Annual Meeting of the London Lawn Tennis Club—Remarkable Shooting Match—Sporting News in General.

**LAWN TENNIS.**  
THE LONDON CLUB'S MEETING.  
The London Lawn Tennis Club held their annual meeting yesterday. Mr. John Labatt was elected president, Mr. C. S. Hyman, vice-president. Messrs. Hume Cronyn and H. E. Gates were appointed to fill the office of secretary. The prospects for the coming season of the club are very promising.

**BASEBALL.**  
FAREWELL TO DENNY CONNORS.  
A farewell supper was tendered last evening at the Grant House to Denny Connors, the well-known center fielder, on the eve of his departure for Toronto to report for duty with the Toronto club. An excellent supper was served by Proprietor Purcell, and Denny's health was then received with enthusiasm. He was then presented with a couple of boxes of cigars and other tokens of regard of his friends present. The evening was a charming one when the proceedings terminated. Among those who were present were James Murray, John Quinn, Joe Herick, John Slade, S. F. Hile, Fred Burton, James P. Gleason, Ed. Kiekman, James O'Connell, Thos. Herbert and John Cox. Connors left for Toronto this morning.

**DETROIT DEFEATED.**  
BUFFALO, April 9.—The International League champions, the Detroiters, were warmed up yesterday by the Columbus American Association team in Columbus by a score of 8 to 2.

**CHUB COLLINS'S IDEA.**  
Charlie Collins, the well-known second baseman, now umpire, gave an interesting and feasible idea at the recent International League meeting. It is to redeem a tail-end. Club would divide the season in two parts, one ending July 31 and the other Sept. 30. A schedule would be made out for the first portion, when the champions would be declared. Then all clubs start out on even terms for the second schedule, which gives tailenders a chance to brace up and every club a try for the second pennant. Finally the two champions play off. It is a great idea, and shows that Collins is a meditative individual. (New York Star.)

**TROUBLE IN THE PLAYERS' LEAGUE.**  
There is trouble in the Players' League camp about the non-payment of the \$40,000 guarantee fund by the clubs. Al Johnson, of the Cleveland club, looks at it as a serious matter. He says his club sent on its share of the fund \$3,000 on March 20. It was imperative, he contended, that the full amount of the fund should be paid by April 1.

**PLAYS.**  
Patsy Hartnett has signed to play with Von der Ahe in St. Louis. The Toronto club will have to get somebody else for first base.

It is said that the Buffalo International team will make a preliminary trip through the Western New York League circuit, Bradford, Dunkirk, Erie and various Pennsylvania towns.

The Fall River Rovers, of Massachusetts, who are going to make a tour of England and Scotland, have offered a guarantee of \$300 for a Canadian team to play them at Fall River on Saturday, June 1. This offer will in all probability be accepted.

Manager McArthur has landed John Hamilton, the pitcher who made the great record with Columbus in 1888. Murphy, of last year's Saginaw, once caught him, but he eventually became too fast for John. He played last year in the Atlantic Association. (Saginaw Journal.)

A number of young men met last night for the purpose of organizing a baseball club. After some discussion it was decided that the club be known by the name of the Victors, with the following members: C. Struthers, B. Stratton, A. Falls, C. McNeill, A. Turner, C. Nicholls, R. Donaghy, H. Turner, H. Spence, Blake Mills. The officers elected were: C. McNeill, secretary; H. Spence, captain. It was decided to request Mr. D. McCoull to accept the presidency and management.

**THE CURF.**  
English owners back their horse well when satisfied they have "a good one." Mr. Masterman, the owner of Lexington, of the Grand National, the big step-chase event of the old country, won \$14,000 in two bets on his horse, getting odds of 7 to 1, and consequently could well afford to make a present of £1,000 to Jockey Nightingale, as he did. Falls were numerous, and of the sixteen starters only six completed the course.

