AUSTRIAN TREATY PROVIDES SUBJECT FOR SHARP DEBATE
Liberals Want to See Copy of It, Before Giving It Their Approval.

Canadian Press Despatch.
Ottawa, Oct. 14.—A sharp discussion of treaty approval marked today's sitting of the house of commons. The question of the provisions of the bill to carry the German peace treaty into effect. The effect of these amendments, as explained to the house by Hon. C. J. Doherty, was to extend the provisions of the bill so that it would apply to the treaty with Austria, and also to other treaties signed by Canada. The minister of justice wanted the amendments to concur in the amendments insofar as the Austrian treaty was concerned, but not with regard to the others.

Mr. Doherty explained that an authenticated copy of the Austrian treaty had not yet been received, but that a copy of the document as prepared for signature at the conference had been received, and that it followed the lines of the German treaty. He understood that the signed treaty was practically the same as that received by the government here.

The government's motion carried. Mr. Doherty explained that an authenticated copy of the Austrian treaty had not yet been received, but that a copy of the document as prepared for signature at the conference had been received, and that it followed the lines of the German treaty. He understood that the signed treaty was practically the same as that received by the government here.

Position of Bolsheviks Declared to Be Critical
Copenhagen, Oct. 14.—The position of the Bolsheviks is declared in a report from Russia to be critical owing to General Denikine's advance. One newspaper claims that Denikine will enter Moscow within a month and that the "Reds" no longer hope for victory. If Tula, 130 miles south of Moscow, is taken, says the newspaper, the Bolshevik commissaries intend to flee into Turkestan.

FURTHER MEASURES TO DISARM GERMANY
Paris, Oct. 14.—The senate today adopted the resolution which has already been passed by the chamber of deputies, asking the government to suggest to the allies further measures for the disarmament of Germany and another resolution suggesting that France be given a prior claim in the distribution of reparations payments made by Germany.

NO ARBITRATION OF STEEL STRIKE
Resolutions Offered at Industrial Conference at Washington Are Defeated.

Washington, Oct. 14.—After a heated all-day session devoted to discussion of labor proposal to arbitrate the steel strike, during which two attempts at postponement and a substitute resolution by Thomas L. Chabourne of the public group, met with defeat, the conference resumed its sessions tomorrow. The labor resolution was laid before the conference today without recommendation by the central committee, but with an amendment proposed by Samuel Gompers, president of the American Federation of Labor, providing that the arbitration committee be chosen by the conference from "members or non-members" of the conference. In reporting the resolution Chairman Chabourne announced that while the resolution was favored by a majority of the members of the committee, it had received the negative vote of two groups and, therefore, could not be favorably reported.

CONTINUE PROBE OF RED ACTIVITIES IN STEEL STRIKE
Commander at Gary Denies That There is a Plot to Destroy Government Works.

Chicago, Oct. 14.—Military authorities today continued their investigation into alleged radical activities in connection with the strike of steel workers at Gary, Ind., and questioned several men, including Anton Gorski, who is said to be under surveillance in connection with the explosion of a bomb in the Chicago postoffice, September, 1918: Reports of a discovery of a widespread plot against military cantonnements were denied tonight by Col. W. S. Mapes, commanding the federal troops at Gary. Reports that troops were being sent from the Gary district to protect government property in various parts of the country were also denied by Col. Mapes.

Tittoni Thinks His Solution of the Fiume Question Will Have Several Advantages.

Rome, Oct. 14.—Foreign Minister Tittoni, who left Rome yesterday for a conference with King Victor Emmanuel at the royal shooting lodge at San Rossore, on route to the peace conference, expressed confidence before his departure that his new proposal for the settlement of the Fiume and Dalmatian problem would be received with favor since, he declares, it practically accepts the proposal of President Wilson in regard to Fiume. He asks only the annexation of the district of Voloska, lying between Fiume and Trieste, to Italy.

SPAIN AFTER CONTROL OF MOROCCAN TERRITORY
Madrid, Oct. 14.—An announcement has been received here of the commencement of a new military movement by the Spaniards in Morocco. It is being undertaken to secure the subjugation of the region in the Alhambra region, one of the Spanish possessions on the northern coast of Morocco, and obtain complete control of all the regions assigned to Spain.

PRINCE TO BUY CASTLE
Amsterdam, Oct. 14.—The former German crown prince is endeavoring to purchase the castle of Echten, in the province of Gelderland, according to The Handelsblad. This is situated near Eindhoven, about 50 miles from Amerongen and Doorn. The purchase of an estate near his father's was discussed at the time of Frederick William's visit to Amerongen. Because of the delay in repairs and rearrangements at Doorn, it is believed that the removal of the former emperor will be postponed until early in 1920.

ELECTION FORECASTS
In all forecasts of the election next Monday the addition of women to the lists and the defective or partisan work of the enumerators of the voters must be looked upon as factors hard to size up. Over a considerable number of the constituencies the forecasts are necessarily in the nature of guesses; but on the other hand in an equally large number of ridings the issue, whether as between parties or candidates, leaves very little in doubt and the result is more or less conceded all round.

DECLINE TO AID ASSESSMENT PLAN

City Council Delays New System—May Have a Deputy Police Magistrate.

Hamilton, Oct. 14.—Notice was served on the city council tonight by Ald. C. G. Cooper, that, at the next meeting, he would move the appointment of Wm. McAfee, county clerk, as deputy police magistrate. No proposed salary was mentioned and there was no discussion on the notice of motion.

The aldermen lined up almost solidly against the recommendation of the board of control, that the assessment commissioner be authorized to engage additional help to inaugurate a new assessment system. In view of the opposition of the board of control to the recommendation, it is probable that the assessment committee will be asked to report on the subject at the next meeting.

Recommendation of the board that a general increase of one hour be given outside laborers was passed without discussion. An increase of \$200 to Wm. O'Connor, city mechanical, and payment of \$300 in a lump sum for overtime work done this year, were also ratified.

Favor Warning Signs.

Approval was given to a recommendation of the works committee that warning signs be placed on Main street, near Victoria avenue, notifying motorists of the presence of a school in the vicinity. Similar signs will also be placed on other thoroughfares in school districts, on the suggestion of Ald. Treleaven.

Ald. Treleaven secured support for his motion that a reception committee be instructed to release for publication the names of citizens invited to the civic banquet to his Royal Highness, the Duke of Wales, only Aldermen Harris, and Burton supported him. The city hand was not customary.

YUDENITCH ADVANCE IS ONE OF TRIUMPH

His Success Against the Bolsheviki Complete, and Enemy in a Panic.

