PUBLIC OWNERSHIP STRAIGHT

PRIME MINISTER DEFINES HIS POSITION ON QUESTION ISSUE IN THE OPENING DEBATE

Hon. George E. Foster Defends the Ownership of Public Services-- Halifax Platform Attacked by Sir Wilfrid Laurier and Defended by Conservative Leader-- Premier Hints that Member for South York is Pathfinder in Leading Features of Opposition's Policy.

MR. BORDEN REPEATS CHALLENGE TO PUGSLEY

OTTAWA, Dec. 2.—(Special.)—The debate in the commons had a good deal the look of a pro-selection movement. Sir Wilfrid took a serious view of the situation and felt it his duty to say where he was on public ownership.

And because Sir Wilfrid had stoned public ownership, Mr. Foster came out for the first time for it, and because he did this he had also to say something about the member for South York, and said some kind of dark conspiracy was afoot between Sir Wilfrid and Mr. Maclean.

The sum and substance of it all is the significant hold public ownership has on every one and the certainty that in a couple of years the great bulk of the public men of Canada will be public ownership men, and many of them are trying to crowd one another out of the lead.

Mr. Borden was warmly cheered by his followers as he arose to continue the debate. He criticized the postal facilities, pointing out their inadequacy, and then proceeded to deal with the cabinet changes.

TOMMY BURNS IN 10 ROUNDS THE VICTOR

Canadian Outclassed Gunner Moir in World's Championship in London, Scoring Knockout.

LONDON, Dec. 2.—Tommy Burns of Toronto knocked out Gunner Moir of England in the tenth round before the National Sporting Club here to-day. Englishmen never had great hopes of the ability of their representative to regain their lost honors in the boxing arena, and in a somewhat unexciting contest the champion had a comparatively easy task in disposing of Moir's pretensions and retaining for himself the title of heavy-weight champion of the world.

After the fifth round Burns' victory was certain and in the tenth round, when the Gunner failed to rise to the call of time and was literally cut to pieces, Burns left the ring with scarcely a mark.

Moir owes his right to participate in championship matches more to influence than to merit, and his defeat, therefore, was not a matter of general surprise.

Except for the difference in weight and Moir's advantage of two inches in height, the men were evenly matched and in perfect form in the ring.

The work in the first round was mostly at long range, the fighters sparring warily.

They fought at long range in the third, Burns being too clever for his adversary, who began to show signs of the punishment he had received in the fourth.

In the first round Burns assumed the aggressive, and left for the face with left, but missed, and the referee intervened.

Moir landed a heavy left to Burns' head in the second. Burns drove Moir back with straight right to body. Moir clinched and hit Burns in the break-away again, and was again cautioned by the referee, who told him a repetition would mean a disqual.

AGAINST ASIATICS.

Geo. Anderson and J. A. Paterson interest the Laurier Club.

The question of Asiatic or Oriental immigration, otherwise known as the Yellow Peril, was discussed last evening before the Laurier Club in Broadway Hall, by George Anderson, J. A. Paterson, K.C., and others.

"Our immigration policy is not as good as it might be," said Mr. Anderson. "We have been too anxious to get more numbers instead of quality.

The tendency in Canada and the United States has been to take up who are called the gentile occupations, and for the next 20 years we must probably depend on our navy work upon foreign labor. But if this rough labor is to be done by foreigners, we should seek to get those who will best assimilate with us, and we could assimilate much better with some of the northern European nations than with the Asiatics.

Mr. Lemieux would not allow the Japanese to pull the wool over his eyes while in Tokio. When in Japan 10 years ago, at the request of Sir Richard Cartwright, he had interviewed the government on this subject, and the present ambassador in London, England, then in the foreign office, told him that we considered the Japanese undesirable as a people, and that their government would secure its cessation. He hoped that Mr. Lemieux would be so fortunate as to secure as satisfactory an answer.

J. A. Paterson, K.C., said that although he might be said to be born equal, yet there were differences in the condition of things for Asiatics to come here in great numbers.

In the course of centuries the Anglo-Saxons had got beyond being mere hewers of wood and drawers of water. Other races must be the wood, and draw the water, build the railways and dig the ditches, and do all this sort of work.

"Therefore, we were glad to have Asiatics to do our menial work, still favored Europeans. Looking at history and projecting his mind forward it would, indeed, be a very good condition of things for Asiatics to come here in great numbers.

SIX MEN DROWNED.

Survivor Returns From Interior of British Columbia.

VANCOUVER, B. C., Dec. 2.—Upset in the boiling waters of one of the rapids of the Upper Fraser River, dashed over the falls against the knife-edged of protruding rocks until his tortured nerves "and falling strength almost made him resign himself to death, clinging all the while to a fellow-woodsman, whose arms were locked about him in his last clasp, were a few of the experiences of M. McLaughlin, a timber cruiser, just returned after a summer in the wilds of interior British Columbia.

That he is alive to tell the story, he considers a miracle; certainly as he unfolded his tale to-day it seemed so like some novel wonder as to be almost unbelievable. As it was six men were drowned.

McLaughlin and his partner, John Evans, were the only survivors out of a party of seven white men and one Indian. The names of all those lost are not known to Mr. McLaughlin. They were all employed by the Grand Trunk Pacific Railway Co. in survey work, and were on their way west at the time of the catastrophe.

Titles for Women.

A contemporary writer agitates the question of titles, and points out their various and respective merits rather interestingly.

Of course women can be raised to the peerage, witness the case of the Baroness Burdett-Coutts...

There is nothing very exciting about the latest honours list, and the best to be said about it is that here is the official reward for honest work.

But that omission of the honours list seems rather a formidable sort of honor, bearing with it as it does the right to sit in the house of lords.

We have heard of a great deal of the cry of 'Votes for Women.' Of that I am not going to speak at this moment.

But that omission of the honours list seems to evoke the cry, 'Titles for women'—and it is the least the chivalry of a government can do to recognize the work of its largest and most numerous population.

