WEDDING STATIONERY
—The latest in Wedding Stationery and Cake Boxes can be had at the PLANET Office.

The knowledge of some people is about as useful as buried treasures.

Would you like to make an investment that will return the capital invested in a short time, and after that save money for you every month and increase your comfort 100 per cent. every day? If so, we would be glad to have you call and see our cooking appliances. Capital required \$1.00 to \$30.00. Gas Co.

Self-reliance is self-sustaining. A man should be built from within, but not from without.

THE ALIEN LABOR CASE

Lawyer Shepley's Close Argument re Deportation.

Judge Anglin Will Give Judgment in a Couple of Days—Meanwhile the Prisoners Cain and Gihula Will Be Sent for by Col. Sherwood—Act Reveals Many Absurdities—Some Conundrums.

Toronto, June 12.—After some hours of argument the evidence in the Pere Marquette case was declared all in, and Justice Anglin announced that he would give his decision in a couple of days. In the meantime Col. Sherwood will go back to the responsibility of the prisoners Cain and Gihula. The sitting of the court was for the most part taken up with the arguments of Mr. Shepley in rebuttal and the replies of Messrs. Robinson and Mackenzie.

Power of Parliament. Mr. Shepley argued that the Parliament of Canada in its plenipotentiary powers, could pass such law as in its discretion seemed to be in the interests of Canada. He cited the judgment in the British Columbia Chinese Alien Labor Act case, which decided that the Province had not the power to pass any law in regard to aliens. That power, he said, rested with the Dominion Parliament. He quoted authorities to show that the questions of naturalization and aliens were vested in the Dominion Parliament. Every naturalized citizen became a Canadian, and all residents of Canada who have not been naturalized are aliens.

The first objection he dealt with was the charge of interference, and the abrogation of Parliament of powers vested in the Sovereign power, Great Britain. He drew from the British North America Act that the Dominion Parliament had the right to deal with any alien in Canada, and to pass laws and regulations affecting them.

Where Contract is Performed. Much had been said by counsel for the defence about the contract being performed outside of the State. That, he thought, had nothing to do with the case. Parliament might say that it is contrary to law for persons to enter Canada to do certain lines of business.

The crucial question in this matter is, whether in the working out of this act those that have to enforce it must do something outside of Canada. He conceded that the Dominion Parliament could not pass a law by which a Canadian officer could detain a prisoner in Buffalo. The Imperial Parliament could not do that; but that, he thought, was not involved in the exercise of the jurisdiction in question.

Some Conundrums. There are many points in Canada, he said, where there is only an imaginary line between this country and the United States. Why could not the prisoners be taken to the line and deported by pushing them across, he asked?

Justice Anglin: "This act does not provide for forced out of Canada, but for a return to his country. Suppose the prisoner was from Belgium, how would the case stand when he had been taken three miles from shore and was out of Canadian waters?"

Mr. Shepley: "He might swim back again if he likes, or be put on another ship."

"Then if he returned for the same purpose for which he left, he could be again deported."

"And the same process be continued?" queried the justice.

W. N. A. Made Canada Supreme.

Justice Anglin: "Suppose a man was banished from a country and engaged in work in Canada contrary to the alien labor law, how would you deal with him? By the laws of a foreign State he cannot enter that country again. The act says he must be returned to the country from which he came. How would you take him back?"

Mr. Shepley: "That does not enter into this case. The executive function is satisfied by putting him where there is no railway or ferry. Any of those means constitutes returning him to his country. There is a return without any offense."

Justice Anglin: "If the officer kept his hand on him one second after he passed over the border, would he not be committing an international offence? Would he not be doing something on a foreign soil?"

Speaking on the treaty of 1794, Mr. Shepley said that was abrogated in 1812. The B. N. A. Act made Canada supreme, and her legislation was not ultra vires. It would be a delicate question to ask Great Britain whether an Imperial act was ultra vires because it interfered with an Imperial treaty. The executive, he said, was the Crown and its advisers, and was not subject to the control of the judicial branch of Government.

The Attorney-General's Duty. The Attorney-General's duty was not a judicial duty. He acted for the executive and his duties were executive. He is the chief law officer of the Crown. He is not constituted a tribunal. He is the mouthpiece of the executive branch of the Government. He is charged in his discretion with working out this law, and if he is satisfied that the act has not been complied with, he is empowered to deport the prisoner. The Attorney-General's power being executive and not judicial, this court has not the power to deal with the case. The warrant issued in this case was not, strictly speaking, a warrant. It is merely the authority vested in the Attorney-General given to some one for carrying the immigrant to be deported. This need not have been, Col. Sherwood. Any one could have acted. If right in his contention that the power of the Attorney-General was executive and not judicial, then it mattered not whether Col. Sherwood was a J. J. or not.

THE FORESTERS ATTEND CHURCH

Headed by Regiment Band Members Visit Holy Trinity and Hear Excellent Discourse

Tribute to the Whitney Government From Rector—A Splendid Service Much Enjoyed.

Rev. W. W. Hodgins, of the Holy Trinity church, preached a very able sermon to the Ancient Order of Foresters last evening, it being the event of their annual church parade.

The reverend gentleman chose his text from Hagai, 1st chapter, and the 6th verse, "He that earneth wages, earneth wages to put it into a bag of holes," and upon this subject he preached an excellent sermon. He felt it an honor to be called upon to address the Order and hoped that they would be benefited by the service. He welcomed the lodge on behalf of himself and the wardens of the church, and extended an invitation to them to attend whenever they were so disposed.

During this sermon he pointed out that 90 per cent. of the people who die leave families unprotected for. He spoke strongly against drinking and gambling, especially the latter, as well as temperance, but he thought in many cases men would do far better treating their families rather than treating hotel loafers.

"Believe," said he, "that the present Provincial Government has done more in the last three months for temperance than the other Government did during the last twenty years they were in power."

Mr. Hodgins also spoke against strikes, and in doing so he said he was on delicate ground, but he always spoke fearlessly, according to the dictates of his conscience. He pointed out the good done by such orders as the Foresters in providing for widows and orphans, and thought that every man should belong to some such order.

Upon the return of the lodge to the church, the choir sang a very tastefully selected set of hymns, which were well rendered. The choir, under the able direction of Mrs. Bray, rendered excellent music, the anthem, "Through The Day," being especially enjoyable.

Upon the return of the lodge to the church, the choir sang a very tastefully selected set of hymns, which were well rendered. The choir, under the able direction of Mrs. Bray, rendered excellent music, the anthem, "Through The Day," being especially enjoyable.

THOSE PERMITS

W. B. Wells Thinks Something Should be Done to Better Regulate the Playing of Games on Tecumseh Park.

Those present before the opening of the Shamrock-Wallaceburg Junior Lacrosse game on the park Thursday witnessed another mild riot. The lacrosse boys had a permit for the use of the park. W. B. Wells, of the cricket club, claimed that there was sufficient room for both cricket and lacrosse. The lacrosse boys did not see things that way and carried his nets down the river bank.

W. B. Wells, when seen, said: "Something must be done about this matter. There is always some game going on, the consequence being that the cricketers cannot practice. It is not necessary that these other athletic organizations use the whole of the park. They could move their goal posts down twenty yards and give the cricketers the upper end, and they would not then spoil the cricket ground. The cricketers have just as much right when driven from their benches to go over and pitch their nets on the bowling green as these fellows have to drive us from our part of the park. It is likely that a delegation of cricketers will wait upon Chief Holmes and Colonel Rankin to settle the matter."

TO THEIR CREDIT

So unpopular is the partisanship of the West Kent License Board that the City and County Councils, both strongly Tory, have protested against the cutting off of the Bank House license, an act dictated by the machine to the Commissioners—Hamilton Times.

Which is very much to the credit of the Kent Tories. During all the many years in which partisan Grit boards of License Commissioners manipulated things in the interest of the Government, no protest was ever made by any Grit—Hamilton Spectator.

Fortune may find a pot; but your own industry must make it boil.

ARMISTICE FOR TERMS

Russia and Japan Agree to Appoint Plenipotentiaries.

Russian Representative Will Have Power to Receive But Not to Accept Peace Conditions Named by Japan—Manchuria May Be the Scene of Meeting—Tokio Calmly Receives News and Quietly Awaits Results.

St. Petersburg, June 12.—Russia is awaiting for Japan to fix the time and the place when and where the Japanese terms will be placed in the hands of Russian representatives. The Foreign Office expects that the delay will be brief.

The Emperor's Government would prefer that Paris should be the scene of the initial step, but it is explained that neither the place nor the personality of the Russian representative matters greatly. The Russian representative will not be a plenipotentiary with full power to negotiate. His duty will practically be confined to the reception and transmission to his Government of the Japanese terms for the decision as to whether they afford a basis for actual peace negotiations. He will be clothed with power to effect an agreement for the suspension of hostilities, which suspension will probably be for a very limited period during which Russia must decide the momentous question of peace or a prolongation of war.

During this temporary armistice both countries probably will be free to continue the movement of troops and munitions of war within prescribed limits. Although nothing definite on this point will be known until the meeting is taken place.

If Russia finds that the terms for a basis on which negotiations can proceed regular plenipotentiaries will be appointed, the number being decided by the belligerents themselves, and then it is not impossible that the negotiations might be transferred to Manchuria as President Roosevelt is believed to have suggested.

Japan Accepts Intervention. Tokyo, June 12.—Japan has agreed to President Roosevelt's suggestion to appoint plenipotentiaries to meet Russian plenipotentiaries.

Tokyo has calmly received the news of the American intervention and prospective peace. The absence of assurance that Russia will accept President Roosevelt's proposals, and the knowledge that the final consummation of peace involves the adjustment of a series of questions of paramount importance, requiring the most careful diplomacy, extending over weeks of negotiation, coupled, perhaps, with the recollection of a previous experience in the thorax path of the world's politics, must create a disposition to wait the final results. There is, nevertheless, the keenest satisfaction over the preliminary step, and a feeling of deep gratefulness over President Roosevelt's action.

