BORDEN CAUSES SENSATION IN HOUSE OF COMMONS

SUFFRAGETTE DEMONSTRATION IS REGARDED BY KING GEORGE AS DIRECT DELIBERATE INSULT

He Flushed With Anger and Was Calmed by the Queen—Women Saved by Police From Ill-Treatment at Hands of Crowd—Three Railway Stations Burned.

Special Cable to The World.
 LONDON, March 12.—Militant suffragettes "broke out" once more today. They attempted to arrest the progress of King George and Queen Mary as the royal couple were returning from the opening of parliament and burned three railway stations.

Mrs. Pankhurst tonight denies that her five lieutenants, who achieved the disgraceful feat of interfering with the royal procession, threw anything, even papers, at the royal carriage, and repudiates any intention of insulting the King and Queen. Their object, she says, was to present a petition to the King, but really it was to make a striking suffragette demonstration. They knew it was irregular to attempt to force a petition on the King, and he undoubtedly regarded it as a deliberate insult, for he flushed with anger, and Queen Mary placed her hand upon his arm as if to calm him.

Women Were Frightened.
 The women, all of whom were young, and two very good-looking, were exceedingly frightened at the menacing aspect of the crowd of three or four thousand, which would undoubtedly have flung them into the lake in St. James' Park but for the protection of a large body of police. Some such outrage will surely be done in retaliation for the suffragette lawlessness when they are not fortunate enough to have the police to shelter them.

The suffragettes claim Queen Mary as a sympathizer, the not with the militant party. Onlookers today, when the suffragettes were struggling with the police near the royal carriage, saw King George turn and say something to the Queen, mentioning at the same time to the disgraceful spectacle presented by the women, as she asking whether she admitted this as an example of suffragette methods.

Surrounded By Crowd.
 The women, who were smartly dressed, had stationed themselves about five yards from each other in the front row behind double ranks of

VALUABLE ACCESSION TO EMPIRE WHEN SUCH IS BADLY NEEDED

LONDON, March 11.—(C. A. P.)—The timely assistance of the overseas dominions in regard to imperial naval defence was referred to in congratulatory terms during the discussions on the King's speech in the house of lords and commons last night. Lord Lansdowne declared that the sacrifices the dominions were prepared to make to lighten the burden of the mother country in naval defence would undoubtedly bring a valuable accession to the empire at a moment when such an accession was greatly needed.

Barl. Crewe pointed out that, while the dominions were animated by a similar spirit, yet they had taken definite and sometimes opposite views as to the best method of tendering co-operation.

FLEET UNITS BUILT IN CANADA WHOLLY IMPRACTICABLE PLAN CHURCHILL'S ADVICE TO BORDEN

Premier's Production of Hitherto Jealously Guarded Memoranda in House Comes as Bombshell—To Construct Dreadnoughts in Canada Would Mean Outlay of Seventy-five Millions on Plant, and Skilled Workmen Could Not Be Obtained—British Admiralty Would Be Unable to Spare Men for Two Fleet Units Proposed by Laurier.

OTTAWA, March 10.—Right Hon. R. L. Borden exploded a bomb shell in the midst of the opposition in the committee of the whole house tonight, while the naval bill was under discussion and it seemed for a time as if the debate would come to a sudden end. Mr. Turriff of Assiniboia, who had yielded the floor in the middle of his speech to enable the prime minister to make a statement, seemed fairly overwhelmed by the unexpected explosion and after a brief attempt to reply, was compelled to call upon Mr. Carvell, the Liberal member for Carleton, N.B., who during the day had already spoken at some length, to resume his labors.

Can't Build in Canada.
 The bombshell consisted of letters and memoranda addressed to Mr. Borden by Right Hon. Winston Churchill, which demonstrate the impossibility of Canada constructing dreadnoughts for many years to come and incidentally proved that the Laurier plan of two fleet units was utterly beyond the realm of practical politics. To start a navy on the large scale proposed by the Liberals, would, according to Mr. Churchill, involve to begin with the creation of a plant, costing \$75,000,000, which would not be ready to do work for at least four years. The workmen for such a plant could not be obtained in Canada, and moreover, even the Canada possessed two fleet units today, the British admiralty would be unable to spare officers and experts to instruct crews and take charge of them. In passing the first lord of the admiralty had occasion to say that if the Laurier naval plan had been carried out the Dominion would have been unable to man one single cruiser. On the whole Mr. Churchill presented a most sweeping indictment and denunciation of the entire program of the opposition, at least from an imperial standpoint.

Effect Was Crushing.
 The announcement of the prime minister tonight came with crushing effect, because all afternoon and evening the Liberals, from Sir Wilfrid Laurier down, had taunted Mr. Borden with suppressing important portions of the Churchill letters and memoranda. Indeed, to some extent they justified their obstruction upon the ground that the part of the correspondence which was not laid upon the table might prove of great value to their cause.

Mr. Turriff, of Assiniboia, was speaking toward midnight when Mr. Borden entered the house. The galleries rapidly filled, the official galleries being occupied by ladies in evening dress. He asked leave of Mr. Turriff to interrupt him long enough to make a brief statement, and then read his correspondence with the first lord of the admiralty. As the reading progressed the Conservatives gave way to unbounded enthusiasm, and the conclusion of Mr. Borden's speech was a signal for uproarious cheers and applause.

Still Obstructing.
 Nevertheless the house is sitting and may continue to sit until Saturday midnight. The Liberals during the day have been protesting that they were in the fight to a finish and the supporters of the government are determined and enthusiastic. The dissolution talk has faded away, but resort may be had to the closure, although likely not before next week.

The Codrere charges will be taken up tomorrow, when, by arrangement the house will come out of committee for that purpose.

The Churchill correspondence and memorandum follows:
 On Dec. 18, 1912, Mr. Borden wrote to Mr. Churchill, saying: It has been suggested to me that the construction of large warships of the most modern type has been attended with great difficulties in the earlier stages and that the cost has been excessive. If you are not trespassing too much upon

Special to The Toronto World.
 NEW YORK, March 10.—Dr. Friedrich Franz Friedmann left New York for Montreal tonight. He gave no demonstrations of his treatment during the day. The afternoon was spent in preparing cultures for use in Montreal, Ottawa and Toronto. It is Dr. Friedmann's announced plan to treat 100 patients in King Edward Institute while in Ottawa.

On account of a visit paid to him by Dr. M. Landesman of the People's Hospital today, Dr. Friedmann was particularly happy. He was told that two of the patients he had treated at the hospital last Thursday afternoon were beginning to show improvement. Dr. Landesman said the chest pains had decreased in severity in the cases of the two men treated for pulmonary tuberculosis, that the night sweats had been scarcely noticeable and that the coughing had been much decreased.

Perfect Technique.
 Dr. Alfred Meyer, a visiting physician at Mount Sinai, who saw the Friedmann treatment administered Sunday in that institution, said today that he thought Dr. Friedmann's technique perfect.

Just before Dr. Friedmann left his apartment for the train he told the reporters that he was very much pleased with the attitude New York physicians had assumed toward him in the last few days. He said he would deliver a lecture on his "cure" before a body of doctors in the near future, but the exact time and the organization which he was to address were not given.

Games on Snowshoes.
 One of those who called on Dr.

ANOTHER CURE IS DISCOVERED TRIED TO WRECK CHICAGO EXPRESS

Chicago Physician Believes He Has Serum Which Will Cure Tuberculosis in Any Stage.

G. T. R. Detective is Investigating Derailment of Train Near London—Previous Attempt Made.

Special to The Toronto World.
 CHICAGO, March 10.—Belief that Dr. Peter P. Duket, a Chicago physician, has produced a serum which will cure tuberculosis resulted today in the application of Springfield for a charter to establish the Lorimer foundation at St. Rita's Laboratory for Tuberculosis.

Ex-Senator Lorimer was given \$50,000 to start the laboratory and has arranged that his sons shall carry it on after his death. It will be established in connection with the Bennett Medical College at Loyola University. Its doors will be open to the world.

While the first tests at the new laboratory will be by Dr. Duket other doctors will not be barred from taking advantage of the facilities offered. Dr. F. F. Friedmann probably will be invited to come.

After Thirteen Years.
 Speaking of his experiments Dr. Duket says: "My attention was drawn to the treatment of tuberculosis by some experiments conducted along the line by Dr. Osler of Johns Hopkins University and Dr. Koch, the celebrated German physician, and I began at once to devote all my spare time to research work and experiments. After 13 years' work I succeeded in producing a lymph with which I was willing to begin treatments."

"This treatment has been tried in altitudes varying from sea level to more than 8000 feet above sea level. Having concluded my experiments in extremely high altitudes in the summer of 1912 and being convinced of the merit of my discovery, I administered it under all sorts of climatic conditions. I came to Chicago believing it offered me the largest possible field for usefulness."

your good nature I would be glad to receive any information along that line so that it would be available if necessary.

Not Practicable.
 "On Jan. 23 Mr. Churchill replied giving the following memorandum. The suggestion that the proposed battleships could be expeditiously built in Canada cannot be based on full knowledge of the question. The battleship of today has gradually been evolving from years of experiments and experience, she is a mass of intricate machines, and the armor guns, gun mountings and machinery all require separate and extensive plant of a very costly nature to cope with the constant changes in designs and composition. In addition to this the actual construction of a battleship where high tensile and mild steel are largely used, requires the employment of special riveters and steel workers. These men are difficult to obtain in Great Britain, and it is thought it would be a long time before a sufficient number of efficient workmen of this nature could be obtained in Canada.

For the manufacture of armor plates, large steel furnaces, heavy rolling mills, planing machines, carburizing plant, etc., capable of dealing with weights of 150 tons at a time, have to be provided, besides which the special treatment to obtain the correct quality of plates requires special experts who have been brought up to nothing else. Such men could not be obtained in Canada.

Need of Experts.
 For the manufacture of guns, plant consisting of heavy lathes, boring and trepanning machines, wire winding machines, as well as a heavy forging plant and oil tempering baths, with heavy cranes, all capable of dealing with weights up to and over 300 tons, are required. The men who do this class of work are specially trained and could not be obtained in Canada.

For the manufacture of gun mountings, which involves the using of castings of irregular shape from 800 to 100 tons and which require special armour treatment a special armour plate is required.