London, Oct. 14.—"The success of General Yudenitch against the Bolsheviki is so complete as to be almost staggering," says The Daily Mail's correspondent telegraphing Monday. "His advance guard took Kozlovskaya, only five miles from Petrograd, Sunday and his army recovered almost the advanced post of the Jugo army. Petrograd is a thousand prisoners, thirteen guns, many machine guns and an armored train were captured yesterday.

"A force detached from the northward seized Gomonova and 600 prisoners. Pskov was retaken this morning. The Russians also are close to the important station of Luga, which probably already has fallen.

"The Bolsheviki everywhere are in a panic. The Bolsheviki ministers in Petrograd are said to have been closeted Thursday.

General Yudenitch's advance is continuing under a wave of patriotic enthusiasm on a front of 100 miles."

MORE BETTING THAN EVER ON ENGLISH RACE TRACKS

There is more betting than ever on horse racing throughout England, according to one of the leading London bookmaking firms, as the very one was trying to make up for the war-time period when betting was not only prohibited but also not only that more people are betting, but the amount of the bets is so large as to be a record.

The small man who used to have his "tan" on a race, now rises his shining or hair crown, while the clubman who formerly bet a five, now bets a sovereign, now £100.

YORK COUNTY AND SUBURBS

DANFORTH

YORK TOWNSHIP TO PROVIDE SEWER

Council to Adopt Separate System for Todmorden and North Danforth.

York township has taken up the problem of providing a sewer system for Todmorden and the north Danforth district. At the meeting of council yesterday, Engineer W. O. Wynne-Roberts presented a report on the engineering aspect of the scheme and suggested that an immediate decision be reached on the question of taking care of sewage and storm water in one system or in two systems, and also that a district be mapped out. It was decided to adopt the separate system idea but the storm sewers will not be installed for some time. The engineer was authorized to inquire by question of a site for the disposal plant.

Mr. Wynne-Roberts also reported that he had had an interview with Commissioner Harris, and that the works department to find out what co-operation the township might expect in handling the sewage problem. Commissioner Harris, he said, had made it clear that the city would consider taking care of township sewage in certain low-lying districts adjoining the city which naturally drain towards the city, but that the township would have to take care of drainage from pavements and roofs. It was stated that no action would be taken by the city until a plan of the whole township sewer scheme had been submitted to the city.

Endorse Victory Loan.

Council passed a resolution heartily endorsing the Victory Loan issue.

W. H. Watkins wrote urging that water and lights be installed for residents on Monty avenue in Runnymede district. An action will be made to get these services in this fall. A petition was received from builders for 750 feet of water main on Watford avenue.

A letter from the waterworks engineer revealed that several contractors have suspended operations owing to the shortage of piping. It was stated that the National Iron Corporation was behind in the delivery of orders.

ANGRY AT DELAY

Considerable discontent is prevalent in the West Hill Heights district owing to the delay in the installation of the electric light by the Hydro Electric Commission. A deputation of residents will wait upon the township council relative to the matter at next meeting.

TO ELECT TRUSTEE

Owing to the resignation of Robert Barker, secretary-treasurer of the school board, a special meeting was called for the purpose of electing a trustee.

A public auditor will also be elected. The meeting will be held tomorrow evening in Plain's Road School and R. H. MacGregor, chairman, will preside.

HIKE TO DOWNSIDE

TODMORDEN CONSERVATIVE WOMEN ORGANIZE

An inaugural meeting for the purpose of forming a women's branch of the Liberal-Conservative Association was held at 227 Don Mills road yesterday afternoon, when an address on present-day politics was delivered by Mrs. Moran. The speaker instructed the women who were present, to the number of 20, how to help in the matter of an election and outlined various phases of political work.

A committee will be appointed and officers elected at the next meeting.

RIVERDALE YOUNG LADIES' LITERARY.

A feature of the bi-monthly meetings of the Young Ladies' Literary Society in connection with St. Joseph's Church is to be the music-lectures and recitals. Miss Kathleen Le Roy, A.T.C.M., has charge of this interesting department, and an excellent program is anticipated. Included in the series is a talk on Sir Arthur Sullivan, the composer, and a sketch of his light operas with excerpts from each interpreted on the piano. Another composer, who is to be treated in a similar manner, is Grieg, with Mozart and the oratorio masters to follow.

Considerable interest is being manifested in the society and post-war activities are expected to increase the membership.

FUND TO INDEMNIFY COMBATANTS IN WAR

Paris, Oct. 14.—The chamber of deputies without debate today passed a resolution favoring negotiations between the allies, with a view to indemnifying combatants in the war. The resolution follows:

"The chamber, having confidence in the spirit of equity and justice of the allied and associated powers, invites the government to open negotiations with them with a view to considering the principle of establishing a common international fund to indemnify combatants of the great war."

SCARBORO

RADIAL BYLAW SECOND READING

Ratepayers of Scarboro to Give Final Decision on November 22.

At the regular meeting of Scarboro council yesterday, a communication was received from York township council, suggesting that York be allotted to the town's water supply system, pumping plant, and that Scarboro undertake to purchase water from York.

This would be reversing the present arrangement whereby the town of Scarboro has a pumping system, and is to sell water to York. Opinions expressed by council members were unfavorable to the township proposal, and Scarboro is likely to go on with its own scheme.

The Toronto and Eastern Radial guaranteed by the township at its second reading, and arrangements were made for a vote of the bylaw by the ratepayers on Nov. 22.

A trifling parliamentary division held at a meeting last night in Albany Hall, Spadina avenue, to further the Conservative candidates. The hall was well filled and the managers of the meeting had imported a fairly strong body of voters to prevent the candidates being interrupted in their speeches by inconvenient questions. A party of non-Conservative voters in one corner of the room were fairly noisy at times, the presence of a "chuckler-out" soon brought them to a discreet silence. There were several "rebuffs" from the hall. One happened to a gentleman who interrupted George Gooderham by asking a question. He was hardly spoken when he was surrounded by three burly men and after looking over the shoulder of the man who interrupted, he walked out of the hall without assistance.

Practically the only question dealt with by all the speakers was the referendum of the O. T. A. and from the presence of ex-terminus Louis Singer on the platform, it became early manifest that many Jews were in the audience and that a bid was being made to win them over to the cause of the O. T. A.

Mr. Dewar's wine they obtained from the licensing commissioners.

Hydro Above Party.

Ex-Alderman Louis Singer, who was evening dress, started out by asking the people to vote for prohibition and its continuance. It was the most important question before the public today. There were three forces in connection with the referendum. First, "No," that represents Sir William Hearst, the second force said "Yes" which was the Liberal-Conservative party and the third force was the party of the O. T. A., than the argument which the O. T. A. than the party of the O. T. A. than the party of the O. T. A.

