RUSSIAN BEGIN PARTIAL EVACUATION OF PETROGRAD

British Carry Important Trenches at Hargicourt | Germans in East Africa Flee From Anglo-Belgians | French Capture Woods On Heights of Verdun

RUSSIAN AUTHORITIES BEGIN EVACUATION OF PETROGRAD

Government Takes Action on Account of Food Problem Rendered Acute by Military Operations—Present Measures Only Partial—Germans May Attack Dvinsk.

Petrograd, Sept. 9.—Authoritative statements issued here dealing with the loss of Riga say that although competent military authorities do not consider Petrograd endangered, yet the approach of the war zone to the capital necessitates decisive measures for the government of the city.

Violent Storms Stop Italians But Cannonade Continues and Raiding Parties Snatch Minor Positions From Enemy.

Udine, Sept. 9.—Bad weather is interfering with operations on the Isonzo front. Violent storms have transformed peaceful streams into torrents, torrents into rivers, and plains into lakes of mud.

RIOT IN FORD CITY

Police Escort New Priest to Church Thru Mob of Thousand People, Using Clubs—Riot Act Read and Soldiers Called to Keep Order.

By a Staff Reporter. Windsor, Ont., Sept. 9.—Bishop Fallon's announcement that Rev. Father F. X. Laurendeau would be installed as parish priest of the Church of Our Lady of the Lake, Ford City, even if civil authority had to be appealed to, was verified Saturday when a squad of Walkerville, Ford City, Essex County and provincial police, acting under orders of the attorney-general to Crown Attorney Todd of Essex County, forced the doors of the presbytery after "battering their way" with clubs thru a mob of three thousand people.

TOWARD TRUFRANCHISE BILL UNDER CLOSURE

Government Serves Notice After Turbulent Scenes in House.

PUGSLEY AGGRESSIVE

Threat to "Name" Him Restores Order—Munition Orders Discussed.

By a Staff Reporter. Ottawa, Sept. 9.—Jealous of the growing fame of the Dominion senate as a national debating arena, the house of commons on Saturday attempted a spectacular performance in connection with the preliminary skirmish between the two parties over the federal franchise bill.

THREE PEOPLE KILLED WHEN TRAIN HIT MOTOR

Driver of the Automobile Attempted to Pass Behind a Freight Train Near Port Credit and Was Struck by the Hamilton Express.

Passing behind an eastbound freight train over the railway crossing at Brown's Line, four miles east of Port Credit, an automobile was struck by the Toronto to Hamilton C. P. R. Flyer at about 8:40 yesterday morning, with the result that three people were instantly killed and two injured.

The names of the dead are: MRS. AGNES BOYD, aged 41, wife of Isaac Boyd, 124 Cooper avenue. J. T. WOOD, aged 28, of Cobalt. EDDIE WOOD, aged 27, his wife.

The injured are: RICHARD BOYD, aged 24, 124 Cooper avenue. JOSEPH MILROY, aged 22, 124 Cooper avenue.

The party were on the way to Hamilton to visit the Boyds' mother when the accident occurred. Richard Boyd was at the wheel, with Milroy at his side. Mr. and Mrs. Woods, with Mrs. Boyd, were in the tonneau of the machine. On approaching the crossing the car slowed up to let the freight train go by.

ALLIES DEFEAT ENEMY EVERYWHERE IN AFRICA

Anglo-Belgian Forces Compel Retirement of Germans in Three Areas—British Occupy Foe's Positions at Mpondas.

London, Sept. 9.—Defeats for the Germans all along the line in German East Africa are reported in an official statement today. The text reads: "Telegraphing on September 8th, the general officer commanding in East Africa reports that on that day the enemy resistance at Mpondas, 53 miles south of Mahenge, was overcome and all the German positions were occupied. Our troops are in pursuit."

"Belgian communications have passed the Ulanga River, moving towards Mahenge from the north. A German force, driven successively from Mpepos, 65 miles southwest of Mahenge, and from Malinje, 18 miles north-northeast of Mpepos, retired southeastward and is being pursued by our columns from Lupembe.

In the southern area, the German force dislodged from Tumburu has retreated towards Liawole. It is reported that at present there are no German forces in Portuguese Nyassaland south of the Rovuma River.

"In the western area our columns from Lupembe continued the pursuit of the German forces dislodged from Mpepos, sixty-five miles southwest of Mahenge, and occupied Malinje, eighteen miles north-northeast of Mpepos. In the vicinity of Mpondas our columns engaged the enemy, several German counter attacks being repulsed with severe losses."

SEVERAL TORONTO MEN WIN MILITARY MEDALS

Heroic Rescues of Wounded Men Under Fire Bring Rewards.

Several Toronto men are among those mentioned in Stewart Lyon's cable on Saturday as having received military medals for specially meritorious conduct in the collection of wounded under fire on August 5, 16 and 17.

The men to whom the decorations were awarded are: Corp. Leslie Owen Brown, Toronto; Lance-Corp. Gordon Adams, Winnipeg; Pte. Wm. Moore, Toronto; Pte. Charles Edward Glover, Hill, Ont.; Pte. Wm. Frederick Whitmore, Toronto; Pte. Richard Stanley Bassett, Montreal; Pte. Jas. Freeman McLellan, Halifax.

OVER CENTURY OLD

Vancouver, Sept. 9.—Charles Leroy of North Vancouver today is celebrating his 102nd birthday. He was born in France and fought for the United States as a lieutenant.

NEELY ACCUSES SIFTON "OF RIGHT-ABOUT-FACE"

Member for Humboldt Says Sir Clifford Was Opposed to Conscription and Urged Opposition to Bill.

Special to The Toronto World. Chatham, Ont., Sept. 9.—Dr. D. B. Neely, M.P., Humboldt, Sask., speaking at the Liberal nominations for the new Kent riding on Saturday, when Archie McCoig was chosen as federal candidate, paid his respects to Sir Clifford Sifton, and wanted to know the reasons for Sir Clifford's change of front on conscription since last June. Of course, the purchase of the C. N. R. had come up since that date. He did not suggest any connection, but left the proposition without solution.

Dr. Neely told of an interview Sir Clifford had with him in June. At that time Sir Robert Borden had brought down his conscription bill, and rather had announced it. Sir Clifford called Dr. Neely into his office and urged that he oppose the bill to the finish. He explained that for 50 years efforts had been made and with much success to build up a united Canada.

Conscription would divide the country and accomplish no results. It would disorganize the country and bring chaos in its train. "I want to tell the people of Canada on this platform, claiming no privilege for what I say, as I am not in the house of commons, that Sir Clifford Sifton has had a complete right-about-face on the conscription issue."

"He declared to me that Sir Wilfrid Laurier, with a properly managed system of voluntary enlistment could get more recruits in Quebec than Sir Robert Borden could get under conscription, and would leave no trace of bitterness in the minds of the people against conscription in all its phases. "He emphasized that we had spent 60 years trying to build up a united

SUBMARINE CAMPAIGN FAILS TO STARVE BRITAIN

Country Has No Longer Cause for Anxiety Over Food Supply.

London, Sept. 9.—Baron Rhonda, the food controller, in an interview with the London correspondent of The Amsterdam Handelsblad, declares that the submarine campaign is no longer causing anxiety regarding England's bread supply.

"In one respect," remarked the food controller, "the submarine campaign is a blessing. It has acted as a stimulus to cultivation, that will in a year the United Kingdom will be practically independent of imports, so far as the chief foodstuffs are concerned."

Newspapers of Finland Under Strictest Censorship

London, Sept. 9.—The Russian provisional government has decided to apply stringent measures to the Finnish newspapers, according to a Helsinki dispatch today, to the Exchange Telegraph Company. Several newspapers have been suppressed and the military censor has decided that only the official telegrams on war operations shall be published.

Thousands of Mines Adrift Off Norway and Denmark

London, Sept. 9.—Thousands of drifting mines have been observed along the west coast of Norway and Denmark, says an Exchange Telegraph dispatch from Copenhagen today. Six children were killed on Saturday by a mine which drifted on a beach along the Jutland shore.

LITTLE GIRL KILLED WHEN HIT BY MOTOR

Beatrice Harding, Aged Six, Ran in Front of Auto on Yonge Street.

Another death was added to the long list of fatal motor accidents that have occurred this year when six-year-old Beatrice Harding of 5 Reynolds place was almost instantly killed at the corner of Yorkville avenue and Yonge street. The accident happened early in the evening when the little girl, in attempting to cross the road from the east side of Yonge street, ran in front of a motor car driven by Fred Strong of 11 Charles street. Strong was a chauffeur for the Deer Park Garage, and after the police had examined the motor car and heard stories of the fearful eye-witnesses as to the cause of the fatality they did not detain the driver. Dr. F. S. Minns of 14 East Bloor street, attended the child. The

Some of the Things a Schoolgirl Will Need For Fall

The Question of School Supplies

From the Indispensable School Bags (Some of Which Are Shown in the Sketch) to the Inevitable Pencils, Scribblers, Erasers, Etc.

THERE IS USUALLY much excitement attendant upon the buying and equipping of a school bag for the youthful student. The selection of bag, scribblers and text-books is of absorbing interest, and as to school needs—their number is well-nigh legion. Here is a list:

- In school bags are useful styles in imitation leather or heavy duck, some made with side pockets (as shown in the sketch), others in plain, regulation effect. They are leather-bound, and may be had in brown or black. Prices, 65c to \$1.75.
 - The scribblers are variously priced at 3 for 5c, 2 for 6c and each, 5c.
 - Wooden Pencil Boxes are priced at 8c and 10c.
 - Pen Holders are 3 for 5c, 2 for 6c, 3 for 10c and 5c each.
 - Pencils in all grades. Per dozen, 15c to 40c.
 - School Erasers, 1c to 20c each.
 - Venus Drawing Pencil, 10c each, or 3 for 25c.
 - School Crayons, 5c, 8c, 15c box.
 - School Slate Pencils, 100 in box, 15c.
- In School Books:**
- Ontario Public School Arithmetic. Price, 10c.
 - Ontario Public School Composition. Price, 15c.
 - Ontario Writing Course, copy book. No. 1 at 2c, No. 2 at 4c.
 - Ontario Public School Geography. Each, 65c.
 - Ontario Public School Grammar, new edition. Each, 10c.
 - Ontario Public School History of England and History of Canada, combined. Price, 50c.
 - Ontario Public School Hygiene. Each, 30c.
- Main Floor, James and Albert Sts.

Modish Frocks and Coats for the Cool Weather

Designed With a View to Serviceability Are Serge Frocks in Popular One-piece Style. In Top Coats the Reefer Model is a Favorite With the Younger Generation. The Dresses Are Priced From \$5.50 to \$18.00.

In Frocks: At \$5.50 is an unusually clever middy suit in fine serge, made with pleated skirt and braid-trimmed middy blouse, the skirt of which is cut in points over the hips. Obtainable in brown, navy and Copen. Sizes 6 to 14 years.

At \$6.50 is a one-piece frock of navy blue serge, trimmed with narrow white or red braid on blouse, belt and cuffs. The front of the waist is in coat effect, and the skirt is pleated. Sizes 6 to 14 years.

At \$8.00 is a serviceable little dress in serge, which has a pleated and pocketed skirt ornamented with soutache braiding. A plain belt and small sailor collar complete the costume, which is available in green or navy and in sizes 6 to 14 years.

At \$11.00 is a smart, high-waisted frock in fine navy blue serge. The skirt is tucked and saddle stitched. The patent leather belt may be had in tan or green to match the stitching. Sizes 6 to 14 years.

At \$18.00 is a fine serge dress with button-trimmed bolero and box pleated skirt. Obtainable in beetroot, green or navy. Sizes 10 to 14.

Sensible Boots Are So Necessary

Such Practical Boots Are to be Had in Dongola Kid, Calfskin or Box Kip, at Prices From \$2.00 to \$2.75.

IT IS SOMETIMES a problem selecting suitable footwear for the younger girl, but in the case of school boots they must needs be comfortable as well as practical.

