Shown above exing the dolls at the WUSC Treasure Van Sale in the gym last week is Allan "Butsie" O'Brien, Gym 9. Looking at the other dolls, the ones from many countries, are Elizabeth Sprinter, Arts 1, Pat Barrett and Jean Turner, both Arts 4. "Butsie" enjoyed the sale;

WUSC Sale Profits Not As High as Last Year,

The sale of Indian and Greek Handcrafts in the gym last week netted the Dalhousie Committee of World University Service of Canada a profit of about \$650.00. Joan Nickerson, publicity representative of WUSC, released the approximate figures to the Gazette over the weekend. The amount that Dal receives is twenty-five per cent of the gross income from the sale, about \$2800.00, less expenses. Last year's total income was over \$3300.00.

"Arsenic" to Cast Tonight

The executive of the Glee and Dramatic Society has announced that tryouts for the Glee Club's only major dramatic presentation of the year, 'Arsenic and Old Lace' will be held tonight in the West Common Room of the Men's Residence at 7:00. Everyone interested in a part in the first student direct-

poisonous tendencies. Boris Karloff impersonated himself as the broth-Johnathan on both stage and screen. There are three women's parts in the play, eleven men's Dal's production will be on stage in the gym on January 20, 21, and 22, when campus females will be able to see what happens when they try burying lonesome men in the cellar.

Lawyers' Ball Big Fall Do

The first formal dance of the year was the annual Law Ball, held last Friday night at the Lord Nelson Hotel. The lawyers, who say they lead everything on the cam pus, got off to a good start with their contribution to Dal's "gay social whirl".

Don Warner provided the music for dancing, and as usual kept the crowd well entertained. His or-chestra this year is bigger and better than ever. Patrons and chaperones for dance were The Honourable Allister Fraser, Lieu-tenant-Governor of Nova Scotia, and Mrs. Fraser, Dr. A. E. Kerr, President of the University and Mrs. Kerr and Dr. Horace E. Read, Dean of the Faculty of Law and

Members of the committee responsible for the success of the dance were Fran Smith, Sally Roper, Dave Fraser, Jim Chalker and John Crosbie. The next social event sponsored by the lawyers will be the Poor Man's Law Ball, reportally referred to a committee.

The sale, officially known as the Treasure Van of India, was opened last Wednesday afternoon by Dr. Alexander E. Kerr, university president. Rev. H. L. Puxley, president of King's College, assisted Dr. Kerr. Sales were slow on Wednesday by the right of the grue, and the grue but there will be special square sets as well, so come with a versatile costume and frame of mind.

The paper's Dance Committee, consisting of Peg Fraser, Barb Chepeswick, Jeanette LeBrun, Al Sinclair and Dave Peel, will have the grown described on the Bulley. day, but picked up considerably on Thursday when sales amounted to nearly \$1200.00.

The director of the van, Mrs. Ethel Mulvaney, organized the exhibits both here and at St. Mary's will be held tonight in the West Common Room of the Men's Residence at 7:00. Everyone interested in a part in the first student directed major production at Dal in several years is asked to attend.

"Arsenic and Old Lace", written by Joseph Kesselring, had its first performance in the Fulton Theatre in New York on January 10, 1941. It ran for one 1,444 performances, giving it the ninth ranking position for long runs on Broadway, behind such famous productions as "Life with Father", "Oklahoma", and "Born Yesterday".

hibits both here and at St. Mary's University, where a second sale was held. She plans to return to India this winter to acquire more goods for future sales. Her assistant, Miss Anne Wade, a Nova Scotian, will conduct the sale through several of the other universities of the Maritime provinces with Mount Allison the next stop. "Mrs. M." has left for Bishop's College in Toronto, where the sale through several of the other universities of the Maritime provinces with Mount Allison the next stop. "Mrs. M." has left for Bishop's College in Toronto, where the sale through several of the other universities of the Maritime provinces with Mount Allison the next stop. UNIVERSITY CHRISTIAN MISSION AT DALHOUSIE FOR THREE DAYS

Gazette Dance For Hallowe'en

The swoop of bats and witches, the howl of ghosts, and the appearance of toothless pumpkins means that Hallowe'en is at hand. And the Eve of All Hallows is the time for . . . well, for fun. The staff of the Gazette has so much fun lined up for its Hallowe'en Dance, that you'll want to get right in the swing of it all. swing of it all.

First of all, the dance will be a masquerade, so you can let loose all those inhibitions and come dressed as your hero or heroine say, Napoleon, Caesar, Lord Nelsay, Napoleon, Caesal, Bolta Teleson, Prof. Benet, Joe Stalin or Florence Nightingale, Joan of Arc, Marilyn Monroe (please do!), or Cleopatra. There's no limit to the costume you can wear, and as we always say, the briefer the better. To cap the evening off, the Gazette will give prizes to the wearers of the funniest and most original cos-

The music will be supplied by the Rhythmaires, a fine band under the direction of Hugh McCabe. Modern dancing will be the rule, but there will be special square

The paper's Dance Committee, consisting of Peg Fraser, Barb Chepeswick, Jeanette LeBrun, Al Sinclair and Dave Peel, will have the gym decorated on the Hallowe'en theme, with wits and batches, posts and gumpkins lining the walls — crazy and mixed up, too. Admission to the greatest Friday night dance in history will be \$1.25 but if you're in any kind of \$1.25 but if you're in any ki \$1.25, but if you're in any kind of a costume except the normal one, you can get in for a dollar. Worth it? Ask the Council if it isn't! See you Friday night in the gym, from 9:00 to 1:00.

Previously there had been considerable attention to the fact that of the Council was present and she gave her opinions to the class This was to help clear up the difficulties that had arisen.

First, she said that it was very good to see a class so interested its own affairs. However, it was thought best to have an experi enced member representing the freshmen and freshettes. This was so because it would be haphazard to elect a representative before Christmas since, before that time it would be hard to tell who would best fill the position. Then, it wouldn't be worthwhile to have an election since only one half term vould remain. Actually, she said the Frosh are doing very well to want someone to represent them personally as the other representa-tives are elected by the other classes as a whole. That is, all the students vote for the senior, junior and soph representatives regard-less of the class to which the in-

Lastly, the frosh are entitled at any time to sit in on council meet-

Election of class officers then took place. Those elected were: Pres.—Walter Fitzgerald

meeting then adjourned.

Dr. J. S. Bonnell, above, pastor of the 5th Avenue Presbyterian Church in New York, gave the opening address in the University Christian Mission today at noon. He will be heard three more times on the campus.

