LABOR MEMBERS DECIDING TODAY ON POLICY TOWARD GOVERNMENT

Mayor McBride of Brantford Declares Labor Will Not Stand For One-Man Administration and Says Drury Is Attempting Too Much Before He Has a Seat.

Toronto, Jan. 27.—At the Walker House this afternoon there is to be a conference of elected labor members of Parliament to discuss the present relations between the Labor party and the provincial Government. The meeting was convened by Mayor MacBride of Brantford. It will be attended by Hon. Walter Rollo and Hon. Mr. Mills.

Mayor MacBride this morning denied that there was any secession movement on the part of the labor from the provincial Government. "We are in favor of reasonable support to the Government, but we object to Druryism and the one-man government now going on. Drury is wrecking his government." He said he was opposed to the premier attempting so much without first securing a seat.

Mayor MacBride will arrange with Hon. Walter Rollo for the debate in Brantford, but says he thinks the labor minister chooses Brantford so that he can afterwards say, if necessary, that he did not get a fair show.

GERMANY TO SEEK CLOSER RELATIONS WITH JAP PEOPLE

Dr. Solf's Appointment To Tokio Indicates Such a Move.

ALLIANCE CONTEMPLATED

Object Would Be Towards Better Understanding of Russian Situation.

Washington, Jan. 27.—Germany's appointment of Dr. Wilhelm Solf as charge d'affairs, and eventual ambassador at Tokio, is accepted here as an indication that a close understanding with Japan is to be a feature of the new German foreign policy, now that it is permitted the German republic to re-open diplomatic relations with other governments. That Dr. Solf should be sent to Tokio is regarded here as highly significant, for one thing, because the anglo-Japanese alliance expires by limitation at the end of this year and there is said to be some division of sentiment both in Japan and Britain over its renewal.

It has been the feeling in diplomatic circles for some time that the Germans, once they had established their diplomatic standing again would move diplomatically toward the east and that a German-Japanese-Russian understanding or alliance would be their ultimate objective. Dr. Solf, representing the Wilhelmstrasse of the old days as well as the new, is one of Germany's greatest living experts on eastern affairs and has spent much of his life in the Orient. It is the belief of some persons cognizant with the international situation that Dr. Solf will encourage that party in Japan which is opposed to a renewal of the Anglo-Japanese alliance as a preliminary step to a Japanese-German understanding on Russia.

In official circles here there is considerable doubt whether Great Britain is anxious to renew the Japanese agreement, the treaty being tremendously unpopular with the people of Australia and New Zealand.

AEROPLANE TO SEARCH FOR MISSING VESSEL

Mystery Still Surrounds Disappearance of Sailors.

Chicago, Jan. 28.—Owners of the small steamer Sydney Neff today planned to use aeroplanes in searching for the craft, which was swept out into the lake with breaking ice packs after having been held prisoner for more than a week. An all-night search by coastguards and lighthouse keepers with powerful searchlights failed to locate the vessel.

To the mystery surrounding the whereabouts of six men, five of whom were members of the Neff's crew, who tried to reach the boat by walking four miles over breaking ice today, was added that of a seventh man. Nothing has been heard from Edward Williams, a photographer, since he started for the Neff.

RELIGIOUS EDUCATION APPEAL IS TO BE MADE FOR ARMENIAN ORPHANS

Toronto, Jan. 26.—The religious education council of Canada, in which are represented the Sunday school boards of the Anglican, Baptist, Methodist and Presbyterian churches in Canada, the provincial Sunday school associations and councils in Canada, the Young Men's Christian Association, and the Young Women's Christian Association, will issue an appeal to the Sunday schools of Canada for a contribution on the second and third Sundays in April of at least $150,000 for the saving of 2,500 out of the 250,000 starving orphans in Armenia. During the years 1918 and 1919 Canadian Sunday schools contributed over $200,000 for Armenian and Syrian relief.

BRITISH PREMIER'S SON ARRIVES IN NEW YORK

New York, Jan. 27.—Major Richard Lloyd George, son of the British premier, arrived here today on the steamer Mauretania from Southampton and Cherbourg. The major, who was accompanied by his wife, said he was on a "business trip."

What's Doing Tonight?

THEATRES.

Majestic—Olive Thomas, in "Prudence on Broadway," and vaudeville.
Grand—Nazimova, in "The Brat," and vaudeville.
Patricia—Theda Bara, in "La Belle Russ," and vaudeville.

OTHER EVENTS.

Hockey—London Juniors vs. Woodstock, Lyle street rink.
Seumas MacManus, on "The Irish Question," Catholic Club Auditorium.
St. John's Lodge, No. 20, G. R. C., A., F. and A. M.—Masonic Temple.
Presbyterian Forward Movement—Banquet at Tecumseh House; young people's rally, King Street Church, 8 p.m.

THOUSANDS OF WAR PRISONERS DIE IN CAMPS OF SIBERIA

Smallpox and Typhus Claim Many Austro-Hungarian Soldiers.

Geneva, Jan. 27.—Nearly 375,000 of the 500,000 Austro-Hungarian prisoners of war taken by Russians have perished in Siberia from smallpox and typhus, according to Vladivostok dispatches to international Red Cross headquarters here. The rest were kept alive only by the efficient work of British, Japanese and American doctors, who have been assigned to different towns along the Trans-Siberian Railroad. East of Lake Baikal, Chinese physicians are also helping, although the work is difficult owing to the Bolsheviki invasion.

HUNGARIAN ESTATES ARE PURCHASED FOR INSIGNIFICANT SUMS

Englishmen and Frenchmen Expect To Profit Handsomely by Deals.

Budapest, Jan. 27.—Hungarian palaces and estates which before the war were valued at from $100,000 to $200,000, are being purchased by Englishmen, Frenchmen and Americans for comparatively insignificant sums. In some cases magnificent properties have brought only from $5,000 to $10,000. Dollars are now quoted at from 20 to 50 times their pre-war value, and those who have sold their property believe the exchange situation will be adjusted in a short time and they will profit handsomely by the deals they have made.

GERMANS MUST SUPPLY SCHLESWIG DISTRICT WITH COAL, SUGAR AND CEMENT

Inter-Allied Commission Will Ship Cattle to Germany Each Week.

Flensburg, Schleswig, Jan. 27.—The text of the treaty which concerns the provisioning of plebiscite areas, concluded between the inter-Allied commission and the German Government, shows that the Germans must keep the Schleswig territory supplied with coal, sugar and cement. In return, the communes where the plebiscite will be taken are to deliver a certain quantity of cattle every week to Germany.

ALBT. THOMAS HEADS INTERNATIONAL BODY

French Labor Leader Selected Director-General of Organization.

Paris, Jan. 27.—Albert Thomas, the French labor leader, was unanimously elected director-general of the international labor organization at today's session of the governing body here. This action ratifies the provisional nomination of M. Thomas for the office made at the labor conference at Washington in November. The organization adopted the six conventions and six recommendations voted by the Washington conference. They were referred to the secretary of the league of nations who will transit them to the various governments for ratification. Exception was taken by representatives of the employers of Sweden and Switzerland to the strict application of the eight-hour law to small trades and businesses.

RUMANIA WILL SOON BE ABLE TO EXPORT QUANTITY OF GRAIN

New Harvest Will Leave a Large Amount Available.

Paris, Jan. 27.—Considerable improvement in the agricultural situation in Rumania indicates that a large quantity of cereals will be available for export as soon as the new crops have been harvested, according to advices from Bucharest. On December 31, the following acreage was reported in seed: Wheat, 985,000 acres; rye, 39,000 acres; barley, 37,000 acres.

The Government, it is stated, has taken steps to assure the plowing of large areas which have not yet been tilled.

SERGT. McGILLIVRAY RETURNS.

Cobalt, Jan. 27.—Sergt. Angus McGillivray has returned home after serving over five years overseas. He is champion shot of the army and navy at 100 yards, and will try for a place on the Canadian team for the Olympic games.

BERLIN STREETS UNDER GUARD OF GERMAN TROOPS

Monarchist Uprising Feared by Government Officials.

EX-KAISER'S BIRTHDAY

Deep Indignation Felt Over the Attack On Erzberger.

Berlin, Jan. 27.—Heavy patrols of soldiers guarded the Government buildings during the past night and stopped all traffic over streets in that neighborhood, where barricades were thrown up by the troops before nightfall. Rumors were heard during the evening that Monarchists have planned an uprising today, which is the birthday of former Emperor William, and that Gustav Noske, minister of defence, had massed troops as a precautionary measure. Deep indignation over the attack on Herr Erzberger was expressed in a proclamation issued last night, the attempted assassination being called "a criminal excess of political warfare."

The proclamation said that it was hoped the deed would arouse the anger of the general public, and promised to protect everyone against violence. Sympathetic inquiries were made at the Erzberger home by the British and Italian charges d'affairs and President Ebert telegraphed condolences to the wounded minister.

Only Ten Chicago Women Complain Of Profiteering

High Prices For Skunks and Humming Birds Are Mentioned.

Chicago, Jan. 27.—The Illinois Women's Fair Price Commission, which distributed 25,000 blank "complaint cards," received only ten replies from women who believed they were victims of profiteering, Mrs. Jos. T. Bowen, head of the commission, announced today. Twenty cards bearing vague information and charges were returned to the United States district attorney's office. One card carried a long complaint about the price of humming birds and another protested against profiteering in skunks.

LOOKS FOR AEROPLANE AS "EMPIRE WELDER"

London Times Says Possibilities Cannot Be Overestimated.

London, Jan. 27.—(Canadian Press Cable).—The Times, in an article dealing with aviation as an empire-welder, says that for communication with the outlying parts of the empire, with India, Canada, South Africa, Australia and New Zealand, it would be difficult to overestimate the importance of the possibilities that will be opened up by air routes already surveyed within the Empire. Nothing else, not even the personal magnetism of the Prince of Wales, will prove more valuable as an instrument, not only for annihilating time and space, but drawing ever closer ties of sympathy and mutual understanding which bind together the mother country and the dominions.

SLAUGHTER HOUSE WORKERS DECIDE TO CALL A STRIKE

Paris, Jan. 27.—Workers in the slaughterhouses here have decided to call a strike today. Drivers of taxicabs held a meeting last evening and decided to increase tariffs, but is was resolved to call a strike only in the case negotiations now going on, failed.

TONS OF POTATOES ARE HELD BY GROWERS FOR ADVANCE IN PRICES

U. S. Food Control Act Does Not Affect These Individuals.

Seattle, Jan. 27.—Investigation by the United States Department of Justice has disclosed that thousands of of tons of potatoes are held at Yakima, Wash., and at points near Seattle, by growers, who are waiting for higher prices, Ben L. Moore, United States district attorney announced here today. No steps can be taken against the growers, Mr. Moore said, as the Lever food control act expressly exempts them from its provision.

Potatoes are listed to dealers at $100 a ton here.

MONTREAL BOY SETS FIRE TO HIS BED

Montreal, Jan. 27.—That her young son had seized the opportunity of her temporary absence to wreak destruction on his bed, for which he cherished a strong dislike, was the explanation of a fire in the home of Mrs. Daniel Blitzky here on Friday. Mrs. Blitzky told Fire Chief Commissioner Ritchie that the boy had climbed on a chair to secure the matches with which he set the bed clothes on fire which spread until not only the bed, but the other contents of the house to the value of $600 was destroyed.

MANY BABIES NAMED AFTER GEN. PERSHING

Los Angeles, Jan. 27.—Thousands of persons, including a goodly number of babies crowded the sidewalks and loudly welcomed General John J. Pershing on his arrival here yesterday.

The general stopped when he saw a banner help up bearing the inscription: "Welcome, General Pershing—we are named for you." Surrounding the banner were a dozen laughing or crying infants, each having "John J. Pershing" as his given name. The general kissed all the babies before continuing on his way.

SUGAR WORKERS' STRIKE.

Honolulu, Jan. 27—(By Associated Press).—The Japanese Federation of Labor of Hawaii today called a general strike of Japanese sugar plantation workers for February 1. Twenty-four thousand men will be affected by the federation's call, officials say.

SPEAKS AT KING ST. CHURCH THIS EVENING

LIEUT.-COL. JOHN PRINGLE, D.D., one of Canada's leading orators and moderator of the Presbyterian General Assembly.

NEW CHAIRMAN MAY BE CHOSEN FOR NO. 2 COMMITTEE TONIGHT

Change of Membership Makes This Possible.

FIRST VOTE NOT RIGHT

Was Received by Man Who Was Not Even Council Member.

The second meeting of No. 2 committee of the city council tonight is being awaited with keen interest by all members of the council. In all probability the chairmanship of the committee will be settled.

Ald. C. G. Moorhead was declared elected to this position at the inaugural meeting of the city council. Ald. W. A. Wilson protested on the ground that the vote had been received by ex-Ald. Manness, who was not a member of the committee. The council agreed to have the committee reconsider the matter.

New Phase.

A new phase of the situation was opened up, however, when Ald. O. I. Cunningham was successful in a motion to transfer Ald. John Ashton to No. 2 committee in place of Ald. B. F. Brighton. As chairman of No. 1 committee, he stated he did this because Ald. Ashton was a street railway employee and did not wish to be on No. 1 committee, which deals with street railway matters.

Ald. Moorhead objected very strongly to this. It has certainly opened up new possibilities in the election of chairman. It may mean that neither Ald. Moorhead nor Ald. Wilson will be elected to the position. Ald. G. B. Drake and E. R. Seabrook are mentioned as other possibilities.

Other Business.

In addition to this matter, the committee will likely have some important business.

City Engineer Brazier and Ald. W. A. Wilson will report on the Grand Trunk Railway's request to have Wilton avenue closed. It is understood that the report will be favorable. The city engineer will also present the whole history of Ridout street bridge so that the committee may consider what to do with this matter. A report on the proposed widening of Queen's avenue will also be presented.

CONGESTION ACROSS BORDER HOLDING UP TRAINS ON G. T. R.

The Delay Seriously Affects Traffic On This Side.

The serious congestion which continues on United States railways is affecting trains coming to this city over the Grand Trunk Railway. The train from Chicago due here shortly after 5 o'clock in the morning did not arrive today until after 9 o'clock, owing to delay on the other side of the border. The noon train from Chicago was two hours and a half late, not reaching here until nearly 3 o'clock.

Affects Canada.

Both trains were delayed somewhere between Detroit and Chicago, due to the fact that the United States railroad administration is finding it impossible to keep the tracks clear of freight. The delay on the American section of the G. T. R. seriously affects travelers in Canada as they miss connections for other points. The Chicago trains go through to Montreal from London, and when they are held up in the United States it means that travelers between here and Montreal are also delayed.

No Relief in Sight.

There appears to be little hope of relief within the next few days. According to advices received here, officials running the American roads are finding it impossible to cope with the situation, which has been brought about by the heavy snowfall throughout the northern part of the United States. The freight situation also continues to be serious and the embargo placed on freight entering the United States by way of Niagara Falls is likely to remain in force for sometime.

WARRANT OUT FOR ARREST.

Cobalt, Jan. 27.—A warrant has been issued for the arrest of George Tenant, who is accused by Thomas Sibbald of the theft of two Victory loan bonds valued at $1,100. The complainant alleges that Tenant found the bonds on the Temiskaming and Northern Ontario tracks here, and did not return them to their owner.

PRIZE BULL LODGED IN BRIDAL SUITE OF SOUTHERN HOTEL

Montgomery, Ala., Jan. 27.—Lodged in the bridal suite of a local hotel, Lavender's Lord, pure bred Shorthorn bull, formerly owned by President Wilson, is ready for the auction tomorrow, an event of the annual convention of the Southern Cattlemen's Association. The animal brought $10,000 at a Red Cross auction in Birmingham in 1918.

SOUTH LONDON OUT FOR COLLEGIATE IN THAT PART OF CITY

Ward 1 Ratepayers Holding a Meeting.

USE GROUND PURCHASED

Several Acres Owned There By Board Is Assertion Made.

Ward 1 ratepayers will hold a meeting next week to discuss ways and means of having a branch high school built in South London. The report that the board of education intended to enlarge the collegiate accommodation, either by adding to the present building or by building a branch school has awakened their interest.

They will discuss the matter fully, and will likely then urge on the board the advisability of locating such a branch in South London.

It is claimed that the board already owns several acres of ground in this district, which were purchased for high school purposes, and the Ward 1 citizens will urge that this be used as originally intended.

As no definite plans have been made by the board of education on this subject, it is quite possible the South Londoners may be successful with their agitation.

"We intend to show them the advantages of building here, but if they decide to build the school in some other section we will raise no objection. We are not 'ward grabbers,' but are interested in every legitimate scheme to improve our section of the city," said one South Londoner today.

Says Bare Back Gown Reveals "Dorsal Area"

British Dress Designer Gives Opinions On Prevailing Fashions.

London, Jan. 27.—A well-known dress designer gives a very decided opinion upon the question of the bare-back evening gown.

"Personally I liked the so-called backless gown, as it was first designed. Cut and made by artists, it was both smart and elegant.

"But lately it has become so often a matter of showing the greater part of the dorsal area that at times it becomes complete vulgarity.

"As with every fashion, the backless gown has suffered from being made by dressmakers who are not artists and cannot cut artistically. It has also suffered by being worn by women who exaggerate every fashion.

"In a box the other evening a woman wore one of the exaggerated backless gowns. When she turned no clothing could be seen at all. Then she moved, and a remnant of tissue and the beginnings of a gown could be seen."

OATS TAKE ANOTHER BIG JUMP; PRICE IS $3.22 A CWT. TODAY

Local Supply Almost Entirely Depends On District Farmers.

Oats took another big jump on the local market today when they sold at $3.22 a cwt. This is an increase of 5 cents over the top price of yesterday, when the highest price in the history of the local market was paid. Oats are scarce, as the whole city is depending on the supply that is being brought to the local market by farmers, few being shipped in from outside points.

Straw went up to $15 a ton, which is also the highest price on record for it. It is a rare load that is sold on the market square, and there is a great demand for it.

Potatoes went up to $4 a bag retail today, with some farmers asking at high as $5. No sales were made at the later price.

Eggs took a big drop, selling at 80 cents as the highest price retail, and at 70 to 72 cents wholesale, for strictly fresh lots.

Apples sold at $7 a barrel.

Little butter was offered.

Hay was plentiful, selling mostly at $28 a ton.

WORST SLEET STORM IN YEARS CRIPPLES NEW YORK TRAFFIC

Trains Run Late While Pedestrians Slip and Slide.

New York, Jan. 27.—Transportation in New York was crippled early today by a severe sleet storm. Electric trains from outlying districts were hours late and service on the elevated and trolley lines was considerably below normal. As a result, many thousands of persons were late for work. Streets and sidewalks were a glare of ice, making the walking perilous.

Weather sharps said the storm was the worst of its kind since 1902. The greatest tie-up was on the Canarsie-New York line to Chambers street, where only three trains were operated between 1 a.m. and 6 a.m. Trains from Jamaica were nearly three hours in making the trip to New York, the ordinary time being 45 minutes.

DENEKINE AND STAFF TAKE REFUGE ON A BRITISH STEAMER

Paris, Jan. 27.—Gen. Denekine and his staff have taken refuge on board a British vessel at Constantinople, according to Zurich dispatch to the Echo de Paris.

Young Women Are To Remain Unkissed To Check Flu Epidemic

Elmira, Pa., Jan. 27.—Young women of Sayre, Pa., near here, in an effort to prevent the spread of the "flu" have organized a society, members of which are sworn to refrain from being kissed until danger of the epidemic is passed. The organization has already gained members in Waverley, N. Y., and Athens, Pa.

POWHATAN IS BEING SLOWLY TOWED IN PORT AT HALIFAX

Disabled Steamer Is Being Brought Through Atlantic Gale.

ASKS FOR MORE HELP.

Halifax, N. S., Jan. 27.—A wireless message from the Lady Laurier to C. H. Harvey, agent of the marine and fisheries department here, received at 1 o'clock, stated that the Powhatan and its convoy were now six miles south of the lighthouse, about 25 miles from Halifax, and also said that the two tugs, the Relief and the Acushnet, were barely holding their tow up, more assistance being immediately needed. Col. Griswold of the United States army transport service, has made arrangements whereby the tug Kingfisher is proceeding to join the convoy, and perhaps another tug will follow.

Halifax, N. S., Jan. 27.—At 9 o'clock this morning the disabled American transport Powhatan and convoy were reported as being 37 miles off Chebucto Head, in a south-southwest gale. If the present rate of progress is maintained, the tow should reach Halifax at 5 o'clock this afternoon.

JUGO-SLAVS ACCEPT ALLIED ULTIMATUM ON FIUME QUESTION

Decision Was Reached After Prolonged Discussion.

SENDING IT TO PARIS

Acceptance Leaves Way Clear For Settlement of the Adriatic Problem.

Berne, Jan. 21.—A Belgrade dispatch says that the Jugo-Slav Government has decided to accept the Allied ultimatum with regard to settlement of the Adriatic question.

The decision to accept the ultimatum was reached by a small majority and after a long discussion, the dispatch adds. The Jugo-Slav reply will be sent to Paris within 48 hours.

WOULD HAVE PAPER MILLS TAKEN OVER BY DOMINION GOVT.

The Regina Trades and Labor Council Advocates Prohibiting Exportation.

Regina, Sask., Jan. 27.—That the Government take over and operate, in the interests of the Canadian people, the Fort Frances pulp and paper mills, and that shipments to the United States be prohibited until the full requirements of Canadian newspapers be met, was the substance of a resolution passed at a meeting of the Regina Trades and Labor Council last night.

VETERAN EXPIRES AS RESULT OF ASSAULT

Daniel McLean Receives a Severe Beating Following Sydney Meeting.

Sydney, N. S., Jan. 27.—Daniel McLean, a former member of the 185th Overseas Battalion, died at the Glace Bay Hospital yesterday, following a severe beating which he received at the hands of some person whose identity the police will not divulge pending an investigation. The assault followed a meeting of the Glace Bay Great War Veterans' Association, which the deceased attended.

GERMAN PRISONERS RETURNING TO HOMES

Berlin Newspapers Comment Favorably Upon Physical Condition of Men.

Paris, Jan. 27.—Repatriation of German prisoners of war, which began last week, is now proceeding rapidly. Trains have left from Valenciennes, Cambrai, Toul, Verdun and other concentration points. Other trains are to leave Soissons and Laon. Two German ships, now at Havre, will take home 1,500 German prisoners in a few days and two other ships are ready to take back fifty German officers and 700 men.

Comment in Berlin papers upon the condition of the repatriated prisoners is favorable. The Tageblatt and Vorwaerts admit that the first German prisoners who have returned from France appear to have been well fed and cared for.

PRESIDENT WILSON WILL ASK LOAN OF $150,000,000 TO AID EUROPEANS IN BUYING FOOD

Congress Will Be Asked To Authorize $150,000,000 Loan To Austria, Poland and Armenia—Head of U. S. Government Has Taken Profound Interest in the Situation.

Washington, Jan. 27.—Congress will be asked by President Wilson to authorize a loan of $150,000,000 to Austria, Poland and other European countries and Armenia for food relief as requested by Secretary Glass. At the White House today it was said the president had taken "a deep interest" in the proposed loan, and that within a few days he would write a letter on the subject to the leaders in congress.

GREAT CAMPAIGN TO HELP ALL CHARITIES PLANNED FOR SPRING

Organizations To Unite in One Big Drive.

With representatives appointed from every welfare organization in the city, a meeting of the delegates will be held at the Chamber of Commerce rooms, Friday evening, for the purpose of discussing plans for a united campaign for all charitable organizations in the city. It is believed that the campaign is sure to take place in the early spring, when an effort will be made to secure sufficient funds to carry on the work of each organization for a year.

Successful Elsewhere.

Secretary Gordon Philip of the Chamber of Commerce, has received data from Detroit, Buffalo, Cleveland, Rochester, Toronto and other cities where the plan has been worked out successfully. The arrangements which put the campaign across successfully in other cities will be discussed at length at the Friday evening meeting, and it is probable that some of the methods will be adapted for the first campaign of the kind in this city.

Many Approve.

Among the organizations which have appointed representatives to the central body may be found, the Y. M. C. A., Y. W. C. A., Salvation Army, Children's Aid Society, I. O. D. E. (Children's Hospital committee), Mount Hope Orphanage, Mount St. Joseph Orphanage, Women's Sanatorium Aid, and the Victorian Order of Nurses. The plan for a united campaign was approved by the above bodies at a meeting held December 12.

LITTLE PROSPECT OF DROP IN PRICE OF ALL CANNED GOODS

High Cost of Tinned Goods Is Blamed For Advanced Figures.

Hamilton, Jan. 27.—There is little chance of a drop in the price of canned goods this year. In fact, there may be a tilt. That was the information forthcoming from the office of the Dominion Canners today when officials were questioned about the announcement made by the National Canners of America that tinned goods would be dearer this year. Canadian prices depend largely on the crops and what output may do in the way of reducing overhead expenses.

ROBIN WALMSLEY HAS FOOT BURNED AT WHITE'S PLANT

Injury Severe, But He Is Better Today.

Robin Walmsley, 32 Hope street, is in Victoria Hospital suffering extreme pain as a result of having been severely burned at the George White & Sons plant Monday afternoon. Mr. Walmsley was severely burned, but is slightly improved today according to information given out at the hospital, but inquiry at the White plant failed to reveal material information. One employee of the establishment insisted that he had absolutely nothing to say regarding the accident. In fact, he would not even say whether the man was burned or not. Finally A. W. White, head of the concern, was interviewed over the telephone. All Mr. White would say was that the man had his foot burned, "just like you would burn your finger," to use Mr. White's own words.

Dr. A. S. Duncan was called following the accident, and ordered the man removed to the hospital.

Dr. Duncan stated that molten lead had been spilled on the man's foot.