There is also genuine thanksgiving for the thought that the carnage and horror and waste of war will soon end; and a genuine hope that the negotiations will bring a satisfactory and enduring peace.

The question of an armistice, which will lower the bayonets of the two enormous armies facing one another on the Manchurian frontier, has not been discussed, yet it is believed an armistice will be speedily concluded.

The Jiji says: "Japan has shown a willingness to appoint plenipotentiaries to meet the Russians and negotiate peace, but it is premature to think this will lead to the ultimate conclusion of peace. Much as Japan would like to see peace effected, nothing short of the full rights of victors and placing the peace of the Orient on a permanent basis will satisfy Japan. It probably will become necessary to arrange an armistice at the commencement of negotiations and it will be essential to obtain some guarantee before concluding an armistice in order to prevent the interests and positions of Japan from suffering in the event of negotiations being broken off."

What Terms May Be. Paris, June 12.—A despatch from St. Petersburg to The Echo gives the alleged detailed conditions, namely an indemnity of \$500,000,000; a Japanese protectorate over Manchuria, and the cession of Port Arthur and part of the Trans-Manchurian Railway to Japan, forfeiture of the interned warships, the withdrawal of Russian warships from the Far East for a period of 15 years, and the occupation of Vladivostok until these conditions are fulfilled. The Russian conditions reject the question of an indemnity and give a qualified acceptance of the other terms.

King Congratulates. London, June 12.—The News of the World understands that King Edward Saturday cabled to President Roosevelt congratulations on the reception of the news of his efforts to secure peace.

IN THE FIELD.

Despatches From Gen. Linavitch and From Japanese Headquarters.

St. Petersburg, June 12.—The following despatch has been received from Gen. Linavitch under date of June 9: "There is no change in the position of the two armies. Our detachments on the left flank advanced as far as Dagustan, Shimakozan, Zonangou, Inlansal and Vanhogue, to a line where they encountered resistance by the enemy."

Tokio Reports. Tokyo, June 12.—The following report has been received from the headquarters of the Manchurian armies:

"On June 9, in the morning, we drove the enemy from the northern heights of Liangshuchuan, and Nanchengsu, and occupied those positions. The same day we occupied the vicinity of Ershihli, ten miles northeast of Changsu;

SPORTING GOODS

BASE BALL LACROSSE FOOT BALL LAWN TENNIS CROQUET

We are sole agents in Chatham for the "Spaulding" Goods. You know what that signifies—everything first-class and guaranteed—the name of Spaulding has become a household word for perfection in games and sporting goods. Other fellows try to get as good—none profess to be better—so why not have the best—the original?

Come to us when you want anything in this line and you will be more than pleased. We have nearly everything in stock, but if you want anything special 48 hours will do the business and we'll get it for you.

Buy the best brand—"SPAULDING."

Sulman's Beehive...

Corner of King and Sixth St.

Shufang and Tungchaitu, ten miles north of Changsu, and Kunglungshan, 12 miles northwest of Changsu. Other was the situation is unchanged.

All Wars Drawn. London, June 12.—According to the Times, it is stated by the Russian Admiralty that in the battle of the Sea of Japan not a single officer was saved from the battleships Navarin, Borodino, Imperator Alexander III, or the Kruas Souvaroff, all of which turned turtle.

Postmaster Lawrie Dead. St. Catharines, June 12.—Postmaster Robert Lawrie died yesterday morning after an illness of about a week of pneumonia. He was 87 years of age, and was one of the oldest postmasters in Canada. He had held the position of postmaster here for 20 years, and up to the very last was as active as a man of forty and did much of the clerical work in the postoffice. He was born in Scotland, and came to America with his father and brothers early enough to don a uniform in the McKenzie Rebellion of 1837. Mr. Lawrie once carried on a milling business with his brother in Port Dalhousie.

Revenue is Increasing. Ottawa, June 12.—The Finance Minister will undoubtedly have another revenue increase to report in his budget speech for the current year. The first ten months show revenue amounting to \$62,324,000, an increase of \$666,000 over the same period last year. For this period the consolidated fund expenditure was \$46,857,000, an increase of \$5,233, and the capital expenditure \$10,169,000, an increase of \$1,744,000.

Auto Plunges Into River. Chicago, June 12.—Three persons were drowned and two others narrowly escaped a like fate Saturday night, when an automobile, in which the five were riding, plunged into the Chicago River through the open draw of the Rush street bridge. The drowned are: Jerome G. Kurtzman, Chicago, manager for a chemical company; Mrs. Jerome G. Kurtzman, W. A. Hartley, manager for an automobile house.

Police Magistrate Spencer Dead. Owen Sound, June 12.—George S. Spencer, police magistrate, died suddenly yesterday morning. He was at his duties as usual Saturday. The housekeeper had brought to his room his usual morning cup of coffee, which he drank. Shortly afterward he collapsed and expired. He was 84 years of age and had been police-magistrate for a quarter of a century.

Medicine Hat Business Man Drowned. Medicine Hat, N. W. T., June 12.—William A. Green, prominent business man of Medicine Hat, was drowned Saturday afternoon in the Saskatchewan River. The Government ferry is open at each end, and after the ferry started his big backed off into about twelve feet of water. Green was swept out into the river and sank.

Peace is the offspring of power.

THE KHAN OF FARMERS

That whimsical, but big-hearted genius, the Khan, who awoke one morning to find himself famous, after writing "The Men of the North-west," has been discussing, in the Hamilton Herald, the relations between Canadian farmers and the "Home" boys who are brought out to this country and committed to the tender care of strangers, not always with the best results. The Khan, who is a farmer himself, hands this rather left-handed compliment to the American and Canadian farmer:

"The average American farmer—and that embraces the Canadian, of course—is a pretty hard and exacting boss. Boss is the right word. 'Baas' would be fitter, for some farmers treat their 'ome boys as the brutal and semi-barbaric Boer treated his wretched Hottentot or Kaffir slave. The population of the towns and cities is continually swollen by the sons of farmers who hadn't the life of a dog at home. If a man can't or won't treat his own sons 'white,' what may be expected of a legalised ruffian when a helpless orphan in a strange land is placed by the law, or the proper authorities in his power? Some of these boys are insufferably impudent, obstinate, sulky, and a few of them are positively vicious; but these can be bundled back to the 'ome again. If the farmers could only unite and have a printed list circulated half-yearly among them, giving the names and qualifications of 'ome boys, it would be a good thing. But the farmers can unite on nothing. Everyone for himself and the devil take the hindmost! But some kindly farmers attempt too much. To try to make a farmer out of the son of a London alumnus is too big an undertaking. And now, when my hand is in, I'm going to say this: The young men of this country don't marry early enough, and far too many of them don't marry at all. It wouldn't do any harm to appoint a royal commission to inquire why the birth rate is so low in Ontario, and why so many farmers have to import boy help from Seven Dials."

BRITISH RESPECT FOR LAW, Canadian Mute.

If there is one thing more than any other that British subjects in all parts of the empire have reason to be proud of, it is the respect for law that prevails among all classes, and the firm and impartial manner in which justice is administered. Sir Conan Doyle has been making some investigations into this subject and, among others, produces the following suggestive and striking comparisons: The British army in South Africa lost, during three years, 22,000 men, from all causes; in three years the United States lost 31,000 men from homicide, London, with 6,000,000 inhabitants, had 24 murders last year; Chicago, with less than 2,000,000, had 128. Of London's 24 murderers, 9 were hanged; of Chicago's 128, 1 was hanged. The single States of Georgia and South Carolina had each more murders than the whole British Empire.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The most enthusiastic fisherman has to draw the line somewhere.

PACIFIC COAST EXCURSIONS.

During June, July, August and September the Chicago and North Western Railway will sell from Chicago round-trip excursion tickets to San Francisco, Los Angeles, Portland, Ore., Lewis & Clarke Expedition, Seattle, Victoria, and Vancouver at very low rates. Corresponding cheap rates from all points in Canada. Choice of routes, best of train service, favorable stopovers and liberal return limits. Rates, foldere and full information can be obtained from B. H. Bennett, General Agent, 2 East King Street, Toronto, Ont.

BUSY SESSION OF COUNTY COUNCIL

Much Business Transacted at the Meeting of Kent's Parliament

Many Matters of Public Interest Dealt With—Commissioners All Present

SATURDAY MORNING.

Owing to the great amount of committee work which had been concluded during the morning the Council did not meet until 10.40 on Saturday morning. All the members were present.

The Warden called attention to the County Solicitor's salary, which he did not think was commensurate with the salary paid, a sum of \$200, which the Warden did not think sufficient.

Crown Attorney Smith appeared before the Council in connection with the appointment of county constables. The Council agreed themselves of his suggestion to have all appointments specifically notified.

J. H. Magee, Tilbury, wrote relative to D. H. Edmonds, who had been asked to take out pedlar's license and was a county tax payer.

After a short discussion the matter was left with the County Solicitor.

Chairman French, of the Finance committee, reported in favor of payment of sundry certified accounts. The following grants were allowed: Orford and Harwich Agricultural Societies, \$50 each; Dresden bridge, \$100; National Sanitorium, \$40; East Kent Women's Institute, \$10; Dover for Bear Creek bridge, \$200; Tilbury East ferry, \$50; Wallacuburg bridge, \$200; West Kent Agricultural Society, \$100; Kent Fruit Association, \$25.

Mr. Hermal moved in amendment that \$100 be cut off the grant to the West Kent Agricultural Society. Mr. Campbell seconded.

Amendment lost and report adopted. Yeas and nays were called for by Mr. Hermal and taken as follows: Yeas—Brien, Chinnick, Grant, Haggart, Ross, Somers, Stewart, Wilson, Warden—9.

Nays—Campbell, French, Hermal, Sturgis, White—5.

