

BERLIN NOW HAS WILSON'S LAST REPLY

British Cabinet Meets to Discuss President's Note—President Voices Demand of American People, Says New York Herald.

Washington, Oct. 24.—President Wilson's reply to Germany was sent broadcast to the world from the Arlington naval radio towers last night after the official text had been put on the cables. It was picked up directly by the great German station at Nauen, and undoubtedly was relayed from other points in Europe in time to reach Berlin this morning.

London, Oct. 24.—The British cabinet met this morning presumably to discuss President Wilson's reply to Germany. It was received by the foreign office from the British embassy at Washington.

New York, Oct. 24.—Owing to the lateness of the hour at which President Wilson's reply to Germany was issued last night, most of the morning newspapers turned themselves to a hurried analysis of the note.

The Herald says that leaving all questions of an armistice in the hands of the military commanders means that Germany is not going to be allowed to withdraw her troops in safety from France and Belgium, to be reformed at the German frontier as a wall of safety and to wait as Prussians in a loaded dice at a peace table.

The Times says: "The plain meaning of the president's answer is that if Germany is not now ready to lay down her arms, then the war which the civilized world is waging against her must continue until she is forced to lay them down."

BRITISH CAPTURE MORE VILLAGES ALONG SCHELDT

They Have Captured More Than Six Thousand Prisoners in Two Days.

THE FRENCH FORCES INCREASE GAINS

American Troops Capture Belle Joyeuse and Talma Farms.

London, Oct. 24.—Sharp fighting continued up to a late hour last evening on the battlefield south of Valenciennes, where the British attacked yesterday morning, says today's official announcement.

The British have crossed the Scheldt river and have captured the villages of Neuville, Salesches and Beaudignies. A German counter-attack late yesterday was repulsed. This morning the attack was resumed all along the front between the Ambroise-De-Claire canal and the Scheldt.

The Raimon Forest, north of Valenciennes, has been occupied by the British. North of the forest the British have captured the villages of Hainin, Haut-Live and Thun.

Determined local fighting took place also west of Tournai, without material change in the situation.

More Than 6,000 Prisoners. With the Allied Armies in France and Belgium, Oct. 24.—(By The Associated Press)—The British have taken more than 6,000 prisoners and many guns in their new attack begun yesterday morning on the front below Valenciennes.

Paris, Oct. 24.—Southeast of Louvain French troops have crossed the Nambré canal east of Grand Verly, says the war office statement today. The French maintained their gains east of the canal in spite of strong German counterattacks.

South of Mont Cornet, farther to the east, the French have increased their gains north of Mirey-la-Comte. Along the Serre there was lively fighting north of Mestrecourt.

Americans Winning. With the American Army North-west of Verdun, Oct. 23.—(By The Associated Press)—The American troops captured the Belle Joyeuse and Talma Farms and the ridge between them after an all day fight today. These positions are northeast of Grand Verly.

Early on Wednesday the Americans launched an attack with the determination of cleaning up Grand Pré and that region. This was accomplished, but the Germans counter-attacked and drove back the Americans at places. The Americans later regained their ground and advanced, despite desperate machine gun defenses. The German losses in dead and wounded were heavy.

Mr. Roman is a Member. The by-election in Mantoloking was necessary to fill the seat made vacant last year by the death of the Conservative member, R. R. Ganey.

C. G. R. BOOSTS LOAN.

Montreal, Oct. 24.—At an enthusiastic meeting of the heads of the various departments of the Canadian Government held in the general office this evening, it was unanimously decided that an active campaign be commenced for the raising of an amount of \$1,000,000 for the Victory Loan. Every \$1,000,000 and a million dollars are needed for the amount to be subscribed to the loan in view.

FRANCE IS SATISFIED WITH WILSON NOTE

Paris, Oct. 24.—The official comment to the Associated Press on President Wilson's reply to Germany can be summarized as follows: "President Wilson's latest answer resolves the whole thing into a military question which can be decided by Puck, Haig and Pershing."

The French people feel that the question of the internal government of Germany is not so important as an assurance against a recurrence of Germany's militaristic policies, which precipitated the war.

"We did not know how sincere Germany is about her internal reforms. We have reason to doubt the sincerity of her aims in this direction. The great thing for us is to make sure that things shall not again be in the same position as before the war."

An armistice is almost impossible, as the conditions would be so unacceptably drastic. An armistice would be full of danger if not guarded by all sorts of conditions.

Concrete Ship in Nova Scotia Yard. The first concrete ship to be built in Nova Scotia and east of Montreal is expected to be launched on December 1. It is being built in North Sydney for W. N. Macdonald, of Sydney, by Ivan Bailey, who is in charge of the concrete construction work, and Elias Gillard, master builder of St. John's who is in charge of the construction forms and designing. Work was commenced about two months ago.

The vessel will be 120 feet long, 27 feet beam, 12 feet depth and capable of carrying between 400 and 500 tons. It will be equipped with oil engines and have a speed of about ten knots. The steel used in reinforcing the concrete is being obtained from the steel company at Sydney, and work is being completed it will be classed at Lloyd's.

It is interesting to note that the first reinforced concrete ship constructed in Nova Scotia was built in 1906. The United States government recently set aside ninety millions for the construction of concrete ships.

In Singapore a ship almost identical with that now being built in North Sydney was constructed. The ship will be however, four feet deeper. British ship builders are now going in for this work. Recently a three-masted ship was built in an English shipyard and classed and given the highest rating by Lloyd's.

BOLSHEVIKI BEATEN.

Archangel, Oct. 24.—(By The Associated Press)—British and American forces yesterday repulsed heavy attacks by the Bolshevik infantry against advanced allied positions on the Dvina front.

Bolshevik gunboats heavily shelled the British and Americans for six hours. In counter attacks the Anglo-American troops captured two machine guns, inflicted heavy losses on the enemy, and captured prisoners. They made a slight advance also.

BOWMAN WINS.

Gore Bay, Ont., Oct. 24.—Returns received here early this evening indicate that Benjamin Bowman, the United Farmers' candidate, has been elected to the Ontario legislature, defeating B. H. Turner, the Conservative nominee. His majority is given as 200, with two polls, Killbuckey and French River still to be won.

FUNERALS.

The funeral of John Mahoney took place from the station at noon yesterday on the arrival of the Boston train. Interment was made in the new Catholic cemetery.