HOLLAND MAY GET ARMENIAN MANDATE

Paris, Jan. 27.—In case the United States refuses to accept a mandate for Armenia, it may be given Holland, according to a dispatch from The Hague to the Matin, quoting rumors in that city.

HAMILTON PRINTERS ARE OUT ON STRIKE

Men Refused To Accept Offer of Employers.

Hamilton, Jan. 27.—The union job printers, pressmen and bookbinders of Hamilton, to the number of 350, went on strike today because their demands for an increase of from $28.80 to $35 a week for the next six months and to $37 a week for the following six months was refused. The bosses offered $32, the same as the Toronto scale, and to meet any advance that might be made in Toronto, or $33 unconditionally. This offer was refused.

TEXAS RANGERS SEIZE VALUABLE OIL PROPERTY

Two States Dispute Over the Possession of Wells.

LITIGATION PENDING

Oklahoma Governor Hesitates To Send Troops To District.

Wichita Falls, Texas, Jan. 27.—Headed by Adjutant-Gen. Cope, five Texas rangers and a deputy sheriff yesterday took possession of a strip of valuable oil properties in the Red River valley, claimed by both Texas and Oklahoma, according to word received here. The Texans met no opposition, it was said.

A party of Oklahoma officers has been in the district several days for the purpose of guarding the property.

Ownership of the oil lands, which lie in a former channel of the Red River, has been in dispute between the two states several months and litigation is now pending in the courts to establish the right claimants.

WILL AWAIT OVERT ACT.

Oklahoma City, Okla., Jan. 27.—A call for troops to preserve order along the Red River in the Texas-Oklahoma oil land dispute was received last night by Governor J. B. A. Robertson, in a telegram from A. M. Stewart of Grandfield, attorney for the Oklahoma receiver. The governor said the request would not be granted "unless further overt acts on the part of Texas makes it necessary."

FRENCH PUGILIST'S CAREER ENDS WHEN HAND IS AMPUTATED

Paris, Jan. 27.—The pugilistic career of Louis de Pontieu, featherweight champion of France, ended yesterday, when surgeons amputated his left hand to save the fighter's life. He met Tancy Lee, the British champion in this city on Christmas Day, and, though he knocked out his opponent, in the seventeenth round of their bout, he injured his hand and blood-poisoning developed.

Pontieu was one of the first Frenchmen to gain prominence in the ring, taking up boxing as a profession in 1906.

MARQUIS VARIETY IS BEST KIND OF WHEAT

Yield of This Kind Exceeds Red Fife by Four Bushels To Acre.

Ottawa, Jan. 27. — (By Canadian Press).—J. H. Grisdale, deputy minister of agriculture, announces that from figures obtained in a long series of experiments carried on at the dominion experimental farm it has been shown that marquis wheat will outyield red fife, the best of the older varieties, by four bushels to the acre.

Practically half of the wheat acreage in the prairie provinces are at present sown to marquis, and assuming that on ordinary farms the increase over other varieties averages only half that shown on the dominion experimental farm, the introduction of marquis has meant an additional increase of some 13,300,000 bushels of wheat in the prairie provinces over the crop that would have resulted had red fife or some similar variety been sown in its stead.

The discovery and the distribution of marquis wheat has, therefore, resulted in increasing the value of the wheat crop in the provinces of Alberta, Saskatchewan and Manitoba by over $20,000,000 annually for the past five years.

THE WEATHER

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 22; lowest, 6 below.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 34; lowest, 29.

TOMORROW—FAIR, QUITE COLD.

Toronto, Jan. 27—8 a.m.

Forecasts.

Today—Northwest winds, becoming colder, with snow flurries.

Wednesday—Fair and quite cold.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Victoria	38	30	Snow
Calgary	— 4	—24	Clear
Winnipeg	0	—28	Clear
Port Arthur	18	—10	Clear
S. S. Mario	20	6	Clear
Toronto	27	27	Cloudy
Kingston	18	16	Cloudy
Ottawa	0	0	Snow
Montreal	0	0	Snow
Quebec	4	2	Snow
Father Point	2	— 2	Snow
Halifax	8	—10	Cloudy

(—) Minus means below zero.

Weather Notes.

The disturbance which was west of Lake Superior yesterday morning has moved eastward to the Lower St. Lawrence Valley with diminishing intensity, causing light snow and milder weather from Ontario eastward.

It continues decidedly cold in the western provinces.

MAY ASK LEGISLATURE FOR AUTHORITY FOR COMMISSION GOVERNMENT FOR LONDON

Mayor Believes Thousands of Dollars Would Be Saved To City — Ald. Cunningham Says Beck Behind Former Refusal.

Commission form of government for London may be asked at the next session of the Legislature. The citizens voted in favor of this plan in 1918, but it was rejected by the Hearst Government, because it was feared the board of education would lose its autonomy.

Mayor Little told members of a special committee last night that with a new government in power the matter might very well be reconsidered and urged them to look into the details of the plans suggested. He said that influence had evidently been brought to bear on the late Government to reject the plan, as it was obviously favored by a large majority of the people. He did not think the whole scheme should have been rejected because objection was taken to one clause.

Ald. Cunningham declared that Sir Adam Beck had opposed the plan, because he was afraid of interference with the railway commission.

Mayor Little said he did not want to force the plan on the council, but he believed thousands of dollars would be saved by it. Without criticizing the administration of any of the present departments he was of the opinion that all public works should be done under the direction of one head instead of several as at present.

He believed, too, that the city's finances could be more economically handled. "Every account in the city should be handled by one man, waterworks, electric and everything else," he declared. "The departments would be kept separate as at present, but they would all be under one head. At present money is loaned by one department to another. Interest should be paid on this by the department which does the borrowing."

Ald. John Bridge said that he had not the time to give up to city administration which he would like to give. Neither had any other member of the council, he thought.

He favored the commission plan of government because it would place the control in the hands of a few men who would devote their whole time to the work and be paid for it. A small elected advisory board might also be useful, but it would not be necessary for this body to deal with the work in detail. The members of the commission itself would be specialists in their departments.

Ald. O. L. Cunningham said that a member of the council should be able to spend at least half an hour a day at the city hall. He favored the commission idea, but pointed out that there was the human element to consider. While good men might be found at first, there was a possibility that the control would pass to those who were not so good. They would then be vested with a vast amount of power, which they might devote to no good purpose. He believed the plans outlined by J. M. Moore and City Clerk Sam Baker a year ago would largely overcome this factor.

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box; 30c. law-y

OFF WITH THE OLD

Johnston & Murray Close Old Shoe Stand Tomorrow.

Tomorrow Johnston & Murray close the doors at their old stand, and from this date on will be found at their new home, 154 Dundas street, opposite Smallman & Ingram's.

The new store, one of the largest and most up-to-date in Western Ontario, is replete with quality spring footwear, gathered from the foremost factories of Canada and United States.

A new appointment is the hosiery department, when Milady, who appreciates perfect hosiery service, will find a select stock of the season's newest fads in quality hosiery.

The same individual and personal service for which the firm is noted will be maintained at the new shop.

PLAYERS DROP STICKS, STAGE FISTIC BATTLE

Hot Finish to Game at Vancouver Last Night.

Vancouver, Jan. 27.—Battling under a tension that was shared by the 6,000 spectators who attended the game, opposing players on Vancouver and Victoria teams last night dropped their sticks with one minute to go, and staged a brief but highly interesting fistic combat. Vancouver won, 7 to 5, and Eddie Oatman of the Victorias won the glorious distinction of being assessed $25 for smacking Referee Ion on the nose. The game was the fiercest and most stubbornly fought that has been played in the Pacific Coast Hockey League this season. While there were comparatively few penalties, there was trouble brewing from the face-off.

CATARRH DOES HARM

Whether It Is of the Nose, Throat, or Other Organs, Get Rid of It.

Catarrh of the nose or throat when it becomes chronic weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Take Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alterative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

If there is biliousness or constipation, take Hood's Pills—they are a thorough cathartic, a gentle laxative.

CROSSED EYES

CAN BE CURED!

I have cured hundreds of cases, and all without pain, chloroform, and in nearly every case, *in one visit to my office.* Write to MISS R. KNORR, 97 Joseph Street, Kitchener, Ont., one of my recent patients. Ask her about my skill. (Enclose stamp for reply.) If you need my services, call or write. Only an overnight trip from Ontario.

COMMISSION GOVT. FAVORED BY PEOPLE AT 1917 ELECTIONS

One Plan Outlined Found Much Favor.

Mayor Little once more has aroused interest in the commission form of government by urging members of the city council to investigate it carefully. The people voted favorably on this principle in 1917, but the plan submitted was not approved by the Government because the board of education was included in the plan. The Government insisted that education must remain under separate control.

Several variations of commission government were considered. One which attracted considerable interest was that submitted by John M. Moore, who was at that time a member of the board of control.

One Plan.

Under this plan the ratepayers would elect but one civic body of thirty members. Six of these would be from the city at large and twenty-four would represent the wards. This commission would elect the mayor from its membership. It would also divide its membership into six administrative boards, each composed of a civic commissioner and four ward commissioners. An executive board would be formed of the chairmen of these six boards and the mayor.

The civic commission would legislate. The six boards would administer the various departments. The executive would advise the civic commission. The civic commission would have absolute control of all city activities and direct the policies and expenditures of all departments. The administrative board would direct and supervise the carrying out of the actions and work of the various departments. The executive board would receive the reports of all the different administrative boards on all new works and expenditures and would transmit reports and their recommendations to the civic commission.

Provides Continuity.

The commissioners would be elected to office for a term of three years, and thus give a continuity of representation. Two of the civic commissioners and eight of the ward commissioners would retire each year, so that thus there would be an election for both ward and civic commissioners each year, ten in all.

The advocates of the plan claim that it would bring out the best citizens at all elections, as all members when elected would be of equal importance and responsibility. The appointment to the board of persons especially qualified to give expert advice would be to the advantage of all departments. The officials of all the present departments and boards would be retained to administer the works and activities, and no confusion or disorganization would result from the change, it is claimed.

One of the features of the scheme is the abolition of all present spending bodies, such as the utilities commission, hospital trust, board of education, library board, and so forth, and their consolidation under one head. The fact that the city, as represented by the council, has little control over the tax rate as only a comparatively small portion of the money raised by taxation is controlled by the council was one of the chief arguments in favor of the centralized commission plan.

GENERAL ASSEMBLY OFFICERS TO SPEAK TO YOUNGER PEOPLE

Also Will Address Women's Missionary Society.

Today is a big day in the forward movement of the Presbyterian Church in London, when two of the leading officers of the general assembly, Lieut.-Col. John Pringle, D.D., moderator, and the Rev. A. E. Armstrong, M.A., assistant secretary of the board of foreign missions, come to London to leave their message of encouragement with all branches of the work of the Presbyterian Church here.

Originally brought here by the young people of the London district, who are holding their big annual rally in the King Street Presbyterian Church today, Dr. Pringle will address a public meeting held in that church tonight at 8 o'clock. His colleague, Rev. A. E. Armstrong, will at the same time address the Women's Missionary Society convention also, being held today in St. Andrew's Presbyterian Church. This likewise will be a public meeting, the subject being "A Trip to the Orient."

Guests at Banquet.

Both speakers will be guests of honor at a banquet to be held by the Presbyterian men of the city at the Tecumseh House at 6:30 tonight. In this way men, women and young people will be reached by these two speakers, while they are in the city.

The young people's rally opened session at 1 o'clock this afternoon in the King Street Presbyterian Church with D. E. Carrol presiding. The program showed the principal business of the afternoon to be a round table conference on "Young People in the Local Congregation," to be led by the Rev. W. J. Knox. It was followed by an address at 5 o'clock by the Rev. A. E. Armstrong on "A Trip to the Orient." Supper is to be served at 6:30, to about 300 young people, the evening session not beginning until 8 o'clock, when Rev. C. Q. Warner will lead the choir in a song service.

Many Delegates Here.

About 150 delegates from outside points gathered in St. Andrew's Church this afternoon for the opening session of the London District Women's Missionary Society, presided over by Mrs. D. L. McCrae.

The greater part of the afternoon will be devoted to the hearing of presbyterial secretaries' reports, after which Dr. John Pringle will address the meeting. An interesting Mission Band hour will be held from 5 to 6 o'clock, and then supper will be served in the basement of the church at 6 o'clock.

BOOTLEGGERS ARE FINDING THEIR BUSINESS IS POOR

Profits Not Large Enough Now to Make It Profitable.

"Oh, where, oh, where, have the bootleggers gone; oh, where, oh, where, can they be?" is the little ditty that is being hummed softly around police headquarters these days, for it is some moons since one of the bootlegging fraternity has graced the prisoners' box in the Carling street mill of justice.

License Inspector J. E. Keenleyside does not claim that he rounded up every bootlegger in the city when the government spotters were here a few weeks ago. He explains that the whiskey peddlers have lost their ambition, as the monetary returns aren't as large as they were just a short month ago.

"The risk is too great for the amount of money involved," says the inspector. "The day of a five and six-dollar profit on a bottle is gone, for the time-being at any rate. When liquor can be brought in legitimately, these whiskey dispensers find that their market is all shot to pieces, and I do not think that there is much bootlegging going on in the city just now."

Don't Suffer From Piles

Sample Package of the Famous Pyramid Pile Treatment Now Offered Free to Prove What It Will Do for You.

BAILIFF HAS TAKEN ALL GOOD WORKERS

Jail Governor Complains About Present Laws.

Bailiff J. J. Ryan arrived in London Monday afternoon and lost no time in getting down to the county jail and selecting the ten huskiest prisoners in the place. This left the jail with two old men to carry on the work. In other words he came, he saw, and left the cripples around the institution.

"How many prisoners on the roll this morning, governor?" asked the reporters as they slid into chairs for the daily interview with Governor James Carter.

Left Only Cripples.

"The bailiff came along yesterday afternoon and we have nothing left but a bunch of cripples," said the governor, who went on to enumerate his customers, who consisted of one cripple, one consumptive, a man with one leg, three old and decrepid men, seven on remand who do not have to work and two other aged males, who do their best to help around the kitchen.

"The bunch that the bailiff took to Burwash and Mimico were the best workers that we have had here in a long time," stated Governor Carter, who went on to pay further high tributes to the ability of the whiskey peddlers when it came right down to actual work.

Should Be Kept.

"The county has to pay the way of these men down to Mimico and back, and as they were sentenced to three months in the common jail, I think that they should be kept here, or at least enough of them to carry on the work. As the law stands now the bailiff has the right to take them away."

The county council will be asked to go into the matter at the session which opens today and see if something cannot be done to keep enough prisoners to at least keep the jail clean.

BAILED ON CHARGE OF SELLING LIQUOR

F. C. Wilson, who was charged under section 40 of the O. T. A., with selling liquor at the time when Inspector Keenleyside made a cleanup of London bootleggers, gave himself up to the authorities Monday afternoon. He appeared in police court today and was bailed till Monday next.

BEAVERS HAVE ELABORATE SCHEMES FOR EXTENSION

Elaborate plans for the extending of the Canadian Order of Beavers, which was instituted in London in 1913, have been completed. The order plans to have at least ten new lodges in Western Ontario during this year, and the first branch has already been organized at Windsor. The London lodge, No. 1, will also put forth an effort to increase its membership greatly before 1920 says adieu, officers of the lodge stated this morning.

The original members of the organization, which is purely fraternal, are very enthusiastic over the work which they hope to do this year. At a recent meeting a definite plan of campaign was outlined, and the new officers installed promised to get to work on the extension of the order immediately.

The new officers are as follows: Ernest Lyons, I. P. M.; R. Phillips, W. M.; A. Albert, D. W. M.; William Cook, chaplain; P. Ransome, director of ceremonies; M. J. Abbott, secretary; Dr. L. S. Holmes, treasurer; O. E. Suter, inner guard; R. Young, sentinel; trustees, W. McFadden, G. B. Drake and Norman Peel.

Sick Headaches

For Last Ten Years

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N. S., writes: "I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B. B. B. to anyone who is suffering as I did. I only took three bottles, and am never troubled with sick headaches any more."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

Remnant Sale

Tomorrow Will Be Remnant Day Throughout the Sto.

This is an event that is not forgotten from one season to the next, for many have been inquiring about the date of same. Remnants really mean the choice of all stocks, for they are what is left of the best-selling numbers—the merchandise that has taken best, or otherwise they would not be remnants. Preparatory to stock inventory on Friday, we have gathered in all departments everything in the shape of short pieces and odd articles and garments, which will be found grouped for final clearing tomorrow at, in most cases, about half price. This will be the climax to our department sales, which have been running all this month. There are never sufficient in the remnant sales to go around, so you will be well advised to be here at the opening hour, 9 o'clock. Phone or mail orders cannot be accepted for remnants.

LACES, INSERTIONS, NINONS ETC., HALF PRICE

Guipures, Oriental Net-Laces, Vals., B. B., Linen, Cluny and Torchon Laces and Insertions, in lengths from 1 to 3 yards. All half price.
Embroidery Insertions and Edges, 1 to 2½ yard lengths; wider widths 1 to 2 yard ends.
Nets and Ninons, ½ to 1 yard ends.
All Half Price.

RIBBON ENDS, QUARTER AND HALF OFF

150 Ribbon Ends from 1 to 3 yards, in assortment of shades and widths, plain colors only. All marked at one-quarter to one-half off.

REMNANTS OF SILKS, DRESS GOODS AND VELVETS, HALF PRICE

All ends of Colored Dress Goods—suitings, silks and velvets, will be found in the one section to make convenient selection for the early buyers. Everything in these lines will be cleared out at half price tomorrow.

SILK REMNANTS HALF PRICE.

These comprise mostly short lengths of ½ up to 1½ yards, in dark colors, in satin duchesse, paillette silks, poplins, taffetas, georgette crepes, crepe de chine, quantities sufficient for trimmings, blouse lengths, sleeves, collars, etc. About 150 remnants in the lot at half the regular price.

DRESS GOODS REMNANTS HALF PRICE.

An accumulation of about 100 remnants of colored goods in serges, fine wool goods, coatings and tweeds, in lengths from 1 to 2 yards. There are many pieces in these lengths suitable for small children's coats, boys' coats, knickers, etc. All to clear at half price.

VELVET REMNANTS HALF PRICE AND LESS.

The past season has left the velvet department with about 75 ends and corners of velvets in plain colors, all are small pieces from ¼ yard up to 1½ yards in black silk velvets and velveteens, colored silk velvets and velveteens, also a few ends cord velveteens in browns, navy, etc.; all are marked at half price, some less than half price, to clear tomorrow at 9 a.m.

CHURCH TO HONOR HEROES.

GALT, Jan. 25.—Central Presbyterian Church is considering the erection of a suitable permanent memorial to those members of the congregation who gave their lives in the great war and a special committee has been appointed to take up the matter and report back to the congregation. The $23.76 in the treasury of the national service committee, which was disbanded after the war has been made a war memorial fund. The congregation had a most successful year, the financial report showing that the debt on the church had been reduced by $2,200. There is a general fund balance of $463.01. Plans for construction of a new Sunday school are under consideration. Rev. M. B. Davidson, pastor, was given an increase in salary.

STEAM PLANTS FOR ELECTRICITY NOT IN FAVOR FOR LONDON

Authorities Think Auxiliary Would Be Too Costly.

DISCUSSION IN TORONTO

Hydro Managers Are Meeting To Hear All About Shortage.

Ways and means of relieving the power shortage are being discussed today at Toronto by managers of hydro municipalities. General-Manager E. V. Buchanan is representing London.

While the meeting will be largely confined to explanation of the present system, it is possible that some concrete scheme for supplying more power will be brought forward. One of these is the suggestion that steam units be established as auxiliary plants. It is doubtful, however, that this would receive much support because of the cost. One citizen closely in touch with the situation said he thought the chances of this plan being adopted were a hundred to one against.

Rumors have been current to the effect that negotiations were being made for the purchase of the Helena power plant here to use it for that purpose. This possibility has existed for several years, and at present there is little to indicate that it will be carried out beyond the fact that the power shortage is acute.

Commissioner Philip Pocock thinks that the excessive cost of steam operation and the possibility of the power shortage being relieved in a short time, would argue against any such action as this. Mr. Pocock said he understood that the ice at Niagara alone was causing a shortage of 50,000 horsepower. When this is cleared from the intakes the power shortage will be improved considerably. Then the development schemes which are under way will provide additional power.

Mr. Pocock thinks that if any auxiliary plants are established the work should be done by the hydro commission as a whole and not by any one municipality.

REPORTER LOST HIMSELF IN FAIR ONE'S EYES, BUT FOUND HIMSELF IN SLUSH

"Watch Your Step" Maxim He Now Treats With Respect.

"Pride goeth before a fall" is an old but true saying, and its truth was amplified this afternoon at 2 o'clock when a young reporter, with his red countenance half buried in a fur collar of wonderful proportions, stepped grandly forth from the pavement at Dundas and Richmond streets and tried to smile into the eyes of a sweet young thing on the sidewalk while he endeavored to navigate the corner with success.

Alas, the car tracks were too much for him, and he swept into the slush with a cow-like cavort. The rosy countenance looked like a summer sunset as he scrambled to his feet and made for the home office, slush clinging to his garments like a miser to a $10 bill.

LOCAL NEWS

BACK TO WORK.—William Sneath, baggageman of the L., H. and B., has returned to work after an illness of three weeks.

CAR JUMPED TRACK.—One coach of a London and Port Stanley train proceeding south jumped the track at Wellington street, St. Thomas, Sunday evening, and as a result traffic on the line was tied up for about an hour.

SING-SONG HELD.—A sing-song was held in the dining-room of the Perrin factory today, under the auspices of the industrial department of the Y. M. C. A. F. L. Wilgoose and Herman Brouwer assisted in the program.

ISSUES WRIT.—W. G. R. Bartram issued a county court writ this morning on behalf of T. A. Faulds, who claims $312.50 from D. G. Wallace of Thamesford, commission on the sale of lot 1, concession 10, East Nissouri Township, for $12,500.

CASE WAS DISMISSED.—By error it was stated in Monday's paper that G. A. Borland did not appear in police court to answer a charge of failing to provide for his wife. The fact is that Mr. Borland appeared, but the complainant did not, so the case was dismissed.

BACK FROM VACATION.—Building Inspector A. M. Piper has returned from a two weeks' vacation at Saginaw and Bay City. His summer vacation was delayed by the amount of work which resulted from 1919 being the heaviest building year in the city's history.

WRIT FOR ALIMONY.—Mrs. Florence Eva Bears of London has issued a supreme court writ against her husband, Edward Bears, a farmer residing in Blandford Township, in the county of Perth. Mrs. Bears is asking alimony and claims $15 per week interim alimony to be paid each Monday at the office of her solicitor.

BOY RUN OVER BY SLEIGH—While "catching bobs" at noon today near Simcoe street school, Paul Gardner, 254 Hill street, aged seven years, was badly bruised about the legs when a sleigh from John Labatt's Brewery passed over them. He was removed to his home by playmates, where his injuries were attended.

LARGE COMMISSIONS PAID.—Canvassers for the Victory loan campaign, held three months ago, received their second and last payment of commissions from the secretary of the provincial committee today. Owing to the fact that London subscribed much more heavily in the last loan than ever before, the commissions were much larger.

WORTLEYS WON.—The Wortley Road School team defeated the Tecumseh School six in a snappy game of hockey at Thames Park Monday afternoon by a score of 4 to 1. The game was well played and the Wortley Road aggregation showed exceptional speed throughout. Their stick handling was all that could be desired and their shooting was the best seen in the School League this season.

GOING TO MONTREAL.—City Engineer H. A. Brazier will likely go to Montreal Wednesday to attend the convention of the Engineers' Institute of Canada. This was formerly known as the Canadian Society of Civil Engineers. Mr. Brazier is a member of the Ontario committee. The convention commenced today on a three-day session. The Ontario committee will meet Wednesday or Thursday.

SIGNALLERS TO MEET.—The Signallers' Club, formed by ex-signallers residing in the city, is holding a further meeting in the G. W. V. A. rooms at 8 p.m. on Wednesday. This is a purely social organization, and has been formed to help keep alive the friendships and spirit of comradeship formed by signallers overseas. The membership is growing all the time, and any ex-signallers, operators, linemen, etc., interested are invited to attend.

GETS KING'S CERTIFICATE.—John Wilson, veteran of the 3rd Canadian Divisional Ammunition Column, who was the first soldier here to get a gratuity check also has received his King's certificate, probably one of the first to arrive here. It is an imposing document about 17 by 21 inches, and declares Mr. Wilson served with honor in the world war and was honorably discharged on March 25, 1918. It is signed "George, R. I."

IN POLICE COURT

The police court session today was short. Two drunks with resigned faces took the dose of $10 or 10 days, while S. F. Jones paid $5 for coming up behind a street car in his motor and passing it on the left side. Police Court Clerk Moule pointed out that the fine was $5 for passing the car on the left, as it was considered more dangerous than passing a standing car, for which only a $3 fine is levied.

George Kidd committed a more serious offence still against the M. V. A. by driving his car without the official marker. It cost him $10. The lights on the automobile of C. H. Ivey were out the other night. It cost him $2.

DIES OF BURNS

Aged Cornwall Woman Found Dead by Neighbors.

Cornwall, Jan. 27.—Clad in a nightgown, the body of Mrs. E. Robertson, aged 84, was found lying on her bed in a badly burned condition yesterday. Neighbors who found the body in the home where the old lady lived alone suppose that her clothes caught fire as she was lighting the fire in her kitchen stove. The snow at the doorstep indicated that she had rolled in it in an attempt to quench the flames. It is thought that having put out the fire she had undressed and returned to her bed, where she died of the burns.

