READ "SWALLOWING THE RAILWAYS" BY H. F. GADSBY, In Friday's Issue

THE EVENING JOURNAL

3 P. M. EDITION

ESTABLISHED 1859

ST. CATHARINES, ONTARIO TUESDAY, MAY 6,

PRICE—TWO CENTS.

CITY COUNCIL PASSES LOCAL IMPROVEMENT WORK FOR 1919

REGULAR MEETING WAS OF SHORT DURATION AND ONLY BUSINESS OF A ROUTINE NATURE WAS TRANSACTED BY-LAW PASSED DECLARING PART OF ALBERT STREET AS A RESIDENTIAL SECTION.

The regular meeting of the City Council was held last night with all the members present with the exception of Ald. McDowell, and as only business of a routine nature was on the order paper, the session was the shortest of the year, an adjournment being made at 9:30.

Communications City Clerk J. Albert Pay read the following communications:

From the department of Railways and Canals stating that the matter of improvements to the Queenston Street Bridge will be given serious consideration.

From thirty-four property owners of Catherine Street asking that a concrete pavement be laid on that street.

From the City Clerk asking the co-operation of this Council in a resolution against a clause in the Bill for Incorporation of the Canadian National Railways which gives the railway the right of way through any municipality without their consent or any control over the location.

Deputations A deputation headed by Bandmaster Frank Wels and Mr. Dean of the 19th Regiment Band appeared before the Council to request that some financial assistance be given the band who have been on their own during the war and also to ask for the refreshment privileges on hand concert nights at Monmouth Park.

After Mr. Dean had outlined the situation Mayor Elson pointed out that the Finance Committee had recommended that the grant in the form of increased by \$300 this year. The refreshment privilege question will be taken up later.

Reports of Committees Ald. Eagle presented the report of the

(Continued on page 3)

MINISTERS CONDEMN THE PRECEDENT

Presbyterian Clergy Call Mr. Cavell's Inspection Trip a Violation of the Sabbath.

London, Ont., May 6.—On Sunday Hon. Frank B. Cavell, Dominion Minister of Public Works, inspected the harbor of Port Stanley, being accompanied by the London Council. Yesterday the Presbyterian Ministerial Association passed a resolution condemning the incident as a violation of the Sabbath, and appointed a committee to investigate the matter further.

A CAT MAY BE LUCKY BUT THIS MAN LEADS A CHARMED LIFE

Welland, May 6.—Albert K. Vidler, aged eighteen years who got out of the hospital last week, where he had been attended for two broken arms, has undisputed title as champion faller of Welland. His record has a shudder in every line. His first bid for fame came one Sunday in August, 1912, when he climbed up inside the chimney at the new Woodville Factory. He reached the very top, a distance of 125 feet, and then fell to the bottom. A broken hand, a broken ankle and a broken shoulder was his portion. It was ten days before he regained consciousness. How he managed to live through it no one could explain.

The next year he fell from the top of a twenty-foot pile of lumber at Lambert's Mill, and his landing place was made of tiff-gated iron. Nine stitches in the forehead, seven in the chin and two in one ear patched him up. After that he took a couple of years off, the first one with scarlet fever and the next one with typhoid.

Then one day while at work at the Cotton Mill he was up on a ladder and grabbed hold of a rod that was charged with electricity. He had quite a tumble, but he suffered much more from the shock. He was only a week in the hospital that time.

Seven weeks ago at the Page-Hershey Mills he was on the top of a 22-foot ladder with a heavy piece of angle iron in his hands when the footing of the ladder slipped and he crashed down, breaking both arms just above the wrists.

Vidler views his misfortunes philosophically, as though they were all in a day's work. His chief regret is that broken bones made him ineligible for enlistment. He served twice, but the doctors would not pass him.

DOES THIS STUFF STILL EXIST?

London, May 6.—Replying to a question in the House of Commons today concerning the shortage in whiskey, Sir Auckland Geddes, Minister for National Service and Reconstruction, said he had decided that the importation of Canadian whiskeys might be freely permitted, and also American whiskey, if it had been paid for before the beginning of 1919.

UNITED STATES TO BUY CANADIAN WHEAT

Minneapolis, Minn., May 6.—President Julius H. Barnes of the United States Grain corporation announced today that reports that the corporation had purchased 25,000,000 bushels of wheat from Canada was untrue, but he reiterated the statement which he made earlier yesterday, that arrangements had been made for the purchase of a moderate amount of wheat from the dominion.

SQUAWS VOTED

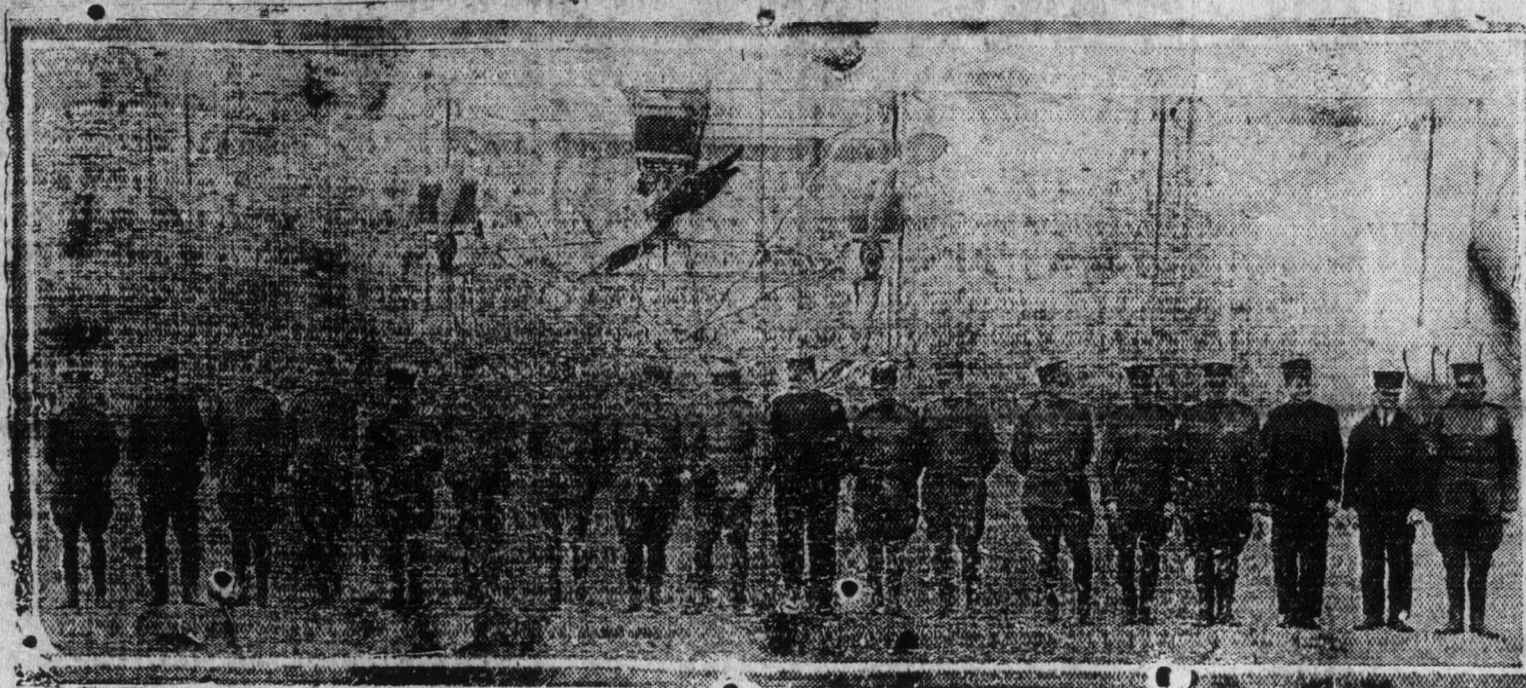

Those on the Bruce Reserve Given Preference Over All Others. Ottawa, May 6.—In the House of Commons yesterday Hon. Charles Murphy asked the Government whether instructions had been sent to the enumerator at a poll near Southampton, Ont., in the last election, to place the names of squaws from an Indian reserve near that place on the voters' lists. He was told by Hon. Martin Burrell that such instructions had been issued in error by an official in the office of the General Returning Officer. Mr. Burrell said that this was the only known error which occurred in that office throughout the election.

ALSACE REPRESENTATIVES VOTE AGAINST PLEBISCITE

Strasbourg, May 6.—Representatives of the Democrat party of Lower Alsace at a meeting here Sunday adopted a resolution expressing satisfaction on the definite relation of Alsace and Lorraine to France. The delegates objected to any idea of a plebiscite in the two provinces, declaring in a resolution that the next elections will manifest clearly the will of the inhabitants of Alsace and Lorraine. Francois Ecoird, president of the Regional Tribune, presided at the meeting.

