

FRONT LIGHTER THAN IN LONDON. A night scene on the western front showing how the star shells up No Man's Land. The barb wire entanglements and the shell holes full of water, for instance, are clearly visible. At a moment like this the soldiers forming working parties must sit down and remain immovable until those lights die down again.

WONDERFUL WORK OF ATTACKING FRENCH FORCES. Waited a Day and Night for the Assault to Open and Then Advanced With Great Vigor Over Regular Swamp.

CROWDED NESTS. Germans Now Heavily Manning Their Front Lines; Many Killed in First Rush of the French Troops.

GERMANS AND FRENCH IN GIGANTIC BATTLE. Many Prisoners Taken, Substantial Gains Made and Important Points Captured.

BRITISH DRIVING HUNS TO THE EVACUATION OF ZEEBRUGGE. UNDER HEAVY PRESSURE, NOW EXERTED, THE GERMANS CANNOT HOLD ON TO SUBMARINE BASES ON NORTH SEA.

The big fight is on again in Flanders, and the Germans are being battered hard. Field Marshal Haig is battering away on the sector east and north of Ypres, while French troops have joined up with the British left wing to the south of Dixmude in an endeavor to bring that section of the line even with the sharp wedge that has been driven into the front by General Haig east of Broodisdele.

Launching their attacks simultaneously, both armies had been rewarded with goodly gains before nightfall, in addition to having inflicted heavy casualties on the Germans and taking many of their men prisoners. Prior to the announcement of the commencement of the attack there had been no intimation that the Frenchmen were ready for an advance. In fact, it had been reported that even the British commander would delay taking the aggressive again for several days owing to the terrible condition of the ground.

There is still considerable infantry and artillery action between the Russians and Germans in the Riga sector of the Russian front, but neither side has made any advance. In the Champagne region, the French have carried out a successful raid near the Butte of Tahure and taken prisoners.

Another Austro-German peace offer, which is to be based on the principles of no territorial aggrandizement, the surrender of Belgian and French territory, the renunciation of territorial acquisitions for money payments, and no indemnity by either side, is soon to be put forward, according to a prominent Berlin newspaper.

Aside from Flanders the operations in all the various theaters of the war are of a minor character. Along the Alps and Champagne front and in Verdun intensive artillery duels are still in progress between the French and Germans. In Champagne the French have carried out a successful raid near the Butte of Tahure and taken prisoners.

ENLISTMENT DOES NOT PROVIDE FOR ARMY WASTAGE.

Total of Enlistment and Wastage Officially Recorded, Interesting Statement Justifying Conscription.

ENLISTMENT FALLING. Nearly 50,000 Fewer Men in Service Now Than at the Beginning of the Year.

Ottawa, Oct. 9.—An interesting statement giving figures for recruiting and wastage in the Canadian Expeditionary Force during the eight months from January to August inclusive, has just been issued by the militia department.

The statement, which is a detailed one, shows that in the eight months a total of 49,179 men enlisted in the C.E.F., of which number 17,451 joined the ranks of the infantry. During the same period, the wastage of men from various arms and services totaled 91,894, leaving a net loss to the C.E.F. of 42,715 men.

Under the head of "wastage" are classified all those men who have been discharged in Canada, discharged in England, have become casualties overseas, or have been returned to Canada for discharge.

The statement declares that figures transmitted by Sir George Perley show the percentage of infantry casualties from January 1 to July 31, 1917, as 89.24.

During the month of September a total of 3,588 men joined the ranks of the various units classified as infantry, artillery, railway construction and forestry and miscellaneous, as against a total wastage of 10,990 men. Of this number 1,272 were recruited in the United States, 2,310 in Canada, and 26 in England. The net loss during September was 7,402.

For the period from the 18th to 30th of September, 648 men were recruited for the C.E.F., while the wastage totaled 3,287, leaving a net loss of 2,639. Of the six hundred men recruited, 445 were enlisted in the United States, 194 in Canada, and nine in England.

CONSIDERABLE UNREST IN SOUTH AMERICAN STATES.

Uruguay Breaks With Germany in Order to Protect Herself.

Buenos Aires, Oct. 8.—The Argentine government is not prepared to follow the action of Uruguay in severing diplomatic relations with Germany, according to Foreign Minister Pueyrredon. Argentina has not pledged her neutrality, the foreign minister added, but is attempting to safeguard her own interests.

Much surprise has been occasioned in political circles here by the following statement said to have been made by the foreign minister of Uruguay, in urging the Uruguayan congress to break off relations with Germany.

"Uruguay, as a small nation between two great ones, must seek a balance of force to resist the possible hegemony of Argentina, with which nation we still have questions which are not settled definitely. His balance consists in bringing closer together Brazil and the states of our connection with the great states of the continent with the great interests that she owns one-half. The dispute involves the ownership of the important island of Martin Garcia now held by Argentina.

DETAILS OF CLASS ONE UNDER THE CONSCRIPTION ACT.

The Maximum Age Limit Is Based on Dating of Jan. 1, 1917. Single Unmarried Men Before July 6, 1917.

Ottawa, Oct. 9.—To clear up confusion with regard to the age limits of class 1, which is to be called out by proclamation for service under the Military Service Act on October 13, the following announcement is made by the militia service department.

"The conscription class 1 is frequently spoken of as comprising unmarried men and widowers of children between the ages of 20 and 34. It is to be noted, however, that under the provisions of the statute the method of fixing the age limits is different. As far as concerns the age of 20, the date of the proclamation governs. Any man, who on that date, has reached the age of 20 years is within the class; with regard to the limit of 34 years, however, this is fixed by reference to January 1, 1917. Any man who had not reached the age of 34 before that date is within the class. It is to be noted also that, for the purpose of the act, any man married after July 6, 1917, is to be deemed to be unmarried."

IF PROFITS ARE EXCESSIVE PRICES WILL BE REDUCED.

Chairman of Profiteers Commission Issues Statement of Investigation.

Toronto, Oct. 9.—G. F. Henderson, K.C., chairman of the commission on war profits in bacon and other food products, in an interview on the progress of the inquiry said:

"We are instructed by the investigation on Thursday and we hope to complete it at least by next Monday night. In the meantime, however, it is such that we may find ourselves facing questions which would require further investigation. We are determined to delay the report until we are prepared to make further recommendations."