After famous horses drop out of sight, and it is interesting to learn the fate of old favorites. The horseman contributes the following: Back in the '70's a wonderful quarter of paces earned the title of "The Big Four." Mattie Hunter, Sleepy Tom, Rowdy Boy, and Lucy were a remarkable group, and, came and endured campaigns. Lucy and Mattie Hunter are in honorable retirement, sustaining the cares of maternity. Rowdy Boy is still in the land of the dead.

**THE WINDSOR RACES.**  
WINDSOR, Ont., April 10.—The new racing circuit formed by Port Huron, Lansing, Pontiac and Windsor, met Tuesday. Mr. Carpenter was elected secretary of the new circuit. The different dates were confirmed and the prospects are that the meeting in Windsor on July 8, 9 and 10 will be a red-letter one in the history of the Driving Park.

**PEDESTRIANISM.**  
W. H. Morton, Salford Harriers, London, Eng., recently accomplished a wonderful performance in running twenty miles in the unprecedented time of 1 hour 52 minutes 51.3 seconds, and, after pulling up, ran an extra quarter mile to obtain the world's record for two hours. His time for 20 miles, including stoppage, was 1 hour 54 minutes 44.5 seconds. There were 28 competitors in the race, and the second man in was Morton's club mate, E. W. Parry, who covered the distance in 1 hour 54 minutes 13.5 seconds, which also broke all existing records for the distance. Kibbiewise was among the leaders for the first fourteen miles, but then succumbed.

**THE WHEEL.**  
What will be the longest wheeling tour of this season will be made by F. F. Weaver, of the New Haven Bicycle Club. Mr. Weaver will leave New Haven on April 21, and will tour through Philadelphia, Baltimore, Washington, Virginia, Ohio, Kansas, St. Louis, and through to San Francisco.

**THE TRIGGER.**  
A most remarkable match was shot at Frankfort, Pa., the other day between Wm. Wolstencroft, of Philadelphia, and Rolla O. Heikes, of Dayton, O. The conditions were novel, and under the circumstances the score was most remarkable. The conditions were 100 standard targets thrown from three traps at unknown angles, 25 yards rise; use of both barrels allowed. Heikes made the wonderful score of 94, making a run of 67 straight, and only used his 12-gauge. Letover seven times. Wolstencroft's highest run was 26 and his total 88 out of the possible 100, using his second barrel twelve times. The record made by Heikes is likely to stand for some time, as 94 out of 100 at 25 yards rise is certainly great work.

**CRICKET.**  
The annual match between Upper Canada College and Trinity College School will be played at Port Hope June 28. After their match at Agra, the English cricketers in India, according to the latest exchanges, beat a representative Panjab eleven at Lahore, at the end of February, by an innings and 40 runs, and the Fifth Lancashire by 88 runs.

**THE RING.**  
CHICAGO, Ill., April 10.—The fight between One Couple and James Donohue, both of Chicago, for \$500, gate receipts and the championship of Illinois, came off yesterday at Shelby, Ind., and was declared a draw in the 53rd round.

**BIG "JIM" CORBETT.**  
Big "Jim" Corbett, the California boxer, feels aggrieved at the disparaging way in which John L. Sullivan talks of his prowess. To a friend he said: "If Sullivan really believes he can stop me in four rounds, or even beat me on scientific points, I will give him an opportunity to make a haul of money. On April 14 a number of my New York friends will give me a benefit at the Thalia Theater. I will be delighted to go on that occasion to meet Sullivan, and if he either puts me to sleep in four rounds or defeats me on scientific points he can have every cent of revenue taken in the house on that night. I will not take a single dollar. That is my answer to the estimate attributed to Sullivan of my pugilistic ability."

**MISCELLANEOUS.**  
Six thousand first-hand landowners and others have appended their signatures to a petition presented by Sir John Kennaway to the British House of Commons, whereby it is proposed that "the perpetual destruction of the British hare" be certain, if not checked, "and that speedily," to "result in its becoming a thing of the past." "To all but those who desire its destruction for sordid motives this beautiful animal," it is observed, is "a thing esteemed and prized," and it is "to avert the recurrence of such a misfortune as its extinction" that the help of the Legislature is invoked.

