Railway Telegraph Employees Ask For Conciliation Board

DOG SALES BARRIERS DRIFT ON RAFT

SETTLEMENT OF WAGE DISPUTE IS LOOKED FOR

Canadian National and Canadian Pacific Telegraphs are Affected.

INCREASE ASKED

Companies Had Expressed Opinion Men's Demands Unreasonable.

Toronto, July 11.—Telegraphers, linemen and automatic operators in the employ of the Canadian National Telegraphs and the Canadian Pacific Telegraphs, have applied to the Dominion Government for the appointment of a board of conciliation to deal with a wage dispute with the companies.

The men have named James Simpson of this city as their representative on the board. The Government has not yet given a reply to the application for the Board.

It was at the end of May that the telegraphers' organization presented a new schedule to the companies, providing in some cases for an increase in pay of 45 per cent. In view of the conditions prevailing in the country, and for other reasons, the companies believed that the demands of the men were unreasonable. There were a number of conferences resulting in the application to the Government for the board of conciliation.

Present Pay Rates.
At the present time telegraphers are classified in three grades. The pay runs from about \$140 to \$185 a month in Eastern Canada and is slightly higher in Western Canada. The C. N. T. employees about 4,000 operators.

SITUATION SERIOUS

Buenos Aires Hears That Unrest Still Prevails in Brazil.

Buenos Aires, July 11.—News arriving here from Brazil from both official and unofficial sources indicate that the situation in Sao Paulo, scene of the insurrectionary outbreak, is still very serious and that there is a great deal of unrest in other parts of Brazil.

MONEY IN TRAVEL

C. N. R. Money Order Manager Gives Radio Talk on Subject.

Montreal, July 11.—How to send and carry money abroad formed the theme of a radio address by W. H. Bryce, manager of the money order department of the Canadian National Express, from station CKAC here. He explained the use of the express money order, which had become very popular. Other forms of paper currency which had become popular were the foreign check and foreign postal remittance. The former was drawn in foreign currency as well as Canadian or American dollars on the leading banking correspondents of the world at current rates of exchange. Under this system funds so sent from this side were paid in the payee's country in which the money was received. One of the countries with which an enormous business of this character had been built up and within a few months was Russia. In connection with the system and to speed up payment a combined radio and cable service with London had been developed, thus obviating the time occupied in crossing the Atlantic for the forwarding of the advices.

Mr. Bryce concluded his address by a reference to the travelers' check, which he described as being the safest means of carrying money abroad. This he declared to be due to the system of signature and counter-signature which defeated the forger and the thief alike because the check was useless without the counter-signature, which must agree with the original signature. The face of the check and must be written in the presence of the payee.

Flier, Recovering, Marries His Nurse

Atlantic City, N. J., July 11.—After winning a battle against death, Captain Douglas M. Robertson, a former ace in the Royal Flying Corps, married his nurse, Margaret K. Hogenberger, formerly of Philadelphia, on July 4.

The romance began several months ago, when Robertson was hovering between life and death with a broken back and numerous lesser injuries. The bride is a graduate of the Presbyterian Hospital at Philadelphia.

Frederickton, N. B., who was born in England, is credited with being one of the "sky writers" of this country. The couple will make their home at Pine Valley, where Captain Robertson was in charge of the Curtiss flying station before the night in which he was injured last September.

FREDERICTON MAN MISSING IN MAINE

James Reynolds, Visiting in Millinocket, Not Seen Since Monday.

Millinocket, Me., July 11.—Relatives of James Reynolds, 19 years of age, are somewhat alarmed about the absence of the young man who has not been seen since about 6 o'clock Monday evening. He is a resident of Fredericton, N. B., and has been here for some time visiting his sister, Mrs. Otis Pound. He has not been in good health and it is feared that he had wandered away.

When last seen young Reynolds wore a blue suit, brown cap, brown shoes and white shirt. He is light complexioned, about five feet, seven inches in height and weighs between 120 and 130 pounds.

Anyone who may have information about the young man is requested to communicate with Otis Pound or Chief of Police S. M. Gates, Millinocket.

SUIT IS BROUGHT AGAINST ACTOR

Valentino, of Screen Fame, is Asked to Pay \$16,625 to Brokers.

New York, July 11.—Rodolph Valentino, motion picture actor, has been served with papers in a \$16,625 suit brought in the interest of Robertson & Webb, agents, who contend that the actor has not paid all commissions due them for negotiating his original three-year contract with the Famous Players-Lasky Company.

The agents allege that they obtained a contract for Valentino to work the first year for \$52,000, the second year for \$104,000, and the third year for \$156,000. It is said that the agents were to get 10 per cent. of the first year's salary and five per cent. for the other years. According to the complaint, Valentino worked only a part of the first year, earning \$43,333, of which he paid the brokers \$2,333. The latter contend that they should be paid commissions just as if the contract had been fulfilled and Valentino had not terminated it abruptly by "striking."

The actor said that he would instruct his attorneys to "make a vigorous defense."

Wire Briefs

Prague, Czechoslovakia, July 11.—The conference of the Little Entente will open here today.

Philadelphia, July 11.—Charles E. Hughes, Secretary of State, was yesterday elected president of the American Bar Association.

Ottawa, July 11.—The Senate will sit today. The Commons will consider minor government bills and the estimates of the immigration department.

Halifax, July 11.—The N. S. schooner Mattama, bound from Demerara to the Azores with a cargo of 6,000 gallons of rum, put in here yesterday with a broken mast.

Halifax, July 11.—Thirty-four 10-gallon kegs of rum, valued at \$8,000, were discovered yesterday hidden in shrubbery near the Jewish cemetery at Fairville, 3 miles from here. The liquor was taken from the customs house. Boys found it.

Fredericton, July 11.—(Special)—The construction of the charging station for the electric car which is to operate on the Valley subdivision of the C. N. R. between Fredericton and Centreville, has not yet been completed and the introduction of the new service has been delayed.

U. S. DECLINES TO ACCEPT NATIONS LEAGUE PROPOSAL

Reject Principle of Guarantees as the Basis for Disarmament.

HUGHES EXPLAINS

Secretary of State Says U. S. Constitution Will Not Permit Acceptance.

(By United Press).
Geneva, July 11.—The United States has declined to adhere to the proposed League of Nations treaty providing for mutual guarantees as the basis of world disarmament.

The League expects to launch this treaty at its September meeting and Secretary of State Hughes has been requested to outline the U. S.'s attitude on the plan.

"Analysis of the various provisions of the treaty renders it apparent that the fundamental principle of the treaty is to provide guarantees of mutual assistance and to establish the competency of the Council of the League of Nations," Mr. Hughes said in a reply made public here Thursday.

"The constitutional organization of the United States, coupled with the fact that the latter is not a member of the League, renders it impossible for the United States to adhere."

PROFESSOR VROOM STRICKEN ON BOAT

Companion Makes Shore Quickly But Death Comes in Few Minutes.

(Special to The Times-Star).
St. Stephen, N. B., July 11.—Professor William F. Vroom, whose sudden death occurred last night at St. Stephen, left here yesterday afternoon in his motor boat about 4 o'clock for the Leige, four miles from here. With him was a young lad named Towers. They arrived there all right and were on their way back last evening. Mr. Vroom was running the engine, when young Towers heard a noise and, turning back, found that Professor Vroom had fallen to the bottom of the boat.

Thinking that he had fainted, the young man tried to revive him, but seeing that this was useless, put back for C. N. Vroom's cottage and all was summoned, but although there was still some hope of life when the doctor arrived, Professor Vroom did not regain consciousness and passed away in a few moments. Heart trouble is supposed to have been the cause of his death.

Professor Vroom was 76 years of age and for many years was in the firm of "Vroom Bros." of this town. About 30 years ago he went to New York and taught manual training until the last year or so, when he returned home. He has since been living with his two sisters and his brother James.

ONE CONTRACT GOES TO FAIRVILLE FIRM

Four Bridge Tenders Are Accepted by Provincial Public Works.

(Special to The Times-Star).
Fredericton, July 11.—Four bridge contracts were awarded by the Department of Public Works before Premier Veniot left for his home at Bathurst last evening, as follows: Robinson Brook, concrete arch culvert and roadway embankment, parish of Cambridge, Queens county, awarded to Parker Currier, Fredericton, price about \$8,800.

Queens Brook, concrete arch culvert and roadway embankment, parish of Andover, Victoria county, awarded to Dexter and Richards, Fairville, price about \$4,900.

Falconer, concrete arch culvert and roadway embankment, parish of Dundas, Kent county, awarded to Dennis Leblanc and John Girouard, LeBlancville, Kent county, price about \$6,000.

Wed In Fredericton To Live In Hampton

(Special to The Times-Star).
Fredericton, July 11.—George C. Yeomans, son of George R. Yeomans of Barker's Point, and Mrs. Mabel Copeland, daughter of Mr. and Mrs. George Bishop of Fredericton, were married on Thursday evening at the George street Baptist parsonage by Rev. I. A. Corbett. They will reside in Hampton for the present.

Democratic Purse Overdrawn \$25,000

New York, July 11.—The long deadline in the Democratic national convention has proved a severe drain on officials as well as private funds.

The New York committee, which actually financed the big show for two weeks, turned this task over to the national committee, which after expending about \$800,000, net including the \$500 daily cost of the show and other amusement features.

The national committee, with funds limited to about \$100,000, promptly began to reduce the cost, eliminating among other things the 40 shows on the theory that after a score of sessions ticket holders needed no guides to find their seats. Despite the retrenchments, however, it was said today that the national committee had already overdrawn this fund by \$25,000.