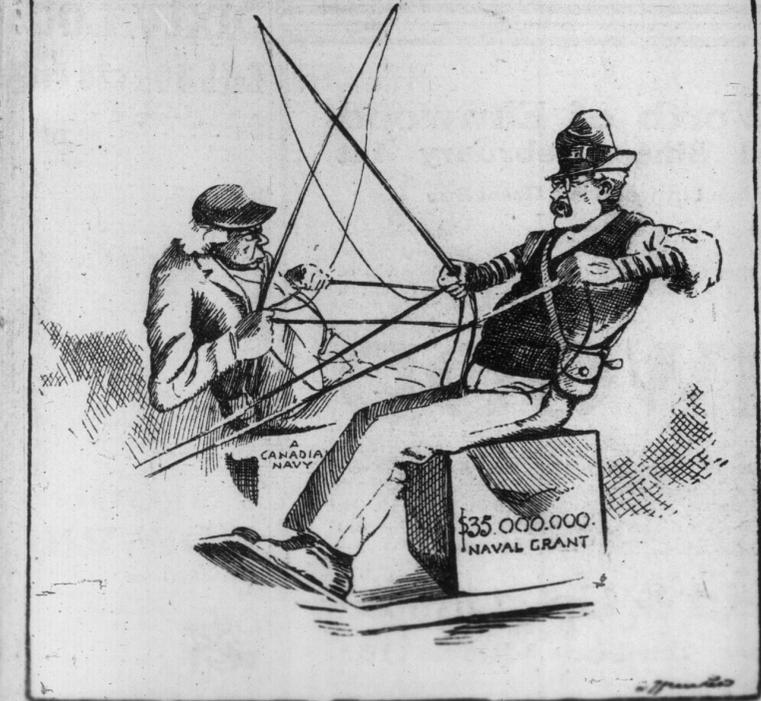

The hydraulic and electric machinery for these mountings are all of an intricate and special design, requiring special knowledge, and can only be undertaken by a firm having years of experience of work of this nature. The manufacture of engines, although requiring special treatment, does not present such difficulties as that of armor guns and gun mounting.

Radical Changes Possible.
 "But in starting a new business of this kind it would be difficult at this stage to know what plant machinery to put down, as the possible introduction of internal combustion engines may revolutionize the whole of the engine construction of warships. The above does not include specialties such as bilge pumps, steering gear, and numbers of other details which have to be subcontracted for all over the country and only with people on the admiralty list. The expense of fitting these up, sending them out, and carrying out trials, would become very onerous.

For the building yard itself, the installation of heavy cranes and appliances for building a vessel of say 27,000 tons, is a very heavy item, and the fitting of the blocks and ships to take this weight would require considerable care in selection of site, in regard to nature of soil for the blocks and launching facilities; so that the existing shipyards might not be adapted for this purpose.

Case in Point.
 As an example of the cost of a shipyard it may be mentioned that Eswick, in order to cope with increased work, have lately put down a new shipyard, which is costing approximately three-quarters of a million pounds. This yard has already been two years in preparation, and will not be ready for laying down a ship for another six months. With regard to

WHEELS LOCKED

THE RIVAL TRUCKMEN: Back up! you—

VIADUCT WORK SOON TO START

Six Tracks Will Be Built in Toronto by Three Railways—Freight Stations.

OTTAWA, March 10.—(Special.)—Provided the steel is procurable, construction of the railway viaduct on the waterfront at Toronto will be commenced this spring. The heads of the C. P. R. and G. T. R. have submitted in writing their proposals to the railway commission, and in these proposals have committed their companies to the construction of a six-track viaduct, and on the same terms as for the four-track viaduct.

That means that the city's share of the expense for the six-track viaduct will be no more than it would have been for the four-track viaduct. The division of expense is to be arranged at a conference of the engineers. There is every indication that the C. N. R. will have equal share with the other two roads in the construction and use of the viaduct.

It is expected that the railroad companies will secure an understanding with Toronto that with this settlement of the viaduct matter, the city will adopt a policy of permitting the establishment of freight stations and team tracks convenient to all industrial centres. This would enable the railroads to develop a policy of delivering and collecting city freight at the greatest convenience and least expense to all concerned, and to divert outside the city the thru freight traffic.

Miss Billie Burke a Great Favorite With the Ladies.
 Billie Burke, now playing at the Princess Theatre, has always been a great favorite with the ladies, and a capacity house last night testified to the fact that she is a great favorite with the male sex as well. In fact Billie is popular with everybody.

PREMIER DEBATES OP FOR CRY OF UNFAIR TREATMENT

Personalities Indulged in by Liberal and Conservative Members Results in Speaker Hoyle Laying Down the Law—N.W. Rowell Complains of Favoritism Shown to Conservatives—Brought Retort from Sir James—Jordan Experimental Station Said to Be a Failure.

Hon. W. H. Hoyle, speaker of the legislative assembly, was yesterday called upon to lay down the law of what is proper and improper in debate. J. G. Anderson, Liberal of south Bruce, and A. C. Pratt, Conservative of South Norfolk, got down to personal personalities and the epithets had heaped up into a nice pile. N. W. Rowell and Sir James Whitney each took a hand in the affair in an effort to see that their supporters all got fair play.

The squabble was brought into being by the fact that the speaker had called upon a return of copies of resolutions adopted at the board of any of its meetings, took occasion to criticize the management of the station, and in an effort to focus attention on the failure of the farm and said that it hadn't its credit the foundation of one single variety of small fruits. He then summed this up by declaring that he had proved that "the minister of agriculture was weak and inefficient."

"Weak and inefficient," said Mr. Anderson. "Well I guess honorable gentleman is competent to judge," said Sir James. "Well I suspect that the opinion of the prime minister himself," came back Mr. Anderson.

He then quoted from another editorial to the effect that the director, Mr. Harkness, was not properly qualified and that the starvation salary attached to the post was not sufficient to attract a capable man. The appointment, he said, should have been "something more than a political one." In the house he had asked for the home address of Mr. Harkness, and had found that it was Arena, Ont. Where Arena was, he had never known before, but a map showed him that it was Dundas County, Sir James Whitney's riding.

No Criticism Before. Hon. J. S. Duff replied to Mr. Anderson, and in a measure apologized for the present condition of the farm. The government had accepted the farm from Mr. Hoyle, and the best of the fruit experiments. The large part of the farm had gone to under drainage, and besides this, several fine buildings had been put up. He claimed that until the death of Mr. Hoyle, the former superintendent, there had been no criticism of the management. At present there were eleven acres of the farm under plums, two and a half under grapes and three under cherries. He said that in 1909, or so ago, he had been to a banquet at St. Catharines, and had not heard a word of criticism from the fruit growers who were present.

Inexperienced Boss. "They've lost all interest in it," interjected Mr. Anderson, but Mr. Duff went on with his explanation. J. C. Elliott, West Middlesex, said that there was no criticism about the fine buildings had been put up, but that the opposition had been put up, having a man in charge of tests who did not have any practical experience in matters of this kind and who was not making a success.

A. C. Pratt, Conservative, South Norfolk, "Everywhere you go there is nothing but criticism about the management of the station. The member from West Middlesex knows that the director of the station is a graduate of the Ontario Agricultural College, and although he is a young man, we have confidence that he will make good."

Sir James Whitney: "Isn't there a qualified staff as well?" "Not well thought of," "Exactly," said Mr. Pratt. "The member from South Norfolk is not so well thought of down in his county. They don't take him so seriously there as we do here. I could quote criticism which has been spoken of him in Norfolk county, that would make your hair stand."

papers, but before he could begin several members of the government side were up in protest. "I'm just projecting myself," said Mr. Anderson. "The honorable gentleman said my reputation wasn't good in the County of Norfolk."

The Liberals then began hammering their despatch and shouting loudly. "Withdraw," "Withdraw," "Withdraw."

Much Ado About Nothing. Sir James Whitney said that such a noise should not be created because Mr. Pratt had made no specific charges. "But they left a bad impression," said Dr. McQueen.

Sir James: "He did not say anything of resolutions adopted at the board of any of its meetings, took occasion to criticize the management of the station, and in an effort to focus attention on the failure of the farm and said that it hadn't its credit the foundation of one single variety of small fruits. He then summed this up by declaring that he had proved that 'the minister of agriculture was weak and inefficient.'"

"Weak and inefficient," said Mr. Anderson. "Well I guess honorable gentleman is competent to judge," said Sir James. "Well I suspect that the opinion of the prime minister himself," came back Mr. Anderson.

He then quoted from another editorial to the effect that the director, Mr. Harkness, was not properly qualified and that the starvation salary attached to the post was not sufficient to attract a capable man. The appointment, he said, should have been "something more than a political one." In the house he had asked for the home address of Mr. Harkness, and had found that it was Arena, Ont. Where Arena was, he had never known before, but a map showed him that it was Dundas County, Sir James Whitney's riding.

No Criticism Before. Hon. J. S. Duff replied to Mr. Anderson, and in a measure apologized for the present condition of the farm. The government had accepted the farm from Mr. Hoyle, and the best of the fruit experiments. The large part of the farm had gone to under drainage, and besides this, several fine buildings had been put up. He claimed that until the death of Mr. Hoyle, the former superintendent, there had been no criticism of the management. At present there were eleven acres of the farm under plums, two and a half under grapes and three under cherries. He said that in 1909, or so ago, he had been to a banquet at St. Catharines, and had not heard a word of criticism from the fruit growers who were present.

Inexperienced Boss. "They've lost all interest in it," interjected Mr. Anderson, but Mr. Duff went on with his explanation. J. C. Elliott, West Middlesex, said that there was no criticism about the fine buildings had been put up, but that the opposition had been put up, having a man in charge of tests who did not have any practical experience in matters of this kind and who was not making a success.

cities. He cited his own experience in traveling the roads of York County in the wee sma' hours, and the many narrow escapes he had from colliding with cowboys, which could not be seen on the roads.

Mr. Mageau (Liberal, for Sturgeon Falls) believed it would be a hardship to compel settlers of the north country to carry out such a provision. Sir James Whitney said that this argument was not reasonable, and the bill would be applied to all parts of the province in a way which would be satisfactory. He suggested that it be referred to the municipal committee. This was done.

Second Attempt Failed. The second attempt of Mr. Rowell to take the raising and spending of the \$250,000 loan by the province out of the hands of the government and placed under control of the legislative assembly, was defeated. Some days ago the opposition leader introduced a bill to amend the act respecting the consolidated revenue fund, so that the Liberals as well as the Conservatives would have a say in connection with the raising and disposal of the big sum. But the Speaker ruled the bill out of order by reason of the fact that no member of the house could introduce any legislation affecting the revenue of the province, this being one of the offices of the Speaker.

Yesterday Mr. Rowell came back with another bill, which was up for its second reading, which was the same as the previous one but differently worded. Sir James Whitney said that this bill was the same as the other except for the phraseology, and he asked the Speaker to declare it out of order, as there was no other course. He read rules and regulations of parliamentary procedure, and supported his argument, and added that the bill, if passed, would revolutionize the procedure.

After declaring that all such bills should be referred to the committee, and the lieutenant-governor, and only, could raise or spend loans, the Speaker declared the bill out of order.

Incorporate Leaside. Alex. McQueen (Conservative, for South York) introduced a bill to incorporate the Town of Leaside. It was referred to the municipal committee.

Dr. James McQueen (North West) introduced an order for a resolution to be passed by the house, showing the need of a road project next year, for which \$5,000,000 will be expended. A. M. Rankin of Frontenac believed that the road should be done immediately to increase the width of tires on all vehicles. At the present time narrow tires are doing great injury to roads throughout the province. He spoke in connection with his bill to amend the Motor Vehicles Act, which would increase the weight of 2000 to 4000 pounds were 3 inches wide; 4000 to 6000 pounds, 3-2 inches wide; 6000 to 10,000 pounds, 4-1-2 inches wide, and any greater weight 5 inches. This proposal is also advocated by the Ontario Motor League.

