You wish the Natives to learn English. But who is going to teach them? We are also anxious to see our Natives well enlightened. We are doing all we can to this end. But the problem is: how are we to teach them English!

You may scheme out a plan of teaching the natives, spend

Handwritten notes in a different script, possibly a shorthand or a specific dialect, corresponding to the English text on the left.

thousands of dollars to carry out. What will be the result?

Before going any further, we only ask you to be kind enough to look with impartial eyes on the work that can be done, and is going to be done through this system of writing.

Geographical notion. from Bulmer's
Cont 2

Handwritten notes in a shorthand script, including numbers like 7000 and 3000.

Handwritten notes in a shorthand script, including the word 'Climate'.

Climate. = Handwritten notes in a shorthand script, continuing the notes from the previous block.
