END OF THE SCHOOL BOOK SWINDLE.

The difference between an administration of spoilsman and rake-off promoters, and one conducted on business principles, is illustrated by the new school book contract made by the Whitney Government of Ontario after receiving tenders. The old school book ring has disappeared, and the series of raiders will be sold at less than half the present cost. Not one book will cost fifty per cent. of the price now charged, while some are reduced sixty per cent. and more. Even from these low prices there are large discounts to purchasers of even the smallest quantities direct from the publishers. It is estimated that on readers alone the saving to parents in Ontario is \$80,000 a year. This represents only a portion of the excessive profits hitherto made by the ring, much of which doubtless went to the political machine managers. The machine of Ontario must now be financed wholly from Ottawa plunder. Unfortunately some of the other provinces are not yet delivered from the school book swindle.

Build up Chatham!

Every progressive ratepayer will vote for the Wolverine Brass Works by-law to-morrow.

The lady voters of the city are requested to be ready to be driven to the polls to-morrow morning.

Even if you do lose half an hour in casting your vote for the by-law to-morrow, it will pay you well if the count shows a majority FOR.

The bringing of the Wolverine Company to Chatham will mean that YOUR taxes will be reduced. Do you want to keep on paying all the taxes yourself, or do you want to bring people here to assist you to manage the city's affairs? Show your progressiveness and common sense by helping the city and at the same time helping yourself.

One hundred prosperous workmen coming into Chatham will be a great addition to our population. They will have to live here and will have to pay for their living. This means something to merchants, property holders and taxpayers. It would be a great thing if Chatham had a chance to pass a hundred such by-laws as the one which will be submitted to-morrow. IT COSTS THE CITY ABSOLUTELY NOTHING.

BONES OF MASTODON FOUND AT RIDGETOWN

Ridgetown, June 4.—While plowing in a field near Duart, T. T. Barz unearthed a bone of a mastodon and has every assurance that the rest of the skeleton will be found lower down. The bone discovered is three feet long and about ten inches in diameter at the points, and is in a good state of preservation.

About a foot of black loam covered the mud in which the bones were found. The villagers are awaiting with keen interest the excavation that will bring the rest of the bones to light. Judging from the length of the bone already found, the animal must have been of huge proportions and must have stood fully nine feet high.

Our Cuban friends couldn't refrain from raising the Devil again. It seems that a "Little Taffy" and Rocky Mountain Tea Has set the island free.

A. I. McCall & Co.

SAN JOSE SCALE

Captain Boles has heard that in a test near St. Thomas of the effects of winter spraying of twenty-four trees—apple, plum and peach—half the number with the lime and sulphur spray, and the other half of each with the mineral water—as recommended by Captain Boles—there was no visible difference as regards the destruction of the San Jose scale, but the shoots of those on which the lime and sulphur was used are longer and of lighter color, and the blossom rather farther advanced, but not more plentiful.

This might be owing to the lime and sulphur covering the tree with a thicker coat, thereby keeping out a certain amount of frost, which might retard the sap in a tree not so protected. He will be notified as to the appearance and production of fruit when ripe.

Mandy-Hives and other blotches are supposed to be caused by an acid stomach. A simple remedy and one that is very effective is Hollister's Rocky Mountain Tea. 35 cents, Tea Tablets.

CURE SICK HEADACHE.

MR. O. B. HULIN IS A VETERAN ODDFELLOW

Monday was Mr. O. B. Hulin's 50th anniversary as an Oddfellow. On the 2nd day of June, 1857, Mr. Hulin joined Chatham Lodge, No. 29, I. O. O. F., and has for the last half century been an honored member of the Order.

It is given to few men to hold such a record as this, and the many Oddfellows in the city will doubtless extend their hearty congratulations to Bro. Hulin upon this memorable occasion.

Mr. Hulin has held all the high offices in the gift of the Order, and has several times represented Chatham Lodge, No. 29, at Grand Lodge meetings in different parts of America.

His greatest service to the Order was rendered as a member of the Building committee at the time the present magnificent temple was erected. He gave a large part of his time to superintending its construction, and all Oddfellows regard the edifice as a monument to his untiring zeal and devotion to the cause of Oddfellowship.

Hope is a waking dream.

DISTRICT

BLenheim

Blenheim, May 31.—Mrs. Ira Burke, who has been quite ill for the past week, is better.

Mr. and Mrs. George Munroe, of Galveston, Texas, are at present visiting Mr. and Mrs. Malcolm Campbell.

Lorne Wedge, of Blenheim, who has been for some time past working at Essex, has returned home.

Frank Rodgers, who lately removed to Windsor, having secured a position in that city, renewed old acquaintances here for the last week. Yesterday was "pig day" in Blenheim, and a very large number of those creatures were brought into town to be weighed and shipped.

Mrs. E. J. Witherford and family, of Blenheim, moved to St. Thomas this week. Mr. Witherford having been there for some time.

There were four people baptised at the Baptist church last Sunday. Next Sunday being the first Sunday in the month, holy communion will be celebrated in Trinity church at 11 a.m.

When in Chatham call at Wonderland. Moving pictures and illustrated songs, changing Mondays and Thursdays. Admission 5 cents.

WHAT ABOUT YOUR KIDNEYS?

Your back aches and fairly groans with the distress of kidney trouble. You're discouraged, but you mustn't give up. The battle can be quickly won when Dr. Hamilton's Pills get to work. These kidney specialists bring new health and vitality to young and old alike. Even one box proves their marvelous power. Continue this great healer, and your kidneys will become as strong, as vigorous, as able to work as new ones.

Remember this: Dr. Hamilton's Pills are purely vegetable; they do cure liver, bladder and kidney trouble. They will cure you, or your money back. Price 25c. per box, at all dealers.

St. Kitt's Carpenters Go Back. St. Catharines, June 3.—Local carpenters, who have been on strike several weeks, have accepted the compromise of the contractors to settle at 33 cents, and have returned to work.

There is nothing humiliating in true humility.

Money talks, but not half so loud as manhood.

It comes hard to lose a soft berth.

They all say the same about

St. George's Baking Powder

"Dozens of my best customers have put St. George's to the test."
"They have tried it for Biscuits and Doughnuts—for Cakes and Pies—for Muffins and Pancakes."