The first force was the "Yes, Yes," and "No, No," by the leadership of the party of the O. T. A. The party of the O. T. A. than the party of the O. T. A. than the party of the O. T. A. than the party of the O. T. A.

In regard to the nickel question, Mr. Hocken said he had always advocated that the country should be put on the gold standard. The Liberal government doctrine of free policy of sending it to the U. S. for refinement, and it had never been altered. There would not have been all this trouble if his advice in 1897 had been followed.

Trenches for War Have Disintegrated Many Antiquities in Macedonia

Salonica, Oct. 14.—Military excavations, trench making, etc., carried on in the Greek parts of Macedonia during the war by the allied armies have brought to light a large number of antiquities, such as ancient instruments, vases of geometrical design and jewelry of iron, silver and gold of great archaeological value.

Further discoveries were made during investigations carried on during the war by the Greek archaeological service, and tombs of the fifth and sixth centuries before Christ have also been discovered.

These antique articles, which have been taken possession of by M. Pelakides, director of antiquities, prove that the civilization which existed at that ancient time in Macedonia was identical with that in Greece.

upon them by stating they would be licensed commission and the Jews, and breaches of the law, and the fact that a necessary act of law at the time it was passed. "Why did not Lloyd George do it then?" asked a man in the audience.

"Lloyd George did the same thing," said Mr. McPherson, "and you are very ignorant if you do not know it. It was a great pity that the Liberal party should send people to a meeting to interrupt it."

"Put him out," said someone, and there was another prompt disappearance. Mr. McPherson then went on to deal with the Hydro matters and the past work of the government.

The Liberal party then declared Mr. Dewar to be a rascal. He said that a red-blooded man would allow his party to be slandered in the way the Liberals were doing by the statements they were handing out.

NEW COMPLICATIONS IN WILSON'S ILLNESS

(Continued From Page 1.)

you are right that it should not be referred to him, but I think you ought to move on the floor of the senate that further consideration of the peace treaty be postponed until the president's recovery, in view of the fact that this information is desired on a few days.

May Call on Vice-President.

The senator suggested that in the case of President McKinfrey, the nature and extent of his illness were well known, whereas in the present instance the health of Mr. Wilson has been the subject of much speculation. It was asserted very flatly in some quarters that the Democratic leaders are seriously discussing the possibility of Vice-President Marshall assuming the duties of the presidency, despite the fact that many constitutional lawyers think that once the vice-president has assumed the office he cannot relinquish it when the "inability" of the president has succeeded has passed.

Accepting the brain clot theory as correct, many senators and officials privately declare they do not believe the president will ever resume his duties as president. Physicians who have had experience in such matters have been consulted by virtually every official in Washington, with the inquiry as to how soon the president might be expected under the most favorable circumstances to resume the duties of his office.

The Handbag is Almost Part of the Suit

The Browns, Which Stand on the Pinnacle of Fashion, Find Their Accompaniment in Bags of Suede

FAINTLY reminiscent of the mediaeval alms bag is the "Miser," with its distinctly two-faced attitude towards life. One might almost manage to keep change, bills and vanities separate with aid of two bags united in one, and a mirror, where one may take a furtive peep, modestly hides between the two. Of snuff colored suede, with a tassel to match, this bag is \$8.00, or you may have it in ash grey either.

Of a hospitable nature is a large bag of chocolate brown suede, gathered on to a carved frame of bakelite, in shot colors. There's a chain handle of bakelite, too, and, of course, a silk tassel. This is a truly luxurious bag of definite distinction, and may be had in various colors. Price, \$40.00.

As practical as you could wish, and of tailored elegance, with its lines of stitching and strap handle, is an envelope bag of tan calfskin, and "Made in England" is its guarantee. Inside it bristles with fittings, hairpin box, lip stick, vinaigrette, mirror, and there's a change purse and ample room for all the many et ceteras. Price, \$18.00.

Purses and handbags in delightful colors—violet, taupe, old blue, brown and so forth—are arriving every day, and should be seen in the department.

COME and see the Old Homestead, the Farmyard Tea-room where you may drink tea and eat the most delicious pumpkin or apple pie, listen to the orchestra and see all "the sights."

Carloads of apples—the famous "McIntosh Reds"—are piled ceiling high, box after box of them. There's a regular Harvest Home showing of the choicest Ontario vegetables, exhibits of pure food products, a magic giant pumpkin, and a great big rosy apple 12 feet high for the children to wonder over.

Oh! It's certainly a wonderful place, all colored pumpkin yellow, with wise black owls blinking at you from every corner, wicked witches riding broomsticks, and so many things to see you'll never weary of them.

Sunbonnet Sue herself will wait on you in the tea-room, where from 10 a.m. to 5 p.m. you may get a pot of tea with pumpkin or apple pie, and the singing of Miss Vera McLean will be an added attraction.

The Fine Art of the Veil

Exploited to the Full in Some New Arrivals From Paris

VEILS are so versed in coquetry and flattery that it's small wonder women have always counted them invaluable allies in the world-old quest of beauty! And it is but natural that France should excel in fabricating such trifles of cobweb loveliness.

A new shipment of French veils has lately reached us, and in it are some with delightfully alluring possibilities—skillfully adjust one over the simplest of little hats, and voila, an irresistibly smart ensemble!

The lady in the oval frame at the extreme left is wearing a straight veil of fine hexagon mesh, in that shade of pale grey so flattering to one's complexion. The deep border is hand run in the same color. Price, \$4.00.

The turban on the stand boasts an exceptionally lovely large circular veil in black, hexagon mesh, almost fine enough for lace. The intricate border is hand-run. Its price is \$7.50.

Occupying the central position is a large straight veil in fine, black hexagon mesh, with its interesting hand-run border in pale grey. Price, \$5.00.

The fourth veil is circular, with border and scallops of fine silk braid. In black or dark brown, it is priced at \$4.50.

Preparing For Conquest

Worthy of the Days of Hoops and Patches, These Gleaming, Sparkling Combs, Brushes, Salve Jars, and so Forth, Make an Impressive Array on My Lady's Dressing Table

THE very finest of sterling silver and glass, whose facets take marvellous colors from the light—there's no denying their charm and appeal even to the masculine mind, for whom, by the way, a special set with military brushes has been designed.

Exquisite in their case of grey moire, lined with velvet, certain toilet sets have newly arrived from American makers.