Hon. W. J. Hanna stated that next year the good roads scheme as announced in the speech from the throne would be under consideration, and he suggested that Mr. Rankin withdraw his bill, and that the subject matter would be worked out by the commission, which would be in charge of improving the roads of Ontario. On account of the different conditions of roads and the different vehicles which traveled over them in all parts of the province, a solution should not be hurriedly arrived at. Mr. Rankin withdrew his bill.

Make All Carry Lights. That all vehicles, as well as motor cars, carry lights at night was the gist of an amendment to the Municipal Act introduced by George H. Gooderham, South Toronto. Mr. Gooderham said that although Toronto controlled and regulated the traffic it was different from all other large cities in that it did not compel the use of lights to carry lights. He said that trucks, drays, lorries, buggies and all other conveyances, which at the present time did not carry lights, were endangering the lives of the people.

Mr. Hanna said that it was a good bill, but he said that it would have to be considered in the municipal committee. He suggested that it would probably be unreasonable to expect farmers coming to and going from the city to carry lights on their vehicles. Dr. Godfrey, West York, claimed that the Gooderham bill should embrace rural municipalities as well as cities.

Was Corley Advised? W. H. Proudfoot (Centre Huron) enquires if the insurance department during the months of November and December, 1911, advised J. W. S. Corley, K.C., crown attorney for Toronto, that the charge laid against J. K. Brodie, J. C. Wikar and E. M. Carroll, of conspiring to deceive the government inspector of insurance should be withdrawn. And, did the department of insurance advise Mr. Corley that it was aware that the Crown Fire Insurance Co. had not complied with the statutory requirements, and that the department had therefore not been deceived?

T. Marshall of Monck introduced a bill entitled "An Act to Prohibit Political Contributions by Corporations and J. G. Anderson presented a bill to require the publication of contributions for political purposes.

TO CURE A COLD IN ONE DAY Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

CAPTAIN'S LICENSE SUSPENDED SARNIA, March 10.—(Special).—The license of Captain Charles Yates of the steamer Alpena of the Wyandotte Transportation Line, has been suspended by the local inspectors of Port Huron for careless navigation of his boat on June 27, when he rammed and sank the steamer "Sahara" just off the mouth of the river in Lake Huron. At the time of the wreck there was a heavy fog on the lake. The license was suspended for 15 days from March 10.

ELMWOOD Our Agents are now earning handsome commissions selling this active property. EIGHTY THOUSAND DOLLARS SOLD SINCE FEB. 1 SITUATED ON NORTH BATHURST STREET. LOCATION, PRICE AND TERMS ALL FAVORABLE. SECURE DETAILS OF COMMISSION ARRANGEMENT IMMEDIATELY. OLIVER, REID & CO. 45 ADELAIDE EAST. Adelaide 1161.

ELMWOOD Property Sold Since February 1st Investors Realize Elmwood is a Great Buy

ELMWOOD has been very much in the "limelight" of late. Since February 1st, over \$80,000 worth of Elmwood property has been sold. As a good percentage of this property has been bought by people whom we have every reason to believe intend erecting buildings, the development of Elmwood should be rapid. Another factor that will "speed" the development of

ELMWOOD will be the electric railway developments up Forest Hill Road. Whether the present proposition goes through or not, there is certain to be electric railway connection with that district very soon. The constant agitation for a railway, and the

real necessity existing, are certain to culminate in the early establishment of connections. Call or phone for further particulars. Our motor cars are at your disposal to take you out to see the property.

"NOT LIKELY" SAYS BANK MANAGER ASKED ABOUT DEAL FOR MICHIE'S

Talk that the Dominion Bank would buy Michie's has been heard more or less for the last eighteen months, or ever since the bank began to form its plans for a new building at the southwest corner, but incidents of yesterday seemed to place a purchase very near to a fact. Major Michie has been out of town two weeks, and will be away until the first of April, his brother, Charles F. Michie, when asked, said he hadn't heard anything about the bank buying the property, and then referred The World to the bank's officials.

Mr. Bisset, general manager, said: "We have plenty of space for our new building. There is no deal on for the property, there are no documents signed, and there is not likely to be a deal."

Michie has been asking three-quarters of a million for the property. The World would not be surprised if a transfer was heard of within a few days, possibly not to the bank.

Next week the Dominion starts moving out of its building, and the week after that wreckers will be at work demolishing it. The St. Charles Hotel property comes down May 1.

REAL ESTATE NEWS IMPERIAL BANK BOUGHT KING W. LAND AS PART OF BUILDING SITE

Clearing Away of Leaseholds is Said to Be Only Obstacle Confronting the Erection of a Large Structure at the Northeast Corner of King and York Streets—Agent Affirms Bank as Buyers of One Hundred Foot Lot Which Will Run to Four Thousand a Foot.

As their customers move, so must the banks. New buildings of institutions established south of King street have been erected on that thoroughfare as the business centres have shifted, and now the Imperial Bank is almost ready to erect another line in the Imperial Bank area really the commercial district has gone from East Wellington to West King and at the northeast corner of King and York streets, at the west entrance to the commercial section the new building will go up. Further details of the King St. property adjoining the corner, bought by Daniel O'Brien, were secured yesterday from the buying agent, C. R. Pope, 46 West King street, and confirmation of the bank's proposals.

The people behind the purchase of 120 to 130 West King street and they also have the corner lot adjoining tied up as good as bought—giving them 232 feet on King street by 185 feet deep. On this large site I believe will be erected the finest banking structure in the city," said Mr. Pope.

Big Price for Prince George. The site is going to cost between \$800,000 and \$900,000 when it is completed. "You cannot get King street, which is in the financial section unless you pay tremendous figures. The York at the northeast corner of the Palmer corner and the Imperial Bank corner, owned by the Irwin Estate, is so entailed that it cannot be bought. The northeast was the only corner obtainable, and being right in the new commercial district, it is the most desirable having their most prosperous branch at the corner, it was the logical place, considering their class of business also, for them."

Was \$3000 a Foot. The deal for the property at 120 to 130 West King street, reported exclusively in The World on March 3, was at \$8000 a foot, \$312,500 being the price, and not \$2800 a foot as the early reports had it. Of this sum purchase price \$25,000 was paid down in November last and the balance of \$287,500, the deal, on the day The World told of the deal. The balance of the purchase money is to be paid over when all the leases and buildings are cleared from the land.

The vendors of the ground were the Ross Estate, a branch of the Baldwin family, and the lease which they gave to the Irwin Estate is a perpetual 21-year renewable. One of the periods expired just recently, and advantage was taken of a clause that gives the landowners right to acquire the lease by arbitration. The property was bought by Mr. Pope for his clients, the bank, subject to the lease being exercised, and the ground cleared from all encumbrances.

Irwin Lease on Both Lots. The subleases from the Irwin Estate, and their tenants in turn, are under the same conditions as the leaseholders. The land buyers will have to pay the award of the arbitrators, which will come to somewhere about \$100,000, making the cost of the property to the buyers nearer \$400,000.

The Irwin Estate lease extends also over the adjoining property, the northeast corner lot at King and York, which is owned by William Ramsey, a director of the Imperial Bank.

Last fall an offer of \$330,000, with \$50,000 cash, was made by Mr. Pope to Mr. Ramsey's agents, but it was not taken up, and the Irwin lease, one of the terms of which was then explained, was as far as can be learned, automatically renewed for another 21-year period. Just how to clear away the leases from the corner property is thought to be the big problem confronting the bank in its desire to build on the double-lot site.

The clearing away of the lease on the east half of the site and the renewing of the lease on the west part leaves one sublessee, Frank C. Campbell, in a peculiar position. His building is part on lot 120 and part on lot 130, and on one side he has a long lease and on the other side apparently no ground rights.

SHUTTER STREET FRONTAGE BOUGHT

Syndicate Headed by Dr. W. H. B. Aikins. Buys Forty Thousand Dollar Property.

A syndicate formed by Dr. W. H. B. Aikins, Bloor street, has purchased 20 and 22 Shutter street, at the northwest corner of Victoria street lane, paying \$40,000.

The vendor was Margaret J. Jackson, and the property is 47.3 feet frontage by 101 depth. Land assessment is \$10,932, and buildings \$5100.

HIGH CASH FIGURE FOR APARTMENT

Nine Suite House at St. Clair and Oriole Road Brings Eighty Thousand Dollars.

A nine-suite apartment house has been sold at \$80,000 cash. The apartment at the northwest corner of St. Clair avenue and Oriole road, with land 76 by 130 feet, was purchased by a Mr. Cootie of London, Ont., from the builder, Thomas McMillan.

The building is a three-story brick and its interior appointments are of a higher class than in the average apartment house. The suites, which are the regulation six and seven rooms, rent on an average at \$85 a month.

The sale, considering the number of suites, is probably the high level so far reached in the apartment house trading in this city.

THOROUGHLY TESTING FRIEDMANN "CURE"

U. S. Government Will Not Make Announcement Until Exact Results Known.

WASHINGTON, March 10.—(Can. Press).—Surgeon General Blue, of the public health service, announced today that Dr. John F. Anderson, director of the hygienic laboratory, who, with Assistant Surgeon A. M. Stimson, witnessed a clinic at Mount Sinai Hospital in New York yesterday, when Dr. F. F. Friedmann administered his vaccine to several patients, will not begin the government's tests until his return to Washington later in the week. Dr. Anderson notified the surgeon general that Dr. Friedmann had not yet given him details for the culture of the vaccine, but that he expected to receive them when the latter returns from Montreal next Thursday. In the meantime Dr. Anderson and Dr. Stimson will continue to observe patients treated by Dr. Friedmann in Mount Sinai Hospital and the Montefiore Home.

The surgeon general said today that the government would approach the test of the Friedmann vaccine with an open mind, and that nothing would be made public regarding the experiments until a most thorough test had been made. If the treatment is found to be good for the public, he said, it will be found to be good for the public will be so informed.

FRIEDMANN WILL SPEAK AT OTTAWA

Hon. Adam Beck Receives Acceptance of Invitation for Wednesday.

LONDON, Ont., March 10.—(Can. Press).—Hon. Adam Beck today received a telegram from Dr. Friedmann, the German physician and discoverer of a possible cure for tuberculosis. The telegram was an acceptance of an invitation to address the Canadian Association for the Prevention of Tuberculosis in Ottawa on Wednesday. Mr. Beck is president of the association. Dr. Friedmann will probably attend the opening session.

Mr. Beck left tonight for Toronto and will be in Ottawa on Wednesday to attend the meeting. He expressed himself as delighted at the prospect of meeting with Dr. Friedmann. "So far as I am able to ascertain," said Mr. Beck, "the highest medical authorities and journals have a good deal of confidence in Dr. Friedmann's opening session."

OTTAWA WILL HAVE TWO POLICE WOMEN

FOUR PIONEER CITIZENS PASS GALT OBIT.

