C.N.R. BOND GUARANTEE PASSED BY HOUSE WITHOUT DIVISION Official List Gives 1024 Lost, 452 Saved in Empress Disaster

AWAIT INQUIRY TO APPORTION THE BLAME

Public Must Suspend Judgment on Empress of Ireland Disaster Until Court Gives Official Pronouncement—Many Conflicting Stories Are Told.

(By Hubert R. Evans.)
MONTREAL, June 2.—A growing inclination is apparent here toward sharpness on the public's part in forming conclusions of who is to blame for the Empress of Ireland wreck until the government enquiry is held. People are now realising how diametrically opposite what Empress survivors have said, how some blamed the captain and crew, how some commended him; how some are sure of one thing, some of another, as is only natural for survivors of such an ordeal to be until they are waiting for June 9 and the succeeding days of investigation.

Probably the dawn of this change came with Captain Andersen's arrival in port. Previous to that only Captain Kendal's evidence was known—only one side of the great story. Everyone knows how he accused the Storstad's master. On Sunday, the Captain Andersen told part, not all, of his story, and now with both stories to weigh and value, the excited public sees they should reserve their judgment until after the investigation. It is a difficult task for the experts; it is almost impossible one for landmen and seamen know better than to judge at present.

While Captain Kendal was telling the world what he thinks to be the truth of the disaster, the Norse skipper was silent, and the world wondered and prepared to point its finger in terrible accusation at him.

Now Captain Andersen is ashore, and while still under orders for silence from his employers he has been permitted—or has said—enough to show he has a case worth being advanced at least, a story worth hearing, and until the court of enquiry decides otherwise his statements must be taken as just as truthful, just as worthy as the other man's, and because they came last is not a reason for doubting them.

His Second Voyage.
For both these captains are men of experience and character. Captain Kendal has been described, his record

C. N. R. BILL IS SENT TO SENATE OPPOSITION WAS NOT VIGOROUS NO ROLL CALL ON FINAL VOTE

Laurier Amendment Asking Government to Obtain Option on All Railway's Capital Stock Defeated by Forty-Three Votes—Verville Raised Labor Question.

OTTAWA, June 2.—The bill authorizing the government to guarantee bonds of the Canadian Northern Railway Company to the amount of \$45,000,000 and to acquire thereby forty per cent. of the capital stock of the company, passed the house of commons tonight and was at once sent up to the senate. The opposition, which has dwindled from day to day, disappeared almost entirely tonight, and upon the final vote a roll call was not demanded.

An amendment proposed by Sir Wilfrid Laurier, which called upon the government to obtain an option upon all the capital stock of the company at a price not exceeding \$30,000,000, was lost upon division by a majority of 43, and Mr. Verville's amendment making the assistance of the government conditional upon the settlement of labor difficulties at all mines at Vancouver Island in which Mackenzie and Mann are interested was defeated by 45 of a majority.

Laurier's Position.
Upon Mr. Borden's motion for the third reading of the bill, Sir Wilfrid Laurier said that he desired to sum-

HOPE TO RAISE SUNKEN LINER FROM RIVER

Many Victims Will Be Buried With Identities Not Revealed Majority of Bodies Unclaimed

(By Clark E. Locke.)
QUEBEC, June 2.—Hundreds of brief stricken persons throughout the empire are building greatly on the hope that the wrecked liner may be raised from the bottom within a short period and that the great majority of bodies may yet be interred decently and in order. If this feat of engineering is at all possible, it will be done, and every step possible in this direction will be taken.

The marine officials of the Canadian Pacific Railway indignantly denied this evening a report that they had relinquished all responsibility for the ship when she had gone to the bottom and stated that they would do everything possible to raise her. They corroborated the report that divers and other marine experts were on the way from New York to study the location and to proceed with necessary arrangements.

Today an investigation is in progress and marine experts, specially called together, have been in conference, but no information will be given out. It is learned that opinions differ on the likelihood of success, but the public is assured that a most exhaustive and scientific attempt will be made.

Full arrangements for the funeral of the members of the Salvation Army who lost their lives in the Empress of Ireland disaster have not yet been completed.

At 2:30 the friends and relatives of the dead officers and the entire staff of the Salvation Army, which will be conducted by Commissioner McKie, of London, England, who is at present on the Aquitania, on his way to Toronto. M'NAUGHT BEATEN BY IRISH FOR SEAT B, TORONTO N.E.