One of five pieces, engine turned with an engraved edge and laurel wreath surrounding space for a monogram, is priced \$80.00. The shape of

mirrors and brush is particularly graceful and the silver is extra heavy sterling.

The same design adapted for men, with military brushes, comb and clothes brush, is \$45.00.

A scroll pattern, hand-engraved, gives a pleasing air of classic dignity to a set, also of five pieces, at \$75.00. This comes in the same delightful case of moire, lined with grey velvet, and is of heavy sterling.

Something of the Chippendale appears in the curves of another five-piece set, which is embossed with a laurel wreath. Price, \$50.00.

There are three patterns always in stock in the Silverware Department of which any piece may be bought separately and a complete set gradually acquired.

U.F.O. AND LABOR'S UNHOLY ALLIANCE

Sergeant Moncur, Supporting Hon. G. S. Henry, Attacks Farmers' War Record.

"It is a deplorable fact that few women are showing the proper amount of interest in the present campaign," said Miss Constance Boulton, speaking in favor of the candidacy of the Hon. G. S. Henry at a rally of North Toronto Liberal-Conservative last night.

Returning to the alliance between the veterans and U.F.O., the speaker asserted that "Ye cannot ta' the spots off a leopard," and "the U.F.O. are the same men who were crying exemption when the veterans were calling for France for help."

A Great Anomaly. The speaker stated that the position of the U.F.O.-Labor-Soldiers candidate was somewhat difficult and added that it was a great anomaly to find a simpson representing the same interests on the west side of the country.

Will You Cast Your Vote for More Drug Fiends?

DO YOU REALIZE that the fiendish drug habit is spreading through the fair Province of Ontario at an alarming rate?

DO YOU REALIZE that doctors and apothecaries are so appalled by the insidious growth of this terrible evil that appeals are being made to the authorities to take most drastic action?

DO YOU REALIZE that this canker worm is eating its way through every strata of society, high and low, poor and rich—men and women of all grades and conditions in ever increasing numbers are becoming addicts of the terrible habit?

DO YOU REALIZE that these poor unfortunates are being supplied, by vast importations of opium, cocaine, morphine, heroin, through the dark ways of the underworld that baffle the police?

DO YOU REALIZE that this terrible condition is due largely to the sudden enforcement of a too drastic prohibitory legislation? The Toronto Telegram only a few days ago quoted

a prominent physician as declaring: "Some of the addicts have stated that when cut off from alcohol they had drifted around to the use of drugs."

DO YOU REALIZE that in voting for the continuance of The Ontario Temperance Act you are voting for the continued spread of this deadly traffic? The despicable creatures of the underworld who live by pandering to the weakness of their drug-victims, are hoping for a solid four "No's" on the ballot. The responsibility must rest with you.

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

"An Old Bone Gnawed Dry."

It was inevitable that The Telegram should spring to the assistance of The Star and The Globe in their defence of Premier Hearst and his government on the policy that has been carried on and entrenched and defended since 1906 at least.

Referred to Eugene Haanel and his reports and experiments and his assertion that electro-reduction was quite feasible, the department waved aside Mr. Haanel, as a federal official, and reasserted its decision that nothing could be done in Ontario.

The reason, of course, was that as there was no will there could be no way. The will was a German-American will, and the way led to New Jersey. So it continued until the death of Sir James Whitney.

Since then the nickel policy became so notorious under the searchlight which The World turned upon it, and owing to the revelations of the war, that the department of mines was compelled to modify its nickel policy, and increase the paltry tax of \$40,000 a year on the huge nickel trust to a sum slightly more respectable and commensurate with the capacity of the "hose".

This is what The Telegram describes as "melodramatic imaginings" and "back-alley prowling" over "an old bone gone dry."

There is a lot of picking on this dry bone yet, and The Telegram does not like the picking. It speaks of "ghouls" in this connection, but no one in Ontario can ever hope to rival The Telegram in raking up the ghoulish records of the past.

GOING IN TO KEEP WARM

THE MESS THE MAGNATES MADE

And How a Financier Spites His Face.

It is almost funny, the way some of the papers are shy at the proposition to make the Grand Trunk a publicly-owned, publicly-managed railway system.

Canada was grievously to blame for its partnership in so much foolishness. The people have to take their medicine and pay their shot. They are doing it without reviling their partners.

The difference between the road east of Winnipeg and west thereof is one of degree. Mr. Hays and Mr. Morse built a road fit to carry the traffic of the Grand Trunk between Montreal and Toronto.

Manitoba Free Press. Canadian big business of the financial order is apparently pretty nearly unanimous in its opposition to the proposition that the Grand Trunk Railway be taken over by the government and added to the Canadian National system.

When business magnates deal with governments, especially when they tell the public exactly what they want, candor is one of the most precious assets with which they can negotiate.

There are three hundred and fifty people in Canada to create the traffic for each mile of railway. Today there are scarcely more than two hundred people per mile of rails.

Too Much Delay Already. Was there so much evil in private management that President Hanna cannot be trusted to give to the Canadian National Railways as whole-hearted a service as he gave to the Canadian Northern?

Delay in nationalizing the Grand Trunk, which the Opposition at Ottawa is said to contemplate, will help nobody. There has been too much delay already.

Louise followed her mother into the library. She had curiously, the same guilty, scared feeling she used to have as a small girl when she was caught doing mischief.

"I suppose you really intend to do it then?" "If you mean marrying Harry, yes," the girl answered.

"And I suppose it's useless to point out to you how foolish you are," her mother went on.

"Possibly not, but it's apt to last longer than this headstrong affection. At least it can give you the material comforts of life."

Hope to Make Canada the Greatest Flying Centre in World.

Canadian aviation pilots and observers took preliminary steps at a meeting in the Central Y.M.C.A., College street, last evening to make Canada the greatest flying centre in the world.

The new organization fills a long felt want in the hearts of the returned flyers, for nearly all are keen to compete in the international events.

Committees were appointed last evening to prepare and submit reports at a general meeting called for Thursday night at 8 o'clock at Central Y.M.C.A.

REPORTS WILL BE SUBMITTED AT THE Thursday night meeting regarding the future relations with the Aero Club.

DE LA SALLE WINNERS OVER NORMAL SCHOOL In Junior O.R.F.U. Fixture—Western Teams for East Again.

De La Salle defeated Normal School 18 to 0 in a Junior O. R. F. U. fixture at Rosedale field yesterday afternoon. The winners scored a nicely balanced team with the booting of Cahill being the feature.

In their first game De La Salle tied with St. Michael's and yesterday's win gives them a clean record in the league. Yesterday the De La Salle points were scored as follows: An unconverted try and a rouse in each of the first two quarters. A rouse in test third quarter and a try that was not converted in the last quarter. It was a clean and clever game.

