NUMBER 90.

TO DIRECT THE CAMPAIGN FOR RECIPROcity IN ALBERTA

Hon. Frank Oliver Arrives in His Home City From Federal Capital.

Reciprocity Will Carry Country

Western Liberals Have Entered Campaign With Utmost Enthusiasm.

Hon. Frank Oliver, minister of interior arrived in Edmonton yesterday on the C. N. R. leaving Ottawa Saturday evening. Mr. Oliver stayed Tuesday in Winnipeg, addressing an enthusiastic meeting of Liberals there in the evening, and afterwards proceeding west. He will spend the time until the elections chiefly in Alberta, spending the next few weeks in this constituency.

To the Bulletin yesterday, Mr. Oliver expressed the utmost confidence that reciprocity would carry by a good majority, despite the frantic efforts being made to defeat it. In the Maritime provinces the sentiment is overwhelmingly favorable, and the Opposition contingent from those provinces will likely be substantially reduced.

Ontario and Quebec Campaigns.

In Quebec the Opposition have handed over their campaign to the Nationalists, and these are waging a fierce war against the Government on the ground that it is too much inclined to co-operation with Great Britain in maintaining the solidarity of the Empire. In Ontario the attack on the naval issue is made from the opposite direction, and the Government is assailed on the ground that it is securing too much aid from the British.

In both provinces, of course, the aim is to secure the election of a reciprocity on issue other than the reciprocity question.

West Favours Free Trade.

In the West the conditions are most encouraging for the friends of free trade. Strong candidates are everywhere offering to carry the banner of reciprocity. In fact, the only danger here apparent is in the possibility of the favorably being divided between candidates favoring the agreement, while the anti-reciprocity vote will go solidly for the Opposition candidate. Public sentiment is, of course, predominantly in favor of the agreement, and if a straight fight can be brought between strong candidates representing the favorable and opposing sentiments in each constituency the chances are good for a sweep of the prairie country.

In British Columbia.

In British Columbia the opponents of the agreement have been counting with confidence on the fact that the Opposition had a majority of the members from the province in the last House. The issue on which the election of 1908 was fought, however, was not reciprocity, and there are signs that the interjection of this issue will materially alter the complexion of the representation from that province. The lumbermen are said not to be averse to the agreement, and the "truck growers" are showing a disposition to support rather than condemn it as they were represented at doing when the agreement was first introduced. If these changes do not oppose the agreement, it does not seem any good reason why the other classes should do so, and there is a fair likelihood of securing a majority of the members from that province for the agreement.

MR. OLIVER REPUDIATES SO-CALLED LIBERAL CONVENTION OF AUGUST 16TH

Since arriving in the city on Thursday, Hon. Mr. Oliver has been engaged in arrangements for the coming election campaign. Seen by the Bulletin last evening he said:

"I have no intention of recognizing the so-called Liberal convention, to be held in the city on the 16th inst. The well-recognized method of calling nominating conventions in Alberta is under the authority of the provincial executive. Conventions have already been called in this manner for the selection of candidates for the contest in four out of the seven Alberta constituencies, and in two of them nominations have already been made. In due course, no doubt such a convention will be called for the Edmonton electoral district. When it is held I will be glad to submit my name as a candidate for nomination. In the meantime, I do not propose to pay any attention to a special arrangement made to secure endorsement for the candidature of any certain man, even though it be called a convention.

"I may say that I do not think the effort to defeat the Liberal cause in the Edmonton district by holding a bogus convention will succeed."

Edmonton will next week witness the biggest racing meet in its history. At least 150 of the finest and dearest race horses of Western America will be stable at the exhibition grounds and the contest for supremacy promise to be more keen than any ever before held on an Alberta speedway. The announcement made by the fair management of the complete list of entries in the harness events, reveals the names of many far-famed horses and owners.

In the classic free-for-all to be run on Saturday, August 26th, for a purse of \$500, are entered Bland S. Daybreak, Captain Danby, Sherlock Holmes, Indian, Nellie G. Hazel Simons, Alberta Foster and Clyde Wells. In the 214 pace, 2:19 trot, eighteen horses are named and there are seven starters in the 210 pace-2:05 trot there are ten entries. In the 224 pace-2:19 trot there are sixteen entries. In the Holkepoopers' stake, 2:40 pace-2:25 trot, \$2,000, there are seventeen nominees and ten starters.

IRREFUTABLE FACTS SHOWING WHAT RECIPROcity MEANS TO GRAIN GROWER

It is not seriously denied by opponents of reciprocity that prices of grain are higher in the United States than in Canada. Mr. Borden admitted this fact on many occasions during his recent tour of the west. The Grain Growers' Guide, quotes figures prepared from data collected by the American tariff board, which show that the price of wheat in Minneapolis is practically always from five to fifteen cents a bushel higher than in Winnipeg. The following are the monthly prices on the Minneapolis and Winnipeg markets for the past six years. They will repay a careful study:—

Month	1900		1901		1902		1903		1904		1905

What is true of wheat is even more pronouncedly true of malting barley. The following are the average prices for malting barley in Chicago and Winnipeg for the past six years:—

Month	1900		1901		1902		1903		1904		1905

Go over the above figures carefully, and then place in the opposite scale the little pink-tax argument of Mr. Borden's about reciprocity and annexation, and all the other trash the Tories have been flooding the country with. Which would you call the weightier?

GREAT REJOICING AMONGST THE LIBERALS OF WINNIPEG

JAMES H. ASHDOWN HAS BEEN PERSUADED TO ALLOW HIS NAME TO GO BEFORE CONVENTION—GLENN CAMPBELL FACES CERTAIN DEFEAT IN THE DAUPHIN CONSTITUENCY.

Winnipeg, Aug. 9.—There is great rejoicing amongst the Liberals of Winnipeg in that James H. Ashdown, who has been persuaded to allow his name to go before the Liberal convention. It is almost certain he will be nominated.

Dauphin, Aug. 9.—An enthusiastic farmers' convention, 300 strong, representing many of them elected 20 to 25 vote blocks, crowded the municipal hall last night. After three hours' discussion they decided on four or five resolutions, which have considerably cleared up the political situation in this constituency. They first voted down the proposition to fight an independent campaign by putting in independent in the field.

Secondly, they passed a resolution to show why they did this, which was to the effect that it might disastrously split the vote on reciprocity.

Thirdly, they decided to select a single name by ballot after the nomination and to recommend such a person to the Liberal convention to-night.

Fourthly, they promised to assist in financing their man, if he was chosen by the Liberals, and finally they made it clear that if the Liberal nomination did not fall to their candidate they would support any Liberal candidate who accepted and pledged himself to the farmers' bill of rights presented to the government on Dec. 18 last.

The man selected by the ballot was Robt. Gray, and the meeting closed with loud cheers for his name. It was stated they had a pledge from J. C. Campbell, ex-M.P.P., that the Liberal convention would be open to all in favor of reciprocity and he pointed out that if they could not carry their candidate in the convention they could

not carry him in any way.

The meeting, it is believed, assured the defeat of the Conservative candidate as the farmers are determined to support the reciprocity party at the polls by their vote, although only accepting it, as several speakers declared as an instalment of what they want.

Dr. Back in Hants County.

Halifax, N.S., Aug. 9.—Hants county Liberals will renominiate Dr. Back on Thursday. At Glee Bay, Alexander McKinnon, town engineer, has been nominated by the Socialists.

A. A. McGillivray of Calgary and Formerly of Stettler Will Be Asked to Run—If He Refuses Nomination for Dr. Colston.

Calgary, Aug. 8.—Red Deer Conservatives met in convention today at Red Deer and nominated A. A. McGillivray, barrister, Calgary, formerly of Stettler, M.P.P., as their candidate. Dr. Colston, of Stettler, was present and a delegation headed by E. Michener, M.P.P., arrived in town tonight to see McGillivray and urge him to run.

The convention took the precaution of naming an alternative candidate, Hugh McGillivray, of Stettler. Dr. Colston of Red Deer will be the man. The convention was not largely attended.

Appointed Suffrage Bishop.

London, Aug. 9.—Right Rev. W. W. Parrish, Victoria, B.C. Bishop of Columbia, has been appointed the first Suffrage Bishop of Wiltshire in the diocese of London.

EVEN BORDEN'S SEAT IS UNSAFE IN HALIFAX

Further Liberal Gains Indicated All Down the Line East of Great Lakes—Conservative Cause in Quebec is Hopeless.

Bulletin Special.

Toronto, Aug. 9.—The campaign in the eastern provinces is rapidly shaping itself. Within a week the convention nominations will be practically completed. It is becoming increasingly evident that the Conservatives have little to hope for east of the Great Lakes. In the Maritime Provinces the latest reports indicate further Liberal gains all down the line. The Conservatives now admit R. J. Borden's own seat in Halifax is in danger and are counselling the leader to save himself by again running in Carleton, where the local Conservatives are squabbling for the nomination.

In Digby, N. S., Mr. Wall, who won a brilliant victory in the provincial election, is the Liberal candidate and the defeat of Clarence Jameson, late Conservative member, is conceded. Cape Breton and Colchester will probably be likewise redeemed. Halifax Conservatives will nominate Mr. Borden and A. B. Crosby tomorrow.

Prince Edward Island Looks Solid.

