## School Shoes

Past experience has proved to hundreds of parents that our School Shoes wear about twice as long as other shoes sold at the same price. The reason is that we personally select the material used in the manufacture of our shoes. Our profits, its true, are small on a single pair, but, by shoeing half of the school children, it pays us in the end.

Every Pair Guaranteed

## CANADIANS IN BACK SEATS

Didn't Take Initiative on Any Subject at Colonial Conference.

Recently Published Blue Book Causes Disappointment in London.

London, Nov. 4.—Disappointment is the most widespread note of the comment upon today's official report of the colonial conference. Especially is the disappointment felt among the friends of Imperial unity in Canada's attitude. It is now discovered that the Canadian Minister left the entire initiative on every subject to the British, Australian, New Zealand and South African Ministers. Not a single Canadian notice of motion or suggestion for discussion appeared on the agenda. Every other colony, even Newfoundland, increased or instituted contributions towards the naval defence of the Empire. The Canadian Ministers not only declined contributions, but submitted a memorandum condemning the whole movement for many in defence by explaining that they did not object so much to the expense as to the important departure from the principle of self-government involved. Critics here smile at the implied suggestion that Australia and New Zealand are less careful than Canada of the principle of self-government.

Answering Mr. Broderick's assertion that the colonial forces which were sent to South Africa could not be pitted against European troops, the Canadian ministers explained that improvements in the Canadian force were now being made, and promised to make all reasonable efforts in co-operation with the Imperial authorities to secure efficiency, so far as consistent with the principle of self-government. They were also prepared to co-operate in the creation of a naval reserve among Canadian fishermen.

Owing to Canada's attitude the Imperial defence proposals fell through, or, in the diplomatic language of the report, "the discussion will be continued in correspondence." The result led the Morning Post to declare that the blue book shows how very far the Empire still is from receiving organization for any great end.

By a curious coincidence the blue book appears on the same morning as the news of a formation of a Montreal branch of the Navy League, and the announcement of a gift of \$125,000 from Lord Strathcona to the Liverpool branch of the league in sympathy with the work, especially the establishment of a training home for poor boys.

Regarding preferential tariff, the conference recognized the value of the principle, admitted the impracticability of general free trade, and urged the British ministers to grant a preference to the colonies by the exemption from, or reduction of, the duties now hereafter imposed. The ministers pledged themselves to recommend the Canadian Parliament to maintain the preference of 33 1/3 per cent. and to make an additional preference by further reducing duties in favor of Great Britain and raising duties against foreign imports, as well as imposing duties on certain foreign importations now on the free list. Upon this the critics ask, Will Mr. Tarte and his party say?

The Times comment on the Canadian preference runs as follows:—"The appendix to the blue book, the Canadian trade illustrates in a curious way how little may result even from liberal preferential treatment when the general fiscal arrangements are highly prejudicial. Notwithstanding the preference of 33 per cent. on British goods, the ad valorem burden upon British exports to Canada is actually higher than the ad valorem burden borne by the general trade with other countries sending goods to Canada. Taken as a whole, our exports to Canada pay 18 per cent. ad valorem in spite of the preference; while American goods pay on the whole 12 per cent., and the burden upon all Canadian imports taken together is 16 per cent."

## ELECTION VOID

Simcoe, Ont., Nov. 4.—Justice McMahon declared the election of Conservative candidate for North Norfolk void at 1.45 p.m. today, after examining one or two witnesses. E. J. Jarvis swore that he paid for the tickets for four electors residing in Brantford out of his own pocket, and as the agency of Mr. Jarvis was admitted the court was asked to declare the election void without proceeding further. The cost of continuing the investigation would be considerable, as there was a large number of cases in the bill of particulars. The petitioner agreed not to press for costs of trial.

## DOUKHOBORS IN A BLIZZARD

Piercing Cold Weather Adds to Sufferings—Scores Fall on Plains.

With Bleeding Feet and Dying Babies They March on With Death in Their Wake

Fort Warren, Nov. 4.—The plight of the Doukhobors is pitiable in the extreme. The keen north-eastern wind cut to the bone, and was accompanied by a heavy snow-storm. They had said that God would not allow winter to come upon them, and it is thought that this severe weather may bring the pilgrims in the body to their senses.

The pilgrims' condition, lying unprotected on the snowy waste, exposed to all the inclemency of a November storm in Manitoba, would move the pity of the most hard-hearted. The main body, some 450 strong, are huddled in a willow scrub at the bottom of Stony Creek, one and a half miles west of here.

## ON THE VERGE OF STARVATION.

Winnipeg, Man., Nov. 4.—The Doukhobor pilgrims on the march in search of the new Messiah are now on the verge of starvation and death. Yesterday occasional wheat fields through which the fanatics passed, were gleamed by the vanguards. The wheat they gathered is used as food, and it is all they have to live on.

Reports from the last stopping place of the Russians indicate that the end is near. Scores of the pilgrims have fallen on the plains, and despite the exhorting of Leader Ziboroff, many were talking of turning back to their homes. Ziboroff has told them that there will be no winter and that the present fine weather is but a continuation of the summer that will last until their search for the Messiah is rewarded.

Following in the wake of this strange army of pilgrims are scores of some Doukhobors, who night and day plead with the misguided ones to return before sickness and death seize them.

What the army of fanatics reached Binscarth, the condition of many of them gave every indication of an early collapse. Half of the Russians marched barefooted without shoes, and slept in their bare feet and wearing only trousers and shirts. The nights were bitterly cold, and when their march was resumed in the cold gray morning, some of them with feet raw and bleeding as a result of walking in the prairie grass, which cuts like a knife, fell down on the spot from which they had arisen, and lay there until they were picked up this afternoon. After several efforts they would stagger after their more fortunate brethren, whose religious fervor made them oblivious to all pain.

When the Russians left, Yorkton they were absolutely without provisions. Their insanity increased as they marched, as their leaders issued an edict to throw away everything in the shape of clothing except enough to cover their nakedness. Nearly all obeyed. The piteousness of their condition beggars description.

