## HON. MR. WHITE'S BUDGET SHOWS RECORD SURPLUS OF \$39,000,000 TARIFF AND MAINS UNCHANGED

**No Announcement Made of Steel Bounties Pending Report of Commission—Canada's Prosperity Based on Inflow of Men and Money From Britain—South York Member Urges Contribution to Imperial Defence.**

OTTAWA, March 13.—(Special.)—Hon. W. T. White today brought down the first budget of the new Conservative regime. The budget speech showed that Canada had never been more prosperous than to-day, a state of affairs for which the finance minister modestly declined to take more than his share of the credit, which he thought might be shared equally between the present and the late government. There was enough to go round.

**Extracts From Hon. Mr. White's Budget**

Revenue for the eleven months ending in February last is \$120,645,000, and for the twelve months (estimated), \$136,000,000.  
Expenditure for eleven months is \$77,145,000, an increase of \$6,557,000, and for the year (estimated), \$97,000,000.  
Surplus of consolidated revenue over expenditure (estimated), \$39,000,000.  
Revenue for 1910-11 was \$117,780,000, and expenditure, \$87,774,000; surplus, a little over \$30,000,000.  
The sum of \$100,000,000 will probably have to be added to \$118,000,000 already spent on the national transcontinental railway.  
To ensure continuance of the present abounding prosperity, British immigrants and capital must continue to flow into Canada.

His statement showed a surplus as respects consolidated revenue and expenditure of about \$39,000,000. The revenue for the year 1911-12 would amount, when the books were finally closed, to \$138,000,000, and the estimated expenditure was placed at \$97,000,000. In view of the appointment of the tariff commission to gather data, he announced that no changes in the tariff would be made this session. Neither would there be any resolution in regard to steel bounties.

### Orangemen Resent Being Called Wing of Conservative Party

**London Newspaper's Attacks on Leaders Who Hold Offices Under Whitney Government Stir up Grand Orange Lodge of Ontario West.**

LONDON, March 13.—(Special.)—The 64th annual meeting of the Grand Orange Lodge of Ontario West is in session here in the Y.M.C.A. Auditorium. Of the 690 delegates present at the opening meeting, a considerable number have been here since Tuesday, attending the Grand Black Chapter, which elected their officers this morning. It is 15 years since this Grand Lodge met here, the membership in the County of Middlesex having grown in that time from six to nineteen lodges. There is deep resentment expressed by the delegates at an article that appeared in this afternoon's issue of The Advertiser, the Liberal organ, on the Orange leaders in this province. Under the caption, "Orangemen Foregather," The Advertiser says: "The Orangemen of Ontario West are gathering in the city for their annual meeting, under the presidency of an employe of the Whitney government. Here and there, a few Liberals may be

humbled into joining the order, by the pretence that it is not a political organization, but it remains as it has always been, the most militant wing of the Conservative party."  
Further along, it says the Orange Order is not so much anti-Catholic as it is anti-Liberal, and that it dislikes Sir Whitford Laurier a great deal more than it dislikes the Pope.  
**Strengthens Officers.**  
Since the last annual meeting, the Grand Master, Harry Lovelock, has taken office under the Whitney government, and there was a pretty general feeling among the delegates that it was not in the best interest of the order that he should continue to hold that high office, especially when the deputy grandmaster, Bro. Fred Lane, and also the associate deputy, Dr. J. J. Williams, were also employes under the same government.  
However, the attack in The Advertiser was continued on page 2, column 7.

### FIREMEN HELD BY LONG TRAIN

**Had to Climb Over Cars Carrying Ladders in Order to Fight Poison Fire.**

When a fire broke out in the Poison Iron Works, foot of Frederick-street, last night about 8 o'clock, the firemen were seriously handicapped. Had the blaze gained any headway it is surmised the entire building would have been razed. As it was, it did very slight damage. It broke out in the top story of an unknown way. Probably from the engine, and caught on some scullings and the walls. Lombard and Richmond-street sections responded, but when they arrived at the railway tracks they bumped into a large-sized obstacle. A long freight train was passing and the firemen had to wait. It gave no signs of proceeding, so a few firemen clamored between the cars and two men climbed on top. They lifted three 40-foot ladders and the chemicals over and handed them down to the men on the south side. Then the fire, which was starting to lick up the interior, was tackled.  
After this serious delay the firement managed to confine the blaze to a damage of about \$200.

