DOUGLAS STEWARD. while the Spaniards had fully twice that number. The Cubans advanced in good order, being well equipped with arms and ammunition, and took the enemy completely by surprise. At the start the Spaniards scattered, but afterward made an effort to rally their forces. They only succeeded in being

able to retreat in regular order to the village of Palma. After six hours' hard fighting at Palma the Spaniards raised a flag of truce and expressed themselves as be-

WILLING TO SURRENDER. Terms were speedily arranged, and the Cubans took as prisoners one Spanish colonel, seven captains, several other officers, besides 103 soldiers. Spanish loss amounted to 76 dead, besides a large number who were wounded. Included in the Spanish losses

were thirteen officers. The Cubans sustained a heavy loss, but it was considerably smaller than that of the Spaniards. It is reported that there were 45 killed, including five officers of lesser rank, and about

60 wounded. After the battle, the Cubans returned to Jiguani. There they recovered a large quantity of arms and ammunition from the deserted Spanish camp, together with provisions and supply wagons, which the enemy had been compelled to leave behind. These were much needed, and were sent to the losses. headquarters of Gen. Garcia's camp at

THE BOMBARDMENT AT SANTI-AGO.

On board the Associated Press dispatch boat Dandy, off Santiago de Cuba, via Kingston, Jamaica, Tuesday, June 7-Noon.—The American fleet this morning engaged the Spanish batteries defending the entrance of the harbor of Santiago de Cuba, and after a three hours' bombardment, si- in the Spanish fleet under Cervera, was lenced nearly all the forts, destroyed killed during the engagement. The several earthworks, and rendered the Estrella and Cayo batteries, the two principal fortifications, useless. The fleet formed in double column six miles of Morro Castle at 6 o'clock of Americans landed at Aguaderoes,

den. They record the exact amount 3,000 yards off shore, the Brooklyn result was, is not known here. of miles traveled and the legal fare leading, followed by the Marblehead, Texas and Massachusetts, and turned westward. The second line, the New York leading, with the New Orleans Yankee, Iowa and Oregon, turned eastward. The Vixen and Suawanee were far out in the left flank, watching the riflemen on snore. The Dolphin and Porter did similar duty on the right flank. The line, headed by the New York, attacked the new earthworks near Morro Castle. The Brooklyn column took up a station opposite the Estrella and Catalina batteries and the new earthworks along the shore.

SPANISH GUNNERS RETIRE. Eastward, the New York and New Orleans silenced the Cayo battery in quick order, and then shelled earthworks located higher up. Later on the practice was not so accurate, owing to the elevation of the guns, Many of the shells, however, landed, and the Spanish gunners retired. with terrible effect. Fire broke out in the Catalina fort and silenced the Spanish guns there. The firing of the fleet continued until 10 o'clock, when the Spanish fire ceased entirely, and Rear Admiral Sampson hoisted the "cease firing" signal.

Generally the fire of the fleet was very destructive. Many of the earthworks were knocked to pieces and the Estrella and Catalina fortifications were so damaged that it is question-

NO AMERICAN SHIP HIT. Throughout the engagement no Am-

erican ship was hit and no American was injured. CERVERA'S DISPATCH. dispatch has been received from Admiral Cervera: Six American vessels have bombarded the fortifications at Santiago and along the adjacent coast. Six were killed and seventeen were wounded on board the Reina Mercedes; three officers were killed and an officer and seventeen men were wounded among

the troops. The Americans fired 1,500 shells of different caliber. The damage flicted upon the batteries of La Socapa and Morro Castle were unimportant. The barracks at Morro Castle suffered damage. The enemy had noticeable

CLEARED THE WAY. London, June 8.-A dispatch to the Daily Mail from Cape Haytien says: The American victory at Santiago has cleared the way for the entrance of Admiral Sampson and the destruction of the Spanish fleet. As Santiago's defenses are reported weak, it is likely the city will yield to a vigorous attack. It is reported that the commander of the Reina Mercedes, second in command combined American and insurgent forces are entrenched near Daiquiri, with guns mounted in preparation for any movement. A report says a body but whether it is true, or what the PROBABLE JUNCTION WITH THE

INSURGENTS. Cape Haytien, Hayti, June 8.—According to the latest direct advices from Santiago de Cuba, the Americans effected a junction with the insurgents near Daiquiri, some distance east of Aguaderoes, and near the railway line to Santiago.

was on the way. AN INSURGENT VICTORY AT

MANILA. London, June 8.-A dispatch to the Daily Telegraph from Manila, dated June 3, says: "The Spaniards in the able whether they will ever be able to church in Old Cavite are still holding renew any effective work during the out, but the adjacent town of Imus has been captured by the insurgents. This is an important point at the back of Cavite proper, and its possession by the rebels is a serious matter for the Spaniards, because it is the outlet to the surrounding country, and through Madrid, June 8.—The following official Manila. It will also afford an admirable base of operations for a further advance toward the city. It has been found impossible to conceal from the inhabitants of Manila the fact that the insurgent successes have cast a deep gloom upon foreign residents, who are more anxious than ever to get away. For the most part the men remain, but the women and children have been sent to Cavite, where they are safe under the Stars and Stripes.

The most friendly relations exist be-

tween Admiral Dewey and the con-

sular representatives of the powers, and

the commanders of the European war-

ships in the bay. The Spanish soldiers

who have been captured are a sorrylooking lot. If they are a fair sample, they will be no match for the American troops.' SPANISH CONGRATULATIONS. Madrid, June 8.-In the chamber of deputies last night Capt. Aunon, minister of marine, read Admiral Cervera's dispatch and a dispatch from Gen. Blanco to the effect that Gen. Linares had repulsed an American attempt to effect a landing of troops at Aguadores. The senate, after hearing Admiral Cervera's dispatch, unanimously resolved to congratulate the army and navy. ANOTHER CABLE PROBABLY CUT. Cape Haytien, Hayti, June 8.-From all indications the cable between Hayti and Cuba has not worked since Mon-

day at midnight. It is probably cut. THORN TO BE ELECTROCUTED. New York, June 7.-Martin Thorn, who was convicted early in December of last year, and sentenced to die in the electric chair at Sing Sing for the murder of William Guldensuppe, the bath rubber, will have to suffer the full penalty. The case has been before the court of appeal, and today, among other decisions handed down, the sentence was affirmed in the case of Martin Thorn. Thorn is now in the prison at Sing Sing, and Mrs. Augusta Nack, who also connived and helped at the killing of the bath rubber, is serving a sentence of fifteen years' imprison-

Devotes Monday Evening to Missions-Memorial Services -Delegates to General Conference Chosen.

MONDAY EVENING.

The London conference, in session at Chatham, devoted Monday evening to missions. Rev. S. J. Allin and Mr. William Bowman represented the general society; Mrs. McMechan the W. M. S., and Rev. F. E. Malott the students' forward movement. Mr. Malott explained the origin of the movement among the student volunteers, traced its growth, and explained that if the purpose was accomplished, \$80,000 annually would be raised, 100 more missionaries would be sent out, and each district would be represented. Thirty districts are already thus organized. then have one of your princes lead Lord Jeffries, after incarcerating ly requested. Rev. Mr. Allin showed that Christianity produces the highest type of manhood in any na- Mo., of John, eldest son of Town Treationality; (2) that the Bible is the Book | surer Barrie, of Sarnia. of God, proved by the crucible of hu man experience; (3) the civilization of the world and its material progress depends not on other proposed plans, aries, as proved wherever the Bible holds sway: (4) our relation to this problem is a rearrangement of our home work, and the sending of more men to the foreign field.

Mrs. McMechan's report showed that \$35,000 had been raised in the past year -over \$1,300 increase. The students' movement has detracted from the mission band and a rearrangement of the work is desired. A pleasing resume of their work was given.

Mr. Bowman's address took the form f a hearty resolution of thanks to the Women's Mission Society, and recom report in the conference minutes. This was carried.