The Shoe Department is showing a splendid collection of well-cut boots. Thus:

In fine box calfskin are boots made in buttoned style and cut from durable leather. The back is neatly fashioned and the soles are of solid leather. Obtainable in comfortable, wide shape. Sizes 8 to 10½, price, per pair, \$2.45, and 11 to 2, price, per pair, \$2.75.

A buttoned boot in patent leather suggests out-of-school hours, and has dull leather tops, thick soles and low heels. Sizes 8 to 10½, price, per pair, \$2.50. Sizes 11 to 2, price, per pair, \$2.75.

Buttoned boots in fine dongola kid have patent leather toecaps, good leather soles and low heels. They are made wide at the toe. Sizes 8 to 10½, price, per pair, \$2.00; and sizes 11 to 2, price, per pair, \$2.50.

Comfortable boots of box calfskin—for small boys—are cut in blucher style, have solid leather soles and hooks for lacing. Sizes 8 to 10½. Price, per pair, \$2.50.

In box kip leather are boots made in laced style, with blucher cut. The tops are of dull leather, and the boots have low heels. A good wearing quality. Sizes 11 to 2. Price, per pair, \$2.45.

Made with dull leather tops are boots in box kip, buttoned style. Sizes 8 to 10½. Price, per pair, \$2.00. —Second Floor, Queen St.

Even the Very Youngest Persons Have Smart Furs

Whether They Be of Nutria Beaver, Squirrel, White Rabbit, or That Standby of Youthful Furs, White Thibet. Fascinating Little Sets Priced at \$7.50 to \$13.50.

THEY ARE so quaintly pretty and picturesque that one's fancy inclines toward each and all of them. There are adorable little novelty sets which any young girl would be proud to possess, as well as more practical furs for everyday wear.

Among the fashionable furs—even the younger folks recognize the importance of the word—are nutria, a soft beaver-like peltry; soft white rabbit skin, Thibet and grey squirrel. To describe a few attractive sets:

In fleecy white Thibet is a dainty set, the neck scarf made in animal effect, with head and tail and clasp fastener. The muff is in Empire style, and both are lined with white satin. Price, per set, \$7.50.

Nutria beaver is used in a comfy little set, the high neckpiece tying with silk cord (finished with ball ends). The muff of this set is in the new canteen shape, with a frill of brown silk at each end. A shell bracelet is attached by a silk strap. Price, per set, \$13.50.

Grey and white squirrel are effectively combined in another set having a muff, lined with grey silk poplin and finished with frill and bracelet. The high chin collar buttons in front with large grey button. Price, per set, \$13.50.

—Third Floor, Albert St.

For Your Next Overseas Parcel

Why Not Include Horlick's Malted Milk Lunch Tablets, 2 1-2 Oz. Flask, 25c?

Horlick's Malted Milk Lunch Tablets are a delicious concentrated food containing the nutritive values of rich milk with the soluble extracts of choice malted grain.

They may be dissolved in the mouth from time to time as the appetite desires, furnishing a splendid diet that is effective in relieving hunger and fatigue. They are put up in a special pocket flask at 25c.

—T. Eaton Drug Co., Limited, Main Floor, James St.

Can the Shopping Service Help You?

There's a hint of Autumn in the air. It is time to be planning how to make your room inviting for the long winter months. Time also to be making plans for that new Autumn wardrobe. If you are in any perplexity as to how to set about either, if you are not assured of the vogue, write to the Shopping Service, and a Shopper, experienced in that particular branch concerning which you are making inquiry, will give you full information concerning what is to be found in the Store, and will, if you so desire, make the purchase for you.

Jaunty Little Hats for School and Other Occasions

Strictly-tailored Affairs in Plush and Velvet, and, Likewise in Velvet, Becoming Models for "Best" Wear. Prices From \$1.75 to \$6.00.

FOR THE NUMEROUS trips to and from school the designers have planned simple little hats of lustrous plush or heavy velveteen. The shapes are swagger affairs, with soft crowns and roll brims. The dress hats for formal wear are fashioned from velvet in Frenchy little styles, trimmed very simply with a flower, tassel or touch of fur.

In poke bonnet style is a black velvet hat which has a soft crown of narrow rose faille ribbon. Tiny flowers in pastel shapes are caught here and there around the crown. The brim and lower part of the crown are finely shirred. Price, \$6.00.

A chic little model in mushroom and soft tam shape is fashioned of grey panne velvet. The under part of the brim is faced with pink velvet, and two silky tassels are the only trimming. Price, \$4.75.

Another little hat in mushroom effect has the brim rolling slightly on either side and corded at intervals. The soft tam crown is also corded, and a band and bow of metallic ribbon tie around the crown. Price, \$4.50.

In soft messaline silk is a bewitching little model, with turned-down brim in poke style. The shirred crown is banded with a narrow edging of brown fur, fastened at the side by a cluster of silk and metallic ribbon flowers. Price, \$3.75.

A practical hat for school wear is one in heavy black plush, which has softly rolling brim and four-piece crown.

A band of silk ribbon is finished at the side with a white buckle. Price, \$1.75.

T. EATON CO LIMITED

THIRD BEST YEAR IN FAIR'S HISTORY

Total Attendance Is Nine Hundred and Seventeen Thousand.

WEATHER UNPROFITOUS

Would Have Reached Million Easily Had Conditions Been Favorable.

The attendance figures for the closing day of the Canadian National Exhibition were 109,000, bringing the total number of visitors to the fair during its two weeks' run to 917,000, the third best in the history of the institution.

It is noteworthy that the fair obtained its three best years when John Gowan Kent was identified with it in a prominent capacity, he being president in 1912 and 1913 and manager in the year just closed.

President Noel Marshall and Mr. Kent are delighted with their success, and declare that they consider it a remarkable achievement for war time.

"Considering the conditions, the cool and disagreeable weather, and the fact that the crops were so large and late that the farmers were not able to attend the fair as in other years, the result is remarkable, and we are delighted," said Mr. Kent when the figures were announced.

In a blaze of glory and attended by a tremendous crowd the Canadian National Exhibition of 1917 passed on to the records of history Saturday as one of the most remarkable in a long and successful career. It was a triumph for the directors and every one concerned in the huge undertaking and a matter for the congratulation of the citizens of the province at large.

When it is considered that Toronto has led the Dominion in carrying the burdens of war and has sent almost 50,000 of her best blood to uphold the name of the Maple Leaf in the empire's fight for liberty in the greatest cataclysm the world has ever known, the achievement which the fair has attained speaks eloquently for the enterprise and public spirit of the people responsible.

Record of Service. While the attendance record has not been broken, the fair has reached a new attitude in point of service to the nation, and the value of its educational work will, no doubt, be reflected in the industrial life of Ontario in the years to come.

President Noel Marshall and Honorary Manager Kent were greatly pleased with the success Saturday. "With this year's fair we have attained closer to the goal we are striving for—that of becoming a national school wherein the whole nation and our visitors from other countries as well may receive a short course on Canada, what it has done and what it contains," said Mr. Kent in his farewell message.

In Touch With Progress. "Here one can keep step with the march of events, agricultural and industrial. The stock-raiser with the progressive farmer finds here the school for studies and finds ideas to take back home. The merchant and manufacturer get an idea of what their progressive competitor is doing and the spirit of emulation is born in them."

"Our Exhibition was never so educative in all its processes as this year," said the president. "I believe the show has helped make or at the least has strengthened the industrial sentiment and feeling of industrial and agricultural independence and has accentuated our faith in Canada and the ability of Canadians to go thru the war to a finish and come out all prepared for the industrial reconstruction that will follow the world over."

Great Crowd. If Saturday's attendance failed to raise the total attendance to the million mark it was neither the fault of the weather nor the people. The attendance was all that could be expected, and the weather was as the day had been specially prepared by divine Providence for the occasion.

Deserve Credit. The farmers' credit, deserved the greatest credit for the increased acreage under cultivation. There were 113,000 more acres in crops than in 1916, and indications showed that the value of the yields would be \$50,000,000.

Art and Music. Art and music entered its adherents and lovers to the applied art and art gallery and the bandstands, where military and Innes' bands rendered a musical program of quality to delight the ears and hearts of the most fastidious. Process and ma-

chinery halls—where the wheels of progress revolve and deafen the ears—were enchanted spots to the mechanically inclined, while the finished product of the manufacturing building attracted a crowd and charmed the eye with its decorative effect and beautiful display of manufactured articles.

The big event of the day—the civilian and military athletic meet in front of the grand stand, had early attention. Long before the scheduled hour for the opening of the event, the grand stand was packed to the limit. Not a piece of greenward in the enclosure south of the stand was to be seen—eager humanity with attentive eyes and craned necks crowded it to the barrier.

Both departments of events contained a long list of contests, but not too long for the crowd, which stayed to the finish. At a conservative estimate, the grand stand enclosure contained fully 20,000 people. Before the afternoon performance and the athletic events were completed, a long line of people were awaiting admission to the evening performance.

Taking it all in all, both from the standpoint of the people, press and directors, the 1917 Canadian National Exhibition will go down in Exhibition history as one of the jolliest, the most human and successful exhibitions ever evolved by the management of the C. N. E. Directors' Luncheon.

The last luncheon of the fair was held in the administration building and was presided over by President Col. Noel Marshall. Among those at the head table were Premier Hearst, Mayor Church, Sir Herbert Ames, Dr. Mirza Ali Kula Khan, Lord Innes-Ker, Dr. Charles Hastings, Jacob Cohen, J.P., Controller Cameron, Controller Shaw, W. K. McVaugh, C.M.G., Hon. Tom Crawford, Ald. John Dunn and Assessment Commissioner Forman. President Hearst and Mayor Church were the principal speakers.

At the outset the president said he desired to thank the public for the splendid patronage they had given the fair. He was sure that they would be pleased to share in the satisfaction of the directors that they had had the most successful Exhibition ever held in Canada. He was deeply indebted also to the magnificent assistance of the press, without which, he thought, success would not have been possible.

A Great Factor. Judging the fair from every standpoint it was a great factor in the life of the nation, and it was questionable if there was a greater force of educational value. It had advocated and served to inculcate in the minds of the people a deep interest in patriotic work.

The directors had a choro appreciation of the problems of this time, and the establishment of practical demonstrations and information centres had come in much to increase production. Their effect would extend from one end of Canada to the other. The fair's influence did not end with production, but it went into the conservation of the resources and economy, and the value of thrift had been taught to the people in a true patriotic spirit.

The premier told the gathering of the efforts being made by the department of agriculture this year to increase production on the land. Last spring there was the impression that there would be practically no fall wheat. Many had said that there would not be enough for seed. But matters had improved in the late spring, and the result that there would be a yield this year of 12,500,000 bushels. Spring wheat crop was estimated at 2,739,000 bushels this year, and he was informed that the total crop would exceed that of 1915, which was the banner year. So they had much to be thankful for. He hoped to see the crop better harvested than ever before, and he was confident that it would be the greatest in the history of the province.

The hay and clover crops would yield 6,156,000 tons, and in order that there might be sufficient forage for the boys overseas the department had urged the farmers to increase their acreage of beans, with the result that there were 114,735 under cultivation, more than double that of last year. The yield from the acreage was estimated to be about 1,535,000 bushels. In the cities and towns there had been about 7,000 more acres of land planted with potatoes. This showed the interest and the patriotism of the people when they considered that the prices for seeds were very high last spring. Corn was a little backward, but barley, rye, peas and roots were good. Besides, there were abundant quantities of fodder for the coming winter, and it was hoped to largely increase the live stock production next year.

Lost Kiddies. Fifty-six lost kiddies were registered on Saturday at the test on the grounds which has proved such a haven of rest and security to some hundreds of poor discomforted little souls during the weeks of the fair. This year there were in all 90 reported over and above last year's toll and the fact that these were accommodated, comforted and made comparatively happy until given back again to the keeping of parent or guardian means that good work must have been done by some one or more interested in their welfare.