"As to the possible reduction in the price of bacon, that is a matter with which this commission has no concern. If it should appear that the profit had been excessive, one would expect that the tendency would be to a reduction of price. But we are not prepared to make further recommendations."

"The report, however, will speak for itself and any businessman will be able to take the necessary steps to make the summary which the commission will make it accurate."

TO TAKE OVER MINES.

Miners in Nova Scotia Pass Important Resolution.

Halifax, Oct. 9.—Five hundred miners, employees of the Nova Scotia Steel and Coal company, at Sydney, have passed a resolution which has been sent to Sir Robert Borden and Hon. G. H. Murray, asking that the government take over all the mines of the Nova Scotia Steel and Coal company, "and thus provide work for the men now idle."

Falling a redress of their troubles during the coming week, the men ask all miners in Nova Scotia to work only four days a week and to provide a share of the work for their fellow workmen who are now idle.

HUNS CONFIDENT WAR WILL END BY FEBRUARY.

In Meantime German Brokers in Argentina Buy Up Hides.

Buenos Aires, Oct. 9.—Coinciding with the American demand for Argentine dry hides to meet military orders, and renewed British buying as a result of the lifting of the leather embargo, the Germans here are buying heavily and their competition in the market is helping to increase prices.

German brokers say they are buying on German government orders. They express confidence that the war will end in January or February. Prices of hides have risen twelve per cent in the past ten days.

ENGINEER MISTAKEN FOR FAMOUS CROOK.

Toronto Man Victim of Remarkable Case of Mistaken Identity.

New York, Oct. 9.—A case of mistaken identity that cost its victim \$50,000 and shattered his health in a few months, is being investigated here when, at the request of the district attorney, an indictment charging forgery against Alexander P. MacCauley, a wealthy mining engineer of Toronto, was returned by the grand jury.

MacCauley had been erroneously identified in St. Louis, December 30, 1914, in the belief that he was "Christman Keough," known to the police as an alleged forger of travelers' checks. It was Keough's practice, according to the police, to pass these checks in the Christmas shopping season, and it was the positive identification of MacCauley as the man who had been identified as Keough, which led to his protracted fight to clear himself.

Keough, the police say, is still at large, having eluded all efforts to catch him for several years and it was not until the summer of 1917 that he was identified as Keough, when he was brought here as the man who had been identified as Keough, which led to his protracted fight to clear himself.

COMPLETE VICTORY FOR SLAV PREMIER.

Provisional Government Got Everything That It Desired.

Petrograd, Oct. 9.—The provisional government apparently has won a complete victory over the preliminary parliament, an outgrowth of the democratic congress. M. Tereselli, one of the leaders of the parliament, today informed Premier Kerensky that the parliament had withdrawn all its demands that the government be responsible to it and had acceded to the government's plan that the parliament act merely in an advisory legislative capacity.

The parliament has been christened officially as "the temporary council of the Russian republic" and will sit until the constituent assembly convenes. It has been agreed that the council has the right to put questions, but no demands to initiate legislation of state questions and to deliberate on measures which the government lays before it.

The government will work out the whole program for the parliament. Kerensky today officially informed all those who had been informed of their appointment to the new cabinet. M. Maslov, who was offered the ministry of agriculture declined on the ground that the ministry was a party position and required his attention. M. Skobelev, Kerensky's choice for minister of labor, has not decided whether he will accept.

LONG ARCTIC TRIP.

Dawson, Y.T., Oct. 9.—Bishop Stringer, of the Anglican church, has arrived safely at Fort Yukon after a summer's cruise along the Arctic coast. He had hoped to make Coronation bay on his trip but when 200 miles east of Herschel Island he was forced to turn back by the ice. He is accompanied by Archdeacon Whitaker on his way to the coast with three native children for the Carmarthen Indian school.

SITUATION FOR UNION GOVERNMENT SAID TO BE MORE HOPEFUL.

Another Conference of Premier and Meighen With Western Liberals But Nothing Definite Occurs.

Ottawa, Oct. 9.—Sir Robert Borden and Hon. Arthur Meighen were again in conference today with western Liberals, who are at the capital in connection with union government proposals. The prime minister subsequently said he had no announcement to make, and the meeting, which would not talk for publication. One of them intimated the belief that the situation was more hopeful from a union government standpoint than it was twenty-four hours ago on a basis of agreement. It is thought, has been reached in regard to some matters, but not in regard to others. It appears to be practically certain that Premier Sifton of Alberta will become a member of the cabinet.

N. W. Rowell, Liberal leader for Ontario, who saw Sir Wilfrid Laurier in Toronto yesterday, arrived in the capital this morning and got into touch with the western Liberals, but he did not take part in the conference this afternoon. The impression appears to be growing that the Liberal leader will not retire.

The Evening Journal says that if Messrs. Hudson and Crerar do not come into the cabinet, Sir Robert Borden is likely to make selections from Isaac Pitblado, K.C., Winnipeg; Dr. R. A. Magill, and Dr. Rutherford, of Calgary.

BULLETINS.

RUSSIAN CONFERENCE. Petrograd, Oct. 9.—Premier Kerensky, Minister of War Verkhovskiy and Minister of Marine Verdyvskiy, have gone to general headquarters for a series of conferences, including one with the military and naval chiefs.

CALGARIANS RETURNING. Winnipeg, Oct. 9.—Two trains bearing returned soldiers are on their way west. The first, with 62 for Winnipeg and district, for Regina, left here at 10:30 p.m. for Vancouver is traveling over the Canadian government railway, and is expected about 11:30 o'clock tomorrow morning. The second train, with 132 on board, is due here Thursday evening.

SULTAN OF EGYPT DEAD. London, Oct. 10.—The Daily Telegraph says it learns that the Sultan of Egypt died at noon Tuesday. Hussein Kemal was chosen by Great Britain in 1914 to succeed his uncle, Khedive Abbas Hilmi, as ruler of Egypt, simultaneously with a proclamation of a British protectorate. His father was khedive from 1869 to 1879.

WILL COMMANDER RUM. London, Oct. 9.—Beginning tomorrow, the admiralty announces that it will commandeer all rum in the United Kingdom.