The Liberals expect all five seats in Prince Edward Island by a record majority. The non-political potato-growers organizations have all pledged themselves to support reciprocity candidates. In New Brunswick the latest reports only allow one Conservative in York county. The anti-reciprocity landslide predicted by the opposition in Ontario, has failed to materialize. The Liberals are gaining ground daily and count material gains all through the rural districts. The manufacturers are now convinced that it is hopeless to oppose the sentiment of the people and several are making public declarations of support or neutrality. The Conservatives are exerting strenuous efforts to prevent the increasing swing to the Liberal policy. Urgent instructions have been sent to rural candidates to now keep reciprocity in the background and attempt a slender campaign on the government.

To Redeem South Simcoe.

A huge convention at Simcoe today nominated W. A. Charlton, who will redeem the riding, and made extensive preparations for the opening of the campaign there by Sir Wilfrid Laurier next week. President Johnson of the Ontario Fruit Growers, a life-long Conservative and former candidate, pledged support on reciprocity. Lennox and Addington Liberals nominated Dr. Vrooman. The constituency is strongly reciprocity and Charles Wilson, the Conservative member for twenty-five years has retired, refusing to run.

Hon. Messrs. Graham, Patterson, Fisher and Murphy speaking at Ontario conventions, all report the provincial sentiment for reciprocity developing everywhere. In feverish anxiety to offset the Liberal swing the opposition organization is imploring the members of the Conservative legislature to resign and contest federal seats. Mr. Borden called to J. J. Carrick, the provincial member for Port Arthur, now in England, to run against James Coomes and secured his acceptance, but most of the members, following the lead of Framer Whitrey and Hon. Messrs. Cochrane and Hanna, of the government, are declining to sacrifice themselves.

Conservative Cause in Quebec Hopeless.

The Conservative cause in Quebec is hopeless and the untold influence made with the Nationalists' call for Bourassa refuses to make reciprocity an issue and is fighting Laurier on the naval and anti-British grounds. The remarkable spectacle of Conservatives in the Chamber of Commerce attacking the government for the alleged breaking up of imperial bonds and abetting Bourassa's anti-imperial campaign. The inconsistency and shame of the whole thing appears a boomerang. Postmaster General Lemieux will meet Bourassa in joint debates at St. Hyacinthe Sunday and much in Quebec hinges on the issue. The Liberals, however, are confident that the province will give another sweeping majority and have big expectations from the premiers' tour there. Discounting the matter of nominating candidates for the Liberal headquarters, present indications point to a government net gain of at least fifteen seats east of the Great Lakes. The Conservatives announce tonight that Sifton will tour Ontario on their platform. No J. C. (all of the literary have been given out).

Farmers' Candidate Unanimous Choice of the Dauphin Liberals

Bulletin Special.

Dauphin, Man., Aug. 9.—At a splendid convention last night, which was one of the most representative and crowded that Dauphin has ever seen, Robert Cruise was selected as the unanimous choice of the Liberals to contest the seat and support the Government in the reciprocity issue. The first part of the evening was taken up in routine work, and the actual work of nominating a candidate proved very easy. T. A. Burrows and J. H. Campbell, respective former members of the Federal and provincial constituency of Dauphin, both generously retired in favor of what appeared to be the overwhelming choice of the convention, a former member of the Dauphin constituency named Hawkins, who admitted that he had been educated as a Conservative and had voted for twenty years as Conservative, but was out this time to support the Liberal candidate on the reciprocity question. Cruise's nomination was unanimous by a standing vote, and prolonged cheers greeted the choice of the convention.

Recommended Burrows for Senate.

A great compliment was paid T. A. Burrows by a unanimous resolution commending him for the Senate as the representative of Northern Manitoba in any additions to Manitoba's representation in that House after the census. The harmony and enthusiasm of the Liberal party for the selection of several years is marked, and both Burrows and Campbell assured the convention of their intention of helping to elect Cruise, who, it is believed, is the future member for Dauphin. The hall was well packed for several years, and many of them had been started to walk to Oak Point, but got a ride on an engine going in for repairs. Many districts sent large numbers as well as official delegates.

Winnipeg Convention to Be Open.

Winnipeg, Aug. 9.—The Liberal convention for Winnipeg to nominate a candidate for the Dominion elections will be held in the Liberal Building next Tuesday evening. The procedure followed in former conventions of electing delegates by means of primaries will not be followed upon this occasion, but the meeting will be thrown open to all persons in the city who are in favor of reciprocity and are prepared to support the candidate standing on this platform. J. H. Ashdown will be the choice from the present field.

Vancouver Conservatives will hold their nomination convention on August 22nd. The Liberals have inaugurated an organized campaign throughout the city. The Socialists have selected B. T. Kinley as their candidate. Ralph Smith, ex-M.P., reached here from England yesterday and left for Nanaimo. The Liberal convention will be held there on August 17. Mr. Smith is said to be sure of the nomination. Hon. Wm. Templeman will not reach the city until Monday. Wm. Blakemore, editor of Week, Victoria, is mentioned as the Conservative choice in Comox-Alberni.

Colin Campbell Forced to Admit That Dominion Registration Goes

Winnipeg, Aug. 9.—There were important developments in the political situation today. The announcement was made by Attorney General Campbell that in order to avoid contest the registration of electors for the cities of Winnipeg and Brandon, fixed by the provincial government for Monday, Tuesday and Wednesday next week, will not be proceeded with. Instructions to this effect were issued to the king's printer by Mr. Campbell. The attorney general takes the ground that the object of the provincial government, namely to allow a full registration, will be frustrated by the Dominion government's move and that no good object can be served in making two lists. Responsibility for the disfranchisement of electors, if there is any, will therefore fall on the shoulders of the Dominion authorities. It gives the government candidate, J. H. Ashdown, a decided advantage.

Hutan Will Be Nominating in Prince Albert.

Prince Albert, Aug. 9.—The political pot is beginning to boil in this constituency. Yesterday Jas. Wilson resigned his position of returning officer and stated he was in the field for the Liberal nomination. He claims (Con'tued on Page Seven.)

FAIL TO STAMPEDE THE FARMERS AND ARTISANS

Blatant Anti-Reciprocity Campaign in Ontario is Without Effect—Permanent Swing Sets in Toward Liberalism.

Ontario, August 10.—Ontario Liberals are jubilant. The political meetings of the past few days indicate pronounced progress in the reciprocity campaign, instead of the anti-reciprocity streak which the Conservatives predicted. It now looks as though a permanent swing had set in towards Liberalism. This was not unexpected by a shrewd diagnosis of conditions. The roles of the campaign centres in the cities where the corporation backing, with lavish funds, produced more blatant early anti-reciprocity demonstrations. These, however, failed to stampede the public and the farmers and artisans set themselves quietly to study the schedules for themselves. Rural Ontario is unimpressed, slow but sure. It is now recognized that a remarkable reaction towards reciprocity has set in, and indications multiply that the Liberals will capture many unexpected seats.

Are Holding Ominously Aloof.

Party lines are somewhat lightly drawn in older Ontario districts, and Conservative farmers, anxious to secure the advantages of the agreement and unwilling to be branded as party turncoats have held ominously aloof from the campaign. As a result, while the Liberal conventions are thronged and enthusiastic, those of the Conservatives, even in the districts held by the Opposition, are poorly attended and lack heart. All accounts now indicate that Charlton will redeem Norfolk; McCarthy, North Simcoe; Hishop, East Huron; Smith, Halton; Caldwell, North Lanark, and Vrooman, Lennox and Addington, all rural ridings. The farmers and labor men are uniting in support of reciprocity.

A mammoth meeting at the railway and manufacturing border town of Sarnia re-nominated Chief Liberal Whip Farlee amid scenes of wild enthusiasm. The workers paraded and cheered for "Fred Farlee," while Hugh Guthrie, the prospective minister of justice, delivered a great address. Capitalism, he declared, would be the only person affected by reciprocity, while the ordinary people in every station would reap the benefit. Concluding, Mr. Guthrie stated the Liberals were assured of the outcome, as the farmers and wage-earners from east to west were united for tariff relief and larger markets.

Canadian Hog Superior to the American.

Speaking at Athens, Secretary of State Murphy demonstrated that the Canadian hog product was better than the American, and showed that although the Canadian packers paid less for this superior hog than was paid in the States, the Canadian consumer was charged more. Mr. Murphy scored the Canadian packers fighting reciprocity. They feared that the competition of American packers under reciprocity would raise the price paid the Canadian farmer. That one Canadian packing firm averaged profits of fifty-two per cent. per year for thirteen years was demonstrated by figures.

Mr. Murphy also made the important statement that the Nationalists, led by Henri Bourassa, are receiving financial aid from the Conservative party.

More Money to Be Poured Into Campaign.

Conservative alarm over Ontario prospects caused a hurried visit to Chief Whip Perley to Toronto from Montreal today. More money is to be poured into the Conservative campaign, and Hon. Messrs. Whitney, Cochrane, Hanna and Flynn, ministers in the provincial government, were supposed to get out forthwith and take part in the campaign. Arrangements are being made for Hon. Clifford Sifton also to tour Ontario, probably starting in Brockville.