The kiddies are all well acquainted with big Policeman Harrison who, for a number of years now, has had special charge of this part of the yearly event. He is a real daddy to every little lost nite. Inside the evening a little lady received the lost ones and with soft, motherly soothing supplemented with coaxing candy, she made them forget their griefs. This kind little mother of lost children is only a child herself. She is Mabel Harrison, daughter of Policeman Harrison, and she, with help from Mrs. Harrison.

50% Longer Life 50% Lower Cost

Mickle, Dymment & Son, of Toronto, find in Extra Power the Solution of Belting Problems

We have claimed that Extra Power Belting has special features of construction that make it last longer and so give lower cost. We have claimed that it gives this service on hard drives. We have claimed that it delivers more power.

Now Mickle, Dymment, & Son join with many other users of Extra Power in backing up our claims. They found that Extra Power lasted longer than belts that cost much more.

They found Extra Power service "beyond our expectations" on a very difficult drive. Read their letter.

Extra Power's goodness is the result of scientific building. It is the result of using high-grade materials—of forcing generous quantities of fine rubber through and through properly designed

of all kinds.
Toronto

Messrs. Goodyear Tire & Rubber Co.
Toronto, Ont.

Gentlemen:

In March, 1915, we purchased one of your 10-in. 6-ply Extra Power Rubber Belts for what we consider a very difficult drive.

We have much pleasure in informing you that same has stood beyond our expectations, having lasted 50% longer than the special leather belting which we previously used besides being approximately 50% less in cost at that time.

Yours very truly,

Mickle, Dymment & Son,
Toronto

cotton fabric, welding it together—of sealing the seam with solid rubber—of using a friction surface.

These features give Extra Power a long life—reduce stretching—prevent ply separation and seam opening—make the belt flexible on the pulleys—give it an irresistible grip to combat slipping and lost power.

Manufacturers in every line of industry have found that Extra Power is better for most of their drives. They have found that it saves shut-downs and delays—increases production—earns profits.

Some leader in your line is using Extra Power now—on hard drives—on ordinary drives, on large ones and small ones. Let us tell you of his experience.

It will cost you nothing to have a trained Goodyear belting man visit you and advise with you on belting problems. Write or telephone our nearest branch.

The Goodyear Tire & Rubber Co. of Canada, Limited
Branches—St. John, Montreal, Ottawa, Toronto, Hamilton, London, Winnipeg, Regina, Calgary, Edmonton, Vancouver. Service Stocks in smaller cities.

EXTRA POWER BELTING

MUST TRANSLATE RELIGION TO LIFE

Pastors Must Teach Specific Duties and Emphasize Responsibility.

DAWN OF NEW ERA

Rev. A. E. Ribourg Says These Are Critical Days for the Church.

Rev. A. E. Ribourg, D.D., preached Sunday evening at St. Alban's Cathedral on "Reality in Religion," showing that shallowness of mind, superficiality of soul and formality are serious hindrances to religion. Dr. Ribourg said in part:

The church in these critical days needs earnest men and women whose religion is in the conscience and in the heart, and religion is real only as it is translated in terms of life. Christianity is a method of life, which if applied to the individual, to the home, to the nation, cannot fail to lift the world to the highest plane. Christianity applied to the individual means his conversion and sanctification, the development of a strong, beautiful and efficient character and life. Applied to the home it means the pervading and controlling influences of divine love in the nearest and dearest relations of parents and children, brothers and sisters, masters and servants. Applied to the church it means

MUST TRANSLATE RELIGION TO LIFE

Applied to the state it means clean politics, founded on principles of right, justice and right. Applied to business it means integrity and square deal, legitimate profit and proper value for prices demanded.

Clean Politics.

Genialness, righteousness and love must rule in our social life if we are to be a great people worthy to frame the future destinies of this rich and beautiful country. The twentieth century people are no longer satisfied with mere pretence. The pious look and saintly appearance can no longer take the place of genuine character and sincerity.

The New Era.

The age of religiousness must yield to the new era of religion. More and more should we be impressed with the necessity of teaching definite things, specific duties, personal truths, individual responsibility and particular consecration. Never perhaps in the history of Christianity was it more necessary that churches and ministers should make primary in their conception of Christian service the work of presenting to men the requirements of God, the call of Christ and the Christian ideals of a worthy human life.

MUMBY DINES THE PRESS ON CLOSING DAY OF FAIR

Men and Women Assigned to C. N. E. Entertained to Luncheon.

Never were guests treated more royally than were the men and women members of the Toronto press by Mumby's caterers, at the firm's restaurant, Saturday night, the closing of the Canadian National Exhibition. Led by Joe Hay, the popular publicity manager of the big fair members of The World, Mail and Empire's Telegram, Globe and News reported staffs trooped in at 6.30, where a full-course dinner awaited them. Everything was of the best. Nothing was too good for the press, the power behind the printed page which helped to make the Exhibition the great and successful event it is. While the dinner was in progress a band of musicians regaled the diners with several musical selections, and a young girl, engaged specially by Mumby for the occasion, sang several solos. With the people who have visited the fair since the opening day Mumby's five restaurants have ever been popular eating resorts.

YORK COUNTY AND SUBURBS

STACK UNTHRESHED TWO-FIFTY A CAN GRAIN IN FIELDS AS PRICE OF MILK

Harvesting Delayed for Lack of Machines to Handle Crop.

Despite the fine weather harvesting is slow throughout the county owing to the enormous crop and the fact that the threshing machines available are not nearly able to handle the demands made upon them. The consequence is that on many farms the grain has been delayed for more than a week. As a last resort the farmers have been compelled to mow the stack of Markham has 62 acres in the field, having just finished cutting, and others have from 20 to 30 acres. Yields of grain are high, but not exceptionally so, and there is little prospect of a late harvest and dryness of the ground is to greatly lessen the area of fall wheat that will be sown.

BOWLING TOURNAMENT IN UNIONVILLE TODAY

Stouffville Rink Holders of the Trophy Which Will Be Reward of Victors.

The annual bowling tournament open to Markham Township rinks for coveted Edward Trophy, which is awarded to the winner of Unionville, and is expected to close up by Tuesday noon. In all twelve rinks are entered, four from Unionville, four from Markham, and two each from Alton and Stouffville. The magnificent silver trophy was won last year by a Stouffville rink, and has been in their possession since that date. The tournament will be run off in sections, play starting at 10 a.m., 1 p.m., 3 p.m. and 5 p.m. The local groves have been played in the shape, and more interest has been aroused over this year's event than any preceding. Informal invitations have been issued to the federal and provincial representatives and the honor of County farmers will also much increase in numbers.

ST. EDMUND'S CHURCH IS GREATLY IMPROVED

Extensive Alterations Include a Splendid New Basement Hall for Sunday School.

After being closed for the past three months for extensive alterations and the completion of the basement hall, St. Edmund's Anglican Church, Davenport road and Oakwood, opened for divine service yesterday. The rector, Rev. E. A. Vesey, preached both morning and evening to large congregations. Owing to the rapid increase in the number of inquirers, more accommodation became necessary, and the new hall just completed will provide ample accommodation for the Sunday school, which has an attendance of 460.

The story of St. Edmund's Church is one of steady development and progress. Its establishment five years ago, when the present rector, Rev. E. A. Vesey, was appointed to take charge of the mission, and changes were added and a pipe organ installed, and the congregation has grown from 20 to six hundred members. In the year 1912 the mission was created a separate parish with Rev. E. Vesey as rector.

One thousand dollars has been paid off its debt, and the efforts of the congregation, and the handsome pipe organ was installed by the members of the Bible class. The hundred men of the parish have enlisted and gone overseas, of whom sixteen have been killed in action. Four are prisoners of war in German prison camps, and one in Bulgaria. A large number have been wounded.

MAKE GOOD PROGRESS ON HAMILTON HIGHWAY

Work Has Gone Steadily Forward Since Stone Embargo Was Removed.

Since the embargo on stone cars was lifted the Toronto-Hamilton Highway Commission has been receiving on the average 450 tons of stone per day, with the result that the work is rapidly progressing. The paved section of the highway has already reached the vicinity of Stop 14 and will soon be passed. At the present time the commission has only one mixer working, doing 300 feet per day, but in a few weeks, Engineer Van Sooye states yesterday to a reporter for The World, three mixers will be in operation. This will speed up the paving and will ensure the completion of the highway this year.

ADDRESSED BROTHERHOOD

Arthur Burnett Gives Talk on Public Welfare Work.

Arthur Burnett, of the department of public welfare, was the speaker at a well-attended meeting of the Earlscourt Men's Own Brotherhood, held in Central Methodist Church, Ascot avenue, yesterday afternoon. "The responsibility of the civic administration and the social welfare of the citizens are the matters dealt with by the department," said Mr. Burnett, who pointed out the great scope of the work and the opportunities for development which this branch of the public service endeavors to accomplish. Rev. Crossley Hunter, B. A., occupied the chair.

EARLSCOURT I.W.W.A. DANCE.

Proceeds Will Be Applied to Trench Comforts Fund.

Under the auspices of the Independent Women Workers' Association of Earlscourt, a dance and social was held on Saturday evening in the Belmont Assembly Hall, 100 St. Jude avenue. Over 150 couples were present, and a program of vocal and instrumental music was rendered by W. H. Tremaine, Mrs. Hogg and other local talent. Refreshments were served by Mrs. J. Lee, Mrs. J. Prece, Mrs. E. Segur and a committee of ladies. The proceeds will be devoted to the purchase of comforts for the Earlscourt boys in the trenches.

HOMING ASSOCIATION RACES.

The last of the series of five young birds races of 300 miles, under the auspices of the Great Northern Homing Association, Oakwood, was held from Charlotte on Saturday, the following being the winners: 1 and 2, Fred Jennings; 3, J. J. Henney; and 4, W. Foster. This time taken was 12 hours and 29 minutes.

At a meeting of the Milk Producers' Association in Foresters' Hall, College street, on Saturday afternoon, the following resolution was unanimously adopted: "In view of the facts as brought out in this meeting regarding the cost of producing milk, it is the opinion of the Toronto Milk Producers' Association that the minimum price at which milk should be sold to give a profit is \$2.50 per eight-gallon can, delivered at the dairy, and cream at 56 cents per pound butter fat. Cans with jackets supplied and freight paid. And we recommend these prices to the executive of this association."

The chair was taken by President E. H. Stonehouse, and on the motion of Mr. Campbell the present executive was re-elected as follows: E. H. Stonehouse, president; F. A. Orr, Clarkston; John Newhouse, Snelgrove; R. F. Hicks, Newtonbrook, and A. J. Reynolds, secretary, Hampton. Mr. Dobson, of Peel, gave figures to show that the cost of feeding the cows to the farmers was almost 100 per cent. more than a short time ago. All the farmers asked was the lowest price that would bring them a clear living profit. The public are entitled to know both sides of the business.

A. Hicks seconded the motion, remarking that the farmers were accustomed in a pinch to pull thru. Several motions were tendered to the chairman on the question of the remuneration of the executive. It was decided to pay the executive \$2 per day and expenses for each meeting attended. Before and after the meeting the secretary, A. J. Reynolds, was kept busy receiving new members. It will be some short time before all the returns are totaled. The probability is of more than 1000 members, not counting the Peel County men. Mr. Shaver affirmed that Peel County farmers will also much increase in numbers.

SILVERTHORN SCHOOL OPENS.

The new Silverthorn school, Rowatree avenue, which is not quite completed, was opened to receive pupils a few days ago, and a steady stream of children is arriving from that sparsely populated center. J. Clipperton has been appointed principal, and it is expected that the twelve fine rooms will be quickly filled.

Fall Wheat Prices.

The quotation on Ontario new fall wheat sent out by the Toronto Board of Trade price committee was unchanged Saturday at \$2.17 to \$2.20 per bushel. The quotation is still more or less nominal, as grain men report that so far this fall there have not been more than ten cars in all sold in Toronto. No actual sales were reported by the local grain brokers on Saturday, but the latest authentic price recorded occurred outside at \$2.20 for a carload lot. The freight to Toronto would amount to approximately 3 1/2 cents per bushel, so that in Toronto the price would be about \$2.23 1/2. The price the farmer receives for this shipment is reported to be in the neighborhood of \$2.15.