Eighty-Seven Votes Behind on First Ballot—Heated Argument Concerning Change in West Boundary of the Riding—Hon. Dr. Pyne for Seat A by Acclamation.

Toronto Conservatives were handed a surprise packet last night at the nominations for the riding of Toronto, N. E., held in the Granite Rink, on Church street, when Mark Irish defeated W. K. McNaught by a majority of 87 as a candidate for the provincial legislature.

Mr. Irish, in addressing the delegates before the election took place, referred to the fact that since Mr. McNaught had taken up his residence on Huron street the boundaries of the riding had been extended from Avenue

road west to Spadina avenue, the inference being that Mr. McNaught was responsible for a change that would keep his residence within the bounds of the riding. Mr. Irish couched his remarks in the form of a question, saying: "I would like to know who investigated this change. I don't know, but gentlemen, you will have an opportunity of expressing your opinion when you cast your ballots tonight."

In reply, Mr. McNaught said: "I deny having had anything to do with

NO INDEMNITY FOR LOST MAIL

Nineteen Hundred Registered Packages Went Down With Empress—Postoffice Not Responsible.

Canadian Press Despatch.
MONTREAL, June 2.—The statement of the Montreal postoffice officials indicate that registered mail amounting to 1903 packages, which went down on the Empress of Ireland, is a total loss, and there will be no compensation for the senders or addressees of those packages. The postal regulations provide that the department is only responsible for registered mail actually lost in the mail, and then only to the extent of \$25 for each package.

Notices are now being sent out by the Montreal postoffice to 84 exchange offices in all parts of the world, notifying them of the loss of the mail and providing a list of the registered letters.

The Empress of Ireland carried 159 bags of newspapers, 51 bags of letters, 2 baskets containing 201 parcels, and 1903 registered articles.

Relatives Unable in Many Cases to Recognize Disfigured Faces of the Dead, and Only Trinkets Give Clue—Pitiful Scenes Witnessed in Hospitals Where Survivors Lie.

(By Clark E. Locke.)
QUEBEC, June 2.—The city is today recovering somewhat from the effects of the terrible blow suffered in the loss of the Empress of Ireland. The natural buoyancy of the French-Canadian citizens, which had been dampened by the gloom, is once more reasserting itself and life is settling back into the routine which ordinarily marks Quebec in the summer months.

At the morgue on the docks, the identification process goes ahead very slowly. A little group of officials still wait all day about the black-draped doors, but the incoming parties of sorrowing relatives dwindle with every train. A pathetic feature of the affair is that the majority of the bodies remaining are likely to go unrecognized to their last resting place. Even close relatives are unable to recognize the features of the lost in the disfigured visages now lying exposed for inspection.

In several instances men passed by their wives more than once without knowing them, and only the discovery of small trinkets at last convinced them of the identity.

Funerals Daily.
There are not wanting yet instances peculiarly striking of the afflictions which press upon individuals. In the Jeffrey Hall Hospital, where many of the survivors are lying in a wretched condition, scenes of grief are constantly occurring. Every day also little unostentatious funeral processions pass through the narrow precipitous cobble-paved streets and citizens on each side bare their heads in respect.

The formalities in connection with the sailors' funeral services are finally arranged for Thursday morning. In St. Patrick's Church the bodies of McGrath, Farquharson and Murphy will be interred with Roman Catholic rites, and Dean Williams at the Cathedral will conduct the Protestant services.

Honor to Dead Sailors.
According to schedule there will be an official marine funeral with all the tributes possible being paid. On the ramparts below the citadel a body of marines from the cruiser Essex will line up with sailors from the other ships in harbor. Salutes will thunder from every gun in port.

Leading the cortege will be carriages bearing representatives from the governor-general and federal and provincial parliaments.

Hope of many further identification of bodies from the wreck is being abandoned. According to laws of nature three or four days are required before bodies will rise to the surface from the sunken vessel and rarely will their identification be established from studying the features. Only distinct marks or the possession of rings, jewelry or money will assist the search.

Meanwhile the area of the gulf where the disaster occurred is under continuous patrol. Special ships and apparatus are being utilized from day to day, and the beach at Matane, where the down current strikes, is under the guard of special searchers. According to present plans the inquiry will be continued at Rimouski on Saturday.