PRUSSIA NOT TO HAVE HER OWN PRESIDENT

Berlin, Jan. 27.—Consideration of the further constitution of Prussia has been closed by the commission assigned to the task, and it has been decided that Prussia will not have a president of her own. The head of the legislative assembly will be ex-officio of the state.

WEDS RUSSIAN PRINCESS.

New York, Jan. 27.—The marriage of Norman Whitehouse, son of Mrs. Fitzhugh Whitehouse of Newport, R. I., to Princess Tamara Bagration Moukhransky of Russia, was announced here today.

Last February, Mr. Whitehouse was sent on a mission to the Caucasus by the American peace delegation. On December 28 he was married at Tiflis. His bride and her sister, Princess Ratieff, before the revolution, were two of the largest land-owners in the Caucasus, having about 24,000 acres. Their father died before the war, and their uncle, a general, was murdered by the Bolsheviki. Mr. and Mrs. Whitehouse are now in Paris.

STEAMSHIP ARRIVALS.

New York, Jan. 27.—Arrived: Steamer Mauretania (British), from Southampton.

NAME WON HIM FRIEND TO LOOK AFTER FUNERAL AND NOTIFY RELATIVES

Frank Bandeen, Veteran, Dies at Byron Sanatorium.

Frank Bandeen, 29 years of age, a returned soldier, died in the Byron Sanatorium on Sunday. The funeral was held this afternoon at 2 o'clock from Logan's undertaking rooms to Mount Pleasant Cemetery.

Before the war, Bandeen came to this country from Scotland, and on the outbreak of the war enlisted with the Canadian forces and served with them overseas. While in the army he became sick, and on being returned to Canada was sent to the Sanatorium.

He was without friends, and as far as he knew, without relatives in this country. In some way Robert Bandeen, a farmer near Rodney, learned that there was a man bearing his family name in the Military Hospital in London. As he had never heard a name like his own outside of his circle of relatives, he thought possibly that Frank Bandeen might be a relative, so he came to this city to investigate.

Before Bandeen died, relationship was not established. However, Robert Bandeen, because of the name, took charge of the funeral and had the body deposited in a vault until he could get in touch by cable with Frank Bandeen's mother, who is living in Scotland. If she desires it, the body will be sent to her.

The services were conducted by Capt. George Pugsley, the military chaplain of Byron Sanatorium.

SURVIVED GREAT WAR, BUT IS VICTIM OF PNEUMONIA

Veteran of 18th Battalion Dies in St. Thomas.

J. W. Dawber, a veteran of the great war, and well-known to many London and district returned soldiers, who served overseas in the 18th Battalion, died Monday at the home of his uncle in St. Thomas. Enlisting in the 18th Battalion here on November 2, 1914, he served continuously with the above unit as a private throughout the war without a scratch, only to fall a victim to pneumonia upon his return to Canada.

Pte. Dawber was a member of the G. W. V. A., and is survived by his father and two sisters in England. The funeral will be held in St. Thomas on Wednesday, where interment will be made.

DEATHS AND FUNERALS

DIED IN BRANDON.

The death of Mrs. Ida Wesley McFadden, daughter of Mrs. Duncan Anderson, 252 Cheapside street, of this city, occurred in Brandon, Manitoba, on January 20. She is survived by her husband, J. Wesley McFadden, one son, Ernest, her mother and several brothers and sisters. Her son returned from four years' service in France shortly before his mother's death.

Mrs. McFadden lived for many years in London Township before moving to the west. Interment was made in Brandon.

BURIED IN CINCINNATI.

The body of E. G. Bell, the aged traveler, who died in the Tecumseh House on Friday night, was forwarded to Cincinnati Saturday, where the funeral was held from the home of his cousin.

BURIED AT WOODLAND.

The funeral of Miss J. Maud Tytler, who died Saturday, was held on Monday from the family residence, 26 Grosvenor street, at 2:30 o'clock. Rev. J. E. McKay conducted the services. Interment was made in Woodland Cemetery.

DEATH OF BOY.

Englebertus T. Boekhorst, the 7-year-old son of Jacobus Boekhorst, 73 Emery street, died in Victoria Hospital on Sunday. The child is survived by his parents and one brother.

The funeral was held this afternoon from the family residence at 2:30 o'clock. The services were conducted by the Rev. G. L. Pearson. Interment was made in Woodland Cemetery.

DEATH OF MRS. BAILLIE.

The death of Mrs. Mary Ann Baillie, wife of John A. Baillie, occurred at the family residence, 339 Simcoe street, on Monday. She is survived by her husband and two daughters.

The funeral arrangements are pending the arrival of a daughter from Calgary.

FUNERAL OF JOHN BENNETT.

The funeral of John Bennett, who died on Saturday morning, was held this afternoon at 2:30 o'clock from the family residence, 238 Oxford street. The services were conducted by Rev. R. G. Peever. Interment was made in Woodland Cemetery.

The pallbearers were N. McGill, R. Booth, C. J. Moran, T. Patterson, John Fairburn and J. Foottit.

HIGHER WEEKLY AVERAGE.

Albany, N. Y., Jan. 27.—The average weekly wage of factory workers in New York state in December, 1919, was $26.32, a new high record, it is shown by the statistics made public today by the state industrial commission. The $25 dollar mark was passed in November, with average earnings of factory workers of $25.37.

During 1919 factory workers' earnings averaged 13 per cent, while food costs climbed 5 per cent.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto.

COUNTY COUNCIL IS ELECTING WARDEN

Question of Grants To Be Discussed.

Starting a new plan, the members of the county council today nominated those whom they wished to see in the warden's chair for the year, and as a result only four names will be voted on in the election.

Those nominated are: Thomas Clarke, London Township; Alton Rickman of Delaware; J. J. Poore of McGillvray and S. Oakes of Strathroy.

This afternoon a deputation from the Soldiers' Aid Commission appeared to ask for a grant of $1,000. This matter was brought up at the December session of the 1919 council, but was laid over until this week. The question of granting several thousands of dollars for the erection of a children's hospital in this city was left over too. This matter will be considered on Wednesday, when a deputation will be present to press the claims.

AWAITING DEPORTATION IN JAIL, TAKES DIPHTHERIA

Lester Ramey Will Be Removed to Victoria Hospital.

Lester Ramey, while waiting in the county jail deportation to Canton, Ohio, has contracted diphtheria. He will be taken to Victoria Hospital for treatment.

As there is no means of segregation at the county jail, the doors of all the cells being made of iron bars, several prisoners are afraid that they will contract the disease. However, there are no prospective cases at the jail, according to jail physician, James D. Wilson.

GIVE VETERANS IN OTHER PLACES CHANCE OF MONEY

D. S. C. R. Representative to Visit Ingersoll and Strathroy.

In order that the unemployed returned soldiers in the towns surrounding the district centres might benefit by the Government appropriation for the assistance of the unemployed, the district representatives of the employment departments of the D. S. C. R. will spend a day a week in some of the towns.

W. M. Ruddick, the representative in this city, will spend a day in Ingersoll and one in Strathroy. While he is in these places the unemployed will have an opportunity to bring their cases before him, and an investigation will be made and assistance given where warranted.

Educational Conference Will Be Held in Ottawa

Important Subjects To Be Discussed at Big Meeting.

Ottawa, Jan. 27.—By Canadian Press.—Leaders in the Canadian educational work from all parts of the Dominion will attend the conference of the national educational council, which is to be held here on February 17, 18 and 19. It will be the first meeting of this body since it became organized last October following the great conference in Winnipeg, attended by 1,500 delegates. Subjects of national importance will be taken up. The council has engaged itself particularly in the study of character education in relation to Canadian citizenship and will doubtless have many important suggestions to make as a result of its convention here.

Ontario will be represented by Hon. Dr. Cody, Sir John Eaton, Tom Moore, of the Trades and Labor Congress; Sir Robert Falconer, Prof. Coleman of Queen's University, Dr. Helen McMurchy, and W. J. Sedgewick.

LAST CALL NOW MADE FOR INCOME RETURNS

A last call for income returns was made from the assessment commissioner's office at the city hall today. Many citizens have been very dilatory about returning the forms sent out by the department. As the main work of assessment cannot be started until this work is cleared up the members of the department are anxious to complete it. Ward 4 citizens in particular are urged to comply with the law. Most of them have been communicated with by telephone and requested to make the returns immediately.

As they are many days overdue it is not improbable that the assessment commissioner will take legal action if there is any further delay. The penalty is $100 and $10 additional for each day the returns are delayed.

DR. McEVOY MAKES TEST FOR NEW DREAD DISEASE

[Special to The Advertiser.]

Enid, Okla., Jan. 27. — Four cases that appear to be the dreaded new disease that has been sweeping the state are being diagnosed through the pathological tests conducted by Dr. S. H. McEvoy of the Enid clinic, a graduate of the Western Medical School, London, Ont.

Serums will be injected into guinea pigs. Results will be made known Sunday. No other recent cases have been reported.

TAKEN TO BROOKLYN.

New York, Jan. 27.—Benny Sternberg, wanted by the Brooklyn police in connection with a series of burglaries committed by a gang headed by a Brooklyn policeman, was brought from Toronto last night by Detective Frank Dougherty of the Brooklyn detective bureau. Sternberg was arrested in Toronto last Thursday. The Dominion immigration authorities made extradition proceedings unnecessary by deporting him.

FOUND THE REMEDY WOMEN LOOK FOR

Dodd's Kidney Pills Banished Her Backache.

Mrs. Alice Roberts Felt Like a Different Woman After She Had Used the Great Canadian Kidney Remedy, Dodd's Kidney Pills.

Hathersage, Alta., Jan. 26.—(Special).—That Dodd's Kidney Pills are the remedy that tired women with aching backs are looking for is the lesson taught by the experience of Mrs. Alice Roberts, a well-known and highly respected resident of this place.

Mrs. Roberts felt tired all the time. Her backache was terrible. She used Dodd's Kidney Pills. That is why she says:

"Dodd's Kidney Pills did wonders for me. My back ached so that I could hardly do my work." Mrs. Roberts continues, "And I felt so tired all the time. My heart also bothered me.

"Six boxes of Dodd's Kidney Pills made me feel like a different person."

Ask your neighbors if Dodd's Kidney Pills won't cure sick kidneys. Cured kidneys strain all the impurities out of the blood. Pure blood means new health all over the body. Thousands of Canadian women recommend Dodd's Kidney Pills.

MAKE QUEEN'S PARK BIG ATHLETIC FIELD, IS LATEST SCHEME

Committees Expected To Advocate This Plan.

PLENTY OF ROOM THERE

And Part of Money Voted by the People Could Be Spent.

Queen's Park may become one of the finest athletic fields in Ontario if the civic authorities adopt plans which the playgrounds committee of the chamber of commerce and the local social service council are likely to advance. These organizations will meet Thursday afternoon to discuss the playgrounds situation in London and also to make recommendations to the civic authorities as to how the $20,000 per year, voted by the people at the last election, is to be spent.

Members of the playgrounds committee favor the levelling off of the ground within the half-mile ring at the park, in order that it may be used as a baseball or football grounds. This would make an ideal athletic field, in the opinion of the members of the committee, who are confident that the directors of the Western Fair would offer no opposition to the plan. The games could be witnessed from the grandstands, and if this plan were adopted, it is believed that Londoners would take a greater interest in amateur sports.

Another Diamond.

There is a large area behind the grandstands at the park, used during the fair for a midway, which also can be put into shape for an excellent baseball diamond. There is room for two diamonds in this area, and it is thought that it could be put into condition with little expense. Teams in the Church and Public School leagues have been using this diamond for the staging of ball games for some years, although it has not been in very good condition.

The ring in front of the stand could be used for the staging of foot or cycle races, which events, if staged frequently, would tend to stimulate a greater interest in sports in London. The committee believes that the establishment of a proper field would bring about a keener interest in sports, especially in the public schools. Prominent citizens could be persuaded to offer prizes for successful athletic teams, and in this way friendly competition would come into existence between the schools of the city.

Interest Has Flagged.

During the past few years, baseball, which was formerly the chief sport at school, has gradually died out. Six or seven years ago there was a school baseball league in London, and when league games were played practically the entire school turned out to see the games and offer encouragement to the players. A cup was presented at that time to the successful team, and the cup in the school was something of which every student was proud. The teachers kept the students interested in the national pastime, umpiring games and encouraging their pupils to take active part.

The committee also plans, if the city council is willing, to maintain proper baseball diamonds at Thames Park in South London for the young folk of that district. There is also room for three or four ball diamonds at Springbank, and the committee will likely recommend the expenditure of some of the money for the putting in condition of these fields.

HOPES FOR SUCCESS OF EMPIRE CLUB PROJECT

London, Jan. 27.—(Canadian Press Cable).—In alluding to a suggestion of Sir Thomas MacKenzie at the Australia Day luncheon of the establishment of an Empire Club in London, the Daily Telegraph hopes the project will be carried forward to realization without avoidable delay, adding that some such social and unofficial accompaniment to the geat development of political cooperation which the war brought about would seem to be as natural as eminently desirable.

WALL STREET.

New York, Jan. 27—Wall Street, 1:30 p.m.—Trading became very dull during the intermediate session, but prices mounted steadily. The movement continued to centre in high priced industrials and specialties at extreme advances of 2 to 14 points. Rials were the only issues to make no appreciable progress.

BUTTER AND EGGS.

Chicago, Jan. 27.—Butter—Lower; creamery, 56@61½c.

Eggs—Lower; receipts, 4,761 cases; firsts, 61½@62c; ordinary firsts, 50@59c; at mark, cases included, 58@61c.

POULTRY.

Chicago, Jan. 27.—Poultry—Alive higher; springs, 32c; fowls, 34c.

Russian Soviets Could Fight World

WASHINGTON, Jan. 26. — Russian soviet organizations have become "strong enough to fight the world," Ludwig C. A. K. Martens, soviet agent to the United States, told a Senate investigating committee today. Because of this, he said, the soviets have ceased to urge international revolution to support them. The Russian soviets have "between $450,000,000 and $500,000,000" in the public treasury, Martens said, which it was now desired to spend in foreign countries on the purchase of necessities. There was now no gold in the hands of private banks or individuals in Russia, he added.

WINNIPEG STRIKER MOVES TO CHANGE LOCATION FOR TRIAL

Ald. John Queen Declares Public Opinion Prejudiced.

WINNIPEG, Jan. 26.—At this afternoon's session of the trial of the strike leaders for seditious conspiracy a verdict that there was no misconduct on the part of the sheriff or deputy sheriff in the preparation or giving out of the jury panel was found. The verdict was returned after deliberation by the judges of less than ten minutes. The sheriff and deputy sheriff willingly took the witness stand, although it was pointed out that it was very questionable whether they need have done so or not.

W. C. Bronner, K.C., proposed a new motion challenging the array of the jury panel on grounds of partiality.

The accused, Alderman John Queen, then continued with his motion commenced at the morning session, for a change of venue and location for the trial. He read at length from numerous publications to show that the strike leaders were very prejudiced in public opinion.

Lost in Snow, Trapper Killed by "Husky" Dog

J. F. Egan Found by Partner With Head Eaten Away.

THE PAS, Man., Jan. 26.—J. F. Egan, a trapper, lost in a blizzard, was killed by his dog after he had been overcome by cold and exhaustion, according to the theory of Jack Ford, his partner, who brought the news of his tragic death to The Pas.

Egan, according to Ford, had been missing from their shack at North Indian Lake for four days, when he started to search for him. He found the body 25 miles away, with the body of the husky nearby. The head had been eaten from the body by the ravenous dog.

The dead man is a returned soldier from Ottawa. Ford reported to the police at Piquitona, having travelled on foot for eighteen days, half-starved and frost-bitten.

Remove Ban on Galway Meetings

CLONMEL, Ireland, Jan. 26.—A proclamation was issued today withdrawing the restrictions which have been in operation the last four months on meetings, including fairs and markets, in public places in the southern and northern parts of Galway. Warning is given, however, that the restrictions may be reimposed in the event that they become necessary.

AMERICAN PAMPHLET ADVERTISES RESOURCES OF EASTERN PROVINCES

New York, Jan. 27.—Canada's industries are given some excellent advertising in a pamphlet printed on the United States Government presses at Washington, which has just been received here. It is issued as a suplementary report of the department of commerce and deals with the coal and mineral production of the maritime provinces, lumber, fisheries, iron and steel manufactures, crops, Quebec pulp and paper, water power, asbestos, furs, navigation and shipping, Manitoba resources, immigration, highways, automobile and bicycle industries, live stock, wool industry, dairying, grain crops, and oil production.

DAMAGES ARE AWARDED MEN INJURED WHILE USING A ROSS RIFLE

Quebec Judge Declares Firearm Was Defective.

Quebec, Jan. 27.—Hon. Justice Dorion rendered judgment in Chambers yesterday awarding damages of $11,600 and $10,000 respectively to C. O. Dunstall of Geraldine, Montana, and C. Amory of Texas against Sir Charles Ross, head of the former Ross Rifle Company for injuries received while using a Ross rifle.

In rendering judgment, Judge Dorion said that there was a defect in the rifle which could not be detected even by an expert.

The claim entered by Mr. Amory, who is a man of 70, was for $50,000, but this was reduced to $10,000.

ST. CATHARINES COUNCIL REFUSES TO RECOGNIZE CITY FIREMEN'S UNION

St. Catharines, Jan. 27.—The city council last night after a spirited discussion refused to recognize the newly-organized union among the firemen on a vote of 7 to 2. Mayor Lovelace, while speaking sympathetically, did not record his vote.

The spokesman of a delegation of firemen declared before the council that they would stand or fall by the union.

WILHELM SAYS HE DOES NOT WANT TO GO BACK

Fears He Might Cause Split Between German Factions.

Mayence, Jan. 27.—German newspapers publish a letter from the former Emperor William to a personal friend in which Count Hohenzollern expresses his absolute discouragement, and says he does not want to return to Germany. He says he believes his return would cause a split between German factions.

SAM GOMPERS BIRTHDAY.

Washington, D. C., Jan. 27.—Samuel Gompers, president of the A. F. of L., was 70 years old today. He spent most of the day at his office.

HIGHER FOOD PRICES ARE BEING PREDICTED

Cleveland, Jan. 27. — Higher food prices for 1920 were predicted today by delegates to the joint convention of the National Canners' Association and other organizations identified with the canning industry.

Increased cost of production was the reason given.

MADRID LOCKOUT ENDS BUT WORKMEN REFUSE TO RETURN TO JOBS

Madrid, Jan. 26.—Although the lockouts at Barcelona and in this city have been declared at an end, the industrial troubles of Spain continue, the large majority of workingmen refusing to resume their posts, claiming there has been no improvement in conditions of labor.

A group of workmen tried today to interfere with the operation of the subway, while a crowd of some 200 hundred appeared on the Calle San Jeronimo, upon which Parliament building faces and protested against treatment given them by employers. It was dispersed by a small force of civil guards

PRINCE EMPLOYS ONLY EX-SERVICE MEN AS HIS MALE SERVANTS

Sets Example That Is Being Followed by Others.

London, Jan. 27.—The Prince of Wales has set an example by employing only ex-service men as male servants in his new bachelor home, York House. One of the footmen wears a wound stripe and the military medal; another has the Mons star. All the men servants in the establishment have war ribbons.

It is likely that the custom of permitting men servants to wear war ribbons with their livery will be followed in many private houses. London clubs are already taking up the idea.

MINERS' WAGES INCREASE BY OVER 100 PER CENT

Halifax, Jan. 27.—The Halifax Herald publishes today the following special dispatch from its Sydney correspondent:

"Declaring that during the war certain classes of Cape Breton miners have received wage increases of 114 per cent as compared with wage increases of 84 per cent received by miners in the United States," J. B. McLachlan, district secretary, has replied to his critics here.

"He points out that from 1909 to 1916 the price of coal increased 20 per cent, and the cost of living 50 per cent, but that the Cape Bretoners received no wage increases throughout their loyal unions.

"From 1916 to 1919, or since the Baxter-Barrett-McLachlin combine took control, the cost of coal has increased from $2.90 a ton to $4.65, the wages of labor have increased from $1.52 per day to $3.25. This is for the lowest classification of mine labor, and means an increase of about 114 per cent. Other classes of labor have received increases approximating 100 per cent.

AMERICANS WILL ALL BE OUT OF SIBERIA BY MARCH FIFTEENTH

Vladivostok, Jan. 27.—American army authorities believe it will be March 15 before the last American soldiers and Red Cross workers are out of Siberia. Orders have been sent that all American women be hurried out of Trans-Baikalia, which is in the path of the advancing Bolshevik army that has moved steadily eastward along the Trans-Siberian Railroad and now seems to be nearing Irkutsk. Reports state the Bolsheviki have swung southward from Taiga and have reached the Mongolian frontier.

STOCKHOLM EMPLOYERS DECIDE ON A LOCKOUT

Stockholm, Monday, Jan. 27.—At a meeting of the Employers' Association held here yesterday, it was decided a lockout would begin immediately where possible and that all shops represented in the association would close by January 31. This action followed a decision of the labor unions not to end the strike, which has already affected 50 per cent of the plants in the country. Labor leaders, fearing the growing Bolshevik influence in their ranks opposed the refusal to end the strike, but had small influence apparently. It is probable a split will take place in the ranks of union labor.

URGE FASTER STEAMERS FOR CANADIAN ROUTE

Montreal, Jan. 27. — The chairman of the Quebec Board of Trade was authorized yesterday to write to the acting prime minister, urging that in connection with Hon. C. C. Ballantyne's project for Canadian shipbuilding, the Government take steps to procure on the Canadian route, by subsidy or otherwise, steamers of a speed of 20 knots or more, in order to enable Canada to compete with the New York route and to profit by the advantage of 500 miles shorter distance.

HOW FAT ACTRESS WAS MADE SLIM

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced two to four pounds a week by using this new form of the famous Marmola Prescription, and now, by taking Marmola Tablets several times a year, keeps her weight just right. All druggists sell Marmola Prescription Tablets at $1.00 for a large case. Or you can get them by sending price direct to the Marmola Company, 864 Woodward avenue, Detroit, Mich. If you have not tried them, do so. They are harmless and effective.

LONG FACES

"Cascarets" for Liver and Bowels bring back Smiles

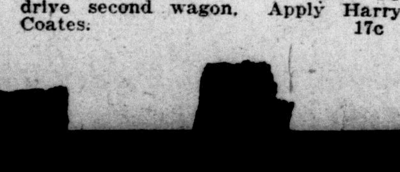

Turn the "kill-joys" out—the headache, biliousness, indigestion, the sick, sour stomach and misery-making gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep.

8 DOMINION SAVINGS BUILDING.

COMMITTEE INSTEAD OF COMMISSION FOR TOWN PLAN PROJECT

Committee of City Council Will Recommend This.

SEVEN ARE MENTIONED

Would Represent Council As Whole, the Committee and the Citizens.

A town-planning committee instead of a commission will be recommended to the city council by the special committee investigating this matter. Suggestions made at a conference, with Thomas Adams, Dominion town-planning adviser, on Friday, were formally considered by the committee last night.

Under the provisions of the present town-planning act a commission would be an entirely independent body. Even its expenditures would not be governed by the council. Furthermore no member of the council could be a member of it.

It was, therefore, suggested that the work be done by a committee to consist of Mayor E. S. Little, Ald. F. E. Harley, representing No. 1 committee; Ald. E. R. Seabrook, representing No. 2 committee; Ald. Cameron Wilson, representing the council as a whole; Geo. Belton, John Cottam and T. J. Murphy, representing the ratepayers. John M. Moore and E. R. Dennis were also mentioned as suitable members for the committee. Gordon Philip suggested that the town-planning act might be amended, so that the chairman of the housing commission could be included as a member of the town-planning commission.

Amendments Indorsed.

Amendments to the act, suggested by the recent town planning conference at Hamilton, were indorsed by the committee on the motion of Ald. Cameron Wilson. It was suggested that requests for amendments, to make the provisions of the act compulsory on surrounding territory, and to provide for the appointment of a town planning expert to oversee the work, be eliminated.

Ald. John Bridge thought the act would be of no value unless its provisions were compulsory on territory within the immediate vicinity of the city. He pointed out that this might apply particularly where two cities were in close proximity.

Mayor Little pointed out that such a situation might ensue here in the case of places such as Manor Park and Broughdale. These, while close to the city, were not part of it, and might not act in accordance with suggestions made by the city's town planning committee.

INSTALLED NEW OFFICERS OF COURT ORIENT, C. O. F.

Organizer Offers Prize for Membership Race.

At the last regular meeting of Court Orient, No. 331, C. O. F., officers for the year 1920 were installed by D. D. H. C. R. Bro. W. Torrans of Court Orient, assisted by P. D. D. H. C. R. Bro. E. Smith of Court Eclipse. The new officers are as follows: J. P. C. R., Bro. Charles Pierce; C. R., Bro. H. B. Pierce; V. C. R., Bro. James Onford; R. S., Bro. G. A. Shaw; F. S., Bro. James Scott; treasurer, Bro. A. J. Wilkins; chaplain, Bro. John Metcalfe; S. W., Bro. E. Moulton; J. W., Bro. L. P. Nye; S. B., Bro. E. A. White; J. B., Bro. Alf Wistow; court physician, Bro. Dr. J. C. Lindsay, M.D.; auditors, first, Bro. G. E. Nye; second, Bro. Chas. Maynard; trustees, Bro. W. H. Watson, Bro. A. E. Pierce, Bro. C. E. Beaumont.

C. R. Bro. H. B. Pierce appointed the following members on the sick committee: Bro. W. Brabran, Bro. J. Metcalfe, Bro. Alf Wistow, Bro. L. P. Nye. Other committees and officers were named as follows: Finance committee, Bro. A. C. Wistow, Bro. E. Edlington and Bro. Bert Pierce; conductor, Bro. Beaumont; two guards, Bro. W. Brabran and Bro. E. Edlington.

