregation at Fonthill have failed, the present one will be successful, and that many who have for years been strangers to her courts will return to their long forsaken church. At my next service there, I hope to baptize and receive into the congregation of Christ's flock 9 children, whose parents, though church people, have neglected this holy sacrament. It is to be hoped that this is only the beginning of a good work. Upon which, that Almighty God, without whom nothing is strong, nothing is holy, may shed his abundant blessing, is the fervent prayer of

Yours, very truly,

(Signed) D. F. McLEOD, M.A.

Thorald, Jan. 30th, 1862.

The Rev. J. Stannage, our indefatigable missionary, has for several years been engaged in the endeavour to recover what was believed to be the legitimate endowment of portions of his mission. To some extent he has hitherto failed; but having obtained from one, who we should trust in such matters, an opinion that he might possibly be allowed to purchase the glebe lots not yet patented, he, with the permission of the Bishop of the Diocese, undertook during the last autumn to visit England for the purpose of raising what funds he could for the purchase of such lands as might form a reasonable endowment for his mission. He has, since landing in our dear mother country, issued an appeal to churchmen, whom we have ever found ready and glad to aid in any work which has for its object the extension of Christ's kingdom in this country. Considering the work he has undertaken we cannot sufficiently thank him for the untiring zeal he is displaying, and we pray that God may prosper "his work and labour of love," and bring him again to his family and his mission.

Your Committee arranged for a series of parochial meetings to be held in behalf of the society, during the months of October and November last. On October 15th, we met at St. John's, Thorold, where we were joined by the Rev. Dr. Read, of Orillia,

and Mr. Graviller, a layman of Tecumseth, who as a deputation from the parent society came, at much inconvenience to themselves, though benefit to us, to advocate the claims of the society in our midst. On the 16th we were at Stamford in the morning, and Drummondville in the evening. In the evening, the Rev. W. O. Jarvis, of W. N. J., and the Rev. Dr. Garrison, of New Jersey, kindly came over and aided us in enforcing the duties of churchmen on our people. On the 17th we went to port Robinson, where we had a good meeting. On the 18th, the Annual Parochial Meeting was held in Dunnville; here we had a large attendance, all appearing much interested in the great work. There we had to lament the loss of the very able assistance of Mr. Graviller, who was obliged to return home after the Port Robinson meeting. On the 21st we held the meeting at Chippawa, where all the speakers present ably advocated the cause of missions. On November 11th, for the first time a meeting on behalf of the society was held at Port Colborne, and though we had not the gratifying assistance of those two gentlemen who were with us at so many meetings in October, yet it was a most satisfactory meeting, inaugurating, as it did, in that locality, a new organization. It was deemed at this time advisable to bring the claims of the society before the congregation, at this growing place, in order that they in their turn might help others as they had been helped. On the 13th we held the Annual Parochial Meeting at Fort Erie, where we were kindly joined by the Rev. Messrs. Montgomery and Wood, of Buffalo, who strongly advocated the cause of Christ and His Church. Your Committee would here record their thanks to those gentlemen who acted as a deputation, and also to their American brethren for their very efficient aid in the same great work. This interchange of good offices strongly sets forth our oneness in the Church of Christ; that however politically divided, we are still one in Him, a union which nothing human can sever. Your Committee cannot forbear recording their sense of the loss this deanery would sustain, were the Rev. T. B. Fuller, D.D., D.C.L., and Rural Dean, to be permanently removed, and they would on behalf of this District Branch Association assure that Rev. gentleman of their earnest prayers that wherever his lot may be cast the blessing of God may rest upon him, and their hope, whenever occasion offers and his arduous duties permit of it, they may still have his able assistance in advocating the claims of the Church Society in this Deanery.

