HOW TO INSURE THAT THE SUPPLY OF MILK IS PURE

In the De Laval Monthly, a dairying publication, is a description of the Brookside Farms Dairy, which should be of interest to all who are concerned in the problem of securing pure milk. This dairy supplies milk as pure as it is possible to get it, but it is not boasted within easy distance of its market in New York, its owners would long since have been put out of business if only one of the largest cities in the world could customers be found in sufficient numbers to pay 20c a quart for the ordinary prices are 8c and 40c respectively. Purity and cleanliness cost a lot of money.

Hon. William Pugsley Speaks of the Importance of the Recently Declared Policy and Discusses Question of Canadian Trade Going Through Canadian Ports—Goes to Ottawa Tonight and West Next Week.

Hon. Wm. Pugsley, minister of public works, who accompanied Mrs. Pugsley, came to Hothsay yesterday, spent last evening in the city. He will meet the city harbor committee this morning and will leave this evening for Ottawa. Here some matters demand his attention before he starts on his journey west. In an important interview given to a Telegram reporter last evening, Hon. Mr. Pugsley said: "My principal object in coming here is to confer with the harbor committee of the common council in regard to exchange of properties with the province regarding a meeting and expect that one will be arranged for tomorrow. I am anxious to have the matter closed as soon as possible so that there shall be no delay in the dredging operations."

THE EGYPTIANS' SECRET

The Egyptians of Pharaoh's time were a wonderful people. The pyramids, for instance, put our modern buildings to shame. Where such huge blocks of stone were carved—how they were moved and put in place—are mysteries to modern minds. The Egyptians were skilled physicians, too. We know that they used fruit juices in treating many diseases. Some years ago, a physician in Ottawa discovered a method of combining the juices of apples, oranges, figs and prunes, by which the most remarkable results have been obtained.

NEWS FROM FREDERICTON

Conservative Picnic at Stanley Was a Decided Fizzle—Soldiers to Leave for Camp Sussex.

Fredericton, N. B., June 23.—H. company, Royal Regiment, Major Fisset commanding, will leave on Saturday morning for camp Sussex. Five non-commissioned officers have been selected to act as instructors for the 6th Regiment and they leave for Woodstock on Monday.

The political picnic at Stanley today under the auspices of the Conservative Association of this city, was not a great success considering the fact that it was held in one of the chief thoroughfares of the city. A special train of seven cars left here at 9.30 this morning with about seventy persons on board, including the Hon. J. B. Macdonald, Premier, and other members of the cabinet. The picnic was a complete failure.

POLICEMAN-MAYOR GETS A \$9,000 LIBEL VERDICT

George H. Brown Secures a Verdict from the Lowell Sun, for a Defamatory Article

Lowell, June 21.—Mayor George H. Brown, who sued John H. Harrington, publisher of the Lowell Daily Sun, charging libel, today was given a verdict of \$9,000. A sealed verdict was returned by the jury on Friday afternoon. The case was heard in the Lowell district court, then a member of the Lowell police department, was making his campaign for the mayoralty election last fall.

This campaign was without precedent in the annals of Massachusetts. George H. Brown, patron of the Lowell Sun, police force, rushed in alone at the last hour of the campaign in which the regular aspirants were all strong men, and opposing the Republican and Democratic nomination for mayor and was elected by a large majority. The Lowell Sun published an editorial hostile to Brown, which led to the suit. The editorial complained of accused Brown of having in his possession some \$20,000 which he was using for bribes to influence the election. One of the witnesses today testified that three-quarters of the men in his parish which is one of the rural districts here, were members of the Montreal fire department.

NO WOMAN CAN BE STRONG AND HEALTHY UNLESS HER KIDNEYS ARE WELL.

When the kidneys are ill, the whole body is ill, for the kidneys which filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up. Those who have never been troubled with kidney trouble know the misery and suffering which those afflicted undergo.

Doan's Kidney Pills are a specific for all kidney troubles. They begin by healing the delicate membranes of the kidneys and thus make their action regular and natural. They help the kidneys to flush off the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages.

Doan's Kidney Pills are entirely vegetable, and may be safely taken by young and old. Let Doan's Kidney Pills do for you what they have done for thousands of others, that is, cure you. Mrs. M. Bryanton, Spring Valley, P. E. I., writes: "I was troubled with my kidneys for two years. They were so bad at times I could not cross the floor for the pain. I tried a doctor but he did me no good at all. I sent to my nearest drug store and got four boxes of Doan's Kidney Pills, and I am glad to say that after taking them I have a kidney bladder and all the urinary passages."