MADAME TURMEL ARRESTED. Paris, Oct. 9.—Madame Turmel, wife of Louis Turmel, deputy for Cotes du Nord, was arrested today. The newspaper says she often changed Swiss bank notes at a Paris bank. Turmel recently has been under investigation by the French chamber because of a charge that he had been dealing with the German government.

SHIPBUILDERS' STRIKE ENDS. Victoria, Oct. 9.—Following a conference with R. P. Butchart, director of the Imperial Munitions board, here today, and a meeting of the local trades union, all night, shipyard workers of Victoria and Vancouver had decided to continue work pending the decision to be reached in the Puget Sound yards. The Imperial Munitions board representative showed every disposition to treat the men in a fair spirit and they were much gratified with the results of their interview.

KILL THEIR PRISONERS. Hamilton, Ont., Oct. 9.—According to word received here today by Rev. George Lobbe, two members of his congregation at St. James church, Privates R. Jones and W. H. Jones, were deliberately murdered by the Huns. The letter comes from E. H. Hanson, one of his flock, who tells of those who escaped and others reported as prisoners in Germany.

BIG JOBS FOR THE EX-MEMBERS. Soft Plums Assigned to Prominent Officials. Ottawa, Oct. 9.—Big positions in the gift of the government are being assigned to prominent politicians these days. There is a steady stream of important appointments since dissolution. The appointment of Hon. Frank Cochrane, minister of railways, to the chairmanship of the directors of the Canadian Northern railway under government ownership is expected immediately.

RUSSIA SUBMITS. Gives Railway Employees Increase They Desire. Petrograd, Oct. 9.—The railway workers' strike has caused the government to decide to grant the increased wages demanded as from September 1. This will necessitate an expenditure of 750,000,000 roubles annually, which the government has decided to meet by a rearrangement of railway rates. Simultaneously the government will promulgate a law providing for special food supplies for railwaymen. The newspapers, however, say that pending the publication of these measures the government will refuse to negotiate with the strikers and has under consideration the question of taking legal action against the strike committee. A number of railway battalions have notified the government of their willingness to co-operate in ending the strike. Latest reports are that only the Moscow and Petrograd railway systems are affected by the strike and that the workmen on other lines are protesting against the strike.

SELECTION BOARD COMPLETES LISTS FOR THE TRIBUNALS. Ottawa, Oct. 9.—With a few minor exceptions, exemption tribunals throughout the country are now complete. The board of selection, established under the Military Service Act, to appoint one member of each local tribunal, finished its work today, and adjourned sine die. Should any vacancy occur in the future, or should it be necessary to create a new tribunal, the department of justice will nominate suitable candidates. The representatives will submit recommendations to the minister of justice who will make the appointment, and the expense and duty of calling the board together again will be avoided. Charles P. Plaxton, legal officer of the department of justice, who has charge of the executive and of the organization of exemption tribunals throughout the Dominion, has thought on the ready response shown by judges in making their appointments. "It is, I think," he said, "a splendid commentary upon the high judicial quality of those who serve on the tribunals. That, despite the depth of public sentiment on the Military Service issue, they should have responded so warmly to the minister's request to nominate their appointees for the exemption tribunals."

THOUSANDS OF FANS ARE DISAPPOINTED

Third Game of World's Series Postponed on Account of Rain; 15,000 Turn Out for the Event

New York, Oct. 9.—Heavy rain, which began shortly before noon, caused a postponement until tomorrow of the third world's series game scheduled for today between the Chicago White Sox and New York Giants. Rain fell during the night and early morning, but there was every prospect that the game would be played until the beginning of the heavy downpour which lasted all afternoon. The forecast tomorrow is fair and warmer. The rain today was accompanied by a decided drop in temperature.

There was evidence that the game would have been attended by a capacity crowd, for fully fifteen thousand spectators were in the Polo Ground stands when the official announcement of the postponement was made. The lines in front of the gates were several blocks when the ticket boxes were opened early in the day, and the men and boys, many of whom had stood in line all night, filed into the grounds.

As usual, every ticket sold today had its extra check attached, which will be returned only for the third game of the series. Many of these found their way into the hands of speculators. In most cases the rain checks were sold at a profit by the holders.

When the first small blow up the ground was uncovered and the playing surface hard and fast, but so quickly did the rain fall that the base paths were heavy before the groundkeepers could spread the waterproof mats. Tonight there was every indication that the opening game, here would be played under such the same wretched conditions as prevailed last Saturday at Chicago.

Under the ruling of the National Commission, the teams must remain in this city until two legal games have been played. If the clubs are able to resume their struggle here tomorrow and the Giants win one or both contests, the game will return to Chicago for a single game there next Saturday instead of Friday, as originally scheduled. If a sixth game is necessary to decide the series, the game will be played in Chicago Saturday night and take up the play again at the Polo Grounds the following Monday.

Many close followers of the game, and the Giants' adherents in particular, express the opinion that the delay of a day or two would improve the chances of the Giants. It was figured that the White Sox, because of their double victory, had got the jump and that a break in the schedule of games would afford the New York players a chance to steady down and show to better advantage. The New York fans are pulling hard for their favorites to win tomorrow. Many of them contend that if this does happen, the Nationals will go to the front and win the series.

The postponement proved a severe disappointment to thousands of baseball enthusiasts who had come from distant points to witness the battle. Almost every city and town throughout the New England and middle Atlantic states was represented by delegations, large and small.

The postponement also furnished a new topic for discussion for all those directly and indirectly interested in the world's series. Weather reports were in great demand, and there were many allusions to the famous 1911 series between the New York Nationals and the Philadelphia Americans. Close followers of baseball and world's series play in general recalled that during the contest of that year there was a lapse of six days between the third and fourth games. Heavy and continuous rain caused the commission to repeatedly call off the scheduled games until many fans, tired of delay sold their tickets to speculators for a fraction of their face value and returned to their homes.

Since that date, the series has been played each year without a postponement or a break, except where a Sunday intervened, until today. The consensus of opinion tonight was that Chotte would pitch for Chicago tomorrow and that he would be opposed by Salles for the Giants. The probable batting order:

Chicago—T. Collins, 1f; McCullin, 3b; E. Collins, 2b; Jackson, cf; Felech, cf; Gandell, 1b; Weaver, ss; Schalk, c; Chotte, p.