"And they agree that St. George's can be depended on—that when they do their share of the baking right, St. George's makes the lightest, whitest, tastiest pastry and cakes and biscuits—in a word, that it is the best Baking Powder they ever used."

"And my customers are pretty fastidious people, too."

You will find our new Cook Book a ready help every day. It contains all sorts of recipes and useful hints for Good Cooking. Write for a free copy. National Drug & Chemical Co. of Canada, Limited, Montreal.

AN EASILY REGULATED FURNACE

It's a real pleasure

to own a Sunshine.

It's so easily regulated.

Drafts work

perfectly—do just what you

expect them to.

The fire is al-

ways under

control. You

PULL UP THIS CHAIN

from the floor above, if you feel a trifle chilly, and a strong draft through the ash-pit door is opened.

McClary's SUNSHINE FURNACE

can have as hot a fire as you like on zero days. And one just warm enough to keep the chilly feeling absent when a thaw comes. Fortunate is the man who owns a Sunshine.

This means that single papers entering the United States will each require two-cent postage, that parcels of papers sent to one office will be four cents a pound.

In view of this, after May 8th the price of The Planet sent to the United States will be \$5 per annum. There is a reduction in the actual price of the paper of over \$1, as the postage the publishers will be obliged to pay will be \$3.12, a year on

THE NORTHWAY CO., LIMITED

Change In United States

Subscription Rate

The Planet, in common with all other newspapers of Canada, has been notified by the Postoffice department at Ottawa that on and after May 8th next, the rate of postage on papers entering the United States will be changed from one-half cent a pound, bulk weight, to one cent for each four ounces or fraction of four ounces.

This means that single papers entering the United States will each require two-cent postage, that parcels of papers sent to one office will be four cents a pound. In view of this, after May 8th the price of The Planet sent to the United States will be \$5 per annum. There is a reduction in the actual price of the paper of over \$1, as the postage the publishers will be obliged to pay will be \$3.12, a year on

each subscription. The Weekly Planet will be \$1.50 per annum, strictly in advance.

WHY REMAIN THIN AND PALE?

Pale people have pale blood. The stomach is wrong, assimilation is poor and food is not changed into blood. The system lacks vitality and reconstructive power, which can be supplied by Ferrozone. It braces the appetite, digestion is stimulated, what you eat is transformed into the kind of nutriment your system requires. Vital, life-giving blood that makes rosy cheeks, strength that defies weariness, spirit and ambition, all come from Ferrozone. Nothing in the annals of medicine so sure to build up and strengthen as Ferrozone. Try a 50c. box. Sold everywhere.

No man excuses himself by accusing his neighbor.

Killed by a Scratch!

SAD INCIDENT WHICH ZAM-BUK MIGHT HAVE AVERTED.

"John Cox has died in the Saskatoon Hospital from blood poisoning which followed a scratch on the hand." Compare this sad result with the following experience told by Alf Henry Orth, of Shipley, Ont.—"I had a rusty wire nail run under my thumb-nail, which caused a very bad wound, and the nail being rusty I feared serious consequences. I knew how good Zam-Buk is, and so melted a little and let it run into the wound under the thumb-nail. In quick time it relieved the acute pain, and after that I went on with my work just as usual. In a short time the injury was quite cured."

Now, why did this severe wound cause no trouble, and the trivial scratch end fatally? Nothing could more powerfully illustrate the virtue of Zam-Buk. Blood Poison, Smarting Pain, Festering, Ulceration—all these were never intended by Nature. Zam-Buk contains just those herbal saps, and extracts, and essences which Nature has provided for healing sores and wounds, and preventing evil consequences. Zam-Buk applied to a sore or wound, instantly kills all disease germs and cleanses the wound. The smarting and burning at once cease, and the process of healing is commenced. In a short time the surface anointed with Zam-Buk is as smooth and healthy as before injury. Just ask your friends, who have proved Zam-Buk if this is not their experience.

ZAM-BUK CURES SUMMER ECZEMA, ITCH, ETC.

For Summer Eczema, Itch, Heat Spots and the many serious skin troubles common in hot weather, Zam-Buk is a sure cure.

Mrs. M. McCulloch, of Fall Brook (Ont.), says: "I had Eczema on my face and ears, and in hot weather the itching and pain were terrible. For two years everything I tried was unavailing. Zam-Buk was highly recommended to me, and to my great delight, it cured me completely."

Zam-Buk cures Heat Sores, Sunburn, Chafing Sores, Ulcers, Sore Feet, Blisters, Blood Poison, Insect Stings, Eruptions, Eczema, Itch, Piles, Fistula, Cuts, Bruises, Burns, Scalds and all skin injuries and diseases. All druggists and stores sell Zam-Buk at 50c. a box, or mailed direct from Zam-Buk Co., Toronto, for price; 6 boxes for \$2.50. (C. E. Fulford Limited.)

Free Box

Send this coupon and 10¢ stamp to Zam-Buk Co., Toronto, with name of this paper, and free trial box will be mailed you. 621

TURNERVILLE.

On Sunday, May 19th, the grim reaper visited the home of Thomas Buckingham and bore away his beloved life partner to the better land. Mrs. Harriet Buckingham, who was 71 years of age, had been for years a sufferer from consumption of the bowels. The funeral service was conducted at the Lindsay Road Church on Tuesday afternoon, by Rev. Mr. Edmonds, after which the Lindsay Road Methodist Church.

remains were interred in the Dresden Cemetery. The deceased leaves to mourn her loss an affectionate husband and one son, Christopher, of Chatham Tp., to whom the sympathy of the entire neighborhood goes out in their great sorrow. Mrs. Buckingham came with her husband from the County of Norfolk, England, in 1874, and went to Ottawa, where they met the late Mr. Rufus Stephenson, M. P. for Kent County, who persuaded them to come to Kent County, which they did, and have lived here ever since. Mrs. Buckingham was a member of the Church on Tuesday afternoon, by Rev. Mr. Edmonds, after which the Lindsay Road Methodist Church.

The Ideal Beverage

ASK FOR
Labatt's
(LONDON)

A PALE ALE, palatable, full of the virtues of malt and hops, and in sparkling condition, is the ideal beverage.

Now when chemists announce its purity, and judges its merit, one need look no further.

HAYWOOD BREAKS DOWN.

Taken Seriously Ill and Suffers Great Agony For Hours.

