CANADIANS REPULSE ALL GERMAN COUNTERS HAIG HOLDS GAINS AGAINST FURIOUS ASSAULTS

RUSS SOLDIER-MOB HOSTILE TO NOTE SENT THE ALLIES

Foreign Minister Milukoff's Assurance To the Entente of Russian Support Brings Demand For His Resignation---Duma Behind Govt.

Disquieting reports come from Russia of the attitude of elements among the soldiers and workmen towards the provisional government. Demonstrations are occurring in the streets of Petrograd against Paul N. Milukoff, the minister of foreign affairs, his resignation being demanded.

Petrograd, May 4.—Via London.—Detachments of soldiers have gathered in front of the palace which is used as the headquarters of the Provisional Government, carrying red flags with inscriptions demanding the resignation of Foreign Minister Milukoff.

CRITICIZE NOTE TO ALLIES.

LONDON, May 4.—A Petrograd dispatch says that the Novaya Shina, the organ of the Social Democrats, and other extreme left newspapers severely criticize Foreign Secretary Milukoff's note to the Allies assuring Russia's determination to vigorously push the war against Germany. The note was discussed this evening at an extraordinary general meeting of the council of workmen and soldiers' delegates.

GOVERNMENT UNITED ON NOTE.

Petrograd, May 4.—Via London.—The executive committee of the Provisional Government is united in its responsibility for the note to the Allies, promising energetic co-operation in the war against Germany. They say that the Government is supported by the executive committee of the Duma.

Down With Milukoff.

The resignation of Milukoff was demanded by thousands of soldiers and workmen who marched the streets yesterday afternoon and last evening in banners inscribed "Down with Milukoff!" Discontent has been smoldering for some time, on account of the belief that the minister was not fully in sympathy with the viewpoint of the workmen and soldiers. The present outbreak, which began yesterday, was a direct result of the announcement made by the foreign office to the Allies nations to the effect that Russia would not slacken her effort in the common struggle against the central powers, and would observe strictly her engagements with her allies. The workmen and soldiers declare that they should have been consulted before this communication was sent.

"Red Flag Flying."

All yesterday afternoon crowds gathered in groups in the public squares listening to the exhortations of impromptu orators. Workmen on leaving the factories in the evening paraded the streets carrying red flags. At a meeting of the council of soldiers' and workmen's delegates the formation of a coalition cabinet was favored. Later the executive committee of the Provisional Government held a meeting of the council of the Provisional Government.

There were also demonstrations last evening in favor of the Provisional Government. M. Rodzianko, president of the Duma, exhorted the people to continue the war until the attainment of victory worthy of the Russian people.

BACK TO THE BARRACKS.

Petrograd, May 4.—The banners of the soldiers and workmen were inscribed: "Down with Guchkoff!" (the minister of the Provisional Government) and "Back to the Barracks!" The executive committee of the Provisional Government and the Duma have decided to send a committee of the Provisional Government to the barracks to discuss the situation regarding the note, but that it saw no reason for demanding the resignation of the Provisional Government. The committee induced the soldiers engaged in demonstrations to return to their barracks.

JUNKERS DEMANDING CHANCELLOR STATE HIS TERMS OF PEACE

Amsterdam, via London, May 4.—A Berlin dispatch says that the Conservatives in the Reichstag have offered the following interpellation to Chancellor von Bethmann-Hollweg: "The Socialist party is demanding peace without annexation or indemnity. Has the Chancellor any proposals on the subject? The Socialist party adheres to international principles. It does not suit the needs of the life of the German people. Is the Chancellor prepared to declare his attitude on this question?"

STATE CONTROL URGED BY CITY WOMEN TO DROP PRICE OF FOODS

London Household Support Stand Taken by Liberals. QUEBEC IDEA APPEALS

Numbers of London women have become thoroughly alive to the importance of the conservation and proper distribution of food supplies, as well as the necessity for greater production. The big problem with which they have been wrestling in the face of advancing prices has been meeting the household expenses with the incomes at their disposal. While they have been industriously knitting, sewing and engaging in various forms of war relief work in addition to their home duties, they have been doing some serious and constructive thinking.

In That City Women Band Together To Force Down Prices.

The following are representative statements made by London women and practical housekeepers to The Advertiser today: Mrs. E. Wheeler, who takes a keen interest in economic questions, particularly from the standpoint of a housewife, says: "It is high time that we, as women of London, were getting together to do something. I advocate organization shortly after the Consumers' League department was started in London. It has been hoped it would have been effected long before this. Education and talk are good in the interest of people, but nothing effective can possibly be done with the aid of night in regard to Government regulation of prices of commodities as a whole. This is a necessity for Canada. Further, they are strongly in favor of organization along the lines of the Housewives' League of Quebec to bring down prices and give people of very limited means a chance to live."

British Drive Weeks Ahead of Schedule

Washington, May 4.—The British forces on the western front are two weeks ahead of their attacking schedule, according to a cablegram received here today by Secretary Balfour, from the foreign office. The advance, it said, has been much faster than expected and the losses smaller.

THE WAR SITUATION

The British have burst through the Oppy line, and are fighting the bloodiest and sternest battle of the present offensive in a great effort to smash the famous Wotan line before the German line is completed. The Hindenburg line, outflanked and pierced in several places, has failed to stop the forward surge of the British armies, and the Wotan positions are the last great barrier barring the road to Douai, Cambrai and Arras. Around Quent, the southern extremity of the line, Gen. Haig has formed great human nippers, and is striving with all the power at his command to close the jaws of these nippers. Realizing the menace of the situation, the Germans are fighting with a grim desperation which reckons no cost in blood to high if it halts their advancing foe.

BAYONET-TO-BAYONET FIGHTS OVER ENTIRE ARRAS FRONT; CANADIANS HOLD LIKE DEATH

BY WILLIAM PHILIP SIMMS. (Special Cable to The Advertiser.) With the British Army Ahead, May 4.—Germany is fighting as she never fought before to stop the British drive. Fighting for the most part hand to hand and bayonet to bayonet, the German soldiers fighting more desperately than ever before, but today German artillery fire was vastly increased. In the face of such violent combat along the line today the whole front situation was apparently practically unchanged. The war has never seen any harder fighting than that on both sides of the Scarpe today.

HOLLWEG'S SPEECH TO DWELL UPON PEACE AND FOREIGN MATTER

Forced To Reply To Insistent Demand of Reichstag. SESSION WILL BE SHORT

German Parliament To Be Closed While the Crisis Is On.

Copenhagen, via London, May 4.—Parliamentary correspondence in the Hamburg, Prussia, confirms the report that the German imperial chancellor, Dr. von Bethmann-Hollweg, is to speak at an early date in the Reichstag on the foreign situation, with particular reference to the peace question. The chancellor's renewed appearance in the Reichstag so soon after his recent speech on foreign affairs is due to the insistent demand of the members of the Reichstag for more information, they not being satisfied with the communications of the Reichstag secretary, and Vice-Admiral Capelle, minister of the navy, and other Government representatives in the session of the Reichstag committee. One of the members declared that they had heard nothing new and had already appeared in the newspapers.

Belgium Annexed, Says Committee of Reichstag; "An Accomplished Fact"

Amsterdam, May 4.—Via London.—A Berlin dispatch says that during a discussion of the Belgian question in the Reichstag the Progressive party spokesman declared that the annexation of Belgium by Germany was an accomplished fact and a discussion concerning it was undesirable. He declared that the existence of Belgium as a semi-sovereign state would mean a lasting war menace and that complete restoration of Belgium would involve serious danger.

Speculation Drives Up New York Coal Prices

New York, May 4.—The lowest bid offered on a city coal contract for the next eleven months is \$13.20 a ton. This is nearly 50 per cent above the price paid by the city for coal last year. If no better terms can be obtained, the price of the coal used in the various city departments would create a deficit of approximately \$5,000,000 above the budget appropriations. The coal dealers have agreed to appoint a committee which will confer with the commissioner of accounts, who will try to bring about a more satisfactory adjustment.

All-Night Attack Fails To Loosen Grip of British

Hindenburg Fails in Attempt To Retake Positions Except on the Cambrai Road.

