CAMPAIGN IN ULSTER OPENED AT FENNISKILLEN

First Big Meeting There Today In Opposition To Home Rule

TALE OF ARMY DEFECTION

Belfast Sends Out Story That Many Officers Are Ready To Join The Ulster Men—Sale of Many Revolvers Is Reported

(Canadian Press) New York, Sept. 18—A cable to the Tribune from London says:

A remarkable story comes from Belfast that before embarking on the present campaign against home rule, the leaders had received the assurance that in the event of home rule being pressed to its final stage, a certain number of army officers representing every branch of the service, would throw in their lot with the Ulster men.

The list is said to include many officers of public rank, with twenty-six colonels and lieutenant-colonels, forty-three majors, sixty-nine captains, thirty-one lieutenants and 286 men holding the rank of sergeant major or sergeant.

Ulster's campaign against home rule will open with a big meeting today at Fenniskillen. This is the first of a series of demonstrations which will culminate in the coming day when the members of the unionist committee will bind themselves by a solemn league and covenant to refuse admission to a national parliament.

One of the most disquieting features of the present situation is the increase in the number of persons who own fire arms. In the nationalist district of West Belfast, one dealer is disposing of revolvers at the rate of 100 a week, and expects that this rate of sale will continue for some time.

There is reason to believe that what is happening in West Belfast, is also taking place in other districts, and notably in the Belfast-Dublin. The authorities are perfectly well aware that the traffic is being carried on, and sometimes ago the government actually discussed what steps should be taken to deal with the importation of these arms. It was then decided to take no action at all in this matter.

INJURED BY DYNAMITE AT COURTENAY BAY

Bulgarian Had Explosive Which He Had Been Warned Against

Ignorance of the properties of dynamite and the serious effects apt to follow tampering with it, was probably the cause of an accident which might easily have resulted far more seriously at Courtenay Bay today in the work of construction which is in progress.

A Bulgarian who had been employed about the works and whose duties were to carry sand was badly cut and painfully injured through tampering with a stick of the explosive, and it is remarkable that he escaped with his life. He had a quantity of dirt and powder blown into his face and hands and received a cut on his forehead. The man whose age is about 40 years and whose name was given as Sid Daddot, should really not be touched dynamite as he was told to do so but he had seen the blasting being done and watched the movements of those doing so and thought that he could perform the feat. He was standing almost over the hole when the charge went off after he had been hitting it with the tamping stick. A doctor was summoned and medical aid given the unfortunate workman and later he was taken to the General Public Hospital.

PUBLIC SAFETY INQUIRY

The investigation into the affairs of the department of public safety was the subject of discussion at a meeting of the city commissioners at noon today. The inquiry has been proceeding quietly but steadily and a mass of interesting evidence has been accumulating. The work is still going on and it is impossible to say how long it will continue as new matters are opened up and fresh material for investigation comes to light. Until the investigation is completed the results of the inquiry will not be made public but when the end is reached everything that has been accomplished will be laid before the electors through the press.

PLUMMER SAYS THERE IS NOTHING TO STORY OF BIG AMALGAMATION

Steel Companies to Unite and Bid For Battleships For Foreign Powers Was Tale in Toronto

(Canadian Press) Toronto, Sept. 18—Rumors of a proposed amalgamation of the Dominion Steel Corporation of Sydney, N. S., and the Nova Scotia Steel & Coal Company of New Glasgow, N. S., the increase of the capital to \$75,000,000 and the undertaking of contracts for the building of battleships for Russia and other foreign powers are current, but their origin could not be traced.

Neither could a variation which asserted that the Canadian Steel Company of Hamilton was the concern which was to be associated by the people of the province.

When J. H. Plummer, president of the steel corporation, was asked about the truth of the report, he said he was perfectly sure and simple. Not a single word had been said or which would even suggest such a move. You will be perfectly sure, saying that there is not the slightest foundation for any such absurd story.

BOY'S CRUEL RUSE

Sixteen Year Old Practices Deception On Father to Get Home

Montreal, Sept. 18—After receiving several wires asking for money from his sixteen year old son Albert, who had run away and who had been stranded in Sudbury, Ont., J. B. Souchebreau of Verdun, got a message purporting to be signed by the station agent at Sudbury, mentioning that Albert Souchebreau was dead at that place. The father made all preparations for the reception of his son's remains at home, having the house draped and bier installed with candles ready. He also ordered flowers, and several friends sent in wreaths. Mr. Souchebreau himself went to Sudbury to get the body, wiring ahead to the undertaker there to have a casket ready. Much to his surprise he was met at the depot by the boy who had practiced this deception in order to get home after he had spent all the money sent him.