#### TUESDAY MORNING.

THE LOSING LONDONS.

About 175 people went to Tecumseh Park yesterday, and were sorry they did. They saw the Londons fall down again before the Hamiltons, after a faint show of resistance, and they had to swallow their chagrin while Dean and Hagerty gloated continually and without ceasing. It was the same old story-the Lendons could not hit in the right spot. A brawny black-smith named Bradford, who is not unknown in these parts, sent such Beal pitched a good game. There is nothing wrong with any of the local pitchers, but they cannot win unas-

Meara and Sechrist changed places, as announced, and Keenan made his debut as captain. Keenan did his best to shake ginger into the team by vigorous coaching, but he failed to put power into their bats. The management should respect its patrons more, and provide a regular umpire. It is a mere farce for players to officiate, no matter how competent. There was no excuse for yesterday's delinquency, as President Mc-Arron had telegraphed the management to appoint Joe Weber, who is an official substitute. Weber was at

the grounds, but was not even asked There is little to be said about the game. In no inning did the Londons bunch their hits. In the first, second and fourth they had two men on bases, but it availed them nought. In the seventh Sechrist's charity and Schrall's juggling of Jones' single gave the Londons their solitary run. the Hams their first run. Two singles and bad errors by Grimshaw and Reuning gave them two more in the fifth, and two charities and two singles another brace in the sixth. The score: LONDON.

#### London Adbertiser.

(ESTABLISHED 1863.)

FOUNDER AND John Cameron.

London, Wednesday, June 8, 1898.

Spread of Infectious Diseases A searching inquiry should be made Into the allegations of Mr. McRobert, a member of the London Board of School At the meeting last night, scarlet fever had been for a probing to the bottom of some recent happenings, imborder that greater care maye be taken of the public health. It is difficult to believe that an order from a physician had been issued permitting children to return to school from a home in which infectious disetse had existed, while those suffering from the malady were scarcely convalescent. which, as most people must be aware, is the most dangerous period of all for the spread of infection.

It is timely also to point out the in-Jury liable to be done by the recklessness of parents who send children to school while there is severe sickness In their household, or by permitting those only partially recovered to mix with the healthy young people in their neighborhood. These are matters of sommon propriety and social ethics upon which it is apparent that some people need a little education. Let the inquiry grow, and let the civic regulations be further enforced if need there be for the due protection of the public. London is a very healthy place—the healthiest city of its size on the continentshould be permitted in carrying out needed precautions to prevent the spread of infectious diseases when they occasionally break out, as they do in all

father, is apparently satisfied that the hands in the closing days of the session. He is in Winnipeg with his wife on a holiday.

Yesterday, at Osgoode Hall, the court granted a winding-up order in the case of the Hamilton Templar Newspaper Company. This end-up has been for some time expected. Established for the ostensible purpose of promoting temperance, the Templar proved extremely intemperate in dealing with those whom it deemed it to be its duty to criticise or denounce. For a time, Its object was concealed, but some months ago, Mr. Keefer, its ex-editor, let the cat out of the bag. In order to discredit the work of Mr. Wrigley, who thad meanwhile taken the editorship and resolved to set the paper in line, in accordance with its original professions, Mr. Keefer annnounced that for four years this professedly indeof its ambition the destruction of the opinion of many persons who had, from time to time, perused its contents, but the candid admissison set all doubts at rest. The end could not have been other than that now reached.

#### Cold Storage Success.

Cold storage may, as some experts assert, prejudicially affect the eggs exbe no doubt that this mode of shipment is a distinct advantage in the case of a number of perishable commodities, of which Canada has a surplus for export. During the present session, the commissioner of agriculture and dairying, Prof. Robertson, told the agricultural committee of an export of 267 barrels of fall apples, sent in cold storage, which sold at 18 shilling a barrel, while another lot of 325, sent in the usual way, brought only 8 shillings. The creameries are steadily complying with the Government regulations for the establishment of cold storage in connection with their operations, no fewer than 69 of their number having availed themselves of the bonus. The bonus will be continued for this season.

The late Mr. Gladstone was a man of great linguistic accomplishments. He once adddressed an assembly on the Island of Corfu in modern Greek, a little later spoke to an assembly in Florence in Italian, a few days later conversed with ease in German with in fluent French to a toast at a banquet in Paris, and then crossed the channel to deliver a five hours' speech in Parliament on the budget,

#### A Useful Postal Novelty.

A new departure in the Canadian postoffice, as well as a new opportunity for the use of the bicycle, will result by the special delivery system which the Canadian Government has resolved to Introduce, beginning on the first of next month, in all cities where a postal delivery is in force. By affixing a special ten-cent stamp to a letter, in addition within the hour of the arrival of the performed-outside the winter months.

An Ambitious Programme

We wish to have the Democratic party put the past behind it; we wish turn from 1896 to 1900, to 1910, with views and plans and policies for great development of our internanal commerce. We wish to declare

"The freedom of Cuba The acquisition of Porto Rico. 'The annexation of Hawaii. "The acquisition of the Philippine

building of the Nicaragua "The Canal. "A navy twice the size it is today.

"A regular army of 100,000. "The militia under the drill and disipline of the regular army.' Such is the declaration of the Louisville Post, one of the leading Democratic journals in the United States. It is an indication of how rapidly history is made in the closing years of the nineteenth century. Two years ago the average Democratic newspaper was contented with a party platform bounded on all sides by the declaration in favor of free coinage of silver. Here we have a disposition to greatly widen the horizon, and to vastly add to the responsibilities of the United States. It will be an expensive programme, but if it brings peace and prosperity to the territories affected. which have far too long been overtaxed and otherwise misgoverned the eventual result may be as much to the financial gain of the United States as it bids promise to be to the welfare, the peace and comfort of the inhabi-

It would be in the interest of public order, and would receive general commendation, if, in view of recent hapvoluntarily withdrew their Sunday services from Victoria Park. From the flist, it has been felt that this body much as it was given a standing in the park practically denied to every other religious body. And it is felt by many that if the original intention of the park is to be departed from. and ann equality of all religious bodies is to be established, this place of rest and calm recreation would soon become a veritable Babel. We are sure that no good citizen, in the Salvation see such a condition of affairs established; yet if all were to be treated alike, such would be the outcome of camp quartermaster. Those under him taining rank." the present arrangement. If they for- are Major Duncan Stuart, Paymaster sook the park, the Army would still have their own building; no one would doubtedly useful work in the community which desires peace and quiet on Sunday and on every day of the

#### Anonymous Ribstabbing.

Whatever others may do. The Adan anonymous letter attacking Rev. Mr. Wilson, Rev. Mr. Gilmour, and ex-Ald Armstrong because of the views which they have publicly expressed with regard to the late visit of Evangelist Varley. In these matters, The Advertiser is guided by the principle that it is not the province of a journal printed in the interest of the community as a whole, to allow one man to onymous signature. The gentlemen the courage of their convictions. Why should not their assailants be placed on an equality with those that they at-

of the average and nymous letter were to conceal his identity, and were to reply with candor, he would say that he wished the onus of making the attack to fall on the newspaper that gave its publicity, and not on himself; and if he were asked to sign the missive ness truly instructive, or, if a signature were insisted on, he would so amend it as to strip it of much of the venom with which it is usually satur-

A knowledge of the facts set forth has convinced us of the generally indefensible nature of the average anonymous letter, and of the necessity of guarding the public against putting faith in such communications. We find that the interest of the public is promoted rather than netarded by our refusal to print any of these rib-stabbing attacks.

There may be comparatively little op-Porto Rico by the United States, as a dent that European continental nations action of the old world Power's with regard to these far away tropical islands increases. Above all things, they hate a one-sided grab-in which they have no share.

