The Heart of a Friend.

A heart that is glad when your heart is gay,
And true in the time of care;
That takes the trials of a fretful day
And doubts the joys that it declares.

A heart that can cheer your heart with its song
And comfort your hour of need;
A heart that is brave and faithful and strong,
Whichever misfortune may befall.

A heart that is yours when the way seems dark
And yours in sunshine too;
A heart that cares not for rank or mark,
But only the heart of you.

A heart that will stand when others shun—
The name that it knows is fair;
That would rather miss fortune and fame than lose
The love of a friend that is true.

The Duty of the Government Re Prohibition.
As we understand the Temperance situation at the present time the Province of Nova Scotia is under nominal prohibition.

In ten counties, the Scott Act, the ineffective Scott Act, prohibits the sale of liquor for beverage purposes and permits the importation for personal use in unlimited quantities.

In eight counties, the City of Halifax excepted, the Nova Scotia Temperance Act prohibits the sale of liquor for beverage purposes. The Scott Act counties may repeal the Scott Act and then come under the provisions of the Nova Scotia Temperance Act.

Halifax is the key to the problem in the Province. So long as the Government endorses the License System in the City just so long will the Province at large suffer from the tyranny of the traffic.

It is to be wondered at that the Nova Scotia Temperance Alliance persists in its demand for Provincial and not partial Prohibition!

The cry that the law could not be enforced in Halifax is absolutely childish. If the Government refuses to pass legislation for Halifax as for the rest of the province, the reason lies in the fact that the Government underestimates the intelligence of the people of Nova Scotia.

The average elector in this Province knows that the Government which provides machinery for the enforcement of the Temperance Act in Halifax or Lunenburg can do the same for Halifax.

If this is not done the reason is to be found not in the powerlessness but in the partiality of the Government.

The day is not far in the future when there must be a life and death struggle with the liquor traffic. When the Government is ready to enter the conflict we may expect to obtain Provincial Prohibition.—Windsor Tribune.

Intensive Farming.
It is now coming to be understood that a small portion of land, tilled to the limit of its capacity, is more profitable than a much larger area imperfectly cultivated and allowed to deteriorate. The standard illustration of this is the small farmer of France. The wealth of the French Republic lies largely in her peasant farmers. It was from the savings of this class that the French government was able to pay off the enormous indemnity to Germany after the war of 1870, in such a short time. The time will come in our western prairie, just as it has come in the American West, when our wheat lands will cease to yield the crops they now produce, year after year, without fertilization. There is no soil in the world so rich that it will stand annual nitrogenous depletion without becoming impoverished after a time, and when that time arrives the big farm is, to use a homely figure, "a white elephant" on the owner's hands. Our farmers in the East would do well to try the experiment of intensive farming. If twenty or forty acres of property tilled land can be made to produce as much as one or two hundred acres in their natural state, it is certainly less labor to cultivate the smaller farm.

In Dread of Something
You can scarcely tell what it may be Mysteria, Insanity, Nervous Collapse.
You can only throw off this depression when the nerve cells are restored to their normal state by Dr. Chase's Nerve Food. Your digestive system has failed to supply proper nourishment to the nerves and you are compelled to seek aid from other sources.
It will take some patience and persistent treatment, but there is no way by which you can so certainly restore health and vigor as by the use of Dr. Chase's Nerve Food.
The best time to restore the nervous system is long before such a critical condition is reached. Such symptoms as sleeplessness, headaches, nervous indigestion, muscular weakness, loss of energy, failure of memory and power of concentration, irritability and discouragement, tell of a failure of the nervous system and warn you of the approach of serious trouble.

Nervous Diseases in the Spring.

CAUSE REMOVED BY TONING UP THE BLOOD, THUS STRENGTHENING THE NERVES.

Nervous diseases are more common and more serious in the spring than at any other time of the year. This is the opinion of the best medical authorities after long observation. Vital changes in the system after long winter months may cause much more than spring weakness, and the familiar nervous ailments, Official Medicine, that in April and May, St. Vitus dance, epilepsy and various forms of nerve disturbance are at their worst, especially among those who have not reached middle age.

