FREDERICTON, MARCH 16, 1880.

Suppose some of those people who have been reading the STAR for nearly two years without paying for it were to bring us a load of wood!

There is nothing so important in a public man, especially if he be the leader of a party, as backbone.

THE ST JOHN CASE.

If the St John members have the courage to bring forward their resolution at all, it cannot be very far off now. It is just as well that members who have the interests of the Province at heart, should be prepared to meet and combat the arguments that Mr Elder will bring forward. They will likely hear one of Mr Elder's very best speeches; for if report speak true, he has been writing it the past fortnight.

Great stress will be laid on the commanding position of St John, its wealth and its population; though the same man who will tell all this, not many days ago wrote, and wrote truly, that St John was bankrupt, and that her people were leaving for other parts by every train and by every boat.

The House will be told that it costs enormous sums for lawyers to bring their cases to Fredericton, but those before whom such an unworthy argument will be used will readily be able to see that it is the interests of the Province, the interests of the producer and the taxpayer they have to consider, not the trifling inconvenience and unimportant loss to a handful of lawyers.

As to the advantage of having the departmental offices established in St John, it will be difficult for even Mr Elder to persuade the House that such is the fact. The chief office in Fredericton in the respect of visits by persons residing neither in St John nor in Fredericton, is the Crown Land office, and this is situated as near as possible to our settlement lands. If it were in St John it would be as we said before convenient only to the few acres of swamps and miserable bushes in the Parish of St Martins.

As to the expense of maintaining a Government House here and the way St John proposes to do it, Mr Elder will not we hope dare test the credulity of the House to the insulting point. To speak of "hiring a residence for the Governor" of the Province is to insult the intelligence of the Legislature; to endeavour to pawn off arguments upon a body of intelligent men that one could not use with impunity to a lot of school boys.

The St John scheme in this respect is this: "Promise a House to the Governor at the city's expense; but once the change is made let the Province provide him a house."

The next point is the economical manner the Government will be conducted under the eye of the St John people: the York Pointers, the Marsh Road gentry, and the Sheffield Street folks, we suppose being included in this list. Well, for every dollar it takes to conduct these offices here, it would cost a dollar and a half to conduct them there. The tendency of large places at any rate is to beget offices, and before a year we should have petty departments springing up out of the main departments; the expense of which added to the increased salaries of officials would bring the increase up to 50 per cent.

Under this heading we should deal with the cost of legislation, and the increased allowance to members to compensate for the increased cost of living in St John.

But the greatest is behind: the cost of putting up new buildings in St John and removing the old capital. This Mr Elder has so glomered over, that while the cost may go up to half a million, it

will stand the Province hardly anything. It will be half a million in one way, that is the way you and I look at it, but in the way Mr Elder will show it up it will amount to absolutely nothing! He will show you he can issue bonds, bearing 5 per cent interest, and that said interest will not be equal to what you pay for repairs of buildings, etc., in Fredericton every year. Fortunately Mr Elder will tell this to a lot of shrewd business men, men who know that for every thousand dollars—for which the Province issues bonds she is that much in debt plus the interest on those bonds; and that the HALF A MILLION it will cost to gratify the greed of two or three lawyers she will have to be paid back SOME DAY with interest: and that by the sweat and toil of those people who get nothing out of the lawyers and less out of St John.

The House knows what its duty is to its own conscience and to the country without hearing at all from us; and while we have not the slightest doubt, as to the result, nevertheless we have given the above skeleton, as it is with such arguments those who are watching and guarding the interests of the Province will have to deal.

The city of St John will not back the pettifoggers and the unbalanced newspaper men.

THE GRAND SOUTHERN.

It appears after all that if the Grand Southern Railway is to be "burked," it will be done not in the interests of the Province, but of an Englishman here whom people call "Murray Kay." Last week a Committee of the House met and after having enquired into all matters in connection with the project, were about submitting a report favorable to the road. At this juncture a telegram came in from some henchman of Mr Kay's, asking that the committee withhold its recommendation (ill after this busy-body had shown cause against the Grand Southern. At the same time pamphlets, without a name, but opposing the Grand Southern were placed by unseen hands upon the members' desks.