FRESNOY IS STILL HELD AS WELL AS ALL OTHER POINTS IN THAT REGION

British Headquarters in France, via London, May 4.—1:03 p.m.—The Germans made desperate counter-attacks throughout the entire night against the positions won by the British yesterday but were everywhere repulsed.

PROGRESS NEAR ST. QUENTIN.

LONDON, May 4.—The British last night made progress northwest of St. Quentin and northeast of Hargicourt, capturing Malakoff Farm, the war office announces. On the Arras front the British have maintained their hold on Fresnoy and all the positions captured in the night in yesterday's drive.

FELL BACK FROM ROAD.

LONDON, May 4.—The British were compelled to fall back from the advanced positions captured yesterday in the neighborhood of Chery and astride the Arras-Cambrai road, the statement adds.

BRITISH CLING TO THEIR GAINS, GERMANS UNABLE TO BUDGE THEM

British Headquarters in France, via London, May 4.—All through the brilliant moonlight night and again today British soldiers were fighting on a wide front, tenaciously holding the positions captured yesterday. The German counter-attacks of their foe. In some places the fighting ebbed and flowed as in the days of the Somme campaign, when the casualties inflicted on the enemy were regarded as more important than specific gains of ground. The present fighting, however, is more intense.

RIGHT ACROSS HINDENBURG LINE

LONDON, May 4.—East of Bullecourt, the Reuter correspondent says, the British are in strength right across the Hindenburg line, a sector of which they hold running in the direction of Quent. The next week was forecast by officials as being spent at the rate of \$20,000,000 a day on purchases here and it is desired to complete the second loan before the British commission leaves Washington and the first is entirely used up.

GERMANS CLAIM 1,000 PRISONERS

Berlin, May 4, via London.—British troops yesterday only succeeded in taking Fresnoy and small portions of our foremost trenches near Bullecourt," says the official statement issued today. The battle against the British, the guns continued to boom with out intermission on the Arras battlefield, and frequent bursts of machine gun and rifle fire told of attacks and counter-attacks along various parts of the front of the British offensive.

MISSING AMERICAN TARS PICKED UP BY STEAMER

LONDON, May 4.—The admiralty reports that the missing boat from the Hockingham with all the fourteen men has been picked up by a British steamer.

REFUSE TISZA'S OFFER.

Amsterdam, May 4.—Via London.—A Budapest dispatch says that Count Moritz Esterhazy and Count Stefan Benien have declined Premier Tisza's offer of seats in the cabinet. When the offer was made both men are reported to have stated they must first consult Count Julius Andrássy, the leader of the Opposition.

FINE YOUNG MAN, HAROLD ASHMAN, IS AMONG THE SLAIN

Dropped Lieutenant's Rank To Join Battery.

ACTIVE IN HIS CHURCH

Was Superintendent of Sunday School at Church of the Redeemer.

The fateful yellow paper from Ottawa this morning reached the parents of Gunner Harold Ashman, son of Mr. and Mrs. Thomas J. Ashman of 839 William street, telling that he had died of wounds on April 25 at No. 24 Casualty Clearing Station. He was serving with a Canadian battery when wounded.

Harold Ashman was one of the best known young men from the north section of the city who has gone overseas. His pastor, Rev. Harry Ashby of the Church of the Redeemer, referred to him as one of the finest young citizens London possessed, and told how he has taken an officer's course and failing to secure an appointment had enlisted in the ranks of the 43rd Battery. He went to the front some months ago, and his last letter, written on April 2, was cheerful and expectant of developments.

Mourning by Many. "He was one of the best young men I knew," said J. Ashby, who has been superintendent of our Sunday school just before going overseas. He had also been president of the A. Y. P. E. A. No one will be mourned more sincerely by the church and by residents of the North End.

Gunner Ashman was 22 years of age, and had spent the winter of 1916-17 before enlisting he worked with his father in the contracting business. When he attended the Collegiate he joined the Cadet Corps, and before leaving attended the rank of lieutenant. He later joined the 7th Regiment of the C. I. G. Company under Capt. (now Major) F. B. Ware. He was highly regarded by all his comrades both before and since war was declared.

Besides his parents, he leaves two brothers—Roy of the postoffice staff and Newton, now attending the Collegiate. Pte. Weise Dies of Wounds. Pte. Weise, 526 Horton street, has received word of the death from wounds of Pte. Harold J. Weise, son of Mr. and Mrs. H. Weise of Stratford. He had resided in London about four years, being employed at the Stratford Machine Company. He left the city with the 13th Battalion, and was held in the Londoners and was held in the highest regard by all with whom he was associated.

MANY DEMANDS FOR SEATS TO HEAR WILLIAM H. TAFT

Luncheon in Honor of ex-President Has Been Arranged.

Enthusiastic interest is being manifested by the citizens of London in the approaching visit of William Howard Taft, formerly president of the United States, under the auspices of the Women's Canadian Club.

A demonstration is assured which will express not only the admiration of the Canadian public in this section of the country for the prominent statesman of the next-door-neighbour, but also the close feeling of relationship felt towards the United States and appreciation of the republic and its ally.

An extensive advertising campaign has been inaugurated by the Women's Canadian Club, and the demands are pouring in for tickets of admission to the Princess Winter Garden on Wednesday evening next, where Mr. Taft will speak on "The United States in His Own Words."

His visit, of necessity, will be a short one, owing to the fact that he is kept constantly moving by his official engagements. He will reach the city shortly after 5 o'clock Wednesday afternoon, and will be given a luncheon at the London Hunt Club by Mr. Beattie, whose guest he will be during his stay in town.

Mr. Taft will leave at midnight to keep his next appointment.

LEGAL QUERIES

Question—I have been caring for a baby since she was born. The father and mother have both been away from the father away. The parents of the child have had a little trouble in taking them and he says he is going to take the baby away, and not let the mother have her at all. What I want to know is can he take her when he has no reasons, only his bad temper. The little thing is now three years old and she thinks I am her mother. The mother is perfectly willing to work and leave the baby with me, as she knows she has a good home and is well taken care of.

VERY ANXIOUS

Answer—The father has the right to take the child away. If you have an agreement to the contrary, you had better state the facts to your lawyer and he can advise as to your best course of action.

FATHER WINS CHILD KEPT BY HER AUNT FOR TWELVE YEARS

William Link Awarded Possession of Daughter.

CASE IN MANY COURTS

Miss Thompson Entered Counter-Claim, Which Was Disallowed.

After twelve years of fruitless endeavor to find trace and obtain possession of his 12-year-old daughter, Grace Jean Link, who was taken charge of by her aunt, following the death of the girl's mother, William Link, a miller, 39 Marmion street, has finally been awarded possession of his daughter by a high court decree issued by Mr. Justice Masten.

The judgment of Mr. Justice Masten follows considerable litigation between the father and the child's aunt, Miss Margaret Thompson, 350 Victoria street. When the mother died the girl was an infant in arms, and was taken to the home of Miss Thompson, a sister of the dead woman.

Claimed an Agreement. Link remained in a few years, and then asked to be returned to her father. The aunt refused to give up, claiming that an agreement between Link and herself gave her possession of the girl. For several years Link tried in vain to secure the child and finally instituted action last October.

Upon the first examination, Miss Thompson refused to answer certain questions, and Mr. Justice Sutherland ordered that she be examined, giving as his opinion that the aunt's actions were reasonable. Before the case was called again, Miss Thompson entered a counter-claim against Link and asked to recover \$2,000 for maintenance of the child during the years. Miss Thompson appeared for re-examination in January last, and again refused to answer the more important questions.

Ordered to Give Up Child. Mr. Justice Britton then ordered that her defence be struck out. The case was finally brought to trial before Mr. Justice Masten on April 2. He reserved judgment, and ordered that Miss Thompson produce the child before him on April 24 at Toronto. She failed to do this, and judgment was entered in favor of the plaintiff, William Link, who is now entitled to the possession of the child. The counter-claim of Miss Thompson is dismissed, and she is ordered by the judgment to deliver possession of the child to the father. The costs of the case are to be paid by Miss Thompson.