Festival Off For This Year

The Inter-University Drama Festival, for several years one of the highlights of the dramatic season on this campus, will not be held this year. David Peel, Law 1, this year's chairman of the Festival, says that all the member universities except Dal and King's have withdrawn, and it was felt that such a small Festival was not worthwhile.

The Festival was founded six years ago by Dal, King's, Acadia and Mount Allison, and was very popular for several years, with each university presenting a oneact play in Halifax, Wolfville and Sackville. Mount A. withdrew last year, but St. Francis Xavier and St. Many's both joined lest spring St. Mary's both joined last spring and the executive was optimistic about the possibilities for this fall. But first Acadia, then St. F.X., and St. Mary's withdrew, none of them giving a very good explanation of its action. Efforts to get Mount St. Vincent to enter a one-act play also were unsuccessful, so the Fes-

Dalhousie's entry this year was to have been Lord Byron's Love Letter, by Tennessee Williams. In the cast were Brenda Murphy, Betty Morse and Roland Thornhill, with Dave Peel as director. King's College was planning to produce Anton Chekov's comedy "The Mar-riage Proposal, directed by Gail

Philosophers Hear Hambrick

Thursday evening, October 21. The president, Don Hambrick, presided and sixteen members were in attendance.

The president gave a reading on 'The Elements of Education', followed by a general discussion, the theme of which was the importance of the intellectual training in our schools in the development of the personality.

It was decided that an Organization Committee, chosen by the president, would be in charge of various duties, such as advertising and finance. The committee consists of the following people. Don Hambrick, Mervin Poole, Ruth Newman, Judith Keystone, Pat Fownes and Lloyd Canty.

Following the discussions,

Famous Speakers Talk On Campus

The first speech in the series entitled "A Design for Living" officially opened the University Christian Mission in the gymnasium today at noon. Dr. J. S. Bonnell, pastor of the 5th Avenue Presbyterian Church in New York City, delivered the address, which will be followed by two more tomorrow and one on Thursday.

The Mission, officially sponsored by the University, has been arranged by a committee of students PC's to Hold and professors from both the Studley and Forrest campuses, with all societies on both campuses represented. Although intended primarily for students, the public has been invited to some of the lectures. lectures.

The committee states that this is not intended to be a crusade-like conversion of the masses. Its mem-bers do, however, want to bring to the attention of Dalhousie students that for the next two days several speakers of national and interna-tional repute will be on the cam-pus. With Dr. Bonnell will be Mrs. Norma Scott; Rev. Earl Gordon, paster of the First United Church in Truro and recently listed as one of the ten best preachers in Canada; Dr. Bernard Graham, a mombay of the staff of the Mor member of the staff of the Montreal Neurological Institute; and Canon T. W. Isherwood, rector of St. Paul's Church of England in Halifax. These speakers will give addresses on Thosday and There addresses on Tuesday and Thursday evenings, and refreshments

in university have been cancelled so all students will be able to attend. On Thursday at noon the final talk will be given. Wednesday night at 7:30 Dr. Bonnell will address the public in the gym.

Announced

Graham Day, Law 2, president of the Glee and Dramatic Society, has announced the cast for this year's announced the cast for this year's Gilbert and Sullivan comic opera, "Yeomen of the Guard". Tryonts "Yeomen of the Guard". Tryouts were held last Wednesday night, and the director, Harold Hamer, gave the solo parts to a few new-comers as well as some familiar figures on the Dal stage.

Sir Richard Cholmondeley, the Lieutenant of the Tower, will be played by Gordon McMurtey, who has appeared in the chorus of the operas for several years. John Phillips, who was Luiz in last year's production of "The Gondoliers", will be Colonel Fairfax this year. Stuart MacKinnon, Antonio The first meeting of the Philosophy Club was held at Shirreff Hall has not yet been chosen.

Jack Point the strolling jester, and center of the tragedy in the musical, will be played by Graham Day, who has had a leading role the operas for three years. David Peel, a familiar figure in dramatics, will step from the chorus where he has sung for three years to play Wilfred Shadbolt, the Head Jailer and Assistant

comer to Dalhousie's musical world ing. If more tickets are not sold, will play Elsie Maynard, a stroll-several people will be disappointed ing singer; Phoebe Merryll, the including Professor Berman who is Sergeant's daughter, will be Diana going along as a chaperone. Eager, a freshette, while Carmel Romo, familiar as the Duchess of Plaza-Toro last year and Buttercup Fraser, Ruth Newman and Joan Oberholtzer. It is hoped that a larger number will be in attendance at the next meeting, which will be held on November 4.

Romo, familiar as the Duchess of Plaza-Toro last year and Buttercup in "H.M.S. Pinafore", will play in 21 Arts at 7:30 on Thursday, Dame Carruthers, the housekeeper under the supervision of Miss to the tower. Her niece Kate will be played by Carolyn Wiles, another former chorus member.

Meet in Truro

On Saturday, October 30, Progressive Conservatives from Maritime universities will be meeting in Truro for mutual back-slapping and to draw up a platform for the coming year. Following the party's

coming year. Following the party's success in forming the government at the Maritime University Students' Parliament last March, interest in the Tories is at a high level at all the colleges.

The P.C. Club of Acadia University is making the arrangements for the rally, with the assistance of Robert L. Stanfield, Leader of the Opposition in the Nova Scotia Legislature. Truro, the county seat Legislature. Truro, the county seat of Mr. Stanfield's constituency of Colchester, was chosen as the site of the rally because of its central ocation, and the ease with which

it can be reached.

Each university may send as many delegates as it wishes to the day evenings, and refreshments will be served.

Tomorrow at noon Dr. Bonnell, the chief missioner, will again be speaking in the gym. All classes in university have been cancelled. a strong platform to the voters in all universities. Delegates will also hear from some of the provincial leaders of their party.

Conservatives from both Dal-

housie and King's are expected to attend the rally in large numbers, with several cars already planning own transportation. Further information may be obtained from Pat Nowlan, Law 3, and from Harold Hazen, Arts 4, at King's.

For "X" Trip

Anyone who has been in any of Anyone who has been in any of the buildings on the campus must have seen the informative posters being displayed everywhere. The posters have been put up to announce a special trip by train to St. F.X. on Saturday, October 30, for the Dal - St. F.X. game. The trip is being sponsored by the Rink Rats committee. According to Jim Neshitt, the chairman of the com-Nesbitt, the chairman of the committee, the response to the proposed trip has not been overwhelming. In spite of a week of advance publicity, the ticket sales to date have been quite slow. Approximately 50 tickets have been sold, but there must be approximately 150 more rooters purchase tickets before the CNR will allow such a trip. Ac-cording to CNR regulations, 200 people must be aboard both going and coming.