There is precedent for it, tho, in the case of the late Mrs. Charles Stanley, who was given the title of Lady Stanley in 1897.

Burns Beats Moir in 10 Rounds for World's Championship

NOTE AND COMMENT

Scarce any save some rabid American partisan newspaper can now withhold any credit that might go to Noah Brusso, who has beaten all before him for the heavyweight championship of the world. The Canadian keeps on improving with every battle and the Moir yesterday lasted longer than Bill Squires, the Gunner didn't seem to cause undue worry in any of the ten rounds. Burns is now likely to meet Jim Roche, the Irish champion, and on his return to this continent he will hand out the short end of the purse and a beating to Jack Johnson.

At his best Burns does not class with such noted heavyweights of the past as Corbett, Fitzsimmons, Sharkey, Rubin, McCoy and the great Jeffries, but he is the best white man at the weight in this country at the present time, also many believe that Jack Johnson, the big negro pugilist, will in time give him the fight of his life. — New York Sun.

This is a sample of the Yankee opinion of the world's champion. They call him the American, but it has been with the greatest reluctance that Brusso's victories have extracted any kind of credit. Sharkey, Rubin and McCoy look like playthings for Burns, who would probably have beaten Corbett at his best and against Fitzsimmons the Canadian would likely be an even money chance, while the bulk of Jeffries is about the only obstacle that the present champion would have any difficulty with, in the whole category of Yankee world-beaters.

TWO GAMES.

Moir's easy defeat by Burns is proof that good wrestlers do not make good boxers, tho, on the contrary, many good boxers have often made a success at the wrestling game. Frank Gotch, the peer of all wrestlers on this side of the Atlantic, has been trying his hand at boxing, but has not cut much figure as a mitt artist. Tommy Ryan, who gave Gotch a tryout at Milwaukee, in talking of the wrestler's prospects in the pugilistic game, said: "The big fellow is not well versed in the art of boxing, despite the fact that he has had a number of private tilts with Kid McCoy and has had several fights. I thought he knew enough to cut loose and whack away with both hands, just to demonstrate that fighting and not clever boxing was his idea of the game, but he was away off at that sort of work. Do I think I can make a fighter out of him? Well, that depends upon him. I do not think he will be of the scientific class, but he should make a good slugger if he follows my instructions."

Thomas Longboat's letter to Treasurer Coody yesterday would indicate that the Indian quite properly refused the city's offer for an education. Instead, as he is now in business, the great runner wants the council to build a house for his mother on the Onondaga reserve. To quote from Mr. Longboat's letter:

"The money could be spent by the trustees, my mother to have the house for life and after her death it to go to me. I am told legislation will have to be obtained to sanction it."

BASEBALL.

In the best informed local ball circles it is admitted that Joe Kelley is all but signed with Boston. The National League meeting takes place in New York next Tuesday, when Kelley has an engagement with President Doyoy of the Beaneers, and when they are expected to fix matters up. The American League meeting takes place in Chicago the following day, Dec. 11. Meanwhile James J. McCaffery is still president of the Torontos and he assures me that the berth in his club is still vacant and that there will be nothing doing until the New Year. I do not want the job.

Three Freemans played ball in the American Association—John, Jerry and James, all with Minneapolis. If you did not know which was Buck in the list of outting averages just out, the 18 home runs to the credit of John is a reminder that he is the sweeter who used to line it over the right field fence at the island. There are 17 in the 300 list of hitters, including several well-known boys. They are: Diehl, Toledo, .383; Beckley, Kansas City, .365; McCarty, Kansas City, .339; John Freeman, Minneapolis, .335; Hall, Columbus, .333; Geseler, Columbus, .325; Neal, Louisville, .325; Armbruster, Toledo, .323; Josh Clarke, Toledo, .321; Roth, Milwaukee, .320; Flood, St. Paul, .318; Carr, Indianapolis, .315; Senot, Toledo, .312; McCrory, Columbus, .311; Stovall, Louisville, .307; Perring, Toledo, .301; Jerry Freeman, Minneapolis, .300.

Locally the battle in London yesterday caused unusual interest and the early report of the result was most pleasing to Brusso's many friends, while the defeat of the Gunner caused surprise and chagrin in the old country colony. Betting was not heavy, and ruled at 2 to 1 with Burns the favorite.

Aberdeen Curling Club. The Aberdeen Curling Club will hold a meeting to-morrow evening at Little York for the curlers and skaters.

Champions of Two Centuries From Figg Down to Tommy Burns

First Fight on This Continent for Title in 1869, When McCoolie Beat Allen—Complete List of World's Winners.

An English prize fighter named Figg is the first acknowledged champion of the world, holding the title in 1719. Then followed George Taylor 1734, Jack Broughton 1762, Jack Sledge 1766, Bill Stevens 1766, and on down to Jim Belcher, who was the first champion of the last century. Tom Cribb received a belt and cup in 1829. Then followed Tom Spring 1831, Jen Ward, a portrait painter, 1832, Deaf Preacher Nick Ward 1841, Bendigo again in 1845, Toss Parker 1849, Perry, the Irish Slasher, 1850; Harry Broome 1851, and the Slasher again 1853.

In 1857 Tom Sayers beat Perry for \$1000 a side and new belt. Sayers boxed Heenan in 1859 and retired. Hurst was next and Jen Mace, a visitor in Toronto who in 1861 and retired. The Oakland Lawn Bowling Club was organized at a meeting held at the National Club on Saturday afternoon. An option has been secured upon a piece of ground suitable for a lawn between Avenue-road and Oakland-avenue. The club will be incorporated and at an early date work upon the lawn will be commenced. A meeting will be held on Friday evening next at the residence of the president, E. P. Pearson, 311 Avenue-road, when the project will be fully discussed. No doubt the opportunity to take part in a friendly game of bowls near at home will be appreciated by the residents of this district, and gentlemen interested are invited to attend the meeting. In the meantime information can be obtained from the secretary, A. J. Walker, 160 Cottingham-street. Phone N. 3156.