Boise, Idaho, June 3.—William D. Haywood, the defendant now on trial charged with the murder of former Governor Steunenberg, became seriously ill in his cell at the county jail yesterday. Two doctors were called and were with him for several hours. It is believed that he is suffering a nervous breakdown. For some days he has complained of headache and the guards at the jail say he has shown signs of much restlessness.

It was plain, they say, that the strain of jury getting has been hard. About one o'clock Saturday morning the pains in the head became acute. The physicians were called in at once and administered opiates. Until these took effect, however, Haywood was in great agony and at times his cries could be heard in the jail yard. At 8 o'clock Saturday morning Haywood was resting easily.

Judge to Start Haywood Case. Boise, Idaho, June 3.—The work of obtaining a jury in the case of William D. Haywood, charged with the murder of ex-Governor Steunenberg, will be resumed this morning, unless the prisoner has a relapse. Yesterday, although a little drawn and pale, as a result of the medicine and the opiates given him to relieve him of the acute pains he suffered Saturday morning, he appeared to be in his normal condition. He was out early in front of the courthouse and walked in the sun.

Judge Freeman Wood has said that he is determined a jury shall be obtained to-day, if possible. Forty-four talesmen remain of the venire of sixty-one summoned last week.

SNOW FALLS IN NEW YORK.

First Sunday In June the Coldest on Record.

New York, June 3.—Snow fell in New York on this the first Sunday in the summer month of June. The flakes did not fall as snow all the way to the pavements, but coming from a colder strata of air, they swirled about the tops of skyscrapers and before dissolving added a midwinter touch to the most remarkable June 2 that New Yorkers have known.

The warmest moment of the day was 12.05 a.m., when the temperature was officially recorded as 51 degrees. At 10.20 a.m. the mercury had dropped to 45. At 8 o'clock last night it had risen to 47.

At the local weather bureau, where a conservative view is always taken the day was admitted to be the coldest recorded here for the second of June.

Gale Sweeps City. The day broke with a fresh gale that swept over the city with startling effect. At an early hour the wind attained a velocity of 50 miles an hour. The brunt of the blast was felt in the Bronx, where a two-story half-completed frame house was torn apart and its timbers scattered for a block.

The watchman of the building, Heller Rubenstein, owes his escape from death to the temerity that led him outdoors for a first hand observation of the elements just before the house crumbled.

GRAND DUKE ESCAPES.

Was Placed In Peril From Runaway Locomotive.

Orel, Russia, June 3.—A train from Sebastopol to this city on which the Grand Duke Constantinovich was a passenger, had a narrow escape from being wrecked on Saturday. Shortly before the time of its arrival here an unknown person started a locomotive at full speed down the track.

The Grand Duke's train fortunately was late and the runaway engine captured before a collision occurred.

The incident is mystifying as the grand duke is known to be one of the most liberal-minded members of the Imperial family.

Later, the culprit was arrested, and it was found that he was a discharged workman, who sent the engine down the track out of a spirit of revenge, and not from any political motives.

Laurier Led Cheers.

London, June 3.—(C. A. P.)—The Earl of Carrington, replying to a speech by Lord Milner, who criticized the radical policy in the Transvaal, contrasted it with the attitude of Laurier.

Carrington stated that when he presided at the National Liberal Club banquet to the Colonial Premiers, Laurier led the cheers which greeted Botha, and waved his napkin, and when the cheers subsided, said to him: "No nation in the world could have had so plucky or brave a policy except one, and that was old England."

RAISING FALSE HOPES.

London Graphic's Opinion re All-Red Steamship Service.

London, June 3.—(C. A. P.)—The Daily Graphic says there appears to be some danger that the loose language used by His Majesty's Ministers in regard to shipping subsidies during the Imperial conference may raise false hopes in Canada.

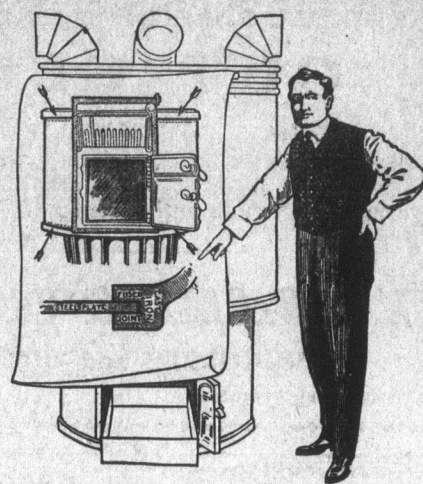

Instead of asking Laurier to explain how the route to Australasia via Canada could be advantageous either to England or the Australasian colonies, the Ministers talked vaguely about "all-red" routes and said they would enquire into the matter. England surely, says The Graphic, has had sufficient experience of the folly of "all red" routes in connection with Pacific cables.

The Government have appointed a committee to consider the Canadian proposal for an all-red route, comprising Lloyd George, Sydney Buxton and Winston Churchill, and Walter Hume, and a decision may be expected at the end of this month.

Teases Them In.

Teacher—Have you looked up the meaning of the word "imbibes," Fanny? Fanny—Yes, ma'am. Teacher—Well, what does it mean? Fanny—To take in. Teacher—Yes. Now give a sentence using the word. Fanny—My aunt imbibes boards.

Fused Joints are Air-tight

Fused Joints are used only in "Hecla" Furnaces. They are made by bringing the iron and steel

of the radiating chamber to a white heat and fusing the metals into one piece—making a joint so permanent and so tight, that it prevents for all time the escape of smoke, gas and dust into the house.

"Hecla" Furnace

joints are just as tight, after ten years service, as when first installed.

"HECLA" FUSED JOINTS are covered by patents and are used exclusively in "Hecla" Furnaces. The cemented and bolted joints in other furnaces are soon impaired by the unequal expansion of the steel and iron. The cement drops out; the bolts work loose; soon leaving openings through which gas and dust escape. FUSED JOINTS make "Hecla" heating ample, economical, sanitary and healthful.

Learn more about Hecla Furnaces by seeing the nearest agent, or by writing for the latest catalogue to

If you think you need a tonic, ask your doctor. If you think you need something for your blood, ask your doctor. If you think you would like to try Ayer's non-alcoholic Sarsaparilla, ask your doctor. We publish the formulas of all our preparations. J. C. Ayer & Co., Lowell, Mass.