After the tie game on Saturday, the cry of "Let's go to X" should become louder than ever. Tickets Tormentor. Another chorus must be purchased before 5 p.m. on Carr, who will play the Second Thursday, October 28, and they may be obtained at booths outside may be obtained at booths outside the canteen or in the Arts Buildseveral people will be disappointed

ON THE STUDENT MISSION

On looking forward to the University Christian Mission which starts today, it would be well to do so with a sense of expectancy - expectancy of finding out what the Mission is all about and of getting something out of it. We should look to the Mission as a constructive experience relating to our daily lives and related directly to our academic and professional work. We must adopt this attitude if we are to benefit at all from it. If we expect to get nothing out of the Mission, that is exactly what we will get out of it, nothing.

Some will probably look upon the Mission with apathy. They will regard it merely as another extra-curricula activity and the noon-hour lectures that are dismissed because of it will be looked upon as a time to catch up on lost sleep. To them anything that goes on instead of a class lecture will be as annoying as attendance at the lecture would have been. Or, to that small group who are opposed to the idea of a mission, we would suggest that they stop being so sure that they are always right and see what the Missioners have to say. It certainly can't do any harm.

Another group of students may feel that religion doesn't apply to them. They've never bothered about it before; they have always got along all right in the past. They'll probably keep their minds closed and will get little out of the Mission.

But, for the average student who is willing to be openminded, to examine things with an enquiring mind and with a genuine interest in getting all he can out of what is offered while in university, the Mission should prove to be thought provoking. It is not intended as an attempt at mass conversion. It's purpose is to make students aware that religion is not something spouted forth from the pulpit. Christianity is not just so much dogma or a set of ethical "thou shalt nots". The topics that are to be discussed during the Mission will lay the Christian faith before students and should make them fully aware of the true relation of religion to every-day life.

We should take advantage of our opportunity to meet and converse with the missioners informally. We can discuss our viewpoints and beliefs with them and probe their beliefs. We should freely ask questions. Also, we should realize that religion is not a thing to be thought about only in our spare time. To benefit from the Mission we must expect to spend some of our time each day at the main addresses and at the other meetings.

It is up to us. The Missioners and the committee of students and members of the Faculty have gone to considerable trouble to bring this Mission to Dalhousie. It is up to us to say whether or not their efforts will be rewarded.

-A Contributed Editorial.

Students; Dumb? or Mum?

have hit only the team. At the fourth. Dalhousie games to date, the Dalhousie cheering section has not only been poor, but also infinitesimal. Three of these games have been played on away fields, and two of these four games have been played in win although we recommend the second section of the second section of the second section with the second section of the second section of the second section of the second section section of the second section of played in rain, although we rea-lize that lusty and vociferous cheering cannot become as well organized under such conditions as these, nevertheless there has been little co-operation on the part of the fans.

To date, a famed group of "tabby" bandsmen have yet to put in an appearance on the grid front. Instead, Dal and civilian supporters are forced to listen and watch the crack band of HMCS Stadacona, prance pompously up and down the field. The real insult and personal indignity" has yet to come. Dal football experts assume

Last year, a group of pipers pipers organized a band which was greatly approved by the fans, but

Football fever has again hit Dal, the first half, yelled courageously but the enthusiasm which goes in the third and shut up when the with the fall grid sport seems to team was in hot water in the

Organized cheering, with cheer-leaders who can get the coopera-tion of the fans is one of the greatest stimulants to team spirit. It is the common belief that Dal will eventually become totally foot-ball spirited. At the present time though, is it enough to allow the team itself and a few top support-ers to carry all the spirit?

As far as a Dal band goes, sooner

As far as a Dal band goes, sooner or later one will put in an appearance. The Council President has approached the Halifax Youth Band for the Dal games. Now that sounds fine . . . a Youth Band playing for proud University students, many of whom can themselves play instruments in a more appropriate. instruments in a more appropriate way for football than any organized group outside Dalhousie. We are not that proud and stubborn strains of "Glory", coming from the Stadacona side of the field.

Last year ham and ridicule the opponents. In the past, the Dal band has drawn more attention and criticism unfortunately had an opiate effect on the players. Instead of marching like the proud Scots, they curled up and napped.

The standard more attention and criticism from the Dalhousie Student Body. A college band is essential in arous-This year, however, the Tigers of the NSCFL are on the roar; roaring as they did in '51 for the Purdy Cup. They have been a spirited team, but they alone seem to have spirit. Even in Saturday's game, when the Dal Tigers were on the mat, their spirit continued. The fans were different, however, they mumbled about the play in

Quebec Students to See Duplessis

University delegates from Bishop's, McGill, Montreal and Sir George William, arrived in Montreal Thursday, October 7th for a long - awaited conference with Premier Duplessis.

Rosaire Beaule from Montreal assumed the role of spokesman for the delegation. He read the report jointly submitted by the universities in question. Mr. Duplessis listened with marked interest, and gave a few nods of approval here and there.

The honorable premier then answered the report. He first enumerated everything his government had done for the universities since 1945, pointing out the few realizations of pervious governments. He admitted that there was still very much to do; "You should be very patient and Comprehensible" said

Mr. Duplessis then went on to establish a comparison between the financial status of a student today with that of a student of his days. 'When I was earning \$20.00 weekly, I saved more than I did when I earned \$60.00". With this profound statement the meeting came

Probably nothing much was gained by this meeting, except the fact that a precedent was established, and students may now dis-cuss their problems with the Premier.

The delegates now plan to pre-pare a concrete list of suggestions to be presented to the civil authorities, which suggestions, they hope will be readily accepted and acted upon by the Quebec Government.

Govt. Invites **Applications**

Career opportunities in the Canadian Foreign Service are being offered to young men and women university graduates or students in their final year at university by the Department of External Affairs through competitive examinations conducted by the Civil Service Commission.

Appointments as Foreign Service Officers, Grade 1, starting at an initial salary of \$3,480 annually, with opportunities for advancement will be offered to candidates who are successful in a two-stage competition which begins with a writ-ten examination to be held on Saturday, November 20 at university centres across Canada and at Canadian diplomatic and consular posts abroad. The required quali-fications for candidates are graduation from a university of recognized standing (or, in the case of final year students, graduation within the current academic year) at least ten years' residence in Canada, and age below 31 years.