The Don Rowing Club have arranged a walk contest between William E. Bailey and Alf Kennard for a wager of \$50 a side, to be decided next Saturday afternoon at 3 o'clock, from Eastern-avenue and St. Lawrence-street to Woodbine-avenue and College-street and return.

On Wednesday night a five-mile race takes place, starting at Excelsior Roller Rink, College-street, to Spadina-avenue to Bloor-street, to Church-street, to Carlton-street, and by College-street back to the rink, finishing with two laps of the rink. Five valuable prizes are being donated by popular subscription, thru the generosity of the merchants in the vicinity of the rink. A large number of entries are listed.

MOIR ALWAYS ANXIOUS SHOWS FINEST PLUCK

Burns is Acknowledged to Be Clever Boxer and Had Gunner Always Guessing.

(Canadian Associated Press Cable.) LONDON, Dec. 2.—The twenty-round glove fight for the heavyweight championship of the world at the National Sporting Club, occurred to-night before a packed house. Moir weighed 132 pounds and Burns 171. The combatants used five-glove gloves. The fight started at 10.30. From the start Burns showed himself a great artist and kept the Englishman guessing all the time. Moir was always anxious and seemed immediately to realize that the Canadian could beat him when he liked, and battled with the utmost pluck and made a good fight of it.

The second round was a poor exhibition, but in the third Moir did some good hitting, though the Canadian exhibited better generalship, and seizing an opening, floored his opponent with quick right and left jabs. In the fourth round Moir landed light and heavy blows, but Burns got home twice on the side of his head. In the sixth and seventh rounds Burns drove hard to Moir's face and ribs.

In the eighth the referee entered the ring, and a time-out was called. Burns cleverly avoiding any damage, in the ninth round Burns increased his pace. In the last round Burns landed heavily on Moir's already bleeding cheek, and finally, with a terrific hook to the gun, he sent the very tired man to the floor to be counted out.

The Canadian got an immense reception. It is generally admitted he showed something new in his fighting, and that the stereotyped lines Burns was brimful of new methods, many being devised as the fight progressed, and used them tellingly. He had far the greater variety of blows and landed them effectively. The result was inevitable. Whatever Moir tried, Burns anticipated and more than repaid. He never overstepped the line, while Moir several times was cautioned, and in the fourth round referee Corrie threatened to disqualify him if he persisted in his holding tactics. The referee said afterwards that it was merely a case of science versus luck.

Burns Talks. Burns, interviewed afterwards, said: "I feel immense, and was just warming to the work when Moir cried out, 'I felt from the beginning that I had him beaten, and he pushed hard and often when I was only playing. It was not a grueling fight, I believe, because many worse.'"

Moir and his manager are quite satisfied he was beaten by a better man. The greatest criticism against the Englishman is that his blows lacked their reputed smashing force. He seemed afraid of giving Burns an opening. It was remarked that Burns literally and not turned at hand, and he had plenty left at the end of the contest, offering congratulations. One gentleman gave him a diamond ring, saying: "Wear this for the sake of the old country." Mrs. Burns heard the progress of the fight thru the telephone.

Jim Roche challenged Burns; also Jack Palmer.

GRANITE START SEASON Q. C. AND VICTORIAS

Five Rinks Have a Friendly Match at Queen City—Granite Ready To-Night.

Varsity Lacrosse Club

Hold Their Annual Meeting—Officers Elected.

The Varsity Lacrosse Club held their annual meeting yesterday, when it was decided to adopt the Rugby football constitution, in which the team elects the captain. The following officers were elected:

Hon. president—Prof. J. T. McCurdy.

Hon. vice-president—E. V. Graham.

President—W. W. Lalley.

Vice-president—McCurdy.

Secretary—H. B. Scott.

Captain—R. J. Arens.

The New Y.M.C.A. Rugby League.

Already things look rosy for the new proposed Y. M. C. A. Rugby League, that is to be formed next season. The intentions are to have nothing but the Y. teams in it, and the game is bound to be kept clean. None but Y. M. C. A. bona-fide members will be allowed to compete in any team. Communications have been received from the Hamilton Y. M. C. A. team, that were runners-up in the season, and London. While neither team have committed themselves as yet, they give the assurance that if the league matures they will most likely be on the job. Up at the West End, Toronto, they are talking about it and their chances, as early as it seems to be for taking Rugby next year. There are a lot of good men at West End that are playing or have played the game, and are willing to throw in their lot with the new team. Nothing has been heard from the Central yet, but there is no doubt that they will be on the job, as they have a lot of good men around there at present, and are not telling what a year will bring forth. In the meantime it will be sent out to the new year to get general Ontario, and the advertised throughout. A meeting will have to be called soon after the new year to get things in shape, organize a committee to look after business, and work the thing to the limit.

Games Are Cancelled.

The Garrison Indoor Rugby League games have been cancelled on account of the completion of the University section of Canadian Engineers.

Try Watson's Cough Drops. A reorganization meeting of the Kenilworth Park Hockey League for the season of 1907-8 will be held on Wednesday, Dec. 4, at 8 p.m., at the residence of its president, J. H. Austin, 46 Leuty-avenue, to which all clubs desiring to enter the league are invited to send a couple of representatives. Last year this league only conducted a single series, but it has been proposed that this year they form two or more series, for intermediates and seniors, as well, and judging by the number of teams already asking for admission, the success of the league for this year is assured.

Coldwater and St. Georges of Kingston made application yesterday to the O. H. A. for a license to sell liquor. The box plan for the Toronto Conservatory Symphony Orchestra concert, was opened at the Royal Victoria Hospital on Wednesday, Dec. 4, at 9 a.m., and for non-subscribers on the following Friday at 9 a.m.

The Eastern Passenger Agents' Association met at the King Edward at 10 a.m. to-day. J. S. Willison will address the Empire Club on Thursday on Civil Service Reform.