The antiquated custom of taking purgatives in the spring is useless, for the system really needs strengthening while purgatives make you weaker. Dr. Williams' Pink Pills have special action on the blood and nerves for they give strength and have proved not only many forms of nervous disorders, but also other spring troubles, such as headaches, weakness in the limbs, loss of appetite, trembling of the hands, as well as irregular pimples and skin troubles. They do this because they actually make new, rich, red blood, which means a return to perfect health.

By all medicine dealers or by mail at 50 cents a box or six boxes for \$3.00 from The Dr. Williams' Medicine Co., Brockville, Ont.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by all dealers.

Let the Past Sleep.
If you value your peace of mind, don't be always stirring up your memories of what you have lost in life. Let the past sleep; its opportunities will come no more to you, and you will not give you back what the years have stolen. Keep your thoughts on the present; that is yet your own, to do with as you will, and may a chance will come to you to help your fellows over the rough road. Here you will find redemption from all mistakes in the days gone by and through the shadowy future a star will shine to light you to joys unknown.

Political Unrest.
The political unrest not only all over this continent, but Europe as well, is reflected even in the smallest countries. Nova Scotia has a general election now on hand and Canada will soon have one as well. When the unrest is so marked as it is now, no one can prophesy with any certainty what will happen, but it is generally the case that under such conditions changes are made. The Liberals have been in power in this province continuously for the past 20 years. That is a very long time, probably the longest on record except in the case of Great Britain, which was a year or two longer.

It is always the case that governments get lax and unprogressive when a long time in power. They get the idea that they own the country. They are unresponsive to the spirit of progress. They rest on their oars. Usually also they become corrupt, and if they do not they are sure to become lax in their ways.

For those reasons even the moderate men of the party in power, are not sorry to see a change, they know it is in the interests of the province. That feeling will have to be proved in Nova Scotia.

Much the same condition obtains in respect to the Dominion, but there, however, there are sharp lines of cleavage beyond what there is in this province. The Dominion administration was long since grossly corrupt. Even his friends in their hearts admit this.

Taking it all in all no man can say what will happen when the ballots are counted.—Dartmouth Patriot.

An Old Man Hanged.
At Butler, Missouri, they led Dr. J. L. Gartrell out on the scaffold. Around him were stern-faced men ready to perform their awful duty. On the trap stood an old man. His hair was snowy; his beard was long and white. He had lived two years beyond the span of life to man. Think of passing seventy-two years in this good world, and then, within sight of the grave-yard to feel the clutch of the law about one's neck and be hanged!

Once he was a famous lawyer. He had held crowds spellbound by his eloquence. People used to say: "Great man, that Gartrell; he can be anything he wants to do."
He was elected a county judge. Then he was sent to the Texas Senate for two terms. He was a man of affairs highly educated, keen, intelligent. He loved just as other men do, did this hangman's victim. Eight children were born to him and there was not a happier family in the West. It doesn't seem possible that a human being would deliberately tip over the magnificent structure that had taken the best years of his life to rear. Dr. Gartrell did that very thing.

He trailed his good name in the gutter; he disgraced his sons and daughter; he disappointed his fortune; became little better than a tramp; and the explanation of his fall is found in four words—he became a drunkard.

The old man stood on the trap. The rays of the morning sun crept into the gully and touched his wrinkled face and massive forehead. He didn't look like a murderer or a bad man. You would almost as soon suspect your own father of a crime as that patriarch of murdering a friend for a few paltry shillings. Yet he did it.

Listen! he is speaking. He is telling the white-faced crowd of his fall and the last words that pass his lips are, "Whiskey did it all."
The trap is springing, and J. L. Gartrell, patriarch, is shot into eternity.

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all dealers.