This worthless scheming must fall far short of its object, and to this end we take pleasure in bringing it to light. When the House comes once to see that it is expected to vote down the Grand Southern and ruin its promoters not for the country's sake, but in the interests of Mr Murray Kay, it will very soon show that impertinent gentleman that he mistook the intelligence of the House when he thought to win them from the path of duty and justice by such despicable, low lived means.

And when Mr Blair utters his protest against the Bill, the House will readily be able to understand that in honor and honesty he could not do otherwise: being Mr Murray Kay's paid Councilor from the first in this transaction. To go back on his clients would be disreputable and unpardonable in Mr Blair. We must therefore expect his opposition to the road.

The St John Kearney's are now the laughing stock of the House.

A DELEGATION OF SUBURBAN NATIVES, VS. THE GRAND SOUTHERN.

"Abraham Brown is come to town, A riding on a Pony."
 Two ordinary countrymen and two country men who were not ordinary countrymen, but Councilors came into town last week, not exactly on ponies, but on a pair of bob-sleds. One of them Glendonning by name had a sheet of paper, torn on the bias, and upon this triangular piece of paper, he had a kind of a petition drawn up. The petition was for Mr A. G. Blair, who on looking at it had to move his head over his shoulders to grin, and the gist of it was that he would oppose "this 'ere Grand Southern Railroad."

We do not know who has been tampering with these men, or how they look upon "this 'ere Grand Southern" Railroad. They have likely got into their heads that this road is going to run through their farms and spoil their land and kill off their cattle. We assure them nothing of the kind is intended. The road will not be built through their farms, nor will it run near York at all. It commences at St. Stephen and runs to St. John; and whoever told these farmers and Councilors that it was to run in any other direction ought to feel ashamed of himself. The delegation returned, delighted to have found out that neither their land nor their cattle is in danger.

THAT PEDIGREE BILL—INFRA DIG.

Mr. F. P. THOMPSON introduced a Bill last week providing for some mode of preserving horses' pedigrees. The best way we know of that the House member could serve the equine race, would be by studying the business of a groom, spending his time in the stable with the curry comb and brush, and leaving politics alone. We are not disposed at all to joke over such a vulgar bill as this; but we do feel disposed to censure the House for admitting a document like it at all. We look upon the admission of such a Bill, as we looked upon the admission of D. Banks McKenzle to the floors of the House two years ago. We think the dignity of the Legislature should never be forgotten.

As it gives importance to a falsehood to contradict it, we shall not deny the malicious insinuations the Sun makes about the tenders for Parliament Buildings.

FOREWARNED IS FOREARMED.

THE SCHEME NOW IS, MOVE THEM SECTION BY SECTION.

The St. John Advocates yesterday had not made up their minds whether they would propose a compromise or await the result of their resolution. Belial, in the original, did not counsel war, but he favored wiles. Mr Elder was somewhat in favor of proposing that "St. John take the courts, and Fredericton keep the Seat, and that the buildings be repaired." Other counsel prevailed, and they decided to launch the resolution, and if it failed to "then go for repairing;" and also take the courts. Their little scheme is quite plain, and it is this: Let them once get the Courts and make St John the "legal" capital, and next year or the year after they will say, "We have the Courts here now, then let us have the rest,—and thus would they move them "section by section."

The duty of the House therefore is plain. Give St John an Equity Sitting, discretionary with the Judge: build here a neat brick building costing about \$50,000 and end this scheme which, by some turn of circumstances, may else at no distant day bury the Province in debt, and place us at the mercy of St John.

[Mr. Ryan has given notice that he will on Thursday next move a resolution providing that a building be prepared, during the session, at Fredericton. This is the way to end the suspense, and put Mr. Elder on the negative side.]

The bottom has fallen out of the St. John scheme!

CLOSING THE NEW BRUNSWICK RY.

Mr THEBRIAULT the nominal member for Madawaska has moved for a committee of the House to enquire into the running of trains on the New Brunswick Railroad, and we believe petitions have been sent in asking that the Company be compelled to put on trains.

It might be just as well that the House and the committee knew something of the motives of these petitions and the motion made by the non-resident member for Madawaska. The Obstructionists are at the bottom of the agitation. By obstructionists we mean those malicious persons who have persecuted the road since the moment the first train was put upon it. They live along the line between Grand and Little Falls, and their handiwork is chopped-down culverts, broken rails, huge stones and sticks laid across the track. These monstrosities have not escaped the country's ear, and at times they were carried so far that few could be induced to travel by the railroad. It is well to know these are the people whose names are to be found on the petitions which Mr. Thebriault is ready to present, praying that the line be opened.