## SLOWLY STARVED

Female Keeper of a Montreal Sanitarium Arrested on a Serious Charge.

Montreal, Nov. 4.—Miss Virginia Mobeille, who conducts a private sanitarium in this city, was placed under arrest this afternoon, charged with being criminally responsible for the death of Frederick Bell, a wealthy resident of St. Lawrence, Que. Bell, who was seventy years of age, was suffering from a stomach trouble, and went to the sanitarium for treatment. The evidence showed that he had been slowly starved to death, being fed solely on water and liquid food. Doctors who made the autopsy of the body, swore that the man's death was due to starvation. Miss Mobeille belongs to the Lord's Day Adventists and ran a similar institution in St. Louis, where she got into trouble under similar circumstances.

Archie Park has returned from Wallaceburg, where he closed the contract with Alex. Williston, for the Skinner Drainage Works, for a large boiler, 72 inches across, by 16 feet long, with smoke stack.

## NEW INDUSTRY FOR CHATHAM

Public School Board Secure Location of Factory Employing 100 Hands.

But Don't Purpose Prating About it and Claiming all the Credit.

If the Public School Board continue in the work they are doing in bringing factories to Chatham there will soon be no need for the zealous efforts of our Board of Trade in that behalf or the operations of an industrial committee.

At the last meeting of the Board, held a month ago, the matter of renting the King St. property to the Graham Canning factory was left in the hands of a committee with power Mr. Heyward, the chairman of this committee, reported at the meeting of the Board held last evening that satisfactory arrangements have been made with the Graham company, with the result that Chatham is now in possession of an industry which employs over 100 hands.

"A good many people," commented Dr. McKeeough, "are claiming reward for introducing industries into the Maple City. This factory, which was procured by the School Board, employs over 100 hands and we are not making any great exploits over it. The gentlemen of the Board who intend to go before the people soon would do well to keep this fact before the public—laughter. One thing is sure, we evidently know how to dispose of our property without giving it away, as we are sometimes accused of doing."

There were present at the meeting, Messrs. Dr. McKeeough, chairman, Dr. Bray, W. H. Benson, R. M. Paxton, W. N. Morley, W. Cornish, Geo. Heyward, John McCordie and W. Robertson.

The Finance committee's report was read as follows and adopted:—

To the Chairman and Gentlemen of the Public School Board:

## EVENING WEDDING

The wedding takes place this evening of Miss Grace Terrington, daughter of Mr. and Mrs. Terrington, Queen street, to Jewell French, of Walkerville, cousin of Thomas French of this city. Mr. French is a former Chathamite and employee of the Chatham Mfg. Co., and has many friends in this city. Miss Terrington is one of Chatham's pretty young ladies and has for some time been employed at Wm. Somerville's confectionery. The wedding, which is a quiet one, takes place at five o'clock. The happy young couple will live in Walkerville. Rev. Mr. C. Bledieck will tie the knot.

## REPUBLICANS VICTORIOUS

Proved Victorious in United States Congressional Elections.

In New York State the Fight Was Close—City Offset by Outside Returns.

The elections throughout the United States yesterday resulted in substantial Republican victories. The old-line Republican States all rolled up their old-time majorities, and the States that sometimes are called doubtful, gave good Republican gains. It is apparent that Mr. Odell has carried the State of New York by a safe majority. In Greater New York an immense plurality was rolled up for Mr. Odell, but the rural districts came to the Republican rescue, and Mr. Odell's election is assured. The returns from the Congressional districts indicate the Republicans have carried the House of Representatives by a safe working majority, probably 8 to 15.

Connecticut is Republican by 10,000 majority.

Massachusetts gives 30,000 to 40,000 majority for the Republican ticket.

New Hampshire gives a reduced Republican vote, and so does Rhode Island.

The Republicans carried Pennsylvania by a plurality of 165,000, electing Judge Pennypacker Governor. Pattison, the Democratic candidate, carried only one ward in Philadelphia. Pittsburg gave Pennypacker nearly 30,000 plurality, and Philadelphia's plurality was probably 100,000.

At midnight there were no definite indications as to the result in Delaware. The Addicks' men were claiming a victory, but this was disputed by the Democrats and regular Republicans.

The Republicans won overwhelmingly in Ohio, carrying the State by more than 100,000 plurality, a gain over 1900 of nearly 40,000.

Indiana gave a Republican plurality of about 25,000. The Congress delegation remains unchanged politically.

West Virginia retains a solid Republican Congress delegation.

IN THE SOUTH.

Throughout the South generally there was little interest in the election. In several States there was no opposition to the Democrats. In North Carolina the Republicans will lose a United States Senator. The count in Colorado is delayed by the vote on constitutional amendments, but the indications are that the Democrats have won. Wyoming returns show a sweeping Republican victory.

The reports from Nebraska indicate

## The Lightness of a "Dorothy Dodd"

IN all wearing apparel the finest and choicest materials are those that combine great strength with extreme lightness of weight.

Few persons stop to consider how much needless weight they carry about in their wearing apparel. And the greatest item comes in the matter of shoes. Heavy shoes are a drag on your strength with every step you take. They are a continual tax and quickly exhaust you.

The lightest of all shoes for women is the "Dorothy Dodd." The scales are the only test and they show a big difference over any other shoe.

Think what it means to you to save the lifting of any needless weight many hundred times an hour. Yet no element of wear is lost in this lightness.

They cost \$3.75

P. S.—Of course we will give you particulars of the "Dorothy Dodd" \$4.00 Prize Offer.

WEDNESDAY, NOVEMBER 5

### MR. TARTE AT THE SOO.

Mr. Tarte was at Sault Ste Marie at the dedication of the Clergue power canal, and there met at the banquet table a large number of prominent men of the United States.