In Quebec, despite the coalition of Conservatives and Nationalists, the Liberals are confident that the personality of Sir Wilfrid Laurier and the advantages of reciprocity to the Canadian farmer, particularly in hay, will carry the day. The Liberal position is that the Nationalists are practically wiped off the map in this province, and the battle is solely between the Liberals and Nationalists. The latter state that they have no objection to a coalition with the Liberals, but hope to make gains, as candidates are not coming forward very fast. At present, Bourassa has only eight in sight—Morin, in L'Assomption; Norman, in Three Rivers; while other big names in the list are: Bouchard, in Beauport; Biondi, in Champlain; Gilbert, in Drummond and Arthabaska; Nantel, in Terrebonne; Lort, in Soulanges; and Monk, in Jacques Cartier.

May Oppose Laurier in Quebec.

It is reported that the Ottawa Association, which aided Bourassa in founding Nationalism, may oppose the Premier in Quebec, but the contest would be hopeless. In Drummond-Arthabaska, Gilbert, the victor of last November, has issued a platform addressed an appeal to the people on all big questions in the province, and the publication of all proceedings of the Imperial conference and the exclusion of Canadian representatives from all discussion of strategic questions, the abrogation of the naval armaments treaty, and the support of the government. The Government, he said, should not blindly reserve the right to demand a modification of it if experiment should prove it prejudicial to the people, and total abrogation of it if it could not then be modified in a favorable direction.

The talk of the hour is the coming meeting of Hon. Rodolphe Lemieux and Henri Bourassa at St. Hyacinthe. Both sides are organizing and intense excitement prevails in Quebec. The newspapers are speculating on the probability of fights, judging from the bitter feeling prevailing. Mr. Bourassa will be supported by Amadee Lavergne, while Dr. Beaudet, the new postmaster-general, will support Lemieux.

Two significant Liberal conventions were held today. T. A. Kelly, largest of the united counties of Northumberland, will contest Durham. At the meeting H. T. Durand, president and general manager of the largest industrial concern in the district, employing six hundred men, declared for reciprocity, saying that benefited the farmers most benefit the manufacturer. The meeting was held at the home of the farmers for reciprocity. Robert H. Fair, in Frontenac, and R. E. Traux, in South Bruce, were other Liberal nominees today, and both stand to redeem the seats. Traux resigned from the legislature to be a candidate.

Winnipeg Tories Fail in Effort to Plug the Registration Lists

Winnipeg, Aug. 11.—That the citizens of Winnipeg are keenly interested in the registration now being carried on is shown by the fact that the nearly ten thousand persons registered yesterday, the opening day. The great rush came in the evening and from 7.30 to 10 o'clock there was a long waiting list all the time. At one central booth 135 were registered, 55 of these were put on during the evening. At some of the booths it is estimated that half of the eligible voters registered on the opening day. This was the case in booth No. 23 in South Winnipeg, where 178 names were put on out of a possible 350, in the booth opened again at 9 this morning. The registration continues until 10 o'clock tonight. It is expected there will be a crush at the booths tomorrow evening.

Hotel Element Working With Conservatives.

The liquor and hotel element of Winnipeg, working as usual, hand in glove with the Conservative machine, were busy all day yesterday. Long lists of questionable names were submitted at many registration booths. They were defeated all along the line. The machines, however, in showing fight, it has even taken such drastic action as to issue five summonses against Herbert R. Welford, registration clerk at the Water street booth, in Centre Winnipeg, who early in the morning rejected several names submitted by Sam Spence, proprietor of the Commercial hotel. The summonses charge him with refusing to place five names on the list, and calling him to appear before Magistrate McKicken at the provincial police court at eight o'clock this morning. This early hour had been set in order that he may return to the registration booth in time for the opening at 9 o'clock.

Conservatives Are Very Wrathful.

The early morning trial will be interesting, for the Conservative clan is exceedingly wrathful. During the day Welford was visited by a string of Conservative lawyers who sought to show him the error of his ways. He was threatened that a summons would be served upon him if he persisted in rejecting the names, and when it was seen that he was obdurate this threat was carried into effect. It is possible that action may be taken against the attorney general for attempted intimidation of a public official. Welford stated last night that he refused to register absentees because the applications of Spence did not comply with the election law, and in accordance with the powers conferred on him by the act.

Chas. Herbert, of the Savoy hotel, who made a record in the last provincial election, turned up three times at a registration booth on Logan Avenue, near Main street, for the purpose of registering absentees. Registration Clerk Molloy turned down five names that were submitted in one lot and three others that were submitted singly. There was, he held, no evident attempt to stuff the list that he refused to be satisfied with any of the names. During the day a drunken man attempted to enter the booth but had been sent from the Savoy hotel, and the clerk refused to register him.

Man With Many and Varied Occupations.

Herbert brought in one individual himself. The man at first claimed he owned a farm, but when he was asked for details he was shown to be a lather. The application was thrown out. Herbert became very angry and told the clerk that "He guessed he thought he was the judge." On the last two of the occasions on which he appeared at the booth he stated he had forgotten some names. At this same booth two men appeared from the Manor house, but they did not qualify and their applications were rejected. At the registration booth at 418 Main street Liberal organizer challenged a list of thirty names that was brought in by a representative of the

Frontenac hotel. They were all names of Germans, who, he said, were in the old country at the present time. He did not know if they had taken out their naturalization papers, and on this ground the list was thrown out. The man became violently angry and left the booth in a huff, refusing to register his own name.

Will Make Careful Investigation.

A list of 25 to 30 names was submitted by a representative of the Mansion house at the registration booth, 64 Martha street, but as the clerk was busy at the time he asked that they be brought in again tomorrow. At polling booth 171 Rupert street, there were no lists submitted, but there was such exceptionally heavy registration from certain hotels in the vicinity that careful investigation will be made. The same story was told at every booth near Main street in centre Winnipeg, and it was to the effect that the hotel interests are abnormally active, six booths in this district, where perhaps 500 names were registered on the opening day, the great majority of them were from the hotels either in the guise of guests or as bartenders, porters, clerks, waiters and other employees. There were men under the influence of liquor standing around the front of four booths visited by a Free Press reporter last night. There was ample evidence everywhere that the trained hotel forces are being worked by the Conservative machine for all they are worth. It is thought that apart from the attempted irregularities in the booths, already noted, comparatively little attempt was made to register bogus names. The fact that many of the registration clerks have already acted as census enumerators, has had a good effect in making attempts to "plug" dangerous.

Five Candidates Nominated in Manitoba.

Four Conservative candidates and one Liberal candidate were placed in the field in Manitoba yesterday. The Conservative nominees were Arthur S. McGeighan in Parkland, D. Stanley Wilson in Brandon, H. H. Sharpe in Lisgar and Dr. W. H. Roche in Marquette. All were members of the last parliament.

One Liberal convention was held. At a largely attended gathering of delegates at Bojsevain, A. M. Campbell of Melita was nominated to contest Souris. Mr. Campbell was the Liberal candidate for the same constituency in 1908. In point of numbers, eagerness for the fight and united action, the Souris convention was a repetition of the modern convention held earlier in the week. There was a record attendance of delegates, from 150 to 200 representatives of all portions of the constituency being present in the town hall. A. M. Campbell, of Melita, who opposed Dr. Schaffner at the last election, was the unanimous choice of the convention.

J. P. McKibbin, Carwright, was the only other nominee who allowed his name to go to ballot. On the result being announced, Mr. McKibbin immediately moved that the vote be made unanimous, and amid loud cheers promised not only to do everything in his power to elect Mr. Campbell, but exhorted all the delegates present to do the same. There were fourteen names placed before the convention, but all except those of Campbell and McKibbin were withdrawn. Speeches strongly supporting the reciprocity pact were made by all the nominees. The feature of the convention was the presence of a delegation of grain growers and their hearty endorsement of Mr. Campbell.

Mr. Campbell, of Melita, who was elected to the legislature in 1908, was one of the nominees. After consulting with his friends he decided to withdraw his name. Mr. Wilson told the convention that at the last election he had opposed Mr. Campbell. Amid applause he announced that this time he intended to work just as energetically for the Liberal party as he had done in those who had grown tired of the Liberal party, but he was glad to see that it was now returning to Liberal principles. Dr. Schaffner's compromised position on reciprocity was referred to by several speakers, and in an attitude toward the pact strongly condemned. That the convention was a great success was the opinion of all the delegates.

PREMIER SIFTON OFFICIALLY CONFIRMS ANNOUNCEMENT

IN AN INTERVIEW GIVEN IN WINNIPEG, HE STATES THAT SIR WILFRID LAURIER HAS PROMISED TO HAND OVER TO WESTERN PROVINCES CONTROL OF NATURAL RESOURCES.

Winnipeg, Man., August 11.—Hon. A. L. Sifton, premier of Alberta, officially confirms the announcement that the Laurier government has decided to concede to the prairie provinces their natural resources. Sir Wilfrid Laurier, during the time and arrangement outlined above was made for the sale of general administration of these natural resources. I am not at liberty to make any further statement in advance of the formal letter and correspondence which will be sent shortly by Premier Laurier to the premiers of the three provinces affected by the arrangement. It is my belief, however, that a satisfactory settlement of the entire question is about to be reached.