A True Home.
Probably nineteen twentieths of the happiness you will ever have you will get at home. The independence that comes to a man when his work is over, and he feels he has run out of the stores into the silent harbor of home where he can rest in peace with his family is something real. It doesn't make much difference if you own your house or if you have only one little room in that house; you can make that one little room a true home to you. You can people it with such moods, you can turn it into such sweet fancies, that it will be fairly business with you, your presence and your home. Against this home none of you should always fret, each other with courtesy. It is often not so difficult to love a person as to be courteous to him. Courtesy is of greater value and a more royal grace than some people seem to think. If you will be courteous to each other you will soon learn to love each other more wisely, profoundly, not to say lastingly, than you ever did before.

A little three-year-old boy of my acquaintance accompanied his mother down town on a shopping expedition one afternoon, and while his mother was talking to a friend, William walked on a little ahead. He was stopped by an old man who was attracted by his bright little face, and after asking him a number of questions the old man said: "Well, my young man, your life is all before you while mine is behind me." William looked up questioningly and said: "Turn around and let me see."
"The baby's a real bird," said Mabel. "Yes, they come bald on purpose. If they had hair they'd pull it all out, and then all that hair would be wasted," said Tommy.

ROYAL Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is more economical at its price than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of baking powder, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food. In England, France, Germany and some sections of the United States their sale is prohibited by law. Alum is a dangerous mineral acid, and all physicians condemn baking powders containing it.

The label of alum baking powders must show the ingredients.
READ THE LABEL

Rules For Cooking.

If one could have a thermometer, it is so distracting when the cooking is to be marked, it is said if the letters are traced in pencil the ink will not run.

Another method is to put the garment to be marked over an embroidery hoop and hold it taut with the other ring.

When living anywhere that washing must be sent to the laundry, mark with the full name. The easiest way to do this is to overcast firmly to the garments a small stamped label marked with name and address. These can be bought by the hundred quite cheaply.

When marking is only for the purpose of distinguishing the belongings of various members of the family, a single initial is enough. The quickest way where an initial cannot be done, is to work an initial in chain stitch, using a red cotton.

J. M. Howell, a popular druggist of Greensburg, Ky., says: "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all dealers.

Sometimes you have to hit a man to make him keep quiet, so that you can save him from drowning.

Make This Test.
HOW TO TELL IF YOUR HAIR IS DISORDERED.
Even if you have a luxuriant head of hair, you may want to know whether it is in a healthy condition or not. 98 per cent. of the people need a hair tonic.

Full a hair out of your head, if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want everyone whose hair requires treatment to try Rexall '93' Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall '93' Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store, A. V. Rand.

Plant Potatoes of the Best Type.
The selection of the best individual tubers from the most productive hills in the field is the ideal method of selecting seed potatoes. Our hill will bear perhaps only four or five potatoes of indifferent quality, while another may have 15 or more smooth and well developed tubers.

School Books.

The parents in Nova Scotia who have to buy school books for their children are paying nearly four times for their books as much as they pay in Ontario. This means that the parents of Kings county are being bled most freely. Some one is getting the difference while the Murray government is looking on with a wide smile while this "sweating" process is being performed.

Now don't any one imagine for a moment that there is no remedy, because there is. The blame lies right at the feet of the Murray government, and they alone are responsible for this robbery in the price of our school books. They could remedy the evil immediately if they wished to, but instead of that they protect the school book ring of Halifax and permit them to get the parents' money. When elections come on the ring are all too ready to help the government, and the help is human and not in prayers. When the old Ross government was defeated and the Whitney government came into power, almost the first thing they did was to appoint a commission to investigate the question of cheaper school books. The result was revelations of a system of graft and stealing almost unbelievable, and when the present Murray government is cast away an unearthing will take place in Nova Scotia.

Ontario is to-day selling its school books from 30 to 40 per cent. cheaper than they were sold under the previous government, and almost identical with the experience of Ontario, was that of New Brunswick, immediately the old government was defeated, so that to-day their school books are 40 per cent. cheaper than previous to 1908.

And yet the government at Halifax has not, will not and dare not use a finger to solve the hardship. Is it not about time for a change?

For Aged People.