Normal (9)—Flying wing, Apperley; halves, Davies, Pearen, Wheeler, Quigley; scrum, Shaw; scrum-half, O'Connor; forwards, Chapman, Lattin, O'Connor, middle, Chaplin; inside forwards, McNeil, middle, McKeown, Carruthers; outside, Smith, Tully, Morgan.

De La Salle (18)—Flying wing, Kirby; halves, Barwick, Hawick, O'Connor; scrum, Shaw; scrum-half, O'Connor; forwards, Chapman, Lattin, O'Connor, middle, Chaplin; inside forwards, McNeil, middle, McKeown, Carruthers; outside, Smith, Tully, Morgan.

A Montreal despatch says: Following their well-earned victory over Hamilton Tigers on Saturday, the Montreal rugby squad worked out last night in preparation for the meeting with the Argonauts at the Westmount grounds on Saturday. Montreal players indulged only in light work, none of them showing any ill-effects in the final quarter, was in uniform, and with this week's practice, will be in good condition for Saturday.

Yip Owens, the Toronto boy, and the veteran Miller catcher, is fourth in the list with an even .323 average, the best mark that he has compiled since he has been with the Pongos. In 233 times at bat, he cracked out 131 hits for a total of 170 bases. His drive included 17 two-baggers, five triples and four homers. He made six sacrifice hits and stole four bases.

Rube Schauer and Ted Jourdan are the other hitters in the 300 class. The big pitcher made 43 hits in 141 times at bat for an average of .305, while Jourdan has an average of .302 with 157 hits in 520 times at bat. Jourdan made 10 doubles, ten triples and four home runs. Wilbur Goode of Kansas City stands second in the list with a mark of .249, with Ollie O'Mara of Indianapolis, .240, third.

LACROSSE FINAL TODAY. After one of the most successful seasons in many years, the O.A.L.A. will come to a close today when the championship will be played between the Toronto boys and the Shelburne. The Toronto boys have been out competition during the season, but have been handicapped by some of the intermediate boys, who held four positions with Orangeville, and according to Dr. White, will take some training. On the other hand, Middletown have had a busy season and while they routed rather handily the New Toronto lads, they struck a snag in the St. Catharines outfit, however, they showed their make-up when they overcame a 13-goal lead at Cottingham square two weeks ago and are favorites for the championship. The game will be staged this afternoon at Weston Fair grounds at 2 o'clock.

Only Tablets Marked "Bayer" Are Aspirin

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" is the thumb-print of genuine Aspirin. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monocrocin of Salicylic acid. While it is well known that Aspirin means Bayer, it is not so generally known that Bayer means Bayer.

fanaticism to reign, the recent great conflict has been of no avail, and we might as well have a new war. Secret Drinking. A. J. Stubbing, prospective municipal candidate for ward one, said: "Prohibitionists are so sincere that they want to save the people whether the people want to be saved or not. They, the prohibitionists, are bound to save him by main force. It is a religion with these people. Not so long ago business and professional men hid themselves. Prohibitionists never interfere with the rich, but they are deeply concerned with the poor man. It is simply fanaticism; these good people would be well advised to mind their own business."

Killed by Engine. Returned Soldier Meets Death at Esplanade Railway Crossing—Suffered From Shell Shock.

Thomas Bell, aged 33 years, was instantly killed yesterday afternoon, when run over by an engine on the Esplanade near Yonge street. The freight train was eastbound and was more than half over the crossing when Bell ran into it. His mangled body was removed from beneath the wheels and taken to the morgue.

The police learned that Bell had been rooming at 183 Simcoe street. He was recently discharged from the Newmarket Hospital, where he had been undergoing treatment for shell shock. Amongst his personal belongings was found a bank book crediting him with \$543, while a search of his clothing made resulted in the finding of \$410 in cash.

ENGINEERS ENROL ORIGINALS DECLARE BIG MEMBERSHIP STATEMENT FALSE

Fast Becoming One of the Largest Regimental Affiliations Formed.

The second brigade, Canadian Engineers Association, with headquarters at 212 McEwen street, Toronto, is steadily enrolling members and bids fair to become one of the largest regimental affiliations in Toronto. The association was formed in Witney camp, England, on May 3, 1919, with the object of perpetuating in some degree the spirit of comradeship which was founded among the sappers who served together in France. All officers, n.c.o.s and men who at any time served with any of the field companies, 2nd Canadian Pioneer Battalion or engineer units of the second Canadian division automatically become members without any charge whatsoever. Similar associations have been formed by the 1st, 3rd and 4th brigades, and upon the return of Major-General Lindsay, C.M.G., D.S.O., from England a parent association will be inaugurated.

G.A.C. CANDIDATES

Those Selected by Parliamentary Committee Accept Main Points of Society's Platform. The candidates endorsed by the parliamentary committee of the Grand Army of Canada at their meeting on Monday night have not accepted the entire platform of the association but have declared themselves in favor of the main points and have therefore conformed with the requirements of the committee before securing their promise of support at the coming elections. A slate advising the returned men how to vote will be issued to the various military hospitals and soldier clubs and organizations this morning. (S. Crawford, contesting the Lambton (Samia) riding and Col. Maslin in Kenora are the latest candidates to be endorsed by the G.A.C.)

COMRADE BRUCE DEAD.

Comrade Alexander Bruce of the Army and Navy Veterans, 65 Somerset avenue, 51 years of age, died at Spadina Military Hospital yesterday from abscess of the lung. Deceased served six weeks in France with the 16th Battalion, and was invalided back to Canada, never properly recovering from the effects of war's hardships. He was born in Edinburgh, Scotland. There will be a military funeral.

PARKDALE DISSECT G. W. V. A. CLAUSES

Colonel Hunter Not Sorry Combative Members Joined With U. V. L.

That there was urgent need of the numerous clauses contained in the G. W. V. A. re-establishment scheme being fully explained for the benefit of the members was demonstrated at a meeting of the Parkdale branch of the G. W. V. A. held last night in the Royal Victoria Hall. The necessity of this action was fully realized by the meeting, and it was decided to set a night apart for complete discussion of the question.

Col. A. T. Hunter, president of the branch, who represented the Originals' Club at Ottawa before the parliamentary committee, was in the chair. He related in dry, humorous vein his proceedings at Ottawa, and warmly commended the Calgary resolution. These were the men who would benefit most by the plan and yet they have signed their disapproval. The above statement, credited to J. H. Flynn, president of the United Veterans League, in Queen's Park on Saturday night, was declared to be absolutely without foundation in fact by W. G. Lane, secretary of the Originals' Club, to the world yesterday. "It is not quite understood upon what Mr. Flynn based his statement that the Originals' Club did not favor the G. W. V. A. scheme as now presented to the parliamentary committee, inasmuch as the Originals' Club have not yet in general meeting had an opportunity of discussing it," stated Mr. Lane.