OTTAWA, March 10.—(Can. Press).—Two police women, Mrs. William Cheney and Miss Florence Campbell, were sworn in by Chief Hesse this afternoon in Ottawa on Wednesday. They were made by the police commissioners at the request of the local Council of Women. The appointments were energetic workers for the Homeless Hotel and Traveling Aid Society, having met all trains and looking after all women and girls around the railway station. Their police duties consist of similar work.

FOUR PIONEER CITIZENS PASS GALT OBIT. March 10.—During 40 years Galt citizens died, whose names are: Alexander Galt, 82; Thomas Patterson, 79; E. T. Seagram, 71; Charles Kirby, 73; Edward Clouston, 80.

These changes were made: Alex. Galt, 82; Thomas Patterson, 79; E. T. Seagram, 71; Charles Kirby, 73; Edward Clouston, 80.

The recommendations were made: Alex. Galt, 82; Thomas Patterson, 79; E. T. Seagram, 71; Charles Kirby, 73; Edward Clouston, 80.

GRANDMOTHER USE SAGE TEA TO DARKEN HER FADED OR GRAY HAIR

Mixed With Sulphur It Makes Hair Soft, Beautiful—Cures Dandruff.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She kept her hair beautifully darkened, glossy and abundant, with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But the brewing at home is messy and "out-of-date." Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wych's Sage and Sulphur Hair Remedy"—you

will get a large bottle for about 50 cents. Some druggists make their own, which is usually too sticky, so "mix" upon getting "Wych's," which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair. A well-known downtown druggist says his customers insist on Wych's Sage and Sulphur, because, they say, it darkens so naturally, and evenly, that nobody can tell it has been applied—it's so easy to use, too, simply dampen a sponge or soft brush and draw it through your hair, taking

POPE'S CONDITION STILL IMPROVES

His Holiness Ate Some Soup and Yolk of Egg

TEMPERATURE HIGHER

This is Expected Until Influenza Has Run Its Course

Special Cable to The World.

ROME, March 11.—The Pope's condition continues most encouraging. He was given eggs today, the first departure from a strictly milk diet since he became ill. Dr. Marchisetti said at the Pope's bedside at 8 o'clock this morning. During the consultation, Private Secretary Pescini fetched the Pope's two sisters, who awaited Marchisetti in an ante-chamber. The physician found that the slight increase in temperature during Sunday night had subsided to 37 degrees, pain in throat was easier and expectoration was abundant. His report to the sisters was reassuring in the extreme, and they were most happy. An annoying weakness in the legs, which has been the source of rumors that the Pope was a victim of gout, was relieved by massage under the supervision of the Pope's special operator, Prosdocimo. Dr. Marchisetti ordered a further increase in medicines and declared the malady was progressing in an ordinary course.

Canada Law Book Co. Legal Battle Winner

WINNIPEG, March 10.—(Can. Press.)—A case of considerable interest to the legal profession in Canada was determined today in a written judgment by Justice Metcalf in Canada. Law Book Co. v. Butterworth, Butterworth & Co., law book publishers of London, have an incorporated subsidiary branch, with headquarters at Winnipeg. The law book company entered into a five-year contract, terms of which were in dispute, giving the Canada Law Book Co. of Toronto, sole rights and territory to "Halsbury's Laws of England." As soon as the contract had run out by construction of the law, and before it had expired by construction of the contract, the Canadian branch of Butterworths circulated the legal profession offering the work on India paper at a less price than it was selling in England on ordinary paper, and the action followed. The judgment is to the effect that the plaintiff is entitled to a return of his contract and to the renewal of his contract on the terms provided in a memorandum to the original agreement, and to the exclusive rights and territory for invasion of the exclusive territory by the Indian paper edition are to be assessed by an arbitrator.

SUFFRAGETTE DEMONSTRATION

soldiers and police, who were standing in front of the parliament building. Paget, leader of the party, waved her hand and darted towards the royal carriage. Before the police and soldiers realized what was happening they were inside the cordon. Here, however, they were quickly seized and three who struggled were hung to the ground. They were then led away by the police escort, and the crowd, breaking through the lines, surrounded them, booing, hissing and hurling objectionable epithets at the five panting young women. The charge lodged against them is obstructing the police, and they will get straight answers.

WILL WATCH TREATMENT FOR SEVERAL DAYS

Special to The Toronto World. WASHINGTON, March 10.—Surgeon-General Rupert Blue of the United States public health service said today that the World correspondent said that the government experts sent to New York to test or observe the Friedman treatment for tuberculosis would remain here several days. Dr. Blue said that no test of lasting value could be made without considerable time, and in a matter so important as this the government it was necessary that there be no mistakes. The board of officers appointed for the test is arranging for careful observations of the patients treated at the Mount Sinai Hospital and the Montefiore Home. Dr. Kary von Ruck of Asheville, N. C. has applied to the public health service for a test of his treatment for tuberculosis. He has been advised to apply for a license to sell his treatment in interstate trade, so that the test can be made.

FLEET UNITS BUILT IN CANADA

Continued From Page 1. two-thirds higher than in the imperial navy.

WOULD NOT BUDGE SAYS SIR JAMES

Ontario Premier Thinks Tactics of Ottawa Opposition Are Childish

HIS TRIP TO OTTAWA

Went on Invitation of Governor-General for an Investiture

Letter Was Confidential

Mr. Borden in reply said that the letter had been a confidential one. He had, however, obtained permission to give the details of the construction of the fleet units in Canada. He had pre-arranged to the house everything that was relevant to the present discussion. It was not unusual for the government in bringing down papers to omit letters of confidential nature. I selected from the communication and laid before the house everything pertaining to the construction of the fleet units in Canada. I trust that the leader of the opposition will credit me with having done this fairly and honestly.

Can't Get Experts

For the manufacture of guns, plant consisting of special lathes, boring and reaming machines, wire winding machines, as well as a heavy forging plant, all capable of dealing with weights up to and over 10 tons, are required. The men for the manufacture of gun mountings, which involves the use of special tools, from eighty to one hundred tons, and which requires special armor treatment.

FRIEDMAN CURE IS SHOWING RESULTS

Friedman at the Ansonia today was Dr. J. S. Atchison, a veterinarian of Marinette, Wis. When he heard that Dr. Friedman was in New York he covered nine miles on snowshoes, notwithstanding the fact that he is suffering from tuberculosis, to reach a statement that the cure was showing results. He submitted his case, asking for treatment. Dr. Friedman, he said, told him that if he would go to obtain the cure in New York he would obtain it. He had taken charge of the case and territory to "Halsbury's Laws of England." As soon as the contract had run out by construction of the law, and before it had expired by construction of the contract, the Canadian branch of Butterworths circulated the legal profession offering the work on India paper at a less price than it was selling in England on ordinary paper, and the action followed. The judgment is to the effect that the plaintiff is entitled to a return of his contract and to the renewal of his contract on the terms provided in a memorandum to the original agreement, and to the exclusive rights and territory for invasion of the exclusive territory by the Indian paper edition are to be assessed by an arbitrator.

WHAT WOULD YOU DO?

If, at the age of ten years, after your brothers and sisters had died of consumption and you were taken to live in the woods with your father, who was a trapper, he went out to tend his traps in the snow and was frozen to death and found by you? If you were taken to sea in a rickety vessel from which you escaped by walking across the ice? If you were picked up by another vessel and sailed from Montreal to South America, and finally found that your mother had married the captain of the vessel? If your mother and step-father both were drowned when their steamer was wrecked? If you were found on the shore and taken to a ranch to become a "cow-puncher"? If at the age of nineteen you married and discovered afterwards that your wife was a bad woman? If your wife committed suicide in your tent? If your life was so full of adventure that it was impossible to record it all?

WHAT WOULD YOU DO?

Read what Jesse Smith did. It is told in Roger Pocock's great novel, "A MAN IN THE OPEN"

Y.M.C.A. AT CHAPLEAU VISITED BY FIREBOYS

NORTH BAY, March 10.—(Can. Press.)—An attempt was made to destroy the Y. M. C. A. building at Chapleau by fire. A board of firemen pulled from the side wall in the basement and oil-soaked shavings ignited. Assistant Secretary Northcott happened to visit the basement at midnight, and discovered flames before much headway had been gained. The building is a modern structure, and many railway men make it their home for rooms and meals, and many lives would have been jeopardized had the flames not been discovered in time. A week ago pool tables were mutilated by some enemy of the institution.

TEACHERS MEET

The Toronto Elementary Graded S.S. Teachers' Union will meet in Bloor Street Presbyterian S. S. room, on Tuesday evening, March 11, at 8 o'clock. The international graded lessons will be taught to beginners and primary teachers. Songs suitable to the season will be taught by the musical director, Miss Jessie Smith, who will give "Blackboard Illustrations."

HAMILTON HOTELS

HOTEL ROYAL

Largest, best-appointed and most centrally located hotel per day. American plan.

WHAT WOULD YOU DO?

If, at the age of ten years, after your brothers and sisters had died of consumption and you were taken to live in the woods with your father, who was a trapper, he went out to tend his traps in the snow and was frozen to death and found by you? If you were taken to sea in a rickety vessel from which you escaped by walking across the ice? If you were picked up by another vessel and sailed from Montreal to South America, and finally found that your mother had married the captain of the vessel? If your mother and step-father both were drowned when their steamer was wrecked? If you were found on the shore and taken to a ranch to become a "cow-puncher"? If at the age of nineteen you married and discovered afterwards that your wife was a bad woman? If your wife committed suicide in your tent? If your life was so full of adventure that it was impossible to record it all?

WHAT WOULD YOU DO?

Read what Jesse Smith did. It is told in Roger Pocock's great novel, "A MAN IN THE OPEN"

READ IT

The first instalment will appear in The World next Monday.

W. R. BROCK'S SECURE CHAMPIONSHIP

SHORT-CUTS IN FIGURES: Try them

82
49
4018

9 times 2 = 18
Put down both figures
Carry one to 4 and say
5 times 8 = 40
Is not this easier than the way you multiply?

Now try this rule on the following examples:

32 x 38	66 x 82	184 x 98
33 x 37	55 x 64	147 x 48
34 x 36	73 x 77	146 x 77
35 x 35	88 x 46	246 x 49
43 x 47	63 x 48	328 x 88

This rule doesn't apply to all numbers but it applies to hundreds, and works just as well with three figures as with two. The lessons on "Short-Cuts in Figures" in Eaton's 100 Lessons in Business tells you all about it.

100 Lessons in BUSINESS

This is a new business book by Mr. Seymour Eaton. Endorsed by scores of the most distinguished business men of the country. The lessons cover every department of a business education. No teacher is required. Each lesson is self-explanatory. Mr. Eaton has made a great book of it not large or elaborate, but compact and attractive and simple; the kind of a book that every young man and every young woman should own. The book contains complete home-study courses in arithmetic and bookkeeping and correspondence and banking. Mr. Eaton has in his possession autograph letters regarding his earlier business books from scores of the most prominent men of the time including John D. Rockefeller, Andrew Carnegie, Theodore Roosevelt, John Wanamaker and many others equally widely known. This book is new from cover to cover, right up to date in every particular and is sure to commend itself with equal force to the big business men of today. This new volume contains complete the original "Short-Cuts in Figures" from Mr. Eaton's earlier business book. These are published in no other book in the world and are alone worth many times the price to everybody who office work requires figuring of any kind. The publishers' price is \$1.50. The World is distributing the first edition among its readers for 12 Coupons and 77 cents. See Coupon below.