C. J. Jarvis appeared for Link, and W. B. Meredith represented Miss Thompson.

REVOLVER FIGURES IN BARROOM FIGHT; JAMES BLACK HELD

Defendant Has Sprained Ankle and Cannot Appear.

James Black, who was arrested at the Clyde Hotel last evening following a fight with the proprietor, William Bell, was unable to appear in police court, Dr. James D. Wilson certifying that he was suffering from a severe sprained ankle.

EJECTED, GOES FOR GUN

Attacks Former Partner and Lands in Court on Serious Charge.

The hearing was adjourned until Tuesday next, when Black will face two charges, that of having a loaded revolver in his possession contrary to Section 120 of the criminal code, and a second charge of disorderly conduct. Eight witnesses were in court to give evidence.

Result of Partnership. Black and Bell were former partners, and the first, it is claimed by Bell, was the outgrowth of bad feelings that had existed since the partnership dissolution.

Black went into the Clyde Hotel about 7 o'clock last night, and, as alleged, attempted to pull a revolver on the proprietor, William Bell. A terrific fight followed, in which Bell was injured and Black was badly hurt. The two men fought over the bar of the Clyde and into the room in the rear where in their struggle they tore away a water pipe and deluged the place. Black was finally overpowered and taken to the police station after he had been placed under arrest by P. O. Vanner.

Comes Back With Gun. "He tried to shoot me once before, when we were partners together, running the Black Bell restaurant," Mr. Bell said. "Last night he came into my place apparently looking for trouble, and when I asked him what he was doing there, he replied angrily that I and everybody else was knocking him. One word led to another, and he threw his arm around my neck, and started to chew me up, but I did not wait for him to walk up and tried to reach for his big pocket, and he could not draw it. Several parties will be called today as witnesses, it is stated."

He went overseas with the 33rd Battalion, and has been steadily in the fighting for the past eight months. The extent of his wounds is not yet known, but anxiety is somewhat relieved by the fact that he is not reported among the serious casualties.

MISS IMLACH DIES AS RESULT OF FALL AT HER NEW HOME

Deplorable Accident Takes the Life of Prominent Lady.

ACTIVE IN GOOD WORKS

Unfamiliarity With Cellar Steps Cause of Fatal Accident.

Miss Emily Imlach, daughter of the late Mr. and Mrs. William Imlach of this city died at her home, 787 Richmond street north, at 5:30 o'clock this morning as the result of injuries received in an accident a few days ago. Miss Imlach and her sister had just moved from Harvard street into the Richmond street house and, while getting settled, were planning for a happy summer to be spent in their pleasant new home.

Not quite familiar with the features of the new house, Miss Imlach opened the cellar door and, mistaking the distance of the steps, fell head foremost. She received two severe wounds in the head and internal injuries. Drs. MacLaren and Thompson were called and dressed the wounds which required several stitches. Owing to the seriousness of the internal injuries, little hope was held out from the first for recovery. Yesterday the patient became unconscious and passed away today without great suffering. Miss Imlach was a devoted member of the Church of St. John the Evangelist and for two years, president of the Women's Guild. She took a deep interest in religious, philanthropic and patriotic work and only yesterday, Mrs. H. A. Soomer, president of the Local Council of Women, received a bundle of babies' clothing beautifully made by Miss Imlach just before her accident. The material will take place on Sunday at 2 o'clock from the church of St. John the Evangelist, to Woodland Cemetery, Rev. Canon Craig, the rector, to conduct the service.

Her father, the late William Imlach, was a leading lay member of the Synod of the Diocese of Huron for many years. She is survived by a younger sister, Miss Gertrude Imlach, to whom the sympathy of a wide circle of friends in London is extended. The funeral will take place on Sunday at 2 o'clock from the church of St. John the Evangelist, to Woodland Cemetery, Rev. Canon Craig, the rector, to conduct the service.

MR. MACKLIN ENTITLED ONLY TO J. P.'S FEES

Mayor Had No Right to Appoint Him as Magistrate.

City Solicitor Meredith informed the board of control this morning that the board of control has no power to pay Henry Macklin, J.P., any salary for acting as a magistrate. He points out that his appointment to the position was irregular, as Mayor Stevenson had no right or authority to make the selection. Mr. Macklin, according to Mr. Meredith, is entitled only to the fees of a Justice of the Peace.

Some time ago, a recommendation was brought into the council by the finance committee, to pay him \$75 for his work. There was much opposition, and the matter was sent back to Mr. Meredith's opinion. The above was the gist of the opinion received by the board of control. Police Clerk Moule will be asked to prepare a statement of the number of cases heard by Mr. Macklin, and a list of the fees he is entitled to, it is expected that the sum coming to Mr. Macklin will be less than \$100.

NO CHEERS FOR KING AROUSES HIS PROTEST

Citizen Says His Majesty Not Recognized at "the Movies."

An ardent Britisher wants to know what is wrong with London's patriotism. He reports that he attended a moving picture show the other evening, at which King George and his escort were shown on their way to the opening of parliament. As the King passed and saluted, there was absolutely no applause given by the audience, save the few handclaps that he unleashed himself.

"I cannot understand that," he stated to the Advertiser. "What is wrong with London? It was a great shock to me, and I do not know what to think of it. It is time for a revival of patriotism here."

**SANATORIUM SOCIETY
HAS JUST ENDED BEST
YEAR IN ITS HISTORY**

Mrs. John Stevely Elected as
New President.

MAKING GOOD PROGRESS

Nurses Made Nearly Four
Thousand Visits in Past
Twelve Months.

The annual meeting of the Woman's
Sanatorium Aid Society was held at
the residence of Mrs. J. C. Judd, Rid-
out street, Thursday afternoon, when
the reports for the year were received.
The nurses' report showed great ac-
tivity, 1,260 patients taking advantage of
the free examination and treatment at
the clinic in Victoria Hospital. The
number of nurses' visits for the year
totalled 3,951. Number of families suf-
fering from tuberculosis, 365.

Mrs. Charles White, who has con-
ducted a most successful paper cam-
paign for the past three years, was
given a standing vote of thanks for
her untiring efforts in this work.

The treasurer's report showed an ex-
penditure of \$1,908 for the year, which
did not include the Christmas cheer.
The officers were re-elected by ac-
clamation, as follows: President, Mrs.
John Stevely; first vice-president, Mrs.
Ziegler; second vice-president, Mr.
John Stevenson; third vice-president,
Mrs. Wm. Waugh; secretary, Mrs. B. C.
McCam; treasurer, Mrs. A. B. Greer.

Secretary's Report.

Following is the secretary's report for
the year 1916:

"For the past seven years it has
been my pleasure and privilege to bring
before you a report of the work ac-
complished during the year.

"While each succeeding year shows
that we have increased our work, it
tells us that our responsibilities are
rapidly increasing in the war against
the white plague.

"In reviewing the former reports, the
fact which is most impressive is the
large increase in the number of pa-
tients who present themselves at the
clinic in Victoria Hospital. This does
not prove that tuberculosis is increas-
ing in our midst, but the splendid work
that our nurses have been doing since
the inception of our society is beginning
to bear fruit, and also an evidence that
the people are waking up to the fact
that help is offered them to assist them
to fight a disease which is so dread-
ful unless arrested in the earliest stage.

Distressing Cases.

"Invaluable too, is the instruc-
tion given patients, that they may know
how to protect others with whom they
come in contact. Frequently distressing
cases are found where people have suf-
fered from the carelessness or ignorance
of some inmate of their home who is
absolutely ignorant of the nature of
the disease and of the precaution nec-
essary to safeguard others. The
weather last winter brought with it
great deal of suffering, and our devo-
ted nurses, Misses Hanson and Baror
were untiring in their efforts to me-
tigate the increased demands upon their
time. It also meant an enlarged demand
on our funds, which, with the high cost
of the bare necessities of life, diminish-
ed in the most alarming manner.

Generous Response.

