

The Acadian

Vol. XXXIX. No. 9.

WOLFVILLE, NOVA SCOTIA, FRIDAY, NOVEMBER 21, 1919.

\$1.50, payable in advance.

A Former Kings County Man Honored

THE ACADIAN has received a copy of the Milton (Mass.) Record of Nov. 8th, containing an extended account of a dinner given in honor of Mr. John Swift, a native of Horton. Mr. Swift, who is now sixty-nine years old, went to Milton as a boy and entered the employ of the Walter Baker & Co. chocolate mills. The dinner was given on the occasion of the completion of fifty years service with that institution. Mr. Swift has been at the head of one of the most important departments. On the occasion of his golden anniversary he was presented by his fellow workers with a handsome watch-chain and charm combining the emblems of the Masons and Odd Fellows, of both of which orders Mr. Swift is a member, and a beautiful diamond pin and a bouquet of roses. Mr. Swift has for many years been prominent in civic affairs in Milton, and has served the town frequently and well in various offices and upon numerous committees. He has been for many years a reader of THE ACADIAN thus keeping in touch with his home community to which he pays frequent visits. We beg to tender our congratulations.

Costs Money to Feed Passengers.

The Mauretania, as a consequence of the longshoremen's strike at New York, says a London dispatch, took thirteen days to do the trip from New York to Plymouth, having to call in at Halifax for coal. As a result nearly 2,000 passengers, whose fares are based on a five day voyage, had to be fed by the company free of charge for nearly eight days. Officials estimate that during the eight days' free board the passengers and crew consumed 40 oxen, 10 calves, 120 sheep, 60 lambs, 2,000 chickens, 90 geese, 360 ducks, 150 turkeys, 120 pigs, 200 pheasants, 400 pigeons, 250 partridges, 250 grouse, 800 quail and 200 snipe, to say nothing of 50 turtles, 70,000 eggs, 8,000 pounds of fish, 200 boxes of lemons, 80 kegs of butter and 300 barrels of flour.

At the recent annual meeting of the Grand Division of the Sons of Temperance Mr. N. W. Eaton was elected Grand Worthy Associate. It was decided to hold the quarterly meeting in May next at Canning.

Kings County Subscribes Over \$900,000 to Victory Loan

WOLFVILLE WINS FLAG AND TWO CRESTS

The 1919 Victory Loan Campaign which closed on Saturday was a great success. \$300,000,000 was asked for in the whole Dominion and over \$600,000,000 was subscribed. Of this amount over \$52,000,000 was subscribed in Nova Scotia, every county in the province exceeding its allotment. Kings county subscribed \$930,950, which was \$381,000 more than was allotted to the county, and over \$86,000 more than the county subscribed last year.

Wolfville did splendidly in the last week and brought its total up to \$209,500, winning the Prince of Wales' Honor Flag and two Crests. Following are the amounts subscribed in the different districts of the county:

Wolfville	\$209,000
Gaspereau	47,350
Grand Pre, Hortonville, etc.	27,500
Greenwich	8,800
Port Williams	39,500
Canard	18,700
Canning	23,450
Pereau, Kingsport,	
Scotts Bay	12,250
Kentville	195,250
New Minas, Canaan,	
Highbury	18,400
Ward 3	20,000
Ward 4	51,000
Berwick	64,100
South Berwick	26,200
Waterville, Cambridge	20,800
Grafton, Somerset, West-	
ton, etc.	25,900
Aylesford	40,150
Kingston	49,300
Millville, Greenwood,	
Morristown	16,850
Sir R. L. Borden's Sub-	
scription	25,000

The following places won the Princes' Honor Flag (the figures in brackets being the number of Crests won): Wolfville (3), Gaspereau (3), Grand Pre, Greenwich (1), Port Williams (4), Canard (2), Canning (1), Scotts Bay, Kentville (2), New Minas, Highbury, Ward 3, Ward 4 (5), Berwick (6), Grafton (1), Somerset (1), Weston, Burlington, Waterville, Aylesford (2), Kingston (2), Millville-Morristown district.

"Extracts from a Chaplain's Experiences with the Canadian Corps" will be the subject of an address given by Rev. J. H. MacDonald this (Friday) evening at the Baptist church, under the auspices of the "Social and Benevolent Society." There will be special music by Miss MacDonald and other local talent.

Kings County Memorial Hospital.

The County Memorial Hospital is a topic of the utmost interest to each and every citizen of Kings. To build a substantial memorial of wood and stone to our fallen heroes is but the natural way of expressing our love and gratitude to those who will never return. They have gone from us forever, and we cannot add further lustre to their names, but we can perpetuate the high ideals, the spirit of freedom and democracy, for which they gave their lives. Could we commemorate their sacrifice in a more fitting way? A building where rich and poor alike receive the healing touch, where pain is changed into peace, where skilful treatment and advanced surgery can ward off dread disease.

A modern rural hospital centrally located, within reach by train and by motor of the farthest corner of the county, will be an estimable boon to each inhabitant. A few cents more from each taxpayer and we have assured the equipment and maintenance of a splendid asset—a general hospital.

As a county we have wealth and intelligence above the average, but yet we lag behind in our public institutions.