FUNERAL OF LATE CAPTAIN O. M. PEASE, M. C.

The funeral of the late Captain O. M. Pease, M.C., 75th Battalion, will be held from 23 Bernard avenue at 2.30 p.m. today. All officers and men of the 75th Battalion are requested to turn out in uniform. The pall-bearers will be Major R. H. Bradrick, D.S.O., M.C., Captain F. K. Prouse, M.C., Captain P. Scammell, M.C., Captain D. Strype, M.C., Captain T. S. Creswick and Captain O. Olson, M.C. The Rev. Major W. L. Barnes, R.C.M., will officiate. The late Captain Pease was wounded on three different occasions in France and was awarded the Military Cross for bravery and gallantry in the field.

LIQUOR AGAIN OBTRUDES ITSELF

Controller Robbins Heckled on Attitude Towards Referendum.

It has been declared several times in the campaign now raging that the liquor question has been taken out of politics, but despite the assurance of Controller Robbins that he would not obtrude itself in the Conservative meeting in Classic Hall last night, when he was leaving the Conservative candidate, he was heckled as to why booze did not come back with the finish of hostilities. The candidate refused to be pinned down as to how he was going to vote on the referendum and repeated the formula, "I will abide by the will of the people." As to the liquor question, he declared the Ontario Temperance Act was a measure and it was considered that the best time to take the vote was when the soldiers were all back. The heckler was not satisfied with this, maintaining that liquor should have come back after the armistice and no referendum taken until another member of the audience opined that it was a woman's measure, not a war measure. It was also declared the doctors, the nurses and the Jews, but nothing for the poor man. Controller Robbins was also subjected to criticism for running against liquor, but he declared he was the first to decide to run for Riverdale and has never been a secret. He was a Liberal-Conservative. He has frequently appeared on their platform. He was James Simpson as saying he would be opposed to the plan.

The candidate claimed he had always worked conscientiously for the working man in the city. He did not think he had ever lost an opportunity to advance the cause of the working man. The government was going to create a department of labor and he of running here was a case to further advance the cause of the working man. The government had given a good deal of legislation for the workers during their term of office, and he acted as one of the workmen's compensation hollans. He declared he was a single voter when it had been in the interests of the soldier. As regards the high cost of living he thought there was too much profit between the producer and consumer. Alderman Baker presided, but one at times would have thought he was the candidate, judging from the way he performed when questions were asked. He apparently thought Controller Robbins needed assistance.

Sir Sam said that he could not favor them all, and would vote for some of them and against others.

PAYMASTERS ARRESTED

Grand Trunk Railway Officials Alleged to Have Drawn Pay of Fictitious Persons. Charged with obtaining \$4,500 from the Grand Trunk Railway by fraud, Carl O'Connor and Thomas Findlay were arrested yesterday afternoon by Detective-Serjeants Stewart and Mullock. Both men were employed as paymasters, and it is alleged they inserted three fictitious names on monthly pay sheets and divided the money between themselves. The amount, the police said, has been going on since August, 1918. The arrests were made in the central office of the railway at the Union Station.

The New Magna Charta of Labor

THE attention given to industrial relations by the Peace Conference, gives this all-important phase of human effort its rightful place in the consideration of the people. Progress and prosperity depend on the good relations of employer and employed. Industrial strife will lead to chaos.

For this reason employer and employee should keep informed on the trend of events in the Industrial World.

Coming events in Canada are charged with unprecedented importance. Employer and employee have been in conference at Ottawa, under the auspices of the authorities, with a view to furthering the good work of the Peace Conference, and arriving at some common understanding for future peace and accord—the development of Canadian Industry and Commerce.

Important conferences are taking place in the United States, Great Britain, France, Australia, the neutral countries—and even in Germany itself. All these have, and will have, a great and growing influence and bearing on conditions in Canada. Employer and employee cannot afford to fail in keeping themselves informed on the issues discussed and decided.

NOTICE OF REMOVAL.

A Hamden woman recently received a notice from the medical inspector of a certain school that after careful examination it develops that your small son's tonsils are infected and must be removed at once. To which she made reply: "Dear Doctor—I have received your note in regard to the removal of my young son's tonsils, which action, I gather, must be taken immediately. I assure you that I am ready and eager to follow your advice, and would do so instantly but for the fact that you have neglected to state where you wish them removed. The tonsils you speak of are now, I believe, in a bottle in Dr. Blank's office, having been held in trust by him for me since the spring of 1915. Do you wish them removed to the school building, or your office, or elsewhere? Yours very truly, "Mrs. J. B."—New Haven Register.

BOLSHEVIK ATTACK WAS BEATEN OFF

Severe Losses Sustained in Attempt, and Much Booty and Prisoners Taken.

London, Oct. 14.—The offensive recently announced by the Bolsheviks against General Denikine's right wing north of Tselaritzyn, between the Don and the Volga rivers, has been beaten off with severe losses it is indicated in a wireless communique from General Denikine, received today.

Near Havinsk, the 24th Bolshevik regiment was wiped out, 600 men being captured, the statement continues.

Enormous amounts of booty and prisoners to a number not yet enumerated, were captured at the occupation of Chermiginsk on the left wing of General Denikine's army north of Kiev, whose capture was announced in yesterday's headquarters bulletin.

General Denikine's statement continues, rescued there 266 hostages, who had been condemned by the Bolsheviks to be shot.

A wireless despatch from the Bolshevik government at Moscow asserts that the allies have decided to detach Sebastopol a free port.

CAPTURE BOLSHEVIK POSITIONS.

Archangel, Oct. 14.—In continuing their offensive operations on the northern front Russian troops have captured Bolshevik positions over a quarter mile front near the village of Plestzkina, on the Entenka river, a branch of the Divia, 150 miles south of the city. Reports from the front declare that after furious soldiers had been shot, the 42nd Bolshevik regiment was sent to the front lines, other reserves not being available.

Interviewed as to the situation, a representative of the Northern Russian government declared:

"The Russian army is now demonstrating determination, despite the demands placed upon it by the withdrawal of British troops. Our forces, which they considered incapable of holding the front and doomed to disorganization, are scoring a series of successes such as have not been seen during the past year."