NEW YORK POLICE BEAT UP SERGEANT

Six Patrolmen Give "Hard-Boiled" Smith Trimming—Known as "Cop-Rider."

New York, July 11.—Practically the entire personnel of the Charles street station, on the lower West Side, has been transferred to other precincts as a result of a fight in the back room of the station house, when six patrolmen gave Sergeant George W. Smith, known in the department as "Hard-Boiled" Smith, a terrific beating.

A headquarters order transferred nine sergeants, including Smith, who was sent to the West Forty-seventh street station. Previously the commissioner had transferred 28 patrolmen and seven lieutenants, and had put Captain Peter J. Masterson, formerly of the Beach street station, in command. These transfers followed an investigation by Inspector Thomas J. Donohue.

No one seems to know what happened to Sergeant Smith, who is called a "cop-rider" by the uniformed force, got into an argument with Patrolman John McGuire, and a few minutes later six patrolmen were fighting him. No charge has yet been made against any one.

PAYS PENALTY FOR QUEBEC MURDER

Walter Muir, at Valleyfield, Loses Lengthy Fight For His Life.

Valleyfield, Que., July 11.—Walter Muir of New York was hanged this morning for the murder of Henri Lavolette in this town on September 22, 1923.

The hanging of Walter Muir today at Valleyfield follows long drawn out efforts by influential persons and societies in New York, and also in Canada, to obtain a reprieve for the 21-year-old New York student who killed Henri Lavolette at Valleyfield on September 22, 1923, during a petty argument over a dog in the tavern of a Valleyfield hotel. Those who interested themselves in his behalf included the Countess De Richelieu of New York.

BIG BLAZE SWEEPS CITY OF MESSINA

150 Buildings Are Destroyed And Flames Are Still Raging.

(By United Press).
London, July 11.—The city of Messina, Sicily, which still bears the marks of the devastating earthquake which centered world attention upon it, is being swept by a terrific fire, according to Central News dispatches from Rome. One hundred and fifty buildings have been destroyed and the fire is continuing.

WILL WRITE BOOK

Dry Leader, in Sing Sing, Will Attack Political Enemies.

Ossining, July 11.—William H. Anderson, former State Superintendent of the Anti-Saloon League, who is serving a term in Sing Sing for forgery, is to publish a book shortly.

"Behind Bars for Banishing the Bar" is to be the title of the work, which is to describe Anderson's battle or several years against liquor.

Anderson will be the second Sing Sing prisoner to write a book there. Charles E. Chapin, a former editor in New York city, wrote a book describing his forty years' experience as a newspaper man.

It is reported that Mr. Anderson intends to attack his political enemies and picture himself as a martyr of "two" conspiracy. Anderson is still hopeful, in spite of the Appellate Division's decision against him, of getting a new trial if he can get his case before the Court of Appeals.

BULGARIANS RISE IN REVOLUTION; OFFICIALS KILLED

Many in Burgas Region Shot Down by Government Troops.

700 ARE ARRESTED

Unrest is Amongst Agrarians Located Along the Black Sea.

(By ANTHONY PAPAYANAKIS. (United Press Staff Correspondent).
Athens, July 11.—Martial law has been declared throughout the Burgas district of Bulgaria following a revolutionary uprising in which the rebels killed the prefect and other officials and many of their number were shot down in clashes with Government troops.

Sofia dispatches state that sporadic uprisings on the part of Agrarians started last week and gradually took the form of a revolution throughout the district along the Black Sea.

Troops loyal to the present regime made more than 700 arrests at Varna and elsewhere.

OPPOSITION PRESS LAUDS MACDONALD

British Papers, However, Are Skeptical of United States Appointment.

London, July 11.—The proposals of Premier MacDonald and Herriot to appoint a U. S. representative on the Reparations Commission when dealing with possible German defalcation under the experts' report, is the subject of further editorial comment this morning, but there is little confidence that such an appointment is likely.

The Times says the suggestion "is rather the counsel of despair, since it is difficult to imagine that the U. S. Government in the present circumstances could think of reversing its decided policy with reference to the Treaty of Versailles and all its organs."

The Westminster Gazette asks: "How can we expect the U. S. to supply member on a commission which is bound up with a treaty which she refuses to endorse?"

Premier MacDonald receives some remarkably warm commendation from the opposition press upon his Paris trip.

He has saved the conference, prevented an open disagreement between Great Britain and France on the eve of the conference, and made it possible to go on with the work preparatory to application of the experts' report," says the Times.

It is given him by the Morning Post, the Daily Mail and the Daily News, but it is stressed that the situation is still full of difficulties and that while for the present there is no reason to assume that the conference will fail, it certainly is not to have an easy task.

Mother Pays Shortage But Youth Is Held

New York, July 11.—Though his mother has sent about \$2,600 to make restitution for funds he has obtained by misrepresentations, William F. Barrington, 28, who is said to be a stepson of John Shillito, a department store proprietor of Cincinnati, was held for the grand jury in \$1,000 bail by Magistrate McAndrews in Yorkville Court when he had lived at various hotels under the names of his stepfather and others and had passed checks made out in their names.

Barrington said that his allowance of \$200 a week had been stopped by his mother in April and that since that time he had lived at various hotels under the names of his stepfather and others and had passed checks made out in their names.

Kennebunk Pastor Fined For Cruelty

Kennebunk, Me., July 11.—Charged with brutally beating a dog and leaving the animal to die, Rev. Robert H. Doremus, pastor of the Unitarian church here, was fined \$20 by Judge Harold Bourne in the Kennebunk court here.

Defies Bandits' Bullets

Bullets sang around her head. But Mary Sather, cashier for a Seattle taxicab company, stayed right in the bandit's camp. Miss Sather and Herbert Jackson, superintendent of the company, had started for a bank with \$2,000. Three men drove up, crowded the taxicab up against a curb and seized the money. Jackson whirled his car around and he and Miss Sather started in pursuit. The gunman, however, escaped after a several-block running battle.

Takes Bride For Honeymoon Trip In Subway; Then Deserts Her

New York, July 11.—Love is a curious thing, mused Magistrate Goodman after his session in the West Side Court. He had just disposed of two puzzling cases.

"Judge," said Mrs. Paul Apostol, the chief figure in the first case, "my husband has just torn up my marriage certificate, thrown my wedding ring out of the window and walked out on me. I borrowed \$20 to give to him so we could get married a month ago. I bought the furniture and paid the rest of our flat in advance. He took me on a honeymoon trip in the subway and paid the fares, and that's all he ever did pay. It looks like he was no good, but still I want him back."

The judge could do nothing.

"Then he called the next case, and this time a husband had a tale of woe.

"Judge," said William Walter, a city employe, "I married one of the most beautiful women in New York, 30 years old, while I am 53. I fitted up an apartment for her, bought her groceries, aspirin tablets and rubber kneecaps for her knees. I gave her a \$5 wedding breakfast, a \$3.50 handbag, more than 40 phonograph records, two alarm clocks, an aluminum milk can, a ten pound ham, 30 pairs of stockings and six dollars worth of beef, lard and wine. Yet she has locked me out of the apartment and I can't get in."

Again the judge could do nothing but offer his sympathy.

MANY AUTOS BURN Fewer Are Seeking Career in Army

Two Business Houses Are Burned Out in \$200,000 Toronto Fire.

Toronto, July 10.—The Conboy building on the Don road, in this city, a short distance south of Queen street, jointly occupied by the Conboy Carriage Company and the Dominion Stores, Limited, was completely destroyed by fire last evening, entailing a total loss, estimated at more than \$200,000.

Only the four walls remain standing with the frame work of several automobiles suspended from steel girders where was the third floor. There were 43 automobiles in the buildings, most of which were reduced to ashes. Several were brand new cars, but the greater number belonged to people who were having new tops put on or receiving equipment such as was specialized in by the Conboy firm.

HOP TO BALKANS

U. S. Flyers at Constantinople Rest Before Flight to Bucharest.

(By United Press).
Constantinople, July 11.—The American world flight effort is proceeding swiftly and smoothly, step by step, without a hitch, and Lieutenants Smith, Nelson and Wade will be in Europe on their next hop.

The U. S. airmen arrived here from Aleppo yesterday, after a nine-hour flight. They are resting at the American embassy and tomorrow will hop over to the Balkans, making a landing at Bucharest.

Lieutenant Lowell Smith, flight commander, said he and his comrades were thrilled by the lands over which they have just flown, especially the silver ribbon of the Bosphorus. He reported that he and Lieutenants Wade and Nelson are in good physical condition again.

S. LORDLY'S "MIKE" HERO OF RESCUE IN COURTENAY BAY

Swims Out to Frail Craft as Youngsters Drift Seaward.

TAKES LAD ON BACK

Brothers in Peril, Second One Saved by Johnny Price.

"Mike." Just plain, good-natured Mike—a big, lovable Irish setter with soft, silky hair and kindly brown eyes.

If you took the trouble to look him up in the local dog registry, you would find him entered as "Lord Mickey," owner Sterling B. Lordly, desk manufacturer at the foot of Broad street, South End. If you asked people in the South End about "Lord Mickey," they'd stare at you in amazement.

If you asked ten-year-old Kenneth Causey, son of William Causey, 235 Brittain street, who "Lord Mickey" was, he'd register disgust. "Lord Mickey?" he'd say, "you mean 'Mike.' He's the greatest dog in the world!"

Mike saved Kenneth's life yesterday in a thrilling and unique manner, and if Mike does not get a humane society medal, it will not be the fault of the South End people and those who saw him effect his wonderful rescue—how he swam out to a raft 300 feet from shore with Kenneth and his eleven-year-old brother, Douglas, drifting helplessly out to sea—how he saved Kenneth from a watery grave.

Trapped in Water.