Fine Lot of Entries In Kentucky Derby

LOUISVILLE, Ky., March 10.—Announcement was made tonight by the new Louisville Jockey Club that thirty-two three-year-olds have been nominated to start May 10 in the Kentucky Derby, and six more nominations are coming from the far west, bringing the total number to thirty-eight. This number is far greater than anticipated, owing to the public opinion that the race lies between Hawthorn and Helios, two Kentucky geldings. The race will be worth \$100,000. The race, which was won last year by H. C. Hallenbeck's great colt, Worth, will bring together the best three-year-olds in training. Nominations to the other nine stakes total \$250,000.

The horses nominated are: Hawthorn, Helios, Ten Point, Yankee Notions, Leochares, El Palomar, Lord Marshall, Judge Wright, The Widow Moon, Brookfield, Nash Cash, Chilton King, Ringling, Uncle Hart, Donerall, Frederick L., Upstoppa, Stronous, McCorkle, Prince Hermis, Sam Hirsch, His Majesty, Foundation, Flying Tom Ruskin, High Star, Gowell, Floral Park and Cinders.

Only one has a gelding won the Derby, and that was Vagrant, in 1876. A filly has never won the race.

ATHLETICS AT QUEENS.

KINGSTON, March 10.—(Special.)—Jas. Moxley, medical student, and waterweight boxer, has been appointed assistant physical director at Queen's University. The Alma Mater Society has authorized the recommendation of John D. Lawson, secretary of the athletic committee, to tax students \$5 upon registration for athletic purposes.

CHARLESTON March 10.—John Purton repeated today with Musgrave again on his back, beating the even money favorite, Shackleton, in the third race. Nimbly in the opening event was the only public to land the closing race at 15 to 1. Summary:

FIRST RACE—Purse \$300, 4-year-olds and up, selling, 6 furlongs: 1. Nimbly, 108 (Grant), 6 to 5, 1 to 3 out. 2. Casque, 108 (J. Wilson), 10 to 1, 3 to 4 out. 3. Chilton Squaw, 101 (Snider), 8 to 1, 5 to 7 out. 4. Gold Mine, Lady Hughes, Mad River, Steal Away and Boddy also ran.

SECOND RACE—Purse \$300, 2-year-olds, selling, 3/4 furlongs: 1. Manners, 110 (Goose), 4 to 1, 8 to 9 out. 2. Harwood, 112 (Pike), 3 to 1, 6 to 7 out. 3. Ada, Sister Baby, Luxuria, Edna Leska, Jessie Louise, Cassa, Cannel and Free Trade also ran.

THIRD RACE—Purse \$300, 3-year-olds and up, selling, 5/8 furlongs: 1. Hoffman, 109 (Wilson), 7 to 1, 5 to 6 out. 2. American, 104 (Corey), 13 to 5, 4 to 5 out. 3. Spohn, Progressive and Queen Bee also ran.

FOURTH RACE—Purse \$300, 3-year-olds and up, selling, 3/4 furlongs: 1. Martre, 109 (Corey), 7 to 1, 5 to 6 out. 2. Cour d'Aene, 84 (Snider), 9 to 1, 4 to 5 out. 3. (Dreyer), 5 to 1, 2 to 1 out. 4. Berkeley, Pike's Peak, Masterson, Dipp and Cullen Crews also ran.

FIFTH RACE—Purse \$300, 4-year-olds and up, selling, 3/4 miles: 1. Irish Kid, 104 (Buxton), 15 to 1, 6 to 7 out. 2. Sandie, 108 (Martin), 6 to 1, 3 to 4 out. 3. Supervisor, 110 (Wolf), 3 to 1, 6 to 7 out. 4. Annie Sellers, Lord Elam, Mad River and Ace also ran.

FAVORITES AT JUAREZ.

CHARLESTON, S.C., March 10.—The races at Juarez today resulted as follows:

FIRST RACE—Half mile: 1. Murphy, 8 to 1. 2. Thodita, 112 (Groth), 5 to 1. 3. May L., 104 (Molesworth), 5 to 1. 4. May L., 104 (Molesworth), 5 to 1. 5. Harward, Carona, McDougall and Abdenago also ran.

SECOND RACE—Six furlongs: 1. Salvage, 113 (Whately), 8 to 1. 2. Fort Johnson, 112 (Molesworth), 5 to 1. 3. Definite, 112 (Sielaft), 5 to 1. 4. Time 1:16 3/5. Steerlin, Stonecutter, Ruth Boney, Mit Jones, Meads, Lady Young, Doherty, Ledgett, Lees Frar and Gene Wood also ran.

THIRD RACE—Six furlongs: 1. Habsull Hall, 107 (Robbins), 5 to 1. 2. G.H. 105 (Groth), 15 to 1. 3. Schmand, 106 (Sielaft), 30 to 1. 4. Time 1:13 3/5. Evran, Transparent, Pillioner, Lehigh, Troublesome and Pipe Vison also ran.

FOURTH RACE—5/8 furlongs: 1. Darlo Boy, 111 (Robbins), even. 2. Salada, 101 (Halsey), 5 to 1. 3. Time 1:07 1/5. Amon, Elizabeth Harwood and Ralph Lloyd also ran.

FIFTH RACE—Six furlongs: 1. Truly, 110 (Groth), 11 to 1. 2. Lewin, 106 (Halsey), 5 to 1. 3. Fitzgald, 102 (Bazanar), 9 to 1. 4. Time 1:14. Ancestors, Weyanoke and King Stewart also ran.

SIXTH RACE—One mile: 1. Engraver, 102 (Haynes), 9 to 1. 2. Nanite McDee, 103 (Robbins), 5 to 1. 3. E. L. Eckert, 105 (Groth), 29 to 1. 4. Time 1:40 2/5. Sleepland, Oswald B., Lescar, Abund, Laymister and Balchiff also ran.

THE SOCCER WAR.

WINNIPEG, March 10.—The football war will break in Winnipeg this week, when the annual meeting of the Winnipeg and District will be held. A number of the football men had a conference with officials of the Amateur Union, but arrived at no policy, in respect to league matters. The football men take exception to the statement made by President Boyd of the Amateur Union, while at the amateur meeting in Toronto, where he said that the west did not want to play against the English pro teams. "This is what we want," is what the football men say.

PARKDALE CANOE CLUB IS OPPOSED

To Location for Club House Proposed by Harbor Commissioners.

The Parkdale Canoe Club are opposing the exchange of properties with the Toronto Harbor Board on the terms as laid down by the commissioners. The club state that to build a new club house on the land would necessitate an elevated entrance over the tracks, an expensive cement foundation and that the board should bear this extra expense. The harbor board are objecting to this and are threatening to institute expropriation proceedings unless the club come to terms.

WILLIE RICHIE AGREES TO MEET MCFARLAND

CHICAGO, March 10.—Willie Richie, lightweight champion, announced today that he will give McFarland, who beat him for the title, provided he will agree to weigh in at 133 pounds six hours before the bout.

"You can't blame me for wanting to drag Packey down somewhere near my grave," said Richie, "but I will give the greatest exponent of scientific boxing in the world, if anyone will allow him to come in at 133 pounds at least six hours before ring time. However, as I hold the lightweight title, I feel it is purely a business deal to have something to say about my weight. As far as the money is concerned, I am not claiming the lion's share."

W. R. BROCK'S SECURE CHAMPIONSHIP

Defeated Massey-Harris in Mercantile League Finals A Semi-Serious Game.

W. R. Brock defeated Massey-Harris, last year's champion, in the final game of the Mercantile League, by the score of 3 to 2 last night at the Arena and gathered unto themselves the championship honors for 1913-14. The winners will be the proud possessors of the Alkenhead Cup for one year. The game was a real battle, in which both teams were so cramped that their efforts at times were ludicrous. Every one of the large crowd of supporters who kept the place in a continual uproar with their cheers, had more than a minute's rest if they had been looking at some artificial fun-maker. The rule in the good old fashion way was the rule and the puck was hit the puck and if you can't hit the puck, work was exhibited, given at that some nice sharp and hissing, which was very strong in the second half, and Bert Darlington, the ex-Argonaut manager, performed brilliantly in goal. Sanderson for Massey-Harris was the most consistent player and he forced the play all the time. Shields was watched too closely to be very effective and Beemer kept him cornered nearly all the time. Joe Stevens was very strong at point, but spent a considerable portion of his time on the fence.

Mr. Alkenhead, the donor of the cup, faced the puck off. Both teams went to work with a will and it took six minutes before Burton crossed the first, when he took Curzon's pass from behind and beat Doyle. Massey-Harris responded and ripped in on Darlington time after time, but he was there all the time, clearing nicely. Gradually Brock began to wear down their opponents and Burton circled the net and passed to McFarland, who beat Doyle in 21 minutes. The uproar was then a glorious struggle began with both teams giving and taking with a will. Gradually Brock began to wear down their opponents and Burton circled the net and passed to McFarland, who beat Doyle in 21 minutes. The uproar was then a glorious struggle began with both teams giving and taking with a will. Gradually Brock began to wear down their opponents and Burton circled the net and passed to McFarland, who beat Doyle in 21 minutes. The uproar was then a glorious struggle began with both teams giving and taking with a will.

NO DISRESPECT SHOWN ROYALTY SAY WOMEN

LONDON, March 10.—The union to which the militant suffragettes belong issued this evening the following note: "The presentation of a petition to the King and Queen was out of respect to their majesties, but to call their attention to the fact that there are in power ministers who are completely ignorant of the very serious situation which has arisen and who are quite out of touch with the popular feeling of the country in connection with the denial of the elementary rights of citizenship."

NEW SCHOOL NURSES.

Twelve additional school nurses will begin work next Monday. They include two who are out of the United States hospitals and one East Indian. The addition will make a total of 35 public school nurses.

ECZEMA IS CAUSED BY IMPURE BLOOD

Cured by Dr. Williams' Pink Pills Because They Make Pure Blood.

Ask any doctor and he will tell you that eczema is caused by impurities in the blood; that nothing can cure it that does not reach the blood—that salves and outward applications are worthless as a waste of money. The reason why Dr. Williams' Pink Pills have always been so successful in curing this most annoying trouble is because they act directly on the blood, reaching the root of the trouble and driving out all impurities. They banish eczema, salt rheum and unsightly pimples and eruptions, relieve the irritation and itching and give perfect health. Mrs. A. Pilling of Milestone, Sask., says: "I was afflicted with a blood and skin disease which the doctor called eczema, but which did not yield in the least to his treatment. I was completely cured. I can strongly recommend the pills to anyone suffering from that trouble."