## WHAT TO WEAR.

Mr. A. B. Powell Will Solve the Problem—A Fine Stock and a Model Store.

The annual spring opening of Messrs. Powell, Allen & Brickenden's millinery department will set London ladies to thinking as to what they will wear. When they get in that establishment, however, the question will be what not to wear, such is the charming profusion of everything calculated to adorn the fair sex. The store in itself is one of the brightest and best lighted in London, and the showrooms and millinery departments are models of elegance. The reception-room on the second floor is also a most comfortable and convenient feature of the establishment. In the mantle department Mr. Powell has adopted German-made goods specially, on account of the fact that the Germans seem to have the knack of studying the figure and designing the mantle to harmonize most effectively with the physical build of the wearer. The millinery department is supplied with French and English goods. In dress goods what are known as the popular home-spun tweeds are very fashionable this season, and tailor-made dresses are now the correct thing. Mr. Powell has his usual fine stock of fancy dress goods, all from Paris, as well as an immense stock of kid gloves. This latter line has always been a prominent feature of the firm, which carries about \$5,000 worth of Parisian and Swedish goods. To the initiated the beautifully delicate Calais lace and lace scarfs must be an attractive feature, and Mr. Powell has an unusually fine assortment in this branch. Fashion's dictates have been amply provided for this spring. Suitings of plain and twilled fabric of every variety and the lighter summer dresses of veiling, albatross, batiste, wool grenadine and various wool tissues, moderate in price and charming in shade and style, meet the eye at every turn. In trimmings flowers are to be the rage. Mr. Powell has a splendid stock on hand.

## MELODY AND MIRTH.

Successful Opening of the New Liberal Rooms.

The announcement that the Young Liberals would open their new club rooms in the Oddfellows' Hall last evening attracted a couple of hundred members and their friends. As has been previously stated these rooms are the most conveniently situated and most comfortable in the city. The newly-papered walls, the furniture and bright chandeliers make the place look well, but it was when the friends and members filled the apartments that they looked their best. The affair was of a free-and-easy character and was started by a short characteristic speech from President George M. Reid, who expressed the pleasure the members felt in seeing so many present. With the new rooms and the additional accommodation he hoped to see many new faces at the gatherings and taking advantage of the reading-room. This year already the club's membership was 100 better than last, and it was expected that fully as many more would be secured within the next few weeks. These gatherings were held every Wednesday evening until the warm weather set in. Of course the rooms were always open to the members, but on each Wednesday evening a musical program for not alone members of the club, but all friends, would be prepared.

There were fourteen tables in the rooms, and around each a group of men, young, old and middle-aged, who played at one of the games which were supplied in plenty, sat and chatted over the news of the day, and some of the cigars which a friend of the club distributed gratis, took part in the impromptu programme of songs, speeches and dancing, or read some of the magazines in the reading-room, and paused occasionally to join in the rousing choruses of the more familiar tunes. It was the do-as-you-please style of the gathering that made everybody enjoy it so heartily. Among those who gave songs were Messrs. J. G. McIntosh, George H. Belton, Charles H. Fewings, Fred W. Saunders and Bert Leys, who gave from one to three selections each. A short speech by Col. Leys was also called for, and that gentleman responded in a happy strain, expressing the belief that with such young men to support it the honest Government of Oliver Mowat would have no cause whatever to mistrust the reliability of the Liberal Unionist Association (East Middlesex) a supporter of the Mowat Administration would assuredly be returned in the person of Mr. Thomas Parson. Walter Leys gave a very fine exhibition of club-swinging and Frank Wilson, in full Highland costume, gave the sailor's hornpipe and the sword dance in a manner that brought them both hearty applause. With such terpsichorean talent as the Young Liberal Ministers possess an evening would be incomplete without such favorites as Messrs. John McDonald and Martin Morton, each giving a couple of "turns" as the piano gave forth a rousing reel. The chorus of the "Big Eight" and that of the "Dandy Black Brigade" were also sung during the evening.