Over twenty-five per cent. of the grain in York County is still unthreshed, and little grain is coming out to the local elevators and flour mills. At Stouffville on Thursday a load of choice fall wheat sold at \$2.10 a bushel. So far there has been no barley or oats offered. Alsike is running from \$8 to \$10 per bushel, according to its grade.

No wheat, barley or oats have yet been offered at Aurora elevators. New fall wheat of good grade sold for \$2 a bushel at the local flour mills on Friday. At Unionville barley is beginning to come in freely, best grades at \$1.15. As yet no other grains have been offered. Alsike is also coming in with \$10 the top price for best seed.

Local buyers in Markham offer \$2 for new fall wheat, but there were no sales. Barley is bringing \$1.15 for extra good weight and sample. Grain is badly colored. Forty bushels of fall wheat sold at \$2.15 and another load of 45 bushels sold at \$2.20 on the local market Saturday morning.

The first car of 1917 wheat was received on Saturday by William Cummins, of the Unionville grain exchange building, Calgary. This is three weeks earlier than the first car of last year, which was shipped from Kipp. The car of 1917 wheat was consigned by the Ellipton Grain Company of Lethbridge, and was grown by Peter Lund of Coaldale. The wheat graded No. 1 northern, and weighed 63 pounds to the bushel.

This wheat was sown between May 1 and 10, and notwithstanding that there was no rain after June 15, Mr. Lund's crop averaged 25 bushels to the acre.

THE HIGH JUMPERS SPLIT FIRST MONEY

Confidence Failed at Rochester Show and Honors Went to Robin Hood and Skyscraper

Special to The Toronto World. Rochester, N.Y., Sept. 9.—In the twilight yesterday afternoon, president was obliterated in the closing of Rochester's annual show. It has been the custom in the past years for the grand old veteran, Confidence, to hold the title of high jumper over at eight feet and a quarter and record a clean clearance with the bars placed at seven feet high. In the final event of the show last evening old Confidence fooled the anxious audience and his rider, Donnelly, by backing with the bars placed at six feet nine inches. Confidence had three tries at this height, and at the first try he straddled the bars. The next two times notwithstanding that Donnelly lived long enough to see other horses perform what he could not, or rather would not, attempt the seven foot leap the third time, Robin Hood tossed Mr. Ham-

Tire Virtues Sculptured in Brick and Steel A Monument and a Foundation

The new home of Goodyear Tires at New Toronto. New-finished, it yet faintly beats with the titan pulse that, ere long, will send forth daily more automobile tires than there are minutes.

Because lesser production has ceased to satisfy a demand grown great through merit.

It is at once a monument and a foundation. A monument to those tire virtues of multiplied mileage and great service that daily have demanded of us increased output. A monument, truly; even though commercial and profitable. For without virtue not one brick could have been raised on another. Older and smaller factories were ample to oversupply the demand for an ordinary tire.

And just as truly is it a foundation—a foundation upon a foundation. Upon this new factory, will be built our future as itself is built on our past. Both are the same. The latter is but a broadening of the former. The new foundation is our pledge that we will build in the days and years to come as we have in the past.

If we take pride in the completed substance of our ideal, it is but natural. Such achievement is not given to all. Yet, if we have achieved, it is because earnestly we followed business' basic law—that he who

builds greatly must build worthily. Because we believed in the triumph of manufactured goodness and the ultimate reward of an ideal that profited the buyer as well as the seller.

We have valued our good name with hundreds of thousands of men as the most precious thing we own. Our material success means less to us than the moral vindication of those simple and sincere principles in which we believe.

So we have reached the mark set—and yet we are farther away than ever. For an institution such as ours is hydra-headed. Every task accomplished, every goal gained, sets a twice-difficult task, a twice-further goal.

At New Toronto, then, stands the achievement of our past, the promise of our future. It is the mortgage motorists hold on us that we must pay in continued effort for them. Our industry is a living, vibrant thing, and must grow—or crumble to dust. And business growth is bound up in value and service to you—the customer. This our promise and our obligation.

The Goodyear Tire & Rubber Co., of Canada, Limited Toronto, Ontario

bleton off, and the gelding's flying heels missed Hambleton's head by the fraction of an inch. Hambleton, in falling, landed head first, suffering a cut lower lip. In each of his three tries, Robin Hood attempted the jump, while Skyscraper tried only once and balked the next two times. Mr. Hutton being hurried against the rails at each balk. Skyscraper has often jumped seven feet in Avon, and Mr. Hutton appeared angry at Skyscraper's abrupt failure in the show. His hand led the bridle-reins to Dick Donnelly and walked around in a circle, until Mr. Donnelly reminded him that it was up to him (Hutton) to do the final honors for Skyscraper, and so the horse show came to an end. On the list of championships it will be noticed that the three big hunter stables, Sir Adam Beck's, Samuel D. Riddle's, and Major Joseph Kilgour's each won honors. Major Kilgour's Bonnie Jean won the lightweight hunter championship, with Clarence J. Levin's Robin Hood in reserve, attempting the seven foot leap the third time, Robin Hood tossed Mr. Ham-

Canadian Aviation.

Sir George Perley's proposal that Canada shall have a definite Canadian flying squadron...

The country cannot afford to neglect aviation, and this, not merely from a military point of view...

Colonel Hamilton Merritt has written to the press pointing out, as honorary secretary of the Canadian Aviation Fund...

The Silly Neutrals.

Neutral nations which complain about the treatment they have received from the entente alliance...

While there are a number of nations described as neutral, the fact is that real neutrality has been observed by practically none of them.

Neutrality is the most illogical thing in the world in a war like the present one. There can be no real neutrality towards evil.

The real reason for the neutrality of the nations that have maintained a semblance of neutrality is fear in the first place, and self-interest in the second.

plies for the thirty burglars themselves. The United States has come to see at last that the British blockade was the only reasonable and effective answer to the open door of the alleged neutral nations.

Norway has always been preponderantly pro-ally and Sweden pro-German. The Swedish feeling for Germany has been thoroughly exposed in the latest disclosures about the pro-German activity of the Swedish legation in the Argentine.

Germany would treat Swedish ships in the same way if it suited her just as fast as vessels of the Argentine. It is not friendly that saves Holland or Sweden or any other nation from the ferocity of the wolf.

As a military proposition the war is a little slow, but very satisfactory. It is obvious that steps are to be expected in all human affairs.

It appears as though the winter was to be relied upon to leave Germany in a worse condition than ever. Scarcity of food and all the privations following...

On the whole, therefore, we may feel encouraged about the outlook for the war. We have to see our shoulders square, get down to business and 'whoop her up.'

OTHER PEOPLE'S OPINIONS

The Toronto World invites correspondence on subjects of current interest. Letters must be short and to the point, more than 200 words at the outside.

Editor World: It might appear from a question and answer in the house of commons on the 5th instant, as seen in the daily press...

The War Needs of Canada THE NEED FOR GOVERNMENT CONTROL OF MUNITION PLANTS

By Benjamin Apporph Gould

The facts that the contracts for Canadian-made munitions are not being largely renewed upon their completion may render it unnecessary to consider the question of government control at any great length.

At the beginning of the war the need for munitions was so great that the questions of cost were entirely practical considerations with prompt delivery.

It is obvious that steps are to be expected in all human affairs. The present imperial munitions board has gone into the matter of Canadian production of munitions on a stretching out of the hand of comradeship across the sea.

How Sweden's legation in Argentina, acting as a secret means of communication between the German charge in Buenos Aires and the Berlin foreign office transmitted information of the sailing of ships and the departure of submarines.

LOCAL.

Over 100,000 persons attend the Exhibition on closing day. The fair was a triumph for the directors and everyone concerned.

A DELIGHTFUL SEPTEMBER WATER TRIP.

Toronto to Saguenay and Return \$45. Special Excursion September 10.

Everyone hopes to take the trip down through the Thousand Islands, called by travelers, the 'venice of America.'

The Greatest Fortunes

have been built upon the foundation of small savings. Once a beginner with a dollar, one can have a fortune.

Canada Permanent Mortgage Corporation Toronto. Established 1855.

These industries are a result of the war, and a clear distinction should be made between them and those industries which have merely continued or extended their previous operations.

It is probable that every well-equipped machine shop will be kept very busy in other war work. It is probable that every factory producing munitions will be kept very busy in other war work.

PROPOSE D'ARCY HINDS AS FEDERAL CANDIDATE

Old Town Conservative Club Asks Him to Run in South Toronto.

A deputation from the members of the Old Town Conservative Club waited on Capt. D'Arcy Hinds requesting him to be their standard bearer in the coming federal campaign.

AMERICAN AVIATORS FELL EIGHT MACHINES

By the Associated Press. French Front in France, Sept. 9.—American aviators with the French army are making an admirable record in bringing down eight German machines within the past three weeks.

AVIATOR LOSES WAY.

Special to The Toronto World. Woodstock, Sept. 8.—An aviator named Bennett, from Camp Borden, lost his bearings while out on a fly Friday afternoon, and when night came on he found himself in the neighborhood of Kincardine.

CLARESBOROUGH, ALA., SEPT. 8.—Some fields of wheat in this district will yield 45 bushels to the acre.

ASKS SIR WILFRID FOR STATEMENT

H. J. Pettypiece Dissatisfied With Letter to Win-the-War League.

CONSCRIPTION ISSUE

Cannot Support Leader Whose Intended Action is in Doubt.

The following open letter to Sir Wilfrid Laurier has been written by H. J. Pettypiece of The Forest Free Press:

Dear Sir,—On reading your letter to Mr. Frank West, secretary of the Win-the-War League of Toronto, which appeared in the press on August 22, I wrote you asking you to say what course you would take in the event of your being returned to power.

"I do not know what words I can use to make my position more clear and more definite than I have already made it. I have declared that I am against conscription that I would have the matter referred to the people through a referendum that I would loyally abide by the result and urge all people to accept it in the same way.

"If this means anything it means that if, returned to power, resort to the referendum before doing anything to aid the Canadian forces now in France. Accepting this as your answer, I am bound to say that I must do all that I can in a legal way to prevent you being returned to power.

The Military Service Act, recently passed by the duly constituted Parliament of Canada, merely provides for carrying into effect the provisions of the Militia Act, Revised Statutes of Canada, 1906, when you were the head of the government of the day.

OUR THREE RIVALS ALL LOSE ON SUNDAY

Birds and Bears Split Double Bill, While Rebels Take One From Grays.

At Newark (International)—Baltimore on Sunday won the first game, 3 to 2, taking a four-run lead on three Newark errors in the first inning. The Bears went out in the ninth inning of the second game, 4 to 2, when Eldred singled and stole. Russell got a scratch hit, and Blackwell hit to Bentley, whose throw home was too late to get Eldred. Getz's hitting was a feature. Scores: R.H.E. Baltimore, 4 0 0 0 1 0 0 3—3 9 1 Newark, 1 0 0 0 0 0 0 2—3 8 5

White Sox By Default Beat Indians on Sunday

At Chicago (American)—On Sunday the Sox defeated the Indians 3 to 0. The game was a pitching duel between Cleveland's Owens and Chicago's Doolittle. As a result Chicago won seven games ahead of Boston in the pennant race.

Cubs Win One and Cards Two Games on Sunday

At Chicago (National)—On Sunday Chicago shut out Pittsburgh, 1 to 0. The game was a pitching duel between Douglas and Cooper, with the latter on the short end. Douglas allowed but four more scattered hits. Scores: R.H.E. Chicago, 0 0 0 0 0 0 0 0—0 4 1 Pittsburgh, 0 0 0 0 0 0 0 0—0 3 3

FORESTRY BEAT ORPINGTON HOSPITAL.

Canadian Associated Press Cable. London, Sept. 8.—The King, Queen, Princess Mary and Prince Albert witnessed the Canadian Forestry Corps beat the Canadian Orpington Hospital baseball team today by two runs against one. The match was played near the Canadian Forestry camp at Windsor Park, Colonel Penhomen commanding. Their Mustangs subsequently took tea with the officers.