The Possibility. Stage Manager—Great snakes! Stop! Don't move that scene yet. Supe—It's most time. "Don't touch it. Juliet is there dead in the tomb. If you move that canvas it will let in a draft and she'll sneeze."

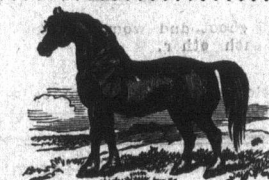

Of Interest To Women.

To such women as are not seriously out of health but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it be believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless. Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol. In its make-up, in this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that the same remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy. Method is the soul of business.

THE COLLEGIATE MAY LOSE A GOOD TEACHER

It is rumored that Mr. Edwards, the newly appointed Commercial Master at the Collegiate Institute, has received an offer of another position which, on account of the extra inducement in the matter of salary, he is likely to accept. Mr. Edwards has received a tempting proposition from C. A. Pyne, of Woodstock, to travel for the National Hotel Menu Printing Co. When interviewed this morning, Mr. Edwards did not wish to make any definite statement. He admitted that he had received the offer spoken of above. He, however, said that he liked his present position and he also liked Chatham and its people. If suitable arrangements can be made he would far rather remain where he is.

It is understood that the matter will come up to-night at the meeting of the Board of Education, when the salaries for the teachers at the Collegiate will be fixed. Mr. Edwards is a specialist and asks to be placed in the schedule as such. If this is done, it is thought there will be no difficulty in keeping him in Chatham.

A few months ago the Board of Education had a little experience in the line of securing a Commercial Master. It was found that only two desirable men applied for the position. Mr. Edwards was picked, and the wisdom of that choice has since become evident. He is a young man, capable and earnest, and as such the Board will no doubt be supported in doing what they can to retain his services.

Manson Campbell Hopes To See Extension To Pain Court

Extension Of C. W. & L. E. To Lake Begins At Once
—Successful Trip To Towanda—Messrs Kipp And Kizer Here

That the Board of Trade made no mistake in appointing Messrs. Manson Campbell and Charles Hadley as a deputation to interview the officials of the C. W. & L. E. is proved through the details of the following interview which was granted to a Planet reporter at noon to-day.

"As you are aware," said Mr. Campbell, "the Board of Trade at a meeting last Thursday, appointed Mr. Hadley and myself as a deputation to interview the officials of the C. W. & L. E. at Towanda, Pa."

"When the C. W. & L. E. officials were here a month ago, they stated that they wanted \$10,000 subscribed locally, and they would immediately commence the construction of the Lake Erie extension. The reason they gave, was that when they undertook to construct the road, the understanding was that 20 per cent. of the total cost would be subscribed locally, and the estimated cost of the Lake Erie extension was \$200,000.

"Before we left for Towanda, the committee in charge had been successful in securing subscriptions amounting to \$25,000, and it seemed difficult to get more. We went over with the idea of getting the company to put the road through with the amount of local capital above stated. We met Messrs. Kipp, Kizer and Fell at Towanda, and they stated that they were anxious to proceed with the work, but they thought it was only right that they should hold out for the full twenty per cent. to be subscribed locally. I might mention that they are at present building two other lines in Pennsylvania, and unless arrangements could be made to start immediately they feared that the Lake

Erie extension could not be begun this year. We secured a letter from them to the effect that as soon as \$33,000 was subscribed here, and we sent a telegram to them to that effect, they would start work in two days time. So we came home, and started out Monday morning at ten o'clock, and with the assistance of the committee, by one o'clock we were pleased to find we had \$33,500 subscribed. We at once sent a telegram to Towanda as per agreement, telling the officials that the amount had been over-subscribed, and that the City Council were willing to co-operate with them, and give them every assistance in putting the work through.

"I might add that the committee is still trying to get more money, as if we get \$44,000 subscribed, we are of the opinion that the Railway Company could be induced to run a line down the Fourth concession of Dover to Pain Court. This would make a valuable extension, and bring a most desirable trade to Chatham.

"We found Messrs. Kipp, Kizer and Fell to be good reliable business men, and they are men who will carry out any promises they agree to.

"I would like you to add a word of praise for the enterprise of Mr. Perry Chase, who was the first local man to put his name down for \$500 on the subscription list, and he has to-day put his name down for \$500 more. Mr. Chase has proven himself to be one of our most enterprising and public-spirited citizens."

Messrs. Kipp and Kizer arrived in the city this afternoon, as per their promise, and they are to-day consulting with the local powers that be.

GRADUATION EXERCISES

Four Charming Young Nurses Receive Their Diplomas

President Mrs. Manson Campbell Performs Very Pleasant Function

The graduating exercises of four charming young nurses of the Public General Hospital were held last evening in the First Presbyterian church.

The church was crowded with visitors, and indeed the event was worthy of the interest displayed by the citizens. The young graduates looked very pretty in their neat uniforms, and they thoroughly deserved the many nice things which were said of them.

The evening opened at eight o'clock with a fine musical program, which consisted of solos by Mrs. (Dr.) Hicks and Gertrude Potter, and a selection by the St. Andrew's ladies' quartette, composed of Misses Riddle, Duffy, Brackin and Ross. This last selection was especially fine. It was one of the most appreciated numbers on the program. Besides the music, addresses were given by Rev. Mr. Matthews, Rev. Dr. Battisby, and Dr. Holmes. Mr. Houston occupied the chair during the evening.

The graduates who were presented with diplomas were Misses Maynard, Newkirk, Sanazich and Brightley. These young ladies were each presented with graduation pins, diplomas, and large bouquets of flowers. They were also presented with handsome gold hat pins, the gift of Walter T. Poile.

Mrs. Manson Campbell, the energetic and faithful president of the society, made the presentation of the pins and flowers. Mrs. Campbell made a very neat and complimentary address, paying appropriate tributes to the young graduates. Mrs. Campbell is one of the most valued members of the Assisting Society, and she officiated last evening with great taste and ability.

The diplomas were presented by Messrs. Manson Campbell and M. Houston. Both of these gentlemen made very fitting remarks, and carried off their part of the program in excellent style.

The evening was opened with prayer by Mr. McCosh and closed by Mr. MacGillivray.