There is another petition also, and it comes from Grand Falls. It denounces the originator of this petition is the notorious Mr. Fred W. Brown. He hovers because the road is closed up, yet when it was open he came by horse and sled to Woodstock. This man is a bitter enemy to the road, and is now not moving in the interests of the public, but to gratify personal spleen against the owners of the railway.

We are not apologizing for the Com. pany, but we are stating the facts, that the House may see it is not those who contribute towards the freight and travel of the road, and who are benefited in return, that now agitate for its reopening, but the miscreants who, to carry out their hate against the owners would persecute themselves and endanger the lives of innocent persons. The Branch will be opened the 1st of April, for which we think the conscientious people along the line ought to be, and will be grateful.

The St. John press is dumb as Balaam's ass at that "meeting."

"RISUM TENENTIS AMICUM"

We have been credibly informed that a delegation has been appointed in the city of St. John, but not of it, to proceed to Fredericton; much in the same capacity of the three Tooty Street Tailors who resolved themselves into a committee of the whole and promulgated their inexorable law, "We the citizens of London &c." Or as an apt illustration we are reminded of a caricature given by Horace on a different subject. The head was of brass, the body of wood, and the feet of clay, if we remember correctly and subsequently the whole thing tumbled down and became a heterogeneous mass.

This delegation is appointed and instructed to proceed to Fredericton to—will we say lobby or bribe the members of our New Brunswick Legislature into the adoption of certain measures? The people of St. John or rather those who are supposed to represent them, must think that the days of Walpole have returned, when every man was supposed to have his price. This annual begging excursion from St. John has always seemed to us a direct insult to the members of our Legislature. Is it not an unquestionable proof that they regard and treat the representatives of the people of this Province, as so many automata that may be worked by certain machinery? Have those men no minds of their own? Are they not competent to decide intelligently all questions that may present themselves for their adjudication without having external influences brought to bear upon them? The representatives of this Province should long ago have resented such an insult.

HOW THEY WILL STAND.

The very best case those who hope the wildest for St John is as follows, counting out the Government:

From St John,	4
" Kings,	2
" Westmorland,	1
" Albert,	2
" Kent,	1
Total,	10

And be it remembered not one of these ten is voting from his convictions. The four from St John will vote partly out of love for themselves and partly out of fear for their positions: Kings' vote will be the result of similar feelings. Westmorland will give her one vote because Mr Killam has a personal interest in St John, and because he does not trouble himself, never has, with the interests of the Province. Mr Turner, it is said, we don't know how truly, "is so fixed" that "he can't get over voting St John;" and he takes Mr Lewis with him. Mr Sayre is rather a curiosity in his way, and it would be difficult to tell what interests make him lean to St John: certainly they are not the interests of the Province.

Mr Blair is more than anxious about the result and more than jubilant in anticipation. He is under the impression that Mr Wedderburn and Mr Marshall will have to resign. Upon this he can make his mind easy: these gentlemen will not resign. The vote will be taken, Mr Elder's amendment will go to the wall, the temporary party breaches will close; Mr Elder will once more come back to the Government; Mr Ryan will repeat him of having been guided by rumors instead of by justice and judgment, and he will gradually come back to the path from which he has strayed a little. Mr Killam will not come back, and we think for the very best of reasons: the Government don't want him.

Yes, in a day or two the present little squall will have cleared away, harmony will be once more restored, but the highly colored hopes which have kept Mr Blair agitated for the last ten days, will be seen through the clear atmosphere, stranded high and dry. So be it.

GENEROSITY—FALLEN BAR-OMETERS.

The St. John delegation returned yesterday, and we learn they have made up their minds not to disturb the Seat of Government just now: but will be satisfied with having the Courts removed to St. John. This no doubt would be a matter of great rejoicing to one of the delegates, Mr. Ritchie, for example. That gentleman must have always considered it great hardship to bring a cause from St. John, for in our remembrance he has never yet tried a case in a Fredericton court. We ought to be very grateful to St. John for their consideration in being "satisfied" with the Supreme and Equity Courts at the present, and no doubt we are!

