

All Hands Get a Share

Conscientious Legislators Decide on Extra Pay for Prolonged Session.

Prime Minister and Subordinates and Opposition Leader Voted Honorariums.

Judges and Ex-cabinet Ministers Round out the List of Beneficiaries.

From Our Own Correspondent.

Ottawa, July 17.—Resolutions covering the increased emolument for legislators passed by the House today. Ministers in charge of the motions announced to the House, saying that His Excellency had given assent. Under the new scale a prime minister's income leaps from \$10,000 to \$15,000 an annum, an increase in salary as president of the council and \$1,000 increase in pensional advance.

Mr. Borden will receive \$9,500, where he formerly received only \$7,000. The total increase including annuities for members of the ex-cabinet and extra allowances for the Opposition leader and the Opposition benches amounts to \$225,000. The increases for the judges amount in all to \$212,577. This makes a total increase of \$437,577 in the annual outlay.

The annuity for ex-ministers was settled only today. They go into effect immediately after this session in order that the present cabinet may draw half salary. There are twelve ex-ministers who served long enough to draw half salary. They are Messrs. Tarte, Blair, Stronach, Couston, Sir Hector Langevin, Charles Tupper, Sir Mackenzie Bowell, Sir A. P. Caron, Sir C. H. Tupper, Sir Charles Goring and Messrs. Foster and Hagar.

Tupper will each draw four thousand for the remainder of their lives, the others \$5,000.

Judges' Salaries

All the judges' salaries are increased. In the Supreme court of Canada the chief justice will get \$10,000, and each of the other two \$8,000. The Exchequer court judges receive \$7,000, and the Supreme court of British Columbia the chief justice will get \$7,000, and the other two \$6,000 each.

The judges of the courts of Carleton, Westminster, Yale, Nanaimo, Vancouver, Victoria and Alton will each receive \$4,000 per annum. There shall be paid in lieu of all traveling allowances heretofore authorized to each judge by the House of Commons or the Court in addition to his moving or transportation expenses, the sum of \$60 for each day during which he is attending as such judge in court or in chambers at any place other than that at which he is by law obliged to reside.

In the Yukon Territory the judges of the Supreme court shall be paid such traveling allowances as the governor-in-council shall determine.

Hon. Mr. Tupper announced as far as he was concerned all judges hereafter must confine themselves strictly to the judicial duties assigned to them and not engage in other business.

Business in House
The Senate today passed a bill to legalize betting on race tracks or incorporated associations was negatived. The House passed a resolution affirming the principle that civil servants should not participate in political campaigns.

Mr. Foster moved to strike out the salary of Mr. Nixon, the Dominion lands commissioner, who has been proved guilty of embezzling public funds. The motion was rejected on a similar vote.

Several senators, including three Liberals, advised the government to drop the section of the Northern Territories bill which would abolish the Yukon Territory and would cost \$20,000,000. Senator Scott said the financial condition of the different provinces was such that the government should not undertake a readjustment. He pointed out that the conditions existing at Confederation were not applicable now. He gave statistics for each province showing the following figures: Per capita consumption (Ontario and Quebec, \$3,882,000, or \$9.49 per capita; Nova Scotia, \$3,407, or \$9.47 per capita; New Brunswick, \$3,312,220, or \$5.19 per capita; Manitoba, \$2,555,000, or \$5.73 per capita; Prince Edward Island, \$1,010,778, or \$2.28 per capita; British Columbia, \$170,000, or \$2.00 per capita. He raised the question of the distribution of the cost of the new provinces, with authority to consider special claims of any particular province.

Senator Scott said that British Columbia received the same terms as the others. One reason the British Columbia had not received more was that the population had not increased. She received \$800,000 for government lands, one for the Dominion of \$100,000 for land for the C.P.R., 5 per cent. interest on the balance of last debt, increased to 1878. British Columbia was one of the richest provinces in the Dominion. The reason the province was hard up all the time was her extravagance. She had been giving away her most valuable lands. He doubted if the people of Canada were prepared to give her more than any other province. Senator Macdonald could hardly hope for a commission at the present time. Senator Macdonald of British Columbia said they had hoped from the premier's statement that a settlement was at hand. The militia department proposed certain changes and additions in clothing and equipment of the Sixth Regiment.

WHERE B. C. IS NOT KNOWN.