King George's Clerk of the Closet Crosses Atlantic to Visit - Some Stories of Those Who Have Filled the Office

King George's clerk of the closet and principal spiritual adviser, the Right Rev. William Boyd Carpenter, for more than a score of years Bishop of Ripon, and now Canon of Westminster Abbey will arrive in New York today from England, on the Baltic, for a stay of some duration, during the course of which he will visit the principal cities of the United States.

The clerk of the closet towards the end of the reign of Queen Anne, was Doctor Younger, Bishop of Salisbury, foreseeing the change of sovereigns and the accession of the Elector of Hanover to the throne of England, he applied himself with such success to the mastery of the German language, that the king retained him in office.

After the ceremony was over he sent for the bishop and an explanation took place. The king conscious of the rectitude and propriety of the motives that had actuated Lord Townshend in organizing this pious fund, never expressed any resentment, but contented himself with promising Doctor Younger the translation to a more lucrative see, and had nominated him for a vacancy which occurred soon afterwards, when the bishop died suddenly, in real earnest.

Dr. Boyd Carpenter the present clerk of the closet was appointed to office by King Edward in 1903, just about the time when he was in the United States to deliver a series of lectures at Harvard University.

By Cuticura Soap and Ointment. Cheest Raw, Bleeding and Itchy.

"I just want to say a good word for Cuticura Soap and Ointment. In November, 1909, I had what the doctors call shingles and eczema. My chest was raw and bleeding and itchy. It was that way all winter. It was not so bad in the summer. In September it got worse. I had the best doctors treating me, but did me no good, and I was all run down in health. In November, 1910, I got worse again. I sent you for a sample case of Cuticura Soap. You sent it to me and I got a box of Cuticura Ointment. I have used two boxes and on the third one it has cured me of shingles and eczema. I am delighted with them and feel bound to say that I have something I have confidence in. I don't know anyone else who has cured them from experience." (Signed) J. H. Jarvis, 7 Ann St., Kingston, Ont., May 20, 1911.

For more than a generation Cuticura Soap and Cuticura Ointment have afforded the speediest and most economical treatment for itching, burning scalp and bleeding skin and scalp humors of young and old. A single set of Cuticura Soap and Cuticura Ointment are without fail in any treatment, a liberal sample of each with 25¢ booklet on the skin will be mailed free, on application, address Potter, Drug & Oil Corp., 60 Columbus Ave., Boston, U. When Shall We Kiss? By RUTH CAMERON

MOTHER has written to ask me to say something on the harmfulness of kissing games at young people's parties.

Delighted. I didn't realize that forfeits such as measuring so many yards of ribbon, and picking cherries, and games like "On the Green Carpet" and clap-in-and-clap-out and the most flagrant of all "post-office" were still in vogue at young people's parties.

But if they are I am certainly delighted to engage in any crusade against them. But in one point I disagree with my correspondent. She thinks that the little girl of, say, six or eight or ten should be forbidden to kiss her little boy friends on the ground of morality.

When it is used lightly as a form of amusement in kissing games, or a form of sensual pleasure in the game of hearts, it is cruelly cheapened. The girl who has given such kisses has lost something else she can never get back. I am sorry for her.

Daily Hints For the Cook

LETTUCE SALAD WITH FRIED CHEESE. Dress the lettuce in the usual way with French dressing. Have a mild cheese, rather dry, cut in strips like French fried potatoes, dip the strips in beaten eggs, roll on bread crumbs and drop into fat to brown quickly. Serve with lettuce.

HAM SALAD. Put one pound of cold boiled ham through a meat chopper. Add half dozen small pickles, chopped, and a little chopped celery. Dress with a good salad dressing and serve on fresh lettuce.

STRING BEAN SALAD. Take crisp lettuce leaves (four are plenty), arrange them in rows, put one large spoonful of cold string beans in each row, cover with a cream salad dressing and dot all over with little squares of boiled bacon. Set on ice till ready to serve.