The Courtenay Bay flats just down from the South End ball grounds across the railroad track are a great centre of attraction for the kiddies. Here, they play in their bare feet on the flats, sail boats, build castles and while away the happy hours of holiday time. "Mike" goes there also, to keep a watchful eye on proceedings. In fact, that is where a Times-Star reporter first saw "Mike" when he went down to interview him. But more of that later.

Among those who went down yesterday were the two little Causey brothers, Kenneth and Douglas, and among their discoveries was a raft. Robinson Crusoe, the days of pirates roaming the seven seas, must have surged into their minds as they made happy over this great discovery. The next was to get paddles but none were available. So, they started splashing around, unmindful of the tide. They were out several feet from shore, according to Kenneth, before they realized their plight. The reporter visited Kenneth's home this morning and by degrees managed to get first-hand information as to what happened.

"Yes, I was. So was Douglas. He started crying and we shouted to the shore.

"What next?" "Well, I saw Mike swimming out to us. He's always swimming around. He got on the raft and wagged his tail. Then, he jumped off. My brother said to stay on. But I said I was going with Mike. So, I jumped on Mike's back and he swam to shore with me."

On Dog's Back.

That's exactly how Mike did it, according to eye-witnesses. While several on shore wrung their hands and others went for help, Mike acted promptly. Before anyone could realize what he was doing, the big-hearted setter leaped into the water and with powerful action soon made the raft where the young brothers were sitting—the picture of misery. The watchers on the shore saw Mike clamber on board and then saw him jump off. They nearly had heart failure when they saw young Kenneth leap in after him and for several seconds neither could be seen.

Then, suddenly that great brown head with those kindly eyes showed (Continued on page 2, second column.)

FURTHER WORD OF DOUBLE LOSS OF LIFE IN ST. CROIX

It was learned today that Earle Ketch, the Vancouver young man who lost his life in an endeavor to save Florence Conrad from drowning in the St. Croix river on Wednesday afternoon, was not drowned, but apparently died from heart trouble, it was said, as he entered the water, it was said, no water was found in his lungs. He did not come to the surface at all, it is said, he secured a hold on the girl. Later she came to the surface twice, but two men, who were nearby in a boat, were unable to reach her before she sank. They were handicapped by the high wind which was blowing at the time, making the river very rough. The two victims of the sad accident were buried today at Vancouver.

EXPLAINS LEAGUE OF NATION'S POWER

English Speaker Heard by Large Audience in the Pythian Castle.

That instead of the law of force, which in the past had hurled the world repeatedly into devastating wars, the force of law should be the guiding spirit of the world in future and that this could only be accomplished by the hearty co-operation of all nations with the League of Nations was the message of Frederick Whelen, representative of the British League of Nations Union, in his forceful address in the Pythian Castle last night.

At the conclusion of his address and after the vote of thanks had been tendered him by the chairman, Mr. Whelen expressed his appreciation of Canada and Canada's people in glowing terms. It was his first trip, he said, but he looked forward to the next one with very great pleasure. He had visited practically every important city in the Dominion and had found that in nearly every instance the people approved of the League of Nations but did not understand it well. He declared it was important that everyone should gain a more comprehensive knowledge of the League, what it had done, what it was doing and what it planned to do.

SLAVE TRAFFIC IS STILL CARRIED ON

International Experts Meet in Geneva to Plan for Abolishing It.

(United Press.) Geneva, July 11.—A special commission of international colonial experts met here today to formulate the League of Nations' programme for the abolishing of human slavery where it still exists.

The commission consisted of Monsieur Delafosse for France, Preire d'Andrade for Portugal, Monsieur Gohr for Belgium, Sir Frederick Lugard for England, Monsieur Van Rees for Holland, Commander Bengall for Italy, Louis Dantes Bellegarde for Haiti and H. A. Grimshaw. No secret is made of the fact that the campaign is directed principally against Abyssinia where French, English and Italian torpedo-boats are patrolling the Red Sea coast in an effort to break up the transportation of slaves from Abyssinia across to the Asia Minor coast.

Although Abyssinia was admitted last year to the League of Nations on a distinct promise to abolish slavery, all information received by the League and interested states to date, indicate that it still exists. Regent in Europe The League expects to take advantage of the visit to Geneva during the assembly next September of Ras Tafari, prince regent of Abyssinia, and descendant of King Solomon and the Queen of Sheba, to ask him what he is going to do about it.

In the meantime the commission of experts which met today will prepare a report on the subject based upon information sent in by some 30 of the leading nations of the world. All of the leading anti-slavery organizations of the world have also sent in reports on the best way to deal with the situation.

The entire question will then be brought before the league assembly in September.

MAKE COUNTERFEITS OF BRITISH NOTES

Cairo, July 11.—The Egyptian secret police, under British officers, have discovered a secret factory for the production of British Treasury notes in a suburb of Cairo. It was conducted by two Maltese engravers, who at the British Consular Court were committed for trial on charges of forgery. It was said that the plant set up was the most perfect of its kind and forgeries almost undetectable.

A tidal wave in Japan in 1896 swept off 30,000 people.

"CAVE WITHOUT ENDING"

Explorers have penetrated the famous Ca Isbad Cavern at Carlsbad, N. M., for more than eight miles, without finding an outlet. The cavern consists of a series of connecting chambers, filled with a dazzling display of natural formations. Improvements now are being made which in time may permit an automobile to drive into the cave for a distance of two miles.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomachache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of Bisurated Magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as Bisurated Magnesia, which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisurated Magnesia, which is especially prepared for the above purpose.

HEIRS LITERALLY DIVIDE THE HOME

Papeete, Tahiti, June 5.—(Associated Press, by mail)—Here and there on the island of Tahiti may be seen fragments of houses; houses with the ends cut away, exposing bare rooms, closed on three sides while the fourth remains open to the weather; houses with verandas gone; houses cut in half, others with their iron roofs taken down at large. But the French laws have done away with this. They decree that each heir shall come into full possession of his share of any property. In consequence the courts at Papeete are congested with land litigation. The usual battleground is the homestead, which generally is a wooden building of many rooms, crowned by a corrugated-iron roof and surrounded by a broad veranda. The eldest son or daughter holds the fort there. But the others, after much litigation, establish their claims.

Armed with court orders, saws, chisels and other implements of destructive carpentry, they come and dismember the ancestral mansion, each taking his fragment to his own domain. What is left remains the heritage of the eldest, and until he can gather sustenance from the damage his domicile continues a melancholy monument to family disharmony, and he camps in the one or two rooms still sheltered.

ARE PROMOTED IN SALVATION ARMY

Several promotions and changes in the Salvation Army, Eastern Division, are announced by Brigadier W. H. Burrows, in command of this district. Miss (Cadet) Edna Burrows daughter of Brigadier and Mrs. Burrows has been given her lieutenantcy from training school at the Army in Toronto, and has been appointed to that city. Miss (Cadet) Jean Conde, formerly of St. John, and recently from Chatham to St. John, has been promoted to a captaincy in Toronto. The Misses Gladys Jollymore and Sarah Polet, lieutenants in the Evangeline Home, have received their captaincies. Others promoted are: Lieut. Edith Taylor, who as captain goes to Chatham; Lieut. Myrtle Stevens, from Chatham to St. John; Lieut. Earle Harris, Summerside, P. E. I., captain; Miss Burhoe, of No. 3 corps, St. John, who has recently completed her course in the Training School, has been appointed to the corps at Bridgewater, N. S., as lieutenant. Ensign Ambrose Cummings, of Sackville, has been made adjutant and appointed to Newcastle. Ensign Arthur Ward, who is superintendent of the men's social work here, has been appointed to adjutant. Lieut. Ethel Coley, who has been cashier at the divisional headquarters, has been promoted to captain, and will remain here.

CHEAP TEAS NOW VERY DEAR.

Cheap tea is dear. This is easily proved. If you've been using, say a 65c. tea (a year ago it cost only 30c.) you have only to buy a 1/2 lb. package of RED ROSE ORANGE PEKOE TEA, the finest of teas, for 43c., and you'll find it goes far as the other pound. Won't you make the test. You'll be quickly convinced.

SUGGESTS SALE OF C.N.R. PARIS HOTEL

Special Committee of House Wants Order-in-Council for Expenditures.

Ottawa, July 10.—The special committee of the House which has been investigating Canadian National Railway estimates submitted its final report this afternoon.

The report recommends: "That the Hotel Scribe, the property purchased by the Canadian National in Paris, might be sold if it can be done advantageously and adequate quarters for the Canadian National retained."

"That the acquisition or sale of property for railway purposes involving large sums of money ought not to be possible except by authority of order-in-council.

"That the Canadian National and Canadian Pacific be invited to consider means of avoiding unnecessary duplication and competition. That the Government think of early consideration to reduction in the capitalization of the Canadian National, the committee being of the view that the capital sum upon which interest charges are now computed in making up the annual income statements is excessive. That the estimate of \$55,000,000 for the Canadian National now before the House be granted.

Estimates of the Finance Department took all the afternoon. Ordinarily they pass smoothly, but this year quite a few contentious points bobbed up. Considerable of a ride was given to the new Audit Board, Mr. Meighen making light of its utility in connection with the postal strike and some other members chiming in with that view.

TRADE TREATIES.

An item of some \$28,000 for the expenses of negotiating trade treaties involved the mention of reciprocity, although the Minister of Finance did not employ it.

He confessed that the Government was watching with great interest the results of this year's elections in the United States, the thought in the back of his head being that if the Democrats settled their differences and managed to win out, the outlook would improve for the abolition of the Fordney Tariff. He rather shied, however, at the word "Reciprocity."

IN THE SENATE.