From this short sketch some idea can be obtained by those who missed the treat that the Young Liberal Club does not do things by halves, but makes its visitors comfortable. Passers-by who saw the nicely-curtained windows in Oddfellows' Hall illuminated and heard the music and chatter of voices, and the enjoyment are thus made aware of the nature of the affair. Mark down Wednesday of each week in your diary for a jolly social reunion at the new rooms of the Young Liberal Club. All friends old and young, should go and see how comfortable the place really is.

## A GIRL'S SAD FATE.

Almost Instantly Killed by the Elevator in a Detroit Store.

DETROIT, April 10.—Yesterday afternoon a fatal elevator accident occurred at the wholesale grocery of John Davis & Co., Larned street. Anne Caplan, 18 years old, employed on the third floor, attempted to stop the freight elevator, which was making an up trip empty. At the same instant that she grasped the cable for the purpose of stopping the elevator someone on another floor gave it a sharp pull. The elevator shot up, catching the girl's head between the elevator shaft and the top of the heavy door. The girl's body was held for an instant, then turned completely over, and when released fell head first to the bottom of the elevator shaft, a distance of four stories. Engineer Morgan stood beside the girl at the time of the accident, but so quickly did it happen he could not raise a hand to save her. She lived but a few minutes.

## FOUND A SPIDER IN HIS EAR.

BALTIMORE, April 10.—Daniel Cadden, a clerk in the comptroller's office, has been suffering the most intense pain in his head for nearly a week. It struck him on last Wednesday night, and at intervals he jumped about his room like a crazy man. A physician was called, who, after a thorough examination, thought he detected a unusual noise near the drum of the ear. He inserted an instrument, and after about three minutes' work brought to light a great, ugly-looking spider. The insect had crawled into the man's ear while in the market house on last Tuesday. Cadden is all right now.

## SCHOOL TRUSTEES.

Number One Committee Deals With Various Subjects—The Inspector at Variance With the "Advertiser"—A Settlement of the Engagement Question.

Number One Committee of the Board of Education met last night, there being present Chairman Stevenson, Messrs. Jeffers, Yates, Johnston, Jeffery, Cryer, Inspector Boyle, Principal Woods and Secretary Abbott. The usual accounts were passed. It was decided to allow Mrs. Graham to receive the difference between the salary paid by her substitute, and her own. Satisfactory reports were received from the headmasters of the various city schools, and adopted.

The Secretary was instructed to procure necessary printed forms for school teachers' reports. In the matter of the teachers reporting the corporal punishments, Inspector Boyle said he would not like the corporal punishment published. It would do quite enough to have the books for reference. Mr. Jeffery—Then the reporters would want them for this evening? Mr. Boyle—Well, the reporters were only acting in the interests of the people in publishing that about the teachers. Inspector Boyle stigmatized the statement as false. He did not, however, specify any particular statements.

It was decided to have 500 forms of teachers' contracts in book-form printed.

Mr. Cryer moved that Mr. N. Wilson, of the High School, receive an increase of \$50, making \$1,000 in all. Carried. Mr. Jeffery moved:

Resolved, That with a view to the proper introduction of the system of annual engagements provided for by the regulations of this Board, recommend that the whole staff of teachers be notified that their present engagements will first expire on the 31st of the year, it being distinctly understood that such termination of engagements shall not be deemed a dismissal of the present staff, but an annual occurrence for the purpose of reorganization, which may be accomplished by the services of efficient teachers, but to enable the Board to exercise a judicious oversight over the staff to prevent neglect in the due performance of duty by the staff.

Mr. Jeffery explained that the last part of the motion was intended to dispel an idea of general dismissal.

Inspector Boyle said the addition would have obviated such discussion at the last Board meeting.

Miss Porter asked leave of absence owing to illness. The committee acquiesced but left the matter to the Board.

Mr. Boyle said the library had disappeared and asked who was responsible.

No one appeared able to answer the question, but it finally transpired that the books were at Simcoe street school, where it was decided to leave them for the present. Adjourned.

TORONTO, April 10.—The half-yearly meeting of the Baptist Home Mission Board of Ontario and Quebec was held here yesterday. ## A LIBEL SUIT DISMISSED.

