The Seventy-sixth Annual Report of the Montreal General Hospital.

LADIES AND GENTLEMEN OF THE CORPORATION OF THE MONTREAL GENERAL HOSPITAL:

The ordinary income of the year was	\$77,070 12
The ordinary expenditure of the year was	77,008 26

Comparing the ordinary expenditure of 1896-97 ..	\$71,302 37
With that of the present year	77,008 26
The latter exceeds the former by	<u>\$5,705 89</u>

An analysis of the year's outlay shows that the chief items of increased expenditure have been: Provisions, \$2,431.18; insurance, \$960.16; repairs, \$1,429.75; furniture and dry goods, \$1,060.80; salaries and wages, \$622.31; laundry and cleaning and water rate, \$520.45.

There has been a diminished expenditure in surgical instruments of \$1,471.66.

Comparing the income of 1896-97	\$71,183 12
With that of 1897-98	77,070 12
The latter exceeds the former by	<u>\$5,887 00</u>

The following legacies have been received during the year: From the estate of the late Warden King, \$3,600; W. G. Murray, \$450; Miss M. Hill, \$450; John H. R. Molson, \$10,000; W. Williams, \$180; Miss M. J. Blackwood, \$200; Samuel Davis, \$450; John Patterson \$96.72; Robt. Anderson, \$4,500, making a total of \$19,926.72.

The total number of indoor patients treated to a conclusion during the year was 2,438, a decrease of 125 compared with last year. Of

these 153 remained over from the preceding year, and 2,459 were admitted during the year 1897-98; 174 patients remained in hospital at the end of the year.

Giving a total of cases treated during the year of. 2,612

Of the above 178 deaths, 73 occurred within three days of their admission.

The average number of patients in the wards during the year was 166, a decrease of 3.5 as compared with last year. The average number of days in Hospital per patient was 24.5, and the aggregate number of days in Hospital by all patients was 60,750, an increase of 1,478 as compared with last year.

Of the indoor patients treated to a conclusion there were:

The death rate has been 7.3 per cent., or, excluding the 73 cases which occurred within three days after admission, 4.3%.

In the general out-door department there were 36,857 consultations, an average of 120 daily. This is a daily average decrease of 25, and has been brought about by refusing free treatment to undeserving applicants.

The ambulance responded to 842 calls, the expense being partly defrayed by a grant of \$500 from the city.

The following Life Governors have died during the year:—T. J. Alloway, M.D., H. Abbott, Q.C., Frederick Fairman, Dugald Graham,

In Mr. J. H. R. Molson's death the Hospital has lost a warm sympathizer and generous patron.

We have also to mourn the loss of two of the most active members of the attending medical staff, both of them cut off in the prime of life, and at the period of their greatest usefulness. Dr. Alloway was elected to the attending staff in 1887, and succeeded Dr. Gardner as Gynæcologist in 1895. His genial personality endeared him to all, and by his untimely death the institution is deprived of one of its ablest surgeons, and his colleagues of a warm friend and valued coadjutor.

Dr. Kirkpatrick first became connected with the Hospital as Resident Medical Officer in 1886, and later filled the office of Medical Superintendent for three years. He was elected Assistant Surgeon in 1891, and Surgeon in 1894. As a faithful worker, a conscientious and able surgeon, and an active promoter of the best interests of the Hospital, he is deeply regretted. His deep interest in the nursing profession has been gracefully acknowledged by the Canadian Nurses' Association in the furnishing of a room in the Nurses' Home named after him.

