GENERAL CIRCULAR.

THE MOUNT ALLISON WESLEYAN COLLEGE was organized in July, 1862, under a Charter obtained from the Legislature of New Brunswick. By virtue of this Charter it possesses full University powers.

The College is conducted on strictly non-sectarian principles. The general denominational control under which it is placed furnishes a sufficient guarantee that sceptical license will never be allowed within its walls, but does not imply the existence of a purpose or a wish to interfere with the conscientious convictions of any. The fullest recognition, however, is given to the truths and claims of the Christian religion. The Bible is publicly honored as the Word of God, and no pains are spared that the education imparted may be suitably leavened with religious principle.

Students may enter the College either as regular Undergraduates, having passed the Matriculation Examination; or as Specialists who do not look forward to a University Degree.

For Undergraduates two complete Courses of Study are provided, viz.:

1. The regular Arts Course for the B. A. Degree.
2. A Special Course for those who prefer to substitute, in whole or in part, Modern Languages for Greek and Latin, and who may desire a greater number of elective studies than the Arts Course permits. The Degree of Bachelor of Philosophy (Ph. D.) will be conferred on Students who shall have completed this Course.

Special Students are admitted to any class or course of Lectures, for which, in the judgment of the Faculty, after due examination, they are deemed prepared; and upon leaving the College, they will be entitled to receive Certificates bearing the College Seal, and specifying the particular branches of study in which they have received instruction and passed satisfactory examinations.

CANDIDATES FOR THE MINISTRY.

Candidates for the Ministry of the Methodist Church of Canada, who have been appointed to attend College, will pursue the course of study prescribed on page 192 of the Discipline of the Church.

The Educational Society of the Methodist Church makes provision for free tuition, and aids in meeting the general expenses of young men appointed by the Conference to attend College.

PRELIMINARY COURSE OF STUDY.

This Course of Study is designed to meet the wants of young men preparing to offer themselves to be received on trial for the Ministry. It embraces all the subjects prescribed for the preliminary and first year's examinations of the Methodist Conference, and may extend over one, two, or three years, according to the previous attainments and circumstances of the student.

The Theological parts of this course may be pursued in connection with Matriculation in Arts.

The English and Classical parts of this course are prepared in the Academy and College.

Students presenting themselves for admission to this course should bring with them letters of introduction from the superintendent Ministers of the circuits in which they reside. If they expect to offer themselves for the Ministry at the close of the year, they must be recommended from the quarterly meetings of their own circuits, and not from the Sackville quarterly meeting. Students bringing with them certificates of such recommendation will be exempted from fees for theological tuition. Licenses as exhorters or local preachers should also in all cases issue from the Superintendent and quarterly meeting of the circuit in which the student resides, and where his church membership and standing should be continued.

After examination at the close of the college year, all students in the preliminary course will return home in time to be presented at their own district meetings in case they wish to be received on trial by Conference.

THEOLOGICAL LIBRARY.

Renewed efforts have been made during the past year to increase the value of this important aid to the Professors and Students of this department. Very generous assistance has been rendered by contributions of money or of books from Alexander Gibson, Esq., Marysville, and Rev. W. H. Hartz. It is earnestly desired that further contributions be made to the Library Fund, so that the latest and best results of Theological Science may be placed within the reach of our Students.

SOCIETIES.

Two Societies have recently been established, having a relation to this department. The one is designed for the benefit of the Theological Students in the college; and the other to serve as a connecting link between them and the Ministers labouring in the three Conferences of the Maritime Provinces, as well as to promote among the latter a spirit of Theological and Ministerial culture.

Among the Students it is proposed, by means of Essays, Exegetical Papers, and oral discussions, to stimulate enquiry as to the best Methods of Ministerial efficiency, and so to assist in preparing each other for the great work of preaching the Gospel, and feeding the flock of Christ.

The Ministers' Theological Union will meet at the close of each Collegiate year, and, in addition to the consideration of topics of interest belonging to their work, will have an annual Sermon preached, and a Theological Lecture delivered. The Rev John Burwash, A. M., will preach the annual Sermon, and the Rev. Cranswick Yost will deliver the annual Lecture in 1883.