TREATY TO GERMANS TO-MORROW T. M.

Paris, May 6.—The time for handing over the Peace Treaty to the Germans was set yesterday for 3:15 o'clock Wednesday afternoon.

U. S. NAVAL AVIATORS READY FOR TRANS-ATLANTIC FLIGHT—This photo shows the crew of the U. S. Naval Seaplane the N. C. 1, 2 and 3. Left to right, Lieut. Commander A. C. Reed, U.S.N., Pilot E. F. Stone, Pilot W. Hinton, Radio Operator Ensign H. C. Rood, Chief Special Mechanic E. H. Howard and Pilot J. L. Breeze, Jr. All members of crew No. 2. Crew No. 1, Commander J. H. Towers, Commander H. C. Richardson, Lieut. D. H. McCullough, Lieut. Comander R. A. Lavender, Machinist L. R. Moore and Lieut. L. B. Rhodes. Crew No. 3, Lieut. Commander P. N. L. Bellinger, Lieut. Commander M. A. Mitscher, Pilot, Lieut. L. J. Barin, Radio Operator, Lieut. H. Sadenwater, Engineer Chief Machinist Mate. C. I. Keeler and Reserve Pilot Engineer Machinist R. Christensen.

LAVISH ARE THE BINDINGS OF HUN PAPERS

German Delegates to Peace Treaty Meeting Present Credentials Bound in Satin, Silk and Gold.

Paris, May 6.—The credentials of the German delegates to the Peace Conference are written on parchment and bear the signature of Franz Ebert, President of the German State, and that of Philip Scheidemann the Chancellor, together with the seal of the President, says an article in The Times, giving details regarding the certification of these credentials. The credentials are bound in red satin, and the document is enclosed in a case of watered silk, with a golden band.

The credentials of the delegates of all the powers which took part in the war against Germany, adds The Times, were communicated to the Germans with the exception of those of Italy, whose representatives were absent, and of Poland, which were delayed in transit. The credentials of Pachtich, Trumbitch and Vesnich were drafted in the name of the Serbian, Croatian and Slovenian State.

MONEY BEING PLANTED BY HUNS

Zurich, May 6.—The Neues Zeitung of Stuttgart affirms that in spite of regulations issued by the German Government a great many capitalists, in particular those who made enormous war profits, are managing to export their money. The same paper asserted that in the last two months 25,000,000,000 marks have been disposed in different Swiss Banks.

PATRIOTIC FUND DISBURSEMENT FOR APRIL

Balance, April 1st, 1919. \$ 278.64 Received from Ottawa..... 3,000.00 \$3,278.64

POLICE COURT.

John Damatrik, whose cow has a habit of wandering about, was ordered to keep her confined in the turo and pay a fine of \$400.

The owner of an auto who laid it by within the forbidden limits paid \$2 for the privilege.

The workmen on the new block which Mr. T. Nihan is about constructing on the corner of St. Paul and Mary Streets are making good progress with the foundations considering that the wet weather has somewhat delayed their work.

Four transports are on the Atlantic, bringing home more than seven thousand Canadian troops.

PRODUCTION RECORD

Welland Plants Made Excellent Showing During the Year of 1918.

Industrial production in connection with the war in Welland factories amounted to \$28,765,000, according to the report of the Industrial Commissioner of that city for 1918, which has just come to hand. The first shipment was made in December, 1914. The payroll of the city's industries for the year under review is given as \$6,466,221, the value of manufactured product at \$35,400,340 and the number of workers for December was 4,793. The amount spent in new factory buildings was \$470,971, and \$919,281 was invested in equipment.

TO MAKE THE BOOZE TRADE RESPECTABLE

New South Wales Citizens Form Association to Compel the Cancellation of Licenses Held by Unscrupulous Dealers.

Sydney, N. S. W., May 6.—A movement to offset the activities of the prohibition party, which is becoming powerful in the State of New South Wales has been launched by a group of citizens here. The purpose is to reduce some of the evil aspects of the liquor traffic rather than to do away with liquor entirely.

NEW PENSION BILL ALMOST COMPLETED

Only a Few Contentious Clauses Remain to be Dealt With by the Committee

Ottawa, Ont., May 6.—The special committee of the House named early in the session to draft a new pensions bill, will shortly terminate its labors. The hearing of evidence was concluded a fortnight ago, and subsequent sittings in camera have been devoted to the framing of a bill embodying a number of amendments to the present Pensions law. It is learned that this bill which will be introduced by Hon. N. W. Rowell, chairman of the special committee will include nearly 50 clauses and will authorize a number of increases in certain classes of pensions, as well as some extension of educational privileges to the dependents of men who lost their lives in the service of the country.

The work of leveling off and doing some sodding upon the Rose Garden plot in the Park is almost completed and it is likely the young bushes will be planted about the end of this week or early in the next.

STIPEND INCREASED

St. Barnabas Rector Given Raise at Annual Vestry Meeting Held Last Night.

The adjourned Easter Vestry meeting of St. Barnabas Church was held on Monday evening. There was a good attendance. The reports submitted by the Wardens and various branches of the Church work were most satisfactory. Considerable discussion took place relative to needed improvements, and a committee was named to investigate and report at the earliest possible date.

NEW OFFICIALS.

There were a few changes in the officials for the ensuing year. Judge Campbell becomes Rector's Warden, vice Mr. R. A. Hare, who resigned. Mr. R. G. W. Connolly becomes lay delegate in place of Mr. E. F. Seixas, who has left the city. Mr. Fred Brookland becomes Vestry Clerk.

One of the noteworthy features was the pleasure with which an increase was made in the stipend of the Rector. Altogether the outlook at St. Barnabas is bright.

CANADA WILL SETTLE TITLE BUSINESS NOW

London News Says Britain Will Owe Debt to Dominion in the Matter.

London, May 6.—The Daily News, commenting yesterday on the story of Ottawa correspondents of what has taken place in Canada in regard to title business, says: "It is clear that the title business, so far as Canada is concerned, is doomed, and when it is achieved, the British Commonwealth will owe a very conspicuous debt of gratitude to the Dominion."

The Daily Chronicle says the usual arguments against the withdrawal of hereditary titles is that the Crown would then be left in a position of dangerous isolation.

"But we are coming to realize that the Crown plays absolutely no essential part in the British community of free nations. Its position requires no supports or buttresses beyond its own practical virtues."

The Slovenian population of Carinthia had been exposed to the exactions of undisciplined bands of German-Austrians, Jugo-Slav troops were invited to cross the boundary and disarm these bands and occupy the districts temporarily.

Two women were fatally scalded and another seriously injured when a mangle exploded at a laundry in an Ypouver.

CANADA WILL HAVE OFFICIAL AT U. S. CAPITOL

Dominion to be Permanently Represented by Ambassador at Washington at a Cost of \$50,000 a Year.

Ottawa, May 6.—Canada is to have a permanent representative at Washington, the Capital of the nation to the south. Announcement to this effect was made in the House of Commons last night by Hon. N. W. Rowell, when \$50,000 was voted for the maintenance of the office. The President of the Council explained that the new representative, who will be much more than a Trade Commissioner, will take the place of the Canadian War Mission, which is now winding up its business, as there is no reason for its existence in peace time. The War Mission will be in harness, however, until the permanent representative is appointed. Premier Borden is now discussing with the Imperial authorities the status of the Canadian Ambassador to the United States.

THE MEXICAN TROUBLE NOW MORE SERIOUS

Villa has Demanded One Million Pesos From the Torreon District—Mayor of Parral Murdered in Cold Blood.

Washington, D. C., May 6.—The situation in Northern Mexico is again reflected as serious in advices received here yesterday from Mexico City, and the border. The state department has been advised that 3,000 employees of an American mining company at Santa Eulalia have been removed to Chihuahua City because of threats by Villa, the bandit leader.

In the capture of Parral, the entire Carranza garrison went over to the Villa forces which now threaten Chihuahua City.

Torreon is said to be Villa's next objective and it is the belief here that capture of the city would clear his road to the south.

Villa has demanded an indemnity of 1,000,000 pesos from the Torreon region authorities. In his new movement to the south, Villa has resumed his former tactics, hanging Mayor Herrera of Parral and his three sons because of their support of Carranza.

RUNAWAY

A horse owned by J. Terryberry of Welland got scared at a street car there on Saturday and in running away dashed into the motor of Mr. J. Smith Fonthill, smashing its end off. The horse was seriously injured, and its buggy smashed to bits.

BANQUET FOR ALL RETURNED MEN ON MAY 16

Citizens Repatriation League Entertain St. Catharines Heroes and Their Wives at a Big Dinner in the Armory.