But some are not so gracious as this and assert that it will be some years yet before Mr. Ritchie and the rest of the anonymous lawyers of St. John will have the pleasure of listening to Messrs Thompson, Tuck, &c., pleading Equity and Supreme Court Causes, before a St. John tribunal. And we are much of the same way of thinking ourselves.

DELEGATIONS.

St. John alone affords the only annual offering of which we have any recollection. She seems to regard herself the center of the universe or rather the "hub" of New Brunswick, forgetting that she lives from without rather than from within. Left to herself she would be a rock lashed by wind and wave. Were the people even worldly wise, their interest would be to encourage external resources.

We are not disposed to believe that the representatives of this Province will allow its most sacred interests to be controlled by a few lawyers who would charge their clients the same if not more, were the change for which they cry out granted them, and a few Micawbers, who have nothing to do and are only waiting for something to turn up.

BUYING OUT THE "SUN."

The Sun says that after the "Capital" question is disposed of, Mr Blair will move his want of confidence.

Last winter when the Sun had hopes of raising stock and getting its old claim settled it called Mr Blair an "Indian," and ridiculed his party. It looks now as if the Sun had been bought over to the "Ingun" party. We congratulate the Opposition on their purchase! To buy Mr Livingstone is to alienate Mr Elder, for that gentleman could not recognize a party that the Sun would support. We therefore again congratulate Mr Blair, and Mr Butler, and Mr Killam, and Mr Cottrell, and Mr Fred P. Thompson.

RUMORS AT OTTAWA.

It is reported at Ottawa that after the session, Mr. O'Connor retires to the Bench, and Mr. Costigan takes the vacant Postmaster Generalship. In that case Mr. Costigan would likely represent an Ontario constituency. A portfolio for Mr. Costigan is only a matter of time; and the reward will be a just recognition of wide abilities and rare consistency.

A DOWN TOWN MERCHANT

Having passed several sleepless nights, disturbed by the agonies of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the children. She was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents went to sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence, he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the result, and when the child was again ill, she at first resorted to the deception practiced upon her, but continued to use the Syrup, and suffering crying babies and restless nights were disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 25 cents a bottle.

Brown's Household Panacea. Is the most effective Pain Destroyer in the world. Will most surely quicken the blood, whether taken internally or applied externally. It thereby more certainly RELIEVE PAIN, whether chronic or acute, than any other pain alleviator, and it is warranted double the strength of any similar preparation. It cures pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, and ALL ACHES.

Brown's Household Panacea should be in every family. A teaspoonful of this valuable combination will thereby more fully used by physicians, and found to be absolutely sure in eradicating worms, so hurtful to children. Twenty-five cents a box.

MUCH SICKNESS. Undoubtedly the ailment attributed to other causes, is occasioned by Worms. Brown's Vermifuge Comfits, or Worm Lozenges, although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be absolutely sure in eradicating worms, so hurtful to children. Twenty-five cents a box.

DELICATE WOMEN, Pale-faced, Sickly Children, the Aged and Infirm, alike are benefited by the Strengthening and Blood Making Power of "Harrison's Quinine Wine and Iron." It stimulates the circulation, improves the Appetite, and removes all impurities from the Blood. It is the best medicine you can take to give you lasting strength.

THE HORRIBLE, UNSIGHTLY, BLOODY, AND PAINFUL, CORNER OF THE EYE, COLORLESS COMPLEXION can be QUICKLY and EFFECTUALLY replaced, by a CLEAR HEALTHY SKIN. The remedy is CERTAIN and EASILY PROCURED, and is simply "Harrison's Quinine Wine and Iron," taken according to directions. Try one bottle and be convinced. Price 50 cents per bottle; 6 for \$2.50. For sale by all druggists.

Advertisement. A choice lot of domestic FINWARE, Kitchen Furnishings Goods, for sale very low at J. & J. O'Brien's, corner Queen and Carleton Streets. Globes and Gasburners of the most approved styles to be disposed of at "Rock-Bottom" prices. Also, a quantity of Gas-burners prepared to do all manner of Gas-fitting and Piping for Gas, Water and Steam, at reasonable rates. Gas Fittings, etc., etc., at remarkably low prices at J. & J. O'Brien's, Dec. 27--if.

