PERSIAN OFFICIAL IS ASSASSINATED

Wild Stories of Rioting Prevail in Tehran—If Russian Troops Approach the City It is Certain War Will Be Declared.

Tehran, Dec. 6.—Prince Firman, former general of the province of Azerbaijan, is reported to have been shot to death today at his home at Tabriz. The assassin is believed to have been an anti-Russian agitator who resented the Prince's friendship with Russia. Prince Firman was one of the best known officials of Persia.

Tehran is the scene of anti-Russian demonstrations tonight. The populace is enraged in wild rioting and the police are unable to restore order. Hadji Mohamud, the reactionary leader who supported the regime of the former Shah, was shot to death on the street in front of his residence while demonstrating with a crowd for assembling Russians.

He declared the Czar was one of the best friends his country had. He was expressing this opinion when three men opened fire with revolvers and the reactionary leader fell dead. The assassins escaped. It is certain that if the Russian troops approach Tehran there will be an outbreak that will result in a declaration of war.

DEEPENING OF WELFORD CANAL

Ottawa, Dec. 6.—"We will deal with this business question from the standpoint of a business government, but I cannot promise you immediate action," was the reply of the premier to an important delegation from the Ontario Associated Boards of Trade, which waited upon him and his colleagues this morning to ask for the immediate deepening of the Welford canal.

"But," he added, "our object is to keep Canadian trade in Canadian channels to continue as much as we can the policy of making our trade run east and west. We have already received a similar delegation in regard to the Georgian Bay canal, and I can assure you that the whole question of transportation will be given the most careful consideration. We would not embark upon the construction of the navy without due consideration and I am sure that you, as business men, would not ask us to pledge ourselves to any definite policy of so heavy a character without due consideration."

"As business men would not enter into any business undertaking without careful thought and you must give this business government the same privileges. We have only been in power for a few weeks, though to some of us it seems a very much longer time, and you must therefore pardon us if we do not give you an answer off-hand, the whole question of transportation will be carefully considered."

Wichita, Kans., Dec. 4.—Tramlines, including conductors, brakemen, firemen and switchmen, on the Kansas City, Mexico and Orient road, were today denied a 20 per cent. increase in wages. Two hundred and fifty men were involved in Kansas, Oklahoma, Texas and Mexico. They believe the unions to which they belong will order a strike.

LORDS DAY ALLIANCE VERY ACTIVE IN EAST

Prosecution of Law Violations Reported as Result of Enforcement of Sunday Sales—Annual Meeting in Toronto Effects Outcome.

Toronto, Dec. 6.—The annual meeting of the Lords Day Alliance held today at the Metropolitan church had the local committee reported many prosecutions undertaken during the year. The result of these prosecutions had been that men were no longer forced to work on construction work on the Sabbath, and that food could not be sold on Sunday so prominently as formerly. As a result of these cases carried to the court of appeals, cases could no longer be sold as drugs, and ice cream and candy could be sold only if incidental.

The executive committee reported that many people yet misunderstood the aim of the alliance, which was not to coerce people into working on the Sabbath but merely to secure for every workman in Canada a weekly day of rest. The legislative section of the alliance had shown its power by the fact that several bills in relation to the preservation of Sunday introduced into the House of Commons had been withdrawn because of the activity of the Alliance.

In the afternoon the meeting was presided over by J. H. Farmer, of McMaster University. The day of rest and National Obligation and a Moral Opportunity," by Rev. Dr. Rose W. L. Miller, D.D., LL.D., Kingston. The day of rest and National Obligation and a Moral Opportunity," by Rev. Dr. Rose W. L. Miller, D.D., LL.D., Kingston. The day of rest and National Obligation and a Moral Opportunity," by Rev. Dr. Rose W. L. Miller, D.D., LL.D., Kingston.

Attention was called to the fact that political meetings had been held recently on Sunday in different parts of the province. A resolution was passed calling the attention of the public to the illegality of such a meeting. The code prohibiting such gatherings is as follows: It is not lawful for any person on that day to hold, convene, or attend any public political meetings.