The monster banquet to the returned men of St. Catharines with their wives and lady friends will be held in the Armory on Friday evening May 16th. This decision was arrived at a meeting of the executive committee of the Citizens Repatriation League held last night and arrangements are already well under way for the affair. Mr. W. R. Robertson was appointed to look after the securing of the necessary chairs, tables and the decorations which no doubt will be the finest ever put up in this city. An entertainment committee was also appointed whose duty it will be to arrange the programme. Mrs. Malcolmson will have charge of the table decorations and Dr. Smith, W. B. Burgoyne and one or two others will look after the publicity work.

Invitations Drafted The executive committee also drafted out a copy of the invitation card which will be sent to each returned man together with a post card for the purpose of sending in an acceptance to the City Clerk.

The banquet part of the evening will be under the supervision of Mrs. C. G. McGhie, and Mrs. VanDusen who will add to their committee. Mrs. Malcolmson was given power to select her own committee.

Mr. Frank Greenlaw was appointed to look after the gas arrangements at the Armory for the cooking and Mr. Sherk will look after the lighting arrangement.

It is expected that eight hundred men and women will be in attendance and seats for that number are to be provided, he addresses of the evening will be made by His Worship Mayor J. M. Elson and Brigadier General Gunn, G.O.O., Military District No. 2. Dr. Abbott of the Repatriation League of Toronto, will also be a guest of honor together with the members of the City Council and a few others.

The executive committee will meet again to-morrow night when Mr. Robertson will have blue prints of the Armory on hand.

THE WEATHER

Toronto, May 6.—Pressure changes are occurring with great rapidity. The low area which was in the lower St. Lawrence Valley yesterday has passed eastward of Newfoundland, while the western high area has moved to the St. Lawrence. The weather is fair throughout the Dominion.

Stratford Chamber of Commerce is asking the banks to remain open till 1 o'clock on Saturdays.

The Finnish Red Guards are now masters of the situation at Petrograd according to a Copenhagen despatch.

FIRST AMBASSADOR TO NEW EUROPEAN REPUBLIC — Richard Crane, private secretary to Secretary Lansing and son of Charles E. Crane of Chicago, who has been selected as the first American Minister to the new Republic of Czechoslovakia. (C) Underwood & Underwood.

**WILL BE SPENT ANYWAY.**

In practice it works out almost invariably that no matter how much the assessment of a municipality is raised, and the revenue thereby increased, the extra money is always spent. It has been so in St. Catharines and will no doubt continue to be so.

A few years ago, it will be recalled, a campaign was conducted here to advance the assessment. It was argued that much of the property was getting off too easily and that if the assessments were increased the city could reduce the tax rate. The increase was made and made to such an extent that from eight and nine millions the total assessment was advanced to last year's fifteen millions. And yet how has the whole process worked out? The fact is that the tax rate has gone steadily up till it is the highest now it has ever been.

Furthermore, the money raised by the increase in both rate and assessment has been used in one way or another so that so far as borrowing powers is concerned the city has only a margin of \$274,000 against which about \$60,000 is to be charged as last year's percentage of local improvements. The Public School Board want most of what is left.

It will be seen that while in theory the raising of assessment looks good, in fact it is only another way of taking more money out of the people's pockets for expenditures which could be lessened.

A natural increase in the assessment of a growing city is inevitable, but it should not be unduly promoted, for we venture the opinion that no matter how much revenue is raised some means will be devised of spending it.

**GETTING THEIR JOBS BACK.**

The Wingham Free Press, discussing the employment of returned men, says:

One of the first essentials in reconstruction is to get every returned soldier into the ranks of the producer or into permanent profitable employment at the earliest possible moment. Every inducement should be offered to the men not to put off the beginning which will have to be made sooner or later with regular civilian work.

Especially ought they to be encouraged to settle down again at the work to which they have been accustomed, and in this direction the responsibility rests with the employers to see that every assistance is forthcoming. Reinstatement of enlisted men was generally implied, if not specifically promised at the time of their enlistment.

**PRINTERS LEAD.**

The willingness of employers to take back into their employment the men who left them to go overseas is testified to by such announcements as that of the Employer, Printers' and Bookbinders' Association which comprises some forty printing establishments in this city. The members of this Association have publicly pledged themselves to reinstate all enlisted employes capable of following their occupations, and to give a full and fair trial to those who, having suffered some disability in the war, are doubtful of their capabilities. It will be necessary for the former employes of these firms merely to make application for their old jobs in order to get them back and find others more suitable to them.

The example of the Printers' Association will doubtless be followed by all the other trades and professions.

**GRAIN MIXTURE VALUES**

Oats 34 Lbs., Barley 48 Lbs., the Best Combination.

By Opening Surface to Rains, Many Dollars May Be Made by Increased Crops—Full Directions Given Regarding Starting Early Celery.

(Contributed by Ontario Department of Agriculture, Toronto.)

**A** LARGE amount of experimental work has been conducted at the Ontario Agricultural College in testing grains both singly and in combination for the production of grain. The results of experiments indicate that there is practically no advantage in growing in combination two or more varieties of grain of the same class. Quite decided advantages, however, have been obtained from certain combinations of grain of different classes.

In an experiment which extended over a period of five years in which oats, barley, spring wheat and peas were grown separately and all the different combinations which could be obtained by having two, three and four grains in each mixture, it was found that in about ninety per cent. of the experiments the mixed grains gave a greater yield per acre than the same grains when grown separately. Oats and barley came at the head of the list, giving slightly over two hundred pounds of grain per acre more than when either one was grown alone.

It is important to use in combination varieties which will grow satisfactorily together and which will mature at the same time. Such varieties as the O.A.C. No. 21 barley and the Daubeney, Alaska or O.A.C. No. 3 oats give very good results.

Of twenty-five different mixtures with different proportions of oats and barley used for five years in experimental work it was found that the greatest returns were obtained by using one bushel, by weight, of each or a mixture of 84 pounds (24 pounds of oats and 48 pounds of barley).  
 —Dr. C. A. Zavitz, O. A. College, Guelph.

**Open Your Surface Drains.**

Drainage—either surface or underground—is essential if farming is to be profitable. With the dearth of labour and machinery, the depleted labour market and the increased cost of underdraining, progress is retarded somewhat. Everything, however, has been done which growing crops permit. Yet forty per cent (40%) of Ontario is in urgent need of drainage. The underdrainage of so much cannot be accomplished in a short period of time, hence that which renders timely service, even though only of temporary duration, must be taken advantage of.

Surface draining must be resorted to. Several lines will be necessary. Indeed, if the majority of furrows open in the ploughed ground and connect them by opening up cross channels through the lower-lying parts of the field—cleaning out all the furrows thus traversed—a system would be formed whereby the water could be carried to outlets quickly, efficiently and satisfactorily in the early spring.

Not alone to level fields or farms does this apply. Large areas of Ontario are quite rolling, hence naturally drained. Yet, a small open ditch or deep furrow will pay for the trouble necessary to make a channel by the greater ease with which water can escape, thus permitting quicker disposal of the same, hence hastening the drying of the land.

These surface drains should be opened at least once per year; the best time to do so is in the late autumn after the fall work is done. Labour can be obtained then with less difficulty and at less cost. The work may be done by hand or by the use of a team if water does not prevent.

**Starting Early Celery.**

The starting of early celery should be done immediately as the seed is slow in germination; requiring about four weeks before ready for the first transplanting. The seed should be sown in flats in a soil very sandy in nature. This soil is pressed down about 1/2 an inch in the box and then the celery is sown broadcast over it. The box is then watered through burlap and is left covered with burlap or brown paper until the seed germinates. When the plants are showing two or three leaves they are transplanted into flats, 2 inches each way in soil that is sandy in nature but well-fertilized with good manure and commercial fertilizer, such as a nitrogenous nature. Good fertilizer is necessary at this stage so that the plants will not receive any check. The plants should be thoroughly sprayed with Bordeaux Mixture when they first break into third or true leaf, so that they will be kept free from blight, and every week after being set in the field.

Another method in use among growers is that of sowing in hot beds. The seed is planted in rows about 4 inches apart; in making these rows they take a piece of wood about an inch wide and press it down on the soil making a furrow about 3/4 of an inch deep in which the seed is sown. It is then covered with burlap or paper as stated before.

Celery to germinate properly should be kept at a temperature of 70 degrees until the young plants are growing in good shape, when it is well to lower it to 55 or 60 degrees.  
 —A. H. MacLennan, Ontario Vegetable Specialist.

**HINTS ON GETTING MILK**

Three Essentials in Cooling Explained.

Make That Spring on Your Farm a Profit Question—It Should Be Enlarged, Cleaned Out Well and Cribbed in an Efficient Way.

(Contributed by Ontario Department of Agriculture, Toronto.)

**B**ACTERIA, larger or smaller numbers are always present in freshly drawn milk. At temperatures between 50 deg. F. and 68 deg. F. (blood heat) they grow and multiply rapidly, causing the milk to become quickly spoiled. As the temperature falls below 50 deg. F., the bacteria become less active, the changes caused by them are less marked, so the milk keeps sweet and in good condition for a longer time.

