PARLIAMENT CALLED To Honor King Edward at Westminster FOR DEATH PAGEANT

Impressive Ceremony Planned Which May Have Peace- ful Effect Upon the Political Situation

KING GEORGE'S ACTIVITY ALREADY WEARYING HIM

LONDON, May 15.—King Edward's last parliament, assembling on Tuesday at Westminster Hall, will be, at least in one respect, a welcome anomaly. It will be a parliament without politics. The King's speech, which the lords and commons will be summoned to receive, will be the shortest on record. There will be only one word and that will be unspoken. The rival legislative houses will know that the word is peace, and they will commune with their own hearts and be still. There will be a memorable tableau, with a stately company of royal mourners, and Edward the Pacificator's last service to the empire and the world will be rendered potent. It will be an appeal to human sympathies, and hazardous and fatuous will be the attempts of politicians to challenge the prerogative of the dead King to effect the deliverance of the country from partisan politics.

The brief religious service will be conducted by the Archbishop of Canterbury, and will be attended by both houses of parliament. The ancient hall will not be draped, and the ceremonial will be of magnificent simplicity. The coffin will rest on a drape catafalque. The only sign of decoration will be a purple cloth covering the platform of the catafalque and the trappings of the bier. The King and Queen, the Queen Mother, and other royal mourners will be grouped about the catafalque during the service.

On Monday night the King and Queen, the Queen Mother, the other members of the royal family and the officials and attendants of the palace will attend a special devotional service before the body is removed. King George, who has been rightly credited with originating the unique audience of the houses of parliament with the dead sovereign at Westminster Hall, is among the earliest risers in the hall. He has been accustomed to take a long canter thru the park before 7 o'clock, but now he has settled down to a long day's work without exercise. His usual courtesy, hospitality and etiquette is referred to him, and there is a rapid succession of audiences and prolonged drudgery and a long day's work without rest. He is showing signs of weariness and exhaustion, but with indefatigable will is keeping abreast of the work. He even finds time for a few minutes to write to friends of the entombed Whitehaven miners and to Florence Nightingale.

Simplicity in Death Chamber.

The passage of the King is chief organizer will rival Queen Victoria's burial in impressiveness and grandeur. The naval spectacle will be lacking, but the death chamber is being meeting with parliament and the solemn yet democratic lying in state under the vaulted roof of a million subjects will be more memorable than a full array of battleships and cruisers. Until the arrival of the Duke of Cornwall enabled the mourners to prepare for the formal function in the throne room with the sealed coffin there had been extreme simplicity in the death chamber. King Edward might almost have been a cottager taking his rest in his night clothes. There was no field marshal's uniform or gold lace trappings, and around his neck was the locket which he had always worn as a charm.

While he was resting peacefully there was a hubbub outside over the concentration of 25,000 or 30,000 troops for the protection of the line of march, belated preparations for decorating the streets, mercenary traffic in windows and scaffolding seats for spectators and untimely chatter about the autumn season for bringing the veto question to a head before coronation year.

Court Rumors.

London is quivering after a week of intense emotion and fervid loyalty to the royal house. Among the rumors in the air is one that Queen Mary will be nominated as regent in the impending bill for regulating the minority of the Duke of Cornwall, and another says that the Duke of Connaught will open the parliament in South Africa and become governor-general of Canada. Another is that Windsor will be King George's principal home this year, with a long outing at Balmoral, and that Marlborough House will be the Queen-mother's town residence. Still another is that the King will speedily assume the rank of field marshal.

The first official "Life of King Edward" will be compiled by Sir Richard Holmes, the librarian at Windsor. The bulk of the work is already done. The most impartial estimate of Queen Victoria was an anonymous "Quarterly Review" article. The author was Edmund Gosse, who was frightened by his own candor until he heard that King Edward liked the article and had expressed the hope that his own life and reign would be summed up with an equally open mind.

THE FUNERAL PROCESSION

The Most Remarkable Array of Royals Ever Seen Together.

LONDON, May 15.—In the selection of the route to be followed by King Edward's funeral procession two main considerations weighed. First, King George's desire that an opportunity should be given as many as possible to witness the obsequies, and second, the necessity of minimizing the risks attending a gathering of such tremendous numbers.

30TH YEAR.

QUESTION READY FOR SUPREME COURT

Points on Which the Federal and the Provincial Governments Are Disagreed as to the Incorporation of Companies.

OTTAWA, May 15.—(Special.)—Steps have at last been taken to determine the respective jurisdictions of the Dominion and provincial governments in the matter of company incorporation. The subject is one that has been in dispute for years. It will be recalled that, at the request of the provincial governments, a conference was held at Ottawa in March last between representatives of the provinces and of the Dominion, but a basis of agreement was not reached. The provincial representatives urged that British North America Act be amended so as to give effect to their contentions. On the part of the Dominion it was objected that such a course, once entered upon, would ultimately lead to the complete destruction of the B.N.A. Act, because no limit would be set to the amendments that might be demanded by the provinces in the future. The federal ministers contended that, as in the case of all other constitutional questions, the matter should be referred to the supreme court. This divided in opinion the members of the conference.

As the question of jurisdiction is one of great practical commercial importance, the Dominion Government has framed a series of questions for immediate submission to the supreme court. It is highly probable that the matter will be carried to the privy council. The preparation and argument of the case will be entrusted to E. L. Norman, K.C., deputy minister of justice, and Thomas Mulvey, K.C., under secretary of state. The several provinces will be notified so that they may be represented before the court if they so desire.

The Stated Case.

