SAINT JOHN, N. B., SATURDAY, JUNE 5, 1926

PRICE TWO CENTS

400 GALLONS ALCOHOL SEIZURE MADE AT HAMPTON

400 GALLONS ALCOHOL TAKEN FROM BOX CAR

Consignment Billed From St. Martins as "Lumber"

NO ARRESTS YET

Local Inspectors Also Visit Village But Find No Further Trace

GOOD work on the part of William Case, sub-inspector, and Inspectors Harry Pike and George Armstrong and Customs Officer Roy Armstrong resulted last night in an important liquor seizure being made at Hampton Station, where alcohol valued at \$4,000, and possibly amounting to a great deal more, was located in a box car there.

Inspector Case and his assistants had been out night after night working on this case and last evening they left here at 6.30 o'clock and drove to Hampton by automobile.

CAR ON SIDING.

On arrival there they traced the car and found it on a siding at Hampton Station. The car was ostensibly loaded with lumber and had been sent from St. Martins, consigned to Saint Paul Cote, a suburb of Montreal.

Inspector Case entered the car and by aid of a flashlight saw some large iron drums under the lumber. Sufficient liquor was removed to ascertain that there were at least 30 drums in the car of a capacity of 20 gallons each and it was said there might be as many as 40 in the car.

The inspector had the car diverted to this city, where it will arrive this afternoon or evening, when the liquor will be unloaded. The liquor will be handed over to the customs authorities, as it was thought that it had been smuggled, and will be placed in a bonded warehouse.

VISIT ST. MARTINS.

Inspector Case left Inspector Pike in charge of the car until its arrival in Saint John and returned to the city at 1 o'clock this morning.

Herbert Kilpatrick, as well as other cars were being loaded there. Four cars were searched, but no liquor found. The inspectors returned to Saint John about 7 o'clock this morning.

It was thought that the alcohol taken last night, was to have been unloaded near Montreal, and then taken across the border to the United States, as an opportunity offered.

RESULTS SHOWING.

The local inspectors have been doing much quiet work in trying to clean up this traffic and results are now commencing to show. There are two or three other places near the city from which it is thought contraband liquor is being shipped.

The duty paid value of the alcohol seized last night is about \$15 a gallon.

ALMA INSURANCE MOSTLY HELD HERE

Amount Not Definitely Known This Morning—Check-up Being Made

Most of the insurance on buildings destroyed in the fire at Alma yesterday was placed through Saint John agencies, it was learned this morning, but the exact amount is not known as there is some doubt as to whether certain buildings shown on the insurance charts escaped. Representatives of Saint John agencies went over the Albert county border today to check up.

The Sun Company, Frank R. Fairweather & Co., agents, hold \$10,000; the Liverpool, London & Globe, \$6,000; the Ocean Company, \$1,000 and several other agencies have small amounts on the burned property.

The insurance chart shows that the fire must have spread in several places by means of burning shingles. Buildings owned by D. T. Alexander, including house and store; Clifford Dixon and James Thompson were in the path of the flames, but according to Hopewell Hill advises they escaped destruction. The total loss is estimated at at least \$75,000, on the 24 buildings and other property destroyed.

Alma is located on Chignecto Bay and is only seven miles from the Saint John county line.

FRANCE RATIFIES PACT.

Meighen, In Speech At Montreal, Pays Tribute To French-Canadians

Sphinx x Wholly Revealed For First Time In 20 Centuries

CAIRO, June 5.—For the first time in 2,200 years the Sphinx is now entirely visible. The accumulation of sand which since Ptolemaic times has been filling up the depression in which the Sphinx stands and which had buried all but the head, back and shoulders of the Sphinx, has been carried away by an army of workmen and this seventh Wonder of the World today again stands fully revealed.

No less than 800 boys and girls and a large corps of skilled masons have been employed for months in the excavation and renovation of the Sphinx.

Once again the giant paws have come to light in their entirety and between them has been found still intact the tiny shrine built by Thothmes about 2000 B. C. This was last examined during some minor excavations in 1817.

The memorial stone to this shrine bears an interesting inscription describing how the Sphinx appeared to the Prince in a vision when he had fallen asleep in its shade after a hunting expedition. In his dream the Sphinx told the Prince that he would become King, but made him promise to clear his image from the sand in which it had become buried.

Thothmes IV, also caused all but the head of the Sphinx to be encased in limestone masonry about a foot thick to protect it against the wear of time. This masonry covering is still perfect on the enormous paws and lower parts of the monument. Some of the red pigment with which the monument was covered also remains, and on the breast are traces of the huge statue of the king who originally had the Sphinx produced.

Held Child For Payment of \$100 Account

TORONTO, Ont., June 5.—An argument over the question of keeping a one-year-old boy for an unpaid bill was heard before Mr. Justice Logie yesterday, when Mrs. Evelyn Crawford stated that Mrs. Gordon Brown, of London, Ont., had taken her son for a holiday and had refused to give him up until a bill for more than \$100 was paid.

Mr. Justice Logie declared that a child could not be held in pawn for expenses, but told Mrs. Crawford she should have paid. Mrs. Crawford said she was unable to do so, and Mrs. Brown was ordered to produce the child in court a week hence, when a report will have been presented to the judge.

FEWER TEACHERS SEEKING LICENSES

Class Applying for Grammar School Permits, However, Highest on Record

FREDERICTON, June 5.—The number of candidates for examination for teaching licenses in New Brunswick is considerably fewer than last, the total announced by the Department of Education being 441, compared with 487 for 1925 and 468 for the year before that.

The totals for various examining stations are as follows: Fredericton, 861; Saint John, 83; Moncton, 25; Chatham, 12; St. Basile, 10. Last year the totals for the five stations were: Fredericton, 405; Saint John, 22; Chatham, 11; St. Basile, 6; Moncton, 23.

The total of candidates for grammar school licenses, the highest grade, is the largest on record.

Boys Doing Well On Farms in Province

MONCTON, June 5.—Adjutant Parsons of the Salvation Army Boys' Home, returned home yesterday from an inspection trip of the boys who are on farms in New Brunswick and Nova Scotia and everywhere found the boys doing well.

The adjutant left last night for Quebec where he will meet a boat which is expected to dock on Sunday. Six Scotch girls from this boat are to be employed as domestics.

Brothers Separated For Thirty Years Are United By Collision

WASHINGTON, June 5.—It may have been that the recent order of the commissioner to the chief of police to curtail activities of his men in the matter of arrests for minor violations of the traffic laws had something to do with it. But in any event Policeman Gemyen refrained from arresting either George or Clarence Williams for colliding on Rhode Island avenue, Charleston, yesterday. The two brothers were left orphans and separated thirty years ago.

FRENCH DRIVE AGAINST RIFFS NEARLY ENDED

Question of Maintaining Peace Now Most Pressing

REDS DENY PART

Declare No Concern With Revolt; Rome Press Urges International Parley

PARIS, June 5.—The military operations in the Riff have practically ended as far as the French are concerned, it was stated in official circles. Slight operations around Ouzenz and Taza will complete the work of pacifying the French zone.

The most important question to be decided by the military authorities is how to assure maintenance of peace and order in the territory of certain tribes in the Spanish zone, which the Spanish do not intend to occupy.

Abd-El-Krim, surrendered Rifian chief, accompanied by his brother, and secretary, arrived at Fez, from Taza yesterday.

COMMUNISTS DENY.

PARIS, June 5.—French Communists had no part in looting Abd-El-Krim to rebellion, Deputy Herriot declared in the Chamber of Deputies yesterday. He was demanding that the government regarding correspondence alleged to have been sent to Krim.

It was decided, however, to put his interpolation over until other Moroccan subjects are discussed. The chamber adjourned until Tuesday.

CONFERENCE URGED.

ROME, June 5.—The entire Rome press is clamoring for a conference on the Moroccan question to be held by an international conference. It is urged that the Moroccan question be settled by an international conference. It is urged that the Moroccan question be settled by an international conference.

ENGLISHMEN WAGER ENORMOUS AMOUNT

Two Hundred Million Pounds Yearly, Churchill Informs Free Church Folks

LONDON, June 5.—Right Hon. Winston Churchill, Chancellor of the Exchequer, reiterated his former expressed statement, "that we make no alteration in the law and in no way extend the limits of a legal betting" when he was met by a large delegation representing the National Council of Evangelical Free Churches, yesterday.

The chancellor added that the tax on betting turnover in England was two hundred million pounds, of which £170,000,000 was legal betting, on the race course through bookmakers. The tax only applied to the legal betting, he represented.

3 LOST IN WOODS

Nova Scotia Girls Picking Flowers Are Found by Searching Party

NEW ROSS, N. S., June 5.—After being lost in the woods for several hours the two little daughters of Mrs. Raymond Daniels and the small daughter of George Turner were found by a search party a long distance from home. The girls went into the woods to pick flowers. Their absence was noticed at home and the alarm given and a search party organized. When found they were tired from tramping around, but otherwise were none the worse for the experience.

Junior Trade Envoys Receive Promotion

OTTAWA, Ont., June 5.—Promotion of three junior trade commissioners, now in Ottawa to assistant trade commissioners outside of Canada, is officially announced by the civil service commission.

Clifford Sifton Bissett is appointed assistant trade commissioner at Cape Town, South Africa. Frank Wise Fraser is made assistant trade commissioner at London, England, and Richard Crew is appointed assistant trade commissioner at Kobe, Japan.

Bomb, Wrapped As Wedding Gift, Kills 3

Here are the first photos of figures in the bomb explosion at Muskegon, Mich., that cost three lives and has resulted thus far in one arrest. Above is the Three Lakes tavern, where the tragedy occurred. Below, left to right, are August Krubasch, proprietor, his daughter, and William Frank, her fiancé, all of whom were killed when a package which they thought was a wedding present exploded as they opened it. A political opponent of Krubasch has been arrested.

AUSTRALIANS PLAY DRAW IN ENGLAND

Slade Suffers Slump as Men Give Poor Display of Cricket

BIRMINGHAM, Eng., June 5.—The stock of the touring Australian cricketers suffered a decided slump here yesterday, when against a selected team from the North of England, they gave the poorest exhibition of their present trip.

The game was drawn and registered the seventh indecisive encounter that the tourists might now have been registering on their first defeat. England, first innings 289; second 77 for 1 wicket. Australians, first innings 108, second 101 for 8.

MARAUDERS SLAIN

Syrian Bandits Left 42 Dead on Field After Attack by French

PARIS, June 5.—A Havas dispatch from Beirut says that Lt. Collet, commanding a French squadron, single-handedly killed 42 marauding bandits of a marauding band in the vicinity of Mount Hermon. The bandits left 42 dead on the field. Six machine guns and 30 horses were captured.

RAIL BUDGET ADOPTED.

OTTAWA, June 5.—Estimates of the Department of Railways and Canals, totaling \$1,500,000, passed the House yesterday. Included in the appropriations was one of \$808,000 for the Trent Canal improvements.

\$2 Fine Saved By \$5 Honesty

NEW YORK, June 6.—James Harrigan, chauffeur, was fined \$2 by Magistrate Andrew Macrery in the Traffic Court for parking his car an hour and a half in the street. He paid the fine with a large bill to James Fiesel, court cashier. When he got down stairs he discovered that Fiesel had given him too much change.

Returning to the court, Harrigan pushed a \$5 bill over to Fiesel with the remark: "Say, brother, I guess you are no wealthier than I am and can't afford to lose this money." You gave me too much change.

Fiesel thanked him. As Harrigan was leaving court, Magistrate Macrery heard of the incident and called him back.

"I am glad to meet an honest man like you, Harrigan," said the magistrate. "I am going to remit your fine and suspend sentence as a reward for your probity."

SAYS BETTER UNDERSTANDING IS NECESSARY

Attacks Liberal Party For Stand on Railway Situation

SENATE REFORM

Former Premier Declares Policy Now Dead Issue; Speaks of Ship Combine

MONTREAL, June 5.—"I believe that there is need of a better understanding on the part of the two races. I who come from English-speaking Canada, ask of my fellow-citizens of the Province of Quebec to believe me when I tell them that the opinions held by the English Canadians of other provinces toward the Province of Quebec has been often misrepresented to them. The English-speaking Canadians are very well disposed towards their compatriots of the French race, and they are fully appreciative of the role played by the French population in the upbuilding of Canada."

With these words, Right Hon. Arthur Meighen, Conservative leader in the House of Commons closed his address in French at the demonstration organized on his behalf in Montreal last night.

RAILWAY SITUATION.

Turning to English railway situation, Meighen spoke of the railway situation.

The Liberals who had denounced the nationalization of the railways, he said, were now the friends of nationalization. If it was a crime to amalgamate the roads, the government of that day had been forced to commit that crime. It had been compelled by circumstances and not by choice.

Reform of the Senate was another subject which came under Meighen's review. He said that the Senate was another issue raised by the Liberals which might also be considered in the same light as the railway situation.

SENATE REFORM DEAD.

"Senate reform is dead," declared Meighen with emphasis. "It has resulted in the capture of Radical votes to the Liberal camp and having enticed these votes, it is forgotten."

He was now the question of being controlled by the monopoly of the North Atlantic combine, and that the government was going to destroy that combine. Today I asked the Prime Minister what was going to be done in destroying this combine, and at I got by way of answer was a smile generated by the memory that all this demagogic talk had gained its end, and having enticed voters into the Liberal camp, these voters were to be betrayed.

"Three issues have served their purpose during the campaign. The election result was indecisive, but it was decisive to the effect that the people of Canada voted against the King government."

He said, Mr. Meighen, despite the will of the people, the government had been allowed to meet; parliament was called; it had been said, to learn if there was a government, and to bring down a series of bribes to please the Progressives and which bribes could only be supplemented at the cost of the tax payers. It was by means of bargain and sale that the Liberal party attached the Progressives to their camp, and the Progressive party today, said Mr. Meighen, is sincerely waiting for the fulfillment of these promises, and has given their support to the government measures, such as they were, and thereby enabled the majority to prevail by a very narrow majority.

TRIBUTE IS PAID TO EDITH CAVELL

California Kiwanians Stop Off at Jasper Park on Way to Montreal

SPECIAL TO THE TIMES-STAR.

JASPER PARK LODGE, Alta., June 6.—Two hundred Kiwanians from California who are traveling over Canadian National lines to Montreal, where they will attend the international convention of Kiwanis, stopped off at Jasper Park Lodge, and while their special train waited for them they explored over the new Cavell highway to the Glacier of the Angel at the foot of Mount Edith Cavell, and there with bowed heads paid a silent tribute to the gallant nurse in whose memory Mount Cavell was named.

Cape Breton Opens Ball Season Today

SYDNEY, N. S., June 5.—The Cape Breton baseball season was officially opened today, when Sydney played Reserve in the first game of the new county league. The organization comprises three teams, Watford, Reserve and Sydney.

Estate Probated In Westmorland Court

MONCTON, June 5.—Before R. W. Hewson, K. C., judge of probate for Westmorland on Friday, in the matter of the estate of George B. Lutz, late of the City of Montreal, heard the petition of Albert S. Lutz, the son of the deceased and counsel and letters of administration were ordered to be issued and the administrator sworn. The estate consists of real and personal property. Allen and Bridges are executors.