SAVE TO SAVE

DI DIE IN TORONTO. Toronto, Oct. 24.—The provincial board of health is working day and night in the production of influenza vaccines.

Toronto, with 21 deaths from influenza and pneumonia, recorded an increase over yesterday. Ottawa and Hamilton also report a slight increase in the death rate.

At London there is practically no change in the influenza situation, cases reported being about the same as yesterday. Hamilton reports ten deaths today, but few new cases.

HOME FROM ST. JOSEPH'S. Wm. J. Crosby, both young and students at St. Joseph's University, reached the city last evening on the Halifax express to spend a few days with relatives in the city. The present epidemic has not reached their alma mater, and the old school is having a prosperous year again in spite of all war difficulties.

MONTEREAL HAS MANY.

Montreal, Oct. 24.—There is little change in the influenza epidemic to report today. Total cases reported were 265 and 103 deaths, against 265 and 118 deaths total municipalities in province now reporting are 991.

RESIDENTS BUKES WARD. Last year quite a number of people were not called upon very early in the Victory Loan campaign, and came to the conclusion they might be overlooked altogether, quite a number made application to the Head Office for the purchase of what Bonds they required.

I wish to state that a canvasser will call in Bukes Ward to secure your applications for Victory Bonds, and should you wish to purchase same before our salesman get around you, kindly get in touch with the undersigned and I will see that a salesman is sent to you at once.

Bukes was a banner ward last year, leading all others in amount of Bonds sold, and we want to make the same success of it this year.

TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE HUN MUST EMPTY THE CUP.

President Wilson's reply to the latest communication from Germany should and the interchange of notes between Berlin and Washington. The President of the United States makes it abundantly clear that it never was his intention to attempt to play a lone hand in the consideration of the question of peace. Whether Germany felt better results would follow a note addressed to Washington alone than could be obtained by communicating with all the Allies simultaneously, or whatever the reason was, all the correspondence to date has been between Washington and Berlin. Now Washington states that the whole question will be laid before the other Allies and their decision will be final. That should end it, for the speech of Prince Maximilian, endorsed by the German Reichstag, shows beyond question that Germany still harbors a hope that the military decision may be favorable. So long as that thought is in the Hun mind it is but a waste of time to think of peace or attempt negotiations to bring it about.

Before material progress can be made in the direction of ending the war, Germany must realize that it is impossible for Teutonic representatives to sit in with the Allies at a peace council table and bear an equal part in the proceedings. Germany does not stand in the position of a defendant in a civil suit at law where it is possible to arrange a compromise between the opposing parties. Germany is a convicted criminal, upon whom the Allies will sit in judgment. The question is not of territorial concessions, but of punishment. Territorial concessions, wrong indemnities, the righting of the wrong done to France by the seizure of Alsace-Lorraine, will not pay the debt due from the Teuton to the world. There must be something more. Germany must be made to suffer as the Allies would be made to suffer at the pleasure of Berlin if conditions were reversed. There must be an end to the Kaiser and Kaiserism at one and the same time, and the ideal that has animated the Germany of the last decade must be utterly destroyed.

Maximilian himself pronounced the fate of Prussianism when he said Germany was prepared for "a peace of violence." It cannot be too violent to satisfy the world, or to square the debt Germany owes to the millions of men, women and children who, through this war, have been taught the meaning of anguish and suffering. The cup of defeat and disaster is now at the lips of the Hun. He must be compelled to drain it to its bitterest dregs.

CONCERNING RESIGNATIONS

The article republished by The Standard from the Chatham World, in reply to the Times' suggestion that Hon. J. A. Murray, Hon. J. B. B. Baxter, Hon. B. F. Smith, Mr. George H. Jones and Hon. William Currie should all resign before the next session of the Legislature, has attracted some attention from local newspapers. The Times declares that the Opposition members mentioned should resign, but carefully evades making a definite statement of its attitude toward Hon. Mr. Currie. This is not surprising, for everyone knows what is the matter with the Times, and with that knowledge it is obvious that Mr. Currie's evening organ would not dare to express an opinion upon provincial affairs, until he or his party managers had first given their instructions.

But isn't the Chatham World article true? Is it not justified by the evidence adduced in the potato and the Currie enquiries?

It is contended that the losses sustained in the potato transactions were made up from profits realized by Mr. Tennant on a contract which a company in which he was interested secured for the construction of a portion of the Valley Railway, that, before securing the contract, Mr. Tennant intended to be the then leader of the Government that if his company were successful he would be willing to turn over to the Province the amount of the potato loss, and that because this loss was so made up, Messrs. Murray, Baxter, Smith and Jones should forfeit their seats in the Legislature.

The man with whom Mr. Tennant talked on that occasion has since passed beyond the scope of Commissioner McQueen or any other Royal Commissioner in the appointment of which the Province government would have voted. Commissioner McQueen's duty is to report all the evidence as he finds it and there is no evidence to show that even if such a conversation took place

WHERE YOUR DOLLARS WILL COUNT.

Every Canadian, no matter what his position in the community, who can scrape together enough money to pay the initial deposit upon a Victory Bond, and who is reasonably sure that he can meet the balance of the payments, can make his dollars count in the Victory Loan campaign to start on Monday. Because of the restrictions necessary to combat the outbreak of Spanish influenza, there can be no public gatherings to boost the loan, and it is possible that by reason of this the campaign may be handicapped to some extent. But that handicap can be overcome if citizens make up their minds to purchase without being urged. After all, the only benefit to be derived from a public meeting is found in the opportunity it affords to present the case for the loan to those who attend. This case is now being presented by other mediums, through the newspapers, and by means of an aggressive advertising campaign. It is up to our people to read and think; at a public meeting they would be required to listen and think. That is the only difference and the success of the loan should not be affected by it.

The Canadian people have enjoyed rare prosperity since the outbreak of war. This prosperity cannot be sustained unless the money is forthcoming, and the Victory Loan offers the only medium of securing the amount required to keep the wheels turning for the next year. Even if the war should end tomorrow, money will still be required to provide food for our boys at the front, and to take care of the necessary expenses that must be

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, listless, irritable, restless, acting and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that his little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels, and sweeten the stomach, and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit "Fig Syrup." Ask your druggist for a bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup Company."

A Play.