#### ACCIDENT AT BYRO, N.

Wm. Fulton in a Dangerous Condit ion

of Bandmaster Smith. Runaway at the Bridge. A bad accident occurred on Sunday evening at Byron bridge. Micha el Ward, of West London, and William for duty, Major Stewart, Twenty-sixth Fulton, who resides on the waterworks | Battalion; sanitary officer, Surgeonproperty, were driving down the north bank approaching the bridge, when one of the lines broke. The horse, a fresh mail is guaranteed by the department. | colt, bolted, and the buggy was smashcolt, bolted, and the buggy was smashed on the iron superstructure of the bridge at the north end. Mr. Fulton Besides the staff, the following nonof course by the agency of the wheel was picked up unconscious and con-commissioned officers are required for veyed to the residence of Mr. Jonah camp duty, and will be duly detailed Postmaster-General Mulock is apparently determined that his department shall be entirely up to the times.

Veyed to the residence of Mr. Jonah Fortner, where he is now lying in a very critical condition. Ward was not Major Munro, R. R. C. I. as brigade shall be entirely up to the times.

brought them to death's door. The runaway occurred in a dangerous spot. as the roadway there is steep and

Fifteen Hundred Volunteers Arrayed on Carling's Heights.

Who They Are and Where They Come From, Together With Points of Interest for Their Many Friends.

The Forest City extends a hearty welcome to the 1,500 volunteers now assembled on the old camp grounds on Carling's Heights. Yesterday morning there was but little indication of the busy scene that was presented last night, and which will continue for a month. Then all was serenity and quiet, but as the day wore on a mark-8:30 in the evening the last contingent | East Lambton. arrived and took up their quarters in the tented city. So far as the physique and general appearance of the men are concerned, the volunteers compare favorably with those of any previous camp, and among the officers are many familiar faces, that wear the same pleasant smiles they did two years ago,

vhen they encamped here. Little was done yesterday beyond getting things in readiness for work toand preparations is now at an About 3,000 blankets were distributed in the evening, but the ground and temperature were not in such a condition as to provoke wrangling over and stealing of blankets. The efficient staff of officers under Lieut.-Col. Henry Smith, commandant, will no doubt until July 2 have their hands full and their work cut out.

MIDDLESEX LIGHT INFANTRY. The Twenty-six Battalion, true to their reputation, were first on the Among the officers of this battalion are many of London's best known and popular young men, who are efficient and proficient in matters military. Although Col. McEwen, of Byron, has succeeded Col. Irwin, of Strathroy, as commander of the battalion, the genial face of the latter will always be seen when there are any supplies to be distributed, for he was Stevenson, Quartermaster Major Mc- 8 company, Capt. and Brevet-Major the battalion, as follows: No. 1, Delaware, Capt. Garnet; No. 2, Delaware Station, Capt. Marsh; No. 3, Glencoe, Capt. Kerrigan; No. 4, Dreanery's Corners, Capt. Hugh Niven; No. 5, Moraviantown, Capt. Milliken; No. 6, Parkhill, Capt. Poussette; No. 7, Strathroy, Capt. Welch; No. 8, Vanneck, Capt. Robson. Rev. Canon Dann is the chaplain.

ST. CLAIR BORDERERS. The Twenty-seventh Battalion is still under command of the old favorite, Lieut.-Col. Ellis, of Sarnia. The corps is a splendid one, and the only body to march into camp as a battalion. The movements of the men, as they took their positions, indicated that the commanding officers have been faithful to their duty, and the men obedient to command. Under Col. Ellis is a wellqualified staff comprised of Majors Kenward, of Watford, and Kittermaster, of Sarnia; paymaster, Capt. T. H. Cook, and quartermaster, Major Towers, of Sarnia. The companies of the battalion are: No. 1, Petrolia, Capt. H. Dawson; No. 2, Forest, Capt. Bryant; No. 3, Thedford, Capt. Nesbitt Warwick, Lieut. Coulter; No. 5, Point Edward, Capt. and Brevet-Major O'Neil; No. 6, Watford, Capt. J. O'Neil; Sarnia, Capt. Gorman. Along with the regiment came the Forest band, under the leadership of Thomas Brush and Band Sergt. E. J. Flavin. The musicians are young, able and have made a pleasant reputation for the

Forest band.

At the head of the Twenty-eighth Battalion is Col. H. A. L. White, of St. Marys, who for 32 years has been acconnected with the Canadian militia. He is a man of powerful physique, kind, yet firm, and universally liked. In 1866 he entered the Blanchard company of volunteers as lieutenant and was created a captain in 1872, and in 1882 was promoted to the rank of For some years he assisted others, and aided them in securing command of the battalion, while he was contented to serve his country as second in command. His generosity won for him many warm friends. He passed with honors at Wolseley Barracks, and after his course in Stanley Barracks was eminently qualified to fill the position he now holds. His staff are: Major W. C. Moscrip, M.P., St. Marys, and Major Cook; paymaster, Major Lawrence, Stratford; quartermaster, Capt. Beck, and Surgeon-Major The companies are all from Stratford, with the exception of No. 4, which comes from St. Marys. The companies are commanded as follows: No. 1, Capt. Alexander; No. 2. Capt. Gibson; No. 4. Lieut. Murray; No. 5, Capt. Copus; No. 6, Capt. Guy. No. 8, St. Marys, did not come with the battalion, owing to the absence of Capt. Jameson, who is roving the Highlands of Scotland.

WATERLOO BATTALION. The many friends of Col. J. L. Cowan, of Galt, will hear with pleasure that he has entirely recovered from his prolonged illness of nearly eight reduced, but his soldierly qualities have not in any way been diminished. Owing to his illness the battalion is not so strong numerically as on its last visit here, but what there is of it is of the best. His staff are: Majors Ache son and Cooper; quartermaster, Capt. Jardin, and Surgeon-Lieut. McKen drick The companies are as follows: No. 1, Berlin, Capt. Nesbitt; No. 2, Galt, Capt. Carr; No. 3, New Hamburg, Capt. McCallum; No. 4, Galt, Capt. Pickering; No. 5, Hespeler, Capt. Ellis; No. 6, Berlin, Capt. Wilfrid L. McPher son. The band is under the leadership

ORDERS AND DRILLS. The field officer today was Major Moscrip, of the Perth battalion, Next Major W. T. Park, Twenty-eighth Battalion: next for duty, Surgeon-Major W. F. Rown, Twenty-eighth Battalion The St. Clair Borderers furnished the

been seen since, but the buggy is still dalloway, R. R. C. I., as camp quartermaster, a total wreck.

Both Fulton and Ward had recently R. C. I., as sergeant instructor of musrecovered from a severe illness, which ketry; Color-Sergt. Cooper, R. R. C. I., as supply sergeant; Sergt. Copeman, R. R. C. I., as brigade hospital sergeant; Sergt. Hendry, R. R. C. I., as brigade

> At ten o'clock this morning all officers' chargers paraded in front of the staff tents, where they were inspected by a veterinary surgeon. NOTES.

The Twenty-eighth have been nicknamed the "Don't-you-meddle-wi' mes." In addition to performing the duties of adjutant with his own corps in camp Lieut. and Capt. Carpenter will act as orderly officer.

This morning the toe-paths in all directions had been well worn by the incessant pacing of the sentries, and the long grass is now, to a great extent, leveled. The rain this morning cooled the air somewhat, to the soldiers' de-

The Twenty-seventh Lambton St. Clair Borderers have attracted a good deal of attention on account of the more than excellent material of which the battalion is composed. This is attributed in no small degree to the liberality with which the Lambton County Council has always treated it, in granting an allowance of 25 cents per man per day during the twelve days This liberality is commendable, and is clearly justified by results. Among those who have strongly advocated the retention of the grant ed transformation was effected, and at is Mr. H. J. Pettypiece, M. P. P. for

MILITIA CHANGES. The following militia appointments, promotions and retirements have been approved by the minister of militia: First Hussars-To be major, Capt. Arthur Hamilton King, vice Gartshore. Twenty-first Battalion, Essex Fusiliers-No. 8 company, to be second lieutenant provisionally, Charles Henry Kent, vice Williams, retired. Twenty-sixth, Middlesex Battalion-To be lieutenant-colonel, Major Robert McEwen, vice Irwin, transferred. No. 1 company, to be lieutenant, Second Lieut. Charles Gerrard Garnett, vice Marsh, transferred. No. 3 company, to be captain, Second Lieut. George Alexander Macbeth, vice Stuart, promoted; to be lieutenant, Second Lieut. James Edward Kerrigan, vice Stuart, retired. Twenty-seventh, Lambton Battalion, St. Clair Borderers-No. 4 company. Provisional Second Lieut. R. H. Dier having left the limits, his name is removed from the list of officers of the active militia Twenty-eighth, Perth Battalion-To

be major, Capt. and Brevet-Major George Thomas Cooke, vice White, promoted. In general order 45 of 1892, in so far as it relates to this corps, read instead of "vice John Little Hotson, whose resignation is hereby acthe popular choice for the position of Hotson, who is permitted to retire recepted," the words "vice John Little Thirtieth, Wellington Battalion-No.