Chairman Hermal for Roads and Bridges reported in favor of certain repairs. Adopted.

Chairman Chinnick, of the Industrial and House of Refuge committee, submitted an interesting and detailed report upon the work done and necessary improvements suggested.

Adopted.

Moved by Messrs. Somers and Ross, that Solicitor Walker's salary be raised \$50 this year, making the total salary \$250. Carried.

Moved by Messrs. Chinnick and Ross, that a committee consisting of Messrs. Brien, Grant and the Warden be appointed to negotiate with other counties re treatment of consumptives. Carried.

Moved by Messrs. Hermal and White, that the Clerk collect pedlar's license from the Daily Tea Co., of London. Carried.

Moved by Messrs. Wilson and Ross, that all county supplies be purchased through the County Clerk. Carried.

SATURDAY AFTERNOON.

The Council resumed at a quarter past two o'clock.

Reverend Fox, of Romney, addressed the Council and asked them to ratify a by-law passed by the Township for the sale of a road allowance. The by-law will come before the county at the December session.

Reverend Wm. Hickey, of Tilbury East, addressed the Council in reference to the Jeanette's Creek bridge. The engineer reports that the present proposed iron work is too light and asked that he and the Warden be appointed a committee to adopt heavier iron work for this bridge.

The Warden thought that the matter should be left in the hands of the present committee, who have the consideration of the matter in charge.

Several by-laws were then read in committee. One for appointing the jailer taker of the Court House at a salary of \$14 per year; one for voting \$10,000 to assist in the building of the bridge over Jeanette's Creek at the Townshend Road; one authorizing the raising of \$35,000 for county expenses; one legalizing grants made by the county; one fixing the fee of 65 cents instead of \$1.00 per month for county pupils attending the High schools; one to reduce the area of the town of Bothwell; one authorizing the issue of debentures of the Jeanette's Creek bridge.

The Council then adopted the action of the committee and the by-laws were finally passed with the exception of two—one regulating high school fees was laid over until the December session. The by-law for raising \$5,000 to assist in erecting the Jeanette's Creek bridge was laid over until the 7th December.

Moved by Messrs. Haggart and Grant, that the committee appointed to look after the county's interest in the construction of Jeanette's Creek bridge on Townshend Road be retained. Carried.

Moved by Messrs. French and Campbell, that the High Constable be instructed to notify all constables in the county to arrest all tramps and prosecute pedlars who may be selling goods contrary to the county by-law and that they be tried at the Criminal Code courts. Carried.

Advised by Messrs. Stewart and Somers, that the city have power to trim the trees around Harrison Hall and also cut grass and renovate boulevards. Carried.

The communication from the Postmaster-General re telephones was laid over until the December session. The Council then adjourned to December 6th.

THE UNION OF THE FLAGS

The following splendid patriotic poem is from the pen of that gifted and popular Maple City son, Dr. A. W. Thomson. During his recent visit to St. Louis he was called on to address the great international banquet and concluded with these lines. It is needless to say they received an ovation and have received most flattering attention in all the southern papers.

The Planet is fortunate in being privileged to reproduce them:

THE UNION OF THE FLAGS.

In God's own image, man was made—The likeness still remains,
Where men have true foundations laid—
Or fought 'gainst tyrant's chains.
Such men must push oppression back;
Then Heaven will ring with mirth,
And the Stars and Stripes, and Union Jack,
Shall dominate the earth.

When freedom was denied our sires
In lands beyond the seas,
To worship, as the heart desires,
The God they sought to please;
They found new homes, they tuned
their pipes
To liberty's sweet strain;

The Union Jack, and Stars and Stripes
That liberty maintain.

In other lands our brothers toil,
Beneath oppression's load;
They vainly seek to own the soil;
They feel the tyrant's goad.
Do we, the fellow-feeling lack?
Is freedom's spirit lost?

Shall the Stars and Stripes and Union Jack
But stand to count the cost?

Or shall we say to those down trod
"This time such things should cease!"

And liberty—best gift of God—
Throughout the world increase,
With hand to plough—shall we turn
back

From fellowman accused?
Shall the Stars and Stripes and Union Jack
Not see their shackles burst?

A larger, fuller, happier life—
For this let all men pray,
An end to international strife
When men their brothers slay.

For Eden's peace shall then come
back;
And war's black flag be furled;
When the Stars and Stripes and
Union Jack
Shall dominate the world.

DISTRICT DOINGS
TILBURY

June 10.—Tilbury races yesterday were among the most successful ever held here. All four events filled and every heat was closely contested. There was a large crowd in attendance, a conservative estimate being 1,500 people present. The day was an ideal one, and the committee are to be congratulated upon their success in overcoming the odds of two postponements. The three Chatham horses were most unfortunate, not one of them winning. The following were the results, half-mile heats:

225 Class—Purse \$125.

Joe Stanton, E. Ryall, Walkerville—3, 1, 2.

Patterson, L. H. Edmondson, Blenheim—1, 2, 1.

Dominion Belle, R. Mather, Deerbrook—2, 3, 4.

College Green, D. McLachlan, Chatham—4, 3, 4.

Time—1:08, 1:09, 1:06 1/2, 1:10.

240 Class—Purse \$100.

Star Marie, Ed. Mathers, Deerbrook—4, 3, 4.

Patterson, L. H. Edmonds, Blenheim—1, 2, 1.

Dominion Belle, R. Mather, Deerbrook—2, 3, 4.

College King, D. McLachlan, Chatham—3, 4, 4.

Time—1:10 1/2, 1:10, 1:11, 1:12.

Green Race—Purse \$85.

Vanay, Ed. Mather, Deerbrook—3, 1, 1.

Mack Wilkes, O. Lormsbury, of Wheatley, 4, 3, 2.

Derriek Boy, T. Harris, Leamington—3, 4, 3.

Bella B., J. Wellwood, Merlin—5, 6, 4.

Texas Jack, Jr., J. Heatherington, Cedar Springs—7, 7, 4.

Jean Blewett, L. H. Edmonds, of Blenheim—1, 3, 4.

King Arthur, J. Donaldson, Chatham—2, 3, 3.

Time—1:07 1/2, 1:10, 1:11, 1:11.

Running Race—Purse \$40.

Maid of Windsor, Frank Jackson, 1, 1.

Hazel Maid, Ed. Ryall, Leamington—2, 2.

Arab, C. Gage, Leamington—3, 3.

Judges—M. L. Menard, Belle River; Dr. Oliver, Merlin; J. Hyatt, Leamington.

Time—0:52, 0:53.

SPRAINED ANKLE, STIFF NECK, LAME SHOULDER.

These are three common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by All Druggists.

BLENHEIM

June 10.—The annual convention of the Latter Day Saints of the Chatham District is being held at the Cedar Springs church. The convention opened on Friday night with an entertainment to visiting delegates. To-day the Sunday school work will be taken up.

P. G. Lester A. Bacon was elected representative of Pandora-Rebekah Lodge, 1. O. O. F., to Rebekah Grand

Lodge, which is to be held at Brookville in August.

Frank Oram, of Market Lavington, Wiltshire, England, a nephew of Mrs. J. J. Cookson, has arrived here from the Old Country and will work with Mr. Cookson at bricklaying.

Mr. and Mrs. W. R. Fellows, Jr., have moved to Erie for the summer months.

Mrs. R. W. Chambers and daughter Marjorie leave on Wednesday, the 14th, for Vancouver to join Mr. Chambers, who is living there.

Harwich, I. O. F., No. 98, Sidney Burk was selected representative to High Court, to be held at St. Catharines in August.

John McCollough, of Detroit, visiting relatives here this week.

CUBAN DIARRHOEA.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors, but they did him no good. One bottle of this remedy cured him as our neighbors will testify. I thank God for so valuable a medicine." For sale by All Druggists.

Will Lease the Islands.

Temagami Islands are to be leased, not sold. This beautiful summer resort is to be held by the Government for the people, and not allowed to be tied up by speculators. Certain regulations will, of course, be imposed under the lease, and fulfilment of these will probably entitle the holder to purchase at the end of a period of years. A number of islands were sold ten years ago, but it is estimated that about 1,900 remain, and with the Temagami Railway opening up the country, they are sure to become a popular summer resort. Applications which have been received by the Government for lease or for purchase will not be considered unless renewed.

That woman is a bore who is always slanging her own people.

A SHORT GASEOUS CATHISM FOR MARRIED MEN

Question—How many hours during a year does my wife spend in the kitchen?

Answer—If without a maid, at least three hours per day, or 1,095 per year.

Question—Can I do anything to make these hours brighter for my wife?

Answer—Yes, most decidedly. A Gas Stove will brighten the hours, lighten the labor, make your wife happier, and make cooking a pleasure.

Question—How can these very desirable results be obtained?

Answer—Call at the office of the Gas Co. and find out.

Irregularity in some things soon gets to be a regular nuisance.

BOOKBINDING.

Orders for bookbinding should be left at this office. It is surprising how nice a volume can be made of these magazines, even though they are somewhat soiled from much handling. Books, magazines or periodicals bound or rebound in any style at very reasonable prices. Blank books, such as journals, ledgers, day books with any kind of ruling, made to order. All work warranted.

IN THE SIMPLE LIFE.

A True Tale of "the Coming of Tithen" to Paris.

"It sounds like 'The Coming of Arthur' or some other Tennysonian thing, but appears to be a prophecy. Wait a little, for it is a rather long story, it seems." And now the speaker's pretty head bent again over the closely written pages of a foreign letter with the Paris postmark. Wagner is only another phase of much the same thing. The antidote that we all need is here. It is "Tithen." Her guest replied:

"Tithen" means nothing to me but a linden tree. 'Unter den Linden' would mean afternoon coffee instead of tea and much the same effect on the nerves. But I will wait till you disentangle whatever I am to be taught from the longest letter I have ever seen. I did not know that this generation held anybody who could cover so many pages."