OLD FOLKS SHOULD BE CAREFUL IN THEIR SELECTION OF REGULATIVE MEDICINE.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Price 25c and 50c. Sold only at our store—The Rexall Store, A. V. Rand.

A Good Medicine for the Baby.

Baby's Own Tablets is the one medicine that can be given little ones with the firm knowledge that nothing but good will result. The Tablets are sold under the guarantee of a government analyst to contain no opiate nor any other drug which will harm the youngest child—they cannot possibly do harm; they always do good, and once a mother has used them she will never again give her little ones castor oil or the "soothing" stuff which simply drug baby into temporary relief and in the end do harm. Mrs. Phyllis Parada, Hampton, Que., writes: "Send me two more boxes of Baby's Own Tablets. I have used them for constipation and have always found them very good. My baby is certainly progressing under the Tablets." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Political Pot Boiling.

As the provincial campaign in Nova Scotia progresses some interesting sidelights are being developed. Mr. E. M. Macdonald, the federal member from Pictou county, can be put down as the next judge to be appointed in this province, where a vacancy is said to be pending. A Kings county K. C., a perennial applicant for a vacancy upon the Bench, so it is said, is again to be relegated to the political necessities of the people who fix all such questions.

The political pot has been boiling of late, and over a fever and subservient K. C. is absolutely "out of it" for a time at least, and in the meantime there may be a new king over Egypt which knew not Joseph.

There is the best evidence for stating that the member for Pictou has been on the point of bolting from his party on the reciprocity question. At the federal capital he has not opened his mouth in favor of it, but was known to be really in sympathy with his political friends, Sifton, German, Harris and Sealey. He kept away from the House on various pretexts. It was a too bitter pill for him to digest in more ways than one. If we were to say that Mr. Macdonald had denounced the pact to his intimate friends it might be hard to prove, because these friends would not go back on their friend Macdonald. If it were alleged that for a long while he and Mr. Fielding were on anything but friendly terms, another denial might be produced, but one that would bring a smile even to the face of the Premier of Canada himself, than whom no one knows better the relations existing between these two leading Liberals from our little province. No judge has been appointed since 1896 without the personal approval by intimate knowledge of the Premier himself. In fact Sir Wilfrid appoints the judges, and he only.

It is known that when the reciprocity question was first presented, Mr. Fielding insisted, with the co-operation of Premier Murray, that the pact be a paramount issue in the coming provincial campaign, because these two gentlemen believed that it would be so popular as to overshadow all local shortcomings of the Murray Government. Everything was prepared, the stage was erected, a resolution of approval passed the Legislature, Murray warmly espoused it in a speech made at his Halifax banquet. But, there came a change. Something cracked, and that something, it transpired, was the revelation of a strong adverse sentiment throughout the whole province, when once the people had an opportunity to follow the arguments pro and con. The faithful were summoned to Halifax from the various sections and their opinions earnestly solicited. The farmers, the lumbermen, the fishermen and the artisan all had arguments in opposition to the reciprocity agreement, and this was a big surprise party for Mr. Murray, and, above all, throughout loyal Nova Scotia there was a sentiment showing that our prosperity, so boasted about by Premier Murray, had been brought about under a self respecting Canadian policy, despite hostile American tariffs and the too plain signs that lay behind these tariff enactments. And beside, there was no necessity for such a radical departure, when the trade relations between Canada and Great Britain were on the point of being further extended in the general interests of the empire.

