THE ENGLISH MAIL.

A LIBERAL PARTY ON THE CANADIAN SHORES. The Liverpool Post (Liberal) says the new Canadian Liberal Party is strong and with regard to the personal prestige of its members, much stronger than that of Mr. Mackenzie. That gentleman has a very strong affection for the Liberal party.

AD TO DISCHARGED PRISONERS. As Warwick seasons Lord Noron, speaking upon the Prisons Act, said that if the uniformity which was the purpose of the Act to secure in any way diminished the interest taken by the justices in the prisons, or crippled the aid given to discharged prisoners, it would prove to have been very dearly purchased. No Act passed within his recollection had done so much towards the elimination of crime as that which provided for aid to be given to discharged prisoners.

DEATH OF BISHOP MACKENZIE. The Right Rev. Bishop Mackenzie, Sub-Diocese of Lincoln, late Bishop Suffragan of Nottingham has died, at the St. Dunstons, Coln. He had long been in feeble health, but his decease was quite sudden. He preached at the previous Tuesday, and took part in the Diocesan Conference at Nottingham on Thursday. The cause of his death was heart disease.

PROTECTION IN CANADA. Mr. Charles D. Miller writes to the Times from Sherbrooke, Quebec, forwarding statistics contrasting the Canadian with the American tariff, showing thereby the advantages to be derived by Canada for access to the United States market.

PROTECTION IN CANADA. Times found fault with the Dominion for returning to Protection as against Free Trade. She says that the Dominion is not a protectionist, but she would admit that it is but just that something should be heard in her defence.

PROTECTION IN CANADA. The Dominion is not a protectionist, but she would admit that it is but just that something should be heard in her defence.

THE BANK OF ENGLAND BOBBERY.

On the 13th inst. the Jersey police arrested a young man who was then on the watch for the arrival of a certain yacht, and about eight o'clock that morning the cutter was seen to enter the harbor, and was immediately boarded. The police learned from the captain that she had been hired by a young man who was then on the watch for the arrival of a certain yacht, and about eight o'clock that morning the cutter was seen to enter the harbor, and was immediately boarded.

A large wall-balcon escaped on Monday from Woolwich Arsenal without an attendant, by dragging itself away from a number of by-standers, and was seen to fly away into Essex, where it was eventually captured.

At a conference of the Liverpool Ladies' Temperance Association, held at the residence of Mr. Thomas Mathison, it was calculated that by the co-operation of the ladies in Liverpool, 500,000 a year was taken from the publicans.

A bicycle rider who had knocked down and injured a pedestrian, was fined 4s. by the Wandsworth police magistrate, and ordered to pay £10 compensation, with an alternative of a month's imprisonment in default of payment.

The Echo says that the supporters of the better observance of the Sabbath have held a conference in Manchester, and that the result of the meeting was the formation of a new Society for the promotion of the free libraries which have been so recently opened.

An American vessel has come into operation, providing that all vessels engaged in the importation of foreign cargo into the island shall be registered and licensed by the colonial government.

Supplies have been issued from the Colonial Trusts Corporation for the years 1875, 1876, 1877, and 1878, and the other districts of the colony. The Corporation has also issued a report on the operations of the company.

The dispute between the Liverpool Gas Company and the Dock Board on the question of the large machinery room was settled by the arbitration of the court, and the result was in favor of the Gas Company.

A shocking tragedy is reported from Bristol. A labourer having been deserted by his wife, was left with two children, and was unable to support them. He began to brood over his desertion, and having resolved to commit suicide, he took a dose of poison, and died.

The Vice-Roy of East Ham has introduced an innovation in his method of conducting the 6th instant, immediately after the death of the late Lord, he ordered the funeral to be celebrated in the middle of the service. On Sunday morning, the 6th instant, immediately after the death of the late Lord, he ordered the funeral to be celebrated in the middle of the service.

A decision which has been given by the Royal Court of Jersey establishes the validity in that island of marriage with a girl under the age of 16 years, provided that the parents consent to the marriage.

A meeting has been held in Glasgow to protest against foreign sugar bounties. Dr. James Watson, M.P., presided, and the meeting was very successful.