After alluding in a jocular manner to the fact that his colleagues had thrown him out of the cabinet for his recent utterances on the tariff question, Mr. Tarte caused a small sensation by asking the Americans if they would mind him giving them a piece of his mind. One of "No, no." Mr. Tarte then went on to say that the Americans had treated Canada unfairly. Canada had tried to negotiate a tariff, but our neighbors would not be friendly. We are closing an epoch of apathy and indifference, and before long we may bring you to time by putting up our fence. That, I think, would have a good result. We are not as big as you, but you cannot swallow us in one mouthful. National pride is running high in Canada, and we are going to protect ourselves, and in the doing so we will bring you to time. We have a country full of natural resources. We have iron, gold, lumber, and magnificent fisheries. You want our iron and gold and lumber, don't you? You are joint owners with us in the great waterways, but we are sole owners of the St. Lawrence route. Our waterway from Chicago to Liverpool is 500 miles shorter than your route, and I think you will use our waterway when it is completed, although I don't care whether you do or not. There is a strong national sentiment on this subject.

Whatever Mr. Tarte's critics may say, the above is the right position for Canadians to take. The dismissed minister may be open to criticism in many ways, but his pro-Canadianism must strike a responsive chord in the hearts of all Canadians who have the upbuilding of the country at heart. Evenness and subservience will never win respect from anyone, and Mr. Tarte's independent utterances will heighten respect for him and his country in the minds of those who listened to him.

### CHRISTIAN SCIENCE ON TRIAL.

An interesting case is about to be tried in New York where parents permitted their 7-year-old child to die by refusing to provide a proper physician. The child was down with diphtheria. The parents were Christian Scientists and employed a Christian Science "healer" with the fatal results that followed. Medical men testified that had the child received proper medicines the chances would have been greatly in favor of its recovery.

The grand jury sitting on the case handed down indictments charging parents and the "healer" with manslaughter in the second degree, in causing the child's death by neglect. There is a section in the penal code which states that homicide is manslaughter in the second degree when it is committed without any design to effect death by any act, procurement or culpable negligence, of any person, which does not constitute the crime of murder in the first or second degree nor manslaughter in the first degree. It is stated that the indictments for manslaughter are the first that have ever been brought against Christian Scientists. The punishment for manslaughter in the second degree is a term of imprisonment not exceeding fifteen years, or a fine not exceeding \$1,000, or both.

The case is a very important one, and will in all probability be tried early this month. It will be looked upon all over the country as a first case as to the rights of Christian Scientists. It will be a contest between science and faith, on the one hand, and blind faith on the other.

The grand jury presentment in connection with the case calls attention to what it deems a fact, namely

## The Stimulus of Pure Blood

That is what is required by every organ of the body, for the proper performance of its functions. It prevents biliousness, dyspepsia, constipation, kidney complaint, rheumatism, catarrh, nervousness, weakness, faintness, pimples, blotches, and all cutaneous eruptions.

It perfects all the vital processes. William Ross, Sarnia, Ont., took Hood's Sarsaparilla to make his blood pure. He writes that he was all run down, his appetite was gone, and his nerves were so unstrung he could not rest nor sleep. He had tried many remedies without benefit when Hood's Sarsaparilla was recommended and he began its use. Three bottles of this medicine entirely cured him.

that the health laws of the country have not only been violated, but openly defied. It is quite possible that the particular county of Westchester, N. Y., is only a sample of a great many counties of the American union where like violation and defiance of law exists.—Windsor Record.

### A LAMENTABLE CASE.

The suicide of Frederick Joyce, of Byron, by hanging on Wednesday night last, has been described in the public press as the result of despondency.

Those who knew him well say that he was not the same man after the East Middlesex election trial that he was before. He seemed worried and disheartened ever since his name became associated with the case.

Nothing came out before the judges pointing to any act that was creditable on his part, or was to come out. And yet he was deemed on the part of the defendant to be so dangerous a witness if summoned by the prosecution that the defendant's counsel brought him forward as the signer of a declaration that he had neither received nor been offered anything for his vote and interest on behalf of Dr. Routledge. The facts of the case, however, are as stated by a gentleman prominently concerned in the petition, that Mr. Joyce was to have been summoned as a witness against Dr. Routledge, and pleaded to be excused from appearing in court on the ground that it would grate harshly upon his feelings to be obliged to testify under oath in regard to certain benefits which he confessed he had received in consideration of his vote. He did not wish to compromise those who had done him "good turns."

The deceased seemed to fully realize the importance of such evidence as he would be called upon to give at the election trial. His request was agreed to by the prosecution. He was not to be called as a witness.

But the defence fearing the disclosure that he might make, if called by the prosecution, headed the matter off by procuring him to make a statement, which was duly sworn to, that he had not received nor been offered anything on behalf of Dr. Routledge.

The truth of these statements is

vouched for by men of the highest veracity and character.

If, then, the unfortunate deceased felt his mind unsettled after the trial, became morose and despondent to a noticeable degree, after being dragged before the court as described, what is the inference? Was not something or some one responsible for poor Joyce's lamentable taking off more than "financial embarrassment," the cause which some have assigned?

If any one was responsible it was not the men who released him from the summons at his urgent and pathetic request, but those who tempted him to sign a document which he would not have signed of his own free will which was not true.

### Damp-proof

Moist feet are cold in winter! Sole leather is cellular, and carries street fluid to the foot as the wick carries oil to a lamp.

Two-thirds of street moisture, which reaches the foot, comes up through the outsole, in ordinary shoes.

Between insole and outsole of the RESILIA shoe is placed the cushion centre-sole of live rubber, through which moisture cannot pass, making it wet-proof, as well as springy and ventilated.

Its cross channels permit the air to dry the inner sides of both outsole and insole.

It thus prevents the retention of moisture, cracking, hardening, mouldiness, and keeps the feet dry, clean, hardy and healthy.

Observe beneath, the rubber centre-sole and its cross channels.

## SACHEL --OF THE-- SATELLITE

Prospective aldermen seem to be scarce this year.

The citizens surely don't intend to be without wood as long as the city shade trees last.

I was angry with a fellow the other day so I went to the phone and called him up to call him down.

Talking of quartettes, what city can beat our quartette of schools—Collegiate, Central, McKeough and St. Joseph's?

The Satellite thought that he was the only shorthand man on the staff, and he was until the editor went and got mixed up in an accident.

The rich man's wood yard is doing some business, but the poor man is buying his wood from the Maple City wood dealers just the same as usual.

