**THE CANADIAN PACIFIC RAILWAY is distributing 14 per cent. returns to its shareholders, tho the law expressly limits it to 10 per cent. This illegal overplus should go to a reduction of traffic rates. And yet the Government at Ottawa, the Opposition at Ottawa, make no move. They all sit dumb.**

## NORWICH CORONER'S JURY RETURNS OPEN VERDICT IN POISONING MYSTERY

**Young Riddell, Husband of Dead Woman, Proves That He Was Not in Need of Money.**

**SPECTATORS PLEASSED BUT CORONER DUBIOUS**

NORWICH, Ont., June 24.—(Special.)—AT 12.25 this morning, the coroner's jury enquiring into the death of the wife of Roy Riddell, veterinary surgeon, returned the following verdict: "That Orena Riddell came to her death from prussic acid poisoning, same having been either taken by mistake or administered by some party or parties unknown to the jury."

Coroner Ellis seemed reluctant to accept the decision. "Well, gentlemen, this is practically a dismissetment," he said, "because evidently some of you think that parties unknown are responsible and some think it was a mistake."

Indeed, Riddell made a most favorable impression. His conduct appeared largely to offset the rumors that he was in financial straits, and the evidence went to show that, on the contrary, Riddell was in good shape financially, thus crushing the theorizing that an insurance policy on his wife could have been a motive for causing her death.

Banker's Evidence.  
The first witness was Manager Chambers of the Traders Bank, who said Dr. Riddell had recently deposited a Confederation Life policy of \$2000 in the bank, payable to the bank as security on debts. The policy was dated April 1, 1910. The doctor did not borrow the money of the bank himself.

Riddell owed only about \$40 at the time of the tragedy, but he had issued cheques which were cashed since, as to his assets, witness understood that he was \$1000 in debt, but his chattels would be worth that much. Witness could swear that Riddell paid \$500 on his farm, payable to him also that he paid \$500 on his house in the last 18 months. His assets would, therefore, be about \$2000, and his furniture worth about \$200 more.

Riddell's Own Story.  
Dr. Riddell was put on the stand, and his counsel wanted to explain the state of his finances for him, but the crown would not hear of it. Explaining the life policy, Riddell was under the impression it was payable to his wife until this investigation started. Witness could not account for his actions from 9 o'clock to 9.15 on the night of the tragedy. He had talked to Mr. Hartwell and went to his home.

## FOUR CANADIANS IN BIRTHDAY HONORS

Byron E. Walker, President of the Bank of Commerce; Hon. George W. Ross and H. N. Bate of Ottawa made K.B.'s—Dr. Rutherford a C.M.G.

**KNIGHTS BACHELOR.**  
SIR BYRON E. WALKER, president of the Canadian Bank of Commerce, Toronto.  
SIR GEORGE W. ROSS, ex-premier of Ontario, Toronto.  
SIR HENRY NEWELL BATE, civic improvement commissioner, Ottawa.  
C. M. G.

Two of Toronto's already distinguished citizens are further elevated in the "birthday honors" issued last evening in London, "in celebration of the official birthday of his Majesty King George. They are the first to be conferred by the new sovereign. Incidentally, it may be remarked that four Canadians figure in the rewards, and they were not among the "possibles" mentioned in recent Ottawa despatches.

**RADIAL CARS COLLIDE SEVERAL SLIGHTLY HURT**  
Car That Had Just Had Brakes Repaired Crashed Into Another at Sunnyside Siding.

Two York Radial cars were wrecked and seven people were more or less shaken up and out by flying glass about 7.30 last evening, when car 1170 crashed into car 1178, standing on the Sunnyside siding. The accident was due to the failure of the air brake of the incoming car. The injured were taken to their homes in cabs, none being seriously hurt. Dr. A. C. Ricker, who was passing at the time, examined the injured.

**HONORED IN DEATH**  
Funeral of Richard White of Montreal Gazette Largely Attended.

MONTREAL, June 23.—(Special.)—The funeral of the late Richard White of the Gazette, which took place this afternoon, was the largest and most representative seen here for a long time, all classes and creeds crowding St. George's Church to pay a last tribute to the man who was for so long the moving spirit of the Gazette. Hon. Rodolphe Lemieux, postmaster-general, was represented by his brother, the High Sheriff of Montreal, while all the great corporations were also represented.

## MINISTERS NOT PRACTICAL ENOUGH

Should Come Down From High Flights of Theology and Face Social Conditions as They Are, Says Rev. Dr. Chown at Canadian Charities Meeting.

GUELPH, June 23.—(Special.)—That the teaching in religious colleges ran too much into scientific and theoretical theory, and was inadequate in the all-important teaching of the golden rule, was the contention of the Rev. Dr. Chown of Toronto, whose address on "The responsibility of the church for social conditions" was the most interesting feature of to-day's sessions of the conference of Canadian Churches and Clergy.

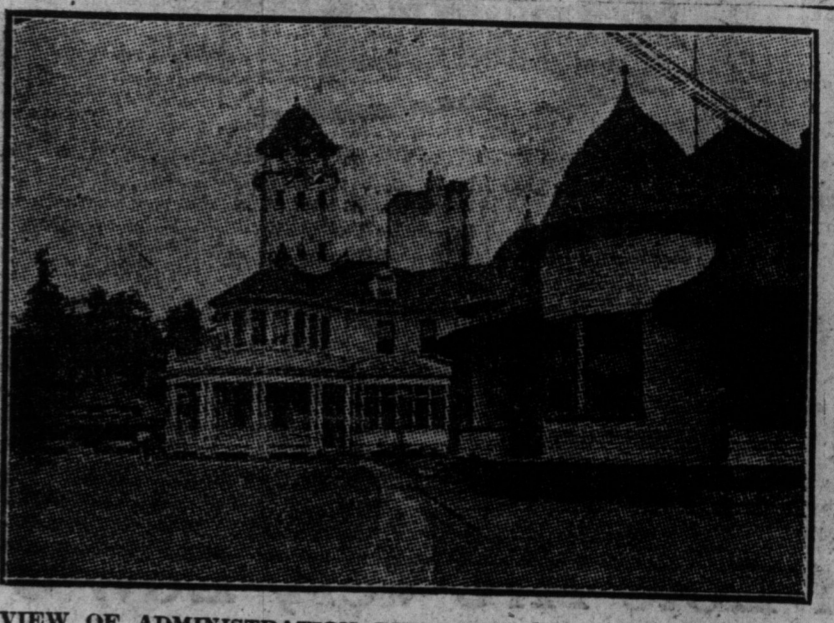

There were also fine addresses given this morning by Chief of Police Slemin of Brantford and Staff Insignia Kennedy of the Toronto Police force, on the subject of "The police force as a social reform agency." They argued that the police and clergy should do much the same work by different methods, and that on the average both were unqualified.

**Medical Certificate.**  
Six very important resolutions were all adopted by the conference as follows: "That the system adopted in some of the states in the American Union, namely that those about to enter marriage, before the proclama-tion of the marriage, should be required to present a certificate, from a medical commission, to the effect that the parties are healthy, and that they are fit to discharge the duties of marriage."

**The \$1 and Coats System.**  
"That we have heard with the greatest satisfaction that the dollar and coat or thirty day system of dealing with inebriates is about to be abolished."