After the program the nurses, and those who participated in the program, were pleasantly entertained at the home of Mrs. W. R. Phillimore. During this part of the evening Mrs. MacGillivray contributed an excellent solo.

The thanks of the ladies are extended to Mr. McMullen, of the Motor Car Company, for taking the nurses over from the Hospital in automobiles.

Special mention of the church decorations should be made. This excellent feature of the evening was perfected by Mesdames A. McGregor, Duncan, Taylor and Campbell.

In all matters of doubt boldness is of the greatest value.

Faith in God is nothing without fellowship in man.

HAYWOOD JURY READY.

After Two Weeks Twelve Men Are Selected For States' Charge. Boise, Idaho, June 4.—Twelve men to try Wm. D. Haywood on the charge that he murdered ex-Governor Frank Steunenberg, have been chosen and sworn. Haywood yesterday heard the indictment accusing him of the crime, and to-day after the state has recited its case and made promise of proof, the first chapter of the legal account of the crime at Caldwell Dec. 30, 1906, will be told.

The state will charge that Haywood, conspiring with Moyer, Pettibone, Simpkins and others of the alleged "inner circle" of the Western Federation of Miners, plotted a campaign of terrorism which had the double purpose of the removal by assassination of those opposed to the organization and increase of power within the organization.

It will be charged that Haywood was the genius of, and the strength behind the great plot, and that Steunenberg was killed to the list because of his part during the labor troubles in North Idaho.

It will be alleged that Haywood and his associates, standing and working in the background, planned the long list of crimes and sent Harry Orchard and Steve Adams forth as hired executioners.

In the work of procuring the jury, the court has been in session fifteen days, and 166 talesmen have been examined.

HELP NEAR AT HAND.

Is what you want when sickness happens a night. Can you possibly find the equal of Nerviline? No, for it stands unequalled in curing pain, internal or local. Earache, toothache and neuralgia disappear in a jiffy. Rub it on and away flies the pain. For cramps, vomiting or indigestion all you need is ten drops in sweetened water! Sick or well you'll find Nerviline invaluable in your house. Get a large 25 cent bottle to-day.

It's the man who is in dead earnest who is alive to things.

There is no logic so powerful as necessity.

Contractor Wm. Robertson has received the contract for all of the work on the fine new residence to be erected on Wellington street west for City Solicitor O. L. Lewis. Mr. Robertson is at present engaged in repairing Cooper's book store, which was recently damaged by fire.

The milk for bottling at the Maple City Creamery is all supplied by A. Cameron & Son and Geo. Stacey & Co., River View Dairy, and is bottled in less than two hours after being milked, so you get all the cream, but no street dust. Visitors always welcome. Phone 242.

The little son of Mrs. Ethel Whitehead, of Dresden, in some manner or other got a bottle of carbolic acid and swallowed some of the contents. Medical aid was summoned and for a time the little one's life was despaired of, but it is resting comfortably, and hopes are entertained of its recovery.

The announcement that Mr. T. H. Preston will not again be a candidate for South Brant for the Legislature somewhat complicated the situation in that constituency. In 1899 he had only 417 majority at a bye-election, in 1902 he got 343 and in 1903 his lead was 152. He was always regarded as a particularly strong man and the Conservatives are now confident that without his services as a candidate the Liberals will not be able to hold the seat. A determined effort will be made by the Conservatives to win the constituency.

STEAMER HAS**CLOSE CALL**

New York, June 4.—The White Star Line's giant steamer Oceanic had a narrow escape from destruction by fire yesterday while lying at her pier in the Hudson River. For five hours the flames raged unchecked in one of her big holds, and it was only with the combined efforts of the firemen and her crew of more than half a thousand men that the fire finally was extinguished. The damage will amount to several thousand dollars, but as the flames were confined to the hold in which they started, it is believed that repairs can be made in time for the Oceanic to sail on schedule time to-morrow.

The fire was one of the most stubborn the firemen have had to fight in many months, and a full score of them were overcome by smoke and noxious fumes before the blaze was checked. All of the men were quickly revived, however. The fire started just before two o'clock yesterday morning, and worked rapidly downward to the lower part of the hold, 30 feet below the lower deck, where 120 barrels of glucose had been stored. The burning glucose sent up a dense volume of thick, pungent smoke. In the hold the firemen were sent with the hose. They worked in short relays, but even then many of them were overcome and were carried out of the hold by their companions. After five hours of the most difficult work the flames were checked, and an hour later the work of repairing the damage was well under way. All the bedding and other perishable fittings of the stowage was destroyed, in addition to a quantity of freight. Among the cargo was some theatrical scenery belonging to Forbes Robertson, who recently left for England after a successful season in America, and this is said to have been burned or damaged.

The origin of the fire is unknown, but the suspicion was prevalent yesterday that it was the result of incendiaryism. The loss will reach several thousand dollars. It was stated that the sailing of the steamer will not be delayed.

Among the cargo was some theatrical scenery belonging to Forbes Robertson, who recently left for England after a successful season in America, and this is said to have been burned or damaged.

The origin of the fire is unknown, but the suspicion was prevalent yesterday that it was the result of incendiaryism. The loss will reach several thousand dollars. It was stated that the sailing of the steamer will not be delayed.

The fire was one of the most stubborn the firemen have had to fight in many months, and a full score of them were overcome by smoke and noxious fumes before the blaze was checked. All of the men were quickly revived, however. The fire started just before two o'clock yesterday morning, and worked rapidly downward to the lower part of the hold, 30 feet below the lower deck, where 120 barrels of glucose had been stored. The burning glucose sent up a dense volume of thick, pungent smoke. In the hold the firemen were sent with the hose. They worked in short relays, but even then many of them were overcome and were carried out of the hold by their companions. After five hours of the most difficult work the flames were checked, and an hour later the work of repairing the damage was well under way. All the bedding and other perishable fittings of the stowage was destroyed, in addition to a quantity of freight. Among the cargo was some theatrical scenery belonging to Forbes Robertson, who recently left for England after a successful season in America, and this is said to have been burned or damaged.

FIRE INSURANCE**GET A POLICY NOW**

The uncertainty of life is well-known to you. All your possessions may be wiped out in an hour. You can laugh at a misfortune of this kind if you are protected by a policy in one of our insurance companies. Don't put it off—act before it is too late. It will give us great pleasure to furnish you with rates and particulars for the asking.