Local Matters. Lectures. Rev. M. R. Knight delivers the next lecture of the Gibson course, in Logan's Hall to-morrow night. His theme is "A Solar Midday." The subject and the lecturer should command a full house.

Baptism. Sunday evening sixteen candidates were received into the Methodist Church—the baptismal rites being administered by Rev. Mr. Evans. Assisted by Rev. Mr. Daniels.

Reproachful. Through the kindness of Mr. Landry a change has been made in the quarters of the press representatives in the House, and a site secured where a much better hearing may be had.

Subaqueous. Sunday morning in the river opposite St. Mary's eight candidates for admission into the Free Baptist Church were immersed by Rev. Joseph McLeod. At the close of the morning services in the Calvinist Church, eleven persons received the initiatory rites at the hands of the Rev. Mr. Hughes.

An Invention. Mr. C. E. Friel of St. Mary's, has just finished a model for a patent potato digger. It is a marvel of ingenuity and as far as we can judge seems destined to effect a revolution in this branch of industry. The Government has granted a mechanical patent for the United States and Canada.

Bears. The Telegraph says 631 bears yielded up the ghost last year. The number to this total was the County of Northumberland, which supplied 118, York furnished 90; Queens, 88; St. John's, 85; Westmorland, 42; Restigouche, 29; Victoria, 22; Westmorland and Carleton, 23 each; Kent, 22; Madawaska, 15; Albert, 15; while Kings contributed only 7 bears to the total and St. John only 4.

Another Horrible Crime. Portland has turned out another horrible crime. This time too it is a young woman who to hide her shame and troubles takes a dose of carbolic acid, and dies a few minutes afterwards. The name of the unfortunate *felix deus* was Margaret Gillespie, aged 26 years. Several years ago she fell in love with the dark young man, and a few days ago gave premature birth to an illegitimate child.

Local Legislature.

MONDAY'S PROCEEDINGS.

MORNING SESSION.

The Bill introduced on Friday last entitled "An Act to declare legal proceedings of the County Council of the Municipality of Reshigouche," was read the second time. The House went into a Committee of the whole, Killam, Chairman, and reported on the better preservation of the record of Horse pedigrees. The committee appointed to take this Act into consideration reported progress and asked for a sitting on Monday.

On motion of White, seconded by Barrie, White, Barrie, Black, Lynott and Morton were appointed a committee to consider all matters relating to the public printing of this Province.

The House went into committee of the whole, Ryan in the chair, on a Bill entitled "An Act to alter and amend chapter 91 of the Consolidated Statutes—Fences, Trespasses and Boundaries." The Bill was read a first time.

By leave, Mr. Johnson brought in a Bill entitled "An Act relating to the qualification of electors under chap. 99 of the Consolidated Statutes—Municipalities" which was read a first time.

Butler by leave brought in a Bill entitled "An Act to provide for biennial elections of County Councillors" and the same was read a first time.

Report of the expenditures in connection with Vice Royal reception was handed in by the Commissioner.

Fraser laid before the House a report from the President of the University of New Brunswick, on the educational state of that institution, and the Collegiate School for the year 1879, with return of the income and expenditure in connection with the former and also return from Peoples Bank for period ending 27th August, 1879, and Feb. 25, 1880.

A committee composed of Theriault, White, Ritchie, Blair, Davidson, Sayre and Barrie was appointed to investigate matters in connection with the running of trains on the New Brunswick Railway, with particular reference to the causes for discontinuing the running of trains in that part of the road lying between Aroostook and Edmundton.

Fraser on leave being granted brought in a Bill entitled "An Act to repeal Chapter 42 of the Consolidated Statutes relating to attachment of real estate." The Bill was read a first time.

Barrie by leave brought in a Bill entitled "An Act relating to the killing of Caribou," which received a second reading.

The House went into a committee of the whole, to take into consideration the repeal of the attachment law.—Mr. Willis in the chair.

Attorney General reviewed in detail the necessity that existed on account of the imminent repeal of the Insolvent Act in the Dominion Parliament, the relation that existed between the operation of the two and the general feeling throughout the country in favor of its abolition.

Blair objected to the bill as not giving anything in lieu of the privileges enjoyed by the transacting parties at the time the transaction might have been made—the Government has suggested nothing whatever to supply the deficiency, and he complained that the rights of creditors, especially, were being ignored in this way.