The competition is not restricted The competition is not restricted to students of any particular field of study but a relatively high standing in one's own chosen academic discipline is expected. In addition to formal education, other types of training, as well as gentype of the standard experience and browledge and experience and browledge are eral experience and knowledge, are taken into consideration in the competition. Candidates who are successful in the written examination will be interviewed by an oral examining board which will make zation of students could accomplish an assessement of general suitability for work in the Foreign across the nation.

While candidates with the required qualifications actually need not submit their applications until they report to examination centres at 8.45 a.m. on November 20, it would be useful for candidates who are in doubt about their eligibility to forward completed applications to the Civil Service Commission, Ottawa. Copies of standard application forms are available at most post offices in Canada. Further information may be obtained either from the Civil Service Commission or the Department of External or the Department of External

National Student Unity Demanded

ganization of university students.

The withdrawal of the University of Montreal represents a pessimistic attitude toward NFCUS, and here at Dalhousie, there are a good many students who have a similar disregard for the objects of NFC US, and for its accomplishments. They wil be the ones who would oppose an increase in the NFCUS levy from 20 cents a student, as it stands at the moment, to 50 cents, as requested by the executive of

Such a view typifies the shortightedness and mercenary attitude held by too many students on this campus and on others throughout the country. It stems from the alltoo-common approach of "what we are getting for our money now" "or what are we getting out of the organization anyway?" Instead of spending so much time considering how much benefit they'll derive FROM NEFCUS, it might be bet-ter for higher education and the country as a whole if they considered how much they could contribute TO NFCCUS, not only in terms of pennies but in terms of strong support for the organization on both campus and national level.

the arguments Dalhousians and others mustered in support of extra cups of so-called coffee were turned to a positive approach, universities and university students across Canada would find their positions improved in years to

In the past few weeks on this campus, we have been given a good example of what unity of opinion and action can accomplish. In short order, administration officials promised improvements in catering services following a direct and united approach by a delegation headed by members of the Council of Students. What better example could Dalhousie students want than has been illustrated here in the last week or so? Yet, the same students who endorsed a movement for better catering services on the local level, are often too nearsighted, too narrow-minded

Certainly no one believes that NFCUS is the answer to all the problems of university students, but quitting the organization, or not submit their applications until refusing to take an active part in and problems which have a direct bearing on the welfare of all stu-dents. Both prices are far too high, income taxes extracted from students are ridiculuous, compelling students to contribute to the Unemployment Insurance Fund four or five months a year for four, five, six or more years is unjust.

One of the largest universities in Canada, the University of Montreal, has ceased to be a member of the National Federation of Canadian University Students. Its delegates announced their decision last week at the annual convention of the transfer of the students who are barely getting by financially, and bemoaning the schoolmate who wasn't able to observe the students who are barely getting by financially, and bemoaning the schoolmate who wasn't able to observe the students who are barely getting by financially, and bemoaning the schoolmate who wasn't able to observe the students who are barely getting by financially, and bemoaning the schoolmate who wasn't able to observe the students who are barely getting by financially, and bemoaning the schoolmate who wasn't able to observe the students who are barely getting by financially, and bemoaning the schoolmate who wasn't able to observe the students who are barely getting by financially, and bemoaning the schoolmate who wasn't able to observe the students who are barely getting by financially, and bemoaning the school are school and the students who are barely getting by financially, and bemoaning the school are school as the students who are barely getting by financially, and bemoaning the school are school as the school are s week at the annual convention of fact that numerous above average NFCUS. By the time this article young Canadian, are denied whatappears, others may have walked ever benefits there are in a uni-out of Canada's only national or-versity education merely because they lack finances to pay the shot. These are only a few of the prob-lems which will remain as such, ments.

or tomorrow, but they probably will help the children of your old schoolmate who wasn't able to obtain a university education because the cost was too high.

Montreal University's action in quitting NFCUS is like raising the white flag in the face of a few difficuluties. It should be taken as waving the red flag by which Canadian students may be stirred to a more united front

NEWS BRIEFS

"The Stratford Adventure", a documentary film on the 1953. Shakespeare Festival at Stratford, Ontario, will be at the Paramount Theatre today and Wednesday. Students in English 2, 7 and 9 are advised to be present to glean the bits of information that fall between pieces of popcorn.

From Jeanette LeBrun, president of Delta Gamma, comes word that the all-inclusive girls' organization is planning a campus king contest. Such an event used to be an annual affair on the campus, but was dropped because it was said the boys were too shy! Flex your muscles for the onslaught,

The Medical Society has come through at last. It appointed Doug Brown, Med 3, as Gazette correspondent, and the results of his first period of labour since leaving Studley three years ago are to be seen on this page.

News received in round about ways from the Windsor Hospital tells that Sunny Dowell is still there and probably will be for a while. He suffered cracked ribs and injuries to the pectoral girdle in a car accident on October 14th.

On page two will be found a list of persons who, for some reason, are wanted by Joy Cunningham, the editor of the Students' Directory. If your name is there, or that of one of your friends, please see that the situation is remedied

Anne Thompson, Arts 3, chairman of the Shirreff Hall Social Committee, has announced that the Hall formal, planned for November 3rd, has been postponed until the 26th. Boys please note: if you haven't received an invitation yet, this gives you an extra three weeks, so don't worry.

The King's College Student Council held its budget meeting last week, and handled things about the same way as Dal had done the week before. Although King's had a smaller amount of money, everything was cut in seventeen directions.

In case you haven't noticed it by now, the Gazette is planning a Masquerade Dance on Friday, in the gym. Hallowe'en type dress is encouraged; in fact, it's en-couraged to the tune of a twentyfive cent discount in the admission price. Eeryone is invited, in 1952 but rejoined last year. naturally.

St. Francis Xavier University, once very anxious to participate in inter-faculty dramatics, has withdrawn from the Inter-University Festival this year. This puts them in the same boat as Acadia just lazy, we guess.

We hope that some one will bring to the attention of the English Department the current adventures of our hero Pogo in the weeklies. The future interdictabobble tense is obviously the one needed to complete the system.

Anyone interested in improving their speaking ability by taking part in these debates has only to sign their name in the places indicated.