The following are the questions to be submitted for the court's determination: (1) What limitation exists under the British North America Act, 1867, upon the power of the provincial legislatures to incorporate companies? (2) What is the meaning of the expression "with provincial objects" in section 92, article 11, of the said act? (3) Has a company incorporated by a provincial legislature under the powers of the act?

SHOTS FIRED

Nicaraguan Embroglio Begins to Warm Up—Engagement Expected.

NICARAGUA, May 15.—An Estrada scout ship yesterday encountered the steamer Venus near the port of Greytown. The Venus was steaming into the harbor with guns and ammunition. A few shots were fired, but no damage resulted. The scout ship returned here, but later proceeded with two other vessels belonging to the provisional forces, which are all well armed.

It is understood they will endeavor to force a general engagement. An engagement between the provisional and Estrada forces at Rama is looked for at any moment. The two armies are practically facing each other. General Lara, who with Gen. Gokey is attempting the investment of Bluefields, is not yet within striking distance.

CASUALTIES AT WINNIPEG FIRE

Four Employes of Canada Oil Company Suffer Burns.

WINNIPEG, May 15.—Fire in the Elmwood warehouse, near the Canada Oil Co., Ltd., yesterday morning did damage to the extent of about \$25,000 and four employes were caught in the flames. A. Dye and Russell Burnett, two employes of the company, were so badly burned that they had to be removed to the hospital. Their condition is precarious. Two small boys, Michael Sior and Anton Klouski, were also burned slightly.

FIVE BOILERS EXPLODE.

PITTSBURGH, May 15.—A battery of five boilers exploded at the plant of the Diamond Coal & Coke Co., at Chewtown, Washington County, killing three men, who were in the boiler house at the time. Six others, including employes and residents in the dozen or more houses nearby, were injured, but none will die.

TOWN THREATENED BY FIRE.

BEVIDLI, Minn., May 15.—Women and children to-night are in the churches praying for the men fighting the fires, and two companies of state militia are hastening here from Crookston and Duluth to fight the flames that are moving toward the town.

GAVE CHILDREN DOG POISON.

DEMOPOLIS, Ala., May 15.—Because she was refused permission to go to Birmingham, a 10-year-old negro, employed by Davis Collins, a wealthy planter, as a nurse for his two small children, gave dog poison to the younger, aged three months, died in agony.

BOURASSA LEADER FOR QUEBEC CONSERVATIVES?

Rumor That He is to Resign From the Legislature and Take Monk's Place.

MONTREAL, May 15.—(Special.)—It would not perhaps be a very great surprise to the political world if Henri Bourassa were in the very near future proclaimed leader of the Conservative party in this province. He has a more personal and more genuine note even than the great leader of the death of Queen Victoria, who was loved more as a great institution than as a personality.

Politicians are compelled, like others, to bow to the immense tidal wave, and for the moment any serious discussion of the grave conflict between the Liberals and the lords would be scouted as indecent. The final clash between the lords and Liberals cannot come as was expected, at the beginning of June, and this first postponement necessarily involves a further postponement. The Dominion Atlantic securities do not come into direct possession of the C.P.R., yet the company's leading directors, such as Mr. R. B. Angus, Hon. L. J. Forget and others, make no bones as to the purchase.

CHOIR FOR MEMORIAL SERVICE

Six Hundred Voices Under Leadership of Dr. Ham.

The memorial service, at which all the Protestant churches of the city will be represented, will be held in front of the Parliament Buildings on Friday afternoon, the day of the funeral.

About 600 voices from the various choirs in the city will constitute a choir, with the bands of the city playing in massed order.

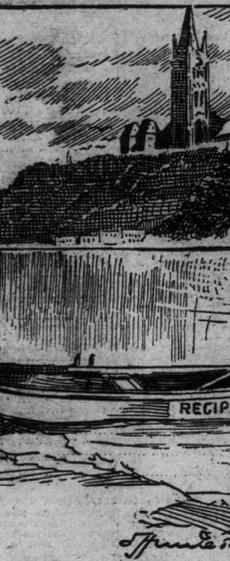

TAKE OVER DICKEY LIMITS.

MONTREAL, May 15.—(Special.)—It is stated here that the Dominion of Canada Securities Company, composed of the Earl of Denbigh, John Howard, agent-general of Nova Scotia in London; Sir Frederick Borden, Hon. A. K. MacLean and several London financiers, has taken over the Dickey limits of Nova Scotia, and are also about concluding a deal with the government of Nova Scotia for the Eastern Railway extending from Halifax to Country Harbor and tapping the coal areas of Pictou County.

A LOFTY LIFT.

PHILADELPHIA, May 15.—Charged with steering the ship from the steps of the Roxborough Baptist Church, Earl Knoll, a steeplejack, was arraigned in police court to-day and held for a further hearing. It was testified that during the night he had climbed 110 feet on St. John's Church steeple, from which 108 pounds of copper sheathing was removed. From the 60-foot steeple of the Baptist Church, it is alleged he obtained 48 pounds of metal.

A FALSE ALARM

A FALSE ALARM

COMPROMISE IN THE AIR KING GEORGE FAVORS IT

CHICAGO, May 15.—T. P. O'Connor, Nationalist M.P., calling The Tribune from London, says:

The extraordinary outburst of emotion caused by the death of King Edward still continues unabated. It has a more personal and more genuine note even than the great leader of the death of Queen Victoria, who was loved more as a great institution than as a personality.

Politicians are compelled, like others, to bow to the immense tidal wave, and for the moment any serious discussion of the grave conflict between the Liberals and the lords would be scouted as indecent.