Fifty-two ladies and gentlemen have been constituted Life Governors during the year: Mrs. A. D. Durnford, Mrs. S. H. Ewing, Mrs. Gertrude Greene, Miss Catherine Macfarlan, Mrs. J. B. Learmont, Mrs. Agnes B. Robertson, Miss M. Wolferstan Thomas, Mrs. Amy Vanneck, R. Bickerdike, Jr., Jas. Cooper, W. M. Dobell, A. Hamilton Ewing, Jas. Elliott, Thos. Fyshe, E. Kirk Greene, H. D. Hamilton, M.D., J. W. Hughes, MacDuff Lamb, Thos. Lamb, F. O. Lewis, C. W. Lindsay, Dr. F. A. L. Lockhart, W. Molson Macpherson, Geo. D. McKay, Chas. McLean, Rev. T. S. McWilliams, F. E. Meredith, R. R. Mitchell, F. W. Molson, Herbert Molson, J. W. Palmer, David Robertson, Geo. Ross, Robertson, A. F. C. Ross, John Ross, Thos. J. Rutherford, G. B. Sadler, Jas. T. Shearer, D. G. Thomson, Malcolm Thomson, H. Wolferstan Thomas, M.D., J. Wolferstan Thomas, R. J. Tooke, Wm. Wainwright, A. G. Watson, C. T. Williams, David Watson, R. W. Shepherd, David H. Hogg, Walter A. Scott, Ernest Gordon Shepherd, W. R. Whitehead, J. G. McCarthy, M.D.

The most important event of the year has been the erection and completion of the Jubilee Nurses' Home. The corner stone of the

building was laid in September by Lord Lyster, during the meeting of the British Medical Association, and in April last it was occupied by the nurses. The addition of this building fills a long felt want, and adds enormously to the comfort and welfare of the nurses in training. The building has been tastefully furnished through the generosity of certain of the Governors and other friends of the Hospital.

During the year we have been obliged to vacate the Civic Hospital for infectious diseases. For three quarters of a century this hospital has cared for the poor of the city affected with infectious maladies, and we are now, for the first time, obliged to refuse such cases owing to the action of the civic authorities.

Dr. McTaggart has been re-appointed Medical Superintendent for the ensuing year. He and his staff of Resident Medical Officers have carried out their duties in an admirable manner, and deserve the highest praise for their unremitting work.

The By-laws have been completely revised. Among the changes made the Medical Superintendent has been relieved of the lay duties, and these have been assigned to the Manager.

The whole respectfully submitted,

F. G. FINLEY, M.D.

Secretary.

One graduate in charge of Surgical Theatre.
One graduate in charge of Gynaecological Theatre.
Fifty-seven nurses in training.

The annual number of formal applications for admission to the School was 375, which shows a constant increase, thus allowing a more careful selection in the grade of applicants.

Systematic instruction by classes, lectures and bandage drills have been conducted from October 1st to April 1st.

Fourteen nurses have passed their final examination during the year, thus making our total number of graduates 126.

Respectfully submitted,

NORA G. E. LIVINGSTON,
Lady Superintendent.

This architectural floor plan illustrates the layout of the General Hospital in Dorchester, divided into two main sections: the Surgical Wing and the Medical Wing.

Surgical Wing: The top section features two long, symmetrical Surgical Wards, each with a central corridor and side rooms for Nurses, Kitchen, and Separating Wards. These are connected by a central Corridor and Bridge, leading to a central Entrance Hall. Below the Entrance Hall are rooms for Surgeons' Library, Waiting Room, Examination Room, and a large Reception Room. The bottom section includes a Laundry, Ironing Room, and a Chapel.

Medical Wing: The right section is the Medical Wing, featuring a large Entrance Hall, a Board Room, and a Mortuary. It includes various offices for the Medical Superintendent, Medical Officer, and Lady Superintendent, as well as a Resident Doctor's Sitting Room. The wing also has several Bed Rooms, a Staff Dining Room, and a Service Room. A central Corridor and Bridge connect the two main wings.

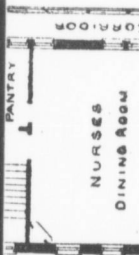

Central Corridor and Bridge: A central Corridor and Bridge connects the two main wings, providing access to the central Entrance Hall and various service areas.

