REDUCED RATES OF PREMIUM-HALF CREDIT RATES OF PREMIUM. CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company's ansacting business in Canada.

The Directors have also essolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so when the substantial Policy Holders in the United dish by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

The mornings of Mondays, Wednesdays, and Fridays.

The establishment of this Line will enable the Merchants of Canada West to remain throughout the business day in Montreal, and to reach their homes almost as early as if they had gone by the Mail Line at noon, and connecting, as the Boats will do, with up and down Express Trains at Ogdensburgh, they will afford direct conveyances for Passengers and Freight between the Canadian Ports and the Eastern States.

It is deemed unnecessary to dwell upon the advantages of First Class Steamers passing direct from the head of Lake Ostrario to Montreal, and vice serse, over those of Lines that involve a transhipment (on the downward trip) at an unseasonable hour in the morning.

In compliance with a generally expressed wish, on the part of the public, a separate charge will be made for mesle.

AP The Line will be commenced by the HIGHLANDER leaving Montreal on TUES. DAY, the 26th instant; the CHAMPION on THURSDAY, 38th; and the MAP FLOWER will be out next month.