Antigonish county boasts a hospital of 76 beds, which are always filled. Our need is equally as great. Instead of being forever in an apologetic attitude toward our lack of consolidation of schools, our lack of hospital, and our

lack of a Home for the epileptic and mildly insane, we should take pride in procuring these institutions and maintaining them at a high rate of efficiency. We have the money. Nature has given us a productive soil and a bountiful crop of fruit. Kings county people have plenty and to spare and the best is none too good for them.

In former days sickness was kept at home, but now with the scarcity of help and with the limited equipment of the home for illness, much better results are obtained at a hospital and with the further development of scientific methods and with the building of modern hospital plants, readily accessible, this practice will continue to increase. Let us rally to this undertaking. The purpose and aim of the Memorial Hospital are the noblest and the need is unquestionable.

Let our watchword be Forward and Onward and let there be no quibbling but a strong pull and a pull altogether.

The Football Protest

The protest made by the U. N. B. team at the recent football game here, because Acadia replaced an injured player, has been granted and the game will have to be replayed. It will probably take place on Tuesday next on the campus here. The U. N. B. demanded that the game be played this week and that they be given seventy-five per cent. of the gate proceeds. Acadia is not inclined to listen to the modest proposal and so exact details are not yet available. Meanwhile the game will no doubt be an interesting one when it comes off.

Some special mixed biscuits at 28c. a pound at the Cash and Carry Grocery.

Apple Shippers Meeting at Kentville

The Apple Shippers' Association, composed of the principal shippers in the Valley, with Mr. W. H. Chase as President and Mr. Herbert Olyer, Secretary, met at the offices of the United Fruit Companies at Kentville, on Monday, Nov. 17th. The special object of the meeting was to make an effort for a reduction in the ocean freight on apples. It was pointed out that with apples selling on the British market, around 20 shilling per barrel, the entire results were being absorbed by the steamship and railway companies.

Messrs. W. H. Chase, A. E. McMahon and Herbert Olyer were appointed a committee to deal with the matter of a reduction in freight rates and if the present carriers were unwilling to reduce the rates it was considered advisable to charter outside steamers to carry the apples.

Clean The Furnace--Soot Wastes Heat

Soot has an important bearing on the conservation of heat. While much has been said and written regarding the necessity for economy of fuel, this question of soot, equally important from the householder's standpoint, has been rather overlooked. Since the coal supply is absolutely essential that the maximum quantity of heat obtainable from the fuel be utilised. An examination of many heating systems shows that

have been permitted to remain deposited on the interior surfaces of hot-water furnaces, preventing the heated gases from the fire-pot from accomplishing their duty of imparting the ultimate amount of heat energy to raise the temperature of the water in the boiler.

The Boston Globe describes as distinctly humorous a suggestion of Sir Andrew MacPhail, advocating a new boundary line between Canada and the United States that would give the northern part of Main to Canada. And yet is not the argument in favor of Dr. MacPhail's suggestion as strong as many that are being made the basis of European peace decisions?

You can save money by buying at the Cash and Carry Grocery next door to Rand's Drug Store.

Dalhousie Defeats Acadia in Fast Game

ACADIA'S SECOND TEAM WINS

Dalhousie won the Amateur Football Championship of the Maritime Provinces by defeating Acadia at Truro on Tuesday. The day was ideal and a large crowd witnessed the game, special trains being run from both Wolfville and Halifax. After five minutes of play Lilly scored for Dalhousie by kicking a goal from the forty yard line. One minute before the period closed Dalhousie made a touch which was converted, making the score 9 to 0. Acadia did not have the advantage of the wind in the second period as by that time the wind had completely died down. Acadia made several desperate attempts to score but without avail. Parker made two brilliant twenty-five yard runs. Johnson made a beautiful forty yard gain but was tackled. Just before the whistle blew Dalhousie scored again but failed to convert. The game ended 12 to 0 in favor of Dalhousie.

After the game Acadia's second team defeated Dal's second team by a score of 3 to 0.

Wolfville Boy Marries in the West

On Wednesday morning, Nov. 12, Miss Isabel St. Claire Chambers, of New Glasgow, niece of R. E. Chambers, Esq., of the Nova Scotia Steel and Coal Co., was married to J. Russell Archibald, sales manager of the Cadillac Motor Sales Co., Rev. F. W. Patterson officiating. The bride was given in marriage by her father, R. E. Chambers, who with Mrs. and Miss Chambers, of New Glasgow, has accompanied her to the West.

Mrs. C. D. Chambers was matron of honor and the bridegroom was attended by C. D. Chambers, of Winnipeg. The bride wore a suit of navy blue serge with an embroidered waist of cream georgette and a corsage bouquet of Ophelia and Columbia roses. After the ceremony a wedding breakfast was served in the brown room of the Fort Garry hotel. The table was decorated with white and lavender chrysanthemums. The following were guests: Mr. and Mrs. C. D. Chambers, Mr. and Mrs. W. J. McLaughlin, Miss Margaret McLaughlin, C. L. McLaughlin, Mrs. and Mr. Leonard, (Pres. the Cadillac Motor Sales Co.)—Winnipeg News.

Mr. and Mrs. Archibald will make their home in Winnipeg and at present are the guest at the Alexandra Hotel.

Mr. Archibald is a son of Mrs. R. deWolfe Archibald of this town.