The Weather

Fair and Warm. Fair tonight and probably Sunday. Fairly moderate; warm; wind.

HAMPTON CHOR HAS MEMBERS OF 3 GENERATIONS

W. P. Crawford, Daughter and Granddaughter Sing in St. Paul's

In addition to Trinity Anglican church, Streetville, Ont., and St. John's (Ston) church, Saint John, N. B., it develops that St. Paul's church, Hampton, also holds a record for having three generations of a family represented in the choir.

When Rev. A. H. Crawford was rector of Hampton, Mr. Crawford, his four daughters and three grandchildren were members of the choir, and his granddaughter, Miss Lillian Stephenson, was organist.

When Rev. Mr. Lawrence was rector, Mr. Crawford's daughter, Mrs. G. Bowman Fisher, was organist, but not during all that period. Mrs. Fisher and her twin boys, Harold and George, are now members of Trinity church choir, Saint John.

A son, Fenwick W. Crawford, was also valued member of St. Paul's choir for some years. During the war he was a member of the Canadian Military Choir, and sang in Albert Hall, London, before the King and Queen.

Mr. and Mrs. S. M. Crawford celebrate their golden wedding in December, 1925. They live at the old home in Lakeside with their son, W. P. Crawford, of the Maritime Vulcanizers, Saint John.

STOLE BAG OF SUGAR. Yesterday morning between 10:30 and 11:15 o'clock, a sack thief, holder than most of his ilk, entered a house in Charlotte street, the door of which was unlocked, walked upstairs and carried off a 100-pound bag of sugar.

DEATHS McBRIDE—in this city on June 4, 1926, Mary, widow of John McBride, leaving one son to mourn.

Funeral from Fitzgerald's funeral parlors Monday morning at 7:45 to the Catholic for his residence, Mrs. J. J. McBrade, friends invited.

SMITH—in her residence, 39 Brittain street, on June 4, 1926, Emily Smith, widow of Fred Smith, aged 54 years, leaving one son, two daughters, two brothers, and one sister to mourn.

ALL SAFE! TO TRY AGAIN?

Arthur Mencken of New York, Harvard student and son of Attorney Stanwood Mencken, bet \$1,000 he would not be afraid to make a parachute jump from an airplane 2,000 feet in the air. He started, but the plane crashed. He and the pilot were slightly hurt. Photo shows the wreckage plane, and (inset) Mencken, who plans to try again. His mother, however, says once is enough.

REV. MGR. FOLEY, OF HALIFAX, IS DEAD

Canadian Press HALIFAX, N. S., June 5.—Rev. Monsignor Foley, rector of St. Mary's Cathedral here, died at 8:40 this morning in Hollywood, Calif., according to advices received at the cathedral this morning. Dr. Foley was stricken with gastric hemorrhages a few days ago just as he was about to depart for home. For several years Dr. Foley had been in ill health but had been able to combat his malady by spending his winters in California and returning to his parish for the summer.

Much Fertilizer To Be Landed Here

A big movement of fertilizer through the port is expected in the next few weeks, Commissioner Bullock said this morning. It is expected there will be about 60,000 tons in the late and early part of this month. The cargo will be landed at No. 16, No. 1 and No. 5 berths. The first is a government berth and the two latter are city berths.

Deaths James E. Worden.

James E. Worden who died at his residence, Perry's Point, Kings County, on May 25, after several months' illness, was 88 years of age and a life long resident of Perry's Point. His wife passed away three months ago. He leaves to mourn six sons and five daughters. The daughters are Mrs. G. H. Cooper, Mrs. Jean Jenkins and Mrs. G. Wheaton, all of Cambridge, Mass.; Mrs. H. Leaman, Mrs. Isabelle Woodley, Mrs. J. L. Macdonald, Mrs. J. J. Kennedy, all of Saint John, Fred S. of Colima, Kings Co., Charles F. of Kings County, David W. of White's Mills, Ross H. and James L. of Perry's Point. Two brothers and one sister also survive. The sister is Mrs. Edward Brown of Bangor, Me., and the brothers George, of Perry's Point and Alfred of White's Mills, N. B.

Funerals Mrs. Mary A. Miller

The funeral of Mrs. Mary A. Miller will be held from her late residence, 178 Douglas avenue, this afternoon at 3:30 o'clock. Rev. Canon R. P. McKim will conduct the services at the house and grave. Interment will take place in Cedar Hill Cemetery. A large number of beautiful floral tributes expressed sympathy for the bereaved relatives.

Funeral of Mrs. Emily Smith will be held this afternoon at 3:30 from her late residence, 49 Britain street. Service will be conducted by Rev. H. C. Gody and interment will be in Cedar Hill.

CONTRACTS GIVEN Tenders For Material Opened by Moncton Council; Sewer Bids Rejected

Special to The Times-Star MONCTON, June 5.—The City Council met last night in committee. Mayor Wheeler presided. The Sumner Co. Ltd. was given the contract for supplying calcium chloride for street use. Their tender was \$88.64 for half a ton. For street marking material the tender of the Maritime Paint and Chemical Co. at \$9 a gallon, the lowest, was accepted. Five tenders were received for the construction of the proposed Georgetown sewer, but as three had been rejected too late they were not opened. The other two proved too high, and on motion, both were rejected. New tenders are being called for.

CAFÉ PARLOR CAR MONCTON - ST. JOHN TO BE DISCONTINUED

After Saturday, June 5, café parlor car, now running on train No. 48, Moncton to Saint John, will be discontinued. Commencing Monday June 7, café parlor car will be operated, Saint John to Tormentine on train Numbers 14 and 40, and from Tormentine to Saint John on trains numbers 59 and 19.

CASE AGAINST HALPORTS TO BE CONTINUED

Withdrawal Is Not Concurred in by Magistrate—Some Evidence Taken

The preliminary hearing of Samuel Halport, charged with obtaining money under false pretences from Samuel Goldfeather, was begun in the police court yesterday afternoon. The direct evidence of the complaint was taken and his cross-examination by W. A. Ross for the defence was under way when the court adjourned until Monday afternoon.

At the opening of the hearing, Mr. Ross said that the complaint wished to withdraw the case. Magistrate Henderson replied that this could not be done as the Attorney-General had interested himself in the matter. In the past, he remarked, the practice followed in allowing cases to be withdrawn was to lose.

SMUGGLER IS FINED

Woodstock Man is Jailed in Bangor in Liquor Case

BANGOR, Me., June 4.—In the U. S. District Court here today, Archie Job, of Woodstock, N. B., pleaded guilty to smuggling 13 gallons of alcohol at Houlton and was sentenced to a day in jail. George Hartley, of Moose River, paid a fine of \$250 for illegal possession.

C. P. R. BUYS ALBERTA COAL

CALGARY, June 4.—In connection with the statement before the special committee of the House of Commons regarding coal purchases, D. C. Coleman, vice-president of the Canadian Pacific Railway, stated today that the purchases of Alberta coal by that company in the year 1925 had amounted to 1,200,000 tons and it was expected that the purchases in 1926 would be even greater.

JOS. CHAMBERS MEETS DEATH IN CHATHAM YARD

Took Short-Cut to Work, Is Crushed Between Shunted Cars

CHATHAM, June 4.—A shocking fatality occurred here late yesterday afternoon when Joseph Chambers, a workman at the Fraser Co.'s pulp mill, was crushed between two freight cars on the Canada dock siding. The unfortunate man was on his way to work and when about to cross the track he was caught between the cars being shunted on the siding. Death was practically instantaneous.

3,725 PASS BETWEEN BOSTON, YARMOUTH

YARMOUTH, June 4.—The passenger travel by the Yarmouth and Boston steamers shows for the month of May a slight falling off as compared with the corresponding month in 1925. For the month 2,082 passengers left Yarmouth for Boston and 1,643 arrived here from that port, making a total of 3,725. In May, 1925, the number of passengers was 2,029 to go to Boston and 1,760 from Boston or a total of 3,789, being 64 in excess of the month just passed. In 1924 there were 4,306 and in 1923, 5,627, which was a record.

ON ADVICE OF COUNSEL

Telford last night was asked why he would not permit examination of his warehouse in Derbyline to prove his contention that certain shipments made to it, and not accounted for, were still there and not smuggled into Canada. He had been advised by his counsel, he said, that the warehouse being in foreign territory, it was not subject to the jurisdiction of the customs committee.

49 PASSENGERS ARE LANDED AT HALIFAX

HALIFAX, June 4.—The Furness liner Nova Scotia from Liverpool via St. John's, Nfld., arrived in port this evening to land 26 cabin and 23 third-class passengers or 49 in all. She will proceed to Boston tomorrow night with her passenger list augmented by a party of over 100 persons representing the Boston Association of Railway and Steamship Passenger Agents, which is returning home after spending two days in Halifax.

TELFORD AGREES TO OPEN WAREHOUSES

Yields to Order of Customs Committee; Is Released From Jail

OTTAWA, June 4.—S. B. Telford, Rock Island, P.Q., merchant, under arrest on the charge of smuggling, this afternoon withdrew his opposition to an examination of his warehouses on behalf of the customs probe and agreed to observe the order of the customs probe committee. After 12 hours in the local jail Mr. Telford was taken to the committee rooms at the order of the committee. He was given the choice of going under custody to Rock Island and Derbyline, Vt., to open his warehouse on the American side to the committee's auditors or else to be brought before the Bar of the House and committed to the custody of the Sergeant-at-Arms. After some private conversation with his counsel, Mr. Telford chose the former alternative.

50 MINERS BATTLE POLICE DOWN IN PIT

Officers Recover 68 Bags of Coal After Struggle Near Abertillery

LONDON, June 4.—A desperate underground battle between fifty unemployed miners and a number of policemen took place in the pitch darkness of a lonely colliery in the mountains near Abertillery at 2.30 a. m. The police found a large gang of men from the face of the Red Ash colliery. Two of the men appeared from the mouth of the pit and one was arrested. The other escaped and gave the alarm to his companions.

SAINT JOHN, N. B., JUNE 5, 1926.

MR. MARSH AND RUBBER.

When a cat goes to sleep on its job and another grinnakin comes along and catches its nose it is entitled to scant sympathy and only makes itself absurd by meowing. So with Mr. Marsh, the New York rubber expert, who the other morning woke up to realize that British interests had secured concessions in Panama and that those concessions covered most of the world's white rubber land in that isthmus country.

Then he says it is a menace to the industrial interests of the United States and he is probably right insofar as those particular rubber lands will most likely be worked by Britons. To this however he tacks on an unexplained military menace—unexplained except for the hint that the territory is within fifty miles of the Canal Zone.

Mr. Marsh rises to the zenith of peevish absurdity when he screams that this approaches the border line of violating the Monroe Doctrine and invites the American Eagle to join him in demanding that Panama annul or modify the concessions granted—when, of course, Mr. Marsh could secure what he might have secured long ago if he had not slept so soundly, though one must not think he would invoke such dubious aid as "diplomacy" to help him.

Mr. Marsh may possibly find a few politicians of the tall-twisting breed who know full well that the British lion is too dignified to stoop to notice jackal, but it is safe to assume that the responsible officials of his country will advise him to look after his business better in future and not come shouting for help because his rivals were smarter than he. That men of his calibre could succeed in fomenting trouble between Great Britain and the United States is not to be seriously imagined. Nonetheless it is just such trivialities that tend to create mistrust and friction between the uninformed of either nation and that is a pity, especially at a time when peace and good will is most important.

If Britons happen to control the bulk of the world's rubber output that is vastly to their credit and speaks highly for their foresight and energy. There were, and are, plenty of tropical countries where rubber will grow and the business men of the United States had just as good a chance to develop rubber producing areas as had Great Britain. It must be annoying to find that a rival has discovered something valuable under the nose with which Mr. Marsh does his snoring, but the world in general would have had a much higher opinion of Mr. Marsh if he had acknowledged himself outwitted and taken defeat gracefully.

Our consuls are too good sportsmen to sympathize with self-confessed failures like Mr. Marsh. They might subscribe and send him to London to learn the business.

HIGH TIME FOR ACTION.

In referring to the annual report of the Civil Service Commission tabled in the House of Commons last week The Ottawa Citizen after mentioning the evidences of duplication and overlapping that exist in various departments, suggests that the problem is "to apply efficiency and businesslike methods without the customary 'swinging of the axe'."

This paper goes on to say that it "is not a believer in this sort of short-sighted reform," meaning the discharge of officials whose services an investigation might show were not necessary to the efficient operation of a department. Of course The Citizen's home is Ottawa and a very large proportion of its readers are government employes so that it is not unusual that The Citizen should desire to institute economies without discharging employes.

If, however, there is overlapping and duplication at Ottawa, and there seems to be very little doubt of this, particularly in view of this report, then when necessary reform eliminates the overlapping and duplication, there should be a considerable number of employes with no work to do. Should the people of Canada continue to pay their salaries?

It has been conservatively estimated that a reorganization of the public ser-

Just Fun

MANY a girl is single today because she couldn't stay awake while a man talked about himself.

HAZEL: I'm thinking of marrying Jack. EDNA: So am I. Do you know anybody who's got it?

MAGISTRATE: "Have you appeared as a witness in a suit before?" Witness: "Yes, of course." "What suit was it?" "My blue serge."

WHAT did your wife say when you turned in so late last night? Windy Wolf: "Oh, she was half asleep, and thought I was the dog. When she said, 'Is that you, Bido?' for once in my life I had real presence of mind. I kicked her hand."

YOUNG MISS WILSON Young Miss Jenny Wilson is a smiling little soul; Drops in every morning with a bucket or a bowl; Comes to borrow lard, or flour, or buttermilk, or tea; She can use 'most anything—and gets it all from me!

Can't quite lose my patience, when she drops down at my knee, another time; I never heard of any word of harm to anyone. And when she says, so wistful-like, "I don't know what I'd do if I didn't have a neighbor that was good to me—like you."

My little hardiness melts, and I just pat her hand, and say, "I'm glad we're neighbors, Jenny," and I mean it just that way.

FASHION NOTE: "Women's ears to show this year." Industrial note: "Large output of soap this year." Draw your own conclusions.

POLITICAL CORRUPTION. We are inclined sometimes to shake our heads sadly over what we consider corrupt electioneering practices in New Brunswick, but an article in the National Municipal Review on the political corruption of municipal elections in Philadelphia leads us to the conclusion that our elections in comparison are "whiter than snow."

A sub-heading of the article in question reads, "An astounding story of recent election frauds and political machine corruption in the Quaker City."

According to this article there was fraud in the polling booths, in counting the ballots and even in the courts. One candidate was reported as polling 100 votes in certain wards, but affidavits were furnished by men who had cast their votes for him in those wards.

Then the machine made further mistakes by altering the returns, giving the opponent some votes, but found that then the total vote for the two candidates was more than the votes actually cast.

In one case, the article says, the machine candidate was dying so "kick-ey" were printed with the name of another favorite and these were stuck on the ballots, which already had been cast.

Instead of the "Land of Liberty" the writer of this article dubs it the "Land of License."

It is interesting to note that there are two couples in the city due to celebrate their golden wedding on Monday next. These are Mr. and Mrs. R. C. Ekin and Mr. and Mrs. R. M. Magee, to all of whom heartiest congratulations will be extended.