Premier Sifton declined to elaborate on the announcement. He smilingly and courteously refused to make any statement to await official word from Ottawa or the local provincial cabinet. "I have nothing to add to the statements contained in the above," he added. Premier Sifton is the guest of his father, J. W. Sifton, in this city, during his brief stay at Ottawa. The settlement contemplated by the government will give to the three provinces control of all lands, minerals, mineral lands, royalties, all lumber and timber land, swamp lands, grazing lands and land requiring irrigation, as well as all water and water power covered by the act.

A ROUSING MEETING IN THE INTERESTS OF HON. MR. OLIVER

PROMINENT LIBERALS HEAR MINISTER OF INTERIOR AT ENTERTAINING ORGANIZATION MEETING IN EXCHANGE MART BUILDING—WORKERS CHEER HON. FRANK OLIVER.

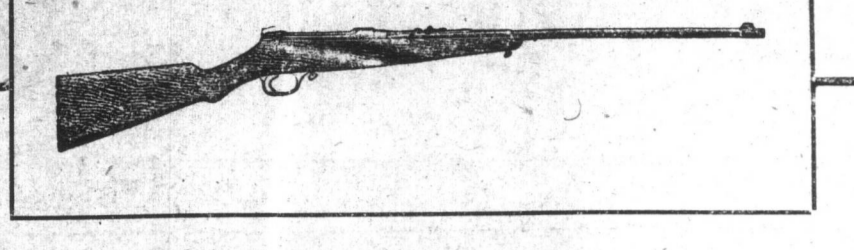

Campaign work was inaugurated Thursday night by a rousing meeting in the Oliver committee rooms in the Exchange Mart building, opposite the Edmonton club, on McDougall avenue. Many prominent Liberals of the city and district were there with their coats off, and it was decided to launch at once a very active campaign. Meetings will be held in the committee rooms every evening from now on till the date of the election.

The meeting of workers was addressed by the Hon. Frank Oliver, minister of the interior. Mr. Oliver said that inasmuch as he was the minister of the interior, the other constituents of Western Canada looked to him for support. But owing to the conditions in the Edmonton constituency he would be compelled to spend more time here than he otherwise would. Whether he was elected again or not, was not a personal matter with him. He would do his part, but if the Edmonton constituents desired to continue to be represented in the Dominion government by the minister of the interior, it rested with them to elect him.

All open-minded Liberals are invited to attend the meetings, which will be held each evening in the committee rooms from now till the close of the campaign.

HOW CAN ANTI-RECIPROcity ADVOCATES EXPLAIN HIGHER WHEAT PRICES IN U. S.

Bulletin Special.
Winnipeg, Aug. 11.—The following is a splendid exhibit in the case against reciprocity from the Rapid City Milling Co., Ltd.—
Rapid City Mills,
Rapid City, Man., August 8.
The Liberal-Conservative Association,
McArthur Building, Winnipeg, Man.
Gentlemen—Your letter of Aug. 5 received and contents carefully noted. There is one thing, however, that is somewhat difficult in explaining to the farmers, and that is that at this present date our May wheat in Winnipeg is selling for \$1.02 1-2 cents, and May wheat in Minneapolis is selling for \$1.09 3-8. This is about 7 cents a bushel more than in Winnipeg.
Now it is a well known fact to the farmers here that Minneapolis flour is sold in England in competition with ours. Why is it that wheat milled to the south of us ship to England in worth seven cents per bushel more than it is on this side of the boundary? This is a hard proposition for us to get over.
There is another question. We note in your letter that you refer to the success of Mr. Borden's trip in the West. Now many of us good Conservatives were a little disappointed in Mr. Borden. In fact, we believe that Dr. Roche, of Marquette, made a better impression on the farmers in than R. L. Borden, which is bound to carry weight with the farmers.
Yours truly,
H. W. HARNBY, Manager,
Rapid City Milling Co., Ltd.

FIVE BANDS WILL PLAY AS CURTAIN RAISES FOR FAIR

FROM 10 O'CLOCK TILL NOON ON TUESDAY BANDS WILL RENDER PROGRAM IN CITY STREETS—EXHIBITION WILL BE FORMALLY OPENED AT TWO O'CLOCK.

(From Thursday's Daily.)
In the nature of a curtain-raiser for the musical program arranged for next Tuesday morning, just preceding the opening of the Edmonton Exhibition. Preparations for this big feature of the first fair day were completed yesterday and there will be no lack of melody for the special benefit of the hosts of visitors expected in the city the coming week.

Beginning at ten o'clock Tuesday morning five bands will play simultaneously in different parts of the city. They will play for half an hour in each place, and then proceed to the next concert place.

The 101st Regiment Band in front of the Cecil Hotel.
Citizens Band in front of the Windsor Hotel.
Strathcona Band in front of the King Edward Hotel.
"Caledonian" pipers in front of the Alberta Hotel.
The Parker Show band of 40 pieces will play through the streets beginning at ten o'clock in the morning and ending at noon. The bands will then interchange places and render a number of selections, keeping the air full of music until noon.

The gates at the Exhibition grounds will be thrown open at one o'clock in the afternoon. The races start at 2.

Arrangements will probably be made for the sale of general admission tickets downtown, probably at headquarters of the Edmonton Exhibition Association, 625 Second street. This would relieve the rush at the gates on the grounds and enable the crowds to gain admittance more quickly than was the case last year. The downtown sale of 200 reserved seats in the grandstand will be continued at Lines' drug store, 125 Jasper avenue west, also the sale of private boxes.

Additional entries to the number of 100 were received last night. Forty of these were for swine and 15 for dogs. The rest being distributed among the stock exhibits. The poultry building is about filled. A surprising number of entries for dogs has been received and the exhibit in this department promises to be the best ever seen in Western Canada.

The association has prepared a list of hotels, boarding and rooming houses, where visitors may find accommodations during their stay in the city fair week. Following is the list:

Hotels.
King Edward, corner First and Elizabeth, \$2 and up.
Alberta, 104 Jasper East, \$2 to \$3.
Windsor, 2 Jasper west, \$2.50.
Yale, 144 Jasper East, \$2 to \$2.50.
Cecil, corner Fourth and Jasper West, \$2 to \$3.50.
St. James, corner First and near C.N.R. depot, \$2.
Castle, Second street, \$2.
Queen's, 750 Jasper East, \$1.50 to \$2.
Pendennis, 565 Jasper East, \$2.
Jasper, 525 Jasper East, \$1.50.
Grandview, 23 McDougall South, \$1.50.
Royal George, First street, \$2 and up.
Imperial, 95 Queen's avenue, \$1.50.
Transit, North Edmonton, \$1.50.

Mrs. J. J. Rix went Tuesday, where she will be of months with friends in this vicinity. Mrs. Russell, who has been spending some time with her mother, Mrs. N. C. Legge, of Bearfoot, left on Wednesday. She was accompanied by Mrs. Legge. Both political parties are making preparations for campaign, and before the heat of the contest will be over. Liberals are having a meeting on Friday evening for the purpose of selecting the delegates to the nominating convention on Tuesday next. Conservatives are holding a meeting on Tuesday evening for the purpose of selecting their quota of delegates to the convention held on Wednesday.

Mr. M. Douglas, the member for Strathcona constituency city on Tuesday, shaking hands with the voters. Time making preliminary motion for the holding of a meeting on Thursday evening. It is expected that the issue will sweep the government at the coming election. The tariff reduction properly popular, and there is little doubt that the issue in favor of voters between Canada and States.

DEADLOCK IS AGAIN ON IN COAL STRIKE.

Fernie, B.C., Aug. 11.—The vote taken last night by the Gladstone union upon the position to go to work upon the findings of the Gordon report resulted in 532 against to 105 for accepting. The long session of the day was taken up with a most strenuous discussion of whether a vote be taken or not. The district and international officials contended for a ballot and finally overcame the opposition, and the vote as above recorded resulted. The vote at Homer resulted in a three to one ballot against and the Michel local is voting today. These results dispose of the proposition as presented to the men and the deadlock is again on.

BEAVER HILLS.

There have been some hot days here during the past month. The Riverside Methodist congregation held a picnic at Elk Park, enjoying the day with a drizzling shower at night. Despite daily showers, picnics to the park seem to be in fashion. The brick foundation is being laid under the Mansfield school this week. Mr. Thomas' steam plow outfit is breaking on the old rail bridgehead. Mrs. Simmons is seriously ill. Berry-pickers are working their way to the hills these days. There have been several stock babies in this locality during the past week. Mrs. Henning, of Edmonton, is visiting her brothers, Robert and Fred Weder.

WETASKIWIN.

Word was received in the city this week that the Brown Construction Co. of Winnipeg, were the successful tenderers for the construction work on the new post office building here. It is expected that work will be commenced very shortly. Mrs. Richardson left on Saturday last for Toronto and other points in Ontario, where she will spend a couple of months with friends. Mr. and Mrs. Appleton and daughter, Mrs. Russell, arrived in the city on Saturday last to spend a few days with the former's sister, Mrs. Fred Burrar. Mrs. J. Rix went to Ponoka on Tuesday, where she will spend a week or so at the home of her son, Ed. Mrs. Russell, who has been renewing friends in the vicinity for some time, left on Wednesday on her return trip to her home at the coast. Mrs. N. C. Lege, of Toronto, who has been spending some time at the home of her parents, Mr. and Mrs. F. Kealar, left on Wednesday for her home. She was accompanied by Miss Lege. Both political parties in the city are making preparations for an active campaign, and before many days the heat of the contest will be on. The Liberals are having a meeting of the executive on Tuesday evening for the purpose of selecting the delegates to attend the nominating convention in this city on Wednesday next. Conservatives are holding their preliminary meeting on Thursday night to select their quota of representatives to the convention held in Strathcona on Wednesday.