DEBATE OPENS IN LIVELY FASHION

Continued From Page 1.

two new ministers a fair trial in their several departments, he would remark so far as the fiscal policy (Dr. Pugsley) was concerned, that as so his recent charges in the matter of election expenses would repeat his challenge to the hon. minister to have a full investigation into the campaign funds of both parties. Not only that, but since what was known as the La Presse deal had been referred to, he would invite a searching enquiry into all the circumstances, not stopping short, of course, of investigation of the second floor, by which this publication came under control of the Liberal party. (Cheers.)

Mr. Borden dealt next with the senatorial appointments, asking whether their resignations from the commons had not been made in haste, and their appointment to the upper house. Sir Wilfrid Laurier replied that he was aware that any of them had resigned.

Mr. Borden retorted with a quotation from the official record of the "vacancies" in the commons caused by the "resignations" of members Derbyshire, Campbell and Belmont. Did anyone suppose Mr. Derbyshire had resigned for his reward when he resigned in Brockville, or that Mr. Belmont hadn't long been ready for his position? What had become of the Liberal principles in this matter? (Hear, hear.)

On Quebec Bridge Disaster. Dealing with the Quebec bridge disaster, Mr. Borden remarked that it had always seemed a marvel that the government of Canada, in an undertaking of such magnitude, should have committed it to a company which, up to 1903, had only put \$66,000 of its own money into the project. He wanted to know if the government had lived up to its responsibility in accepting the bridge plans by order-in-council. It was stated that the Phoenix bridge company had been hampered for funds. Therefore, although an enquiry was now proceeding, he would ask the hon. minister to assume the responsibility for this disaster here. (Hear, hear.)

It was noticeable, said the opposition leader, how, in referring to the financial stringency, the government was careful to specify its "world-wide character," but was the government not resping the result of its own lavish expenditure at a time when the finance minister himself was warning others to practise economy and retrenchment? The taxation on the five-year period ended in 1888 averaged \$100,000,000 per quarter millions yearly, and \$5.60 per head. This had been increased to thirty-six million, and \$9.47 per head in the five-year period ended in 1902, and to a yearly average of fifty-seven millions, and \$9.47 per head in the five-year period ended in 1907, while for the nine months ended March 31, 1907, the taxation equaled a yearly average of \$100,000,000 per quarter millions, and of \$10.34 per head. In fact the people were paying \$800,000 more per week than they did eleven years ago. He would ask the hon. minister to address the balance of trade in five years amounted to \$287,161,004.

Mr. Borden criticized the indefiniteness of the promise regarding government control of telegraph and telephone lines, and the lack of progress in construction of the intercontinental railway. He joined heartily in the proposals to purify elections and place the province under a responsible government system. In this the opposition would co-operate with the government on an artisan spirit. (Conservative cheers.)

Prime Minister's Address. The prime minister was due to confer with the cabinet on the subject of the glitter and show so dear to the gentry. It had met regularly and had decided for future conferences to be held in the future. The great question of the relations between them and the government was the position of the latter should be that of satellites to the parent halo. Others, and he believed rightly, considered that the empire should be a galaxy of nations under the British crown. Mr. Foster, however, in the latter view was held by anybody inside of the conference.

Sir Wilfrid replied that the opinion was expressed both inside and outside the conference. Mr. Foster maintained that he had looked all thru the record and had found no such opinion expressed, but the prime minister held otherwise and proceeded to dilate upon the important results achieved by the conference. He predicted the representation of a Dominion of South Africa at the next imperial conference, composed of the Cape, Natal, Orange and Rhodesias.

He alluded to the declaration of Botha, the Boer leader, at the last conference that the British empire, so broad and fair, could not be the ways capable of such majestic developments. Sir Wilfrid alluded to the French treaty at one which would enhance the trade relations between France and Canada and form a fitting sequence to the entire conference. As to the selections for the cabinet, Sir Wilfrid said he had taken the best men available; that he had done as in 1898 when he took in Fielding, Mowat and Sifton, a policy which he had never regretted and in the present instance the Liberal members of the house were not dissatisfied.

In the selection of senators he had departed from no Liberal principle. It was not the Liberal party principle which Sir William Mulock embodied in the bill he introduced in 1896. At all events, the new senators chosen were good men, and he admitted he

had communicated with them before-hand to know if they would accept those high offices. (Cheers.)

Public Ownership. Taking up the question of public ownership, Sir Wilfrid said: "Next to the fiscal policy the most important plan which has been introduced into the Halifax platform is that dealing with the government ownership of public utilities. It was introduced, but I must withdraw the word because it does not correctly apply to the situation. It is not my honorable friend who has introduced that plank into the platform in this matter. He is not the leader, but the man who has introduced that plank in the platform is not the leader of the party, but sits a little below the leader, and we see him (Dr. Pugsley) smiling as I speak. (Laughter.)

"I must give him his due. He is the most honest man in the party and in some others also. We were told last session that he was no longer admitted to the caucus of the party. This is a matter of no consequence, for whether within or without the precincts of the caucus he is the leader in so far as this question and others are concerned. The party dances to his music.

"My honorable friend (Mr. Maclean) is a stalwart worker. He would plunge into the cold waters of socialism. But my honorable friend, the leader of the party, is not so advanced of us as to judge him by his utterances. He does not approve, yet he does not condemn and repudiate; and that is the mark of a statesman. York is splashing about in midstream, the leader of the opposition is on the bank now and then thrusting a limit pole into the cold water, but promptly withdrawing it and unable to make up his mind either to go in or stay out.

"The young government ownership of railways is concerned my honorable friend's utterances have been singularly inconclusive and delusive. He has said enough to give hope to the ardent, the enthusiastic, the unthinking, but has tried to avoid committing himself entirely. State-Owned Railways.

In regard to government railways, Mr. Borden would go so far as to conclude that the railway should be run by an independent commission. Corporations were, Sir Wilfrid declared, of mixed good and evil, but on the whole, corporations were better than the state. W. F. Maclean: What about the government-owned railways of Germany, France and Russia?