The minimum penalty in England for those convicted of drunkenness when driving a car is now four months hard labor or fifty pounds fine. That's the stuff to knock the stuffing out of them.

THE director of a New York bank was very unpopular. One day he slipped in crossing the street and was saved from being run over by a passer-by.

The director said: "Who are you?" "I am X. X. Clerk in the Y. bank." "Good, my friend. Have you any wish?" "Yes, one."

"What is it?" "That you do not let the staff know that I saved your life!"

A Labor View

In the Grip of the Sphinx. —From The New Leader, London.

POEMS I LOVE

Song from "Pippa Passes" by Robert Browning. WHEN it comes to choosing one's favorite poem from the rich mine of a man like Browning, one hesitates to set down any special song. There are moods which require certain delicate poems to awaken the right response.

The intellectual Browning might appeal to one today, and the simple, nature-loving Browning tomorrow. No one can deny the universal appeal of lines like "Oh, to be in England Now that April's there."

Other Views BOOTLEGGERS' BREW. (Kincaid Review-Reporter) Does any man who drinks bootleg whisky know what he is drinking? This illegally made and peddled booze is usually made under the most filthy conditions imaginable, and is the dirtiest stuff beyond comprehension.

NEGATION OF CONSTITUTION. (Herbert J. Samuel, in Canadian Jewish Review) Some of the daily papers have recently been editorially alarmed concerning a reported increase of communistic propaganda in certain sections of the country.

What Wedding Gift could equal this? YOUR OWN HYDRO Canterbury Street

The Very Idea!

By W. J. O'Connell IDLER

NOW, Jim is the sort of a fella you'd like, just due to the spirit he lends. He's ever been thus, since a wee little like. His gift is the making of friends.

If something goes wrong, well—he gives not a rap. He smiles away troubles and such. A happy-go-lucky and give-a-dern chap. But never amountin' to much.

To work seems to him like a waste of good time. He'd much rather live on the land. He's pictured no ladder he's achin' to climb. It's something ya can't understand.

You, Jim, is a mixer who always gets by, and luck seems to follow him round. Of money, and where-with he ever is shy, but spirit just will not be downed.

He's gettin' away with that sort of thing now—but sometime it's all bound to stop. He's gonna wake up and discover, somehow, some day, that his life is a flop.

It all depends on you whether anybody else can. We still wonder what makes the wheels go round—but we KNOW that lack of gasoline is what makes 'em stop.

It's kinda hard for some people to put their feet on their desk on account of the work piled up on it. They played upon the tennis court. Their hearts were in a whirl. The game wound up a love match and the fella wed a girl.

A farmer boy gets paid for digging down and sowing his oats—and a city chab dig down and pays for it himself. The famous old bank roll that "would choke a horse" now pays for an automobile.

FABLES IN FACT. THEY WERE JUST ORDINARY KIDS, SOMMA SO OF COURSE THEY OBJECTED TO A CERTAIN EVENT THAT TOOK PLACE EVERY SATURDAY NIGHT PERIOD MOTHER GREW TIRED OF ARGUING WITH HER YOUNGSTERS AND TURNED TO FATHER FOR A SOLUTION OF THE PROBLEM. PERIOD NOW COM MA FATHER KNOW HIS STUFF PERIOD MAYBE HE WAS A KID ONCE HIMSELF PERIOD ANYWAY COM MA HE AT-TACHED THE GARDEN HOSE TO THE BATHTUB PLUG AND EVERYTHING CAME OUT ALL RIGHT IN THE WASH PERIOD.

OUR FIRST HALF HOLIDAY

Advertisement for Mutual Life of Canada. This Man's Insurance Cost Him Just \$9.23 per Thousand. Includes image of a man's face.

HE did not expect to secure it at such a low rate when he took out his Mutual Straight Life Policy. But the generous profits earned by his Mutual Policy—even on the straight life basis—have reduced his premiums year by year, until his yearly payments have averaged but \$9.23 per thousand of insurance.

If you are looking for low cost insurance, clip out this advertisement, show it to the Mutual Life agent and he will be proud to show you the actual year by year results of the policy mentioned. He has the figures in his Mutual "Policy Result Book."

For fifty-six years the Mutual Life of Canada has been earning generous profits for its policyholders, thanks to economical management, careful selection of investments and the Mutual principle of assurance. The Mutual Life agent will gladly tell you the advantages of the Mutual principle if you'll invite him to call.

MUTUAL LIFE OF CANADA WATERLOO - ONTARIO HUGH CANNELL Provincial Manager, 124 Prince William Street, Saint John, New Brunswick.

CHARITY NEWTON
HEROINE OF OLD
LOYALIST DAYS

Woman Who Settled in
Kings County Captured
By War Vessel

MONEY IS SAVED
BY WIT OF WOMAN

Archives Disclose Story of
Olden Voyage From
Saint John

The following tale of old Saint John is taken from records in the local Archives Office, Princess street:

Charity Newton was a Rhode Island maiden, born in the midst of peace and plenty, and surrounded by all the refinements of the best New England society of a century ago. Little did she imagine when she gave her heart and hand to the man of her choice, how chequered and adventurous her life would be. Her husband, who bore the name of Ebenezer Smith, was a pronounced Loyalist at the time of the American revolution. He incurred the ill will of his neighbors and was obliged to flee with his family for security within the British lines. At the peace of 1783 they came with other loyal exiles to Saint John, and thence plunged into the wild woods of Kings county to seek their fortune amidst very discouraging surroundings.

The Newton family, not having espoused the cause of the mother country, remained quietly on the old Rhode Island homestead and poor Mrs. Smith found herself far from her parents and relations.

WORK BRINGS SUCCESS
"Life in the wilds of New Brunswick was a dreary contrast to the comforts and refinements in which Charity Newton had been born and bred, but devotion to her husband and children served her to endure the hardships, and even find enjoyment in her lonely situation. Life at first was almost a struggle for existence, but as the years passed and privation they found themselves in more comfortable circumstances. The young wife had more time for thinking and little by little a strong yearning arose within her to visit her old Rhode Island home. The undertaking was a formidable one and it was very naturally the subject of much discussion in the family. However, "where there's a will, there's a way."

"The time was in the early years of the eighteenth century and it was by no means opportune for such an undertaking. The relations between England and the United States were strained and a vexatious embargo had been declared. Passengers from Saint John could be landed there, but were then and then under embarrassing restrictions and at some expense.

PRIMITIVE TRAVEL
"Mrs. Smith embarked on a sailing vessel, said good-bye to her husband and children and took her departure. Her luggage consisted of a barrel, a basket and a baby. The barrel contained some fruits of the field and garden wherewith to convince the old folks at Rhode Island that she was not spending her days in an utterly barren and unproductive land. The basket served in lieu of a trunk.

"As they were entering Long Island Sound the vessel was becalmed. From her deck Mrs. Smith gazed upon the familiar landmarks and at length discerned the house of a relative. She begged the captain to put her ashore, saying that she would save several days' time. Great was her disappointment when she was told by the captain that he would be liable to a severe fine if he put her ashore elsewhere than at New York. Seeing her distress, he added that he had business in the cabin for an hour, and if the sailors chose to row her ashore she must understand that it was without his permission.

FINDS PLACE DESERTED
"In the late afternoon Mrs. Smith found herself once more on terra firma with her basket, barrel and baby, and proceeded at once to the house of her relation. Great was her surprise when she found the house deserted. With slight faltering and the next hour six miles away, the young mother was in a

MAKING A PET OF A LION CUB

Mussolini isn't the only one who has lion cubs for playmates. There's Miss Cornelia Bakker, daughter of the hunter employed by the government to rid Glacier National Park of mountain lions. She tames the cubs of the lions he kills and gets them so "civilized" that they can roam freely in her father's chicken yard without causing trouble.

Her adventurous life in the New Brunswick forest had, however, taught her self-reliance and courage. She sought the barn and to her joy discovered there were some cows in the stable. Confident that some one would come to feed the cows in the morning she and her child slept soundly. Her was she disappointed, for in the morning a cousin arrived, the former occupant of the house. He had removed to a new property and had come to drive the cows there also.

A MOTHER'S REGRET
"Mrs. Smith soon reached her old home and was warmly welcomed. Her aged mother, who was now becoming childish, when she was told that Charity had come to see her, took her daughter's face in her hands and gazed long and earnestly at her, took her hands in hers and looked at them, and finally said, "It is possible you were ever my child? You have grown so coarse!" It was a cruel speech, yet not entirely groundless. The hard toil and rough life of the fair young girl the mother's memory recalled, it was not the Charity Newton of days gone by.

"In due time Mrs. Smith embarked at New York to return to her own little household. The perils of the voyage at this time were not entirely confined to the elements. As the vessel reached the entrance of Long Island Sound, a sail appeared in the offing which the captain anxiously observed from time to time, with his glass. He gave the order to "stand by" but despite his efforts the stranger began to gain rapidly, and she was evidently an enemy. (England and France were still at war and the cruisers of both nations were seizing merchant vessels as prizes).

RUSE IS SUCCESSFUL
"Seeing that his ship must eventually become the Frenchman's prize, the captain confided to Mrs. Smith that he had a quantity of specie he wished to secure if possible and requested her assistance. Her woman's wit was equal to the emergency. She summoned all the women on board to her assistance and by their united efforts the silver dollars were quilted between two petticoats, care being taken that no two should be in contact lest the chinking should betray their plan. She managed to don the uncomfortable garment just as the vessel was obliged to surrender.

"The French captain, with the characteristic politeness of his race declined to molest Madame. He also accepted a proposition from the captain to take his prize to the neutral harbor of New York and there get a specified ransom. The weight of silver on her person was so immense that Mrs. Smith could walk only with difficulty, and she was particularly concerned as to her ability to walk the plank from the vessel to the shore. However, the captain proved equal to the emergency. Two planks were firmly placed and, gallantly supported by an officer on either side, she was safely landed. The vessel was duly redeemed and the Frenchman went back to watch for other victims. Mrs. Smith in due time returned in safety to her family in New Brunswick."

Deaths

Mrs. Mary McBride
Many friends will regret to learn of the death of Mrs. Mary McBride, widow of John McBride, which occurred in this city on June 4, 1926. She is survived by one son, William McBride, in the employ of the Canadian Government Merchant Marine, in Montreal. The funeral will take place on Monday morning at 7.45 from Fitzpatrick's undertaking parlors to the Cathedral.

Mrs. Emily Smith
Mrs. Emily Smith, of 39 Britain street, passed away at her home on June 4, 1926, after an illness of several months' duration. She was the widow of Fred Smith and is survived by one son, Fred Smith, two daughters, Mrs. Winifred Hickman and Miss Lillian Smith, and two brothers, George and James Glass, all of this city. She also leaves one sister, Miss Ethel Glass, residing in England. Mrs. Smith was born in England but had resided in this province for the last 22 years. The funeral will take place this (Saturday) afternoon from her late residence at 3.30 o'clock.

LATE JOHN JAMIESON.
The funeral of John Jamieson, which was to have been held in Norton on Sunday, has been postponed until Monday because his son, Herbert Jamieson, who is coming from Calgary to attend the funeral, will not arrive in time for the earlier date. Arrangements have been made for holding the funeral service in the church at Norton at 2 o'clock on Monday. Interment will be made in the River Bank cemetery in Norton.

The Resurrection of the Dead is at Hand.—See announcement on page 11.

P. NORMAL SCHOOL
HOLD AN AT HOME

Borden Delong, Fredericton, is Valedictorian; Several Prophecy

FREDERICTON, June 4.—The student body of the Provincial Normal School was "at home" to friends to-night in the assembly hall of the school. Some hundreds of invitations were issued and a most enjoyable evening was spent. There were vocal and instrumental selections by members of the school and the various class prophecies and the valedictory were delivered.

The valedictorian of the school was Borden Delong, of Fredericton. The class prophecies were the following: Class A 1, Francis Barry, Saint John; Class A 2, Miss Ethel Jarvis, Stanley; Class A 3, Miss Jean McCallum, Saint John; Class B 1, Max Hunter; Class B 2, Miss Viola Gagnon, Edmundston; Class B 3, Miss Wilma Wasson, Chipman.

WEDDINGS

Hunter-Coates.
HAVELOCK, June 4.—A pretty wedding was solemnized here on Thursday afternoon, June 3, at the home of Mr. and Mrs. B. F. Coates, when their daughter, Winifred Corneil, was united in marriage to Frank Garfield Hunter, of Moncton, N. B. Rev. W. J. Donville, of Pettitcodiac, performed the ceremony.

Manning-Fowler.
TORONTO, June 4.—The wedding of Nelson Manning, formerly of Saint John, now of Detroit, Mich., son of Mr. and Mrs. R. C. Manning, and Miss Loretta Fowler, daughter of Mrs. Alice Fowler, of Toronto, took place May 29, in the West United church, College street. After a short honeymoon trip, they will reside in Detroit, where the groom has accepted a position with one of the largest architectural firms in the United States.

MAJ. SCOTT'S BODY FOUND IN OTTAWA
OTTAWA, June 4.—The body of Major Henri Scott, drowned near Calumet Island in the Upper Ottawa River on Monday, was recovered by searchers today not far from the point where the body of his companion, Paul E. Bernier, was found. The two men were drowned when their canoe upset.

Use Minard's Liniment in the Stables.

Neal Smith, president, was chairman and toastmaster. Following the toast to the King, Neal Smith proposed the toast to the guests, which was responded to by Miss Marjorie Ricketts. A toast to the Ladies was proposed by Arthur Harris, and responded to by Miss Bertha Smith. The toast to the Club was proposed by George James and replied to by David

McCartney. The toasts were given in neat speeches and were heartily applauded. The president in a few words thanked the members for co-operation and support throughout the year. The banquet was greatly enjoyed and its admirable arrangements reflected much credit on the efficient committee, which was composed of Mrs. Samuel Parsons, Mrs. Stevenson, Mrs. G. D. Reid, Mrs. Edward Jess, Miss Deveron, Miss Florabel Cunningham, Miss Bertha Smith, Miss Minnie Dundas and William Staddon. After the banquet a musical selection was given by an orchestra composed of Messrs. Vaughan, Will, Woodley, Freeze and Reid.

FINAL MEETING.
The final meeting of the season for The King's Daughters was held yesterday afternoon at the Guild with Mrs. Edith Stevens, president, in the chair. During July and August there will be no monthly meetings, it was decided. The reports submitted were satisfactory. In special philanthropic work it was reported that two families had been assisted.

MAYOR'S DOG KILLED.
A fine sirkie dog, owned by His Worship Mayor W. W. White, was run over by a Ford automobile on the corner of Princess and Wentworth street at 6.25 o'clock last evening and died shortly afterwards from the injuries.

Stores open 8.30 a.m. Close 5.55 p.m. Open Friday evenings until 9.55. Close Saturdays during the summer months at 12.55 p.m.

I. O. D. E. SECRETARY SPEAKS OF SUBJECTS FOR MEETING HERE

Hints Marked Advance Will Be Recorded in Patriotic, Child Welfare and Educational Activities; War Memorial Fund Now \$416,000; Opening Event Sunday

THE VANGUARD of the delegates to the National Chapter I. O. D. E. convention, which is to be in session throughout next week in the Admiral Beatty Hotel, arrived in the city yesterday.