New York—Burns, 1f; Herzog, 3b; Kauff, cf; Zimmerman, 2b; Fletcher, ss; Robertson, rf; Holke, 2b; Rankin, of; Salles, p.

BOYS PREPARE FOR INTERSCHOLASTIC EVENT TOMORROW

Young Athletes Promise to Spring Some Surprises

Many boys are re-weighing in order to compete in the lighter class in tomorrow's interscholastic meet. Rugby weights are accepted, but as many boys eligible for even the 95-pound class are competing in 125-pound rugby, they re-weighed to get the benefit of the lighter classification.

John Lawther, last year's individual public school champion, is competing for the Central collegiate. Lawther is beating the old High school jump record quite handsly and will probably win tomorrow's event unless one of the other schools unveils a dark horse.

Medical Boards are Ready!

Medical Boards are now ready to examine all men who apply as to their physical fitness for military service. These boards are established throughout this district.

Upon examination, the medical board will classify each applicant according to his fitness; into Category A if he is fit for service in overseas fighting units; Category B if fit for service overseas in Army Medical Corps, Forestry Battalions, etc; Category C if fit for service in Canada only, etc.

Only men whose medical examination places them in Category A will be included amongst those required to join the colours in the first instance; the man placed in any other category will remain at home until men in the category to which he has been assigned are called to the colours. The man placed in Category A may still apply for exemption on any ground.

Men between the ages of 20 to 34 inclusive, who were unmarried or widowers without children on July 6th, 1917, are strongly advised to report before a Medical Board at once. This is the quickest and surest way for them to find out their status under the Act.

Parents and employers are also urged to have those in whose cases they are specially interested visit a Medical Board and undergo examination. The methods of examination are simple and will result in no discomfort or inconvenience.

Now is the time for employers to obtain facts of the greatest value to them in making their calculations. The Medical Boards will determine how many of their employees will be left at home for physical reasons and how many will be selected for service unless an application for exemption be made with success.

Issued by The Military Service Council.

INTERMEDIATES READY FOR GAME

The Second Match in Rugby Series Will Be Played Today

Today at 3:30 p.m. C. C. I. meets C.H.C.I. in a scheduled game, at Hillhurst Park. C. C. I. won the first game and they are at present holding the intermediate Rugby shield.

Both teams have been working hard to get into shape for the coming game, and both are trained to a hair. The teams will line-up as follows:

C. C. I.—Backs, Reg. MacLaren, Scott, Carroll, Henry Charl; quarter, Moch Elliot (Capt.); center, Ethridge; outside, MacLaren and Menard; middle, Fitch and Deacon; inside, Reiber and Hallett.

C. C. I.—Backs, Anderson (Capt.), Halliday, Webster, McGachie; quarter, Foley Martin; center, Lowther; outside, Scott and Hanna; middle, Staines and Brown; inside, Gibson and Hughes.

CLEVELAND WINS ANOTHER GAME

The Struggle for Ohio State Championship Becomes Interesting

Cincinnati, Oct. 9.—Cleveland took the fifth game of the Ohio series from Cincinnati here today 4 to 6, making the game score now stand Cincinnati 3, Cleveland 2. Schneider's wildness, coupled with errors at critical moments, were largely responsible for Cleveland's victory. Morton, who started for Cleveland, was hit in the early innings and was replaced by Covalek, who proved effective. The sixth game will be played in Cleveland tomorrow.

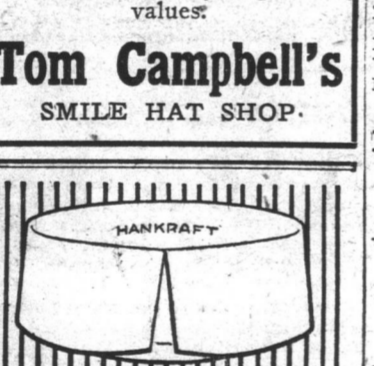

Cleveland 4—103 000 018—6 9 2
Cincinnati 6—000 000—3 9 2

BASKETBALL SEASON WILL OPEN TONIGHT

The opening basketball game of the season will be played tonight, composed of soldier boys of the C.A.D.C., will clash with the "Magpies," who last year made quite a name for themselves in intermediate circles.

The game is the outcome of a challenge sent out by the "Magpies," which the soldiers eagerly snapped up, and should prove to be very keenly contested, as there is considerable rivalry between the two teams. So come all you basketball fans and look on over the game will start promptly at 8:30 p.m.

The teams will line-up as follows: Demals—Lieut. W. W. Asie, Sergt. J. M. Brown, Pte. E. E. Jacques and Pte. D. E. Dames.

CONTESTED AND DECIDEDLY THE BEST RACE ON THE CARD

It took six heats for Bacell to win, but in so doing the world's record for a six-heat race made last week by Ina Jay in the Transylvania was broken. Twelve horses started.

The 2.60 pace also took six heats before Helen Chimes won. Five horses started.

The \$5,000 Dinner stakes, with three starters, and \$2,000 Cumberland pace, in which six competitors started, were easy for Miss Bertha Dillon and Little Frank D., respectively.

A. B. Cox won the second of the sweepstakes for Wealthy Breeders, trotted here annually, when Miss Bertha Dillon won the \$5,000 Dinner stakes. His two-year-old, Nella Dillon, won the Breeders' stakes, valued \$5,000, for two-year-olds, last Saturday.

Y.W.C.A. EXTENDING WORK TO NATIONAL SERVICE NOW

National Secretary Tells of Work in Ontario and British Columbia

Some of the work the Y.W.C.A. is doing in connection with national service was told the local board yesterday afternoon by Miss Lane, National City secretary, who is in the city on a brief visit to the local Y.W.C.A. In Ontario and British Columbia alike, the fruit growers have been aided. At various points and extended the usual privileges to the workers. Something similar was done among the women munition workers in eastern centers.