The final clash between the lords and Liberals cannot come as was expected, at the beginning of June, and this first postponement necessarily involves a further postponement. The Dominion Atlantic securities do not come into direct possession of the C.P.R., yet the company's leading directors, such as Mr. R. B. Angus, Hon. L. J. Forget and others, make no bones as to the purchase.

While discussing the great stroke of business which the big railway has just made in the Province of Nova Scotia, H. Logan, ex-M.P. for Cumberland, who heard the news as he was en route for Ottawa, said that the big railway had happened Nova Scotia for many years, and this view is fully shared by N. Curry, formerly from Amherst, N.S., and by most of the lower province men in this city.

One of the most curious developments of the situation is the enormous growth of a softening feeling among the English masses, and even the politicians, with regard to Ireland and home rule.

For the first time in the history of the two countries the death of an English sovereign has caused an outburst of genuine sorrow in all Ireland. Compromises, nevertheless, is in the air, especially as the new King favors it, and all parties shrink from the responsibility of throwing him, thus early in his reign, into the vortex of such a fierce internal controversy.

Some of the Tories are said to be ready to make big concessions, but this remains to be seen.

Most of the Irish leaders are scattered. Mr. Redmond is still on the continent, and the other members are in Ireland, where vast meetings were arranged weeks before the King's illness. Few of the Irish leaders will be in London, accordingly, at the King's funeral, which is unfortunate, as their presence would have an immense effect on English feeling.

DEATH ENDS EXCITING CHASE.

NEW YORK, May 15.—Threading the crowded lanes of Central Park at breakneck speed a taxicab with a swaying, glassy-eyed chauffeur, and a sharp turn in and out between foot fairs and carriages this afternoon, pursued by mounted policemen and a sharp turn impaled itself on the front springs of a Limousine coming in the opposite direction.

Michael O'Connell, chauffeur of the taxicab, died in a hospital late to-night. The springs of the Limousine penetrated the radiator of the taxicab two feet.

ROOSEVELT OFF FOR LONDON.

BERLIN, May 15.—Ex-President Roosevelt left here at noon for London to-day. Herr von Schoen, secretary for foreign affairs, the members of the embassy and many Americans bade the party farewell at the station.

NO APPROVAL YET FOR TELEPHONE CONTRACTS

Chairman Mabee of Dominion Railway Board Says Agreements of Bell Co. with Independent Lines Are Only Temporarily Assented to.

Some time ago The World pointed out that the Bell Telephone Co. was violating the law regarding the submission of the contracts made with independent companies to the Dominion Railway Board for approval. Counsel for the Bell Company took occasion to declare that all the contracts made with his company have been submitted and regularly approved, and on this basis the company was influencing other independent companies to submit to terms which, to say the least, were not as favorable as the independent companies had a right to expect.

The Bell Telephone Company issues monthly the Telephone Company for circulation among its employes, and in the April number of the Gazette there appears what is called "A correction." "A statement is being persistently circulated," it declares, "by an interested party, that the contract between the Bell Telephone Company and associate companies for exchange of service have not been submitted to and approved by the Board of Railway Commissioners for Canada, as required by the Railway Act, and that therefore they cannot be binding on the Board of the parties thereto. This statement is entirely erroneous. All the contracts which this company has entered into with other companies for exchange of service have been submitted to the board as required by law, and the regulations of the board complied with in every particular."

Put It Up to Mabee. On the strength of this the Bell employes naturally make assertions which are, as The World has stated, contrary to fact. This has been placed beyond question by the correspondence passing between the secretary of the Canadian Independent Telephone Association and the chief commissioner of the railway board. Chairman Mabee makes it clear that the Bell Telephone deliberately misled their own employes and the public, and that the regulations of the board have not been complied with in the great majority of cases.

Writing on April 30, the secretary of the Independent Telephone Association of the statement we have quoted from The Telephone Gazette and enquired if it was correct, that if the numbers and dates of the orders issued by the board approving contracts might be furnished. The letter proceeded:

"Notwithstanding the statement that The Telephone Gazette is only circulated among the employes of the Bell Telephone Co., it is nevertheless a fact that it is mailed each month to a very large number of rural companies in Ontario as well as to the press. The view which this association takes upon this question is that if the contracts have not been approved, the Bell Telephone Co. and its agents have no right to use statements as a"

SGT.-MAJ. WIDGERY HURT BY FALLING FROM CAR

Struck Back of Head on Pavement and Goes to Hospital—Dr. Hewitt Breaks a Leg.

Two gentlemen prominent in the city's life had the misfortune to fall off street cars Saturday night and were seriously injured.

James Widgery, sergeant major of the Royal Canadian Dragoons, familiar to horse show patrons, the militia, and regular chief of police, was thrown from the back of a King car at the corner of Dufferin-street, the back of his head striking the pavement. He was picked up unconscious and removed to his home, 208 Ossington-avenue. It was at first thought he had received only a slight scalp wound, but towards morning he became delirious and was removed to the Grace Hospital in the afternoon. His delirium lasted until midnight, and it was feared he had sustained a fracture of the skull, as he had a violent hemorrhage, but luckily such is not the case.

Dr. Hewitt, 218 North Lisgar-street, stepped off a moving Dundas car at 10:40 p.m. at the corner of Rushmore-road, breaking his right leg. P. C. Smith and several citizens carried him to his home near by.

WILL GO TO LONDON.