SMITH & SMITH, Real Estate Dealers, Chatham**A. O. F. AT CHURCH**

The A. O. F. of this city, together with a few visiting brothers from Dover, attended Christ Church Sunday evening, where Rev. Matthew Wilson, of Acton, preached an excellent sermon on co-operation. In the service Rev. Rural Dean McCosh and Mr. Carrington assisted. About one hundred brethren attended the service and the parade was marshalled by Geo. Webber. On the return to the lodge room votes of thanks were passed to the rector, church wardens, and choir of Christ Church for courtesies extended to the order, to the visiting brethren, and to Bros. John Head and Geo. Webber.

LITTLE POCKET PHYSICIAN

Hyomei is Guaranteed by C. H. Gunn & Co. To Cure Catarrh.

Thousands who have been cured by Hy-o-mei call the inhaler that comes with every outfit the "Little Pocket Physician," as it is so small that it can be carried in the pocket or purse.

There is really no excuse whatever for anyone having a cough now, that Hy-o-mei is so readily obtainable. If you have any doubt about its value, C. H. Gunn & Co. will let you have a complete outfit, with the understanding that unless it cures catarrh, it will not cost you a cent.

Do not delay longer the use of Hy-o-mei if you suffer with catarrh. This is a purely local disease, and Hy-o-mei goes right to the spot where the catarrh germs are present, destroys them, soothes and heals all inflammation and makes a permanent and lasting cure.

The complete Hy-o-mei outfit consists of the "Little Pocket Physician" and a bottle of Hy-o-mei, and costs only \$1.00, making it the most economical as well as the only guaranteed treatment for the cure of catarrh. Remember that Hy-o-mei cures catarrh without stomach dosing, applying the medication and healing where the disease germs are present.

The complete Hy-o-mei outfit consists of the "Little Pocket Physician" and a bottle of Hy-o-mei, and costs only \$1.00, making it the most economical as well as the only guaranteed treatment for the cure of catarrh. RED ROSE TEA "IS GOOD TEA"

200 Cups of Tea

All from one pound of the Blue
Label. The tea will be as strong as
you will want it—and it has that
rich, pungent flavor for which Red
Rose Tea is noted.

Prove it by ordering a package
from your grocer!

Come and Hear The Unrivalled Nordheimer Tone

A cordial invitation is extended to you to come in and
hear the unrivalled tone of the celebrated "NORDHEIMER"
Piano.

Run your fingers over the scale or play a selection and
listen to the beauty of the "NORDHEIMER" tone.

Piano salesmen may talk about the various mechanical
contrivances of a piano until they are "Blue in the face", but
all the talk in the world will not alter the tone quality of a
piano.

It is not necessary to take a "NORDHEIMER" piano
to pieces and go into ecstasies over its wonderful mechanical
features to prove that it possesses an unrivalled tone. It is
there in reality. Your own ear tells you it is there—a tone so
sweet and sympathetic, so clear and pure, and so rich and pow-
erful—a tone that is of such rare beauty and quality that it
lifts "NORDHEIMER" pianos above the commonplace and
places them on a pinnacle of perfection in the musical world.

In after years you will congratulate yourself on the wisdom
of your choice if the piano you buy happens to be a peerless
"NORDHEIMER".

The One Price System assures a safe, satisfactory and
square deal to you. Same price to all, and easy terms if you
so desire.

Our Mr. R. V. Carter will visit Chatham frequently in our
interests and will be pleased to furnish you with any infor-
mation you may desire. Correspondence addressed to him in
care of the Garner House will receive careful attention.

Advertise in THE PLANET

THE LIFE PLANT.

Its Curious Leaves and How They Die
and Bloom Again.

Visitors to Bermuda often bring back
to this country as a souvenir of their
trip the leaves of an interesting plant
of the house leek family. It is known
as the life plant, and when the leaves
begin to shrivel and fade they send
out little shoots which in turn bear
leaves that continue to grow and re-
main fresh and green for months. The
leaves are about four inches long, rich
green in color and of a smooth waxy
texture. If you take one of the leaves
and pin it to the wall indoors, it will
begin to sprout within three or four
days, be it winter or summer. At first
the top portion of the leaf will begin
to wither and shrivel up, and this is
likely to continue until the upper half
has lost its green color. Then tiny
white roots will sprout from the edges,
and in time diminutive green leaves
will appear on these. These little off-
shoots will sometimes grow to be an
inch long and contain several pairs of
leaves. The limit of their existence
seems to depend upon the amount of
heat and light they can obtain.

The youth who sows his wild oats
is apt to raise Cain.

Growing— and Still Growing

Canadians know, by facts and figures,
that their own best interests are served by
insuring in

The Natural Life
OF CANADA.

They know that the policy-holders own
everything—control everything—get
everything.

They know that this Company is gaining
in financial strength every day. And they
have daily proof of the wisdom of taking
out insurance in a company which can
show such progress as this:—

Cash in Income in 1906 \$ 115,904.22
Gain in Assets in 1906 1,089,447.69
Gain in Surplus in 1906 251,377.46
Gain in Insurance in 1906 2,712,453.00

yet the expenses were \$10,224.36 LESS
than in 1905.

Write for the 37th Annual Statement
to any of the Company's Agents or to

Head Office, Waterloo, Ont.

GENERAL AGENT, CHATHAM.

Four Negroes Drowned.

Spartanburg, S. C., June 3.—Four
negroes were drowned in the Tiger
River, 15 miles south of here, Satur-
day, when a bridge gave way with a
mule team drawing a wagon occu-
pied by 14 negroes. Their bodies have
not been recovered.

Mr. Blake's illness.

London, June 3.—Hon. Edward
Blake's condition is reported to be
slightly more satisfactory. He spent a
comfortable night.

PATERSON'S

COUGH DROPS

Take one when you feel the cold coming
on—take one when that rough cough
cures. They give throat comfort and they
cure. Recommended by the medical pro-
fession. Ask for the three-colored kind
in the red and yellow box.

THEY WILL CURE

WOMEN AND WOMEN.
Use Big G for unnatural
discharges, inflammation,
irritations, or ulcerations
of the female membrane.
Painless, and not abnor-
mally potent.

Sold by Druggists,
or sent in plain wrapper
by express, prepaid, for
\$1.00, or 2 bottles for \$2.00.
Circular sent on request.