"It was with mingling that the so-
ciety undertook to provide the custom-
ary Christmas cheer for their patient.
However, at a meeting for assistance
brought a generous response from our
charitable citizens. The sum of \$4
was received. Thus we were able to
furnish upwards of 50 families with
baskets filled with groceries, vegeta-
bles and meat, and the surplus was de-
voted to supplying delicacies for the in-
curable cases. Mr. McGarvey, one of our in-
valuable members, showed her usual kind
interest in our work by making an
contributing towards the purchase of
for the little ones of the afflicted fam-
ilies.

"The disposal of a beautifully-dressed
doll, the contribution of Miss Lipse,
realized the sum of \$25.

"At our meeting in February it was
decided to furnish a ward at the Byro
Sanatorium for Tubercular Soldiers, ar-
riving at a further fund to meet the need
of the incoming year. To raise the ne-
cessary funds it was decided to hold a
Queen Alexandra Rose Day, early in
June, and the arrangements are all
under way.

"Letters of acknowledgment were sent
to all the citizens who contributed so
generously at Christmas-time."
EVELYN McCANN.

**CANADIAN CLUB TO HELP
RAISE \$15,000 FOR Y.M.C.A.**

Effort Will Be Made to Assist the
Overseas Work.

At the meeting of the executive of
the Canadian Club, held yesterday af-
ternoon, arrangements were made for
the annual meeting to be held on Tues-
day evening, May 8, at 8:15 o'clock in
the Tecumseh House.

Jared Vining will present the new
constitution, and it will be passed.
The nominating committee, composed of
Inspector C. B. Edwards, Major T. J.
Murphy, Jared Vining and Secretary
C. Copeland, will recommend the officers
for the current year. The financial and
other statements will be presented. Rev.
C. Cameron Waller, the president, will
review the work of the club for the
year.

Following, Sir George C. Gibbons will
deliver an address, and Sir Adam Beck
will also speak, if he arrives from Cal-
ifornia in time.

Rev. Principal Waller reported that
he had sent a message of condolence to
Atwell Fleming and family, following
the death in action of Lieut. George
Fleming.

Aid H. B. Ashplant and J. H. Fowler
were appointed to make arrangements
for the visit of the Duke of Devonshire.
It was decided to confine the atten-
dants in future to bona fide members
of the club. It has been the practice
of late for many citizens to attend the
luncheons, without paying the mem-
bership fees, which has caused quite a
financial loss in the past. Membership
fees will be due in April of each year.

SEEDING COMPLETED

Large Acreage in Granton Vicinity Now
Drilled In.

GRANTON, May 3.—D. Rowcliffe will
travel for the Harvey Milling Company,
Exeter. The family removed to that
town Wednesday. Mr. Scott, bank
manager, is occupying the house vacated
by Mr. Rowcliffe's removal.

Seeding among the farmers around here
is practically completed. A large
acreage is being cultivated.

Hilson Stanley has taken over the
farm and stock belonging to his father
east of here, and will work the land
this season. Mr. Stanley, Sr., is fail-
ing in health.

Regret is felt at the sudden death
of James Stanley, St. Marys, who de-
parted just after arising from bed Fri-
day morning last. His brother, W. D.
Stanley, township clerk, died just a
few weeks ago.

THE RAILWAY REPORTS.

THE GOVERNMENT has the report of the royal commission, appointed to inquire into the railway situation in Canada. The commission is unanimous in recommending that the Canadian Pacific, being a successful corporation, should continue to operate as it has been doing.

GENERAL SMUTS' SPEECH.

THERE is a feeling of surprise when reading Gen. Jan Smuts' speech, delivered after receiving the freedom of London, that he should have been able to make such an eloquent, powerful address in a language which is foreign to him, and that he should show such an intimate knowledge of world history.

EDITORIAL NOTES.

Prices go up like rockets nowadays, but they don't come down nearly so quickly. Labor men think a monster parade may make up the city council. They are optimists.

THE SOLDIERS' FRIEND.

EVERY man was provided with a well-filled lunch-box, containing sandwiches, cakes, cigars, etc., these being the gift of the Overseas Chapter, L. O. D. E. This sentence, or something to the same effect, has become so usual in every story printed of troops' departure from the city that it has ceased to create comment.

Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time. No letter can be answered privately.

Dear Miss Grey—I did not come, I can assure you. I wish you to know if I am old enough to have a fellow. Though I am sixteen I never thought of such a thing.

Dear Miss Grey—I have just been reading your paper, especially interesting tonight. I just felt I couldn't resist writing what I felt the girl and her dad. If dad is a reasonable man, his letter portends, I think he will let me have just one suggestion to offer, and that is for her to take dad along, and help him find out where the money goes.

Dear Miss Grey—Have you seen a Tiger since last August? I don't know what you have all been doing at all. I am a friend of yours, "Sylvia Fankhurst." "Meditation" is my hobby, and my beloved shadow is "H. J. Wonder."

Dear Miss Grey—I am 12 years old and trying entrance this year, am I far enough advanced? If I passed entrance this year, and if you were to go on to high school? If not, how long should I wait my writing?

Dear Miss Grey—I see where "In-a-Hurry" is asking for crochet patterns for corset covers. I have not got the butterfly pattern, but I am sending her one of the others.

Dear Miss Grey—I am going to ask you a few questions. 1. Could you tell me what days April 11, 1902; June 28, 1896; April 9, 1900; April 8, 1898; September 17, 1900; and September 8, 1873, came on? 2. How long should a cat live? 3. What do you think of my writing? 4. Your writing is irregular.

Dear Miss Grey—I read with interest the letters on your page from "Sweetheart Girl" and "Her Daddy." To a certain extent, "Sweetheart Girl's" letter is exactly like my own in having to leave a good position to keep house for dad and little sister, with the difference that "my dearest and best" is in France.

JOHNNY SCHIFF COMES TO CANADA TO ENLIST

Famous Featherweight to Join Aviation Corps as a Mechanic.

The Chicago Evening Post says: "A part of Porter Newman of the 148th Overseas Battalion, C.E.F., known as 'Kitchener's Own,' doesn't sound much like Johnny Schiff, California's premier featherweight. Yet they are the same man.

He became a pleasant caller a couple of days ago, being on his way to Canada for a ring battle, and what he discussed more important with a view of enlisting as a mechanical helper in the Aviation Corps of Canada.

He bears on his person an honorable discharge from the 148th Battalion, with which he was connected for some time on recruiting duty, and is abroad with the men and was at the base in France, but never saw service in the trenches.

"I am no longer an American, having taken an oath of allegiance in Canada," he said. "My ring career, under the name of Johnny Schiff, began in California. I have fought in 125 battles and have never taken the count.

"Among those I have met in real scraps and in exhibitions, are Mike Gibbons, Andy Cortez, Ted Lewis, Johnny Dundee, Johnny Kilbane, Young Brooks, Steve Ketchel, Kid Herman, whom I knocked out in three rounds at Quebec—Young McCoy, and Preston Brown.

"I went to Australia with Jimmy Chabby and Eddie McGoorty, and fought many times over there. I also have boxed all over the Canadian Northwest, in Egypt, France, England and Cuba.

"For seven weeks I toured with Jack Johnson's company in England for the benefit of the Belgian Red Cross. I appeared in a comedy show with Johnson—comedy, because he is a giant heavyweight, and I am only a feather.

"I wouldn't take anything for my experience with the 148th Overseas Battalion," said Schiff, or rather Sergeant Newman. "I got my military record while I was in the service. Guess the fever must still be with me, because I want to get back to the Aviation Corps as soon as possible.

"While I was in the battalion I held a boxing class and had many pupils. I also gave a bulldog to the boys as a mascot, and they have him in the trenches with them now."

SPRINGWOOD GUN CLUB

THISTLE EUCHRE

The Thistle Club will hold another euchre party tonight. All members are requested to be on hand sharp at 8 o'clock at the clubrooms.

SINGS BEFORE FIGHT

St. Paul comes to bat with a novelty in the fight game. It is a singing pug by the name of Kid Thomas. It is said that he takes more pride in his warbling than in his boxing, and always sings before he fights. Probably he remembers: "Music, hath powers to soothe the savage—"

FINE TRIBUTE TO GOLF

It is an odd fact that 45 of the 41 amateur and national open golf champions of United States, who won their titles since the tourneys were started in 1895, are still hale, whole and hearty.