The Senate spent the whole day on the Church Union Bill voting down a proposal to refer it to the private bills committee, on which the division was rather significant, even though it was not on its merits.

PREJUDICE AND JUSTICE

The extent to which religious prejudice may affect the course of justice in the United States at the present time is illustrated by a case in New York. In a pistol battle between alleged bootleggers and prohibition agents at Eastport, Long Island, last May, Ferdinand Downs of that place was shot, and Patrick Ryan, a former New York policeman, was indicted on the charge of killing him.

A CHANGE IN SENTIMENT

Dr. Hugh Kenleyside, a graduate of the University of British Columbia, who is now lecturer in history at the University of Syracuse, N. Y., is visiting his native province, and in an interview made some interesting observations regarding the attitude of Americans towards the League of Nations.

will play a considerable part in politics in the Pine Tree State.

By visiting various parts of the province, Lieutenant-Governor Todd shows that he believes there is something more attached to the office of Governor than being a mere official to preside over meetings of the Council.

A New York despatch to The Toronto Mail and Empire says that, if the industrial situation in Canada warrants it, thousands of Swedes will be sent by their Government into this country after Sweden's immigration quota for the United States is exhausted.

Give me always a goal to try for: Let me fight till my breath be spent; Give me a dream to live and die for And I shall be content.

Keep for others your stolen leisure, Drowsy days in the shade or sun; I was never a one to treasure Rest till my work was done.

No, for sloth is the worst of sinning; Give me the joy and zest of the fray; Finding my true reward in the winning, Not in the prize or pay.

And, if victory be denied me, I shall not shrink from another test; Nor care at all if the fools deride me, Knowing I did my best.

A Tire Carcass of Doubled Mileage

THE development of balloon tires offered one outstanding problem.

Balloon Tire fabric must be able to stand constant flexing, and yet be strong enough to resist all road-shocks.

Ordinary cord tire fabric will not build the best balloon tires.

But Goodyear, in Goodyear laboratories and Goodyear cotton mills, has developed a new, special exclusive cord tire fabric.

In actual tests, tires of Goodyear SUPERTWIST cord fabric showed 100% more carcass life than tires built of the same number of plies of standard cord fabrics. And only in Goodyear

Tires can you get Goodyear SUPER-TWIST cord fabric.

The superiority of Goodyear SUPER-TWIST is due to its greater elasticity and power to flex, with consequently wider distribution of shock and greater freedom from stone bruises and like injuries.

This incomparable material is now used in regular Goodyear production and is built into Goodyear Balloon Tires—to fit new wheels and the wheels now on your car.

See the Goodyear Selected Dealer regarding Balloon Tires to replace your present equipment without change in wheels or rims. If you like the appearance of the new small wheels, see the Goodyear Selected Dealer, your car dealer or the nearest Goodyear Branch regarding new wheels and the Goodyear Balloon Tires to fit them.

A Tire Carcass of Doubled Mileage

THE development of balloon tires offered one outstanding problem.

Balloon Tire fabric must be able to stand constant flexing, and yet be strong enough to resist all road-shocks.

Ordinary cord tire fabric will not build the best balloon tires.

But Goodyear, in Goodyear laboratories and Goodyear cotton mills, has developed a new, special exclusive cord tire fabric.

In actual tests, tires of Goodyear SUPERTWIST cord fabric showed 100% more carcass life than tires built of the same number of plies of standard cord fabrics. And only in Goodyear

Tires can you get Goodyear SUPER-TWIST cord fabric.

The superiority of Goodyear SUPER-TWIST is due to its greater elasticity and power to flex, with consequently wider distribution of shock and greater freedom from stone bruises and like injuries.

This incomparable material is now used in regular Goodyear production and is built into Goodyear Balloon Tires—to fit new wheels and the wheels now on your car.

See the Goodyear Selected Dealer regarding Balloon Tires to replace your present equipment without change in wheels or rims. If you like the appearance of the new small wheels, see the Goodyear Selected Dealer, your car dealer or the nearest Goodyear Branch regarding new wheels and the Goodyear Balloon Tires to fit them.

WILL SUE CITY IF REFUND NOT MADE

Firm Sends Notice Regarding Auction Sale License—Retaining Walls.

The weekly session of the City Council yesterday afternoon was a brief one. The first matter that occupied the attention of the commissioners was the report of the committee of the whole which was submitted from the committee meeting yesterday morning. The whole report was adopted.

An invitation received from Ottawa in June was brought up before the meeting. A Dominion convention is to be held this fall and to it are invited representatives from each municipality. The purpose of the convention is to make some provision in each municipality for those out of employment this coming winter. The Federal Government is hopeful, so the communication states, that the convention may discover some means to lessen prospective unemployment. The letter was signed by James Murdoch, Minister of Labor. The matter was left with the Mayor with power to act.

A letter received from Major W. H. Burrows of the Salvation Army Divisional Headquarters, thanking the Mayor and council for kindness rendered to the Boston Salvation Army Band while there, was ordered filed.

A letter inviting the city to send representative to the annual convention of Canadian municipalities to be held in Windsor, Ont., August 7-9, was referred to the Mayor with power to act.

The Sterling Realty Co. made application for a retaining wall to be constructed on their property in Metcalf street. The matter was left with the Commissioner of Public Works for a report. J. Clarke & Sons, Germain street, made application to place an electric sign in front of their show-rooms. This was referred to the Commissioner of Public Safety, the city engineer and the city electrician. Ask \$500 Be Returned.

Teed & Teed, barristers, on behalf of their client, Henry Page, jeweller, requested that the \$500 paid to the city by their client at the time of his recent auction, be returned to their client and said that if this was not done they would sue. Commissioner Frink moved that this matter be referred to the Mayor and the city solicitor.

A letter was received from William Ryan, barrister, stating that the city owed \$182.67 to his client, John S. McKay, 98 Spring street. A retaining wall built by the city some time ago was in very close proximity to one side of Mr. McKay's house. Water had oozed from the wall and damaged the shingles on that side of Mr. McKay's property. He had repairs made without consulting the council and now presented his bill to the city. The report was ordered filed.

Nathan Kosovsky, Model Shoe Store, Main street, wrote to the council, asking that his assessment, \$145.92, for the coming year be reduced as he has made his statement to the tax collector while estimating his business for the coming year. Business was not expected to be very good and, therefore, Mr. Kosovsky desired a reduction. This matter was referred to the Mayor with power to act.

A letter was received from a school teacher in Bedford, England, asking information about St. John as it is his intention to locate here this coming winter. He desires to be informed of the climate, boarding facilities and music centres. The Mayor remarked that the city should have a directory of Mayor Potts who will refer it to the N. B. Tourist and Resources Association.

The final item to come up for discussion was the bill of the N. B. Power Commission for an outstanding balance against the city of \$27,462. This was referred to the Power Commission of the City of St. John for the purpose of being checked up.

Finance Report.
The Commissioner of Finance and Public Affairs, in his report, recommended payment of the following departmental accounts: Public Safety, \$2,542.77; Public Works, \$4,869.92; Water and Sewerage, \$4,809.01; Harbors, Ferries and Public Lands, \$2,081.77; Treasury, \$1,233.14. He also reported payments for the month of June, last, amounting to \$182,808.51.

FARRALINE HOME BOARD RE-ELECTED

The board of directors of the Farraline Home at Fredericton, held their annual meeting yesterday afternoon in the parlor of The King's Daughters Guild, with Mrs. C. A. McVey, of Fredericton, provincial president of the order, presiding. All the officers were re-elected as follows: President, Mrs. C. A. McVey; secretary, Miss Sadie Thompson, Fredericton; treasurer, Miss Daisy Weddall, Fredericton. The various conveners of committees were as usual, Miss Ella Thorne being in charge of admissions to the Home; Mrs. A. T. Murchie, of the management, and Mrs. A. P. Crockett, of the religious committee. These women, residing at Fredericton, were re-elected.

Miss Weddall, treasurer, gave a good report of the finances. The donations for the year were as follows: Ministering Circle, Fredericton, Doorkeepers' Circle and Lead a Hand Circles, of St. John, each \$25. The In His Name Circle gave \$10, and the Good Cheer, both of St. John, \$5. A man, who insisted that his name be withheld donated \$100. Miss Ella Thorne, past provincial president, reported on admissions to the Home, stating that two applications had come from Vancouver from former New Brunswickers and one from Massachusetts. As the Home is now full, no applications could be considered now, she said.

ADVENTURES OF THE TWINS

By Olive Roberts Barton

TOMMY'S LAST TRIP

"You'll never guess what these are," said the fairy.

"We'll never get home before sun-up," declared Tommy Tiltmouse peevishly.

"Oh, well, what's the difference," said Johnny Jump Up. "Nobody will miss us and this is our last adventure."

"Is there more to see in South America?" asked Nick.

"I should say there is," said Johnny Jump Up. "Why we have hardly begun. South America is a very big place. Tommy, go on, please."

The little bird flapped his wings and the three tiny travelers started off again. By and by they came to a hillside where high bushes were growing, covered with red berries. The moon gave so much light that the Twins could see almost as well as in the day time.

"You'll never guess what these are," said the fairy.

The Twins guessed holly berries and dogwood berries and rose berries, and everything they could think of.

"No, sir, it isn't any of them," said

R. K. Y. C. PREPARES FOR ANNUAL CRUISE

The executive of the Royal Kennebecasis Yacht Club held a meeting in the office of A. M. Rowan, Main street, last evening for the purpose of perfecting arrangements for the yacht club annual cruise this season. The fleet, under command of Commodore James Barnes, will leave Millidgeville on Saturday afternoon, July 19, at 3 o'clock. Sixteen yachts are expected to spread their sails to the breeze. The first stop will be made at Henderson's Point.