J. M. Douglas, the member for the Strathcona constituency, was in the city on Tuesday, shaking hands with his many friends, and at the same time making preliminary arrangements for the holding of the convention here on Tuesday next. He feels quite confident that the reciprocity issue will sweep the country for the government at the coming election. As far as he could learn in the past few days, the tariff reduction proposals are generally popular, and he is generally confident that the west is overwhelmingly in favor of better relations between Canada and the United States. Rev. and Mrs. McGowan, who have been spending a month's vacation with friends at Calgary, returned home on Monday. The latest venture in the newspaper field is the Wetaskiwin Free Press, which will make its first appearance on Wednesday next. A. H. Liverance is the editor, and it is understood one of the policies of the new paper will be the advocacy of the anti-temperance issue. J. J. Stapleton, B.A., former principal of the public schools here, was in the city the fore part of the week, but left on Thursday for Gull Lake, where he will spend a week. It is stated that he had accepted a position on the staff at Yorkton, as he has accepted a situation on the staff of the Edmonton Echo.

Miss Swoboda, of Strathcona, is in the city this week renewing the acquaintance of her many friends. Chas. D. Enman moved last week into his new residence on Main street, which has just been completed. The angel of death again visited this city on Friday last, and carried away the two-month-old son of Mr. and Mrs. J. W. Gaudin. The remains were laid away in the Wetaskiwin cemetery on Saturday. Geo. L. Owen has been spending a two weeks' vacation, taking in the Dominion Fair and races at Regina. Two fine new houses have been built this summer by two farmers in the vicinity of Wetaskiwin. The one is by Ben Hillgartner, just south of the city and the other is by Mr. Thompson, two miles east. Many of the farmers in this community have as the comfortable homes as are to be found in any district. R. W. Angus is installing an up-to-date steam heating plant in his hall. He is now having an engine room erected at the rear of the building.

Wetaskiwin, Aug. 13.

STRATHCONA.

One of the most important happenings affecting the development of Strathcona occurred last week when the O'Brien sub-section immediately east of Main street, was released for sale. Mr. Lamb, travelling auditor for J. M. O'Brien, the Cobalt millionaire, who has extensive properties in and around Strathcona, was in the town last week inspecting the books, etc., relative to the estate of Mr. O'Brien in the district, and one result of his visit was the announcement made above. Messrs. Bird and Antroub were appointed sole agents for the property. It is announced that Mr. O'Brien will proceed at once to erect a number of houses on the subdivision which may be rented or purchased on the rent-purchase plan. Acreage has also been opened for sale south of the railroad track on the west side of the town, in five-acre tracts and upwards. It is reported from authentic source that Mr. O'Brien will take active interest in

the development of the town and its prospective industries. His financial support has been definitely guaranteed.

Following an interesting baseball game a dance was held on Friday evening at Chalmers hall.

The West Coast Grain Co., Ltd., will reopen their elevator in Strathcona next month. Mr. West Kyle will again be the manager. W. Scott, of Macklin, Sask., was scouring the neighborhood for cattle last week. His efforts resulted in two carloads of fine animals. Young Jimmy Morrow, son of Mr. and Mrs. Morrow, Strathcona, fell on a wagon last week and sustained a bad fracture of the right arm. A meeting of the Riverside school trustees was held on Monday. When it was reported that the district had regained its original position and were now free of debt, it was decided to advertise for a new teacher to take up duties at the re-opening of the school next month. There were exhibited at Bird & Antroub's office this week excellent specimens of red, white and black currants and some fine strawberries grown on A. Hammond's farm three and a half miles southwest of Strathcona. The fruit was in fine condition, full and ripe, and the current bushes were reported to be overbearing. G. G. Snow succeeds Pete Sanders as manager of the Bowman-Sims Lumber Yard. Herman Colles has commenced building a fine new residence close in on the north-west side of the town. Five acres of ground surround the house. D. Caldwell, of the firm of Caldwell & Bulloch, millers, Strathcona, was in Strathcona last week and took the opportunity of his visit to survey the grain fields of the district. He said that he had had good as good as he had ever seen grow. As regards wheat, he had never seen the like of it since the year 1891, when it averaged 40 bushels to the acre. This was his first visit and he had no idea of the magnitude of this part of the country and that there were so splendidly cultivated farms surrounding the town. It was quite an interesting experience. The Alberta Temperance and Moral Reform Association which has been circulating petitions asking for the prohibition in this district is re-questing that the Bowden district petition be sent to the Hon. the commissioner at once. The local representatives, Rev. W. M. Chalmers and Rev. E. D. Patrick, have been rendered successful in their campaign and have secured fifty more names over the percentage required by the Hon. the commissioner. The local camp, No. 13774, Modern Woodmen of America, has been discussing with the ladies of Bowden the proposition of forming a camp of Royal Neighbors. The ladies of the Woodmen. Representatives from the Olds camp of the Royal Neighbors, who are holding organization, have been assisting the ladies to form a camp. Much enthusiasm is shown towards the new movement, and it is expected the Royal Neighbors will be able to complete their meetings within a few weeks.

WILKIE.

A large number of people turned out on Wednesday night, to take part in the Wilkie Fair held here. The fair was a success, and the material interference with the program was trifling. The afternoon show was the cause of many complaints, the grounds for the town were being used for twenty-five miles on the line between Strathcona and the Coulee, and to foster a more neighborly feeling between the population of the district and the town. Quite a large number turned out, and a beautiful day revealed the natural beauty of the spot in the best manner possible, with the result that everyone felt glad with nature and that it was good to be near a river of flowing waters. Town lots command a ready sale and a number of choice sites have been disposed of during the week. Strathcona, Aug. 13.

CLOVER BAR.

George A. Hutton, who so pluckily and scientifically fought for and won the Canadian Amateur Golf Championship at Ottawa recently, squaring with Mr. A. E. Austin at the 8th hole and winning out at the 8th, first learned to handle a driver in Carleton Place, the golfer's mecca, Forfarshire, Scotland. He is a son of D. S. Hutton, Clover Bar. Mr. and Mrs. VanCamp and family have returned from their trip east and had a very pleasant time. The ladies' aid met at the home of Mrs. H. J. Smith on August 8th. There was a full attendance of the members, the members made her the present of a very handsome biscuit barrel. There were quite a few visitors besides the members. The society is doing a fine work in this district and deserves great credit. The G. T. P. has surveyed the spur from Clover Bar station to the Great West street, which is a distance of two and a half miles. The grading gang is expected to work next week. There was a splendid social evening and concert given at Clover Bar church on Friday, 4th, in connection with the Young People's League. The Rev. Mr. Connelly is making great efforts to work the league up. The Clover Bar Sand Co. is in a flourishing condition, about 75 men are employed. There are large buildings going up for the accommodation of the workmen. Beers Bros. coal mine is expected to be in full working order in two weeks. There is quite a lot of hay to be cut

BOWDEN.

Mr. G. F. Mitchell and his wife were visitors to Calgary for a few days last week. A Conservative meeting was held on Saturday in McCue's hall, under the chairmanship of Mr. J. G. Ajean, of Red Lodge, for the purpose of organizing the local Conservative force and the adoption of a delegate for the convention at Red Deer on August 8th. Mr. R. G. Carter had a valuable severely injured by the early passenger train from Calgary on Saturday morning. The horse, which was badly cut on the hind quarters, is scarcely expected to live. A great sale took place at the farm of R. W. Proyse, who is shortly leaving for the coast last Saturday afternoon. The sale was well attended and huge prices were got for the horses.

EDMONTON BULLETIN.

The Diddbury baseball team visited Bowden on Saturday evening and played the game in mixed gain by the score of 13-7. The Bowden team, Jim Corbin, who deputized for the absent, played the sixth innings full to pieces and was hit for five runs in the seventh, four in the eighth, after which he was replaced, alas, too late, by McElroy. The cracking up of the pitcher, together with a few errors in the field, lost the game for Bowden. The Diddbury, who now tie with Bowden for the second place in the Rosebush League, on the run of the play fully deserved to win. Beckman's Circus has been in town over week-end, made a procession through the main streets on Monday forenoon and later in the day gave two performances. The local Liberals are busy organizing their plan of campaign for the coming Dominion election on September 12th. It is expected that the numerators will soon have their lists ready and that the dates for political meetings will be definitely fixed. An interesting service under the auspices of the Orange Order and the Association was held on Sunday afternoon in St. Matthew's Church. The Rev. Mr. J. G. Ajean, assisted by Mr. J. G. Ajean, of Red Lodge, and Mr. J. G. Ajean, of Red Lodge, marched round the town in full regalia and in the afternoon before the service was held, the Rev. Mr. J. G. Ajean, of Red Lodge, delivered a sermon on "Unity" which was well received. A special and practical address was given by Mr. J. G. Ajean, of Red Lodge, on the subject of "Unity" which was well received. A special and practical address was given by Mr. J. G. Ajean, of Red Lodge, on the subject of "Unity" which was well received.