READY MADE HOUSES ON CANADIAN PLAN

London, Oct. 14.—The secretary of the export association of Canada states that the association is consulting with the ministry of health for a supply of ready-made houses on the Canadian plan in connection with the new government housing system and a definite decision may be expected within a few weeks. WILL RAISE PRICE OF G. T. R. STOCK

Financial Editors of London Papers Comment Favorably on Settlement.

London, Oct. 14.—Regarding the Grand Trunk settlement, the financial editor of The Daily Mail writes that if the Canadian government's proposed terms are duly carried through, the Dominion guarantees of 4 per cent on the guaranteed stock will make the stock worth even more than the much higher price to which it rose yesterday, on the announcement of the terms. Last week the price closed at 46½, but yesterday it jumped to 57. If it rises to 70 it will still yield as much as 2½, or 15 per cent, to the purchaser.

Continuing, The Mail's financial editor says:

"In view of the current market value of Canada's credit, a price of 70 would be by no means excessive. There is, of course, always the possibility of a hitch in such arrangements until they are actually binding, but there is so far no indication that the latest terms will not be carried through."

The Daily Telegraph says the proposals are generally regarded as more satisfactory than any one has seemed probable, but "it seems very important in the final arbitration to decide what is to be paid for the three preference stocks and the ordinary stock."

The third arbitrator, The Telegraph says, should neither be an Englishman nor a Canadian, as he will obviously have the casting vote in deciding the terms. "He should be absolutely independent and impartial," it concludes.

WILL NOW SUPPORT TURKISH GOVERNMENT

Nationalists Have Shifted Ground and Political Crisis is Solved.

London, Oct. 14.—The Turkish Nationalists, whose movement, headed by Mustapha Kemal Pasha, to set up a new government for Turkey, free from the supervision of the allied powers, had been recently reported to be gaining notable strength, are declared in a Constantinople message received here today to have shifted their ground and agreed to support the existing Turkish government. This, the message points out, will solve the political crisis in Turkish governmental affairs, which has recently been acute.

The message states that Mustapha Kemal has issued a manifesto undertaking to abstain from interference with the government's acts. The manifesto concludes with the declaration that the Turkish nation will firmly maintain its national dignity, "proving to the world its entire fitness for remaining in possession of its sacred soil."

NO CONFIDENCE IN STABILITY

Tyrol Representative Explains Why Food Shipments to Vienna Are Cut Off.

Vienna, Oct. 14.—At yesterday's session of the pan-Austrian conference National Food Controller Loewenfeld-Russ asked Dr. Schumacher, who represents the Tyrol at the conference, why that state has closed its frontiers, and refused to permit the shipment of food to Vienna. Dr. Schumacher replied bluntly:

"Because I have no confidence in the stability of this country and consider it prudent to be prepared when the downfall comes and to keep what food we have within our boundaries."

This statement, made in public on the eve of the assembling of the national assembly, coupled with political rumors of various kinds which are in circulation, has created a painful impression.

HONOR TWO QUEBECKERS

Quebec, Oct. 14.—Sir George Garneau and P. T. LeGare, of this city, were yesterday honored by Pope Benedict for their generosity towards the erection of the Church of the Sacred Heart of Mary, by conferring upon them the mark of Papal nobility as Knights of the Order of St. Gregory the Great.

The Atlantic Leader
HALIFAX

University of Saskatchewan, has brought suit for \$25,000 against The Regina Leader for publication of an editorial which the plaintiff claims held him up to public hatred, ridicule and contempt.

Ontario Does Not Want to be the "Sink-hole of America"

PRACTICALLY all civilized North America is "dry." Every province in Canada has enacted a measure of prohibition. In all but two, prohibition is the permanent law. The United States from Maine to California and including Alaska is totally and permanently dry.

But—prohibition of the sale of intoxicating beverages has yet to be made the permanent law of Ontario. Therein lies Ontario's danger.

The Last Hope of The Liquor Traffic

Ontario is right now practically surrounded by "dry" territory?

The "hard drinkers" of the American cities have lost their favorite refuge. The American saloon has been abolished. The supply of "booze" has been shut off, and dried up.

Ontario must not become continentally notorious as the nearest territory where "booze" is still on tap.

Ontario Must Not Go Back to "Booze"

If Ontario goes back to "booze," the army of American tramps and roughs will head this way. Our border towns will be infested with low characters.

"Hold-ups" in Ontario will become more frequent, burglaries more common, crimes of assault and violence more numerous. Ontario's half-empty jails will grow full once more.

Public drunkenness has practically disappeared from Ontario since the Ontario Temperance Act was put into force. It must not become familiar on our streets again.

This province must put her foot down! Ontario does not want to become the unholy Mecca for the "booze" conventions of the continent, or let the discredited and defeated liquor traffic of all Canada and the United States concentrate in this province.

Vote to keep Ontario abreast with her respectable neighbors by sustaining the Ontario Temperance Act as permanent legislation, *in tact as it stands.*

CORN DEPRESSED BY TUMBLE IN STOCKS

Shipping Difficulties on Atlantic Seaboard Dry Up Buying Orders.
Chicago, Oct. 14.—Much weakness in times developed in the corn market today and the December delivery touched the lowest price in more than three weeks. Depression in the New York stock market was one of the principal factors. Prices closed unsettled at 1-8 to 1-4 net lower, with December \$1.21 3/4 to \$1.21 7/8, and May \$1.20 3/4 to \$1.20 7/8.

Oats lost 1-8 to 1-2 cent. In provisions the outcome ranged from 35 cents decline to 57 cents advance. Unusual absence of buying orders characterized the corn market from the outset. This circumstance was ascribed largely to the uncertainties of the shipping difficulties on the Atlantic seaboard. Besides the respite of corn here were larger than there was demand for corn, and signs were not wanting that increased husking and shelling would crop into the market.

ON CHICAGO MARKET.
Tomsonson, Forwood & Co. received the following Chicago wire yesterday from Thomson, McKinnon & Co.:
"The favorable weather over the country has resulted in a hard rain and has caused the seaboard being on the reasons for lower prices in the country."

MONTRÉAL PRODUCE MARKET.
Montréal, Oct. 14.—There was no improvement in the condition of the local market for cash trade, but demand from all sources for oats being somewhat limited, and the volume of business quiet.

WINNIPEG GRAIN MARKET.
Winnipeg, Oct. 14.—Today's dull and featureless market closed 1/4 lower for October, 3/4 lower for November, and 1/2 lower for December, and unchanged for May.

DAVIDSON AGAIN MAKES ADVANCE

Davidson, which advanced to the highest point since the culmination of the bull market in mining stocks in the fall of 1915, was a bright spot in a rather dull and unimpressive mining market yesterday. Prices were steady for the most part, with narrow fluctuations, but here and there stocks were inclined to yield ground.