### OTTAWA VALLEY WANTS 3 LOCKS

**Deputation Will Ask That Part of Georgian Bay Canal Scheme Be Proceeded With.**

A deputation from Ottawa Valley civic boards will meet the government at Ottawa at 1:30 to-day, asking that work be started at once on the French River section of the Georgian Bay Canal scheme. They probably despair that the work will ever be completed in its entirety. Three locks have to be built, with a total life of \$9,122 feet. From Georgian Bay to Key Harbor, thru this projected canal to North Bay is 82.84 miles. The idea is to make North Bay a grain port. The city is now on two transcontinentals—the thru line of the C. P. R. and the T. and N. O. line from the G. T. P. The C. N. R. intends to build into North Bay from the east. It is estimated that 35,394 horsepower can be developed from the locks on the canal.  
Clyde T. Young of Halleybury is one of the deputation.

### KENT SCHOOL CADETS

**Boys Were Praised for Good Work of the Year.**

Kent School Cadets held their first annual banquet in the auditorium of the new school last night. The boys were spick and span in their uniforms, and the show of neatness was commented upon by the several speakers.  
James L. Hughes, W. H. Shaw, Dr. Conroy, Col. Henderson, Inspectors Elliott, Chapman and Bruce, and Rev. H. Hart, J. Gregory and J. Hewitt all gave short speeches.  
The addresses were interspersed with songs by the cadets. Mr. Hughes promised the boys lighter rifles in future, and asked the boys to form three companies instead of two. He said he would send 150 boys to camp at Niagara this summer, and also paid a tribute to the work of Drill Master Kerr for his efficient work in connection with the school.

### U.S. COAL STRIKE ALMOST CERTAIN

**Anthracite Operators Flatly Reject Demands of Miners—Situation "Looks Very Blue."**

NEW YORK, March 13.—(Can. Press.)—The anthracite coal operators and the United Mine Workers of America alike profess to-night unyielding adherence to their attitudes concerning the miners' demands. "The situation looks very blue and the indications point to a strike," declared President John P. White of the miners. The operators say positively that they will make no concessions.  
With the formal rejection of the miners' demands and the counter proposition that the present agreement, which expires March 31, be continued for three years, the operators' committee of ten adjourned this afternoon until Friday noon. Adjournment was taken upon the request of the miners' officials, who will meet in the meantime to consider the operators' reply and plan their procedure. This, it is expected, will be announced at the joint meeting of miners and the operators' committee Friday.  
"I can say this much," said President White this afternoon. "We will not make any modification of our demands. Beyond that I cannot tell." The operators' reply, made public during the afternoon, is a document of approximately 2,500 words. It deals with the demands seriatim and in detail.  
**Can't Advance Wages.**  
"It is out of the question to advance wages," reads the reply. "Unless we can, in some manner, realize from the sale of coal produced a sum equal to the increase in wages." This increase, it is stated, would aggregate \$8,000,000 a year, and the whole advance which would average about 67 cents a ton, would be borne by the domestic sizes of coal. The increase in the cost of producing anthracite coal in recent years has reduced the margin of profit to a point beyond which further reduction is impossible, the further declares.

### SCHUBERT CHOIR OFF TO DETROIT

**Two Hundred Members Will Sing to American Audience To-night, With Concerts on Way Home.**

This morning at 7:30 the Schubert Choir leaves by special train from the Union Station for Detroit where a concert will be given to-night. H. M. Fletcher, the conductor, has been much pleased by the cordial and spontaneous invitation for his choir to visit the big Michigan city, and he has several invitations from other cities for next season. The choir will be of its full strength of over two hundred. After the concert they will spend the night at the Hotel Charles, leaving in the morning for Chatham and London, where concerts will be given afternoons at evening.