Mrs. R. M. Nicholson, of Toronto, national secretary, was one of the early arrivals. In speaking of the convention last night Mrs. Nicholson said that the reports to be presented this year, she believed, would show a marked advance in all of the three great branches of the I. O. D. E. work.

The Order's chief enterprise, its educational war memorial fund, Mrs. Nicholson said, had reached \$416,000 at the time of the last annual convention, and during the year just closed a considerable amount was raised by the 400 chapters which now number more than 400.

NATIONAL EXECUTIVE. The members of the national chapter executive are as follows: President, "Let the Clark Kitchen help you"

CLARK'S 13 delicious SOUPS. Including Tomato, Oxtail, Vegetable, Chicken, Corned Beef, etc.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., SATURDAY, JUNE 5, 1926

NURSES NAMED FOR THE WORK AT LADY BYNG CAMP

Misses Lillian Shaw and Martina Wallace—Health Centre Life Members

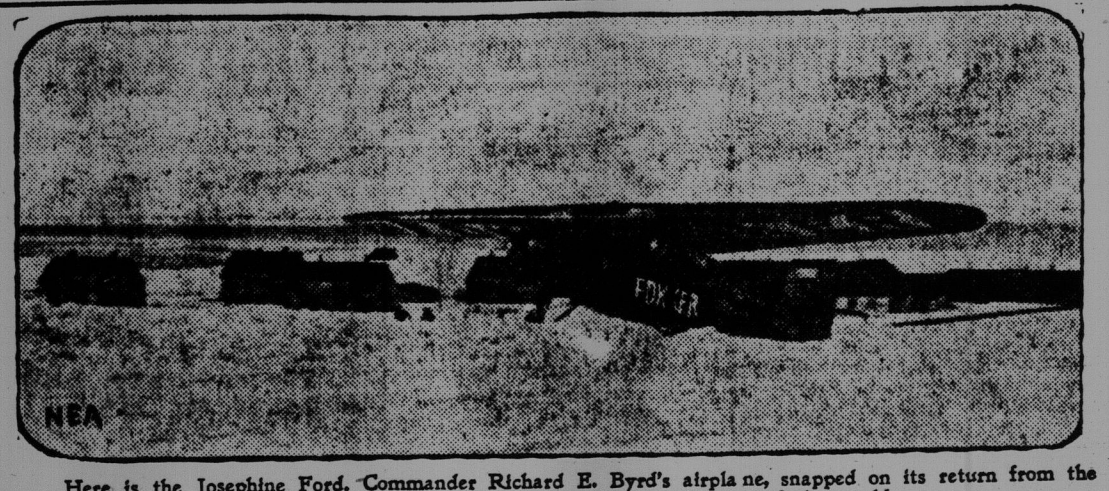

Preparations for the opening of the Lady Byng Camp for delicate children on July 3 were furthered at the meeting of the directors of the Health Centre held yesterday afternoon when staff appointments were made. An anonymous gift of \$10 from an unknown friend was received as a welcome contribution to the camp finances. The sum of \$1,000 must be raised to pay camp expenses this year.

Hon. Dr. W. F. Roberts presided, in the absence of Dr. G. A. B. Addy, he president.

The finance committee reported a balance of \$278.80. The expenses for the month were \$462 and receipts were \$116.67.

Mrs. T. N. Vincent, convenor of the ways and means committee, reported

BACK FROM POLE

Here is the Josephine Ford, Commander Richard E. Byrd's airplane, snapped on its return from the North Pole to King's Bay, Spitzbergen—the first airplane to fly to the top of the world.

on steps taken with reference to enrolling life members. His Lordship Bishop LeBlanc had become a life member and had spoken in warm commendation of the work of the Health Centre and expressed hearty approval of the life membership campaign.

FAVORS DRIVE.
Dr. Roberts favored having an organized drive for life members at a specified time. James MacMurray said he believed the value of the Health

Centre was recognized and advocated sending out letters to prospective life members and having a follow-up canvass. This action was decided upon.

The administrative committee's report showed 91 clinics with an attendance of 1,722 in April, when 884 home calls were made. There were 18 well-baby clinics and 865 visits for this department. There were 70 in attendance at the nine anti-tubercularis clinics and 450 visits by these nurses.

At the social hygiene clinics 257 cases received 1,179 treatments. At the 18 dental clinics, 124 children attended, 12 being referred to other care.

There were 19 attending the pre-school age clinics and 29 calls were made in connection with this clinic and six attended the pre-natal clinics, for which 48 home calls were made. At the eye clinics seven children attended. At 12 school clinics 191 attended. At immunization clinics 47 were inoculated for diphtheria and 25 for scarlet fever at five clinics.

For the house committee, Miss H. Dykeman, director, reported that because of non-payment of taxes, it was doubtful if the Health Centre would receive the \$229 that was still unpaid of the \$2,000 municipal grant.

A large square tent was needed and it was hoped this could be secured as a loan.

included Dr. Mabel Hanington, Dr. G. A. B. Addy and James MacMurray.

The house committee was authorized to arrange for the winter coal supply and to take up with the provincial Department of Health the matter of the contract for the social hygiene clinic tenancy.

Miss Dykeman reported the securing of a site for the Lady Byng Camp at Belmont. The Gyro Club will pay the \$200 rental. A tent would probably be needed to give sufficient accommodation and this, it was believed, would be an added attraction.

Miss Lillian Shand, daughter of Mr. Adam Shand, and a graduate of the General Public Hospital and of the Toronto Public Health Course, had been appointed as nurse in charge of the camp and for July and one week in August Miss Martina Wallace, R. N., of the sub-district Board of Health staff, will be assistant.

A cook has been decided upon. The only additional requirements in staff would be an assistant for the last three weeks of August.

A large square tent was needed and it was hoped this could be secured as a loan.

A Profitable Profession for Women

Paying \$30 a Month and Living While in Training

McLean Hospital School of Nursing offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$80 per month. This course is open to young women who have completed successfully one year of high school. Entrance in January and September. For information apply to the

SUPERINTENDENT OF NURSES
McLean Hospital, Waverley, Massachusetts

WILL CONSIDER NEW WEST SIDE PLAYGROUNDS

Association Appoints Committee—Supervisors For Summer Season Named

The Playgrounds Association at its meeting yesterday afternoon in the Health Centre appointed a special committee to look into the matter of the transferring of the West Side playgrounds from Market square to a vacant lot lying north of King street, West Side, as proposed in a letter that had been sent by the West Saint John Progressive Association to the City Council.

A copy of that letter was read at the meeting yesterday over which J. H. Hamilton, vice-president, presided in the absence of Frank T. Lewis. The committee named was as follows: F. T. Lewis, J. H. Hamilton, Capt. A. J. Mulcahy, R. P. Hamm, Hon. R. J. Ritchie and L. M. Farquhar. The committee was given power to act. Preparations for the opening of the playground season were furthered at the meeting.

Mrs. George Dishart, treasurer, reported expenses of \$140 during the last month. It was decided to write to the Board of School Trustees making application for the use of one room and storage space for equipment in the King George, Alexandra and Centennial schools during the playgrounds season.

COMMITTEE REPORTS.
Committee reports with reference to the laying out of apparatus for the various grounds were received as follows: Centennial grounds, J. H. Hamilton; West Side, Captain A. J. Mulcahy; Allison, G. Fred Fisher; King George, R. P. Hamm. A progress report was received with reference to the East End grounds.

Captain Mulcahy for a special committee reported that the contract for the erection of a new shelter in West Saint John to replace the one which was burnt had been given to Stackhouse Brothers at a satisfactory figure. The committee was authorized to proceed to purchase the remainder of the equipment needed for those grounds.

Frank Hayes was engaged as caretaker for the Rockwood-Allison grounds for the coming season and the committee appointed to supervise these grounds consisted of Mr. Hamilton, Mr. Farquhar and Mrs. M. H. B. Good.

On the resolution of Mrs. Good, seconded by Captain Mulcahy, a resolution of deep sympathy in her sad bereavement was extended to Mrs. A. C. D. Wilson, whose father died recently.

The secretary was asked to write a letter of condolence.

It was decided to hold the next meeting on the last Friday of June instead of on the first Friday of July.

Miss E. Heffer will supervise all the playgrounds and those appointed to

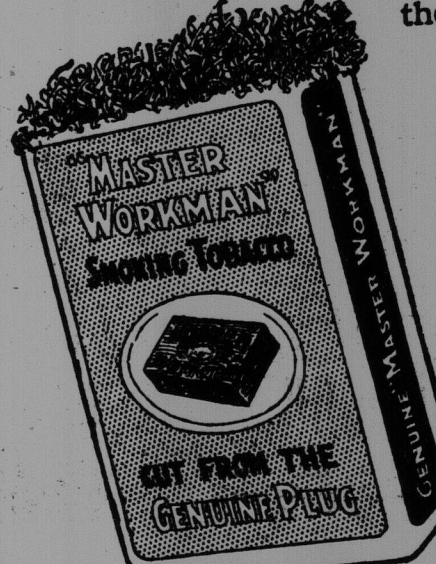

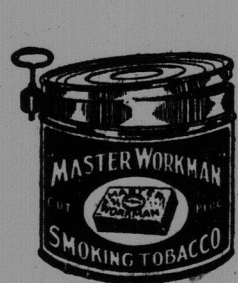

the individual grounds were as follows: Supervisors, the Misses Ethel Hawker, Kathleen Lundy, Alice Dever, Mildred McCutcheon, Gladys Weekes and Marion Hamilton; students, the Misses Mary O'Connor, Phyllis Wilson, Margaret Kyffin, K. Hoyt, Gertrude Ver-

der and Margaret J. Ryan; play leaders, Miss Ethel MacFadden and Miss G. Wilson; male instructors, Arthur Burns, Stanford Goldman, Ralph Connel, Robert Marr and W. J. Sargeant. Minard's Liniment for Burns.

Motor Car history has no parallel for this record-breaking Sales Success

65,000 satisfied owners in its first Year
Over \$100,000,000 Sales in 16 months

Now, May 1926 shows 300% Sales increase over May 1925

NEVER before has such emphatic public acceptance been registered for any single model of any make of car. Never before has a car swept ahead so rapidly and steadily in sales as has the Overland Six.

In fairness to yourself you should investigate the reasons for this unparalleled sales success. You should take a demonstration if for no other reason than to see if you get the same performance-thrill, the same power-surprise and the same beauty-fascination that is now winning new owners for the Overland Six at the rate of over 2000 every week.

Be prepared for a big surprise when you take your first ride in an Overland Six. A brand new kind of motoring experience awaits you... it's bound to change your whole idea of motor car performance.

What you get in this Sturdy Six

This car will give you the thrilling performance of 60 miles an hour whenever you want it. It will pick up in high gear from 5 to 40 miles an hour in 21 seconds.

It will out-pull, out-run and out-perform anything else of its size, or weight, or price-class.

The motor is a new-type power plant... hangs low in the chassis to give a straight line drive... with more usable power delivered to the rear axle than you find in any other six of its price or class.

The centre of gravity is lower... keeping the weight of the car down close to the ground... you get an entirely new feeling of security when you drive this car.

Without slipping, sideway or wandering the car is always under perfect control.

It is a car of exceptional comfort. Seats are wide, luxuriously comfortable. There is more cubic feet of inside space than in any car of its price (due to its extra-long wheel base), with plenty of room for five full-size passengers.

The rear springs are 52 inches long... and under-along. They are made of Chroma Vanadium Steel... a costly metal, but it's the best for absorbing the jolts and jars of the road.

Eye-Arresting Beauty

Even practical men call the Overland Six "a superlatively handsome car" with its rich looking, two-color combination, and women revel in its unobtrusive smartness. Its luxurious velvet upholstery is but one indication of the exceptional quality which prevails throughout.

Don't let the low price of the Overland Six mislead you. Get the utmost for your money. Ride in an Overland Six Coach, Sedan or Coupe—test it in comparison with the value others offer.

You're Safer buying or driving

BECAUSE Jewett is the strongest, sturdiest and easiest handled car in its field—and the only one with Paige-Hydraulic 4-Wheel Brakes—you're safer in driving the New-Day Jewett than you are driving any other.

And if you check the items of genuine worth, mechanically and structurally, built into the New-Day Jewett against those of any other car—you'll also find that you're much safer in buying this car.

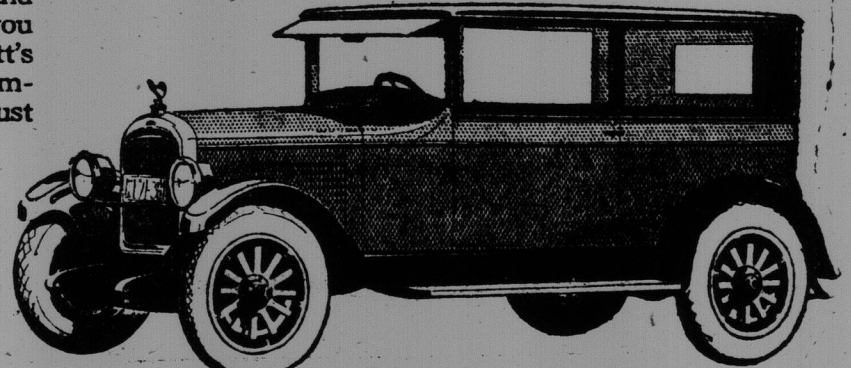

Other cars may approach the New-Day Jewett in some one phase of performance—in acceleration—or in ease of handling—or in swift, smooth stopping—or in roominess—or in clear vision, economy, sturdy construction—but only the New-Day Jewett gives you all these qualities in their highest and finest development.

And the fine part about it is that if you will but drive the New-Day Jewett, and then compare it—item for item, part for part, and feature for feature with any other car—you can absolutely see and feel and prove Jewett's superiority. Such a comparison and demonstration drive will cost you nothing—just tell us WHEN.

The New-Day JEWETT SIX

Only The "New-Day" Jewett Six offers all these features:

- Lightning-like acceleration. Paige-Hydraulic 4-wheel brakes.
- Abundant power and speed for any driving need.
- Easiest steering, shifting, and parking of any car built.
- Clearer vision—almost total elimination of the deadly "blind spot"
- Steel body—interior roominess equal to much longer cars.
- Paige quality throughout in materials and workmanship.
- And Jewett's lowest closed car price.

\$1345

for the Standard Sedan, De Luxe Sedan, \$1485; De Luxe Touring Car, \$1685; Paige Hydraulic 4-Wheel Brakes without extra cost. Price 1, 0, 0. Windsor, taxes paid. You can buy on time payments through one of the most attractive plans ever offered.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., SATURDAY, JUNE 5, 1926

5 DEALERS IGNORE INQUIRY AND WILL GET SUMMONSES

Rock Island Merchants Are Sought by Customs Committee

PRISON-MADE GOODS SMUGGLED ACROSS

Incomplete Records Stand in Way of Auditors' Investigation

OTTAWA, June 4.—Five Rock Island, Que., merchants failed to answer when their names were called at the customs probe today. They will be served with summonses by the Mounted Police.

