

BEARS DAY ON WHEAT MARKET

Chicago, Jan. 10.—Bears had an advantage in the wheat market today owing to the fact that this has been a traditional favorite date for calendar speculators to take to the selling side.

THE POLICE COURT

Charged with striking her husband, James Minichie, with a poker and also with striking her step-daughter, Kathleen Minichie, with her fist, Maud Minichie in the police court this morning, pleaded not guilty.

Kenneth Williams was charged with obtaining money under false pretenses, and he was remanded to jail this afternoon. He was arrested on a warrant issued on August 2 charging that he obtained \$35 under false pretenses from John P. McLaughlin, by giving a check on the Bank of Nova Scotia for which it was alleged there were no funds.

In a case against Samuel Melzer, charged with having liquor in his possession unlawfully, was resumed. He was fined \$200.

A case against Frank Davidson, charged with having liquor in his possession unlawfully, was resumed and the accused told he was liable to a fine of \$100 but no disposal was made of the case. W. M. Ryan appeared for the prosecution and J. A. Barry for the defence.

Three men charged with giving a check on the Bank of Nova Scotia for which it was alleged there were no funds, were remanded. One of them pleaded not guilty and after the evidence of Policemen Grant was given he was also remanded.

Stomach Trouble? Adler-i-ka!  
"I am a friend to Adler-i-ka. Have had stomach trouble for years. Now I enjoy good health, thanks to Adler-i-ka. Language cannot express the good it is doing me." (Signed) John T. Gannon.

Adler-i-ka acts on both upper and lower bowel, removing foul matter which poisons stomach. Brings out all gases, relieving pressure on heart and other organs. Excellent for gas on the stomach or sour stomach. Removes the surprising amount of foul, decaying matter which nothing else can dislodge. Tends to cure constipation and prevent appendicitis.

ITALIAN PRINCESS WEDS HER COUSIN  
Turin, Jan. 10.—The marriage of Princess Bona, third child of the Duke of Genoa, to her cousin, Prince Conrad, nephew of the late King of Bavaria, and son of Prince Leopold, was celebrated on Saturday in the presence of a great gathering of royalty.

King Victor Emmanuel, Queen Helena, Dowager Queen Margareta, the royal Italian and Bavarian royal families attended the ceremony.

LONDON STREET BEGGARS WEAR SERVICE RIBBONS  
London, Eng., Jan. 10.—Many of London's street beggars wear service ribbons and able-bodied men, unable to find any other employment, sell matches on the corners or play in the street bands. GRAVE CHARGE AGAINST HIM; KILLS HIMSELF  
Spokane, Wn., Jan. 10.—J. B. Milholland, investment broker, of the firm of Milholland & Hough, of Spokane, accused by J. B. Hough, in an alleged confession to the police late yesterday of having participated with him in embezzling \$350,000 in bonds and money from James F. Callahan, a millionaire mining man of Wallace, Idaho, was found dead at his home here last night.

The concern is a bond brokerage house. Hough surrendered to the officers and is held in jail, not having furnished bonds of \$20,000. A warrant was then issued for Milholland.

Hough, the police said, told them he and Milholland had agreed to kill themselves, but after he had consulted an attorney and had been informed his best course was to confess their plan was abandoned. It is said the firm obtained \$315,000 from Callahan by giving him forged bonds instead of genuine, and the remainder by using a cash fund which he entrusted them, Hough is declared so to have said.

SOUTH AFRICA UNION.

The eyes of the world are turned to South Africa, where one of the greatest statesmen of today is fighting for a united British Empire. Premier Smuts, the General Smuts of the South African war, and the Hon. Jan Smuts of the British War Cabinet from 1917 till the close of the war, has appealed to the people, and is fighting the irreconcilables under Hertzog, who demand a South African republic.

THE JAPANESE PROBLEM.

Cornelius Vanderbilt Jr. contributes to Leslie's a very interesting article on the Japanese in California. He spent three months in the state, going about and studying the situation, and his story makes it very clear that there is a very real Japanese problem in that state. There are about a hundred thousand Japanese in the state and they do not assimilate, but form racial groups which live their own life in utter disregard of American national ideals.

THE LAWS DELAY.

Near San Francisco, recently, three delegates were lynched; they were came, perhaps three score, as grim as doom or fate, and strung them to a gall, their weird to dress, for crimes revolting pinched. And masked men then sent up an angry cry; it was a shame that untried men should thus be hanged.

THE "NASCOPIE"

Every year a ship leaves the port of Montreal for the frozen north; it is a vessel belonging to the Hudson's Bay Company, and bears the name "Nascopee." The trim little vessel carries into the frozen north the cargoes of supplies that are needed by the trappers and few settlers living in those uninviting areas.