PEACE ADVOCATE HERE. An apostle of international peace visited St. John yesterday in the person of D. E. Jackson, a talented New Brunswicker who is devoting his energies to promoting the peace spirit in Canada. Mr. Jackson was born in Woodstock, and became interested in the peace movement some years ago while editing a newspaper in British Columbia. He is not working under the auspices of any society or organization. He goes about the country delivering a lecture, the title of which is "War and the War System." Clergymen everywhere, he reports, have shown great kindness, and one minister recently travelled with him for a week.

TWO EXAMPLES

The speech of Sir Wilfrid Laurier, delivered at Mariville, on Saturday, September 7th, was one of the greatest efforts of the premier's life and stamps him as the foremost Canadian of the day.

As to preference in the British market, we regard that as a myth. Even the Canadian Manufacturers' Association has declared against any further preference on British goods.

PROVINCIAL POLITICS

For quite a long time there have been whispers that Hon. Dr. Landry and his colleagues in the provincial government did not see eye to eye in the matter of immigration.

RECLISS MISREPRESENTATION

The following is an extract from the Montreal Star's report of Hon. Mr. Hazen's speech at the Pelletier banquet: "Sir Wilfrid Laurier had recognized that Canada had certain duties in this respect, but his policy was ineffective."

ONTARIO CROPS

The Ontario Crop Bulletin for August gives interesting information regarding the harvest in the province. Fall wheat is not up to the standard of recent years in yield.

LIGHTER VEIN HIS POLITICS

Kicker—Is Jones a Progressive? Boker—Well, I can't tell whether he is ahead about being behind or behind about being ahead.

IN THE LOUVRE

The Venus of Milo explained. "I wore 'em off throwing stones through windows," she cried. "Little—"

THE ETERNAL BANQUETING

Plain Citizen—"What is the most necessary qualification for a public career—a good stomach?"

HIS IDENTITY

"I presume you never quarrel with your wife?" "Certainly not!" replied scinty little Mr. Hennepeck. "I am merely a husband, not a lion tamer."

WELL, HE BECAME SO

"Children," asked the visitor who was addressing the school, "how many of you can tell me what was the first Napoleon's soldiers used to call him?"

VOTE IN LAST YEAR'S ELECTION ANALYZED

Ottawa, Sept. 17.—Only seventy per cent. of the qualified electors exercised their franchise in the federal election of last September. Out of a total of over 1,850,000 electors, whose names were on the voter's lists, 1,307,228 cast their ballots.

THE TALK OF CLEANING UP THE CITY OF DETROIT

The talk of cleaning up the city of Detroit appears to be proceeding with some vigor. The reformers are not merely directing their attention to members of the city council.

AS TIMES ARE FAIRLY PROSPEROUS

As times are fairly prosperous the coming winter will not doubt be marked by considerable gaiety in the city of St. John. It should also be marked by a good deal of combined effort to bring about some changes, legislative and otherwise, which are needed to improve conditions affecting social welfare.

THE STREET RAILWAY

Another Conference With Commissioners—Motors and Conductors Get Increase. The executive of the St. John Railway Company decided yesterday to ask for another conference with the city commissioners regarding the terms under which they would be allowed to double-track the new line to King's corner.

REGENT DEATHS

Montréal, Sept. 17.—The Most Rev. Ronald MacDonald, Archbishop of Gortyn, formerly bishop of Harbor Grace (Nfld.), died at the infirmary of the Grey Nunnery here today.
The late archbishop was born at Maryville, Antigonish, in 1833. He was ordained to the priesthood in 1859, and was professor of St. Francis Xavier College for two years. In 1862 he became pastor of the parish of St. John in New Brunswick, and was re-elected to that office in 1881. On his return he was appointed superior of the Grey Nunnery, and he remained until his death six years ago. He was made archbishop of Gortyn, Gortyn, Ireland, in 1906, and he was in the city at the time of his death. He was a devoted and successful pastor and administrator.

The death of Miss Myrta Bernard occurred at the residence of her parents, Mr. and Mrs. P. Bernard in Richibucto on Sunday afternoon, Sept. 16. She was survived by two brothers and three sisters. The funeral took place on Monday, interment being at Richibucto.

Thomas Asprey, a British Army veteran, who had been in service in India, in the Punjab in 1857, died yesterday in Moncton, aged seventy-eight years. He lived for several years in St. John before removing to Moncton. He was in the I. C. R. service until 1907. His wife, three sons and one daughter survive.