Intosh, Surgeon-Major Dr. Roome, and William Jamieson is permitted to rerank of major on retirement; to be captain, Second Lieut. Arthur Leith Ross, vice Jamieson, retired; to be surgeon-lieutenant, John Duncan Mc Naughton, M.D., vice O'Reilly, trans-

Thirty-third, Huron Battallon-No. 9 company, to be second lieutenant pro-visionally, John Robert Varcoe, vice Hamilton, retired.

### Sudden Death At 85 Years.

Mr. S. Washington, of Bowmanville, Dies of Heart Failure While on a Visit to His Daughter in This City.

A very sudden death occurred this

morning at the residence of Mr. D. A. Bruce, 704 Waterloo street, when Mr. S. Washington, of Bowmanville, age 85 years, stepfather of Mrs. Bruce, passed peacefully away. The deceased had left his home, about seven miles from Bowmanville, on May 28, to visit his daughters. He came to see Mrs. Bruce, his only step-daughter, first. He enjoyed the beauties of the city, and appeared better than for some time past. Last night, in talking to his daughter he said: "I am happy and contented to go to my eternal home at any time." This morning he arose as usual, ate a hearty breakfast, and then went for a short walk. On returning he placed his walking-stick near the door, and sat down in a chair on the veranda to read the papers. A short time afterwards Mrs. Washington was informed by P. C. Campbell that the old gentleman was seated on the veranda, dead. The shock was a severe one to his wife and daughter, who half an hour before had talked with him. The deceased was one of the oldest

residents of Bowmanville, and in that part of the country had for 64 years been a local preacher. He was an active worker in the Methodist Church, a strong temperance advocate, and never used tobacco in his life. For 36 years he was steward of Zion Church, Bowmanville. His daughters are: Mrs Charles W. Jones, of Woodstock, and Mrs. Mark Jackson, Oxford Center. He leaves six sons-Egerton W. and F. J. Washington, of Morden, Man.; Rev. A. G., of Minnesota; Rev. W. C., of Minnesing, near Barrie; Mr. T. E. real estate broker, Toronto, and Albert E., on the old homestead.

Mrs. Bruce, at whose residence Mr. Washington died, came here from Stratford nine weeks ago, on account of her husband having been transferred to the inspector's department of the London postoffice from the latter place. The remains were taken to Bowmanville this afternoon. Heart disease was the months' duration. His weight has been cause. Coroner Flock was notified, but deemed an inquest unnecessary.

## Neave's Food

INFANTS AND INVALIDS.

"An excellent Food, admirably adapted to the wants of Infants and Young Persons, and being rich in Phosphates and Potash is of the greatest utility in supplying the bone-forming and other indispensable elements of food."

### Acute Rheumatism

Pains in the Foot and Limb-A Complete Cure Accomplished by Hood's Sarsaparilla.

"For a number of years I was afflicted with acute rheumatism in my left side and all the way down my limb into my foot. I live five blocks from my work and had to stop and rest several times in going and coming. I could get no relief from my trouble and was on the point of giving up my job when I happened to hear of Hood's Sarsaparilla. I purchased a bottle of this medicine and a vial of Hood's Pills and began taking them. Before I had half finished them I was relieved and it was not long before I was completely cured. I never lose an opportunity to praise Hood's Sarsaparilla, for my cure meant a great deal to me, as I have a family and must always be at my post." WILLIAM HASKETT, yardman, Grand Trunk Railroad depot, Brantford, Ontario.

Hood's Sarsaparilla Is the best-in fact the One True Blood Purifier. Sold by all druggists. \$1; six for \$5.

Hood's Pills fally prepared. 25 cents

Local Market.

London, Wednesday, June 8. Wheat, white fall, per bu ....90c to 90c Wheat, red fall, per bu ....90c to 90c Wheat, spring, per bu .....90c to 90c Oats, per bu......34c to 341/2c Peas, per bu......56c to 57c Corn. per ba......80c to 85c 

WEEKLY REVIEW. Among the principal changes that have occurred on the London market this week were two big declines in 445; Ayr, 100-all at 7c.

There was one sale of barley at 95c, and several of corn at 80c to 85c. Beans brought 50c to 60c, the latter for mediums. Peas were scarce and not often asked for, 90c to 95c

Beef, lamb and veal were steady, and mutton 1c lower. Sales of dressed hogs were made at \$6 to \$6 25, and live | more easily ones at \$4 50 to \$4 90. Buyers say they look for lower prices next week. Wool is now coming in freely. Wash-The hide and skin market is un-

Vegetables were a little quiet. There was a good deal of imported cabbage in the city, and that took away some orders for home-grown stuff. Hay was steady at Tuesday and Thursday's sessions at \$5 50 to \$7. Some days during the week the supply was so heavy that sales could not be made in low grade stuff at any price. Young pigs dull.

300 colored at 7c. MADOC, June 7.-Thirteen factories

boarded 1,045 cheese—all white. Sales -Watkins, 420; Bird, 190; McCarger, wheat and one in potatoes. The sup- | CAMPBELLFORD, June 7.—At the ply was light in both cases. It was Campbellford cheese board, held here the influence of the outside markets tonight, there were boarded 1,431 white

and the pressure from outside holders and 235 colored. Following are the to get orders from this point that sales: Watkins, 755 at 7c; McCarger broke the price. The close of wheat & Co., 261 at 7c; T. B. Carlow, 225 at was \$1 50, and that of potatoes 80c 7 1-16c; balance unsold.

Live Stock arkets. TORONTO, June 7.—There were large the definition of the definiti buying from Buffalo operated a little more easily. Total receipts at the two Dr. Montague objected to the printThe more part of the finite was also present. Most of the Mr. P. P.s were accompanied by 3,348; sheep and lambs, 508; hogs, 6,799; weigh fees, \$170 45. L. H. W. Mann, of Bridgetown, Barbadoes, was on the market; he contracted with Messrs. Maybee to buy cattle here for him and ship via Halifax to Bridgetown to kill for war supplies. Mann is one of the largest meat contractors over there, and says the war has greatly increased the business in his city. He supplies

both the army and navy. Mr. Mann leaves for Halifax tomorrow to make arrangements for the shipment of his cattle. Maybee will begin to buy cattle and sheep for him here next Friday. From letters which the firm have received from different points on the other side and down the Atlantic coast it is likely that the war will create an active demand for butchers' meat before many weeks. Messrs. Maybee bought 130 head of cattle today (stockers and butchers), for which they paid from \$3 80 to \$4 20 per cwt. There is satisfaction expressed at the yards at the action which the mayor has taken in advertising for a new site for the cattle yards. More accommodation is

badly needed, but almost to a man the cattlemen are in favor of the city retaining control of the franchise least 50 acres should be acquired by the At. city for market purposes. Export cattle-There was a little better price paid in this line, although the state of the British cables did not warrant any rise; dealers, however, had to get the cattle to fill their engagements for vessel spaces; prices paid ruled from \$4 20 to \$4 50 per cwt, very few going above the latter figure. Butchers' 100 mer and then the government deest which has ruled for some time; the demand was active and prices advanc-

ed 4c per 1b to 4c and 44c for the hardly anything worth buying went lower than 31/2c per lb; several carloads were shipped to Montreal. 1b, and some of poorer quality brought was good and everything sold easily; \$7 to \$8 each; good calves are wanted. tations rule from \$25 to \$45 per head; newly-calved cows are in demand.