N. B. DRAGOONS REORGANIZED

The Officers—Activities of the St. John Unit.

The reorganization of the New Brunswick Dragoons has now been completed as far as officers and the location of squadrons and troops are concerned. The list of officers is as follows: O. C., Lieut.-Col. C. H. McLean, D. S. O., St. John, N. B.; second in command, Major C. M. P. Fisher, Sackville, N. B.

Narrow Squeak.

"Has he ever been on government work before?" the manager asked the friend of the job-seeker. "Very nearly," was the reply. "What do you mean by very nearly?" "Well, you see, there wasn't quite enough evidence to convict him."

Albany, N. Y., Jan. 10.—Governor Miller has taken the joy of joy-riding for state employees. He has ordered that the state's coat-of-arms be affixed to all state-owned machines, and the police will be instructed to watch out for state employees who are using the cars for pleasure trips.

FIVE LIVING GENERATIONS.

Arkadelphia, Ark., Jan. 10.—A chain of grandmothers, probably without parallel, has been broken by the death of Mrs. Emeline Eliza Riley, 82. Before her death, two small children of Mrs. Eliza Hanson, her great-granddaughter, had six living grandmothers, of whom two were great-great-grandmothers, two were great-grandmothers, and two were just plain grandmothers.

KAISER GETS \$12,500,000.

Berlin, Jan. 10.—Up to December 10 the German and Prussian governments have turned over to the former Kaiser \$12,500,000. How much money has been smuggled to the former German ruler is not known officially.

WYOMING HONORS WOMEN.

Cheyenne, Wyo., Jan. 10.—As a result of the November election all of Wyoming's twenty-one counties are to have women as superintendents of education.

WOMEN USED DYED "FAGS."

Paris, France, Jan. 10.—Women's latest vogue here is cigarettes, rolled in paper dyed delicate shades of different colors. Women wishing to be really smart fill their cases with cigarettes of a fine harmonizing with the color of their dresses.

OPPOSES ADVERTISING CUT.

New York, Jan. 10.—Retrenchment of advertising is a wrong policy at a time when many manufacturers are seriously overstocked, according to Stanley E. Cunison, a director of the Brooklyn Chamber of Commerce. He said the country has come to a period of cutting down and even existence of many businesses. He said business men were talking of curtailing their advertising at a time when they were overstocked with goods, and called attention to the fact that the most successful concerns have always been the most consistent advertisers.

FRENCH ELECTIONS HAVE STRENGTHENED GOVERNMENT.

Paris, Jan. 10.—Saturday's elections in which one-third of the seats in the French senate were filled, strengthened the position of the government, according to the Echo de Paris. All members of the ministry, with the exception of Henri Ricard, minister of agriculture, were re-elected. Except for his case, possibly, it is said, "there is no reason for changing the personnel of the cabinet."

WIFE WAS DAUGHTER OF BARON STRATHCONA AND MOUNT ROYAL.

London, Jan. 10.—Dr. Robert Jared Bliss-Howard, a noted authority in the medical world, died here yesterday. He was educated at McGill and at the London Hospital. He was a fellow of the Royal Society of Medicine. Dr. Howard was married in 1888 to Margaret Charlotte Smith, second daughter of Sir Donald Alexander Smith, who played a dominant role in the history of Canada from 1869 until his death in 1914, and who was made Baron Strathcona and Mount Royal. Following the death of her father, she succeeded to his title. Dr. Bliss is survived by his wife, two sons and two daughters.

**RECENT DEATHS**

The Late Col. McLeod, M. P.

One of the largest funerals in Fredericton in recent years was that of Colonel H. F. McLeod, M. P., which took place yesterday. Services were conducted at the home by Rev. Dr. J. H. McDonald of Wolfville, assisted by Rev. G. C. Warren. At Forest Hill cemetery where interment took place, the burial services of the Orange and Masonic orders were read. Representatives of the Orange and Masonic orders, the Knights of Pythias, the Barristers' Society, the Fredericton Curling Club and the G. W. V. A.

Roy Arthur Peters, bridge and building foreman of the C. N. R., died at his home in Cape Tormentine on Saturday. He leaves his wife, two small children and his parents.

Frank A. Dagle, a native of Prince Edward Island, died in Boston on Saturday as the result of an accident on Wednesday.

Royden M. Smith, only son of Conductor and Mrs. George Smith, of St. Stephen, died at his parents' home on Saturday. He was a graduate in civil engineering from the U. N. B. and saw service in France and Italy with the Royal Air Force. His death was due to tuberculosis resulting from his war service.