### BAY AND FRONT UNDER OPTION

**Big Wholesale Firm Has Purchasing Privilege on Corner—May Buy Monday—Next at \$225,000.**

A prominent wholesale grocery firm has secured the option on the northeast corner of Bay and Front-streets. The option price is \$225,000.  
The property is owned by the Baldwin estate and has 89 feet on Front-street and 216 feet running back on Bay-street. It is at present occupied by ruins of the fire of 1904, a few advertising signs and a fruit stand. Outside of the Union Station site, it is almost the only piece of land which has not been rebuilt on.  
The option expires next Monday. The World understands that the corner will be purchased and a big wholesale warehouse erected.

Sir George W. Ross, who is seriously ill at Hot Springs, Arkansas.

### MOTHER IGNATE PASSED AWAY

**Was Connected With Loretto Abbey for 62 Years and Mother Superior for 22.**

Mother Ignate, who had been for 62 years connected with the order of Loretto and retired two years ago as mother superior, died Tuesday morning in Loretto Abbey after a long illness. She was 80 years of age. For 22 years she was mother superior and was succeeded by Mother Stanifaus upon her retirement on account of illness two years ago. The funeral takes place to-morrow morning from the Abbey to Mount Hope cemetery. Louis J. Street of 22 Woodlawn avenue was a nephew of Mother Ignate.

### VALUABLE TORONTO PAINTING DESTROYED.

NIAGARA FALLS, Ont., March 12.—(Special.)—A painting valued at \$1500, coming from Toronto to the Buffalo Academy of Fine Arts, was totally destroyed at the Tenth-street depot, American side. The train backed up while the painting was being transferred from the baggage car. It was buried against a post and torn to shreds.  
**The Original Ziegfeld Follies.**  
The "Follies," which will be seen in Toronto next week, is the original organization of that name, and their forthcoming engagement will be the first of the Ziegfeld Follies in Canada, and Toronto will be the only city visited on this side.

### MARCHED TO SEA WITH GENERAL SHERMAN

**John Hannon, Who Died Yesterday in St. Michael's Hospital, Served Four Years in Federal Troops in American Civil War—Badly Wounded in One Engagement.**

One of the veterans of that memorable march made by General Sherman during the Civil War in the United States, historically known as "Sherman's March Thru Georgia," died in St. Michael's hospital yesterday from paralysis. John Hannon served with Sherman for four years and had been under fire, hundreds of times, and in one conflict was badly wounded.  
It was his proud boast that he had marched from "Atlanta to the Coast" behind the fearless American general. Before enlisting in the army Mr. Hannon was a cook in the boats. Tiring of the sea he opened a restaurant on York street between Adelaide and Richmond, and later owned a grocery store at Pearl and Simcoe streets. He was a member of Knowlton Grand Army Post and of the Roman Catholic faith. He was born in Ireland, but could not remember the year of his birth.  
The funeral will take place from Bolton undertaking rooms to-morrow morning at 9 o'clock to St. Mary's Church and thence to St. Michael's cemetery.

### WILKINSON'S EYE TO BE REMOVED

**Young Man Looked Down Barrel of Air Rifle When it Was Discharged.**

Harold Wilkinson of Trout Creek, aged 18, was playing with an air rifle yesterday afternoon when it went off, injuring his right eye. His condition was so critical that it was found necessary to remove him to St. Michael's Hospital, where the eye will be removed this morning by Dr. McCullough.  
Wilkinson was accustomed to handling the rifle, and was out for an hour or so when it failed to work. He tried the trigger several times, and then began an examination of the weapon, and while doing so happened to touch the trigger. It was feared at first that he would not recover, but after a local doctor had been called it was found that by the removal of the eye his life could be saved.