In the matter of city shade trees, it may not be out of place to remark that shade will not be needed for six months, while fuel is needed now.

When a good man goes wrong people piously sigh and say, "No man is perfect." But when another fellow is caught at the same thing, they shudder and say, "The Brute."

If Ald. Taylor wants men to nail shingles on the new roof to be put over the jail, they generally have fellows over there who are good at nailing things.

The new sanitary arrangements at McKeough school, the about command, how many North Chatham parents agree with the aldermen who would have kept their children in the abominable old premises?

Barrow is Hamilton's new city engineer, but I shouldn't think he would be much of a success. Barrow's are only of use when they are pushed. What Hamilton evidently needs now is a man behind the Barrow.

It wouldn't be a bad idea if our dear friend the B-N would just show the poor deluded Public School Board just the particular part of the Health Act they are breaking. We have been expecting this to be pointed out. Again, what about the C. I. Board and the Separate School Board?

The deer hunters are off to Muskoka. They will all bring a deer back and will truly entertain their friends with stories about their deer hunting trip, during the long winter evenings. While the men of the north will enjoy a comfortable winter on the money made by selling deer to the amateurs to bring home.

### THE ENDLESS CHAIN.

The city solicitor's bill was referred to the Finance committee. They had it taxed. Lewis & Richards attended to the work. Now their bill has been received and it will be up to the Finance committee to have it taxed under the direction of the city solicitor. Then the city solicitor's bill can be taxed, etc., etc.

### MISSING MEN

Mayor Sulman has a communication inquiring information about Jno. McColl, a former resident of this city. He was employed in the dry goods store of J. O. Peck. Mr. Peck is now in Windsor and probably he can tell something about his old clerk.

The Mayor also has been asked for information concerning John G. Taylor, who used to be in the music business in Chatham 30 years ago. Mr. Taylor, if he is living, will be about 75 years of age.

### AN ARBITRATION

The arbitrators appointed to change the boundaries of Union School Section No. 1, Tilbury East, met at the school house last Saturday. The arbitrators were W. F. Robertson, treasurer of Tilbury East; A. E. Robinson, clerk of Raleigh Tp., and Robert Park, Inspector of Public Schools.

The arbitrators changed lot 2 in the 4th concession Raleigh, from Union Section No. 1, Tilbury East, to Section No. 4, Raleigh. They put all the lands formerly in School Section No. 3, Tilbury East, North of Jeanette's Creek, into School Section No. 1, Tilbury East. All lands formerly in No. 1 Union Section, Tilbury East, south of Jeanette's Creek, were transferred into Section No. 2, Tilbury East.

## I could not rise to my feet without fainting.

"I had suffered for three years or more at monthly periods," writes Miss Ella Sepp, of Jamestown, Guilford Co., N. C. "It seemed as though I would die with pains in my back and stomach. I could not rise to my feet at all without fainting; had given up all hope of ever being cured, when one of my friends insisted upon my trying Dr. Pierce's Favorite Prescription. With but little faith I tried it, and before I had taken half a bottle I felt better, had better appetite and slept better. Now I have taken two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery,' and am happy to say I am entirely cured, and all done in two months' time when all other medicines had failed to do any good at all."

## NERVOUS DYSPEPSIA

### A CURE FOR ALL

Not a Patent Cure-all, Nor a Rational Miracle, but Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no further than this and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial, will find that nothing is claimed for it that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medical properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply take plenty of wholesome food and take one of these tablets at each meal thus assisting and resting the stomach which rapidly regains its proper digestive powers, when the tablets will be no longer required. Nervous dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents per package.

## WORLD OF SPORT

### FOOTBALL

C. B. C. 2, C. C. I. 1.

The College boys were right at themselves yesterday in their game against the High School students and secured their first victory for this season. The college team has been considerably strengthened since the last game with the model school by George and Harry Anslee and Lawson. The C. C. I. put up a strong fight but their heavier opponents got the better of them as to scoring.

Williamson for the high school scored the first goal in the first half. In the last of the first half the college boys worked hard, and Lawson, the college left half back, scored the first goal the college has made this season.

The first half ended without further scoring and the second half signified the hardest kind of struggle for supremacy. Once the ball was shot at the college goal, Bowyer stopped it, but fumbled it and just recovered it within a foot of the goal, in time to avoid a charge from Campbell the school centre forward.

The play continued hard and the players thought time must be almost up, but Referee Sam Mercer announced three minutes yet to play. The college boys captured the ball and by a lightning rush down the field, scored in 45 seconds by Harry Anslee.

This made the score two to one in favor of the college and no more scoring was done.

The line up:—

Goal—Bowyer.  
Backs—W. Mounteer, Ford.  
Half backs—Lawson, McNaughton, Scriven.

R. Wing—G. Anslee, Shupe.  
Centre—Boley.  
L. Wing—H. Anslee, E. S. Mounteer.  
C. I.

Goal—Thomas.  
Backs—Sisson, Waddell.  
Half backs—Liddy, McQuarrie, and Courts.

R. Wing—Warnock, Martin.  
L. Wing—Williamson, Dennis.  
Centre—Burnie and Campbell.  
Referee—Sam Mercer.

The college and model school play on Friday afternoon and the college boys assert that they will teach the would-be teachers a few things.

### PRACTICE GAME.

The city Penitentiary League team will line up for practice this evening at 6:30 preparatory to the practice game with the team being picked by S. A. Mercer. Sam has been energetically working picking up the best men possible in the city and says that the city team will have a busy time of it to-morrow afternoon when the Scrubs get after them.

On the other hand, Capt. Fetterly, of the league team, thinks it a good chance for a work out for his team in their new positions, and is endeavoring to look up the Englishman who so severely criticised the team the other day, to see what he is made of himself. The new man, Mr. Grant, who is taking Hamilton's place in the Standard bank, is said to be a whirlwind, and will likely be out to practice to-night.

Sam's team, it appears, desire to be known as the "Scrubs" for some unknown reason.

But wait till Darrell goes to Walsenburg. They will have a hard game there on Saturday next, and a number of Chatham's sports say they are going.