Dineen's Panamas and Straws.
The great advantage of a Panama Hat is that it is very enduring in style and enduring in quality. The Panama Hat will stay on your head when the wind is blowing, and at the same time does not take such a grip on the head as to be all uncomfortable. The Dineen Company just received yesterday a great shipment of the latest styles in fedora shapes, telescope, high and low crowns and all the new, up-to-date young men's bobby hats. Prices for Panamas, \$5 to \$15; Straws, \$1.50 to \$4; Bangkoks, the highest straw made, \$2 to \$10; Japanese Yeddo Straw Ventilators, \$2. Also motor dust coats and caps, suitcases, club bags and leather hat boxes are to be found in large variety at Dineen's, 140 Yonge street.

CHURCH UNION ISSUE ONCE AGAIN BEFORE PRESBYTERIAN ASSEMBLY

Committee Will Busy Itself at Woodstock Today With Task of Drawing Up Recommendations — Rev. W. F. Herdridge, Ottawa, is Probable Choice as Moderator.

WOODSTOCK, June 2.—The committee of the 40th general assembly of the Presbyterian Church in Canada, which opens its sessions here tomorrow at 9 a.m. in Knox church tonight to consider what recommendations will be submitted to the congress on church union. After deliberating for some time they adjourned until tomorrow. It is expected that they will be occupied all day in drawing up their recommendations.

About 150 members of the different committees of the assembly arrived here today and were conveyed in motor cars to Knox church for registration. They were then taken to the homes in which they will spend the next ten days. The motor cars were supplied by the committee on local arrangements.

After a short session the committee of the board of education and the committee to strike standing committees for the following year adjourned till tomorrow. Dr. W. J. Clark of Ottawa was convener of the church union committee. Dr. D. M. Ramsay of Toronto is in charge of the committee of the board of education, and Rev. S. H. Easton of Fort Stanley of the committee for striking standing committees.

The first business of congress will be to elect a moderator. It is expected that Rev. W. F. Herdridge of St. Andrew's Church, Ottawa, will receive the honor, although Rev. D. D. McLeod of Barrie will probably receive a large measure of support from the congress. Rev. Murdoch McKenzie, the retiring moderator, will preach the sermon at this service.

Arrangements have been made to hold a garden party on Friday afternoon at "Aladote," the residence of H. Little. The delegates will be motored to Embury on Saturday.

The committee of the board of social service and the committee on foreign missions will open their sessions tomorrow morning and afternoon, respectively.

WORK COUNTY —AND— SUBURBS

THREE CANDIDATES IN EAST YORK STRENUOUS TIME AWAITS SECRETARY

Dr. Burgess and H. H. Ball Will Oppose Geo. Hendry, Present Member.

It will be a three-cornered fight for the Conservative nomination in the constituency of East York at the convention which is set to be held on Saturday afternoon in the Labor Temple. From the first it was understood that George S. Hendry, M.L.A., who at present represents the riding, would be a strong contender for the Conservative nomination, and also opinions were expressed that no opposition would be offered to him. It was going to stand for nomination, and since this was understood by the voters it has been found to be unwise. The third candidate, Herbert H. Ball, president of the North Toronto Liberal-Conservative Association, has announced his intention of standing for the nomination.

Each of the aspirants has a strong following and it is certainly that a strong fight will be put up by these three candidates, with some dark horses as possibilities.

WARD SEVEN
 Residents of Keele street, opposite the new Baird Park, are loudly complaining about the danger to their property from the baseball playing which the park commissioner allows to go on in this small civic breathing space in Ward Seven.

One citizen applied to the police at No. 2 Station for protection last night, but was told that when permits had been granted to teams and clubs they could do nothing to prevent it. The danger from flying balls is not a slight one. Baird Park was originally a corner lot, and is still one in reality, in spite of the expansions suggested by the name "park." On Saturday evening last, while watching a game of baseball on the small ball, Herman Redding, of 200 Medford street, was struck over the eye by a ball which he had thrown in an effort to hit a batsman. He is now recovering from the injury, but is now declared to be out of danger, but any evening a similar accident may happen, with worse results to the onlookers or residents on the street.

"We cannot even sit on our verandah or walk around the front of our houses," declared a well-known resident at 500 Keele street last night to The World. "When we remove the balls from the park, we are ridiculed, and the nuisance of balls goes on without ceasing. Several windows in the neighborhood have been broken during the evening baseball sessions, and in more than one case the flying balls have injured persons."