ASQUITH UNABLE TO SETTLE STRIKE

Men Have Been Out Thirteen Days, and Negotiations Are Still Barren of Any Definite Result—Serious Riots Reported by German Miners.

LONDON, March 13.—(Can. Press.)—The thirteenth day of the coal strike ended without a settlement having been reached. The joint conference of the representatives of the miners and the owners and members of the cabinet adjourned this evening until tomorrow afternoon.

Concerning the national conference, the results achieved at the conference, which lasted five and a half hours, the government is persisting in its policy of rigid secrecy, but there are indications that some progress in the direction of peace has been made.

Net Debt \$340,000,000. The gross public debt on March 31, 1931, was \$74,941,437. Deducting from this the assets, the net debt would amount to \$340,042,052. The country was maturing at that time when loans were maturing and provision had to be made to meet them.

Dependent on England. Where would the country go today, asked Mr. Maclean, if anything happened in England? We would be absolutely ruined. It is not a question of a loan of \$100,000,000 or \$200,000,000. It is a question of a loan of \$1,000,000,000.

Homelessers Paradise. Canada, we declared, commiserated with the homelessers. Immigration from the United States has increased nearly 50 per cent. in the last year.

Ontario Rifle Association. The annual business meeting of the Ontario Rifle Association will be held in Toronto, on Tuesday, March 15, 1932.

Owners Holding Firm. The owners of the mine owners in the Westphalia, saying that financial conditions do not permit the granting of the full increase of wages and that strikes are also impending in other districts.

Promise Miners Increase. SAARBRÜCKEN, Germany, March 13.—(Can. Press.)—The managers of the Prussian state mines in the Saar region in replying to wages said that the men's pay was now higher than in 1928.

WHITE'S BUDGET SHOWS RECORD SURPLUS OF \$30,000,000

Continued From Page 1. A large measure the capital expenditure necessary in a constructive period. Otherwise the credit of the country might be impaired at the very time Canada needed the money by the large increase of the public debt.

What of Imperial Defence? W. J. Maclean (South of'ry) declared that while he agreed in all the financial matters he was disappointed at the absence of any reference to the defence of Canada.

Evidence in regard to the affairs of the Farmers' Bank taken before Sir William Meredith at the investigations this morning, hinged around the issuance of a certificate to the bank by the late Mr. J. E. Weir, secretary of the bank.

Cricket Meetings Called Bowling Record Score Racing On Two Tracks

Note and Comment

An emissary from Ottawa well posted in contemporary sport, came to the city yesterday, thinking the new arena was nearing completion, to arrange an exhibition game on behalf of the Ottawa Hockey Club, which he will gear around next Christmas.

Lacrosse is not a live topic at the Capital. There is little interest in the national game and baseball will likely supplant it as far as public favor goes the coming summer. They look on contentedly at the battle between the coast league and the Big Four, having no interest in either and little more in the N.L.U. The Capitals best money last year and the men behind are willing to sit tight and see the other fellows mix it up in 1912.

In Ottawa they believe Montreal has the worst outlook on the map. They are up against it two ways, with an even break between their N.L.U. and Big Four clubs, and then another enemy on the horizon in the British Columbia League.

In the east they look on Toronto's position as fortunate, no opposition from the bid for a stadium, and the two local clubs well established on their own fields with barrels of coin to keep up a protracted controversy as long as Gen. Jones desires the warfare.

As regards the release of the Ottawa Hockey Club, it is believed the Ottawa Hockey Club will be sold to the New England team which would defeat the Allan Cup holders, the Interprovincial champions were beaten in Winnipeg early this season in two exhibition games, the first of which was won by the Ottawa team.

Members of the Canadian Olympic team and the committee men who are to Stockholm, Sweden, next summer, will have to pay only half price for the tickets if they go by the Swedish Government, which desires to help the Olympic team and their party in every possible way. The Swedes have shown excellent sportsmanship in connection with the Olympic games, but they have not had a great deal of experience in promoting big athletic meets, but they have a vast amount of data to draw upon.