SEMI-PRO LEAGUE BRANTFORD'S HOPE

BRANTFORD, May 3.—Baseball enthusiasts in the city are making an effort to secure baseball here this summer and a semi-professional league is being mooted. The amateur league is a good league last summer, also planning for a league and a meeting is scheduled for Saturday. The league is to play Saturday and holiday games. The four towns being considered for the league are Brantford, Hamilton, Niagara Falls and Dunkirk, N. Y.

However, even if the league does not materialize, holiday games are promised. Brantford has a ball players working in munition factories here to make a first-class team, and the only necessity would be a good pitcher. Del Orecutt, the best third baseman Brantford ever had in the Canadian League, is here.

ENLIST IN C. D. F.

ST. THOMAS, May 3.—Russell Edward Leach, St. Thomas; Edward Fraser, Highgate, and Bruce Claypole, St. Thomas, enlisted with the 25th Regiment, and Leonard T. Welch of Dutton for the C. D. F.

BOSTON TAR BABY TOOK LESSONS FROM WALCOTT

Brother of Barbados Wonder Gains Bossom Pal.

Those who have marvelled at the ringcraft of Sam Langford may be in danger of being misled. It is that Walcott himself probably never knew that he was instructor of the Boston Tar Baby.

It was in this same hub that the lessons were learned. Langford and his brother named Westfield, and he and Langford were bosom pals. Joe taught his brother most of the tricks he had learned in the ring, and the youngster in turn passed them on to his chum, Langford.

The colored boxer in those days learned the game thoroughly, says Langford. "He had to hold his own. That is why most of the negro pugilists were heavy. I never forgot those second-hand lessons from Walcott."

Incidentally, it was a desire to get even with a certain white boy, Danny Duane, who never was a tonpuncher, but who was a real fighter, that in 1903 Duane and Langford engaged in a battle of blows, which left him in a hospital bed for several weeks. After he had viewed his face, particularly his lips.

Langford never had an opportunity to fight Duane again, but the things he learned in preparation for that night were forgotten. Second meeting were passed on via his fists to others who faced him.

JUST DOPELETS

Whit Lancaster, proprietor of the "Whit's" rink, is the only specialist of the universe. The continued cold weather has stirred up hopes that there will be a "Whit's" rink in London, Ontario. The rink is flying from the rink flagpole denoting "skating tonight."

What the bossoms will soon be out. The kid pitchers from the bushes may be causing veteran batters some trouble, but the vets can point with pride to Jack Coombs, who yesterday night over the Giants. Jawn has a few strikeouts in his arm yet.

Benny Kauff is still poking the pill. He boxed at Montreal yesterday against veteran Jack Coombs.

Our own Oskee Neale, playing center field for Mathewson's Reds, was right on the job Thursday. It was not his fault that the Cubs won. Neale got three hits out of five times to the plate, one of them being a two-bagger. He also got a run and made four putouts.

Jennings' Tigers are still dodging raindrops at St. Louis. It rained so hard Thursday that there is little prospect of today's game being pulled off.

The Philly club will be sorry to speed the parting guests, said guests being the Boston Braves. The team-eating crew dropped three in a row to the Quakers.

Although Speaker was out of the game Thursday for Cleveland, the Indians managed to stage a rally and trim the White Sox. Glad Graney, the St. Thomas boy, helped Cleveland fight off the stick. He hit the pill safely three times out of four.

Cicotte, of no-hit, no-run fame, tried to top the Indians with the bases full, but he was more important with a pass to Chapman and send Evans in with the winning run.

If the "v" Juniors can stow away food like they can play basketball, the citizens of this city are looking forward to a good day's entertainment.

There should be a real food scarcity tonight shortly after 8 o'clock. Just wait till those 250 church and athletic athletes get through their banquet at the club. It won't be the tables that are groaning.

It looks as if there will be a lot of tennis played on the different church associations this year. Practically every church in the city has a tennis club. The Presbyterians have already formed a league among themselves and the Methodists and Anglicans will probably follow suit.

KID TERRY TURNER IS GRAND OLD MAN

Terence Still Some Cavorter After 18 Years in Baseball.

"Terry Turner is just as lively as ever. He is playing great ball." This was the tribute paid to the veteran infielder of the Cleveland Indians by Manager Leo Fohl as the American League season opened.

Fohl's bit of praise for Terry Turner indicates that the wiry little blonde is still standing on his feet. He is still holding his bomb-proof in baseball trenches, where he had been fighting for his livelihood since 1898, when he broke into the pastime as a member of the Greenville club of the old Central League.

This is Terry Turner's eighteenth year in baseball, and his thirteenth consecutive year in the major leagues. In all these years that Terry has been holding forth in the majors he has graced Cleveland with his presence. His first taste of big league experience came in 1901, when he got into only two games.

His Early Life. After going up to Pittsburgh Turner was traded to Columbus and he played with the Buckeyes team for two seasons. In 1903 he was traded to Cleveland by Columbus for two players and a cash consideration, and he has stuck with the Forest City aggregation ever since.

Turner has never been a terrific hitter in the major leagues, but he ranked with the 200 boys but once, in 1912, when he batted the apple for an average of .308. But he is a batter who averages around .255 consistently, and as a fielder he can still give many a youngster cards and spades.

Turner is consistent. His hitting is timely, as a rule, and the good old wing is still in shape, according to reports on him this year.

Fears One Pitcher. Terry says he fears but one pitcher in the major league ball game. That is plenty of company, for the pitcher in question is the great Walter Johnson. Johnson is the only pitcher who has ever exceeded Turner with his speed, and the possible exception of "Smoky Joe" Wood, and Joe is now a teammate of Terry's.

Johnson can make most of 'em hurt with the bucket," says Terry, "and there's no use of an old-timer taking too many chances of getting 'banned out' of the league.

Here's a veteran for you, and one who gets less credit than the average player who has been in fast company so long.

DAN SHAY IN TROUBLE

Indianapolis, Ind., May 3.—Dan Shay of Kansas City, manager of the Milwaukee American Association baseball team, and known to baseball fans all over the country, shot and fatally wounded Clarence Jewell, a negro waiter, in a hotel here tonight in an argument over a sugar bowl. The colored man was taken to a hospital, where he died a short time later. Shay was arrested, and the police are seeking a woman who is said to have been with Shay at the time of the shooting.

Leonard Wins Pitching Duel With Bush at Boston—Rain at St. Louis.

CLEVELAND, May 3.—Cleveland won in the ninth inning from Chicago today, the score being 2 to 1. Chicago made its run in the first inning and held the lead until the final round, when an error, a sacrifice and two hits gave the Indians two runs.

SENATORS EVEN UP SERIES WITH YANKS

WASHINGTON, May 3.—Shaw bested Caldwell in a pitching duel and Washington beat New York 3 to 1, evening up the series. With the score a tie and two out in the eighth, Judge hunted safely and scored on Foster's double over Hendry's head. Foster scored when Milan singled to left.

Score: R H E New York . . . 0 0 0 0 0 1 0 0—1 5 0 Washington . . . 0 1 2 1 2 0 0 2—3 5 0 Caldwell and Walters; Shaw and Ainsmith.

LEONARD WHITEWASHES CONNIE MACK'S ATHLETICS

BOSTON, May 3.—Boston beat Philadelphia 2 to 0 today. It was a pitching duel between Bush and Leonard, in which the latter gained the honors through efficiency in the pinches. Two of Boston's seven hits figured in runs. Hooper's triple being prominent in the first and Lewis' single scoring Manager Barry, who had stolen second base after being passed. Score: R H E Philadelphia . . . 0 0 0 0 0 0 0—0 2 0 Boston . . . 0 1 2 1 0 0 0 0—2 7 1 Bush and Haley; Leonard and Thomas.

MORAN'S PHILLIES PUT BIG DENT IN BRVES

PHILADELPHIA, May 3.—Philadelphia won from Boston today, 7 to 2, and made a clean sweep of the series of three games. The home team's success was due to the bunching of five singles off Ragan and a wild throw by Maceo in the fourth inning, the rally netting four runs. Score: R H E Boston . . . 0 0 1 0 0 0 0—1 10 1 Philadelphia . . . 7 0 0 1 0 1 0 1—7 9 2 Ragan, Nehf and Gowdy; Mayer and Killmer.