**Officers Elected.**  
The officers were elected for the ensuing year as follows: Hon. president, Hon. W. J. Hanna; president, Sheriff Middleton of Hamilton; vice-presidents, Louis H. Davies, Ottawa; J. Ross Robertson, Toronto; J. P. Downey, M.L.A., J. J. Kelso, Toronto; Adam Brown, Hamilton, and Dr. Charters, Chairman; secretary treasurer, F. M. Nicholson, Toronto; executive committee: Dr. W. Bruce Smith, Toronto; W. L. Scott, Ottawa; Sheriff Sigwood, Stratford; Rev. Father Minahan, Toronto; Chief Slemin, Brantford; J. C. Farwell, K.C., Whitby; Rev. W. L. Armitage, Platon; M. A. Richardson, Fleming; J. H. McRummy, Toronto; president of the Associated Charities, Toronto, was the speaker of the evening. He spoke on "Authority, its use and abuse."

**20 YEARS FOR WIFE MURDER.**  
MIDDLETOWN, N.Y., June 23.—The jury in the case of Cyrus R. Denton of Liberty, on 23 years ago for the murder of his wife, returned a verdict of guilty in the second degree. The prisoner was immediately imprisoned to twenty years' imprisonment.

VIEW OF ADMINISTRATION BUILDING, MUSKOKA COTTAGE SANI-TARIUM, SHOWING IN PART NEARBY COTTAGES.

## How Dread White Plague Is Now Being Combated

Toronto Citizens Are Shown How We Lose Our Respect for the Law

MUSKOKA WHARF, June 23.—(Special.)—The large party organized by the National Sanitarium Association to visit the hospitals here to-day have had most enjoyable weather and the trip, to judge from the expressions of the visitors, has been an unqualified success. A number of ladies came with the party, representing the Daughters of the Empire, an association which has taken a deep interest in the work of treating consumptive patients. Many clergymen, municipal representatives, medical men and leading business and professional men of the city attended, and their impressions will undoubtedly do much to awaken interest in the important work of the suppression of tuberculosis.

Nearly ten persons a day die of consumption in Ontario alone, and the people are awakening to the horror of the situation which is as preventable as a similar rate would be in rables, or smallpox, one death from which strikes up tremendous assertions. A special train conveyed the party to the wharf, whence motor boats took them to the sanitarium. The grounds were most beautiful, and the picture-que situation, absolutely nothing of a repellent or distasteful nature was to be seen, and the patients about the grounds looked quite healthy.

**Four Thousand Already Helped.**  
An appetizing collation was served in the refectory of the sanitarium. Continued on Page 10, Column 2.

## RECIPROCAL TREATY WOULD BE PREMATURE

Let United States Reduce Its Tariff to Level of Ours, Says William Cauldwell.

MONTREAL, June 23.—(Special.)—"You are all aware that the existing tariff of the United States is, on an average, 25 per cent. higher than the Canadian tariff on dutiable goods. If the United States are sincere in their professions of friendship, and in their desire for closer trade relations, let them first show it in a practical way by reducing their tariff to the level of ours."

## CHARLTON HAS CONFESSED TO THE MURDER

Murdered His Wife at Their Italian Villa, Placed Body in Trunk and Threw it in Lake Como—Arrested on Arrival of Steamer at New York.

NEW YORK, June 23.—The Lake Como murder mystery solved, Charles Charlton, an American youth of good family, sought by the police of two continents, was arrested in Hoboken, N.J., shortly before noon today, as he stepped from the North German Lloyd liner Princess Irene. In less than an hour he had confessed without tremor, that in a fit of temper he had beaten his wife into insensibility with a mallet, jammed her body into a trunk and sunk it in the Italian lake. She was Mary Scott Castle of San Francisco, a woman sixteen years his senior, divorced wife of Neville H. Castle, a San Francisco lawyer.

Charlton is only 21, and a son of Judge Paul Charlton, law officer of the bureau of Insular Affairs at Washington, and a classmate of President Taft, at Yale. The boy married Mrs. Castle in Wilmington, Del., last spring, over his parents' protests. He was both erratic of temperament and fond of Italy for their honeymoon. Murder brought it to an end, and her body was found in the lake by fishermen on June 10.

Fleeing from Italy under an assumed name, almost penniless and shabby of dress, Charlton on landing ran straight into the arms of Captain Henry Harrison Scott, U.S.A., the murdered wife's brother. He was taken to police headquarters at Hoboken, where, after a pitiable collapse, so spasmodic that it produced extreme nausea, he regained his composure and unflinchingly signed the confession. To-day he is in the Hoboken jail, pending settlement of the complicated problem of extradition brought by his arrest.

**Signs Confession.**  
In his signed confession, Charlton declared that no one else had a hand in the death of his wife. "My wife and I lived happily together. She was the best woman in the world to me, but she had an un-governable temper. So had I. We frequently quarreled over the most trivial matters, and her language to me was frequently so foul that I know she did not know the meaning of it."

## LAWRENCE PARK

In itself it is beautiful. Great rolling stretches of lawn, good pavements with wide, green boulevards, trees, shrubs and flower beds, a wide park frontage and a wooded ravine, are the characteristics of the scenery. In addition to that the restrictions as to buildings and the careful selection of suitable persons as residents assure a high tone for the district. It is the one choice selection for the homes of motorists and those who are weary of the rush and roar, the dust and distractions of city life.

HAMILTON, June 23.—(Special.)—Arnold, Scatterberry, 30 Leeming-street, who works at the Berlin Tool Co's plant, was taken off the street car wheel opposite the city hospital this afternoon in an unconscious state. His condition at a late hour to-night was most serious. The extreme heat was the cause of Scatterberry's collapse.

Patrick Hughes, who says he comes from Kingston, was arrested by the police this afternoon and will be charged with assaulting a little boy near the Jockey Club.

### ONLY THE FRINGE

One Per Cent. of Alberta All That is Under Cultivation.

CALGARY, June 23.—(Special.)—A thousand plows and probably twenty thousand teams have for the past several months been steadily at work for 12 to 16 hours daily, breaking prairie and back setting in Alberta, provincial government reports show that only one per cent. of the total area of the province is now under cultivation. This statement, which is most striking in view of the agricultural expansion and rapid settlement of the past four years, is in the opinion of all, proof-positive that the Canadian west will become in a few years the world's greatest wheat district.

### MR. BORDEN CONDEMNNS GOVT. EXPENDITURE

Record For the Past 14 Years that of Spendthrifts and Profligates He Says at Port Perry.

PORT PERRY, June 23.—(Special.)—The fair crowd presented an animated scene this afternoon, on the occasion of R. L. Borden's last meeting in this section of the province, in connection with his present tour. Five thousand people waited for hours in the hot sun to hear him. The town was decorated and the band of the 48th Highlanders was brought from Toronto. Visitors were present from North and South Ontario, West Durham and Victoria. Mr. Borden was accompanied by W. S. Middlebro, M.P., North Grey, and Hon. James S. Duff, minister of agriculture for Ontario.

At the arrival of Mr. Borden on the 9.30 train, he was tendered a civic welcome at the town hall by Reeve Hutchinson and the members of the council. In the process of presenting the keys, Mr. Borden was informed that he had access to every civic building except the jail.

## To Shoppers

Have you ever been driven to the verge of distraction by losing your purse, your memory and your temper at one and the same time? If so, may it not have been an occasion on which a man stood at the door waiting to be paid for a C. O. D. parcel?