The parish of Dunville reports, "that their collectors with much zeal and diligence have obtained for the Church Society the sum of ninety-five dollars. The amount is only small; nevertheless, it is very encouraging when the circumstances of the

parish are duly considered. There are two pleasing features in the work in this mission; the people are receiving a far better knowledge of the Society and its claims, and many who till lately would not give, now expect to be asked for their contributions, and *reserve* the money, that they may have it when solicited. The committee notice also that some of the poor give far more than the rich in proportion to their means. A widow, who is very poor in worldly goods, but rich in faith, gave half a dollar out of her penury. Some who had given nothing, might as easily have contributed ninety dollars. But one gentleman, who is not wealthy, after paying \$12 to his clergyman's salary, handed to him \$10 for the Church Society."

The parish of Fort Erie reports in all \$82.00. (M. F. \$49.88, W. & O. F. \$16.12, Divinity S. F. \$12.00, Book & Tract Fund, \$2.50.)

The parish of Chippawa reports \$160. Showing an increase of \$8.50 over the amount of last year's annual contributions. Considering the almost total stagnation in every kind of trade and business in this place, much credit is due to the subscribers for their continued support of the Society under such unfavourable circumstances. This association has sustained a severe loss in the lamented death of its late treasurer, James Macklem, Esq., who from its first organization evinced a lively interest in its proceedings, and always took an active part in advancing its interests. His loss as a leading member of our communion will long be felt; but your committee trust that through the divine blessing, the interest hitherto manifested by this branch of the Church Society in the support of its important missionary objects will still be maintained.

The united charges of Drummondville and Stamford, within the parish of Chippawa, report the sum of \$71.58 (W. & O. F. \$5.00, Div. S. F. F. \$9.00, Tract \$2.50, M. F. \$19.75, G. P. F. \$38.32½; of this sum \$15.49½ was obtained in accordance with a resolution of Synod, "that a 20 and 10 cent collection should be made in behalf of the mission fund in October, in each year." It was not forwarded before, as it appeared to be the only instance of the compliance with the resolution.

The parish of Thorold reports \$120.

The parish of St. Catharines, notwithstanding several discouraging circumstances, have pleasure in reporting the sum of \$215.50, being much in excess of last year.

The parish of Louth reports the sum of \$29.50. This increase over last year may be ascribed to a great extent to the very able and eloquent manner in which the claims of the society were laid before the congregation at Port Dalhousie, in a sermon delivered there by the Rev. H. Holland, of Fort Erie.

The parish of Niagara reports \$64.22, being a little in advance of last year. Many of the former subscribers have left the town, and several of the parishoners refuse to give until the congregation is free from debt.

Welland Mission. This branch reports the following, which is most encouraging.—M. F. \$79.81½, S. F. \$1.75, W. & O. F. \$13.55, in all \$95.11½.

Your committee trust that the reports bespeak a growing interest in the cause of the Society. But at the same time they are thankful so much is being done, yet they feel that if a missionary spirit pervaded our people more than it has hitherto done, a larger field might be tilled, the knowledge of Christ more widely spread, and the blessed influences of the Holy Spirit more generally diffused.

#### GORE AND WELLINGTON DISTRICT.

The Managing Committee of the Gore and Wellington Branch of the Church Society of the Diocese of Toronto present their report on this, the twentieth anniversary of the society, with mingled feelings of satisfaction and regret. That the Parent Society has been gaining ground in the confidence and affections of the people; that the annual receipts exhibit an increase upon the former year; that the Mission Board have been enabled to meet their obligations, and to increase the number of their missionaries; and that the Gore and Wellington Branch continues to take the lead among all the district branch associations, maintaining almost entirely out of their own funds no less than five travelling missionaries, traversing eight townships, and serving many Sunday and week-day stations in each, and that its funds are likewise on the increase. These facts awaken feelings of satisfaction in the hearts of all who love the Church of England, and regard her as the great instrument in the hands of God for spreading the knowledge of true religion in all parts of the habitable globe. On the other hand, when your committee reflect upon the amount of work that is left undone, and the inadequacy of the means at their disposal to meet the exigencies of this section of the division, no less than four townships within our own bounds being entirely destitute of the ministrations of the Church of England, and having no organised body to look to for a supply of their wants except the Church Society, (because no public provision is made for such wants,) when they reflect that the harvest is plenteous and ripe for the sickle, but the labourers are few, these considerations call forth feelings of profound regret.