"Pittsburg in the olden days could think up tricks over night quicker than any other town," laughed G. A. King, a well-known sportsman, who, with a number of his partners played one day before 52 people in Pittsburg.

"During the Brotherhood war the National League obliged the home club to insure the visiting club a \$100 guarantee for each game, the home club, the sliders played one day before 52 people in Pittsburg."

"The grounds were bad. Under the conditions they had to postpone the game," said G. A. King, who, with a number of his partners played one day before 52 people in Pittsburg.

YORK COUNTY ENGINEER SUBMITS FIGURES

Gives Cost of Installing and Operating Municipal Line—Other Suburban Matters.

NORTH TORONTO, March 13.—(Special.)—Engineer James has submitted to the board of works the report asked for in committee by Councillor Ball some two or three weeks ago which deals with the question of the installation of a municipally owned street railway.

The engineer's report in full is submitted and on the face of it the committee appears to think it runs high in cost. To the World to-night the engineer, discussing the matter informally, said in part:

The estimate of \$23,000 per mile may appear high but is must be remembered that the price of everything when entered into the building of a trolley line has gone up largely in cost. The working and equipment of a superior line involves the installation of equipment and other details. I stand pledged to support a municipal system to the very end of my means.

The board of works—As directed by resolution of your council, bearing date of March 3, 1912, I am pleased to report on the cost of a trolley line as follows:

The Yonge-street section is now served by the Metropolitan Railway. It is the section east of Yonge-street that requires service from and from this main line and the cost of running the population demanded it.

The estimate is also based upon a balanced construction on cedar ties such as is now in use on the Metropolitan heavy cars for a least five years and which will be in place on these streets and the pavements constructed so far.

Cost of Construction. 2 1/2 miles of track at \$100,000 per mile \$250,000 Grading 10,000 Subway 10,000 Diamond crossing, Metropolitan Railway 5,000 4 cars at \$5000 each 20,000 Car barns and property 18,000

To operate on this line a weekly minute service from 8 a.m. to midnight and a ten-minute service for two hours in the morning and two at night would cost \$100 per day.

Big Floating Supply of Wheat Put Market in Hands of Bears

Day of Almost Continuous Declines in Wheat Pit—Bulls Absolutely Disheartened—Corn and Oats Lower

CHICAGO, March 13.—Signs that there was a liberal floating supply of wheat in the market today developed more courage among bear traders than at any time in months. Latest figures showed a drop of 1-4 to 1-4 under last night. There was a net loss of 3-8 to 1-2 in corn, and a slide to 1-4 for oats. Provisions finished the same as last night to 5c up.

Healthy Upward Movement In Porcupine Mining Stocks

Market Shows Distinctly Buoyant Tone and Further Advances Are Recorded—Short Traders Run to Cover

World Office, Wednesday Evening, March 13. A sharp upward movement in the Porcupine stocks was underway in the mining markets today, led by such favorites as Hollinger, Dome Extension and Vipond. The strenuous buying demand came into effect during the afternoon and was carried on to such an extent that prices advanced to a degree equal to the gains of the previous week. In some months, however, the market has been so buoyant that a fraction into as much as two points.

APROPOS OF PORCUPINE

Recent news from the gold mining camp portends of a highly favorable trend, and everything points to a resumption of activity in the mining markets in the very near future. Meanwhile the public are displaying a keen interest in developments at the working parties, and are following closely the results obtained.

MARKET NOTES

There was practically nothing doing in the domestic grain market on Wednesday. The market was flat as far as the speculative exchanges across the border were concerned, with losses recorded in all commodities, but outside of inspiring a perceptible effect in the Ontario grain market. No activity is expected for the near future. Similarly, there is little or no demand for most breadstuffs, and prices are not likely to be altered, unless a change in the market is brought about and unchanged; shorts at 37 and 38, 33 per bushel.