"There is not one too many, for it tells me how the simple life has come to Paris, not to the clothes as yet, but to the wearers. For the Parisians had sought to be English here and there and drunk tea till they had no digestion left and nervous attacks were the order of the day for all of them. I was there when everybody was taking 5 o'clock tea at Paris bars. You know yourself they are really more like delightful parlors than bars, for they had soft, brilliant carpets, flowers everywhere and palms, and so on, in nooks, with charming little tables and egg-shell china for the 5 o'clock tea. Let me read you what has come of it:

Exit Tea, Enter Tithen. "All that singular burst of freedom summed up in tea at the bars is over. Every hotel and cafe has its tea room now, but tea no longer, since French physicians insist it is the cause, in part certainly, of neurasthenia, which all dread. It is Tithen they drink. Not at all the old form, the 'quatre fleurs,' smelling like new mown hay and tasting abominable, nor the large leafed Tithen, but the genuine silvered Tithen, the Hungarian lime or Linden, young leaves and blossoms, dried and treated like tea, the infusion made with freshly boiled water. It looks precisely like tea with little blossoms intermixed. To the 'quatre fleurs' and the large leafed Tithen they added orange flower water and made a mass much worse than our grandmothers' herb tea. But Tithen is as innocent as catnip; wouldn't harm a baby. It is also, so authorities say, calming, antispasmodic and sudorific or sweating, all of which is good for the excitable Parisian. The singular fact is that men and women alike order it, and also that excessive wine drinking has gone out, save for here and there an old fashioned Parisian diner or some foreigner."

A Wave is Passing Over Society. "These facts are not my gleaming, but imparted to me by our old friend M. Millard, who watches each day as it were to hold a revelation. 'Something is happening, but I know not what as yet,' he says. 'A wave is passing over society, electric in its quality and transferred as silently to all. People do not talk about it, but suddenly one sees them taking on new methods. It is the women who lead in it, and with us our women are the real rulers of society. When they adopt Tithen, one may be sure a miracle has begun, and who knows what may follow?' "—Helen Campbell in Boston Cooking School Magazine.

Soft Custard. The soft custard makes a most delicious accompaniment to various puddings, jellies, etc. Although very simple, there are few cooks who present it in perfection. Under inexperienced or careless hands it is apt to curdle. This serious defect is not likely to occur where only the yolks of the eggs are used. Put on a pint of milk in the double boiler, beat well the yolks of three eggs, adding in gradually a half cupful of sugar. Stir in a tablespoonful of hot milk from the double boiler and then add all to the milk over the fire as it begins to bubble. Stir slowly until the mixture commences to thicken. Remove from the fire, still continuing to stir until the proper consistency is reached. Flavor when cold. —Ladies' World.

The Moving Tea Party. In this day of the tea party almost any business woman can occasionally entertain her friends. Dinners are delightful, dances far more thrilling, but they are an impossibility for many as aspiring young hostesses who must herself pay the bills. Almost all of us, on the other hand, can afford a tea party—a generous one at that.

There is elevating moral influence in the giving of a tea party. It is really an art to give one nicely. The way to learn how is to give them. Lacking other opportunities of entertaining in one's own home, they are distinctly social educators.—New Idea Magazine.

Cake Decoration. In touch with the season of green things and opening flowers is the dainty scheme of cake decoration shown by the Boston Cooking School Magazine.

MAKE DECORATED WITH VIOLETS. Any good cake may be covered with frosting and then garnished, angelica, furnishing the stems and leaves and candied violets the flowers.

Will be paid by the World's Dispensary Medical Association, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. E. Scott, Esq., of 13 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them all. I was so far gone that I could not for a long time bear any solid food in my stomach; felt melancholy and depressed. Some four months ago a friend recommended your 'Golden Medical Discovery.' After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

A man can succeed and be strong if he heeds Nature's warnings. When there is indigestion, loss of appetite, ringing in the ears, dizziness, spots before the eyes or palpitation of the heart; any or all of these symptoms point to weakness and loss of nutrition. Dr. Pierce's Golden Medical Discovery is the medicine to turn to.

"Golden Medical Discovery" contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is strictly a temperance medicine.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach.

The "Common Sense Medical Adviser," 1904 pages, in paper covers, is sent free on receipt of 31 one-cent stamps, to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

HOME DRESSMAKING.

An Important Point For the Amateur to Bear in Mind.

As important point which the home dressmaker must learn is not to depend too closely on her pattern. A professional dressmaker, as a rule, builds her garment from a well fitting lining, but trims and drapes and adds the accessories without any aid but her own ingenuity. The amateur usually buys a pattern and is afraid to alter it by means of a halfbreath for fear the result will not be satisfactory. This fear of being original is what makes so many garments have the "home-made look," and it should be combated by the worker trying her hand at making a garment after her own ideas, using at first some cheap material easy to handle, which, if it is spoiled, will count for just so much experience gained instead of being a total loss. Money will be saved in the purchase of patterns, and the worker will soon find that by following out her own ideas she will save likewise on material and on time.

One home dressmaker bought a nine gored skirt pattern one year ago, and several skirts of different styles were evolved from that foundation. In one the second and fourth gores were cut off at the knee and a box plait of the goods inserted, with a pretty finish of embroidery where the gore and the box plait met. In another the same two gores were cut off about ten inches below the band, and a gathered panel, with a heading, was added, the panel being gathered several times across.—Brookton Times.

The average man is quick enough to grasp an opportunity to make a fool of himself.

Improvident people are often up in the clouds looking for some of those silver linings.

GLIMPSES AT STYLES.

The Summer Girl's New Hat—A Fresh Departure in Silk.

The summer girl's hat prophetically is to be the new double straw construction—that is, a small black hat seemingly laid over a larger white one—and its brim line is somewhat along the shape of modern sailor hat creations. It has an unquestionably fetching effect in contrast and is not unserviceable. It is very apt to be most becoming while quite within reach of most purses. Its trimming consists of a two toned ribbon hatband, the two ribbons being laid close together. A large, full bow of the same ribbons is poised on the left side. Both dark and light greens, the same in blues, ruby reds, golden browns and black and white, are the colors most in favor.

A new departure in black lousine shows an almost invisible tiny black check line over the surface. As a summer silk it has all the lightness and softness of mull. For that reason it will require a number of yards to make a gown.

Long skirted lingerie house gowns are far more in demand in white mull and batiste when wrought over extravagantly with inset laces upon both bodice and skirt. Ribbon sashes and silk or ribbon belts are the special color trappings given to such gowns. They are well adapted for afternoon and evening summer wear.

The little touches of black silk which had such telling effects on gowns in unexpected places have disappeared because they are no longer the fashion. Black velvet cuffs and turnover collars are to be seen upon the half long white linen coats as well as on the pongees and rajahs, which are to be as much worn this summer as ever. Pongee at its smartest is no longer trimmed with laces of the same color, but

A LINGERIE SET.

is embroidered in eyelet style or English embroidery. Skirts are flounced with it.

Among the many attractive dress accessories introduced this season are sets of gimpes, or chemisette and cuffs in fine lawns, laces or embroideries. Conspicuously modish as well as useful, they should not be disregarded in planning a wardrobe, as they will often give distinction to an otherwise simple homemade frock. The dainty set shown in the cut carries out a clever design with marked success. The yoke of novel shape is of all over valenciennes, with an insertion from yoke to waist of valenciennes. The Britaine cuffs are trimmed with knife plaited ruffles of valenciennes.

For serviceable street wear volles in street colors are the best choice, and when tailor made they are desirable. The dark browns, grays and some of the beige or burnt bread tones are advised. Such skirts look extremely well in wide trucks if the wearer is tall; in small trucks otherwise. Laces are not selected for such gowns as a trimming, the lingerie at the neck and bottom of the long sleeves being all that is required.—Vogue.

Meekness Soup.

An hour before luncheon slice an onion in a saucapan with a pint of water, cover and stew until tender, then add half a can of tomatoes, any slices of beef or mutton left over which are not in proper shape to use cold, a tablespoonful of rice, a level teaspoonful of salt, three shakes of pepper from bottle and a dessertspoonful of butter. Simmer for half an hour or longer if rice is not soft. Serve without straining, leaving the bits of meat in it.

Handy For the Kitchen.

A strong bracket or hook like that used for a bird cage will prove a labor saving device if it is fastened to the wall above the kitchen table. In the fruit season it will save much time by being always ready for the jelly bag which is hung up for straining and for gelatin as well as the countless number of uses a hook can be put to.

Labor Saving Fluid.

To polish silver, brass, etc., make a polishing soap as follows: Dissolve eight ounces of good hard soap in four ounces of boiling water. When cooling, add one and a half ounces of turpentine, and later on stir in three ounces of strong ammonia water. Keep well corked. It will clean anything—except a soiled conscience.

Fashion's Echoes.

The "incidental" coat of linen will be one of the season's smart things.

Brilliant shirt waist suits rank among very serviceable fashions. Pongee parasols, with colored taffeta silk borders, are among the gay new effects in their line.

Piquant color contrasts find much favor in costumes.

Very chic are brown silk stockings, and brown includes many shades through golden brown and pale chestnut to a sort of faded yellow.

Plain gingham trimmed with fancy patterns of the same material promise to be much used.

Corset covers for the bodice of this year must fit the figure snugly.

Embroidered linen belts to match collars and cuffs are pretty trifles.

No Soot in the "Bison" Hot Water Heater

Soot is a non-conductor of heat.

If soot coats the surface of a hot water heater, half the heat from the fire is lost, half the coal is wasted.

That is why some furnaces do not heat well, their flat surfaces and sections collect soot.

In the "Bison" hot water heater, there are no flat surfaces—there is no non-conducting blanket of soot—you get all the heat in the coal direct on the water surfaces and you get it quickly.

ARE PROMPTLY FURNISHED AT THE PLANET OFFICE

Burmese "Luck."