THE BATHMAN "MYSTERY."

A correspondent writes the following extraordinary letter to the London World:—

This so-called mystery was never any mystery to me, to which I had been told that I was to solve it. I had tried, for obvious reasons, to put it away from me, but I had to do so, and I had to do so, and I had to do so.

EDUCATIONAL NOTES.

The endowment and building fund of Queen's College, Kingston, now exceeds \$100,000.

The Ottawa Collegiate Institute was inspected last week by Mr. Marling, High School Inspector.

The Mackenzie High School was recently burned to the ground, and all its contents were destroyed.

The Standard Model School was lately inspected by Mr. J. J. Tilley, Inspector of Model Schools, and found in excellent working order.

The Rev. Father O'Leary, of Hamilton, has been appointed Superintendent of Separate Schools in the City of Hamilton, in place of Mr. Father

muscle, brain, energy and irascibility will pour. We were not the descendants of some other worn-out nation...

THE MAULEY MURDER

A Supposed Clue to the Murderer

Extraordinary Statement by a Woman

OTTAWA, Oct. 31.—The Mauley inquiry was continued today before Coroner Corbett. The witness, Mrs. C. H. Pinney, said she had heard a pistol-shot fired near the fire station...

tion of such measures directly to the roots, and they immediately attack the tree. It is very well to enrich the soil at the base of the tree, but the measure, if to be in contact with or very near to the roots, should be thoroughly decomposed.

The Hessian Fly, (Cecidomyia destructor, Say), instead of taking up its abode in the wheat heads and nourishing itself on the kernels like the preceding species, makes its attack at the root and lower part of the stalk, thus destroying not the seed merely, but the whole plant. It is an European insect, and has been detected in Germany, France, and Italy, where at times has caused great damage to the wheat crops.

Most of our plants are injured by too much water. The watering of plants in house plants is not best to allow the thermometer to be above seventy degrees. The ground in a room where the thermometer would stand, should range much above sixty-five degrees if it is to be better.

A number of my dairy cows have turned lame within the last two months, and are not taking their food so well as formerly. Some days they are able to stand on their feet, but in the morning they are unable to do so.

In families where the dairy is small, a great deal of trouble is caused by the process of evaporation, as practiced in India and other warm countries. A cheap plan is to get a very large sized porcelain, earthen, or stoneware crock, and to put in it a large quantity of water.

It is a common error to suppose that butter is made by the process of churning. It is not so. It is made by the process of churning, but the butter is not made until the cream is separated from the milk.

We know of no better method of clarifying butter than that employed by the manufacturers of scalded butter. They take all the cream they can get from the milk and replace this natural fat with melted lard. The melting is done in a boiling water, or five minutes, stirring continually, then pour out the butter and sugar, but do not pour out the water.

Mr. Josiah Hoopes, the president of the Pennsylvania Fruit Growers Society, in his recent annual address, advised growers to spray their trees with those who cannot resist the fruit because the soil is so bad or the climate so unfavorable.

I look with sincere pity upon our farmers who are selling down into debt, and who are on the condition of their farm; their crops are left for lack of manure, the manure is small from want of crops, and they are left with nothing to sell they are poor to buy fertilizers, and in utter helplessness they exclaim: "Farming is a poor business. Well, so farming is a poor business. I do not speak of this to add to the discouragement, but to give a word of cheer to those who are in the way to better the farmer's lot. I believe the cheapest and the easiest way to bring up a farm is to buy a few tons of guano, and use it on your farm to the best advantage; it will give you a fine growth of clover; put on

its annual crop that will grow, such as rye; turn this under with your plough, and you can then raise something better; keep feeding the soil with everything you shovel and your bean and corn manure, manure, anything that will bring a green mantle over your field. Soon you can set the clover pump to work pumping up to the surface the innumerable roots of your manure. If an animal dies, don't stop to bewail your loss and exclaim: "Every thing goes to the dogs on my farm." Don't send it to the dogs at all, but compost it with manure, or even soil, and thus secure a most valuable manure for your soil.

overboard while the tug was at Prince Arthur's Landing, and was drowned. Great blame is attached to the officers of the tug for not having any life preservers, ropes, or poles on deck wherewith an attempt could have been made to save the man. The deceased belonged to Woodstock, where he leaves a wife and a large family.