Have you ever been sitting cozily with a friend and had your chat rudely broken in upon by the necessity of rushing up stairs to gather together the required amount to settle for some order you have given by telephone, and which, if so happens, arrives at this particularly inopportune moment?

Have you ever sent a post-card from your cottage at the Island or Balm Beach, or Long Branch, ordering groceries or towels or some other commodity, and, uncertain of when your missive will reach the store, and of the delivery on which the goods will arrive, fear to step off your verandah in case you may not be on hand with your pocket-book when they do appear?

Have you ever given an important order by telephone, then, straightway, gone out forgetting to leave instructions for its payment, and on your return found that the things had been delivered at the door, and taken back again?

Have you ever come into the store with a maximum amount of purchasing to do and a minimum of time in which to do it, and begrudged even the necessary seconds of waiting for your transfer card to be totaled and settled?

Have you ever lost money, and thereafter been afraid to carry about with you any but trilling sums?

Have you ever worried at the end of the month, wondering what you have bought with your money? "Charge My D. A."

If you have—if you have done any or all of these things—there is a way to prevent the predicament recurring again. The Customer's Deposit Account is a plan introduced to cover just such contingencies. It is an arrangement to facilitate shopping by making it easier and more convenient for you. This is what you must do, and the benefits that accrue:

First, make a deposit at the Deposit Account Department (foot of centre stairway in the basement), where you will be furnished with a D. A. number.

Then telephone or mail your order in the usual way, only say "Charge My D. A.," supplying your number. This means that your purchase will be charged to your account, and will be delivered the same as a paid parcel. In shopping personally in the store you may charge your purchases to your D. A., using a transfer card, if desired, and charging the total in this way.

A detailed statement of purchases is furnished monthly showing balance at your credit. You may make further deposits when you desire, or withdraw cash at your credit. Interest at 5 per cent. per annum is allowed on credit balances up to \$500; on amounts over \$500, interest at 3 per cent.

Further information regarding the matter may be obtained from the D.A. office.

## LACROSSE NEWS AND GOSSIP

Doings of Players and Clubs Here and There. There will be two games for one admission at the Island on Saturday. At 1:30 Brampton will couple up with the Tecumsehs in a Junior C.C.A. fixture. The home team, of course, will be the Tecumsehs. The Brampton team are touting as the team to beat for the junior championship, while Manager Saxe has gathered together a team of stars to represent the Tecumsehs. The big game both teams are ready to play. The Indians have been working hard in the sun all week and present the appearance of veterans. Reports from the Tecumsehs are that they are in excellent shape. The Brampton team is a coach. He has done wonders already at the Island and may expect to score a big surprise at the Island.

Big John White, the old favorite, will be with the Cornwall Colts at the Island on Saturday. He has been a regular in the defence, where he seems to have struck his element. Secretary Fred Thompson of the Toronto lacrosse team last night denied the fact that Eddie Powers of the Toronto team had left. He was aware that Vancouver had made strong offers to both Powers and Art. Warner, but both are staying here and will finish the season with the Toronto team.

Charles Querte, like Newy Lalonde of the Cornwall Colts, is being around these days with his best team. He will be unable to play to-morrow at the Island against Cornwall. The Norway lacrosse team will practice to-night at Duggan's field, on Woodbine-avenue. The Nationals yesterday visited Secretary Fred Thompson of the Toronto team at his home, at 420 in all, for the National-Toronto game at Scarborough Beach on July 1. These tickets will be taken out to Montreal to-night by Secretary Thompson.

## BRAGMAN TALKS FEATURE

Lady Irma Leads Ontario Handicap and Stellaland the Steeplechase.

HAMILTON, June 23.—There was another fair attendance to-day at the local track, the racing being very varied and interesting. The Ontario Handicap, the main race of the day, at a mile and a sixteenth, was won by Lady Irma, a three-year-old, driven by the long-reigning champion jockey, Jockey Burns. The latter was justly proud of his achievement. The Ontario Handicap was won by Lady Irma, a three-year-old, driven by the long-reigning champion jockey, Jockey Burns. When the National rosters get busy on the holiday at Scarborough Beach, Toronto will surely think you are in Peasopville. A Preston despatch says: Preston Springs intends playing junior lacrosse this season. There are a number of boys who cannot be kept in either intermediate or juvenile teams and management of the juveniles are going to put in good stead for the season.

Irish Games. At the new Irish Club games at Scarborough Beach last evening there was hurley, sprinting and several other games. The hurling ball—Slavin 1, 365 feet; Greer, 2; McElwain, 3. The sprinting was won by Slavin, 12 yards; Studholme, 12 yards. The hurling was won by Slavin, 12 yards; Studholme, 12 yards.

Amateur Baseball. At Centre Island last evening the C.N.R. defeated the C.P.R. by 10 to 1. Slattery, of C.N.R., pitched a grand game. The following officials are requested to turn out at Ketchum Park Friday night for the game with the Baracas at 2 sharp on Saturday: Sellers, Wood, Canavan, Wright, E. Jones, C. Jones, Jackson, Berman, Jordan, Ballantine, Leese.

The Derby, which will be the feature of opening day, promises a fine contest. Included in the field will be Chief Kea, the winner of the Hamilton Derby; Donau, the Kentucky Derby winner; Hamilton Court, J. E. Madden, crick; S. Schreiber's Sager, Penn. Jane Schorr, Polly, William Pitt and a raft of other good ones.

## PHENOMENAL BOWLING FEAT

New York Cricketer Captures Five Wickets in Six Balls.

NEW YORK, June 23.—W. Bonnar of the New York cricket team, playing for the Crescent Athletic Club, captured five wickets in six balls, four of them in succession. His bowling was really the feature of the game. The batsmen were unable to do anything but watch the ball, and Bonnar was in the middle of the field, where he was very handy.

During the lacrosse game at the Island on Saturday, the scores of the Eastern League will be bulletined. When these National rosters get busy on the holiday at Scarborough Beach, Toronto will surely think you are in Peasopville.

At Centre Island last evening the C.N.R. defeated the C.P.R. by 10 to 1. Slattery, of C.N.R., pitched a grand game. Ladies' Golf Championship. The Ladies' Canadian Golf Association has decided to hold the ladies' championship at Scarborough, Ontario, commencing on Monday, Sept. 19. Riverdale 33 Up. On Riverdale lawn today in a five rink match with Balmly Beach, the home bowlers won by 39 shots. Scores: Riverdale, 115; Balmly Beach, 86. W. G. Glendinning, 16; W. E. Orr, 13; J. Gorrie, 13; A. McCurran, 13. W. Mitchell, 23; F. W. Wilton, 8; J. F. Russell, 23; D. O. Slesby, 8; A. Milne, 23. Total, 494. Total, 481.

Getting Runners Together. A number of telegrams were sent out yesterday between New York, Toronto, and Ontario to make up the teams for the big relay team race at the Island stadium next Thursday night. After Mr. Smith's team made head to head in the race, the teams for the relay will be secured for Saturday, and it looks now as if the New York team, headed by the ex-AMATEUR champion, Charles Muller, will team up with the Toronto team. Muller and Wood, this morning, secured the tables made up by Muller, which is a good one, as Ernie Herbster wanted him to team up with John Sturberg to run any team in Canada. If Sturberg gets his partner as he showed himself last race, look out for new record marks, and probably a change of winning team. Tom Eck received a telegram yesterday from Jimmy Lee of New York, stating he and Al Raines of New York would be on hand for the race Thursday night, and will probably reach Toronto Saturday to finish up training for the event. This is another fast team and it will require some good guessing to pick a winner.