It was moved by Bro. Charles Gilbert, seconded by Bro. A. C. Wistow and adopted that a hearty vote of thanks be tendered to the D. D. Bro. W. Torrans, and to the High Marshal Bro. E. Smith for the able manner in which they performed their duties. The C. R. tendered the vote of thanks on behalf of the officers and members of the court.

The D. D. H. C. R., Bro. Torrans, presented to P. D. D. H. C. R. Bro. E. Smith a handsome P. D. D. H. C. R.'s jewel for his faithful services during the past year.

Bro. Wilson, the organizer, congratulated the court on its fine staff of officers for the coming year. He announced to the court that he would donate a beautiful set of officers' collars to the court securing the largest proportionate number of new members in the next four months. A court with a large membership would have to get in more members than one with fewer members in order to secure an equal standing.

A social hour followed and light refreshments were served.

ASK THAT CROSSINGS BE ELIMINATED WHEN GOVT. TAKES G. T. R.

Mayor Thinks City Should Jump At Chance.

EVEN TO PAYING PART

Believes Government Can Be Convinced of Economy of Work.

Elimination of level crossings as soon as the Grand Trunk is taken over by the Government will be recommended. Mayor Little stated at a meeting of a special committee which met last night to discuss the matter. There were few actual steps which the committee could take until the road should be under government control.

Mayor Little stated that he had given the problem careful consideration and thought that the scheme could be brought before the Government in a way which would prove to be a matter of economical operation. He thought the city should jump at any chance to eliminate the crossings, even to the extent of advancing part of the cost of the work.

City Engineer Brazier declared that the original plan for grade separation in the city was not a good one.

Ald. Cameron Wilson, a member of the committee, was anything but pleased with the present means of protection on the crossings. He declared that at least one watchman to his knowledge was incompetent for the position, being more than 70 years of age.

Crossing delays were also discussed. Mayor Little stated that the city had the power to fine trainmen who were convicted of delaying traffic at crossings for longer than the legal time. He promised to raise this question at a meeting of the police commission today.

ARMENIAN RELIEF FUND

Nathaniel Mills, Dominion Savings building, is local treasurer of the Armenian Relief Fund, and will receive all subscriptions.

The Armenian Relief Fund was helped to the extent of $626.95 as a result of a contribution from St. Andrew's Presbyterian Church, collected in the form of a special offering, and the total for the fund now stands at $774.70. The list of subscribers among the congregation of St. Andrew's Church includes no less than 210 names, the individual contributions ranging from 50 cents to as high as $50.

The present standing of the fund and the list of contributions follow:

Amount previously acknowledged	$ 88.00
A. H. Greenslade, London	5.00
Miss C. M. Jeffery, London	5.00
Jas. E. Montgomery, Byron Sanatorium	2.00
Dr. C. E. Jarvis	10.00
The Disciple Church, Dundas street, per C. B. King (treasurer)	37.75
St. Andrew's Presbyterian Church, as per following list	626.95
	$774.70

CONDUCTOR SHOCKED AS HE INVESTIGATES FUSE BOX

John Ashton Thown Into Snowbank, But Not Injured.

Old 27, the Springbank limousine, is a nasty lady when she gets riled. This morning she got peeved and stopped dead when Wonderland was reached on the last trip. Motorman Arthur Rockett spoke soothing words to the lady and was rewarded with a cloud of sulphur fumes.

The machines were carefully uncovered, but nothing was found wrong, so the crew and several passengers paid a visit to the fuse box. The switch had not been turned, and the first thing Conductor John Ashton knew he was thrown into a snowbank by the force of the shock he received. He was none the worse for his experience, however.

After the switch had been thrown, Motorman Rockett proceeded to give the fuse box a thorough overhauling and cleaning, and it was not very many minutes before old 27 obeyed the commands of Motorman Rockett, and took up the interrupted journey to the city.

ORGANIZE U. F. O. BRANCH.

DURHAM, Jan. 26.—George M. Leeson, M.P.P., assisted in the organization of a branch of the U. F. O. at Rocky Saugeen, four miles north of Durham, on Friday night. Duncan McLean was elected president; Stewart McArthur, secretary, and Robert Lawson, treasurer, and 20 members were signed up. A branch is also being organized at Hampden.

The death of Mrs. Alex Morton, who resided on the Gerafraxa road, three miles north of town, took place on Saturday from heart trouble. She was 59 years of age, and a well-known resident of the district. Her husband, three step-daughters, married in the west, and one sister and two brothers, Councillor Thomas Turnbull of Glenelg, and John of Vancouver, survive her. Interment took place Monday in Durham Cemetery.

Rather suddenly the death of Robert Noble, Bentinck, two miles north of Durham, occurred on Sunday afternoon. Deceased was a widely-known farmer, one of a large family of brothers. Just a year ago he overexerted himself in attempting to rescue his brother, Alfred, who was killed by a falling tree, and he has not had good health since. A few months ago he sold his farm, and recently purchased an implement ousiness in town. His widow and four children survive him.

FOR breakfast—what could be better than Grapelade? That tart-sweet taste of the full ripe grapes spread thick on crisp, brown toast—or fluffy muffins. Grapelade is all the goodness of choice grapes and pure sugar made into a smoother jam. Your grocer has it in glass jars and enamel-lined tins.

Write for folder of tested Recipes.

Choose Wisely---Buy a STARR!

One phonograph must be best—superior to all others in some degree. We claim that one to be the STARR, and here are the reasons:

The Starr Company use nothing but the choicest Silver-Grain Spruce for the sound horn, tone chambers and singing throat of the STARR, because this is the wonderful wood used in making the violins of the old masters—instruments whose tone lifts them into the rare $10,000 each class.

Starr PHONOGRAPHS

"The Difference Is In the Tone"

Again, there is the new STARR motor—the finest in the phonograph world—a beautifully-running, noiseless, precise leakproof piece of mechanism that does much to sustain STARR superiority.

A visit to our salesrooms, followed by a practical demonstration will convince. The keener your musical sense and artistic appreciation, the better. Hear the STARR—you'll hear it again!

Musical Instrument Headquarters

We also sell the famous Gourlay and Mozart Pianos, a complete range of smaller musical instruments and accessories. In records, we carry the largest stock in Western Ontario.

Insuring Your Insurance

A businessman applied for $25,000 Life Insurance. Provision was made for payment, at death, to his estate. On receiving the policy he remarked, "My wife is now provided for." She was NOT adequately provided for. There were no children, and had he died without making a will the wife would have received as her share $1,000, and half of the remaining $24,000—a total of $13,000.

His only brother would have received as his lawful share the remaining $12,000.

A will has since been made whereby the wife is sole beneficiary. If you do not know the law of intestates' estates make your will NOW. Men familiar with it have made their wills—they know it pays!

"Fruit-a-tives" Restored Her To Perfect Health.

"153 Papineau Ave., Montreal.

"For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused.

"I heard about 'Fruit-a-tives' so decided to try it.

"The first box gave great relief; and I continued the treatment. Now my health is excellent—I am free of pain—and I give 'Fruit-a-tives' my warmest thanks.

"MME. F. GARCEAU."

Fifty cents a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

POLICE FORCES TO AMALGAMATE UNDER NEW NAME ON FEB. 1

Squadrons of Mounted Men May Be Located in Ontario Cities.

[Special to The Advertiser.]

OTTAWA, Jan. 26.—On February 1 the amalgamation of the Dominion and Royal Northwest Mounted Police under the new name of the Royal Canadian Mounted Police will become effective. In the meantime the details for the amalgamation and for the extension of the newly organized force are being worked out by Commissioner Perry in conjunction with Hon. N. W. Rowell and Comptroller McLean.

It is anticipated that there will be a squadron of mounted men located at Toronto, at Montreal and at Ottawa. These men will not usurp the functions of the existing Dominion police, but will be utilized for the enforcement of federal law throughout the districts adjacent to their headquarters. They will, for instance, assist the inland revenue authorities in apprehending offenders against the inland revenue laws.

Not the least of the functions of the mounted will be the location of illicit stills which have been increasing to an extraordinary degree since prohibition became effective. During the first nine months of the present fiscal year no less than 600 illicit stills were sized by the inland revenue authorities, which represents a very great increase over seizures in the past.

A large number of these were seized among the foreign settlements of the west, where the knowledge of the manufacture of stimulants appears to be varied and extensive, and where barley and wild hops are easy to procure. Many others were located in Northern Ontario.

INGERSOLL MAN DIED AT KING EDWARD HOTEL

Stephen Noxon Succumbs To Heart-Failure—Aged 76.

TORONTO, Jan. 26.—Stephen Noxon of the Noxon Manufacturing Company, Ingersoll, with his wife, who was stopping at the King Edward Hotel here for a few days, died suddenly today while his wife was out. He had been suffering from a cold. His death was due to heart failure. Mr. Noxon was in his 74th year, and was born in Bloomfield, Prince Edward County, Ontario. The funeral will take place from his home in Ingersoll.

FAINT AND DIZZY SPELLS WEAKNESS AND SHORTNESS OF BREATH

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MORE DEAD MAY BE FOUND UNDER WRECKED TRAIN

Railroad Men Fear Other Victims Are Beneath Engine and Sleeper.

MIRACULOUS ESCAPES

Searching Inquiry Into the C. P. R. Collision Is Instituted.

(Canadian Press.)

NORTH BAY, Jan. 26.—Individual railroad men here tonight assert that there may be more bodies still buried under the wreckage of the Winnipeg train No. 1, the second section of which telescoped the first on a curve about one and a half miles east of Corbeil, and eight miles from North Bay. The total of eight dead, officially announced this afternoon, included two bodies recovered from the wreckage today.

On the left side of the track coming toward North Bay the huge freight engine, which was drawing the second section, lies on her top, a mass of wreckage. Railway men say when she is lifted there will probably be bodies found underneath. Officially, it is not expected the death list will be added to. The hospital authorities report all thirteen injured victims doing as well as could be expected, but there are many passengers suffering from minor injuries who were not mentioned in any official list issued.

Wonder is expressed that the casualty list was not greater. The second section was travelling at a rate of between 35 and 40 miles an hour, and crashed into the first, the huge engine plowing her way through three cars practically, before the emergency brakes brought her to a standstill. Then she toppled over on her left side on top of what was a standard sleeper. The observation car was crumpled almost to matchwood, and the sleeper next to her was thrown to the right side of the track.

Miracles of Tragedy.

How the fireman and engineer of the engine of No. 2 section escaped is one of the miracles of the tragedy. The fireman was feeding his fires as their engine rounded the curve. The noise of his shovel probably had much to do with failure to hear the torpedoes which Brakeman Curley vowed he had placed on the track some 20 poles behind the stalled train. As his engine rounded the curve toward the stalled train, the huge boiler shut off the engineer's view of the track, until he was within a car length of the first train.

Neither engineer nor firman had time to jump. Engineer Godin of North Bay shut off steam and jammed on his emergency brakes. The next thing he knew his engine had turned over and he was lying beside a telegraph pole with only a few minor scratches about his face. His fireman, Gleason, also escaped serious hurt, but today he is in bed, suffering from the effects of the shock.

Brakeman Kent of Ottawa was on the rear platform of the observation car, and beside him stood the colored porter, Simmons of Montreal. Kent jumped off when he saw a smash was inevitable. Simmons turned and walked into the car. A mail clerk found his body in the snow several carlengths away, a few minutes later.

Stood At Side.

As members of the train crew stood at the side of the stalled sleeper they could see the few passengers inside looking toward the approaching train, but confident it would stop before reaching them. Flagman Curley, also an Ottawa man, declares he placed the warning signals, and when his engineer, James R. Davidson of North Bay sounded the wistle to recall the flagman, he left the torpedoes on the track, and walked back toward his train. He had almost reached the observation car when he realized that the on-coming second section had overrun his signal, and he ran back towards her, waving a warning. Those signals were also unseen by the second engine crew.

Despite all efforts at relief it was more than two hours before some of the injured were rescued. Fortunately there was no outbreak of fire in the ruins. Rescurers tell of the sleeping-car conductor, a Montreal man, lying trapped for nearly two hours, before he could be freed.

Most Were Immigrants.

Most of the passengers were immigrants, and men and women ran up and down the length of the train eagerly seeking news of this or that one who was missing. Rescuers seeking bodies walked back and forth over what seemed like a floor lying almost flat in the snow. Then someone noticed a piece of cloth protruding beyond one edge and a hurried search revealed an unconscious woman, who is now in the hospital. In another instance a girl was pinned down by part of the fender of the overturned engine.

All attempts to lift the great weight were unavailing. Finally one man, who had served as a stretcher bearer in France, thought of the plan of digging away the frozen earth beneath her—this was done and she also is in hospital and expected to recover. One girl, formerly a nurse in a British army hospital, who was on her way to join relatives in the west, was washing out a few handkerchiefs in the second last sleeper. The first impact threw her against the wall of the small compartment she was in. After the second she found herself being forced out through the window into the snow. She was not seriously injured.

On Second Section.

Mail Clerk Joseph Larose of Ottawa, who was on the second section, believes he owes his life to the fact that two cars of British mail for the West were between his car and the engine, and these absorbed most of the shock. As it was, he was thrown to the other end of his car amid a bundle of tumbled letters. He opened his door and found the body of Porter Simmons buried in a snowbank with the exception of his feet.

C. S. Beall with his wife and their son, the latter aged 20, had left England to take up a ranch which he had recently bought just outside Vancouver. He had had a very rough and slow passage on the Empress of France, and on reaching shore breathed freely thinking their troubles were ended. Young Beall was killed by the impact, and his father cut above the head and otherwise injured.

Plenty of stimulants were available for the injured by reason of the fact that a car of liquor consigned to North Bay was smashed and its contents scattered along the track for some distance.

Gasped in Astonishment.

This afternoon station loafers gasped in astonishment when they saw two or three truckloads which had been gleamed from the wreckage being wheeled along the platform. A corps of C. P. R. police stood guard against any inroads being gained by uninjured and unauthorized persons while the wreckage was being cleaned up.

North Bay will not recover from the horrors of these two days for some time. Rumor has succeeded rumor since yesterday noon, and unofficial reports have had a death list as high as 15. The official figures, however, stand at eight dead and thirteen injured.

The inquest will be concluded tomorrow evening, it is expected. One of the first doctors to reach the scene of the wreck on Sunday estimated the number of those suffering minor injuries between 35 and 40. Hospital reported all patients doing well late tonight.

WOMEN DISPLAYED WONDERFUL BRAVERY FOLLOWING WRECK

SUDBURY, Ont., Jan. 26.—(By Canadian Press.)—Describing scenes immediately following the Canadian Pacific Railway wreck at Corbeil, near North Bay, yesterday, Alexander Siding, en route to Dryden, Ontario, was loud in his praise of the bravery and coolness displayed by the women pinned in the wreckage.

Mr. Siding, who got off at Sudbury station today to send relatives a message that he was safe, told the Canadian Press correspondent that he had helped throughout in the work of rescue and not once had he heard a cry for help. It was simply remarkable and had greatly moved him, he said, for the first woman he had helped to rescue had pleaded that another lady nearby be attended to first. The woman who had made this plea was pinned in the wreckage, with a baby in ifer arms, which has since died. Another child, sitting in the observation car at the time of the wreck, was instantly killed. The mother is in North Bay hospital.

Veteran of Mesopotamia.

Mr. Siding is a war veteran of the Mesopotamia campaign, and says that never in his war experience has he seen such heartrending scenes. He comes from Scotland, and was a passenger off the steamship Pretoria, as were many others on the train. At the time of the collision he was riding in a day coach of the second train. The impact was scarcely felt by the passengers in his coach, he said, and the first impression was that one of the cars had been derailed. An appeal for assistance was immediately made to the men on the train, and he and others hurried ahead to the scene.

What he saw was a horrible sight. Terribly mangled forms of the dead, dying and injured were lying around, some in inextricable positions under the blood bespattered wreckage. The engine had crashed clean through the observation car and into the Pullmans. A large gang of men set to work to clear away the wreckage so that the injured might be reached. The men worked strenuously, some without coats, in the severe weather. Fifty men tried to lift the overturned engine in an effort to release some of the victims, but to no avail.

Administered First Aid.

Willing hands administered first aid to the injured, who were taken to the first warm place available in either train. An hour and a half after the wreck a relief train arrived from North Bay and the injured were taken to the hospital in that town. The temperature yesterday was over twenty-five degrees below zero and this, Mr. Siding said, added greatly to the suffering of the injured.

One of the most pitiful sights was that of a mother and father standing out in the cold, viewing the dead body of a 20-year-old son lying in the snow.

A remarkable feature of the wreck, in Mr. Siding's opinion, is that the toll of lives was not heavier, as the second section of the train was going 35 miles an hour at the time of the impact.

ENGINEER DECLARES HE DID NOT HEAR WARNING TORPEDOES

NORTH BAY, Jan. 26.—An inquest on the body of James Tilley, one of the victims of the Sunday morning train wreck, was begun here this afternoon by Coroner Campbell, and after the evidence of several trainmen had been taken was adjourned until Tuesday afternoon.

The witnesses examined this afternoon were James H. Davidson, engineer of the first section of No. 1 train; Jean Page, fireman on the same train; J. S. Alexander, conductor of the first section; T. J. Curley, brakeman, whose duty it was to have protected the stalled train; Walker Kent, brakeman, also on the front section; Ysidore Godin, engineer on the second section; James Fallon and Ralph Sheppard, engineers; Dr. J. B. Bell, and T. G. Evans, baggageman of the first section. Fireman Gleason and conductor England of the second section of the train will be examined tomorrow.

Engineer Davidson said the steam had gone down gradually, and the train finally stalled at 11:50 a.m., eight miles east of North Bay. Coal on the tender was of a poor quality. He whistled out the flagman to protect the rear of the train, and when he got up steam he whistled him in.

Received No Answer.

Receiving no answer, he whistled again, and about twelve minutes after his first signal he got the signal to go ahead. His train had moved only twelve of fifteen feet when he felt two shocks, which sent his engine away clear of the train. Seeing what had happened, he ran his engine to Corbeil to call assistance. There had been no confusion of signals.

He had a clear track from Mattawa in North Bay. He knew the second section was behind, but not the time separating, which, legally, should be at least twenty minutes. There were times in severe weather when torpedoes might not be heard. A flagman sent back would go for a mile or half a mile and leave out one or two flags as a warning to the train following. Recalled later during the inquest, Engineer Davidson said a train put into emergency would have stopped in 250 feet, unless it was running fast.

Fireman Corroborates.

Davidson's evidence was corroborated by his fireman, Jean Page. He did not know whether a flagman had actually gone out or not. When a flagman was whistled out, it was not customary to require an acknowledgment.

Conductor Alexander, of the stalled train, said his section stopped at 10:30, and he and the front brakeman went along to the engine. He heard a signal, and presumed it was to send out a flag. He was confident Curley, the other brakeman, had gone out to protect the train. The brakeman was required to go back 24 pole lengths and place two torpedoes on the engineer's side of the train. He heard the engineer call in the flagman, and Curley had not got back to his train when he saw the other section coming, and ran back towards it.

Alexander thought the other brakeman and the baggageman pulled the signal cord to go ahead at almost the same moment when they saw the other train coming into them. They thought their best plan was to get their train under way, but the shock of the collision uncoupled the first engine and automatically set the brakes on the cars. There were 113 passengers on the train.

Brakeman Curley testified that he had had thirteen years railroading experience. He heard no signal when the train stopped, but knew flags should be placed and went back 20 poles. He thought he was far enough. He placed two torpedoes at from two and a-half to 3 rail-lengths apart, and waited there until he received the signal to rejoin his train. The engineer of the second section told Curley he had not heard any torpedoes, but the witness went back and got what remained. He produced them in court, and said he believed they had been exploded. Torpedoes were not as good as they used to be. Asked why, when everyone was needed in removing the dead and dying from under the wreck, he had gone back to get the torpedoes, he replied that he wanted to protect himself.

Saw Second Section.

Brakeman Kent of the first section said he knew Curley had gone back to flag the train, and therefore did not go back himself. He saw the second section coming on while Curley was walking back to the first, and saw the latter waving his hands. Curley had a flag in his pocket. Kent said he did not see any sign of life about the engine of the second section, nor anything to show that the signals were observed.

Engineer Godin of the second section testified that on leaving Mattawa he was given the time of the first section at Bonfield at 10:28. Godin saw nothing of the first section flagman until he saw Curley climbing onto the back of his train, the first section. He judged his train was making 35 to 40 miles an hour at the time of the collision. He had seen no flags and heard no torpedoes. There was nothing to keep him from hearing the torpedoes. The window of his cab was broken and his ears were not covered.

Within a Car Length.

When he saw the train ahead his engine was within a car length. He shut off steam and applied the emergency. Almost at once he crashed into the observation car of section No. 1. His fireman had not seen the train ahead of them. He said he had told Curley that he had heard no "guns" and later Curley had shown him fragments of a torpedo, but he was helping someone along at the time and didn't stop to look.

James Fallon, an engineer of 35 years' experience, said he did not consider torpedoes a very safe means of flagging a train, and Ralph, another veteran engineer, testified that on Sunday morning near Bonfield he had run over torpedoes and only the smell of gunpowder apprised him of the fact.

KOMOKA PUBLIC LIBRARY.

KOMOKA, Jan. 26.—The annual meeting of the Komoka Public Library was held on January 19. Owing to bad roads the attendance of subscribers was small, but considerable business was done. The report of the secretary-treasurer showed the library to be in good shape. Eighty-two new books were purchased during 1919, covering an expenditure of $89.37. The librarian reported a circulation of 2,044 books in the past year. The following ladies comprise the board for 1910: President, Mrs. P. A. McIntyre; secretary-treasurer, Miss I. Waugh; Mrs. P. Seabrook, Mrs. C. Foster, Mrs. J. B. Janes, Mrs. G. Blanchard, Mrs. J. G. Edwards, Mrs. S. Sinker, Mrs. L. A. Leckie, Miss M. Woolcox and Miss R. Wilkie.

The annual congregational meeting of the Presbyterian Church will be held in the church on Thursday evening, January 29.

The Cause of Heart Trouble

Faulty digestion causes the generation of gases in the stomach which iniate and press down on the heart and interfere with its regular action, causing faintness and pain; 15 to 30 drops of Mother Seigel's Curative Syrup after meals sets digestion right, which allows the heart to beat full and regular.

EXCELSIOR LIFE'S RECORD YEAR

Statements presented at the thirtieth annual meeting of the Excelsior Life Insurance Company, Toronto, show record gains in amount of insurance written, increase in assets and insurance in force. Mr. Alex. Fasken, first vice-president, presided in the absence of the president, Mr. David Fasken. Insurance issued and applied for totalled $10,359,969, bringing the total insurance in force to $33,735,247.10. Income from premiums, interest, etc., rose to $1,398,962.03, an increase of nearly two hundred thousand dollars. Assets, amongst which are over one million dollars of war bonds, now amount to $5,514,144.71, an increase for the year of $527,649.56. The high-class character of these assets is evidenced by the average rate of interest earned 6.81 per cent. An exceptionally favorable mortality was experienced, as the actual rate was only 54.3 per cent of the expected, the average for the past eleven years being 51 per cent. A vacancy in the directorate was filled by the election of Mr. James Leith Ross of the legal firm of Ross & Holmsted.

J. S. Howell and H. H. Kirby, the well-known insurance men look after the Excelsior's interest in Western Ontario. b

FIRE AT ST. CATHARINES.

ST. CATHARINES, Jan. 26.—Fire of an unknown origin completely destroyed a frame boarding-house owned by the Beaver Board Company, near their plant at Thorold. The loss is estimated at $22,000, partially covered by insurance.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.—Advt.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe To Bring Back Color and Lustre to Hair.

You can turn grey, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning grey or becoming faded have a surprise awaiting them, because after one or two applications the grey hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Grey-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight, and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

COUNT FIFTY! NO NEURALGIA PAIN!

Don't Suffer! Instant Relief Follows a Rubbing With Old "St. Jacobs Liniment."

Conquers pain—never fails.

Rub soothing, penetrating "St. Jacobs Liniment" right on the ache or pain, and out comes the neuralgia misery.

Here's a joyful experiment! Try it! Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching nerves, and before you realize it—in just a moment—all pain and neuralgia disappear. It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome.

Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body, is instantly banished. "St. Jacobs Liniment" is perfectly harmless and doesn't burn or discolor the skin. Use for half a century.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

In Use For Over 30 Years

THE CENTAUR COMPANY, NEW YORK CITY

Old Gregory has *Driving Power*

Sixty-five years old, but still keen and active, a power in business and among friends. What is at the back of his "drive"?

It's *health*—lungs sound, blood pressure normal. And back of his health are regular habits—proper elimination.

Yes, it's largely this habit of regular bowel evacuation that keeps "old man Gregory" young. The poisons of constipation effect more distinctive changes in the body than perhaps any other cause. Keep your system free of these poisons by habitual, daily movements.

If you have difficulty in cultivating this habit, remember that by an *entirely new principle* Nujol will keep the poisonous waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol *prevents* constipation by keeping the food waste soft, thus helping nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

DRURY AND HYDRO.

G. G. Halcrow, one of the Hamilton Labor members in the Legislature, declares Mr. Drury is not the man for the premiership. He gives various reasons for this view, but his principal objection lies in Mr. Drury's "unsympathetic attitude towards hydro radials." Halcrow's opposition to Mr. Drury will be more clearly understood when it is recalled that he has always been a champion of Sir Adam Beck. So ardent has been this espousal of Sir Adam's cause that he would place him at the head of the Farmer-Labor administration. Mr. Drury's caution and carefulness, his desire to serve the province without reckless and heavy expenditure, and the taking on of stupendous enterprises—a stated policy that has won him widespread support from all classes—is much too mild to suit so passionate a believer in the dangerously vast and costly schemes of Beck as is Mr. Halcrow. And in his superheated defence of Sir Adam, Halcrow is unfair to Mr. Drury. Mr. Drury is not unsympathetic to hydro radials as such. No intelligent man but recognizes the necessity for hydro radial development in this province. What he proposes, however, is that this great scheme shall be developed cautiously, along sane and safe lines, that will benefit all sections, urban, suburban and rural, without plunging the province into further tremendous financial obligations.