LONDON, May 15.—(Special.)—Rev. E. Hooper of Toronto, who was probably selected by the Adelaide-street Baptist Church to succeed Roy T. Shields, who has just gone to Jarvis-street Church, Toronto, occupied pulpits of Adelaide-street Church twice to-day. He is the former pastor of Beverly-street Baptist Church.

MORE DINEEN IMPROVEMENTS.

The Dineen store on Temperance and Yonge streets is to be greatly improved by an extension of display rooms on the ground floor and the re-erection of a number of large plate glass windows on the Temperance-street side, as far back as the store runs. This work will be undertaken almost immediately.

EATON'S DAILY STORE NEWS

Chantecler and Clothes

Rumors come from Paris concerning the discontent among the fowl in Chantecler's barnyard at the Porte St. Martin Theatre. The women refuse to continue playing their parts, saying they cannot endure the feather costumes now that the warm weather has set in. Not only are they unbearably hot, but it is said that they irritate the skin, despite their silk lining, and extra pay has been demanded by the members of the cast.

Our sympathy goes out to the poor performers in their unique discomfort. It is truly pitiable that, while we are pleasurably adapting ourselves to the change of temperature with the donning of appropriate apparel, this bevy of theatrical folk must face the Summer season and a tour to London in the weird regalia that has made them famous.

Befitting the Season

The matter of selecting this appropriate apparel is a task that lies before present consideration. The Store is ready for the onslaught with a display of all the wealth of variety that makes up the story of the cotton costume. It only remains for the customer to choose.

Prediction assures a more lavish patronage than ever of the lingerie frock, and in our offering of the same a new note of attraction is discovered in the presence of the tunic effect in round, pointed and flounced form, every conceivable expression of the idea having been utilized in the witching array of filmy mull, Swiss muslin and fine lawn, inserted and edged in all the usual multitude of designs. Though girdles are in evidence, the princess model is still in the ascendant. It distinguishes a typical example in Swiss lawn, with skilful applications of branch embroidery, that bears a price ticket marked twelve dollars and a half.

The Tub Frock

In linen and repp suits, grey and natural shades claim the distinction of first favor, but the showing generously represents blue, rose and wistaria. The three-piece suit is again to the fore as a smart and useful provision.

Prominent also is the Store's celebrated tub frock, developed in Anderson gingham, French linen, line, print, percale and cotton voile, particularly well illustrated by a little New York model in reversible, fast color foulard print, modishly fashioned with pointed overskirt, and yoke and undersleeves of net, with lace applique. At five dollars and seventy-five cents it is a marvel of ready-to-wear achievement.

Then, besides the showing of washable costumes, is a notably exclusive collection of dresses in rajah silk, silk voile and foulard, the exhibit of gowns in the latter popular fabric being characterized with rare style and dainty attractiveness, and running the long gamut from low to high price.

The Leghorn Hat Always a Favorite

This popular and serviceable hat is never more at home than when gracing some social function or completing the loveliness of a bridal outfit; in short, its valuable qualities win for it a place. It adapts itself so beautifully to the lingerie effect of Summer, and always retains a soft daintiness so in keeping with the season of flowers, and you can wear it anywhere with perfect taste.

A fresh lot of these exquisite dress hats will be shown Tuesday, all are handsomely trimmed with lovely fine laces, tulle, chiffons, tiny wreaths of flowers, etc. Most of the shapes have large sweeping brims.

Another pretty one displays a conventional design of brilliants, traced on a gummetal foundation.

AT THE THEATRES

ALBERT PHILLIPS AS JACK PATYSON AND GRACE BENHAM AS ECHO ALLEN IN KLAU & BRANGLER'S MASSIVE PRODUCTION, "THE ROUND UP," WITH MACLYN ARBUCKLE, AT THE PRINCESS THIS WEEK.

Whatever Southern and Marlowe might ever produce, it can be surmised that the roles will cover more popular to all classes of theatregoers than those of Romeo and Juliet, in which the illustrious stars will be seen at the Royal Alexandra during the week of May 30. In these two characters they are again seen in the romantic, poetic portrayals in which their admirers like them so well. In fact it was in roles of this kind in which they met their first recognition when Southern as the impetuous hero of the romantic dramas, and Miss Marlowe in her delineation of the lovable Shakespearean heroine, won their enormous collieries of admirers. It is a matter of great interest to students of the drama to anticipate seeing a performance of Romeo and Juliet in which the two leading players are so ideally fitted through youth, charm of appearance and dramatic experience, to portray the idealistic love scene, so tender and so splendid, and the roles become in a manner visualized to present day audiences.

This week one of the season's dramatic novelties will be seen at the Princess, in Klaw & Brangler's "stupendous spectacle," "Edmund Dore's" western drama, "The Round-Up." Maclyn Arbuckle plays the leading role, while there are a few Indians, cowboys, soldiers and horses to participate in realistic battle and ranch scenes. The play was first produced in Chicago where it ran all summer, after which it was taken to the New Amsterdam Theatre, New York, for a limited engagement of four months. At the expiration of the time allotted at this famous playhouse, the interest in the extraordinary play continued so keen that it was moved to the Broadway Theatre, where it enjoyed a most prosperous run of three months.

The songs promised by Al. H. Wilson for "The Devil" in its first presentation in Toronto, will be seen in a lighter role, in "Guardy," which is said to be the most artistic act in vaudeville. The "Four Hottaways" are circus stars on the stage wire. Others on the bill are: "The Six American Dancers; Waterbury Bros. and Tenney, comedy and music; the Village Choir, singing favorite melodies; Hastings and Wilson, the jugglers; Granville and Rogers, the two odd fellows, and the Kinematograph, with all new pictures.