Calendar Out End of Month

The first meeting of the Arts and Science Society was held last Tuesday in Room 234 of the Arts Building. The president, Helen Scammell, welcomed all the new students to the society and intro-duced the executive, the vice presi-dent, Al Campbell; the secretary, Grossman and the treasurer, Peter Jones. The representatives of the senior class are Eileen Kelly and Jack Bryan; for the juniors, Steve Harper and Carol Vincent; and for the sophomores, Ann Rayworth and Dave Brown. Elections were and Dave Brown. Elections were held for the DAAC manager, the Sodales manager, and the dramatics representative. Allan Lennox, Ruth Newman and Roland Thornhill were elected.

and Science Society. Chris Mac-Kichan, George Travis and Ann Thompson were elected to the committee. The calendar will come out about the first of November and it is hoped to sell one to each student on the campus, and to distribute them in the city as city and passed the state examination for the minorial city. well.

It was also decided that the Arts and Science nomination for Campus Queen should be selected by the Committee, but that suggestions could be made by any member of the society to the exe-cutive. The meeting was then adjourned.

U. of Montreal **Quits NFCUS**

TORONTO (CUP)—The University of Montreal withdrew Monday from the 39,000 member National Federation of Canadian University

In the opening session of the 18th conference of the federation being held at the University of Toronto, Claude Dupre of Montreal announced the withdrawal to representatives of 23-member univer-

He said his university, sixth in size in the federation, quit because the program and activities of NFCUS are impractical and of no real value. It was the second time the university has left the federation. Its 2,390 students walked out

A report of the Moscow meeting of the Communist-dominated International Union of Students "strongly" recommended to the delegates "that the IUS offer of associate membership be discarded as unrealistic and unsatisfactory" and that the Canadian federation take the lead in having other national student unions "resolve not to constitute themselves into another international union of students".

The report was signed by federation president Antonio Enriquez, University of Ottawa, Jean de Posters have been posted (what se?) concerning interfaculty defor the meeting.

The conference also accepted St. Francis Xavier University, Anti-gonish, N. S. and Assumption Col-

ations for the university in 1947 with the grade of "notable". He received his law degree in 1952. During his years as a student, Mr. Lopez attended a Summer school programme at the University of Santander on "Problems of Modern Society" and studied for four semesters in Madrid seminars, working towards his doctorate.

During the past year he has been taking courses in the Foreign Af-fairs School of the University of Virginia, and plans to spend another year in North America before returning to Europe. Photo courtesy the Halifax Herald).

British Council to Give Scholarships

The British Council offers scholarships to overseas students normally tenable at universities and other educational institutions in the United Kingdom. These scho-larships are intended to provide opportunity for men and women to carry out advanced study or research in the United Kingdom. A scholar must, in the absence of special permission, spend the whole of his scholarship period in the United Kingdom. Three schoarships are provisionally allocated to Canada for 1955-5...

Applications in quadruplicte must be submitted to the Canadian representative before Decem-

THE JOHN RITCHIE COMPANY LIMITED, QUEBEC, P.Q.

Willie the Wanderer

Well, this week Willie did much more meandering than he did last week. He went all sorts of places — a regular gad-about. First of all he decided he would look into the Students' Council meeting held last Wednesday.

All the councillors, Willie told me, were seated on hard, straightbacked chairs to keep them alert. On front of them on the table were financial statements of the foregoing budget, and a stack of paper for making accounts of the budget deletions from various organizations. Willie admired those few who still continued to calculate the financial status when the meeting had been in session six hours. He noticed that councillor Williston was becoming red-eyed with fatigue around mid-tight (the first to show the strain), and that Madden, MacKinnon, Scammell, Thornhill, Thompson, Burstall and Sinclair began to droop the eye-lid about one o'clock.

Law president, Nowland began the meeting by encouraging all present to accept the resolution concerning the "black hole of Calcutta". The resolution was voted upon unanimously by the Council.

Highlight of the evening came in the Dalhousie Girls' Athletic Budget, presented by Barb Clancy. Seems that the Intermediate Girls' Basketball team wanted twelve blouses, the ones they had having shrunk out of proportion, also, they needed two blouses apiece because if they were playing a heavy schedule the players would not have time to launder the blouses between games. The night before, the Executive Council saw fit to delete all the blouses from the budget. For a few moments the girls on the team were in peril of having to play their games without blouses at all, but the beneficient council agreed to give them six blouses. Willie thinks the girls will have to make a quick swap in the lockers between halves. This was, also, pointed out by one Williston, who had at this point, snapped alertly to attention.

Apart from that, Willie said, the meeting was one which showed the survival of the fittest. The council having only so much money, and every organization needing what the council could not afford to give

In case any of you are wandering whether or not Willie goes to classes you can rest your minds. He does. Last week he heard Professor Bennett expound the glories of the Renaissance from seat 178 in room 21, and grew weak at the thought of a theme to write. He shuddered in Mathematics 1, because he was cold from the lack of understanding, Willie was one of the boys down at the back of the room who among the Freehottes tolk and disease weathin the back of the room who annoy the Freshettes, talk and discuss anything which has nothing to do with mathematics, and who will probably flunk at Christmas. I reminded Willie that the mid-year exams are not as far away as he thinks, and that he should stop chasing the "skirts" and start running after Milton, Vergil, mathematical equations, laws of supply and demand and Plate's Republic. It never in the long run mand, and Plato's Republic. It pays in the long run.

Heedless of my warning, Willie went to the football game last Saturday. Willie is an ardent Dalhousie fan. Willie said we "wuz robbed", and so we wuz. 'Nuff said.

He hears that Dalhousie is going calendar mad. Everyone who doesn't buy one will be hauled up before the WUSC and Arts and Science investigating Committee for unethical practices, and subversive tendencies. Willie is all for it, he told me he would sell at least twenty

So being occupied in the sale of calendars, Willie won't be around next week unless that darn Feature Editor drags him on his wander-

Fresh Out of Ether The Biary

by ARCADES AMBO

We ventured out to the football game between St. F.X. and Dal on Saturday and our eye-sight has not yet recovered from the strain of trying the score, not to mention the downs and yards, off the new 'scoreboard". Nothwithstanding that the Senior class of '54 is alleged to have contributed approximately \$250.00 for the construction of this board, we have very few qualms in saying that anyone with even a minor skill in carpentry could have little difficulty in fabricating equally as good or better for less than half the price. Inasmuch as the money was contributed and a scoreboard built, it is a pity that one wasn't built worthy of the name—that is, something that could be seen by practically anyone from practically anywhere (on the football field of course!)

NUSC Has Government Backing

The province's newly elected Liberal premier paid his first visit to the Dal campus last week when he attended the opening of the annual India Sale, sponsored by the World University Service of Canada. Premier Hicks, one of the several distinguished patrons of the exhibit, was much impressed with the unique nature of the goods displayed.