He was willing to acknowledge that the Attachment Law had led to more corrupt complications than any other law that had ever been placed upon the Statute book.

Hannington contended that though by this process vengeance might be satisfied, little benefit was derived to the country. The Attachment Law had been the great source of insolvencies and fraudulent transfers were the rule.

Morton showed that the operation of the law was most disastrous and should be wiped off the Statute book.

Richey thought that in consideration of the action of the Dominion Government, whatever the previous terms of the act may have been, it must follow the action of the Insolvent Act.

Bill thought the operation of the law entailed too great an expense. Those who were speaking, no such thing in this country as the debtor and creditor parties were so poor as to have some one else and few were exempt from liability in some form. The system now for the collection of debts was a disgrace to the country and the approach of the sensible ingenuity of the Anglo-Saxon race. Customarily it cost from one to three per cent.

TOO FAST.

[For the Star.]

We were surprised, we must confess, at the parliamentary course adopted by Mr. Ryan, the other day, in charging one of the heads of our departments with dereliction of duty. The proper course would have been, to our mind, to have addressed the charges to the papers in connection with the Crown Land Department in relation to his locality.

The impulsive manner in which it was made led us to believe, that there must have been something within that had become too powerful to contain itself. We once heard or read of a man who had received a six penny bit to keep a secret. He did his best for a long time but found at length, he could not contain himself. He honestly went to the man who gave it and said: "There take your six penny bit—I would burst it I keep it." After relieving his conscience of the obligation, he let it out and what was it? "Mr. O'Callahan told me sir, that Mr. O'Dell told him that Mr. Winslow was a man, who did not know about a man, whose name he could not remember, who told another man, that something or somebody had dug a tree on the margin of the said Mr. O'Callahan's name."

The first question that suggests itself to us, is the Surveyor General ubiquitous? If so, he ought to be everywhere and in every place at the same time. Are the members of the Government now or have they ever been practical? I would simply refer to Mr. Perley—he knows more than perhaps he would like to tell. There is one thing which he will, we dare say, not deny that in olden times the poor lumberman was wont to work hard and labor. The Government has been; we must admit, always very lenient and indulgent. It was and is only when a trespass is reported to them, that they take action.

Order is, we must admit the first law of nature, to which all must submit, *solus cunctis*, and the world within our grasp is a chaos. Our lumbermen say with ourselves, that God gave them those primeval forests as a source of life, and that no power on earth has a right to deprive them of it, and that power is directly derived from God.

The doctrine which we teach has been practically carried out for the last fifty years. Our lumber is our harvest—richness and life. Let us be merciful to those who labor and toil through the frost and snow, during the dreary winter to make a living not only for themselves but for us.

MORTUARY.

We have to-day to record the death of Rev. Mr. Stevens, a man whose departure from our midst, is felt to be a loss to the community, to those who deferred from him in creed as well as to those who deferred from him in the capacity of Pastor and Minister. During the brief period of his labors in this city he made fast friends of all who noted his whole souled and temperate earnestness in the sacred cause, and his readiness to assist in every unselfish endeavor which had for its object the uplifting of humanity, and the progress of Christian work.

Brotherhood, thoroughly conversant with those landmarks of theological contention whose obscure identity has proved so susceptible of important argument, as well as so fatal to the growth of the church, he avoided the consideration of ceremonial intricacies and his views as the result of intelligent study governed by true Christian Charity, carried conviction with them, and earned for him a well deserved reputation of an honorable and zealous follower of the great master. Com. Rev. Mr. Stevens was born at Gasperaux, Kings Co., N. S., and went through the regular course at Acadia College, and received his theological education at Newton Centre. In June 1876, he accepted a call to the Calvinist Baptist Church in Fredericton, where he has labored with great success, and on the 21st year of his age. His body is to be taken home for burial.