Your committee, nevertheless, would thank God for past success, and take courage for the future. Turning to the Gore and Wellington Branch, we find its annual income averages about \$2,000, by means of which it assists in maintaining five travelling missionaries, the balance of their salaries being made up by the contributions of the people to whom they minister; and your committee would earnestly press upon the attention of this association that for the amount necessary to maintain these missionaries, the Gore and Wellington Branch are responsible to the Mission Board, so that if there should prove any failure in meeting these obligations in any one of the five missions, the most painful results must ensue, and the missionary must be withdrawn.

The income of the Gore and Wellington Branch for the year just expiring (as far as reported) amounts to \$1,585.01 in cash; promises that may be relied upon \$332, making a total of \$1,924, being an increase of about \$100 over the past year, but falling short of the amount estimated for this District Branch by about \$300. How this deficiency is to be made up, your committee are at a loss to conjecture, unless by fresh exertions on the part of those who have failed to meet the amounts expected from them, and also by the remittances of a few parochial associations who have not yet been heard from.

Your committee desire to advert to the fact that the collections in churches for the divinity students' fund within the Gore and Wellington Districts, have reached a sufficient amount to enable the association to nominate to a scholarship in Trinity College, and a special meeting of the Managing Committee will be held in the month of May next for the purpose of receiving the names of candidates, and nominating a suitable person to the vacancy. The privilege conferred by this is an annual allowance of £30 for a period of three years.

#### NEWCASTLE DISTRICT.

In presenting their usual annual report, your committee are happy in being able to state that the several parochial associations have, during the past year, continued their efforts in behalf of the society, and with a fair measure of success. Meetings were held in the early part of the winter in nearly every parish. At most of them the attendance was large, and a desire evinced to further the missionary cause.

#### TRAVELLING MISSIONARIES IN THE DISTRICT.

Your committee feel sure that the gratification expressed by

themselves, will be shared in by all the members of the society in the district, on the appointment of two travelling missionaries to labour within its limits.

In October last, the Rev. R. S. Birtch was appointed to the mission of Durham, and the Rev. John Wood to that of Northumberland. The former gentleman holds regular Sunday services in the back part of the townships of Hope, Clarke, and Darlington—the latter extends his labours over the four townships of Alnwick, Cramahæ, Brighton and Murray. The following extract from the quarterly report of the Rev. John Wood, will give a general idea of the extent of his field of labour, and the spirit in which he has entered upon its cultivation:

“I have at present four stations in four townships. I hold service at Brighton every Sunday, and at the other stations every alternate Sunday. Alnwick is distant from Brighton about twenty-five miles. My services are arranged as follows: Alnwick at 10 a. m., Castleton, in Cramahæ, at 3 p. m., and Brighton at 7 p. m. The next Sunday I take Brighton in the morning and Smith's corners in the afternoon. The congregation range from seventy to one hundred, and are steadily increasing. Subscription lists have been made out and put in circulation for the building of churches at each of the stations, at which four churches will, if possible, be erected during the coming summer; as yet, there is no church building in the mission. The families who attend service are visited as regularly as time will admit. I have had baptisms, 30; marriages, 1; burials, 1.

The missionary in the county of Durham reports, during the half year in which he has been employed, baptisms, 13; marriages, 2; burials, 5; services, 88; visits, 95. He has usually three full services, and travels an average of thirty-seven miles every Sunday. From the regular attendance of the congregations, he reasons a becoming appreciation of the ministrations of the gospel and of the church on the part of the people.