Hamilton Spectator.  
Those Conservative papers which are condemning Hon. Mr. Sifton for encouraging the Donkhor immigration, talk as if they knew all along that there was a strain of insanity among them. As a matter of fact, when they arrived in Canada, they were described by Conservative papers as exceptionally fine settlers.—St. Thomas Journal.

This Conservative paper said nothing of that sort; but the exact reverse. No peculiar people are desirable immigrants. Peculiar people have been the curse of Canada.

### THE PIVOT CONSTITUTION.

London Advertiser.  
North Perth has had a vacillating career in the last dozen years. In 1890 Abrens, Liberal, defeated Heston, Conservative, by 62. Abrens was unseated and in the by-election Magwood, Conservative, defeated Abrens by 46. In 1894 Magwood again proved victorious over McPherson, Liberal, by 408; but in 1898, Brown, Liberal, triumphed over Mr. Magwood by 160. At the election in May Mr. Monteith was declared elected by 2 majority.

## THE LOCAL BUDGET

William Clark, of Wallaceburg, was a Maple City visitor yesterday.

E. Cahill, of West Lorne, was registered at the Rankin House yesterday.

E. W. Johnson, of Detroit, called on his many Chatham friends yesterday.

Rev. and Mrs. H. W. Butt, of Comber, were Chatham visitors yesterday.

Mr. and Mrs. Gilbert Minty, Toronto, are the guests of Mrs. S. Stephenson.

Neil Galbraith, of Glenora, was among the many Chatham visitors yesterday.

D. M. Marshall, of the Martin carriage factory, has returned from a trip east.

The funeral of the late Mrs. Alcorn took place this afternoon to the Maple Cemetery.

Ernest Granger, who has been quite ill in the Public General Hospital with typhoid fever, is improving nicely.

Sizes 3 up to 10-12 in men's and boys' shoes, worth \$3, \$4 and \$5, for \$1.98, at the Cut Rate Store, Garner Block.

The reserved seat plan for the Central school concert, opened with a rush this morning. The seats are already well taken.

Ed. Marshall, proprietor of the European hotel, State street, Chicago, who has been spending a few days at his home here, has returned to Chicago.

S. B. Arnold to-day served the city with a notice that he was going to hold the city responsible for damages caused to his wheel by reason of the bad state of the city streets.

He says that the city doesn't keep the streets in fit condition and they will have to pay for the injuries to his bicycle. It is impossible to ride on the sidewalks although they have no right.

The marriage takes place to-day of Miss Effie Jane McMath, daughter of James McMath, 11th Con., Chatham township, to George Gordon Cooper, of the 11th Con. of the same township.

The ceremony will take place at the residence of the bride's father and will be performed by Rev. Mr. Knowles, of the First Presbyterian Church, this city.

Herman McMath, brother of the bride, will be best man, while Miss Anna Mae Cooper, sister of the groom, will be bridesmaid. On return from their wedding trip they will reside in Chatham township.

In Iowa the Republicans have probably elected all their candidates for Congress. Former Governor Boies, the Democratic candidate in the district where Speaker Henderson declined to run, is beaten.

## GOOD SMOKER

The Y. M. C. C. held a most successful smoker and concert last evening in St. Joseph's hall. There were about 50 members present, and an exceedingly pleasant time was spent by everyone.

The evening was opened with a most enjoyable program, which consisted of vocal solos from B. Weldon, and Edward Prudomme, and a number of comical recitations from Geo. Perrin. Mr. Perrin was a general favorite and kept his audience in excellent humor.

After the program an oyster supper was given and was followed by a few impromptu toasts. Our club was spoken about by the President, J. H. Kehoe. The Ladies were responded to by Mothers, Fairbanks and Prudomme, and "When we were 21," was looked after by Ed. Dunn. John Smith, pianist, played a number of selections during the evening. After the smoking part of the program, two boxing contests were pulled off between D. McLaren and Wm. Roberts, Jno. Conway, and James Milner. Both were declared draws.

## HORSE TRADE

All is fair in love and a horse trade may be true enough, but people don't generally look for fairness in horse trades. There was a great exchange of horses in this city on Saturday, last and some idea of the kind of horses traded may be gathered from the fact that one man tried to sell his bargain for 50 cents, but couldn't even give it away. It was Saturday morning that W. Somerfield, of Raleigh township, drove into the city. The animal he drove was a long, rangy animal—mostly rangy. He swapped with Bill Woods, getting something between \$2 and \$3 in cash in boot. The horse Somerfield got in return was mostly hide, bones and heaves. He tried to sell it back to Woods for 50 cents, but Woods didn't need it. Somerfield, it is alleged, then turned the animal out on the street to pick a living or die. Johnny Johnson, the city pounder, saw the animal and put it in the pound. He now wants to get rid of it. He says that the horse won't sell for anything and that nobody would take the animal at a gift.

Chief Holmes says that it will cost the city \$10 or \$15 to get rid of the horse. He says that if people think they can get rid of their horses by turning them out on the city streets, that they are much mistaken. He is going to lay a charge against Somerfield either for cruelty to animals or for allowing his horse to run at large. Judge Houston was away to-day, but the chief will lay the charge as soon as the Judge returns.

## Personal Pointers

Joe, Tail, of London, is a Chatham visitor to-day.

John H. Osterhout has gone to Toronto to attend college.

Miss Ling, Detroit, is the guest of Mrs. Sydney Stephenson.

Miss Balfour, Toronto, is the guest of Miss Susan Taylor, Park St.

Mrs. Howard, of Raleigh, is dangerously ill with blood poisoning.

Miss Belle Springer is confined to her home to-day through illness.

Miss Ethel Cuckey entertained a number of friends last evening.

Mr. and Mrs. Frank Chapman are spending a few days at Mitchell's Bay.

Mert Sheldon, who has been ill in St. Joseph's Hospital, is doing nicely.

Mrs. E. C. Gammage is visiting her daughter, Mrs. J. R. Chapman, in London.