A promise of something unusually entertaining comes with "The Hashtines Show" at the Gaiety. The burlesques, "Americans in London" and "A Paris Model" combine the rollicking fun of burlesque, the melody of opera, the handsomest costumes and the gorgeous scenery of a Parisian spectacle.

Three Persons Knocked Unconscious—Railway Offices Fired—Operator Sticks to Her Post.

NEW YORK, May 15.—Three buildings in the Bronx were struck by lightning yesterday, three persons were knocked unconscious, scores of others were slightly shocked and 50 employees in the big freight office of the New Haven Railroad were thrown into a panic. Fire, which followed added to the damage.

One bolt tore thru the roof of the freight house and penetrated the two upper stories. Fireman James McDowell, who was in his office on the top floor, was hurled unconscious from his seat, and Miss Mary J. Beaver, his stenographer, was shocked by the electrification of her typewriter, so that she fainted. In the office immediately below the bolt struck the desk of C. M. Montsett, trainmaster, smashing it to bits and shocking Montsett out of his senses.

Scores of clerks were hurled from their desks in other offices and were shocked thru the electrification of the metal in the building. Despite the pelting rain they rushed frantically out into the street.

Miss Josephine Egan, the telephone operator, stuck to the switchboard and called the fire department and police as fire broke out. Quick work prevented great loss from the flames.

LADIES FORM GUILD TO BRING OUT DOMESTICS

Lady Laurier Elected Honorary President at Meeting on Saturday Afternoon.

The Toronto branch of the Canadian Immigration Guild, an organization designed to bring to Canada well-trained and otherwise desirable domestics from Britain, was formed at a meeting held in the city hall Saturday afternoon. The chairman was Hon. Thomas Crawford and the gathering numbered about thirty, nearly all ladies.

Hon. Mr. Crawford explained that it was proposed to establish branches or committees so far as possible throughout the towns and rural districts of Canada, and that promising beginning had already been made in the establishing of organizations in Ottawa and seven towns and the assurance of active interest by many ladies, including Lady Laurier. Arrangements had been effected with four old-established booking agencies in Britain for the sending out of domestics of good moral character under the care of matrons, and himself was heartily in sympathy with the movement.

Miss St. John Wilman, to whom the speakers were desirous to give credit for the initial steps in organization, said that, while there was a utilitarian aspect to it, underlying the movement was a desire to promote empire building. There were thousands of young women who were wasting their lives in Britain for whom could be found pleasant and useful work in Canada as domestics. It was hoped to create a chain of organizations which would not clash with other bodies and which would loop up with Britain. She thought that as a beginning it was not advisable to launch out on too ambitious a scale, but that that office for the establishment of a bureau should be secured.

A. C. Macdonell, M.P., said it was essential that the young women coming to Canada should be properly safeguarded. It was a work which both the Dominion and provincial governments should support, and he believed such aid could be counted upon.

George Monk, ex-M.P., expressed his belief that the methods proposed would solve the solution of the domestic problem.

Mrs. K. Pearson, a visitor from England, prominently identified with the British Women's Emigration Association, said that affiliation with that body would be mutually advantageous, and pointed out that Australia showed its appreciation of the services of domestics by granting free transportation out from Britain.

Mrs. Boutbee asserted that there was such a dearth of household help that girls were afraid to marry through fear that when they became mothers they would not be able to get that assistance from domestics which was required in the humblest home.

Others who spoke were Mrs. Lee, Mrs. Torrington and Miss Boulton.

The officers elected were: Honorary president, Lady Laurier. Vice presidents: Mrs. William Mackenzie, Mrs. A. B. Aylesworth, Lady Meredith, Mrs. M. J. Jones, Mrs. Sweeney, Lady Fitzgerald, Mrs. Clifford Sifton, Lady Davies, Mrs. Palmer and Mrs. Revere.

Toronto local committee: Mrs. Crowther (chairman), Mrs. Aemilia Jarvis, Mrs. E. Gooderham, Miss Macdonell, Mrs. Broughall, Mrs. George Monk, Mrs. Ashcroft and Mrs. M. S. G. Morgan.

Men's advisory board: A. C. Macdonell, M.P., Hugh Guthrie, M.P., G. M. Torwan, M.P., Fyffe McDiarmid, M.L.A., George Monk, T. H. Lennox, M.L.A. and Dr. Reazin.

Treasurer: Mrs. Reazin, 1682 West Queen-street.

Organizing secretary: Miss St. John Wilman.

Those interested in the movement will be invited to give financial aid to meet the necessary expenses.

PASTOR RUSSELL'S SERMON "The Pentecostal Blessings."

LONDON, Eng., May 15.—Albert Memorial Hall, recognized as the largest modern auditorium in the world, was crowded to-day to hear Pastor Russell of Brooklyn, Tabernacle, New York, on "Pentecostal Blessings." Many of the most prominent stalls and boxes are owned by the nobility, many of whom occupied them, while others, unable to attend, graciously granted permission for their occupancy by others; but hundreds were turned away. The meeting was held under the auspices of the International Bible Students' Association. The speaker said:

It is appropriate that on this day, celebrated and recognized as the anniversary of Pentecost, we should consider the import, and have well in mind what we celebrate. I therefore take as my text, the words of St. Peter explanatory of the occasion: "This that which was spoken by the Prophet Joel: And it shall come to pass in the last days, saith God, I will pour out My spirit upon all flesh; and your young men shall have the vision which your ancients dreamed of; and on My servants and on My hand-maids I will pour out in those days My spirit, and they shall prophesy." (I give you a preferred translation: Acts II, 16-18.)