The musical comedy "My Soldier Girl," which was presented at the Opera House on Tuesday evening brought out an attendance which crowded the house. The performance was a good one and was well received. The costumes were pretty, the music bright and tuneful and the jokes good. The company numbered thirty-five people.

BORN

TRENHOLM—At Grand Pre, to Mr. and Mrs. Scott L. Trenholm, on Nov. 7th a son, Bruce Marshall.

MARRIED.

BOYD-MOLINIS—At Wolfville, Nov. 19, by Rev. M. P. Freeman, Mr. Ralph Boyd and Miss Gertrude B. Molinis, both of Greenfield.

Which will be valued most in the days to come---pictures of Child or Grandparent? It's hard to say.

Make the appointment to-day--- Christmas is near.

How the Germans Are Working

Toronto Saturday Night: "Keen observers, who have been in Germany recently are one in the opinion that that country is now back at work in good earnest and that she is forging ahead in spite of the depreciation of the mark and other outward signs of financial distress. The secret, according to Wm. G. Shepherd, writing from Holland, is that the German has discovered that he has a new coin; it is not a mark, nor a dollar, nor the pound. His coin is 'work,' and he is prepared to exchange it for your goods. In other words, an enormous system of barter has been inaugurated. To particularize; a Hollander, we will say, has raw hides for sale, and his traveller goes to Germany with the idea of disposing of them. The German is willing to buy, but will not pay in either gold, silver or paper. He will pay for them in goods. In other words, he will pay for them in labor. He takes the raw hides on this understanding, tans them and ships back to Holland a sufficient number to pay for the original shipment, the balance he retains himself for his share of the work. Or he takes the raw hides from the Hollander, tans them and makes them into boots and shoes, shipping out of the country sufficient of the finished article to pay for the hides.

In order to tighten up this system the German Government has passed a law preventing the export of the mark. So it works out that the man who wishes to sell Germany goods must take goods in return or else he cannot do business. If the salesman who have flocked to Germany are prepared to take German work—good, solid, human labor in return for their wares, Germany will buy without stint. Otherwise the salesman may as well return to his home country and call his trip a failure. According to Mr. Shepherd the Government has been able to drill it into the heads of her working classes that only by their toil can the country survive, and they all seem to comprehend the scheme whereby Germany is not to spend any of her money, but only their work for what Germany needs from the outside world, and recent declines in the value of the money of other nations, not to speak of their own depreciated mark, has made them realize more fully than ever that after all, money is only a counter, and it is only work that tells."

Maritime Sunday School Convention

The Sunday School Associations of the Maritime Provinces have, after a good deal of debate, united after a good deal of debate, united in a body to be known as The Maritime Sunday School Convention.

The first meeting was recently held in Amherst. There was a large attendance of delegates, who were most hospitably entertained by the good people of Amherst.

The work accomplished was practical and of great interest to Sunday Schools. Addresses were given by men and women of long experience in this important phase of church work. Mr. Marion Laurence, of Chicago, the foremost Sunday School worker on this continent, gave most instructive and stirring speeches.

Rev. J. H. Anderson, of Chatham, N. B. was appointed President.

Rev. J. E. Gosline, of Hatfield Pt., N. B., Recording Secretary. R. Reid, St. John, Treasurer.

Work Among the Boys

INTERESTING REPORT OF COUNTY Y. M. C. A. WORK.

A meeting of the County Committee of the Boys' Work in Kings' was held at Town Hall, Kentville, on Thursday last, with most of the officers present, Mr. Arnot, of Halifax, and various representatives from the County.

The financial report was presented showing that very few districts in the County had taken their collection to help in carrying on the Boys' Work. Further organization work was necessary to raise the funds to carry on the work until Spring.

Report was made of a handsome contribution to the work of \$100 by Mr. S. B. Chute, of Berwick. Mr. Chute also contributed handsomely in the list made up in Berwick.

Mr. R. W. North sent forward a collection of \$4.00 from Canning.

The committee on By Laws, etc., reported and constitution and By Laws were read and approved after consideration.

The County Secretary, Mr. E. Percy Brown, presented his report and after discussion it was resolved that the County papers be requested to publish work now carried on among our boys.

Rev. A. M. Bent spoke on the importance of the work, and commendatory remarks were made by Messrs. H. Starrs, Wolfville; H. Watts, Waterville; R. C. Palmer, Berwick; the president, E. B. Newcombe and Treasurer G. C. Roy, etc.

A committee to further the work in Kentville was selected.

An executive committee for collecting funds was selected as follows:—Geo. Chase, Port Williams; Blake Clarke, Lakeville; Dr. H. T. DeWolfe, Wolfville; and G. C. Roy, Kentville.

Following is the report of Secretary E. Percy Brown.

I have the honor to report as follows on my work for the months of July, Aug. and Sept. In my previous report, which outlined the work to June 30th, I gave an account of the preliminary organization which had been carried out up to that time.

The month of July was devoted to strengthening the groups already started with the object of having some of the boys and as many of the ladies as possible take part in the County Camp to be held in August.

During July I travelled by car 1060 miles and attended 42 meetings in 16 different places.

The month of August was given up almost entirely to the Boys' Camp. This was held at Black River Lake, and I think that all will agree that it was a complete success. We were very fortunate in having the help of some of the leading ministers of the County and their presence at Camp was very much appreciated.