REDD DEER.

Red Deer still keeps on the upward stretch and all lines of business showed a good increase in July over July, 1910. Building permits for July, 1911, were three and one half times more than July, 1910. Express business shows an increase of fifty per cent, while the post office money order business shows an increase of one hundred and fifty per cent. It is expected that the business will continue to show a steady upward trend. The railway weather has delayed the work of sewer and water extensions and also work on laying cement sidewalks, but now that the weather has taken a decided change and the sun is shining once more, work is being pushed along. Delbourn, the new town on the G. T. P., about thirty miles east of Red Deer, is arranging for a celebration on Labor Day, August 7th. The celebration will be a grand affair, and the citizens are expected to be in large numbers. Mrs. Ed. Bryan has sold her farm, which borders on the A. C. railway line at the south of the town for \$11,000, to a party from Calgary, who will sub-divide it. Mr. F. Calkins has sold his farm, one and one-half miles south of town, to J. J. Gessinger for a good sum. C. W. Parks sold three quarters of heavily timbered land three miles west of Red Deer at a good figure, to the Red Deer Brick Co. Malcolm & Carwell put through this deal. Mr. J. G. Ajean, of Red Lodge, is visiting their home, Hugh, here for a few weeks. Great disappointment was felt at the fact that the editors from Oba were unable to pay a visit to Red Deer on their tour through Western Canada as was expected, and are being forced to being delay on the G. T. P. They had to jump from Edmonton to Calgary in order to gain time. Arrangements have been made for a big banquet and auto trip for them here and we were very sorry to see them miss it. R. C. Brumpton left on Friday on a business trip to Vancouver. The Horticultural society have decided to hold their convention from Aug. 16 to 23 on account of the great difficulty experienced in securing judges. G. H. Hutson, of Lacombe, has been elected to represent the Horticultural society of Calgary will be the other judge. The citizens' band will be in attendance and as exhibits are assured that the show at Edmonton a good show is promised. Amongst the Red Deer people now camped at Sylvan Lake for their holidays are Mr. and Mrs. C. H. Hissetts and family, Mr. and Mrs. J. Malcom and family, Mr. and Mrs. S. O. Carleton, Mr. and Mrs. F. J. Mellor, W. M. James, F. S. Simpkins, S. D. Hayden, Mr. and Mrs. Harry Wallace, Mr. and Mrs. W. J. Stevenson, Mr. and Mrs. R. L. Gaetz and family, Mr. R. B. Woodworth, Mrs. J. M. Smith, Mr. and Mrs. R. King, Mr. and Mrs. W. E. Payne, Mr. G. W. Greene and family, Mr. and Mrs. W. L. Gibson, Mr. and Mrs. P. Johnson, Mr. and Mrs. Fred Krause, of the Alexandria hotel, have returned home after spending a two-week holiday at Sylvan Lake. They report having a most pleasant holiday. R. C. McLean, of the firm of McLean Bros., returned on Tuesday from a two-months' buying trip to Eastern Canada and the States. As there is a new business here and one that is growing rapidly, they are making arrangements for large shipments of up-to-date goods to arrive shortly. Mr. and Mrs. Howard Dutton, of Strathcona, are spending a few weeks at Sylvan Lake. John T. Watson, who for the past two years has been chief engineer of the Western General Electric Co. here, has received the appointment of superintendent of the Strathcona Power and Light Co., and has left to take charge of his new duties. Mr. Thoroughman, who has been C. P. R. freight agent here for some time, has been transferred to relieving station agent at Strathcona. A little son of A. J. Pingrey left off the steps at the rear of Mr. Davis' shop in Gaelic avenue on Tuesday, and broke his arm badly at the elbow. L. H. Martin, of Calgary, spent Sunday at Sylvan Lake. Mr. and Mrs. Waterbury, of Calgary, who have been spending a few weeks at Calgary, returned south Wednesday. The Misses Cartwright and Kearns, of Calgary, are spending their summer vacation at Sylvan Lake. W. J. McLeod is spending a few holidays this week at his camp at Sylvan Lake. Red Deer, Aug. 10th.

EDMONTON.

Miss Marion Love has been successful in her campaign for the position of examination held by the Education Department of the Alberta Education Department. The Rev. Mr. J. G. Ajean, of Red Lodge, delivered a sermon on "Unity" which was well received. A special and practical address was given by Mr. J. G. GRANDE PRAIRIE.

Mr. McLean in the land office have arrived here. The oats of this vicinity are out in the head and the wheat is beginning to turn. Frequent rains still continuing makes it possible for the industry of the soil to continue his occupation. It is exceedingly pleasant to note the number of bird sex who are enjoying life in this garden of the north. Their representation at the present season is very large. INNISFAIR.

After showery weather, today has opened fine, and as the moon changes today everyone hopes it will keep as the grain fields are sadly in want of three or four weeks' good sunny weather. If the rains are not needed, the success anticipated. News has been received from Wainwright of the death of Mrs. G. T. Lundy on Monday last. The deceased resided here for many years at the Alberta Hotel, G. T. Lundy being brother of the late Mr. Lundy, a well known and kind and active citizen. The north-bound train, due here at 4 a.m. on Sunday, arrived three hours late, being detained just south of Crossfield by a mishap to a freight train. Morning service at the English Church on Sunday was suspended, as the Rev. Mr. Wilchewsky was officiating at Penhold in dedicating a window to the memory of the late Arthur Hieck, so well known here and secretary of the north-bound train, who lost his life so tragically some time back by his team starting unexpected. Mr. A. Wilcox leaves here on Tuesday next for Oregon. Mr. and Mrs. Wilcox are expected to return to the excellent manner in which they ran their very successful board-

ing-house in Poplar street, and they were hard to replace.

Some humming birds have been frequently seen in the gardens of the town. They are easily distinguished by their green and red plumage, but by the way they poise in the air and do not settle while attacking the flowers. The town council held a meeting last Monday, but beyond going through the year's estimates and transacting a tremendous amount of general business, nothing fresh transpired. The meeting closed on Monday they discuss again the everlasting electric lighting of the town. Innisfair, August 8.

IRREGULAR CONVENTION.

Resolution Passed Asking For Larger Appropriations For Surveyors. Calgary, Alta., Aug. 10.—The Western Canada Irrigation Association by a resolution passed at this morning's session strongly urges upon the Dominion Government the necessity of making sufficient appropriation with which the work of topographical and hydrographical surveys may be carried on in an intelligent and systematic manner by the grant in charge. The convention was unanimously of the opinion that this work initiated years ago, was not through lack of sufficient funds, being carried on in a manner that the importance of the work, and that while the government and quantity of the water supply available for irrigation purposes demands the moving of the above resolution. T. H. Peters, commissioner of irrigation, representing the interests of the government officials in charge of the work, said that while the government recognizes the importance of the work, the great difficulty lies in the old fall—nothing money to spend. Mr. Peters expressed himself as pleased to express his appreciation of the work of the convention in passing such a resolution. He stated in general, the great difficulty being in the education of the general public in the importance of the work and thus allowing large votes of money. Another resolution of the convention called the attention of the provincial government to the fact that the government of a thorough system of investigation to determine the practical duty of water in the different provinces and for different crops, so that this duty may be determined by approximate exactness. The necessity of this work has long been recognized, but lack of funds has thus far made it impossible. In addition to the passing of the above resolutions the convention listened to addresses and the reading of papers of vital interest to the engaged in irrigation work.

DISTRICT NEWS.

There have been some hot days here during the past month. The Riverside Methodist congregation held a picnic at Elk Park, enjoying the day with a drizzling shower at night. Despite daily showers, picnics to the park seem to be in fashion. The brick foundation is being laid under the Mansfield school this week. Mr. Thomas' steam plow outfit is breaking on the old rail bridgehead. Mrs. Simmons is seriously ill. Berry-pickers are working their way to the hills these days. There have been several stock babies in this locality during the past week. Mrs. Henning, of Edmonton, is visiting her brothers, Robert and Fred Weder.

WETASKIWIN.

Word was received in the city this week that the Brown Construction Co. of Winnipeg, were the successful tenderers for the construction work on the new post office building here. It is expected that work will be commenced very shortly. Mrs. Richardson left on Saturday last for Toronto and other points in Ontario, where she will spend a couple of months with friends. Mr. and Mrs. Appleton and daughter, Mrs. Russell, arrived in the city on Saturday last to spend a few days with the former's sister, Mrs. Fred Burrar. Mrs. J. Rix went to Ponoka on Tuesday, where she will spend a week or so at the home of her son, Ed. Mrs. Russell, who has been renewing friends in the vicinity for some time, left on Wednesday on her return trip to her home at the coast. Mrs. N. C. Lege, of Toronto, who has been spending some time at the home of her parents, Mr. and Mrs. F. Kealar, left on Wednesday for her home. She was accompanied by Miss Lege. Both political parties in the city are making preparations for an active campaign, and before many days the heat of the contest will be on. The Liberals are having a meeting of the executive on Tuesday evening for the purpose of selecting the delegates to attend the nominating convention in this city on Wednesday next. Conservatives are holding their preliminary meeting on Thursday night to select their quota of representatives to the convention held in Strathcona on Wednesday.