T. O. Chapman, C. R. Jenkins, C. J. Marola, A. G. Moore and A. J. Bissonette are the missing witnesses. They were called for Thursday but failed to appear. When their names had been called in the committee room and down the corridor of the House without result, R. L. Calder, counsel for the committee, suggested that personal service be made on these witnesses by the Royal Canadian Mounted Police over the week end.

LEFT WITH CALDER

"If this becomes a habit we may as well cease holding investigations," said Mr. Calder. The committee left it to Mr. Calder. The auditors report on Telford and Chapman, Limited, woolen mill owners at Rock Island, then was read. This report, said Mr. Calder, disclosed "for the first time some certainty of the smuggling into Canada of prison-made goods. Three shipments, the auditors thought, came within the category. Mr. Chapman was called to explain why he would not permit the auditors to inspect his warehouse. He told them that he shared it with somebody else and therefore could not permit the search.

PROBE HAMPERED

The report on the Jenkins Overall Company, of Rock Island, said that

If I Only Had the Strength

HOUSEWORK is not drudgery to the woman who is strong and well. She takes a pride in keeping the home spick and span and giving it the artistic touches which make home attractive. But when strength fails and you feel tired and worried there seems no end to disagreeable work. You seem to never catch up and everything goes wrong. Wishes do not restore a worn-out nervous system but Dr. Chase's Nerve Food does. By using this great restorative regularly you can soon regain health and vigor and take hold

When Driver Crashed Into Wall On Indianapolis Track

The photo shows Herbert Jones, young auto racer, and what was left of his car after it had thrown a tire and crashed into the wall on the dangerous north turn of the Indianapolis speedway while turning up for the annual 500-mile race May 31. Jones, twenty-four and the youngest driver entered in the race, was going 105 miles an hour in a qualifying test when the accident happened. He was seriously injured.

very incomplete records hampered the investigation. The auditors believed that "not nearly all the sales invoices of the company had been produced," and adduced a number of facts to support this belief.

Shirts, which were made by prison contract labor in Chicago, were sold by the Jenkins Company to firms in Winnipeg and Calgary, according to affidavits made by those firms after prison-made shirts were found in their stores.

PLANT SEIZURE TALKED

Customs officer J. E. A. Bisailon reported to Ottawa in 1924 that the Jenkins Company "should have no consideration shown to them" in connection with a seizure of smuggled goods in their possession. The officer said that he had to threaten to place the whole plant under seizure before he could get a deposit from Jenkins to guarantee duty on the seized goods. While this case was pending, the company continued to smuggle, asserted Bisailon's report. The firm kept their books in the United States and prevented customs officers from checking up their activities.

BOOKS INCOMPLETE

Auditor Nash, answering questions, said that the books of the company at present are very incomplete. Book-

of the "Sister Company" on the American side, were not opened to the auditors, so that an accurate account of their business could not be obtained. The disappearance of another witness, named Seguin, was mentioned.

"The day after Gauthier mentioned his name, he disappeared," said Mr. Calder. Like so many other people connected with this inquiry, they all die or go somewhere for their health.

PUSHED BY BIG SMUGGLERS

Bisailon reported to Mr. Bureau that "Baldwin was being pushed by Jenkins and Wilkinson, who are the greatest smugglers on the border, and they are his friends. I believe further that an increased duty and subvention on transportation should be given for a sufficient period of time to warrant investment in needed facilities to reduce costs of transportation. Consideration must be given to assist the Nova Scotia steel industry to continue so as to use the slack coal and thus improve the quality of commercial screened coal."

PRISON SHIRTS SOLD

Prison-made shirts were sold in Western Canada, said C. B. Alexander, of Toronto, a special investigator for the customs department. He reported that W. H. Hovey, Winnipeg, was agent for the Jenkins Overall Company. Shirts known as Milton F. Goodman shirts were sold by him. He destroyed invoices covering some of his receipts, and sales. The shirts, it was believed, were made under prison contract.

Papers seized at Hovey's residence were produced, covering shipments from Rock Island, and got from the American side. The significance of this is that prison-made goods cannot legally be brought into Canada. Hovey was also agent for Telford, Chapman & Company, Rock Island. He sold the apparently prison-made shirts all over Western Canada, said Mr. Alexander.

The manner of describing the shirts on invoices was entirely different from that usually employed in the trade and the investigator believed that there was a deliberate attempt to "throw the authorities off the scent."

The file included a sworn statement that involves for some shipments sent him by Jenkins "were destroyed by me on my own intuition," and that he did not desire to give his reason.

Mr. Alexander then produced as an exhibit gray and khaki work shirts.

GOLF HANDICAPS

One of the most unusual handlings proposed in the history of golf has been presented recently. According to the plan, players would start out on even terms but the winner of the first hole would give his opponent one stroke on the second hole. If the winner of the first hole repeats on the second one, then he grants his opponent two strokes on the third hole.

A HICK town is one where there is less picking of pockets and more picking of teeth on Main street.

CROWN WILL ACT IN DUAL ROLE AT TRIAL OF N. S. DRY OFFICER

To Prosecute and Defend Hubbard in Yarmouth Case

YARMOUTH, June 4.—The attention of the police court today has been taken with the hearing of the case brought by Thomas Hubbard against L. M. Trask, Deputy Provincial Inspector under the Nova Scotia Temperance Act, on the charge of assault with bodily harm.

CROWN IN DUAL ROLE

The Crown, that is the Attorney-General's Department, will find itself both prosecuting and defending the accused. Inspector Trask is charged with assault while in the discharge of his duties. A. L. Chipman, the Crown prosecutor in Yarmouth, considered the case of such importance that he suggested to the Attorney-General's Department that he should appear in person against Inspector Trask. The Attorney-General's Department in observance of a very long standing practice did not grant permission for the Crown prosecutor to appear in the lower court against Inspector Trask, and secondly the Attorney-General did not consider it a good practice for a Crown officer to be prosecuting an official of the department, but that there should be a private prosecutor secured.

ADVISED BY GRANT

In the meantime Rev. D. K. Grant, Chief Inspector of the Nova Scotia Temperance Act, recommended to the Attorney-General's Department that Trask should be defended by the Crown, as

WHITE STAR LINE CANADIAN SERVICE

he was in discharge of his duties at the time the incident occurred, when it is charged that he committed assault and speaks of him as being a very valuable officer.

It is now held by the department that when an officer of the department is in trouble in the pursuit of his duties he should be defended by the department. The Attorney-General then pointed out that if the case should be carried to the upper court, where a Crown prosecutor must appear against the accused, there will be the anomaly of the crown prosecuting a situation which Mr. Douglas said he did not think had occurred before in this province.

Rev. D. K. Grant, inspector-in-chief, has been in Yarmouth today attend-

ing the court and watching the proceedings. At the conclusion of the hearing Deputy Inspector Trask intimated that he would issue several warrants for arrest on the charge of perjury.

CRICKET AT ROTHESAY

Saint John Cricket Club played Rothesay Collegiate School yesterday. The score was 65 to 103 in favor of Rothesay. The three high scores for Rothesay were: McDougall, 18; Hubbard, 13; Williamson, 9. The three high scores for Saint John were: Parfitt, 13; Moffat, 8; Clark and Ingleton, each 6. The weather was ideal and the match was closely contested. This is the first time Rothesay has beaten Saint John since 1921.

WOLVIN SUGGESTS COOKING PLANTS FOR MARITIMES' COAL

Would Place These in Central Canada and Use Home Fuel For Ships

OTTAWA, June 4.—"With a view to improving the situation in the coal industry of the Maritime Provinces, I would suggest the establishment of cooking plants at Montreal and Toronto," R. M. Wolvin, president of the British Empire Steel Corporation, told the special committee of the House investigating Canada's coal supply.

"The bunkering of ships in ocean ports," he continued, "should be reserved for Canadian coal. I believe further that an increased duty and subvention on transportation should be given for a sufficient period of time to warrant investment in needed facilities to reduce costs of transportation. Consideration must be given to assist the Nova Scotia steel industry to continue so as to use the slack coal and thus improve the quality of commercial screened coal."

William Buchanan, coal merchant, London, said he had had very good success in the handling of Alberta coal. If a 5¢ rate were obtained, Alberta coal would displace all American anthracite coal in Western Ontario.

GRAND DIV. S. OF T. CONCLUDE MEETING

Thirty Delegates at Two Days' Session at Lower Millstream

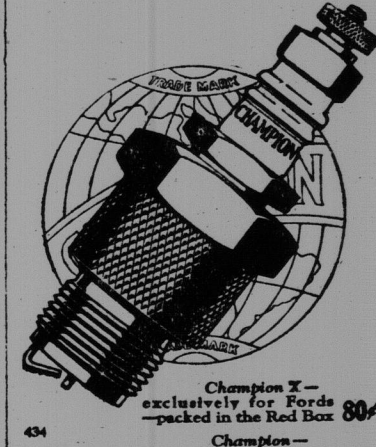

LOWER MILLSTREAM, June 4.—A two days' session of the Grand Division of Sons of Temperance was concluded this morning and was very successful, about 80 delegates from outside points being present.

The first meeting was held yesterday afternoon at which an interesting address was delivered by Rev. Mr. Sutherland, of Chipman, who strongly urged the co-operation of the division with the Temperance Alliance. Mr. Ward, of Pictou, N. S., told the delegates of the work conducted by the division in Nova Scotia.

A public meeting, held in the evening, was large attended and an address of welcome was given by Grand Deputy Worthy Patrick J. A. McKnight. Other entertainment was provided by members of the local division. After a business session this morning, when routine matters were dealt with, the convention was brought to a close.

PRICE

Only large production could build Champion superior quality at such low prices as 80 and 90 cents.

SPEEDIRON

The Element that Makes Electric Cooking Dependable

McCLARY'S Speediron element gives to electric cooking a new efficiency, a new satisfaction never dreamed of before.

It is the speediest, most economical, most reliable protected element made—as durable as the range itself.

The smooth, flat, cast-iron surface completely protects the coils from accidents. Boiling over, knocks, spills, leaks, dripping grease cannot injure them.

If coils burn out simply lift out element and have coils replaced at trivial expense. No delays.

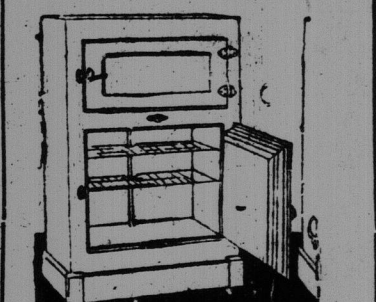

Cooks better, faster, cheaper—the one day in and day out efficient element. Now on all McClary's Electric Ranges.

CRITIC SAYS BACON DIDN'T WRITE PLAYS OF SHAKESPEARE

St. John Irvine Combats Argument Concerning Learned Men

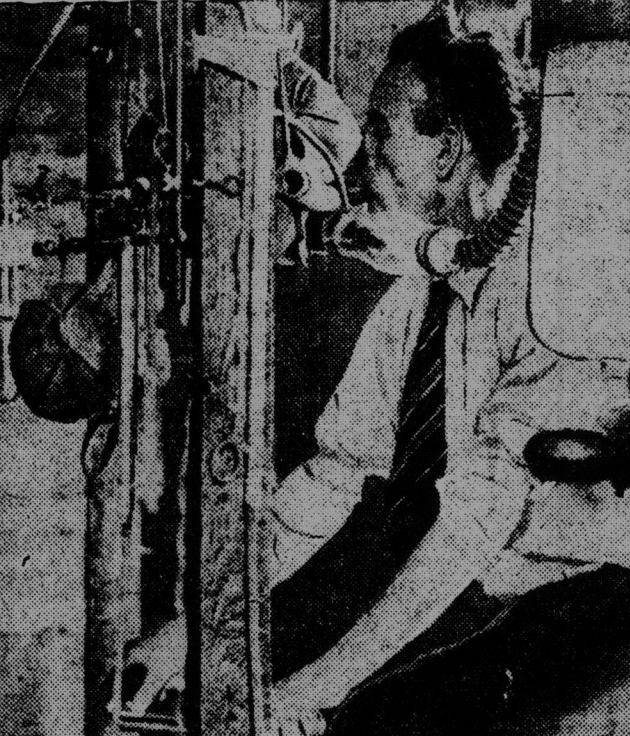

LONDON, June 4.—St. John Irvine, the noted critic, does not believe that Lord Bacon wrote Shakespeare's works. Writing in the "Morning Post," Mr. Irvine says: It is an odd fact that Bacon or some other person than Shakespeare wrote the plays which are commonly called Shakespeare's do not make a single dramatist.

WORST BLOW DEALT

Mr. O'Casey, indeed, is about the worst blow that the Baconists have ever sustained, for he is an author who is a standing refutation of every argument against Shakespeare's authorship that is based on his lack of learning.

Myself, I am an unlearned man in the sense that I have not been to a university, and that my scholastic career as a schoolboy was abrupt, brief, and uneventful. He did not go to a university.

ON THE MARATHON MACHINE

Thus far has a mechanical age brought us from the simple athletics of ancient Greece. Clarence DeMar, veteran long distance champion of Boston, here is grinding out a marathon by machinery. Or, at least, it amounts to that. He works the pedals and breathes through the gas mask. And Dr. V. Beck keeps tab on his endurance, increasing the resistance every day and measuring the blood his heart pumps and air he breathes.

WHITE ELEPHANT VALUED AT \$65,000 REACHES ENGLAND

Color is Pinkish Sandy and It Presents Pearl-Like Appearance

LONDON, June 4.—The first white elephant ever seen in England reached the Zoological Gardens Regent's Park, on Sunday morning. This rare animal, a fine male seven years old, was accompanied on its voyage from Burma by a black female elephant to whom it became much attached.

KEEPPER ESCAPES HURT

Saturday night was spent at Lodge Farm, Barking, and a start for the too was made at five fifteen on Sunday morning. There was a moment of excitement when the white elephant was brought out and saddled.

Sandy Griffin Is Dead In Syracuse

SYRACUSE, N. Y., June 5.—Tobias C. (Sandy) Griffin, formerly one of the best known men in organized baseball, and at one time part owner of the Syracuse Club, died last night, the result of complications developing from throat infection, from which he suffered several years.

C. N. R. GROSS GAINS 37 PCT. IN TEN DAYS

MONTREAL, June 4.—The gross earnings of the Canadian National Railway for the 10-day period ended May 31, 1926, were \$7,872,275 as compared with \$5,741,197 for the corresponding period of 1925, increase of 36.2 per cent.

A Sure Relief for Women's Disorders

Orange Lily is a certain relief for all disorders of women. It is applied locally and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief.

Engine power figured on a basis of first cost including interest and depreciation, fuel, attendance and all other power plant expenses actually costs but 1/5 as much as steam.'

Negro Woman Dies At 116

GRANVILLE FERRY, N. S., June 4.—"Aunt Mary Eliza" Stevenson, colored inmate of a local settlement, died yesterday at the age of 116 years. It is believed she was the oldest woman in Canada. She died in her sleep. Her husband was the late Rev. Charles Stevenson.