Wake, S. Wake, Whitlow, Forsyth, Ruddick, Herring and Roach.

Edison Cricketer Club. The House League match played last evening at Varsity was the most exciting witnessed this season. The General Office batted first, scoring 60 runs. The Edison Department looked like winners with Thorne hitting in great style, scoring 32 before being caught at the wicket off Templeton. Five wickets for 52. So well did Templeton bowl that remaining batsmen only added 7 runs. Having gained winners by one run, Wilton (2), Bond (5), Reed (1), were the double figure scorers. Score: Edison 60, Edison Cricketer Club 52.

Rosedale-Mimico Score. Rosedale lost to Mimico on Wednesday. The home team hit 188 runs, and Rosedale made 85, followed on, making 100 for 8 wickets. Doddridge took 7 wickets for 21. Mimico: Rittan, c. Eddis, b. Reid, 8; R. B. Ross, b. Reid, 1; S. J. Porter, b. Reid, 1; Terry, b. Reid, 1; Bert, b. Reid, 1; Porter, b. Reid, 1; Russell, b. Reid, 1; Saxton, b. MAJOR SNEIGROVE'S SUCCESS. COBourg, June 23.—The Illinois University, thru its faculty of letters and sciences, has just conferred at its commencement exercises the degree of Ph.D. (Doctor of Philosophy) upon Major H. J. Sneigrove, M.A., of Cobourg.

WE ARE NOT GETTING THE RAILROAD SERVICE.

The Canadian Pacific Railway has an Atlantic steamer line, a Pacific steamship line, it has great hotels, it has palatial buildings, it is irrigating portions of the west, and doing many other things as well.

But what the people of Ontario are looking for is RAILWAY SERVICE, a cheaper service and a much better service; and little or nothing is being done in this respect.

There is a wretched service between Toronto and Ottawa, and it has been so for 20 years; the people along the lines of the C.P.R. near Toronto are asking for a suburban service at commutation rates, and they are denied it; the public want lower sleeping car berths; two cents a mile travel; grades innumerable could be removed, should have been removed years ago, but are still here; double track put down in congested places; the railway mileage of the passenger service on its lines increased; earlier trains out of the city in the morning; many and many an improvement in service, but all we get is steamship lines and big hotels.

But there are millions in the treasury, and big financing is going on every day. MORE AND MORE THE RAILWAY GAME IS GETTING TO BE A GAME OF HIGH FINANCING AND LESS AND LESS ONE OF SERVICE. THE CHIEF EXECUTIVES OF THE RAILWAY COMPANIES ARE ENGAGED IN ANYTHING AND EVERYTHING IN POLICY, IN EXPANSION, BUT NEVER IN SERVICE.

Railway service is the first essential, and the people of Ontario are not getting it. But Sir Thomas Shaughnessy is busy in the melon patch every day. Busy for the shareholders, not for the patrons. You couldn't get him to give five minutes to a better service for Ontario.

We've lost all conception of what service means when it goes with franchise, and goes at times with great gifts of land and money. We accept talk and blaw and big things on paper; we do not get the service. Nor do our public men, still less our press, help us to get it.

"This is magnificent, but it is not war"; this (big steamships, big hotels, the big men with the wonderful heads and the lightning touch) is magnificent, but IT IS NOT RAILWAY SERVICE to the old portions of Canada, especially Ontario, still more especially Toronto.

HOW A PEOPLE'S MOVE WAS FOUGHT.

For many and many a year the banks of the United States have prevented the establishment of a post-office savings bank.

The state created the banks, and they show their gratitude by fighting a savings bank in connection with the postoffice at every stage for thirty years or more.

The state created the railways and the railways the express companies. Yet these railways the state created have been powerful enough for years now to prevent congress from establishing a parcel system in connection with the U.S. Postoffice.

LIQUOR CONSUMPTION AND HIGH PRICES.

Altho Mr. Lloyd-George no doubt intended his rearrangement of the liquor duties to be primarily a revenue producer, this under present circumstances is not likely to result.

Better Transportation Wanted in North Toronto

North Toronto residents have been looking for and hopeful of a single fare into the city since the cars first started to run from the C.P.R. tracks to Glen Grove. A few years ago, when Mr. C. D. Warren was president of the Metropolitan Railway, a proposition was submitted to the then town council by which a rate of five cents would have carried the people from Glen Grove to any part of the city, the prime consideration of which was a bonus of \$40,000 to the Metropolitan Railway.

SIR TOM'S BRAVE WORDS.

A Globe special from Montreal says: Apparently Sir Thomas Shaughnessy has no fears of being jailed and his road seized and confiscated. When shown a copy of The Toronto World of Wednesday by your correspondent to-day Sir Thomas said:

Motorman Lucky; Plaintiff is Not.

The Toronto Railway Co. for \$20 damages to his auto, done by a car when the auto got stalled on the tracks. Motorman Spence admitted having offered Commend 225 not to take the case to court, but after Judge Morson heard the evidence, he decided Commend wasn't entitled either to damages or costs. It was shown the motorman had taken all reasonable precautions.

Expensive and slow transportation to North Toronto has kept back the growth of the town.

An impetus that can scarcely be measured would result if Yonge-street were double-tracked and a single fare charged, as it should be.

EXPENSIVE ART FOR CHURCH

Mural Painting Ordered That Will Cost \$25,000.

NEW YORK, June 23.—Robert Reid, it is learned, has received a commission of \$25,000 for a mural painting for the new Fifth-avenue Baptist Church.

The title of Mr. Reid's mural decoration is "The Sermon on the Mount." It will be a large canvas, covering 30 by 35 feet, and will be placed in the centre of the church over the baptistry screen.

It is also learned that well-known sculptors will be commissioned to execute sculptural decorations for the facade of the church, covering an expenditure of about \$20,000.

NOT DEPORTED

Convict Had Been Released and Was Merely Being Shadowed.

KINGSTON, June 23.—(Special.)—The justice department at Ottawa and the state department at Washington have been in correspondence over the entry into the States at Cape Vincent of "Baldy" Wilson a short time ago, which was a violation of the agreement between Canada and the United States to deport a convict without establishing his nationality.

The penitentiary officials point out that Wilson, who was transported here from British Columbia, was not deported. His time had expired, and he wished to return to his country. The penitentiary must report where every prisoner goes, and that was the reason a guard was sent to the Cape Vincent, and that there was nothing of this kind and that there was nothing of this kind and that there was nothing of this kind.

NEW VARSITY SCHOOLS ARE FOR BOYS ONLY

And the Question Arises, Why Should Girls Be Deprived of Model Instruction?

A circular containing a preliminary announcement of the new university schools, which open for their first session on September 12, in the handsome buildings at Spadina and Bloor, has just been issued.

The schools are for boys only, and some have been heard to express the criticism: "Don't the students in the faculty of education need to learn how to teach girls?"

Another feature which is in sharp contrast with the conditions which obtain in some of the Toronto public schools is that, with a view to closer co-ordination of interest between parent and teacher, the classes will be small and, as far as possible, the instruction individual.