One of the most characteristic superstitions of the Burmese is that which assigns peculiar qualities to each day in the year, which render favorable or otherwise the chances of success in any undertaking according to the day on which it is commenced, quite irrespective of all other considerations.

The rules to be observed as to lucky and unlucky days in Burmah are extremely complicated, as will be readily understood in reading the following list of Yet Yahzah or Kingly Days: Fridays and Mondays in April, Saturdays and Thursdays in May, Tuesdays in June, Sundays and Wednesdays in July, Fridays and Wednesdays in August—and so on throughout the year. But the complication only commences here, for the above days are lucky merely for those who were born on those days, and a man who was born on Tuesday in June cannot regard Wednesdays in July as possessing any particular merit for him.

The most unlucky days of the year are the Thursdays and Saturdays in April, August and December; Wednesdays and Fridays in May, September and January, and so on.

It must not be supposed that these attributes of good and bad luck are simply childish ideas which are laughed at in much the same way as most of us laugh at the man who avoids passing under a ladder; they form in fact a very serious element in the life of the Burmese, and this is realized in a most practical way when a European traveler in Burmah finds that their boatmen will not stir an oar for the whole of one day, because it happens to be the unlucky day of one of the members of the crew.

Among the Burmese themselves almost every act is performed with due reference to the character of the day from the standpoint of the person concerned. To give a single instance, no Burman would think of washing his head on Monday, Friday or Saturday, for these days are declared to be unlucky for that particular operation. Head washing in Burmah is a monthly event, and is seldom undertaken more frequently, because there is a widespread belief that it is an operation to which the guardian spirit who dwells in the head of each man has very strong objections.

The owl, with all his vaunted wisdom, looks on the dark side of things.

Price 10c. and 25c. a bottle. Dr. T. A. Slocum, Limited, Toronto.

A Good Thing to Know.

Prince Elitel Fritz of Prussia, second son of the Emperor William, is on a visit to the Duchess of Albany at Claremont. Several of the papers announce that the young prince will be "received" by the King. It is only individuals who are not royal who are "received" by a sovereign; princes and princesses "visit" a sovereign. There is an enormous difference between the two expressions in the eyes of court and diplomatic people.

True merit is like a river—the deeper it is the less noise it makes.

Ayer's Hair Vigor.

Hair turning gray? Why not have all the early, rich color restored? Ayer's Hair Vigor will do this every time. Not a single failure. Stops falling hair also. J. C. Ayer & Co., Lowell, Mass.

THE LOCAL BUDGET.

Mr. Bennett, of this city, spent Saturday in Detroit.

Miss Ralston, of this city, was a Detroit visitor, on Saturday.

About eight were baptised in the river at Dresden yesterday. Quite a number from here attended.

The business of the late Robert Riddell will be carried on under the same name as formerly, R. Riddell & Sons.

Officials of the electric road are looking over the proposed route in the city and taking measurements to-day.

Rev. Mr. Hodgins, pastor of Holy Trinity church, will, for the summer months, inaugurate a short service. Instead of a service taking up one and a half hours, he purposes cutting it down to about an hour.

Mrs. Annie Morse, of Blenheim, died Saturday, aged 38 years. The deceased was formerly Miss Thomas, of the River Road, Raleigh, and the funeral will take place from the family home, Raleigh, to the Western cemetery.

Citizens over the creek complained very loudly of muddy crossings yesterday. If the crossings had been cleaned Saturday night the people of that vicinity might have been in a more appropriate state of mind when they arrived at church yesterday morning. The attention of the Board of Works should be drawn to the matter.

The funeral of the late Jas. Gemmill took place this afternoon from the residence of his father, William Gemmill, to Maple Leaf cemetery. The heartfelt sympathy of the community was attested by the large number attending the funeral, which was conducted by Rev. Mr. MacGillivray. The pall-bearers were A. H. VonGuten, Capt. Jas. McLaren, Jas. Taylor, Jas. Massey, Arch. Park and Will Stone.

THE MARKET

Prospects are the Whole Building will be completed at Once—So Says Ald. Jno. Edmondson.

From present appearances we will be able to build the whole of the market while we are at it," said market builder Ald. John Edmondson this morning. "We have found that if the ratepayers on the square will pay for part of the pavement we will have enough money to go ahead and build both the front part and the market shed without asking the people for more money."

"For myself, I am glad of this, because it will certainly make a far better piece of work to have that front part cleared away and a good office building put up in its place. It has always been a matter of regret to me that we had to go on with the sheds and let the front part go, but now it looks as if the whole thing will be finished at once and a good creditable building put up and completed."

Wit is apt to make one great mistake—it would rather lose a friend than a joke.

Everybody praises a competency, but everybody is digging in for more.

Hot, Cold, Medicated and Electric BATHS
Massage (general and facial) electro massage and treatments for all functional troubles. Patients treated at office for at home as desired. The latest and best system of physical culture taught.

King St. opp. Bank of Montreal.

THAT RIOT

The Officers of the Regiment are Investigating the Raid and will Punish Red Coats Who Were Mixed in it.

The investigation by the officers of the Regiment into the charge that some of their men took part in the assault delivered last Thursday night upon "Castle Dago," Third street, is almost completed.

It was at first reported that from sixty to seventy-five redcoats were engaged in the action. Of this number all that name can prove alibis, which fact goes to corroborate the testimony of an eye-witness, who deposes that there were not more than ten red-coated men present.

Of the nine who cannot satisfactorily account of themselves five are known to live in such parts of the city that their routes would take them past the scene of the engagement. The inquiry is in progress to-day, and it will be known to-morrow what the terrors of the thumb-screw and the stake have revealed. The punishment to be meted out to any man who shall have been found guilty of participating in the letting of the gore of these members of a proud Castilian race, will be a public drumming out of the regiment.

Some injustice seems to have been done the police, in the report that the Dagos were chased down King St. The Dagos, however, never left their shack, and the bombardment was confined to the one building.

A SUGGESTION

Judge Houston Has Something to Say Regarding Stray Dogs and Fire Crackers.

The last of the boys who were charged with shooting off firecrackers on the 24th of May, has come up in the police court and fined.

"The papers," said Judge Houston in commenting on the case, "should start an agitation against the selling of firecrackers. It seems a funny thing that the boys are allowed to purchase firecrackers and then just as soon as they commence to shoot them off they are liable to a fine if they are caught at it. They should do with firecrackers the same as they do with whiskey and tobacco—not allow boys to purchase them."

"Another thing the papers should take up," said the Judge, "is the nuisance which prevails in this city by allowing dogs to run at large. This city seems to be full of dogs running around with apparently no owners and they are the worst kind of a nuisance; running after teams and pedestrians. It is a funny thing to me that there are not more run-aways through dogs bothering horses. Every dog that is found running wild on the street should be shot and the Council should pass a law to this effect."

SLEEPING

The remains of little Ina McArthur, whose death occurred Friday, were yesterday conveyed to the Maple Leaf cemetery, where she will await the trump of doom. The obsequies were largely attended by sorrowing friends of the family and were conducted by Rev. F. E. Malott. Particularly touching was it to see the members of the Sunday school class to which the young girl belonged who attended in a body. The floral tributes were especially beautiful. The grief stricken parents have the sympathy of the community over the loss of such a bright and promising child.

Convict Leaps From Train.

Montreal, June 12.—Arthur Morgan, who had been sentenced to Quebec to three years at St. Vincent de Paul for theft, jumped from a train near Three Rivers while it was going at full speed Saturday and escaped.

My line is most complete and prices range from \$2.00 to \$50.00.

E. J. MacINTYRE,
Leading Jeweller and Optician.

NARROW ESCAPE

Charles Watson Nearly Overcome By Gas—Unconscious for Three-Quarters of an Hour

Charles Watson, an employee of the gas works, had a very narrow escape from death last week. Mr. Watson has charge of a gang of men engaged in putting down gas mains through the city, and on Friday he was tapping a main on William street at the creek bridge when he was overcome with gas.

Mr. Watson had gone down into the trench to tap the main himself, and when some of the workmen found him he was unconscious, lying down in the bottom of the trench. He was quickly taken out and a physician was summoned. He was unconscious for about three-quarters of an hour, but was finally revived, and in a few hours was able to resume his work.

It was a close call and Mr. Watson has no desire for a repetition of the act.

HEAVY RAINS

Roy Tobey Says that Michigan has had Some Severe Storms—Spent Sunday in Lansing.

"Talk about rain," said Roy Tobey, of the 2 T's, to The Planet this morning: "you should have been with me yesterday if you wanted to see the effects of heavy storms. We have just had a small sprinkle compared with Michigan."

Mr. and Mrs. Tobey spent Sunday in Lansing with Mr. Otto Michela, and while he was away Mr. Tobey saw some sights that opened his eyes on matters pertaining to the capital of Michigan.

"Mr. Michela has been in Lansing for about 40 years and he never saw such storms before," continued he. "Two big ice-houses were carried away with thousands of dollars' worth of ice in them. The large Agricultural College baseball grounds there are covered with water so deep that you could row a boat over them. I passed one fine big farm which was completely covered with water. There was a plough in the field and all you could see of it was the ends of the handles projecting up through the water."

"Lansing has increased 7,000 in population in the last three years, and a lot of fine new residences are being put up, and still they have no more pavement than we have here. It is certainly a busy place, and even on Sunday morning the gent's furnishings stores, confectioneries and cigar stores are all open until noon. It is a funny thing, however, the hotel bars are all closed at night."

"The Elks have a large building there, as fine as the standard Bank building here, and the Mesone have one as big as the Chatham Separate School. There is a large Carnegie Library there that cost \$35,000, and it does not look as well as our library here."

"I was much surprised to find that rentals there are very low. There is one fine shoe store there, about the finest I ever saw, situated on the principal street and as big as Fred Somerville's store, that rents for \$400 a year."

"Lansing has a fine street car service, and it has been built up by an old London boy, Jas. R. Elliott, who is a great friend of Walt Richards. Mr. Elliott is general manager of the road, and before he took charge of it the service was very poor. He is well thought of there."