Scene, the Cave Man's Cave.
The Cave Man. Is, I'm in love with the cave lady to beat the band. I got a good mind to ask her to marry me and become my wife.
His Mother. There's your club behind that rock.
The Cave Man. I know, but I'm too much in love with her to hit her with that. Besides, she's too sensitive.
His Mother. Don't talk crazy.
The Cave Man. No, mother, she ain't like other cave ladies.
Act 2.

Scene. Outside the cave lady's cave.
The Cave Man. Yours so bewitchful you remind me of a flock of angels.
The Cave Lady. O mercy Popsy, pass the pickles.
The Cave Man. Your eyes and your nose and your remaining features are perfect, and won't I dream of you at night, that all I dream about.
The Cave Lady. Officer, has in area.
The Cave Man. Wait a minute. (Runs home and gets his club.)
His Mother. Now who knows best, me or you?
The Cave Man. You.
Act 3.

The same.
The Cave Man. O wizz, look up there at that shooting star.
The Cave Lady. (Looking up) I don't see any.
The Cave Man. (soaking her eye on the top of the head with his club.) Do you see any now?
The Cave Lady. I say husband or give me death.
The Cave Man. I'll give you another crack on the head. (With her does, and then drags her to the ministers cave by the hair, on account of her not feeling like wawking.)

A MAINE PRIEST UNDER ARREST

Fr. Casavant of Springvale Kept Church Open Against Order of Board of Health—Will Make Test Case.

Springvale, Me., Oct. 24.—Rev. Joseph O. Casavant, pastor of the Notre Dame Roman Catholic Church, is under arrest on a warrant sworn out by the Sanford Board of Health, alleging that he kept his church open for service on Sunday, Oct. 20, after having been ordered to close by the board because of the influenza epidemic.

Dr. C. F. Brigham, chairman of the board, stated that Fr. Casavant and Rev. John J. McGinnis, pastor of St. Ignace Church, of Sanford, on Saturday, Oct. 19, asked the board to lift the ban and permit such brief services as might be absolutely necessary to worship. After much discussion the members of the board voted not to grant the request.

Fr. Casavant then stated that it was his purpose to open his church Sunday morning for two masses, one at 8 o'clock and the other at 9:30. He claimed that the law in this connection is unconstitutional, inasmuch as it affects the freedom of religious worship.

As a result of the refusal of some of the local church to close during the influenza epidemic the Board of Health adopted a new by-law giving itself the power to close the churches. This act was approved by Associate Justice Scott Wilson of the Supreme Court of Maine. The sheriff's department was advised to enforce the closing order rigidly.

Rev. Fr. Casavant told a member of the board that in his decision not to close his church he did not want it understood that he was acting in this manner to defy the law but that he wanted simply to make a test case of it.

The news of the arrest of Fr. Casavant caused a mild sensation.

CARDINAL BEGIN ENDORSES LOAN

Montreal, Oct. 24.—Endorsing the Victory Loan, Cardinal Beaudry has written the Quebec organization handling it as follows:

"The Victory Loan which you are organizing in this county of my diocese offers, in my opinion, a splendid opportunity to our people of making a sound investment secured by the best government guarantees. To participate in this loan is to follow the dictates of the roughest economy and far-seeing patriotism.

"I have therefore no hesitation in recommending your undertaking to all those able to co-operate, particularly urge our parish priests to lend you, in their respective parishes, their authoritative support and the co-operation which in their judgment will further your endeavors."

Jewelry For Birthday Presents

Variety in jewelry is as welcome as variety in dresses. Because a brooch does not wear out with many years of use, one is not content with a single brooch.

And so a gift of jewelry is always welcome.

It need not be expensive.

At Sharpe's one chooses jewelry from a great variety in all the different pieces. The quality is the kind one likes to own and is proud to give as a present.

 terment was made in Fernhill. A
 firing squad from the depot battalion and
 the depot band accompanied the body
 to the grave.

REGARDING THE SCHEDULED WAGE

Result of Decision of the War
 Board Regarding Express
 Co. Employees' Grievance
 Known Next Month.

The War Board granted the em-
 ployees of the Dominion Express Com-
 pany the Federal Government, and
 which met at Ottawa on Oct. 16, have
 after a due consideration come to
 a decision regarding the scheduled
 wages to govern the employees of the
 Dominion Express Co. What the re-
 sult of this board was is not authen-
 tically known at the present time, but
 will be announced on the first day of
 the ensuing month.

It is hinted, however, that the finding
 and adjudication of this board is
 considered satisfactory as the men in
 the Dominion Express employ asked
 for a scale of wages as now governs
 the Canadian Northern Railroad em-
 ployees.

Chairman Vetter, of Toronto, was
 appointed chairman of the general
 grievance committee of the men, by
 representatives of the several divi-
 sions who were in Montreal the early
 part of the present month, and was
 later summoned to Ottawa to meet
 the quorum of the war board.

Chairman Vetter is, it is rumored,
 an able man, and sets forth everything
 in their true colors, and although
 while requesting a greater wage for
 the employees, the cause sought is
 only what is considered right in every
 degree.

The presidents of each eastern divi-
 sion have been notified of the result
 of the board's findings, but which re-
 sults are not to be publicly announced
 until the date mentioned above. Mean-
 while the employees of the company
 are awaiting in suspense the decision
 to be given out, and feel that their
 requests have been granted, or that
 an amicable compromise was reached
 whereby the employer and employee
 understand each other in a fuller de-
 gree than formerly.

COMMON COUNCIL MET YESTERDAY

Tentative Value of \$2,500,000
 Placed on Harbor Property
 and \$120,000 Placed on the
 Fisheries.

At the committee meeting of the
 Common Council held yesterday morn-
 ing, a tentative value of approximate-
 ly \$2,500,000 was placed on the harbor
 property owned by the city and
 \$120,000 placed on the fisheries. It
 was decided to include North Rodney
 wharf in the properties handed over
 to the government and to reserve a
 site for ferry landing at the foot of
 King Street, West Side. It was also
 decided to include Navy Island, with
 a proviso that when the time came
 for ferry landing across the harbor,
 the city would have the right to place
 supports on the island.

George Dick asked to have Quinn's
 wharf, now under lease to him, either
 repaired or sold to the city. It was
 decided to find out whether the govern-
 ment would have any objection to the
 sale at the present time before taking
 action.