GOLDWIN SMITH THEME OF PRESIDENT SCHURMAN

Opening of Northwest, Most Potent Factor in National Development, Came Late for Him to Appraise.

ITHACA, N.Y., June 23.—The late Goldwin Smith, his work and his influence, were taken by President Schurman to-day for the text of his annual address to the graduating class of Cornell University.

"The foundation of Goldwin Smith's political philosophy," said Dr. Schurman, "was essentially in a cause that was carved on the stone seat which he placed on the campus of Cornell University: 'Above all nations is humanity.'"

"The opening of the Canadian Northwest in the twentieth century is a most potent factor in the development of our civilization."

BORDEN TO NATIONALIZE TELEPHONE TRUNK LINES

One of the Big Planks of His Platform—Hon. I. B. Lucas' Significant Remarks.

One of the most significant speeches made during Mr. Borden's Ontario tour was that of Hon. I. B. Lucas at Trenton.

Mr. Lucas is the junior member of the administration of Sir James Whitney, and before his admission to the cabinet had given some consideration to the question of telephone development, and introduced a resolution in the legislature, requesting the Dominion Government to turn over to the province the control of the trunk lines. The Laurier administration has refused on two occasions to even go this far in the matter of government ownership, and, consequently, the whole question has been thrown back upon the provinces. Manitoba has gone far towards finding a solution, and Saskatchewan is following.

Obviously with Mr. Borden's approval, Hon. Mr. Lucas made a direct reference to telephone development. His paragraph is worth repeating:

"We have heard something of telephone development. It is part of Mr. Borden's Halifax platform. Telephone development is tied up absolutely, and will remain tied up, until there is a change of government in the Dominion of Canada. The Dominion Government have laid down specifically that they were not prepared to go into the question of government ownership of the trunk lines of the telephone system."

Plainly speaking, this declaration means that one of the progressive planks in the platform of the Conservative party at the next general election will be that of nationalization of telephone trunk lines, or failure that to turn over to the provinces the control of these lines. The immediate effect of such an act will be apparent to the rural telephone companies. Wherever started, these companies have ministered to the requirements of the rural communities in farm life is robbed of its isolation by the beneficent offices of the telephone, and an enormous amount of money is saved to the public in telephone tolls.

OLIVET CONGREGATIONAL CHURCH.

The report that this church was likely to disband unless it received financial help is entirely wrong. Rev. A. Margaret is planning extension work, placing the Sunday school buildings on the new site, and he is asking that when their property was sold, that they could not. Mr. Margaret says that Olivet is in splendid shape, being entirely free of debt and in better shape than ever before, and the congregation is gradually increasing.

that the provincial government would not be averse to proceeding further in this direction, if the way were opened.

With this object in view, and to prepare for the ultimate nationalization of trunk lines, the provincial government, it is understood, will, at the next session of the legislature, provide for the placing of all rural lines under the control of the Ontario Railway and Municipal Board, with the view of securing a standard of equipment and efficiency that will place the comforts of the telephone within reach of urban, suburban and rural residents alike at the minimum of cost.

### MERE YOUTH PAYS THE PENALTY FOR MURDER

#### Robert Henderson, 17 Years Old, Hanged at Peterboro Yesterday Morning.

PETERBORO, June 23.—Robert Henderson, aged 17, who came to this district from Toronto six months ago, the not long out of the gallows, at 7 o'clock today died on the gallows. He paid the extreme penalty of the law for the murder of Margaret Macpherson, an aged spinster, who lived on the road near Norwood, and who had befriended him.

The jail officials, Rev. Canon Davidson of St. John's Church, Rev. Dr. Langford of St. Luke's church, and newspaper representatives were the only spectators, but a crowd of morbid curiosity seekers gathered outside the jail, some of them having camped out all night.

Henderson went to the scaffold with an outward sign of fear. He was preceded by Sheriff Hall, Jailer Nesbitt, Turney Ray and Rev. Dr. Langford, and closely followed by Rev. Canon Davidson, who recited prayers and murmured words of comfort and encouragement in the ear of the condemned boy.

When Hangman Ellis affixed a white cap, Henderson said: "Lord receive my spirit."

His one distressing thought was his awful crime, his disgraced death and the oft-repeated avowals of love from his aged mother in Hartlepole, Durham, England.

"Thank God," he said a day or two ago, "that my youngest brother was not with me. He would have wound up at the end of a rope with me."

On Monday last Henderson received his first communion, having been confirmed by Bishop Reeves of Toronto at the jail here. He wrote a statement for his spiritual adviser, Rev. Canon Davidson, in which he confessed his crime, clinging to hope of pardon, and grieving over the life he had led, and taking some satisfaction out of the fact that his death placed properly before young men, might deter them from a life of crime.

The executioner was Arthur Ellis, a new man at the work, who on Tuesday officiated at North Bay. He is said to live on Robt-street, Toronto. He is a man of small stature, between 45 and 50, weighs about 130 pounds, smooth shaven, blue eyes and wears gold rimmed spectacles. He seemed proud of his success.

A photographer, eager to get a picture of Ellis, had achieved his purpose when he was seen by the hangman, who asked him what he was doing. The picture man said he was taking a picture of the Oriental Hotel. Ellis asked if he was in it. Told that he was, he seized the camera and, wrenching off the back of the machine, extracted the film roll. He then took it to the police station, where he left the film, asking that it be developed, and that if the picture was distinct that it be destroyed.

"You can take whatever action against me you like," he said, as he turned the photographer loose.

#### French-Canadian Picnic.

WINDSOR, June 23.—The annual picnic of the St. John de Baptist Society of Essex County was held today at Lansdowne, near Ojibway. It is the biggest event in French-Canadian circles in Western Ontario.

Among the speakers were: Judge Constantineau of Ottawa, Hon. J. O. Reaume, Ontario Minister of Public Works, A. H. Clark, M.P., Oliver Wilcox, M.P.; Dr. Casgrain, as well as other prominent French-Canadians of the western peninsula.

#### Pepper Was Adulterated.

WINDSOR, June 23.—Three prominent grocers of Windsor were fined in the police court this morning \$10 each for selling pepper adulterated with wheat starch. The men were not morally guilty, as the pepper was purchased in good faith from a wholesale house.

#### Hastings' Mineral Wealth.

Hon. Frank Cochrane, minister of lands, forests and mines, left Wednesday evening for North Hastings, to gain some first hand information about the mineral wealth of that district. With the minister are Dr. Miller, the provincial geologist, and E. T. Corckhill, mining inspector.

#### What's the Use of Being Careful?

SHERBROOKE, Que., June 23.—Charles Lowell, M.P. for St. Lawrence, was knocked down by a horse near Stanstead, and had his shoulder dislocated and received other injuries. He was trying to lead a horse past his auto when the accident occurred.

## Palpitation of the Heart.

One of the first danger signals that announce something wrong with the heart is the irregular or violent throbbing. There is only a fluttering sensation, or an "all gone" sinking feeling, or, again, there may be most violent beating, with flushings of the skin, and visible pulsations of the arteries.

There may also be experienced a smothering sensation, gasping for breath, and feeling as though about to die. In all such cases the action of Milburn's Heart and Nerve Pills in quieting the heart and restoring it to its normal beat, is beyond all question marvellous, as our thousands of testimonials will show.