"Lansing is a good place, but, after all, I was pleased to get back to Chatham again."

PAVEMENT INVESTIGATION

The committee who held the investigation on the Murray street pavement matter where promoter Goodman, of the Bitulithic Pavement Co., was charged with bribery, will report to the Council this evening as follows:

"Your committee held an investigation on the Murray street pavement matter on June 5th, and after hearing the evidence submitted beg leave to report that offers and promises of money and money's worth were, according to the evidence made, to property owners on the street to induce them to sign the last petition for a pavement, but it did not appear that any of the persons to whom such offers were made signed the said petition."

SPECIAL SERVICES

The Feast of Pentecost was celebrated by special and appropriate services in St. Joseph's church yesterday morning. Rev. Father James celebrated high mass, assisted by Rev. Frs. Hermann and Herbert, while Rev. Fr. Herbert preached the sermon.

In the afternoon a large number of children were initiated into the sodality of the Holy Angels. The children looked very sweet marching from the school to the church, headed by their banners, the girls being dressed all in white.

BOOKBINDING.

Orders for bookbinding should be left at this office. It is surprising how nice a volume can be made of these magazines, even though they are somewhat soiled from much handling. Books, magazines or periodicals bound or rebound in any style at very reasonable prices. Blank books, such as journals, ledgers, day books with any kind of ruling, made to order. All work warranted first class.

Ask for Minard's and take no other

POLICE COURT

Two Interesting Cases Tried this Morning—Both Adjourned Until Wednesday.

Quite an interesting case was tried at the Police Court this morning. Harry Stinson, a middle-aged man, was charged by his former landlady with using insulting language to her on the street.

At one time Stinson boarded with Mrs. Willer, who claims that a couple of days ago he met her on the street and insinuated mean things about her which, of course, she resented. Stinson, in his defense, said that he was not the only one who used insulting language and that Mrs. Willer was mixed up in it as badly as he was. The case was adjourned until Wednesday.

Mrs. Willer lives on Duke street and has appeared in the Police Court several times as complainant in assault charges.

The case of Mrs. Dufour, who charged her husband with choking her, was again adjourned, as Mrs. Dufour was not present in Court. Mrs. Thomas, a witness in the case, said that she had seen Dufour grabbing his wife, but she thought at first that he was giving her a loving embrace until Mrs. Dufour came to her place and said that her husband had thrown her out.

There have been several quarrels in this family and both Mr. and Mrs. Dufour are well known to the police. They have three children, the eldest of whom is nine years old, and if the parents cannot get along better than they have been doing the Children's Aid Society will be asked to adopt the children.

Office 164, Residence 285.

Lawn mowers sharpened at Briscoe's

Miss Lynn and Miss Stone are visiting in Dresden.

Thomas Adams, of Essex, spent Sunday with his many Chatham friends.

Miss Mabel Johnson, of Blenheim, was the guest of Miss Laura Ainsworth on Friday.

IOE, Telephone No. 58 and place your order for ice with Fleming, Tillsen & Co., successors to J. L. Scott.

Dr. J. W. Stevenson, osteopathic physician, is spending a few weeks with Robert McGregor, Ridgeway.

Wanted—By a refined young man, first class boarding house with home privileges, Address P. O. Box 147, city.

Keys lost, on Wellington street, that were in a small purse. The finder will be rewarded by leaving them at this office.

The homeliest man in Chatham will not be allowed on board Christ Church Junior Guild, excursion to frighten the children, so bring them.

Mrs. J. E. Ainsworth and daughter Grace, of this city, and Mrs. B. L. Johnson, and daughter Mabel, of Blenheim, are Detroit guests this week.

We warrant our ready mixed Excelsior Paints to be absolutely pure. They are unsurpassed for durability, uniformity of shade and covering properties. Price per gallon \$1.48. Drew & McCallum, King St. West.

Mr. and Mrs. T. A. McCormick, Thames street, entertained the members of Miss Bowers' Sunday school class last Friday evening. The house was very beautifully decorated with flowers and a very pleasant evening was spent.

Probates of the following will have been granted: That of the late Alexander Dolson, of Raleigh, to Jane Dolson, his widow; that of the late Edward Quennell, of Morrisburg, to his sons, James and William, and that of the late George Underhill, of Chatham Township, to Agnes Underhill, his widow.

At a meeting of Court McGregor, No. 6, I. O. F., the following members were appointed delegates to the High Court, which meets in St. Catharines on the 20th of August:—R. A. Harrington, Geo. W. Wands, D. H. Diamond, John Vanstone, W. G. Burrows and Alphonse Goerney.

There was a fine concert given in Fletcher Presbyterian church Friday evening. Mrs. S. C. Walker and some of her vocal pupils gave the program. Miss Edna Hicklin recited, her numbers being well received, while Mrs. Walker sang some splendid solos in excellent voice. Rev. Mr. McQuarrie acted as chairman for the evening.

C. A. Austin is confined to his home through illness to-day.

Rector Robert, of Walkerville, spent Sunday at his home here.

Mr. and Mrs. J. Graham, of Pontiac, are visiting Mrs. Kenny, Taylor Ave.

The schooner Ontario arrived in the city to-day with a cargo of lumber for the Hadley Company.

Geo. Barry, of Wallaceburg, spent Sunday in the city with his friend, Fred Tisdell, of the Two T's.

IOE, Telephone No. 58 and place your order for ice with Fleming, Tillsen & Co., successors to J. L. Scott.

At last evening's service the Christ Church male quartet rendered "Thy Will be Done" in a most acceptable manner.

M. J. McGavin, who has been attending school in Hamilton, has returned to the city, having completed his course.

Mrs. Dyer, of London, and Miss L. McRae, of Detroit, were the guests of Mrs. Fleming, Adelaide street, over Sunday.

Samuel Wilson, a stalwart son of the Emerald Isle, is the guest of his nephew, M. J. Wilson, of Echo Place, Hurwich.

E. J. Downie and daughter, Miss Mary Downie, left for Montreal this morning. During his absence Ed. Downie will act as agent.

Meats have taken a drop! Good shoulder and roasts 10c, sirloin on porterhouse and round 12-15c per lb., boiling beef 8c and 7c, Mutton & Eastern.

Mr. and Mrs. T. J. Doyle are spending a few days in Perth. Mr. Doyle is delegate from St. Joseph's Court, C. O. F., to a Foresters convention in Perth.

Rev. F. D. Douglas, of Atlanta, Ga., the boy preacher and evangelist, will conduct evangelistic services in the First Baptist church, King street, all this week. All are invited to attend.

Mrs. Milton Bogart, contralto, sang a solo, "The bird with the broken pinion," in the Park street Methodist church last evening. The solo was much appreciated by the large congregation.

Miss Anna Carson, who has been studying music at the Ursuline Academy, leaves to-day for Toronto, where she will write on the third year examinations in the Toronto Conservatory of Music.

Percy Figgott, secretary of the Chatham Football Club, has received word from W. G. Wells, secretary-treasurer of the Peninsular League, that the last game between Darrell and Chatham has been protested. The game will probably have to be played over again.

The fall assizes will open here on the 18th of September, before Judge Britton; the non-jury sittings on Dec. 4, before Judge McGee.

The A. S. Holmes property Wellington street, was sold by public auction to Geo. E. Young, grocer, who will remodel it for his private residence.

Dr. J. P. Rutherford is in New York on professional business.

The work of paving the approach to the creek bridge on William St. commenced to-day.

Rev. Mr. Hodgins, who has been attending camp in London as chaplain to the Huron Rifles, returned to the city on Saturday.

In the absence of Dr. Battisby the Rev. Mr. Malott officiated in St. Andrew's Church yesterday, preaching two splendid discourses.

TAKES STRYCHNINE.

W. H. Irwin of Blenheim Suicides at Ridgeway.

Ridgeway, June 12.—W. H. Irwin, a contractor, living in Blenheim, was in his room at the Arlington Hotel here Saturday night. He went to his room about 4 o'clock and no one had seen him around from that time until one of the girls at the hotel opened his door and found him lying upon the bed.

Coroner Young found a paper which had contained a powder, and Bawden's drug store identified it as paper in which ten grains of strychnine had been put for him in the afternoon and upon which two "poison" labels were placed.

Irwin was 48 years old and leaves a wife and three children, who are living in Blenheim; also a sister in Ridgeway.

EVERY PLACE ON THE PRAIRIES

Has its Cures Credited to Dodd's Kidney Pills.

John White Could Get Nothing to Help His Rheumatism Till He Tried The Great Canadian Kidney Remedy.

Yellow Grass, Ass., N. W. T., June 12.—(Special).—No place on the prairie but can furnish some proof of the splendid work Dodd's Kidney Pills are doing in wiping out the Kidney ailments of the west. It was near here that little Edith Harris was so wonderfully cured of Dropsy by them, and now Mr. John White is giving an experience almost as remarkable. "I think," Mr. White says, "I should let the public know of the benefit I got from Dodd's Kidney Pills. I had Rheumatism for years, and neither doctors nor medicines did me a bit of good till last spring I tried Dodd's Kidney Pills. They did me a great deal of good. I feel like recommending Dodd's Kidney Pills even stronger than I talk." Dodd's Kidney Pills cure the Kidneys. Sound Kidneys strain all seeds of disease out of the blood. They tone up the body to its highest standard of health and energy.

MEDICINE HAT'S PROTEST.

Delegation of Liberal Association Sent to Ottawa by Town to Register View Against Autonomy Bills.
London, June 10.—William Gray last night received the following telegram from W. Cousins of Medicine Hat, N. W. T., and it was read by Premier Haultain at the close of his address in the Princess Rink: "A delegation of the executive of the Liberal Association leave here for Ottawa to place before the Government their views regarding the autonomy bills. It has been found that the representative for Western Assiniboia, Walter Scott, has attempted to request sent to him by letter. Delegates' expenses to be paid by the town."