The following officers were elected: President, H. Rev. J. F. Swenley, D. D., bishop of Toronto; Vice-President, J. R. MacDonald, Esq., Rev. A. C. Norman, LL.D., Toronto; Rt. Rev. W. L. Miller, D.D., LL.D., Kingston, Prof. J. G. Farmer, Toronto; Rev. L. Norman, Tucker, London; Rev. T. Albert Moore, D.D., Toronto; Hon. J. M. Gibson, K. C., Lieutenant Governor of Ontario; Mrs. A. O. Rutherford; Toronto; secretary Rev. G. H. Hanna; general secretary for Canada, Rev. W. M. Rochester; treasurer, Chas. J. Copp, M.D.

YUAN MAY INTEND TO MAKE HIMSELF REGENT

Popular Opinion in China is That Premier Yuan's Intentions are to Make Himself Regent.

Peking, Dec. 6.—Continued resignations from the government service, including that of the Premier Yuan, and a cabinet, leave the premier more than ever a one-man government. The newspapers are beginning to voice the popular feeling of dissatisfaction toward the premier over Sir Edward Grey's speech.

The Kaiser, anxious to encourage the young man, King George V., to enter a series of international races for ten days in 1912 at Kiel, with a start on the coast from Dover to Heligoland, for various prizes given by himself.

The yacht racing association of the United Kingdom at a meeting November 18, not only confirmed this arrangement, but completely altered other British regulations to suit the Kaiser's wishes, and the Dover to Heligoland race was definitely fixed for June 15th, 1912. Today the race was declared a no-nopolis and no-explains being offered.

That work on the new G. T. P. hotel will commence as soon after the ratification of the agreement by the legislature as weather conditions will permit, is the assurance given by E. J. Chamberlain, general manager of the company, in a communication received by Mayor Armstrong yesterday.

"With a view to removing any doubt that may exist in the minds of the council as to the company's obligations under clause 5 of the agreement," says Mr. Chamberlain, "I have given explicit assurance on behalf of the company that work will be commenced just as soon after the act of ratification has been passed as weather conditions will permit, and will be pushed vigorously to completion with a view to completing by the time limit called for by the said section of the agreement, either in full or substantially so."

The ratification of the agreement by the legislature is rendered necessary by the doubt which exists as to the power of the city to grant to the company title in fee simple to the streets and lanes closed under the bylaw known as the weather conditions bylaw. It is on the ground of this doubt that the company excuses its failure to commence work this fall.

Mr. Chamberlain declares that there is no reason to anticipate at the present time that the building will not be duly completed within the time called for by the agreement, namely, within eighteen months from the date when this agreement was made.

ADMIRAL SCHLEY'S OWN STORY

A man died the other day, and with his death passed America's most popular naval hero—popular because championed by the people, though officially denied the full fruits of this long and brilliant service. This man was Admiral Schley, hero of Santiago, one of the great sea-fighters of history. Shortly before his death Admiral Schley completed for Cosmopolitan a series of articles giving his personal recollections of his forty-five years in the navy. He was not anxious to do this for there was at least one old story that an autobiography must be open. But we urged upon him the fact that nearly four million readers would see each of these articles, and that most of these readers believed, with Admiral Dewey, that the men who stood on the deck of the BROOKLYN that July Sunday in '98 were entitled to the story of that great victory. So he consented to do it. Not in the cut and dried way, but never done before. The first installment of the autobiography, the life story of a man worth while in the nation's history appears in the Christmas number. Subscriptions to Cosmopolitan will be accepted until December 31st, at the special low rate to Canada at \$1.50. Cosmopolitan Agency, Box 831, Winnipeg.

It was said he was not asked or expected to do so.

TO BE SITE FOR NEW LEGISLATIVE BUILDINGS AT WINNIPEG

Ottawa, Ont., Dec. 5.—It is understood that negotiations have been completed for the purchase of a site for the new legislative buildings at Winnipeg. The site is a rectangular plot of land, bounded by the river on the north and east, and by the city streets on the south and west. The area is approximately 100 feet wide and 200 feet long. The site is owned by the Dominion government and is being offered for sale to the province of Manitoba for the purpose of building a new legislative building. The price for the site is \$100,000. The province has agreed to purchase the site for \$100,000. The new building is to be built on the site and will be a two-story structure. It will be a modern building and will be a credit to the province. The building is to be built by the province and will be a credit to the province. "The World's Best Magazine" (?)