J. M. Douglas, the member for the Strathcona constituency, was in the city on Tuesday, shaking hands with his many friends, and at the same time making preliminary arrangements for the holding of the convention here on Tuesday next. He feels quite confident that the reciprocity issue will sweep the country for the government at the coming election. As far as he could learn in the past few days, the tariff reduction proposals are generally popular, and he is generally confident that the west is overwhelmingly in favor of better relations between Canada and the United States. Rev. and Mrs. McGowan, who have been spending a month's vacation with friends at Calgary, returned home on Monday. The latest venture in the newspaper field is the Wetaskiwin Free Press, which will make its first appearance on Wednesday next. A. H. Liverance is the editor, and it is understood one of the policies of the new paper will be the advocacy of the anti-temperance issue. J. J. Stapleton, B.A., former principal of the public schools here, was in the city the fore part of the week, but left on Thursday for Gull Lake, where he will spend a week. It is stated that he had accepted a position on the staff at Yorkton, as he has accepted a situation on the staff of the Edmonton Echo.

Miss Swoboda, of Strathcona, is in the city this week renewing the acquaintance of her many friends. Chas. D. Enman moved last week into his new residence on Main street, which has just been completed. The angel of death again visited this city on Friday last, and carried away the two-month-old son of Mr. and Mrs. J. W. Gaudin. The remains were laid away in the Wetaskiwin cemetery on Saturday. Geo. L. Owen has been spending a two weeks' vacation, taking in the Dominion Fair and races at Regina. Two fine new houses have been built this summer by two farmers in the vicinity of Wetaskiwin. The one is by Ben Hillgartner, just south of the city and the other is by Mr. Thompson, two miles east. Many of the farmers in this community have as the comfortable homes as are to be found in any district. R. W. Angus is installing an up-to-date steam heating plant in his hall. He is now having an engine room erected at the rear of the building.

Wetaskiwin, Aug. 13.

STRATHCONA.

One of the most important happenings affecting the development of Strathcona occurred last week when the O'Brien sub-section immediately east of Main street, was released for sale. Mr. Lamb, travelling auditor for J. M. O'Brien, the Cobalt millionaire, who has extensive properties in and around Strathcona, was in the town last week inspecting the books, etc., relative to the estate of Mr. O'Brien in the district, and one result of his visit was the announcement made above. Messrs. Bird and Antroub were appointed sole agents for the property. It is announced that Mr. O'Brien will proceed at once to erect a number of houses on the subdivision which may be rented or purchased on the rent-purchase plan. Acreage has also been opened for sale south of the railroad track on the west side of the town, in five-acre tracts and upwards. It is reported from authentic source that Mr. O'Brien will take active interest in

BOWDEN.

Mr. G. F. Mitchell and his wife were visitors to Calgary for a few days last week. A Conservative meeting was held on Saturday in McCue's hall, under the chairmanship of Mr. J. G. Ajean, of Red Lodge, for the purpose of organizing the local Conservative force and the adoption of a delegate for the convention at Red Deer on August 8th. Mr. R. G. Carter had a valuable severely injured by the early passenger train from Calgary on Saturday morning. The horse, which was badly cut on the hind quarters, is scarcely expected to live. BUILDING OPERATIONS IN CANADA IN JUNE

"Construction" Publishes the Figures of the Building Permits Issued in the Cities in Canada. West Shows Remarkable Increases.

Toronto, Aug. 13.—The following statistics of building operations in the various cities in Canada in June as compared with the corresponding month last year, appear in the August number of the builders' magazine "Construction":

An average gain of 40 per cent, representing a total investment of \$1,922,285, as against \$1,374,478 in the corresponding period of last year, briefly summarizes the building situation as based on operations undertaken in the thirty-one cities reporting in "Construction" for the month of June.

Taking into account the tremendously heavy investment of the preceding month, the figures make it clearly evident that as regards structural development, the country in general is moving on up.

Winnipeg's total of \$2,750,250 is the largest amount registered; Toronto's expenditure of \$2,254,400 shows the largest investment; and Calgary comes third with an amount of \$1,826,250.

The bulk of the decreases were centered in Ontario, five of the ten losses occurring in this province, viz., Port William 13, Berlin 17, Brantford 9, Stratford 22, St. Catharines 23 per cent.

Reports to hand give every indication of a large volume of work ahead, and it is quite probable that the present wholesome condition will see no change for at least some little time to come.

Table with columns for city and permit value for June 1911 and June 1910. Cities include Berlin, Brantford, Calgary, Edmonton, Fort, Guelph, Halifax, Hamilton, Medicine Hat, Montreal, Moose Jaw, New Westminster, Ottawa, Port Arthur, Prince Albert, Regina, Saskatoon, Stratford, St. John, St. Thomas, Sydney, Toronto, Vancouver, and Winnipeg.

ATTACKS THE LIQUOR LAW OF KANSAS STATE

J. E. House Says That Prohibitory Law is Merely a "Blatant Atrocity Against the Citizens of That State."

Topeka, Aug. 8.—The correspondence between J. E. House, a newspaper writer, and John Dawson, attorney-general, growing out of House's alleged visit to the club at Erie and drinking near-beer and which precipitated the law between Governor Stubbs and the attorney-general regarding the summoning of House in an inquisition, was given out Saturday. House is quite cynical regarding the Prohibitory Law, while the attorney-general is quite optimistic.

"I am not mad enough to reveal either the location or identity of a private club, but I am clearly of the opinion that if I were disposed to do so it would be unfair to select one club from the list of dozens that are noted in all over Kansas and enforce the penalty against it. I am glad to know you have no disposition to apply the law to me, since applying them would give you no information and result only in an unpleasant episode."

"I have no right to make on your personality, no unkindly feeling toward you—I am simply disgusted with the manner in which you have been put up in the name of the enforcement of the Prohibitory Law in Kansas. It is not for the sake of it, of the newspapers in countering and lending color to this game of bluff and bluff."

"The Prohibitory Law has been used simply as a means to enhance private reputations and ill-private purposes, although, so far as I know, you are not in the game for the sake of it. At least, it is the last thing with which I would charge you. But the law has never been enforced, and it is not for the sake of it, of the newspapers in countering and lending color to this game of bluff and bluff."

"Despite the constant assertions of the statesmen and the newspapers, the Prohibitory Law is a violation of its various aspects. It does not lessen either drinking or drunkenness and because of that it is a violation of its various aspects. It does not lessen either drinking or drunkenness and because of that it is a violation of its various aspects."

"The United States revenue officers are reasonably active and the number of persons engaged in illicit selling of intoxicants is kept pretty flat by the revenue records of the United States government at Leavenworth."

"The letters were all made a part of the record in the mandamus suit by Mackintosh going home, principle of the liquor law in Kansas does not, in my judgment, affect more than about a dozen counties. In the beer drinking settlements of our agricultural regions the common practice is to have the liquor shipped direct to the persons who use them."

"The United States revenue officers are reasonably active and the number of persons engaged in illicit selling of intoxicants is kept pretty flat by the revenue records of the United States government at Leavenworth."

CAMPBELL COMPELLED TO BACK DOWN IN CASE

Manitoba's Attorney General Falls to Force Registration Clerk to Accept Names of Absentees, Most Astonishing Case in Winnipeg.

Winnipeg, Man., Aug. 11.—The first step in the action of Winnipeg local Conservator of the Peace, registration clerk to accept names of absentees presented to him for registration was taken before Magistrate McKee at eight o'clock this morning. Following threats of Attorney General Campbell yesterday, a summons was issued against Herbert R. Weisford, charging him with refusing to accept certain names offered by Sam Spence, of the Commercial Hotel. This action is criminal having been taken under Manitoba's election act. A member of the Attorney-General's office, R. B. Graham, was present and insisted on an immediate trial, refusing to give the defendant time to prepare his defence or secure witnesses, despite the arguments of A. B. Hudson and Edward Richards.

Magistrate McKee would only listen to the representative of the Attorney-General, and ordered that the trial be proceeded with at once. Further, when Mr. Graham again asked the magistrate to order that the case be proceeded with during the noon intermission, as he had requested in his bid so.

Sam Spence, the prosecutor, told his story smoothly, and came to cross-examination by Mr. Hudson. So far as it concerned the action at the registration clerk, the man, H. D. Gallette, he was better perfect, but when Mr. Hudson asked a few trifling questions, Mr. Graham came to his support and the magistrate stopped him from continuing to ask questions.

An attempt was also made to find out what Mr. Graham was setting for the Attorney-General. Mr. Graham, who is a pale official, refused to answer, but a denial was registered for him by R. A. C. Spence, and this was backed up by the magistrate.

After the hearing before Magistrate McKee, the action against registration clerk Gallette was dropped. The Conservator's machine in this city is sure taking its medicine. In a private hearing on the issue, he decided in favor of the clerk, so the law was against Campbell's course.

Germany No Longer Considers Her Original Proposition. Both Sides Compelled to Concede Weighty Points.

Paris, August 10.—According to a statement issued tonight, the Franco-German situation over Morocco shows a tendency to dry up the surplus. The latest interview between Ambassador Cambon and Foreign Secretary Von Kiderlen resulted in a complete agreement.