BROKEN SLEEP—TIRED NEXT MORNING.

Sleep not only rests, but builds up the body. Out down the hours of sleep, and you cut down the hours of the same proportion. Rebuilding then ceases, nerves go to smash, you grow tired, weak and wretched. To restore sleep you must get more bodily strength, more nutritious blood, healthier nerves. Ferrozone solves the whole problem, makes you sleep soundly, given endurance, vim, ambition. No more morning weakness—instead the fire of youth will run in your veins, supplying abundance of energy and vigor. With energy comes the instant effect of Ferrozone; try it.

Three Kinds of Dressers.
A clever woman has summed up her sex in three classes this wise: The good dressers, the clever dressers and the intellectual dressers. But of these last there is a hopeless minority. Intellectual dressing depends on one's power of imagination, and of this inward and spiritual grace there is a sad deficiency. The lady should add to this the fat pocketbook, which alone makes it possible to employ the "dress artist" to think for her, and keep her in the intellectual path.—Boston Herald.

SELL YOUR COLD FOR \$1!

You surely won't stop at a dollar bill to cure that horrid, sniffling cold! Go to any druggist and get "Catarrhose" and your cold will be a thing of the past. There is almost withery in the swift way Catarrhose kills colds. But when you consider the penetrating, healing and antiseptic qualities of Catarrhose, perhaps it's not so wonderful. Certainly there is no remedy half so prompt for colds and catarrh as Catarrhose. Refuse a substitute and insist on having only "Catarrhose."

Baked Beets.

Baked beets will please those who are fond of this vegetable in other forms. After boiling till soft slice and lay out on a platter. On each slice place a bit of butter and salt to taste; next a little paprika dusted lightly over the whole. Upon this place another layer of slices and bake twenty minutes in a moderate oven, basting carefully at intervals. Minced parsley is to be sprinkled over this dish just before serving.

MINARD'S LINIMENT is the only Liniment asked for at my store and the only one we keep for sale. All the people use it.
HARLIN FULTON,
Pleasant Bay, C. B.

Always we should begin with our Christian work at the Jerusalem of our own homes.

Lifeway Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

Good intentions possess the merit of making no considerable and sometimes kind.

DRESS AND FASHION.

FRESH AND CHARMING ITEMS OF THE INCOMING MODES.

Two Delightful New Toilets Typical of the Season—Very Chic Coat Models For Tailors, Suits or Linen—Buttons and Frits.

Striking features in the story of fashion are vividly presented in the accompanying sketches. Typical spring toilets are those of the first cut. Fresh and dainty coloring marks the dress of lilac cashmere, the skirt caught up to show an underkirt of checked taffeta matching the rounded draped bolero, while a collar and cuffs of violet velvet and a violet hat with lilac plumes add to the vernal harmony.

An extremely chic model exploits a skirt of black gauze over oyster silk, with a key pattern in black velvet outline.

NEW SPRING TOILETS.

fined with cream cord. Black velvet ribbon straps the jaunty little pompadour silk coat, with which is worn a lace vest. The hat is an effective combination of Italian straw bound with black velvet and trimmed with pink roses.

The black taffeta or satin coat is so pronounced a feature of the season's wear that the very smart little model of the second cut is sure to be welcome. It is tight fitting at the back, while the fronts are thrown open with double revers, a double basque being introduced to correspond. The fashionable rich trimmings and rosette buttons, with the new ruffled sleeves, complete the model.

As the spring makes itself felt the providing of linen coats becomes an immediate necessity. The one pictured here is at once very pretty and simple, the back being quite plain, while the fronts, graced by a stitched box plait,

SMART LITTLE COATS.

are opened to display the grandfathers' frills of the shirt worn beneath. Buttons galore and narrow, closely fitted frills effect the decorative detail on many of the blouses of the moment.

There is no doubt about the adoption of the small hat. One would have to go back many years to find such a diminutive headgear as is now fast coming into evidence in the shape of jaunty pole turbans and toques of the military order. AMY YARNUM.

Red Lion Kap Rheumatism Pie.
Cut in rather coarse pieces enough pieplant, or rhubarb, to fill a cup. Beat one egg, add the pieplant, a cup of sugar, two common crackers rolled fine and a fourth of a teaspoonful of salt. Mix together thoroughly and turn into a pie tin lined with pastry. Put a few bits of butter over it here and there. Add one grating of nutmeg and bake as a tart pie. Bands of pastry may be laid over the top before baking.—Boston Cooking School Magazine.

Charming Fans.
Charming but inexpensive fans are of a diminutive size, with mother-of-pearl or pale green sticks, and are heavily ruled with artificial flowers. The fan is so arranged that when closed the border appears to be a round bunch of flowers, as of violets, and the sticks form a round stem.

The Hotteum Fad.
In London there has lately been born a decided feeling in favor of old gems. It is thought, at the rage for the Lilliputian style of resetting old jewels, and great ladies are proudly wearing their family treasures as a chip on the shoulder for laissez-faire fashion to mock off.

Wireless in Britain.
Recently the British Government so far recognized the importance of the wireless system as to permit wireless telegrams to be handled through the postal telegraph offices of the United Kingdom. Commenting upon this, The London Daily News says there could hardly have been a more brilliant opening for the scientific side of the new year than lies in the simple fact that from the smallest British country village the word "Lucania" will be a sufficient telegraphic address for a vessel that is plowing the Atlantic.

YOUR WORN-OUT STOMACH.

What it needs is the strengthening influence of Dr. Hamilton's Pills—they work marvels where the stomach and digestion are poor. In one day the appetite increases and the whole system is rapidly strengthened. No stomach specialist could write a better prescription than Dr. Hamilton's Pills of Mandrake and Butter-nut. At all dealers in a yellow box, price 25c., or five boxes for one dollar.

Apples and Milk.

A diet of apples and milk is most wholesome and well balanced, says The New York World. The potato contents of both are high, and they yield nourishment for brain, bone and muscle, having a soothing effect upon the nerves. The apples should not be pared, as the ash contents of the skin are valuable to the human system.

WHY DO WOMEN SUFFER?

Such pain and endure the torture of nervous headache when 25c. buys a sure cure like Nerviline. A few drops in sweetened water brings unfailing relief. You feel better at once, you're braced up, invigorated, headache goes away after one dose! The occasional use of Nerviline prevents indigestion and stomach disorders—keeps up health and strength. Every woman needs Nerviline and should use it, too. In 25c. bottles everywhere.

Novel Written in Verse.

A London publisher received the manuscript of a novel written from beginning to end in verse. Curious, he read it and found it none at all a bad story; so good, indeed, that he is willing to print it if the author will translate it into English prose.

A puny child is always an anxiety to the parents. There seems generally no reason why the little one should be weak when it is so well fed. But the fact is that it does not matter how much food the child takes if the stomach cannot extract the nourishment from it. No benefit can be derived from just eating. That is the condition of many a sickly child. The stomach and organs of digestion and nutrition are not doing their work, and the body is really starving. It is little use to give fish foods, like cod liver oil or emulsions, in such a case, because these also have to be digested; they may lighten the stomach's labor, but they don't strengthen it. Strength is what the stomach needs. Dr. Pierce's Golden Medical Discovery Strength is what the stomach needs. Dr. Pierce's Golden Medical Discovery strengthens the stomach, nourishes the nerves and increases the secretion of the blood-making glands. It is for children's use, on account of its superior to every other preparation its body-building qualities, and also because it is pleasant to the taste and contains no alcohol, whiskey or other intoxicant. Dr. Pierce's Golden Medical Discovery is a valuable aid when the bowels are irregular. They are small. Children take them readily.

There are too many people singing "I want to be an angel" who would be lazy to groom their own wings if they had them.

JUST THE TIME TO VISIT NEW YORK.

Lehigh Valley Railroad Special 15-day Excursion, Friday, June 16th. Tickets only 50¢ from Suspension Bridge to New York and return. Tickets good on regular Express trains leaving Suspension Bridge on June 16th at 3:50 and 7:15 a.m., 6:20 and 10:15 p.m.

For tickets and sleeping car berths, apply at Station Ticket Office, Suspension Bridge, or of Robert S. Lewis, Canadian Passenger Agent, 10 King St. East, Toronto.

THE FAST TRAINS.

To California are run over the Union Pacific, via Omaha, 16 hours quicker to San Francisco than any other line. No change of roads, no detours. "The Overland Route" all the way. Be sure your ticket reads over the Union Pacific. Inquire of H. F. Carter, T. P. A., 14 James Building, Toronto, Canada, or F. B. Cheate, G. A. 125 Woodward Avenue.

We are advised by Mr. W. E. Rispin that Saturday excursion tickets to Detroit via Grand Trunk and Wabash railways, are now on sale, issued Saturday and Sunday, good to return any time Monday, 1:50 return.

DISHWASHING.

The Way to Make a Pleasure of This Disagreeable Task.

Do not get discouraged about having to wash dishes 365 days in the year. Dishes must be washed, and of all the many duties that fall to woman's lot this seems to be the most disliked. But there is an ideal way.

The chief things required to make it a pleasure are care, order, plenty of good, hot water and a stack of dry tea towels, two dishcloths and a large enameled bowl. The dishes, when removed from the table, must have each of its kind put together. Put all the cooking utensils on the range and fill them with water until the time comes to clean them.

Have a receptacle in which to place all the scraps that come from the dishes, plates, etc. The most important thing is to have plenty of hot water, not merely warm, but hot, and use some good soap in the water to make your suds. It cleans the greasy meat dishes and plates twice as quickly. Have your mops with handles of deep mouthed fags, and have nice dishcloths made of cheesecloth.

Begin with the glassware and next china, and follow with spoons, forks, knives, etc. Never use a wet towel. Woman's Life.

TO NEW YORK DAILY AT 5.13 P. M., IN THROUGH PULLMAN SLEEPER.