Sir Adam desires all power placed in his hands where hydro schemes and enterprises are concerned. Whatever he decrees he would have it unquestioned. As the people's tribune, Mr. Drury cannot accede to such a situation. With the Legislature must rest the final decision where so much is at stake. Many millions have already been sunk in hydro schemes of various kinds, for which there has never been a full accounting. It is intolerable that this sort of thing should be permitted to go on, or that the public should be mulcted to construct transportation lines that are duplications. Mr. Drury is unsympathetic to the Beck idea of hydro radials and hydro affairs generally, and in this he is on good ground. What the public insists upon is that the hydro operations of all kinds shall be properly checked up from now on, and carried out with economy. That may mean putting a curb on some of Sir Adam's wildly ambitious schemes, but it will be for the benefit of everybody, and for no class more than the one Mr. Halcrow represents.

HOOVER FOR PRESIDENT.

For some time it has been rumored that Herbert Hoover would be a candidate for the American presidency at the coming elections. Mr. Hoover, while sternly declaring that he would never, never be a candidate, took some of the starch out of his statement by adding, "unless there is a demand from the public that I dare not ignore." In other words, Mr. Hoover has his ear to the ground. Now comes Senator Reed of Missouri (Democrat) with a vicious attack on Hoover. This makes it certain that Mr. Hoover is a very real possibility as a nominee for the White House, with, as Senator Reed fears, Republican support. Hoover calls himself a Liberal rather than Republican or Democrat. He is thus ignoring one of the most sacred political traditions of Americans, but at the same time as a "Liberal" he would appeal to a widespread and growing sentiment throughout the United States that the two old parties are not truly representing the new state of mind which has developed from the war, industrial disturbance and social discontent.

However he may appear to Americans, to outsiders Hoover shapes up like a big man, perhaps the nearest to Col. Roosevelt that the nation contains. He is a man of tremendous vitality, with pronounced fighting qualities, and possesses a genius for organization. His courage is unquestioned, and it is to his credit that his great and successful activities during the last five years have been given to the service of humanity without selfish motives.

It is significant that Hoover is being boomed by that great paper of the people, the New York World. Large sections of both the political parties are weary of boss rule. They are getting a spectacular sample of it at the present moment through the squabble in the Senate That they would follow a strong, dynamic man, a "Liberal," another Roosevelt, in sufficient numbers to swamp the old-time partisan lineups, is not at all unlikely. His peril is that the bosses of one party or the other, recognizing his popularity, will sidetrack their dislike of his independence, and put him up for the race, trusting to manage him afterwards to suit their own ends.

HOLLAND DISOBLIGING.

The great powers have asked Holland to surrender one charged with high crimes against international law and morality, and Holland's government, supported by a certain claque of Dutch newspapers, refuses to comply on the ground that no machinery exists to try violators of international law. The Dutch Government is virtuously particular. It writes that "justice and national honor oppose" the surrender of Wilhelm, preferring in the interest of "justice" to keep him untried in Holland within spring of the German frontier rather than to yield him up to a fair trial on British lines. To the Dutch Government's mind justice has apparently no larger meaning than legality. And perhaps there is no "law" either for or against the extradition. Holland seems to distrust British justice as much as does the ex-kaiser. There is some fellow-feeling, it might almost seem.

The Dutch Government assures the Powers that it has been neutral all along since 1914. It is so scrupulously neutral now that it "cannot recognize an international duty to associate itself with this act of high international policy of the powers." Holland has found neutrality a paying proposition no doubt, and goes in for it "bald-headed," not altogether steadying its "preudunt course" by "princerpul," but enjoying the interest of 1914-1918 and perhaps looking forward to more profit. Between the pro-Germanism of an element in Holland, and the general spread of neutrality profit, the attitude of the Queen's Government is not hard to understand. And then, again, there is the possibility that certain forces in the Allied camp have themselves for reasons of their own set the Dutch on.

Dutch newspapers openly charge that Allied diplomats have been assuring the Government at The Hague that the ex-kaiser is really not wanted for trial at all, but that the bluff with which the khaki election of 1918 was won in Great Britain must be in appearance made good. Everyone will believe this charge and correspondingly distrust the whole peacemaking at Paris unless proof is shown that the Dutch papers are lying, or unless the persons who talked indiscreetly to the Dutch Government are shown up and disowned, if they did. It is a monstrous thing that the representatives of the Allied Powers should make a pretence of demanding the ex-kaiser while unofficially urging the Dutch not to comply, almost incredible. At the same time, if it should be true, we may readily see that the sentiment of the general Entente public is not, as von Lersner falsely declares, against the trial of the culprits and the discovery of history's truth, or why should the Big Four make a hypocritical show of demanding the extradition?

Perhaps the next step for the Allied potentates might be to ask Germany to require of Holland the delivery of a person dangerous to a neighboring state's welfare. But Holland might plausibly reply that political refugees are not ordinarily surrendered, and her position would be legally more secure than is her attitude to the Allies' request. It is doubtful, also, whether the Berlin Government is sufficiently honest in its republicanism to oblige the Allies by desiring the removal of the ex-Kaiser from his proximity to the Vaterland.

Most likely the Allies will seek to answer the Dutch note, pointing out the narrowness of its view and putting a little more urgency into their tone. Among the Dutch people themselves there must be a considerable number who are irritated as much as the world at large by their Government's action. The Allies can get the ex-kaiser if and when they want him.

A BURNS SEASON.

Because January was the month of Robert Burns' birth, all Scotchmen, and a good many millions of others, turn naturally to fresh readings of the great peasant-poet. Throughout the land, every winter, at this season, Scotch concerts are as thick as the burr of an Ayrshire plowman. It illustrates the unfading quality of Burns' genius. Indeed, as a writer of songs, he stands without a peer, the greatest poet of the common people the Anglo-Saxon race has produced. Never were his scathing denunciations used except in the effort to right wrongs. On the hypocrite and the tyrant, the persecutor, the evil men in the high places of religious and political life, he showered a scorn that burned. The cause of the righteous, the clean-living, the upright, he championed with telling vigor.

Robert Burns was sincere and honest at bottom, no matter how at times he fell from grace. His brief life was marked with many mistakes, but they were never errors that put hurt or injustice on others. His immortal poems have been a stupendous influence for good to millions. They are applicable to whatever situation humanity finds itself in. What man needs is more of Robert Burns' philosophy in his soul. If all had it there would be no need of a league of nations.

EDITORIAL NOTES.

Holland 'am a wrong 'un."

House to let, furnished, all modern conveniences, including wet cellar.

Sir Herbert Holt advises to put your money in the bank, not to spend it on amusement or goods. Prices are going down soon, he says. Hurry up with the proofs, Sir Herbert.

BUY IN CANADA.

[Quebec Telegraph.]

The national executive of the Independent Order of the Daughters of the Empire have launched an appeal to all members of the order to purchase whenever possible, articles of clothing, food and other necessities of life which are manufactured or grown in Canada. If all the members of the order conscientiously respond to the request no doubt a great impetus will be given to the Buy-in-Canada movement. To make the movement a perfect success, however, the co-operation of the manufacturers of the country is necessary. Many of them are already giving this co-operation. But unfortunately this cannot be said for all of them. Entrenched behind an abnormally high protective fence, some of them are taking heavy toll of consumers by excessive profiteering methods. The indignation thus created is of a nature in some instances to tempt purchasers to buy elsewhere, even at the cost of paying still higher prices. This policy is, of course, exceedingly stupid, but it shows how extremely exasperated people may become under the provocation of the profiteers. Far better would it be to endeavor to do altogether without the class of goods in question. Though none of us like the impositions that certain manufacturers are practicing, it is still our duty, both to ourselves and to the community, to aid in the reduction of the great mountain of inflated credit, and the only way of accomplishing this is by stimulating production. We only make our position worse by buying imported goods.

"DESERTING CIVILIZATION."

[Atlanta Constitution.]

But the league exists, nevertheless, and will continue to exist, with such nations as Great Britain, France, Italy and the lesser powers of Europe, Asia and Latin-America within the scope of its protecting influence. But we are not in it because the Wilson-haters in the Senate preferred to put us in the attitude of saying to the rest of he world:

"We did what we could to vanquish the Huns; we contributed our full share, in precious lives and in money, to help win the war; but you must do the rest. We are through! If you want the terms of peace enforced, go ahead and enforce them. If you want the territorial integrity of Belgium, Serbia, Rumania and Poland protected and safeguarded, do what you may do to that end. But count us out."

For shame on every senator who, because of his personal hatred of the president, voted to put us in the disgraceful category of deserting civilization!

From Here and There

NO ALTERNATIVE.

[Kingston Whig.]

A condition and not a theory confronts the publisher of every newspaper in the country today. He must find more revenue or get out of business. Yet people who unhesitatingly spend 10 to 20 cents for a dish of ice cream would probably "raise the roof" if the price of their daily paper were advanced to 5 cents a copy. Yet who would deny that a newspaper was more important than a dish of ice cream? The day of dearer newspapers is at hand. There is no alternative.

LIVE STOCK INDUSTRY.

[Farmers' Advocate.]

A Chicago grain man of wide experience who has recently returned from Europe to the United States says that before a great many months have passed the farmers on this continent are going to be up against the stiffest kind of competition from Russia, South America and other countries, and further, that there will soon be over-production. On the other hand, H. B. Thomson, the former food controller, who has been acting in an advisory capacity to the Canadian mission in London for the last eight months, is reported to have said in an interview in Toronto recently that "Everything points to a meat shortage in Europe next year, and I don't think the Canadian farmer should take the short view of the live stock situation, but go on increasing his breeding animals and grading up for a good class export trade on a permanent basis. He will be sure of a reward greater than he ever looked for." Everything points to the wisdom and safety of expansion in the livestock industry.

HOW ORANGES ARE BATHED.

Oranges are not just plucked off the tree and packed into crates, and then shipped off to foreign countries. If that were the case, most oranges before they arrived would be rotten and not worth eating.

When an orange is plucked the skin begins to draw closer to the pulp, and this causes the orange to give off moisture, which would make it "sweat" and spoil if packed at once.

Instead, the oranges are bathed. They are dumped into a long, narrow tank of water, at one end of which is a big wheel with a tire of soft bristles. This wheel turn around so that its lower edge works with another set of brushes below, and the oranges, after bobbing about in the tank, pass between these wet brushes and come out bright and clean.

In some of the small packing houses women clean oranges by hand. Each with a tub of water and brush scrub busily away at huge piles of oranges, which never seem to grow less.

After their wash the oranges are spread out in the sun to dry on long slanting racks, after which they are packed in the well-known orange boxes. But before that they are brushed again to give them a smooth, shiny look, ready for the market.

WHERE DOES THE WIND BEGIN?

[From the Book of Wonders.]

The movement of these currents of air leaves many pockets of space where there is no air, and when one of these is uncovered the air rushes in and creates a wind in doing so. These air currents are continually pressing against each other to get some place else. They change their direction according to the pressure that is being applied to them. Sometimes the pressure will be very light in one part of the air, many miles away, perhaps, and then the air in another part, which is under great pressusre, will rush with great force into the part where the pressure is light, and thus form a big wind. When the pressure stops the wind stops.

We have probably felt the wind which comes out of the valve of the automobile tire when the cap is taken off to pump up the tire. It is a real wind that comes out. The reason is that the air in the tube of the tire is under great pressure, and when the opportunity is given to get where the pressure is light, it starts for that place with a rush and comes out of the valve a real wind.

THE FIRST PAPER MILL.

[Halifax Chronicle.]

Paper mills are common in Canada at the present time; as an industry, the making of paper is becoming one of the great ones of the Dominion. The first was erected in Upper Canada many years ago by the Hon. James Crooks, one of the pioneer leaders of the Dominion that was to be. Mr. Crooks was born in Kilmarnock, Scotland, in 1778, and came to Canada in 1794. He settled first in the Niagara Peninsula, where he established himself as a merchant. While he was there he sent the first load of wheat and the first load of flour to Montreal from the Upper Province. It was then a matter of much difficulty and of great danger to transport the freight from Niagara to Montreal. He was elected a member of the Legislature of Upper Canada, and during the war of 1812 he was a source of great strength to the authorities of the British land. He commanded the First Lincoln Militia, and fought gallantly at Queenston and other places with the best troops of the motherland. For over twenty-five years he remained a member of the pioneer parliament, where his influence was always on the side of righteousness and justice. For years he carried on the business of paper making, but as old age crept upon him he gave up that work. But for a long time the Flamborough paper mill supplied all the needs of Upper Canada; paper was then not in such lavish use as it is now. His little mill would do little to meet the demands of modern requirements.

He died at West Flamborough on March 2, 1860, in the 82nd year of his age, respected alike by political friends and opponents. Many of the reforms in administration that he advocated he did not live to see become law, but later years have proved their value and have seen them incorporated in the law statutes of the land.

PRINCE AS BUSINESSMAN.

There is such widespread interest in the public activities of the Prince of Wales that there is timely importance in an article in an English magazine on the work of the prince as a businessman in the management of his great estates in the Duchy of Cornwall, his Dartmoor reclamation scheme, and the latest plan for the improvement of mean streets in London.

The published statements and reports of the Duchy of Cornwall tell an extremely interesting story. Among other things they inform the prince of the progress of the oyster industry which he has established, and also what his estate derives from the sale of the practically wild ponies which he breeds on Dartmoor, and "crosses" with a famous Arabian stock.

These balance sheets and statements also inform the prince how much has come to him through "post groats," which are rental fees, and also through "white" rents. He also learns what he has made through the sale of any unclaimed wrecks that may have been cast up on the Cornish coast, for the proceeds from all such belong to him as Duke of Cornwall, as do also those from any stranded whales or sturgeons, and from any gold or silver discovered in the duchy.

The extent of the Duchy of Cornwall is upwards of 124,000 acres; but of this the greater part is only rough moorland. It includes, however, valuable house property in London, and tin and coal mines in Cornwall and Somersetshire.

TREES FIGHT DEATH.

Trees are girdled for the purpose of killing them. It has often been observed, however, that not all trees die immediately after they are girdled, but sometimes continue to live for a number of years. This is true particularly with young, thrifty trees having little or no heartwood.

Large trees with thin sapwood will die at once if the latter is completely cut through to the heartwood. This can be readily explained on the basis that the heartwood is to all intents and purposes dead, and takes no part in the life of the tree except to support the crown.

The sapwood, on the other hand, is the life of the tree, because it serves as the passageway for the sap in its ascent to the leaves. Therefore, as long as the sapwood is not completely chopped through to the heartwood, the upward flow of the sap is uninterrupted, and the tree has a fair chance to live for a longer or shorter period after girdling.

The sap goes to the leaves, where it is converted by a special process into plant food. As this manufactured food is carried down the stem it passes through the inner bark as far as the wound in the trunk. Above this point growth will be normal, and layers of wood will be deposited in the regular way. The stem below the cut fails to receive nourishment because a complete ring of bark is removed and the passage of plant food between the leaves and roots is interrupted.

Naturally, the tree will die in course of time from lack of sufficient root activity, which is out of proportion to that in the crown. Moreover, the sapwood is becoming narrower every year, and the passage of sap up through the stem is interrupted after it is entirely changed into heartwood.

Announcement

Two of the greatest Canadian novels yet written—so say British and American critics—are "Love of the Wild" and "Willow the Wisp," by Archie P. McKishnie.

It is the desire of the publishers of The Daily Advertiser to place these splendid books in the homes of its readers, and it is with pleasure that we announce that through special arrangements with the publishers we are able to do this at a cost scarcely exceeding the posting and boxing of the same.

Mr. McKishnie, who has found a place among the world's great writers, was born and bred in Western Ontario. These novels are authentic histories of the struggles and victories of our own ancestors, big, pulsating romances of our own people.

Therefore, every home in Western Ontario should have them in its library. Let us tell you how you may secure them.

Our Terms for the Two Books

The above two books, cloth bound with colored jackets and neatly packed in a specially prepared presentation box, will be sent postpaid to any PRESENT SUBSCRIBER of this paper sending us one year's renewal and ONE DOLLAR ADDITIONAL.

OR

To any NEW subscriber to this paper sending us ONE YEAR'S SUBSCRIPTION and ONE DOLLAR ADDITIONAL.

OR

To any person who secures for us ONE YEAR'S SUBSCRIPTION to THE DAILY ADVERTISER and ONE DOLLAR ADDITIONAL.

Horton Flour—Highest Manitoba Patent

HOW TO MAKE YOUR HAIR BEAUTIFUL

Ten Minutes' Home Treatment Works Wonders. Stops Falling Hair and Dandruff and Makes the Hair Soft, Brilliant, Lustrous and Fluffy.

Better than all the so-called "hair tonics" in the world is a simple, old-fashioned home recipe, consisting of plain Bay Rum, Lavona (de composee) and a little Menthol Crystals. These three mixed at home in a few minutes, work wonders with any scalp. Try it just one night and see. Get from your druggist 2 oz. Lavona, 6 oz. Bay Rum and ½ dram Menthol Crystals. Dissolve the Crystals in the Bay Rum and pour in 8-oz. bottle. Then add the Lavona, shake well, and let it stand for an hour before using. Apply it by putting a little of the mixture on a soft cloth. Draw this cloth slowly through the hair, taking just one small strand at a time. This cleanses the hair and scalp of dirt, dust and excessive oil and makes the hair delightfully soft, lustrous and fluffy. To stop the hair from falling and to make it grow again, rub the lotion briskly into the scalp with the finger tips or a medium stiff brush. Apply night and morning. A few days' use, and you will not find a single loose or straggling hair. They will be locked on your head as tight as a vise. Dandruff will disappear. You will find fine, downy, new hair sprouting up all over your scalp, and this new hair will grow with wonderful rapidity.

Any druggist can sell you the above. The prescription is very inexpensive, and we know of nothing so effective and certain in its result.—Advt. b

Cocoanut Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulsified cocoanut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulsified cocoanut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advt.

WHEN RHEUMATIC PAINS HIT HARD

Have Sloan's Liniment Ready for Those Sudden Rheumatic Twinges.

DON'T let that rheumatic pain or ache find you without Sloan's Liniment again. Keep it handy in the medicine cabinet for immediate action when needed. If you are out of it now, get another bottle today, so you won't suffer any longer than necessary when a pain or ache attacks you.

Apply it without rubbing—for it penetrates—giving prompt relief of sciatica, lumbago, neuralgia, lameness, soreness, sprains, strains, bruises. Be prepared—keep it handy.

All druggists—35c, 70c, $1.40.
Made in Canada.

Women At Home and Abroad

BABIES IN THEATRES AND MOTHERS' HELP.

Babies in a theatre! Is anything more incongruous, and yet the sight is as common as a bald-headed man in church and as frequent as every performance? They sit there, poor wee things with their little eyes dazzled under the glare of the screen until utterly tired out they no longer find interest in the moving things and a tiny wail sounds through the building. And the mother, who is foolish enough to bring her baby to such an impossible place for babies, is usually foolish enough to try and pacify the child, and remains in her seat until an irate audience demands that an usher remove them both. Poor helpless baby. It is not to blame. It cares not for the pictures, which only bewilder it and make its tiny eyes ache. Neither is the mother to blame, exactly, if she had no one with whom to leave the child. She must have some amusement sometimes, or she'll get in a terrible rut. But surely some means might be provided to care for the babies who have no one to stay with them while mother takes "an evening off." A mothers' help club who would guarantee to look after small children while mother and father went to the movies occasionally might not be such a bad institution.

THREE GREAT INTERNATIONAL CONVENTIONS OF WOMEN.

It is interesting to note that in this year, when women as a whole practically the world over are coming to their own as a class and as individual citizens, there will be three great worldwide conventions of women, where opportunity will come to do great things for the cause of humanity in the name of woman.

The first meeting will probably be that of the International Suffrage Alliance which is to meet in Spain early in April. This organization was unable to meet during the war, and now comes to the fore again, much of the success for which it was previously striving having been gained.

Then from April 18 to 23 the World's Women's Christian Temperance Union will meet in London, England, and to this meeting representatives from every kind of women's organization the world over are to be invited. Once again will the women of the world unite to stamp out the remaining haunts of the liquor traffic.

The International Council of Women is the third body to meet in Norway from September 8 to 18. The place of meeting will be the historical "Storthing" (House of Parliament) in Christiania, and promises to be one of the most eventful meetings of women ever held.

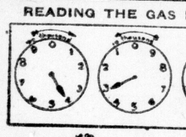

THE MODERN WINTER GIRL.—Skirts are in the way on the toboggan slide, so this young woman has commandeered a pair of her soldier brother's khaki riding breeches. She is one of the many who have taken to sweater and breeks for winter sports. This picture was taken in High Park, Toronto.

HOME ECONOMICS

MRS. ELIZABETH KENT.

READING THE GAS METER.

Perhaps no other doubt so often assails the city housewife as the one that seizes her monthly regarding the gas used. The agent of the company comes to the house and reads the meter, and there is more mystery than romance about the process. He wastes no time in showing her why he comes to such and such conclusion for his time is not his own and he is not paid for putting housewives wise to meters.

However, today the housewife is learning to read and keep a signed record of her own meter. Gas is measured by the cubic foot and the price is by the 1,000 feet. As the gas passes into the house it is registered by the meter. There are three dials on the face of the meter and a hand like a watch hand on each. On the top of the dial and over it is an arrow showing which way the hand goes, for it does not always go to the right like a watch hand. Each dial is divided into ten parts instead of 12 as a clock is divided. This makes the reckoning easy.

The values of the spaces between the numbers on the three dials differ: the first to the right has 10 spaces, indicating 100 cubic feet between each, the middle one where the hand goes in the opposition direction indicates 1,000 cubic feet between each, and the one at the left where the hand again turns to the right, 10,000 cubic feet.

If the hand point as in the dial shown at:

2 in extreme right this is 2x100 ... 200
3 in middle, 3x1,000 ... 3,000
4 in left, 4x10,000 ... 40,000

Total ... 43,200

If gas is 90 cents a thousand the gas bill will be

43 1-5x90c ... $38.88

Any girl in the seventh grade of the public school can do this and every one should be taught this in a city school if the city uses gas.

Gas is a very desirable fuel and saves much time and dirty work for the housewife and if the gas costs not too much compared with other fuels it is certainly one of the best labor-saving devices.

But learn to read and record your own meter.

TALKS ON HEALTH

BY WILLIAM BRADY, M.D.
(Noted Physician and Author)

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is inclosed. *Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Time and Antiseptics.

Whoever uses or advocates the use of antiseptics obviously believes that germs cause disease and that drugs are helpful in overcoming disease. This is gratifying, especially when one finds the official textbooks of non-drug schools of healing advocating antiseptics. Whoever believes in aseptic precautions—surgical cleanliness, sterile, or germ-free environment and materials—in the operating room, in the lying-in chamber, in the household where contagious disease exists, obviously believes that germs cause disease. Whoever employs an antiseptic toothpaste or gargle or mouthwash, or endeavors to apply antiseptics to a wound, believes that germs cause disease. And they believe this, although they have never seen a germ.

Antiseptics discourage germ multiplication but do not necessarily destroy germs.

How do germs cause disease? By merely being present on the surface of mucuous membrane or the skin or a wound where an antiseptic or medicinal solution may reach them and perhaps wash them away? No. There is no disease, no harm done, so long as the germs remain on the surface where the antiseptic or medicinal application may reach them. Harm is done, disease or inflammation is produced, infection has occurred only when the germs invade the structure of the tissue; and then, alas, no antiseptic solution can reach them.

Well, then, what's the use of using antiseptics? There are very good reasons, I think, for using safe antiseptics intelligently—and that is another story. There are still better reasons, I believe, for not using strong antiseptics indiscriminately. Your antiseptic may do more harm than good.

When you do use an antiseptic, your purpose is to discourage the multiplication of germs reached by the antiseptic. That purpose is not met by a momentary application of the antiseptic; it requires a few minutes for the antiseptic solution to seriously discourage germ mutiplication. Hence it is wasteful and futile to rinse the mouth an instant and then eject the antiseptic and carefully rinse it away with water. It is equally wasteful and futile to brush the teeth an instant and then carefully rinse the antiseptic away with water—if you are using some antiseptic, which I do not advise as a habit let me say. It is silly and futile to use any antiseptic incorporated in soap to be applied to the skin for many minutes or hours. Remember, good antiseptics do not kill germs. They diminish the multiplication of germs if applied long enough—five minutes to half an hour, at least. Having no antiseptics to sell I am naturally not prejudiced. If I were the patient I should as soon have my surgeon scrub his hands thoroughly with plain soap and water as dip them in a solution of corrosive subimated (bi-chloride of mercury)—provided he scrubs conscientiously.

QUESTIONS AND ANSWERS.

Rubber.

Please advise me whether rubber undergarments for reducing are likely to injuriously affect the circulation or injure health in any way. I do not like to diet, as I loose so much flesh in my face and feel so poorly for my work. But I am afraid I shall lose my position, as my abdomen, hips and thighs and ankles are getting so stout. GRATEFUL.

Ans.—It is silly to imagine that rubber garments can reduce. They just seem to reduce while they are being worn. The accumulation of excessive flesh below the waistline, without a similar stoutness in the upper part of the body, is often attributable to pituitary gland disturbance, and in such a case the happiest results are to be had from appropriate treatment by your physician.

Ridgetown, Ont., Jan. 5, 1920.
Dr. Brady, M.D.