CUBS WALLOP THE REDS

NEW YORK, May 3.—Pitcher Jack Coombs of Brooklyn won his eleventh straight game from New York here today in ten innings, by a score of 4 to 1. Coombs first beat the Giants in the 1911 world series, and since joining Brooklyn in 1915 he has won ten games from McGraw's men. Benton pitched well for New York until the tenth inning, when Brooklyn scored three runs on singles by Miller and Johnston, Fletcher's fumble, and a triple by Myers. The score: R H E Brooklyn . . . 0 0 0 0 1 0 0 0—4 7 1 New York . . . 0 0 0 0 0 0 0 0—1 6 2 Coombs and Meyers; Benton and McCarty.

HINDENBURG LINE IS SMASHED AGAIN - ARRAS BATTLE FRONT

Fresnoy Taken by Canadians, and Other Points Gained. STUBBORN DEFENCE MADE

German Losses in Men Are Reported as Very Large.

London, May 3.—The British troops have reached Fresnoy, crossed the Hindenburg line toward Bullecourt, and are reported to have taken Bullecourt, says a correspondent at British headquarters.

The taking of Fresnoy and the reported capture of Bullecourt indicates that the British have smashed their way through the Hindenburg line at two points twelve miles apart on the Arras battlefront.

Fighting of Terrible Intensity. Fighting of terrible intensity raged throughout the day at the main points of the British attack, says the correspondent.

The "battling," he adds, "has been in many places of ding-dong order, which renders it extremely difficult to define the situation, but I think it may be said that the British have made considerable gains here, while towards the center, up the valley of the Scarpe, we have made less progress owing to the intensity of concealed machine gun fire.

Canadians Capture Fresnoy. Despite the opposition of massed German forces, the Canadian troops took Fresnoy, Oppy, however, still proved too strongly held to be carried off by direct frontal attack without the expenditure of a heavy casualty list than the entrance was warranted.

Machine guns were perched in trees at various heights, while lines of uncut wire were discovered in gulleys which concealed them from direct observation as well as from the searching effect of our barbed wire.

South of the Scarpe the battle developed into most successful sweeping movement, our troops reaching Fresnoy. Converting tactics on Rein-berg, we carried our advance across the Hindenburg line, and threatened to cut the garrison at Bullecourt.

The Germans are fighting with desperate obstinacy. Several new divisions have been identified at different parts of the front, showing that the Germans continue to use their strategic reserves.

Counter attacks, usually on a grand scale, developed promptly opposite every point where we gained ground. The enemy recaptured some ground at Gavrelle, but the counter-attacks generally were broken up by our artillery fire, which was maintained with almost incredible intensity.

Eighteen Miles Pounded. Today's range of operations covered virtually eighteen miles, although the pressure was not exerted over the entire front. There was artillery activity at all points, however, and the strong-est German positions were fairly dug out a day of glorious sunshine. The troops moving up in support of those actually in the firing line passed along roads whose overhead wires were tipped with the first fresh green leaves of the renewed life of spring.

As the marching columns reached the battle zone, however, all changed. The trees became only gaunt black skeletons; the once fair field had been pitted under the shell fire until the earth it hid was a mass of black and white, and no living thing was visible on or over under this warm impulse of the new season. The only machine guns were the deep-throated roars of cannon, the whine of shells, the whistle of bullets.

Under the soft light of a May moon, the British guns roared the artillery preparation at intervals during the night, but it was the morning sun-rays had disappeared behind the smoky horizon that the real bombardment began. In its intensity it was of short duration. Then the guns sated into barrage work as the troops stole out from their dugouts into shallow shelters hastily dug in the front during the morning mist.

There was stiff fighting from the very first, and everywhere along the line the Germans offered desperate resistance. Since the battle of Arras began on April 9, the British have concentrated great numbers of guns opposite the British, and lately they have been firing with almost reckless extravagance. Much of the shooting has been absolutely blind since the British have been unable to get more than momentary observation with airplanes and balloons.

This morning the British creeping barrage fire, which sweeps like a hedge-trellis work of exploding shells in front of the attacking force, was met by a furious offensive curtain of fire, and for half an hour the artillery display was up to the most wonderful seen during the war.

At the north the Canadian troops who occupied Arleux swept the days ago pushed forward and took Fresnoy.

Arleux and Fresnoy had been swathed about the defensive works and the numerous losses of the battle. The Fresnoy garrison fought with great heroism, but it was not until the Canadians had practically surrounded the village that the survivors cut off their own offensive curtain of fire, and for half an hour the artillery display was up to the most wonderful seen during the war.

FORESTALLS GERMAN BLOW

[From a Staff Correspondent of the Associated Press.]

BRITISH HEADQUARTERS IN FRANCE, May 3, via London.—After four days of calm, fighting on a large scale was resumed along the front today, and more important points fell into British hands, including the village of Fresnoy, several miles north of the Scarpe River, and the ground about Fresnoy, some distance south of that somewhat insignificant stream.

Post-arrived-lez-Croisilles and Bullecourt about six hundred yards more of the original Hindenburg line, which ran from Fresnoy to the north-westerly direction towards Arras, was penetrated and rolled up. This fighting was close to the front line, and the westerly direction towards Arras, was proceeding with feverish haste according to prisoners, and the stubborn resistance the Germans are now offering is to prevent the necessity of their fighting the new line before it is ready for prolonged defence action.

Today's range of operations covered virtually eighteen miles, although the pressure was not exerted over the entire front. There was artillery activity at all points, however, and the strongest German positions were fairly dug out a day of glorious sunshine.

The troops moving up in support of those actually in the firing line passed along roads whose overhead wires were tipped with the first fresh green leaves of the renewed life of spring.

CHILD'S SEVERE STOMACH TROUBLE

Harrison (Ont.) Father Says Dr. Cassell's Tablets Saved His Child's Life.

Mr. Corby Harrison P. O., Ont., writes: "Our little girl was weak from birth, and though we tried doctors' medicine and other things she got no better. She just lay in her cot and cried, and neighbors all said we could not save her. The doctors said she had stomach trouble, and that her chances were small, yet Dr. Cassell's Tablets cured her. They have been worth their weight in gold to us, for we were just giving up hope of saving our little daughter. I don't think there is any other medicine for children like Dr. Cassell's Tablets. It may help others as you like; I will be glad to send you a free sample of Dr. Cassell's Tablets for mailing and packing. Address: Harold F. Richards, Ltd., 100 McCaul Street, Toronto."

"DOWN WITH WAR," REVOLT PARTY'S CRY IN GERMAN EMPIRE

Violent Appeal Was Made for a Great Strike.

Berlin, via Paris, May 4.—As indicated on the one hand that a revolutionary party exists in Germany which would like to emulate Russian tactics and on the other hand that at present it is not making great headway, the Berne Tagewacht reproduces a circular which was secretly distributed among millions of German laborers prior to May 1, denouncing Field Marshal von Hindenburg's appeal to them not to strike as "the lying message of the idol of the imperialists."

The circular, says the newspaper, was naturally suppressed by the authorities. It is couched throughout in violent language. It declares the promises to increase the meat and potato rations to offset the reduction in the quantity of bread issued are only empty mouthings, since there are not sufficient cattle in Germany and extra potatoes can be given only by drawing on the seed crop, which in turn spells famine next winter.

The only solution of the labor problem, the circular continues, is immediate peace—not the peace desired by the Government, "which is spoiling for the acquisition of territory, which is guided only by the interests of militarism, imperialism, junkers and capitalists."

The circular calls upon workers to rise by the millions on the first of May. It concludes by saying: "Down with the war!" and "Down with the Government!"

The Tagewacht also reproduces a second, shorter but equally virulent circular, which it says also was suppressed. It asserts that it prints both these documents to show the current feeling in Germany, but it sadly admits that this feeling as yet has not been very effective since strikes did not take place May 1.