Whether Cosmopolitan deserves the compliment recently paid it by W. T. Stead, the eminent English Author-Journalist, is not for us to say, but we frankly admit that we believe in it as far as America is concerned, we are producing the best magazine ever published. KINGSLEY PARKER, eminent and entertaining writer for the sound, even mind of the great public, author of "The Right to Work," "Seats of the Mighty," and many other notable books and articles. JACK LONDON, master of the short story, America's most virile writer, author of such gripping tales as "The Call of the Wild," "The Sea Wolf," and many others throbbing with elemental passions and resonating with the din of the fierce fight for existence. MR. BRADLEY, author of the "Smoky Believer" story which by the way, is the best work he has yet done—a gem. READ ONE of these stories and you will want to read them all. ADMIRAL WINFIELD SCOTT SCHLEY, a man died the other day, and with his death passed America's most popular because championed by the people though officially denied the fruits of his long and brilliant service. This man was Admiral Schley, hero of Santiago, one of the great sea-fighters of history. Shortly before his death, Admiral Schley completed for the Cosmopolitan a series of articles giving his personal recollections of his forty-five years in the navy. He was not anxious to do this, for there was at least one old sore that an autobiographer must re-open. But we urged upon him the fact that nearly four million readers would see each installment of his story, that most of the readers believed, with Admiral Dewey, that the men who stood on the deck of the BROOKLYN that July Sunday in '98 were entitled to the glory of that great victory. GEORGE RANDOLPH CHESTER'S justly famous "GET-RICH-QUICK" stories will continue to appear monthly chronicling the adventures of our old friends J. HUFFS and BLACKIE. They are such thoroughly charming romances that you find yourself hoping to be rescued. Thus it is when by a sudden turn of the wheel a promoter offers Wallingford \$1,000,000 for a franchise and right-of-way, which as cost him nothing, and it is seen that he will not have to make a hurried departure there is intense relief. These stories will continue during the year. Subscribes now. GOVERNOR MORRIS, psychological, subtle master of the charities of English style, author of many short stories of pre-eminent merit, reminiscent of the great Robert Louis Stevenson, of whom he is an undoubted disciple, though not in any sense an imitator. WILLIAM CANADA STANLEY FOR THE EXPLOITATION OF HER TIMBER AND NATURAL RESOURCES AS THE STATES HAVE DONE. Charles Edward Russell has made for the Cosmopolitan a thorough investigation of lumber trust methods—he has followed the slippery trail of the lumber occupant of the coast—and he has the "goods." You will be surprised at his revelations—at the tremendous power of the trust, its brazen indifference to all but its own interests, its hold upon legislators, its highway method of national pocket-picking. This will be a great series of articles vitally interesting to every one who has ever bought any part of a tree. The first article will appear in January. ROBERT W. CHAMBERLAIN'S new novel, "The Turning Point," illustrated by CHARLES DANA GIBSON, begins with the Christmas number. This story will run through several months and we feel justified in making the claim that it will prove to be more popular with the reading public than was "The Common Law," which recently appeared in Cosmopolitan. Remember her TO-DAY with a subscription to COSMOPOLITAN. She will remember and appreciate your thoughtfulness and consideration for her, every month during 1912. Subscribe now, sending your name and hers, and a neatly engraved card bearing the announcement of your subscription for her will be delivered about December 25th. DAVID GRAHAM PHILLIPS' best work, "The Price She Paid," which this gifted author finished shortly before his death, will run during the winter months. In this story we have Mr. Phillips at his best and those of you who read "The Grain of Dust" will understand what that means. The illustrations are by HOWARD CHANDLER CHERRY. ALFRED HENRY LEWIS, language champion, America's greatest political writer, will report political events of the coming Presidential campaign for Cosmopolitan. In addition to the above there will appear during the year 1912 the best work of many other writers and artists of national prominence. This is your last chance to secure Cosmopolitan at the special low rate, to Canada, of \$1.50. Your subscription must be mailed to us not later than December 5th—earlier if possible—as only 800,000 copies of the Christmas Number will be published.