This was not the only manifestation of government interest in W.U.S.C. as the provincial government partially finances the W.U.S.C. summer scholarships each year for one student each from Dalhousie, Saint Mary's, Acadia, and St. Francis Xavier universities, The scholarships each today in attending seminars in various parts. larships assist selected students in attending seminars in various parts

Current plans call for the sponsorship at Dal of a student from Israel in the not too distant future by the Dal W.U.S.C. branch. It is hoped that the university will lend its support to this project and to other similarly worthy endeavours on the campus.

New Calendar Ready Soon

The Arts and Science Society has finally put its massive shoulder behind a difficult task. At a meeting of the society last week, it was decided that Arts and Science would undertake major responsibility for the sale of two thousand Dalhousie calendars to be published by W.U.S.C. and A. and S. early in November. The job is a big one and will require all the efforts of the largest society on the campus but they are looking to some five thousand alumni members in the Halifax area for support in this undertaking.

The calendar is going to be of smart yellow ruskin bound with black plastic turnover coils displaying on its twelve pages pictures of university life. All major events slated for the college year will be listed including the "last date for making application for supplementary examinations" and other useful information of that sort.

Political Pot Simmers

The campus political pot began to boil last week with a meeting of the Dalhousie Liberal party, but from all reports it was more of a simmer than a boil. The meeting failed to attract a capacity crowd and we might suppest that the Law School let the rest of the campus in on the political scene. While it is true that interest is likely to be only negligible outside of the Law School, we think that those who are interested should be given an approximate to execute the political interested should be given an opportunity to exercise their political tendencies.

Each year the campus mock parliament is confined entirely to the Law School. It's time we opened up the closed shop in campus politics and made the Studley mock parliament more representative of the entire student body. The Maritime mock parliament was able to achieve this object in its first session! Grounds to watch the new game between the Tabbies and the Fleet. Another strange game in which the

The Bear Facts

Now that Charlie had proven to himself that the art of hunting lies in the fact of achieved scientific methods rather than by the usual method of using such things as guns, his mind began to work overtime. For Charlie, that was something.

Now that he had a moosehead adorning his living-room wall, he thought that a bear-rug would certainly be an improvement. With this idea in mind, a wild plan began to formulate in his intellectual little mind.

The first thing he did was to collect certain useful materials the Spectator (late edition; it needed in order to accomplish this always late). Didst find the editor see George Travis hunting feat. Charlie's first stop was the grocery store and there he ordered a bag of white flour (not green, or purple, but white); and a can of Mother Hawkins strawberry jam: thence to the hardware store to get a mirror (that's a thing into espying me he flew screaming which you gaze, and you take your guess as to what comes out): and the cause for alarm I didst lastly, to the ice plant to pick up a block of ice. Now he was ready.

Obviously the next thing to do was to head for bear country. Upon finding a good spot deep in the wild regions, he began to put tose condition bestride the curb before the home of the Lady Hamilton, my great friend and patron. Took then my leave and his plan into motion. He dug a deep hole and with the flour, gave it a sort of snow-white bottom. Then he placed the mirror in one corner, and the ice in the other. He then carefully covered the top with leaves and branches. On top of this he spread the strawberry jam, Mother Hawkins strawberry porting whence they emerger triumphant. The object of this game do elude me for it seemeth without sense. Phlemming and O'Woolsdaughter displayed great strength having numerous times jam, no other. It was done-all required now was patience.

In no time at all he was rewarded for all his work. Lumbering out of the woods came a big, massive bear. The jam had done its job. Down went the animal with a loud crash. In its excitement, fright, etc., it became completely covered with the flour. and upon looking into the mirror, thought itself a polar bear. Immediately, true to its nature, the creature sat down on the block of ice. And this is the sad part—it caught a cold, and then pneumonia, and then died. Charlie had done it again.

TWO SEATS IN BACK ROW PLEASE

Rear Window

The saying among those gentlemen who earn their living by making motion pictures is, "If it's a Hitchcock film its got to be good." The suspense-master's latest film, "Rear Window," is not only good, its great. A Paramount picture in color by technicolor, "Rear Window" stars James Stewart and co-stars Grace Kelly, Wendell Corey and Thelma Ritter with Raymond Burr.

Set against the colorful and exciting background of New York's famous Greenwich Village, the thrill-filled film concerns Jimmy Stewart as a photographer who is confined to his apartment due to a broken leg from a recent assignment. Throughout the entire picture he is confined to his wheel chair which is placed near the rear window of his Greenwich Village apartment. From this vantage point and with little else to do he gazes idly at the neighboring apartments and their diverse occupants.

It is then, with heart-throbbing abruptness, that Mr. Stewart becomes a witness to what he believes to be a murder. He is met with the task of convincing first, his career-girl fiancee, lovely Grace Kelly, his war-time buddy, now a detective, Wendell Corey and the insurance nurse, Thelma Ritter, that what he thought he saw actually was.

A neat, tightly knit idea, indeed, and under the expert hands of Alfred Hitchcock, "Rear Window" emerges as what advance audiences acclaim to be the most suspenseful film ever flashed on a motion picture screen. Mr. Hitchcock has utilized his settings to their utmost by pinpointing the placid every day existences of the Oct. 20. Up very betimes and neighbors, who do not know that in great elation to the James hav- some grotesque deed has been per-

It is these neighbors who afford some interesting sidelights to the (mayhap, a matched pair, after the manner of great princes) and ing into the apartment in which thus and marked pair, after film. While Stewart is not gaz-his appearance in the picture Richard Widmark ends his conthus rid myself, of a great bur-then, my wife. Home weeping and committed he has his eyes on the committed he has humorous, often tragic. It is always exciting.

Written for the screen by John Michael Hayes, "Rear Window" by Philip Yordan.

marks another film success for the acknowledged master of suspense, Alfred Hitchcock. It is a picture that will be met with rare excitement.

Broken Lance

Spencer Tracy, Robert Wagner, Jean Peters and Richard Widmark are the stars of "Broken Lance". This Twentieth Century-Fox CinemaScope drama of the great Southwest in the 1880's filmed in color by DeLuxe also boasts Mexico's most highly paid movie star, Katy Jurado, who plays the role of Tracy's Indian wife.

While "Broken Lance" falls into the general category of westerns it has an entirely fresh point of view. The story deals not only with the winning of the west but with the effect of a changing west upon its pioneers and its pro-

Producer Sol C. Siegel sent Director Edward Dmytryk and the large cast to Arizona for the outdoor scenes which were filmed on the 20,000 acre Rail-X ranch located in the Santa Cruz valley near the border of Mexico. The rich scenic beauty captured by the CinemaScope cameras enhances the dramatic sweep of the picture.