The Ruffian Kearney. We have always been of the opinion that ruffians like Kearney, of the Dominion-Engage should not be at large, much less tolerated or encouraged. Our readers all know something of the kind of a creature Kearney is. He pretends to be a champion of the workman, and advocates the distribution of wealth, equally among all; a doctrine similar to that held by the Communists and Nihilists. Kearney lectured and lectured, and lectured, appearing in his shirt sleeves, his neck bare, disdaining to wear a collar. In some places the audiences pelted eggs at the lunatic, and compelled him to retreat; in other places they brought him on a chair, and used him just as well as the people used D. Banks McKenzie some time ago. Kearney is a four mouthed ruffian; and his mildest epithet one night in Farnell Hall, applied to bond-holders was that they were "slab-sided, baug-eyed, hyenas." He has been agitating on the Gold Coast of late, but a few nights ago was arrested in San Francisco for blaspheming and obscene and violent language. The wretch should not be at large; and he is now in the hands of justice. Some of the St. John papers publish his blasphemous speeches. This is disgraceful.

To Correspondents. "Z" from Gagetown sends us a communication in reply to a letter signed "A," which appeared in the Telegraph, of the 6th. "Z's" contribution was received too late for publication. In the Telegraph of that date under the sensational heading "Locked out—The Temperance Hall Gagetown in possession of rowdies" was the following: "On the evening of the 3rd, at 7 o'clock, a number of the members of Prince Albert Lodge, United Temperance Association, both male and female, were invited to meet at the Hall for the purpose of holding their regular weekly meeting. On arriving at the building the door was fastened and the members ascertained that a lot of rowdies belonging to the village were inside, gathered no doubt for the purpose of preventing the association from holding their meeting."

"These 'roughs,' 'rowdies' were the only parties" writes "Z" "who have any right, or ever held possession of the Hall during the season and were the Queens Division, sons of Temperance—quite as respectable and as well behaved as those who unquestionably clamored for admittance."

Field Ovens. In our next we shall have something from the Woodstock Sentinel which will we think exonerate Mr. Gaunce from the charge of persecuting Ireland.

Council Meeting. The City Council holds a meeting to-night: assessment and salary matters require consideration.

St. Mary's Brieflets. Mr. Walter McFarlane of this place has had a number of men employed lately on a new enterprise—in the shape of peevic manufacturing. Over 1500 have been made and are pronounced a superior article.

Mr. R. S. Bailey and Mr. Samuel Dayton are doing quite a business here in the potatoe line. This morning the latter gentleman shipped to New York from the Fredericton Branch Railway Station 1 carload (140 barrels), and will shortly send a larger quantity.

Delegation from Newcastle. Four Newcastle men anytime can create more stir in a community than a small army of soldiers. A railroad delegation from Newcastle, composed of the genial and gallant Major R. E. Call, Mr. William Muirhead, Dr. McDonald and Mr. J. O'Brien, after experiencing much delay and many dangers on the trip arrived here Saturday evening. Between here and St. John the train ran off the track and the delegation had to walk to the nearest station. The Major and Mr. Muirhead left for home yesterday, and the Doctor and Mr. O'Brien are in town yet.

Dr. Lenest of Fort Fairfield is to lecture at Nashwaakiss on Thursday evening next, subject "Ancient Babylon." The reverend lecturer has acquired a widespread and peculiar reputation as an Advent orator, and crowds will probably gather to hear him.

—THE STAR—for sale at CROPLEY'S.

Railway Rumbings.

The freight train last night arrived in Gibson with 120 casks of Starch (10 carloads), from the Aroostook Starch Company, en route for the United States.

The Directors of the New Brunswick Railway have decided to resume the running of trains over the Grand Falls Branch on April 1st.

The passenger train upward on Saturday was delayed just below Hartland Station by the locomotive leaving the rails. While the frost is in the ground, the greatest care is necessary to avoid disaster. In places the road bed is elevated over a foot above its summer level, and the Company are to be congratulated upon their good management in the face of such difficulties.

Communications.

Engineer Tuck(?) To the Editor of the STAR. MR. EDITOR.—Can you tell me what this worthless fellow Parker Tuck's doing here with the Western Extension men? He is taking notes here, but what does he know about railroads. I have never heard of him except as a fellow who will take all he gets for nothing, and who is always poking his nose where 'tis not wanting. Please answer. G. S.

[We don't know what Parker Tuck's business is here; nor does it make much odds.—Ed.]

Telegraphic News.

SAN FRANCISCO, March 15. Dennis Kearney was tried to-day, in the Let us be merciful to those who labor and toil through the frost and snow, during the dreary winter to make a living not only for themselves but for us.