#### REPORTS OF PAROCHIAL COMMITTEES.

##### COBOURG.

The amount collected in this parish in 1861, amounted to 393.09, and in the present year, when the returns are completed, it will not fall much short of that sum. The amount actually returned as paid, or sure at this time, is \$343 24. This parish has also contributed largely to the Church Society through the Sunday collections, for specific objects—those for missionary purposes alone during the last twelve months amounting to \$200.

##### CAVAN.

The aggregate amount collected so far reaches \$107 35, which is made up as follows:

St. John's parochial branch, .....	\$45 35.
St. Paul's " " .....	29 27.
St. Thomas' " " .....	32 73.

## PETERBORO'.

A meeting was held in St. John's Church, on the 23rd January last. The ladies who had for the last year acted as collectors were requested to continue their services, and, notwithstanding the very severe financial difficulties which press especially upon a town which depends altogether for its prosperity upon the lumber trade with the United States, the sum of \$91 53 has been collected. In addition, also, the sum of \$709 has been raised in the parish, for the purpose of paying off the debt due on the church.

## PORT HOPE.

From this parish \$45 60 has been transmitted to the society.

## BOWMANVILLE.

The committee hope to remit a sum equal to that collected last year, viz., \$45 20.

## NEWCASTLE.

The amount of subscriptions for this year reaches the sum of \$100, being in excess of the previous year, by \$20. This gratifying result is due to the efforts of the ladies who, with ready will and earnest spirit, undertook the office of collectors.

## CARTWRIGHT.

This mission has not slackened in its zeal. The committee report \$60 as its contribution to the good cause.

## GRAFTON AND COLBORNE.

Your committee have to report that the customary annual meetings were held in both these parishes on the 5th February last.

The meeting in Grafton was but very thinly attended, having been held in the day time. But the meeting in Colborne, which was held in the evening, was very numerously attended, being, in fact, the largest meeting ever held in that place for the promotion of the society's objects. The church was well filled with a large and attentive congregation, who appeared to listen with much interest to the appeals made by the various speakers, as they advocated the claims of the Church Society upon the benevolence of our people. There were seven clergymen present, including two from the Diocese of Ontario, and this circumstance appeared to give additional interest to the meeting, as evincing a spirit of unity and brotherly love. The missionary feature of our society received due prominence, and much good was anticipated from the due administration of the funds by the Mission Board. The amount raised was cheerfully granted to the

society, when it was known it was to be applied to missionary objects.

In order to assist destitute places in securing the services of the missionary, it was determined at the meeting in Colborne to aid the mission board as much as possible. For this purpose a committee of collectors was appointed, consisting chiefly of young ladies of the congregation, and so vigorously did they set about the work, that many persons were immediately applied to, as they left the church, for their subscriptions, and the result of the collectors' labours has been that *ninety-seven* dollars has been raised and sent to the society.

GRAFTON.

The committee report from this parish \$22 50. These returns, although indicating a slight decrease in the amount contributed last year, affords no grounds for discouragement, as most voluntary associations are subject to such fluctuations. Local wants or changes of residence in contributors, so often occurring in a country like this, may increase or lessen the subscription in particular places, and so effect the general fund. For what has been done let us thank God, and pray his acceptance of our poor offerings, and in faith look forward to a more abundant harvest of good works in years to come.

## MISSIONARY REPORTS.

MANITOWANING, MANITOULIN ISLAND, *May 7th*, 1862.

REV. AND DEAR SIR,—It is with great pleasure that I take up my pen once more to write my annual Report. During the past year two services were held every Sunday at this place. I held two services every other Sunday at the Little Current, a fortnightly service at Shegwaingdot Bay, and a monthly service at Lacloche. These three places are respectively 37 miles, 25 miles, and 17 miles from this place. In winter I travel with a horse and sleigh; in summer I travel by water, using a small boat.