Boys from Auburn, Aylesford, Berwick, South Berwick, Waterville, Canning, White Rock, Port Williams, Grand Pre' and Wolfville, were present.

The total receipts were \$360.00, and expenses \$369.00, leaving a debt balance of \$9.00, which I think is very satisfactory.

The attendance varied 40 to 80. The low cost (\$3.00 per week), which included transportation between Wolfville and the Camp was largely due to the kindness of the Wolfville people, who furnished cars and teams to transport most of the boys and baggage.

While the present Camp site has much to recommend it, yet for a County Camp, at which we may expect the attendance to reach 200 or over, it is not altogether suitable. We now have in view a location which would be more convenient and we have received generous offers of help from people outside the County.

The month of September was devoted to building up the groups already started, as it was thought best to have a firm foundation before going further and to preparing these groups for an entertainment or demonstration of Boys' Work, which would bring the matter in a practical way before the people and at the same time stimulate the interest of the boys themselves and provide funds with which to "carry on" throughout the winter.

The groups at Canning, Berwick, Waterville, Auburn and Port Williams are now rehearsing plays to be given at White Rock by the Sunday School groups at that place.

My only regret in connection with this year's camp is that no Kentville boys were present; but we now have a very fine group of boys meeting regularly once a week as Trail Rangers under the Rev. Mr. Bent.

Some of these boys spent a night with me camping at Black River Falls and are very keen on their work. As many of you know the program of the Trail Rangers is a four fold one, i. e.,

intellectual, physical, moral and social. Now with the present meeting place it is possible to carry out the intellectual and moral, or devotional side of the program, but if we are to make the work interesting to the boys it is absolutely necessary to provide some place where the physical part of the program can be worked out.

I would like to see groups similar to the above started in connection with all the churches in Kentville, but before doing so this matter of recreation must be provided for.

We now have well organized groups of boys in Canning, Berwick and South Berwick, Auburn and Aylesford, Waterville, Kingsport, Port Williams, Grand Pre', Avonport, White Rock, Kentville and Wolfville.

A very interesting group is in process of development at West Brooklyn, on the South Mountain, where my son has taken charge of the school.

At this place there are twenty boys between the ages of 8 and 15 with no church nearer than Avonport (4 miles) and no Sunday School except that conducted by Mr. McIntosh, a volunteer worker from Grand Pre'.

During the month of September I drove by car 664 miles and attended 31 meetings in 15 different places.

The whole question of further extension of the work now depends on finding leaders for the groups already started, but we hope that after the most of farm work is over and we have given public demonstration of our Boys' Work that such help will be forthcoming.

Tonic Treatment for the Nerves

NEURALGIA AND OTHER SEVERE NERVOUS DISORDERS CURED THROUGH THE BLOOD

In many severe nervous disorders the best remedy is often a tonic. The most active tonic treatment is recommended by the highest medical authority to arrest the progress of such disease. Dr. Williams' Pink Pills are a tonic that acts on the nerves through the blood, which carries to the nerves the elements needed to build them up and restore them to a normal condition.

Neuralgia, sciatica, nervous headaches and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills are often entirely cured in this way. If you are nervous you can help yourself by refusing to worry, by taking proper rest and sleep, by avoiding excesses and by taking out-of-door exercise. For medicine take Dr. Williams' Pink Pills and you will soon notice the beneficial effect of this tonic in every part of the system.

Miss Annie L. Johnston, R.R. No. 1, Listowel, Ont., is one of the numerous sufferers from nervous troubles who has found a cure through Dr. Williams' Pink Pills. Miss Johnston says: "For a long time I was a severe sufferer from nervous troubles, with the result that I grew very pale and weak. Medical treatment did not help me, and various medicines had no beneficial effect, until finally a friend advised me to try Dr. Williams' Pink Pills. I began their use and took the pills regularly for several months, with the result that I not only gained in weight, but have recovered my full health and strength. I cannot praise Dr. Williams' Pink Pills too highly for what they have done for me."

To build up the blood there is one remedy that has been a household word for a generation, Dr. Williams' Pink Pills for Pale People. They tone up the entire system, make the blood rich and red, strengthen the nerves, increase the appetite, put color in the cheeks and lips and drive away that unnatural, tired feeling. Plenty of sunlight, good wholesome food and fresh air will do the rest.

You can get Dr. Williams' Pink Pills through any medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine, Co., Brockville, Ont.

Just a cup of MORSE'S for you and me mother. MORSE'S TEA—always the favorite. Illustration of a woman sitting at a table with a teapot and a man sitting across from her.

Would Increase Work Hours

Honor to the Illinois farmers! The executive board of the Illinois Agricultural Ass'n, probably the strongest organization of farmers in the United States, has gone on record as condemning the 8-hour day and all strikes intended to shorten the hours of daily production. By resolution it declares that 'the only cure for the prevailing unrest is a basic 10-hour day for all productive industries.' The farmers are wise to the element fact that Labor, by shortening the working day, as it has done, has played into the hands of corporate capital and 'profiteers.' In taking this radical step they have followed the lead of the Indian farmers, who have adopted similar resolutions.