But a still further element dropped up to spoil the little plans so nicely laid by Mr. Fielding, and of course seconded by Premier Murray. While Mr. Fielding, as is his wont being wedded to his idols, was unwilling that any changes should occur in his mapped out and stamped program, and the faithful Murray, anxious to go with the Finance Minister, with-
soever he went, a new actor appeared upon the scene in the Hon. Mr. Maclean, the Attorney General, who is somewhat determined and clear-headed. He didn't show much pleasure in this Fielding-Murray program and set himself to the task of relegating it to the scrap heap despite Fielding's stubbornness and Murray's smile. He let it be known that he did not throw up his job at Ottawa and interfere with his political outlook in the larger field to be led by the nose as regards matters of policy for this province. He felt it was his part as one in training for the premiership of Nova Scotia to put his ear to the ground and report what he heard. He, therefore, let the great Fielding know that the reciprocity agreement was bound to be a failure, and so the program was much altered, and Premier Murray is now on record as advising his followers to "defend the pact if you have it, but otherwise do not regard it as an issue in the coming campaign." Mr. Maclean knew the powerful and far-reaching influences arrayed against the pact, and he wisely refused to be dragged along at the wheels of Mr. Fielding's Yankee driven chariot.

Pictou was selected by Mr. Fielding, with the assistance of Mr. Murray, as the strategic point for the newly arranged program to be displayed. Mr. Macdonald, with his promises and agreements, couldn't help being present, and his endorsement of reciprocity was not only a lesson of a momentary defeat by the leader but it did not do so how could he deliver his end of the deal. E. M. Macdonald, M. P., has a ghost of a chance to win Pictou to a federal contest because of the reciprocity pact, and he knows it. Mr. Macdonald is slated for the Nova Scotia Bench. The leading politicians all want to get there, while the loyal mass of real men, seldom, if ever, gets there. These other chaps are in the way.

EVER HAVE YOUR EYES EXAMINED?

In railroad and other lines of business all employees have to go through severe tests at regular intervals.

That is because eye strain is becoming more common and because it is worth guarding against.

We make no charge for testing your eyesight and our system of examination is based on scientific calculations that a child can understand.

Eye rest for tired eyes is obtained from our scientifically fitted glasses.

CARD.

To the Rectors of Kings County—

GENTLEMEN.—Having been nominated by the Liberal Conservative Convention, I beg to solicit your suffrages in the coming Provincial Election.

While believing in the principles of the Liberal Conservative party, I am not of those who cannot see any good thing in my political opponents. I am in general accord with the agricultural policy of the Provincial Government. Representing the Fruit Growers' and Farmers' Associations, it has been my duty on a number of occasions to recommend to the Secretary for Agriculture a progressive policy. These associations, largely composed of Kings County farmers, have been a great factor in determining the policy of the government. Kings County fruit men established the Horticulture School at Wolfville, proposed the Provincial Agricultural College and forced the government to establish the Fruit Station at Kentville.

In common with the electors of this County, I must emphatically condemn the present road legislation, as impractical, wasteful and expensive. The Municipal Council unanimously denounced this legislation as detrimental to our interests, and by delegation led by the then Warden, asked for amendments that were not conceded. The experience of the past three years has not lessened in any degree the feeling of opposition. I am against the Road Policy of the government, first, last and all the time.

My attitude on the temperance question is well known. In the Municipal Council I have always stood for strict enforcement of existing laws, and a progressive forward temperance policy.

With confidence, I appeal to an electorate of whom ninety per cent. are fruit growers to support a practical fruit grower. For nearly twenty years, as secretary of the Fruit Growers' Association, I have done what I could to advance the interests of our business and of our country. My record is before you. Many of you know me personally, and I am confident, were it not for petty partisan politics I would receive your unanimous support. I appeal to you fruit growers, with whom I have worked shoulder to shoulder in building up our great orchard interest, to elect, as you easily can, one whom you know is in full sympathy with the best interests of this County. Yours very sincerely, S. C. PARKER, Berwick, May 1, 1910.

WORKS LIKE A VACUUM CLEANER

Why not give your body a spring house cleaning? It is reasonable. You stay indoors too much all winter—you breathe foul air—you sleep in close rooms—you eat too much. In fact your winter life is pretty much artificial and unnatural.

Then why not renovate your whole system this Spring? Take a short-cut to youth and energy. Nyal's Spring Tonic is the thing.

Sulphur and molasses was grandmother's way. She also scrubbed her fingernails off every Spring. But Nyal's Spring Tonic is a regular up-to-date vacuum cleaner by comparison. Gives new snap and vim—puts life and spring into your muscles—makes you feel fit and ready.