I have to thank the Church Society for their liberal grant of \$60, which they gave towards paying for the printing of the Indian hymn-book, which I prepared last year. The Colonial and Continental Church Society gave £10 sterling, and a friend of mine gave \$10 for the same purpose.

The Indians are in a tolerably prosperous condition. Most of them under my charge live in houses. They dress like the whites; they live principally on fish, Indian corn, and potatoes. A few keep horses, oxen, cows, pigs, and poultry. All are chiefly employed in cultivating the ground.

Whenever I am at home, I teach the Indian children each day of the week, except Saturday, for an hour and three quarters. I teach them to read English and Indian. Some of them are now able to read the Ojibwa New Testament.

The Bishop of Toronto held a confirmation at the Little Current, on the 6th of August last year. The candidates for confirmation that I had here went to that village, as it was the Bishop's wish that all the candidates I had in my mission should be confirmed in one place. Ten persons were confirmed; of these seven belong to this place, and the others to the Little Current. On the 5th and 7th of October, a council was held here by two gentlemen who were sent by Government to speak to the Indians about the Manitoulin Island. About 130 Indians were present. They were told that the Island would be surveyed, that each family would get 25 acres of land and a deed, and that the remaining portion would be settled by whites, and they were asked to acquiesce in the wishes of their great father the Governor-General. Most of the chiefs rejected the proposition that was laid before them. The mission of the two gentlemen was therefore a failure. For my part I should be glad if the island was surveyed, and if a part of it was settled by whites. The

Indians would derive several advantages from the whites living among them; but each family should get a great deal more than 25 acres, which is plainly insufficient. They should also be offered ample remuneration for the land they are asked to surrender.

We held our annual missionary meeting on the evening of the 4th of March. The attendance was good, considering that the weather was very inclement. Four speeches were made. A subscription list was then made out, and the names of all who wished to subscribe were taken down; what was subscribed amounted to \$52.93½. The Indians said that as they had no money they would give maple sugar, when the sugar season arrived. They have since brought their sugar. The total amount that has been collected is \$56.29; of this sum \$37.39 have been spent in the mission, the balance, viz., \$18.92, I now enclose to you.—In this is included my annual subscription of \$5.00

In looking back on the past year, and in thinking of the missionary work here I rejoice and am thankful. God has been pleased to bless my work in some measure. Some of the members of my congregation, who before appeared indifferent about religion, are now awake to a sense of their duty, and are endeavouring to serve God in truth. Some who before came very seldom to church, now come very regularly.

Sometimes I feel discouraged while labouring in this part of the Lord's vineyard. The work does not make that progress which I should be glad to see; the field is large, but the labourers are few. Will not the society do more for the Indians? Let greater efforts be made to promote their spiritual well-being, let greater assistance be rendered them, let missionary stations be established in different parts of the lake where are heathen Indians, and let catechists and schoolmasters be appointed to take charge of these places, and to labour for the evangelization of the Indians. Other denominations of christians have many agents who labour among the Indians, and we have only a few. Is this state of things to last longer, or will there not be rather a change for the better? We should have a schoolmaster at the Little Current, and another at Shegwaindot Bay. A travelling missionary might be appointed to labour among the heathen Indians at Maple Point, Spanish River, and Serpent River, which places are too far from here for me to visit them occasionally.

Wishing the society abundant success in the good work they are engaged in,

I am, Rev. and Dear Sir, Yours very truly,  
PETER JACOBS.

## THE REV. JAMES CHANCE'S REPORT.

Garden River, May 22nd, 1862.

REV. AND DEAR SIR,—I have much pleasure in stating that, since my last report, we have received a visit from our venerable diocesan. At his Lordship's request, I took a small boat with two Indians and met him at the Bruce Mines, where his lordship intended to hold a confirmation. This, however, owing to the steamboat, was found impracticable. There would have been many candidates at the Bruce and Wellington Mines, if more time could have been devoted to preparation, and if the Bishop could have carried out his intention; but it was very late when the steamboat arrived, and the captain had to leave very early the next morning; so anxious however were some few of the candidates to be confirmed, that they resolved to go to the Sault, and went on board the boat nearly at midnight so as not to lose their passage.