advanced for the best singers; these weighed off the cars-an advance of about 10c; other hogs ruled steady; other rough hogs, \$2 to \$2 25. OHICAGO, July 7 .- The supply of

cattle today was small, but was sufficient to meet the demand; prices were about steady choice steers, \$4 90 to \$5 35; medium, \$4 55 to \$4 65; stockers and feeders, \$4 to \$5; cows and heifers. \$3 40 to \$4 80; canners, \$2 50 to \$3 55; Texas steers, \$3 50 to \$4 75. There was not a very heavy supply of hogs, but prices were off a nickel; fair to choice, \$4 10; light, \$3 75 to \$4 05; pigs, \$2 70 to \$3 85. Trade in sheep was again brisk cents per bottle at W. T. Strong's pharat advanced prices for the better class macy. Explanatory pamphlet free. at advanced prices for the better class of sheep; native sheep, \$3 to \$4 80; Texans, \$3 50 to \$4 75; clipped lambs, \$4 to been dr \$5 75; spring lambs, \$4 75 to \$6 60. How Life and Property Is Protected in the Far Northwest.

All the Parliamentary Estimates Have Now Been Passed and Dissolution Is in Sight.

Ottawa, June 8 .- Twenty thousand dollars have been added to the supplementary estimates to cover the expenses of the proposed Quebec commission to consider outstanding differences between the United States and Can-

Mr. Robertson drew attention to the loss of some valuable old documents among waste papers in the departments their friends paid a visit to the instiand suggested that a proper place for tution for the purpose of familiarizing the safe-keeping of the archives should be provided.

The premier promised to have a building and proper officer selected to take partments were a great surprise and a conference or congress. Sir Louis Davies stated that the Bering Sea award would probably be paid

by the United States Government in a day or two. Two votes were asked for the govreceipts at the cattle market today; ernment of the Yukon provisional disthe demand was active, mostly everysheep and lambs, 14 calves, 22 milch services, and \$500,000 to maintain the cows and springers. Men who were police force, including \$300,000 authoriz-

> kon by Hunter, Rose & Co. Mr. Sifton defended the arrangement by which the book was printed and sold, the government being paid a royalty. The book was a splendid 50 cents'

Mr. Clarke was of the opinion that the book could have been more quickly printed in Ottawa, a statement which raised a smile among those who know the capabilities of the printing bureau. Sir Louis Davies mentioned the wellknown fact that under the late government the firm of the late Hon. given by the asylum band. Thomas White was given \$5,000 a year for printing the Geological Survey report at a time when the government had a contract with Roger McLean & Co. As a result, after paying three prices for the work, the government had to pay damages to Roger McLean for breach of contract.

Mr. Sifton said that it would have been absolutely impossible for the government printing bureau to get Klondike Guide out in time and keep up with the ordinary printing of the government. Mr. Foster contended that tenders

should have been called for. Upon the item of \$500,000 to maintain a force of mounted police in the Yukon provisional district, Sir Wilfrid Laurier made a statement as to the strength of the force in that country and as to the work it is doing. In the month of August last there were 40 men in the Yukon. The gold discoveries and the consequent increase in the population, made it necessary to increase the force and men, distributed as follows: Dawson City, 2 officers and 31 constables; Fort Cuda'hy, 1 officer and 9 constables; Bulls—There was a good demand; 20 men; summit of the Onecout Lass, portunity of implementing the oner control bulls for control for 23/2 nor 1 officer and 20 men; between Lake made in the letter referred to, and in 31/2c; feeding bulls are steady, at from stables and 27 special constables, inments, embracing 6 officers, 77 con-3c to 34c per lb. Stockers and feeders terpreters, scouts and dog drivers; Dalpaying from \$3.75 to \$3.85 per cwt, a River, 7 officers, 20 constables and 4 decline of about 5c per cwt. Sheep and special constables, interpreters and for 3c to 34c, and bucks at 23c per ficer, 2 constables and 3 scouts. An Eye-Opener for Many-Grounds in

Magnificent Condition. This was a special day at the London Asylum. On special invitation of the superintendent many representatives of the Ontario Legislature and themselves with its workings. To many the workings of the several deexcited great admiration. Invitations had been sent to all the representatives from the London Asylum district, which includes London and the ten Monday. The Nationalists attacked a western counties of the province. Among those who responded were the following members: S. Eilber, East hurricane of scrap iron and other mis-Huron; Robt. Ferguson, East Kent; siles. The police at first were over-F. J. Pettypiece, East Lambton; F. F. powered, but having been reinforced, Pardee, West Lambton; Col. Leys, London; Wm. H. Taylor, North Miduse of their clubs. dlesex; A. Pattullo, North Oxford; PRESIDENT VAN HORNE IN LONthe M. P. P.s were accompanied by one or two friends. The party began to arrive shortly before noon, and after being introduced to Dr. Bucke, were shown over the grounds and through the buildings in charge of officials who furnished much interesting information. The grounds everywhere were in magnificent condition.

Lunch was served in the ball-room at 1 o'clock, and was followed by several addresses. An abundance of flowers were tastily arranged in the room and several excellent selections were

City Council Requested to Name Its Choice of Position.

Also Asked if It Will Implement Its Promise of 1892, to Pay the Cost of

Mayor Wilson has received the following letter from Hon. George W.

Ross, minister of education: "Dear Sir,-I inclose you a copy of a resolution received by the attorneygeneral in 1892 respecting the site of termined to increase it to 250 men. the proposed normal school at London There are now in the Yukon 239 officers I have made a careful examination of a number of available sites, but before making a final choice I thought it well that the corporation of the city summit of the White Pass, 1 officer and of London should be permitted an op-Bennett and Dawson several detach- that event the government would be pleased to consider any offer you might make. Might I ask for an early reply, as the plans for the normal school are ready and the public works

department would like to call for tenders as soon as possible. Yours truly, "GEORGE W. ROSS." The resolution referred to by Mr. Ross was passed by the city council in February, 1892, when Mr. Wm. M. Spencer was mayor. It is as follows: "That this council, in view of the representations of the mormal school Western Normal School for London, express their hearty co-operation with the movement, and agree to pay a sum sufficient for the procuring of a site on condition that the school be built The mayor will consult the aldermen council may be held to formally con-

sider Mr. Ross' proposition. A TORONTO CONDUCTOR Saved From the Agonies of Diabetes by

Dodd's Kidney Pills. Toronto, June 6 .- The Toronto Street Railway provides another case this week to strengthen the mighty chain of proof that Dodd's Kidney Pills are the only cure on earth for Diabetes.

Mr. H. Hogg, 81 Fuller street, concured of an aggravated and longstanding case of Diabetes by Dodd's Kidney Pills, after other so-called 'cures' had utterly failed. Mr. Hogg suffered for three years with Diabetes and impure blood. He had to quit work on acount of dizziness, loss of flesh and increasing weakness. All other remedies that he used having failed, he agreed, to pleas a friend, to try Dodd's Kidney Pills. Improvement began at once, and six

boxes effected a thorough cure

a Site-Mr. Ross Letter to Mayor Report on the Affairs of the Church in Canada for the Past Year.