Peter declares that the outpouring of the holy spirit upon the waiting believers at Pentecost was mentioned by Joel the Prophet, but he does not state that all the prophecy was fulfilled there and then. As a matter of fact, we know that the holy spirit was not then poured out on all flesh; it was poured out merely upon God's servants and hand-maids. A careful inspection shows us that there are two parts to the prophecy—(1) All flesh and (2) God's servants and hand-maids. The order of the blessing is also stated: "It will come upon all flesh first, and then upon the servants and hand-maids in those days. The days mentioned evidently refer to this gospel age—from Pentecost to the second coming of Christ.

In this period, of now nearly nineteen centuries, God's holy spirit, has been poured out on His faithful ones, and to these alone. Only the fully consecrated have accepted of the Lord as living God, and only such have been begotten of the holy spirit, that they may be "new creatures in Christ." During all this time, the world has been waiting for the "little flock" of the holy spirit to be raised in power. Indeed, the apostle after Pentecost went still further and declared that "the whole world leith shall be saved." The "little flock" of the holy spirit must be, as in the case of Felix, to "reprove the world of sin and righteousness, and of a contrite mind." Our text declares, however, that the time is coming when the world will receive a share of the great divine blessing, which was fully ascertained at Pentecost. But this time of favor will be "after those days"—after this gospel age shall have come to an end; after the new dispensation shall have begun.

Let us note the blessings belonging to this gospel age, in which we are especially interested. We have seen that the Pentecostal blessings that God has promised shall come to all mankind. It is not sufficient that we say that the Pentecostal blessing came upon the followers of Jesus in the upper room at Jerusalem, totally different from anything that had been known in the Jewish Dispensation. We want to know why it was so; and if a blessing, why it did not come sooner to God's people? We remember Abel, Enoch, Noah, Abraham, Isaac, and Jacob, who were all followers of Jesus in the upper room at Jerusalem, totally different from anything that had been known in the Jewish Dispensation. We want to know why it was so; and if a blessing, why it did not come sooner to God's people? We remember Abel, Enoch, Noah, Abraham, Isaac, and Jacob, who were all followers of Jesus in the upper room at Jerusalem, totally different from anything that had been known in the Jewish Dispensation.

Thus it was that, in harmony with our Redeemer's promise, St. Peter used the words which he introduced to the Gentiles to the Pentecostal blessings. As he used the first key on the Day of Pentecost in explaining to the multitudes the meaning of the precious blood, the Lord instructed Cornelius to send for Peter, saying, "Send therefore to Joppa, and call hither Simon, whose surname is Peter; he is lodging in the house of one Simon, a tanner, by the seaside; who, when he cometh, shall speak unto thee" (Acts x, 4-6).

Thus were the two "keys" used by St. Peter, and thus were the doors of the gospel favor—the high-calling of joint-heirship with Jesus—thrown open, both to Jews and to Gentiles, thru faith in the precious blood. The doors thus thrown open are not yet closed; but, as we sometimes sing, "That gate was left ajar for me."

I rejoice with you today, fellow-students of the word of God, that this great gift of God is still obtainable, that the time has not yet fully come when the door of opportunity to this high-calling must close. Close it will, so soon as the full number of the "elect" shall be completed. Thank God that another door will then open; the door of restitution to human perfection and to earthly life, grand beyond the power of description.

But the blessed opportunity of this Pentecostal favor is still granted. As St. Peter declares in his epistle, "Whereby are given unto us exceeding great and precious promises; that by these ye might be partakers of the divine nature" (II Peter I, 4). The door to this divine nature is the one that will soon shut as our Redeemer illustrates in the parable of the "Wise and Foolish Virgins." When a sufficient number of "wise virgins" shall have entered to complete the bride-class, forthwith the door of opportunity to that station, to that class, to that honor, to the divine nature, will be closed; and the elect of God will be neither one more nor one less than the numbers originally foreordained.

St. Paul speaks of this gospel age saying, "Now is the acceptable time; to-day if ye will hear His voice, harden not your hearts." Not all hear His voice in these days. The great mass of mankind have not even heard of the name of Jesus, and consequently could not harden their hearts against Him, nor against the terms now offered for return to fellowship with God. This is the acceptable time; or, period of salvation, in the sense that God is now willing to accept the offerings of believers if they present

THEIR BODIES LIVING SACRIFICES.

St. Paul declares that this is a reasonable service, holy and acceptable to God (Rom. xii, 1).

The testimony to the church and the high-calling have been open since the world and the blessings under that testimony will be during the millennial age. The death of Jesus—"the propitiation (satisfaction) for our sins (the church's), and not for ours only, but also for the sins of the whole world"—in due time, during the millennial age (I John II, 2). "For as the Apostle Paul declares, "There shall be a resurrection, both of the just and of the unjust" (Acts xxiii, 3). That will be the time for the pre-merit of Jesus' sacrifice to be made known, to be understood, to be appreciated, and to bring its blessed results of restitution to who-so-ever will receive the same.

Then God's holy spirit—holy power will, thru Christ, be outpoured upon all flesh—upon all mankind. Messiah will inaugurate the new dispensation, by sealing with Israel the New Covenant thru the Apostle Paul, "This is my covenant with them when I shall take away their sins. As concerning the gospel they are the fathers of you, beloved for the fathers' sakes" (Romans xi, 27, 28).