Temp. held after 24 hours.

40 deg. F. ....	250,000
50 deg. F. ....	1,170,000
60 deg. F. ....	24,800,000

The above table shows how low temperatures check bacterial multiplication in milk. This is the scientific fact upon which the practice of milk cooling is founded. In practice a dairyman should bear in mind three things in connection with the cooling of milk: First—cool milk with as little delay as possible after it comes from the cow. Second—cool milk to 88 low temperature as possible, say somewhere between 40 deg. F. and 50 deg. F. Third—cool milk with as little contamination as possible from outside sources, such as dust, dirty utensils, water splashing, etc. If these three points were regularly attended to by all dairies a marked improvement in the general quality of our milk supplies would be noticeable right away.

The quickest way to cool milk is to run it over some form of tubular or surface cooler, built by hand, immediately it is drawn from the cow. In this way milk may be rapidly cooled to within two or three degrees of the temperature of the water used. The objections to this method are: First—cooling water is not available all summer, enough ice should be put up during the winter to ensure the milk being brought to a sufficiently low temperature during the warmer portions of the year.

The importance of prompt and thorough cooling of milk is still insufficiently appreciated by many milk producers. There is no cheaper and simpler method by which milk quality may be improved. H. Lund, B.S.A., O. A. College, Guelph.

**Making the Farm Spring More Serviceable.**

Fortunately a great many farmers of Canada can boast of a good spring of water on their farms. In some cases it is the only reliable and perennial source of water, and when this is the case it usually receives proper care. Probably, however, in general, the spring is a secondary consideration as a water supply, particularly domestic, and consequently is let "run wild" more or less, and is not, therefore, rendering the service it might if it were properly equipped. The object of this article is to make a few suggestions for the improvement of springs in general.

In the first place the spring should be enlarged, deepened and cleaned out well and then cribbed up in some efficient way. Probably the best method is to get a large concrete or sewer pipe tile or two, about 3 1/2 feet in diameter, and put them down in the spring, cementing the joints well. Put an overflow pipe through the wall of the upper tile close to the high water mark of the spring, and connect the overflow pipe to a tile drain that leads down to a good outlet some distance away. If it is not connected to a drain the open end should be screened. If the spring be in the pasture it should be fenced in and the overflow pipe referred to extended horizontally to a trough outside the fence. The top should be provided with a tight cover made of concrete or heavy plank.

The spring becomes particularly serviceable if it happens to be located on an elevation considerably greater than the house and barns, for then the water can be piped down under the first line of stables, tanks in the buildings. From the tanks the water flows by gravity to the points of service. Or if the supply is great enough and a fall of a few feet can be secured within a short distance, say 20 or 40 feet of the spring, a hydraulic ram may be installed for pumping the water of a spring to the house and barns. Usually it is pumped into a storage tank in the attic of the house or loft of barn, and from these gravitates to the various plumbing fixtures in the house and the troughs and drinking basins in the stables. If you are particularly interested in this subject of the farm spring and how to make it more serviceable write the Department of Agriculture, Toronto, for a copy of Bulletin 267, which tells you all about it. It costs very little for the information except a postal card and a two-cent postage stamp.—R. R. Graham, B.S.A., O. A. College, Guelph.

A silver-plated bell has been anonymously presented to Guildford for use by the town crier on the day peace is signed.

**PLANT POTATOES NOW**

Increased Yield Secured by Hilling Them.

Good Combs Beekeeper's Asset—Best Are Always Produced During Heavy Honey Flow—Best of Care Should Be Taken of New Combs.

(Contributed by Ontario Department of Agriculture, Toronto.)

**E**XTENSIVE experimental work, under ordinary conditions, has shown that it is a good plan to use good-sized seed potatoes, and to cut them into pieces of from one to two ounces in weight, and having two, three or four eyes in each piece. It is an excellent plan to throw the freshly-cut pieces in finely ground sand plaster or gypsum and to plant the sets immediately after cutting. The best returns have been obtained by planting the sets in rows about 28 inches apart and leaving the sets singly from 12 to 15 inches apart in the rows. In the average of seven years' experiments it was found in planting potatoes one, three, five and seven inches deep that the highest average results were obtained from planting three inches, and the second best from planting five inches in depth. Under average conditions it is usually wise to plant about four inches but the depth of planting would, of course, depend considerably upon the quality and condition of the soil. If the soil is a sandy loam, the depth of planting may be deeper than in the case of a heavy damp soil.

In experiments extending over a period of ten years it has been found that about four bushels per acre increase has been obtained from hilling the potatoes in comparison with level cultivation.—Dr. C. A. Zavitz, O. A. College, Guelph.

**Good Combs Beekeeper's Asset.**

An asset to the extracted honey producer is combs, good combs and plenty of combs. It is sometimes a problem to obtain and maintain a sufficient stock, especially if the apiary is being enlarged. Moreover, there are several important problems associated. Fundamentally, good combs are obtainable only when "built" in full sheets of wire foundation. Such combs will come naturally built combs will not stand the wear and tear of repeated honey extraction. Beside being weak and likely to break out of the frames, naturally built combs are usually contaminated with drone cells to some extent, if not in excess. The presence of drone cells in combs, used either in the brood chamber or in extracting supers, is a source of continued disadvantage. Drone cells in combs are always costly. They may cost swarms; they may dampen the honey-storing instincts (bees are adverse to the storing of honey in drone cells, until there is no other space available) if the drone cells are in the super, their presence induces the queen to leave the brood chamber. It is a maxim to have only combs of all worker cells reinforced with wire; to this end full sheets of foundation are essential and economical.

The best combs are always produced during a honey flow, yes, when there is a surplus coming in, good combs may be produced in any part of the season, just prior to the cropping season; yet, regardless of season, the best of combs are obtainable only on strong colonies. Conversely, weak colonies, without the stimulation of the honey flow, fail to draw out the foundation evenly and fully; holes may even be gnawed in the foundations, which holes, when built in, will probably be filled with drone cells. With one frame of full foundation, to be drawn out, may be supplied alternately with combs of brood or honey. Moreover, the tendency is for bees to bulge the old combs, and to correspond, only partially draw out the foundation of the new comb, perhaps leaving the corners open. The best results are usual when several frames with foundation are grouped on one side of the hive, or of the super given. In order to induce the attaching of the comb to the bottom bar, new combs may be drawn out in the super, over a powerful colony and during a honey flow.

Having acquired new combs, good care should be taken of them. If they are intended for extracted honey production, they should be kept apart from the brood nest, allowing brood to be reared in them. Combs darkened with brood rearing are not considered as wholesome for honey production as are virgin (new) combs. Full evidence that dark combs will darken and hence deteriorate the light grades of honey. One generation of brood in a comb may not injure it for light honey cropping; it is thought by some to toughen and strengthen the comb, yet the more particular producers are equipping with virgin combs for the supers. These choice extracting combs are a valuable asset. Preserved from year to year, they should endure. Although bee labor has not advanced in price, all bee supplies are increasingly costly, hence good combs are to-day a greater asset than ever. Burton M. Gates, O. A. College, Guelph.

**Extravagant Use of Straw.**

The use of at least a limited amount of bedding for beef cattle is advisable, but the extravagant use of straw, coarse hay, etc., for this purpose should be discouraged. All such roughages that are to be used for bedding, either for fattening or breeding animals, should first be offered them in the hay rack and that which is refused used for bedding. If stover is fed the stalks, while somewhat difficult to handle, make satisfactory bedding material and should be used for this purpose rather than burned or otherwise disposed of.

## HAMILTON MAN WILL HANDLE ALL LIQUOR

W. B. Cleveland Takes Charge of Government Dispensing Business and Will Organize the System

W. B. Cleveland, of Hamilton, has been appointed by the Ontario Government to take charge of the organization of the Government system of dispensing liquor which, under the legislation passed last session, is to take the place of the existing system of sale through private vendors. Mr. Cleveland's appointment is in a sense an interim one, which leaves open to the Government the choice of a permanent general manager for the system. It is practically certain, however, that Mr. Cleveland will be continued in charge under the Board of License Commissioners. Hon. W. D. McPherson stated last night that Mr. Cleveland would receive a very substantial salary for his services, but that the amount had not been definitely fixed. It is reported that a sum in the neighborhood of \$10,000 a year has been suggested.

### BRANTFORD LABOR DEMANDS

Brantford, May 6.—May 15 has been set by the Federated Metal Trades for a strikers' day and wage increase. Some 800 men in Brantford are affected and negotiations are reported as progressing toward a settlement. It is believed that a strike will be averted in this city with the possible exception of one or two industries.