London, May 4.—A Reuter dispatch from Berlin by way of Amsterdam denies the unofficial report in the Dutch papers that the Chilean minister at Berlin has asked for his passports.

WORKING FOR BASEBALL LEAGUE.

INGERSOLL, May 3.—No action has yet been taken looking to the formation of a town baseball league, although there is an agitation in that direction which may bear fruit in the near future. One baseball team has been organized, in connection with plant of the Morrow Company. It is felt that Ingersoll should be in a position to organize several strong teams this season because of the large number of young men employed at the different factories, many of whom are known to have been prominent in sports.

Justus Miller, for some time editor of the Canadian Countryman, and who has just been appointed assistant commissioner of agriculture for Ontario, is a son of Mr. and Mrs. Austin Miller of this town. The family formerly resided in Dereham Township, near Mount Elgin.

STANDARDIZE ARMIES OVER ALL OF EMPIRE, CONFERENCE ADVISES

Imperial Meeting Recommends Uniform Training.

A NATURALIZATION RULE

Decisions Are Unanimous in All Resolutions, and None Withdrawn.

LONDON, May 3.—(Through Reuter's Ottawa Agency.)—The colonial secretary, Right Hon. Walter Long, has issued a statement respecting the work of the imperial war conference, now approaching the end of its labors, together with some of the resolutions adopted by the conference.

It states that some of the matters are of the most confidential character and that the publication of the resolutions and the debates upon them will probably be impossible until after the war. The statement records that decision was unanimous in respect to the resolutions which are now publishable. On no occasion was it necessary to divide or to withdraw a motion because an agreement could not be reached.

In moving a vote of thanks to the secretary of state for the colonies as chairman, Sir Robert Borden paid a touching tribute to the late Brigadier-General Long who has fallen in the service of his country. Sir Robert and other members of the conference also expressed gratification of the presence at the conference of the secretary of state for the colonies, who had done so much to promote the idea of imperial unity—the late Joseph Chamberlain.

Standardize Equipment.
 The resolutions recommend the appointment at the earliest possible moment of committees of the military authorities of the United Kingdom, the Dominions and India, to consider the various patterns of military equipment in use with a view to the selection of standard patterns for general adoption as far as the special circumstances of each country will permit.

It is also recommended that the ordinance personnel of the Empire's military organizations be trained in the same methods and principles and organized so far as possible of the Empire should be attached for an adequate period to the imperial ordinance department.

Further it is recommended that the admiralty be requested to work out, immediately after the war, the most effective scheme of imperial naval defence, for consideration of the governments concerned at a conference to be held with representatives of the admiralty regarding the future security of the Empire.

Inter-Imperial Trade.
 The conference welcomes the increase in the number of trade commissioners and recommends that the governments concerned co-operate in assisting a service especially for the promotion of inter-imperial trade.

It records the view that the 1907 imperial conference resolution be made so as to permit the full representation of India in all future imperial conferences, and that, the assent thereto of the various governments be obtained. It prays that the King constitute by royal charter an imperial graves commission on the lines proposed by the Prince of Wales to the effect of the appreciation of the French Government's generosity in allowing in perpetuity the land where our men are buried, and urges that similar arrangements be made, in the peace terms with all the Allies, enemy and neutral governments in Gallipoli, Africa and elsewhere.

Dominions' Big Voice.
 The conference expresses the opinion that a readjustment of the constitutional relations of the component parts of the Empire is too important and intricate a subject to be dealt with during the war, and should be discussed at a special imperial conference to be held immediately after the war. The conference urged further that such an adjustment, while thoroughly preserving all existing powers of self-government and complete control of domestic affairs of the dominions as autonomous nations of an imperial commonwealth, and of India as an important portion thereof, should recognize the right of the dominions and Indian to a voice in foreign policy and foreign relations, and should provide effective arrangements for continuous consultation on all important matters of common imperial interest and for such concerted action as may be deemed necessary, founded on that consultation as the several governments shall determine.

Empire's Naturalization.
 The conference recognizes the importance of securing uniformity of Empire policy and action in regard to naturalization, and commends the proposals submitted to the overseas governments by the home office. It recommends that there be no delay in taking steps for the establishment in London of an imperial ministerial resource bureau, on which the whole Empire shall be dependent, whose duties shall include advising how its mineral resources may be developed and made available to meet the Empire's metal requirements.

In the view of the experience of the war, the conference draws attention to the importance of developing adequately the capacity for production of naval and military material, munitions and supplies, in all important parts of the Empire, including the countries bordering on the Pacific and Indian Oceans, where no such facilities at present exist. It affirms the importance of closer co-operation between India, the dominions, and the United Kingdom, with this object in view.

Remedy Income Taxation.
 The conference urges that the present system of double income taxation within the Empire be taken in hand immediately after the war, and the laws so amended to remedy the present unsatisfactory position.

In view of the experience the conference recommends that the safety of the Empire and the necessary development of its component parts require prompt attentive consideration and concerted action in regard to:

First, to the production of adequate food supply and arrangements for its transportation when and where required, under any conditions that may reasonably be anticipated.

Secondly, to the control of natural resources available within the Empire, especially those of an essential character for national purposes, whether in peace or war.

Thirdly, to the economical utilization of such natural resources through manufacturing processes carried on within the Empire; and recommends that the governments concerned consider the enactment of legislation in the same direction.

Two Sailors Killed on Voyage Say Letters From 149th Men.

FOREST, May 3.—Letters received from Forest boys who are with the 149th Battalion in England, indicate that they had an adventurous trip going over. Their ship struck a mine when nearing England, and the two decks were flooded before they reached port. The boats were lowered and some of the boys were kept in quarantine several days, but have since been enjoying good health, with the exception of Ellsworth Rogers of Forest, who was sent to an isolation hospital.

MY DOCTOR SAID

"There's Nothing so good for Scalds & Burns"

when I told him I was using Zam-Buk for my little son, who had been badly scalded by pulling a pan of boiling water over himself, writes Mrs. Albert Sawyer of Midland, Ont. She continues: "I called in a doctor, who gave me some ointment, but it did not seem to ease the child's pain, which was intense. I, therefore, discontinued it, and commenced applying Zam-Buk. This wonderful balm eased the pain almost as soon as applied, but to make sure I was doing the right thing, I called in a second doctor. When I told him what I was using, he said 'That's right—just continue the Zam-Buk treatment; there's nothing so good for scalds and burns.'"

"I persevered. The soreness was soon all drawn out, and healing commenced. New skin gradually began to form over the sore places, and it was not long before the scalds—although so deep—were completely healed." While Zam-Buk is excellent for such serious burns and scalds, as in the above case, it is just as necessary for the little accidents which are of far more frequent occurrence in every household—a scald from the kettle or from boiling fat, a burn from an iron or from the oven door. These little burns often cause a great deal of suffering, which can easily be avoided if Zam-Buk is applied at once. An application of Zam-Buk to a wound as soon as sustained, prevents any possibility of festering or blood-poisoning. Mothers should never be without Zam-Buk for their children's injuries.

Children who have once had Zam-Buk applied will cry for it again, because they know it ends their pain. Zam-Buk is not a mere ointment, but an up-to-date herbal balm—the greatest healer known to science. It is composed exclusively of vegetable oils and herbal extracts and is 100% medicinal, which accounts for its success in chronic cases of eczema, ringworm, scalp sores, boils, ulcers, abscesses, bad legs, blood-poisoning and piles. All druggists and stores or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

Zam-Buk FREE. Send this advertisement, name of paper, address, and postage and free trial box will be sent you.

Photoplay News

WILLIAM FOX. There is an element of romance in the final presentation of "A Daughter of the Gods," which is perhaps not generally known. This lies in the story and the personality of the man who first conceived the idea of producing this masterpiece, and whose daring energy and enthusiasm carried the stupendous task through to its completion. William Fox, the impresario of this opera in film, finds himself, with the premiere performance of "A Daughter of the Gods" at the crown-point in motion picture achievement (at an age when most men are fortunate to have begun "finding themselves" at all). He is 38 years old, a creation of the marvellous "melting-pot" of America; a wage-earner who now employs thousands; the owner of one small theatre, who now owns more than twenty, including the largest picture theatre in the world; the occasional purchaser of a film; and the founder and head of the Fox Film Corporation in the show-biz. William Fox is a fighter who has overcome all obstacles, an idealist who has realized his ideal.