Robert Watters an aged and highly respected resident of Fredericton Junction, died at his home on Saturday night, January 9, after a lingering illness. He was eighty-eight years of age. He leaves three sons to mourn, Allen and Harry of Fairville, and George of Fredericton Junction. The funeral will be held from his late home this afternoon.

The death occurred yesterday in West St. John of Robert Campbell, aged fifty years. He was a son of the late William and Rebecca Campbell and had been ill only a short time. He is survived by a wife and five brothers. The brothers are John, James, George, Frederick and Charles, all of St. John. The funeral will be held from his late residence, 32 Winslow street, West St. John, on Tuesday afternoon at 2:30 o'clock.

The death of Anna Josephine, wife of Thomas Kyffin, occurred in this city on Saturday evening and caused keen regret among her many friends. Although the late Mrs. Kyffin had been ailing for several weeks it was thought that her condition was not dangerous, and her sudden death came as a great shock to her immediate family, who have the sincere sympathy of the community in their bereavement. She was the daughter of Cornelius and the late Margaret Dever and leaves to mourn her husband and seven children.

The funeral will take place on Tuesday morning from her father's residence, 55 High street, to St. Peter's church for solemn requiem high mass.

**FUNERALS**

The funeral of little Marguerite McNeill took place yesterday afternoon at 2:30 o'clock from her late residence, 258 Brunswick street, to the cemetery.

The funeral of Johanna, widow of Michael Harrington, took place yesterday afternoon at 2:30 o'clock from her late residence, 98 Union street, West End, to the Church of the Assumption. Services were conducted by Rev. Father Scully, C. S. S. R. Burial took place in Holy Cross cemetery.

The funeral of Henrietta, widow of Joseph M. Vall, of Boston, was held yesterday afternoon from the residence of her son-in-law, A. C. Gregory, 68 Lancaster avenue. Burial took place in Cedar Hill cemetery. The services were conducted by Rev. Isaac Brindley.

**MME. LAPALME DEAD.**

Montreal, Jan. 9.—The death occurred on Saturday night at her residence here, of Beatrice Lapalme, who for some years was the most famous grand opera singer of French-Canadian birth on the stage. She was born at Beloeil (Que.), in 1881. Mme Lapalme had been living for some time past in Montreal, failing health cutting short her operatic career. Five or six months ago she was seized with the illness that ultimately ended her life, an internal growth which was found to be too deep-seated for cure.

**CENTENARIAN DEAD**

Campbellton, Jan. 9.—Thomas McDonnell, the oldest resident of Restigouche county, died recently in Jaquet River. Mr. McDonnell was born in County Limerick, Ireland, in 1819.

**TORONTO DEATH FIGURES**

Toronto, Jan. 10.—Diphtheria took a toll of 224 lives in this city last year, a rate of 48.8 per hundred thousand of population. The rate in 1919 was 22.5. Pneumonia caused the greater number of deaths here in 1920, the total being 608. Cancer came next with 553, heart disease 518, influenza 293, tuberculosis 226. There were 850 deaths by violence forty-eight more than in 1919 and a new high record.

FIFTY-ONE KILLED BY AUTOMOBILES

(Montreal Herald.)  
The sanguinary record of deaths from automobiles on the streets of Montreal during the past year must cause pedestrians to consider means of safety. The statistics show that 51 persons were victims of motor vehicles, 15 of them being children. Motor trucks and delivery wagons were responsible for some of these fatalities, but the passenger car had the largest share in the terrible toll.

With the great growth of motor traffic the risk of being run down on the street has greatly increased. The streets are no longer safe for people afoot. We must adjust ourselves to the new conditions. Warnings against speeding must be repeated and the law enforced. It must be said that sometimes the accident is not preventable, such, for instance, as that in which a boy sledged

Delightful Puddings In a Few Minutes

One of the most important things about Pure Gold Quick Puddings is their easy method of preparation. It is almost magical the way a delicious pudding arises in a few minutes. You'll find them invaluable when there is only a short time in which to prepare a meal. Keep a selection always in the house. You'll be surprised how often they will help you. They are always sure of an enthusiastic welcome. Tapioca, custard and chocolate, 15c. a package at all grocers.

down a hill under the wheels of a motor truck. The problem of the safety of the streets is with us and must be faced. All the large cities have it. Each month from sixty to seventy persons are killed by motor vehicles on the streets of New York alone, and the Globe of that city declared the other day that the situation is growing worse, not better. In time, it says, we shall find underground or over-head crossings essential to the safety of pedestrians. In all cities peace-trians must keep constantly in mind the extreme danger they incur in crossing the street and take every possible precaution to avert disaster. But first and foremost we must see that the traf-

fic regulations are obeyed and that offenders against these regulations are punished with the utmost rigor of the law. At the present time there are too many automobilists who take a chance of passing standing cars, driving on the wrong side, or speeding up if they think no traffic policemen are around. This is particularly the case in the suburbs.