## Theatrical

Willis Granger, the young romantic actor, is starring this season in one of the most successful English melodramas produced in some time, entitled "Gypsy Jack," which will be the attraction at the Grand on Thursday night. This play, which is full of the most exciting episodes and of genuine fun, has been duplicating its success in England ever since its introduction in this country. The English production has been on the boards for nearly four years, and is still running.

## SAMMIS CONCERT.

The first number of the Lyceum Course, The Sammis Grand Concert Company, including Miss Sammis, soprano soloist; Miss Helen Marie Burr, harpist; Geo. R. C. Deane, tenor, and Ed. M. Shonert, pianist.

The concert was an excellent one and was very much enjoyed by a fair audience. All the participants in the program are artists in their line, Miss Sibyl Sammis showing her ability especially in the last number, the duet with Mr. Deane, "Misereere from Il Trovatore."

Mr. Deane, the tenor, has a splendid voice of good range.

Miss Burr is an excellent harpist, all her numbers being encored.

Mr. Shonert on the piano was fine in his solos and also in his accompaniments.

## Worcestershire Sauce

It is a well known fact that there is only one Worcestershire Sauce made and that is Lea & Perrins'. We sell it, and know its good qualities, and can always sell it to a customer with pleasure. But for those that want a really good sauce for a great deal less money, we have it and a first class one, too, and the price you will hardly believe it, but it is only 10c. We never ask anyone to buy unsight, unseen; we have the sauce; come in and we will show it to you, and not only show it to you, but let you taste it for yourself and then we know you will buy. We still have another one for 20c, that is a beauty, almost the flavor of Lea & Perrins'.

**LATEST 730**  
Special from Wall Street  
The Eastern Consolidated Oil Co. stock now selling at 50¢ will advance to \$1.00 a share in 60 days.  
This is the stock that has paid 20% on the investment in 10 months

**EXTRA**  
SPECIAL FROM CALIFORNIA  
The Eastern Consolidated Oil Co. has developed a new working force on its Kern River property.  
10 NEW WELLS BEFORE XMAS  
This should increase the output by 50,000 bbls of oil a month.  
Big producing well just came in in Kern River. Another expected this week.

## The NEWS of the DAY

## Points the Way to Rich and Profitable Investments

The phenomenal success of the Eastern Consolidated Oil Co. is a matter of public knowledge. It is the subject of newspaper dispatches. Watchful investors may read in the daily papers the facts which make this stock the GREAT financial opportunity of the end of the year 1902.

Eastern Consolidated Oil Co. Stock  
Advances to \$1.00 a Share by Jan. 1, 1903.

## PRICE OF OIL ADVANCES BECAUSE OF DEMAND FOR FUEL.

The Standard Oil Co. has advanced the price of oil to 8c and 8 1/2c a gallon.

The great Cramps Shipyard Company of Philadelphia has decided to burn oil for fuel.

The Pacific Mail Steamship Co. is converting its steamers into oil burners instead of coal, thus effecting a great saving.

The Boston Transcript states that oil has advanced in a few days from \$1.22 to \$1.27 a barrel.

A large plant in Maine which handles \$3,000,000 worth of raw material in a year will burn oil instead of coal.

The General Electric Co. of Lynn, Mass., is figuring on using oil for fuel in its great establishment.

The Iron Clad Mfg. Co. of 4 Cliff St., New York City, with large factories in Brooklyn has already adopted oil for fuel.

## HOW INVESTMENTS IN THIS STOCK INCREASE IN VALUE.

Am't Invest'd Jan. 1, 1902	Actual Value at this Date	Dividends to Date	Dividends to Jan. 1, 1903	Actual Value Jan. 1, 1903, Plus Divid'd
\$100	\$200	\$30.00	\$24.00	\$224.00
200	400	40.00	48.00	448.00
500	1,000	100.00	120.00	1,120.00
1,000	2,000	200.00	240.00	2,240.00
5,000	10,000	1,000.00	1,200.00	11,200.00
10,000	20,000	2,000.00	2,400.00	22,400.00

From this table it will be seen that an investment of \$1,000 made last January has already earned \$200 in dividends, and on Jan. 1, 1903, will be earning an income of \$240 a year! In the meanwhile the advance of the price in stock will make the \$1,000 invested actually worth \$2,240 as soon as the price advances to par (\$1.00) which may come almost any day now.  
You must believe the people! Scores of investors have examined our oil properties and are enthusiastic.

### A GREAT PEACH CROP

THAT WHICH GREW AROUND NEW YORK IN THE YEAR 1679.

Apparently the Luscious Fruit Was More Abundant on Manhattan Island Than Anything Else Except Bad Barbados Rum.

Books of travel usually contain a vast amount of matter that is unimportant and a good deal that is untrue, besides not a little that is uninteresting, and the old travelers who wrote about their voyages to New York furnished few exceptions to the rule.

Tantalizing, therefore, is the diary of an observer who visited these shores in 1679; who had a reportorial instinct for the important, the true and the interesting; whose journeys covered the entire territory now known as the Greater New York; who wrote fully and graphically of all he saw, and whose observations have all come down to us, with the exception of some thirty pages describing New York city at the time of his visit. Exactly that which would now be most valuable is lost; but, from what remains, we can learn a good deal about the New York of those days.

Jasper Dankers is the writer whose impressions of New York have thus been lost to the world, and in what has been preserved of his writings the chief thing that forces its attention upon the reader is the magnitude of the peach crop in these parts during the year of his visit. He was a religious enthusiast, the leader of the Labadists, a sect that flourished briefly on three continents toward the close of the seventeenth century, and his voyage companion was a minister of the same sect.

But there is little of this in his diary against a great deal of what they ate and drank, and on occasions when they went to the little church in the fort where the custom house is now the fact is mentioned with some apologies, one service being attended "in order to avoid scandal and for other reasons" and others because "my companion is endeavoring to learn the language."

But on the very day of their arrival in New York, Sept. 23, 1679, we begin to hear of the eatables and drinkables, especially the peaches.