Dear Sir,—What does a vertical raise or ridge on the forehead between the eyes indicate? My forehead was like that when I was a baby, and some lady told my mother it should be developed or cultivated. Yours truly G. W.

Answer.—It indicates nothing. The lady was perhaps afflicted with a touch of astrology or phrenology, or some such nonsense. WM. BRADY, M.D.

Vaccine for "Colds."

Please give your opinion of the injection of bacterial vaccines as a method of immunizing one against more or less constant colds through the winter months. J. E. B.

Ans.—If you take cold from "exposure," wet feet, drafts, etc., of course, it would be ridiculous to use vaccines as a prophyiactic. If you catch coryza from someone else who has a respiratory infection do divy up with you, the vaccine treatment is a reasonable one. In actual practice it proves a boon in most cases, though not in all.

Breaking Up the Fever.

Can some doctors break up typhoid fever? W. E. R.

Ans.—No.

Don't Persecute Your Bowels

Cut out cathartics and purgatives. They are brutal—harsh—unnecessary. Try CARTER'S LITTLE LIVER PILLS.

Purely vegetable. Act gently on the liver, eliminate bile, and soothe the delicate membrane of the bowel. Correct constipation, biliousness, sick headache and indigestion.

SOCIAL AND PERSONAL

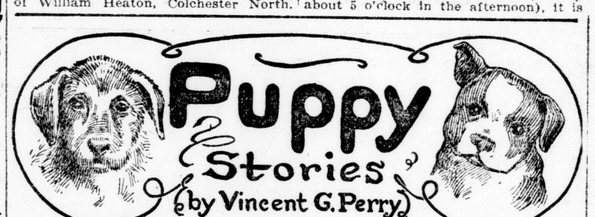

Mr. Fred G. Simpson of Minneapolis is spending a few weeks with Mrs. R. R. Goulding, 360 King street.

Miss Hannah Warren and Miss Marjorie Cowley entertained at a snowshoe party on Saturday and afterwards had supper at the home of their grandparents, Mr. and Mrs. Wilson, Hamilton road.

Mrs. R. M. Graham left today for Owen Sound and Walkerton, where she will address the county councils on the matter of the proposed Sick Children's Hospital in London, to be erected by the I. O. D. E. as a war memorial. Mrs. Graham will be presented to both councils by representatives of the Chamber of Commerce and the mayor of the place. While in Owen Sound she will be the guest of Mr. and Mrs. E. Lemon, and in Walkerton she will be with Major and Mrs. Martyn.

PRICE—VALADE.

A quiet wedding took place on Wednesday afternoon at St. Paul's Church, Vancouver, B.C., when Nursing Sister L. A. Valade, C.A.M.C., was married to Lieut. G. F. Price, 10th Battalion, Canadian Infantry. Right Rev. Bishop de Pencier officiated. Until she went overseas, Nursing Sister Valade made her home in Essex and is a daughter of William Heaton, Colchester North.

HOW BING MADE GOOD.

Bing had been a naughty dog in days gone by. He was a nice Boston terrier, and his master had hoped he would be a great show dog, but Bing had misbehaved so in the show ring he had never won a prize. Now you can't blame his master for getting tired of Bing's naughtiness and buying other nice dogs to show, can you? That's just what Bing's master did, and Bing was no longer taken to the shows.

If it hadn't been for Little Bobby, Bing would have had a wretched time, but Bobby loved the old dog better than any of the new ones, and hoped some day to have the chance to show his dad he was a great show dog after all.

Years went by though, and still Bing was kept home. New dogs and more new dogs were brought to the kennel, until Bing's master owned many of the nicest dogs in the country. For two years Bing's master had won the great silver cup for the best four Boston terriers in a certain show, and now the time was drawing near for the show again. If Bing's master won the cup this time he would own it. How he hoped he would win. But no! Just the day before the dogs were to be entered for the show two of the best ones took sick. There were only three dogs left. What was he to do?

"Why, what strange dog is this," asked Bobby's father, as he came out to the kennel yard. There was Bobby with a very handsome Boston on a lead.

"Can't you guess?" laughed Bobby.

"Why, it's Bing," cried his father in surprise. Sure enough it was the old dog; but my, what a change! Bobby had him all fixed up for the show.

"My how nice he looks," said Bobby's father. "What a pity he acts so bad in the show ring."

"But perhaps he doesn't now," cried Bobby, hopefully. "I have tried showing him, and I know he will do well. Just give old Bing a chance."

It took some coaxing, but finally Bobby won out. Bing was sent to the show with the other dogs. How some of the dog owners laughed when they saw the old dog. He hadn't a chance to win, they thought.

"You've just got to win," Bobby whispered into Bing's ear, and the old dog seemed to understand.

When the time came for judging, Bobby marched Bing out. How the old dog did shiver at the sight of the sawdust and so many nice dogs. "Brace up," Bobby whispered to him. "You've just got to win that cup for us. Now's your chance." Then a change came over Bing. He seemed to know just what was expected of him. Proudly he marched about the ring, never stopping once to prance or snap at the other dogs like he had when he was young. When they put him up on the block with the other dogs he kept his ears up and "showed" just as well as any of the dogs and much better than most of them.

How joyful Bobby felt when Bing was placed first, and then after that the cup was won.

"It just shows that old things are sometimes better than new if we give them a chance," he told his father; and Bing barked to show how glad he was.

Cynthia Grey's Mail-Box

**There is no night without its dear tomorrow,
No lonely dark that does not find the day.**
—Virna Sheard.

To Teach Baby.

Dear Miss Grey,—This is my first visit to your Mail-Box. Now, I have a baby girl eighteen months old, who is showing some signs of temper, once in a while if things don't go as they should, or if she can't have her own way in some things she gets awfully cross and bad. Now I would like to know if it is best to whip her or just let her do as she wishes, and try and make her see her wrong with kind words.

Here is something that might help someone else. I took one of those old-fashioned long tassel caps and made a pull-over sweater for my little girl eighteen months old. The sweater was blue, so I bound the neck with blue flannel and the ends of the little sleeves. I left the shoulder seams open and bound them, too, and put a hook and eye on each shoulder seam so it would leave the neck hole bigger, and it is easier to get the head through. It is very easy to make one and can be done in an hour.

What kind of patches does Sister want for her quilt, heavy or print?
MRS. M.

Ans. — Perhaps some successful mother can advise you about your wilful little lass. Thank you for your contribution to hospital fund. I don't think Sister specified anything but "bright patches."

Community Kitchens.

I would like to hear about the community kitchens. I really do not see where any benefit can be derived from same, although I do not understand it. I cannot see how it would pan out in the country. In the city it may, perhaps, be all right. There is nothing so good for blood poisoning as salt and the white of an egg mixed, and applied to the sores. A SLY FOX.

Ans.—So much has been asked about community kitchens, and as none of the Boxites have discussed the subject perhaps it would be interesting to know that these kitchens have proven a wonderful success where they are operated. It may be some time before they are established in rural communities. It is believed that the community laundry will come first, which, of course, is much more of a necessity, but the kitchen is on its triumphant way. The following, taken from an article in the Pictorial Review of this month gives a splendid idea of what has been accomplished with the introduction of the community kitchens in the United States:

Although the community kitchen of Evanston, Ill., is only a few months old, it is delivering nightly by motor truck, steaming hot dinners to more than one hundred servantless homes along Chicago's North Shore. It is operating daily from 11 a.m. to 5 p.m. a thriving cooked-food service station. And so great has been the interest aroused throughout the Middle West by the financial and civic success of this woman-made institution, that it has been compelled by numerous requests to open a school of training for managers.

This kitchen is equipped with the most modern appliances; steam tables, electrical devices, and all up-to-date apparatus for making labor thorough and expeditions. Within a single month $600 worth of new equipment has been purchased; such as a lightning potato masher that whips up a bushel of potatoes in four minutes; an electrical mayonnaise mixer which prepares six gallons of salad dressing in six minutes; a cake beater, turning out one hundred cakes a day where a maximum of forty was rarely reached by hand-power.

After the dinner is cooked (usually about 5 o'clock in the afternoon), it is placed in the insulated, glass-lined, metal dishes designed to retain the temperature for two hours, even when outside the insulated jacket or carrying package. Ice creams, salads, and other cold foods are placed in separate utensils, designed to remain cold.

The prices are commensurate with good food and good service. Dinners are served at 35 cents per person up to four in a family; after four the price is 75 cents per person. Single Sunday dinners are $1 per person for regular patrons, and $1.25 for casuals. The menu is changed daily and the housewife does not know what her evening dinner is to be until she opens the container.

"It is just like opening Christmas boxes," one patron remarked. "I never knew what an appetite was until I tried the community kitchen dinner. Fletcherization may be a good thing, but when one has mentally Fletcherized over the planning, ordering, preparing, cooking, and serving of a dinner, it ceases to cause much of a thrill when it touches the palate."

Here is a sample Sunday dinner:
Pan Broiled Chicken.
Candied Sweet Potatoes Peas
Hearts of Lettuce
Thousand Island Dressing
Macaroon Charlotte

And here is a sample Monday dinner:
Pot Roast of Beef
Brown Gravy
Mashed Potatoes Escalloped Tomatoes
Apple Pudding
Hard Sauce

Most of those on the list of patrons have seven-day service, although some have but five dinners sent each week. Generally those who first experiment with a sample dinner, send their order for the daily service.

The price of each container is $30, and each regular patron purchases his own container. These utensils are collected each morning by the driver and returned to the kitchen to be washed, sterilized, and packed for the evening meal. Occasional dinners are sold for $1 each to patrons who do not possess containers, but the ownership of one of these carriers insures the family in the knowledge that the package which carries its food goes into no other home.

REQUESTS.

Dear Miss Grey,—I have been a reader of your page for some time, but have been a little timid as to writing. I would like a pattern for a crocheted door panel. Am sending 10 cents for the Children'h Hospital fund. Thanking you in advance. NELLIE BLY.

Ans.—Thank you, Nellie Bly, for the donation to our fund. I hope someone can supply pattern for you.

I should like to avail myself of the opportunity to procure some yoke crochet patterns, which our generous contributor "Irish Washerwoman" has so kindly offered.

Now just one more request. Can any of your readrs give any information regarding a down comforter?

Thanking you, and many good wishes for your Mail-Box, I remain, A. E. R.

P. S.—Am inclosing 10 cents for stocking-foot pattern, for benefit of Children's Hospital.

Dear Miss Grey,—I have long been a silent, but interested reader of your page and am glad that it has grown of late. As this is my first letter to your page, I will not take up much space. I saw where Molly Bon had some yoke patterns. I would like some for a corset-cover. Am sending stamped and self-addressed envelope if she will send some patterns for me. MISS DANDELION.

P. S.—If Molly Bon sends some patterns I will copy them off and send her's back.

This is my first letter to the Mail-Box. I would like a little help. Could anyone send me the words of the song entitled "That Wonderful Mother of Mine" and a comical dialogue, suitable for a Valentine party? Thanking you ever so much, will sign myself SEPTEMBER BEAUTY.

Would you please send me some patterns of crocheted lace, about three or four inches wide. I would return same as soon as I took off the pattern. I would also like very much to receive a few copies of comic recitations. I do a great deal of crochet work, and will send in a pattern and you can mail it to anyone who cares for it. JUST ME.

Cosy Corner Chats.

I see where Chong said it was frightening how quickly the time was going, but she must remember it is Leap Year. I hope I've not stayed too long, for I want to come again. I remain. BLONDY.

What a lovely large Mail-Box we have had lately. I hardly ever miss reading it. Some of the letters are so interesting. I think it would be splendid to discuss books. I have read quite a number of Mary J. Holmes' books. I think they are splendid. In her books there is always such a bad person and such a lovable one. The last one I read was Meadow Brook, and have just started reading Sky Pilot In No Man's Land. MAITLAND FAIR.

Having seen my very first letter written to your Mail-Box in print, I am venturing in once more. Inclosed you will find ten cents for which I would thank you to forward me a stocking-foot pattern, if there are any left.

Would like to ask Irene if one and one-quarter cups of flour is right for her Devil's Food cake? Also a relative asked me to see if I could find out for her what the formula was for making the grey hair white. This was given in the Mail-Box sometime, but she cannot find the paper now. Her hair is brown streaked with grey, and she wanted to get this for making the grey hair white, as stated above. Any information re this would be appreciated.

Have tried ever so many recipes from the Mail-Box and find them splendid, especially Economical Ellen's oatmeal cookies. Hope to be of some assistance next time I write. Yours.
FARMER JOHN'S WIFE.

This is my first letter to you, but I have always read with interest the other letters, and helps on your page. I think The Advertiser owes one-half of circulation to your page. I will try to be of help to you next time I come. Would you please send me that stocking-foot pattern. SHRIMP.

I am another lover of books. I read such a lot and get so interested in them it's hard to keep me away. My favorite writers are: Mary J. Holmes, Bertha M. Clay, Mrs. Southworth and Charles Gervice. I've got quite a few of their books and have read some of them twice. Would like to hear what other book lovers think of the books of these writers. MERRY MAY.

I see in Saturday's paper where Freckles had some pretty crochet yoke patterns. If she would copy them off and send them to me, I would send her mine, as I am a lover of crocheting and would like to get some new patterns. VIOLET.

It is such a cold, snowy, blustery winter evening out of doors tonight! May I for a few minutes come into the cozy warmth of the Mail-Box, and draw my chair up close around your cheery fireside for a chat?

Really, I cannot tell you just how much I appreciate and enjoy the interesting letters which appear in the Advertiser daily. Was delighted to note in today's page Lily Lover's method "for canning beef." Thank you very much L. L. I immediately cut out the clipping, and with a dash of mucilage, securely fastened it in my large book of tried and true recipes. I am sure this recipe is one of the "best" and intend to try it very soon.

"Pussy Willow," do you play the violin? You are so musical. No doubt you have tried it. Not until recently have I discovered that I could play several tunes on it, although the tones are not "all" perfect yet. Have just tried "Hand In Hand Again" over on the piano. I think it is beautiful. Don't you like it. It seems so sweetly sympathetic. SUMMER SCHOOL GIRL.

CORRESPONDENTS WANTED.

Would like Lena Rivers to write to me, because I think she is real interesting. LITTLE WONDER.

Ans.—Send in your name and address with your penname, Little Wonder.

I would like to correspond with Blue Eyes if she will write first. My address is with Miss Grey.
A NEW BEGINNER.

Advertiser Patterns

Owing to the pattern manufacturers increasing the price of patterns to us, all patterns advertised from this date will be
15c EACH.

2754

A Simple, Stylish Frock.

2754—Soft crepe, crepe de chine, satin, serge and gabardine are good for this style. The dress may be made with plain skirt and sleeves.

The pattern is cut in four sizes, 14, 16, 18 and 20 years. Size 18 requires 4⅝ yards of 36-inch material. Width of skirt at lower edge is about 1⅝ yards.

A pattern of this illustration mailed to any address on receipt of 15 cents in silver or stamps.

Name .....
Town .....
Province .....
Age (if child's or misses' pattern)....
Measurement: Bust..... Waist.....

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is bust measure, you need only mark 38, 34, or whatever it may be. When in waist measure, 22, 24, 25, or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than ten day from the date of application.

EVENTFUL VOYAGE OF ESSEX WOMAN ON WAY TO CHINA

Lost All Clothing For Four Years' Sojourn in China, As Missionary.

Word has just been received in Essex from Miss Elizabeth Wilson, announcing her arrival in China on Dec. 3, after a most eventful voyage. The boat on which she was traveling was sunk and between fifty and sixty lives lost. Miss Wilson was fortunate enough to escape with her life, but sustained a heavy loss, as all her baggage was lost, containing a supply of wearing apparel to last her for the four years which she expects to spend as a missionary in China. She was able to save only her purse, a watch belonging to her father, the late Rev. Jasper Wilson, and a pin, the gift of her mother. Miss Wilson wrote that the most pathetic sight at the time of the wreck was the sorrow of a distracted mother, who was traveling with her two small children, both children being drowned.

Miss Wilson was for the past seven years a teacher on the staff of the Essex High School, and a most devoted worker in Grace Methodist Church. She was an elocutionist of splendid ability, and a very popular entertainer. She has a host of warm friends in Essex, but gave these up to go as a missionary to China. Miss Wilson's father was pastor of Leamington Church at the time of his death.

Juniors Can Only See Win Tonight

Believe They'll Be Able To Beat Woodstock and Tie Up Group in Three Motions — Fans At Fever Pitch For Clash Tonight.

The youngsters got in an honest-to-goodness workout last night in preparation for tonight's struggle with the Woodstock Juniors out at the London Curling Club rink. The fixture tonight has brought hockey interest in the city to the highest peak it has been for some years now and the local youths will have no kick coming from the support they'll receive from the fans in their effort to take a win from the visitors tonight and earn the right to take the honors of a three-cornered tie.

A win tonight for the local youngsters, and there seems every chance of just that happening, will certain hog tie the local group up into knots. The possible play-offs will be staged in Ingersoll with Woodstock and London staging the first of the play-offs, and Tillsonburg, who have yet to play St. Thomas, playing off the winners at the same place next week. Friday night is the most likely night for the first play-off, with Monday night for the decisive game, unless the dope is changed and home-and-home games are ordered. There seems little chance of that, however, owing to the shortness of the season.

The youngsters showed up well at their workout last night and put all kinds of vim into their work, and incidentally essayed some of the combination which has been lacking in most of their games. They fully realize that they'll have to play the best kind of hockey they know how, tonight, to win, and the only word they know right now is win.

It's possible that Arscott may be started at centre ice tonight. Logan hasn't been playing nearly up to the form he displayed in the earlier games, when he looked like one of the best junior players ever developed in this city. Arscott, while not nearly as finished a player as Logan, in the last two games had shown a willingness to work anyway, and to bore in behind the opposing defence, which offsets his other lacks to a big degree.

WOODSTOCK WANTS IT, TOO.

WOODSTOCK, Jan. 26.—Woodstock Juniors go to London Tuesday night to meet the fast Forest City kids in the second of the important games to decide the group title. They leave at 6:30 C. P. R., and will return by special train leaving London at 11:15. Several hundred fans from Woodstock will accompany the team. The locals are in tip-top shape, and expect to hand the London squad another defeat, thereby bringing the group championship to Woodstock. They realize that the London team is fast, and they have their work cut out for them, but they are out to do or die. The locals will line up as follows: Goal, Reid; defence, Trump and Lynch; forwards, Stibbs, Dubrule and Cohan; substitutes, Sabina and Risberg.

TILLSONBURG'S DEFAULT STRATFORD GET DISTRICT

STRATFORD, Jan. 26.—Tillsonburg defaulted tonight's game in the senior Northern League, and this, together with London's default a few days ago, leaves the locals the only team remaining in their district. Games will likely be arranged with Mitchell and Seaforth.

Galt having defaulted their junior game, an exhibition match has been arranged for tomorrow night with Paris juniors. There is some criticism directed towards the local management because they did not make a greater effort to have Galt play their game, as they would have given the Midgets a much better workout than Paris. Thursday night St. Marys juniors play here in the first of the home-and-home games to decide the group winners.

THE Commerce Truck ranks first as the greatest value of its class-units, materials, workmanship, dependability, performance, equipment, price.

Back of it are nine years of specialized effort in building one standard type of truck chassis.

MOONEY GIBSON HAD GOOD DEFENCE IN TORONTO LEAFS

Their Poor Work With Willow On Records Lost Them Championship of International.

Although the Toronto Leafs finished second in the International League race last year, their club batting couldn't be blamed for their finish, nor their individual work with the willow, by the very same token. In the team batting, Toronto was third from last, and in the first fifteen leading batsmen there are none of the Leaf players mentioned. The Gibsonites, however, were right up near the top in club fielding, which shows that Mooney had a strong defensive aggregation. Baltimore, the champions, were third in this department, with Binghamton leading. The percentages follow:

CLUB BATTING.

Club	G.	AB.	R.	H.	TB.	2B.	3B.	HR.	SH.	SB.	Left on Bases	PC.

TABLOIDS
BY E. J. LANIGAN.

JOHN DAVIS MEADOR, pitcher, Pittsburg Pirates.

Born—Madison, N.C., December 4, 1896.
Weight—165 pounds.
Height—5 feet 10 inches.
Bats and throws—Right handed.
Club in 1919 — Galveston, Texas League.
First engagement—Charleston, S.C., South Atlantic League, in 1916.
Clubs since then—Charleston, S.C., and Nashville, Tenn., 1917; Galveston, Texas, 1919.
Best performance in minor leagues—Pitched ~~no-hit~~ game for Nashville in 1917.
War record—In the navy from December 13, 1917, to December 13, 1918, on U.S.S. Montana.
1919 record—Victories 17, defeats 16, innings pitched 250, average earned runs to the game 2.60, strikeouts 88, bases on balls 55, wild pitches 2, hit batsmen 5, balk 1.

ASTHMA CURED TO STAY CURED
Thousands Testify to the Lasting Benefit Secured From
CATARRHOZONE
CURES WITHOUT DRUGS

One of the finest discoveries in medicine was given to the public when "Catarrhozone" was placed on the market about fifteen years ago. Since then thousands have been cured of asthma and catarrh. An interesting case is reported from Calgary in a letter from Creighton E. Thompson, who says:

"Nothing too strong can be said for Catarrhozone. I suffered four years from asthma in a way that would beggar description. I went through everything that man could suffer. I was told of Catarrhozone by a clerk in Findlay's drug store and purchased a dollar package. It was worth hundreds to me in a week, and I place a priceless value on the benefit I have since derived. I strongly urge every sufferer to use Catarrhozone for Asthma, Bronchitis and Catarrh."

The one-dollar package lasts two months; small size, 50c; sample size, 25c; all storekeepers and druggists, or the Catarrhozone Company, Kingston, Canada.

FOUR FIRST TEAMS IN MFRS. LEAGUE MEET TONIGHT

League Standing As Result Will Be Changed Somewhat—Legg To Referee.

With the four first division teams of the Manufacturers' League meeting tonight over at Westminster rink, the merriest battles yet of this league are to be staged, and a lot of the dope may be due for an upset. Grand Trunks and Bell Telephone who stand second and third respectively provide the opening game, and McClarys, the league leaders, clash with Perrins, who bring up the tail-end of the four first clubs.

A win for either the Grand Trunks or Perrins will shoot them into second place in the league with a bump.

Corker Legg will again handle the games; and thus far his work has kept the teams playing a pretty fair brand of hockey.

INGERSOLL DEFEATS SIMCOE IN FOURTH STRAIGHT BY 8 TO 3

Home Brews Take Early Lead and Hold It—Simcoe Fast and Good Stick-Handlers.

INGERSOLL, Jan. 26.—The intermediate homesters tonight won their fourth consecutive victory when they took the Simcoe sextet into camp by a score of 8 to 3. The score by periods was 4 to 1, 7 to 8, 8 to 3. The homesters demonstrated their superiority early in the opening stages and had no trouble in remaining at the front. The game was one of the best seen here this season. The visitors are a very speedy lot of skaters and have a fine combination system.

For the locals Cline and Firth on the defence was brilliant, and the forwards introduced a most effective combination. Kelly, the big defence player for Simcoe, was their best. At times their forwards showed unusual speed and a telling combination. Cline at different intervals stickhandled from end to end of the rink and placed the rubber in the net. The attendance was about 1,500, and intense excitement prevailed throughout the game. The teams:

Ingersoll.		Simcoe.
Holland	Goal	Watts
Firth	Defence	C. Kelly
Cline	Defence	T. Peachie
Henderson	Centre	C. Mitchell
Petrie	R. W.	Osborne
Richardson	L. W.	Jackson
Waite	Sub	B. Kelly
Grieve	Sub	B. Whiteside

Referee—Sid Rankin, London.

LUCAN SIX DEFEATS AILSA CRAIG TEAM 6--5 AT HOME

AILSA CRAIG, Jan. 25.—Lucan sextet defeated the local puck-chasers in a good clean game tonight by 6 to 5. It was an evenly-contested affair, with the breaks going to Lucan. Ailsa Craig did not play as good a combination game as the visitors. Stuart for the locals was easily the best of the team, while all the Lucan boys worked hard.

Ailsa Craig—Goal, Clark; right defence, Stewart; left defence, Smith; centre, Kennedy; right wing, Harris; left wing, Zavitz; sub., Keene.

Lucan—Goal, Hawkins; right defence, Mara; left defence, Eckstein; centre, Parks; right wing, De Courcy; left wing, Stanley; sub., Powell.

Referee—S. Robertson, London.

Paris Team All Off Referee Walks Off Calls Game Off-ul

PARIS, Jan. 26. — Paris and Woodstock Intermediate game tonight had a prompt ending in the second period when the referee, after having nearly all of Paris team on the fence, walked off the ice and called the game off. The score at the time was four to one in favor of Woodstock. This was also the score at the end of the first period.

HEAMAN OF THISTLES WINS CONSOLATION TROPHY FROM M'KAY

Echo of London Bonspiel Finds L. C. C. Rink On Wrong End of 16--7 Score.

The Bank of Toronto finals in the London Bonspiel was played last night at the Thistle Club between A. M. Heaman's Thistles, and J. A. McKay's London C. C. rink, the former winning by 16 to 7. This game was left unplayed, as the Heaman rink was compelled to play their semi-final game as late as 4:30 a.m. on the last day of the bonspiel, about two weeks ago.

The rinks:

Thistles.	London C. C.
R. McDonald	F. S. Ashblett
H. J. McCallum	W. A. Casselman
A. M. Trick	Dr. J. A. Wright
A. M. Heaman	J. A. McKay
skip 16	skip 7

P. H. Fetterly won a club competition match from Dr. Brown in an extra end.

ON THE ALLEYS

Hymans started out the second half of the City League schedule last night as if they intended repeating their first performance. They dropped the first game last night to the Irish Rangers, but bowled true to form for the rest of the evening. The scores were:

Hymans.			
Benedict	170	179	171— 520
Ferris	158	164	172— 494
Bell	135	183	195— 523

Intermediates and Glencoe Meet in First Semi-Final

Latter Come Here Friday Night For First Fixture—Locals Play Return Monday in Alvinston.