The practice of allowing men of all ages to play on such a small area, where the boundaries are being severely encroached by many Ward Seven citizens, is thought that the parks department officials should use judgment when allowing permits, and allow only those under 14 or 15 years of age to play such parts in thickly populated districts as Baird Park for ball-playing.

The public in Ward Seven public school and the Humboldt Collegiate Institute are refusing to play on the holiday given them in honor of the King's birthday.

WANT FOOT BRIDGE
 ACROSS G.T.R. TRACKS.
 The necessity of a footbridge over the Grand Trunk Railroad tracks at the inner avenue crossing, West Earlcourt, where some seventy children cross four times daily to the village school, Mrs. Robert's avenue, was discussed at some length at the B.I.A. meeting last night. The bridge will be a danger of a recurrence of the calamity.

G. O. R. RIFLE SCORES.
 Saturday's scores of the Queen's Own Rifles at the shooting range are as follows: Pte. Doherty, 88; Bugler Gardner, 87; Sgt. Dow, 86; Bug. St. Pierre, 85; Sgt. Maj. O'Riordan, 84; Bugler Scott, 84; Pte. Underwood, 83; Sgt. McArthur, 82; Pte. C. Duncan, 81; Q. Sgt. Matthews, 81; Pte. A. Rutherford, 80; Col. Sgt. Ball, 79; Pte. G. B. B. 78; Pte. G. B. B. 77; Pte. There was a total attendance of 158 of the Queen's Own Rifles at the range. The instruction of Sgt. Maj. O'Riordan and Sgt. McArthur and Dow, numbered 80.

STATEMENTS CONFLICT

Continued From Page 1.

The public is no doubt impatient for his statement. They have a right to be and it is the duty of a person who has been watching him since he landed here, as just as impatient to give it. He, too, has a "story worth hearing," but orders are orders, and his tongue is tied until, as he himself has said, "the right time comes." That will be one week from today.

Canadian Northern Company in support of his contention.

The house then divided upon the Verrie amendment and the same was defeated. Yes 38, nays 36. It was a party vote, except that Mr. Nickle, the Conservative member for Kingston, voted for the amendment and Mr. Chertoff, the Liberal member for Norfolk, voted against it.

The bill was then given a third reading and declared passed amid enthusiastic applause from the government benches. The yeas and nays were not demanded.

WAS GOING TO SEE DYING WIFE

Harry Yudin's Body Brought Back Yesterday From Ill-Fated Empress.

Brought in on the afternoon train yesterday was the body of Harry Yudin of Kensington avenue, who only two days before was leaving for Toronto on the Empress of Ireland. A letter from Russia, asking him to come home, as his wife was dying and had expressed a desire to see him before she passed away. Although Yudin did not have a sufficient amount of money to make the journey to Russia his friends made up a small subscription among themselves and collected enough money to make up the required passage money. The sad story will end when the dying wife and her drowned husband are united in death.

THREE BODIES AT GALT.

GALT, June 2.—The bodies of Mrs. Thomas Burrows and her son, Willie, who were drowned in the Empress of Ireland disaster, arrived here this morning and were accompanied by Mr. Burrows, who was saved. The funeral will be held on Thursday, under the Salvation Army auspices. With the Burrows bodies came that of Willie Leek, who died with Mrs. Burrows. The funeral of Willie will take place tomorrow to Trinity Church and cemetery.

WILL NOT UNITE.

The question as to whether the Laborers' Union should affiliate itself with the international Hodcarriers' Union was defeated at a meeting of the former, held at their Nelson street hall last night.

WAS LOCKED IN BOX CAR FOR TEN DAYS

Andrew J. Miller Found in Famine Condition in West Toronto Yards.

Found half famished in a box car in the West Toronto yards last evening, Andrew J. Miller declared he had been locked inside for ten days, during which time he had had nothing to eat or drink. When asked where he had boarded the train Miller could not say; he apparently has lost his memory as a result of spending ten days without food or drink. To Brakesman Penyard, who found him, the man said he was a machinist and, being unable to get work in the States, decided to beat his way to Toronto.

Defeated by Mark Irish for Seat B, Toronto Northeast.

(Continued From Page 1.)
 The extension of the riding of North-east Toronto, George H. Gooderham, responsible for this change, was asked me what I thought of it, and I said I think it's a good idea.