HEALTH AND LONG LIFE

(Ottawa Journal.)  
Ex-President Charles W. Eliot of Harvard University, one of the most respected of living Americans, is naturally asked as he approaches ninety—how is now in his eighty-seventh year—how he accounts for his mental and physical vigor at such an advanced age. This is his answer:  
"A sound constitution never impaired by any serious disease or accident, a calm temperament expectant of good, the habit of taking daily exercise in the open air, moderation in eating, and a slight and never steady nor regular use of stimulants like tea, coffee, alcohol and tobacco."

So Pure, So Rich, So Convenient

You Need No Other Milk Supply

The Label is Red and White

MILK delivered the Carnation way offers you many advantages. It reaches your table as fresh and pure as milk can be. The fresh whole milk is brought to the Carnation condenseries, which lie right in the heart of Canada's finest dairy counties, and part of the water is taken away by evaporation. It is then sealed in clean, new containers.

And its safety is doubly assured by sterilization. This freshness, purity and safety are alone vital reasons why you will prefer to use Carnation Milk.

But you will like it also for its wonderful convenience.

You can keep as much of it as you like on your pantry shelves and open it as you need fresh milk. You always have milk "on time" for breakfast—never "run short" of milk for the children to drink—are never without milk to make custards, puddings or sauces to serve unexpected guests.

And you have milk that can be used as cream for coffee, tea, cereals and fruit.

For ordinary use, cooking and baking, you must add water to Carnation Milk—at least an equal part—to restore it to milk of natural consistency and richness.

You can use Carnation for all your cooking—there is no sugar, no preservative of any kind or anything else in Carnation Milk.

Ask your grocer—the Carnation Milkman—to send you several tall cans (16 oz. size) or a case of 48 cans. One week's trial of this modern convenient milk supply and you will never want to go back to ordinary milk.

STRONG COMMENT ON EVILS OF DAY

Bishop Fallon Sees Children Ruling in Homes

Hatred Among Nations, Inordinate Love of Pleasure, and Disregard of Gospel of Honest Work for Honest Pay.

London, Ont., Jan. 10.—Interesting comments on present day evils were made here by Bishop Fallon in an address to several hundred members of the Holy Name Society at their annual breakfast here yesterday.

Discussing disregard of authority, he said people did not need to go beyond their own homes to discover what it meant. It is "little Jimmy" and "little Mary" who rule the home these days and refer to their parents as "the old man" and "the old woman" and do pretty much as they please about everything.

One of the legacies of the great war, he said, was the bitter hatred of one nation to another. Nations which had entered the conflict with the avowed object of securing the independence of small nations in some cases, the first to engage in the "game of grab."

"As for the love of pleasure," he said, "we see it on every hand and day after day, mothers trailing their skirts to sensational picture shows and evil theatrical performances, dragging their children with them and spending money which they can ill afford."

Commenting on the general dislike of work, he said, "I believe in the eight hour day, but very few men now work eight hours, or give an honest day's work for an honest day's pay. In former years, for example, a bricklayer took pride in laying one thousand one hundred bricks in a day. Were he to do so now, he would be shot."

"Men, he declared, appear to be forgetting their destiny, that they are not like horses, or dogs, or cats, but that they possessed immortal souls."

YESTERDAY'S CHURCH SERVICES

At a meeting of the Fairville Baptist congregation after the regular service last evening, Rev. Clifford Clark, of Podulick was called to succeed Rev. A. S. Bishop, who was recently called to Albert county. Rev. Mr. Clark is a son of D. C. Clark, West St. John. Deacon George W. Fowler brought up the matter of calling a new pastor.

After the service in the Exmouth street Methodist church last evening, it was announced that Rev. H. E. Thomas, formerly president of the conference, is to be the pastor of the church to succeed Rev. G. F. Dawson, at the end of the conference year. He is a brother of E. P. Thomas, superintendent of the Sunday school. The service was held in the school room as the church is being renovated by James Myers, contractor, and will be opened the first Sunday in February when Rev. W. G. Lane, a former pastor of the church, will conduct the services.

Rev. F. H. Bone, pastor of the Central Baptist church, announced at the service last evening that the executive of the Sunday school, including the Chinese teachers, are contemplating definite missionary work among the Orientals in St. John and New Brunswick. Chinese classes are now being conducted in the city.

Rev. G. F. Dawson conducted the service in the Seaman's Institute last evening and about eighty sailors were present. W. Brindley was chairman and Miss Dykeman was pianist.