This outpouring of the holy spirit is not merely for Israel, nor God's blessing merely on Abraham's natural seed outside the church class. It will include all of every nation desirous of coming into accord with God, after they shall have come to a clear knowledge of the truth. All nations shall be privileged to enter into and enjoy Israel's great covenant, by becoming children of Abraham thru faith. And all reprobators of God's grace having been destroyed by the second death, the world of mankind will constitute the promised seed of Abraham, whose number shall be as the sands of the seashore, even as the spirit-begotten ones of this gospel age are likened to the stars of heaven.

The ancients, the prophets, St. Peter declares, have all spoken of these glorious "times of restitution," and it will be during those times when the Lord shall pour out His spirit upon all flesh, that the people may realize what the ancients had seen in vision, and in dreams—"the wilderness becoming as a rose," "the solitary place being glad and flourishing in the desert," and the knowledge of the Lord filling the whole earth as the waters cover the great deep, and none needing to say to his neighbor, "Know thou the Lord, for all shall know Him from the least to the greatest."

DROPS REFERENCE TO DIVINITY OF CHRIST

New Haven Congregational Church Creates Sensation by Creed Revision.

NEW HAVEN, Conn., May 15.—A theological sensation has been created in the adoption of a new profession of faith by the Centre Congregational Church of this city, which omits the apostles' creed and all reference to the divinity of Christ.

The present pastor, Rev. Oscar E. Maurer, is a young man from the west, who is a recent graduate of the Yale Divinity School. Last October he explained the adoption of the new article of faith:

"We shall try to make the form a statement of religious purpose rather than a confession full of technical questions of theology in which the layman has at best only a remote interest. All that is essential to the faith of a man who believes in God, the Father Almighty, as revealed in the life and character of Jesus Christ, and who desires to live a life of righteousness, as exemplified by Him, and is willing to serve his fellow-men, will be included. But a candidate for church membership will not be admitted unless he has agreed to the dogmatic statements which are sometimes imposed as tests of Christian faith for admission into the Christian Church."

"So far as the omission of the apostles' creed is concerned, members of Centre Church are aware of the fact that that creed was not used by the church until 184, when the last revision of the church's confession took place. This omission of the creed because of the new form will therefore be in line with the past history of the church rather than a break with its traditions."

CELEBRATION OFF

"The King Was Our Best Friend, Said Indians, "We Cannot Race."

VICTORIA, B.C., May 14.—All possibility of holding the Victoria Day celebration was abolished when the Songheos and Quamichan Indians declined to take part in the canoe race because of the death of King Edward. The feature of the yearly celebration has always been the Indian war canoe races at which cash prizes are offered because of the death of King Edward three months in advance.

"The King was our best friend, he is buried on the twentieth. We cannot race the twenty-fourth," said Chief Cooper of the Songheos tribe to the committee.

EMPLOYEES OF STREET RY. ASK SOME CONCESSIONS

Also an Increase in Wages—Proposed Agreement Will Be Submitted to Company To-day.

A meeting attended by 1000 street railway employees, was held in the Star Theatre Saturday night to discuss the new agreement to be presented to the company. On June 1, the present agreement, which was made three years ago, expires, and among the demands of the new agreement will be one for an increase in wages, the present scale being 20c, 22c and 25c an hour for first, second and third year men respectively. It is understood that they are asking for an increase to 25c, 27c and 30c an hour. Shorter hours are also included in the demands, as well as a change in the time schedule, which would be more convenient to the "extra" men. Better terms for the first and second year men in connection with the purchasing of new uniforms is another concession that is being asked. This morning the executive of the union will draw the agreement which will be in accordance with the resolutions adopted at the meeting. It is expected by the union that the company will give the men favorable consideration and accede at least to most of the demands. The agreement will be presented to Manager R. J. Fleming this afternoon.

CORRUPTION IN CUBA

Minister at Madrid Resigns Because of Misappropriation Charge

HAVANA, May 15.—Senor Garcia Velez, ex-secretary of state, who was recently appointed minister at Madrid, has handed in his resignation because of a charge of misappropriation of funds. His resignation. His reason is that Senor Lanuza, a conservative leader in the house, has attacked a proposal to appropriate funds to cover a deficiency in the state department in the course of his remarks. Lanuza declared that the year's appropriation for the department had been spent in the first six months. He proposed that an investigation be made by congress. Senor Sangulany has written to the president asking for the appointment of a special investigating judge. Senor Garcia Velez considers the whole movement to be a slur on his honor. Senor Lanuza intimated on the floor of the house that the deficiency is the result of criminal misappropriation of funds.

The mother died instantly, but the girl lived two hours. Mrs. Chapman had been mentally deranged for some time, through illness and on previous occasions had attempted violence with her daughter.

DOWN ON CHEAP EDITORS.

LONDON, May 14.—Thomas Nelson & Sons' production of a series of two-shilling novels, equal in every way to the usual six-shilling editions, has created a sensation in the publishing trade and in library circles. The Author's Society has adopted a resolution that novelists would be unwise to allow themselves to contract for the publication of novels under six shillings. It added: "There is no evidence from publishers or authors that the lowering of price leads to any substantial increase in circulation, while there is evidence that in certain circumstances the opposite has occurred."

Now for the Newsboys

During the last three weeks the attention of the city has been riveted on the extension work contemplated by the Young Men's Christian Association. Everybody is familiar with what has been said as to the desirability—almost the necessity—of the city caring for its young men. All that has been said for the Y. M. C. A. project is applicable to the proposed Newsboys' Home, and the urgency and necessity of assisting in the work may be doubly emphasized. The "little merchants of the street" have not the initial advantages possessed by those whom the Y. M. C. A. the more directly labors among; they need an attention that the larger institution cannot give them; they must be ministered unto alone.