### WONDERFUL REMEDY ESTABLISHES REGULARITY, CURES CONSTIPATION

As you value life itself, never use medicine that racks the system. Constiveness is bad enough, but violent cathartics are the limit. When the bowels are constipated and you have stomach trouble and headache, try Dr. Hamilton's Pills; they are so mild you can scarcely feel their action, yet so effective that the entire secretory apparatus is stimulated to healthy action. Dr. Hamilton's Pills move the bowels gently. They tone the liver and kidneys. They renew the blood. Digestion is assisted. Headaches disappear. Stomach rumblings cease. Bilious turns are prevented. Dr. Hamilton's Pills are more than a bowel medicine, for they act as a system cleaner and general tonic. For those who feel dull, heavy, and morose, for those who suffer frequently from colds, biliousness, and stomach disorders, there is no better medicine. You risk nothing in using Dr. Hamilton's Pills because they are guaranteed to cure. Made according to the formula of one of the greatest physicians that ever lived, Dr. Hamilton's Pills are bound to give your system just the aid it requires. Sold by all dealers, 25c per box.

### GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try this! Your hair gets wavy, glossy and abundant at once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now for a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and down at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once. If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

### CITY COUNCIL

(Continued from page 1)

Finance Committee recommending the payment of payrolls and accounts totalling \$17,074.64 and that the sum of six hundred dollars (\$600.00) be appropriated to meet expense in connection with the Repatriation League Dinner to be given the Returned Soldiers in the Armouries during this present month. And that application has been received from the Local Housing Commission for an appropriation of six hundred dollars (\$600.00) to meet those expenses of the Commission which cannot be charged to the cost of the loan made. Your committee would recommend that the sum of six hundred dollars (\$600.00) be appropriated for this purpose and that the City Treasurer be hereby authorized to advance the sum of two hundred dollars to said Commission on account of same.

Also that the attention of this Committee has been drawn to the inadequacy of the appropriation made for the XIX Regiment Band Concerts in the Park during the coming summer months. Your Committee would recommend that an additional appropriation of three hundred (\$300.00) be made which will make the total amount appropriated for this purpose, the sum of One Thousand Dollars (\$1,000.00).

Moved by Ald. Eagle seconded by Ald. Westwood: That the ninth report of the Finance Committee just read be received and adopted. Carried.

**Board of Works**  
Ald. Smith presented the report of the Board of Works which was as follows:

Your Works Committee beg leave to submit this their tenth report and recommend that permission be and is hereby granted the Bell Telephone Co. (without prejudice to the City's interest) to erect poles on Leeper St. from Lincoln Ave. to Main St. and on Geneva St. South and that the City Engineer be and is hereby instructed to supervise the location of same.

Your Committee further recommend the purchase of eight galvanized iron receptacles for paper and rubbish from Wheeler & Bain, Toronto, at a cost of \$11.55 each. These are to be placed at suitable locations on the main streets to assist in keeping the streets free from loose papers and rubbish. The expenditure is covered in the estimates.

Your Committee further recommend that a system of combined sewers of suitable sizes be constructed as a Local Improvement under Section 9 of the Local Improvement Act on the following streets on that section of the Western Hill south of the Grand Trunk Railway.

Outlet Sewer from Twelve Mile Creek to end of Hamilton St.  
Hamilton St. from end of street to Pelham Road.  
Pelham Road from Lincoln Ave. to Shickluna St.  
Chetwood St. from Leeper St. to Pelham Road.  
Main St. from Leeper St. to Lloyd St.

Leeper St. from Main St. to Lincoln Ave.  
Lincoln Ave. from Leeper St. to Pelham Road.  
Chetwood St. from Glen Ave. to Pelham Road.  
Antwerp St. from Lincoln Ave. to Pelham Road.  
Lincoln Ave. from Antwerp St. to Glen Ave.  
Glen Ave. from Lincoln Ave. to Hamilton St.

and the extra cost of outlets and larger sizes required near the outlets be assessed upon the remainder of the district to be served by this system and that the City Engineer be and is hereby instructed to prepare a report as required by the Local Improvement Act with estimated cost of work, area of benefit and estimated amount to

# Glen Ridge

## The Ideal Residence Area of St. Catharines

Glen Ridge is by far the most desirable residential subsection in St. Catharines now on the market, and possesses the following enormous advantages:

1. It is close to the heart of the city, all lots being within one mile radius of the Post Office and City Buildings.
2. There are building restrictions ensuring the erection of only the most desirable dwellings.
3. Beautiful surroundings and park areas.
4. Prices moderate and reasonable terms.

We expect a big movement in this property in the next two months. So act quickly and own a home in the most beautiful sub-division in the Niagara Peninsula.

For particulars apply

Dentistry.

A dear old Grandmother came  
to us the other day with her lit-  
tle granddaughter.

She informed us that she was  
wearing a plate that we made for  
her ten years ago.

"I want you to give this little  
girl's teeth a thorough examina-  
tion and see if there is anything  
wrong with them," she said, and  
then added, "If I had received this  
early attention I might not be  
wearing a plate today."

We could not help but admire  
this Grandmother's wisdom and it  
occurred to us that it would be a  
splendid story to tell the public at  
large.

A thorough examination of the  
child's teeth was made and a small  
cavity was discovered in one of the  
teeth.

It was immediately filled, entirely  
without pain and at the small cost  
of 50 cents.

"This girl is going to have a  
sound, beautiful set of teeth when  
she gets to be a young lady, if I  
have anything to say about it,"  
was the parting remark of the  
Grandmother.

Her wisdom might well be copied  
by all who hold the future welfare  
of their children at heart.

and sell goods. Permanent position,  
and good chance for advancement.  
Must be able to start at once. Call  
evenings, International Hotel, all this  
week. C. D. Murphy.

There was a big drop in the corn  
market yesterday on rumors that the  
United States was to take off all re-  
strictions on the importation of grain  
from Canada. It was checked by an  
official announcement that the grain  
corporation had arranged for the pur-  
chase of only a moderate amount of  
Canadian wheat. If the removal of re-  
strictions would have that effect, it  
happ it would be a good thing.

**ARRESTED**

Niagara Falls, Ont., May 6.—An  
Italian, Giuseppe Fandancia, is under  
arrest here and will be held until en-  
quiries are made about him. His cap-  
ture did curious things to International  
and extradition laws. A bicycle be-  
longing to William Smith, a sixteen  
year old lad, of this city, was stolen  
two days ago and Chief Walsh ad-  
vised him to do a little detective work  
on his own account. "Go around to  
places where you think the wheel  
might be, and if you see it grab both  
the wheel and the man," advised the  
chief. Willies and his two com-  
panions, younger than himself, went  
over the river to the American side  
expressly to look for the wheel. The  
trio were walking along the street  
when a stewart Italian rode by on  
the stolen wheel. Willie knew it, be-  
cause it was bent from being run  
over by an auto. He and the two oth-  
ers sailed out and grabbed the Italian  
and the bicycle. The Italian submit-  
ted quietly. They took the Italian to a  
policeman, who, after hearing the  
story, advised the lads to take the  
wheel and the prisoner back to Can-  
ada. With a Canadian boy on either  
side and another walking behind, the  
Italian was marched over the lower  
bridge to Canada and landed safely  
at police headquarters. Fandancia is  
employed on the Hydro canal. He  
said he bought the wheel from an  
English boy in this city.

**SEE, I'M HAPPY  
MY CATARRH ALL GONE**

suffered like a dog for years—  
suffered in ten minutes

**CATARRHOUS DID CURE**  
That is the way hundreds of the  
suffering have been taking since  
Catarrhone got into the drug  
stores, available on certain like Ca-  
tarrhone to really cure Catarrh,  
Coughs or Bronchitis.

"Catarrhone"—it isn't a drug—  
it's a healing vapor full of pine es-  
sences and healing balsams. It  
spreads over the surfaces that are  
wet and sore from coughing. Every  
spot that is congested is healed, ir-  
ritation is soothed away, pus and  
secretions are cleaned out, and all  
symptoms of cold and Catarrh are  
cured. Nothing so quick, so sure, so  
pleasant as Catarrhone. Beware of  
dangerous substitutes meant to de-  
ceive you for genuine Catarrhone.  
All dealers sell Catarrhone, large  
size which lasts two months, price  
\$1.00; small size 50c; sample size 25c.

The journal is in receipt of a letter  
from Mr. Hugh Swindley regarding  
the report of the I. L. P. meeting on  
Sunday night, which will be publish-  
ed tomorrow

**SICK--WEAK--MISERABLE  
THOUSANDS OF VICTIMS**

Man feels bad all over—feels weak—feels nervous, irritable, gloomy—gets angry at little things that ordinar-  
ily would not be noticed. You feel tired mornings. Your sleep does not rest you. You feel nervous. You  
sweat at night. Your memory is poor. You can't concentrate your mind. No appetite. You lose flesh—all run  
down. You can't understand why.