"He first took us to the house of one of his friends, who welcomed him and us and offered us some of the fruit of the country, very fine peaches and full grown apples, which filled our hearts with thankfulness to God. This fruit was exceedingly fair and good and pleasant to the taste, much better than that in Holland or elsewhere, though I believe our long fasting and craving for food made it so agreeable. After taking a glass of Madeira, we proceeded. As we walked along we saw in different gardens trees full of apples of various kinds and so laden with peaches and other fruit that one might doubt whether there were more leaves or fruit on them. I have never seen in Europe in the best seasons such an overflowing abundance. When we finished our tour and had given our guides several letters to deliver, we returned to his father-in-law's. He regaled us in the evening with milk, which refreshed us much. We had so many peaches set before us that we were timid about eating them, though we experienced no ill effects from them."

And the next day, Sunday, the record opens with this:

"I was surprised on waking to find my comrade had already dressed himself and breakfasted upon peaches." So it went every day. Toward the end of the week they crossed the ferry (for less than half a cent apiece) to Long Island, where the people made them "very welcome, sharing with us bountifully whatever they had, whether it was milk, cider, fruit or tobacco, and especially, first and most of all, miserable rum, which had been brought from Barbados and which is called by the Dutch 'kill-devil.' These people are very fond of it, and most of them are extravagantly so, although it is very dear and has a bad taste."

But on Long Island, as elsewhere, the peaches were as good as the rum was bad. "It is impossible to tell how many peach trees we passed, all laden with fruit to breaking down and many of them actually broken down. We came to a place surrounded with such trees from which so many had fallen off that the ground could not be discerned and you could not put your foot down without trampling them, and notwithstanding such large quantities had fallen off the trees still were as full as they could bear. The hogs and other animals mostly feed on them."

The peaches in Harlem were as plentiful and still more delicious. When they went up to the north end of Manhattan Island, we find this notice:

"Before we left (Harlem) we did not omit supplying ourselves with peaches, which grew in an orchard along the road. The whole ground was covered with them and with apples, lying upon the new grain with which the orchard was planted. The peaches were the most delicious we had yet eaten."

But they need not have taken the precaution mentioned, for even after crossing Spuyten Duyvil they found more peaches than ever.

"We came to a road which was entirely covered with peaches. We asked the boy why they left them there and did not let the hogs eat them. He answered: 'We do not know what to do with them, there are so many. The hogs are satiated with them and do not eat any more.' From this we may judge of the quantity of them."

### AN AWFUL MISTAKE

Physician Prescribes Nuxvomica for a Kingston Lady With the Result That She is Paralyzed.

A Thrilling Experience Resulting From a Doctor's Blunder—Fortunately She Recovered and Tells the Story of the Whole Incident.

Kingston, Ont., Nov. 3.—(Special.)—That Mrs. E. Leake, of 112 Clarence street, this city, is alive to-day, is a matter of wonder. She says:

"My sickness was brought about by an overdose of Strychnine prescribed by a physician. It brought on paralysis affecting my left side, brain, arm, and limbs."

"I was perfectly helpless and it was impossible for me to raise my left limb or open my fingers. I got no sleep and often when I dozed my eyes remained open. I had not the power to close my eyelids. I suffered almost continually with headache."

"My brain felt as though it was too large for the skull. My appetite failed and I became very emaciated, indeed, I was nothing but skin and bones."

"I was three years under treatment, many physicians having me under their care, but without avail. At last I became discouraged and gave up all treatment."

"While reading a paper one day I noticed a testimony of one who was cured by Dodd's Kidney Pills. The pills and I started on three pills three times a day. I soon began to experience a change for the better which continued until I regained the use of my arm, hand and limb. My headache also ceased and my appetite returned."

"From this I soon picked up flesh and strength until I was as well as ever."

"I thank God and Dodd's Kidney Pills for my health for by prayer and this wonderful remedy, I was cured and have remained in good health ever since, although this was over five years ago."

### RICH INVESTMENT

Eastern Consolidated Oil Company Stock has Paid 20 per Cent. in Ten Months.

"Two things," declares a well known financial writer, "are bringing the Eastern Consolidated Oil Company prominently before the public just at this time."

"The first is the wonderful growth of this Company and the remarkably successful development of its oil properties in Ohio and California, and the second is the unprecedented demand for oil as fuel by railroads, steamships, manufacturing plants and private citizens all over the United States and Canada."

Oil is cheaper, cleaner and in every way better than coal for fuel, and the great captains of industry throughout the world are finding this out to their great advantage. The steamship, "Mariposa," of the U. S. Navy, made a wonderfully successful trial trip on the Pacific burning oil exclusively, the big steamship trust with J. Pierpont Morgan at its head is experimenting with oil as fuel, the great Gramp Steamship Company of Philadelphia has decided to burn oil, the Pacific Mail Steamship Company is converting its vessels into oil burners, the General Electric Company of Lynn, Mass., is figuring on burning oil for fuel—and so on. This list might be prolonged to fill a whole column.

The Eastern Consolidated Oil Company has the oil to sell—which by the way has advanced in price under pressure of this great demand. It has 105 richly producing oil wells in the State of Ohio, it has a rich tract of proven oil land in Kern River district, California, where a big well enormously productive has just come in, and work is being pushed with all speed on ten more. The Eastern Consolidated Oil Company sells for cash thousands of barrels of oil every month, and by January 1 will increase its output by at least \$2,000 barrels more.

Is it any wonder that the Eastern Consolidated Oil Company is a safe and very profitable investment? Ten months ago the stock sold for 25 cents a share. Then it jumped to 35 cents. Now it is selling at 50 cents a share for a short time but will positively be advanced to par (\$1.00 a share) by January 1, 1903.

During the past ten months this Company has paid 20% in dividends to stockholders on their investments. An investment of \$500 made last January is now worth \$1,000 and has already paid \$40 in dividends. On January 1 it will be worth \$2,000! There is no better stock on the market to-day for a safe and enormously profitable investment than Eastern Consolidated Oil Company Stock. Remember the present allotment at 50 cents a share is almost exhausted.

Investors interested will find the advertisement of Eastern Consolidated Oil Company Stock elsewhere in this issue.