A medicine that can make new, red blood will cure not only skin troubles, but also anaemia, rheumatism, neuritis, indigestion and a host of other troubles, simply because these troubles are the result of bad blood. Dr. Williams' Pink Pills make new blood, and under their use blood and nerve troubles disappear. Sold by all medicine dealers, or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

THE WEATHER

OBSERVATORY, TORONTO, March 10.—(8 p.m.)—Fair, mild weather has prevailed today throughout Canada. Harpur, Customs Broker, McKinnon Buildings, 10 Jordan St., Toronto.

PERMIT FOR DWELLING.

C. H. Fleming has received from the city architect a permit to build an office on the east side of Frank avenue, near Drummond road.

BRILLIANT PLAY AT THE PRINCESS

Billie Burke Given Eight Curtain Calls After Second Act.

IRISH COMEDY IS FINE

"Top o' the Mornin'" Appeals to Lovers of Ireland—Other Theatres.

Sir Arthur Pinero and Miss Billie Burke between them last night did the trick at the Princess in the brilliant comedy of stage life, "The Mind the Paint" Girl. Probably the best audience of the evening was swept into enthusiasm by the strong situation in the third act, and eight times the curtain shows what happens to the up for the delight of the house found Nicholas Jewell, there in a world it had been satisfied then had the wimp in a be-

ward and made a little effort of speech of gurgling gratitude, which she said was no better than any other speech she had made, but was full of the pleasure of playing to such an audience. Burke is the star in such a strong body of such powerful emotions. Pinero has produced no mere light comedy in this play. There is a strong and well-balanced comedy.

Top of the Mornin'.

Typically Irish, with Irish brogue, humor, costumes, and everything else that smacks of the Emerald Isle, is the comedy "Top of the Mornin'" which was presented at the Royal Alexandra last night before a large audience. The cast was composed chiefly of Murphy, Keane, Kelleys, O'Connors, and the audience with persons of similar ilk, so it is unnecessary to state that the evening was enjoyable. Had the comedy been given at a theatre where it is altogether a strong and well-balanced comedy.

The Common Law.

"The Common Law," a dramatization of Robert W. Chambers' popular story, was presented at the Grand last night, and the stage play has been as successful as strongly to those who have not read the book as to those who have. The novel is familiar to the very fact that a woman is struggling against the conventions and suffering the heartache that go with being a woman in a world of different caste seems to strike a sympathetic chord in the heart of every woman in the audience. Chambers has done one thing that no other male novelist has ever done before him—he has analyzed a woman's mind and shown the woman herself, and not from a man's viewpoint. The story of "The Common Law" is a story of a woman who has been talked about more than any other of his class in the past century of a century. Valerie West, daintily, if unconventionally reared, thro' stress of circumstances, has been brought up in a convent. She falls in love with Louis Neville, the artist, and rather than ruin his career she thinks, and brings to accept him without the formality of marriage. The artist, however, brings to let her make the sacrifice, is the thread of the story. The brilliant logic employed by the author in the nuptial tie introduces a number of dramatically exciting episodes, which, of course, have been taken advantage of in preparing the story for the stage. The play makes a particularly strong appeal to women, and the author's charming interest to the feminine sex, notwithstanding that the scenes presented are of a domestic nature, the story contains a forcible indictment against the accepted conventions, the author has cleverly taken advantage of the accepted conventions, and has attracted an impression which might undervalue the sanctity of the holy relations.

Good Bill at Shea's.

Valerie Bergere captivated the audience at Shea's Theatre yesterday with her beautiful delineation of Madam Darling in Grace Griswold's dainty sketch, "His Japanese Maid." The artist's stage setting and perfect artistry support by Herbert Warren, as Senator Halderberg, and the scene Miss Bergere's company created an ideal playlet. While it recalls the "Madam Butterfly" by its elegant depictions, and the music; recalls its atmosphere, its charming finale makes a happy contrast with the "Madam Butterfly" production. "His Japanese Maid" for histrionic values has not been surpassed by any other stage production on the local vaudeville boards. For robust fun the Max Burlesque Circus is the greatest thing since sliced bread. The grand parade around the circus ring, with comic elephants, ponies, giraffes and a grand opera burlesque of merit, Robert Emmet Keane, as an American Englishman, is the most entertaining monologue in the delineations of the confused London swell in New York are delightfully withal, and the "Miss Peaches" J. Ward, with his five "Miss Peaches" as melody made, gives an imposing and a grand finale, with a grand instrumental repertoire, Max's Models.

NEW YORK LIBRARY WANTS ALL SPEECHES

The New York Public Library has asked for copies of the inaugural addresses of the mayors of Toronto, to be placed in its reference department. The request is for the addresses of the past several years past. Also the library wishes the Toronto City Councilors to place it on their mailing lists and asks the municipal government to arrange this.

ATTACKED BY BULL, MAY DIE.

BLENHHEIM, Ont., March 10.—(Can. Press).—A. E. Rowe, a middle aged farmer, residing four miles west of here, is in a dangerous condition as a result of having been attacked by a bull. He was coaxing the beast into a box stall, leading him on with a pair of grain. After he had got the animal into the stall, the bull turned on him and pinned him against the stone wall. Rowe called for help, and Joseph Wilson, who was outside, answered his cries and drove the animal off. Dr. Hanks was called from here, and found that Rowe had three ribs and his collarbone broken, and was injured internally.

Indigestion for 2 Years

Few people seem to realize that chronic indigestion is a disease of the intestines rather than of the stomach. Even the doctors err in this way, as is proven by this letter.

Dr. Chase's Kidney-Liver Pills are the most effective treatment obtainable for chronic indigestion, because they awaken the action of the liver and bowels, sweep the foul impurities from the system, and set the whole digestive system in perfect working order.

Mrs. George Swan, Ashworth, Ont., writes: "My husband suffered with indigestion for two years. We tried three different doctors, but they didn't help my husband very much. As he still suffered he began using Dr. Chase's Kidney-Liver Pills, and soon got relief. I am thankful to Dr. Chase's Kidney-Liver Pills for the cure of my husband after other treatments had failed."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25¢ a box, all dealers, or Edmondson, Bates and Co., Limited, Toronto.

CITY TO PROTEST THE RADIAL BILL

Notice of Application Differs From Bill Introduced in Legislature.

The Toronto and York Radial Railway bill is to be protested by City Solicitor Johnston when it comes before the standing orders committee of the Ontario Legislature on the ground that the notice of the application for introduction in the legislature. The latter track the company power to introduce in the legislature. The latter double track Yonge street north of the C.P.R. tracks to York Mills, whereas the legislation of which notice was given provides for an agreement with the city before double trackings.

Miss Athol Nordheimer has returned to town from a visit to Mr. Kirk.

The faculty of Moulton College give an at some this evening at 8 o'clock.

The Dovecourt Old Boys and Girls held their first reunion on Thursday night, Miss Bertha Bryson in the chair, giving a short address, after which the election of officers took place, as follows: Honorary president, Dr. E. Conboy; president, Miss Ethel Edwards; vice-president, Miss Bertha Bryson; secretary, Mr. Jack Lindsay; treasurer, Mr. Wilson Curtis; pianist, Miss Muriel Manning. A social program was rendered, and addresses were given by Dr. Conboy, A. de Meville, Miss A. E. Bank, after which the National Anthem was sung.

Mr. and Mrs. F. H. Schmidt of 460 Palmerston boulevard left on Tuesday for Bermuda. They will return about the middle of April.

Mr. and Mrs. Will Brown announce the engagement of their only daughter, Kathryn Carroll, to Mr. Hugh Preston Jay, son of Mrs. Charles I. Jay of Meaford, Ont. The marriage will take place in St. Augustine's Church, Easter week.

An interesting engagement has just been announced in New York City, that of Miss Teresa Frances Wolfe, the talented daughter of the late Max Wolfe and Mrs. Wolfe of Ottawa, and Mr. Morris Rankin of New York and Brooklyn. Mr. Rankin is a prominent young wholesale manufacturer of New York City. The date of the marriage will be announced later.

Mrs. A. B. Clarke of East Bloor street is leaving town on Saturday for the south.

Miss Viola Chaplin of St. Catharines was in town for a few days, the guest of Miss Ivy Knox.

Mrs. Maud Nicoll, Allen Nicoll, Miss Marjory Nicoll and Mrs. E. Richardson, 17 Rusholme road, left on Tuesday to spend the remainder of the winter in San Antonio, Texas.

Mr. J. M. Maclean has returned to town after a five months' trip abroad. He is bringing back the continent, Algeria, Egypt, Ceylon, Straits Settlements, Dutch East Indies, China and Japan.

Receptions Today. Mrs. Goulding, 87 St. George street, and not again.

Receptions. Mrs. W. H. Hoyle (wife of the Hon. the Speaker), 50 Concord avenue, Wednesday. Mrs. W. T. Brown, 198 Crawford street, not on Wednesday.

IF THIS IS YOUR BIRTHDAY

You will be sorry about money, but nothing worse than worry will happen, and the year will be fortunate for you and for those dear to you. You will form new friendships. Those born today will be of kindly disposition, diplomatic and of good address. Some of them will reach high position, being particularly fitted for the management of foreign commissions.

THE DAILY HINT FROM PARIS

GOOPS

By GELETT BURGESS

Master Bildad A puppy, when he gets a bone, Will keep it for himself alone. So Bildad would not share his boys Or lend them to the other boys. He was a Goop; and so are you If you are ever selfish, too!

Don't Be A Goop!

The original of this sketch was made of gray charmeuse and thin silk voile, the thinner material being used for the pleated parts.

CZAR'S WIDOW IS SINGING NEW YORKER

Paris, widow of Alexander II, the czar of all the Russias, who was killed by nihilists in 1881, made application in the supreme court here today for an order directing Victor Gertz, a New York lawyer, to pay her \$200,000 as a fee for collecting \$22,500, and she considered \$1000 ample. The court took the matter under advisement.

BUILT FOR SMALL-SIZED PARLORS.

The Heintzman & Co. Miniature Grand Peculiarly Adapted for the Average Modern Home.

A grand and only a grand piano is the choice of many home-makers. But size has been the barrier because of the trend in house-building to the small parlor. The old firm of Heintzman & Co., Ltd., 193-195-197 Yonge street, have overcome this difficulty by the building of their miniature grand piano. This is a complete grand piano, having all the musical features of a single grand piano—tone, power, touch, etc.—but is only five feet four inches in length, a size convenient and appropriate to a small parlor.

SCHOOL INQUIRY

Counsel Not Ready to Proceed With Investigation.

Perce Brown, counsel for the board of education, informed Judge Winchester yesterday that the board was not ready to go on with the school contracts investigation. Judge Winchester stated that the board was not to be examined by Mr. Brown, but that the board was to be examined by the experts, who inspected the school buildings, in the construction of which they are alleged to have found imperfections and substitution. Mr. Brown would not say when he would be ready to go on with the enquiry.

LOST HER KEYS.