PICKS UP KNOWLEDGE

Shakespeare did what we all do: picked up his knowledge wherever he could find it. He probably picked other men's brains. When he heard a good phrase he noted it somewhere, in his tablets or in his memory, and ruminated it into the first play of his that he could. It is not improbable that he boldly lifted and re-wrote sentences from Bacon and other authors.

USES WELLS STORY

All dramatists, all authors, constantly do this sort of thing. Several years ago Mr. H. G. Wells told me a story of one of his sons. When he was almost a baby, his father picked him up one day and held him up at the window to watch the sunset. Mr. Wells said to the child, "Going, going, gone!" just as the sun dropped behind the horizon, and instantly the child turned to him and said, "Do it again, Daddy?"

Eczema Was So Bad Could Hardly Sleep

Mrs. G. Jones, Kinross, Alta., writes: "I had eczema on my left hand, and my first finger was so swollen, sore and itchy I could hardly sleep at night. I got a prescription from my doctor, but it did me no good, so I finally began to take Burdock Blood Bitters."

Advertisement for Burdock Blood Bitters. Text: 'After I had taken three bottles I was completely relieved of my eczema, and would advise any one suffering from any disease of the blood to use B.B.B., as it's worth its price many times over.'

STRATFORD WOMAN Restored to Health by Lydia E. Pinkham's Vegetable Compound

Stratford, Ontario.—"After my first baby was born I started to work on the tenth day and did a big washing on the twelfth day. Being so young (I was married at 19) I did not know what was the matter, so I let it go until I was all run-down, weak and nervous, and had a bad displacement. For nearly two years I could not sleep and I would always complain of having "not a head-ache, but a brain-ache." My mother is taking Lydia E. Pinkham's Vegetable Compound during the Change of Life and she recommended it to me. After taking two bottles I began to get a little sleep and to feel better and I have never left off since then, except for about three months. I can safely say I have taken thirty bottles since my second baby was born. I think it makes child-birth easier as I had terrible pains with my first three children and very few with my fourth as I was so much stronger. I am now able to do my work alone, but I am still taking the Vegetable Compound as I am nursing baby."—Mrs. OMER PAUL, 49 Cherry Street, Stratford, Ontario.

STRANGER BEWILDERED

Several years afterward a total stranger wrote to me to say that she was bewildered by the fact that precisely the same story was told in my play, "The Ship," and in Mr. Wells' novel, "Lost and Found." "How did I account for the coincidence? I owned the tale from Mrs. Wells, and that settled the matter."

CASE OF SIMILARITY

The most remarkable case of similarity of theme known to me is the resemblance between "Fancy Free," by Stanley Houghton, and "Over-Ruled" by Bernard Shaw. I suggest to all Baconians that they read these two plays, and then explain how it happened that the two authors were so similar from each other as Stanley Houghton and Mr. Shaw managed to think of almost the same idea and express it in almost the same way.

LARGE PIMPLES ITCHED BADLY On Face, Shoulders and Arms. Cuticura Heals.

"My trouble began with pimples breaking out on my face, shoulders and arms. They were large, hard and red, and feasted, and scaled over, causing disfigurement. The "By Bernard Shaw" body and when I scratched them eruptions formed. My clothing irritated the breaking out on my shoulders. The trouble lasted for some time. I began using Cuticura Soap and Ointment and they afforded relief in a short time. I continued the treatment and after using four cakes of Soap and four boxes of Ointment I was healed." (Signed) Miss Grace M. Ward, Theford Center, Vt., Aug. 12, 1925. Use Cuticura to heal skin troubles. Sample each free by Mail. Address: Canadian Agents: The Canadian Cuticura Co., 100 Queen St. W., Toronto, Ont.

2 FISHERMEN CATCH
STRANGE MONSTER

Haul Up 20-Foot Creature
Which Escapes From Net
Off Falmouth

LONDON, June 4.—Two fishermen while trawling in their motor-boat three miles out of Falmouth caught a strange monster of the sea. On hauling up the trawl, which took them over an hour owing to the weight of the "catch," they found in the net a creature which they estimated was twenty feet long, with a tail over eight feet long. It had a beak six inches wide and two feet in length, and had four legs. Its body was protected with thick scales—the fishermen described them as being like "armor plates" and its broad, flat back was covered with mottled brown hair. The fishermen, who were alarmed at the violent struggles and the size of the monster, were undecided whether to attempt to land it or to let it go free again. The question was settled by the creature itself, which with a great wrench tore the weight of the trawl from the net and escaped. The water around it was blood from wounds which had been caused in the struggle.

ROAD SUPERVISOR
RECEIVES IN JURY

MONCTON, June 4.—Mr. Henry T. Leger, district road supervisor on the Lewisville-Memramcook sections, had the misfortune to have his hand badly crushed this week while assisting in unloading some last stones from a truck. Although incapacitated to some extent, he is still able to superintend the road improvement being made in his section.

2 Injured As Freight Train
Crashes Auto Near Yarmouth

YARMOUTH, June 4.—A bad accident occurred at Belleville, about 16 miles from this town, this morning, when the westbound fast freight of the Halifax and Southwestern division of the C. N. R. collided with an auto truck driven by Peter L. Muise, of Quinan, aged 45, with the result that he was very badly bruised and cut about the body and head. His companion, Peter A. Doucette, also 45, was so severely injured about the legs that it was necessary to amputate the left one below the knee and the right has both bones fractured just above the ankle. The train was in charge of Driver Fred Dodge and Conductor Woodworth and was running about on time. Driver Dodge blew his regular signals for the crossing. The front wheels of the auto were on the rails when the locomotive struck the outfit. The truck was turned completely around, badly wrecked and two occupants crushed in the wreckage. Both were badly injured and were bleeding profusely from cuts and bruises. The two men were picked up and placed on the train and Dr. Sutherland, of Tusket, advised of what had happened. He met the train at Tusket and accompanied the men to Yarmouth. On arrival here they were immediately taken to the Yarmouth

hospital where the extent of their injuries was determined.

Duke Of York Will Compete At Wimbledon

LONDON, June 4.—British Royalty is to compete at Wimbledon this year for the first time. The Duke of York, second son of King George and Queen Mary, has entered the men's doubles, partnered with Wing Commander Louis Greig, who is a gentleman usher to the King, and formerly was the Duke's compeller and enquirey.

BEHIND THE SCENES

HOW much chance has a sheik in Hollywood? The producer's answer is not any! Ever since Rudy Valentino made that classic "The Sheik," movie casting studios have been flooded with scores of young men with slicked down hair and ritty airs. They all want to get into the films but very few of them have any definite ideas as to what an actor must do. They arrive in Hollywood with just a few dollars in their pockets and then the weary round of the studios begins. All of them have hopes of attaining stardom over night, but the vast majority are not even fitted to do mob scenes. For nowadays mob extras must have a certain amount of training so that they do not spoil valuable shots by their blunders before the camera. Directors and producers say there is a crying need for good villains but scarcely any of the so-called "sheiks" want to be the gentlemen whom the audience hiss. So they continue their endeavors to become Valentinos and Novarros while the money slowly dwindles and suits acquire a sheen. One young man who attempted to star in Hollywood with the extensiveness of his wardrobe, thereby hoping to get a thousand dollar a week contract without even a screen test, is now assistant to the assistant property man in one of the large studios here, wearing faded spats with his working overalls as he labors. Some interesting Paramount future releases are "Kid Boots" in which Eddie Cantor will make his screen bow; "Metropolis," a German made film; "The Wild Man of Borneo," with W. O. Fields; "Hazard of the Jungle," a camera chronicle of the adventures of two young Americans in unexplored jungles of Indo-China; "R. U. R.," to be directed by James Cruze, a fascinating play about mechanical men; and "We're in the Navy Now," with Raymond Hatton and Wallace Beery.

Demure Lois Wilson, Paramount player, who is often referred to as "the sweetest girl in the movies" is now a member of the growing ranks of screen players who are discontented with roles given them. Rumors hint that Lois has demanded parts which will give her a chance to act rather than just move about gracefully and pose prettily. She is said to be considering an engagement in New York in "The Show-Off" on the legitimate stage. This is her most recent photo.

Cases Are Serious

YARMOUTH, June 4.—A bad accident occurred at Belleville, about 16 miles from this town, this morning, when the westbound fast freight of the Halifax and Southwestern division of the C. N. R. collided with an auto truck driven by Peter L. Muise, of Quinan, aged 45, with the result that he was very badly bruised and cut about the body and head. His companion, Peter A. Doucette, also 45, was so severely injured about the legs that it was necessary to amputate the left one below the knee and the right has both bones fractured just above the ankle. The train was in charge of Driver Fred Dodge and Conductor Woodworth and was running about on time. Driver Dodge blew his regular signals for the crossing. The front wheels of the auto were on the rails when the locomotive struck the outfit. The truck was turned completely around, badly wrecked and two occupants crushed in the wreckage. Both were badly injured and were bleeding profusely from cuts and bruises. The two men were picked up and placed on the train and Dr. Sutherland, of Tusket, advised of what had happened. He met the train at Tusket and accompanied the men to Yarmouth. On arrival here they were immediately taken to the Yarmouth

Duke Of York Will Compete At Wimbledon

LONDON, June 4.—British Royalty is to compete at Wimbledon this year for the first time. The Duke of York, second son of King George and Queen Mary, has entered the men's doubles, partnered with Wing Commander Louis Greig, who is a gentleman usher to the King, and formerly was the Duke's compeller and enquirey.

Sinner."

HIGH COST OF SCHOOLING.
(Boston Transcript)
In New York the cost of education
in the public schools has been made
the subject of study by a commission
on school finance and administration.
And what has been happening in New
York has been happening in other
states. The high cost of schooling
comes with the other elements in the
high cost of living, but the money
spent on the schools, unless there is
obvious waste and inefficiency, is
money whose expenditure will cause
little complaint.

The Recruter's Retort.
(Exchange)
The new infantry recruit had been
pretty severely bullied by the ser-
geant for days on end. But his chance
came while he was bawling through
a musketry parade.
"It's about time you knew what a
fine sight was," said the sergeant.
"Come, now, what is a fine sight?"
"A perfectly enormous boat," an-
swered the recruit, "crammed full of
sergeants, on the sea, four hundred
miles from land, in a hurricane, with
no hope of rescue."

Weekly Text
Daniel saw our day and prophetically said: "And in
the days of these kings shall the God of heaven set up a
kingdom which shall never be destroyed; and the kingdom
shall not be left to other people, but it shall break in pieces
and consume all these kingdoms, and it shall stand forever."
—Daniel 2, 44.
Submitted by The International Bible Students' Assn.

"But some man will say, How safe the dead raised up? and with what body do they come? Thou
fool, that which thou sowest is not quickened, except it die."—1st Corinthians 15:35-36.

SEATS FREE. NO COLLECTION

REVIVAL SERVICES, PYTHIAN CASTLE
SUNDAY, 7.30 P. M.—"THE LORD'S MESSAGE:
"Dancing, Card Playing and Theatre Going,
or What Would Jesus Do?"
There is a TIME to DANCE, states the Word of God, but WHEN
and HOW? In the days of Nero people were forced into the Theatre,
but what kind? The Word of God speaks of the hand held to the
bosom, and the speaking of the feet. And under the table, does this
refer to Card Playing?
A startling experience in the life of the late Doctor Spurgeon, the
great preacher of London, England, and one of the members of his
church, will be touched upon Sunday evening.
TUESDAY, THURSDAY AND FRIDAY AT 8 P. M.
TUESDAY—"THE DEVIL'S LIE," peoples now living will never
die. (Gen. 3, 4) Millions will be headed for the Word of God
around about 1928 to 1931. How do we know?
THURSDAY—"ANOTHER DEVIL'S LIE," everyone in the grave to
be raised and given a second chance. (Rev. 20, 5) What does the
Bible say?
FRIDAY—"SO CALLED RELIGIONS WHICH DENY JESUS
CHRIST" as the Son of God, a personal Devil, Sin, Sickness, Pain and
Blood of Jesus Christ, which alone can cleanse from Sin.
You should not fail to hear these messages.
SUNDAY, JUNE 13th, 7.30 P. M. (D. V.)—"THE
GREATEST QUESTION EVER ASKED."
Sunday Night, June 13th, will be question night. Any of the dear
people of Saint John who would like to ask any questions concerning
the Word of God may either hand them in before Sunday night, June
13th, or mail them addressed Pythian Castle, or drop them in the letter
slot at Pythian Castle.
William Boaz Macgregor, the World Touring Preacher.

WHOLESALE TRADE HERE IS REPORTED NORMAL
WINNIPEG, Man., June 5 - The weekly trade report of the Canadian Credit Men's Trust Association Ltd., says: "Wholesale trade reported normal and retail trade somewhat slow. Collecting fair."
MONTREAL, June 4 - Chemical problems in connection with fish curing together with the best methods of smoking, drying and salting, as well as cold storage, were among the subjects discussed at the annual meeting of the Associate Committee of Chemists, connected with the Advisory Council for Scientific Research, held here today.
The subject was brought up by Dr. A. G. Huntsman, of Halifax. The great salt deposit in the Malagash district in Nova Scotia was fully described by Mr. Cole, of the mines department, and the various analyses of the salt were submitted. The possibilities of obtaining bromine and potassium salts and the preparation of the salt for various uses, such as fish curing, etc., were described, and many suggestions of value were made.
The utilization of Nova Scotia coal was discussed by Dr. McIntosh, and the possibilities of low temperature distillation and coking were brought up by the various members.
The problem of the economic manufacture of potato starch in Canada was introduced by Dr. Rutman and it was found that it was only in those years when there was an especially large crop, which could be sold at 35 cents to 20 cents a bushel, that it would be possible to carry on the industry profitably.

MEIGHEN RECEIVES WELCOME FROM 8,000 IN MONTREAL

Lauds Patenaude and Hopes Quebec Will Elect More Conservatives

MONTREAL, June 4.—About 8,000 persons thronged the Forum here tonight in the demonstration arranged by the various Conservative organizations throughout the province for Rt. Hon. Arthur Meighen, Leader of the Opposition in the House of Commons.

Elaborate preparations had been made to receive Mr. Meighen when he arrived this evening and a large gathering of Quebec notables was present at the station.

For the occasion some of the outstanding parliamentarians of the Conservative party had accompanied their leader to the Quebec metropolis.

INCREASE OF EXPORTS

MONTREAL, June 6.—Mr. Meighen spoke of the increase in Canadian exports and declared that these were exports of raw materials, which was bad for the country and something to feel disgusted over, rather than boasted about.

With regard to the situation of the government at present, the Opposition leader said that it was in office as the result of "brasserie" tactics.

He dwelt on the Peace River election disclosures and said that the Opposition was powerless to tell how they had voted. At the same time, he said, the matter could not be brought before the House of Commons. Yet the prime minister told them to "go to the courts."

among them being Sir George Perley, C. H. Cahane, K. C., Leslie Bell, M. P., J. J. Doucet, M. P., R. S. White, M. P., Hon. R. J. Manion, M. P., Dr. Raymond Morand, M. P., and present also were Hon. Rodolphe Mony and Hon. Andre Fautoux.

REFERENCES TO PAST CAMPAIGN.