## DRESS STUFFS

There is a marked improvement from season to season in the weaving of fabrics and this improvement has been going on for centuries. This year has surpassed all previous records in the art of weaving, and after many unsuccessful attempts, the French manufacturers have at last been successful in placing the richest of fabrics in the fashionable markets of the world.

Of difficult weaves they are the most difficult yet attempted by the great French weavers, and in the large fashion centres there is a great demand for them.

They are namely the Zebeline, the Canvas and the Deerskin, along with many other popular weaves for this season's wear.

Sr. 4—S. C. Irwin, 29, 27, 93.  
Sr. 4—Jane Garrett, 50, 47, 94.

## MODEL.

Following is the class, teacher, number of scholars enrolled, average attendance, percentage of attendance:—  
J. W. Plewes, 33, 32, 97.

KINDERGARTEN—NO. 1. Following is the class, teacher, number of scholars enrolled, average attendance, percentage of attendance:—  
Miss Aylesworth and Miss McTaggart, 78, 51, 65.

KINDERGARTEN—NO. 2. Following is the class, teacher, number of scholars enrolled, average attendance, percentage of attendance:—  
Miss Aylesworth and Miss McTaggart, 78, 51, 65.

The following are the totals:—  
McKeough—417, 361, 87.  
Central—756, 686, 91.  
Kindergartens—78, 51, 65.  
Total—1,251, 1,176, 87.

October, 1901—1,338, 1,141, 86. There is a falling off of 3 in the enrollment of the Central school for the month of October, but an increase of 18 in the average. This is met by an increase of 20 in the enrollment of McKeough school, and an increase of 15 in the average. The Central kindergarten has lost 2 in enrollment and 2 in average, while McKeough has gained 5 in enrollment and 5 in average.

The total average attendance, 1,176, excluding the Model school students, is 30 higher than for September, and is the highest since I began to report. The usual slips upon which teachers have reported attendance to me are exhausted. Instead of these, I would like to have a form printed large enough to take in the whole school. Each school will then use one slip instead of each teacher using one slip. Two will be used per month instead of 25 to 30, and 100 will last five years. I shall arrange the form if the Board approve.

I have the honor to be, gentlemen, Your obedient servant,  
ROBERT PARK,  
Public School Inspector.

The report was adopted and the concessions asked for were granted.

Mr. McCorvie, chairman of the Kindergarten committee, reported:—

1.—That Miss Schwemler's resignation be accepted and go into effect the first day of December. This clause carried.

2.—That after careful consideration the committee recommended Miss Morrison for the position, which will be vacated by Miss Schwemler. Mr. Robertson thought it unnecessary to make the appointment. Both Mr. Plewes and Miss Green, however, recommended the appointment and so it was made.

3.—That a system of regulating the salaries of the teachers in the kindergarten be introduced, the same as is done with the teachers of other school work, whereby Miss Green and Miss Aylesworth are placed on the same basis as their associates. This clause also carried.

In speaking of this last motion Dr. McKeough paid a very high tribute to Miss Green, both as a teacher and as a lady. "I think this clause," said he, "is a most just one. Miss Green has taught now for ten years and I think she ought to come under the same category as the other teachers. Her work has progressed more than any other department in our schools. She is certainly successful as a kindergarten teacher, being ever conscientious and faithful, and I think it only right that her salary should be increased."

Several members of the Board spoke very highly of Miss Schwemler's past services and expressed sincere regret that she had decided to withdraw from the kindergarten work. Miss Schwemler has now been assistant director of the Central school kindergarten for a number of years and always shown herself to be a kind and efficient teacher.

The matter of a number of minor improvements to the Central school was left with the managers of the school.

Mr. Cornish brought up the matter of the overcrowding of the junior

rooms in the Central school. It was left with the managers, inspector and principal to provide some means of relieving the teachers of these rooms. Another teacher may be added.

Several minor improvements, such as protecting windows, etc., were suggested to the managers of McKeough school, and the matter was left to them with power.

The line fence on the west side of the Central school will be repaired.

Mr. Cornish brought up the question of the principal of McKeough school. He said:—

"Mr. Bensen made a motion some time ago that the Board advertise for a principal for McKeough school. Who is responsible for this motion not being carried out?"

Dr. McKeough—At the time the motion was made I myself thought it too soon to advertise.

Mr. Cornish—I called Mr. Bensen's attention to the matter about a month ago and I hold him directly responsible.

Mr. Bensen—When it is time for a change it will be soon enough to advertise for another principal for this school. At the present time, however, I think the Board will hear me out when I say that Miss Abram is filling the position as well as it is possible to be filled.—Here, hear!

Mr. Cornish—It is not a question of how Miss Abram is filling the position but a question of business and principle.

Mr. McCorvie—Mr. Cornish was perhaps as much to blame as any of the rest of us.

Mr. Cornish—I notified Mr. Macnabb.

The secretary, however, was completely exonerated, as he had received no instructions. In fact the motion of Mr. Bensen did not state when

the Board would advertise for a principal.

Mr. Cornish—It looks to me as if it were done for a blind. It is not business.

Mr. McCorvie moved that the present staff at McKeough school, with the exception of Miss Farquharson, who is substituting for Miss Nichol, be engaged for the coming year at the same salaries as they received last year. Miss Nichol is at present teaching in the Central school for Miss Snell, who is attending Normal, but it was understood at midsummer that she should get the vacancy in the McKeough school. Mr. McCorvie spoke very highly of Miss Farquharson's work while teaching in the McKeough school.

The teachers of the Central school were also re-engaged at the same salaries, Miss Snell, of course, receiving the customary increase of \$25.

According to understanding arrived at by the Board at midsummer, Mr. Plewes, the principal of the Central, was given the regulation increase of \$100 per annum.

Several members of the Board spoke very highly of Mr. Plewes' work, and recognized the fact that they had as principal of the Central school probably the brightest and most energetic school teacher in the province. Owing to the increased duties of the McKeough school janitor his salary was increased to \$130 per year with no extras.

Mr. McCorvie invited the Board, on behalf of the principal, to the presentation of medals to the pupils of McKeough school at half-past two o'clock Thursday afternoon.

The Board then adjourned.