"Thank God," replied Sir Wilfrid, "we don't come here to take pattern by Germany, France and Russia. Then what does the right hon. gentleman think of Australia and New Zealand, which are under British dominions?" Mr. Maclean asked.

The prime minister's reply was that they were young commercial communities, which had gone further in the direction than was good for Canada. Proceeding, he pointed to the success of the P. E. C. in giving the enterprise had done more for Canada as a corporation than it could have accomplished by any other means. He declared as illustrious Mr. Borden's argument in favor of government telegraphs and telephones, citing the experience of Great Britain to prove that the policy was a losing one, and concluding upon this point with the declaration that the policy in question was to increase the membership of the board of railway commissioners and give the board control of telegraph and telephone rates, as they now have of railway rates.

As to the question of telegraph and telephone rates, Sir Wilfrid declared that the Japanese immigration question on the Pacific coast. He pointed out that that was the case with the Japanese immigration question on the Pacific coast. He pointed out that that was the case with the Japanese immigration question on the Pacific coast. He pointed out that that was the case with the Japanese immigration question on the Pacific coast.

Tuesday Clothing Specials

Do you know about our Tuesday Clothing Specials? Do you appreciate what they mean to you? There are hundreds of men and young men in Toronto who do, and their number is rapidly increasing. Our superiority in Clothing for men and our great values are easily proven by the rapid growth of our business. Every day we sell more than we did on the corresponding day a year ago. In fact, all previous selling records have been surpassed this Fall. A striking example of this store's advantages to-day will be the hundreds of fine Suits, Overcoats, Furnishings, Boots and Shoes, that will go on sale this morning at 8 o'clock.

\$8.00 and \$9.00 Men's Suits, \$4.75. These are sample Suits that we purchased at a ridiculously low price. We do not intend to put these suits into stock; they will merely rest in the store until they are picked up by careful buyers. They are made of tweeds and serges, single and double-breasted styles, latest cut, well finished throughout. Worth \$8.00 and \$9.00. Tuesday, \$4.75.

\$12.50 Union-Made Men's Suits, \$9.95. These are beautiful Suits of our own make, made throughout by the highest-priced Union labor. These suits come in fine tweeds and serges, and are beautifully finished, dandy-padded shoulders, fine haircloth and French canvas used in building coat, deep lapels, single or double-breasted styles. This is a genuine bargain, and one that will be appreciated by every man in Toronto. Regular \$12.50. Tuesday, \$9.95.

\$7.50 to \$9.00 Men's Overcoats, \$4.95. These are real swell Coats, in dark fancy tweeds and blacks, cut in the three-quarter or full-length style, with vented backs, wide shoulders, high close-fitting collar. Regular \$7.50 and \$9.00. Tuesday, \$4.95.

RODD'S KIDNEY PILLS

Goods Being Shipped in Under Value and Sold at a Loss.

Showing an exceedingly low system of accounts several witnesses appeared before Judge Winchester in the city parks enquiry yesterday and testified that they had bought lumber from Park Commissioner Chambers, of which they could not give an absolute account, while a new feature developed was the fact that several park employees were also engaged by the Exhibition Association, and thereby drew double pay during fair time.

Waterbury said that he had contracted with Mr. Chambers for 10,000 feet of lumber from the old agricultural hall in 1905, but had only received about 4500 feet. The price was to be \$10 per ft. He also purchased three other piles of lumber, but could not say where this wood came from. He paid Mr. Chambers \$550 for the whole lot. He also purchased some window sash for \$250. He had not been paid by the city during the fair time.

Andrew Morton bought 100,000 feet of the old lumber at \$12, but only got 75,000 feet for which he paid \$900. There was no record of the deal in writing. Witness would pay Mr. Chambers at various times, on the street and at the latter's house.

Charles Wright, employed at Exhibition Park as night watchman, said he was engaged by Mr. Chambers and house. For three years he had also been employed by the Exhibition Association to look after the concessions and stores at the park. He also got \$50 bonus. A. G. Chambers had employed him.

Mr. Robnett, then got Wright to explain that during the exhibition he was on "holidays" from the city. A. G. Chambers was the night watchman. He is superintendent at Exhibition Park, and receives \$21 a week. He had also worked for Dr. Orr and had not been paid by the city during the fair time.

Mr. Raney showed the witness city pay sheet for the week beginning Aug. 15. It showed that he had received from the city his wages amounting to \$14. An exhibition pay sheet for the same week showed that he had received wages from that source along with 14 other men. Verrall received 46 hours pay for 25 cent per hour.

Asked for an explanation regarding certain pencil entries in the pay book of the department, A. G. Chambers said that the entries were made by the night watchman, Charles Chambers, and that it was necessary for the night watchman to keep separate in order to facilitate the making up of the sheet at the end of the year.

Double Duties. The examination of A. G. Chambers as paper gatherer at Exhibition Park, which had been held on Dec. 25, was resumed by Mr. Raney produced pay sheets of both departments for the week ending Aug. 25, which the name of Wright appeared in both. Another duplicate entry was C. Wright, a constable.

He was employed at the request of Dr. Orr," explained the witness. Mr. Raney: "Did he neglect his city duties?"

In answer to queries from Mr. Robnett, witness said that Mr. Orr had told him that by taking charge of a couple of weeks the city had been saved \$3000.

Commissioner Chambers was recalled and examined by Mr. Raney. He said that it was the instructions to every department to pay an employee for six days' work, although he only worked five and a half days.

Mr. Raney: Did you know of the duplication of payments in these cases? "As to A. G. Chambers, I knew the exhibition paid him something for extra work which he did for the exhibition. I objected to his working this year in the same manner. In the case of Verrall, I knew he did work for the parks department, but did not know he was paid by both departments. The same holds good in the cases of Wright, J. Bennett and Keating."

Teamster's Financing. William J. Scott, a teamster, said that he had worked a week for the Industrial Exhibition and was paid for the city in the same time, for which he had been paid. He had got some firewood of two men and some spoiled hay from the parks department.