"The fair is good," writes Mayor Stevens of Kamloops, who has been spending several days at the Lewis and Clark exposition at Portland. "The B. C. ex-hibit, however, which occupies a small corner in the main building, is very poor. The C.P.R. have an exhibit of grain from Alberta and British Columbia there is an exhibit made by the Tourist Association of Vancouver and Victoria, a lot of specimens of wood and preserved bottles about make up the lot. The fair is in Portland in regard to one country is distressing. It takes me thirty minutes to get my ticket, and I do not know where British Columbia was. He tried first to obtain one at the fair in Canada. Then he enquired if Canada was in British Columbia. I finally got them to get my ticket, and I was punched for the Northwest Territory. I then inquired if the Northwest Territory was in British Columbia. I was punched by Mr. W. Graham, Sturgeon, a man from Chilliwack, Victoria, Langley and other coast points."—Kamloops Sentinel.

CONSTRUCTION OF NICOLA RAILWAY.

W. Pearce of Calgary, chief surveyor and engineer in charge of the Nicola Railway, has completed the survey of the line from the C. P. R. in the Nicola district, says the Nicola Herald. He came in from Spence Bridge and reports that grading is well advanced on the north end of the line and construction camps have been set out on the first sixteen miles.

Respecting the new line, Mr. Pearce said that from now on construction of the line will be rapid. He has experienced at first owing to the necessity of the engineering corps having to locate the line through the Nicola district. The line, practically speaking, follows the route of the old Spence and Nicola. Kamloops & Similkameen and Hall's Pass Railway, with a few slight changes which will materially lessen the engineering difficulties naturally attendant upon a road of this nature.

The line, practically speaking, follows the route of the old Spence and Nicola. Kamloops & Similkameen and Hall's Pass Railway, with a few slight changes which will materially lessen the engineering difficulties naturally attendant upon a road of this nature.

Yesterday Mr. Pearce drove Mr. Pearce to the Nicola Valley Iron and Coal Company's open-pit mine. The cost showing opened the mine for the first time in the history of the province.

Mr. Pearce returned Wednesday afternoon to Spence Bridge, proceeding to Nicola later in the day. He will return to Nicola later in the summer to make a final survey of the line through the Nicola and Similkameen valleys.

LAWN PARTY MINSTRELS.

Second Performance at Institute Hall on Thursday.

The lawn party minstrels, who made such a successful debut at the Institute hall on Thursday next, will be made to the program, among them being a fascinating song from Germany's "Die Lorelei," and a number of other songs.

The minstrels, who made such a successful debut at the Institute hall on Thursday next, will be made to the program, among them being a fascinating song from Germany's "Die Lorelei," and a number of other songs.

GLASS WORKERS' TROUBLES.

Attempt to Amalgamate With Knights of Labor Unsuccessful.

Cleveland, July 17.—The troubles of the Glass Workers and Knights of Labor failed to be settled today. A delegation of the Glass Workers, now in convention here, called upon Burns, president of the Knights, and requested him to formulate a proposition upon which the Knights would consent to merge with the Glass Workers.

Mr. Burns refused to consider the proposition, saying that the Knights would not merge with the Glass Workers. He pointed out that the conditions existing at Confederation were not applicable now.

Several senators, including three Liberals, advised the government to drop the section of the Northern Territories bill which would abolish the Yukon Territory and would cost \$20,000,000.

Senator Scott said the financial condition of the different provinces was such that the government should not undertake a readjustment.

He pointed out that the conditions existing at Confederation were not applicable now. He gave statistics for each province showing the following figures: Per capita consumption (Ontario and Quebec, \$3,882,000, or \$9.49 per capita; Nova Scotia, \$3,407, or \$9.47 per capita; New Brunswick, \$3,312,220, or \$5.19 per capita; Manitoba, \$2,555,000, or \$5.73 per capita; Prince Edward Island, \$1,010,778, or \$2.28 per capita; British Columbia, \$170,000, or \$2.00 per capita.

Witte Fears The Outcome

Afraid That Japan's Terms Will Prevent Accord Being Reached.

Russian Chief Plenipotentiary Grants an Interview to Correspondent.

Although Country's Condition is Serious She Is Not Crushed.

ST. PETERSBURG, July 17.—General Litvinov, chief plenipotentiary, today granted an interview to a correspondent. He expressed his anxiety over the Russian situation and his belief that the peace negotiations would not be successful unless the Japanese terms were more reasonable.

General Litvinov said that the Russian government was determined to maintain its independence and its territorial integrity. He pointed out that the conditions existing at Confederation were not applicable now.

Several senators, including three Liberals, advised the government to drop the section of the Northern Territories bill which would abolish the Yukon Territory and would cost \$20,000,000.

Senator Scott said the financial condition of the different provinces was such that the government should not undertake a readjustment.

He pointed out that the conditions existing at Confederation were not applicable now. He gave statistics for each province showing the following figures: Per capita consumption (Ontario and Quebec, \$3,882,000, or \$9.49 per capita; Nova Scotia, \$3,407, or \$9.47 per capita; New Brunswick, \$3,312,220, or \$5.19 per capita; Manitoba, \$2,555,000, or \$5.73 per capita; Prince Edward Island, \$1,010,778, or \$2.28 per capita; British Columbia, \$170,000, or \$2.00 per capita.