On Sunday morning the fleet will continue up river, stopping at Evansdale. Then it will go to Gagetown. Commodore Barnes expects to reach Fredericton on Tuesday evening, July 22. The fleet will remain at the capital until Thursday, when the captains will pick up their mud hooks and cruise down river on the homeward journey. They will arrive at Carter's Point Saturday night and on Sunday morning Rev. J. A. Morrison, the club chaplain, will conduct the annual service.

WEAR KNICKERS FOR COMFORT IN TRAVEL

Visiting Ladies, Answering Comment, Point to Powdered Faces in Streets

While two ladies in knickers attracted attention in King street yesterday, they were in turn amused at the appearance of some girls, who looked, they said, as if they had marshmallow noses and chins, so much powdered were they. The ladies said they wore the knickers and easy fitting coats to make traveling more comfortable. They have plenty of means, and could spend the summer at some fashionable resort, it was learned, but they loved the open country, the woods, and streams, especially of Canada, which they have visited for several years, coming from New York and Hartford, Connecticut, respectively. With their husbands they were en route to Cape Breton in big motor cars, coming from Margate Forks. They left for Moncton in the afternoon.

Both are interested in the Scout movement being commissioners of the Boy Scouts and Girls Scouts respectively.

"We have a great desire to make the world in which we live brighter for our being here, since we are here," said Mrs. Sutherland, her brown eyes sparkling with good health and her cheeks as brown as sun and breezes could make them. "We are great believers in the out of doors life to help young people and are fully convinced that girls and boys brought up in the open will have sensible views of now to live and how to meet life's problems. Our own daughter is in a Girl Scout camp in Vermont and our boy in a Boy Scout camp in Vermont," she said. "The girls and boys of the rich are getting to know what this out of doors life is all about. It is no longer a fad. It is their life," she continued.

Mrs. Sutherland is trying to bring this life to the girls who work in shops in New York and there has been established a camp for them, where they may spend two happy weeks in the country, right in the woods, if they wish, for the outside cost of \$8. A train railway company has given discarded cars for this purpose and they have been converted into really ideal camps, with every convenience. A lady of the committee chaperones the girls and good food is provided at the rate of \$4 a week.

The ladies were sorry that they

attracted attention here, but thought that they had the best of it with some girls they saw "whose noses and chins looked in some cases as if they had been dipped in marshmallow and whose skirts were uncomfortably tight in appearance," they said, but without any tone of resentment. "We don't drink cocktails, smoke or swear," said Mrs. Sutherland, "and we get all the pleasure we can out of life for ourselves and in helping others to do so."

They travel in Canada in the summer and in southern climates in the winter, living in the open most of the year. They take in some of the big hotels for the comfort and variety they afford as they go along. The knickers and sport clothes are more seen in many of the United States cities, they explained, than skirts now that women are enjoying hunting, fishing and general outdoor life.

They will spend a month in Cape Breton and will return via Quebec to their homes. Mr. and Mrs. Benton, the companions of Mr. and Mrs. Sutherland, are from Hartford, Connecticut. They had another big car with their camping outfit.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth . . ."

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

WRIGLEY'S

Mr. and Mrs. W. P. Sampson, of Timmins, Ont., are guests of relatives in West St. John. Mr. Sampson is the son of Rev. Mr. and Mrs. W. H. Sampson, of St. George's church. He is an engineer in the Hollinger Gold Mine in northern Ontario.

Mrs. Malcolm Mackay, Sr., was hostess at a large bridge yesterday afternoon, at the Riverside Golf and Country Club. Those going out from the

city were Mrs. Stuart Skinner, Mrs. Walter W. White, Mrs. John McMillan, Mrs. Arthur W. Adams, Mrs. Fred J. Harding, Miss Cynthia Hooper, Mrs. L. G. Crosby and her daughter, Mrs. Kelly, of Boston, who is her guest at the McArthur Apartments.

Mr. and Mrs. T. Ross Hanington and little daughter, Miss Dorothy Hanington, of Annapolis Royal, N. S., recently of this city, are visiting Mr. and Mrs. Fred E. Hanington at their summer apartments at Miss Pederson's, Lakeside. They will visit Mrs. Hanington's aunt, Mrs. W. A. Parke, Newcastle, before returning home.

Mrs. Louis Heitung, of New York, accompanied by her children, Master Donald and little Miss Gladys Heitung, will arrive on the boat on Saturday from Boston to spend several weeks with Mrs. Heitung's aunt, Mrs. George C. Amland, and Mr. Amland, Mecklenburg street.

Mr. and Mrs. Charles Smith, of New Jersey, returned home by the Boston boat last Saturday after a pleasant visit with Mr. and Mrs. George C. Amland. They also visited Mr. Smith's aunt, Mrs. Thomas Anderson, of St. Martins, and other relatives at Chipman.

Miss Nora Grace E. Lindsay, of German street, is leaving for New York on Saturday for a fortnight's visit.

Mr. F. W. McKinnon, of Portland, N. H., is visiting his mother, Mrs. Herbert McKinnon, 19 Portland street.

Miss Nora Judge, of Fredericton, who underwent an operation at Victoria Hospital a few weeks ago, was able to be removed to her home in Regent street on Tuesday.

Miss Bernice McNaughton, of Moncton, is visiting Mrs. R. A. Christie, 135 Victoria street. Miss McNaughton and Miss Dorothy Christie were the guests

of Mrs. W. S. Edgar at Morna yesterday.

Joseph N. Ellis, K. C., of Vancouver, who has been the guest of Mr. and Mrs. Frank B. Ellis, Queen square, has left for his home.

Mrs. Mary Harding is the guest of her daughter, Mrs. R. F. Brittain, at Morna.

Mrs. Nelson Jeffries and little daughter, Lillian, of Sussex, are in the city visiting Mrs. R. H. Carr, Kennedy Place, North End.

W. M. S. MEETS.
The W. M. S. of the Queen Square Methodist church held its regular monthly meeting in the parlor of the church yesterday afternoon. It was largely attended. In the absence of the president and secretary, Mrs. Neil McLaughlin and Mrs. E. O. Dales, Mrs. C. W. Dickinson, first vice-president, and Miss C. A. Pratt filled these offices. Mrs. Robert Willis took charge of the devotional exercises and Miss Bessie Comben, of Centenary church, had charge of the music, playing the piano. Mrs. Arthur Chittick, Mrs. J. McAvour and Mrs. Dickinson assisted in the devotions. Mrs. Willis, stranger secretary, and Miss Josephine Betts, superintendent of Little Light Bearers, reported. Mrs. H. A. Johnson was welcomed as a new member. A vote of thanks was given Mrs. S. E. Logan for her report of the recent district convention in Hampton. Mrs. Dickinson read an account from the Missionary Outlook on work in China.

A NOTABLE SPEAKER.

Dr. C. D. Parfitt, president of the National Tuberculosis Association, of Gravenhurst, Ontario, a very fluent and interesting speaker, will address a joint luncheon of the Canadian and Gyro Clubs of this city next week.

LOOK IN MARITIMES FOR NEW HOMELAND

Hebriadeans Will Inspect Farms With Future Settlement in View.

That it was the intention of Rev. Father MacDonnell, whose name is well known in Canada through his association with the migration of the Hebriadeans to this country, to make a trip of inspection, together with a small number of men from the Islands, through the Maritime Provinces during August, was announced here yesterday by Colonel Robert Innes, of the Soldiers' Settlement Board, Ottawa.

The object of the trip will be to locate suitable places for Hebriadean families to settle. Colonel Innes plans to accompany them and party and accompany them on their tour.

In speaking of the plan yesterday, Colonel Innes thought that to locate Hebriadeans in the Maritime Provinces was the next best thing to bringing back the citizens of the provinces who have settled in the Canadian west and in the United States. The colony of Hebriadeans which had been established in western Canada had been most satisfactory, but he could not see why Hebriadeans settled in these provinces would not be even happier than they were in the west. For, he said, the proportion of Scotch settled in these provinces was large, together with the Hebriadeans would be made to feel at home.

Being for the greater part returned soldiers, these crofters, he said, would also come under the Soldiers' Settlement Act, but it was necessary for the various Provincial Governments to create an atmosphere of welcome for them.

Making Survey Here.

A survey has been carried on by the Soldiers' Settlement Board in the four counties of Prince Edward Island. As a result it was found that there were about 450 farms, the area of which totaled in the vicinity of 45,000 acres available for settlement. The farms that the board looks for are ones which are unoccupied; occupied but not being worked, such as one on which an aged farmer is settled but who has done his life's farming work and cannot do more, and the farm and land leased, for example, a vacant farm adjoining another occupied farm, which is being worked by the owner of the occupied farm. Of these classes of farms the 650 in Prince Edward Island were made up.

A survey for these three classes of farms is being carried on in Westmorland, Kent, Northumberland, Gloucester and other counties along the coast of New Brunswick. The results of the survey are not known as yet.

In Nova Scotia a very extensive survey was at present being conducted in Antigonish and Guysboro counties, Col. Innes said. One had been completed in the counties of the Annapolis Valley. Recently he organized the county of Antigonish for the purpose. In each town the parish priest is the chairman and a county councillor and an assessor.

Jellied Cabbage Salad.
Two cups shredded cabbage, 2 green peppers, 3 onions, 1 teaspoon salt, 1 teaspoon celery seed, 3 tablespoons sugar, 1-2 cup lemon juice, 1 tablespoon ketchup, 1-2 cups boiling water.
Let cabbage stand in cold salted water for an hour. Drain and rinse in clear cold water. Drain. Remove seeds from peppers and cut in shreds. Chop pimientos. Combine cabbage, peppers and pimentos and season with salt, celery seed, sugar and lemon juice. Soften gelatin in 1-4 cup cold water. Let stand 15 minutes. Add boiling water and stir until dissolved. When cool and beginning to set add prepared cabbage and stir well. Chill on ice until firm. Serve on a bed of lettuce.