You Get Better Cough Syrup by Making it at Home

What's more, you save about \$2 by it. Easily made and costs little. You'll never really know what a fine cough syrup you can make until you prepare this famous home-made remedy. You save \$2 as compared with the ready-made kind, and you will have a more effective remedy in every way. It overcomes the usual cough, throat or chest cold in 24 hours—relieves even whooping cough quickly. Get 2 1/2 ounces of Pinex (50 cents worth) from any good drug store, pour it into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Here you have 16 ounces—a family supply—of the most effective cough syrup that money can buy—at a cost of only 50 cents or less. It never spoils. The prompt and positive results given by this pleasant tasting cough syrup have caused it to be used in more homes than any other remedy. It quickly loosens a dry, hoarse or tight cough, heals the inflamed membranes that line the throat and bronchial tubes, and relief comes almost immediately. Splendid for throat ticks, hoarseness, bronchitis, croup and bronchial asthma. Pinex is a highly concentrated compound of genuine Norway pine extract and has been used for generations for throat and chest ailments. Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Toronto, Ont.

WEALTH CONSPIRACY PRACTICAL BEING ENFORCED NOW

Statement of Corporation's Wealth Not Always to Be Credited

SAYS R. B. BENNETT

Economy Must Be Aim of Everyone in Dominion If War Is to Be Won

Economy should be the nation's watchword now if never before. For it is the word which means the winning of the war. It is the word which means the winning of the peace. It is the word which means the winning of the future. It is the word which means the winning of the world. It is the word which means the winning of the life. It is the word which means the winning of the death. It is the word which means the winning of the resurrection. It is the word which means the winning of the glory. It is the word which means the winning of the kingdom. It is the word which means the winning of the life to come. It is the word which means the winning of the eternal life. FIELD COMFORTS FOR CALGARY MEN TO BE ASKED FOR

The next tag day to be held will be on Saturday and in addition to the Canadian War Contingents association which through its Calgary branch, supplies Calgary and Alberta men with field comforts. The approach of the winter season and its consequent hardships on the men in the trenches makes the necessity for warm woollen things greater than ever. Every letter from men at the front tells of the comfort of finding warm dry socks awaiting them from time to time, and the number of men from Calgary and the district alone can use all with which the association can supply them. Mrs. Harold Hiley will be in charge of the day, and both money and workers are asked for the cause.

TODAY'S EVENTS

The ladies of the Sacred Heart parish are holding a card party at 9 o'clock in McDonald's academy, Twelfth avenue west.

COMING EVENTS

The annual thank-offering of the W.M.S. of Hillhurst Presbyterian church will be held at 8 p.m. when Rev. A. Rennie, of Bankview, will give an address.

WEDDINGS

The marriage of Miss Hulda Westin and Mr. Jack Klokeid, two young people of the city, former residents of Scandinavian countries, took place last evening at Knox church, Rev. A. W. R. Whitman performing the ceremony. Mr. J. A. Nolan, Swedish consul, and Mr. Lee were the witnesses. Mr. and Mrs. Klokeid will reside in the city.

Mr. and Mrs. A. J. Cunningham and their family, who spent the summer at Banff, have returned to the city.

The sale of vegetables and home cooking held at the city market Saturday by the pupils of Balmoral school, was very successful, and the sum of \$48.86 will be given the Red Cross society for its prisoners-of-war fund.

The residence of Mr. and Mrs. J. K. Cummings in Elbow Park was very attractively decorated with a profusion of roses and sweet peas on Saturday, when Mrs. Cummings entertained at a large tea to announce the engagement of her daughter, Miss Rosalie, to Mr. Sidney Price, of St. Paul, Minnesota. The hostesses received in a beautiful gown of chintz lace fashioned over blue satin, worked with steel beads, and her daughter, who received with her, looked very pretty in a dainty gown of green tulle and tulle, with which she carried a bouquet of sunset roses. In the tea room, where Ophelia roses were the decorations, the table was centered with a basket of roses out of which rose a white dove carrying the announcement. Here the honors were shared by Mrs. W. Roper Hill, Mrs. Thorburn Allen, Mrs. C. G. K. Nourse and Mrs. J. M. Carson. In the sun parlors, where crimson sweet peas were used, Mrs. Thomas Sutton and Mrs. A. M. Berryman cut loaves. No Advance in 3 Years

With war-time prices so terribly high for nearly every article of food, it must be a particular satisfaction to those who love good coffee to know that there has been no advance in the price of Red Rose Coffee for three years—and the great increase in the sale of Red Rose Coffee this year shows that the price is appreciated.

People everywhere seem to be using much more coffee than they did before. Red Rose Tea is economical on account of its superior quality—but Red Rose Coffee is economical both on account of its quality and price, a combination hard to maintain in war-time.

CITY HALL STAFF MEET

The City Hall Staff association has now a membership of 100. The association, which met last night in the Labor Temple, listened to an excellent paper on the aims and objects of the association, which was read by R. C. Gillespie, the secretary of the association.

The aim is twofold—social and business. The meetings will be held on the second and fourth Tuesdays of the month. One meeting each month will be devoted to business and the other to social enjoyment.

An executive was appointed consisting of Miss Adcock, Miss O'Brien and Messrs. W. J. Allan, W. J. Gale, W. G. Morris, E. Hookway, and L. Campbell. The grievance committee are T. B. Williams and D. Douglas.

HAVE NOT ACCEPTED TERMS

So far only one firm of master painters, Ryder and Flashery, has taken advantage of the terms offered by the painters' union. They have agreed to the schedule and the men have gone back to work. The other firms are still considering the question and the men are seeking work elsewhere.

RATEPAYERS WILL NOT SELECT THEIR CANDIDATES YET

Meeting Decides to Delay Selection; F. G. Bull and George E. Williams Likely Choice

The Federation of Ratepayers' associations at its meeting last night decided that the question of selecting candidates is so important to be closed without some further consideration.

The Federation went on record as favoring the principle of putting candidates into the field for the coming civic elections, and decided to refer the matter to the associations again for consideration, and to call a meeting on Tuesday, October 23, at which time candidates will be selected and possibly a platform adopted.

The Giengary and Killarney association was the only one that had considered the subject, and it recommended the president, F. G. Bull, who is vice-president of the federation. The name of the president, Geo. E. Williams, was also put in nomination, but both were ruled out until the special meeting on October 23.