Garden Contests

The Garden Contests for east Kings, as carried on by the Rural Science Department of Nova Scotia for the summer of 1919, have resulted as follows:

- INDIVIDUAL CONTESTS
1st prize, Hattie and Edith Murphy, Port Williams.
2nd prize, Mary Chase, Church Street.
3rd prize, Theodore Ells, Lower Canard.
SCHOOL CONTEST
1st prize, Greenwich school.
2nd prize, Church Street school.
3rd prize, Canuing school.
R. H. WETMORE, T. T. for East Kings.

An Expedition That Failed

October, 1812, brought anxious days to the City of Montreal. War was raging between the British and the United States and on the 17th of that month a large American army, which had been collected at Sackett's Harbor for an attack on Montreal and Lower Canada, began to move under four generals with a fifth brigade held in reserve. The embarkation was immediately known at Kingston, Ont. At once a flotilla of eight gunboats with three field pieces and about 900 men sailed to keep in touch with the Americans. Arriving near Prescott the Americans landed but only to

continue their march along the shore while the transports kept near the shores to be out of range as much as possible of the guns on the British squadron. But as the British continued their watch of the enemy they were continually adding to their numbers until by November over 2,500 men were under the loyal flag. Then it was that they were in a position about midway between Morrisburg and Aulsville. The result of the engagement was a surprise to the enemy for in less than two hours they were defeated and in flight, having lost 330 men, while the British had suffered a diminution in numbers of about 180 officers and men. Another hundred men were captured in the battle but there was no attempt at pursuit as the victors were so exhausted by the struggle with its success. The Americans gave up the plan to attack Montreal and retreated to French Mills, not far from Malone, where they entrenched and prepared to remain the winter after building blockhouses and other defences. Other troops returned to Sackett's Harbor—the entire expedition had failed.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's use. Over 250,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best. The most successful solvents are used to extract the medicinal properties from these herbs. Every utensil and tank that comes in contact with the medicine is sterilized, and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles. It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills. The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

Ella Wheeler Wilcox

In 1883 Ella Wheeler, a girl from Wisconsin then in her 28th year, published a small volume of poems that she daringly titled "Poems of Passion." Better known to the latter-day world by her married name Ella Wheeler Wilcox was probably the most widely known writer in the United States.

Her own story of her life, published last year as "The World and I," is a very human document and reveals her as in every way a womanly woman. Such education as she gained was largely self-won, and she learned in the hard school of experience what she later voiced in song.

But when the hand of death touched the poetess and the husband with whom she had spent 32 years of happy wedded life was taken from her side, Mrs. Wilcox proved herself capable of a more exalted strain and her poetic genius rose to greater heights in "Sorrows of Sorrow and Triumph."

The life of Ella Wheeler Wilcox was a happy one, and happy even in the days of her great bereavement. Both she and her husband were attracted to the study of psychic phenomena and later became convinced believers in the possibility of communication with the spirits of the departed. In prospect of death they had agreed that whichever was taken first should strive most urgently to deliver a message from the other world. After a period of anxious waiting Mrs. Wilcox believed that it had been through the medium of the Ouija board and that it required her to go into war service. She went first to England and then to France, joining the Red Cross work, nursing in hospitals and, what was her most memorable service, talking to the soldiers at the rest camps and even at the front, and counselling them to maintain moral purity and to keep devotedly to high ideals of life and conduct. In that service she acquired the malady that closed her brave life, but doubtless she welcomed the dread messenger that summoned her to the reunion that was the one craving of her heart.

Wonderful Glass Process

The financial correspondent of London Morning Post states that a company, with a capital of \$2,250,000, under the title of the British Window Glass Co. (Ltd.) has been formed to acquire the sole rights for the manufacture and sale of sheet and window glass in Great Britain made under the secret processes and inventions of M. E. Fourcalt, of Charleroi, Belgium. It is stated that the process, which was invented in 1906, has revolutionized the production of sheet glass. The company is arranging to acquire 10 acres of land at Queenborough (England) and intends immediately to erect thereon a factory capable of producing with the first unit of plant erected, over 24,000,000 square feet of window glass per annum, while subsequent extensions will have a capacity of four times that quantity.

DR. A. W. CHASE'S CATARRH POWDER 25c

is sent direct to the diseased parts by the improved blow. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c a box; blower free. Accept no substitutes. All dealers or Edmondson, Bates & Co., Limited, Toronto.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

EDDY'S MATCHES are made to give satisfaction

Although matches are turned out of the Eddy factory in their millions—each match is machine made and is well and truly made.

For nearly seventy years, we've been making matches, and are by far the biggest makers of matches in Canada. This tremendous business was not only built upon satisfaction to the user of Eddy articles—but is being maintained by the same honest policy.

When you buy matches look for Eddy's name on the box. To get the most perfect match made, ask for Eddy's "Silent Five".

Over 30 Varieties

There are short matches and long matches; Parlor matches and Safety matches (which strike only on the box). There is an EDDY match to suit you. Be sure the name EDDY is on the box you buy.

Editorial Jottings.

If you wish to help your town paper patronize those who use its advertising columns.

American investments in Canada during the first nine months of 1919 show an increase of about \$200,000,000. The greater part of the money was put into municipal securities.

The development of the motor industry in Canada this year is attracting attention, and several cities in Ontario are enjoying boons of greater or less dimensions as a result. An object in the new developments is to achieve the construction of motor cars to the extent of 60 per cent. or more in value in this country, upon which they would be entitled to the preferential tariff in entering Great Britain.