Of \$20,000 required to establish the home, more than \$3500 has been subscribed. Now that you have listened to the appeal of the Y. M. C. A. and contributed to that worthy fund, why not spare a little for this other, and help make good citizens of several hundreds of boys, many of whom are cast almost on their own resources in making a living, and who require the surroundings and the other attentions which the Newsboys' Home will give them?

While descending a small ladder going into the boat it slipped and he fell forward against a gimlet-bit, which Furnace had in his hand. It pierced his side in the region of his heart. He fell back without uttering a sound, and died. Dr. Shaw, coroner, decided that an inquest was unnecessary. The deceased was 55 years of age and was formerly a resident of Mallorytown. NIAGARA'S CELEBRATION

Will Have King and Queen of the Carnival. NIAGARA FALLS, Ont., May 15.—The Niagara International carnival of June 14 will have a king and queen. That was decided at a meeting of the general committee last night. The king will be selected from the gallants of this city, the choice lying with W. E. Tuttle and John J. Bamfield. The queen will be a young woman of Niagara Falls, N.Y., and will be chosen by former Mayor O. W. Cutler and R. Max Eaton. The committee in charge of arranging for the appearance of the school children in the day's doings reported that there would be a large attendance of pickers by Game Inspector Cook yesterday. A committee was appointed to wait upon Superintendent Regan of Buffalo to see if it would not be possible to get a platoon of police from that city to participate in the parade; another committee will try to get police from Toronto. It is assumed that a considerable number of troops at the Niagara camp will be seen in line. Will Erect Hospital. Why the Morning Newspaper From the Man's View Point

Being Chapter III. of the Calling of the Ancient Bluff of the Evening Newspaper which Poses in Borrowed Clothing as the Only Home Newspaper.

WHEN is a man interested in posting himself on the state of the market? Before he enters the battlefield of business for the day or after he leaves it? Ask yourself the question.

After the cares and worries of a day's business is he not apt then to let his mind turn to other things? In the summer he hies to the many out door sports—bowling, golfing, tennis, canoeing, sailing. In the winter the theatre, the club, the lodge, the social assemblies, or evenings with friends.

Statistics show that the average man in Toronto has six-sevenths of his evenings engaged, and it is an even gamble that he doesn't use the other one of the seven reading ads. in the evening newspaper.

At night he wants rest and recreation. He is surfeited with the things that pertain to the troubles of living and seeks his share of the pleasures. It therefore stands to reason that an advertisement placed before him at that end of the day, even if he does see it, will not have a fraction of the force of the one he reads fresh from a night's rest and ready to enter into another business day. At night man wants nothing but pleasure, rest and sleep. At morning man wants everything, and bucking on his armor hurries forth to get it.

Therefore the psychological time to assail the man is in the early morning—via the Morning Newspaper.

The advertiser who omits the Morning World from his advertising appropriation is throwing away a big percentage of his opportunity with a big capital "O."

We speak with confidence because we know whereof we speak. We know the exact number of Toronto's homes to which the Morning World is delivered by six every morning.

We know that it reaches all classes and we know they are all buyers. We know that we are in touch with the homes and the home builders and we know that they respond generously and well to the call of any who can give them what they want and that "to-day."

In the broad Lexicon of the Morning World's possibilities for the advertiser there is no such word as "fail" and the motto is "Do it to-day."

A big staff of live ones are the hustlers of the advertising department. A Department of Suggestion and Design in charge of One Who Knows makes our advertising department especially valuable to the advertiser.

MAY BUILD BOULEVARDS AS A MEMORIAL TO KING

Montreal Has Big Project—May Also Erect Endowed King Edward Library.

MONTREAL, May 14.—(Special.)—It is likely that at a meeting, which is to be called for a date near Victoria Day, to consider the form of the city's memorial to King Edward, there will be a strong effort made to have it take the direction either of a great public work such as Mr. Loyal's boulevard project, or else of a liberally endowed King Edward public library, and possibly even both. There is already a strongly developed opinion against the erection of any purely ornamental memorial, it being felt that the late King's eminently practical virtues would be much better commemorated by a work which would confer a permanent benefit upon every class of his subjects in Montreal. At a meeting of the commanders of the local militia corps final arrangements for the day of the King's funeral were completed. It was decided to make the parade a memorial occasion this year, and the usual gorgeous church parade, which has become an annual event of importance in Montreal will be cancelled. No definite arrangements for the different regiments were made, the details being left in charge of the commanding officer of each regiment. The churches chosen as the objective points of the various units will be in all probability St. George's Church, St. James' Cathedral and St. Paul's Presbyterian. The Royal Scots will parade to St. Andrew's Presbyterian, the pastor of which church, the Rev. Dr. Hill, is chaplain of the regiment. WILL HOLD INQUEST. WINDSOR, Ont., May 15.—Crown Attorney Rodd will investigate the circumstances which led to the death of Nora Campbell, a 20-year-old Leamington girl, in a Detroit maternity hospital last Thursday.

THE SHAWVILLE MURDER

Evidence for Crown All in—A Verdict Expected Tuesday. BRYSON, Que., May 15.—It is expected that the trial of Michael Murphy, accused of the murder of Harry Howes and William Dale of Shawville, will be concluded on Tuesday evening. The jury applied for permission to visit the scene of the shooting on Saturday morning. Judge Weir acquiesced, and in the afternoon the jurymen drove over to Shawville and looked over the ground. The evidence for the crown is practically all in. The defence will have two or three witnesses, who will probably be examined on Monday.

MAY BE A MURDER.