Saturday evening marked the last evening for the holding of the services for the week of prayer. Services were held in groups one, three and four, in Zion, St. Matthew's and St. Jude's churches. The subject of the evening was "The place of money in the church's life and work." In Zion church, Rev. S. Howard led the service and Rev. L. B. Gray gave the address. In St. Matthew's church Rev. W. Spencer conducted the services and Rev. Charles B. Appel addressed the congregation on the evening's subject. A pleasing quartet was sung by S. J. Holder, John Burt, C. Girvan and J. Woods. Rev. J. H. A. Wilson was the leader in the St. Jude's church and the address was ably given by W. L. Harding, financial agent of the diocese. All the churches and most congregations and the week of prayer was brought to a successful close.

The Baptist ministers in the city made their regular monthly exchange of pulpits yesterday morning. Rev. F. H. Bone of the Central church was the preacher in the Tabernacle. J. A. Griffith of the Tabernacle occupied the pulpit of the Waterloo street church. Rev. G. D. Hudson of the Victoria street church was in Central church where the evening service was under the direction of the Baracca Brotherhood, the evening preacher being Rev. F. L. Kipp. Rev. D. N. W. Baker's Baraga class of men occupied the choir loft and led the singing most acceptably. Messrs. Cosman, Allen, Thorne and Baker rendered two quartette numbers.

THE HANNA ORDER Toronto, Jan. 9.—Chairman John M. Godfrey of the recently appointed board of conciliation to enquire into the dispute between the management of the Canadian National Railways and the C. N. R. employees' committee over the "no politics" order issued by President Hanna, says that the sittings of the board will take place in Toronto and will begin the week of January 17, either Monday or Thursday.

Saturday, Mr. Godfrey received a telegram from D. Campbell, representing the employees on the board, in which he expressed the opinion that there was no necessity for holding hearings outside of Toronto and that all employees could attend the sittings on ten days notice.

BODY OF BOY IS FOUND IN A POND. New Bedford, Mass., Jan. 10.—The body of James F. Collins, Jr., 18 years of age, son of Alderman Collins of this city, was found late yesterday in Turner's Pond. The police think he was accidentally drowned. He had been missing since he went on a hunting trip in the Plainville woods on December 18.

HIS THROAT AND WRIST SLASHED; OLD MAN DIES. Quebec, Jan. 10.—Narcisse Boivin, aged seventy-eight, a former shoemaker, was found by his relatives yesterday, dying, with his throat and wrist slashed. He died soon afterwards. He had been acting strangely.

by former Premier Asquith, his friend and admirer, in 1918.

"DEADHEADS" MUST STAND. Philadelphia, Jan. 10.—"Deadheads" riding on Pennsylvania railroad trains hereafter must give up their seats to those paying fares when the trains are crowded, according to a new ruling issued by President Samuel Rec.

BRIDGES STAYS AS POET LAUREATE

London, Dec. 23.—(Associated Press by mail)—Robert Bridges, poet laureate of the British Empire, is to remain in that office, despite a suggestion that he be removed. His fitness to do so was questioned the other day in the House of Commons by Horatio Bottomley,

who asked the premier if Britain's national bard had written any poetry on the war, on the declaration of peace or on the unveiling of the cenotaph, and if not, "would the prime minister consider appointing a national poet whose muse was more attuned to the soul of the British nation?" Premier Lloyd George replied that "so far as he was aware, the poet laureate had written nothing about the events

mentioned, but Mr. Bridges had written many poems during the war, and it was not considered necessary to make any change.

A wag in the House raised loud laughter by solemnly suggesting that Mr. Bottomley himself should take over the job. When another member suggested that Rudyard Kipling should be offered the post, there was a chorus of "No!" Mr. Bridges was appointed laureate

by former Premier Asquith, his friend and admirer, in 1918.

"DEADHEADS" MUST STAND.

Philadelphia, Jan. 10.—"Deadheads" riding on Pennsylvania railroad trains hereafter must give up their seats to those paying fares when the trains are crowded, according to a new ruling issued by President Samuel Rec.

A SUMMARY OF WORLD BUSINESS

U. S. Must Await Lower Exchange and Improvement in Overseas Labor Conditions.

Washington, Jan. 10.—Better trade conditions between the United States and South America and the Far East cannot be expected until low rates of exchange and labor conditions in foreign countries have been improved, according to a summary of world business made public today by the department of commerce.

LET'S STUDY ENGLISH.

Riga, Latvia, Jan. 10.—The Letts are all studying English industriously because of the influx of American and British business men. Every storekeeper has at least one clerk who is buried in an English grammar. The revival of trade following the war brought swarms of merchants here, and natives are making every effort to profit by the opportunity.