The vocational act passed by the New Brunswick Legislature in 1918, which will widen the scope of the educational system of the province, will become effective in the school work of the present year. The act is administered by a vocational education board composed of nine members. Five of these will represent labor, farming, manufacturing and commerce. The other four will be the superintendent of education, the principal of the Normal School, the Deputy Minister of Agriculture and the director of Agricultural education.

Members of the House of Commons, who were opposed to the passage of the "Conditional Prohibition" law, declare that the Act will be attacked in the courts the first time it is invoked. These point out that the Act was passed on Sunday, and declare that the Lord's Day Act, until that statute is repealed, is binding on Parliament, as on other elements of the community. They point to the rules of the House to show that Sunday sittings are irregular and further, falling back on precedent, claim that such a course was never followed before by the Canadian Parliament. Even during the famous naval debate, a Sabbath truce was called. The bill in question was put through the House of Commons shortly before 1 o'clock on Sunday morning.

The employment of airships as sanatoria for the treatment of tuberculosis and other diseases is advocated by a doctor who was attached to the British air force during the war. The patients, it is pointed out, would be able to live for several days or even weeks at a height of about five thousand feet, enjoying complete rest and breathing air as pure and invigorating as that of any of the famous mountain resorts which only the rich can afford to visit. The big airships built by England for war purposes, the doctor says, can be fitted up as sanatoria for patients suffering from consumption, anaemia, neurasthenia and other ills, and except in very bad weather, can cruise about for weeks at a time.

sentation, sex disqualifying in the one House, but not in the other. The American newspaper correspondents writing from England are making a great ado over the contest in Plymouth, but the Lady Astor candidature suggests many issues of important national bearing, which are not embodied in the mere question as to whether a Unionist, a Liberal or a Labor candidate shall be elected.

The Airdrome at Ciampino, near Rome, is busy building a new dirigible destined to cross the Atlantic ocean. The airship, it is said, will be capable of travelling 3,125 miles without refueling. The airship will be able to accommodate 150 passengers.

Joseph L. Eaton, of Pictou Landing, has been appointed manager of the town of Pictou at a salary of \$2,000 a year. Pictou is the first town in the province to adopt the town manager form of government.

A full line of Canned Goods, Cereals, Jams, Washing Powders, Fruit and Confectionery, to be had at the Cash and Carry Grocery. Prices right.

Our venerable townsman, Mr. W. B. Hardwick, met with a serious injury some days ago by falling from a ladder in an apple tree. Mr. Hardwick, although past his eighty-fifth year, is one of the oldest residents of Wolfville and has lived a useful as well as a lengthy life. THE ACADIAN trusts that his recovery will be a speedy one, and that he will be able to spend his winter in Florida.

Personal Paragraphs.

Mr. and Mrs. N. B. Kilcup left on Wednesday to spend the winter in Florida.

Mrs. Macklin, spent the week end in town, the guest of her brother, Mr. R. E. Burgess.

Mr. and Mrs. A. D. Elderkin have gone to St. Petersburg, Florida, where they intend spending the winter.

Mrs. (Dr.) R. V. Jones has gone to Berwick, to spend the winter at the home of her daughter, Mrs. J. S. Margeson.

Mrs. Montgomery, of Halifax, was a visitor in Wolfville over Sunday at the home of Mr. and Mrs. J. C. Mitchell.

Mrs. Carey Robinson, of Sackville, N. B., is spending a few weeks in town, a guest at Mrs. J. C. Bishop's, Prospect street.

Rev. N. A. Harkness has accepted a call to the Kitsalmo Baptist church, Vancouver, B. C. His many Wolfville friends wish him every success in his new field of labor.

Mr. and Mrs. R. E. Burgess left on Monday for New York en route to Florida, where they will spend the winter. Mr. Burgess' many friends will be glad to know that his health is much improved.

Before placing your order for Christmas Private Greeting Cards come in to see our samples. We have what you want.

Economy

The old saying "a stitch in time saves nine," is just as true with us as with our grandmother. Any kind of garment, whether for outside or inside wear, for big or little people, will wear much longer if the thin place and small holes are darned or strengthened as soon as discovered. Nothing gives one more self-respect than to be neat and clean. Even if the garments are not of the latest cut or the most expensive fabrics their neatness alone will command respect.

Here are some suggestions for making over garments:

A lady's coat and skirt suit can be made into a very serviceable one-piece dress.

Long coats can be made over for one's self, or a top coat for a young girl or boy.

A short coat can be remodeled for a dress for a girl, using remnant for combination.

Waists can be tinted and recut for a gympe for a girl, or a camisole, or a baby's cap, or a covering for a woman's summer hat.

From worn nightgowns, infant dresses, children's petticoats or corset covers can be made.

If the gowns are heavier, the worn yokes may be cut off. Sew up the end, run a tape through the hem and you have a slip cover for fine dress or coat, when hung in the closet.

From men's worn shirts, children's dresses, combined with remnants, can be made blouse waists for a boy, bibs for the baby, or apron for the woman.

Old neckties make beautiful patch work comfort tops or couch covers.

Old sweaters may be washed, dyed unraveled, re-knit for women's or children's sweaters, scarfs, caps or wristlets.

Keep all scraps of silk or velvet, for patch work quilts, couch covers, shopping or work bags.