FOR SALE OR TO LET

THE Dwelling House on Carleton Street, at present occupied by Mr. H. E. Perley. Enquire of CHAS. E. PERKS, F'ton, Jan. 31, 1880.—if

ESTABLISHED 1865.

H. A. CROPLEY,

BOOKSELLER, STATIONER, PRINTER

BOOKBINDER, AND Blank-Book Manufacturer.

COR. QUEEN & REGENT STS. FREDERICTON.

THE attention of the public is respectfully directed to my establishment, the oldest (in my line) in the city, few words just now may not be amiss. Now-a-days Mush-room stores, etc., spring into existence, the conductors of which, knowing their own weakness and ignorance of the business which they have assumed, seek to impose on the credulity of an innocent public by highlighting spread-eagle announcements of theirs being the "best place," the "cheapest place in town," of having "just received" and "whole train loads of notepaper," an incredible lot of stationery, and a greater number of books than can be found in Paternoster Row or our own Legislative Library. This species of advertising of course snatches of the second-hand, Jew Clothing Store, and is unworthy the honorable profession of Bookseller and Stationer. It may be pardoned for saying a word for my own establishment. The people of Fredericton, where I have lived for over thirty years, can vouch for my Binding trades, and I voted the best thirty years of my life to acquiring a knowledge of the business which I am now prosecuting. It is a business in which I have established here which has only one rival in New Brunswick,—is unequalled in Fredericton.

I purchase my stock almost exclusively from the manufacturers and publishers. I do not double in all sorts of goods, foreign to my legitimate business, but confine my capital and my energies exclusively to the Book, Stationery, Printing, Blank and Binding trades, my ambition being to have one of the finest Book Stores, Printing Offices and Bookbinding establishments in Canada. I shall not insult the intelligence of the public by any declarations that I sell "50 per cent," or "100 per cent," or "1000 per cent" less than my neighbors; but, recognizing the fact that people will buy in the cheapest markets; and being resolutely determined to hold fast the patronage which has labored to deserve, and which a gracious Providence has bestowed on me, I will continue to sell at as low a price as any establishment in the city, many specialties much cheaper, and will spare no efforts to maintain the honor of my House.

CONSUMPTION CAN BE CURED

IS A FACT ATTESTED BY THE HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda will accomplish this result. This preparation is the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results and endorsed and prescribed by more physicians for Consumption - and the diseases leading to it, such as Chronic Coughs, Bronchitis, Scrophula, Anemia, General Debility and the Wasting Disorders of Children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

See What Physicians and the People Say About It.

Messrs. SCOTT & BOWNE: 66 West Thirty-sixth Street, New York, September 3, 1876.

GENTS: - I have frequently prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrophulous and consumptive cases, palatable and efficacious. C. C. LOCKWOOD, M. D.

Messrs. SCOTT & BOWNE: - Gentlemen, - Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites and found it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrophulous cases. Oct. 12, 1877. Yours respectfully, A. H. SEXTON, M. D., Baltimore.

Messrs. SCOTT & BOWNE: - Gentlemen, - Within the last two months I have fairly tried Scott's Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly agreeable and elegant form. December 10th, 1878. Yours truly, J. SIMONAUD, M. D., New Orleans, La.

Messrs. SCOTT & BOWNE: - Gentlemen, - In September, 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain, but my general health did not improve, and early in the winter I was laid up and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning cough, night sweats and short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of it and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and after a few days I was better. I afterwards bought a dozen bottles, with the following results: Cough subsiding, night sweats stopped, appetite returned, pains in spine disappeared, strength returning, and my weight increased from 110 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks, "What cured you?" and I answer, "Scott's Emulsion of Cod Liver Oil, etc." I have a friend who has not spoken aloud for 15 months, and he is getting better. I gave him a bottle and he bought two more, then got a dozen, and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and shall do all I can to make known your valuable medicine. Very truly yours, H. F. SLOCUM, Lowell, Mass. January 20th, 1879.

Messrs. SCOTT & BOWNE: - About the 25th of last April I got a bottle of your Emulsion and at that time I was so prostrated that no one saw me though I could rise longer than a few weeks at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small doses; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commenced mending, and now am able to ride and walk, and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two of three have already tried it. I am sure I shall entirely recover. I am gratefully yours, R. W. HAMILTON, M. D. For sale by all Druggists @ \$1.00 per bottle.