One of the young ladies who are playing at the Grand this week lost the keys to her trunk while walking from the Bay Tree Hotel to the theatre last night. The keys were in a small bag, and if found should be returned either to the Bay Tree Hotel or the Grand Opera House.

TO ASK BORDEN FOR DECLARATION

As to His Stand on Woman Suffrage in Canada.

WASHINGTON PARADE

Mrs. L. A. Hamilton Told Equal Franchise League of Big Demonstration.

The Margaret Eaton Studio was all too small to accommodate those anxious to hear Mrs. L. A. Hamilton, president of the Equal Franchise League, relate her account of the suffrage congress and parade at Washington. Proceeding her address proper Mrs. Hamilton told of a letter she had received from Miss Wylie, the English suffragette, asking that the Canadian women be urged to get a declaration from Mr. Borden respecting their cause. Mrs. Hamilton then told of the Sunday meeting at Columbia Hall, Washington, where in less than half an hour 3000 were pledged to help defray the expenses of the pageant and for the work of suffrage. Men in clerical and caps, among the "hikers" from New York was one baby of 67. An incident related was that of the students of a college in Maryland, who had been asked to be instrumental in some discourtesy to the traveling suffragettes, and to show their repudiation of the act, asked permission to escort the procession through their district.

WIFE WOULD NOT GIVE EVIDENCE

Prisoner Was Freed on Charge of Abusing His Baby.

JUDGE'S STERN REBUKE

"Man is the Only Creature That is Brutal to His Young."

In the dock in Judge Morgan's court yesterday sat a reckless man with a very low brow. On the witness stand stood a very small frightened girl, nervously smiling at the roughened-out eyes of the judge. He was her husband and she would not give evidence against him, though the gossip of the alley alleges that he deals with his wife and children as he would with their women. He was being tried on a charge of having branded her five-months-old child with a hot iron, and was charged with being instrumental in some discourtesy to the traveling suffragettes, and to show their repudiation of the act, asked permission to escort the procession through their district.

Question and Answer.

I have a baby, a year old on the 8th. He is on the bottle and I would like to wean him. Could you tell me how to go about it? His present diet is: 7 a.m. a bottle of milk; 10.30, a rusk and three ounces of milk; 2 p.m., soup one day and egg the next; 6 p.m., a rusk; 10 p.m., bottle of milk. He won't let his bottle go whether there is anything in it or not, so I thought you would advise me what to do.

You are wise to discourage the bottle habit so early, because it is a habit that grows, and is very hard to break at two years. But if you take away the bottle, you must substitute half solid food. Your baby is evidently ready for more food, and you will be so anxious to hold on to his bottle, I am glad you fed him regularly, and so exactly how much food he receives. I will give you a diet list that will do him during this second year. When he is eighteen months old or over, you may increase the amount of food, but you will make no mistake if you keep strictly to these foods until he is two years old, then we can give another list for the third year.

6.30 a.m., 8 ounces warm milk or 6 ounces milk and 2 ounces of well-cooked oatmeal or 2 ounces of well-cooked oatmeal or 2 ounces of well-cooked oatmeal or 2 ounces of well-cooked oatmeal. Give this from a cup with half a teaspoonful of sugar. A cupful of warm milk, or a piece of dry toast complete this meal. 2.00 p.m., 2 tablespoonfuls of beef chicken broth. A jellied egg, or a scrap of beef. Begin with a teaspoonful of beef and increase to a tablespoonful gradually. For dessert you may give a little rice, cooked three or four hours and a piece of dried out bread. 6.00 p.m., oatmeal and milk, as at 10 o'clock in the morning, or rusk and milk, or bread and milk, and a cupful of milk to drink. 10 p.m., a bottle of milk.

You will be careful, I know, in starting this new diet. Do not begin it all at once, but introduce each new food by itself. It is not wise to give a young baby a large quantity of solid food. A great care must be taken in giving the cooking of oatmeal and rice, and the like.

I have no room today to add recipes for this diet list, but I shall do that tomorrow. I am glad, indeed, that you have been helped by the column, and I assure you, it is a very great pleasure to answer these questions. Never hesitate a minute to ask for help if you think I can give it. As to what to call me—that doesn't matter; but the baby at our house says it's "muddle."

Only tender, budding leaves grown at an elevation of 3000 feet are used in "Salada." The rest of the preparation is done by ingenious, cleanly machines; hence the purity and strength of "Salada" Tea.

MRS. CAROLINE LADD DEAD.

KINGSTON, March 10.—(Special.)—Caroline Lottrop Ladd, a native of Kingston, and resident of this city for many years, died at her home, the residence of Canon Starr, widow of the late Prof. J. J. Ladd, Harvard and Brown Universities. She was a U. E. Loyalist stock, on her mother's side, and was a niece of Sir Daniel Jones, the first to receive knighthood in Upper Canada. She was also a relative of Oliver Wendell Holmes. The remains were taken to Brockville for interment.

GIBSON SENTENCE WAS POSTPONED

No Judgment Given at Osgoode Hall on the Appeal Case.

Yesterday was to have been a day of activity in the courts, but for various reasons little was done. Charles Gibson, found guilty of murder, was to have been sentenced to death by Mr. Justice Middleton in the jury size court, but did not go to judgment given in the appeal of his case heard at Osgoode Hall a short time ago. The court was adjourned until May 5, when the criminal assizes will be held.

Must Cover Hat Pin Points.

BOSTON, March 10.—(Can. Press.)—Those women of Massachusetts who do not cover the points of their hat pins with some device that will protect the public from injury on and after April 1 will be liable to a fine of not more than \$100.

LIPTON'S TEA

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

The Pimento Tree.

THERE are many species of peppers; we are just awakening to this fact, but we have heard it all our lives.

It is the sudden influx of foreign cookery with its different condiments that has brought the various sorts of peppers to our notice. As they are mostly tropical and cannot be grown in open culture, it is not strange that we are just becoming acquainted.

The pimento is the smallest of the pepper family and when it blossoms its fragrance scents the air for miles. It is from this variety that the pepper of commerce is known.

The bell or bull-nosed pepper is the one our housewives know best and they use it for stuffing and pickling, but its taste is too acid for the average palate when it is put in a salad or cooked.

The California sweet pepper is ideal for cooking, this is an heritage from old pioneer days, the first of these Spanish peppers being planted by the missionaries.

The flesh is sweet, mild and pleasant and much esteemed by those who cannot eat the sharper kinds of peppers.

They may be bought in cans, but are not less in price than the fresh California ones, and, like so many tinned foods, taste as tho they needed more air.

It is this sweet, pleasantly flavored Spanish pepper from which paprika is made. This condiment, by the way, is not hot at all, as cooks who have never used it like to think. On the contrary, it is a rich, mild seasoning that improves any dish that is commonly flavored with pepper.

When the seeds are ground with the pepper pod it becomes cayenne pepper. This is what is called cayenne and is made from the pepper berries that are ground by the natives of Natal.

When peppers are cooked rightly they are not peppery and sharp, but a prized delicacy.

Insist on having the California article, three large ones will serve four persons. Cut them in half and remove all the seeds. Cut in fourths or eighths, and carefully strip out every particle of the white, fibrous lining. This is what makes and gives the hot taste.

If you want the dish very mild, cook the strips for two minutes in boiling water; if you want them a trifle sharp soak them in several changes of cold water.

Each strip may now be dipped in melted butter, or olive oil, and all placed on a broiler and cooked over a quick fire. Serve with meat balls or fried spring chicken.

If you are among those who think the onion is the rose of plants, boil a few small silver skins and arrange them with the broiled pepper garnish. If you like peppers at all, you will enjoy eating them fried.

Roll each strip, after it has been parboiled, in flour. Have butter very hot in a frying pan and cook the peppers in it until each piece is a crisp, golden brown.

Serve fried or baked tomatoes with this.

HIGHER SALARIES GIVEN TEACHERS

Ontario Education System Made Great Strides Along All Lines.

THE MINISTER'S REPORT

Hon. Dr. Pyne is Most Optimistic on Future of Schools.

The report of Hon. Dr. Pyne, minister of education, for the year 1912, is the most optimistic in the history of the province and records a substantial increase in salary schedules as well as an increasing supply of teachers for all classes of educational institutions.

During the year 1912 there was expended \$9,006,394 on the public schools of Ontario; \$897,890 on separate schools, and \$252,080 expended on continuation classes, making a total expenditure for education by the province last year of \$10,156,422.

The total population of the province in 1911 was 2,528,353. The pupils in elementary and secondary schools numbered 502,255, an increase of 781. The daily average attendance was 312,824, or an increase of 6887. The total average cost was \$20.61, or an increase of \$4.79 per pupil.

One noteworthy fact is that in the rural schools the attendance is still on the decrease, while that in the urban schools is on the increase. In 1911, for the first time, there was a larger enrollment of pupils in urban schools, namely, 59.29 per cent. of the whole.

Great Improvements. It is gratifying to be able to report that the position of the elementary school teacher shows distinct improvement, both in respect to the grade of certificate held and the salary paid. In general it may be said that the salary tends to a satisfactory solution, and the supply of certificate teachers is approaching normal.

In 1911 the average salary paid in the elementary schools to male teachers was \$767, and to female \$518, showing increases of \$56 and \$35 over the previous year. Some counties exhibit greater enterprise than others, and in the County of Wentworth the average salary for males is the largest in the province, viz., \$811. In York county the average salary in rural schools is \$538.

There are 521 public schools in Ontario, 495 Roman Catholic and 26 Protestant. There has been an increase of 11 over the previous year, 148 high schools and colleges, an increase of two for the year, 129 schools where continuation work is taken up, an increase of 24, and six Protestant separate schools, an increase of five.

MORAL REFORMER NOT SENTENCED

FATALITY OF WHOOPING COUGH

Many parents think lightly of whooping cough, and treat it as a necessary evil, not giving the child who has it any special attention.

The seriousness of whooping cough was emphasized by the Medical Health Officer in Toronto a few months ago, when he reported 34 deaths during the month from whooping cough, and only ten from scarlet fever, typhoid fever and measles combined.

So many people write to us about the relief and cure of whooping cough by the use of Dr. Chase's Syrup of Linseed and Turpentine that we can recommend it with the greatest confidence.

It loosens the cough, aids expectoration, and by its soothing influence prevents the terrible paroxysms of coughing which are so distressing to witness, and which wear away the strength of the child. By using this treatment the disease is held in check, and cured in a few weeks instead of months. Look for the portrait and signature of A. W. Chase, M.D., on the bottle you buy. There are many imitations.

Forty years in use, 20 years standard, prescribed and recommended by physicians. For Woman's Ailments, Dr. Martell's Female Pills, at your druggist.

THREE HAVEN'T SINGLE

Liberals at O Week No HELD U Ward Seven Hold Mon Elect

The additional Masonic Temple evening open-the Conservative Assn. President Pat chairman, while elected for the president, Dr. A. S. president, A. M. V. president, W. J. J. D. treasurer. Considerable interest in the office chair subdivisions, who long.