ALBION C. C. WIN THE CHAMPIONSHIP

Defeating West Toronto in Deciding C. and M. Game By Good Margin.

After a game the result of which was nearly always in doubt, the Albions defeated West Toronto in the final for the championship of the Church and Mercantile League of 33 runs on Saturday in Dovercourt Park. Albions won the toss and took the innings which realized 71 runs. Against the effective bowling of Green and Hill, little resistance was offered, and the strong Albion team was disposed of for 71 runs. Moyston played correct cricket for 18, and Holliday, who had a life when he had made six, carried his bat for 18. Lower got seven wickets for 38 runs, and Saxton (not out) being the chief scorers. Albion played almost without a break, and took six wickets for 14 runs, Roberts taking two for 15.

The Canada Pair Win Globe Scotch Doubles

The Globe's successful annual Scotch Doubles tournament closed on Saturday with Messrs. Armitage and Robertson, of Canada winning the final from Messrs. Pollock and McDougall, Riverdale.

Pro. Golfers Play in Chicago This Week

Chicago, Sept. 9.—Professional golfers from all parts of the United States began arriving today for the western open championship, the preliminaries of which begin at the Westmoreland Club on Tuesday. The championship, which is national in character, by virtue of the entrance of all the leading experts of the game, will be staged on Thursday and Friday, 36 holes each day.

AMATEUR BASEBALL

City amateur league games on Saturday resulted: Park Nine, 4 to 0; Buffalo, 3 to 0; Batteries—Mullin and Downing; O'Connell, Chandler and Pennoch.

Saturday Baseball

At Providence (International)—On Saturday the home club could do no better than break even with Richmond, winning the first, 2 to 2, Schultz having a slight edge on Donahue. In the second the Rebels got to McGuire early, and Gaw was hit better, and the Rebels won by 1 to 5. Adams held the Grays to seven hits.

The Stance

The most common varieties of stance are as follows: The square, the open and the left-foot-in-front-of-the-right. The square stance seems to be the standard from which all the others vary. It is the one which is most easily learned and is the one which is most easily taught.

HOW TO PLAY GOLF

By Charles (Chick) Evans Jr. The square stance seems to be the standard from which all the others vary. It is the one which is most easily learned and is the one which is most easily taught.

SATURDAY SOCCER

At Varsity Stadium Saturday, two Brig Cup semi-finals were down for decision. The contesting teams were Wyckwood-Lanes and Ulster in the first game, Dunlop-Royal v. British Imp. in the second. Ulster won the first, 4 to 2. Referee Marthie lined up the teams for the first game as follows: Wyckwood-Lanes (1)—Stevens, W. Hunt, McDonald, Hampton, Turner, Sullivan, Thomas, Hunt, Taylor, Walker, George. British Imp. (2)—Stevens, W. Hunt, McDonald, Hampton, Turner, Sullivan, Thomas, Hunt, Taylor, Walker, George.

PENNY ANTS—TRYING TO CLEAN UP ON THE LAST HAND.

Cartoon by Hey Eddie. Characters are playing cards. One says: 'CERTAINLY I'M RAISING IT AGAIN I MIGHT AS WELL BE BROKE AS THE WAY I AM.' Another says: 'DON'T TRY TO FORCE 'EM, IT CAN'T BE DONE.' A third says: 'GO AS FAR AS YOU LIKE, I'VE GOT NO INTEREST IN THAT POT.' A fourth says: 'GOSH AND ME HERE WITH A HAND LIKE A FOOT.' A fifth says: 'HEY EDDIE, FIT ME WITH A NIGHT CAP.' The cartoon is signed 'HEY EDDIE, FIT ME WITH A NIGHT CAP.' Below the cartoon is a large advertisement for 'ARABELAS' cigars.

As Charlie Says— "ARABELAS, at the price, are the best cigars in Canada, and this is said without the slightest reflection on other brands, which practically without exception, have some merit." (The 4-for-a-quarter cigar) SCALES & ROBERTS, Limited, Toronto.

PAPP IN THE MUD LANDS FUTURITY

Popular Public Choice Ran True to Form and Won By Two Lengths.

Belmont Park, Sept. 8.—Over a track that was sloppy and slippery with mud, Papp, Congressman Lord's great colt, won today in the rich Futurity stakes...

It was so fluke victory for Papp. Off to an even break with the others, he was with the bunch to the last furlong...

Are YOU Missing Something that Millions Enjoy?

Why do you suppose the majority of men on this continent who can afford the money for shaving satisfaction, are using the Gillette Safety Razor?

Why is the Gillette a treasured item of equipment in the kit of practically every officer and of tens of thousands of men in the Canadian Overseas Forces?

Only one reason could possibly hold good with so many level-headed men. It's this—the Gillette gives a shave, day in and day out, that no other razor in the world has ever equalled...

YOU would appreciate this as much as any other man! The saving of time—the independence of barber shops—the resulting economy—and above all the matchless comfort of the clean, quick Gillette shave—these are real, personal advantages which you must not longer miss.

The Gillette Safety Razor is a leading specialty with Hardware, Drug and Jewelry Dealers everywhere. "Bulldogs," "Aristocrats" and Standard Sets cost \$5.00—Pocket Editions \$5 to \$6.—Combination Sets \$6.50 up.

CHAPLAIN'S WORK IN THE TRENCHES

Major (Rev.) G. Fallis Delivers Address in Howard Park Church.

WAR AND RELIGION

Hopes to Raise Fifty Thousand for Development of Service.

Speaking in the Howard Park Methodist Church last evening, Major (Rev.) G. Fallis, assistant director of chaplaincy at Headquarters, England, gave a talk on the chaplain's work at the front. He told how during the next five or six weeks, all churches will be asked to take a special collection for the chaplaincy service, which, it is hoped, will aggregate \$50,000. This money, he explained, will be used for establishing headquarters in London and elsewhere, for carrying on the work in hospital and holding P.S.A. concerts, etc. There are at the present time 200 chaplains overseas, of whom many have been decorated for gallantry on the field, while others have been mentioned in despatches. Major Fallis maintained that the chaplain is the most loved man in the field today.

He urged the nation to "carry on," and said that, although he had only been in Canada a little while, he had discovered a certain feeling of a certain eagerness towards the present world-wide struggle. "God forbid that this should happen," he said, "God forbid that we should be, and I firmly believe God wants every one to co-operate. I don't know what you are doing, but you cannot be falling in your duty to those who have fallen and those that are fighting for you. Search your hearts and I say in the name of our religion go out and bind your hearts to the great cause in the most earnest, I appeal to you to carry on, and you may rest assured that the boys out there in No Man's Land will be with you and will continue to fight and die for you and the cause of the world.

Regarding the relation of religion to the war, Major Fallis said that the greatest force in the army is religion, and it is this which stands the men over the parapet with grim determination, and which made the battles of the Somme and Vimy Ridge such a bloody success. He stated that he had been asked by the soldiers many times, "Is it possible to go in the trenches and still be a Christian?" and he answered that certain unnecessary circumstances had brought about a necessary result, and he believed that the world had brought about results by which we had to take a part as a Christian nation; that Jesus has taught us to use violent force against a certain people in ill-treating a weaker people, as in the case of Belgium, and in consequence he cannot be falling in the spirit of redemption.

"It was Jesus that said, 'I will not be angry without reason,' which showed that there may sometimes be a reason for justifying the great principle of redemption. He pointed out that we should not be angry without reason, which showed that there may sometimes be a reason for justifying the great principle of redemption. He pointed out that we should not be angry without reason, which showed that there may sometimes be a reason for justifying the great principle of redemption.

LIBRARY REPORT SHOWS GROWTH IN CIRCULATION High Park Branch, Opened This Year, Reports Increase of Six Thousand.

The statistical report for August of the Toronto public libraries shows the same gratifying progress as in July. The increase in circulation at the various branches is as follows: Church street, 800; College street, 2000; Yorkville, 175; Riverdale, 850; Dovercourt, 2500; Deer Park, 350; Wychwood, 475; The Annex, 1000; and the new branch at 2000 High Park, 6249 (not open last year).

Mrs. Besant Must Stop Violent Political Actions London, Sept. 9.—The Indian Government has announced that it was prepared to recommend the removal of the restrictions placed upon the activities of Mrs. Annie Besant, head of the theosophical society, and her co-workers, if it was satisfied that they would abstain from violent measures of political action during the remainder of the war, says an Exchange Telegraph despatch from Bombay today.

Polly and Her Pals

PLAYS, PICTURES AND MUSIC

"YOU'RE IN LOVE"

In his latest musical comedy, "You're in Love," which opens at the Grand Opera House all this week at a scale of popular prices and with matinees on Wednesday and Saturday. The organization is headed by two clever musical comedy stars, Jimmie Rodgers and Jean Tynes. The production is heralded as a sparkling musical comedy with a scenic environment that is perfect.

"PRETTY BABY" AT THE GRAND.

The new musical comedy, "Pretty Baby," which has been commended by critics, who claim it to be the equal of the majority of the high-priced productions, will be the offering at the Grand Opera House all this week at a scale of popular prices and with matinees on Wednesday and Saturday. The organization is headed by two clever musical comedy stars, Jimmie Rodgers and Jean Tynes. The production is heralded as a sparkling musical comedy with a scenic environment that is perfect.

THIS WEEK AT SHEA'S.

"Seelye's Synopsized Studio," with the inimitable Blossom Seelye heading a cast of nine clever boys in synopsized songs and dances, will headline the bill at Shea's Theatre this week. A "Jaz" band, the season's newest synopsized songs and clever dance numbers included in Miss Seelye's repertoire. Al Lydell and Bob Higgins will present their pastoral comedy playlet, "A Friend of Father's," a roudervill feature of the bill. Dainty Olive Briscoe, the charming singing comedienne, will be heard in a series of new character songs, while William Grey and Gwendoline Pates present their new dramatic sketch, "Solitary." The Barry Girls, in a merry musical melange; Edna and Eiridie Conrad, in a roudervill classic; Witt and Winter, sensational bar performers; the Four Readings, in thrilling acrobatic feats, and feature film comedies complete an excellent bill.

LOEW'S THEATRE. At Loew's Yonge Street Theatre and Winter Garden this week the feature attraction will be the dramatic playlet, "The Mummy," which has been a success in many theatres, presenting "A Night in Philadelphia." "The Almighty Dollar" is a wonderful photoplay, with Frances Nelson, E. K. Lincoln and June Elvige in the principal roles. Other features are: Morris Golden, "The Yiddle mit the Fiddle"; a musical comedy, "The Three Rhythms in Monkeyland, an unique acrobatic act; Kammerer and Howland in a novelty photoplay, with Frances Nelson, E. K. Lincoln and June Elvige in the principal roles. Other features are: Morris Golden, "The Yiddle mit the Fiddle"; a musical comedy, "The Three Rhythms in Monkeyland, an unique acrobatic act; Kammerer and Howland in a novelty photoplay, with Frances Nelson, E. K. Lincoln and June Elvige in the principal roles.

THE HIPPODROME. Wallace Irwin's amusing stories of the Japanese school boy, "Hashimura Togo," will receive their first screen presentation at the Hippodrome next week, when the inimitable Japanese film star, Sessue Hayakawa, will be featured in a Paramount five-part feature. The photodrama contains many amusing incidents, while the interest is cumulative. The feature will be shown at 1:15, 4:15 and 8:15 p.m. The Broadway Boys and Girls will offer a lively musical comedy in miniature with new songs, dances and comedy. Marie Spearow is a dainty singing comedienne, who comes particularly well recommended. Gaffney and Dale, two Irish comedians, have some new stories and songs, while Evans and Brady perform some amazing feats on horizontal bars. Manley and Goldstein in the comedy sketch, "She Loved Him Not," a Harp and Banjo comedy, and The Pathe News complete the bill.

"INTOLERANCE." Gettiffe's "Intolerance" will be given for another week at Massey Hall, beginning today, with an afternoon performance. During the past two weeks while this production has been playing at Massey Hall many have been unable to attend owing to their time being taken up during the Exhibition, and it is for this reason that the picture is given for another week.