So far, the catch of salmon in the harbor this year has been light. The season will last about two weeks longer. Prices have been very good so far. The spring run of shad is over and the catch was poor, but prices were very fair. The catch of gasperaux was a little better than last year, although prices were not quite so high.

PEDDLED JOBS TO ALL WHO WOULD BUY THEM

More Evidence of the Graft and Corruption of the Montreal Fire Department—Positions Sold to Farmers or Any Who Had the Price.

Montreal, June 23.—Ex-Ald. Ames, M. P., was one of the witnesses at the royal commission today and his evidence was an example of the favors which are at the disposal of the members of the Montreal city council. Mr. Ames testified that when he was first elected to the city council he was asked by the mayor to accept a position of juror going on an assignment, and that he declined the offer, saying that if the assignment was correct for him as a citizen it must also be correct as an alderman.

There seems to be a perfect carnival of bribery going on in Montreal. The British amongst the members of the fire brigade, in nearly every case, where charges have been made, evidence has been opposed to that given by the witnesses to the charge has been given.

Happy Gathering at Summer Home of Mr. and Mrs. T. B. Hanington—A Presentation of Gold.

Surrounded by relatives and friends in the Lower Falls at Keswick, Mr. and Mrs. Thomas B. Hanington last evening celebrated their golden wedding anniversary. All the children and ten of the grandchildren, besides some ten or twelve invited guests, were present. The gathering was a most happy one, more especially as the bride and groom of fifty years ago are in excellent health.

St. Stephen, June 23.—About 1 o'clock this morning a strong odor of gas in the Windsor Hotel caused Night Clerk D. T. Belyea to investigate. In company with the night porter they soon found the leak and when a match was struck an explosion occurred that tore up one of the rear rooms and knocked Mr. Belyea down and broke his right leg below the knee. An alarm was given in but no damage resulted from the fire.

FORMER ST. JOHN MAN OBTAINED A MINISTER

P. Lawson Comman, formerly of St. John, who has had charge of the Free Baptist church in Crystal (Me.), was ordained there on Sunday, the 22nd inst. The quarterly meeting, which was held at Crystal, lasted from Friday to Sunday. All the meetings were largely attended, especially the Saturday and Sunday services, when the church was not large enough to hold all who sought admission.

The ordination service was conducted by Rev. F. C. Whitcomb, assisted by several clergymen from surrounding parishes. Immediately after the service the ordination of baptism was administered to three candidates by Rev. P. L. Comman, this being the first time he had been privileged to perform this rite.

Mr. Lawson will remain in charge of the church at Crystal and is receiving the hearty co-operation of the members in his work. The Sunday offerings, which were partly for missionary work and to assist in building a new church, amounted to \$452. During the past year about sixteen members have been added to the church at Crystal by baptism, while about twice that number have identified themselves with the work by joining the church.

PROFESSOR DAVID STARR JORDON

Editor Times: Sir, - The writer, during a lengthy residence in California, had his attention frequently attracted and startled by the gyrations of the much vaunted but overbearing chief of Stanford University and it was with much gratification that he read the accounts which have appeared in various papers all over the continent of the call down or rebuke that was administered to Prof. Jordan by a spirited patriotic Frenchman, who challenged the declaration that his country was decadent, and with such grace and dignity replied in an alluring reference to La Belle France, or "The pleasant land of sunny France, with its delightful and hospitable people."

The writer recalls the spirited, reckless and denounced England at the time of the Boer war, he declaring that "England was the red shinned bully of the world," that decadence had already set in and that in less than twenty years she would be reduced to the level of a second class power and much more that was bitter and virulent.

This called forth a number of strong protests from British residents in San Francisco, notably one from Wm. Greer Harrison, president of the British Educational Association of San Francisco, and a prominent business man and social leader in that city. Mr. Harrison is a well known and successful merchant, and his state is a native of Londonderry, Ireland, and as often happens in such a case is more English than the English, and is so fond of an English mother, that during a residence of many years in San Francisco he had refused to change his citizenship, until the great earthquake and fire, when he cast off his allegiance to old England and cast in his lot with the land of his adoption, his home, New England. It is also well to state that Mr. Harrison is and has been for many years a member of the English Fire Insurance companies, a company that lost many millions by said earthquake and fire, but which paid up promptly one hundred cents on the dollar, without any "waiting" or deduction on account of "subject" clause.