PREMIER TAKES NATURAL RESOURCES' CORRESPONDENCE

LETTERS WHICH PASSED BETWEEN PREMIER SIFTON AND SIR WILFRID LAURIER, AND LATER BETWEEN PREMIER SIFTON AND PREMIER BORDEN ARE LAID ON TABLE OF HOUSE.

As promised in the speech from the throne, the government has laid before the legislative assembly the correspondence carried on with Ottawa in respect to the transfer of the natural resources. At the sitting of the House yesterday afternoon, Premier Sifton tabled the letters which have passed between himself and Sir Wilfrid Laurier and Premier Borden.

The first letter was that written to Sir Wilfrid Laurier by Premier Sifton on March 20th. This letter conveyed to the premier the resolution passed on December 6th, 1910, by the Alberta legislature, commending the government of the province for entering into negotiations with the federal government relative to a measure of control of the public domain in the province of Alberta.

Mr. Sifton's reply to this letter was written on August 7th. In his letter Premier Sifton stated that he had not sent it earlier because he had had no opportunity of consulting Mr. Oliver before the letter left for the west. He had kept the matter for consideration with him on his return, had done so and Mr. Oliver had agreed with him in the lines set down in the answer of August 7th.

On Nov. 8th Premier Sifton addressed a letter to Sir Wilfrid Laurier, also calling his attention to the statements he had reported to have made with regard to provincial control of natural resources, previous to the federal election, and requesting that he arrange an interview in regard to the question.

Mr. Sifton's reply to this letter was written on March 20th, 1911. On the fifth day of December last a resolution was passed in the Legislative Assembly of Alberta commending the government of the province for entering into negotiations with the government of Canada relative to a measure of control of the public domain of the province.

With respect to the province of Manitoba, the principle of provincial control of the public lands has been contracted in British Columbia and Ontario, and having provided free lands for thousands of settlers has, in the opinion of the province, been retained, viz., all lands and trusts in respect thereof, mines, minerals and royalties, and the purchase of the Hudson's Bay Company.

By the British North America Act of 1867 it was among other things enacted that it should be lawful for Her Majesty's government on an address from the House of the Parliament of Canada to admit Rupert's Land and the North-Western Territory into and become part of the Dominion of Canada.

The distance of the central administration offices from the provinces, the principle therein adopted, and the consequent difficulty of transportation and communication, and the fact that the public domain in any province should be within and under provincial authority.

It is beyond question that the reason which caused the province of Manitoba to be admitted to the Dominion was that the public domain in that province had been given to the other provinces, and this larger grant was several times increased afterwards.

It is not overlooked that the Dominion government spends a considerable sum of money in the maintenance of the public domain in the western provinces. It is not overlooked that the Dominion government spends a considerable sum of money in the maintenance of the public domain in the western provinces.

It is possible to adduce additional reasons in support of the claim that the Dominion government should be held responsible for the maintenance of the public domain in the western provinces.

It is not overlooked that the Dominion government spends a considerable sum of money in the maintenance of the public domain in the western provinces.

Jas. McNamara Sentenced to Life and his Brother to Fifteen Years

Self-Confessed Murderer Will Not Go to the Gallows.

"YOU DESERVE NO CLEMENCY"

Says Judge Bordwell, But For Other Reasons It is Given.

Los Angeles, Dec. 5.—James E. McNamara, confessed murderer, was sentenced to life imprisonment today by Judge Walter Bordwell. His brother, John J. McNamara, secretary of the International Association of Bridge and Structural Iron Workers, who confessed to the dynamiting of the Llewellyn Iron Works, was sentenced to 15 years in the penitentiary.

The court then began the formal statement of reciting the indictment for murder of Charles J. Haggarty, upon which McNamara had pleaded guilty, and asked McNamara if he had any statement to make.