The Federation went on record as endorsing the present early closing bylaw, and as extending it to its utmost to have it passed at the civic elections. It will not favor any candidate who is opposed to the bylaw, and would like to see it extended to include other workers who are not enjoying the privileges now or lately enjoyed by the retail clerks.

Abolishing Commissioners A long discussion took place upon the recommendation brought in by the East Central association at the last meeting, which called for the doing away with two commissioners and relegating their work to the mayor and heads of departments.

The South Calgary association reported in favor of the recommendation. The women's associations and the Ogden association reported that they had not sufficient information on which to endorse or reject. The other locals had not discussed the recommendation with the exception of the East Central association, which introduced it.

President Williams vacated the chair and spoke on the question. He had been of the opinion a year ago that some commission might be dispensed with. But upon closer investigation during the year he was convinced that the amount saved in salary would be more than covered by the amount of the change in relating these matters to the heads of the departments. As for asking one commissioner to do the work of the three he thought that could not be done, and it could not be shouldered upon the aldermen, as some of the best men were drawing out now because they could not afford to spend the extra money required of them. He pointed out that the conditions in Glasgow were much different to those in Calgary. In the cities of the old land the mayor had independent means, and could afford to give their time to civic affairs. But in this country there are not enough of that class, and if there were, it is a question whether it would be to delegate too much power to them.

L. Doll thought that the commissioners had spent too much money in the past, and claimed that departments had been sold for an extension to the street car line to Rocky View, and the money diverted to other channels. D. Ormond replied that the departments which passed the bylaws were responsible for the expenditure of the money.

The resolution was laid upon the table. Protest Milk Prices A resolution was received from the South Calgary association, protesting against the price of milk being increased beyond 10 cents per quart. The federation endorsed this protest.

One lady wanted to add to this a protest against the price of butter. She said that she had positive information that one of the large dairies was using hundreds of pounds of butter in the manufacture of ice cream. But no action was taken in respect to butter.

Arnold asked that the associations take up and answer the questions propounded by the city council's special committee on the subject of the situation which was published in the Albertan last Saturday.

The Tuxedo Park, Northwest and women's associations, which meet this week will discuss the questions, and a special mass meeting for the ratepayers' associations will be called for next Tuesday, October 15, in the council chamber, to take the matter up, and, if possible, make some recommendations to the committee.

Why Skinner Was Elected Mr. Jos. Skinner of the Northwest association wished to go on record as disapproving of the statement made by A. K. Skinner that the citizens were not sufficiently educated in civic affairs to intelligently select their representatives on the council. He said that A. K. Skinner might argue thus from the fact that he had been elected. But Mr. Knight wished to point out that it was not ignorance, but the system which made it incumbent upon the electors to vote for a full number of candidates that was responsible for the election of A. K. Skinner.

The Tuxedo Park Ratepayers' association will meet tonight at the Ranch House. The president, Mr. Little, has returned from a southern trip, and wishes to meet all the members.

The Women's Ratepayers' association meets on Thursday afternoon in the St. Mark's parish hall, South Calgary. The Northwest Ratepayers' association meets on Friday night at 8 o'clock in the Capitol Hill Cottage school.

TRANSIT STRIKE ENDS St. Paul, Minn., Oct. 9.—By a unanimous vote striking employes of the Twin City Rapid Transit company tonight agreed to the order of the Minnesota public safety commission, which terminated a strike now four days old. Union men in Minneapolis and St. Paul return to work tomorrow.

Make This Week Booster Week

Get the votes this week via the subscription route. The 100,000 extra-vote club is available this week too, for a little more in subscriptions than last week. But the extra \$30 won't affect a hustler very much.

Most of the candidates are now getting into their paces, and it is easier to get an \$18 club now than it was to get one when it required \$12 worth of subscriptions.

Besides the fact that the weeks are going by and the contest is getting warmer and warmer, that \$50 special prize is looming up bigger and bigger. Candidates have already put in one week's work toward it and this week will likely make greater progress, getting ready for the great rush next week—the climax that will spell success.

It's a fine time to have your work count double—for the extra \$50 prize and for the regular prize as well. Never lose sight of the five automobiles! If you miss the Chalmers, there is still the Grant \$15, and if you should be so unfortunate as to not win the Grant you will have to compete with candidates in your own district only for the Regal, over \$1,000 worth of automobile. People in this vicinity have never before had such an opportunity—a chance at three automobiles for spare time, and none worth less than \$1,215.

It is a little bit early to go back after second subscriptions, as it is best to cover the field before going back a second time. For the benefit of the city candidates, we want to say that there is much virgin territory in Calgary. Only last week one of the Calgary contestants dug up some new territory and in a couple of hours gathered three subscription payments and 10 promises, all likely good.

Some of the "high spots" have been covered several times. That's not the territory for the most support anywhere. The test is out if a candidate should take a business block and cover it thoroughly the subscriptions which would result would be surprising. Do a thorough job while at it. If you find a business man engaged, make a note of it and go back again.

The Morning Albertan can be sold on its merits. In Calgary everybody who wants it wants it "with their breakfast," and it is simply up to the hustlers after The Albertan's contest automobiles to put this proposition forcibly before any present non-subscribers for The Morning Albertan that may be found. In order to help out, present subscribers may pay a year or

two in advance and avoid further "annoyance" of weekly collections. And the paper costs less by the year, too.

In districts 2 and 3 there are many small towns and some of the larger towns that have not yet responded to the "call." In fact, within a week we have received several new nominations that promise well for the entrants. It is NOT too late to enter the contest. It is never too late to take up such a good thing as getting an automobile for spare time. Regardless of the larger vote at the beginning of the contest, the most of the work in these affairs is done during the latter half of the contest period. And the "hair" period has not arrived yet. The contest has six more weeks to run. The extra votes have gone down so gradually that candidates starting in now are at no handicap whatever.

One of the recent entrants wrote: "I have been watching the contest since it was first announced, and since there is not a candidate from my vicinity, I believe that I stand a pretty good chance. Send me supplies immediately." Now, that's the spirit that wins every time. Backed up with six weeks of good work—and a good prize should go that way. The trouble with many is that they enter early and think they have time to "burn" and do burn it, while one who enters later feels that there is no time to lose, and loses no time in getting busy. The balance of power is often in favor of the later entrant.