Drama and melodrama in the quarrel between the cattle ranchers and the encroaching copper mine owners as well as the scenes of cattle rustlers give the story its violent action. The picture also has an exceptional story of char-acter and romance both primitive and tender.

Spencer Tracy has the role of a hard-driving, rugged and domineering father, a wholly new type of characterization for him. Robert Wagner, seen as Tracy's son by his Indian wife, and Miss Peters, daughter of the governor, give warmth and emotional flavor to the story. In contrast to the fiery love of the younger players there is the tenderness and devotion between Tracy and his wife. With tract with Twentieth Century-Fox after a span of a little over years since he created a sensation with his "Tommy Udo" role in "Kiss of Death"

actions and the result is often and Robert Burton head the supporting cast of "Broken Lance," which was written for the screen

DALHOUSIE

TIGERS, X-MEN BATTLE TO DRAW

Sports Roundup

TIGERS STALLED BY ST. F. X.

The Dalhousie Tigers drive for first place in the Nova Scotia Canadian Football League received a setback on Saturday as the Tigers Canadian Football League received a setback on Saturday as the Tigers were held to a 17-17 tie by a fighting St. F.X. squad. The Bengals seemed to have the better of the play throughout the game but everytime St. F.X. needed a touchdown to stay in the running they pulled one out of the hat in one way or another. A missed convert was the difference between victory and a tie. Ace place kicker for the Tigers, Charlie MacKenzie, missed a convert in the final fram and it has been quite a spell since that happened. Highlights of the game were provided chiefly on the plays that resulted in touchdowns, all of which resulted from wide-open crowd-pleasing plays. The officials also provided a little show of their own as on more than one occasion they seemed uncertain as to what to do to get the game going. seemed uncertain as to what to do to get the game going.

BIG TRIIP SET FOR SATURDAY

Because of the thrilling game that the two teams engaged in on Saturday, interest should be at an all time high for the forthcoming game in Antigonish on next Saturday, October 30.. The officials of the Rink Rats Organization are working hard to arrange a train to take Dalhousie supporters to see this encounter. However, a minimum of 200 tickets must be sold before the train can be officially engaged and this number must be reached by Wednesday or the trip is off. Therefore if you have not yet bought your ticket, but are thinking of doing so, don't put it off or it will be too late. "Get on the Bandwagon for X" as all the signs say.

AGE OVER YOUTH

It is an old maxim in sports that experience will in the long run triumph over youth. We hope the professional schools wouldn't take this "age" tag too seriously, but it seems that early results in the Rugby League support this theory. In the first two games of the season the Lawyers trounced the Engineers 7-2 and the Doctors from Forrest downed the Commerce crew 13-2.

The reason for the belatedness in publishing the schedule for this league is that the DAAC has not yet decided on the teams that will make up the loop. Pharmacy, unable to support a team of their own on account of a shortage of players, are resirous in joining with Arts and Science in putting in a combined team. Arts and Science, by far the largest faculty on the campus, for some reason finds great difficulty in fielding inter-fac teams, and this corner suggests that if the smallest and the largest faculties can unite in this venture perhaps they can produce a winner, or at least a team that will show up for scheduled games. Disgruntled Law and Med students, who in past years have shown up for games scheduled with Arts and Science only to find that their opponents didn't show up, will undoubtedly appreciate this greatly.

Jane McNeil Scores Winning **Markers** in Hockey Contests

The Dal girls' ground hockeys team continued their winning streak last week when they defeated teams from both Kings and Acadia. Dal now stands in first place in the Nova Scotia Girls' Intercollegiate Ground Hockey League by virtue of their three wins and no defeats.

On Tuesday of last week the Dal Jan McNeill scored for the

Dal played Acadia on Saturday at Studley and again were the victors by a very slight margin, the game ending 1-0. At the end of the first half there was no score, but in the last five minutes of play Jane McNeill once again scored the winning goal. Barb Clancy and Jane McNeill played well for Dal.

day at twelve on King's field. If Dal wins this game the team will play Mount A in the very near future for the Maritime Girls' Intercollegiate Ground Hockey Cham-

Cross-Country Race Postponed to Nov. 2

The Annual Interfaculty Cross-Country Race, scheduled originally for Oct. 23, has been tentatively postponed to Tuesday, Nov. 2, at 1:15 p.m. The reasons advanced for the change in date are (1) it for the change in date are (1) it was thought that there would be too much confusion at the football Tigers football team: game at half time to have the finish occur at that time and (2) time was needed to consider a proposal by Pharmacy that they unite with Arts and Science in interfaculty competition. Advanced word has it that the engineers are out to win this event to prove that they can win something. (Ed. note —Law downed the engineers 7-2 in interfac rugby competition.)

Engineers Go Down In Defeat to Law

"Try to stop us"; this is what we heard after the game around the team defeated Kings by a score of locker room following Laws 7-2 One of the bright spots of the X One final criticism should suffice triumph over the Engineers last game was the presentation by the for this week's column on football winning tally. Gwen MacDonald and Carolyn Flemming were outscheduled game in the Inter-Fac defence. While it was true that major sport during the fall erm standing for Dal, while Nancy Hyndman, the King's goalie, also played a good game.

Shown in the above picture snapped last week in the Dalhousie Memorial Rink are two members of Dal's Phys. Ed. Staff out for an early fling on the skates. From left to right: "Pop" Jones, in charge of the ice-making procedures, and coaches Al Thomas (40) and Angus

"Some Changes I Hope": One Man's Views on Dal Football

We have now watched the Tigers play four football games and can quite easily come to the following conclusions. Firstly, that the team is well cached. Secondly, that he team consists of good players. Thirdly, that for the first time in many years the team has depth. Fourthly, that the team plays good football only when they are forced to play good

Let us examine what has happened in the last three games. We see that after a pitiful first half, the boys finally got down to business and scored a few points in the third quarter in order to bring themselves within a respectable distance of the oposition. Now there is no logical reason why this could not have been done in any of the other three quarters. Something is missing on our football team, and this something could very well be a little bit of "guts" football. There is no reason for our football players to play in low gear and still believe that they can win the game. Perhaps the tussle with X proved this point, for two of the three touchdowns which they scored were nothing but presents, and could not, to say the least, be considered the results of sharply executed offensive strategy. Again, the Tigers ought to have scored at least three more times than they actually did, but were held by nothing but the sheer determination of a not too tricky defence. Let us hope that this apathetic attitude is rectified before it is too late.