Our vanity is so great that we
would rather be hated than not
known at all.

Minard's Liniment Cures Garget in
Cows.

INDIAN APPLIQUE.

This Work is Similar to Carri-
macross Lace.

This is somewhat similar to Carri-
macross lace, inasmuch as the pattern
is applied on net. The materials,
however, are much coarser and the
work required not so fine, so it is
quickly worked, and really charming
things can be produced, such as sofa
and pincushion covers, table centers,
etc., while a little ingenuity might see
its possibilities as a dress trimming.
Another recommendation to this
work is its cheapness, only rather fine

book muslin and mosquito net—which
can be purchased for a quarter or a
little over per yard, double width—being
needed. The square meshed flint net,
however, makes an admirable back-
ground and could be applied with
other materials and colored silks. Trace
a design on the muslin, tack this to the
background and be very careful at this
point or the pattern will slip when
working. When this is done run round
the outline of the pattern and work
with buttonhole stitch or an oversew-
ing stitch, taking this last well into the
muslin and using a fairly coarse
thread.

The illustration shows the second
method of working. When finished cut
the superfluous muslin away very care-
fully with a pair of sharp scissors close
to the outline threads.

The Husband's Jokes.
If you want to help the man you are
going to marry to be strong and true,
show him that you believe he has ev-
ery good quality. You will raise his
own self respect and bring him to the
level you tell him he occupies.

And don't make the mistake of think-
ing it is all going to be paradise. You
are going to marry a man who will
come home tired, cross and fagged, and
he won't find relief for all his trials in
a caress and a few tender words, as he
did before marriage, when they were
more of a novelty. He would rather
have his dinner, though he may not
confess it. When he has been fed and
comforted, however, he will be ready
for this tenderness, and the fact that
he did not feel demonstrative when
his stomach was empty will be no sign
that he is not still in love.

Believe in the man you take as your
life's partner. Be gentle with him.
Don't contradict him when he is tired.
Let him think he is having his own
way in his own house. Feed him with
what he likes and laugh at his jokes.
Herein lies the secret of a happy home.

A Hint Worth Taking.
Often that which appears to be a
most perfectly tailored skirt will grow
to hang with a twist or the plaits will
fly back farther on one side than on
the other. It nearly always turns out
that the stitching upon plaits or gores
is run up one side and down on the
side opposite. The natural inclination
followed even by the women that do
the work for good tailors is to stitch
down from the top on one side and,
turning the skirt most easily in the
machine, to stitch up on the other.
Instead all of the work should run up
or all of it down, preferably down.
Without taking this care a skirt may
sag, and the greatest amount of fuss-
ing and pressing will never get the
"warped" quality out of it.

Do You Know—
That food and drink taken too hot
damages the teeth.

That a good substitute for a linseed
poultice, if no one is at hand to make
the latter properly, is to heat a square
of cotton wool very hot by holding it
before the fire, place it on the skin,
cover with oiled silk and bandage on
with flannel.

That skim milk is very nutritious,
but nevertheless it is not fit to take the
place of "whole milk" altogether in the
feeding of children, for fat (cream) in
the "fat" of milk is absolutely neces-
sary for the proper development of the
growing body.

Labor Saving Embroidery.
Odd new initials have just been in-
vented, an ingenious way of getting
an effect without having to do the
work usually associated with that ef-
fect. These are letters—big or little
affairs, depending upon what you want
them to mark—already embroidered,
ready to apply to towel or sheet or
napkin. A few careful stitches set
them firmly in place, and the tip ends
are embroidered in a soft cotton, the
same sort as the initials themselves
are done with.

New Lamps For Old.
Almost every lamp needs boiling oc-
casionally when the light burns dimly,
and no attention to oil or wick will
make any difference.

Take the lamp apart, remove the
wick and then boil both burner and
wick in hot water in which has been
thrown some washing soda.

When every part has been thoroughly
cleaned and as thoroughly dried, put in
the wick, trim it, fill the lamp with oil
and the light will be brilliant.

ON THE CONCERT PLATFORM the

Heintzman & Co. PIANO

(Made by the old firm of Heintzman & Co., Limited)

is ever the choice. The truly great artist will have no other.

"Excels any piano I have ever used."

—Albani.

You can safely make this same piano the choice in your own
home and in this way take no risks—suffer no disappointment.

To-Day's News at BRADLEYS, To-Day's News at BRADLEYS

Try the Bradley Store To-morrow

If you were going to purchase a home and were looking at two likely residences, each in first-class condition—each equal in value as to location, fittings and repair, would it take you long to decide which one to purchase if one was priced at \$2,500 and the other at \$2,000.

Well, grocery buying at present is on just such a basis. Bradley groceries are the same brand and quality as any first-class grocery store has in stock. Bradley prices average from 10 to 25 per cent. lower than those charged elsewhere.

Could any argument be stronger in favor of Bradley's.

COUNCIL PASS AGREEMENT FOR LAKE ERIE EXTENSION

Road On William St. Will Be Build On Concrete Foundation—Tracks Will Be Placed Along Southerly Side of Queen St. From G. T. R.

The regular meeting of the City Council last night was concluded before 10.15. There were only a few matters of any importance before the Board, and no more time was lost than possible. All the members of the Council were present. Ex-Mayor Cowan, who was present, was asked to take a seat on the dais beside Mayor Stone.

The most important item coming before the aldermen was a resolution drawn up by Ald. Jas. Massey, chairman of the Railway committee. This resolution, which was seconded by Ald. Bensen, empowers the C. W. & L. E. Company to construct their tracks along William street to the G. T. R. tracks on a cement bed, without wood ties, iron rods being used every ten feet instead, also giving the company power to construct their tracks along the southerly side of the road along Queen street, from the intersection of Park avenue to Indian Creek. This resolution agrees that the city shall pay over the \$15,000 loan as soon as the C. W. & L. E. complete the line to the lake, the city to take the company's bonds in this case, the same as they did in the former loan.

Ald. Massey explained that the laying of the tracks on a concrete bed along William street would make them just as safe, and much more satisfactory, than if they were laid with ties. By laying the tracks on a concrete foundation, the necessity of breaking the foundation of the William street pavement would be done away with.

Ald. Austin said that the street railway tracks in Toronto were laid in this way, and they had proven substantial enough.