**Men! Are You In Debt?**

As to your trouble? Have you some skin eruption that is stubborn,  
has resisted treatment? Is there a nervous condition which does not  
improve in spite of rest, diet and medicine? Are you going down hill  
steadily?

**SYMPTOMS OF VARIOUS AILMENTS**

Weak and relaxed state of body, nervousness, despondency, poor  
memory, lack of will power, timid, irritable disposition, diminished  
power of application, energy and concentration, fear of impending  
danger or misfortune, drowsiness and tendency to sleep, unrefreshed  
sleep, dark rings under eyes, dizziness, pimples on face, palpitation of  
heart, easily tired, weakness or pain in back, lumbago, dyspepsia,  
constipation, headache, loss of weight, insomnia. Dr. Ward gives you  
the benefit of 28 years' continuous practice in the treatment of all  
chronic, nervous, blood and skin diseases. The above symptoms, and  
many others not mentioned, show plainly that something is wrong  
with your physical condition and that you need expert attention.

**NERVE EXHAUSTION.**

The Great American Disease. There are numberless people who  
do not call themselves sick, and yet they feel nervous, weak, languid  
and tired most of the time. They have no ambition or endurance to  
work—everything they attempt is an effort. Life to them appears  
as a long, gloomy future. Their appetite is poor and variable; they  
become irritable, cross and discouraged. They have pains and aches  
in various parts of the body and there is often indigestion, belching  
of gas, pains in the stomach present. Sleepless, wakeful and restless  
nights follow. They become drowsy after meals and the brain tires  
easily.

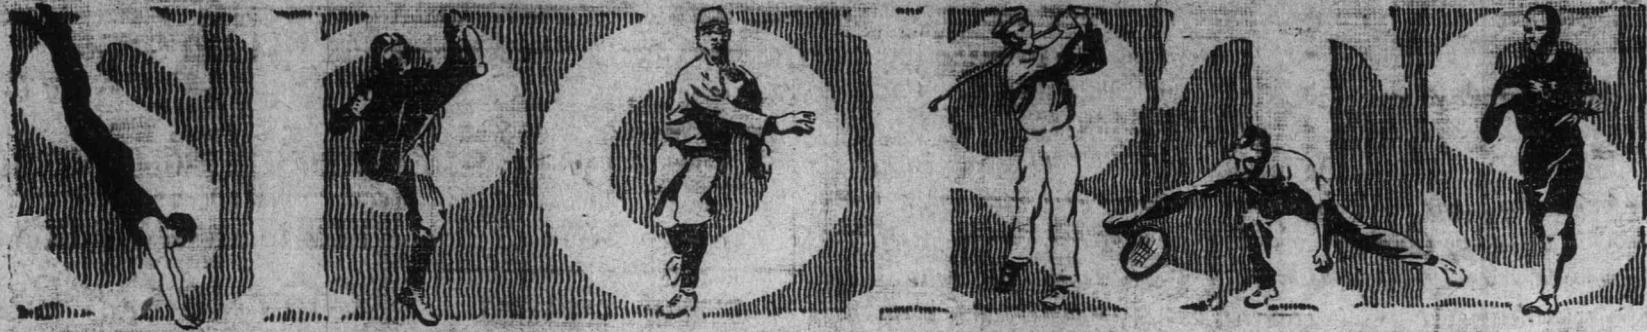

**DR. WARD, SPECIALIST**

**OF INTEREST TO THE AILING MAN**

28 years' experience and learning, 28 years doing one thing and doing it well. Experimenting days long  
past. I know! My success is due to system and direct methods. I go after the cause. No delays—no waiting  
—no wondering. No weary months and years dragging along waiting for expected results. I make a fee  
for treating the patient as long as treatment is necessary. If I make you a fee of \$100.00 or \$250.00 it means  
that I will treat your case until you are dismissed. Consultation and examination free.

**DR. WARD** Daily Hours: Mondays, Wednesdays, Saturdays, 9 a.m.—9 p.m. Tues. **DR. HERRICK**  
days, Thursdays, Fridays, 9 a.m. to 6 p.m. Sundays 10 a.m. to 1 p.m.

BIG FIGHT TO BE STAGED AT TOLEDO, OHIO

Tex Rickard Makes Announcement of Site for the Heavyweight Championship of the World on July 4th.

New York, May 6.—The Jess Willard-Jack Dempsey heavyweight championship fight will be staged at Toledo, O., on the afternoon of Friday, July 4th.

The pugilists will enter the ring at 3 p. m., and will box twelve rounds, unless a knockout ends the contest earlier in the clash.

The pugilists will be selected later, will award a decision on points. The details were announced by Promoter Ex Rickard here last night.

Willard and Dempsey will be paid for their services, Mr. Rickard explained, and will not fight for a purse, which is against the laws of Ohio.

"Having consulted my attorney," he said, "I find that I am entirely within the laws of Ohio, according to a decision of law on such cases. Therefore, I have accepted Toledo's offer to hold the boxing exhibition there."

"Under the Ohio law the mayor of Toledo is permitted to grant consent. Under decision of the court one is privileged to employ bores to give exhibitions, when a purse is not fought for."

An octagon shaped arena to accommodate between 50,000 and 60,000 spectators will be erected at a point convenient to the city. Admission charges will range from \$5 to \$50, according to the location of the seats.

FIRST GAME MAY 13TH.

Standard and Journal Teams Complete Arrangements for Newspaper Championship Series.

The date of the first game of the big newspaper series has been arranged and the ball tossers of newspaperdom will come together at the La-Crosse grounds, and a red hot contest is assured.

The rival captains completed the arrangements bright and early this morning and as the "drys" say, the fight is on. The Standard "never-sweats" evidently have a couple of "near stars" temporarily employed over there for their overseas edition.

And the market square fence-busters are ready for the fray and anticipate no difficulty in seeing to it that the Purdyites in the outfield keep their feet warm chasing three base hits.

Will Carry Water

Reports from the Standard Camp are to the effect that the team has been practising from early morning until late at night and are in good shape for the series. Captain Purdy is said to have tried the highly touted "Jeff" Wilson in almost every position he will not do and will be assigned to look after the water pail. Arthur (Swifty) Moore has been engaged to cover the series for the scientific American.

Although the Journal team has not had a real hard work out yet the brand of ball shown by some of the candidates is above par and the hopes of the fans have gone upward with a bound, as a result.

The opening game of the series will be marked by an impressive ceremony the details of which will be announced later, but it is hinted that The Standard crew will attempt to borrow the Oriental's goat for the occasion because they know that it will be impossible to get ours so they are going to be prepared.

RECORD TARPON OF THE FORT MEYERS (FLA) SEASON TAKEN BY THE NEW YORKER ON THE FIRST DAY, FIRST TIME OUT. THE "SILVER KING" FOUGHT 5 HOURS AND 10 MINUTES, BECAUSE THE FISH "THREW THE HOOK" BUT CATCHING IN THE DORSAL FIN, THE ANGLER FINALLY BROUGHT HIS PRIZE TO THE SIDE OF THE BOAT WHERE IT WAS GAFFED. WEIGHT 164 POUNDS. CAPT. F. H. SCHAUFFLER AND 7-FOOT TARPON.

A carload of lawn bowlers from Saskatoon, Sask., will come to Niagara-on-the-Lake to attend the annual O.B.A. tournament.

The situation in Lemburg Galicia has greatly improved, according to despatches. The Ukrainians have been driven back by the Poles.

PERFECT

RIDE A BICYCLE

The Bicycle is the cheapest mode of conveyance we have. When you buy a Bicycle from a local dealer, you buy Service as well. When you buy a Cleveland or Perfect Bicycle, you buy Canadian-made goods. The guarantee is absolute. How do you expect to get the benefit of a guarantee on a Bicycle bought from a mail order institution? Our Bicycles are the best that can be procured. We could sell cheaper ones, but we won't, as a poor grade bicycle is a poor investment, and we have hundreds of satisfied customers. Bicycle Week is being celebrated all over Canada this week. Come in, and let us explain in detail the various mechanical features that go to make up Canada's Finest Bicycles.

CITY COUNCIL

(Continued from page 3)

Westchester Ave. from Buckland Ave. to Queenston St.

Outlet Sewer and Disposal Works and Disposal Works be assessed upon the remainder of the district to be served by the system and the City Engineer be and is hereby instructed to prepare a report as required by the Local Improvement Act with estimated cost of work, area of benefit and estimated amount to be assessed thereon for outlets.

Your Committee further recommend that the City Solicitor frame a notice to the Lincoln Electric Company to be forwarded to them on behalf of the Corporation by the City Clerk requiring the Lincoln Electric Company under By-Law 1753, granting franchise to the Company, to remove their poles from St. Paul St. between Ontario and Geneva streets and to provide suitable underground conduits for their wires or to use the lanes and alleyways. This action is necessary because the great number of poles and network of wires now located on St. Paul St. are a nuisance and add to the congestion of the street and the removal of these poles and wires, is necessary to provide for the combination street railway and Public Utility system of poles and wires to support the trolley wire and provide an ornamental system of lighting for the street.