"CANARY COTTAGE." One of the features of "Canary Cottage," Oliver Morosoff's musical comedy, which will be seen at the Alexandra for the week beginning Monday, Sept. 11, is the finale, "It's Always Grand Day in California," in which, at the conclusion of the song, the principals and chorus pelt the audience with cotton oranges.

CARTER, THE MASTER MAGICIAN. Carter, the magician, who will play at the Grand Opera House next week has had a most varied career. At one time he edited a newspaper and was also a barrister in Chicago. He is a linguist and has presented his magical performance in French, Spanish, Malay and the Hindi tongues.

HALF BATTALION OFFERS IN WEEK

Toronto Mobilization Centre Has Daily Average of Hundred Recruits.

START FALL DRILLS

Four Regiments Begin Their Training for the Season.

Although the week just ended was only a preparatory one, owing to the late start of the mobilization centre, the fine total of 818 volunteers passed through the Toronto mobilization centre at the armory, in the preceding week 476 men volunteered. Recruits for the 10th, 11th, 12th and 13th regiments, when they were "signed-up," were partly due to the number of British-born recruits from the United States, a total of nearly 200 being reported and these 102 were attested in one day. Recruits for overseas service and recruits for the Royal Flying Corps again led in the week's campaign for volunteers. The 10th Regiment commences the fall drill season by a parade at the Pearl Street armory tonight. Lieut.-Col. W. S. Dinitz will be in command. A very attractive syllabus of training is being arranged for. During the summer period the regiment kept up company drill and musketry work at the armory and Long Branch ranges.

Three other city regiments commence this week their training. The Queen's Own starting on Wednesday, the Royal Grenadiers on Thursday and the Highlanders on Friday. The 10th Regiment will commence on Sunday, May 30, by the battalion parade in front of the armory. The 11th Regiment will commence on Monday, May 31, by the battalion parade in front of the armory. The 12th Regiment will commence on Tuesday, June 1, by the battalion parade in front of the armory. The 13th Regiment will commence on Wednesday, June 2, by the battalion parade in front of the armory.

CHARGED WITH WOUNDING. George Pillard in Jail and Walter Palmer in Hospital. Charged with wounding Walter Palmer of 103 Hamilton street during a fight with George Pillard, who was arrested by the police. Pillard was charged with wounding Palmer on the street and finished in the hospital. Pillard was charged with wounding Palmer on the street and finished in the hospital.

A CIRCUS AT THE REGENT. Rarely, if ever, has so much expense been entailed or so much energy been employed as that expended in producing the great picture, "Poly at the Circus." This is the first Goldwyn release in the Regent's new contract, and is said to be one of the finest productions presented to date. Caroline Cassels, contralto, of New York, is the assisting artist.

FAIRBANKS AT STRAND. For the first half of this week the new and odd Douglas Fairbanks film from the attraction at the Strand Theatre in his latest and greatest vehicle, "American Aristocracy." Beyond question and beyond compare it is his biggest triumph to date. The reason is that it gives him a fuller and freer opportunity for the expression of his unique personality than he has had in any other photoplay.

ALICE BRADY AT MADISON. Alice Brady in the star role of "Then 'Til Come Back to You," a refreshing film drama of the great outdoors, will form the feature at the Madison Theatre for today, tomorrow and Wednesday. The photoplay has a profusion of dappled for all classes for men and women in every walk of life and of all ages.

PLANES ATTACK GERMAN TOWN. Copenhagen, Sept. 8.—The Vossische Zeitung states that two persons were killed and three seriously injured in an airplane attack on the town of Lahr, Germany, on Sept. 4.

Society

Conducted by Mrs. Edmund Phillips

They will visit the former's father, Prince Leon Kotchoubey. Mr. and Mrs. C. W. Badgley are in town from Montreal, visiting Mrs. Morphy. The engagement is announced of Mr. William Brynner, C.M.G., F.R.C.A., Montreal, to Mrs. M. C. Larkin, eldest daughter of the late Sir Richard Mansfield, Cheesley, England. Owing to the recent serious illness of Mr. Brynner, the wedding this week will be celebrated as quietly as possible.

Mrs. S. Alfred Jones was in town from Brantford last week for a few days. The ladies' grill in the house of commons at Westminster has been removed and heretofore women visitors will not only see but hear the proceedings. Mrs. W. L. O'Leigh returned to Brantford after spending a month at Little Metts. Mr. and Mrs. Chester Harris have returned to town from Minnecognasche. Mr. E. H. MacKenzie has arrived in town from Winnipeg and is at the King Edward.

Mr. Conrad has arrived from Chautauque, New York, and is at the Harbour Conservatory. Miss Elene Eccleston, Fairy Port, is visiting Mrs. Pratt, Walmer road. Lieut.-Col. Herbert Lennox is town-major of a small French town six miles behind the firing line at present. The officers of his former battalion, No. 50th, have been warned to hold themselves in readiness for active service at any time, the casualties have been so severe that drafts have to be sent to fill up the gaps in the Canadian divisions.

Major Douglas Bowie, Royal Canadian Dragoon, who has been on active service for two and a half years, and who is recovering from wounds received in action in Canada on Oct. 10, 1914, and was in Niagara one day last week. Major-General W. E. Hodgins is leaving for England next week. Mrs. W. J. Eyre has arrived in town from Ottawa, and intends going on to St. Catharines before returning home.

Major Maxwell returned to Petawawa on Saturday night with the 7th Battalion, C.F.A., which was under canvas at the Exhibition. Mrs. Maxwell, who was with the 7th Battalion, has also returned to Petawawa. Mrs. Martin, Mrs. Hirschfelder and Miss Cyrtus are leaving this week for the front. Mrs. Percy Brown is at Barnstable, England, where her daughter, Miss Pepler, is at school.

Dr. Patrick Hardy, who returned recently from a holiday in the wilds, spent the week-end with Judge Hardy and Mrs. Hardy at Hazelbrook farm, Brantford. Lady Drummond left Montreal for London on Friday night, Mrs. Guy Drummond returning to Caocana. Mrs. R. A. Smith and Miss Ruth Smith, who have spent the summer at St. Andrew's-by-the-Sea, have returned home.

Mrs. Hyerson has arrived in Ottawa on a visit to her sister, Mrs. Carter. E. E. Harris, at Barnstable. Miss Michie and Miss Elsie Michie, who have been at the Caledonia Club for the summer, are returning to town today. Mrs. H. D. Warren and Miss Carolyn Warren have left town to visit Mrs. Band in New York.

Mrs. Fotheringham, Brantford, spent a few days in town last week with Mrs. Sweetman. Women coachmen have been seen in London's west end lately, where a young girl in neat black coat and skirt with a hard bowler hat, drives a Krougham thru the park. Prince Eugene Bauharnals-Kotchoubey and his wife, formerly Miss Helen Pierce, Vancouver, B.C., are expected in Ottawa this week from the west en route to Stockholm, where they will visit the former's father, Prince Leon Kotchoubey.

Paris, Sept. 9.—Queen Elizabeth of Belgium recently made an aeroplane trip over a section of Belgian territory under German control. With King Albert she was visiting the front in Flanders held by the French troops, and during her stay went to an aviation centre, where for some time she watched the expert airmen perform various feats. Queen Elizabeth then expressed a wish to obtain a glimpse once more of some of the sections of her unfortunate country still in hostile hands. Her wish was gratified, as she was taken on board an aeroplane, which, with an escort of pursuit aeroplanes, flew over the enemy lines and above some villages occupied by the Germans.

POPULAR PREACHERS TAKE UP WAR WORK

Number of Well-Known Ministers to Deliver Lectures to Troops in Y.M.C.A. Huts

Announcement has been made by the national council of the Y.M.C.A. of the appointment of Rev. Dr. Geo. C. Fiddgen, associate minister of the Bloor Street Presbyterian Church, Toronto, and one of the leading pulpits of the country, to go overseas for special work among the Canadian soldiers under Y.M.C.A. auspices. Dr. Fiddgen will be one of a special staff of speakers which the Y.M.C.A. is maintaining to give lectures and religious addresses from the platform of the Y.M.C.A. huts. His work will be in the course of a few months bringing him before large numbers of Canadian soldiers and will enable our fighting men to have the benefit of hearing one of Canada's best preachers under circumstances when it will be most needed and appreciated.

It is expected that Dr. Fiddgen will leave for overseas some time in October.

The other leading ministers who are already on the staff of the Y.M.C.A. for the same work are: Capt. (Rev.) John MacNeill, of Walmer Road Baptist Church, Toronto, and the Very Rev. Dean H. P. A. Abbott of Trinity Cathedral, Cleveland, and formerly dean of the cathedral in Hamilton, Ont. The Y.M.C.A. contemplates sending one or two more ministers for this special work, selected from other denominations.

Rev. Dr. Fiddgen at the morning service in Bloor Street Presbyterian Church yesterday made a brief statement of explanation to his congregation in regard to the call to this work and the nature of the opportunity which it afforded for special work on behalf of the Canadian soldiers.

Announcements

Notices of any character relating to future events, the purpose of which is the raising of money, are inserted in the advertising columns at 25 cents an agate line.

Announcements for churches, societies, clubs, fraternal organizations of future events, where the purpose is not the raising of money, may be inserted in this column at two cents a word, with a minimum of fifty cents for each insertion.

YORK PIONEER and Historical Society regular monthly meeting, theatre, Normal School building, Tuesday, Sept. 11, 8 o'clock; Wm. Houston, M.P., The German Kaiser.

THE WOMEN'S THRIFT COMMITTEE will hold a special meeting in the city hall on Tuesday, Sept. 11, at 8 o'clock. All classes of Canadian soldiers under Y.M.C.A. auspices, Dr. Fiddgen will be one of a special staff of speakers which the Y.M.C.A. is maintaining to give lectures and religious addresses from the platform of the Y.M.C.A. huts. His work will be in the course of a few months bringing him before large numbers of Canadian soldiers and will enable our fighting men to have the benefit of hearing one of Canada's best preachers under circumstances when it will be most needed and appreciated.

It is expected that Dr. Fiddgen will leave for overseas some time in October.

BELGIAN QUEEN SEES TOWNS FROM AIRPLANE

Flies Over Enemy Lines and Sections of Country Still Held By Germans. Paris, Sept. 9.—Queen Elizabeth of Belgium recently made an aeroplane trip over a section of Belgian territory under German control. With King Albert she was visiting the front in Flanders held by the French troops, and during her stay went to an aviation centre, where for some time she watched the expert airmen perform various feats. Queen Elizabeth then expressed a wish to obtain a glimpse once more of some of the sections of her unfortunate country still in hostile hands. Her wish was gratified, as she was taken on board an aeroplane, which, with an escort of pursuit aeroplanes, flew over the enemy lines and above some villages occupied by the Germans.

To Think Correctly IS WAY OF REFORM

Paul Stark Seelye of Boston, Mass., Delivers Address on Christian Science.

Under the auspices of the First Church of Christ, Scientist, Toronto, Paul Stark Seelye, member of the board of lectureship, Boston, Mass., delivered an address in Massey Hall yesterday afternoon on Christian Science. Mr. Seelye said in part: "Being acquainted with God, it is well to remember is simply a state of mind in other words, true consciousness. To know God man must be thinking correctly about God, and that is just what Christian Science is helping man to do.

"Mental transformation is recognized by society as the way of progress and reform. All educational effort is but the supplanting of ignorant and limited concepts of being with more intelligent ones. Tyranny and slavery have disappeared as rapidly as man's thought has gained a clearer sense of the rights of man.

OLD-TIME LETTER OF CHEESE-MAKER

Started Factory at Mapleton, Ontario, Then Migrated to States.

VALUE OF HOLSTEINS

Thirty Years Ago Foretold High Prices to Be Attained.