Another thing—many subscribers tell candidates that they will support them if they show enough progress that will likely make them best of support. If everybody waited for good progress, where would a candidate get a start? Come on, subscribers, do your part!

This is BOOSTER WEEK! Forget these little three and six-months subscriptions—make it worth while for the candidate, say a year or two years, and if you want to help worth while, make it three years. The candidate's smile for the latter term will more than repay you interest on your investment, and will go a long way toward bringing one of the autos where you, Mr. Subscriber, want it to go.

Now for the \$50 special prize, and the 100,000 extra club votes!

Extra Votes for Week Ending Next Tuesday

For each vote \$18 in subscriptions turned in for the week ending next Tuesday (October 16), candidates will receive 100,000 EXTRA VOTES (in addition to the regular schedule). Any surplus left over from last week's club offer will be included in the \$18 club this week.

It is not necessary to hold back subscriptions until a full club is secured. An accurate account is kept of all subscriptions turned in, and as soon as one \$18 club is reached the 100,000 votes will be issued. Candidates are not limited to one club. Eighteen dollars gets one 100,000 special prize, and \$200,000, and so on. Let your subscription collections increase, and thus make sure of one of the autos. And don't forget the \$50 SPECIAL PRIZE for best work last week, this week and next week.

NOTE—(1), District No. 1; (2), District No. 2; (3), District No. 3.

EXTRA Club Votes

100,000 EXTRA VOTES, in addition to the regular schedule, will be given as follows, for both new and renewal subscription collections:

For each \$18, for week ending October 16.

For each \$21, for week ending October 23.

For the next three weeks, for each club of \$24 in subscriptions, the following extra vote will be given:

\$5,000 EXTRA VOTES—Week ending October 30.

\$6,000 EXTRA VOTES—Week ending November 6.

\$7,000 EXTRA VOTES—Week ending November 13.

During the last week of the extra vote offer, after the first \$25 club, 2,000 extra votes will be given for each dollar of an incomplete club. It is not necessary to send in a complete club at one time. Send in your subscriptions as you get them, and as you get them, send in your extra votes at the contest office, the extra club ballot will be issued for clubs in arrears not limited to one club, but may have as many as their subscription collections warrant. Any extra vote offer even club will be included in the club for the week ending October 23. Returns for one week, when the next one starts. NO EXTRA VOTES WILL BE GIVEN FOR THE LAST WEEK OF THE CONTEST.

NO OTHER EXTRA VOTE OFFER WILL BE MADE DURING THE TERM OF THE CONTEST.

LARGEST ATTENDANCE AT CALGARY SCHOOLS IN CITY'S HISTORY

Increase of 465 Over Twelve Months Ago Is Report of School Superintendent to School Board

ACCOMMODATION

An Amount of Important Business Transactions at School Board Held Back Last Night

The attendance at the Calgary public and high schools is 242 higher than at any time previous in the history of the city, is the information given by Dr. Scott, superintendent, at the monthly meeting last night. This also means an increase of 455 over the same month last year. The total attendances was 8,570, of which 385 are in high schools. With 180 more pupils in the high schools there is one teacher less, with 296 more in the public schools there are five grade teachers more.

In his report, Dr. Scott referred to some changes in the attendance. The number of primaries has actually decreased and the increase is in the higher grades. There is no great increase in some of the further out districts, but there is a big increase in the central part of the city. "The indications are that it will be necessary within the next two years to provide extra accommodation close in, or devise some plan of sending older pupils out to some of the outlying schools."

Systems of Night Classes

It was decided last night to inaugurate a system of night classes in commercial courses, and this work will be started at once. A. J. Park, of the commercial department, and Mr. H. H. Brown, of the central collegiate, referred to the demand for such work, and a small fee will probably be charged to make the classes self supporting. The fee will not be more than \$2.00 or \$3.00 per month.

After some discussion it was decided not to renew the boiler insurance upon the school boilers this year.

Not Much Gossip

In the monthly report of the health department, Dr. Leacock reported 311 physical examinations. Of these, 22 had enlarged thyroids. This, Dr. Leacock explained, sometimes developed into cancer. However, and other cases did not so develop, even without the necessity of treatment. This was about the amount of children having that disease.

Kidney Trouble and Backache

CASSELL'S TABLETS STRENGTHEN THE KIDNEYS AND RESTORE THEIR NATURAL ACTIVITY

Kidney trouble means kidney weakness. Dr. Cassell's Tablets strengthen the kidneys through the kidney nerves, and their effect cures where ordinary means fail. The average kidney pill or mixture is designed to relieve symptoms which are really due to imperfect kidney action. Dr. Cassell's Tablets, on the other hand, go to the root of the trouble, and by supplying vital power and strength enable the kidneys to act properly. A moment's thought will show which is the right method, and Dr. Cassell's Tablets cure so thoroughly.

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of 8 cents for mailing and packing. Address: Harold P. Ritchie & Co., Ltd., 10 McCaul street, Toronto.

Dr. Cassell's Tablets are the supreme remedy for Dyspepsia, Kidney Troubles, Sleeplessness, Anemia, Nervous ailments, and Nerve Paralysis, and for weakness in children. Specially valuable for nursing mothers and during the critical periods of life. Price 10 cents per tube; six tubes for the price of five from druggists and storekeepers throughout Canada. Don't waste your money on imitations; get the genuine Dr. Cassell's Tablets.

Proprietors, Dr. Cassell's Co., Ltd., Manchester, Eng.

harmful school, decided to make temporary arrangements in the assembly hall to accommodate one class, and early next year, make further arrangements for accommodation in the district.

GRAIN GROWERS WANT THE FIXED PRICES GUARANTEED

G. Rice-Jones, president of the United Grain Growers, Limited, informed The Albertian last night that the company had not commenced buying grain since the settlement of the Fort William strike.

Mr. Jones stated that he did not anticipate the purchase of grain by the company until such a time as the government would guarantee the fixed prices set by the supervisors. Mr. Jones further stated that the company could not see the wisdom of grain buying at the present time as only a limited amount of grain could be handled at the terminals at present, owing to the congestion following the terminal strike.