THE IRON CROSS AGAIN.

Strasbourg, Jan. 10.—A number of Alsatians who during the war enrolled in the ranks of the German army have each received by post an Iron Cross with the inscription, "Your Fatherland does not forget you." It is believed to be the work of German propagandists.

COMMERCIAL CLUB AND CIVIC BUDGET

To The Editor of The Times.

Sir,—Kindly permit me sufficient space to correct a wrong impression, created, either through lack of proper reporting or readers' capacity for summarizing.

Some few days ago a committee from the Commercial Club interviewed the mayor and commissioners, regarding the civic budget, and made the following requests:

That a segregated or properly itemized budget be made. That the budget submitted, show in detail the amount of the proposed expenditures and the items required including a statement of salaries to be paid.

That certification by others than the commissioners be made to estimates presented to the mayor and commissioners for approval. That estimates be printed and made public in some way for the information of the public at least one week in advance of the day set for a public hearing.

That taxpayers be given an opportunity to be heard at a fixed time or times upon the estimates and upon the tentative budget before action by the commissioners. These requests were decided upon after a meeting of the club at which the mayor and commissioners were present and afforded an opportunity to give the meeting any information relative to budget making.

Some people have defined this interview with city hall as an attack, and it is really wonderful the amount of sympathy it has aroused for the people's representatives. If this sympathy will continue until such times as the majority of the taxpayers will agree that they should assist or cooperate with the civic officials, then some small amount of good will have been accomplished.

The matter of discussing the budget or its manufacture arose from a programme for community welfare which I submitted to the executive for its approval. The budget is a proper item of the programme viz: Publicity of facts regarding civic government programme, acts and results.

As the time approaches for making the budget, it was deemed opportune for discussing it, and thus the attack. I herewith present the programme for the benefit of the public, and in doing so may state, that, so far it has not been approved in toto, but is being considered. I would also ask the reader to form his or her opinion of the same only after a proper amount of analysis. He or she might think the Commercial Club was applying to something other than first intended, but no matter what the opinion, the following programme will permit of carrying on any and all kinds of work necessary to reach the first objective sought by the club, that, of making St. John a better place to live in.

Programme to be Worked. Personal and community healthfulness. Equitable taxation for community benefits. Purposive education. Protection from exploitation by tradesmen, landlords and employers. Prevention from injury to persons and property. Adequate housing at reasonable rents. Clean, well paved, well lighted streets. Abundant provision for recreation. Prevention of destitution caused by sickness, death, unemployment or other misfortune. Publicity of facts regarding civic government programme, acts and results. In cooperating with the civic authorities in an attempt to carry out such a pro-

programme, it should not be construed as an attack on city hall. Tomorrow, if permitted the space I will explain the programme and the desire of the Commercial Club in regard to City Hall. Your's Respectfully, H. R. McLELLAN, Secy. Commercial Club.

RADIUM IS CONSERVED FOR FIGHT ON DISEASE

Movement Started to Substitute Mesothorium in Making Luminous Materials.

So great is the demand for radium in the treatment of cancer and various malignant diseases that a movement is now on foot to withdraw it as much as possible from the manufacture of luminous dials and other industrial purposes, so that it may be employed entirely for the treatment of human ills.

The substance advocated as a substitute is mesothorium, a by-product obtained in the manufacture of thorium, a mineral which is extensively employed in the manufacture of gas mantles.

The ores from which thorium is made are imported largely from Brazil and India, although there is a limited supply available in the United States. Mesothorium can be seen at night, and therefore is an ingredient of the paint which is used in the making of clock faces, watch dials and range indicators which can be read in the dark.

"Companies which are now manufacturing thorium," says Dr. Harlan S. Miner, a Philadelphia chemist, in a bulletin of the American Chemical Society, "have since 1914 been developing their outputs of meso-thorium, and there has been special activity along those lines in the last few months. The demand for radium in the treatment of cancer and for other medical purposes is now so great that everything possible should be done to conserve it exclusively for therapeutic purposes.

If radium is kept in the large hospitals and sanitariums for the relief of malignant diseases, it naturally will be held intact. The losses from its emanations are so slight that it can be used for centuries without any appreciable diminution in its properties. As everything is being done by the medical profession to concentrate the supply in this way, the consensus is that it should be held where it will do the most service to humanity.

"If various forms of radium are employed in the manufacture of luminous paint and for other mechanical purposes, there will naturally be a heavy loss of the element. Watches, clocks of pen-

knives on which radium is used are likely to be lost, mislaid or destroyed when the supply of the element becomes so widely distributed that the chances for recovering it would be slight.