After considerable discussion, Ald. Massey's resolution carried unanimously.

The Manson Campbell Company wrote, stating that they did not think it advisable to re-surface the Colborne street pavement with bitulithic, at the Warren Company's price—\$1.65 per square yard. In their opinion the re-paving of the street would be much more economical in the long run.—Bari of Works.

A petition for a sewer on Jahke street was referred to the Board of Health.

The City Engineer's report on payments for Adelaide street and St. Clair street, and a granolithic walk on Jeffrey street, were received.

The Warren Bituminous Paving Company's tender for paving St. Clair street, at \$2.49 per square yard, with curb and gutter work at 55 cents per foot, was accepted.

City Engineer Jones laid a report before the Council condemning sidewalks on Hyslop, Colborne and Eighth streets.—Filed.

Chairman Bensen, of the Board of Works, reported that the pay sheets for the past two weeks amounted to \$153.36 and \$243.91 respectively.

Ald. Potter presented a certificate for \$1,441.65, the final payment to Gallagher & Son for the renovation of the market front. Ald. Potter took occasion to compliment Messrs. Gallagher & Son on their work. He said that the work had been well done, and that the contractors had given the committee little or no trouble, while the work was being done. In reply to a question from Ald. Austin, Ald. Potter said that the tower was now in readiness to receive the clock, and that the latter would arrive in the city in a few days time.

A communication was received from the city of Peterboro, stating that their street lighting was supplied by a private concern at the rate of \$50 per lamp per year—300 nights in the year, moonlight schedule. Ald. Potter remarked that this was pretty cheap lighting.

The secretary of the Municipal and Railway Board wrote stating that the Board would investigate the reports of the two local auditors of the electric light question, if the Council sent them in. The Clerk was instructed to send the two reports in to the Board.

The resolution from the Health Board recommending a sewer on Thames street, between the old police station and Kent street, was referred to the Board of Works.

The residents on the west side of Hyslop street petitioned to have their granolithic walk laid on the outside of the track.—Board of Works.

Ex-Ald. Scullard, wrote, giving notice of a lawsuit from Mr. Van-zant if the ashes and refuse in front of his place were not removed.

The Mayor asked all of the members of the Council to assist him in welcoming the delegates to the Catholic Order of Foresters convention, which opens here Tuesday next.

A resolution endorsing the Wolverine by-law was received from the Retail Merchants Association.

Mr. Robertson, of the Robertson of Inches estate, wrote offering enough of his property to make half a street, if the owners of lot 23 would supply the other half, and the city supply the fence. In reference to this, Mayor Stone recommended that the Board of Works wait on the members of the Raleigh Council and find out what the Township would do towards erecting the fence on their side. It will also be necessary to remove a windmill which stands in the way of the street, the expenses for which will have to be borne jointly by the city and Raleigh Township.

The Union of Canadian Municipalities wrote notifying the Council that their convention will take place in Port William August 13 to 16.—Finance.

Ald. Austin brought in a report showing how the city printing has been divided up among the various local offices. The matter was one which required a great deal of close attention, and the members of the Finance committee and the City Clerk deserve much credit for their successful completion of the work.

Ald. Bensen said that he had written to the superintendent of the Fore Marquette with regard to the gravel to be supplied the city, but as yet he had received no reply. The Mayor said, however, that Mr. Pyeatt had promised him that the gravel would be sent on at any time the city ordered it.

Chairman J. G. Kerr of the Parks and Cemetery committee, reported that he had met with Engineer Lamb and discussed the matter of extending the concrete wall which is being built along the banks of the Park. Mr. Lamb said that the wall would be extended to the docks, but he advised that the wall in the space behind the wall in order to protect it. Ald. Kerr thought that it would be a good idea to use the cobble stones on Colborne street to fill in the bottom portion of the space behind the wall. This would make a solid foundation, and the cobble stone was of little use where it is at present.

Aldermen Austin and Westman objected to using the cobble stone for this purpose. Ald. Westman thought that it might better be used to pave the road leading to the cemetery.

Stevens, however, thought this would be a good way to get rid of some of the cobble stone around the city. There is getting to be so much of it, it is becoming a nuisance.

Ald. Kerr's motion finally carried.

Ald. Bullis drew the Council's attention to the fact that the grading of the P. M. R.R. crossing on Park street east, is badly in need of repairing.

Ald. Potter moved that two ventilators be put in the market building at a cost of \$36.28; also that the Property committee be empowered to have the basement of the market front cleaned out.—Carried.

Ald. Bensen in reply to a query said that the Board of Works were having the Adelaide street bridge repaired in such a manner that it would be good for four or five years anyway.

Ald. Kerr thought that something ought to be done towards constructing a walk across the Park from the bridge to Colborne street. The Mayor and Ald. Austin thought the expense of building the sidewalk should be borne by the Government.

The matter was referred to the Parks and Cemetery committee to communicate with the Government.

Ald. Kerr moved that the city purchase a screen to protect the windows in the Armories. Last year it cost the city \$12 for windows broken by the baseball players. Ald. Kerr's motion carried.

The tender of the Warren Bituminous Company to pave St. Clair street with bitulithic at \$2.49 per square yard, with curb and gutter work at 55 cents per foot, was accepted.

The latter part of the Council meeting was taken up with the passing of a list of local improvement by-laws.

MOUNTEER'S, KENT BAKERY

You can make money with one hand but it takes both to hang on to it.

Don't look for trouble unless you know what to do with it when you find it.

Two-thirds of the people in this world have no character outside of their habits.

The most wretched poverty that I can think of is to want what we are too stingy to buy.

BLUE RIBBON MEET FOR GROSSE POINTE

Now that the racing season is fairly under way on the five-mile tracks of Ontario, much interest attaches to the performances of certain of the horses which have been liberally entered down the grand circuit. From the Dominion many of these trotters and pacers will cross the border and meet their Yankee cousins for the first time at the Grosse Pointe track, Detroit, where the annual blue ribbon meeting is to be held from July 22 to 28. Stinson and James, the most successful of the Canadian trainers, will race the pick of their extensive stables at Detroit for the first time in the States, and as usual will win their share of the purses, as they generally are ready for the fray.

If you wish to marry suitably marry your equal.

H. W. Ball & Co. Chatham's Busiest Store H. W. Ball & Co.