He raised the question of the distribution of the cost of the new provinces, with authority to consider special claims of any particular province.

Senator Scott said that British Columbia received the same terms as the others. One reason the British Columbia had not received more was that the population had not increased.

She received \$800,000 for government lands, one for the Dominion of \$100,000 for land for the C.P.R., 5 per cent. interest on the balance of last debt, increased to 1878. NELSON NEWS ITEMS.

Nelson, July 15.—The case of the West Kootenay Power & Light Company vs. the Municipality of Nelson, being an application for an injunction to restrain the latter from dumping rock into the Kootenay river and so reducing the head of water for the plaintiffs' new 24,000 horse power plant, an eighth of a mile lower down the river, was heard today in court.

The meeting of the Great Northern company to organize for the proper working of the Swede mine over the discoveries made by Superintendent Morgan, which was to have taken place this afternoon, was postponed indefinitely owing to the indisposition of Mr. Morgan.

COMMANDER J. M. ROOSEVELT.

En Route to Join Steamer Roosevelt at Sydney, N. S. W.

Roston, Mass., July 17.—Commander Robert E. Peary, the Arctic explorer, arrived at Boston on his way to Sydney, N. S. W., where he will join the steamer Roosevelt, in which he will attempt to reach the North Pole.

NEW YORK, July 17.—The \$1,700,000 loan for the North Pole voyage will not be paid, according to the order received from the Acting Secretary of the department of commerce and labor. The Roosevelt was ordered to leave Portland, Me., recently without proper clearance papers, and a bond to secure his payment was given before the vessel could leave New York. Mr. Gardner, director of the local collector's office, is endeavoring to secure the vessel from proceedings in the enforcement of the law.

OUTLAYS IN THE NORTH.

Trail from Texana Said to Be Infested by Robbers.

Seattle, July 17.—(Special)—Outlaws infest the trail from Texana to such an extent that miners have made a charge of murder in the first degree. She has been made to produce a warrant for a coroner's jury held a verdict finding that Gen. Gordon met his death at her hands.

The girl will be obliged to spend the summer until he is delivered over after crime with which she stands charged. The case will probably go on trial until autumn at the earliest.

CHINA'S LATEST MISSION.

Envoys Ordered to Depart East and West Study Foreign Methods.

Peking, July 17.—An edict has been issued ordering the dispatch abroad of two envoys to study foreign political methods. The edict, which is vaguely worded, orders the envoys to study the political methods of the various nations of the world and to report on the same to the emperor.

FATAL FAMILY SQUABBLE.

Described Husband's Successor Down Stairs.

Chicago, July 17.—Welcome Jerome, a Frenchman, was found dead in his room at the Hotel de Ville. He was the husband of a woman who was found dead in the room below. The police are investigating the case.

PREPARING FOR THE EXHIBITION.

Royal Citizen Explains Plans for the Great Dominion Fair.

Mr. T. J. Trapp, of New Westminster, president of the Dominion exposition, today gave an explanation of the plans for the Great Dominion Fair to be held in Vancouver in 1906.

Mr. Trapp informed a Colonist reporter that preparations for the exposition are going on in the most active manner. The arrangements for the various buildings are well advanced, and the grounds are being cleared and leveled.

Mr. Trapp, who has been in charge of the exposition since its inception, is confident that the fair will be a great success. He pointed out that the conditions existing at Confederation were not applicable now.

On the nineteenth landing a person is struck with the cleanliness of everything in the building and the order of the premises...

On the twentieth landing a person is struck with the cleanliness of everything in the building and the order of the premises...

On the twenty-first landing a person is struck with the cleanliness of everything in the building and the order of the premises...

PROSPEROUS EDMONTON

Edmonton is perhaps the most hopeful place on the continent today. Four years ago there were about 3,000 people living on the banks of the Saskatchewan at this point...

Signs of rapid progress are visible all over the prairie, especially in the branch lines of the C.P.R. and Canada Northern. New towns are springing up everywhere...

THE SCHOOL QUESTION.

Mr. McEwen in yesterday morning's issue attempted to explain this question to your readers. He presents some advice about other things to suggest...

Regarding fruit, Mr. Dennis, the C.P.R. had agreed to purchase the land in his opinion the prairie country would furnish a market for all the fruit that British Columbia could ever raise...

Touching maritime matters, the minister of marine expressed the keenest desire for a thorough survey of the Pacific Coast waters.

By the Canada Northern, I met Messrs. McKenzie and Mann and discussed their plans, but they said nothing about extending the line to the coast. They spoke of the Hudson Bay connection and the building of the branch lines through the prairie...