A notice from the New Brunswick
 Power Company that their application
 to have the service down Rodney
 Wharf discontinued, would come be-
 fore the Public Utilities Commission
 on Wednesday next, was referred to
 the mayor.

There was some discussion regard-
 ing arrangements for locating one of
 the city hall stenographers in the act-
 ing room of the mayor's office and also
 regarding the installation of an inter-
 communicating telephone system in
 city hall. Reports will be submitted
 on both matters to the mayor.

Commissioner McLellan reported
 that the La Franco Company had not
 red him that after January 1, the
 government would not permit them to
 supply other than standard tires for
 motor fire apparatus.

Mayor Hayes inquired about the re-
 lease of boys brought before the mag-
 istrate and asked whether these were
 the boys arrested in connection with
 recent burglaries. The commissioner
 of safety will make inquiries.

MILITARY NEWS AND APPOINTMENTS

Sergeant Major Scott Fraser, of
 No. 9 Siege Battery, has by recent
 orders been granted the rank of Lieut-
 enant. Such an occasion marks the
 first N. C. O. in the Siege Battery to
 receive a commission in Canada.

Capt. E. A. Sturdee, formerly of
 the 26th Killies, has been attached to
 military headquarters as assistant
 intelligence officer.

Lieut. C. R. Boudreau, C. A. D. C.,
 has been promoted to the rank of
 honorary captain as assistant pay-
 master of No. 1 Depot Battalion.

Brigadier-General Macdonnell, G. O.
 C. Military District No. 7, paid a
 visit to the barracks square yester-
 day, where several new military
 quarters are in the course of con-
 struction and expressed pleasure at
 the results already attained. The
 new quarters will be made ready for
 occupancy in the near future.

The Depot and Dumb Institute, Lan-
 caster, has been taken over by the
 militia, and will in the future be
 used as a hospital for military pa-
 tients. The staff at the present hos-
 pital, St. James street will be trans-
 ferred to the new institution and the
 lodge in connection with the new hos-
 pital will be made ready as a nurse's
 home.

The purchase price of the new
 quarters reached the \$20,000 mark,
 such an institution will afford
 spacious and more up to date
 quarters for the treatment of return-
 ed soldiers.

St. James institution will in a
 short time be utilized for the treat-
 ment of all general diseases, and it
 is authentically stated will be under
 the personal supervision of Major
 A. J. Lester, formerly of Chatham,
 but now attached to the local medi-
 cal board. Major Lester is well qual-
 ified to fulfill the position, as he has

RATHER DULL DAY IN WALL STREET

For-First Time in More Than a Fortnight Operations Kept Within Moderate Bounds—Oils Strong.

New York, Oct. 24.—Apart from the prominence of a few extremely speculative issues at materially higher levels and the uncertain or heavy trend of representative shares, the most noteworthy feature of today's stock market was its comparative dullness.

Rates for call money were unaltered and no material diminution of the supply of such funds was reported.

Oils were conspicuous from the outset, Pan-American Petroleum Company, which made its initial bow on the exchange making a gross gain of almost 7 points.

CONVICTED MURDERER DIES OF PNEUMONIA

John E. Roberts, Aroostook Co. Guide, Had Asked for Pardon.

Thomaston, Me., Oct. 24.—John E. Roberts, an Aroostook county guide, who was serving a life sentence in the state prison for the murder of J. Edgar Dickinson, a Smyrna Mills farmer, died Monday night of pneumonia. Parole proceedings were pending and a hearing had been fixed for Nov. 27. The crime was committed Oct. 17, 1906. Dickinson was found lying dead in his home, having been shot in the head. A bullet hole in the window pane showed that the murderer had stood outside. Annie Dickinson, wife of the victim, was indicted jointly with Roberts. At the trial, the case against Mrs. Dickinson was not pressed, and the jury disagreed as to Roberts. On the second trial the latter was convicted and began his life sentence April 29, 1907. His defence was that the crime could not have been committed in the manner alleged.

OBITUARY.

Sumner Hartford, aged about 22 years, and married a year ago, was taken ill several days ago with influenza which developed into pneumonia, and died at the home of his parents, Mr. and Mrs. L. Hartford at Deer Island. His father is one of the well known Quoddy boatmen handling one of the fishing crafts for Esacoast Canning Co.

Percy L. Robertson.

Miss Margaret McKenzie, of 297 Union street, has been informed that her cousin, Percy L. Robertson, of Robertson, Kings county, N. B., who was reported missing on September 2, is officially reported killed on September 2. Private Robertson went over with a draft from the depot in February and had been in the trenches only about two weeks when he was killed. He leaves his father and mother, Thomas and Elizabeth Robertson, of Robertson, Kings county, one sister, Miss Alice teaching in French Village, and one brother, Leslie, at home. They have the sincere sympathy of a large circle of friends in their great loss.

Sussex, Oct. 24.—This morning at an early hour, Joseph Campbell died, aged eighty years. He had been troubled with asthma for some years and in the last few days had had a slight cold, but was able to be around as usual. Mr. Campbell was one of the best known lumbermen in New Brunswick. Before coming to Sussex he resided at Newtown, where the funeral will take place on Saturday at one o'clock. Mr. Campbell was a life-long Liberal, and in religion a Presbyterian. He leaves besides his wife, three sons and three daughters—J. Arthur, of Smith's Creek; Joseph F., of Cranbrook; R. C., of Fannamere; and Mrs. Wm. McQuade, of St. John, and Nettie and Ida at home. Mrs. John Walton, of Vancouver, is a sister.

Michael George. The death of Michael George, one of the best known of the Syrian residents of the city, occurred yesterday morning at his residence, 25 Brunswick street. Mr. George was a well known merchant and contractor and his death at an early age will be mourned by many friends. He is survived by one son, Michael George, one daughter, Mrs. Louis Stevens and one brother, Charles George. The funeral was held yesterday afternoon. Interment in the new Catholic cemetery.

James A. Bowes. The death of James A. Bowes took place at the residence of his son, Frank, 82 Exmouth street, yesterday morning, at the age of eighty-five years. For many years the deceased lived at Golden Grove and for some years represented the Parish of Simonds in the municipal council. He is survived by six sons, Henry, Robert, Frank, John and Martin of this city, and Michael of Boston, and three daughters, Mrs. Joseph McManus of Boston, Mrs. Z. Quiley of this city, and Mrs. John McLaughlin of Brookville. The funeral will be held this afternoon at three o'clock.