"I have nothing to say," he said. "I have been a murderer, and I am well aware of the usual custom of granting clemency to prisoners pleading guilty. This defendant, by no pleading, has settled for all time a matter which otherwise would always have been in doubt."

When James E. McNamara was asked if he had anything to say, he said: "I have nothing to say. I am well aware of the usual custom of granting clemency to prisoners pleading guilty. This defendant, by no pleading, has settled for all time a matter which otherwise would always have been in doubt."

Text of James B. McNamara's Confession of Los Angeles Times Dynamiting Outrage

Los Angeles, Dec. 4.—James B. McNamara's brief confession penned by his own hand late yesterday and bearing many evidences of a man little skilled in letters, was made public today.

"It was my intention to injure the building and scare the owners. I did not intend to take the life of any one. I am very sorry that the unfortunate men lost their lives. If the giving of my life would bring back to life the men who were killed, I would gladly give it. In fact in pleading guilty to my life, I have placed my life in the balance."

LABOR COUNCIL DOES NOT REPUDIATE THE McNAMARA BROS.

Two Resolutions Presented to Ed. McNamee, Editor of the "Daily Worker," and Labor Council was the introduction of a motion to repudiate the McNamara case. A. J. Brydon, delegate from the Typographical Union, was responsible for both motions. The first motion was as follows: "That we, the Trades and Labor Council of Edmonton, take this the earliest opportunity to repudiate with indignation the methods employed by the McNamara brothers in the Los Angeles dynamiting outrage as embodied in their confession."

The second resolution recommended that any surplus of the fund raised for the defence of the McNamara brothers be given to the widows and orphans of the men who lost their lives in the explosion which destroyed the Times building. These resolutions evoked considerable discussion. Only a small percentage of the members of the council were present, and the majority held the opinion that the council should not be too hasty in rushing into a matter of this kind, and it was finally decided to lay the matter on the table for a week.

To Exclude the Press. The matter of the press exclusion of the evening arose when F. Blake's notice of motion to exclude the press from the meetings of the council was brought up. The motion was in the form of an amendment to the constitution and had been before the council for several weeks past. It was introduced at the last meeting, but according to the constitution it was necessary that it should be overruled at the next meeting.

A vote was taken last night and the result was that the motion was carried by a vote of 13 to 10. The constitution provides that such an amendment will go into effect until it is voted on and passed a second time. Consequently, if Delegate Blake's motion is carried at the next meeting of the council, the majority at the council meeting on the 15th of December news-writers of the city will be strictly excluded from all future meetings of the Edmonton Trades and Labor Council.

Delegated Blake gave as his reason for the presentation of the motion some incident which had not been published and which had not appeared. He also read an extract from a local paper. The mover had no fault to find with the article, practically no protest, and the manner in which it was written, claiming that personalities between members were too freely aired.

The members were not by any means unanimous in regard to the motion. One delegate expressed the opinion that "we have passed the time when it is necessary to hold secret meetings and that we should refer to it as an out-of-date and altogether reactionary. It had been tried by other unions and found to work anything but satisfactorily."

The secretary opposed the motion. He stated that since reporters had been admitted to attendance interest in the meetings had increased to a large extent. He stated that in every case where a request had been made to suppress anything this had been complied with.

Speaking for the motion, another member stated that the individual trades unions did business behind closed doors, and his opinion the council should do likewise. The motion was finally passed as above.

CITY SHOWS SMALL SURPLUS FOR YEAR

This Year's Deficit Overcome by Last Year's Balance—The Council Hear Auditor's Report—Figures Show the Success of the City's Utilities.

The annual report of the city auditor, submitted to the city council last evening, shows a deficit in the net revenue account for the year amounting to \$17,018.99. This amount, however, is more than covered by the surplus carried over from the previous year, amounting to \$22,674.20, thus leaving a net surplus at date of \$5,655.21.

The estimates provided for the taking over of the surplus of the previous year. The detailed statement of unexpended funds shows the sum of \$1,611,147.47 on hand, with a balance on the other schemes for which capital funds have not yet been provided totals \$348,609.01.