Daniel Sullivan of Williamsburg, York County, was stricken on Sunday while taking part in a religious service, and died a few hours afterwards. He was only six years old and is survived by fourteen of his sixteen children.

PROVINCIAL PERSONALS

Frederick Gleaner—E. A. O'Leary, of the Royal Bank has gone to Richibucto on his vacation. Mrs. Atkinson and Miss Annette M. Bishop, of St. John, are visitors in the city for a few days. Miss Florence Gilbert and Miss Lena Cook left last evening for Boston. The Misses Clara and Marjorie Ferris, of St. Marys, leave Wednesday for St. John to spend a few days. Mrs. Arthur Porter is critically ill. W. D. Yerra is seriously ill at his home at Nashuak.

Fredericton Mail.—Miss Harriet Hazen, stenographer in the education office, who left here some weeks ago on a trip to Salsbury, has accepted a situation in that city.
Moncton Transcript.—Mrs. W. W. Saunders and Miss Rita Storey, who have been visiting their sister, Mrs. J. E. Fryers, have returned to their home in St. John. Mrs. C. T. Purdy returned yesterday from St. John and Yarmouth, N. S., accompanied from St. John by her mother, Mrs. Montgomery, who will spend some weeks in Moncton.

Amherst News.—Dr. and Mrs. Hubert Wood, of Honolulu, Sandwich Islands, were in Amherst this morning. Mr. Wood taught school in Springfield and a number of other Cumberland districts for some years and Mrs. Wood (nee Harvey) was a member of the Amherst Academy staff for some years. Mrs. Harry Lewis, wife of the celebrated Scotch comedian, arrived in Amherst on Saturday and will be the guest of her brother, George Vallance, for the next fortnight. The Rev. J. M. C. Wilson, son of Canon Wilson, of Springfield, learned last week that he had been unanimously elected as rector of St. Anne's parish, Lincoln, Mass., and will leave for his new sphere of work next week. Lincoln is practically one of the suburbs of Boston.

LOCAL LODGE OF MOOSE

Headquarters Far St. John Opened and Active Work Begun

The Local Order of Moose, an international fraternal and social order will institute a lodge in St. John during September weeks. Rev. Paul Weller of the Lutheran Church acceptably filling the Halifax Universalist pulpits for the last two Sundays. Mr. Fenwick, an Universalist superintendent for Canada east, has been missionizing in New Brunswick. He led in the organizing of a Universalist church in the county, New Brunswick. He reports large congregations, services being held Sunday evenings. The earnestness and headship of the members in the movement were inspiring lessons, also the earnestness and facts of fellowship of some from the orthodox bodies. A Presbyterian minister, and two of his elders, attended one service, the minister giving benediction; another Presbyterian preacher took part in several of the services and exchanged views. An Adventist elder promises to attend next time, but being unavoidably absent at camp meetings this time.

The preaching of Mr. Fenwick was as usual done in the utmost consideration for the equal duty of earnestness of people of other ideals. The members of the Halifax church feel very greatly encouraged by the news from the field-work of their pastor and they will continue materially and morally interested in these missionary labors. The Halifax church has always aided movements in the maritime provinces, and weak churches in the eastern townships of Quebec, etc., etc. Much of the work done is in an unorganized but educational way.

CAR WORKS ARE BUSY.
Amherst News.—The Nova Scotia Car Works are busy these days, particularly in the steel department. The company had an order from the C. P. R. recently for 800 cars, and they were engaged also on an order from the I. C. R. The works have just been given an additional order from the I. C. R. to be made as rapidly as possible, for 300 cars. This order will make it necessary to rush the works more than ever if they were possible.

"SYRUP OF FIGS" FOR INDIGESTION, BILIOUSNESS AND CONSTIPATION

Better Than Castor Oil, Calomel or Cathartics to Cleanse Your Stomach, Liver and Bowels. Harmless Laxative For Men, Women and Children.
Primitive folk did not need laxatives. choice. We must live like primitive folk, else we must take artificial means to move the excess bile and waste matter on and out of the system.
The safest, most harmless and effective stomach, liver and bowel cleanser and regulator for men, women and children—is delicious Syrup of Figs, which doesn't irritate, gripe or weaken. Its effect is the effect of fruits. It is composed entirely of delicious figs, figs and aromatic. Don't think you are drugging yourself. Syrup of Figs can be constantly used without harm. The great danger of "Syrup of Figs" is that it is prepared by The California Fig Syrup Company. This is the only genuine—the old reliable. Refuse, with contempt, the so-called Fig Syrup imitations sometimes offered to deceive you.

