o, in regard to the material development of the securces of the several colonies. I think it not militely, from all I can ascertain, this policy is kely to be one which will be ultimately adopted. I think, at any rate, this is the view of the Conservative party, and the position which are occupy to the State at present in such as make their views very likely to be adopted to the present Government, knowing, as the star does, that in any measure of this kind by would be supported by a certain portion of their own friends and the great bulk of the conservative party, whilst, in any attempt to ever the connection between the colonies and is mother country, they would be opposed by section of their own followers, and by the unmimous strength of the Conservative party.

CAN'T TAKE CARE OF HIMSELF.—In a recent speech, ex-Governor Wright, of Indiana said:

"As to the cant about the negro's ability to take care of himself, he had these facts to relate, and he would do so without comment." In 1852 the rebel legislature of South Carolina raised a committee to inquire into the expediency of enslaving the 5000 free negroes of Charleston annually \$27,000, and that their property amounted to \$1,200,000; out of that amount of property \$300,000 worth of it was composed of slaves; that the \$900 free negroes of New Orleans in 1860 were worth as much parcapita as the white people of Louisiana; that these free negroes had their own schools, and their own benevolent societies, &c.—These facts, he contended, proved that the free negroe was canable of taking care of himself. He stated

The Good Time Hastening.

Oppression shall not always reign ;
There comes a brighter day, When Freedom, burst from every chain, Shall have triumphant way. Then Right shall over Might prevail, And Truth like hero armed in mail, The hosts of tyrant Wrong assail, And hold eternal sway.

For lo! the days are hastening on, By prophet bards foretold, When, with the ever-circling years, Comes round the age of gold ; When peace shall over all the earth Its ancient splendors fling. And the whole world send back the song Which now the angels sing.

There's a fount about to stream, There's a light about to beam, There's a warmth about to glow, There's a flower about to blow : There's a midnight blackness changing Into gray ; Men of thought, and men of action, CLEAR THE WAY!

Once the welcome light has broken, Who shall say What the unimagined glories

Of the day? What the evil that shall perish In its ray ? Aid the dawning, tongue and pen Aid it, hopes of honest men : Aid it, paper—aid it, type— Aid it, for the hour is ripe,

And our earnest must not alake Into play. Men of thought, and men of action CLEAR THE WAY!

Lo! a cloud's about to vanish From the day And a bracen wrong to crumble Into clay. Lo! the right's about to conquer.

CLEAR THE WAY

With that right shall many more Enter smiling at the door. With the giant wrong shall fall Many others, great and small, That for ages long have held us For their prey; Men of thought, and men of action, CLEAR THE WAY !