Rt. Hon. Mr. Meighen dwelt upon the circumstances of his not having spoken in Quebec during the last federal election campaign and declared

THAT THOSE WHO WERE IN CHARGE OF THE CAMPAIGN IN THIS PROVINCE HAD BEEN PROMPTED BY LOFTY MOTIVES IN THAT THEY HAD REFRAINED FROM INVITING HIM, FEELING THAT MR. MEIGHEN'S PRESENCE MIGHT BE MADE THE MEANS OF AROUSING PREJUDICES.

That purpose had not succeeded, however, for his absence, he said, had served only to intensify those prejudices.

Mr. Meighen paid tribute to Hon. E. L. Patenaude and felt that Mr. Patenaude had been actuated by the loftiest motives. From the beginning to the end of his campaign Mr. Patenaude had preached the policy of the Conservative party which under Carlier and MacDonald had become the pillar on which confederation rests.

IMPERIAL BONDS.

He made short reference to the matter of the imperial connection and declared that he continued to believe as he had always done that Canada's destiny was within the empire; that Canada should have no other guide than her higher interests and that the duty of this country was to decide what these interests demanded.

He spoke of the unanimity in 1914 of both parties and quoted from Sir Wilfrid Laurier's speech at the outbreak of the war where that statesman gave complete support to the government of the day.

ASKS MORE FROM QUEBEC.

Mr. Meighen deplored the lack of French-Canadian Conservative members in the House of Commons and hoped that in the next election this situation would not recur.

C. H. Cahane, K. C., expounded the policies of the Conservative party and declared that the years that remained to him would be dedicated to the service of his country. He urged the protection of all Canadian industries, including agriculture and fishing, so that Canadians themselves might produce the \$200,000,000 worth of goods that are annually brought into the country.

CAHANE SPEAKS.

C. H. Cahane, K. C., Conservative member for St. Lawrence-St. George in the House of Commons, dwelt on the responsibilities of membership in the parliamentary councils of the country.

The fulfilling of these and to the duties involved by them he had brought a varied experience of life's vicissitudes, a sympathetic understanding of the moral, political and material needs of his fellow-citizens, and a supreme personal desire during the remaining years of his life "to be of some service to this great and growing Canadian nation, to this widespread land of infinite resources and possibilities, in which my forebears have lived and died, in which I and my children and my grand-children have been born and bred.

BORN CONSERVATIVE.

"There is one circumstance which has always influenced if it has not directed my political career," continued Mr. Cahane. "I was born and bred in the best traditions of the Liberal-Conservative party, a party which was formed to frame, to rally and to carry into full effect the Confederation of the Canadian provinces, in close association with other parts of the British Empire, maintaining allegiance to the British Throne.

"Those principles imply the perfect

\$250,000 IS VOTED FOR RAILWAY BOARD

OTTAWA, June 4.—A vote of \$250,000 for the maintenance and operation of the Board of Railway Commissioners for Canada passed the House of Commons tonight after reconsideration. The vote had been allowed to stand

HARBOR BILL PASSES.

OTTAWA, June 4.—The government's bill to incorporate the Harbor Commission of Chloisville passed all stages of the House last night after a very brief debate. The bill now goes to the Senate.

IMPETUS TO INDUSTRY.

"The Liberal-Conservative party gave a new impetus to the industrial development of Canada by its early adoption of measures to safeguard against all unfair foreign competition, the agricultural, fishing, lumbering, mining and manufacturing industries of this country, and thereby gave to all classes and conditions of our citizens renewed hope and confidence in the stability of our future industrial, commercial and provincial life.

"Now perhaps as never before, during the period of re-construction following the Great War," Mr. Cahane continued, "we must revert to the domestic policies of the Liberal-Conservative party, which were the foundation of former peace and prosperity and which alone made possible the creation of the Canadian confederation.

WILL CHANGE TARIFF.

"The industrial and commercial life of Canada must now be invigorated, strengthened and endowed with renewed confidence by a re-adjustment of our fiscal and tariff policies, in conformity with existing world-wide conditions of competitive industry and competitive trade, so as to bring the natural products of Canada to the highest possible state of manufacture in Canada, so as to give widespread, stable and remunerative employment to our own people, so as to restrict the emigration of our own sons and daughters to the neighboring republic and so as to provide new homes in Canada for another million or more of people, who will produce and manufacture here the \$200,000,000 of foreign products now annually imported into Canada, which could as well be produced and manufactured in this country from our own natural resources.

Among the items that go to make up the high cost of living are taxes and tariffs.

over from the afternoon. Hon. Charles Dunning, Minister of Railways, during the course of the day, guided all the estimates for his department through the house except the vote of \$3,000,000 for Hudson Bay Railway and \$14,000,000 for Welland Ship Canal construction.

Delivered Saint John. The above prices include all taxes, bumpers front and rear, spare tire, tire cover, and tank full of gasoline.

Today's Chrysler "70"—changed in every way except new lower prices which save you '60 to '405—is just more than ever the car of public preference.

Long lived; characteristic Chrysler beauty; compact to meet today's traffic needs; roomy for comfort and luxury; easiest to handle on any road; flashing pick-up; 70 miles an hour plus; safe—little wonder that none of its more than hundred thousand of owners who have

driven their cars thousands upon thousands of miles, will ever willingly go back to the less modern type of cars.

And now with its savings of '60 to '405, Chrysler "70"—the identical car in every single respect that has won such universal enthusiastic admiration—is beyond all doubt the best motor car investment in its class.

We are eager to demonstrate its outstanding superiorities.

RACES IN LOCAL LEAGUES WARMING UP AS THIRD WEEK OPENS

LEADERS HAVING TROUBLE WITH OTHER OUTFITS

Several Good Games On Next Week's Schedule

THE third week of the local baseball season opening here on Monday night next finds the three senior leagues anticipating a better break with the weather men in order to draw out the crowds. For the past two weeks now, the fans have shivered and shook under the bone-chilling gusts, but the advent of warmer weather is forecast and with it coming, the class of ball and the attendance should improve.

In the City League, chief interest has settled on the race between the Water Department and the Saint Johns. This is shown by an attendance of more than 800 people at their contest Saturday night. The fans turned out expecting to see Nelson in a Saint Johns uniform and he not only delivered the goods but saw his team decisively back up Lloyd Stirling's pitching for a win. The Saint Johns are now a game behind the Watermen. These two teams play twice next week, the first clash being on Monday night on the East End grounds.

While Ross has a good lead in the County League and is looked on as probable winner, the fight being put up by the Shamrocks is arousing much interest. The County League schedule for next week is not available and it is not known when and where these two teams will meet again, but when it is announced, it can safely be said they will have a hot contest. In their four games played, St. Rose's have not dropped a match.

By defeating the Martellos on the South End grounds last evening, before a large crowd of fans, St. John's Baptist went into the lead for the South End race, it being the second victory of the season with Dalton's pitching furnishing the manning. Martellos are in second place with two wins and a loss with Nationals and Royals led for third place with a win and a loss. Crescents bring up the parade with three losses. This afternoon, Royals will meet Crescents. One of the big features of the games next week is the first clash of the season between the St. John Baptist and Royals on Tuesday night. Without fail, these two teams usually put up a sensational style and a great crowd of loyal rooters on both sides is expected to turn out.

The St. Rose's kept up their winning streak in the City and County League by defeating the St. Peter's on the East End grounds last evening, 6 to 1. Murphy was on the mound for the Fairville team, with McKenle pitching for the North Enders. The St. Rose's got to McKenle for 11 safeties, while the St. Peter's were only able to get seven of Murphy. The St. Rose's made their first runs in the second.

C. Fitzgerald opened the inning with a two-bagger to left field and reached third on O'Toole's short two-base hit to left. Fox flung to pitcher, Geary, who hit to short. C. Fitzgerald was out at the plate, short to catcher, O'Toole reaching third and scoring on McMurray's hit to left. Geary, who had stolen second, also scoring on F. Morris' bad return on McMurray's hit.

GET FOUR IN SIXTH
St. Rose's got four more in the sixth. F. Fitzgerald and Murphy singled, Doherty hit to Howard, but Third Baseman Stevens could not see Howard's throw on account of the glaring sun. F. Fitzgerald scoring and Murphy reaching third. Doherty stole second. Murphy scored on C. Fitzgerald's fly to left and Doherty scored when Stevens

Baseball Fans Resent Dilatory Tactics In The American League

Along The Sport Trail

TWO records went by the boards at the annual King's Birthday meet on the West Side grounds and despite the fact that times and distances were on the average not as good as last year, there was a few bright spots, the main one being Malcolm's splendid effort in the shot put when he did 42 feet, 3/4 inches on his initial try this year. Malcolm won the title of all-Canadian champion at Halifax last year but on Thursday confined himself to the shot put in which he is undoubtedly the best in Canada. Last year at the same meet, "Beer" did 39 feet, 3/4 inches. One year later, he lacks on three extra feet. This is decided improvement. Better still, in practice this year, Malcolm has done 44 feet, bettering his Maritime mark. When a boy gets up to this stage, it is time to take notice of his real worth. A scant four or five feet to that Mark and Malcolm will be among the BEST IN THE WORLD. That may be hard for us to realize but 49 feet is practically the limit of the best nowadays. His improvement has been great but he is not satisfied and is eager to learn and he has two more years to do it in—unless he breaks a couple of arms and legs, he is a sure bet for Canada's Olympic team. What is to be done? We strongly advise he be given the opportunity of working out for a few weeks under the best coach available. Malcolm is a potential pit winner for Canada at the next Olympic games. He rightly merits support. The other record was made by McAvily in the pole vault, he adding an inch to Monteth's mark of last year. Bayly's win of the 100, 220 and 440; Lester's surprising victory over Rubin, and Geary's good work were other features. These youngsters—some of them out of their teens, showed amazing form. Keep it up. A lot can flow under the bridge in a few years time.

MONCTON is moving to handle the Maritime inter-scholastic track and field events. The senior track and field meet goes to Moncton and now they want the schoolboys. This is keeping the town in the sport light.

WHILE there has been plenty of publicity concerning the Hakoah soccer team, an all-Jewish organization, little, if anything, has been heard of an all-Jewish baseball league which has been in existence for sixteen years in Montreal and is the only organization of its kind in the world. This is the Spalding Montefiore Senior Baseball League, which has just opened a schedule of twenty-four games. The organization was founded by Champlain Provencer in 1910 and he is now honorary president of it. The games in this league have always been well patronized and as the brand of baseball in it has improved steadily a still greater following is predicted for this summer. Not a few of the players have graduated into other senior leagues, some of them even playing in the United States.

lost Derer's throw. Fox walked and scored on Geary's two-bagger to left. St. Peter's got their lone tally in the sixth. McCann and F. Morris singled. Howard hit to centre, but both base runners, thinking Geary would catch the ball, held their bases. Geary dribbled the ball to the infield and then threw out McCann at third. Fye singled to left and F. Morris scored from second. The box score and summary:

Table with columns: St. Peter's, A.B.R.H.P.O.A.E., O'Connor, 2b, 4, 0, 1, 3, 1, 0; Derer, c, 4, 0, 0, 1, 0, 0; McCann, 1b, 3, 0, 1, 8, 0, 0; F. Morris, cf, 4, 1, 3, 1, 0, 0; Howard, ss, 4, 0, 2, 0, 0, 0; Fye, rf, 4, 0, 1, 0, 0, 1; A. Morris, lf, 4, 0, 1, 0, 0, 1; Stevens, 3b, 4, 0, 0, 1, 1, 0; McKenle, p, 3, 0, 0, 1, 2, 0. Total: 34, 1, 7, 25, 1, 4.

Table with columns: St. Rose's, A.B.R.H.P.O.A.E., McMurray, lf, 5, 0, 2, 8, 0, 0; Sherwood, ss, 3, 0, 0, 1, 0, 0; F. Score by innings: St. Peter's 000001000-1; St. Rose's 0000400-0. Summary—Two base hit, C. Fitzgerald, O'Toole, Geary. Earned runs, St. Rose's 2, St. Peter's 1. Sacrifice hit, C. Fitzgerald. Stolen bases, Geary, A. Morris, Fox, Doherty. Left on bases, St. Peter's 8, St. Rose's 9. Base on balls, of McKenle 3, of Murphy 1. Struck out, by McKenle 1, by Murphy 1. Hit by pitcher by Murphy, McKenle. Wild pitch, Murphy. Time of game, 1 hour 45 minutes. Umpires, Spraul and McDermott. Scorer, Watling.

INTERMEDIATES TO OPEN ON MONDAY
Eight Teams in the League With St. Peter's and Y.M.C.I. in Opener
A meeting of the City Intermediate League was held last evening and plans made for the season's opening. It was decided to hold the opening on Monday evening on St. Peter's grounds, with St. Peter's Intermediates playing the Y. M. C. I. The balance of the schedule will be drawn up in the next few days and a sanction applied for immediately.

Eight teams are entered—St. Peter's Intermediates, the Nationals, the Alerts, the Y. M. C. I., the Beavers, the Glenwoods, the Imperials and the Canucks. The following officers were elected: Honorary president, F. S. Thomas; president, C. W. Ellsworth, vice-president, Edwin D. Howard; secretary, treasurer, S. A. Payne.

COBB RATED AS CHIEF OFFENDER IN THIS LINE

National Plays Games Much Faster Than Junior Circuit

NEW YORK, June 5.—Housewives in the Bronx are forced to play later dinners the summer than do the housewives in Harlem—that is, if you grant that the husbands from those two sections are the ones who patronize, respectively, the ball games played at the Yankee Stadium and at the Polo Grounds.

There is no doubt that the Giants play their games on an average of from 15 to 20 minutes more quickly than do the Yanks, and the same holds true for all of the National League clubs as compared with the teams in the Junior circuit.

Probably the reason for the lack of speed in the American League is that the umpires work under different instructions than those handed out by President Heydler in the National League. It is generally held that they give a longer period to make a change in pitchers and the batters themselves are allowed more latitude with the clock.

The club which is the worst offender undoubtedly is Detroit, for the Tigers seldom finish a game in less than two hours. Ty Cobb, the perennial manager, is largely responsible for this. His willingness to argue on every debatable point and his frequent manipulation of pitchers and pinch hitters consumes many minutes every game, and the fans seem to resent the dilatory tactics.

The Tigers recently played a four-game series here in which 11 of the games took more than two hours and 15 minutes to complete and one went three hours and seven minutes. In their first 30 games this year the Tigers needed more than two hours in 14 contests. The Chicago White Sox, probably the speediest team in the American League, used up more than two hours in only six games and two of those were with the Tigers.

From the standpoint of good business procedure, it would seem that the American League magnates would petition Ben Johnson to order his umpires to speed up the games.

Gold Watch Donated South End League

W. Tremaine Gard & Son, local jewellers, have offered a 15-jewel watch as a prize for members of the teams in the South End League. It is probable the watch will be presented to the player who has the highest fielding average at the end of the season. A meeting of the executive of the league will be held soon to decide upon the requirements for annexation of the timepiece.

Miss Wills Rushed To Undergo Knife
PARIS, June 5.—The hopes of all the United States that Helen Wills would wear the world's tennis laurels from Suzanne Lenglen, the international hard courts tourney now being played in Paris were dashed last night when Miss Wills was rushed to hospital for an operation for appendicitis. The operation was a complete success, and attending physicians declared she was entirely out of danger.