Your Committee further recommend that Concrete Curb be constructed as a Local Improvement under Section 5 of the Local Improvement Act on Ottawa St. from Geneva St. to Niagara St.

Your Committee further recommend that the work of sidewalk repairs and re-grading be awarded to Longley and Rymer at 10c per sq. ft. for new sidewalk and 8c for sidewalk raising or lowering. (The cost of this work is covered in the estimates and the arrangement with Longley and Rymer is the same as last year.)

Your Committee further recommend that the application of Walter L. Dearborn to install a gasoline tank and curb pump in front of 41 Haines St. be not granted.

Your Committee further recommend that the permit granted to Albert Devlin, Esq. for a curb pump at No. 3 James St. be and is hereby cancelled and the owner be notified to have same removed from the street forthwith.

Your Committee further recommend that the lots owned by the City on Henrietta St. between Haines St. and Permitta St. be under-drained and levelled for a playground at an estimated cost of \$200 and that the City Treasurer be and is hereby authorized to place that sum to the credit of your Committee for this purpose.

Your Committee further recommend that the application of B. Widdicombe to erect a sign 5 ft. x 1 ft. 2 inches to project over the sidewalk, 10 feet above same, in front of his premises at No. 5 Bond St., be granted.

Your Committee further recommend that the following streets be flushed or sprinkled with water as a Local Improvement and that the cost of same be levied against the properties abutting under the Local Improvement Act.

Church St.—Ontario St. to Queenston St.

King St.—Church St. to Ontario St.

James St.—Church St. to St. Paul St.

Ontario St.—Midland St. to St. Paul St.

Queen St.—Church St. to St. Paul St.

St. Paul St.—Geneva St. to Ontario St.

Your Committee further recommend that the following streets be oiled as a Local Improvement and cost of such oiling assessed against the properties abutting.

St. Paul St. West from Ontario St. to Ligar St.

Welland Ave. from Mrs. Shea's lot on Lock Two Hill to Ontario St.

Market Grounds from King St. to Church St.

Elizabeth St. from Lac St. to George St.

Henry St. from Welland Ave. to Russell Ave.

Clark St. from Church St. to Welland Ave.

Thorold Road from Queenston Et. to Lincoln Ave.

George St. from Welland Ave. to Russell Ave.

Market St. from Helliwell's Lane to James St.

Albert St. from Henry St. to Catherine St.

Raymond St. from James St. to Clark St.

Louisa St. from Lake St. to Catherine St.

Edmund St. from Henry St. to Catherine St.

Dufferin St. from York St. to George St.

Pleasant Ave. from Lake St. to Henry St.

Moved by Ald. Smith, seconded by Ald. Riffer. "That the report of the Board of Works just read, be received and adopted."

Ald. Westwood: "Raymond street should be paved and it would not cost much money and the railway

Whenever you have a headache, or feel a bilious attack coming on, ward it off by the timely use of BEECHAM'S PILLS.

Largest Sale of any Pills in the World, sold everywhere in the World.

ELSIE RYAN, appearing in "TEA FOR 3", at The Grand, Monday, May 12th.

company would have to pay their share."

Ald. Smith: "We will take that matter up again."

Mayor Elson: "May I ask if there is a good reason for the refusal of that request for a gasoline tank on Haines street?"

Ald. Smith: "Yes, Your Worship, did not feel like being held responsible for any accident which might occur."

The report was adopted.

FIRE AND LIGHT. Ald. Westwood submitted the following report of the Fire and Light Committee:

Your Fire, Light and Gas Committee beg leave to submit this their sixth report and report that they are in receipt of an application from the Petroleum Products Co. to locate a ware house for oil storage and tanks for gasoline and coal oil along the siding into the property on the north side of Westchester Avenue and along

Committee recommend that permit be granted and hereby granted, providing all regulations of by-law 2623 are complied with and lumber piles are considered the same as buildings and kept the required distance from storage tanks and further provided that the Company shall at all times comply with said regulations and in event of failure to do so this permit shall be cancelled.

And would further recommend that the tender of Blasonette and Case for the supply of firemen's uniforms at the following figures be accepted.

Pants \$12. Vest \$6.50 Coat \$21.50 Suit \$40.

Moved by Ald. Westwood seconded by Ald. Hill: That the report of the Fire and Light Committee be received and adopted as read.

The motion carried.

MARKET AND BUILDINGS Ald. Dakers submitted the sixth

report of the Market, Buildings and License Committee:

Your Committee reports that during the month of April building permits to the number of 100 were issued for a total valuation of \$22,300.

Moved by Ald. Dakers seconded by Ald. Hill: That the sixth report of the Market, Buildings and License Committee just read be received and adopted.

CONSERVATION Ald. Rose presented a verbal report of the Conservation Committee stating he took the matter of the high price of butter up with the Fair Price Commission but under the terms of the law there must be a concrete case of overcharge laid before the Commission before they can make any investigation.

Ald. Westwood—I am glad that Ald. Rose has brought this matter up and I think we should discharge this Committee as it is a farce, a fraud and unfair, but I think something should be done to try and see what can be done to get some things cheaper.

Ald. Riffer: I think if we abolished the Market we would get produce a lot cheaper right at our own doors.

Mayor Elson: This suggestion to discharge the Commission seems rather drastic as the appointment was made in good faith, but the trouble lies in the law governing the Commission which was a carefully and wonderfully made one, for by its terms the Commission is powerless to do anything and I think the criticism if any should be levelled at the Department at Ottawa that was responsible for it.

Ald. Westwood: It was not the Commission I had reference to, but the Act itself.

Mayor Elson: It seems strange that the Government should play to the gallery by creating laws which are of no use.

BY-LAWS. Ald. Eagle and Westwood introduced a by-law to enlarge the time for the return of the collectors roll for 1918, and Ald. Riffer and Dakers submitted a by-law to declare part of Albert Street a residential section.

Both by-laws were given three readings and were declared passed.

On motion by Ald. Smith and Riffer, the Mayor was appointed as the City's delegate to the Sixth Canadian Good Roads Convention at Quebec on May 22nd and 23rd.

LOW WEIGHT BREAD. Ald. Hill: Since the 23rd of April I have been keeping a careful tab on the bread sold in this city and I find that every day since the Standard three pound loaf is in most cases three and four ounces short of the required weight. I would like to know if we have an official to look into this or not, and if we have not why let us get one?

Mayor Elson: There is no inspector here but there is one in Hamilton who comes here but I don't know how often. If Ald. Hill has correct information tabulated carefully it is an important matter and should be looked into.

Ald. Hill: I don't think it is done intentionally but is the result of carelessness.

Ald. Riffer: The quicker we make the market a free one and appoint an weights and measures official the sooner we will get a fair weight.

Mayor Elson: Three or four ounces in each loaf shows that a serious condition exists and I feel that it is my duty to report the matter to the proper authorities and have an official sent here to investigate the matter for it is a clear violation of the law.

Ald. Westwood: We should have a man to regulate the scales on the market.

Ald. Smith: I will venture to say that twenty out of twenty five potato dealers on the market will be found to be selling at short weight if an investigation were made.

REPORT OF THE MARKET, BUILDINGS AND LICENSE COMMITTEE

Your Committee reports that during the month of April building permits to the number of 100 were issued for a total valuation of \$22,300.

Moved by Ald. Dakers seconded by Ald. Hill: That the sixth report of the Market, Buildings and License Committee just read be received and adopted.

CONSERVATION Ald. Rose presented a verbal report of the Conservation Committee stating he took the matter of the high price of butter up with the Fair Price Commission but under the terms of the law there must be a concrete case of overcharge laid before the Commission before they can make any investigation.

Ald. Westwood—I am glad that Ald. Rose has brought this matter up and I think we should discharge this Committee as it is a farce, a fraud and unfair, but I think something should be done to try and see what can be done to get some things cheaper.

Ald. Riffer: I think if we abolished the Market we would get produce a lot cheaper right at our own doors.

Mayor Elson: This suggestion to discharge the Commission seems rather drastic as the appointment was made in good faith, but the trouble lies in the law governing the Commission which was a carefully and wonderfully made one, for by its terms the Commission is powerless to do anything and I think the criticism if any should be levelled at the Department at Ottawa that was responsible for it.

Ald. Westwood: It was not the Commission I had reference to, but the Act itself.

Mayor Elson: It seems strange that the Government should play to the gallery by creating laws which are of no use.

BY-LAWS. Ald. Eagle and Westwood introduced a by-law to enlarge the time for the return of the collectors roll for 1918, and Ald. Riffer and Dakers submitted a by-law to declare part of Albert Street a residential section.