Total calories exclusive of lettuce and dressing, 415. Protein, 84; fat, 28; carbohydrate, 308. Iron, .0089 gram.

Breakfast—One cup strawberries with 1 banana and 2 teaspoons sugar, 1 cup rolled oats with 1-2 cup cream, 1 poached egg on bed of spinach on toast, 2 graham muffins, 1 tablespoon butter, hot water.
Mid-morning lunch—One cup hot chocolate, 3 salted wafers.
Luncheon—One cup jellied cabbage salad with 2 tablespoons chopped nuts, 3 tablespoons mayonnaise, 2 slices whole wheat bread, 1 tablespoon butter, 1 cup custard, 1 cup weak tea.
Afternoon tea—One cup (6 ounces) fruit punch, 2 brown bread and butter sandwiches.
Dinner—Three ounces boiled breast of lamb, 4 tablespoons mashed potato, 4 tablespoons stewed tomatoes with 1 tablespoon croquettes, 1-2 cup beet greens with orange sauce, 4 radishes, 3 spring onions, 2 ounces shredded lettuce, 2 tablespoons French dressing, 2 cheese sandwiches, 2 whole wheat rolls, 1 tablespoon butter, 1 cup fresh cherries, 1 large piece coconut cake.
Bedtime—One cup whole milk, 2 graham crackers.
Total calories, 4,094. Protein, 487; fat, 1,028; carbohydrate, 1,984. Iron, .0222 gram.
Strawberries and bananas combine perfectly. The berries and bananas should be cut in dice or pieces of the same size, sprinkled with sugar and allowed to stand a few minutes before combining.
Combine the radishes, onions and lettuce with French dressing and serve as a salad with the cheese sandwiches as an accompaniment.

INJURED WHEN GRAVEL SLIDES
Moncton, July 10.—B. LeBlanc, a member of the road patrol at Memramcook, was brought to the city hospital today suffering from a fractured leg and several ribs which he sustained as the result of being buried by a landslide in the gravel pit near Colledge Bridge. The injured man is expected to recover.

the band had stated emphatically in harmony that "it ain't goin' to rain no mosh." The selections from popular songs and ballads by Stephen Adams were greatly enjoyed, while everyone welcomed the merry strains of Sullivan's "Pirates of Penzance" with their suggestion of romance. A selection from Faust was also heard with pleasure. The whole programme of good music pierced the thick fog and made the evening much pleasanter than it might otherwise have been. Bandmaster Waddington received much praise for his first contribution to the musical evenings for the season in King square.

Peasant Costumes.
Peasant costumes, sleeveless and embroidered in bright colors, are shown in voile and linen as well as in silks.

TO HAVE TREAT TODAY.
The Wiggins Orphanage boys are to have their long delayed treat from J. D. O'Connell today. Mr. O'Connell had a double portion of peanuts, candy, oranges and suckers packed up yesterday and put them in care of J. Twining Harit. As word had been received from William Pearce, superintendent of the Home, that the boys were coming back from camp to the city today, it was left with Mr. Harit to see that the good things were delivered. In the donation were included 86 in scripps and \$2 in new pennies for the 23 boys. Mr. O'Connell said last evening. As he could not send ice cream, he sent double supplies of other things. Mr. O'Connell hopes to go to his former home in Havelock shortly and spend some time during the hot weather.

TO BE INSTRUCTOR.
William MacIntosh, curator of the Natural History Society museum, was to go to Sussex on Tuesday to become an instructor in the Rural Science School which opens there on that date.

When Cherries Are Ripe

When cherries ripen on the boughs they do not pick themselves and assemble themselves in baskets and deliver themselves into your pie crust.

You cannot even see the cherries on the trees unless you turn your head that way. If you do not look, you don't see.

The same thing is true of want ad pages, heavily laden with real bargains.

If you do not read the want ads in The Times-Star you will never find these offerings--many of which you would be exceedingly glad to hear about.

LITTLE MOVEMENT IN WALL STREET

Prices Range Within Narrow and Irregular Limits at Opening.

New York, July 11.—(Wall street opening)—Stock prices moved within narrow and irregular limits at the opening today's market. Considerable profit-taking was again in evidence, particularly among the standard industrial and specialties. General Electric dropped a point and U. S. Steel common gained and Studebaker yielded fractionally.

Expect Quebec Power Common To Give Dividend

Montreal, July 11.—There were sharp changes in both directions here yesterday, though the main trend was toward lower levels. The market, as a whole, continues narrow, dull and devoid of developments that could create much public interest.

The shareholders of Quebec Power Co. have every reason to feel confident that there will be forthcoming a dividend on the common stock this year. It was the statement made by President Julian C. Smith yesterday. He added that such a move was planned by the directors if business continued at its present rate. Mr. Smith stated the new and substantial contract with the Quebec Harbor Commission for power to be used for their elevators and switching engines, and a generally satisfactory adjustment of rates, which, combined with a natural expansion of the common stock, was a bonus stock about a year ago, the quotation would indicate a very better than anticipated. Another bonus stock, the new high of 61 1/2.

"STACK O' WHEATS" AMERICAN SYMBOL

Mary Austin Talks of Struggle for Culture in a New Country.

New York, July 11.—Mrs. Mary Austin, novelist and an authority on Indian customs, recently told a cosmopolitan group of writers in this city that the American symbol of wheat, in America, is stern conflict with the myth of the Indian. She has been writing the United States in forming a national culture. Mrs. Austin explained that most of the Europeans she met thought we had no prospects of a national culture.

"I was told," she said, "that the truth about us is that we are a people who are not yet articulated and so far as expressed in our literature. In European terms, when I was in England I was called upon at the close of a lecture to defend some verses of Captain Sandberg, in which my interlocutor insisted that there was but one line of poetry. I cannot now quote the exact lines, but they referred to the poet's memories of a place the items of which included musical instruments, a cake, a tortilla of the West, baked on a flat rock, and the English muffin poured out in rings placed on a hot griddle.

"It is the most easily prepared bread in the world, which the pioneer housewife could st... and bake while her man was away, and far down unfrequented lanes to ask at some hedge cottage for tea, they give me a beautiful slice of white bread, and I am always thrilled by it, understanding the democracy of England to be expressed by the fact that in this hedge cottage I am eating the same white wheat loaf that the King eats in his palace. So I say to our foreign friends, if you would understand the symbolism of America turn aside tomorrow for your breakfast to some of those white-tiled interiors where you see the workman preparing for his day's work and eat with him the symbolic bread of the Republic, the very term for which is symbolic of bound and down, a heap, a sufficient quantity. For I assure you that if you look with any hope of discovering the true foundation of the Republic under one of them you will find a 'stack o' wheats'."

"I could show you if there were time a score of such symbols of our American life, and in which you live, of the culture-making kind which are of the substance of true poetry. The chances are, indeed, if you find anything in America which you do not understand, particularly if it strikes vague reactions of strangeness out of you, inquiry will prove it to be a phase of the struggle, clumsy and ineffectual though it be, to make the myth appear, the myth of the American people and the American god.

"What we call culture, meaning the high practice of wisdom and the arts, has, heretofore, been addressed to an aristocracy, that is, to a special class to whom alone adhered the privilege of higher education. It has not been expected in the past in Europe that the common people should enter into the highest phases of any country's culture. It has been thought even that particular artists and thinkers have their superiority proved by the degree to which the common people fail to un-

MORE IS TOLD OF ALLEGED PIRACY

Question of Lutzen's Registry Comes Up in Montreal Court Case.

(Montreal Gazette.)

Further descriptions of the adventures of the good ship Lutzen when it is claimed, this vessel was boarded by twentieth-century pirates of the high seas, whose methods differed in no way from those of the redoubtable Captain Kidd and Morgan, were given yesterday afternoon before Chief Judge Decarie in the Enquete Court. It was shown by the Canada Gazette, that the accused, a middle-aged, sparely-built man, clean-shaven and alert-looking, was allowed to sit in the dock while the lawyers for prosecution and defence questioned witnesses and argued as to the merits of the case.

JUNE REVENUE OF CANADA FALLS

Ottawa, July 10.—Total revenues of the Dominion of Canada decreased during June by more than \$6,000,000, as compared with those of June, 1923. The total revenue last month amounted to \$25,838,622, while for June, 1923, it reached \$31,846,746.

The expenditures for the last month totalled \$20,446,744, as against \$27,018,510 last year. Customs revenues for June dropped from \$10,882,154 last year to \$8,894,476 this year.

Excise tax collection fell from \$10,231,123 to \$6,948,542. The amount realized from excise duties was approximately the same as in June, 1923, and totalled \$8,192,104.

Interest payments on the public debt were heavy last month, amounting to \$10,686,534, but they were smaller than in June, 1923, when they totalled \$13,023,163. The net debt increased in June by \$4,648,729 and now stands at \$2,889,912,241. The increase in the net debt in June last year was \$2,602,602.

FOUR BOTTLES CORRECTED SERIOUS STOMACH TROUBLE

Oliver Mathieu Spent Small Fortune Trying to Help Wife.

"I can tell the world that my wife and myself think Tanlac is the best medicine that ever was made," recently declared Oliver Mathieu, well known railroad man, 73 Delmeil St., Montreal, Que., Canada.

"In 1908 my wife strained her stomach in such a way that she became a physical wreck. She suffered such intense stomach pains at times she could not help crying, and got so nervous and weak at one time she could not lift hand or foot.

"Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

"Tanlac Vegetable Pills, for constipation. Made and recommended by the manufacturers of TANLAC.

"We had paid out money for treatment and medicines so long without results that it looked like her case was hopeless. But, finally, in 1922, after my wife had suffered for 14 years, I bought her Tanlac and four bottles of the medicine restored her health and strength completely. She gained 10 lbs., and has not had a sick day since. In fact, she is the picture of health and I will back up this statement to anyone."

JOHN A. VICKERY LOST OVERBOARD

President of Arnold Shoe Co., Maine, Fell From Stmr. Belfast.

John A. Vickery of South Brewer, aged 66, president of the J. M. Arnold Shoe Co. of Bangor, was lost overboard from the steamer Belfast while on his return from Boston Tuesday night, the accident occurring, it is thought, about midnight. He was not missed until the steamer reached Rockland.

Mr. Vickery, and Walter I. McDonald, a director of the Arnold Co., were in Bangor on business. On the way home they had a stateroom together. They had supper and Mr. Vickery, who had eaten quite heartily, complained of not feeling well. He went on deck about 10:30 and Mr. McDonald fell asleep, and on being aroused by the whistling of the steamer approaching Rockland was startled on finding that Mr. Vickery was missing from the stateroom.

It is presumed that Mr. Vickery lost his balance while leaning over the rail. Mr. Vickery is survived by his wife and six children.

A new step-ladder is so designed as to permit the user to move it about as though on stilts.

NEW YORK FIRM GETS BONDS OF B.C.

Successful Bidders for \$6,000,000—Loan in Two Sections.

New York, July 11.—Dillon, Read and Company, in competition with several American and Canadian banking groups, were the successful bidders for an issue of \$6,000,000 bonds, put up by British Columbia. As awarded, the loan will be divided into two sections.

The first section of \$3,000,000 three-year 4 1/2% and \$3,000,000 twenty-five year 5% of the bonds, \$4,000,000 are for refunding and the remainder for land settlement grants and university funds.

Particular interest attaches to the 4 1/2% coupon, since this is believed to be the first time that a Canadian provincial issue has been sold here since the bond market started upward, with other than a par cast. Another unusual provision is that a sinking fund is provided for the 25 year bonds that will retire them by maturity.

"He threatened to drill holes into us," said Morris. "Then he said 'I am proud and master out here now. The American navy can't help you, and the British navy can't either.'"

The judge stiffened up on the bench. "Oh," he observed, "that is pretty stiff."

The witness, however, went on with his story, pointing his accusing finger at the man in the dock from time to time. After a while, he said, they were released from their iron shackles and allowed to come on deck, but whenever a ship came alongside they were chased into a cabin and locked in. From here, however, he was able to look through a porthole and saw that he saw a boat named the Plinta, like Columbus' famous craft, bobbing up and down on the sea, just under the Scotch whiskeys and other signals went up between the men in command of either vessel.

"Boat after boat came up," said Morris, "and finally a boat was practically nothing left of the cargo."

"Captain Ford showed up plenty of money," said the witness. "He distributed some of it among the crew, and said that if they were captured, the money would not all be with one man. It should be sent up for trial or allowed to go free. Mr. Crankshaw maintained that no proof had been made that the Lutzen was a ship of British registry, and that a man named Black in Brooklyn was the owner at one time. If the Lutzen was not of British registry, he argued, the courts of this province could have no jurisdiction.

Mr. Cohen filed a document from the St. John harbor authorities, and declared that the Lutzen is a British ship, registered as such at Hamilton, Bermuda. He had not been able to produce the original, or a sworn copy of the registry act, but offered to have the case postponed until the Colonial Treasury could forward the absolute proof.

Mr. Crankshaw was curious to know what the Sunrise Shipping Company was. He thought it strange that none of the officials of this concern had ever heard of the company, except as to the fact that such a concern had been noted in the Canada Gazette.

"The flag matter," said Mr. Crankshaw, "has no importance. You will recall the good old novel, where the privateers and sea robbers flew any flag to suit their purpose." He offered jurisdiction to bear out his contention, and the case was postponed until Friday next.

Captain Ford is in jail, without bail.

SERVICE FOR YACHTSMEN.

It is planned to have the yacht on the R. K. Y. C. cruise arrive at Crystal Beach on Sunday morning, July 20 from the club captain, Rev. J. A. Morrison, will conduct the annual divine service there.

HERE'S ONE OF THE ICEMAN'S TROUBLES

Chicago, July 11.—Your iceman, provided he has an average route and a distributing territory in the residential district, should have two tons of ice a day, carrying each piece a distance of 50 feet, according to a survey compiled by the National Association of Ice Industries.

These 4,000 pounds of ice are divided among approximately 80 refrigerators, the survey shows, and the field of work covers an average distance of two miles.

An ability to stand the physical strain, at a threat of impairing health, bothers the iceman less than in keeping on schedule, the association says. He is endeavoring to put ice routes on the same basis of punctuality as the transportation systems.

The iceman's greatest trouble is keeping on a scheduled time, because housewives frequently think he also is an expert in arranging their perishables to the best possible cooling results. If he has to unpack and repack the ice chamber. This is the outstanding cause of delayed service.

"The delivery systems are being re-modelled and improved and members have so nearly perfected their systems that schedules are almost as accurate as that of a passenger train. That is our aim."

THE OLYMPIC STRUGGLE

(New York Herald-Tribune.)

Fins and Englishmen are giving the American Olympic athletes plenty of opportunity to be good losers. Whether it be sprint, middle distance or long distance our rivals have come forward with long strides—not merely figuratively, but literally—making the outcome of the track and field games quite as uncertain and exciting as the friends of good sport, no matter who wins, could desire to have it.

Colonel Thompson, president of the American Olympic Committee, has said all along that the competition would be close and American victory by no means a foregone conclusion. Here, forecast was evidently accurate. Above all, there was confidence in the Yankee sprinters, yet Harold Abraham, of Cambridge, a marvelous runner, as Anglo-Saxon as Israeli, beat them by yards in the 100 meters. This was the most stunning of the surprises. The success of the Fins in the distance running—with the great Nurmi still in reserve—in the javelin throw, in the pentathlon, was not unexpected.

When the Americans do win they usually break a record, but it is one of the curiosities of the meet that LeGendre was not entered for the broad jump, yet in the pentathlon jumped farther than any other man has ever done. The great jump went to waste for in spite of it Lehtonen, of Finland, won the pentathlon.

America has enjoyed a long ascendancy in the United States. There would be not a little chagrin, but no excuses to offer, if she should fail to take first honors this time. The team representing the United States is its very best we could send over. If Finland succeeds in outscoring it that astonishing little nation will deserve no end of credit.

Brokers' Opinions.

New York, July 11.—Houseman—"It does seem to us as if at these levels, it is a good policy to study carefully the merits of the individual utilities before making long commitments."

Clarke Childs—"It seems hardly likely that there will be any material setback in prices for reactions in markets of this kind are not often allowed to run very far."

Hutton—"We think the market will be governed more by the outlook for better business in the fall than by political considerations."

Hornblower—"We would not be afraid to buy during any further period of irregularity."

EPINARD GOOD SAILOR.

A radio from the Berengaria says that Epinard, the French race horse, is a good sailor and enjoys his restricted diet of carrots. His pal, Peter, an arduous terrier, is constantly in attendance, and is somewhat jealous of Epinard's stable companion, Silver Slipper. Peter was rushed to Cherbourg on a telegram from Pierre Wertheimer, who feared that Epinard might miss the dog. The presence of the extra animal makes the palatial stall look very much like the one in the barn back home to Epinard.

The greyhound, it has been ascertained, can travel a short distance at 35 miles an hour.

THE VETS DROP A DOUBLE HEADER

Lose to Fredericton Team by Scores of 7 to 5 and 6 to 2

The Vets dropped another double-header to Fredericton in the capital yesterday, this time the scores being 7 to 5 and 6 to 2 respectively. Parise was on the mound for the locals in the afternoon contest and he held his opponents down to three hits, but his men were wild as a hawk, making nine errors, was responsible for his defeat.

WINS TROPHY IN RIVERSIDE MATCH

The lady contestants for the Thomas trophy at the Riverside Golf and Country Club enjoyed the cool afternoon yesterday chasing the ball over the links. Miss Helen Sidney Smith was the winner of the trophy, which is a new one this season and will be presented later. For several seasons Mr. and Mrs. J. U. Thomas have presented a handsome silver tray but have decided on some new award this year.

GAME CALLED. The Civic and Civil Service League game between the Customs and the Water Department last night was called after 2 1/2 innings because of fog and darkness. The score then was 11 to 5 in favor of the Water Department.

Young French Star Who Upset Mr. Richards

M. JEAN BOROTRA

American tennis experts are not faring so well on their trip into the enemy's land. First Helen Wills, our national woman's champion, was bowled over twice by players she figured to defeat handily, and now Vincent Richards, fourth ranking male player of the country, is downed by Jean Borotra, the young Frenchman. Richards' upset was most unexpected for as he was a favorite to win the Wimbledon tournament.

MANY FANS ENJOY THRILLING RACES

Second Day's Card at Moosepath Featured by Close Finishes.

The races at Moosepath Park yesterday attracted a large number of enthusiasts, the vast majority of whom remained until the last heat was run despite a bitterly cold wind which swept directly across the track. There were many thrilling finishes, some stirring brushes and some clever driving displayed in nearly all of the events. W. H. Keys of St. Stephen was the victor in the 222 class, the three events, Lady Maud K. capturing the 224 class and Lawrence Bond the free-for-all. The 222 class event was won by Wayland Echo, owned by F. S. Southard of Machias, Me.