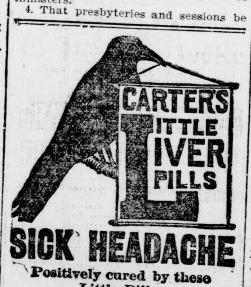

The Receipts Were Large-An Outline of the Various Subjects Sub-

mitted for Discussion. The annual report of the Presbyterian General Assembly, which today met in Montreal, has been issued. It

is a very bulky volume. The following resolutions are placed before the assembly for discussion: 1. That the assembly renew with emphasis its injunction to presbyteries to be careful, prompt and faithful in having returns from all the charges, whether vacant or settled, and stations in their bounds procured and forwarded to the committee in good time, as required by previous injunctions of the supreme court. That presbyteries have reported to them by their clerk or conener of their committee on statistics the returns made, and that they spend some time considering the same.

2. The general assembly recommends committee in regard to securing the suitable measures for celebrating the to presbyteries and sessions to take 250th anniversary of the completion of the confession of faith and catechism by the Westminster assembly of

3. That, owing to the defective form in which some of the applications are sent up to the general assembly, it be an instruction to presbyteries to have on the matter, and a meeting of the regard in their applications to the provisions of the act on the reception of

OLD COUNTRY PRICES. London, June 6.-The trade in cattle was slow, and the course of prices was somewhat irregular. As compared with this day week values for choice States cattle show a decline of 4c to 10%c, while those for choice Canadians are quoted 1/4c higher at 101/2c, and Argentines unchanged at 9c. The market for sheep was firmer and prices 1/2c higher, choice Argentines being quoted at 91/2c for clipped and 10c for wooled. A private cable from Liverpool quoted choice Canadian cattle at 10%c. Messrs. John Olde & Son, live stock salesmen, of London, England, write W. H. Beamen, live stock agent of the board of trade, as follows, under date of May 26: The supplies of cattle were heavier today, but only 2,395 were offered for sale; 2,102 were withheld. The demand was slack, and prices slightly lower than on Monday. The prices for sheep were a little lower; 4,793 were put up for sale, and 4,533 reserved for next Monday's trade. For sale were: 1,268 States cattle realizing 5d to 51/2d per lb; 373 Canadian made 4%d to 5%d per lb; 754 South American sold at 41/4d to 43/4d; 4,793 South American sheep realized 4%d for clipped sheep and 5d for wool sheep.

ELEPHANTS' FEAR OF MICE. on which they are feeding will stampede an entire herd. In their native Mr. Foster seconded it. land there are little animals known as chacanas, which feed on a small, sour berry of which elephants are very fond. They live in settlements, something after the manner of prairie dogs, under the berry bushes. When feeding, the elephants trample the little towns, and the tubes of the elephants' trunks. Their long, sharp claws catch in the flesh and they cannot be ejected. The more violently the monster blows through its coiled trunk the more firm- rialized accordingly. ly the hooked claws of the little ani-mal become imbedded in the flesh. Inflammation and death are the result. In captivity the elephants think they are in danger of the deadly chacanas

when they see a mouse.

A GOOD WORK BY THE Y. M. C. A. One of the most prolific sources of evil and vice in our country is that which is exploited through the medium of advertisements whose nature is not concealed by the words in which it is veiled. Papers full of these advertisements are sent to every part of the country, especially to the young; and prizes are even offered for lists of names to whom this infernal literature may be sent. This fact has at length attracted the attention of the Young Men's Christian Association of Pennsylvania, which has resolved to petition the international committee to take up the matter, and secure the cooperation of the association throughout North America in a common effort to suppress what is saved from being a nuisance by being a crime. This is one of the very best steps which the Y. M. C. A. has ever taken. In many places it contents itself with the maintenance of starveling meeting which are not needed, or with the giving of instruction which could be better secured elsewhere-but this is something practical; something which needs to be done, because the evil is a standing menace against the foundations both of the family and of the state.

A DINNER PILL.-Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poi-son to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and con-vey the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indiges-

MATCH AND OIL CAN

\*\*\*\*\*

Meet a Terrible Death. Pittsburg, Pa., June 8.-Three children met death last evening in Alleghany by the explosion of a can of oil. Their clothing was ignited, and the children were burned so terribly that they died in a short time. The victims were Ella, Edith and Harville Watts, children of Charles Watts, of Ferney's Hill, aged 11, and 7 years and

4 months respectively. The eldest child, with flames roasting her body, tried to carry her baby brother to a place of safety. The children were playing in an outhouse in the yard, and one of them struck a match. When the match was thrown down it dropped into a can of

and Tobacco. Montreal, June 8 .- At the of the Methodist conference here, the report of the temperance committee wedding breakfast the happy couple teries are in condition to reply to the left on the 4:20 p.m. train on a tour to enemy's fire."

report of the temperance committee was submitted. With regard to the Gothenburg system, it reaffirmed for-Gothenburg system, it reaffirmed former declarations that no licensing sysernment and parliament of Canada in providing in the plebiscite bill that the question of prohibition be submitted to mand of the Reina Mercedes, 5 sailors trammeled by any other consideration. The report added "That this conference now assembled prays that the government will not allow the action of the senate in connection with the franchise bill to prevent the fulfillment of its promise to submit the question of the prohibition of the liquor traffic to the peo-ple at the earliest possible moment on voters' lists made or revised up to date." It further recommended that a collection be taken up in each congregation ed a pledge to carry out the plan of campaign suggested by the Dominion Alliance. In conclusion, it reaffirmed former declarations that while not desiring to interfere with the personal conscientious judgment of any man, it is the solemn conviction of this committee that the best qualification for faithful and efficient service in the cause of Christ cannot be attained by persons who indulge in the use of to-

bacco in any form. Rev. Dr. Hunter and others wanted a clause added expressing regret that the government had seen fit to insert the words wine and cider on the ballot instead of putting the single question as to the prohibition of the importation, manufacture and sale of intoxicating drink as a peverage. Rev.Mr. Huxtable and others urged that it would weaken the position of prohibitionists if it was snown that Methodists in conference assembled were dissatisfied with the plebiscite bill; that the ballot was sufficiently distinct, and that it was advisable to leave well enough a lone. In view of the opposition, and not wishing to divide the conference, Dr. Hunter withdrew the mo-tion. The report was then adopted.

+0+0+0+0+0+0+0+0+0+0+0+0+0+ "They tell me that you write," began the gentleman, who seemed to be

"It isn't worth mentioning," she said. "So many people write!"
"May I ask what your object is?" he pursued, with the deliberateness of one who meditates a regular siege.

'I beg your pardon. I'm afraid I do not quite understand, What do you aim at in what you "I aim at writing a story." He remained silent and grave, look-

ing down. Valeria considered. Should she let the matter rest at that? Or should she frankly say that she had never thought about the matter, and was not prepared to give a reason? Or should she be amiable, and try to find some of those troublesome whys and wherefores which were always being

The gentleman turned to her suddenly with a smile on his sober face which was very sweet. "You think me impertinent!" he said; and his voice, losing its somewhat hard and formal quality, had a faint vibration and softness in it, as when, opening a piano, after the first sharp click of the lock, and dull thud of the lid, a painter. fold of sleeve or slipping cover brushes erica to live?" she asked reproachness in them. There was music under the calm exterior of this man. Valeria's denial was not spoken in ent. He was a kindly, earnest man, who could not and would not learn the art of small talk.

"There is nature to praise, for one thing," she said; "and anything is prefer my own country, and I think it my duty to do what I can to im-"There is nature to praise, for one people out of the city, and make them prove and beautify it."