Pass Defence Good

toon were not certain of their plays. Now, of all the crimes of which a football player may be guilty, this is the worst. The offensive strategy has been outlined time and time again by the ed time and time again by the coach and the plays may be found in the coach's office for the benefit of those whose memories are a mite infirm. Should the same situ-ation occur next week at Antigonish, perhaps we shall start to mention names, so that the blame does not fall on those who are

From the defensive point of view the picture is much happier. The the picture is much nappier. The line is playing good football and the secondaries are contributing able assistance. Don Murphy has proven himself to be a real rock in the defensive backfield and Larry Travis and Bob Miller added great tackling power. If anything at all tackling power. If anything at all is wrong with the defence, it would be found in the centre of the line, and even at that, ththey have been showing adequate form.

Council is Lax

game, and the players want to play equipment which is highly inadeleast a few of its attempts, and in seen a hockey or football team the light of this it may be said from either Acadia or X look as that the terrible threats from the shabbily dressed as Dalhousie? local press concerning a furious What is important also is that the pass offence from X did not quite average Dal student likes to watch running. This breather lasted until early in the third quarter when big Pat Nowlan went over for a try to put Law ahead 5-2. Demont ended the scoring when he converted Nowlans try, leaving the score at Nowland try, leaving try, le The curured such a great expense; but that was a few years ago and the times have changed, for now the team makes more money than is paid out to maintain it. A few facts: Charlie McKenzie had to buy a new pair of boots because Dalhousie could not outfit him. Gary Watson had to bind the front of his football pants in order to keep them together in the Sad game. Bob Miller played the X game in an obsolete helmet because there was not one which would fit him. Bayne Henderson is forced to change helmets with a player on the offensive platoon. At least 8 players are wearing defective boots and about the same number have inadequate hip and kidney pads. About half of the lineman have not blocking pads. There is no guarantee that a serious illness will be completely paid for should a player be so injured.

Stage Set for Sat. After 17-17 Tie

Last Saturday, before a crowd of 2300, the favoured Dalhousie Tigers ran up against a powerful football team from St. F.X. and barely managed to come away with a 17-17 tie. The result prevented Dal from tying with Stad for second place and placed the team third in the five-team-loop. The St. F.X. team displayed a sharp passing attack and a solid defensive line in their first game of the season against the Tigers, while the Bengals, brilliant at times, played on the whole a poorer game than was expected of them. The draw set the stage for a lively return match in Antigonish on next Saturday.

The Tigers struck early in the game on their first sequence of plays. From their own 40, runs by Bryson, Cluney and MacVicar carried the ball to the St. F.X. 35-yard line. On the next play Cluney unleashed his first pass of the game and found Watson in the clear on the ten. Watson carried across for a touchdown and Mac-Kenzie converted to give Dal an early 6-0 lead.

X-men struck unexpectedly. With Dal in possession on their own 45, lateral by Cluney found its way nto the hands of Xaverian lineman Verrier. Pursued by four Tigers, Verrier eluded them all and scored standing. Shea's convert tied the score 6-6, and no further scoring resulted in the first half.

The half-time rest appeared to strengthen the St. F.X. squad. After a beautiful runback of the Dal kick-off by Kenny Flinn, runs by McInnery, Montminy and Flynn by McInnery, Montminy and Flynn Bits and Pieces — Missing from Bits and Pieces — Missing from the Dally St. F. Dally St. St. Squad. Bits and Pieces — Missing from the Dally St. Squad. by McInnery, Montminy and Flynn brought the ball all the way to the Dal 19-yard line. Dal tackle Don Lyons hauled down McInnery on ston, fullback John Nichols and the line of scrimmage on the next play so quarterback Lesaux took to the air. One pass to Frank Shea picked up 13 yards and another to the surefingered end was cool for a toughdown. Shear area of the strength of the surefingered served for a toughdown. Shear area of the surefingered served for a toughdown.

while they argued about a rule interpretation. The eventful result was that the Tigers got the ball on their own 18-yard line instead of were Bob Miller and Lany Travis, on the 55 where it had been before the debate took place. Why? Who knows. At any rate no further scoring occurred in the third quarter and going into the final frame the Tigers trailed 11-6. First Quarter

Meds Triumph Over Commerce Rivals

Age and experience once again has proved its worth on the gridron when last Friday the powerful Med team trounced an inexperienced Commerce team 17-2 before a fairly large crowd of students. Controlling play for most of the game, the Med boys had little trouble. Powhens the hardest work. trouble. Perhaps the hardest work-ing player on the field was Ellis Ross, who booted Commerce's lone two points early in the first quarter to put Commerce into a 2-0 lead. This was shortlived as a try by Random put the "medicine men ahead 3-2. Within the next three quarters trys by Mike McCollough, Shultz, Cruikshanks and Jardine opened up a a 15-2 with no answer-reply from Commerce. The final by Jardine was converted by Kinley.

was working, it was evident that not too many of the squad had played the English game before. A standout for Medicine was Cruikshanks wso was spearheaded on the strong Med scrum. Spark-ing the Commerce efforts were Ellis Ross, Dave Matheson and

Football Standings

Following is the standings of the teams in the N.S.C.F.L, including games played up to October 23:

Team	P	W	L	T	F	A	Pts
Shear.	7	5	2	0	110	102	10
Stad.	5,	3	2	0	93	70	6
Dal	5	2	2	1	75	68	5
St. F.X.	4	1	2	1	62	56	3
Grnwd.	5	1	4	0	58	102	2

Fourth Quarter

On the second play of the fourth quarter Dave Bryson electrified the lays. From their own 40, runs by Gryson, Cluney and MacVicar caried the ball to the St. F.X. 35- ard line. On the next play Cluney and a touchdown. MacKenzie converted his first pass of the ame and found Watson in the lear on the ten. Watson carried cross for a touchdown and Mackenzie converted to give Dal an arly 6-0 lead.

St. F.X. Take Over

Early in the second quarter the tens struck unexpectedly. With that in possession on their own 45, and the ball out of the afternoon. The convert attempt was missed The convert attempt was missed and Dal lead 17-11.

The Xaverians quickly knotted the score. The kick off was run back to their own 39-yard line. From there Lesaux tossed a pass to Higgins who waltzed down the field for a touchdown as the Dal

other to the surefingered end was good for a touchdown. Shea's convert attempt hit the uprights and St. F.X. lead 11-6.

At this point the referees decided to get into the act, and they succeeded in holding u pthe game while they argued about a rule into the act, and they succeeded in holding u pthe game while they argued about a rule into as "the blind mice" throughout the afternoon were Noble. Maskell