Miss Myrtle Galbraith. The death of Miss Myrtle Galbraith occurred shortly after noon yesterday at her home, 3-2 Pte. street. The deceased, who is the daughter of the late George and Nellie Galbraith, had been ill for about a year, and bore her illness with Christian faith. Besides a host of sorrowing friends she leaves her mother and one sister, Violet, to mourn. The funeral will take place from her late residence on Sunday afternoon at 2:30 o'clock.

Joseph Holst. Newcastle, Oct. 24.—The funeral of the late Joseph Holst was held on Tuesday afternoon. Interment was in St. Mary's R. C. Cemetery, Rev. P. W. Dixon officiating at the service. The pallbearers were Fred V. Dalton, John Fallon, Phineas Harriman, and Michael Poran.

Miss Jane Wilson. Miss Jane Wilson, Peterborough, who died recently, was a sister of Mrs. Geo. A. Emery, of St. John.

POPE WANTS HARMONY.

Ottawa, Oct. 24.—A pastoral letter from Pope Benedict XV, dealing with the bilingual question in the province of Ontario has been addressed to Cardinal Beinin at Quebec and made public through His Eminence, Pierre Di Maria, the apostolic delegate in Ottawa. Pope Benedict states that an appeal made by French-Canadian schools for Roman Catholics is just, and that during the first years of their tuition French-Canadian pupils should be granted the use of their own language for certain subjects, chiefly and above all the teaching of Christian doctrine. The Pope, however, deplors the dissension which has arisen and counsels peace, that concord may exist among Roman Catholics.

It Saves Doctors' Bills!

This is the Rev. A. D. McLeod's opinion of Zam-Buk. This clergyman, who lives at Harcourt, N.B., writing to the proprietors, remarks upon the unusual popularity which Zam-Buk enjoys in the homes of the people of his parish. He says: "I know of nothing that can compare with it. Having charge of an extensive mission, over which I travel constantly, I meet with many sick and afflicted people, and I have been amazed at the good which Zam-Buk is doing daily. I have learned, as an absolute fact, that for bad ulcers, old wounds, eczema and skin diseases of all kinds the healing power of Zam-Buk are simply marvellous. As the painful ailment, piles, also, is excellent. Many a doctor's bill is saved by the use of Zam-Buk. For cuts, burns and scalds Zam-Buk is equally good. Nothing ends pain and heals so quickly. 50c. box, 2 for \$1.00. Dealers of Zam-Buk Co., Toronto. Send in stamp for free trial box.

Simple Herbs Cure Serious Troubles. MANY of the diseases of womanhood may be prevented with care. Unusual excitement—mental or physical—disturbs the delicate balance of woman's sensitive nerves, and upsets her whole system. At the first indication of nervousness or any irregularity, take

Dr. Wilson's HERBINE BITTERS. It's safe and certain—purely vegetable—regulates kidneys and bowels—overcomes headaches, indigestion, stomach trouble—purifies the blood—tones up and invigorates mind and body.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well. Artificial digestives are not needed in such cases and may not do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quartet glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

How You Can Remove Every Trace of Hair

(Toilet Talk). A stiff paste made with some powdered delatone and water and spread on a hairy surface about two minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining delatone. No harm can result from this treatment, but be sure it is delatone you get and you will not be disappointed.

War Efficiency and National Prosperity

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

CANADA'S production in such enormous quantities was made possible only by the money received through Canada's War Loans. Canada thus was enabled to assist the Allies in their purchases here by establishing financial credits for their use in this country.

CANADA'S war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for:—

Table with 2 columns: Product and Value. Butter \$2,000,000; Cheese 36,602,000; Eggs 2,271,000; Oats 37,644,000; Wheat 366,341,000; Flour 95,896,000; Meats 76,729,000; Vegetables 19,034,000.

Over six hundred and thirty-six million dollars for exported farm products alone!

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was distributed in Canada, during the year:—

Table with 2 columns: Product and Value. Munitions \$450,000,000; Metals 92,083,000; Vehicles 22,776,000; Wood Pulp and Paper 59,599,000.

These huge sums were spent in Canada by the Allies.

GOOD WORK BY THE HOSPITAL HELPERS

At St. James Street the V. A. D. Have Been of Great Assistance—See After Invalid Cooking—Nurses Were Ill.

Another military institution where splendid work has been done by members of the V. A. D. is at St. James Street Military Hospital. Here ever since the influenza has been raging a band of these workers has given almost their full time to help with the additional tasks which the amount of sickness made necessary. Five of the regular nurses were ill, and there were numbers of cases in the hospital among the soldiers.

The V. A. D. have arranged for our workers to be on night duty with two are in the diet kitchen. They prepare all the special invalid diets, such as the making of ecognos, lomonade, custards, broths, and other kinds of invalid cookery. Besides this they see to the setting of the trays and assist with the serving of the meals from the regular kitchen.

The matron at the hospital gives great credit to these young ladies who so nobly have risen to the occasion and proved the worth of the training received at the St. John Ambulance Brigade classes.

Among the V. A. D. who have been assisting at the military hospital on St. James street are Miss Edith Hamm, Miss Hazel Dunlop, Miss Cora Bennett, Miss Constance Foster, Miss Hazel Holder and Miss McLeod.

ROBERT MANTELL PLAYS IN BOSTON

The Boston Post recently had the following article on an actor well known in St. John:

Robert Mantell offered for the first time in this city last night a portrayal of Cardinal Richelieu in Balzac's dramatic opera before a large audience. Mr. Mantell has long since been recognized as a Shakespearean student as well as actor, and he has devoted his talents to the works of other classic authors, but he has not before essayed the role of Richelieu, although he has had the characterization in mind for a long period.

It was perhaps wise that he deferred the time, for of late years Mr. Mantell has mellowed and broadened his work until today he is ripe in experience and actor in his interpretations. He played the role with much depth and subtlety. He refrained from robust effects and aimed his points by reserved rather than demonstrated force. His tone to the necessary height when he gave the famous course scene and his grim comedy was admirably brought out. In short Mr. Mantell has a valued acquisition to his repertoire.

Fritz Lieber made a manly and handsome Adria, and Genevieve Hamper was a winsome Julie. The company with Mr. Mantell gave adequate support.

MISS ANGLIN.