HAMILTON, Ont., April 10.—At the Assize Court here the suit of Bridges vs. the Ontario Rolling Mill Company, in which plaintiff asked damages for loss of a finger while in defendants' employ, the judge dismissed the action with costs.

The suit of Howarth vs. Fisher, in which J. G. Howarth, of Toronto, sues W. H. C. Fisher, of Dundas, for \$10,000 damages for alleged libel contained in a letter said to have been published by defendant, and which was said to have libeled plaintiff's character, the action was dismissed with cost.

MR. JAS. McCONNELL, of Lakewood,  
with a bottle of  
Barkwell's Sure Corn Cure

AS A GOLDEN OFFERING  
And which he declares, after experience, is  
Worth More than its Weight in Gold.

This fluid is good, and I told you it would  
Cure corns and bunions as well;  
So now, Uncle John, just put it right on  
And you will have wonders to tell.

I tell you again, 'twill cure without pain,  
Though you may be loath to believe it.  
But after my trial there can be no denial,  
And as a boon I hope you'll receive it.

I have often been told 'tis more precious than

And such I submit it is to you.  
For as gold was the thing I'm expected to bring,  
I think this present will do.

Toronto to Sarnia, and has caged a large  
number of these migrants, some of whom  
have been sentenced to 60 days' imprison-  
ment.

Strathroy's Quota.—Mr. and Mrs. J. L.  
Dumpley, of London, were the guests of  
Mr. L. H. Dumpley, of the Bank of Com-  
merce, over Easter. Mrs. Keltie, of Lon-  
don, who sings at St. John's Church concert  
to-morrow evening, has arrived in town,  
and is the guest of Mr. F. Taylor, Front  
street. Mr. George Winlow, of London,  
was in town on Good Friday.—[Strathroy  
Dispatch.]

A Montreal dispatch says: Mr. D. P.  
Plews, of Brantford; Mr. Saunby and Mr.  
Hunt, of London, and Mr. Dewlop, of  
Port Hope, were on the Corn Exchange  
this (Wednesday) morning, as a deputation  
from the Ontario millers to endeavor to in-  
duce the Grand Trunk railway to grant  
through rates for grain and flour when the  
United States roads.

Last evening shortly after 7 o'clock the  
pumping house belonging to the Empire  
Oil Company, east of the old G. T. R.  
freight sheds, took fire, and the flames  
illuminated the sky for a considerable  
distance. The East End fire department,  
together with the boys from the Central  
Hall, turned out, but the customers' im-  
promptness, but when they arrived the  
structure was entirely enveloped in flames  
and could not be saved. The loss is sup-  
posed to be about \$200.

**Wolverine R. B. C. Assembly.**  
That something more than a rain storm  
was necessary to keep the young people of  
East London away from amusements they  
had set their hopes on was demonstrated at  
the Wolverine Assembly in East End Hall  
last evening. Messrs. R. Bright and T.  
Lashbrook, as Reception Committee of the  
affair, had the comfort of about 50 couples  
to look after and discharged their duties  
faithfully. With Messrs. J. Trainor and  
G. Arnold at the head of the musical  
entertainment, dancing was kept up with  
interest until an early hour. Mr. S. Tay-  
lor was master of ceremonies and Mr. J.  
Hills, the pianist. The gentlemen who  
managed the preliminaries of the assembly  
were Mr. F. Donald, chairman, and J.  
Hills, secretary-treasurer, of the club.

**With the Symphony Orchestra.**  
A large, critical and select audience can  
be looked for at the first-class musical en-  
tertainment, such as that to be given by  
the London Symphony Orchestra at the  
Grand to-morrow evening. Of George Fox,  
the Canadian violinist, the Buffalo Courier  
says: "The laurels of the entertainment  
were carried off by Master George Fox.  
His performance last evening was truly re-  
markable and gave unmistakable signs of true  
genius, if not positive inspiration. He  
handles his bow with a grace, power and  
dash, which remind one forcibly of  
Remenyi; while he overcomes technical  
difficulties such as double notes, harmonics,  
etc., with the utmost ease. His per-  
formance, with its variety of tone, and  
enthusiastic applause, in response to which  
he played a Chopin nocturne with  
delicious tenderness. His second violin  
solo, Andante, with variations by Mon-  
sieur Mazurka, was likewise given with  
genuine artistic feeling."