Ordway, Dakota, Aug. 2, 1885. Mr. U. L. Appleton, care of Fredericksen Land and Colonization Company, Chicago, Illinois. My Dear Son: I just had a letter from your uncle in Illinois in which he speaks of a bull call that he will buy and send on to me. It's a purchased Holstein and will cost him \$500. I will add this to your herd, and if you don't like the unlucky number thirteen you can make it 15 with some of your savings. Lincoln, if I had had some of these Holsteins when I started that cheese factory at Mapleton, Ontario, I would be in the business yet. That old factory is today the oldest factory in the whole Dominion of Canada and you will live to see Canada the greatest cheese country of the world.

Now I know your love for the old sod and how you rebelled when the doctor told me I had to give up and get to a drier country, and I also remember you saying that you would some day own that old Somerset and on it you would have the finest stock in Canada. Now here is your chance to buy a real prize with me for a few short years and push the Holsteins for their milk and their offspring and in a short time you can go back to old Ontario and have as good as you left and better.

Now mark my word, these Holstein cattle are destined to become in America a greater breed than any other and will even surpass those of their native land both in the production of milk and butter fat, and it's my prediction that you will see members that breed all above \$1000 for a single individual, and you will see that that cheese factory stands at the head of them. Your natural love for the dumb beast and your great pride in excellent breeding of Holsteins a grand success. When I stop to think of what I want in getting that cheese factory started, I sometimes wonder why I stuck to it as long as I did. Do you know that I can't stand to see a cow that has the eyes from some of the farmers and hire him milked. It seemed to me more like a mongrel steer three years in a pen than they could see in a milk shed coming in each month that would bring the mongrel at three years old, twice in each season, and the cows, well, they were just as much as the calves, so that half of them had two teats and some of these early milkers said down to me, "You're a queer fellow, think of it, these were pioneer days in the cheese business and you're here to see more of it than you'll see in 15 long years and how when I left it I had to leave it on account of my health and how laborious it was, my dearest son, to take some interest in the factory."

"It was in the year '63 I started, just a year before you were born and I never made any money out of it because my labor was so hard that the farmers coming here to the business and I never knew how the good neighbors appreciated my efforts until after I had quit the factory. Then, when they came in and surprised your mother and me, and presented with a silver service, and with that gold watch and chain, I would have bought back if I could and continued on with it, if you had shown interest in the business. I see now where I made a mistake in you, my dearest son, as you were interested in and I can tell you that was the most important era of it, if you had shown interest, and we will start all over again. Think it over, I will back you to the hilt, and here in this country you will see that the wheat farmers of today will be the Holstein enthusiasts of tomorrow. Children and mother all join in sending love with me to my son.

"Yours sincerely, William Appleford."

RELIABLE CHURNS.

One of the things that attracted a great deal of attention at the Canadian National Exhibition was the Reliable Churn. This is a patent churn on the old dash principle, which operates so easily that a child can churn with it. In the exhibit various models were shown in operation. They can be run either by hand, electric motor, gasoline engine, or water motor, whichever is most handy for the farmer. All models are sold at the same price as the hand machine, the only difference being that the hand machine is supplied with a crank wheel while the power machines have the pulley wheel attached. This machine won the highest award at the Panama Pacific Exposition, and attracted farmers and city people alike at Toronto, as everyone knows the old dash churn was interested to see it made easy and sanitary. Each churn machine is guaranteed for five years and a special best white clay. Heretofore they have been sold only in the southern States, where 52,000 were sold in about two years and are giving satisfaction. T. W. Foster is sole agent for Ontario and Quebec, and information can be secured from him at his office, 141 King street east, Toronto, 1.

"The pride of Ontario" in the grand parade of cattle and horses owned and largely bred in Canada's banner province. Some of these animals are world's record holders and Ontario breeders are justly famed throughout the world for their success in the breeding of animals of class.

Condensed Information for Farmers and Their Clubs

News of the Crops and Farms From All Parts of Ontario.

NEWMARKET ITEMS.

Farmers' Club. At the meeting on Saturday night the price of milk was fixed at \$2.50 per can of 8 gallons, beginning on the 1st of October.

The farmers also decided to supply their own needs for coal the coming winter by placing an order direct for several cars.

Roy Shaw is building a fine addition to his extensive barn which will permit an equipment for his splendid cattle that will be unequalled in the Dominion. Have you seen his cattle that hold the world record for butter and milk? It is worth while making a special trip to "Roycroft Farms" to inspect his herd.

The potato industry is certainly a high state of farming in this community. The ground, after giving big returns to the tiller, is nothing more than summer-fallow or put in a high state of cultivation for fall wheat and is very often seeded. W. J. Kynard and others will sow next week.

The farmer's twelve acres of Bell's Deposit tubers are nearly harvested, and \$2,000 is in sight for the crop.

Magnificent Crops. We have had some "catchy" weather, but on the whole the farmers are happy. If the weather continues fine this week the majority of farmers in this vicinity will be thru harvesting. Threshing has commenced and the grain is said to be turning out above the average, with some excellent samples. Spring wheat is running from 30 to 40 bushels to the acre, barley is running from 35 to 40 bushels and oats from 60 to 75. In fact it is reported that Mr. Lloyd, who resides on Eagle street, Newmarket, threshed 230 bushels of four acres. Barley is running from 30 to 40 bushels and cats from 60 to 75. With prices as they are at present the crops should put many farmers on "easy street."

CHATS WORTH. R. McBride shipped two carloads of cattle to Toronto on Saturday.

Robert Hogz's threshing separator, which he recently purchased in Hamilton, arrived here and was unloaded safely Friday evening. The outfit weighs 9000 pounds.

Pine Orchard. The task of getting the bumper harvest gathered is a difficult one for the farmers, short-handed as most of them are and with the frequent rains to contend with. Cutting is completed and threshing is in full swing, but it will take a couple of weeks yet to get the grain all in the barns, which means that harvest will be nearly two weeks later than in ordinary years.

Glenville. Harvest will be over soon. Farmers have abundant crops and report a good yield.

PICKERING.

Wm. White has purchased Mrs. Crew's orchard on the Greenwood road. A considerable amount of threshing has been done during the past week, and splendid yields are reported and the grain exceeds the standard in weight.

A heavy rainfall on Sunday delayed the work of harvesting considerably. Fortunately cool weather set in, accompanied by a nice breeze, and in consequence the rain did little or no damage, and the grain was soon sufficiently dry to be taken into the barns. The farmers are now losing no time in finishing up their harvesting operations. The grain is of an excellent quality and will yield well.

The corn crop, which threatened early in the season to be a complete failure, has improved during the past few weeks. Many fields are looking fine, altho in some places where the land has been cold and wet the crop will be very light. As a whole the crop will be well up to the average.

BRAMPTON.

Jas. Tilt, of Derry West, won a number of prizes at Toronto for horses and the gold medal for best stallion. Bull Ross, carried off many prizes for their Jerseys. J. R. Palls won a prize with a dual purpose Shorthorn cow.

First Apple Exporter to Britain. Samuel Shepard, one of the oldest and best known residents of St. Thomas and Elgin County, is dead, aged 82. Mr. Shepard for many years carried on an extensive business as a grain buyer and vessel owner at Port Stanley, and was the first man in Canada to export apples to Great Britain.—Banner & Times.

Mr. I. J. Farrell, of Oshawa, has purchased the 75-acre farm in Evesing Township belonging to William Cooper. Sale was made by J. A. Willoughby, Georgetown.

J. D. Coleman purchased 150 acres near Acton from A. J. Thomas. Sale was made by J. A. Willoughby, Georgetown.

John Morrison, lot 10, con. 7, Toronto Gore, has sold thru H. W. Dawson his 200-acre farm to A. E. Peterman, of Toronto.

SMITHVILLE.

Our thanks are due to George Adams for a lovely box of late fall strawberries. Mr. Adams secured a new variety some time ago and planted the same for an experiment, and we are pleased to say the experiment worked all right, as far as we are concerned at least. The berries are as large as the spring variety, more solid meat and less seeds, with an even better flavor than the best of the varieties grown in these parts. The new variety begins to produce as the early variety quit, and weather being favorable they keep up the production till frost. Mr. Adams intends to set out a large number of plants and will have some for sale to fruit growers.

BOWMANVILLE FAIR.

Wednesday, September 19 is the big day of Bowmanville fair—one of the very best purely agricultural exhibitions in this province. The directors are striving to make this year's fair a bumper as there are many fine animals coming that will command admiration, and given favorable weather the directors are looking for a bumper attendance. Bowmanville fair is always a great reunion of old friends and acquaintances. Grand performances will be par excellence. Wednesday evening in the opera house there will be oceans of fun for all. Special railway rates on the three lines that serve Bowmanville. Make entries early with J. S. Moorcraft, secretary, Box 398, Bowmanville.

BIG AUCTION SALE.

Horses and Equipment in Splendid Condition—Sales Unreserved. On Sept. 17, 18, 19 there will be held at the Union Stock Yards, Toronto, a sale of horses and construction equipment, which will be the biggest sale from one consignor ever held in the city. The lot is to be sold under instructions from Geo. A. Morrow, director of aviation, Imperial munitions board. Purchased for the particular purpose of building the aviation schools, the horses have had the best of care and are in the best of condition, according to the manager, Walter Harland Smith, who will personally conduct the sale. Mr. Smith states that the lot will be sold absolutely without reserve.

John Delaney has sold his two hundred acre farm to George Morrison of the Dufferin House, Orangeville, for \$9500, taking in part payment the hotel property at a valuation of \$3000. Mr. Morrison intends to stock and run a sheep farm, for which the Delaney property is said to be very suitable. He will also build a trout pond on the farm. He will get possession on Nov. 1. Mr. Delaney, who has been in indifferent health for some years, will move to Orangeville.

THE MARKET PROBLEM

SEND IN YOUR OPINIONS. The editor will welcome any suggestions you may have to offer in regard to the market problem. This is a public matter of the most pressing importance. Do not neglect your opportunity for service. There are many vital questions to be answered. "What are your purposes and desires in regard to the food problem?" "Does the producer secure full value for produce sold?" "Are our methods of transportation good? Transportation is a very important factor; does it interest you?" "Are our roads in good condition?" "Do the railways co-operate with the producer in all respects?" "Is the location of the market place adequate to meet the demands of the exhibitors?" "What is the best method for grading and packing products for the market?" These are a few questions to meditate over. Let us hear the voice of the producer.

THE MARKET PROBLEM.

Your request for opinions on the market problem should produce good data for reducing the H. C. of L. I have been making a study of this question for two years. Possibly you can give me a viewpoint you have not had.

Fruit and vegetables can be bought from the growers at the wholesale prices, less the freight and commission.

Now a motor truck or horse equipment can get a load and put in on either of the Toronto retail markets and sell at wholesale prices, making a fat profit. However, this is against the law, as neither market allows any one but a grower to sell on these markets. That is, the retail grocers must be protected. Not that the grower gets any benefit from this law. The retail grocer's association is a large factor in politics in Toronto.

If the Toronto markets were open ones, then all kinds of dealers would be buying and selling on these markets, and would make a steady practice of it, thereby ensuring the public a chance to procure produce at cheaper rates. Whereas in the North Toronto market it is practically sold out at 9 a.m.

If the dealers received only the freight for profit on their transaction, it would be no mean profit. The fact that the public were sure of being able to always get produce, instead of going to an empty market at 9 a.m. (8 time ago early for most housekeepers, a later hour being more convenient), would tend to bring the public out in greater numbers, thereby benefiting the growers. Any amount of people have told me it was of no use to go to the North Toronto market after 9 a.m. as there was nothing left to buy.

Compare these two methods of handling produce, and then it ought to be apparent where all the price goes on fruit sold from stores. Each party handling produce considers he should have a generous profit on account of the risk involved from produce spoiling.

First method—1. Grower hauls from farm to station; 2. unloads it onto the station platform; 3. loads it into a car; 4. railroads to Toronto and switched to the wholesale fruit market; 5. unloaded and placed on the market floor; 6. delivered to the retail stores; 7. sold and delivered to the homes of the public.

Second method—The open market would tend to work as follows: 1. a motor truck would haul it from the farm to the market; 2. unloads, as it is said.