Charles Stewart, Esq., of the Ontario Government, has been appointed to the position of Registrar of the Province of Ontario. He is a native of the United States, and has been in the service of the Government for many years.

A poor man living in Almonte named Soles, has inherited \$400,000 from a relative in England. He is now in the city of Almonte, and is expected to return to his home in Almonte in a few days.

A new and very handsome Methodist Episcopal Church is rapidly nearing completion in Kingston. The church is a fine specimen of the Gothic style, and is expected to be completed in a few weeks.

The meteorological service in the Montreal area has been resumed by the Judges of the Superior Court. The service is expected to be resumed in a few days.

Several meetings have been held at different points in Middlesex to consider the proposed amendments to the Temperance Act. The meetings have been held in various parts of the county, and have attracted a large number of people.

Mr. Orser, of Grey, recovered \$200 and a half from the seizure of the Great Western railway by the loss of two horses killed on the track.

Over \$250 was stolen on the 19th inst. from the mail lying at Mountain Grove post office, near the Frontenac route, at Arden and Plevna.

A farm at Salisbury, N.B., is reported to be the scene of a robbery. The robbery is expected to be completed in a few days.

The three local elections on Tuesday last, were held in the County of Simcoe and North Essex again returning Opposition members, and West Elgin a Mowat supporter.

The St. John Telegraph acknowledges the Conservatives are all powerful in the Maritime Provinces, and asks what is the prospect of opposing Ministers in their reelection.

A Mr. Fox, living on Sandwich street, Leamington, recently lost a valuable time by the loss of his watch. The watch is expected to be recovered in a few days.

Some English sparrows, imported into the Dominion a year or two ago, have increased and multiplied in a wonderful manner, and are now a great nuisance in various parts of the Dominion.

The children of half-breeds of the parish of St. Agathe has been completed, and only three parishes remain uncompleted, which will be completed in a few weeks.

The people of Merrifield are contemplating the making of water works. It is expected to be completed in a few days.

The petition for the incorporation of the Municipality of St. John's, in the County of York, is expected to be completed in a few days.

Several large shipments of potatoes are being made this year from Prince Edward Island to the American market. The potatoes are expected to be completed in a few days.

Applications are in progress for the erection of the Stormont cotton mill, near four years ago in Cornwall. The mill is expected to be completed in a few days.

Justice Hughes during a suit that recently came up for trial in the Division Court at Toronto, stated that in any case of a minor playing billiards come before him, he should inflict a fine of fifty dollars on the player, and a fine of ten dollars on the proprietor of the billiard hall.

Mr. Thomas Farrow, M.P., while working at his new house in Blue Vale, a week or so ago, had his arm dislocated by the fall of a beam. He is expected to be recovered in a few days.

The new opera house at Kingston is to be completed in December. The house is expected to be completed in a few days.

Three trap-door men, one twenty feet long and the others four and six feet long, were found in the intestines of a calf which had been found in a field near the town of St. Catharines.

An advance in Red River freights was expected in the week ending the 10th inst. The freights are expected to be completed in a few days.

By-law granting aid to the Stratford and Huron railway are to be voted on in the following townships—Arden, \$40,000; North, \$100,000; Arden, \$40,000; North, \$100,000; Arden, \$40,000; North, \$100,000.

There was great excitement last week in Stratford over the voting on the Canada Temperance Act. Both sides worked hard, and the result was a narrow victory for the Temperance party.

Thomas Irvine, of Galesburg, went to the bank on Thursday last and left \$1500 of the bank. After buying a watch, he got gloriously drunk, and some strangers quarrelled with him, knocked him down, and relieved him of his time-piece and the balance of his money.

Mr. John Ingram, of Mantoloking Island, has purchased the heavy draught estate of "Young Dundonald," at a cost of \$275,000. The estate is situated near the town of Dundonald, and is expected to be completed in a few days.