Margaret Anglin is appearing in Boston at the Hollis St. Theatre in a farce entitled "Billeted." Large crowds attended the opening of the theatre and the performance was received with cordiality.

WEDDINGS

Reed-McGillivray.

A wedding of interest to friends in St. John took place on October 23rd, in St. Theresa's Church, Sterling Place, Brooklyn, N. Y., when the Very Reverend Joseph McNamee, V.G., united in marriage Mary Florence, daughter of the late Mr. and Mrs. James Reed of this city, and Francis D. McGillivray, of New York, son of John J. McGillivray, Coburg street. The wedding was solemnized with Nuptial Mass, and took place from the home of the bride's aunt, Mrs. Theodora McGillivray, St. Mark's Ave., Brooklyn.

Among those present were the groom's father and sister, J. McGillivray and Miss Catherine, and Miss Ellen T. Reed, sister of the bride, from St. John, and Mrs. Henry Corcoran, of Boston.

After a trip to Washington and Philadelphia, Mr. and Mrs. McGillivray will reside in Staten Island, N. Y., where the groom is with a ship-building concern.

BOY HUNTER SHOT.

Portland, Me., Oct. 24.—Gordon Pray, aged 12 years, son of Ralph W. Pray, of Yarmouth, was fatally shot while hunting in Fernald by the accidental discharge of a shot gun he was carrying. It is believed the gun was fired by the trigger catching on a twig. The boy was brought to a hospital in this city where he died soon after arriving.

CANADIAN BOYS ARE HARD BY VALENCIENNES

They Refrained from Entering City Earlier as Germans Would Shell It.

CANADIANS ARE NEAR BELGIUM

Boys from Dominion March Over Thirty Miles on Fierce Roads.

With the Canadian Forces, Oct. 23, (By J. P. H. Livsey, correspondent) The Canadian boys' troops which occupy the line of the Scheldt Canal immediately north of Valenciennes have begun closing in on the area contained within the sharp bend the canal makes northeast of Conde. We are now only a few miles from the Belgian boundary. Since the Canadian boys' troops have almost impassable roads and in "micro" weather. Today the sun was shining for the first time in ten days.

The advance of the Canadian recently has been without opposition. Our aim has been to prevent the enemy getting away at leisure and we have tried on his heels day by day, our outposts, feeling their way along and driving in his rear guards. Thus his main body has never been more than four to six hours ahead and we have prevented him wrecking the country in his passage.

Enemy Holds On.

The enemy is clinging obstinately to the right bank of the canal, no doubt as a pivot for his retirement elsewhere, though our airmen report that the city of Valenciennes itself is evacuated except for a few posts. We could enter it where we are now, firmly established on the canal to the north. This position was stormed by a Toronto battalion this morning. If we occupied the city this would afford the enemy an excuse for shelling the town, also he still holds the right bank of the canal southwest as far as Miang and Thiant, where English troops on the right of the Canadian troops are meeting with strong resistance. The Canadian troops hold the left bank opposite this line, but for the time being the Canadian corps. Another unit is pushed around Valenciennes through Beuvrages to the canal on the north and Canadian troops are now working through the forest De Raismes in the direction of Conde.

(The British official statement this morning refers to the capture of the entire forest of Raismes.) The Canadians are also closing down on the canal at Escapoun. A day or two may see our outposts established on Belgian soil. The only complaint our men have is that they are getting perilously far from their base. They are beginning to turn their eyes towards Brussels and Antwerp.

HALIFAX CANNOT HOLD ELECTION

Legislature May Act Later to Relieve Peculiar Situation.

Halifax, Oct. 24.—Hon. G. H. Murray, premier of Nova Scotia, in a letter received by the city board of control today, states that he has been advised by the attorney-general's department, that as there is no quorum of the city council, an election could not be legally held to fill the ten vacancies created when all save two of the board of aldermen resigned, because Mayor Hawkins had referred to them in the course of a debate as "dough heads." The premier wrote, however, that if the city board were desirous of having an election held the provincial government would be prepared to use their good offices at the next session of the legislature to obtain the passage of legislation validating the election.

The civic machinery of Halifax has been considerably of gear for the past three months owing to the action of the aldermen, the city solicitor having ruled that the resignations were in order, but that no steps could be taken in the filling of the vacancies without action on the part of a quorum of aldermen, of which there was none.

UKRAINIAN GOVT RESIGNS OFFICE

London, Oct. 23.—The British wireless press says the entire Ukrainian ministry has resigned.

Before it resigned, the ministry presented to its chairman demands that the republic co-operate in future with those parts of Russia striving toward the resurrection of the country and assist in every way toward bringing about the fall of Bolshevism, as well as strengthening those sections of Russia which have been oppressed by the Bolsheviki.

R., were brought before Magistrate Allingham yesterday afternoon, charged with stealing goods from the railway cars at Fairville. Louis Remillard gave testimony and was still on the stand at adjournment. The case will be resumed this afternoon at 10 o'clock. F. R. Taylor, K. C., appeared for the C. P. R., and D. Mullin, K. C., for the defendants.

LT. ROGERS HONORED.

From a cable received the many friends of Lieut. Arthur W. Rogers, son of H. Wycoff and Mrs. Rogers, Amherst, N. S., will be pleased to learn he has been awarded the military cross. He was wounded a couple of months ago but has so far improved that he expects to be in the fight again in a short time. Lieut. Rogers' mother, Mrs. Grace Dean McLeod Rogers, the well known Nova Scotia authoress, was a speaker before the Women's Canadian Club a few months ago.

WAS BADLY INJURED.

William Goldsmith, aged 7, the son of George Goldsmith, of Brookville, was badly injured yesterday morning when he was struck by one of the motor trucks engaged in the road work between Brookville and Torryburn. The driver quickly picked him up and rushed him to the hospital. It was stated at the hospital last night that he had received a broken leg, dislocated jaw and a bad cut in the head but that his injuries, though serious, would not prove fatal.

NEW WAR GAME.

The war fever has struck the Y. M. C. A. and the boys are waiting with impatience until tomorrow afternoon when they will go to Rockwood Park and try out a new war game which has been invented by the local association. It was stated at the Y. M. C. A. last night that the boys would be separated into two groups, the attackers and the defenders and a hill at the park had been decided on for the battlefield so that lively going is expected to occur.