Poultry Raising That Pay It All Back—And More

Many a dollar is invested in poultry raising and never comes back—for the simple reason that the necessary knowledge has not also been invested. The way to get your money back, and a lot more with it, is to learn exactly what to do, and how to do it.

You cannot get this practical knowledge from a book. You have to get it from those who have made big money raising poultry through right methods. The help and assistance of such experts are given you in the Poultry Course of the International Correspondence Schools. Every phase of successful poultry raising is covered in a clear, concise, practical way. He is an expert and a practical way. He is an expert and a practical way.

How to select most profitable breeds; feeding; marketing; eggs and poultry for profit; natural and artificial brooding; natural and artificial incubation; laying hens; combination plant poultry appliances; enemies of poultry; poultry houses and management; turkeys; water fowls; squabs; etc.

Besides all this, the I. C. S. is associated with the largest poultry farm in the world—the Ranmore Poultry Farm—where experiments of every kind are made for the benefit of those taking this Course.

The attached coupon will bring you descriptive circular of the great Poultry-Raising Course. Fill it in and mail it today.

Lost.—A single gold cut-link. Oblong pattern with initial S. Finder will please leave at this office. The R. A. E. Club meets on Monday evening of next week at the home of Mrs. A. M. Wheaton, Gaspereau avenue. The steamer Prince Albert is again making her regular trips for the season between Wolfville, Kingsport and Parrabow. Mr. R. O. Chisholm has purchased from Dr. J. N. Fuller the property on Gaspereau avenue on which the latter has lately resided. We understand that Mr. George A. Caldwell has purchased the Belmont property on the east end of Main street and is coming to Wolfville to reside. The lady members of the Wolfville Tennis Club are requested to meet at the home of Miss Andrews, Linden avenue, on Tuesday evening next at 7.30 o'clock. The annual meeting of the Board of School Commissioners for Kings county will take place at the Court House, Kentville, Tuesday, May 9th, at 10.30 a.m. Mr. John A. Caldwell is erecting an outbuilding and preparing the foundation for his residence on the lot recently purchased by him on Prospect street. Children Cry FOR FLETCHER'S CASTORIA. Leave your orders at once with A. J. Woodman for having your carpets, curtains, draperies, &c., cleaned by the new and greatly improved Regina Vacuum Cleaner. The death occurred at Port Williams on April 25th, of Rena, the little ten year old daughter of Mr. and Mrs. John Branson, of diphtheria. The bereaved parents have the sympathy of many friends. Just received 'G. B.' Chocolates, bulk and packages. Liggett's and Fenway Chocolates (American) in 1 lb. packages at A. V. RAND'S. The baccalaureate sermon at Acadia will be preached this year by Rev. George H. Ferris, D. D., of the First Baptist Church of Philadelphia. Dr. Ferris is a graduate of Brown University and Union Theological Seminary, and is an eloquent and able preacher. It is said that Mr. W. B. Hardwick has purchased the old Wolfville Hotel property and will erect several residences thereon during the coming summer. It is to be hoped this is true. The property is a good one and houses are much needed in Wolfville. TYPEWRITER FOR SALE.—An L. C. Smith, cost \$135, only used a short time and guaranteed in perfect condition. At RAND'S. In the absence of the pastor, the Baptist services in College Hall were conducted on Sunday last by Rev. D. H. McQuarrie, pastor of the Caning Baptist church, who preached instructive and interesting addresses morning and evening to appreciative audiences. FOR SALE.—Heavy draft horse, good order, weight about 1400 pounds. Apply to J. W. SELFRIDGE, Wolfville. The pulpit of St. Andrew's church was very acceptably filled on Sunday morning last by Rev. D. Stiles Fraser, of Masquodoubit, who presented an able sermon from John 1:12—'He that hath seen me hath seen the Father.' The subject was 'How we may know God as our Father,' and it was treated in a very interesting and helpful manner. Rev. Mr. Fraser is now G. W. Patriarch of the Sons of Temperance, and he was on his way to Digby to attend the quarterly meeting of the Grand Division. On Sunday evening he preached at Kentville. G. B. Peck, Geo. & Co., Nurserymen, Wolfville, have as yet unsold a few hundred No. 1 Standard Apple Trees each of 150,000, one Orange Pippin, Wellington and Red Russett, which they are now offering at the rate of \$20.00 per 100 for the rest of the season. The death of Mr. Charles A. Masters, one of the oldest and most highly respected citizens of Kentville, occurred at his home in that town on Thursday morning of last week. He had reached the advanced age of 87 years, and a few weeks ago with Mrs. Masters celebrated the sixtieth anniversary of their wedding. The deceased was always closely identified with the civic life and progress of Kentville and had long been valued as one of the leading citizens. His widow, who was formerly a Miss Mason, of Berwick, and eight children survive him.