The revenue account of the Street Railway Department shows a loss for the year of \$34,836.07 as compared with a loss of \$29,269.74 for the previous year. The total expenditure on generation of power and pumping for the year, including interest and redemption, was \$202,485.22 as compared with \$189,481.83 for the previous year.

There is a surplus in the revenue account of the Telephone Department as compared with a surplus of \$9,418.60 for the year just ended of \$16,418.60 for the year just ended. On capital account there is a balance on hand of \$9,997.51.

The increased adverse balances in the street railway and water departments, which now total \$131,742, draws attention to the necessity for consideration being given to the construction of a new water works and to indefinitely carry these deficits and is bound to provide for them as they occur.

With regard to the street railway, the reports show that the loss has increased over that of the previous year and there is little to indicate that any materially better result will be attained in the immediate future.

On motion of Ald. McNamee, the council appointed Mayor Armstrong, R. J. Manson, contractor, Geo. Hunter, stockman, Frank Webb, stockman, Geo. Cresswell, farmer, Ald. Lundr, Mayor Davies and C. J. Roberts, stockman, a site city's representatives on the exhibition board.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the severs of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. To purify the blood, Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified, my bowels opened, and my skin cleared up. My sores healed, and my health improved. I feel like a new man now.

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all druggists at 25c a box.

WILL WORK ON THE NEW G.T.P. HOTEL

All That Now is Being Awaited is the Ratification by the Legislature of the Bill Making Valid the City By-Law.

Plans for the projected Grand Trunk Pacific hotel in Edmonton are maturing rapidly and the work of construction will begin at an early date. The contract for the building was awarded yesterday by D'Arcy Trate, K.C., solicitor for the Grand Trunk Pacific railway, who has been in the city for several days. He departed last night for his home in Winnipeg.

While there has never been any doubt that the project would go through, Mr. Tate said he desired to set at rest some groundless rumors which have been current to the effect that the project would be abandoned or less certain. In the first place, no unnecessary delays will be permitted to interfere in pushing the project to completion.

The estimated cost of the hotel is \$1,500,000. It will be a 10-story building, with a total floor area of 1,000,000 square feet. It will be the largest hotel in the city and will provide for the needs of the growing city.

MERCHANTS WANT TO PAY BUSINESS TAX

Retail Declares of the City Protest Against the Proposal to Abolish the Business Tax—Will be Discussed by the Council Tonight.

The amendments to the city charter, prepared by the joint committee of the Edmonton and Strathcona councils, will come before the city council this evening for final approval, after which they will be presented for the consideration of the legislature. It is probable that the proposal to abolish the business tax will be the subject of some discussion. The Retail Merchants' association has expressed its opposition to this change, and in this view is known to have the support of one or more members of the city council. The objection raised to the removal of this tax is that it affords protection to the local merchants, as the tax is imposed on pedlars and others, not permanently located here, who do business in the city. As, however, the business tax is a general tax, it is not possible to exempt the "pedlars" from its operation.

HIT WITH BEER BOTTLE: YOUNG MAN NOW DEAD

Dr. Porter at the Pendermis Now Under Arrest and Will Be Charged With Murder—Dead Man Made Inquiring Remark.

The body of Bertrand Hunter, a young man of 25 or 26 years, lies at the undertaker's parlors of Connelly and McKinnon. His death took place yesterday afternoon about five o'clock from a hemorrhage of the brain.

Thos. Moorehead, a porter at the Pendermis Hotel, is in the city police cells charged with having caused Hunter's death. Moorehead's present position according to the story told by witnesses, Moorehead was engaged in cleaning out the bar on Saturday night about one o'clock. Coming out of the bar to take his mail and mop down cellar his progress was interrupted by Hunter. The latter is alleged to have made some insulting remarks about the negro race. The two men engaged in a scuffle and it is stated that Moorehead was struck by the dead man. The porter then went down cellar. He came up again shortly, this time armed with an empty quart beer bottle which he carried in his pocket.

Whether further blows were struck by Hunter is not yet clear, but eventually Moorehead picked up the bottle, and struck Hunter over the left brow. Accident Not Thought Serious.