Dr. Forbes Godfrey explained it is introducing in first which he is a week is an "act placement of whom the district fau suited in every cas of this principle in Toronto, and es consul-genera to the premier as duty to a classa-ferbiditing many while again there should for women in the the office chair is not enough for Amend B.

THREE LARGE CONSERVATIVE MEETINGS WIRE PREMIER BORDEN TO "STAND PAT"

HAVEN ADVANCED SINGLE ARGUMENT

Liberals at Ottawa Talked Week and Said Nothing. HELD UP BUSINESS

Ward Seven Conservatives Hold Monster Rally and Elect Officers.

The adjournment of the Annetts Street Temple was well liked last evening when the Ward Seven Liberal-Conservative Association held their annual meeting and election of officers.

Dr. Forbes Godfrey, M.L.A. for West York, explained the two bills which he is introducing in the local house.

Dr. Godfrey's second bill is an amendment to the Marriage Act, which would make an indictable offence for any clergyman or justice of the peace to marry two people who are feeble-minded or idiotic.

LIBERAL M. P.'S FEAR ELECTION

They Knew It Would Mean Loss of Their Seats. DEFEATED MINISTERS A ROUSING MEETING

Are Urging Them on in Hopes to Come Back.

"There will be no election. Mr. Borden has a mandate from the people of Canada to go ahead with his new proposals."

Such was the emphatic assertion of Dr. A. Thompson, M.P. for Yukon Territory, which elicited round after round of the most spirited applause from the 300 who sat at the banquet table of the Ward Five Conservative Association, in Orange Hall, corner of Euclid and College street, last night.

Dr. Thompson, who has traveled 4500 miles to attend parliament, said he was glad of a trip to Toronto at this juncture, that he might be away from the unceasing blather of the obstructionists.

"The Liberals are trying to force an election upon you at this instant, because some of them think they have nothing to lose, and stand a chance of gaining a few seats," said he.

"The Liberals are trying to force an election upon you at this instant, because some of them think they have nothing to lose, and stand a chance of gaining a few seats," said he.

Laurier's Career OF DISLOYALTY

Centre and South Toronto Tories Hear Liberal Chief Exposed.

Spirited Speeches Delivered by Thomas Hook and A. Pratt, M. L. A.

"The Liberals declare that the contribution of the British navy is just the beginning, and is to be followed by others. If the men of Canada were, we would pay annually just about seven per cent of the total cost of maintaining the British navy."

He contended that the Dominion had not been able to secure sufficient men to properly man the Rainbow and the Niobe. It was not very probable that she could secure the 3500 men that would be required for a Canadian fleet.

When it came to a matter of loyalty to the empire, he had been asked to speak in favour of the Liberal party. He is willing to sacrifice anything to get back in the house.

Mr. Hook, in introducing the member for the Yukon, said Dr. Thompson had assured him that if a surgical operation on the tongue of the opposition were necessary, he was ready to act.

Hon. Thos. Crawford, M.L.A. in proposing a toast to the Empire, asked the speaker to endorse his suggestion that Dr. Thompson be asked to assure Premier Borden that every man of them was behind him. Protesting against coming as a fitting remark.

E. W. J. Owens, M.L.A. in a spirited speech, said it was for the people of this country to sing Canada, Canada, the traitor's hand is on thy throat. He referred to the Ottawa opposition as "a bunch of gangsters."

W. H. Harper, president of the association, was in the chair.

W. H. Harper, president of the association, was in the chair.

Semi-Panic in Stock Markets--C. P. R. Down Seven Points

ACUTE DEPRESSION IN STOCK MARKETS

Canadian Issues Break to New Low Records for Present Year.

BEAR RAID ON C. P. R.

Heavy Slump in Brazilian in Toronto Exchange--Stocks Careening Downhill.

The acute depression in financial circles, engendered by the gathering clouds on the international monetary horizon, gave the stock markets a rather bad time of it yesterday.

The Toronto market held up fairly well during the morning, but the continued slump in Wall Street inspired heavier liquidation when the brokers met after the noon adjournment, and when support was withdrawn from Brazilian, prices went down to 218 1/2, a loss of over 7 points for the day.

The drop in Brazilian was the leading feature in the Toronto Exchange. The stock held within a narrow range during the morning, with the price close of 95 1/2. It was plainly apparent that the big interests were supporting the security, and when this support was withdrawn, as it was early in the afternoon, the quotation dropped with a thud.

When Brazilian began sliding downward the general favorites quickly followed suit. Toronto falls lost 1-4 points at 136, its lowest since last May. Twin City was off at 105, and General Electric dropped precipitately to 110, a 4-point recession, and its lowest since June, 1912.

BIG GERMAN BANK HAD A GOOD YEAR

Profits of Deutsche Bank Increased a Million Dollars--Gain in Deposits.

BERLIN, March 10.—Continued increase in the business transacted by the Deutsche Bank in the year 1912, which was reported for the year 1912, compared with 1911, shows an increase of \$1,000,000 over the previous year, and net profits of \$9,000,000, an increase of \$1,000,000 over the previous year.

WORLD-WIDE CRISIS IN MONEY SITUATION

New York banks for some time have been avoiding time loans and any available funds have been used in the call market; this has kept the rate there, thus far, low.

TWIN CITY EARNINGS.

For the month of February (28 days) the earnings of the Twin City Rapid Transit Company were \$628,329 against \$610,347 for the 29 days of February last year, an increase of \$18,481.

THE Toronto General Trusts CORPORATION

DIVIDEND NO. 67

NOTICE IS HEREBY GIVEN that a dividend of Two and one-half per cent. (2 1/2 per cent.) has been declared on the paid-up Capital Stock of this Corporation for the quarter ending 31st March, 1913, being at the rate of Ten per cent. (10 per cent.) per annum, and that the same will be payable on and after the 1st day of April, 1913.

The Transfer Books of the Corporation will be closed from Tuesday the 18th day of March to Monday the 31st day of March, 1913, both days inclusive.

BY ORDER OF THE BOARD.

J. W. LANGMUIR
General Manager.

Toronto, March 4th, 1913.

BERLIN SOLD STOCKS IN LONDON MARKET

Acute Weakness in Canadian Pacific Was Alarming--Germany Bought Gold.

LONDON, March 10.—

Dearer money together with the purchase by Germany of most of the \$4,500,000 new gold offered in the open market, caused firmer discount rates today.

HEAVY LOSSES IN MONTREAL MARKET

Acute Weakness in C. P. R. Reflected in Most Canadian Issues—Tone Nervous.

MONTREAL, March 10.—Continued selling from Berlin resulted in another bad break in C.P.R. today, and the effect of the sharpest decline that has occurred on the present downward movement was reflected throughout the list.

The opening was weak and lower. Later there was a rally, and closing quotations at the noon hour showed a moderate recovery from the lowest. Further weakening in C.P.R. in New York resulted in a weak opening in the afternoon, and new low levels were touched by most of the active stocks.

DOHERTY OFFERS GAS SECURITIES NOTES.

Six Per Cent. Convertibles at Par and Accrued Interest—May Be Exchanged for Utilities Improvement Stocks.

Henry L. Doherty and Company are offering a public subscription at par of \$2,500,000 one-year 6 per cent. convertible coupon gold notes of the Gas Securities Company, dated March 10, 1913, and due March 10, 1914.

MONEY TIGHTNESS BREEDS PESSIMISM

New York Market Again Overshadowed by Disturbing Conditions Abroad.

BIG DROP IN C. P. R.

Slump of More Than Seven Points—Specialties Suffered Severely.

NEW YORK, March 10.—Pronounced weakness again developed in the stock market today and new low levels were reached by many of the prominent issues.

SMALLER GAIN IN RAILWAY EARNINGS

Record of January Not Maintained Either in Canada or Across the Border.

Gross earnings of the Canadian railroads are showing a declining tendency compared with the record of a month and two months ago, but still evidencing very satisfactory gains over the corresponding period of last year.

MEXICO WILL MEET ITS OBLIGATIONS

Finance Minister Prepares to Float a Big Loan With Foreign Banks.

NEW YORK, March 10.—A Mexican cable quotes Minister of Finance Obregón as follows: "The government is prepared to meet all its financial obligations as they fall due. The first of these will be tomorrow, when we will transmit to Spain \$1,000,000 due on account of our 4 per cent. gold bonds of 1904. I am now preparing a measure for the authorization of a 150,000,000 peso loan, consisting of 100,000,000 pesos. If the authorization is approved, I believe I can place the loan advantageously, but will wait for proposals from foreign bankers."

UNFILLED TONNAGE SHOWS A DECLINE

NEW YORK, March 10.—The unfilled tonnage of the United States Steel Corporation of Feb. 23 totals 7,656,714 tons, a decrease of 170,554 tons from Jan. 31, and marks the second declining tendency since March of last year.

UPS AND DOWNS IN NEW YORK MARKET

Wall street had another fit of the blues yesterday, and before the market succeeded in recovering its equilibrium it had fallen to a new low record since the all-time high of 117 1/2.

NOTICE OF MEETING.

The annual general meeting of the shareholders of Bartlett Mines, Limited, will be held at the head office of the company, Room 502, Temple Building, Toronto, on the 11th day of March, 1913, at 2 o'clock p.m.

NEW LISTING.

The shares of the Canadian Gold and Silver Mining Co. have been listed on the Standard Stock Exchange. The company was formed in New York and holds the Alexander property.

ANNUAL MEETING OF THE SWASTIKA

Company Had Very Small Credit Balance—Old Board of Directors Elected.

THE annual meeting of the Swastika Mining Co., Ltd., was held at the head office of the company in the Canada Permanent Building yesterday.

The annual meeting of the Swastika Mining Co., Ltd., was held at the head office of the company in the Canada Permanent Building yesterday. Only routine business was transacted, and the election of directors and officers resulted in the old board being retained. The personnel is as follows: Dr. M. Steele, M.P., president; A. T. Bell, vice-president; James Clark, secretary-treasurer; directors, Henry B. Dale, Robert Pickering, H. W. Flynn, N. La Pointe and W. Meacham.

IRREGULARITY IN MINING MARKETS

Acute Depression in Financial Circles Not Without its Effect on Sentiment.

SOME ADVANCES SHOWN But General Trend Seems Easier—Several Sharp Declines Are Recorded.

The mining market showed a good deal of irregularity, several issues evidencing a disposition to make for higher levels, while many others sought for development and the influence of acute depression in financial circles, as exemplified in the severe declines in the big stock exchanges.

GOOD NEWS SOON ON THE PEARL LAKE

SWASTIKA MILL STARTED.

SWASTIKA, March 10.—The mill at the Swastika mine, with a capacity of 25 tons, will first drop stamps today, and the mill will be in full operation by Wednesday.

BANKERS REFUSE TO SUPPORT MARKET

Erickson Perkins & Co. (J. G. Beatty) wired: Banking interests were apparently doing nothing to check liquidation. Perhaps the need to reduce loans so as to permit of further gold exports to Germany later in the week was a potent reason for allowing liquidation in stocks to run. It is just