Germany is no longer considering her original proposition. Both sides are compelled to concede weighty points. The negotiations between M. Cambon and Foreign Minister Von Kiderlen have been most difficult, and that French people are yet not convinced of the whole incident, especially so because he had not secured a fulfillment of his desires, and even the French diplomats are prepared for the outbreak of a storm of indignation among patriots on both sides of the frontier.

The first indications of indignation already have appeared in the Pan-German Post and the Zukunft, the organ of Maximilian Harden. The leading article of the Pan-German Post today not only attacks Foreign Minister Von Kiderlen but also the Imperial Chancellor Von Bethmann-Hollweg and demands their resignation from office, but makes a terrible onslaught upon Emperor William, asking "What has happened to the Hohenzollerns?"

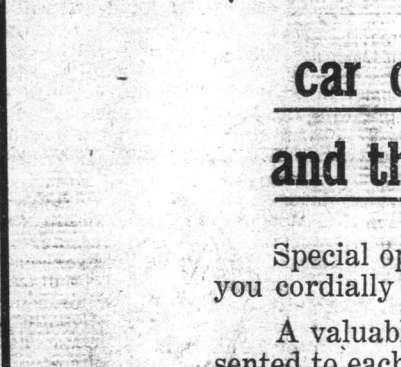

London, Aug. 10.—A resolution to pay members of the House of Commons \$2,000 annually for their seats was carried by a vote of 257 to 159 tonight. The resolution was moved by Chancellor of the Exchequer, Mr. Lloyd George, and supported by the Conservative majority in the House.

**THE FINANCIAL AND
COMMERCIAL MARKET**

EDMONTON MARKETS
Edmonton, Aug. 9.—Potatoes have at last pulled up with a jerk, and have probably reached somewhat approaching their normal price. While retailers still sell about three cents a pound, the price on the Rice street market was \$1 per bushel yesterday, while some were disposed of at 60c. Continued frequent arrivals are responsible for this.

The produce market is reported firmer with very little change in price. Cucumber butter advanced one cent to 23c; dairy also showing a slight rise. Eggs seem to be getting scarcer every day, but so far the change has been slight in price quoted. Rice street continues to dispense them at 25c.

In spite of frequent receipts of new hay there has been no marked reduction in price. The hay still shows a large proportion of bleached loads and the owner always has to stand the loss in spite of assertions that it is better than H. look. The depreciation in value in such cases is from one dollar up.

**SUMMER MONTHS FATAL
TO SMALL CHILDREN**

The summer months are the hardest of the year on small children. Cholera infantum, diarrhoea, dysentery and stomach troubles are all common at this time and many a precious life is snuffed out after only a few hours illness. As a safeguard mothers should keep Baby's Own Tablets in the house. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes on suddenly will bring the little one through safely. Mrs. Larry DeGrace, Altoneta, N. B., writes: "Last summer my baby suffered greatly from his stomach and bowels and nothing helped her till I began giving her Baby's Own Tablets. They regulated her bowels, sweetened her stomach, and now she is a big healthy, happy child." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**STRATHCONA HAS A
6000 POPULATION**

This is information received in City from Reliable Source—Phenomenal Growth During Last Ten Years—Over 100 Per Cent Increase.

From a secret, though absolutely reliable source, it was learned, says the Strathcona "Tribune," that the recent Dominion census will give Strathcona a population of not less than 5,000 and in all probability the figures will actually total above 6,000. This information was not obtained from any of the enumerators who were engaged in the work since they were all sworn to secrecy, and naturally refuse to verify or refute any of the estimates mentioned. While it is stated that the population within the strict confines of the city limits is about 5,600, the next figures to be absolutely accurate should include the residents of Highland Park, Shelburne, and King Edward Park, across Mill Creek and this addition brings the total to well over the 6,000 mark.

While it is stated that the population within the strict confines of the city limits is about 5,600, the next figures to be absolutely accurate should include the residents of Highland Park, Shelburne, and King Edward Park, across Mill Creek and this addition brings the total to well over the 6,000 mark.

TO SEEK AMENDMENTS TO THE CITY CHARTER

Committee Appointed by Council to Deal With Question of Securing Amendments Desired by Strathcona Section of Amalgamation Committee.

(From Thursday's Daily.) At the adjourned meeting of the city council held yesterday a committee was appointed to consider the desirability of making amendments to the city charter. When viewed in relation to the declaration by Mayor Armstrong at the recent municipal meeting that the charter should be so amended as to give council greater control over the commissioners, the motion is significant of the possibility of far-reaching changes in the system of government established when Edmonton was incorporated as a city in 1904.

The appointment of a committee was suggested by the Strathcona section of the amalgamation committee. Without specifying desired amendments they declare the amendments are necessary before the charter can be adopted as that of the Greater Edmonton and ask that the matter receive careful consideration.

Subject of the Book. The subjects treated in the book are as follows: The poultry industry. Poultry Houses and Flocks. Commercial Poultry Plants. Establishing and Developing a Flock. Strain Building for Egg Production. Hatching. Rearing and Rearing. Patenting. Killing and Marketing. Winter Egg Production. Poultry for Exhibition. Diseases and Parasites.

In showing the big opportunities presented to the poultry raiser in Alberta, the handbook notes the interesting fact that in 1909 the importation of poultry products to Alberta amounted to \$447,800, which was an increase in 1910 by more than half a million dollars. It is estimated that the Canadian has laid 125,000,000 dozen eggs in 1910. In the production of this amount the Alberta hen plays an insignificant part, and the same applies to the supply of dressed poultry.

Profits of Poultry Raising. On investigation at many points throughout the province, it was found that in some districts the farmers themselves are the largest purchasers of local poultry. The interest in the fact that in 1909 the importation of poultry products to Alberta amounted to \$447,800, which was an increase in 1910 by more than half a million dollars. It is estimated that the Canadian has laid 125,000,000 dozen eggs in 1910. In the production of this amount the Alberta hen plays an insignificant part, and the same applies to the supply of dressed poultry.

Several of the aldermen have expressed themselves as favoring such amendments as will give the council greater power and be practically certain that recommendations of this character would readily obtain a majority of the house.

To Entertain Footballers. An application from the Edmonton Football association for a grant towards the expense of entertaining the Cornishians, the famous English team that will visit Edmonton in the course of the next few weeks, occasioned some discussion.

Acting on the opinion of the city solicitor that it is questionable whether the council has power to make a grant of this character, Ald. Gowan urged refusal of the request. Ald. Grindley, who was supported by Mayor Armstrong, declaring that it had been the practice here and in other cities to make such grants, contended that he could not see how the application should be made for it from the legislature, as the city could not afford to withhold inducements to visitors which were offered by all other cities.

Finally a compromise was effected by the appointment of a committee composed of Mayor Armstrong and Ald. Grindley with power to co-operate with the board of trade in the entertainment of the visitors.

Not to Limit Height of Buildings. The proposal to limit the height of buildings was the subject of a brief discussion. Alderman Grindley declared that the proposal was childish and worthy only of some backwoods community. There was no difficulty, he urged, in providing adequate fire protection in high buildings, as the provision of an auxiliary pumping plant to boost the water supply would meet this.

"Some of the fellows thought it would be all milk and honey, and I guess are now," he said, "but the most of us like the life very well. We will go into serious training when we get back to London."

This spoke a young Albertan, a cadet in H. M. C. S. Rainbow to the Bulletin yesterday. Henry Houle Rainbow is proud of his naval appointment and is anxious to rejoin the Rainbow at Esquimaux. He was accompanied by another cadet, Bernard Brown, of Edmonton. These two lads are the representatives of Central Alberta in the Canadian navy.

Cadet Houle showed much interest in the European disturbance over Germany's intrusion in Morocco, and France were now disposed towards each other. "Germany would be foolish to go to war with France just now for she has not nearly as strong a navy," remarked the embryonic admiral.

Cadets Hise and Brown are strong well-built lads who have passed with flying colors the examinations and tests required of applicants for cadet ships. On their return to Esquimaux they wore their cadet uniform. Their naval costume and the "H. M. C. S. Rainbow" on their caps attracted considerable attention on the streets of Edmonton and Strathcona, but the lads, like hardy old salts, appeared quite unconcerned.

NEW HANDBOOK IS OUT ON POULTRY KEEPING

Department of Agriculture Issues Valuable Information to Poultry Raisers of Alberta in Bulletin Prepared by A. W. Foley, Poultry Superintendent.

(From Monday's Daily.) Following its educational policy, the Alberta Department of Agriculture has issued a new handbook on "Practical Poultry Keeping." The book has been prepared by A. W. Foley, Poultry Superintendent, and is designated by the department, Poultry Bulletin No. 2, supplementing Poultry Bulletin No. 1, which was entitled "Advanced Methods of Poultry Farming." It is a book of 74 pages, profusely illustrated, and should prove an invaluable handbook to poultry raisers of the province.

In the preparation of the book, much of the information that appeared in "Advanced Methods of Poultry Farming" has been used. New features of the industry have been taken up and the information presented should be of service to the poultry raiser of the province whether undertaking poultry raising commercially, for exhibition purposes, or as a pastime.

The subjects treated in the book are as follows: The poultry industry. Poultry Houses and Flocks. Commercial Poultry Plants. Establishing and Developing a Flock. Strain Building for Egg Production. Hatching. Rearing and Rearing. Patenting. Killing and Marketing. Winter Egg Production. Poultry for Exhibition. Diseases and Parasites.