"It happens, however, that there are also manufacturers of luminous materials who are in a position to derive certain minerals, and they are inclined to set aside radium for medical purposes and to use the meso-thorium, which is chemically identified with radium as a luminous material. Although there has been some difference of opinion in the medical profession as to the value of radium in the treatment of disease, there is much to indicate that it and radio-active substances generally have an important part in the practice of the healing art."

**Professional Indoor.**  
 One mile—2m. 39 1/2 seconds, by Norval Basile, in Minneapolis, 1909.

**BASEBALL.**  
 Work of the Pitchers.  
 In arranging the National League pitchers of 1920 in order of their effectiveness, it was found expedient to divide the pitchers into three groups, as was done in 1917, 1918, and 1919. The first group embraces all those who bore the brunt of the campaign and pitched at least ten complete games; the second, those who participated in a minimum of ten games, regardless of the length of same; the third comprising all others who took part in a championship contest.

parisons may be made with the official earned run rating.  
 Grover Alexander, Chicago, has the title of leading pitcher, with an average of least runs earned per game, 1.91. Alexander held this honor for the season of 1919 with an average of 1.72. Burleigh Grimes, Brooklyn, has best percentage for games won and lost, .676. Grover Alexander won the most games, twenty-seven. Eppa Rixey, Philadelphia, lost the most games, twenty-two. Jesse Haines, St. Louis, pitched in the most games, forty-seven. Grover Alexander, Chicago, pitched in the most complete games, thirty-three. William Sheridan, St. Louis, finished the most games, twenty-eight. Grover Alexander, Chicago, pitched in the most innings, 174. Fred Schupp, St. Louis, allowed the most bases on balls, 127. Charles E. Ponder, Pittsburg, made the most wild pitches, ten. John Scott, Boston, hit the most batsmen, thirteen. Grover Alexander, Chicago, allowed the most hits, 583, also pitched to the greatest number of batters, 1447. Eppa Rixey, Philadelphia, allowed the most sacrifice hits, forty-nine. John Scott, Boston, allowed the most runs to be scored, 148. Joseph Gescher, Boston, allowed the most earned runs, 115.

Grover Alexander, Chicago, enjoyed the longest consecutive winning streak, eleven victories.

A tie exists for longest consecutive losing streak, four pitchers—John Beaton, Richard Rudolph, Edward Martin, and John Scott—losing seven straight games apiece.

Charles B. Adams, Pittsburg, gave a marvellous exhibition of control by permitting but eighteen of the 1,035 batsmen facing him to get bases on balls, this in the 283 innings he pitched in 1919. Adams pitched a like number of innings to 1,017 batters, issued twenty-three bases on balls.

**GROCERY REPORT FROM THREE CITIES OF THE DOMINION**

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week:—  
 The markets for grocery commodities are quiet after the holiday season. A few price changes are announced, but generally speaking all lines have a steadier tone and with stocks fairly well reduced, buying will soon become normal. Montreal—The grocery market is quiet this week with very few changes after the holiday breaks into this week on Thursday. Reports show that the business during the past two weeks caused an active movement of stocks and, as a result, trade should be bright during this month. This week is expected to be quiet. The smaller offerings of hogs on the market has resulted in temporary higher prices being paid on live hogs. This has resulted in some higher quotations being made on smoked meats. Beef is strong for the same reason that the hog market is higher, but no change in prices are made. Butter and cheese are unchanged in price and quotations on fresh eggs are firm at one dollar per dozen for strictly fresh. The lard and shortening market holds steady at present prices and is given strength by the higher prices on hogs. The sugar market remains steady. Molasses and corn syrups are unchanged in price. Coffee and tea are still easy in primary markets. The demand for nuts during the past two weeks has cleaned out most of the spot stocks, particularly of shelled walnuts. It is expected that prices on the new supplies will be lower. There is no change in dried fruits except that currants are weak and the prune market shows no improvement. Higher prices are quoted on oranges this week although there are good supplies on the market. California and Florida oranges are about the only kinds left on the market. The vegetable market has had brisk business this week and the potato market is holding firm at prices quoted.

Toronto—Refined sugar is holding steady at unchanged quotations. Raw sugars on the New York market have developed an easier tendency. Cuban raws were offered at 4 1/2 cents c. i. f., but buyers were showing no disposition to take them at that price. The harvesting of new crop Cuban is progressing very

and all the raging fury of the tempest could not keep Richard Bedell and the girl he loved apart.

She was betrothed and then wed to a creature she loathed, while he for an investment of twenty-five cents made a fortune of millions which he spent upon manicurists and barbers and bootblacks to say nothing of gay parties and midnight revels.

So he bought "Trumpet Island"—which is the name of the wonderful Vitagraph special production directed by TOM TERRISS upon which to live and redeem himself.