PLAYS AND PLAYERS

Budget of News Concerning Stage Favorites Known to St. John Audiences.

Friends in St. John will be interested to know that a son was born the other day to Mr. and Mrs. Robert B. Mantel at the home of Mr. and Mrs. William A. Brady, Lock Avenue. He has already been named Robert Bruce Mantel, Mr. and Mrs. Mantel left their summer home, Brucewood, near Atlantic City, about a week ago to spend the remainder of the summer at Ashbury Park, N. J., with Mr. Brady, who is Mr. Mantel's manager.

Dallas Welford, the short, fat, funny fellow who played here in Madame Sherry an exchange in referring to his work "Farrington Tommy" and "New York": "He plays the under secretary, with clerical garb and ministerial side whiskers, employing high-comedy restraint and less discerning management and actor might, night a good part with musical comedy license."

Miss Virginia Harned, who was most popular here some years ago appeared last night in a playlet from her new play, "The Call of Paris," at the Grand Theatre. She is a favorite in St. John, and she has been here for several years. Her husband and sister-in-law into consideration. After a spirited run, during which divorce is suggested, the playlet ends with her husband and sister-in-law into consideration.

Frederick Perry, husband of Eleanor Carr, and William Courtland, seen here with Harkins, are in the cast of Augustus Thomas' new comedy "The Model" opening in New York this week. A comedy which was completed during the voyage of the Titanic, and whose author was one of the victims of the disaster.

A thirty thousand dollar advance saved the way for the success of "The Garden of Allah" in Chicago, so that it seems as if all previous records in that city would be as ruthlessly shattered by this big production as were New York records in the season previous. J. Palmer Collins, who played in St. John in the Bonnie Briar Bush, is playing in New York in the comedy success "The Mind-the-Point-Girl." This is a new comedy, having opened only last week.

The proposed whirlwind tour of Eva Tanguay, under Joseph Schenck's management, is declared off, and the comedienne will be with Lew Fields this season. The reason for abandoning the tour, which was to have been a La Haye Lauder, is reported to have been the opposition of vandeville interests, who threatened to keep her out of their houses if she did it. Miss Tanguay has been assigned to The Sun Dodgers, which is scheduled for production next month.

STORY OF JAKE STAHL, HEAD OF RED SOX

Garland Stahl was born in Elkhardt, Ill., on April 13, 1880. His parents, both of whom are living, were American born, his father of German and his mother of Scotch-Irish extraction.

An older brother is engaged in the hardware and agricultural implement business in his old home. He has two sisters. One is married and lives in Chicago. Stahl was sent to Washington in the fall, figuring in 1907. Stahl then was sold to the Chicago White Sox, but chose to cast his lot with the semi-pro games which were flourishing in Chicago at that time.

Stahl reported to New York in the spring of 1908 and played left field, but was sold to Boston in July for a cash consideration. He fulfilled a three-year contract, which expired with the season of 1910, and returned to Chicago in 1911. He did not play last season.

Stahl married in 1906 Miss Jennie Mahan, who had been a classmate at the University of Illinois. His father-in-law, Henry W. Mahan, is president of the bank, and Stahl has been in the banking business between a mahogany desk and a baseball diamond.

Walter Thornton was coaching the pitcher and devoted much time to Stahl, but finally advised him to give up pitching because of lack of control. Stahl's first year in the major league was a failure from the start. He must be good to last year. That is why I always enjoy my work with the Sox. We understand each other and can work in harmony. Those whatever you do, you can't get along without enthusiasm and I play the man who hasn't any, and above all, as I said before, one must get down under the skin of things.

Perhaps this ability to get under the skin of things, coupled with his enthusiasm, is the secret of his power to arouse his teammates in others, as he appears upon the screen, while he shows himself to be not only the man of a hundred faces, but a man of many ideas.

CYANIDE USED TO KILL DOGS HERE.
Analysis Shows Cause of Death of One of the Animals.

An analysis of the contents of the stomach of one of the dogs which were poisoned last week in North End shows that the belief of the owners was well-founded that there was justifiable ground for their assertions that their pets had been deliberately killed.