The London intermediates get their first semi-final workout against Glencoe on Friday night here, going to Alvinston for the return game next Monday night. Whether it will be a workout or not remains to be seen at Friday night's game. Glencoe this year has been playing some nice hockey and not a town in the O. H. A. is getting more red-hot support than this same crew, even though fans down there are not numbered in the thousands. Tackaberry of Toronto will handle the game.

Take No Chances.

The locals are not taking any chances, and will get in as many workouts as possible this week. They will be out tonight after the junior game, and from now on are going to get down to teamwork.

From the fact that the district was rather an easy one for the intermediates, and they made few appearances at home, while the junior crew was putting up great hockey, interest in their doings has rather lagged, but with the team going through the semi-finals, they'll start to come in for the spotlight from now on.

London has been represented by good teams before, but this year's intermediate bunch has one thing that would upset a lot of intermediate O. H. A. dope if it ever gets to working, and that is speed. Every man on the roll deals in this commodity, and if the team in the next few games tones some of the individual speed into teamwork London will see more than the usual number of semi-final hockey games.

More Combination.

This weakness in lack of teamwork is recognized by the team itself, which is the first step on the way to eliminating it, and the first real attempt of the season to inject combination into their work will be made this week before the game on Friday.

Most of the Glencoe players are not known to London fans, nor have the fans much of an idea as to the brand the southern outfit dishes up, but Davenport, who cavorted around here for several seasons, is a fixture, and from the fact that he isn't their chief goal-getter, it can be judged that they are capable of putting up a real argument.

Western U. Expect To Win From Woodstock Y Tonight

Had Good Practice Last Night in Preparation For O. B. A. Fixture Tonight At Western U Gym.

Western Intermediate basketball team had a good signal practice last night in final preparation for their game with Woodstock at the Western Gym tonight. Woodstock have played no games as yet this year, but in several practice games they have staged in Woodstock, they have shown remarkable form. Several players of repute have become residents of the Industrial City during the last year, and they now have a strong aggregation.

Western have been off all games since the Stratford encounter, owing to the university half-yearly exams holding sway, but they have managed to slip in the odd practice. Colin Duffield will handle the game, so the spectators can be assured of a good exhibition. The game will be started sharp at 8:15, and Western will start Capt. Kingswood and Callaghan at forward, with "Doc" Cline in centre, and McGeach and Simpson at guard. Peever and Wainwright will be used during the game at centre.

L. C. I. Girls Win Easily From Their Sisters of Western U

Gold and Black Gave Unsisterly Beating to Varsity Co-eds by 17 to 7 Score.

The second game in the Ladies' Basketball League last night was one of the best yet seen in the league this year. From the start to the finish it was hammer and tongs, with the collegiate team on the long end of the score at each period end. Western tried hard, but were unable to stand the gaff, and the L. C. I. team kept hammering away at the basket after working the ball down with beautiful combination play. If the collegiate keep on improving they look like the best for the cup, for what they lack in experience they more than make up in weight, speed, ballhandling and keenness. Miss Gibson in centre was a whole team in herself, and she was ably assisted by Misses Sing and Peever. Miss Lindsay was the best for Western.

Western.		L. C. I.
V. Swarts, 0	Forward	R. Peever, 2
L. Wood, 0	Forward	K. Stewart, 0
P. Gemmell, 5	Centre	M. Gibson, 11
M. Lindsay, 0	Guard	G. Sing, 4
J. Webster, 0	Guard	L. Gardner, 0
J. Walker, 2	Spare	K. White, 0
M. Thompson, 0		

Referee—Jack Lightfoot.

Inter-Year Basketball Club Formed For the Western U

The Inter-Year Basketball Club was formed at Western U. last night with the following officers: Hon. presidents, Dean Fox and Dean McKibben; president, Mac Campbell. Meds; vice-president, W. H. Dagleish, Arts; secretary, Bill Anderson, Arts. Executive, one representative from each team.

There will be seven teams in the league, namely, Huron College, Junior Arts, Senior Arts, Meds 20-21-22, Meds 23, Meds 24, Meds 25.

The games will be played at the Western gym on Monday, Tuesday, Wednesday and Thursday nights from 7 to 8, one game each night, commencing February 2.

LINDSAY LIKES LIGHT LUNCH.

LINDSAY, Jan. 26.—Lindsay intermediates scored another victory by defeating Carwingion by the score of 18 to 5. Lindsay players found the visitors a light lunch, and had the better of the play throughout the game. For the locals, Coombs, Carew and Flavelle were the best, while Richards, McFadden and Welsh were the best for the losers.

St. Peter's Girls Beat Canucks in Overtime Game

Fixture Last Night Was Closest and Fastest Yet Staged in Girls' League.

In one of the fastest and closest games yet staged in the Girls' City Basketball League, St. Peter's five defeated Canucks, after an overtime period, 5 to 4, at the Western "U" Gym last night. St. Peter's gathered their points in dribbles, but Miss B. Roberts for Canucks scored their only four points. A foul decided the winning point.

The line-up:

St. Peter's.	Position	Canucks.
R. Catalano	Forward	V. Roberts
K. Paul	Forward	B. Roberts
M. Smith	Centre	E. Leach
R. Collins	Guard	A. Woolway
T. Mohan	Guard	M. Partridge

RYERSON AND TALBOT ST. PLAY 1--1 HOCKEY TIE

Ryedson and Talbot Street School teams battled to a 1-to-1 tie last night at Victoria Park. The game, which will have to be played at the end of the schedule, was fast and clean, and left little to choose between the teams.

AYR HANDS NEW HAMBURG SURPRISE AND BEATING

NEW HAMBURG, Jan. 26.—The intermediate O. H. A. game here tonight between Ayr and New Hamburg resulted in a surprise to the local fans, Ayr winning by 5 to 4. The local players appeared to be overconfident after the first period, in which the score stood New Hamburg 4, Ayr 1. Ayr has to win two games to tie New Hamburg for the group honors.

Western U Five Will Meet Toronto West End Y's After Game With O. A. C. Friday

Queen City Seniors May Have Surprise in Store For Them Saturday.

Honorary Coach Mel Brock of Western has completed arrangements for his basketball team to travel to Toronto on Saturday after the O. A. C. game in Guelph on Friday, there to tackle his old club-mates at West End Y. M. C. A. The senior teams of the institution have an open date on that night, and are taking Western on, and a rattling good game should result. The local boys will be able after that game to tell just how they stand in senior company, and those who have seen Kingswood's men work think that West End are in for a great surprise.

CLINTON WINS.

TORONTO, Jan. 26.—A clean, fast game of hockey was played here tonight between Wingham and Clinton juniors of the northern district, resulting in a win for Clinton. The score was 6 to 4.

A SICKLY WIFE NO FIT MATE FOR ANY MAN
Girls and Women Should Look Well to Their Health and Strength.

Never before was physical health and vigor to highly esteemed and so eagerly sought for as today.

No man finds happiness in a sickly wife, and the woman who wishes to enjoy the pleasures of life should spare no effort to maintain perfect health.

Is your daughter growing up strong and ruddy? Has she strength to drink in greedily all the pleasures that youth so zealously seeks—or is she compelled to use the street car instead of enjoying the delightful exercise of walking—does she after the ball arise refreshed and vigorous, or is she exhausted, indifferent, and perhaps irritable?

When strength and vigor can be so easily maintained by Ferrozone, when the glow of health is so quickly brought to the cheeks and elasticity to the step, it is plainly a mother's duty to see that Ferrozone is on hand to assist her daughter back to health.

Upon the wake of Ferrozone quickly follows a stream of rich, nourishing blood which imparts that power and surplus energy so earnestly desired by those in ill-health.

Stop and think what this means for your daughter—certainly a great deal, and it can be accomplished by Ferrozone.

Every growing girl and young woman derives enormous benefit in many ways from this nutritive, vitalizing tonic.

It is specially suited for young women and is a guarantee of health and regularity as long as it is used.

Ferrozone is free from alcohol and perfectly safe to use. Prepared in the form of a chocolate-coated tablet and sold in 50c boxes, or six for $2.50, at all dealers or direct from The Catarrhozone Company, Kingston, Ont.

Union Jacks Take No-Count Game From Preston Kids

KITCHENER, Jan. 26.—Kitchener Union Jacks won the O. H. A. game with Preston here this evening. As both teams were out of the running for group honors the contest was not so exciting. The score was 7 to 4. The score at the end of the first period was 3 to 3, and 6 to 3 for the locals. W. Uffelman refereed.

The line-up:

Kitchener.		Preston.
Zuber	Goal	Flagg
White	Defence	Fink
Nerlich	Defence	Clarke
G. Schnarr	Centre	Ware
Hearn	Wing	Kreson
Trushinski	Wing	Woodley
Shoemaker	Subs.	Roth

HOGAN SHADES BRODIE OF 'FRISCO ON DETROIT CARD

DETROIT, Jan. 26.—Elmer Hogan of Flint, Michigan, middleweight champion, shaded Herb Brodie or San Francisco in a mediocre ten-round fight here tonight. Hogan inflicted some severe punishment in the fifth, sixth and ninth rounds, but the balance of the bout was tame.

In the first half of the double windup, Toughey Murray of Pittsburg and Dick Russell of Boston went fast rounds, the verdict going to Murray through his superior punching ability. Both lads were clever, and mixed it throughout.

Eddie Barr of Pittsburg proved a good two-handed boxer and gave Hal Clark of Chicago a lacing in a ten-round preliminary.

TANKARD GROUP WINNERS OF PROVINCE ANNOUNCED

TORONTO, Jan. 26.—Play for the Tankard Trophy will be begun in this city on Tuesday, February 3. The draw will be made on Monday evening, February 2. The winners of the preliminaries in all of the sixteen groups have been declared and with the runners-up are as follows:

Grp.	Winners.	Runners-Up.
1.	Napanee.	Kingston.
2.	Port Hope.	Cobourg.
3.	Lindsay.	Peterboro.
4.	Toronto Gran.	Parkdale.
5.	Aberdeen.	Lakeview.
6.	Collingwood.	Barrie Thistles.
7.	Orillia.	Gravenhurst.
8.	Hamilton Vics.	Dundas.
9.	Waterloo.	Ayr.
10.	Guelph Union.	Fergus.
11.	Owen Sound.	Chatsworth.
12.	Mt. Forest.	Harriston.
13.	Agincourt.	Thornhill.
14.	Bright.	Stratford.
15.	London This.	London
16.	Detroit.	Petrolea.

BIG TRAP SHOOT HELD IN CLEVELAND IN AUGUST

NEW YORK, Jan. 26.—The Grand American Handicap tournament of the American Trap-Shooting Association will be held in Cleveland, Ohio, August 23-28, it was announced here tonight by Stoney McLinn, secretary-manager of the association. Trap-shooters from all states in the union and four provinces of Canada will participate in the contests.

BURSLEM PORTVALE WIN

LONDON, Jan. 26.—In the second league today Burslem Portvale played Bristol City and won by the score of 3 to 1.

Complaints of manufacturers in the north of England of interference with industries by mid-week football are being taken up in other quarters. The Birmingham Chamber of Commerce is seeking the co-operation of other bodies in an effort to induce the football authorities to prohibit mid-week matches.

So far, however, the movement is not very successful.

PANIC REIGNED ON WOODWARD AVENUE DURING HOTEL FIRE

Hofman Hotel Gutted in Early Morning Blaze On Monday.

ONE MAN IS KILLED

Four Persons Injured—Guests and Employees Flee in Terror.

DETROIT, Jan. 26.—One man, A. C. Welgel, hotel guest, is dead, and three women and one man were injured as the result of a blaze which completely demolished the Hotel Hofman, Woodward avenue and Sibley street, early Monday morning.

The loss is estimated at $200,000. The building itself is a complete loss.

All walls save that on the Woodward avenue, side are down. The interior of the building is entirely gutted. An over-heated pipe or crossed electric wires are believed to have been the cause.

The fire was discovered by Robert McQuaker, night clerk, who saw the flames coming from the basement. He rang the hotel fire alarm bell and then ran out into the street and rang in a fire brigade call. J. L. Shaw, a bell boy, and other employees ran through the halls, shouting "Fire." The sudden extinction of the lights plunged the guests into a panic and made a scene of indescribable horror and confusion.

The flames spread rapidly, and at 12:20 a.m., when the first fire apparatus arrived, the fire was already mounting high, and the stairways were blocked.

Many of the 80 guests and 40 employees were standing at the windows, shrieking for help; others in their night clothes were struggling down the fire escapes screaming in terror, while a number were escaping to neighboring roofs over icy ladders watched by a crowd of 10,000 or more, which had gathered on Woodward avenue.

British Burn Indian Village in Retaliation

Enemy Tribesmen Had Mutilated One of British Dead.

LONDON, Jan. 26.—An official statement from Delhi, British India, under date of January 21, says that in the Tochi district the Waziri tribesmen continue to refuse to bring in rifles in payment of fines imposed. The Mahsud tribesmen are incessantly sniping at the pickets, the statement asserts, and have been informed that there will be no cessation of hostilities until fines assessed against them have been paid.

"The enemy forces have been greatly diminished," the statement continues. "The enemy lost 35 dead in fighting on January 17 and 18, and the village of Naikash was destroyed because the enemy mutilated one of the British dead."

Sgt. Ray Smith Gets Decision Over Bob Martin, K. O. King

CLEVELAND, Ohio, Jan. 26.—Sergeant Ray Smith of Camden, N. J., outpointed Bob Martin of Akron, Ohio, A. E. F. champion, in a slashing ten-round boxing bout here tonight, winning the newspaper and ringside critics' decision. Smith won five rounds, Martin three and two were even. Each boxer scored a clean knockdown.

Tillsonburg Six Wants One More Go At Local Juniors

Fans Expect London To Win Tonight, and Then Look Out!

TILLSONBURG, Jan. 26.—Tillsonburg hockey fans are very enthusiastic, and if London defeats Woodstock in London Tuesday, they will again have a chance to meet London. The local team have always been confident that Referee McCord of Toronto won the game for London, and that Tillsonburg had it over the London six like a blanket for team work, which they were unable to use owing to the loose refereeing, allowing the London team to get away with anything.

BOB FITZSIMMONS, JR., MAKES HIS MAN QUIT IN 2ND APPEARANCE IN RING

JERSEY CITY, N. J., Jan. 26.—Young Bob Fitzsimmons, son of the former world's heavyweight champion, scored a decisive victory tonight in his second appearance in the ring. His opponent, Eddie West of Newark, N. J., quit in the seventh round of an eight-round match, after receiving a continual rain of blows from the start of the bout. Fitzsimmons weighed 171 pounds and West 163.

INGERSOLL TEACHERS ARE GRANTED INCREASES

INGERSOLL, Jan. 26.—At the organization meeting tonight of the board of education, W. H. Beatty, a member for several years, was elected chairman. Dr. Sudworth was re-elected secretry-treasurer. The standing committees were struck, of which the following are chairmen: Finance, G. C. Ellis; collegiate property, H. Avery; public school property, James Grieve; teachers, A. MacAulay; domestic science and manual training, J. J. McLeod; industrial, J. J. McLeod. The teachers were granted increases in salary amounting to approximately 15 per cent.

TORONTO DETECTIVE GETS $100 DAMAGES FROM NEWSPAPER

TORONTO, Jan. 26.—The World Newspaper Company of Toronto was found guilty by a jury at the assizes here today of having published liberous statements about Acting Detective George Young, and was assessed $100 damages with costs. Mrs. Charles George (Ida L. Webster) of the staff of the World, co-defendant in the action, was exonerated by the jury. The statements complained of by Detective Young were to the effect that he had been intoxicated and had assaulted a woman while professing to be discharging his duties as a detective. He claimed $5,000 damages. The trial lasted four days.

COLUMBUS LOSES $500,000 IN BLAZE

COLUMBUS, Jan. 26.—Fire early this evening destroyed five buildings on High street in the heart of the business district, causing a loss estimated at from $500,000 to $800,000, fully covered by insurance. No one was killed or injured.

Four of the buildings were occupied by the Moorehouse-Martens Company, one of the largest drygoods stores in central Ohio.

EXCHANGE RATE FIGURES AGAIN MAKE DESCENT

New Low Levels Reached in New York Market.

POUND DROPS TO $3.58 1-2

Francs Sag To Eight Cents, and Lires Shrink Seventy Per Cent.

NEW YORK, Jan. 26.—Another crash of international rates caused British, French and other forms of foreign exchange to drop to new low levels of depreciation here today. Bankers and other dealers in foreign bills expressed no surprise at the further demoralization, accepting the situation as an inevitable and logical outcome of conditions from which no immediate relief is promised.

Offerings for account of American interests were said to comprise only a small part of the whole, most of the pressure being traceable to London. According to bankers' reports, French and Italian selling, via London, helped to congest the local market.

Demand sterling dropped to $3.58½, 1½c under the previous record low, or slightly over 26 per cent under par of $4.86⅝. Francs sagged to the equivalent of 8c, against the normal of 19½c, a depreciation of 58 per cent.

Lire checks quoted at 14.60 represented a shrinkage of slightly over 70 per cent.

The German mark was quoted at slightly above 1c, as against the prewar rate of 23½c; Austrian crowns, once of the same value as francs, and lires, were almost out of sight at a fractioan under 1-3 of 1c.

PUBLIC WORKS DEPT., HEADLESS, LEFT TO WANDER AS IT WILL

Important Questions Concerning Docks, Etc., Waiting.

McLEAN GETTING $7,000

Would Have To Take Chances of Re-election If Appointed To Job.

[Special to The Advertiser.]

OTTAWA, Jan. 26.—The public works department continues without a head, though important questions dealing with docks, etc., are pending, and there are still two men in the Government without portfolios. Sir Edward Kemp's department of the overseas ministry of militia has been practically wound up, and the fact that he, instead of Hon. Hugh Guthrie, was not made minister of militia at home is taken as an indication that Sir Edward is through with ministries.

It has been stated that Hon. A. K. MacLean, who is also without portfolio, has been offered public works, but has declined it. As a matter of fact it is not altogether a question of choice. Mr. MacLean holds a salary of $7,000 a year at present, but it is paid out of war appropriation for services on the cabinet committee of reconstruction.

That salary conceivably will expire with the proclamation of peace. Should Mr. MacLean take a portfolio and a salary under the emolument of the crown he would be compelled to seek re-election. Instead it is believed here that he shortly intends to retire and take up law in Montreal.

FOREIGNER FACING TRIAL ON MURDER CHARGE IN HAMILTON

HAMILTON, Jan. 26.—Horton Samnovitch was placed on trial for his life here today on a charge of murdering a fellow-countryman, John Rabonivitch, on the night of November 23. Samnovitch admits the slaying, but claims he struck in self-defence. He split Rabnovitch on the head, opening it with an axe, during a row in his boarding-house. W. O. Lewis of Chatham is crown prosecutor. Senator George Lynch-Staunton is defending the prisoner.

TRIAL OF 135 ON ELECTION CHARGES WILL BEGIN TODAY

GRAND RAPIDS, Jan. 26.—Despite the fact that influenza promised to prevent the appearance in federal court tomorrow of James C. Murfin of Detroit, of defence counsel, and several others connected with the case, United States District Judge C. W. Sessions announced tonight that the trial of Senator Truman H. Newberry and 134 others charged with violation of the election laws, would open as scheduled.

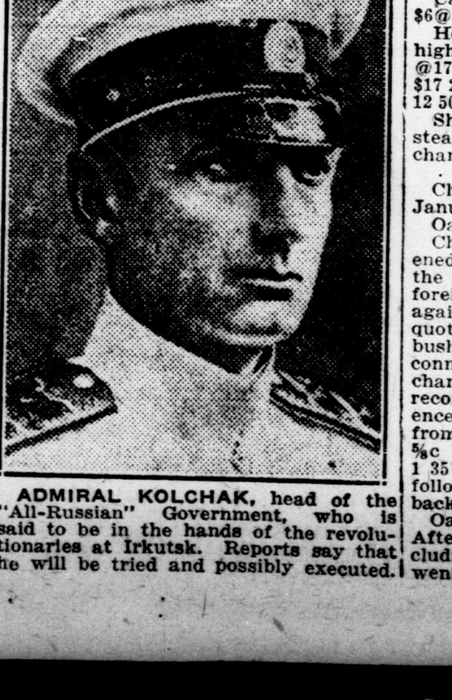

LABOR IN CONTROL OF MONCTON COUNCIL

MONCTON, N.B., Jan. 26.—In the civil elections today organized labor elected five aldermen and will control the new city council for the present year. The labor party nominated six candidates and elected five. A. C. Chapman was elected mayor by acclamation.

PARKDALE WINS

TORONTO, Jan. 26.—Parkhill Canoe Club won the senior O. H. A. game here tonight from Granites by 3 to 1, and gained a commanding lead in the group contest. Parkdale now has four victories to its credit and no defeats.

REPORTED CAPTURED

ADMIRAL KOLCHAK, head of the "All-Russian" Government, who is said to be in the hands of the revolutionaries at Irkutsk. Reports say that he will be tried and possibly executed.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

Oats sold at $3.15 a cwt. on the local market this morning, but late yesterday they sold as high as $3.17 a cwt.

Hay was quite plentiful this morning, and a little easier. The demand was only fair.

No butter or eggs were offered up to a late hour.

There will be a shipment of live hogs tomorrow, and although it was impossible to secure a definite quotation, it is predicted that the price here will go as high as $17.50 a cwt. owing to a decided strengthening of the hog market in Toronto.

Vegetables are scarce and firm.

FLOUR.

TORONTO, Jan. 26.—Manitoba Flour—Government standard, in jute bags; Toronto, $13.25.

Ontario Flour—Government standard, in jute bags, prompt shipment; Montreal, $9.65@9.85; Toronto, $9.85.

Millfeed—In carlots, delivered Montreal freights, bags included; shorts, $51@52 per ton; bran, $45 per ton; good feed flour, $3.60@3.75 per bag; middlings, not quoted.

NEW YORK, Jan. 26.—Flour—Easy; spring patents, $10.50@12.50; do, clears, $9.50@11; winter straights, $10.75@11.25; do., Kansas, $13.75@14.25.

Rye Flour—Quiet; fair to good, $8.50@9.10; choice to fancy, $9.15@9.75.

White Corn Flour—Dull; $3.75@3.90 per bag.

MONTREAL, Jan. 26.—There were no new developments in the local flour situation today, the market being firm. A good steady trade continues to be done in all lines of foodstuffs, and the market is active with a firm undertone.

Flour—Manitoba spring wheat, war grade, $13.25@13.35.

Rolled Oats—Per bag, 90 lbs., $5.15@5.25.

Bran—$45.25.

Shorts—$52.25.

MINNEAPOLIS, Jan. 26.—Flour—Unchanged; shipments, 39,509 barrels. Bran—$43.

HAY.

TORONTO, Jan. 26.—Hay—Baled, on track, Toronto, carlots; No. 1, $27@28 per ton; No. 2 mixed, $25 per ton.

Straw—In carlots, on track, Toronto; $16@17 per ton.

NEW YORK, Jan. 26.—Hay—Quiet; No. 1, $1.75@1.80; No. 2, $1.65@1.70; No. 3, $1.50@1.55; shipping, $1.35@1.45.

LIVE STOCK.

Toronto, Jan. 27.—Cattle—Receipts, 596. In addition to this number, there are 6,000 cattle unsold. The market is very dull this morning and unsettled. Prices are $1 per cwt lower than last week. Fourteen steers, averaging 1,160 lbs, sold at $13 60, with the bulk of sales at $11@12 50 per cwt. Heavy beef steers, $13 75@14 50; butcher steers, choice, $12 75@13 50; good, $11 50@12 50; medium, $9 50@11; common, $7@9; butcher heifers, choice, $12 50@13 50; medium, $10@11 50; common, $7@9; butcher cows, choice, $10@11 50; medium, $8@9 50; canners and cutters, $5 25@6 50; butcher bulls, good, $10@11 50; common, $7@9; feeding sters, good, $11@12; fair, $10 50@11 50; stockers, good, $10@10 50; fair, $9@10.

Calves—Receipts, 52. The calf trade is firm. One extra choice calf weighing 200 lbs sold at $25; choice, $20@25; medium, $15@18; common, $11@14.

Milch Cows—Choice, each, $125@175; springers, choice, $100@150.

Sheep—Receipts, 136. The lamb and sheep trade is unchanged. Ewes, $8@12; lambs, $17 50@19 50.

Hogs—Receipts, 1,033. The hog market is firm, with no sales reported. The market will probably settle at $19. Fed and watered basis: Selects, $18 75@19; light, $16 75; heavy, $17 75; sows, $13 75@15 75.

East Buffalo, N.Y., Jan. 27.—Cattle—Receipts, 870; steady.

Calves—Receipts, 325; 50c higher, at $6@25 50.

Hogs—Receipts, 4,200; 15c to 25c higher; heavy, $16 75@17; mixed, $16 85@17 15; yorkers, light yorkers and pigs, $17 25; roughs, $15@15 25; stags, $10@12 50.

Sheep and Lambs—Receipts, 3,400; steady; lambs, $12@22 15; others unchanged.

GRAIN.

Chicago, Jan. 27.—Opening: Corn—January, $1 44½; May, $1 35.

Oats—May, 83⅛c; July, 75½c.