His Lordship held a confirmation at the Sault on the Sunday morning, and in the afternoon he came down in a small boat to Garden River, where he confirmed 22 Indians, and afterwards consecrated the burial ground.

On Monday, before the steamboat returned from the Sault, his lordship was fully occupied with the Indians. One poor woman, who was a candidate for confirmation, but had been prevented from receiving the holy rite by the sickness of her child, came with much apparent anxiety to ask if the Bishop would confirm her then. His Lordship kindly consented, for which the poor woman seemed truly thankful. His Lordship was afterwards waited upon by a deputation of the Indians, consisting of the two head chiefs Angista and Puhquidgerene and principal men. The object of the deputation was to thank his lordship for his visit, and to plead with him on behalf of their fellow Indians who are living along the north shore of Lake Superior. They felt grateful (they said) to God that He had put it into the heart of the Bishop to send them a missionary, and that through the grace of God they had been made partakers of the rich blessings of the gospel; and it was the sincere desire of their hearts that their fellow Indians should be made partakers with them, and they humbly prayed that the Bishop would send missionaries to their brethren in the north. His Lordship listened very attentively, and very kindly replied, expressing the deep interest which he had felt and continued to feel in the social, physical, moral and spiritual welfare of the Indians, and announcing his intention of doing all in his power for the benefit of the Indians so long as his life should be spared. The deputation then reverently knelt down whilst his lordship pronounced the benediction.

Before the steamboat arrived all the Indians headed by the chiefs with a flag came to shake hands with the Bishop, they afterwards walked down to the wharf where, as soon as the steamboat left, all the braves fired a parting salute, (the Indian custom of shewing their respect to great people,) which was acknowledged by the Bishop and Sir J. B. Robinson, to the great satisfaction of the Indians.

During the winter I have paid several visits to the Indians in different parts of this extensive mission. At Gonlais Bay on Lake Superior, the Indians there both christian and pagans were very glad to see me, with one exception only. I had service twice on the Sunday, and evening service every evening whilst I remained with them. In the day time the men were occupied in fishing. Every morning, if the weather was favourable, they would be seen emerging from their log huts, and taking their sleds, blankets, lines and spears, proceed to different parts of the bay, and each one select some spot where he fancied he should be most successful, there he would clear away the snow with his snow shoes, and then with an oar or chisel cut a square hole in the ice, and commence angling or spearing according to his choice; if however he intended to spear he would fix some twigs in the ice over the hole, in an oval shape, and cover them with a blanket to exclude the light, and then kneeling down putting his head under the blanket, having in his left hand a line with a decoy attached, and at his right hand the spear ready poised for action, he would watch for the fish, and whenever one came within sight the Indian by a very skillful use of the decoy was almost sure to attract the attention of the fish and bring it within his reach, when he seldom failed to secure it. I visited the Indians from place to place, sometimes sitting down by an angler and sometimes kneeling down, putting my head under the blanket opposite to the spearer, and speaking to them concerning the things which pertain to their everlasting peace. There was one big savage looking man whom I could not induce to attend service, I talked to him day after day, and urged him to embrace the christian religion, but he manifested the greatest unconcern. I was afterwards informed that this man was, many years ago, at the baptist mission on the American side at the Sault, and was immersed by the missionary, but some time after he was taken very sick, and his pagan relations being greatly alarmed, sent for the medicine man and juggler, who gave him some medicine and went through some heathen ceremonies, by which means it was said he was restored to health. The medicine man told him that his sickness was owing to the fact that he had forsaken the religion of his forefathers, and that now as he was restored to health he must renounce the white man's religion and

return to paganism. He followed the medicine man's advice, and seems resolved to live and die a pagan. All the other Indians at the bay, I think, were thankful for my visit, some to shew their gratitude offered to give, one some fish, and one man made me a present of a beaver's tail, which is considered the most delicious part of that animal. The first night which I spent at the bay I witnessed a very encouraging and cheering sight, I was at the chief's house, which like all the other houses consists of one apartment only, and when it was time for the children to go to bed, the little boy and girl, of their own accord, knelt down at their mother's feet, put their little hands together and offered up their evening prayers to God.