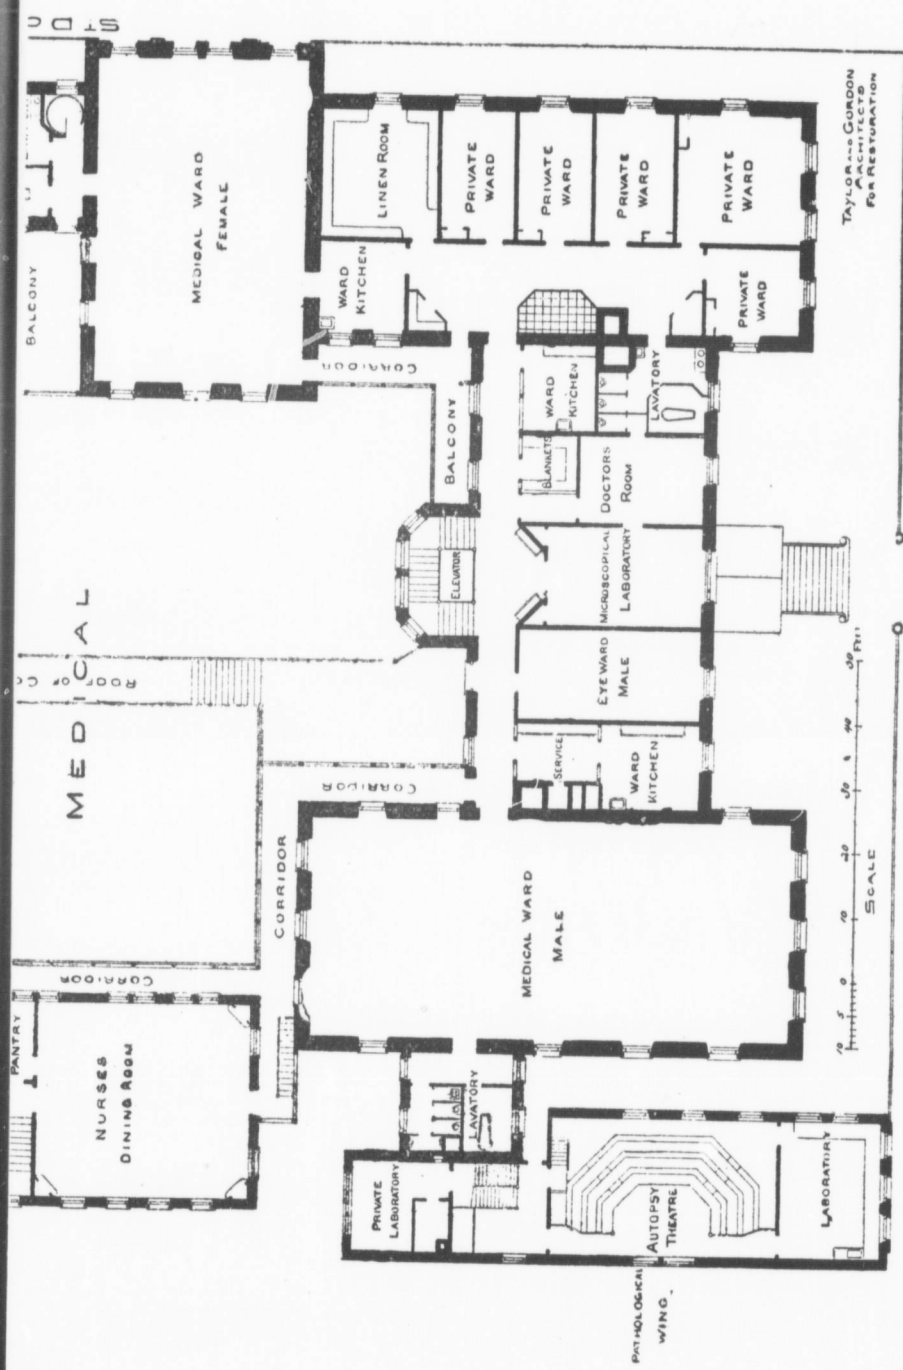

Scale and Orientation: A scale bar at the bottom indicates distances in feet (0 to 40). The orientation is marked by St. Dominique St. at the top and Dorchester St. at the bottom.