As a result of the lifting of the embargo by the railways would not help materially, Mr. Jones stated that no doubt it would help considerably, but as the government had set the prices, grain buyers thought they should guarantee them.

POLICE PREPARING INFORMATION TO PROSECUTE BAKERS

It is now up to the commissioners to say whether the bakers will be prosecuted for an infraction of the bylaw which requires the size of the loaf to be 24 ounces. The bakers yesterday placed on sale the 20-ounce loaf. Chief Cuddy gave instructions that information be obtained ready for prosecution for infringement of the bylaw. The information has been prepared and will be submitted to the commissioners before any information is laid before the police magistrate.

City Solicitor Ford is of the opinion that if the bakers are permitted to sell the 20-ounce loaf, without the bylaw being amended there will be no grounds for prosecution for selling a short weight loaf. He also says if it is lawful to change the weight to 20 ounces simply by stamping the weight upon the loaf there is no reason why the loaf could not be made to weigh 20 ounces, so long as the weight is stamped upon it. He is in favor of compelling the observance of the bylaw so long as it remains in force.

VACANT LOTS GARDEN CLUB'S SHOW TODAY

A great many entries were received last night for the exhibition of vegetables under the auspices of the Vacant Lots Garden club, which opens this morning in the basement hallway of the City Hall.

The exhibition promises to be very interesting and the competition very keen. There were some splendid specimens of potatoes, carrots, turnips, cabbages and other vegetables gathered last night.

The annual meeting of the club will be held tonight in the old board of trade rooms at the top of the city hall. As there are 1,111 members in the club and all are expected to attend, the space promises to be somewhat crowded.

DRAFTED MEN MAY JOIN FLYING CORPS

Military headquarters have issued instructions that all men in class one under the Conscription act may join the Royal Flying Corps as volunteers, even after being called up under the act. There are openings in the corps for flyers and mechanics, especially fitters and carpenters.

Those intending to take advantage of this offer should apply to the western headquarters, 238 Main street, Winnipeg.

MINISTER OF LABOR AT FORT WILLIAM

Fort William, Oct. 9.—It is not expected that any final decision will be arrived at between Hon. T. W. Crothers, minister of labor, and the striking electricians until after the meeting tonight. This afternoon a long session was held between the minister and the representatives of the men at which, according to W. B. Jones, vice-president of the International Brotherhood of Electrical Workers, everything looked favorable for a settlement without further trouble. Following this, the minister went into session with owners and was closeted with them until after 6 o'clock. At 8 o'clock he again met the men, but it is unlikely that any definite decision will be reached until tomorrow.

SOUND FINANCE

Nelson, B.C., Oct. 9.—Nelson city this year, for the first time in its history, has financed its operations without borrowing any money from the bank and is now \$10,000 ahead, stated the city clerk at tonight's meeting.

THREE MINISTERS MEET BY ACCIDENT IN THIS CITY

Messrs. Stewart and Maclean on Their Way From Visit to the South

MITCHELL FROM EAST

Provincial Treasurer Makes Some Reference to Political Activity in Eastern Canada

Three provincial cabinet ministers, Hon. Charles Stewart, minister of public works, and probably next premier of Alberta, Archie McLean, provincial secretary, and Hon. Charles Mitchell, provincial treasurer, were in the city yesterday. They just happened to meet, so they said, and there was no political significance in the gathering. During the day, Hon. Charles Stewart, who is the day, Hon. Charles Stewart, minister of public works, and probably next premier of Alberta, Archie McLean, provincial secretary, and Hon. Charles Mitchell, provincial treasurer, were in the city yesterday. They just happened to meet, so they said, and there was no political significance in the gathering.

Mr. Stewart had nothing to say about the political situation. He had no information in front of him, and he would not say anything about it. In fact, Mr. Mitchell was the only member who was disposed to say anything, and when he would refer to the political situation, he would refer to the political situation.

There is a great deal of interest in the political situation in eastern Canada, but whether or not it will have any effect on the political situation in western Canada is a hard question to answer. There seemed reason to believe that Sir Wilfrid Laurier has decided to retire, but on going to Toronto to attend a convention he may come to alter his mind. What decision he may come to after his visit to Ottawa is another question.

When asked what Premier Sifton proposed to do, Mr. Mitchell referred to the report in the newspaper that he had no information to impart. All three ministers left for Edmonton on the evening train.

AUTO ROAD AROUND CROW'S NEST LAKE FORMALLY OPENED

The Hon. Charles Stewart, minister of public works for Alberta, and D. Robinson, minister of provincial highways, passed through the city yesterday on their way north.

The minister and the provincial engineer have just returned from the new auto road, built by the province around Crow's Nest lake, took place.

At present there is a wagon road going west, up the side of the mountain, and a Coleman it passes over a summit and is very difficult to negotiate in a car. Over a year ago the government started construction on this small piece of work and have just completed it.

There was considerable rock work which made construction very slow. Mr. Stewart and Mr. Robinson made the first trip over the new road and were met at the western end of the province boundary, by several motorists from B.C. automobile clubs.

Mr. Stewart addressed the gathering and during the course of his remarks intimated that the government of Alberta would likely apply all the proceeds of the automobile license tax to the furthering of better roads in the province. This tax amounts to \$250,000 a year.

Later in the day a large banquet was given at the Blairmore hotel by members of the Crow's Nest Automobile association to celebrate the occasion.

The new road, which will help to link up the auto road from Calgary to Spokane, is one of the greatest scenic roads in the province, and is being run along the side of a high rock cliff with the lake below.

NURSES' HOME AT GENERAL HOSPITAL TO COST \$15,000

A special meeting of the hospital board was held last night at the General Hospital to consider the erection of the proposed home for nurses. At a former meeting it was decided to proceed with the erection of this home, and the striking electricians, which it was thought could be built for \$10,000. It was decided at that time to go ahead, but to hold over the expense to \$15,000. But after tenders were called for, it was found that the home could not be erected for less than \$15,000. The Credit Corporation, which had offered to loan \$10,000, agreed to increase the amount to \$15,000. All that is required now is permission from the old general hospital board, which is financing the scheme, to build the home on the city property. It was decided to ask this board for the required permission.