"That is not true," cried T. R. Whiteside, who was seated on the platform. "You did it!"

"That is an unqualified falsehood!" retorted Mr. McNaught. "I deny being responsible in any way for the extension of the riding of North-east Toronto."

Mr. Whiteside attempted to speak, but the chairman, W. H. E. Price, rapped for order, and called upon the gentlemen to retract any unparliamentary language they might have indulged in. This was done and Mr. McNaught concluded his speech by pledging himself to the support of the successful candidate.

Other nominees who withdrew were: Sam Medill, W. J. McWhinnie, E. J. Lennox, T. R. Whiteside, P. W. Ellis, M. Rawlinson and Mayor H. C. Hocken, who retired in favor of W. H. McNaught and spoke strongly in favor of him as a man of clean public record, and a faithful and loyal servant of the people.

Seat A went by acclamation to Hon. Dr. R. A. Pyle. In accepting the nomination, Dr. Pyle spoke in support of the government's good roads policy, the Workmen's Compensation Act, and the proposed hydro-electric extensions and said in this connection that he hoped in the near future to see the houses of Toronto not only lighted but heated by electricity from Niagara Falls.

WEDNESDAY MORNING, JUNE 3. PUBLIC OWNERSHIP OF RAILROADS.

Quite a remarkable change is now apparent in the United States with regard to the public ownership and operation of railroads.

During the investigation into the affairs of the New York, New Haven and Hartford Railroad, it was made manifest that this policy had been followed by the financial interests in control to its own serious detriment.

When the superannuation regulation was adopted by the school board, an unwarranted distinction was made between men and women in its operation.

The question may, however, be brought to the test of experience, since the gold production of the African fields is exhibiting a distinct tendency to decline, particularly that of the Rand, where for the first quarter of this year there is a decrease of approximately 450,000 ounces.

THE MEXICAN SITUATION. Now that Huerta is reported as willing to adopt a reasonable attitude towards the recommendations of the conference delegates who are considering the restoration of order in Mexico, Carranza, the constitutional leader, threatens to prove a formidable obstacle to peace.

A curious situation would develop were Huerta to pose as an ally of President Wilson in his effort to befriend the Mexican people, while Carranza and Villa, in the pursuit of their joint or several ambitions, become the opponents of a conciliatory policy.

ANGELERS SEEKING NEW BRUNSWICK FAVORITE FISHING NOOKS.

(Special Correspondence.) BATHURST, N.B., June 2.—With the bloom on the May vine and the sun out to stay, the hike to the streams in quest of the speckled trout has begun.

The whole of what is called the North Shore of New Brunswick is a trout fishing country. The Beauce gouche itself with its tributary waters affords some of the finest fishing in the world, while such streams as the Nepesquit and Miramichi are well known byword with fishermen everywhere.

Of late years much attention has been given to the preservation of game in New Brunswick, and with such success has the law been enforced that instead of there being a diminution of sport, there is really more of it than there was a score of years ago.

The culmination of a 28-year battle is the title of a picture in this week's Sunday World, showing Premier Assiniboia of Great Britain with a group of his family and friends, on the occasion of his first visit to Ireland.

ANGELERS SEEKING NEW BRUNSWICK FAVORITE FISHING NOOKS.

(Special Correspondence.) BATHURST, N.B., June 2.—With the bloom on the May vine and the sun out to stay, the hike to the streams in quest of the speckled trout has begun.

The whole of what is called the North Shore of New Brunswick is a trout fishing country. The Beauce gouche itself with its tributary waters affords some of the finest fishing in the world, while such streams as the Nepesquit and Miramichi are well known byword with fishermen everywhere.

Of late years much attention has been given to the preservation of game in New Brunswick, and with such success has the law been enforced that instead of there being a diminution of sport, there is really more of it than there was a score of years ago.

The culmination of a 28-year battle is the title of a picture in this week's Sunday World, showing Premier Assiniboia of Great Britain with a group of his family and friends, on the occasion of his first visit to Ireland.

All those who are interested in Ontario's newest playground can secure a copy of this fine map on application to the City Ticket Office, 52 King Street East, Main 5178, or the General Passenger Department, 65 King Street East.