It developed that the little animal had died from swallowing cyanide of potassium, a deadly poison, and sudden in its effects. This was the poison used in Boston a few months ago in a murder case which attracted the attention of the reading world for some time. So far it has not been possible to trace the identity of the miscreant person who administered the poison.

NEW MINERAL FOUND ON FARM IN CHARLOTTE

A. R. Lomax Holds Discovery as Worth Lot of Money—Analysis Made and There Will Be Another

A new mineral has been discovered by A. R. Lomax of New River, Charlotte County. The substance to which no name has yet been given, he believes promises to be a very valuable find. An analysis, made by M. V. Padlock of this city, and confirmed by analytical chemists in Fredericton and New York, shows a large percentage of iron combined with silica, alumina and potash with trace of magnesia. The New York chemist also found a trace of copper. The material is soft and crumbles to a mass readily into a smooth velvety powder. In the ground it was almost silver white in appearance, but when exposed to the air and dried it becomes a very pretty purplish violet.

It has been pronounced by experts as of great value as a base for paints and metal polish. There appears to be a very large deposit of the mineral around New River. Mr. Lomax made the discovery on his own property, where he found a vein five inches thick and also traced the outcroppings of the vein all over an area of at least a square mile. After the first analysis was made and his opinion of its value was confirmed, Mr. Lomax took steps to protect his interests by securing the mineral rights for the adjoining properties as well as on his own. He has already been offered a substantial sum for his rights but is holding out for something in six figures. Mr. Padlock is leaving for New York with a sample of the material to submit it to other experts and to get their opinion on it.

The discovery of the material was made quite by accident. Mr. Lomax was out gunning for duck along the shore about a month ago when he slipped and dislodged a section of a mass, revealing what he thought at first would prove a copper mine. He secured a sample and sent it to St. John to be tested and the results were such that he is looking forward to an affluent future.

SAID HE WAS A POLICEMAN; WAS TAKEN TO COURT

Elmer McLean Early in the Streets on Private Business—Today's Police Court

Six prisoners arraigned before Magistrate Ritchie in the police court this morning, five of them charged with drunkenness. Two of the detainees were women, and they both pleaded guilty to the charge. They were bound to serve a term at the Good Shepherd's Home. Two others were fined \$5 or thirty days in jail, and one \$2 or five days in jail.

Elmer McLean, aged 24, charged with wandering about the streets between three and four o'clock this morning, and not being able to give a satisfactory account of himself, was remanded to jail. The court ordered that he be examined as to his sanity. McLean told the court that he had private business to do at three o'clock this morning. He would not divulge the nature of his business.

Policeman Lomas told the court that McLean had told him that he was a policeman and had a right to be in the street at that hour. About a year ago he was arrested on the same charge, and was sent back to his home in Pennfield, N. B.

A case against John Jacobson, reported for obstructing Pond street, stands till Saturday.

Herbert Love, a coachman, was fined \$2 for going beyond the stand allotted for coachmen at the Union Depot.

Thomas Dean was fined \$2 for encumbering the I. C. R. property in Pond street with a wagon.

Herbert Brown, charged with not having a light on a pile of lumber belonging to him, in Carmarthen street, said that a lantern had been placed on the lumber, but that it had gone out. He was cautioned.

IN TROUBLE WHEN HE WENT TO WALK WITH ANOTHER WOMAN

Case Against Wallace Stevens Brings Comment From Court—Wife's Testimony Lightens Sentence

A case that occupied considerable time was that of Mrs. Margaret Whelan against Wallace Stevens. Mrs. Whelan charged Stevens with assault, and the defendant pleaded not guilty. S. E. Morrell appeared for the defence. The complainant is a sister-in-law of the defendant, and the assault was said to have been committed while the complainant and the defendant's wife were following him, when he was with another woman. Mrs. Whelan in her testimony, said that while out walking with her sister, Mrs. Stevens, they saw the defendant with another woman in Stanley street. Mrs. Whelan alleged that Stevens struck her and knocked her down and also used bad language to her.

Mrs. Stevens was the next witness, but instead of giving evidence for the prosecution, gave it favorable to her husband. She stated that her husband had struck her sister or used bad language to her. She admitted that Stevens threatened to strike her if she continued to follow him.

Stevens, on the stand, denied striking Mrs. Whelan or using bad language. His Honor gave him a reprimand for being out walking with other women, and told him that if it had not been for his wife's evidence, he would have sent him into jail without a fine. He was fined \$20 or two months in jail.