SHIELDS SIGNED FOR BIG LEAGUE

Fredrickton, N. B., July 10.—Vincent Shields, star pitcher of the Fredericton baseball club and who last season helped the St. Stephen club win the championship of the St. Croix League, has signed a contract with the St. Louis club of the National Baseball League.

Price Bars None From Tailoring

Now the way is wide open to the tailored man class. It took some straining to remove the price barrier and yet hold hard to quality. Here is how it happened: 1. A 35 tailor organization as against the costly two or three. 2. Bigger buying of the best cloths. 3. The expense percentage on each suit reduced a third way by obtaining a cheap upstairs location. 4. Figuring fine prices in the hope of catching many orders as against the average tailor's several a week. 5. Steady advertising so the world would see it all exactly. 6. Making every customer an unpaid salesman out of sheer satisfaction, from choicest cloths, cut and sewing.

ERA FOR COLLEGE PLAYERS IN MAJORS

Wingard Makes Good With Browns—Many Others Have Qualified.

This seems to be the era of the college player in major league baseball, says Billy Evans. Many of the outstanding stars of the present season came direct from their alma mater to the big show. Once upon a time it was a rarity for the collegian to jump from the educational circuit to the majors, and make good from the start. Now it is not at all unusual. There was much ballyhoo when Slater, delivered, also when Franke Franke won a berth as a regular Giant, without either having had any professional experience. Now little more than passing attention is called to the success of the college-trained player.

Games Tonight

Another thrilling battle for first place in the City League race is promised with tonight's game on the Nashua Park between St. Rose's, provincial champions, and the Portlands. Murray will hunt for the Saints and Ira Hannah for the Portlands. A lot depends on this game and as there is considerable rivalry between the teams, a big crowd is expected. For called off the game scheduled for last evening between the Trojans and the St. John the Baptist, but tonight's game should be a good one between the Royals and Machine Gunners. This is Wednesday night's postponed game. Nelson will twirl for the Royals and Johnston or Carpenter for the Gunners.

RENFORTH LADIES WIN AT TENNIS

The two matches called on account of darkness at the opening of the C. N. R. section of the Suburban Tennis League, when Drury Cove met Renforth at the latter suburb a few weeks ago, were scheduled for the Drury Cove courts yesterday as they were supposed to be played before these two clubs meet again tomorrow. The ladies' doubles, one of the events postponed was yesterday won by Mrs. Paul Cross and Miss Mary Robertson, of Renforth, who defeated Mrs. Charles Scott and Mrs. Carl Brown, of Drury Cove, 6-1, 3-6 and 11-5. The second event was not played. With the exception of the first set, which was won by Renforth quite easily, the play throughout was close and exciting. As Renforth won six events previously, this decides the tournament which was held on June 21.

ALL STARS TAKE THIRD STRAIGHT

The All-Stars won their third straight game in a week when they defeated the Wolves on the Acadia diamond last night by the score of 18-3. The All-Stars moved up to second place in the Acadia League. The winners piled up a lead of 11 in the first five innings, which the Wolves could not overcome. Batteries: Burgess and Halpin for the All-Stars, and Randolph and Gorman for the Wolves.

Take It Straight Pure Gasoline

The importance to your car's life and action—of taking Fundy gasoline straight is indicated by this statement from the Automobile Club of America— "From 1914 to 1916, the increase in the replacement of piston parts followed very closely the increase in motor-vehicle registration but, in 1917, the fuel demands for export, coupled with the increased demand caused by the entry of this country into the war, caused a decided decrease in gasoline volatility. It is a matter of common knowledge that fuel conditions for all motor vehicles outside of Government control were relatively bad, due to necessity because the best fuel was reserved for war purposes. This of course, would lead to greater dilution in the motor equipment operated by the general public, and this naturally would be reflected in greater piston-parts replacements.

CONFIRMS NEWS BEL YEARS ILL

A Cable Comes to A. W. Covey From P. J. Mulqueen.

Advice received from P. J. Mulqueen, chairman of the Canadian Olympic committee and in charge of Canada's team in France now, by A. W. Covey, president of the M. P. B. A. U. of C., practically confirm the impression that Hilton Belyea, local oarsman, will not be in proper physical condition to represent the Dominion in the Olympic sculling contest commencing on Sunday. According to this morning's cablegram, Hilton is quite ill. Mr. Mulqueen reports that Dr. A. S. Lamb, of McGill University, one of the members of the Canadian Olympic committee, is personally attending the West St. John oarsman and it is Dr. Lamb's opinion that Hilton will not be able to row. White this will be a disappointment to his friends here, the most disappointed of all will be Hilton himself as he had set his heart on making a big bid for honor at the English Henley and the Olympics.

KING STREET HAS A LITTLE RAIN FALL OF ITS OWN

Rain fell in a very small section of King street today a little after noon. Out of a seemingly cloudless sky a few drops of rain were felt within a comparatively small radius. On looking skyward a tiny dark cloud was seen and from this small cloud the rain apparently was coming. The small space in which the rain was falling and the tiny little cloud in an otherwise cloudless sky caused interested comment among the few people who experienced it.

SIMONDS TAXES LOWER THIS YEAR

Taxpayers in the Parish of Simonds are fortunate this year in experiencing a cut in the tax rate for county purposes. The rate for the whole parish last year was \$1.20 on the \$100. This year, the rate in No. 1 police district, extending from Little River to and beyond Drury Cove dropped 15 cents, to \$1.15, while in No. 2 police district which includes the rest of the parish a reduction of 25 cents was made. The road tax remains at 40 cents throughout the parish.

MONCTON BATSMEN.

The batting averages for home games only of the Moncton team, players who have participated in eight or more home games show "Windy" Sweetnam, who has been holding down third base, leading with an average of .390, with "Rabbit" McManus, left field guardian only three points behind, in second place, and "Jerry" McCarthy, second base, also hitting over the 300 mark. The two leaders are Moncton men.

The averages are:

Player	A.B.	H.	P.C.
G. Sweetnam	41	16	.390
McManus	31	12	.387
McCarthy	44	16	.364
J. Sweetnam	32	9	.281

WATERVILLE NOT COMING.

The Waterville, Me., baseball team will not play the War Vets a double-header here tomorrow as previously arranged, according to announcement this morning. The Maine boys notified the local management they were unable to get a fast enough team together. Efforts are proceeding to have the Yarmouth hall team play but up to a late hour this afternoon no definite word had been received. Next week the Cleveland Giants, a colored team, rated faster than the Philadelphia Giants, will be here for four games. On Monday night they will play the Vets, on Friday night also, winding up with a double-header on next Saturday.

FINE IN TRAFFIC CASE.

William Hall paid a fine of \$10 in the police court this morning on charges of driving an automobile faster than the law allows in Main street and also with failing to sound his klaxon at the intersection of Jones Wharf and Main street on July 9. He said he had sounded his klaxon but did not deny that he was speeding. Police-man Lindsay testified about seeing the defendant driving down Main street at approximately 25 miles an hour and said he did not hear him sound his klaxon at the intersection of the streets. Magistrate Henderson said he would consider the two charges as one and struck a fine of \$10.

ASK ABOUT US.

Several inquiries have reached R. E. Armstrong, secretary of the local Board of Trade, from tourists contemplating trips to the Maritime Provinces. He also received a letter from the Shipping Service Organization at Quebec including a clipping from the Toronto Globe which showed that certain features concerning the port of St. John had been broadcast there and requested a circular from the Board of Trade referring to these features. Unfortunately, Mr. Armstrong said, this supply had been distributed, but he is forwarding information concerning the port to the organization.

R. M. Legate to Represent N. B. at Presbyterian Meeting in Toronto.

Rev. R. Morhead Legate, pastor of Knox church, has been chosen to represent New Brunswick at a meeting of the Dominion executive of the Presbyterian Church Association to be held in Toronto on Monday afternoon. In view of the passing of the church union bill and the fact that a part of the Presbyterian church refuses to recognize it, ways and means are to be discussed at the Toronto meeting to continue the Presbyterian church as a separate unit. Each province of the Dominion will be represented at the meeting.

SAYS CITY WILL NOT MOVE IN LICENSE CASE

The city intends taking no further action in connection with the request of Henry Page for the return of \$500 paid by him as auctioneer's fees recently, according to Mayor Potts, to whom, with the city solicitor, a letter from Teed & Teed, solicitors for Mr. Page, was referred yesterday by the council. In the letter, suit was intimated if the \$500 was not refunded. "There is nothing further the city solicitor or I can do," His Worship said. "The solicitor has already given his opinion in favor of the city and it would not be logical to ask him for another."

The Mayor added that he would go no further in the matter on behalf of the city.

The picnic is in charge of Ensign Friend and his wife, assisted by Mrs. Steeves. A programme of sports was arranged for the young people.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "have you been using maritime-made fertilizer this year?"

"Yes, sir," said Hiram. "I've so. It's made right on the farm. Now if you want a little sermon on 'farmin' I'll give it to you. A lot o' things our gran'fathers done don't pay on the farm now. Every farmer that hes any sense knows that. But one thing the ole folks done orto be done today. The farmer that feeds enough hay an' grain an' vegetables to live stock on the farm to give him what fertilizer he needs fer most o' his farmin' is the best off in the end. I aint sayin' nothin' agin other fertilizers—but I do say that the farmer that buys all he feller that keeps live stock. That means work—an' a lot o' folks hates work nowadays—but as fer me—couldn't be contented to set around an' spin yarns all the time. Work's good fer a man or a woman. It keeps their blood in circulation—an' keeps 'em out o' mischief. An' it brings in good money—yes, sir."