Stocking tops or old underwear may be used for bloomers, petticoats for babies or little girls, bed socks, dust rags or wash rags or for miscellaneous mending.

If possible mend knit underwear with knit underwear patches, basting the patch over the hole. Stitch with machine, hemming down the raw edge by hand.

Health For the Baby

The baby of today is the man or woman of tomorrow. Thus the success of the future man or woman depends upon the baby's present welfare. If the baby is sickly and ill nourished, it is not to be expected that he will grow into a strong, active man who will hold his own in the business world a few years hence. Mothers it is a duty you owe the future to keep your little ones well now. This can be easily done if Baby's Own Tablets are kept in the house. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus made baby healthy and strong. Considering them Mrs. W. Orser, Elginburg, Ont. writes: "I have a fine healthy boy three years and have used Baby's Own Tablets for him ever since he was a small baby. I certainly think them a splendid medicine." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

The adder must be a mathematical reptile.

Nine-tenths of the born leaders of men are women.

The mosquito isn't the only bore that sings at his work.

The philosopher's scales are used less out of his own hands.

Moving a Town in Nova Scotia.

The only town in the Provinces with vacant houses to-day is Port Hood, Inverness Co., N. S. These houses were erected at that town when the coal mine there was being operated. A loan company advanced on mortgage the greater part of the cost of their erection and shortly afterwards, owing to an accident the mine became flooded and was closed down. In consequence many people left Port Hood and the loan company had to take over these houses under their mortgage. In Sydney where dwellings are unusually

scarce, a syndicate, formed for the purpose, bought these forty houses, which are now being dismantled. One hundred cars will be necessary to transport the knock-down dwellings to Sydney. There they will be set up in groups of five, and already application have been received for the rental or purchase of all of them.

**The Road—As It Is and As It Seems
In Overland 4 on Three-Point
Suspension Springs**

OVERLAND 4 does not change the road, but it does change the manner in which you can ride on it. This comfort achievement, the greatest since the introduction of pneumatic tires, is made possible by the wonderful cushioning ability of Three-Point Suspension Springs—exclusive with Overland.

The Diagonal attachment of the Three-Point Suspension Springs at the ends of a 130-inch frame gives the road steadiness achieved by a car of long wheelbase.

Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling, of 100-inch wheelbase.

Overland 4's equipment is no less admirable than its construction. The list is complete from Auto-Lite Starting and Lighting to Demountable Rims.

Come in and see this remarkable car. Ask for Booklet. Overland 4 Touring, \$1195; Roadster, \$1195; Coupe, \$1845; Sedan, \$1995. Prices f. o. b. Toronto, War Tax included.

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEE GARCEAU

82 Hickory St., Ottawa, Ont.

"I was for many years a victim of that terrible disease, Rheumatism. In 1918, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

AMEDEE GARCEAU.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

They were sitting out in the conservatory. Sam sat on the sofa, and Sally sat on Sam; but it was all right, for he had just asked her to marry him. She had said, "I don't care if I do," and thus they were engaged.

"Sam, dear," she began, "am I the only girl?"

"Now, look here, Sally," he interrupted, "don't ask me if you're the only girl I ever loved. You know as well as I do—"

"Oh, that wasn't the question at all, Sam," she answered. "I was going to ask if I was the only girl who would have you."

"I Cannot Go"

BILIOUS headache spoils many an expected enjoyment.

When the condition of the liver is neglected, biliousness seems to become chronic and recurs every two or three weeks, with severe sick headaches.

Why not get right after this trouble and end it by using Dr. Chase's Kidney-Liver Pills to restore the health and activity of the liver.

Constipation, indigestion, backache, headache, biliousness and kidney derangements soon disappear with the use of this well-known medicine.

One pill a dose, 25 cts. a box, all dealers, or Edmundson, Bates & Co., Ltd., Toronto.

Children Cry FOR FLETCHER'S CASTORIA

Farmers Can Handle the Job.

As predicted the now government of Ontario is formed from Farmers' Liberal and Labor parties. The Farmers, as the strongest party, take the largest number of portfolios, but they allow the Liberals and Labor some representation in the Cabinet so as to get their support in the Legislature. Up to the time of the announcement that the Farmers would form a government in co-operation with the Liberals and Labor, it was amusing to read in the press expressions of doubt as to whether the Farmers would be able to form a government, or whether they could carry on if they did. A little thought would have shown how ridiculous it was to think for a minute that an organization that proved stronger in the elections than any other would not contain among its leaders men capable of forming a government and carrying on the affairs of the province. Farmers are not "mutts" as some city dwellers think. Running a farm successfully is something like running a newspaper successfully: A man who can do either is usually capable of running almost anything—or "making a stab" at it anyway.

Concerning Heligoland.