Both by-laws were given three readings and were declared passed.

On motion by Ald. Smith and Riffer, the Mayor was appointed as the City's delegate to the Sixth Canadian Good Roads Convention at Quebec on May 22nd and 23rd.

LOW WEIGHT BREAD. Ald. Hill: Since the 23rd of April I have been keeping a careful tab on the bread sold in this city and I find that every day since the Standard three pound loaf is in most cases three and four ounces short of the required weight. I would like to know if we have an official to look into this or not, and if we have not why let us get one?

Mayor Elson: There is no inspector here but there is one in Hamilton who comes here but I don't know how often. If Ald. Hill has correct information tabulated carefully it is an important matter and should be looked into.

Ald. Hill: I don't think it is done intentionally but is the result of carelessness.

Ald. Riffer: The quicker we make the market a free one and appoint an weights and measures official the sooner we will get a fair weight.

Mayor Elson: Three or four ounces in each loaf shows that a serious condition exists and I feel that it is my duty to report the matter to the proper authorities and have an official sent here to investigate the matter for it is a clear violation of the law.

Ald. Westwood: We should have a man to regulate the scales on the market.

Ald. Smith: I will venture to say that twenty out of twenty five potato dealers on the market will be found to be selling at short weight if an investigation were made.

VICTORIA DAY. Mayor Elson introduced the question of the observance of Victoria Day which this year falls on a Saturday and it is likely that the merchants will petition to have the holiday held on Monday.

Ald. Eagle: Let them consider Friday the main shopping day that week.

Ald. Westwood: The holiday should be held on Monday if Hamilton and Toronto are going to hold it on that day.

Ald. Smith: Saturday is the one day in the week when the merchants expect to do business.

Ald. Eagle: It seems to me to be all nonsense to set another day, Saturday is the logical day for the holiday.

Mayor Elson: The reason I brought the question up is because there was a division of opinion in former years and we want to settle the matter in plenty of time.

Ald. Westwood then gave notice that at the next regular meeting he would introduce a motion to declare Monday, May 26th as the day for celebrating the birthday of the late Queen Victoria.

The Council then adjourned.

A CREAMY LOTION MADE WITH LEMONS

Prepare a quarter pint at about the cost of a small jar of common cold cream.

When this home-made lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion dainty and attractive.

What girl or woman hasn't heard of lemon juice? It removes complexion blemishes; it bleaches the skin and brings out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear, smoothen and beautify.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.

### Gas May Become As Precious As Diamonds

Fresh north and north west winds, Tuesday, fine and cool.

The total failure of Natural Gas fields is not probable for some time yet, but there is a limit to the supply.

We are wise, therefore, if we treat Natural Gas as one of nature's precious, and are sparing in our use of it.

One day the Natural Gas supply will fail, but you can postpone that day by carefulness and economy in your use of gas now.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT—THE SUPPLY IS NOT EVERLASTING.

THE UNITED GAS COMPANIES, Limited.

Grand, Monday Evening, May 12, ELSIE RYAN, Star of "Out There" and "Peg O My Heart", appearing in "TEA FOR 3".

## MUSIC AND DRAMA

MUSIC AND DRAMA "TEA FOR THREE"

Playing the role of the jealous and somewhat primitive husband in "Tea for Three" the comedy by Roi Cooper Megrue which Miss Elsa Ryan brings to the Grand Opera House, St. Catharines, May 12th, for one night only, direct from a week's successful engagement at the Royal Alexandra at Toronto, is Hayden Stevenson popularly known in Montreal and other Canadian cities as a member of the Clark Brown Stock Company. Mr. Stevenson created the role of the doctor in "The Copperhead" the play in which Lionel Barrymore scored such a success in the States and which had an unusually long run in New York and on the road. Mr. Stevenson has appeared in leading roles in support of Tyrone Power, Constance Collier, Florence Roberts, B. Walsh and has also produced sketches himself in vaudeville.

### MERRITTON

Mrs. Rev. Dr. Smith, of St. Catharines gave a very interesting talk at the morning service in the Presbyterian Church on Sunday in connection with the forward movement of the W. M. S.

Rev. James Annesley, accompanied by Mayor Hastings, William Taylor and Rev. Mr. Ferguson of North Peabham, is attending the Presbytery meeting in Hamilton where the matter of Mr. Annesley's resignation will be taken up.

The Sewing Class of St. Andrews Church held a very successful meeting at the home of Miss Edna Bradley, Turner Street, on Monday night. They will meet again next Monday night in the Sunday School room of the Church.

Mr. and Mrs. Fred Potter (nee Carrie Stewart, formerly of Merritton) now of Niagara Falls, Ontario, are receiving congratulations upon the arrival of a fine baby boy at their home.

A meeting of the Public Utilities Commission will be held in the town hall on Wednesday night.

Mrs. Rutherford McAnuff and three children, have returned from a nine months visit with relatives in Montreal. They will take up their residence again in the Condy house on the Mountain which they occupied previously to going away.

An interesting game of ball was played last night when the Merritton Orioles defeated the Eastern Stars of St. Catharines, the score being 5-4. R. Byron, pitcher, L. Richie, catcher for the Orioles and J. McAvoy, pitcher, and G. Millar, catcher, for the Eastern Stars.

### THOROLD

The adjourned meeting of the Vestry of St. Johns Church was held last night, Rev. Canon Piper presiding. Mr. H. Bonis was elected lay delegate to the Synod. The accounts and reports were all produced and appeared to be very satisfactory, the new organ being all paid for and the Church entirely free of debt. After the meeting was over the tables being artistically decorated with cut flowers and potted plants, the ladies of the Church serving in a very courtly fashion. The following supplied a splendid programme of reading, vocal and instrumental music: Mrs. Greenhill, Elsie Hampson, Mrs. Whitaker Ethel Dell, Mr. Greenhill, Sargent Harris, J. H. Hampson, Mrs. H. Keeler and Miss Ethel Dell acted as accompanists for the evening.

The young peoples guild held a well attended meeting last night. Rev. W. H. Smith gave a very instructive talk on "Holidays" which was listened to with great interest.

The following barbers have signed their names to the list for a half holiday on Wednesday afternoon: H. C. Burley, R. McManis, John McLean, G. W. Robinson, J. H. O'Flaherty, Walter Cross and Emil Koepf.

Mr. and Mrs. Halliday, are giving up their home on Pine Street, and are moving to Beavertams where they will reside with the latter's parents, Mr. and Mrs. Frank Wilson.

The senior Epworth League meeting of the Methodist Church was well attended on Monday night, Mrs. Fred Pew gave a very interesting paper on "Consecration."

Albert Catterall of G. T. Claig are

### THE "BETTER OLE"

Bruce Bairnsfather, co-author of "The Better Ole" the farce comedy of the war, with music, that Mr. and Mrs. Coburn will present at the Grand on Saturday, May 10, matinee and evening, is a Scotoman, and, like Kipling, he was born in India, the son of a soldier and one of a family of soldiers. During the recent war, Bairnsfather served as a Captain with the Royal Yorkshire Regiment.

Whatever the Bairnsfather cartoons have been published in American periodicals they have been received with appreciative laughter, largely due to their humanity. In fact, Bairnsfather's interpretation of the war in its smaller episodes is as effective as Raemaker's, and his pictures have brought comfort to those who have had difficulty in realising that there was a funny side to war.

The title of the play, "The Better Ole," is taken from one of the Bairnsfather drawings, when a soldier squatting in a shell hole remarks to a comrade during a fierce German bombardment: "If you knows of a better ole, go to it!"

Neither preaching nor propaganda poems "The Better Ole." It aims at nothing but entertainment, and will be liked by veterans who have served their country "over there" as well as by those who never knew the dangers and privations of trench life, which this play is said to picture so amazingly well.

Songs are interpolated during the action of the play that were especially written by Herman Darewski and Percival Knight and they will be interpreted by a large chorus of pretty girls. So there will be frills as well as thrills. There are three modern musketeers in "The Better Ole" Old Bill, Bert and Alf, and the audience will follow them through many trench adventures, during which the rollicking humor of the British Tommy surmounts all obstacles and remains untarnished by the grim and gruesome of war.

ing town from Toronto where they are busily engaged installing new fee machine in Roger Strong's butcher shop.

### GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick, wavy, strong and beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderrine hair cleanse." Just try this—moisten a cloth with a little Danderrine and carefully draw it through your hair taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderrine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderrine from any Drugist or Toilet Counter for a few cents.

Winnipeg, May 6.—A broken rail is believed to have caused the wreck of the Toronto-Winnipeg express on the Canadian National railway late yesterday afternoon west of Port Arthur. The train, proceeding westward was derailed and the engine and three baggage cars were thrown down a 15 foot embankment and the cars destroyed by fire. The contents of two of them were saved. Fireman Bouson was slightly hurt.