**Wellington Street Methodists.**  
The third annual report of the Young  
People's Church Improvement Society of  
the Wellington Street Methodist Church  
took place at the residence of Mr. W. H.  
McConnell, on Wednesday evening, when  
the society presented its annual report to  
the society since its organization. The Secretary  
read the annual report, which was very  
favorable, the figures of the society's  
membership 64. The Treasurer's report was  
also read, showing total amount raised by  
the society during the three years to be  
\$1,200, and expended \$1,168, leaving a  
good balance to the credit of the society.  
The following are the officers elected for  
the present year: President, Mr. Walter  
Percival; vice-president, Mrs. G. W. Hen-  
derson; secretary, Alden Jones (re-elected);  
treasurer, James Jeffery. Executive and  
Entertainment Committees were also ap-  
pointed. This is the society's home, much  
towards the beautifying and improvement  
of the church as well as advancing the  
social element amongst the young people  
and interesting them in the work.

**A Former Londoner Married.**  
The marriage of Miss Clara E. Rosch,  
daughter of Mr. George Rosch, of Hamil-  
ton, formerly of this city, took place yester-  
day in Hagerson, the bridegroom being Mr.  
C. A. Jones, of the firm of H. L. Judd &  
Co., New York. The bride was attired in  
white Sicilian silk, court train; trimmings,  
white ribbons, and a large diamond veil.  
Garniture and orange blossoms. She  
wore lovely diamond earrings, the gift of  
the groom. The bridesmaids were  
Miss Louisa Rosch and Miss  
Belle Rosch, sisters to the bride.  
Their dresses were of French grey bang-  
aline; trimmings, pale pink crepe de chene;  
leontine hats, grey crepe de chene, grey  
and white plumes. They wore superb gold  
lockets and bouquets of pink roses (from a  
Boston conservatory), the gifts of Mr.  
Jones. The bride's bouquet was from the  
Hubb, was composed of lilies of the valley  
and white roses. The presents were almost  
innumerable and of every description.  
Among the invited guests were Mr. and  
Mrs. J. Hunt and Mr. J. H. Brown. Rev.  
E. M. Bland, assisted by Rural Dean  
Fornet, performed the ceremony.

**A GOOD CIGAR.**  
Few 5-cent cigars have enjoyed such an  
unprecedented run of success as the "High-  
land Lassie," and it is continually finding  
new admirers in the large army of smokers  
who one and all unite in its praises. The  
sale of this fine cigar is daily on the in-  
crease. Some persons have formed a prej-  
udice against an article manufactured by a  
local firm, but the "Highland Lassie" has been  
a large factor in overcoming this prejudice,  
and is to-day the most popular 5-cent cigar  
ever put on the market. Manufactured  
only by H. McKay & Co., London.

# BRAIN DISEASE.

A Doctor's Severe Criticism of the Medi-  
cal Profession's Treatment of  
Their Patients.

In a recent issue of a well-known medical  
journal, the eminent Dr. L. F. Locke takes  
his professional brethren to task for their  
neglect of the early symptoms of brain dis-  
ease. After saying that it is a deplorable  
fact that the early symptoms are almost  
invariably overlooked by the sufferers and  
permitted to pass unheeded for, until the  
time when medical interference is of no  
avail, he makes this severe remark:

"To dismiss patients presenting head-  
symptoms with the statement that their  
troubles are due to disorder of the stomach  
or liver, is a very convenient way to cover  
up ignorance."

He then mentions this case: "Not long  
since a gentleman of this city, of wealth  
and high social position, one accustomed to  
his professional brethren to task for their  
neglect of the early symptoms of brain dis-  
ease. After saying that it is a deplorable