A German newspaper reports that the people of Heligoland want to return to British rule. Concerning this question, the "Manchester Guardian" has this to say:—"It is not surprising, for the strategic importance to Germany of this strip of rock must have made the lives of its inhabitants quite unusually uncomfortable. Heligoland, when we owned it, was a harmless curiosity in islands; a unique place from which to study the habits of rare sea birds, inhabited by a tiny community who were little troubled by the cost of living. They suffered considerably by fog, and each year the sea removed a appreciable part of their habitation; but they escaped income tax and were unusually well supplied with German wine and cigars, imported for the Summer visitors who came for bathing. The change which dug a huge fortress a hundred feet deep in the cliffs, covered them with gun emplacements, and girdled them with a labyrinth of walls fifty feet thick was a more than doubtful blessing, and Heligoland must have found her transformation into the most notorious and sinister speck of land in the world a severe strain on her zeal for the Fatherland. When the war actually came her fishermen were exiles for they were one and all shipped off to the mainland, and the island was given over to the gulls and the gunner. It is now thrown open again, and a beginning has been made with the dismantling of its mighty forts. The inhabitants will cheerfully see the last of the guns, and apparently they would like, too, to be quit of German taxation; but they hope, quite reasonably, that the island's final disappearance may be at least delayed by leaving the great sea-walls the Germans built. This might well be done, for Heligoland so long as it lasts will be a lode-star for the curious, and there would be a certain rough justice in the fact that of its people profiting in the future by the world's interest in its sinister past that has cost them so dear.

The individual who thinks he knows it all has the most to learn. A distant manner doesn't lend enchantment to one's view of friendship.

Your Kidneys Sound as a Bell

Whether you are forty or eighty, you need have no trouble from your kidneys if you use Gin Pills at the first sign of backache, dizziness, swollen joints, brick dust deposits, or mucus. All these symptoms show your kidneys are affected.

Gin Pills FOR THE KIDNEYS are the sure, quick and safe corrective. They have relieved kidney troubles of long standing. Thousands have testified voluntarily to their extraordinary power. Get a box from your druggist or dealer for prevention's sake. 50c. with money-back guarantee. Sample free on request.

Address: The National Drug & Chemical Co. of Canada, Ltd., Toronto U.S. Address: No-Deu Co., Inc. 302 Main St., Buffalo, N.Y.

There had been a quarrel. Everybody could see that the minute they came into the street car. The woman sat with tightly pressed lips, her hands gripping her umbrella firmly. The man sank down on his spine and glowered at the advertisements. The other passengers got interested.

Then there came a dead silence as the car halted to let off a passenger. Into the silence came the woman's thin, angry voice:

"If it wasn't for me you'd be the biggest fool in town."

Then for the first time the man grinned, and the others grinned with him.

Children Cry FOR FLETCHER'S CASTORIA

"Your daughter has a fine touch, Mrs. Moriarty." "Yes, so they be tellin' me; an' sure 'tis no wonder, for she loves the pianny and niver tires of it; she has a great tashte for moosic, but thin that's only natural, for her grand father had his skull broke wid a cornet at a temperance picnic."

New Cabinet For Ontario

Premier Drury, of Ontario, has announced that R. H. Grant, member-elect for Carleton, had accepted the portfolio of Education in the Ontario Cabinet now being formed. Mr. Drury also stated that he had wired W. F. Nickel, K. C., of Kingston, offering him the portfolio of Attorney General.

The Farmers' Sun, which is regarded as the Premier, gives the following list of the new Cabinet:

- Premier—E. C. Drury.
- Minister of Agriculture—Manning Doherty.
- Education—R. H. Grant.
- Lands and Forests—Beniah Bowman.
- Public Works—F. C. Biggs.
- Labor and Health—R. W. Rollo.
- Mines and Mills—Provincial Secretary—C. Nixon.
- Secretary-Treas.—Peter Smith.
- Attorney General—W. F. Nickel.
- Without Portfolio—Lieut.-Col. D. Carmichael, D. S. O.

Fire Waste

According to the Insurance Companies carelessness is the principal cause of fires. That is a broad statement. All fires, not kindled with incendiary intent, are supposed to be controlled for a definite purpose; there is no doubt carelessness somewhere if the fire passes from control. The high proportion of fires in Canada may be partly due to careless handling of fire or potential fire; partly to careless construction of houses, and partly to the fact that carelessness with fire in wooden houses is much more dangerous than in buildings of brick or stone. Canadian losses by fire are enormous, if figures supplied from insurance sources are reliable. In 1918 Canada's per capita fire loss was reported at \$4.00; the United

In view of the critical fuel situation, export of coal from Canada to all destinations has been prohibited, except under license issued upon the recommendation of the Canadian Trade Commission. Exportation of coal to Europe will cease immediately. As the prohibition includes coal for all purposes license will have to be obtained in the usual way for bunker coal. In the case of coal already loaded for export, the Canadian Trade Commission announces that consideration will be given applications for licenses by telegraph. States at \$2.26; Russia 97 cents; France 74 cents; England 64 cents; Norway 53 cents; Italy 53 cents; Sweden 42 cents; Germany 28 cents; Switzerland 13 cents. These figures indicate a high rate of insurance for Canada compared with other countries, and there is also a higher burden of taxation for fire protection.

Private Hodges sat in his hut trying to clean his rifle. Suddenly he heard his name called. "Here," he shouted, running out.

"Wanted in the orderly room," said the sergeant, and Hodges followed him with bulging eyes and a sad heart. But he cheered up when the adjutant addressed him thus:

"I have a letter from your father. He is anxious to purchase your discharge, as he needs you to help him in his business," remarked the adjutant, looking at him keenly. "Now, Private Hodges, what is your father's walk in life?" "P-please, sir," he blurted out, "he's b-b-bowlegged!"

Apple barrels have taken another slump and we understand are now down to about last season's price.

\$100.00 A MONTH

As Long as You Live