Kid Roy To Defend Title In Montreal
MONTREAL, June 5.—Loe (Kid) Roy of Montreal will defend his Canadian featherweight title against Ray McBoo, the amazing former champion of Boston, flyweight champion of New England, and Harry Hill of England, in the semi-final.

Men are no longer careless
That careless neglect of the skin which used to seem a "man's privilege," is now being recognized as a serious matter. The use of Aqua Velva, the amazing after-shave preparation is becoming universal, because it keeps the skin youthfully soft, and makes it feel well-groomed. 5-ounce bottle, 50 cents.

JUNE 21 NOW TENTATIVE DATE FOR GATHERING

Small Surplus Likely From Olympic Boxing Bouts Here

THE exclusive announcement in The Times-Star yesterday that a meeting of the amateur clubs affiliated with the M. P. B. in New Brunswick would be called for Saint John for the purpose of considering the question of having New Brunswick secure control of its own sport affairs has created widespread interest throughout the province and a large representation is expected. There is more than a dozen clubs in Saint John alone and each of them undoubtedly will be represented. It is learned today that the tentative date for the meeting is Monday, June 21. This may be changed when a definite announcement on the matter is made but just at present, it is believed this is the time now in mind.

Small Surplus
The committee in charge of the boxing in the Armories recently to aid the Olympic fund met last evening. There is a few bills come in but a small surplus is expected.

ST. ANDREW'S TEAM TRIMS QUEENS PARK
The St. Andrew's team defeated the Queen's Park players last evening in an exciting soccer game in the Back Track. The score was 5 to 0. The winners forwards played an aggressive game and did all the scoring. The game was well played and interesting in the spite of the one-sided score. A. Couits refereed. The two teams will play another exhibition game some time next week.

Automobile Experts are sure of Success in the Maritimes

Are you looking for a better job and bigger pay? Do you want to get employment where your work will be more interesting and your chances of advancement better? Then why not become an automobile expert, right here in the Maritimes, where opportunities in this line or trade are even brighter than elsewhere in Canada?

Every automobile needs expert care and attention by someone who is thoroughly acquainted with the mechanism. And the number of motor-cars in the Maritimes is growing by leaps and bounds—45,322 in 1924, 45,440 in 1925 and the figures mount daily. Not only that, but think of the tourists who visit these provinces by motor-car—no less than 7,500 of them through the gateways of St. Stephen, Yarmouth, and Woodstock alone last year. And there will be far more in 1926, for our highways and roads are being vastly improved and developed, and this will attract more motorists than ever.

LOCAL BOWLING
The winner of the handsome Terry trophy for the Inter-League City Bowling Championship will be decided in a sudden-death game between the Knights of Pythias and Peder's teams on Monday night on Blalock Alley. As the two teams are so evenly matched, it is expected that such fine scoring it is expected that their battle for the championship will be very close and hard fought.

Chats with your GAS man
About Your Gas Bill
Daily savings in little things makes big bank accounts, recently stated a prominent banker.

And one little daily saving can be on your gas. Here are some helpful rules for getting more for the gas you use in your gas range. Tack these rules up beside your kitchen stove.
1. Plan your meals systematically, such as, when baking, plan an oven dinner. The gas ordinarily used to heat the oven is saved.
2. Light the burner just as a pan is placed over it. Turn gas off once when pan is taken from flame.
3. Use a small burner on the gas range whenever possible, instead of a large one.
4. Don't use the oven to heat the kitchen or dry clothes. A small room heater is much more efficient.
5. Boil all gas range burners once a month in a strong solution of soda or washing powder. Clean burner burners.
6. Have all burners adjusted so that a blue flame only shows.
7. Have thermostatic controls, which automatically keep the heat at the proper temperature, installed on ovens, water heaters and house heaters.
A little careful watching every day means quite a saving at the end of the year, without your giving up any good enjoyed from the gas you buy.

Automobile Experts are sure of Success in the Maritimes

ANY trade or profession. But you can get that training in your own home, by enrolling in the International Correspondence Schools.

I. C. S. Training has put hundreds of ambitious young men in highly paid positions in the automobile trade all over Canada and the United States. It can do the same for you. You want to succeed—want to get out of the rut—want to earn big money. And you're willing to work for it. Good! It's just for men like you that the I. C. S. courses were established. And they can help you to attain the success you desire.

Electrical Engineers, Too
There are other lines which offer splendid chances to trained men in the Maritimes. One of them is Electrical Engineering. The tremendous power resources of the Maritimes have not been fully developed yet. But they are going forward rapidly, and here again, TRAINED men are wanted, and the I. C. S. can help you prepare for many well-paid positions.

Act NOW! Fill in the coupon below and mail it to us today. It will not obligate you in any way. We will merely send you a highly interesting booklet that will explain exactly how the I. C. S. can help you to succeed.

Why shouldn't YOU? Yes, you must be trained, just as you must be trained if you're going to succeed in

BRITISH GOLFERS ROUT U. S. FORCES

Mitchell and Duncan Hang Score of 9 and 8 Upon Hagen and Barnes

WENTWORTH, Eng., June 4—sweeping through five 36-hole foursomes at the Wentworth Country Club today, Great Britain's professional golfers put utterly to rout invading forces from the United States and won very much.

the redoubtable Walter Hagen, captain of the United States team, and his equally famous partner, Jim Barnes. The matches are being played for the Ryder Cup, emblematic of the professional golf team championship of the world, and Great Britain's overwhelming victory today practically clinched the trophy.

OTHER RESULTS The other matches resulted as follows: Ted Ray and Fred Robson, Great Britain, defeated Walker and Fred McLeod, 3 and 2.

Great Britain, defeated Bill Mellhorn and Al Watrous, 3 and 2. E. R. Whitcombe and H. C. Jolly, Great Britain, defeated Emmet French and Joe Stein 3 and 2.

HALF CENTURY OF WEDDED LIFE IN 2 CITY HOMES

Mr. and Mrs. R. C. Elkin; Mr. and Mrs. R. M. Magee

OBSERVANCE TO BE ON NEXT MONDAY

Families Prominent in Saint John Business and Community Life

In two Saint John households, next Monday will be a memorable day, for it will mark the golden wedding of two citizens and their good wives, who with their children have taken an active part in the business and community life of Saint John.

MR. AND MRS. R. C. ELKIN

R. C. Elkin, one of the best known shipping men of the city, and Mrs. Elkin, will on Monday celebrate the joyous 50th anniversary of their wedding day. In the evening they will be at home to their friends. A family reunion will be held over the weekend, at their home, 141 Douglas avenue.

Mr. Elkin was born in Queens county and came to Saint John when a young man. On June 2, 1876, he was married by Rev. Dr. G. M. Carey, to Miss Frances Purdy, daughter of Mr. and Mrs. Jesse Purdy, Indianton, N. B. There were born of the union eight children, including triplets. Four survive—Mrs. Alexander Stockwell, Boston; Fred P. Elkin, Saint John, associated with his father in business, Frank L. of St. Augustine, Fla., in the real estate business there, and Mrs. Harold Wilson, of this city.

An interesting incident in connection with the celebration is the fact that the parents of both Mr. and Mrs. Elkin celebrated their golden wedding anniversary.

Mr. Elkin began business for himself in 1878, and has been active in the shipping trade of the city ever since, as a builder of ships, manager and agent. He has always taken an interest in civic matters, and was for a time a member of the old Town of Portland Council. A member of the Main street Baptist church, he was the chairman of the building committee when the present structure was erected, and much of the success of that movement was due to his untiring energy.

A few of the vessels which Mrs. Elkin has built and managed in her 48 years in business are: Seabird, Minnie G. Elkin, Antilla, Artois, Echo, M. A. Nutter, Flying Dutchman, Rose Parker, Bessie Parker, Leonard Parker, Annie M. Parker, Jennie Parker, John S. Parker, Frances C. B. Homans.

MR. AND MRS. R. M. MAGEE

On Monday Mr. and Mrs. Robert M. Magee will celebrate at their residence, 24 Queen street, the happy event of the fiftieth anniversary of their marriage. They were married on June 7, 1876, at the residence of Mrs. Magee's parents, Mr. and Mrs. Peter Cameron, in the village of Grand Falls, N. B.

Mr. Magee is a son of the late David Magee, who established here years ago the well-known local hat and fur business. David Magee and Dr. James M. Magee, of this city, are brothers. He is Col. Frank C. Magee, D. S. O., of Montreal, Robert D. Magee, of Saint John, and Mrs. Robert Magee, of the Swift Current, are children.

There are also two grandchildren, Helen and Margaret Magee. Mr. and Mrs. Magee will celebrate the day quietly at their home.

Many friends will join in congratulating both couples on this notable event in their lives.

MORE SPRING LAMB IN MARKET TODAY

Good Supply of Meats—Dairy Products About as Last Week

The City Market this morning was marked by a better supply of the spring lamb than in recent weeks. It also was coming in a better size. The selling at 45 to 50 cents a pound. Other meats were about the same as last week, beef selling at 14 to 15 cents; veal, 12 to 13 cents; pork 23 to 26 cents. There was a good supply of all varieties. Fresh killed fowl were selling at 45 cents a pound, but there was no spring chicken.

In the dairy products fresh extras in eggs were unchanged, selling at 36 cents a dozen, and firsts at 35 cents. Dairy butter brought 35 to 40 cents a pound and creamery, 45 cents a pound. Prices were practically unchanged in green stuffs. Fiddle heads sold at 15 cents a pound or two pounds for 25 cents. Rhubarb sold at 6 pounds for 25 cents and other prices were as follows: Green peas, 25 cents a quart; carrots, 20 cents a bunch; Bermuda onions, 10 cents a pound; new potatoes, 10 cents a pound; asparagus, 25 to 40 cents a load; celery, 30 to 35 cents a head; cucumbers, 20 to 25 cents each; tomatoes, 35 to 40 cents a pound; beets, 15 cents a bunch, and new cabbage, 10 cents a pound.

Miss Madelon Dwyer Undergoes Operation

Many friends in Saint John will be sorry to learn that Miss Madelon Dwyer, daughter of Mrs. Alice Dwyer, who formerly conducted a book and stationery business in Union street, has had to undergo an operation for appendicitis. It was performed on last Wednesday in the Montreal General Hospital. A letter received under date of Thursday states that she was doing nicely after the operation. Mrs. Dwyer removed to Montreal some time ago and Miss Madelon, who was of the Telegraph-Journal staff, joined her mother there a little later. There home is at 287 St. Joseph's Boulevard.

RETIRE AFTER 47 YEARS IN CHURCH

Rev. W. J. Wilkinson, Who Entered Holy Orders in Saint John, Resigns Post

Word has been received in Saint John of the retirement from active parochial duties of Rev. W. J. Wilkinson, for the last 11 years Anglican rector of Kingsclear, York county. Mr. Wilkinson was ordained as a deacon in 1879 in this city by the late Rt. Rev. Dr. John Medley, Bishop of Fredericton and Metropolitan of Canada, and the year following he was ordained priest by Bishop Medley at Christchurch Cathedral, Fredericton. Mr. Wilkinson was ordained as a minister to the Church of England by the venerable clergyman who has been mentioned as rector of Bay du Vin, Northumberland county. At one time he was curate at Feticotville. Charles Wilkinson of Richibucto, Moncton, formerly of Saint John, is a son.

PLAN FOR NEW INSPECTOR OBJECTED TO

R. B. Hanson, in Parliament, Says No Need For Official

The recent announcement that the post office department had decided to appoint a French and English-speaking inspector for the Maritime Provinces, with headquarters at Moncton, came before Parliament this week, respecting the appointment of an additional and fourth district post office inspector in the Maritime Provinces is correct. I would like to point out to him that I already have three post office inspectors in the Maritime Provinces, where I think perhaps two or even one would do. There is no necessity whatever for a fourth. This statement, I think, has all the earmarks of having been given out as an inspired utterance.

Hon. Ernest Lapointe: "I will make the necessary inquiry, and give the information to my honorable friend."

SALARIES OF POSTMASTERS.

Mr. A. M. Boutillier (Vergerville): "I would ask the representative of the Postmaster-General of this House whether the scale or plan upon which the salaries of town, village and rural postmasters are to be based after July 1 has been completed, and, if so, when the information will be available to the members of the House."

Hon. Ernest Lapointe: "I remember having answered some time ago a similar question. The various salaries of postmasters for the coming year will be based, of course, on the revenue of their post offices during the present year, and will not be affected by any change to be made on July 1. During the period from July 1 on the department will consider whether it is opportune to change the method of paying salaries to the postmasters."

THREE FROM CITY IN GRADUATION LIST

Others From New Brunswick Receive Diplomas as Nurses at Newtion

Three young ladies from Saint John and five others from New Brunswick and Nova Scotia are among the 28 graduates at Newtion, Mass., Hospital this week. The provincial graduates are: Verna M. Hooper, Nora E. Thompson and L. Maude Smith, of Saint John; Bessie E. Lank and A. Winifred Alexander, of Campbellton; Doris E. McEllan, of St. Stephen; M. Christine Cumings, of St. Andrews, and Harriet E. Brydon, of Berwick, N. S.

The commencement exercises were held yesterday on the grounds of the hospital, which will celebrate its 40th anniversary on June 6. A Newton dispatch of Wednesday's date says:

The commencement address will be delivered by Rev. Dr. Arthur Maland Ellis, pastor of the Central Congregational Church of Newton, and the invocation and benediction pronounced by Rev. Edward T. Sullivan, rector of Trinity Church, Newton Centre. Vocal music will be furnished by the training school chorus, and instrumental music by the Newton Girl Scouts Bugle and Drum Corps.

"Commencement Week was ushered in on Sunday, May 30, when the baccalaureate sermon was preached at the nurses' home at 8:15 p. m. by Rev. Earl E. Harper, pastor of the Central Methodist Episcopal Church of Auburndale.

"Two parties for the members of the graduating class have been planned. One will be given by the alumnae during the week preceding graduation, and the other by the school during commencement week.

"The 28 women who will be graduated this year will receive their diplomas from C. E. Kelsey, president of the board of trustees of the Newton Hospital, and the gold badges, marking them as graduates of Newton Hospital Training School will be presented by Miss Bertha W. Allen, R. N., superintendent of the hospital. Miss Mary E. Riddle, B. N., ex-superintendent of the hospital, will present the scholarships for practice, fitness and scholarship, which are given by the Hospital Aid Association.

SCOVIL BROS., LTD. OAK HALL King Street

Rolls-Royce of America, Inc.

7 Per Cent. Bond Like the Car Itself

At the great Motor Show in London, one man, whose name stood 1,400 from the top in the list of applicants for Rolls-Royce cars, sold his place for \$5,000. The buyer was willing to pay that much to have his Rolls-Royce four months from date, but ten months sooner than otherwise.

By far the most costly and looked up to car in the world. The same engine as 20 years ago—but what an engine! Naturally a big profit attached. Thus the Bond Interest on the American subsidiary is earned seven times over. Assets—\$2,808 for each \$1,000 Bond. A Bond in keeping with the car. 7 per cent.