PROSPERITY IN SHIPPING INDUSTRY

Sea Captain Says That International Trade After War Will Make Immense Strides—All Ships Available Needed.

That the shipping industry has now entered its golden age and is in line for a season of great prosperity, was the statement made last night to The Standard by Captain Tamos, a visitor to the city, who is stopping at the Royal Hotel. Captain Tamos, who is master of a ship now in port, has travelled extensively and he is an interesting conversationalist being, as he is, a close student of current events. In speaking of the shipping industry, of which he seems fully conversant, he stated that international trade after the war would make immense strides and therefore all the shipping available will be needed to carry the necessary tonnage. He added that for a year after the close of war there would not be much trade for the reason that the ships would be employed in transporting the soldiers back to their homelands as well as shipping necessary supplies. When conditions came back to normal in France, Belgium and the other countries ravaged by the war will need machinery of various kinds, building supplies and other materials in great quantities which will have to be supplied to a great extent from the nations on this side of the water. Besides this trade, which has been practically at a standstill, will receive an added impetus so that ships will be the prime requisite at that time.

Captain Tamos stated that the war was brought on by trade competition as shown in Germany before the war where German ships were subsidized by the government so that freight could be carried at a lower rate than could be done on the ships of other nations. Asked as to Germany's participation in trade competition after the war Captain Tamos replied that Germany would be so much occupied in fixing up her internal affairs that she would be out of the game for a good many years.

FIVE PERSONS DIED YESTERDAY OF THE DISEASE

Influenza and Pneumonia Have Claimed 40 Victims Since October 1—Emergency Hospital Opens Today—554 Cases Listed.

Four deaths from pneumonia, and one from influenza were reported at the local Board of Health office yesterday, bringing the total number of deaths from these two diseases since October 1, up to forty. The total number of influenza cases listed at the Board of Health office was 554, but of this number 57 have recovered and the cards have been removed from their homes and a large number have been reported as recovered, but the authorities have not had the time to fumigate the homes and remove the cards.

Yesterday the workmen were busy at the Parks Home, and last night the matron notified T. M. Burns, secretary of the board, that the building was ready to receive patients. Today will see the first patients sent to this building, and it is the intention of the health authorities to treat all influenza cases at this institution, and leave the isolation hospital and epidemic wards at the General Public Hospital free for other diseases.

There have been some rumors afloat that the ban would be lifted next Monday. Last night The Standard asked the Minister of Health, Hon. Dr. Roberts, if this were true, and he said there had not been any thought as yet of relaxing any of the regulations, nor would there be any relaxation until the epidemic had shown signs of abating, which it did not at the present time. Asked if the theatres were to be allowed to open, he said nothing would open until all were allowed to do so.

Yesterday was another busy day for the V. A. D. workers. Mrs. Girvan reports that in the week over 200 packages of foodstuffs have been delivered and the workers have come across some most pitiful cases. In many instances whole families have been sick with the disease, and no person to prepare food for them. This condition had been found to exist not only in the families of the poor, but in many cases among those able to pay for the food and care if it could be obtained. She pointed out that the V. A. D. workers would be more than glad to help in all of these cases, and to supply cooked food at cost to those able to pay or to supply it free to those unable to pay.

Mrs. G. A. Kuhring reported that Mrs. D. J. Brown, Rockland Road, had responded to the appeal of the Siege Battery boys for an ice cream freezer. This had been sent down and the boys were highly grateful for the prompt response to their appeal. Dr. G. G. Melvin, Chief Health Officer, reports as follows: Campbellton, 800 to 1,000 cases, 10 deaths, conditions improving. Coverdale, Albert County, 15 cases, all well looked after.

Gloucester County, Beresford Parish, 60 cases, 5 pneumonia cases, situation under control. Bathurst and New Bandon Parishes, exclusive of Bathurst Town, 75 cases. Caraquet and Paquetville Parishes, 50 cases, 1 death. St. Isidore and Tracadie Parishes, 20 cases. Gekerman and Shippegan Parishes, 50 cases, 1 death. Chatham daily report for October 22, 19 cases; October 23, 3 cases. Kent County, Richibucto Parish, 20 cases, mostly mild. St. Louis Parish, 50 cases, 2 deaths. Harcourt Parish, 40 cases. Acadia Parish, quite prevalent, 1 death. Richibucto Town, 8 cases. Wolford Parish, 2 cases, 1 death. Marysville reports no new cases, all recovering.

Dalhousie, daily report, 37 cases, 3 deaths, a total of 82 cases to date. Northumberland County, Chatham Parish, 128 cases, 4 deaths, 26 pneumonia cases. Hardwick Parish, 66 cases, 1 death. Westfield Parish, Kings County, 23 cases, some pneumonia, all doing well. Fredericton, 293 cases, 13 deaths, 65 pneumonia cases. Hon. P. J. Veniot reported to the Minister of Health last night that the influenza epidemic was spreading in the lower part of Gloucester County. In Shippegan there had been five deaths since Monday last, and in Bathurst there had been ten deaths since Saturday last. The situation in the lumber camps was serious, but the services of two physicians had been obtained, one to go down each side of the Nepisiguit River to give medical attention to the men at the camps. Dr. Coffin, who has been quite ill with the influenza, is getting better.

PTE. GEORGE KEARNS ONE OF ORIGINALS Friends of George Kearns will be glad to learn that he is still going strong with the New Brunswick Battalion. Private Kearns is one of the original fighting 26th boys and will be remembered as the bass drummer with the Battalion drum and fife band. A letter recently received by his father, John Kearns, 254 Wentworth street, the young soldier said that he was well and fighting strong. He has been in the fighting game for four years and with the exception of a slight wound received by some flying bricks blown up by a shell, Private Kearns has been through all of the big engagements without being listed as one of the casualties. His many friends hope he will be able to continue in the fight until the finish of the great war and then come home healthy and strong.

ANOTHER SOLDIER DIED IN HOSPITAL

Pneumonia Following Influenza Caused Death of Gunner Herbert Robert Armstrong Yesterday Afternoon—Member of Seige Battery.

Another popular member of the 5th Siege Battery passed away at the Military Hospital yesterday afternoon when pneumonia following an attack of influenza resulted in the death of Gunner Herbert Robert Armstrong, son of Christopher J. and Bertha Armstrong, 274 Rockland Road. Gunner Armstrong, who was twenty-one years and eight months old, enlisted two months ago in the Siege Battery and has been training on Partridge Island since that time. Five days ago he was taken ill with influenza and sent to the Military Hospital. Pneumonia developed and yesterday afternoon the young man passed away.