Chicago, Jan. 27.—Corn prices weakened today in sympathy with declines in the value of rye and wheat. Lack of foreign demand has counted heavily against the rye market of late, and rye quotations this morning were 20c per bushel under recent top figures. In this connection the fact that foreign exchange had tumbled today to new low records had a further depressing influence. Opening prices, which varied from the same as yesterday's finish to ⅝c lower, including May at $1 35@1 35¼, and July at $1 32¼@1 32⅜, were followed by moderate additional setbacks.

Oats descended with other grain. After opening a shade off to ⅛c up, including May at 83⅛c, the market underwent a general sag.

Winnipeg, Jan. 27.—Oats opened unchanged to ⅛c lower at 93⅞@93¾; July opened ⅜c lower at 90¼c.

May barley opened ½c lower at $1 54¾.

PROVISIONS.

Chicago, Jan. 27.—Provisions were bearishly affected by the collapse of foreign exchange. The market was dull.

Liverpool, Jan. 27.—Hams—Short cut, 190s.

Bacon—Cumberland cut, 184s 6d; Wiltshire cut, 187s; clear bellies, 191s; long clear middles, light and heavy, 202s; short clear backs, 190s; shoulders, square, 138s; New York shoulders, 134s 6d.

Lard—Prime western, in tierces, 195s 6d; American refined, in pails, 198s 6d.

MONEY.

London, Jan. 27.—Closing: Money, 3 per cent.

Discount rates—Short bills, 5 per cent; three months, 5⅝ per cent.

Bar silver, 82½d per ounce.

Bar gold, 116s 6d per ounce.

Gold premiums at Lisbon, 140.

OILS.

London, Jan. 27.—Calcutta Linseed—January and February, £53.

Linseed Oil—107s 6d.

Petroleum—American refined, 1s 9½d; spirits, 1s 10½d.

Turpentine Spirits—182s.

Rosin—American strained, 55s 6d; type G, 60s 6d.

Tallow—Australian, 111s.

Liverpool, Jan. 27.—Turpentine Spirits—189s 6d.

Rosin—Common, 57s 6d.

Petroleum—Refined, 1s 8¾d.

War Kerosene—1s 9¾d.

COTTON.

Liverpool, Jan. 27.—Cotton—Futures closed very steady. Closing: January, 26.65d; February, 26.53d; March, 25.20d; April, 24.57d; May, 23.98d; June, 23.48d; July, 22.98d; August, 22.38d; September, 21.67d; October, 20.87d; November, 20.52d; December, 20.25d.

G. T. R. EARNINGS.

Montreal, Jan. 27.—Grand Trunk Railway earnings, January 14 to 21, 1920, were $1,056,381, an increase over last year of $115,454.

STANDARD STOCK SALES.
[Special to The Advertiser.]

Toronto, Jan. 27.—Morning sales: Atlas, 3500 at 32; Dome Extension, 200 at 32; Dome Lake, 3000 at 16; Gold Reef, 3000 at 4¾; Keora, 500 at 25, 1500 at 25¼, 4250 at 25½, 500 at 25¾; Kirkland Lake, 2000 at 76½; McIntyre, 200 at 212, 1700 at 213, 100 at 214; Crown Reserve, 500 at 28¼; Preston, 1000 at 3½; West Dome, 500 at 9⅝; Rockwood, 4500 at 3¼, 1000 at 3⅛; Adanac, 11,000 at 6, 500 at 6⅛; Bailey, 3000 at 5½; Beaver, 3000 at 68½, 1000 at 68; Peterson Lake, 1000 at 22¾; Silver Leaf, 2000 at 2; Temiskaming, 500 at 48, 1500 at 47; Trethewey, 500 at 48¼; Hunton, 1500 at 7¼.

EXCHANGE RATES.

New York, Jan. 27.—Sterling exchange reached another low mark at today's opening of the market, when it dropped to $3 57¼, or 1¼c under the previous low record. Francs and lires also made new low records, the former opening at 12.67 to the dollar, and the latter at 14.75 to the dollar. The previous low record for francs, made yesterday, was 12.47, and for lires 14.60.

NEW YORK.

Sales to noon, 363,300 shares.

WALL STREET.

New York, Jan. 27—Wall Street, 10:30 a.m.—Uncertain tendencies manifested by prices at the dull opening of today's stock market were in part attributed to further demoralization in foreign exchange, all the leading remittances falling to new low records. Only a few stocks varied more than fractionally, however, these including American Woolen, International Paper, Baldwin Locomotive and Retail Stores, at gains of 1 to almost 2 points, while Crucible Steel, General Motors and Mexican Petroleum were about a point under. The market steadied within the first half hour, steels and motors strengthening visibly.

Noon.—Conforming to yesterday's course, the market disregarded the further break in foreign exchange, which later extended to the Scandinavian centres. Coppers, leather and chemical issues were added to the list of moderate and strong shares, but motors, oils and steels, the latter including several equipments, continued to lead the advance. United States Steel moved within the narrowest limits, giving no intimation of the character of the statement for the final quarter of 1919 to be issued after the close of today's session. Call money opened at 8 per cent.

MONTREAL STOCK EXCHANGE.

Montreal, Jan. 27.—Carriage Factories, with a 5-point recovery to 43, and a further fractional advance, and St. Lawrence Flour, with a similar gain to 124, were the opening features of the local stock market. Forgings pushed its high another point and a quarter to 220, then reacted fractionally. Riordon at 106½ gained and Brompton at 82 gained half a point. Spanish preferred at 127 was a fraction better.

TORONTO STOCK SALES.

Toronto, Jan. 27.—Sales: Barcelona, 50 to 7½ to 7⅜; Brazilian, 694 at 47 to 45¾; Bel Telephone, 1 at 109½; F. N. Burt, pfd, 11 at 108; Canada Bread, 25 at 30½; Canada Steamship, 25 at 76⅞; do pfd, 80 at 84 to 83½; Canada Locomotive, 35 at 96½ to 96; City Dairy, 3 at 97; Consolidated Smelters, 25 at 30; Consumers' Gas, 17 at 145⅛ to 145; Dominion Canners, 10 at 58¾; Dominion Steel, 125 at 76 to 75½; Dominion Telegraph, 2 at 91½; Mackay, 73 at 76 to 75½; Maple Leaf, pfd, 6 at 102½; N. S. Canadians Get Higher Pensions Than U. S. Vets

American Amounts Larger For Total Disability and Dependents.

OTTAWA, Jan. 26.—In nearly every instance pensions paid in Canada are higher than those in the United States, and especially so with regard to the amounts paid widows and children. The Americans, however, give larger pensions to the totally disabled, and, up to a certain point, their dependents.

Up to December 24 Canadian pensions exeeeded those of the United States in this class, as in all others. Previous to that date the amount paid to totally disabled single men in the United States was between three and four hundred dollars, but it was then increased to $960 yearly, as compared with $720 in Canada. American totally disabled pensions also exceed Canadian in the following particulars: Married, with no children: Canada, $900; United States, $1,080. Wife and one child: Canada, $1,044; U. S., $1,140. Wife and two children: Canada, $1,164; U. S., $1,200.

In all other classes, including widows without children, orphans and parents, pensions in Canada greatly exceed those in the United States. There is a suggestion that in cases where there is a disparsity against Canadian pensions they should be brought up to the American level, and the Government is believed to be considering this.

DURHAM JUVENILES WIN.

DURHAM, Jan. 26.—Palmerston hockey team came to town Saturday afternoon and were defeated, 6 to 1, by the Durhams. Durham also won the first game in Palmerston a week ago by 7 to 5.

NEW YORK TOTAL HIGH.

NEW YORK, Jan. 26.—Deaths from influenza here this month totalled 202 today, of which 43 occurred during the last 24 hours, an increase of 13 over the number reported yesterday. Although influenza and pneumonia cases showed a decrease today, precautions were increased and plans furthered for instituting a "staggering system" of business hours tomorrow, so that subway and elevated lines would not be so crowded. Different classes of businesses and industries have been assigned special hours for opening and closing their offices and factories to spread out the crowd.

Natural Industries

The growth of the country, year by year, automatically widens the market for our natural products.

To be able to take advantage of this increasing market and prove a financial success, a manufacturer must

—Have available raw material as cheap as, or cheaper than, any other country;

—Have power at low cost (preferably water power);

—Have a well-defined business policy;

—Have a suitable location and modern plant and equipment;

—Give perfection of manufacture in both material and workmanship;

—Have an efficient selling force.

We will shortly offer a Preferred Stock issue at a very attractive rate, which will measure up to these requirements.

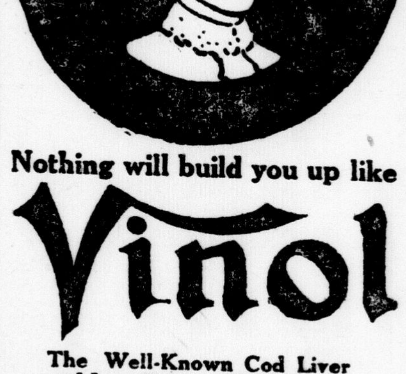

May we furnish you with particulars?

MY WIFE, ALICE McKENZIE, HAVING left my bed and board without just cause, I hereby notify the public that I will not be responsible for any debts which she may contract. London, Jan. 27, 1920. Donald McKenzie. 17c

UNUSUAL VALUES AT ANTIQUE sale next Thursday. Mrs. Seenthelight is disposing of her entire stock of old-fashioned methods, primitive notions and ancient ideas, including a deeply-ingrained idea that nobody could equal her laundering. A beautiful family jar which developed over the last grand washday she held, will also be disposed of. Mrs. Seenthelight no longer has a heart bowed down (and back ditto) since she decided to send weekly to the Forest City Laundry. b

The New Voile Blouses Are Here

YESTERDAY the first large shipment of new Voile Blouses reached us from our factory. You will like these Blouses because they are different. The collars are new, the cuffs are new, and the fronts are extremely novel. Come in and choose one of these Blouses; they are dressy enough to be worn anywhere

At $7.50 there are models with neckline of wide filet lace, others with two rows of lace on collar to give double collar effect. The fronts are beautifully embroidered—a few in colors.

At $6.50 Drawn work and embroidery is used most effectively on these Blouses. A little color is sometimes added by colored petals in the flowers in the embroidery patterns.

At $4.98 Embroided fronts, lacy collars and cuffs and a variety of necklines, gives the buyer a wide choice for a Blouse at this price.

Special Tomorrow

FOUR of our new styles have been specially priced and will be offered for sale tomorrow. Both round and square neck designs to choose from. The trimmings are Venise, Filet, Val. Lace and dainty lace medallions. One of the styles has a collar alike both back and front, edged with fine Val. Lace, which also extends down front in two rows, enclosing fine lace medallion.

On Sale Tomorrow $3.50

Free—A 10-Day Tube

Send the coupon below and see for yourself how Pepsodent cleans teeth.

Millions of Germs

Breed in Tooth Film—Keep It Off

All Statements Approved by High Dental Authorities

Film Wrecks the Teeth

THAT slimy film which you feel with your tongue causes most tooth troubles. The tooth brush does not end it. The ordinary tooth paste does not dissolve it. In crevices and elsewhere that film clings. That is why your brushing fails to keep teeth white, free from tartar, clean and safe.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So all these troubles have been increasing despite the wide use of the tooth brush.

Dental science, after years of search, has found a film combatant. Able authorities have amply proved this by careful clinical tests. Leading dentists everywhere now urge its daily use.

The method is embodied in a dentifrice called Pepsodent. And we offer a 10-Day Tube free now to everyone for home tests.

See the Results, Then Decide

The results of Pepsodent are quickly apparent. Some are instant. We ask you to see them—watch them ten days—then decide for yourself about them.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. But science has discovered a harmless, activating method. The inventor has been granted patents by five governments already. It is that invention which makes possible this efficient film combatant.

Pepsodent REG. IN CANADA

The New-Day Dentifrice

A Scientific Product—Sold by Druggists Everywhere

Clip This Coupon

Send this coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten as the fixed film disappears. This test is most important to you. Cut out the coupon now.

LOCAL ARTISTS AT MAJESTIC THEATRE HAVE REAL COMEDY

S. J. Meredith Production Is Screamingly Funny.

MUSIC ESPECIALLY FINE

In Addition First-Class Moving Picture Feature Is Presented.

Once again a Stanley J. Meredith production has opened a week of delightful entertainment at the Majestic Theatre. This time it is more than a musical skit. It is a genuine little musical comedy, and altogether different from any of the previous Meredith productions. Judging from the opening performance last night it will have even more than the usual popularity. Mr. Meredith takes the lead in the role of a Ne'er Do Much, who is trying to palm himself off as an artist and consequently runs into many an awkward situation, causing abundance of laughter. Perhaps in this role, more than in any other, Mr. Meredith shows his skill as a comic actor. The comedy which goes on between him and his brother, T. R. Meredith, who also takes one of the leading parts in this production, is screamingly funny. Another Meredith but adds to the attraction of these now annual presentations at the Majestic.

Miss Annabelle Murray of Montreal, who plays opposite the lead, is a strikingly beautiful girl and a skilful actress. In the cast there is also Miss Marjorie Skinner, who again shows herself to be a very clever little actress and adds several attractive vocal numbers to the offering. She appears on the stage in a fascinating riding costume, which is only superceded by her final costume, a gorgeous affair of peacock feathers. Miss Margaret Scatcherd is a delightful comedienne in the role of Mollie. Her costume, in the model dress parade at the end, is also a splendiferous affair, reminiscent of the Chu-Chin-Chow mannequin show. Miss Margaret Glass, as Letita Ashley, a widow of thirty-five and sub-letter of the flat, also upheld her part well.

There is a succession of musical offerings, in which S. J. Meredith, Miss Marjory Skinner and Miss Annabelle Murray do the big share of the solo work. "What is Love?" by Miss Murray, is a delightful opening number, and "Constancy," by Miss Marjory Skinner, is another one of the most attractive selections of the production. A duet, "Just My Style," rendered by S. J. Meredith and Miss Murray, was a popular number. There were pretty choruses by a bevy of girls in beautiful gowns, which later in the model parade become a gorgeous display of Oriental dress. Among the choruses were "Sahara," led by Mr. Meredith and parodied by him as "Ontario, We're Just as Dry as You," "Sacramental Night," and a duet by the Meredith brothers, "I'm Sick to Death of Women," a very fine number.

The introduction of a delightful violin number and fascinating Oriental solo dance added to a performance which lasted long enough to make the listener wonder if he really should have a perfectly good movie after it. It seemed almost too much for his money, and yet this really big production is to be given at the Majestic all this week in conjunction with an excellent movie.

The members of the chorus included Misses Franceska Foulkes, Florence Gibson, Vera Blanchard, Dorothy Cole, Marjorie Lane, Marjorie Biggs. Owen Deed, whose identity had been carefully concealed until yesterday, caused great amusement when he appeared upon the stage.

The performance is being put on under the auspices of the Women's Canadian Club, for whose war memorial scheme will go the proceeds which come to S. J. Meredith and through the selling of programs and boxes. Yesterday members of the Women's Canadian Club were busily selling programs in the lobby of the theatre in aid of the memorial tower which is to be erected on Springbank Hill.

Joseph Tirri, leader of the Majestic Concert Orchestra, arranged all orchestration and is receiving hearty congratulations for his efforts.

"LA BELLE RUSSE" AT PATRICIA THEATRE IS ABSORBING PICTURE

Plot Is Replete With Tragedy, Comedy, Romance and Adventure.

From the viewpoint of the average film fan. "La Belle Russe, which well deserves to be numbered among Theda Bara's screen successes, is one of the most satisfactory pictures ever shown at the Patricia Theatre. On Monday the house was packed, and, without a doubt, not one individual among the large crowd that attended was disappointed. Tragedy, comedy, romance and adventure are in this picture. The plot is one of the most absorbing and the climax one of the most surprising ever shown upon the white canvas.

In England lived the proud family of Sackton. Their home was Deepdean, a castle in Shropshire. Here lived Lady Genevieve Sackton and her two sons, Sir Richard and Sir Philip. The former of the two sons was the older and was intolerant to all those who were not of noble birth. Sir Philip saw the world as it was. In fact, he was in love with Fleurette (Theda Bara), a brilliant dancer at the famous Leicester Theatre. Despite all efforts of his brother and motner, the marriage of Sir Philip and the girl took place. The nobleman was disinherited for this act. For some time he and his wife lived by their work, he by painting pictures and she by teaching dancing.

Then came war with Germany. The elder brother was ordered to report to his regiment, and was killed while fighting with the "Little Contemptibles" during the retreat from Mons. Sir Philip also rejoined his regiment. While in the trenches, a fellow-officer told him of a woman in Paris, a tigress by the name of La Belle Russe. She had tried to wreck the life of the officer.

When the regiment went over the top Sir Philip, after much gallant fighting, was laid low by an enemy bullet. Officially he was reported missing, but the other officer, finding him and thinking he was dead, informed his mother of the fact. His wife, during his absence, had given birth to a son, but on learning of his death she and the boy had left for France, leaving no trace behind them.

Lady Sackton finally overcame her pride, and decided to take Sir Philip's son into the household, as he was the last of the Sackton's.

Finally he was located and brought to the house.

While walking in London one night in search of his wife, Sir Philip, who had been given up as dead, but who in reality had been in a German prison hospital, met the officer who had told him of La Belle Russe. It was then that he learned of his brother's death. Haste was made to his home to his supposedly bereft mother. Here he was greeted by her and the babe, but was astonished when the officer who had accompanied him pointed out the woman with the babe as La Belle Russe. She denied it, but then another woman of exactly the same features entered proclaiming herself as his lawful wife, and the other woman as La Belle Russe, her twin sister.

The imposter confesses and goes away to leave everything tranquil at the Sackton home.

Eddie Tanner and the Palmer Sisters presented a comedy playlet "When We Grow Up," which was very well received.

The ever-popular Charlie Chaplin in "Some Nerve" and Montague Love and Enid Markey in "She's Everywhere" complete a performance well worth seeing.

AFTER EATING PLAY SAFE

It Is a Wise Precaution To Take a Stuart's Dyspepsia Tablet After Eating To Avoid Gas, Sour Risings, Heaviness, and the Lazy, Loggy Feeling So Apt To Follow.

The range of food is so great, its preparations varies so widely, that few

"Now It's Back to Work and No Chance For Indigestion With These Stuart's Dyspepsia Tablets."

stomachs are strong enough to grapple with all conditions of restaurants, hotels, clubs, depots and banquets. The safe plan is to be provided with Stuart's Dyspepsia Tablets, that you may eat rich and palatable food served or selected and not be troubled with gas, sour risings or such forms of indigestion. These tablets digest food, they assist the stomach secretions and for this reason people who travel away from home and must eat as it is served may play safe by taking one or two Stuart's Dyspepsia Tablets after each meal.

You can get these tablets in any drug store anywhere in the United States or Canada, which shows in what general favor they are among those who have learned how to enjoy their meals.

REAL HEART THROBS IN FEATURE PICTURE AT GRAND THEATRE

Nazimova, Starring in "The Brat," Holds House Spellbound.

Nazimova, the incomparable, carried a crowded house at the Grand last night through all the heart-throbs, the pathos and humor of "The Brat," a delightful play that grips the spectators as no other picture has in many months. While the story itself is such that it makes one forget himself in the reading of it, yet when one sees it interpreted by Nazimova he verily lives through all the thrills, disapointments, fights and triumphs of "the brat."

The story narrates the whimsical romance of "the brat," a nameless child of the charity institutions who drifts into the chorus of a cheap musical show, is insulted and then haled to the night court on a trumped-up charge. There an author who is seated on the bench with the judge sees in her just the "type" he has been seeking as the heroine of a new novel he is to write.

MacMillan Forrester, the author, takes the bedraggled child-woman to his home, shocking his aristocratic mother and arousing the angry resentment of Angela, his blue-blooded fiancee. From studying his protege, the writer's interest grows deeper, while she worships him and seeks constantly to show her gratitude.

The novelist's brother is a ne'er-do-well. It was he who insulted "the brat" and had her haled to the Night Court. He later confronts her in his home. They are, of course, enemies, but the girl shows her noble qualities by intervening when the weak brother is about to commit a crime. After many trials she triumphs, and the ending is both happy and unexpected.

Nazimova's acting is superb, and her adroit characterization is heightened by the generally humorous quality of the subtitles which convey "the brat's" odd collection of slang phrases and whimsical philosophy. Mr. Bryant does excellent work as the absent-minded author, and a splendid bit of character is contributed by Frank Currier as the Bishop.

The vaudeville bill is a particularly strong one, for all of the five acts are good. The headline attraction, billed as the "Midnight Marauders," has a unique way of "putting over" some splendid singing and good comedy. Manuel Romaine has a fine voice, while his assistants, Powers and Dalemare, can both sing. The stage settings are elaborate.

Mabel Fonda Trio does some unusually clever juggling. Many novelties in the juggling of Indian clubs are introduced. A fast routine of fast single, double and triple work is done. The act opens with the stage darkened, and electrical effects are staged.

Tumbling, combined with singing and talking, is staged by Dobbs, Clark and Dares. Some difficult stunts smoothly accomplished delighted the house last night, and many encores were called for.

Octavo, a woman with a remarkable double voice, sings many new and old numbers. Everyone is kept guessing whether she is a man or a woman, and then nearly everyone guesses wrong.

Celina's Circus, an animal act which includes trained dogs, monkeys and a pony, completes the vaudeville bill. A comic picture featuring Fatty Arbuckle, a Pathe Review, Topics of the Day and Kinograms make up the balance of a program that will be presented today and tomorrow.

OFFICIAL OF G. T. R. DENIES RAILWAY HAS CONFISCATED COAL

Brands Published Story To That Effect As "Absolutely False."

"The Grand Trunk Railway has not confiscated a single car of coal consigned to any manufacturer, and any such statement is absolutely false," said Superintendent Charles Forrester in discussing a news item in a local paper yesterday.

"Is the coal situation such that you may find it necessary to confiscate coal?" he was asked.

"It is not likely that we will have to, for the situation is getting better," Mr. Forrester replied. "The American railways are helping us out all they can, and if they keep the promises they have made there will be no difficulty. We have a lot of coal en route, and it looks as if things will be tided over successfully. We have an engine moving coal from Detroit to Port Huron now."

CARPENTERS AND JOINERS HAVE ENJOYABLE EVENING

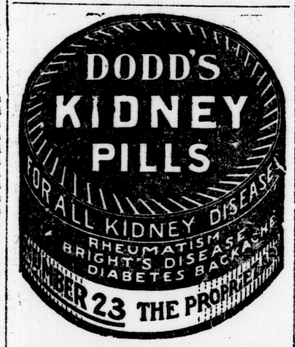

Sing-Song, Smoker and Euchre Drive.

A smoker and euchre drive held last night under the auspices of Local 1,946, United Brotherhood of Carpenters and Joiners of America, proved to be a very enjoyable function. Ald. Watkinson, in the course of a short address, in which he outlined the organization work in connection with trade unionism, expressed the hope that in the future employers and employees would get together on a more amicable basis. Arthur Moule also discussed organization work.

During the evening a fine musical program was rendered by the Sunset Male Quartet, and these numbers were alternated by choruses by the gathering at large.

The announcement was made that prizes would be awarded to the two members securing the greatest number of new members up to May 1.

The euchre prizes were donated by leading hardware men of the city.

"FAIR AND WARMER" COMING TO THE GRAND THURSDAY

So great was the success of "Fair and Warmer," the Avery Hopwood farce of temperature and temperament, which Spaeth and Company will present at the Grand Thursday matinee and night, that before it had reached its first hundredth performance at the Harris Theatre, in New York, there was a demand for it from every quarter of the country, and its fame had been carried from coast to coast and from the Gulf to Canada by the out-of-town members of its capacity audiences.

Its success was so instantaneous and so unceasing during its year in New York, that a nation-wide interest was created. It shows here with a typical Spaeth and Company cast of excellent farceurs, who will give the fullest flavor to the Hopwood lines and situations. The seat sale opens this morning.

"THE NAUGHTY WIFE" COMING TO THE GRAND FRIDAY AND SATURDAY

A husband suddenly awakes to the realization of the fact that he is in danger of losing the love of his wife. If there had been a doubt in his mind as to its certainty, the lady herself promptly removes it by calmly announcing she is going to elope with another man.

Then the situations in "The Naughty Wife," the farce which comes to the Grand Friday and Saturday evenings and Saturday matinee, begin to develop with dazzling swiftness from that point on. And it is these situations which make it easily one of the funniest and one of the most successful plays of its kind ever produced.

To tell just how the husband faces the danger which threatens him; the steps he takes to confound the other man and to bring his wife to a realization of what she is about to do—that would be deliberately depriving those who are planning to see it, of one of the most enjoyable evenings they will spend in the theatre in years. Suffice to say, he proves more than a match for the prospective elopers and his triumph in the end gives just the needed touch to make of the play the extremely popular success it has proven to be.

There is a cast of rare excellence, chosen with infinite care that there may be none in it who is miscast for the part he or she attempts. "The Naughty Wife" has had nothing but success as its reward since it opened in New York. There it ran the greater part of a season, and then went to Boston, and later Chicago, where it repeated its triumphs. A company is now presenting it in London, England, to record-breaking business. The company over here is making a complete tour of the country.

"The Naughty Wife" comes here, exactly as it was presented in the metropolis of both the east and the west. Selwyn and Company, under whose mangement it is presented, long since made enviable reputations for themselves by the excellence of the productions they sent on tour. That of "The Naughty Wife" more than matches the best they have ever done and the result has been unqualified success. Theatregoers may well look forward to the coming of "The Naughty Wife" with pleasureable anticipation. The seat sale opens tomorrow.

600 TONS OF ICE.

EMBRO, Jan. 24.—John E. McDonald and the men he had working for him have put in 600 tons of ice into the City Dairy in ten days. They are now busy cutting for the farmers and others in this district.

It seems that F. P. Brockman has got a real service plan for the motorist regarding tires. Most all of them are getting in on it. Better investigate.