GENERAL GOVERNMENTAL REGULATIONS, &c.

Students, both regular and special, are expected to conduct themselves with propriety, and to observe all the regulations of the Faculty as announced from time to time. Students whose conduct or progress in study shall continue, after suitable admonition, to be unsatisfactory, will not be allowed to remain in the Institution.

Regular and punctual attendance at their classes shall be imperative on all Students. Professors will mark the presence or absence of Students immediately before commencing the work of the class, and will note as absent those who enter thereafter, unless satisfactory reasons for tardiness be assigned.

No Student shall be absent from the College after ten o'clock at night, without special permission of the President.

All Students are expected to attend Divine Service on Sunday, and to be punctual in attendance at daily prayers in the College Chapel.

No Student shall resort to any tavern or place where intoxicating liquors are sold, without special permission of the President; and no Student who is known to use intoxicating drinks will be allowed to retain his connection with the College.

The use of tobacco on the College premises is not permitted.

Undergraduates are expected to provide themselves with College caps and gowns, and to wear them at classes and lectures, at church, and at all public Collegiate exercises and anniversaries.

LIBRARY, APPARATUS, MUSEUM, &c.

In the course of the last two or three years valuable additions have been made to the Library and to the Chemical and Physical Apparatus of the Science department.

Professor Goodwin has been authorized to expend a considerable sum in Great Britain and Germany, during the vacation, in the purchase of Apparatus for his department.

The Library is kept regularly supplied with the leading Reviews, such as the Edinburgh, London Quarterly, Westminster, Contemporary, Nineteenth Century, Fortnightly, Princeton, Bibliotheca Sacra, etc., etc.

The attention of the friends of the College is earnestly directed to the needs of the Library, and to the importance of establishing some permanent fund to secure its steady increase. There is no way in which money can be spent to better advantage in securing the sound development of the College as an institution of learning. Gifts of books or of money will be thankfully received and acknowledged.

Contributions for Library and Museum have been received from the following, among others:—

Sir A. J. Smith; Hon. D. L. Hanington; J. L. Black, Esq., M. P. P.; Dr. T. H. Rand; G. F. Kingston, M. A.; Dr. J. P. Reid; Dr. Honeyman; Dr. Stewart; the Cobden Club; the Nova Scotia Institute of Natural Science; Rev. J. M. Pike, and Dr. McMurray.

READING ROOM.

A Reading Room, in which are to be found most of the leading periodicals of the Dominion of Canada, as well as some of the principal newspapers of Great Britain and the United States, is accessible to all the Students upon the payment of a moderate fee.

THE EURHETORIAN SOCIETY.

This is a voluntary Literary Society, the history of which reaches back for more than twenty years. Its special objects are the acquisition of readiness and power in debate, and the cultivation of a pure literary taste. Not a few of the Alumni of the Institution who are to-day prominent in the professional and legislative circles of the several Provinces of the Dominion, have been enrolled in its membership. It has a well furnished room in the College in which its meetings are held weekly.

MOUNT ALLISON
Ladies' Academy.

PRINCIPAL,
THE REV. D. KENNEDY, S. T. D.

The attention of the friends of female education is invited to the Mount Allison Ladies' Academy with a confidence proportioned to the successful history it has already achieved. As an additional warrant for claiming public patronage, reference may be made to the improvements and enlargements recently made in connection with the Academic edifice. These comprise a handsome and capacious wing, and an additional story to the entire structure. This increase of facility will greatly aid the Faculty in their effort to promote the comfort and progress of their pupils.

The Department of Music is under the charge of a gentleman of the very highest rank in his profession, aided by accomplished teachers. It is provided with an admirable suit of rooms adapted to the Conservatory system. Superior new Pianofortes, both for instruction and practice, are furnished.

All departments of Instruction will be maintained in the very highest state of efficiency, and no pains will be spared to prove worthy of the public confidence and favor so generously and continually expressed.

Catalogues containing full information supplied on application to the Principal. Students admitted at any time.