Mrs. Martha Mason, Marlbank, Ont., writes:—Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart, would have severe choking spells and could scarcely lie down at all. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all with heart or nerve trouble."

## MUSKOKA SANATORIUM

Continued From Page 1.

Shortly after two o'clock and some brief addresses were given afterwards. J. S. Robertson explained the principles on which the association worked, and stated that the whole cost of the trip had been privately subscribed before it was undertaken, so that the sanatorium work should suffer no loss.

W. J. Gage emphasized the fact that the hospital was not since its establishment \$600,000 had been spent, and 4000 people had been helped.

Dr. N. Towles observed that it ten years' experience had demonstrated the hospital as a successful business proposition, paying better dividends than any other business in the country. He said the sanatorium was not in the form of "melons" in the restoration to health of those who needed it.

Controller Spence believed they had taken the right way to show the people what is done. In no part of the world had they such an economical system. Toronto was exceptionally favored in having to support no public charity entirely, but the Isolation Hospital. Charitable people had contributed their wealth and placed their services at the disposal of the public. They could not estimate what it would cost to place such brains and energy at the head of their institutions. (Applause.)

Mr. Gage pointed out that not a single patient had been kept waiting twenty-four hours after application to the National Association.

#### An Invaluable Example.

Mavor Dingman of Stratford, who spoke on behalf of many other municipal officers, regarded the sanatorium as an invaluable example to the rest of the Dominion. He was sceptical of the practicality of grouped municipalities doing what had been done in Muskoka. He was satisfied centralization was the best method.

Miss Catherine Merritt spoke for the Daughters of the Empire, and described some of the activities in Hamilton and elsewhere which the order had promoted. One chapter had taken up the duty of supplying fresh eggs to the hospital. The National Association requires about 4000 eggs a week.

Edward Gurney resented the deplorable loss of life from consumption and all the more since it was unnecessary, since the disease was curable. The death rate had been lowered by 25 per cent, since care had been taken.

W. K. McNaught, M.L.A., admitted that although on the board of the association, he had not hitherto taken the interest which the day's proceedings had shown him he ought. He would in the future devote more both of time and his means to the work. (Applause.)

#### City Leads Aid.

James Simpson, chairman of the Toronto Board of Education, expressed his gratification at the means taken to relieve sufferers, and wished God speed to all success to prominent men who gave their time and assistance.

Dr. Sheard, chairman of the Provincial Board of Health, aroused enthusiasm by his warm support of the institution, which he declared was the only one which had been of any actual benefit in the cure of consumption. There had been much opposition at first, but that was now past. Mr. Gage had started the hospital himself when there was even an outbreak of influenza where for a consumptive patient to crawl into die.

The impression was corrected that although the hospital had not contributed to the work. The city pays \$400 a week for each patient attending the free hospital from Toronto. Mr. Gage declared himself pleased with what Toronto had done, but there was need to enlarge the activities of the association. They proposed to undertake a printing campaign and hoped to raise \$50,000 by the fall.

An hour and a half was devoted to an inspection of the two hospitals. The arrangements in every case are planned in accordance with the latest medical science, and every device and suggestion for the benefit of patients has been adopted.

The patients are classified according to the severity of their attack. On arrival at the hospital they are detained for three days to observe the temperature and symptoms. Incontinent cases are kept apart from those in advanced stages. Everything is bright and cheerful about the grounds it is difficult to realize that a deadly disease is being grappled with on the spot. The results have been most encouraging, and no sufferer need have any hesitation about taking advantage of the opportunities for recovery offered. The rapidly disappearing prejudice has prevented many from sharing in the privileges of the sanatorium, but a visit to the hospitals is sufficient to remove any vestige of prejudice that may remain.

The party left the wharf at 5 o'clock for Toronto.

#### High Praise for Rhodes.

LONDON, June 23.—At the Rhodesian dinner Hon. X. Merriman, one-time premier of Cape Colony, in succession to Dr. Jameson, and who is credited with having shattered the coalition with which the United States of South Africa proposed to begin the new era, referred to the work done by Cecil Rhodes, and remarked that if the federation of Australia, South Africa and Canada could be secured, the way would be paved for the federation of the empire, and that had Rhodes lived he would have been the Alexander Hamilton of the empire.

Rhodes, he said, had been the inspiring influence of his life.

#### Toronto Traveller Acquitted.

WHITBY, June 23.—Ray E. Robinson, a young Toronto traveler, who was taken into custody by the local authorities on a charge of seduction, has been acquitted by Judge McCrimmon at the county court here.

#### Death in the Beer.

NEW YORK, June 23.—Charles T. Bacon and his wife spent a night of beer as they sat in their porch at Bedford, N. Y., last night. Mrs. Bacon died shortly afterwards in agony. Bacon's condition is critical. Both were past 50. The dress remaining in the beer bottle were sent to the coroner for investigation.

## PROSPECTORS GUILTY OF FALSE PRETENCES

#### Lurid Stories of Gold Strike Caused Stampede—Paid \$700 For Exclusive Information.

NORTH BAY, June 23.—(Special.)—Fire destroyed the sawmill and lumber yard of Charles Mitchell at Pownans late this afternoon, a house belonging to Mitchell also being badly damaged. As one time the business part of the town was in danger. The loss is about \$7000, partly covered by insurance.

Blackburn and Jones, two prospectors, who were responsible for the mad rush into the district in April from Hattleybury and Cobalt, in which a special train was utilized, as a result of samples of telluride ore and lurid stories of gold strikes, were found guilty in general sessions today of obtaining money by false pretences from Robertson & Son, mining brokers of Hattleybury, who paid \$700 for exclusive information and advance staking of Eldorado.

In concert of the crown attorney the sentence was deferred until fall sessions and the prospectors will receive their own recognisances, their conduct in the interval to be considered in imposing sentence.

Joe Blair, professional beggar, who trained youths to impersonate cripples and solicit alms, was sentenced to one year in the Central Prison for relieving a miner of \$90 via the drugged whiskey route.

## KOHLER ACQUITTED

#### "Golden Rule Chief" Will Be Reinstated.

CLEVELAND, June 23.—Chief of Police Kohler was acquitted this afternoon of charges of misconduct in office. The decision was reached by the civil service commission.

Kohler, who Theodore Roosevelt termed "the best police chief in America," was tried on charges of charges of drunkenness, immorality and misconduct, filed with Mayor Baehr on May 26, by Attorney Schoeneman, contracting engineer P. J. Brown.

The commission held that evidence furnished in Kohler's trial failed to show that he was guilty of any of the charges. The decision deprives Mayor Baehr of power to remove Kohler on these charges, and he is automatically reinstated to the post from which he was suspended.

## CROWDED OUT

#### Royal Military College Not Able to Accommodate All Who Apply.

KINGSTON, June 23.—(Special.)—While moving machinery in a vessel of the M. T. Co. George Potts, living in Michigan, had his head badly crushed, but will recover.

Only 32 cadets were accommodated at the Royal Military College next season, also 43 have qualified. There is room only for 100 cadets. A new dormitory is needed as 100 cadets have to occupy a room. Government engineers say that the building should be razed and a modern one erected in its place. Only a few more can be accommodated at the college when it was established 24 years ago.