Cricket Headquarters Changed to Montreal

WINNIPEG, Man., June 2.—Western cricketers may secede from the Dominion body. At the annual meeting of the Canadian Cricket Association here last night a vote, cast by proxy, made Montreal the Dominion headquarters for the present, and as this was in direct opposition to the spirit of the annual meeting of 1911, the westerners' officers are decidedly peeved.

Was Weak Feature on Toronto Exchange—Meeting to Be Held Soon.

Brazilian Active Most of the Issues Traded in Sustained a Loss During the Day.

Dominion Canners proved the weak feature on the Toronto Exchange yesterday, falling five points. The stock opened at 87, two sales being made at the price, 88 was then successively bid and the dropping continued until the low figure was reached. Barcelona opened at 87, but lost 1-4 during the day, Canada Bread was in about the same class. It started the day at 81-1-4 and finished with 1-4 less. DOMINION CANNERS MONTREAL FEATURE

Net Decline More Than Five Points—Other Stocks Weak.

MONTREAL, June 2.—After opening at about unchanged prices, the local market was dull in the late trading and gave way in sympathy with New York's decline. Trading was on a slightly more active scale than during the last few days, but outside three or four issues did not run into three figures.

Influenced by the heavy tone in New York, C. P. R. went to 183-1-4, where it closed, a net loss of 1-1/4 on the day. Brazilian closed at 73-1-2, with a loss of 3-8. Power was firm through the day at 22, but Laurantide fell back 1-1/2 to 17. There was an active demand for Dominion Steel during the morning and it advanced 1-2 to 22. The last sale in the afternoon at 21-3/4 showed a gain of 1-4 for the day. Scotia opened 1-4 up at 65 and quickly rose to 65-1-2, closing that price bid, 1-1/2 better.

MODERATE TRADE AT THE MARKET

Farmers' Wagons Absent at St. Lawrence Market, Expecting Load of Spinach.

The portions of the St. Lawrence Market devoted to the farmers' wagons and basket produce were again deserted this morning, with the exception of one lonely wagon filled with spinach, and, as the buyers were notable for their absence, this was offered at a very low figure.

The flower booths were a little more active, and had quite a variety of sturdy bedding beauties, chief among which were the showy scarlet geraniums, saucy panicles, large double-white petunias and brilliant salvia, with such a contrast between the bright scarlet flowers and soft, sage-green leaves.

The meat section was as carefully clean as usual, and in passing one noticed some first-class cuts of boiling beef at a reasonable price, as well as the more expensive portions, with the portion of tenderloin. The vegetables in the gardeners' area were quite fresh and of great variety.

LEFT OVER CATTLE DROPPED IN PRICE

Trade Slow at Union Stock Yards, Except in Choicest Offerings.

Receipts of live stock at the Union Stock Yards were 21 carloads, comprising 230 cattle, 1484 hogs, 102 sheep and lambs and 174 calves.

Trade in cattle was a very tame affair. None of the buyers seemingly were very anxious, having got a fairly good supply on Monday's market. Also the fresh receipts were not what could be called large lots with what were left over from Monday, they constituted a number, and after the fresh arrivals had been looked over, and some purchases made, trade began to show an almost stagnant condition.

Choice feeders were scarce, but values were no lower for both feeders and stockers when quality is considered. The best calves sold at very firm prices, as the run was light.

Sheep and lambs were firm, especially the spring lambs which sold at very firm prices, ranging from \$8 to \$10 each. Hogs were easy at Monday's quotations.

Choice load of steers sold at \$8.25 to \$8.40, and one load at \$8.50; good to choice lot of steers, \$7.50 to \$7.75; medium to good, \$7.50 to \$7.75; good cows, \$7.75 to \$7.90; good cows, \$7.75 to \$7.90; milkers, \$7.75 to \$7.90; bulls, \$4.50 to \$7.65.

Receipts of stockers and feeders were very few, and the quality of good quality steers, \$7.50 to \$7.75; medium steers, \$7.25 to \$7.40; stockers, \$6.75 to \$7.10; milkers, \$7.75 to \$7.90; bulls, \$4.50 to \$7.65.

Receipts of choice milkers and springers were light, but prices remain firm for the best grades. The best ranged from \$85 to \$90 each.

Receipts of Hogs.
Receipts were moderate, quality common and medium, and prices firm. Common calves at \$7 to \$7.50; medium at \$8 to \$8.50; good to \$8.50 to \$9.00; choice calves at \$10 to \$10.50.