It is unusual to deliver produce sold on a market.

In one method it is handled seven times or over, with each party handling it, receiving remuneration, and adding to the cost to the public.

The other method only one party receives a profit. The commission merchant is absolutely necessary to the grower. But an open market would give the public cheaper prices, with the reason very plain.

An open market would always be governed by supply and demand, not high prices when the growers are busy and have no time to market. Bramford, Guelph, Berlin and Galt have open markets. Hamilton has a section set aside for dealers. Why should Toronto be fenced in?

"One Interested."

P.S.—Tomatoes were sold for 25 and 30 cents for a 14-quart basket in Hamilton today.

The wholesale price in Toronto was 60 and 65 cents, as to what they were sold for in the stores—why Hamilton wins.

Roads—All entrances to Toronto from the west blocked. The western section of Toronto should have a market.

Elgin Mills. In the spring, in a spirit responsive to the world-wide cry, "Produce, Produce," did I, with my own fair (1) hands, set out hundreds of early cabbages and cauliflower plants, and seed of most edible vegetables known to civilized man. Followed by days of rain and warmth, and lot my garden held out promise of food for the hundreds. But alas! Where were they? Lacking a "Ford," the 14 miles between my vegetables and market, became a seemingly unsurmountable obstacle. Gazing mournfully at my cabbage one day, I decided that something must be done, and proceeded to lay my plans.

The Pates have most kindly placed upon one of the most traveled roads in York County, Wednesday and Saturday of each week many hundreds of motor cars pass our gate; then why not invite their occupants to become possessors of vegetables. Then, according to every thrift advocate of the days, are guaranteed to bestow health and happiness? Not being possessed of as many hands as centipedes have legs, I was forced to abandon the idea of a wayside market, which first suggested itself, and to wait for the hungry to come in from the highway. This they have done, in gratifying numbers, until the cabbages have become beautifully leas, the Swiss chard, pickling beets, beans, peas, corn, new laid eggs and even broilers have found their way direct from producer to consumer, to their mutual benefit and to the weighting of the candy-box on the kitchen cupboard. C. M. A.

TWO INTERESTING FARM IMPLEMENTS

The Ideas Behind These Inventions May Vitalize Affect Farmers.

BOTH DEMONSTRATING

If They Prove Successful They Will Revise Our Thinking.

Did you ever think of a machine that would allow you to go over your land once and have a perfect seed bed? It certainly sounds like a fairy story and yet it is quite apparently a possibility. In the photograph many will be able to recognize C. F. Bailey, assistant deputy minister of agriculture for Ontario, and Senator E. D. Smith. The inventor, standing behind the operator and next to Senator Smith, is a Detroit man, by name of Daniel P. Hession. Alex. M. Snyder, the manager of the Canadian company, is standing next to Mr. Bailey and has informed The World that the new machine will be on display at the coming farm tractor demonstration to be held at Toronto's Industrial Farm on North Yonge street, September 18-21.

The Real Oil Engine. The other invention which seems to be well worth attention is one which was exhibited at the Canadian National Exhibition, and will also be on display at London, is an engine which starts, as well as runs, on oil. Gasoline cannot be used in this engine as it operates on an entirely different principle to a gasoline engine. In the first place there is no spark plug, carburetor, batteries, magnets, or valves. The operation is on a similar principle to the Diesel internal combustion engine, namely by high pressure within the cylinder, producing sufficient temperature to effect combustion of the oil, thus forcing back the piston on its forward stroke.

The operation of the engine is most interesting to watch, especially while starting with the engine cold. When cranking, the cylinder is held open and there is, therefore, no cylinder pressure to work against as with a gasoline engine. It is the invention of a Danish engineer, B. M. Hvid, and a Canadian company is now being formed by H. P. Hoag.

LITTLE BRITAIN. Harvesting is now nearly completed in this section and now the farmers are busy preparing the ground for fall wheat.

Sharon. The farmers are anxiously waiting for the threshers to appear. Grain mowed away damp is apt to cause combustion. A few of the men have finished harvest. Corn in this locality is very good.

to become possessors of vegetables. Then, according to every thrift advocate of the days, are guaranteed to bestow health and happiness? Not being possessed of as many hands as centipedes have legs, I was forced to abandon the idea of a wayside market, which first suggested itself, and to wait for the hungry to come in from the highway. This they have done, in gratifying numbers, until the cabbages have become beautifully leas, the Swiss chard, pickling beets, beans, peas, corn, new laid eggs and even broilers have found their way direct from producer to consumer, to their mutual benefit and to the weighting of the candy-box on the kitchen cupboard. The William DAVIES Co., Limited TORONTO, ONT.

Manor Farm Holsteins HEADED BY King Segis Pontiac Posch the well-known 22.54-lb. son of King Segis Pontiac Alcartra, the \$50,000 sire. His first daughters are now just coming into milk and are freshening to the service of my junior sire.

King Korndyke Sadie Keys who is a son of Lulu Keys, 36.05 lbs., and Sir Sadie Korndyke Segis, the 33.37-lb. grandson of the great King Segis.

A son of King Segis Pontiac Posch or a son of King Korndyke Sadie Keys from a daughter of King Segis Pontiac Posch would improve most herds. I have both, and they will please you. See them before you buy your next herd sire.

GORDON S. GOODERHAM Clarkson, Ontario N.B.—18 entries from Manor Farm brought 21 prizes at the Canadian National Exhibition, a record worth considering.

The latest in farm machinery. Here is a machine that leaves the ground in a plowed, harrowed, disked and cultivated condition in one operation. It is claimed that a farmer owning one of these implements can secure a perfect seed bed without the use of any other implement.

GORRIE.

McKercher Bros. captured first prize (\$20) for the best oat crop in the standing field crop competition carried on by the Brussels Agricultural Society. There were 25 competitors.

FRANKLIN.

Threshing has commenced and the grain is turning out well. Oats is a fine crop. Rust has done damage in low places where they were late.

FELL'S STATION.

Harvesting in our vicinity is about to a close, and already the familiar whistle of the threshing machine can be heard making its annual rounds.

TRUSSES

We are the inventors of 31 different styles of Trusses for Rupture, and have a full understanding of what is wanted. We examine, then make a Truss suitable to conditions, and guarantee to secure and make you comfortable.

APPLE BOWMANVILLE. Apple bowmen who have been going thru this district report the crop to be very poor. There will be very few apples to sell. The Ontario Government, it is stated, has purchased a number of orchards in Prince Edward County and has rented a fruit storage plant, where the fruit will be packed in boxes for shipment to our soldiers at the front.

FROST ENDANGERS CORN PROSPECTS

Broad Demand at Chicago Results in Sharp Advance in Price.

Chicago, Sept. 8.—Broad demand for corn resulted today from cold weather that increased danger of corn maturity being too long delayed to escape killing frost.

Active call from the seaboard did a good deal to lift the value of oats. Rural offerings were said to have increased somewhat on the advance, but still remained comparatively scarce.

Protests against the lowness of the price of wheat as fixed for the Chicago market brought an answer today from the government food controller.

Ontario Oats (According to Freight Outside)
No. 2 white—60c nominal.

Manitoba Wheat (In Store, Fort William)
No. 1 northern, \$2.11 nominal.

Manitoba Flour (Toronto)
First patents, in jute bags, \$11.80.

CHICAGO GRAIN
J. P. Bickell & Co. report the following prices on the Chicago Board of Trade:

WHEAT AT CALGARY
Calgary, Sept. 9.—Wheat: No quotations; oats, No. 2 C.W., 58c; No. 3 C.W., 56c.

WINNIPEG GRAIN MARKET
Winnipeg, Sept. 8.—The demand for wheat continued good, No. 1 northern, at \$2.24, but later dropped to \$2.21.

FATALLY INJURED BY TRAIN
Special to The Toronto World. Peterboro, Sept. 8.—James D. O'Brien of Downsville died at St. Joseph's Hospital here last night as a result of injuries received by getting his leg caught in a train.

VALUABLE ZINC DISCOVERY

INVESTMENT ONLY TORONTO STOCKS

No Speculative Incentive for Canadian Stocks and Public Buying is Negligible.

Practically without any outside demand the Toronto stock market closed heavy and dull on Saturday. There is no incentive for speculation, and investment buying is small and confined only to actual investment in the shares of the industrial of the highest grade.

APPEAL TO DAVIDSON

Has Important Bearing on Development of Lateral Property. The valuable gold veins recently cut by the Blusky and North Davidson properties have turned the attention of the mining industry to Northeast Tintic.

NEW YORK BANK STATEMENT

New York, Sept. 9.—The actual condition of clearing banks and trust companies for the week (five days) shows that they hold \$37,097,439 more in excess of legal requirements than at the end of the previous week.

LONDON OIL MARKET

London, Sept. 8.—Calcutta mixed, September and October, \$30.15. Standard oil, \$29.75. Shell oil, \$29.75.

NEW YORK CUBS

Kemerer, Matthes & Co. report the following closing prices on the New York Curb:

NEW YORK STOCKS RALLY SMARTLY

Pool Operations Resumed Confidentially—Some Weakness Toward the Close.

New York, Sept. 9.—Speculation favored the long side of the account during the greater part of today's brief stock market session, with an urgent inquiry for shares which have recently been targets for bear raids.

PLAN INCREASED TONNAGE AT TECK

Plans and specifications are being completed for ten houses of up-to-date construction for the men at the Teck-Hughes property in Kirkland Lake. There is a probability of a further expansion of the plant.

MONTREAL EXCHANGES

Montreal, Sept. 9.—Specialties again furnished the principal features in the stock market here Saturday. Following its 7 1/2 point rise to 6 1/2 on Friday, the market advanced to 7 1/2 on Saturday, making an extreme advance of 1 1/2 points from the low level of the week.

ORE SHIPMENTS

Shipments of ore from Cobalt for the week ending Sept. 7 were:

PRICE OF SILVER

London, Sept. 8.—Bar silver, 49 1/2. New York, Sept. 8.—Bar silver, 95 1/2.

WHOLESALE FRUIT AND VEGETABLES

The afternoon fruit train was again late, not arriving until around 4 o'clock, which was especially unfortunate as it was Saturday, when most of the offerings have to be disposed of, even at a sacrifice.

Cantaloupes were shipped in quite heavily and declined in price, especially in the afternoon, due to their late arrival—the Leamingtons selling at 10¢ per bushel, 10¢ per quart.

WHOLESALE FRUIT AND VEGETABLES

Good quality Lamb. berries brought from 15¢ to 17¢ per bushel; poor ones going at 13¢ to 14¢.

NEW YORK STOCKS

From the House of Kuppenheimer, Chicago, and Michaels-Stern of Rochester, Have Come Dozens of Smart, Clean-Cut Styles in Men's and Young Men's Fall Suits

A Feature of the Display is the Moderate Pricing Throughout the Stock.

Model No. 1

Suit of rich, dark varicolored vicuna with smart hairline over-stripe and one-quarter inch subdued under-stripe. Single-breasted form-fitting coat is cut with high waist, lending a smart modified military style. Price **28.00**

Model No. 2

Military style—a most precise model in Russian Duma and green vicuna, similar in style to No. 2, with slightly different back and flapless patch pockets. Price **28.00**

Model No. 3

An exceedingly clever style embraces one of those old aristocratic New Hampshire tweeds in which are expressed many colors on medium ground. Designed along ultra-conservative lines with quarter-lined coat, and lined vest and perfect fitting pants. Price **25.00**

Model No. 4

One of the season's smartest styles and one which gives every promise of becoming immensely popular is this dashing double-breasted model of navy chevot. It has slash pockets, long roll soft lapels and soft natural shoulders. Form lines show a tendency to fit the form snugly. Price **28.00**

Model No. 5

Gives you military style with higher-than-usual waistline, which is defined by belt that encircles waist. The latter may be worn to show belt all around or belt across back only. Designed with side, inverted pleats; soft rolling lapels and natural shoulders without padding. "Good-looking," varicolored, rich tweed materials are distinctive and new. Quarter-lined coat and lined vest. Price **30.00**