"Did you ever buy anything from Mr. Chambers?" (Laughter.) "Did you return any money to the parks department this year?" "No; nor last year, as far as I remember. The money was returned to the parks department for your own purposes."

"Did you give any of it to any one connected with the department?" "No; I never give it back when I work for it," was the emphatic reply.

Several witnesses were called who had bought lumber from the city. Argens B. Pennock bought \$1250 worth of lumber; George R. French \$315.50; and J. A. Goddard \$147.75. All had paid by cheque direct to the city treasurer.

The enquiry will be resumed at 10 o'clock this morning.

NEW MASONIC SECRETARY. HAMILTON, Dec. 2.—Grand Master A. T. Freed of the Grand Lodge of the Masonic Order of Canada this morning appointed R. L. Gunn of this city to act as grand secretary of the order until the next meeting of the grand lodge at Niagara Falls next July.

Test Postponed. The test of thirty school teachers in the way of detecting minor defects in children in respect to sight, hearing, etc., has been postponed by Inspector Hughes, until after the holidays.

CANADA BUMP-GROUND FOR U.S. MANUFACTURE

Goods Being Shipped in Under Value and Sold at a Loss.

The tariff committee of the Canadian Manufacturers' Association have issued a circular to members saying: "Owing to the present financial stringency in the United States, a large number of firms are, it is stated, being compelled to realize quickly on their stocks of manufactured goods. These stocks are necessarily sold at a sacrifice, and it is only natural to suppose that firms affected will attempt to unload them in Canada rather than demoralize their own market by reducing prices to the home consumer."

"That they have already begun to do so, and on a large scale, is the conclusion your tariff committee have recently received. Manufacturers in various lines and in various localities are beginning to complain of the effects of sudden and undue competition from the United States. Imported goods are being offered to the Canadian consumer at prices which leave heavy margins, and it is not for nothing that they have been dumped upon this market."

"It is not intended that this statement should reflect in any way upon the vigilance of our customs officials, or believe that they are doing anything in their power to see that the dumping regulations are enforced, but with one exception it is for them to judge accurately the value of all classes of goods. Furthermore, we know how easy it is for those who wish to evade the dumping duty to do so."

"In order, therefore, that the hands of the dumping duty be strengthened, we would urge you to report fully and promptly to the minister of customs at Ottawa all cases of undervaluation that come under your observation."

CONSTRUCTION. Very favorable comment was elicited on the publication of the first number of Construction, the new monthly journal representing the building and engineering interests of Canada.

The general covering movement which was responsible for the sharp advance on Saturday, undermined the technical position of the wheat market to an extent that when to-day's news from nearly all sources came bearing, found the situation almost unbearable. The result has been a generally heavy sagging market throughout the session.

The bullish influence from abroad seems to have been eliminated, speculation is very heavy and the market is not reassuring. Under these circumstances it is difficult to see the advantage of buying wheat.

Ennis & Stoppard wired to J. L. Mitchell at Chicago that they had closed 15c lower than on Saturday. Both sides are considerably lower. The market was heavy and finally closed 15c lower than on Saturday. Both sides are considerably lower.

Chicago Cossip. Marshall, Spader & Co. (J. G. Beatty) at the close of the market: The general covering movement which was responsible for the sharp advance on Saturday, undermined the technical position of the wheat market to an extent that when to-day's news from nearly all sources came bearing, found the situation almost unbearable.

WESTON RATEPAYERS GET OUT INJUNCTION

Don't Want Electric Light Plant Turned Over to Stark Co.—East York Liberals Meet.

TORONTO JUNCTION, Dec. 2.—The vital statistics for the month of November, in the Junction, are:

Nov. 1907	Nov. 1906
Births	23 18
Deaths	19 9
Marrriages	15 5

Mrs. Catherine McKim of Prospect-avenue died yesterday. The funeral will take place to-morrow (Tuesday), at 2 p.m., to Prospect Cemetery.

Leslie Heron, a little boy whose parents reside on Willowby-avenue, strayed away from home on Saturday afternoon and was found by his parents at No. 7 police station, Toronto.

Want Crossing on St. Clair.

Representing the G.T.R., C.E.D. Cousins applied to the town council to-night for permission to lay a crossing on St. Clair-avenue. He produced plans indicating that there are already two crossings of the G.T.R. and one of the C.P.R. at the point in question. The town solicitor pointed out that the town was already in agreement with the railway to bear part of the expense of maintaining these crossings, and he refused to advise that the application be considered unless the company expressed their willingness to bear the expense of the proposed crossing. Mr. Cousins professed to know nothing of this agreement, and the crossing plans were left in charge of the town clerk until he would be able to enquire into the matter, which will be done later. The purpose of the crossing is to relieve the freight traffic at this point. School Board Down.

The outcome of a request from Trustees Wright and Dodds for funds to build a portable school on St. Clair-avenue, was granted, but owing to the condition of the town's finances consideration of the application for the school could not be given at this time.

A communication from the Ontario Railway Board was read, complaining that blank forms sent by the board, asking for information in regard to different civic departments, were not filled out last year. More forms were sent later with a letter stating that the forms were not properly filled out and forwarded to the board the lieutenant-governor-in-council would be notified.

The pupils of Annet-street school repeated their concert in St. James' Hall this evening on account of a large number of people who did not hear the concert on Friday evening having been unable to gain admission.

The Brotherhood of St. Peter's, a net-street Methodist church held a very successful concert in the church parlors to-night.

EAST TORONTO.

East York Liberals Hold Meeting and Elect Officers.

EAST TORONTO, Dec. 2.—The annual meeting of the East York Liberal Association, held here this afternoon, was not largely attended, but marked by fair enthusiasm. President John F. Ross was in the chair, and these officers were elected: President, J. F. Ross (re-elected); vice-president, Markham Village, R. A. Mason; Richmond Hill, J. Trench; Scarborough, W. Doherty; Stouffville, C. R. Pritch; East Toronto, Frank Abbott; York, C. Fitzpatrick; secretary-treasurer, A. J. Reynolds.