A short time since I went to a very distant sugar camp to visit two sick people, a man and his son, who are gradually wasting away in a lingering consumption. On my way I called at the sugar camps of our churchwardens and asked them to accompany me. As we had a well beaten track we made great progress until we came to a river, which we had much difficulty in crossing, for the middle of the river was open, but both sides were covered with ice. There was a log canoe, but it was not much better than a tub; it would however have answered the purpose of a ferry boat very well, if the river had been free from ice, but as the middle of the river only was free, it required a Blondin's skill to maintain one's equilibrium in embarking and disembarking without capsizing. The sun had set before we crossed the river. As we proceeded the track became less distinct, and as the darkness increased we lost the track completely, and being unprovided with snow shoes the walking was excessively fatiguing. In some places the snow was hard enough to bear us, but in others it was soft and we sank down; we were well nigh exhausted by the constant effort, when, to our great joy, we discovered a track which we followed until we came to a wigwam, where we rested for a time. The chief inmate of the wigwam was like Jonah, (though from a different cause,) angry with God, who, he thought, had dealt very hardly with him in taking away two of his children and in afflicting his wife. He was not very glad to see me, and remarked that it was a late hour to be visited; nevertheless, I had a serious conversation with him. The wigwam which I wished to visit was not very far distant, there we received a very cordial welcome from the whole family; after partaking of some bread and tea which I took with me, (for the Indians were very poor, having only potatoes and sugar to eat,) we commenced service by singing, in Ojibwa, that beautiful hymn of Cowper's, "Jesus, whenever thy people meet," and I think all of us felt that Jesus was indeed in the midst of us, and that it was unspeakably good to be there.

The sick people were very much cheered by my visit, and the father expressed his heartfelt gratitude. We remained with them until midnight, but for want of accommodation we could not sleep there, and so we prepared to return. The people advised us to return by their road to the bay and cross on the ice, which they said was quite safe; we followed their advice, and taking torches made of bark, to light us through the bush, down the hill on the bay we set out. When we reached the tent of one of my companions I was very tired, his good wife, Mrs. Wahbemama, (Mrs. Turtle Dove,) was fast asleep, but he awoke her and she made me a bed, on which from excessive fatigue I slept for an hour or two, but the cold was so intense that I could not sleep any longer. I was not surprised to find the Indians sleeping soundly, for they are naturally more impervious to cold than we are. So I resolved to continue my journey homewards, leaving my friends in the enjoyment of undisturbed repose.

I cannot conclude my letter without expressing a fervent hope that your society will speedily be in the possession of means to extend its operations among the Indians in this region, and so discharge the debt which our beloved church owes to them.

We intend to have a collection here and at the Sault, at Easter, and to do all that we can for the society, and we will earnestly pray that all the members of our church in this diocese might be disposed to do all they can, and then the necessary means will be forthcoming. I should be exceedingly glad if the society could also send a missionary to the Sault or a catechist to assist here so that I could be at liberty to do more for the Sault. I have lately been corresponding with a very respectable and intelligent half-breed, who would be glad to undertake the duties of a catechist among the Indians if a salary could be secured for him. I would earnestly recommend the society, however, to send a missionary to the Sault before the place is occupied by the Methodists.

I purpose calling a meeting at the Sault, at Easter, to ascertain what the people are willing to do towards the support of a minister, and will communicate to you the result.

I remain, Rev. and dear Sir,

Yours very truly,

JAMES CHANCE.