Complaint was made by a number of other residents of California that a person accepting the position of head of a national institution like Stanford University, should make like that, sweeping denunciation of the great wrong of which that Englishman had had for so long proved himself to be the mother of parliamentary government and the most villainous of all things, yet even the most rabid American would have to admit that the British would have to admit that the British were second to, and within measurable distance of the American. Prof. Jordan, he and his kindred, should be fixed in accordance with natural laws, otherwise dissatisfaction and friction would inevitably follow. From now on other people but our kinsman would we British people have submitted to such repeated acts of injustice. I can recall hearing my father boast of his having enlisted as a private in the New Brunswick ranks to resist the occupation by the United States of the Aroostook territory. That feeling was common to Canadians and of course still continues. I believe the chief object of the United States in relation to this boundary barrier between New Brunswick and Quebec.

The United States cannot claim the soil by prior right, discovery or conquest. We British most assuredly had undisputed undivided a priori to the westward of the American boundary, or to be correct a majority of the same. They seceded from us, therefore we can claim that for boundary and barrier is unjustifiable and has only been done by bullying, not in accordance with that "Righteousness which calleth a nation to account."

Some years ago I was in company with a resident of Eastport, Maine, a gentleman who had taken great interest in the early history of the state, and the adjacent British regions. He had given specially close study to the St. Croix river boundary, and he stated to me that he had recently discovered a mass of information which was a revelation to him. This gentleman was a strenuous American or Yankee citizen, and I will remember the reluctance with which he admitted to me the information which he had recently gained was strongly in support of the British boundary claim.

To sum up, after all, the American people, that is the common people, who at the last have to bear the burden and fight the battles, do not derive gain or benefit by any or all of this overreaching policy toward Canada, which on several occasions brought the two countries to the very verge of war. It most certainly was not fear that caused us to yield, for we Canadian men of united British-Norman stock "know not the meaning of the word fear."

**McKINNEY'S HORSE REBELLED AT LAST**

**Equine Owned by James McKinney, a Former Wood Hawker, Could Not Stand Drive to Mispec.**

After traversing the streets of St. John for night on to a quarter of a century, a horse owned by James McKinney, rebelled on Monday morning, Tuesday morning, left vehicle, harness and Mr. McKinney in the village, and hid himself to the satisfaction of ten miles.

Not professing to be afflicted with Marstonitis, McKinney was compelled to search for the runaway animal. In the meantime the horse had reached the city and on Tuesday morning Patrolman James Ross spotted him, cartilageless, on Brunswick street. He was quite docile and did not object to being placed in Weatherhead's stable on Union street, where he was provided with feed.

McKinney arrived in the city last night, and ascertaining that his horse was in the stable, he visited the proprietor for the purpose of reclaiming the equine. However, he was informed that it was necessary to obtain the consent of the chief of police before the animal could be removed. McKinney implored them to turn his horse over to him, as the mail was dilatory in being delivered. This morning he sought Chief Clark, but the latter was apparently against him, as the chief departed from his office a few minutes before Mr. McKinney's advent. Subsequently he was communicated with and sanctioned the removal of the horse, subject to payment of baiting. Mr. McKinney was formerly a wood huckster.

**PLEASE BE EARLY**

Patrons of "Miss Hersey from Jersey" Tonight are Requested to Be in Their Seats on Time

The first production of "Miss Hersey From Jersey," by the St. John Dramatic Club at the Opera House, will be the principal amusement feature today. Because of the play's excellent work in "Caprice" and "A Sailor's Sweetheart," this latest production has been awaited with keen interest. Those who have seen the rehearsals of Miss Hersey from Jersey say it will be the best yet given here. It is a screwally funny three act comedy, with characters which will "eat the ability of the members of the club. As the advance sale of seats indicates a very large attendance at all performances, the club particularly requests that all patrons shall fill their seats on time. A special ladies' and children's matinee will be given on Saturday afternoon. At the final production on Saturday evening the newboys of St. John will occupy the gallery.

**ANOTHER ATTEMPT TO BOOM AQUATICS**

The Interesting Story of the Last Attempt That Was Made

Another attempt is to be made to revive interest in aquatic sports in St. John. It is hoped this one will prove more successful than the last. In the early spring of last year a four-oared crew joined the Every Day Club to row under its colors. Uniforms in the club's colors were secured, and the prospect seemed good. Then a change was made in the crew by one member dropping out. Later a race at Seaside Park with other sports were planned, and Mr. Coates arranged to meet in a four-oared crew for the Naptunes. But before the day of the sports arrived two of the Every Day Club crew went away without notifying the club, and the whole affair had to be called off. The Every Day Club then and there dropped aquatic sports.