A convenient hour and popular train. Cafe parlor car, serving supper, and dining car serving breakfast, before arrival in New York. Secure tickets and make reservations at Grand Trunk City Office. W. E. RISPIN, City Pass. Agent.

Population of New York.

The population of the city of New York, according to the estimate of the Department of Commerce after a careful study of the situation, was about four millions last June, the increase since 1900 having been more than half a million, says The New York Sun.

That is, in 1910 the population of New York will be more than a million and a quarter greater than in 1900. Of this increase, probably more than one-third will be of Jews, which race at once makes up toward one-fifth of the inhabitants. In 1900 the population of foreign birth and parentage constituted about four-fifths of the whole, and its percentage is now increasing because of the unprecedentedly great immigration.

At present the aggregate of the disbelievers of the Christian population of the city is only about two-fifths of the whole. This includes the whole of the Roman Catholic population and the total number of Protestants, except Unitarians. Besides these, the Federation estimates a total of about half a million Protestants who attend church more or less regularly and more than a million Protestants who are "churchless" or outside of any religious faith.

New York, therefore, cannot now be called a Christian city. The total of Protestant communicants and church attendants, as estimated by the Federation, is only about as great as that of the Jews alone, and by 1910 it is likely to be much less. By that time there will be more Jews here than natives of native parentage. The Jewish population has increased from only about 3 per cent. of the whole in 1880 to nearly 20 per cent. in 1905.

Slept On Tracks.

Quebec, June 12.—Bert Taitan, about twenty-four years of age, and engaged on a canal barge was run over by an engine and the upper part of the head completely severed from the body as well as one of his arms at the elbow. It is thought the man was sleeping on a track.

Accident at Barn Raisings.

Shelburne, June 12.—Watson Moore was seriously injured at a barn-raising on the farm of Alex. McDonald, a short distance from town. Moore's spine was broken and also other internal injuries. The chances for recovery are slight.

Some men show the hypocrite that

to them by too much humility.

NORTH OXFORD.

Final Meeting for Provincial Rights At Woodstock Saturday Night.

Woodstock, June 12.—So far as Woodstock is concerned the platform campaign for Provincial rights closed Saturday night with a big meeting in the opera house. On Monday night the Liberals will hold a final rally and an appeal will be made to the old party pride to save the Government. Hon. W. S. Fielding, Hon. Wm. Patterson and several other speakers will be heard and a big effort is being put forward to arouse enthusiasm for the work of getting out the vote on Tuesday.

Saturday night's meeting was held under most discouraging conditions. It rained all day and poured all night, and the immense gathering was a surprise to everybody. The speakers were Premier Haultain, W. F. Maclean, M. P., and J. E. Armstrong, M. P.

The London Campaign. London, June 12.—A severe rain storm did not prevent nearly 2,000 people attending the citizens' league meeting here Saturday night. The speakers were F. W. Daly, Rev. J. E. Starr of Toronto, Dr. Goggin and Edmund E. Sheppard.

A Straight Denial. Toronto, June 12.—Last night the following telegram from Walter Scott, M. P. for West Assiniboia, dated from London, was received here:

Regarding Cousins' telegram from Medicine Hat read by Haultain Friday night here, I wired Mayor of Medicine Hat for facts and have following answer, dated June 10:

"Walter Scott, M. P., London.—Cousins' telegram wholly wrong. Liberal Association and board of trade will meet Monday evening to ask council to send delegation to Ottawa, about Strathcona Horse headquarters and new postoffice. Absolutely nothing whatever about autonomy bills or education clause suggested or thought of. Signed, F. G. Forster, Mayor."

NEWFOUNDLAND.

Colony Will Levy Big Tax on Banks and Marconi Wireless.

St. John's, Nfld., June 12.—Premier Bond in the Legislature Saturday afternoon announced plans for raising increased revenues. He said the Canadian Marconi Cable Co. had established three wireless stations in Newfoundland without authority, and that Colonial Government believed they were now doing commercial business with the Marconi stations at Cape Cod, Cape Breton and passing steamers. Therefore the Government proposed to tax these stations \$4,000 each if satisfied that such business was being done.

The Premier also stated that it was not the intention of the Government to let the Anglo-American Cable Co. pay more than five Atlantic cables at \$4,000 each as the extensions to the Canadian continent were regarded as a part of the same cables.

It was proposed, however, to levy a tax aggregating \$10,000 annually upon banks doing business in the colony.

HUDSON IS DEAD.

It Is Alleged From Blow Struck In An Assault on June 1.

Peterboro, June 12.—Frederick J. Hudson, proprietor of the Royal Hotel, died Saturday night at St. Joseph's Hospital. On the evening of June 1 Hudson was assaulted and struck upon the head, it is alleged, by an English farmer named Patrick McAuliffe. A depression of the skull was the result, and it is supposed to have been the direct cause of death. An inquest will be held on Wednesday evening.

Hudson was born in Perth, 44 years ago, and was for 26 years in the employ of the C. P. R. as engineer, but went into the hotel business two years ago. He was unmarried.

GREEKS LOSE 308.

Heavy Fighting With Bulgarians, 17 of Whom Are Executed.

Salonica, June 12.—In the fighting at Panchalin, near Voden, on June 2, it is said the Greeks lost 300, while the Bulgarians lost 25 killed or wounded, besides 17 prisoners, who were executed by their captors.

On June 3, in a fight at Libad, west of Gumenadja, three Greeks and 16 Bulgarians were killed. The Bulgarians would have been annihilated but for the timely arrival of Turkish troops. The latter number 908.

ARE READY FOR WAR

Norwegians Won't Recede From Present Position.

Reports to Norway's Government Are Withdrawing From Their Position—Sweden Will Refuse to Recognize the Revolution in Norway, Whose Leaders Gather Munitions.

Christiania, June 12.—Reports received here of Saturday's conference at Stockholm between the officials of the Government and the Riksdag, are taken here as an indication that the Swedes are withdrawing from their position. It is recognized here that Sweden has three courses—first, to declare war; second, to agree to Norway's proposals; third, and intermediate course, not war, but the refusal to recognize Norway's independence and the refusal to appoint a sovereign.

All the officials are exercising the utmost reserve. A member of the Cabinet, who was interviewed Saturday, but who declined to permit the use of his name, said that the Norwegians never would recede from their present attitude, which is the result of many years' deliberation. It was not expected, he said, that Sweden would declare war, but in that event, he added, Norway would be prepared. The army has been mobilized for annual drill, and the Government has taken precautions to lay in an adequate stock of military stores at advantageous prices.

While the Swedish army and navy, he continued, are larger than the Norwegian army and navy, there is no reason for fear. The Norwegians never have been conquered and never will be.

Sweden Won't Recognize. Stockholm, June 12.—Premier Ramstedt, in an interview, says the Swedish Government will refuse to recognize the revolution in Norway, and will submit to the Riksdag motions conformable to this standpoint. The Premier thinks that the Riksdag will adopt his view, and is convinced that no foreign power will recognize Norway as an independent country against the will of Sweden.

BIGELOW SENTENCED.

Judge Quarles, His Former Friend, Imposes the Extreme Penalty.

Milwaukee, Wis., June 12.—Frank G. Bigelow, confessed defaulter in the sum of \$1,500,000 of the funds of the First National Bank of Milwaukee, while president of the bank Saturday pleaded guilty to an indictment of ten counts, each count a violation of the national banking laws, and was sentenced by Judge Quarles to ten years' imprisonment at hard labor in the Federal penitentiary at Fort Leavenworth, Kan. The former bank president was turned over to a marshal and started for prison the same night.

Judge Quarles, in passing sentence, dwelt on the circumstances surrounding the case and with emotion referred to his own long personal friendship for Bigelow. Bigelow was visibly affected, although he bore himself with remarkable fortitude.

MRS. HUBBARD'S EXPLORING TRIP

Wife of Labrador Victim Will Continue Trip That He Planned.

Halifax, N. S., June 12.—The wife of Leonidas Hubbard, who perished while exploring in the Labrador interior, has planned to continue Mr. Hubbard's work and has arrived here. She will leave this week on the steamship Marlow for Gillispot, on the Labrador coast, and thence she will continue explorations from the party where her husband was taken.

Mrs. Hubbard's party will include five members, besides Indians and other guides. Mr. Wallace, who was associated with Hubbard in the previous expedition, passed through here with the same object in view as that of Mrs. Hubbard. Mr. Wallace said nothing about joining Mrs. Hubbard's expedition.

ATTEMPTED ASSASSINATION.

Two Bullets Find Billet in Colonel of Kaff Secret Police.

London, June 12.—A despatch to a news agency from Kaff, Russia, says an attempt was made Saturday afternoon to assassinate Yusef-Cel, Spahibach, the chief of the secret service police.

The colonel was walking in the main street of the city when an unknown man fired twice at him with a revolver.

Both shots were effective, and Spahibach was seriously wounded. His assailant escaped.

France, Germany and Morocco.

Paris, June 12.—Prince Radolin, the German Ambassador to France, met Premier Poincaré Saturday afternoon, and the two men had an opportunity to canvass the sentiment in London, Rome, Madrid, Washington and other capitals, heretofore considered friendly to the French view.

Jumped Into the River.

Ottawa, June 12.—Mrs. Sarah Moss, wife of an employee of the Canadian Atlantic Railway, aged 33 years, on Saturday night jumped into the Rideau canal, near the exhibition grounds. She was rescued and revived. She is evidently weak-minded and was probably influenced by reading of the action of Mrs. Gobel in jumping off the Chaudiere bridge on Wednesday.

Boy Drowns at Brantford.

Brantford, June 12.—Yesterday afternoon a young boy, Albert Babatini, aged 4 years, fell in the canal at the Market street bridge and was drowned. The life-saving section of the fire department turned out, but did not recover the body for an hour. The parents of the child were in Paris for the day.

THE MARKETS.