Characteristic. Kings County Baptist District Meeting.

A correspondent gives us a pretty full account of the remarks of Mr. Wickwire at his Woodville meeting. His great sense of propriety, his studious unwillingness to learn, and his unparagonable reference to the dead, are all quite as expected. It seems that some temperance advocate of the past was unfortunate enough to advocate what this Liberal orator hates, and although absent, and, for all we know, dead, he was spiced upon a pole for Wickwire's ridicule. He certainly is an elegant specimen for denoting out ridicule or innuendo at anyone, temperance or otherwise. Home Clipping property and promptly attended to at Hutchinson's Stables, Wolfville. To RENT.—Best that is town. Over drug store and post office. Apply to A. V. RAND.

Personal Mention.

(Contributions to this department will be gladly received.) Mrs. W. W. Saunders, who has been spending the winter in Bridgetown and Digby, has returned to Wolfville. Mr. E. L. Newcombe, Deputy Minister of Justice at Ottawa, spent some time last week in this county, of which he is a native. Mr. Benjamin Murphy, a popular young man of our town, left on Wednesday for Winnipeg, where he has accepted a splendid situation. We regret to lose our young men, but are glad to hear of them making good. George C. Kierstead, a graduate of Acadia of the class of '09 and popular in Wolfville, has been engaged to assist the Rev. George Lawson, of the First Baptist church at Moncton, for the summer. Mr. Kierstead is now completing his second year at New-tor Theological Seminary.

The following named left Wolfville on Wednesday's express for Boston to attend the great Baptist Missionary gathering, 'The World in Boston': Dr. and Mrs. Manning, Mrs. H. N. Perry, Miss Vaughn, Miss Fielding, Mrs. Geo. Churchill, Mrs. (Rev.) Geo. Bishop, Mrs. (Dr.) DeWolfe.

Town Council.

At the regular monthly meeting of the Council on Wednesday evening the Mayor, and all the Councillors were present.

Verbal report was presented by the Streets Committee with regard to the clearing up of the streets, &c., and stating that the streets debentures for \$10,000 had been disposed of at a small premium. Water Committee reported work done during the month of April, including the laying of 300 feet of four-inch pipe on Summer street and the placing of a hydrant.

Service pipe had been laid on streets to proposed residences of J. W. Vaughn and F. W. Woodworth, and to W. M. Black's new opera house on Main street. Also a number of service pipes had been replaced. Committee recommended that a larger pipe be laid to connect properties of F. W. Godfrey and Ernest Wickwire.

Finance Committee reported receipts during April \$653.03, with expenditures \$1026.80. The debit balance at the bank at the end of April was \$283.69.

The Sewer Committee also presented a verbal report. Petition was read from pupils of public school, asking that the school grounds be put in condition for tennis, &c. It was decided that the request be granted.

A letter was read from K. Creighton, manager of Royal Bank, with regard to town's account, which, after some discussion was referred to the Finance Committee.

Letter was read from R. E. Harris & Son complaining of unsafe condition of the large elm tree on the street just east of their store, proving a menace to their property. This matter was referred to the Streets Committee.