She paused. He bowed slightly and gazing at her. waited, looking down as th had entered upon a long silence. "Then one might give a little harmless amusement, a little timely consolation or courage, or even a warning. She waited so long that he was forced to speak, but with the air of one who merely speaks an affirmation in order that another may proceed. often found one or all of these in books that I have chanced upon." "And there is one's own little song to sing over everything that is beautiful and sublime, and one's own little shot to fire at what is evil. And the song and the shot, if they are good for

nothing else, are a sfogo." Another pause. He would have more. It was stimulating, even irritating. "What can one do," she said, "if a voice that will not be silenced says, 'Write!' and, presumptuous or not, one feels that it is the same voice which spoke to St. John? Inspiration has its handmaidens as well as its apostles. The lighthouse on the headland guides the ship safely over the wide ocean; but the lamp set in the cottage window shows the returned sailor the way up the grassy lane by night. It was worth while setting the lamp there to gloves.' have him smile in the dark at the

sight of it." The gentleman did not care to push too far one whose voice he had heard tremble, and whose eyes, he suspected, had a reason of their own for being cast down. If Valeria had touched music in him, he perceived that he had stirred deep waters in her. Yet was interested. He liked to know what people mean and are about in their lives, and he was troubled at finding so many who mean nothing more than a bird or a beast might mean-a thicker tree for the nest, or a drier cave for the lair, a riper cherry to

peck, or a finer lamb to rend and de-"Songs to sing; yes," he said. "But should women fire shots? Is not charity, rather, their province?" She smiled a challenge in his face "Does Charity, then, stand by sweetly smiling, or only helplessly weeping when wrong is done, neither denouncing the oppressor, nor crying out for help for the oppressed? Such a charity would be a rather insignificant member of the abiding 'these three' of St. Paul. Faith removes mountains: Hope recounts her visions of what lies behind these mountains, without which Faith would not care to remove them. Does Charity only speak soft words-she the 'greatest of these'? And when

"You couldn't very well ask her if it is the same." "Oh, yes, you could! You can ask anything if you only do it in the right way. If you are very sweet and cool,

you can ask a woman where she stole her pocket-handkerchief." "Hush!" whispered the other, seeing Willis standing near. 'A chiel's amang ye takin' notes.' Next came a fair American tourist, glowing from sight-seeing, who talked tons with a scion of young Italy—a tall, year. slight young man with bright eyes, looking out of a serious Roman face. were, I should give up. There is so

A wreck at sea is not the only place where a life line is of importance.

There is a life line for the sick, as well as for the drowning man. It is Dr. Pierce's Golden Medical Discovery. It is not a cure-all, but it is a scientific medicine that goes to the fountain head of a number of serious and fatal diseases. When a man gets seriously sick, he can generally be cured by the right course of treatment. The treatment that cures many obstinate chronic diseases consists of pure air, good food, rational exercise, and the use of a remedy that will strengthen the weak stomach, correct the impaired digestion, invigorate the liver and promote the assimilation of the live-giving elements of the food. The "Golden Medical Discovery" accomplishes all these things.

ery" accomplishes all these things.

"A young man lay pale and motiouless upon (what neighbors called) his dying bed. Disease of the lungs, liver complaint, kidney trouble, and pleurisy were fast hastening him to the grave. The doctors had given him up to die. The neighbors said, 'he cannot live.' 'Oh, I would not care to die,' he said, 'were it not for leaving my dear wife and little child, but I know that I must die.' A brother had presented him with three bottles of medicine, but he had no faith in 'patent medicines'; but, after the doctors had gyfen him up to die and he had banished every hope of recovery, he said to his wife, 'dear wife, I am going to die, there can be no herm now in taking that medicine. I will begin its use at once.' He did begin to use it and at first he grew worse, but soon there came a change. Slowiy but surely he got better. To-day that man is strong and healthy and he owee his life to their medicine. What was the medicine? It was Dr. Pierce's Golden Medical Discovery, and I. Luther Martin, am the cured man. Dr. Pierce's Golden Medical Discovery, and I. Luther Martin, am the cured man. Dr. Pierce's Golden Medical Discovery. The foregoing is from Luther Martin, Lea, a prominent citizen of Lubes, Wood Ch. ### The Rumble Of the Railways.

Interesting Facts About the London and Northwestern.

A Railroad Represented by \$800,000, 000 of Capital-News From Along the Various Lines.

At the present time the London and Northwestern has £120,000,000 capital -\$600,000,000. And its stock is worth 200. In other words, the present valuation of the line is cose to a billion and a quarter of dollars. There is no railway line in America which is worth one-quarter of this, nor is there any American line which has an income which will compare for a moment with miles of traffic, that of the London and Free Press, and Toronto Globe, and Northwestern to this day is only Mail and Empire.

With a capitalization of \$600,000,000 congregation, then presented the bishop England, puts the stock at 100 per

ooking out of a serious Roman face.
"I am so glad there is no new thing of 60,000 men. At Crewe, where its under the sun!" she said. "If there machine shops and rolling mills are located, is a manufacturing town of 30,000 people, supported entirely by the railroad. Here the road builds all its engines, all its cars, rolls its own rails, makes its own machinery; in short, does almost every variety of manufacturing which the road requires. It even owns its own coal mines and does its own laundry work. It boasts of 2,800 engines in actual use, all built at Crewe, which last year covered upward of 41,000,000 miles on the Northwestern's own lines, and some 21,000 miles over adjacent lines.

The rolling stock comprises over 5, 000 coaches and half again as many more vehicles carried in the pas-senger trains, and it has 58,000 goods and coal wagons (freight cars) and some 5,000 miscellaneous cars, chiefly ballast wagons. With all its vast traffic, a policy of rigid and almost scrimping economy prevails. The engines are painted black, because black is the cheapest paint obtainable, and many of the parts of their machinery are made of cast iron and painted, where in this country they are made of nickel and polished daily for the pleasing appearance they

NOTES. Walter White, chief train dispatcher on the Grand Trunk, has been appointed secretary to S. H. McGugan, general superintendent of the Grand Trunk.

The Chicago Great Western on June 1 put in service a new style of car in place of the customary buffet car which is called a club car. It is handsomely fitted up with sofas and easy chairs, and will accommodate 23 persons.

in the presence of immediate relatives. The bride, who has been book-keeper for the Stevens Manufacturing Company, was very popular with the employes, and also with the St. Andrew's Church choir, of which she was an esteemed member. Mr. and Mrs. Moore have left for Chicago, where they will

-The monthly government report thus refers to the weather in Ontario during May: "The weather in this province was extremely fine and enjoyable, moved and could hardly have been more favorable for crops of all kinds, showers alternating with bright sunshine; and, with the exception of some severe thunderstorms, which occurred on the 19th, during which some local damage was done by lightning and hail, there were no storms of importance. Local frosts were rather numerous, but no stitute staff, was granted leave of abreports of damage caused thereby have been received. Reports have come in from many observers, and all agree with regard to the promising condition of the grain, hay and fruit crops, the tent caterpillar alone causing some anxiety."

#### To Improve the Forest City

Suggestions About the Care of the City Parks and Avenues.

Shade Trees Should Not Have Low of the fourth form of a collegiate in-Hanging Branches-The City Should stitute. All teachers at present on Shape Their Trees for the Future. lists will not be affected by the mo-

proud of the title. Its many delightful avenues and parks at this season of nature, who not only has a keen eye for studies of form 4, English and mathethe impressive beauty of a shapely tree, but whose knowledge of natural science leads him to look into the future, deplores the fact that in many parts of the city the trees are planted too close together. Speaking of Victoria Park, he said: "There are quite a number of trees there which should be cut down. Along the west side particularly they are scrawny and unhealthy, because they are too close together. They do not get sufficient sunlight. The grass will not grow under them, and the beauty of the park is greatly marred by them. The trees should be thin-ned out in other parts of the park also, and on many of the avenues. When should it be done? Now. This year is the best time we will ever have. Last year would have been better. Next year will do, but there is no time like the present. He suggested that a board of commissioners be appointed to look after the welfare of the city shade

Another Londoner who takes a great deal of interest in the natural beauty of the Forest City says many people make the mistake of cutting off the tops of their trees. This is the greatest folly if a shade tree is desired. A good model of what shade trees should be surround the residence of Mr. George C. Gibbons, Q. C. By properly pruning the lower branches, the tops of the trees have developed. The lower branches ground, and consequently grow most rapidly. By conducing to the better growth of the tops of the trees, shade is afforded, and there s also sufficient space between the lower branches of circulation of air-a most desirable thing. Shade trees should be pruned properly from the sapling age until they have trunks at least 20 feet high. Low hanging branches are most objec-

The Twentieth Century Enters upon the heritage of a remedy that is sure, safe and painless. Putnam's Painless Corn Extractor never fails, never causes pain nor the slightest discomfort.