DAVIDSON LOOKS LIKE MINE OF FIRST RANK
Success of the Big Property Will Boom Northeast Tisdale.
Special to The Toronto World.

South Porcupine, Oct. 14.—Merchants and financial men in South Porcupine have become more enthusiastic regarding the future of the town. Greater confidence has been created as a result of recent developments in northeast Tisdale. The consolidation of several important properties into the Davidson Consolidated Gold Mines should mean a good deal to the town, which has been overshadowed to some extent by Timmins, the aggressive town that has grown up as a result of the success achieved by the Hollinger and McIntyre mines.

NATIONAL DAILY COUNCIL.
Ottawa, Oct. 14.—Delegates from every province but Manitoba, representatives of the National Daily Council, met today at the Hotel Ontario to discuss the subject of a national daily newspaper.

WALL STREET NOT NEARLY SO JAUNTY

Unfavorable Industrial Situation and Rise in Call Loans Unsettle Stocks.

New York, Oct. 14.—An irregular opening soon developing into weakness, a vigorous rally at mid-day, and another violent reaction in the first hour summarize the changes of today's extremely active and unsettled stock market.

The break of the first hour, when speculative issues declined 3 to 12 points, was attributed to events over the double holiday, especially the industrial situation, which was intensified by local labor disturbances.

Rallies during the mid-session, which largely reduced early losses and established several notable high records, accompanied the initial 8 per cent. call loan rate and more hopeful advices from steel centers.

The sweeping setback later began when call loans jumped to 12 per cent. and then to 14 per cent., an additional 1 per cent. being paid, according to reports, on all industrial collateral.

Reversals of the last half hour carried steel, equipments and various specialties to lowest levels, and impaired rallies elsewhere by one-half to two-thirds. The market closed in considerable disorder, with weak gains amounting to 1,675,000 shares.

U. S. Steel suffered an extreme loss of about 3 1/2 points at its worst, rallying only a fraction, but allied shares offered less resistance. New maximums by General Motors, Stutz, Pierce-Arrow, Mexican Petroleum and Hide and Leather preferred melted away under the heavy selling at the close.

Time funds reflected the stringent market, 7 per cent. being paid on industrial loans for short periods. Moderate loans were made on prime collateral at 6 to 6 1/2.

Excepting the 3 1/2 Liberty Bonds and a few heavy issues, the general bond market, also easing. Total sales, par value, aggregated \$13,350,000.

The stock, which was listed on the local exchange in September, 1912, was first dealt in here in April of the following year. It sold at high prices, but soon declined below par, and in June of 1914 reached the low record of 30 cents.

Howard Smith Company Will Pay Big Premium on Stock.

As a result of negotiations yesterday between R. W. Waide, Toronto, president of the Toronto Paper Manufacturing Company, and Howard Smith, Montreal, president of the Howard Smith Pulp and Paper Company, an agreement was entered into for the sale of control of the stock of the former company at \$138 a share.

The company's authorized capital stock is \$1,000,000, which \$750,000 has been issued, and as under the terms agreed upon every shareholder has the right to dispose of his stock at the figure named.

The directors of the Toronto Paper Company, in addition to Mr. Waide, are W. J. Sheppard, vice-president, Waukesha, Ont.; Rev. Dr. William Briggs, Toronto; T. A. Brown, Toronto; A. W. Briggs, Toronto; R. Lyon, Toronto, and J. H. Watson, Toronto.

The company, which has its mills at Cornwall, Ont., has assets, according to its balance sheet for the year ended March 31, last, of \$1,752,033. There is shown a profit and loss balance of \$302,884. In addition to the \$150,000 outstanding stock, there is \$461,100 in bonds outstanding.

The company's dividend record reflects some vicissitudes. The dividend was raised from 5 per cent. per annum to 8 per cent. per annum for the quarter ended June 30, 1913. It was reduced from 8 per cent. to 6 per cent. for the quarter ended Dec. 31, 1913, and was passed entirely for the quarter ended June 30, 1914.

There were no further dividends until 2 per cent. was paid for the six months ended June 30, 1915. Three per cent. was paid for the latter half of that year. In 1917 10 per cent. was paid, and in 1918 9 per cent. For the first six months of the current year, 5 per cent. was paid.

The stock, which was listed on the local exchange in September, 1912, was first dealt in here in April of the following year. It sold at high prices, but soon declined below par, and in June of 1914 reached the low record of 30 cents.

SPANISH RIVER BOUGHT HEAVILY IN MONTREAL

Common at Highest Price in Years—Howard Smith Erratic.

Montreal, Oct. 14.—Activity in Spanish River common was again a prominent feature of the trading in local securities today, some 9,000 shares of the issue changing hands.

The preferred also was active, the turnover being 1,500. Both common and the preferred made a new high record in recent years, the former at 115 1/2. The common did not, however, show the firm tone displayed by the preferred in the later trading.

The high price of the day was made shortly after the opening, after which there was a gradual decline to 67 1/2 with the final bid at 67. The net gain for the day, however, amounted to 4 3/4 points. Final sale of the preferred at 115 represented a net gain of 1 point.

In point of net gain and in erratic fluctuations, Howard Smith was easily the day's feature. Only 800 shares of the stock sold, but on this small trade the day's price range was 24 points. The opening price was 105, or 5 points up, the stock rose to 145, then broke in next sale 11 points to 134, continued down to 131 and finished the day at 135, with 136 bid, a net gain of 14 points. No stock was offered under 140.

Loyal was strong. Only a few shares changed hands, but the price made a net gain for the day of 8 points at 135.

One of the day's features was the strength and activity of steamship preferred. Over a thousand shares of the stock changed hands, and the price made a steady advance to 86 1/2, closed at the best, a net gain of 1 3/4 points.

At Simpson's—Authentic Styles in Men's Winter Overcoats Today

EXHIBITION ROYAL CHINESE ROBES

Conspicuous in this extraordinary collection of Chinese gowns are the following:

A Thibetan apron heavily adorned with beads and Buddhist emblems carved from bone. It was brought to China by the Dala Lama, or Living Buddha, when on a visit to Peking.

A silk coat of magnificent colorings, made more gorgeous still by its decoration of over one hundred embroidered butterflies. It was worn by the late Empress Dowager Tzu Hsi.

A very old coat, worn by a Chinese Emperor of long ago. It is actually a "golden coat," for it is entirely woven of gold wire.

The Simpson Store invites you to come in and see these and many other wonders of Chinese art.