The following accounts were read and ordered paid: Robt. MacMahon \$ 5.15, Truro Machine Co. 250.20, London Bible Stamp Co. 27, Davison Bros. 13.50, P. S. Crowell 12.50, J. J. Ellis 3.00, Acadia Electric Light Co. 37.35, Rebecca Gould 12.00, Wolfville Decorating Co. 4.03, Renout Pub. Co. 5.00, Petty Cash 3.10, Canadian Fairbanks Co. 190.35, The Canadian Iron Cor. 106.11.

Avonport.

After a short illness at his father's home there died on the evening of April 23rd another of our young men, namely, Frank Morice. The funeral which was well attended and showed what high esteem the young man was held in, was conducted by the pastor, Rev. Wm. D. Wilson.

There are to be several new buildings erected in this village this spring. Mr. James Walsh is intending building a nice dwelling house upon the site where the old house was burned down.

The other building to be erected is a large barn which Dr. B. C. Borden proposes to put up to accommodate his increase of crops.

Sorry we have to report the serious illness of Mrs. S. McBarney. For several months she has been confined to bed and very little improvement is noted. We trust that with the coming of summer she will soon recover.

Under the auspices of Hopeful Division there is going to be a concert given in the vestry at Avonport on May 12, 1911. This concert promises to be a success and all are cordially invited to attend. The proceeds are to be devoted to the paying of the debt on the horse shed. Let all come and help in this good work.

Health conditions are in a much more satisfactory condition now than they have been for some time. With the coming of spring we expect that the sickness will take its departure.

A perfectly fitting gown is much admired by everybody. This is the kind we make. BOATES & CO.

Acadia Man Makes Good.

THE ACADIAN is always pleased to record the successes of graduates of Acadia. One of these, Mr. Laurie D. Cox, a member of the class of '03 and well known in Wolfville, has recently been appointed to an important position as chief landscape engineer for the Los Angeles, California, park system. Mr. Cox graduated at Harvard three years ago in this department and has since held positions in New York and Detroit. He was recommended to the Los Angeles park commissioners by the faculty at Harvard as a most competent man for the position and received the appointment without making application. He began his duties a few weeks ago. Mr. Cox is a son of Mr. G. W. Cox, Superintendent of Schools at Ware, Mass., and his mother was formerly Miss Eva Davison, of this town. THE ACADIAN joins other friends in tendering congratulations.

There is some variety of interest in the May Canadian Magazine 'Port George' its awakening, by Russell R. Walker, is a delightful description of the beginning of one of the new towns along the Grand Trunk Pacific Railway. 'Canadian Independence' by John S. Ewart, K. C., is the kind of an article that causes discussion. It makes a frank plea for an acknowledgement of Canadian independence in view of the fact, as he sets it forth, that we are independent. 'Fleets of Peace,' by C. A. Bowman, is a good and timely appreciation of the sumptuousness of the passenger vessels in the Canadian inland waters. 'Loyalist Shelburne,' by Daniel Owen, is an interesting historical sketch of an old Nova Scotia town. 'Town Christens in the West,' is a breezy article by Arthur Hawkes on how new towns in the West get their names. There are other articles of interest besides a number of first class short stories.

Tells Others His Secret

Wants them to know how he was cured of itching, protruding piles by DR. CHASE'S OINTMENT. Doctors usually recommend the knife as the only cure for piles. They overlook the risk, the expense, and the suffering of mind and body entailed in a surgical operation. Dr. Chase's Ointment will bring relief and cure will cure thoroughly if you will but persist. Mr. A. Honington, 92 Bronson Place, Montreal, Que., writes:—'I had protruding piles for many years with itching and protruding piles, and was cured by this ointment. I became tired of the efforts of the best specialists to cure me, and hearing of Dr. Chase's Ointment just as I had of hundreds of other medicines began its use. But oh, great joy at the very start the sharp pain left me and I was gradually cured. I hope that every sufferer will follow my example with the same success. Every form of piles or hemorrhoids is cured by Dr. Chase's Ointment. 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.