There are 230 glaciers in the Alps said to be over five miles in length. A Complete Hospital. That's what Merrill's System Tonic

is. It is one of the most powerful blood purifiers and the best bowel regulator known, besides being a muscular and nerve tonic. Hence it cures a wider range of disease than most medicines. It is skillfully prepared in one of Canada's largest drug stores, and is extremely pleasant to take. Price, 50 cents for three weeks' treatment. Get a free pamphlet at W. T. Strong's drug

Almost all the camphor used by the world comes from Japan and Formosa. TO CURE A COLD IN ONE DAY. Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure.

School Trustees Say Some City Doctors Are To Blame

For the Epread of Scarlet Fever in the Schools.

nvestigation Ordered—Non-Profession al Standard for Admission to the City Teaching Staff Raised-West London Teachers Get Increased Salaries-Domestic Science Urged.

The board of education met last night, and among the chief items of business was the raising of the nonprofessional standard for teachers, the decision to investigate alleged cases of negligence on the part of some of the city doctors which has led to the spread of scarlet fever in the schools, and the appointment of a committee to consider the advisability of introducing the study of domestic science in the schools

REPORTS. Principal Merchant reported the number of pupils on the roll at the Collegiate Institute to be 675; average attendance for the past month, 584; increase over May, 1897, 11. On Mr. Merchant's advice, a teacher to fill the position vacated by Dr. Hotson, will

be advertised for. The report of No. 2 committee, presented by Trustee Dr. English, was adopted unchanged. Trustee Mc-Robert read the report of No. 1 committee, in the absence of Chairman Bayly. Mr. Liddicoatt, principal of the West London school was given an increase in salary from \$700 to \$750. Miss Weir's salary was raised from \$300 to \$350, and Misses Platt, Jeffrey and Proudfoot were each given the regular increase of \$20 per annum. All the teachers are at the West London school, and the increases will date from Jan. 1, 1898. Regarding the three named, Mrs. Boomer last moved an amendment to in-crease the salary of each—at present \$300—the \$300—the same as Miss Trustee Hamilton seconded. Weir teaches the second highest grade in the school, and the majority of the board favored making the distinction as suggested by the committee. Miss Hanson, of the Collegiate In-

sence for the rest of the term. KINDERGARTEN DIFFERENCES. There was no report forthcoming from the special committee re kindergarten staff matters. Trustees Logan, Teasdall and McRobert, who composed the committee, entered upon a vague discussion. Dr. Teasdall hinted that the lady directress of St. George's school should send in her resignation

until the difference between her and the principal was adjusted. THIRD-CLASS WILL NOT DO. An important change as to the standing of teachers to be employed by the board after Dec. 31, 1898, was effected. Trustee McRobert moved that after that date all teachers added to the city teaching staff be required to have certificates from parts I. or II. the teaching, substitute or transition

Trustee Gillean seconded. It was a The term "Forest City" is justly ap- step in the right direction to raise the plicable to London, and citizens are standard. Inspector Carson and Principal Merchant indorsed the motion. The latter explained that the work in form 3 fitted the students for the junthe year are priceless treasures. But for leaving examination, the non-prowhile appreciated for their present fessional standard now accepted by beauty and the comfort they afford, the board. Form 4 fitted students for the senior leaving examination. The their magnificent possibilities should effect of the motion would be to make not be lost sight of. A close student of the junior leaving work the obligatory

matics. Dr. English wanted the matter laid over for further consideration, but Mr. Merchant said it would be well for the students at present at the school to know whether or not they should go to the model school in the fall or continue at the collegiate. The motion

A SERIOUS MATTER. Scarlet fever was in some of the city schools, Mr. McRobert said. It was in the vicinity of Talbot street school, and in fact, was in the school. One of the pupils had just died through it, and he had been informed on the best of authority that there were cases of which the board of health had not been notified. He moved that a committee consisting of Trustees Macpherson, Hamilton, Gillean, McCormick and the mover investigate the matter and ascertain the cause of the spread of the scarlet fever in the Talbot street school and report back. He understood that certificates had been given by medical men before the proper time. Twenty days was the time provided by law, but he had been told of cases where certificates had been given in seven or eight days after the recovery of the patient. The charge was a most serious one, and should be investigated thoroughly. Mr. McRobert said he had purposely left off the committee the medical men around the board because of the delicacy they might feel in pro-

## Been Negligence? Tis But A Mere Advertisement

REPRESENTATION OF THE PROPERTY OF THE PROPERTY

LONDON, JUNE 7, 1898.

To THE READERS OF THE ADVERTISER:

There was a time, and that not so very long ago, when you would not be bothered reading "ads." But the times have changed, and you have learned that many an advertisement contains a money saving story, well worth the reading. But even yet the pages of the daily papers are so crowded with big blustering self-praises, as unwarranted as offensive, and often so soiled with direct mis-statements that one sometimes loses faith in all advertising. It is in view of this fact that we address this letter to the readers of The Advertiser.

Our advertising policy is simple and straightforward. We try to interest sensible people in our daily talks about Drygoods; to tell them in a plain, quiet way about the business doings in our big store, to advance sound arguments why they should trade with us, and to hold out to them strong inducements to become our patrons. And the great spirit in all our efforts is simple Truth. We strive to never misrepresent, never exaggerate. It would never pay us to have you expect more than we can give you. If we say a thing is all wool, there is not another thread but wool in it; if we say a thing is reduced from \$1, we mean that we used te get \$1 for it; if we say it is worth \$1, we mean that you must pay \$1 for it at our competitors' counters. Our policy is: Not something for nothing, but your money's worth every time. We give you whatever we promise, and the guarantee of the biggest and best store in Western Ontario goes with every article you purchase.

Are our "ads." worthy of your attention? Try us once, anyway, and see whether or no we live up to our agreement. Here's an offer as an earnest of our good faith: Splendid Black Llama Dress Goods, as light and cool as black dress goods can possibly be woven, durable and dust-shedding, 32 inches wide, the very biggest value you ever got, at 35c a yard.

Remember, we ask for no patronage unless we can convince you that it is to your advantage to trade here-but we do ask you to watch our advertising columns daily and give us a fair chance to convince you.

Hoping that our old patrons will bear witness to the truth of our statements, and that others will so appreciate our policy that they may soon become our business friends, we remain, Yours very sincerely,

### GRAHAM BROS.

tioners. Dr. Teasdall said it was a very seri-

ous question if pupils were allowed to attend school when there was scarlet fever or diphtheria in the house. But he thought the matter should be investigated by the medical health officer. Trustee McRobert said it would be a part of the duty of the committee to bring the matter before the board of health.

The committee was appointed. DOMESTIC SCIENCE.

The advisability of adding domestic cience to the curriculum for study in the public schools was strongly set forth by Trustee Boomer in connection with a motion which she made to appoint a committee to obtain information on the matter. She argued that the committee would, after fairly and fully considering the question, be able to answer any objection that might be offered. The idea was to test public sentiment.

Chairman Logan said a notice of motion should be given, and several of the trustees joined in an effort to have the question deferred. Mrs. Boomer's motion carried. A committee consisting of the chairman, Dr. Teasdall, Dr. English and Trustees

Bayly and Boomer was then named.

OTHER MATTERS. Dr. English moved that No. 2 committee be instructed to have a boulevard fence constructed in front of the Rectory street school. One of the reasons he gave was protection for the children, so that they would not get Messrs. Neal and John McKellar. on the street railway tracks. Carried. Trustee Macpherson said No. 1 committee had overlooked their duty in not calling for tenders for the paper to be used at the approaching examinations. A motion authorizing them to do this was made on April 5, but the ten-

ders had not yet been called. They will be asked for at once. Tenders will be called for the fuel Institute, and for repairs and improvements in connection with the annual

house cleaning. be treated the same.