Among those present were Mayor Ross, F. H. Murray, Dr. J. G. McLean, A. Sample, ex-M.P., ex-Mayor Richardson, T. H. Phelan, Frank Abbott, Dr. Slesley, G. W. Ormerod, J. Ormerod, J. C. Clarke and many others prominent in the Liberal interest in East York.

Organizer Inwood declared that East York Liberals were not actuated by the same fighting spirit as of yore, while Mayor Ross counselled a little more "ginger" into the campaign.

J. H. Phelan spoke briefly along the lines of organization, while J. W. Curry expounded largely the same views already enunciated at different points in the riding.

Dr. McLean, the candidate in Centre York, declared his belief in the ability of the Liberals to retain Centre York. An organization meeting followed.

An important meeting of the shareholders and members of the Aberdeen Curling Club will be held in the rink on Wednesday night, 8 o'clock sharp. Important business will be transacted, and a good attendance is desirable.

A "dinner" social will be held at the residence of Mrs. Charles Blaylock, 147 Danforth-avenue, to-morrow (Tuesday) evening.

NORTH TORONTO.

Local Newsboys to Participate in the Xmas Dinner.

NORTH TORONTO, Dec. 2.—J. M. Letcher, representing The World in North Toronto, will receive the names of newsboys in the town deserving to participate in the Christmas tree and entertainment to be held in the Temple Building on the evening of Dec. 31. All newsboys, not alone in North Toronto, but in all the outlying suburbs, are eligible to attend, and are required to register at the office, 288 Yonge-street.

EASILY PREPARED.

Whiskey and glycerine, mixed with Virgin Oil of Pine, is said to break up colds in 24 hours and cure any cough that is curable. Get from your druggist one half-ounce vial of Virgin Oil of Pine and two ounces of glycerine. Mix these thoroughly with a half pint of good whiskey and take a teaspoonful every four hours. It has been found that five ounces of tincture of Cinchona compound can be used in place of the whiskey with the same result. Virgin Oil of Pine is put up only by the Leach Chemical Co., Windsor, Ont., in half-ounce vials, each vial securely sealed in a round wooden case. Be sure to get the genuine.

WHITEVALE.

General Budget of Live News From the "Vale."

WHITEVALE, Dec. 2.—Fred Wilson of Toronto called upon Thomas Beare here recently, purchasing produce for his new business in the city. Fred is doing well in some respects.

Wade Toole is spending the winter at the Agricultural College at Guelph. The work in that great college is being appreciated by the farm lads.

The Whitevale Bible class has just closed another successful year in its good work. They met at the home of the teacher, James Kayes of Brock-road, and were entertained. It meets every Sunday morning at 10 o'clock.

Municipal affairs for the township are beginning to be revolved in the hands of the council. A talk of a lively election for all the offices at the command of the people. Reeve Todd likely retains the field, while James McFarlane of Claremont is looked upon as his successor. Now that the county council is made up of the reverse and opposite of former interest is felt in the local offices.

MAPLE.

Vaughan Farmer Loses Heavily in Recent Fire.

MAPLE, Dec. 2.—On Friday evening all the outbuildings, together with the main house, were destroyed by fire, the property of Harry Rumble, one and a quarter miles east of Maple. His outbuildings were good, being insured for \$1400 in York Fire Insurance Company. The loss on contents alone amounted to \$5000.

The cause is unknown.

Little four-year-old Nellie, daughter of Susan Wood, had a bad burn on Saturday morning. Her young brother gave her, while she was in bed, some matches to play with. She ignited one, burning her body very severely. She was taken to the Western Hospital, where she is resting well.

Rev. A. Teatler, pastor of the Methodist Church in Alliston, gave an interesting missionary discourse on Sunday evening in the church here.

Messrs. Harper of Victoria Square, Thomas of Oak Ridge, and Joseph Cline of Newmarket report that The Gore Fire Insurance Company of Galt, thru their agent, J. T. Salgeon of Maple, settled their losses by cheque to their satisfaction.

MARKHAM.

Local Oddfellows Will Hold Fine Concert.

MARKHAM, Dec. 2.—The ladies of St. Andrew's church will hold a social at the home of James A. Wales on Friday evening, Dec. 6, from 8 to 10 p.m.

The Markham branch of the Bible Society will hold its annual meeting on Saturday night, when the Rev. Jesse Gibson will give an address.

Markham Fire Brigade held their annual meeting to-night, and elected their officers.

At the sale of milch cows recently held at the Franklin House as high as \$60 on contents alone amounted to \$1000.

Markham Oddfellows will hold a high class concert on the evening of Friday, Dec. 13.

WESTON.

Conservative Meeting To-Night—Injunction Applied For.

WESTON, Dec. 2.—A public meeting in the interest of Tom G. Wallace, the Conservative candidate in Centre York, will be held in the town hall on Tuesday evening, Dec. 3, at 8 o'clock. Among the speakers will be Hon. Adam Beck, M.L.A.; W. B. Northrup, M.P.; Dr. Forbes Goddard; and Mr. H. H. Hieslop, the candidate. Ladies are especially invited to attend.

At an impromptu meeting of ratepayers to-night, it was decided to apply at once for an injunction restraining the lease of the electric light plant to the Stark company, as contemplated and arranged for by the town council. The proposed transfer has aroused a great deal of opposition in town.

YORK TOWNSHIP COUNCIL.

Local Option—Fails to Get Enough Signers and is Turned Down.

COUNCIL CHAMBER, Dec. 2.—Today's council meeting of York Township was a record-breaker as far as attendance was concerned. The feature was the discussion of the submission of a local option bylaw at the municipal election, which was decided adversely. Clerk Clarke reported that the petition was 73 names short, that should be 128.