## MADE A POOR HAUL

#### Blew Open Station Safe and Found Cheating Gum and Postcards.

NIAGARA FALLS, Ont., June 23.—(Special.)—After gaining entrance to the W. and O. Railway station at the American side, by jimmying a window, yegmen early this morning blew open the safe at the station. They secured only about \$2 worth of chewing gum and some postal cards. Receipts of the day's sale of tickets had been taken home by Station Agent Bass when he locked the office last evening.

## EARTHQUAKE IN NOVA SCOTIA.

YARMOUTH, June 23.—Seismic disturbances occurred last night at ten o'clock here in various parts of the country, greatly alarming the people. The terrific shake, which lasted for five seconds, was felt in every house in town, and in many places that San Francisco and similar horrors might be repeated here. In a few cases furniture was tumbled over and dishes thrown about. No damage to property was reported.

#### Travelers' Cheques.

If you are going abroad do not fail to get your money converted into Travelers' Cheques. This means of exchange with all foreign countries is undoubtedly the most convenient. The exact amount which will be paid in the foreign countries is shown on each cheque, and the money is readily convertible into cash by Messrs. A. P. Webster & Co., northeast corner King and Yonge streets.

Edward Gurney, 290 Romaine-street, Peterboro aged 38 years, dropped dead while on his way to work.

## Baby Eczema

#### Splendid Results Obtained by Using DR. CHASE'S OINTMENT, the Greatest of Healers.

Thoughtful mothers are forsaking pore-clogging and unsanitary powders for the use of Dr. Chase's Ointment and find there is no treatment so effective for chafed and irritated skin, scald head and eczema.

This ointment makes the skin soft and smooth, and ensures healthful natural action of the pores of the skin. A trial of Dr. Chase's Ointment is usually enough to convince anyone that there is nothing like it as a beautifier of the skin and a means of overcoming painful and annoying itching skin diseases.

It is so pure and clean, so delightfully soothing and healing, and so pleasant to use that it soon finds a permanent place in every home where its merits become known. 60 cts. a box, all dealers, or Edmondson, Bates & Co., Toronto. Write for a free copy of Dr. Chase's Recipe.

## WOMEN IN DARKENED WORK SOME WILL EDIT PAPERS

#### That's the Prediction of J.S. Willison, Looking 25 or 30 Years Ahead, at Women's Press Club.

"Within the next 25 years every woman will vote or have a right to vote, and within some period 25 or 30 per cent. of all women will smoke," said J. S. Willison, editor-in-chief of the News, in an address at the annual meeting of the Canadian Women's Press Club yesterday afternoon.

Mr. Willison stated that the boundary line between men and women engaged in newspaper work was fast disappearing. It was only a question of time till there would be women editorial writers and women correspondents, as well as men, in our leading newspapers. "When I was a boy," said Mr. Willison, "there were no lady school teachers; now they are hardly any but lady teachers."

"Even now a woman is editor of the commercial page of one of the leading newspapers in Canada. In intellectual work women are ranked on an equality with men." Mr. Willison's address was vigorously applauded by the ladies present.

Members of the club were growing. About 75 members of the club attended the meeting. It was an interesting assemblage, this little group of women newspaper workers, many of whom were prominent in the field of journalism, and others of them authors and writers of wide reputation.

The club has been most successful during the past year, the membership having exactly doubled. There are now local branches in Toronto, Winnipeg, Regina, Vancouver and the Thunder Bay branch at Port Arthur and Fort William. The total membership is about 120, with 30 members in the Toronto branch.

The newly elected officers are: Hon. president, Mrs. C. P. Walker, Winnipeg; president, Miss Marjorie MacMurphy, Toronto (re-elected); vice-president for British Columbia, Mrs. Isabella Ecclestone Mackay; vice-president for Saskatchewan and Manitoba, Mrs. Bennett, Regina; vice-president for Ontario, Mrs. Alice Read, Port Arthur; vice-president for the Maritime Provinces, Miss L. M. Montgomery, Toronto; F. E. recording secretary, Miss Lillian Baynton, Winnipeg; responding secretary, Mrs. Fairbairn, Toronto; treasurer, Miss Jean Webb, Toronto; auditors, Miss Leslie, and Winnipeg; historian, Miss Katherine Hughes, Edmonton.

Three honorary members were elected: Mrs. C. M. Dugal, Montreal; Mrs. Lillie Dugal, Montreal; Miss Macfar, Kingston.

Among those present were: Mrs. Colman, "The Mail and Empire," Mrs. Balmor, "The Montreal Daily Star," Miss E. Cora Hind, commercial editor of the "Winnipeg Free Press;" Miss Mary MacPherson, "The Montreal Daily Star;" Miss Turnbull, "London;" Miss Woodstock, "Winnipeg;" Mrs. Nesbitt, "Hamilton;" Mrs. Carr, "Edmonton;" and the president, Mrs. Marjorie MacMurphy, "The Montreal Daily Star."

The club has accepted an offer from "The Ladies' Journal," of which Miss Lillian Baynton is editor, to devote a column to the interests of the club in every issue of the journal.

A pleasing incident of the morning session was the club's unanimous decision to honor the memory of the late contemporary, Miss Barrie, better known as "Francoise," by donating \$25 towards the relief fund for the sufferers of the Montreal Herald of "Francoise" was a past president of the Canadian Women's Press Club.

An interesting incident which was Hamilton Frye of the London Daily Mail, who has just returned from Africa, where he was with the staff of the expedition to the Thousand Islands, showing the Rapids to Montreal, Quebec and the Saguenay River.

## NO FEAR FOR IMMEDIATE FUTURE.

The Toronto Stock Exchange to-day was a clear demonstration of the apathy which prevails in speculative circles. Trading was sluggish throughout, and the day's operations gave no indication of any particular trend to the market. Black Lake was the favorite issue, holders of these shares taking advantage of the recent firmness to secure what profits had accrued on the advance. Prices were depressed on any signs of pressure, and the market clearly showed that it was in no condition to withstand any forced selling. Money conditions continue the paramount topic, but no fear is expressed concerning the immediate future.

## New York Stocks Drag Heavily While Trading Is Very Dull

Further Advance in Wheat Has Adverse Influence on Wall Street—Domestic Issues Extremely Quiet.