"Bert," as he was known among his friends, was a most popular young man, and his early death will be mourned by a host of friends. Before enlisting he was employed as draughtsman in the office of F. Nell Brodie, architect. He is survived by his parents, Mr. and Mrs. Christopher J. Armstrong, two brothers, Christopher, "Some-where in France" with an artillery unit, and Herby, at home, and two sisters, Mrs. Walter Edgar and Miss Ethel Armstrong, of the teaching staff of Winter street school. E. E. Armstrong, secretary of the board of trade, is an uncle of the deceased. The funeral will be held Saturday afternoon at half past two from his parents' residence.

INCREASE COST TO GET OUT LUMBER

Five Dollars More Per Thousand and Get Out Lumber This Winter Says J. Fraser Gregory.

"It will cost at least \$5 more per thousand to get logs out this winter than it did last," said J. Fraser Gregory, in conversation with a representative of The Standard last night. Mr. Gregory was asked what the prospects for the coming season were and answered that as far as his own operations were concerned it was his intention to get out a full cut and arrangements to that end had already been completed. He said he thought most of the St. John mills intended to get out a full cut, even at the increased cost, as they had sold practically all this season's cut and had been able to ship a considerable quantity of the cut.

On the North Shore and in Maine he understood none of the mills intended to cut more than half the usual quantity of logs. This was due to a number of reasons, the chief being the difficulty in shipping out the manufactured product and the big increase in the cost of lumbering operations. This year there had been a big increase in the wages paid and the cost of provisions had also taken a big upward slant, as a result of which he figured the cost in getting out logs would be at least \$5 per thousand feet and possibly more.

Mr. Gregory said he did not look for any decrease in the local market for some little time, as the time war, and with lumber and all building materials at the present price he believed the government would be forced to enter the building game and provide houses for the returning soldiers, as under present conditions unless rents were greatly advanced there would not be any speculative building, because it would not pay.

He thought lumber would probably be cheaper in the English market after the close of the war, but this would be brought about by a decrease in the rent and insurance charges. Before that a normal freight for lumber was fifty shillings per standard, today it is five hundred shillings, and as tonnage became available this year, a normal price so far as the local market was concerned he did not look for any material reduction in the price of the finished article for at least two years after the close of the war.

PRESENTATION TO WIFE OF PASTOR

Ladies From Knox Church Present Mrs. J. H. A. Anderson With Handsome Parlor Rug Previous to Her Leaving for Chatham.

Yesterday afternoon a deputation of ladies from the Knox Presbyterian church called on Mrs. J. H. A. Anderson, and on behalf of a number of friends in the congregation, presented her with an address and a handsome parlor rug, as a mark of appreciation of the work done by her for the advancement of all church affairs, during her stay in the city. Rev. J. H. A. Anderson, for some years pastor of St. John Presbyterian church of this city, and who resigned the pastorate on the union of St. John and St. Stephen churches, forming what is now Knox church, is leaving the city to take the pastorate of St. Johns church, Chatham, and the ladies took this method of wishing Mrs. Anderson good-bye. While Mr. Anderson was pastor of St. John church, Mrs. Anderson took an active interest in all the women's organizations, and much of their success was due to her energy and zeal in the work. Rev. Mr. Anderson will be missed from the city, but all his friends, while they will miss his genial presence, will wish him success in his new field of work. The date of the induction had been set for October 31, but the ban on all

YOUNG CITIZEN TAKEN FROM WORK AND LOCKED UP

Military Police Arrested Young Man Who is Permanently Lame—Offer to Produce Necessary Papers in Few Minutes Denied Him.

To be locked up all night to await the pleasure of the Provost Marshal who appears on the scene this morning, was the experience of a citizen last night. The young man in question is exempt from military service owing to deformity of one leg, and any person at a glance could see by his lameness that he could not possibly be accepted for service. In addition to this fact, the young man in question has been engaged in work that called him daily to military headquarters, and has also had business with military police on numerous occasions, but despite all his protestations and explanations was quickly taken from his occupation last night and locked up. It was about 8.30 o'clock that the young man was held up on the street by the military police, and asked to produce his papers. Unfortunately for him he had forgotten to place his papers in his pockets when he left his boarding house, and after stating that he had the papers, and if allowed to send for, or go, to his boarding house he would produce them and thus meet the claims of the M.P., his request was denied and he was told that there was nothing else to do but be taken into custody, and forthwith he was marched under guard through the streets to the guard room, there to spend the night.

He was given permission to telephone his employer of his plight, and also notified the proprietor of his boarding house. The employer got in touch with the military police at the Provost Marshal's office, and asked if there was any way of the young man being liberated. The person who appeared to be in charge was told that the young man's papers could be produced as they could be obtained at the boarding house and taken to them. The reply on the phone was that it would be of no use, as the young man was "there for the night for sure," and even if the papers were brought out there was no person there to let him out, as he would have to wait until the morning, when the Provost Marshal came to the office, and nothing else could be done in the matter.

The employer then learned that the Provost Marshal was ill and made a late call on the Assistant Provost Marshal, but like some other officials who close up business in the afternoon he thought more of his comfortable quarters in the hotel than to bother with the welfare of a respectable young man who was being held in custody, and to get what comfort if there is any in a guard house. The matter was fully explained to the official by the young man's employer, and the latter offered to immediately produce his employee's papers, if necessary, and the military police were told that he could be released for the night, he would be produced before the official this morning. All pleadings, explanations and promises went for nothing, and the young man was held in the military police office, if any person taken in custody does not wish to remain in the guard room over night, it is best that he should be arrested during office hours.

It has been known that in some cases when persons have been arrested under the Military Service Act for not having their papers, they have not been detained until they sent to their homes and the necessary papers were produced, and then the person was given his liberty. No doubt the military police were acting according to the law, but in the case of a young man who is permanently lame, and who has no reason whatever in dodging from military service, and if allowed could have produced his papers within five minutes from the time he was asked for them, it might appear that any reasonable officer who had such explanations made to him could have given the young man a chance to make good his offer instead of making such a grand and glorious catch and place a person under such inconvenience.