The police appeared to have no serious effects and the two men parted. The police were called in to quell the disturbance, but finding the trouble over no one was arrested. Hunter left the hotel with a friend, Adolf Anderson, and proceeded to the latter's room in the Stanley rooming house. Both men went to bed. Hunter complained of a pain in his head but little more was thought of the matter.

MARRIED BUT 6 WEEKS COMMITTED SUICIDE

Sad Tragedy Occurred at Natuxo Avenue Residence Yesterday Afternoon—Young Woman Who Recently Came to the City Drank Stronichine.

"God forgive me, I have taken poison." These were the last words of David Thompson, a young married woman, who took her life yesterday afternoon about five o'clock, at her home on Natuxo street. She was only six weeks married. Her husband, who is a native of the city, was at her bedside when she died. She had been drinking Stronichine, a medicine which she had bought from a pedlar who had come to the city from the west.

The circumstances surrounding the death of the young woman are being investigated by the police. It is believed that she was suffering from a mental ailment, and that the Stronichine had aggravated her condition.

CANADIAN NORTHERN SITE FOR BIG SHOPS

Have Already Secured Quarter Section Northeast of the City—Negotiating For More Land—Company Have Not Yet Definitely Announced Their Intentions.

Land is being acquired by the Canadian Northern Railway northeast of the city for the purpose, it is understood, of providing a site for several large department stores. The quarter section of the city has been purchased outright by the C.N.R. in the name of Macdonald & Mann. The quarter is traversed by the main line of the railway. It is the southwest quarter of section 21, township 52, range 22, west of the Fourth meridian. Negotiations have been entered into for the purchase of a number of adjoining quarter sections at from \$200 to \$300 an acre, but the owners in most cases are holding out for higher figures.

The C.N.R. has for some time had under consideration the building of a line all through the city, from the city of Edmonton to St. Albert. By this line the city would be more directly connected with the rest of the province. It is more than likely that the point of departure of the through line will be from the city shop location, which from all indications is to be just north of the Belmont school.

REPORT ON NAVIGATION OF THE SASKATCHEWAN

L. R. Volzky States That River Can Be Made Navigable for Shallow Draft Vessels At Cost \$1,500,000

Ottawa, Dec. 4.—The Saskatchewan river waterway is dealt with in a report submitted to the government by L. R. Volzky. It is stated that the river can be made navigable for shallow draft vessels operating between Prince Albert and Le Pas. The estimated cost of the project is \$1,500,000. The report also states that the river is one of the most important waterways in the province, and that its development would be of great benefit to the province.

Pinex is a special and highly concentrated compound of imported Norway Pine extract, and is rich in natural healing pine elements. Simply mix it as directed with water, and you will get relief from cough, cold, croup, whooping cough, and all other respiratory troubles. It is ready for use.

Pinex is sold in more than 100,000 U.S. and Canadian drug stores. It is also sold in many other countries. It is a safe and effective remedy for all types of coughs. It is the only cough syrup that is guaranteed to stop a deep-seated cough in a hurry.

"I Suffered Intense Pains in My Left Side."

Do you realize it when it is the best policy to lock the stable door before the horse is stolen?

Dr. Miles' Heart Remedy cured Mrs. C. C. Gokey, of a stubborn case of heart disease, such as thousands are now suffering with. Real what she says: "Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had grown so weak that it was impossible for me to do daily minutes work in a whole day. I suffered intense pains in my left side and under the left shoulder blade. I could not sleep on the left side, and was so short of breath that I could not walk more than a few steps. I should never be able to take a full breath again. The excitement would bring on the most distressing palpitations. I had scarcely taken a full bottle of the Heart Remedy before I could see a marked change in my condition. I began to sleep well, had a good appetite, and improved so rapidly that when I had taken six bottles I was completely cured. MRS. C. C. GOKEY, Northfield, Vt.

If you have any of the symptoms Mrs. Gokey mentions, it is your duty to protect yourself. Dr. Miles' Heart Remedy is what you need. If the first bottle fails to benefit, your money is returned. Ask your druggist. DR. MILES MEDICAL CO., Toronto, Can.