Transactions at the Toronto Stock Exchange to-day were limited in volume, the day's operations being confined to about twelve different stocks. Price changes were narrow and there was nothing in the day's business which could be taken to indicate any outstanding change in the market's movement. Black Lake continued under profit-taking pressure, the shares retreating to 27 1/2, a drop of over a point from yesterday's level. The movement in this issue has to a large extent retarded other trading, and the general tendency is to secure profits wherever these are available. The traction absorbed much of the day's business, but nothing beyond fractional price alterations were registered. Sao Paulo moved up to 143 1/2, an advance of half a point from yesterday, but at the close was in rather poor demand, the best bid being a full point below the day's high level. Rio was unchanged for the common shares, while the bonds made an advance, two large blocks changing hands at 98. The previous sale in these securities was at 97 1/4. Mackay was firm, but the preferred and common recording small advances. Quebec Light and Power was easier, selling off to 42 and closing a point below that price. There was no trading in the day's news to account for the weakness in this issue, and the movement was set down as purely liquidating sales. A feature of the market was the strength of the bond issues. These have received good support of late and in several instances higher prices have been recorded. Wall Street Pointers. Bank of England rate remains unchanged. The Stock Exchange will close Saturday, July 2. Goldfield Cons. has been listed on the stock exchange. Hot weather in northwest breaks and fair rains are reported. Rather better reports from Southern Iron trade. Some slight hardening of call money perceptible in anticipation of July disbursements. Burlington surplus for dividends on fiscal year will work out about same as last year in spite of increased gross earnings. Paris is reported of improved copper plans by J. P. Morgan. Bank of France report expected to show decrease of \$300,000 in stock of gold, and an increase of over 4,000,000 francs in silver holdings. Joseph says: Recession will not be formidable, and advances in many directions will extend to 5 points or more. Watch Coppers. Journal of Commerce has a cable from Paris saying: "Mr. J. P. Morgan is committed to a plan for the international re-arrangement of copper production, and he has the assurance that European producers will heartily co-operate with him." Reading gold higher; hold Chesapeake; buy Wabash preferred for big money. Tractions are exceptionally well bought, and may go higher. Steel is being raised to greet Mr. Morgan. Union and Southern Pacific should be bought on reactions. We believe Chesapeake will cross 90. Well-informed people expect higher prices for Amalgamated. New York Central is pulled by conservative people. We think Rio Island is on the verge of a rise.—Financial Bulletin. While the public is not trading to any great extent, the interests which are strongest in directing public sentiment are decidedly bullish, and city outsiders will soon be in line on the long side. With the favorable weather developments in the wheat belt, there are a great many good reasons to justify higher prices in the Hills, Union and Southern Pacific, and the

**DOMINION STEEL CORPORATION**  
Coal-Steel Merger Decides to Stick to Old Name—Adjourned Meeting.

MONTREAL, June 23.—The Dominion Steel and Coal Corporation has abandoned their intention to use the name "Canadian Steel Corporation," and will stick to "Dominion." It will be called the "Dominion Steel Corporation, Limited," owing to the fact that the original title selected was too much like the Hamilton people, who are calling theirs the "Steel Company of Canada." This was decided on at the adjourned meeting of the shareholders to-day. Mr. Plummer confirms the report that they have decided not to build new mills to compete with the Hamilton merger. Nothing will be done for the present about calling in the Steel and Coal preferred stocks in exchange for a corporation issue.

On Wall Street. Erickson Perkins & Co. had the following: To-day's stock market was largely profitable, with a sagging tendency during most of the session. The smallness of to-day's selling reflected absence of pressure, which was the more remarkable reports that poured in from the Northwest. As we have said before, there is still danger of crop deterioration and should it occur during the next few weeks, prices would easily go considerably lower. Under the circumstances we think it judicious to not to buy stocks except on drives. They will be of frequent occurrence during the coming month. Finley Barrell & Co. wired J. P. Bickell: "We believe that the program to advance the market has not been abandoned, but is held in abeyance pending news from the Northwest. Rains in the spring wheat fields would result in an immediate advance." Charles Head & Co. to R. R. Bongard: "It is hoped the July disbursements, totaling over \$200,000,000, crop reports are not satisfactory for Minnesota and the Dakotas, although Washington and Eastern Washington promise heavy yields of wheat. J. P. Morgan returned to this city to-day and in apparently good health, disposing of the many fictitious and bearish rumors. The copper situation is still most unpromising and a further increase in stocks will doubtless result this month. Closing was heavy at lowest for the day, with possibly somewhat lower prices in the immediate future."

Bank of England Statement. The weekly Bank of England statement issued yesterday as received by R. R. Bongard (Chas. Head & Co.) was as follows:

88 CARS AT CITY YARD TRADE DULL, PRICES LOWER

Common Grades Down—Good Ones Sell at Steady Prices—Hogs Firm at \$9.25.

The railways reported receipts of 88 cars of live stock at the City Yard for Wednesday and Thursday, consisting of 84 cattle, 200 hogs, 200 sheep and lambs, 25 calves and 5 horses.

The receipts of cattle were light for the two days—less than a Brussels—but not nearly as great as the consumption of meat has fallen off fully one-third.

The receipts of sheep and lambs were also light, but the quality was good, and the market was steady.

FISHERIES DISPUTE

Senator Turner Argues United States Should Share in Enforcement.

(Canadian Associated Press Cable.) LONDON, June 23.—Continuing the argument on behalf of the United States before the Hague Fisheries Tribunal, former Senator Turner outlined the negotiating position of the United States.

The treaty implied that the American right to fish was already existing in 1783, and was maintained in perpetuity by the treaty, and that the United States had not renounced its fishing rights in all the bays in the British possessions, but only in territorial bays.

With respect to the regularization of the fisheries, he held that the United States should regulate the fisheries by a common agreement with Great Britain and should have a share in the enforcement of such regulations.

Great Britain had no right to limit American fishermen with regard to the time or manner of fishing, he maintained.

Mayor's Daughter ELOPED. Difference in Couple's Ages Reason for Parental Disapproval.

NEW YORK, June 23.—While Mayor William J. Gaynor was walking across Brooklyn bridge to his office today a newly-wedded couple were eating their first honeymoon breakfast at the Plaza Hotel.

This was not extraordinary in itself, but the fact that the bride at breakfast was the eeloping daughter of the mayor made the coincidence one of more than ordinary interest.

The bride and groom are Mr. and Mrs. Harry Kermit Vinant. Mrs. Vinant, the second daughter of Mr. Gaynor, is only 19 years old, while the groom is 40.

The difference in the couple's ages is understood to have been the cause of Mr. Gaynor's objection to the marriage, which took place at Wilmington, Delaware yesterday. Her sister also eloped to get married.

SPRUNG A SENSATION. Six Persons Indicted as Accessories in Glover Murder Case.

CAMBRIDGE, Mass., June 23.—A further sensation developed today in the extended investigation of the mysterious murder of Clarence P. Glover, a Waltham laundry proprietor last fall.

The Middlesex County superior court today issued indictment warrants against six persons charged as accessories after the fact of Hattie Leblanc, who is accused of murdering the laundryman. It was announced today that in addition to Mrs. Glover, the following persons had been indicted: Samuel Elmer, 41, of Tunbridge; Mrs. Glover's counsel in the case of the murder, Mr. and Mrs. Francis F. Elmer, and Mr. and Mrs. Seymour S. Glover. Seymour Glover was a brother of the murdered man.

A "Stunning" Summer Hat \$4.50 Over 100 of Them.

Stunning in their jauntiness and light Midsummer effect, so much admired and so becoming. Although only \$4.50 each they are made from the fine unfinished Leghorn shapes, fine mohairs, and chip, along with the beautiful lingers. White lilacs, small roses, handsome scaris, and other trimmings that are most in demand are used on these hats. Saturday, \$4.50. See display in window.

The Summer Sale Attractions at Simpson's Saturday

THIS STORE will be open to-morrow from 8 in the morning until 5.30 in the afternoon. To-morrow being the last Saturday in June may be regarded as the climax of the Summer Sale. We have prepared a programme to equal the occasion. The weather emphasizes the need of summer goods more than we could do by pages of type. We simply make everything about summer shopping as easy, as convenient, as cool and as economical as possible. Come in the morning, if you can. 8 o'clock shopping is always best - doubly so during a sale, triply so weather like this. If you can't come in the morning remember that this, the last Saturday in June, we remain open until 5.30 p.m.