"A Daughter of the Gods" represents the ideal which has been the most important to him; that of making a motion picture which would be the most beautiful that could be made. No consideration of time, money or effort entered into the accomplishment of this purpose. Fox had but one slogan, but one measuring rod, "the most beautiful that can be had." Wonderful as has been his realization of this ideal, "A Daughter of the Gods" is significant for still another reason. It is an index to the creations which from time to time Mr. Fox will present to the public as the result of his genius to give it the best and finest of what his wonderful new art is capable of. Productions De Luxe creations which will fill the eye, kindle the mind and stir the heart of every man, woman and child who see them at the Patricia next Monday, Tuesday and Wednesday.

"A Message to Garcia," a five-reel Edison feature photoplay, is the principal screen attraction at the Patricia Theatre for the last three days of this week. The play is based on Elbert Hubbard's essay of that title. It is an unusually powerful story, telling a tale of romance, heroism and adventure. It is not a war story, but deals with the historic events that led to the Spanish-American struggle, rather than with the war itself. After the destruction of the battleship Maine—which is vividly pictured in the film—President McKinley sends a man who can find the Cuban patriot, Garcia, whose whereabouts are unknown, and deliver to him a message telling of America's intentions to make war on Spain in the interests of Cuban freedom. Lieut. Rowan volunteers for the dangerous mission. He lands in Cuba, but a panish spy has learned of his coming, and Gen. Weyler, "the butcher of Havana," sends out soldiers to capture him. In the Cuban jungles Rowan meets Dolores, a Cuban girl who has seen her father killed and her brother hunted by the cruel Spaniards. She guides the Yankee soldier toward Garcia's hidden camp. The pursuit becomes hot and Dolores sends Rowan alone, remaining behind to throw the Spaniards off the track. Rowan delivers his message and returns for his pretty girl. He finds her bullet-riddled body, a mute testimony of her heroism. Back in America, the young lieutenant tells his brother officers the tragic story, and the regiment, war having now been declared, sets out for Cuba, cheering and honoring the memory of the unknown little Cuban girl. In vaudeville, Spencer, Charters & Co. present a dramatic sketch entitled "The Heroine." Martynne and Florence in a juggling act introduce stunts taken from a scene in a tennis court.

LYRIC. "Big Jim" Garrity, a five-reel Pathé Gold Rooster photoplay, is the headline feature in motion picture productions at the Lyric Theatre for the last half of this week. Robert Edison is in the principal role. The story opens in a mining district in Georgia. "Big Jim" Garrity, as he is affectionately known by his fellow-men, is superintendent of a mine owned by an old and infirm man. This man's nephew is an unscrupulous doctor, and victim of a habit-forming drug, which he also distributes to the mine workers. The old man dies, leaving his mine to his nephew in the case of Jim's death. The blackguard, with the help of another, loses no time in attempting to bring this about, and is only frustrated by "Big Jim" himself, who in a tremendous scene saves himself and his workers from a mine rapidly filling with water. The doctor, in a fight over money with "Big Jim's" assistant, kills the latter and fastens the blame on "Jim," who is sent to jail. He later escapes and flees to a foreign land, where he amasses great wealth, and goes to New York under an assumed name. There he meets and falls in love with Sylvia, a rich daughter of the rich Thomas Craigen and sister of the lad for whose murder he was sent to jail. The doctor, in a final effort to get the distribution of the powder, Jim, on learning of her unfortunate habit, learns the identity of her false doctor. He and the doctor, enemies of years gone by, meet again, and the doctor, in "Big Jim's" mine, admits that he killed Craigen's son. This is a big dramatic scene, and is followed by a scene of more tender ones, wherein Jim, after an uphill fight, finally manages to reach the mine, and from the evil influences of the deadly drug. Two first-class comedy reels are also shown. Violet Hunt and Isabel Graham are appearing in special new butterfly and Spanish dances. Both are London children and favorites with local audiences.

Directors and camera men have been hard at work at the United States naval training station on Goat Island, San Francisco Bay, on the film "The Three Katoons," on the film "The Three Katoons." It is said to be the first and only film ever made that shows in complete detail exactly what Uncle Sam does when he takes a sturdy young American from his civilian environment and turns him into an able seaman and first-class fighting man afloat. "Buster" Keaton, familiar to all vaudeville patrons as a member of "The Three Katoons," makes his screen debut with Roscoe "Fatty" Arbuckle in "The Butcher Boy." Before the first scene "Buster" had with "Fatty" was finished he developed an attachment for screen work which convinced him he should stick to that work for some time to come. This decision was reached after "Fatty" had emptied a bucket of molasses over him. Edward Sheldon's drama, "The Nigger," which created more or less of a stir when produced on the speaking stage some years ago, because of the race problem introduced, and which met with violent opposition from the censors in several states when first given to the screen, has at last been released. William Farrum has the role of the governor, Philip Morrow, central figure in the story.

ADAMS California Fruit CHEWING GUM WITH THE FRUITY FLAVOR. ANNETTE KELLERMAN, whose great photo play, "A Daughter of the Gods," will be seen this year by millions, and who is appearing in person at the New York Hippodrome, says: Adams California Fruit Gum lives up to its name. CLAYTON-PETERSON JURY FAILS TO REACH VERDICT. REGINA, May 3.—The jury in the Clayton-Peterson case, after being out six and one-half hours, reported at 11 o'clock tonight that it could not agree on a verdict, and was discharged. Peterson is charged with bribery and conspiracy to bribe members of the Legislature in connection with the anticipated introduction of liquor legislation in 1913. There will be another trial at the next sitting of the court. MUNITIONS BOARD IS GOOD TO AETNA EXPLOSIVE CO. NEW YORK, May 3.—Former Governor Benjamin G. Odell and Senator George G. Holt, as receivers for the Aetna Explosives Company, incorporated, were authorized by Federal Judge Mayer today to enter into a contract with the Imperial munitions board of Great Britain for the sale to the latter of smokeless powder at 57 cents a pound, an increase of 7 cents a pound over the price previously agreed upon between the board and the Aetna subsidiary of the Aetna Company. Not only did the munitions board consent to the increased price, but it also agreed to advance \$1,000,000 as additional working capital to the Canadian company. The receivers explained that under this arrangement the Canadian branch would be able to repay some of its large obligations to the Aetna Company.

STERN FATHERS SEND MANY BOYS TO DEVIL

Salvation of the World is in Homes, Not Churches, Says Rector.

Declaring that the difference between husband and wife is purely physical, and not spiritual, and that the father is just as much a mother as a man, Rev. R. W. Norwood delivered an interesting address on "A Father's Place in the Home" to the Lorne Avenue School Mothers' Club last night. Partnership, he claimed, was the ideal now, with equal responsibilities for both husband and wife.

The ideal of the father as the one who used physical force in the education of the children, he said, was false. Physical force was a lie concocted by the devil and propagated in hell. It was a failure, because the child didn't need physical force, but merely firmness. He upheld Christ's manner as the ideal influence to exert.

"The father's influence should be as high and as spiritual as the mother's," he said. "More men have gone to the devil through a stern father than through anything else I know. It is sadly true that a large number of clerical men's sons go to the bad."

The children of stern parents, he said, once out of the reach of harsh discipline, went to the other extreme. The father who hadn't his boy's confidence, he claimed, was guilty of a crime against the state as well as against the home.

READY FOR CAMP; NO FURTHER WORD

All the necessary preparations for a camp here this summer have now been made by the military authorities, and nothing further can be done until such time as the exact number of troops that will come here is known.

"The arrangements are all complete," said Lieut.-Col. Brown to The Advertiser yesterday, "as far as we can go, until we know how many men to provide accommodation for this summer."

AILSA CRAIG

AILSA CRAIG, May 3.—The Women's Mission Circle of the Baptist Church held an open meeting on Tuesday evening, and which was well attended considering the wet evening.