J. Wanless complimented the clerk for the way he handled the petition, and maintained a neutral stand on the question. The statute, he claimed, acted against the local optionists, and they have to get the necessary 25 per cent. of dead people and duplicates as they appear on the list, and consequently the number should not be insufficient. The moral question should have some weight in this contest. If the petition was 73 names short, that should be overlooked.

Rev. T. W. Pickett stated that if the law were as it would be on a technicality and not on its merits. Alex. Gilchrist expressed surprise that the petition should not be sufficiently signed and promised to get fifty men in less than half a day.

James Haverson, K.C., claimed that the 128 names were not honestly obtained. He quoted from the statute, stating that they were practically framed by the people, but now they abandon the petition and ask the council to submit the bylaw.

Mr. Hales argued that in view of the

largely-signed petition the council would be justified in submitting the bylaw to the electors.

Mr. Barker, third deputy reeve, stated that in Todmorden a number of names are on the petition, placed there without their consent.

John Watson, first deputy reeve, said that the necessary 25 per cent, was required, and saw no reason why York should be different.

J. Nelson, third deputy reeve, took the same view as did Councillor Jackson.

Reeve Henry considered it an excellent petition.

Mr. Wanless regretted that for the sake of a few signatures council refused to submit the measure.

The local option bylaw will not be submitted at the January elections.

A communication was received from Thomas McQueen, secretary of the Toronto Board of Control, asking for another conference with the town council with relation to the construction of a viaduct connecting Bloor-street with Danforth-avenue. A meeting of the ratepayers of the Chester district will be held to discuss the matter.

J. W. Breakey and G. R. Goulding, assessors, are asking for an increase in salary.

H. B. Cowan, secretary of the Ontario Horticultural Exhibition, got the usual amount of the Chester district.

H. R. Frankland, secretary-treasurer of S.S. No. 27, Don Mills-road, wants an account of school taxes for 1907, and got \$300.

A resolution was passed approving of the C.P.R. crossing between lots 20 and 21, concession 5.

Before the Magistrate.

Chas. and Fred Pollard, 18 and 15 years of age, were charged before Magistrate Ellis yesterday with setting three fires in the fence adjoining the vineyard of George Gilbert, Etobicoke. Charles was fined \$4 and costs.

TECHNICAL SCHOOL UNFIT.

Board of Trade Committee Inspect the Premises.

The technical committee of the board of trade took a tour of inspection thru the technical high school last night. Principal Gibson conducted them thru the building, showing some interest and not little curiosity the sight of a number of students of clay modeling and freehand drawing working away in the school. The principal explained the tank. This has been converted into a studio by placing a floor over the cement and putting in a stairway. They also saw the classes in practical chemistry, working in rooms which once formed the gymnasium of the old institution, and expressed their wonder at the work carried on in a building so unsuitable. The visitors had a practical demonstration of the efficiency of the cooking classes in the shape of a tasty supper prepared in the department of domestic science.

The principals gathered together the heads of the departments, and had each of them give a description of the work being done. The principal explained that there are at present about six hundred students registered in the day classes, and double that number in the evening classes. The inadequacy of the building was clearly demonstrated.

A. A. Allan, as chairman of the technical committee of the board of trade, in connection with the fur business, said that the wholesalers of this city spent at least \$40,000 a year in dyeing and treating furs, and that the dyers lost quite \$5000 a year thru furs being spoiled by improper treatment. This could be remedied by proper technical training.

A deputation from the Bricklayers' Union also had a look over the premises.

ALLEGED RAFFLERS IN COURT.

Clinton Township Case Before Magistrate Riggins.

ST. CATHARINES, Dec. 2.—(Special.)—Reeve Thomas R. Gilmore of Clinton Township, Charles Labrook, Jacob Heckadon and Aaron Grobb, charged with operating a raffle on the night of Nov. 29, came up for hearing before Police Magistrate Riggins and James J. Bratt, J.P., at Beamsville this afternoon.

At last Rev. Geo. B. Brown, pastor of Beamsville Baptist Church, learned that a raffle was to be held, and in company with Constable Robinson visited the barn, where the raffle was in progress. Fifteen men and boys were arranged around a box shooting craps for money.

After hearing evidence Magistrate Riggins committed the prisoners for trial.

Cage Bird Society.

The Canary and Cage Bird Society at its annual meeting last night decided to hold its annual bird show on Jan. 1 next in the banquet hall of the King Edward, at which several new prizes, mostly from the old country, will be offered.

The officers elected were as follows: President, W. H. Urry; secretary-treasurer, H. S. Tibbs; executive committee, H. Hieslop, G. Hagen, A. Mountford, A. Otkinson, W. Stevens.

Delegates to Industrial Exhibition Association, A. Atkinson.

The Saturday Night Club held its regular meeting last night at the home of Mr. Matiland, 701 Shaw-street.

The subject of the evening's debate was: "Resolved, that it would be in the interests of Canada if the Conservative party was elected to power at the next general election." L. Benjamin, supported by Mr. McEvoy, took the affirmative, and Mr. Darlington and Mr. Pileman appeared for the negative.

Eighteen Days --- Plan Something for Every Day

CHRISTMAS, once it really starts, comes in no time. Ever notice? You say—"Dec. 1, my! Christmas will soon be here." Then before you realize it IS here.

The plain lesson is—act, act, act, act NOW. Don't plan and plan and prepare and plan and leave all the real actual work of Christmas till the last few days. Plan to employ EVERY day.

Then you'll enjoy every day, and Christmas shopping will be a pleasure instead of a worry.

Make a list of the presents you are giving and make a list of the eighteen days you have before Christmas day, and to each of these days apportion some of the things you are going to buy until you have them all down on your list.

Then carry out your plan. Don't be put off if you can help it. Every day you will feel that you have accomplished something. Every day Christmas gets nearer and you are more nearly ready for it. Then when other people are worrying and excited you will be enjoying the happy Christmas feeling to the full.

Then carry out your plan. Don't be put off if you can help it. Every day you will feel that you have accomplished something. Every day Christmas gets nearer and you are more nearly ready for it.