Out of the sky one stormy night there came to him the girl—sweet and innocent, but the wife of another.

With the mind of a child and stunned into grateful forgetfulness she shared the seclusion of "Trumpet Island"

until she had regained the sweetness of her own self, and had learned to love Richard Bedell with an undying affection.

**IMPERIAL Wednesday**

slowly under unfavorable climatic conditions. On December 27 there were seventeen centrals grinding as against 104 at the same time last year, and ninety-one in 1918. There is now available for shipment at Cuban ports 13,049 tons of new crop sugar, and 10,137 tons of old crop. Cereals are holding fairly steady at unchanged quotations. Prices on canned goods are unchanged but there seems to be a better feeling in the market; prices are more stabilized and wholesalers report an improvement in the demand. Hallowee dates are quoted lower. Raisins are in a strong position, with prices in primary markets slightly higher. Prunes continue weak with a tendency for a shading in quotations. Shelled almonds are easy and prices will be lower on future shipments. French shelled walnuts in primary markets are firm and in strong demand. The first shipment of new crop shelled walnuts is due to arrive during the coming week. Unsweetened coconut is offered at a reduced price. Although prices of coffee in primary markets have reached almost pre-war prices, the increased cost on delivery in Canada practically offsets the reductions. A duty of 7 1/2 cents per pound, an increase of about 50 per cent. on freight rates and the higher exchange rate, have a tendency to hold coffee at present prices. Some reductions have been made on coffee during the past month, but in view of the above conditions it is not likely that any further reductions will be made to any great extent. There are indications that slight reductions will be made on spices in the near future. Messina lemons are offered at lower prices. Vegetables are quiet and unchanged. Reductions are announced on macaroni, peanut butter, biscuits and maple syrup.

Winnipeg—There has been no change in general grocery commodities during the week, and trade is reported steady. Many retailers and wholesalers are showing more confidence and are looking forward to the future in a more optimistic manner, and as they are using their best methods to stimulate and maintain buying on the part of the public, business is showing a decided improvement. There is no change on sugar quotations. Bulk and package cereals show no change. Canned fruit and vegetables continue to show an improvement in the demand. The prune market is in a very weak condition and lower prices are quoted on exported apples. The coffee market continues quiet. Five market remains unchanged. Black pepper has shown a decline, but it will not affect the local market until the new arrivals which will be at least another three months.

levels on metals is now being reflected to some extent in lower quotations on wire, bolts, screws, nails, etc. The beginning of this year finds metals at the lowest ebb in many years, and prices on or near the lowest levels reached since 1916. Production is at its lowest point in years and the condition, as a whole, is exactly the reverse of those prevailing a year ago.  
 Price changes on hardware lines are more numerous than for some time, and the tendency in every case is toward lower price levels. Lower quotations are made this week on wire, fence staples, tacks, tinned and black nuts, turpentine, wrought iron washers, iron rivets, lead pipe, cast soil pipe and fittings, range hoods, valves, vacuum bottles, waste materials, bolts. Garden hose is again reduced, for the second time since summer. Canadian ammunition has also been reduced an amount equivalent to the luxury tax imposed on manufacturers and now eliminated. Removal of the manufacturers' luxury tax on chandeliers, electric and gas wall fixtures, phonographs and other musical instruments, boats, canoes etc., will result in a proportional decrease, though there is a tendency on the part of some merchants to hold prices up until present stocks are cleared out so they will not sustain any loss for tax already paid to manufacturers on such lines. Wholesalers report a fair amount of business, though travelling staffs are not all out again as yet.

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as the smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—more tobacco for the money.

**START MADE ON 1921 ESTIMATES**  
Water, Sewerage and Light Budgets Presented This Morning  
Some Increases Over Last Year's Figures—Victorian Order Asks for \$1,000 More—Another Session This Afternoon.

Consideration of the city estimates for 1921 was commenced at this morning's meeting of the committee of the whole of the common council. Those of the water and sewerage department which called for an increase of \$20,000 were taken up and laid over for further discussion. The estimates for lighting, showing an increase of about \$579, were passed.  
On recommendation of Commissioner Thornton it was decided to give tenants of civic buildings the usual notice to quit.  
An application for a grant of \$100 for the Ladies Auxiliary, S. P. C., was laid on the table.  
Mr. Jones' Estimates.  
Commissioner Jones presented estimates for water and sewerage maintenance. An increase of \$20,000 is asked for in water maintenance, while the estimated cost of sewerage work and fire hydrants is the same as last year. The figures are—

George Martin, clerk in the water and sewerage department, said the increase was chiefly due to increased labor cost. The item of general labor, which includes the yard workmen, etc., was over-expended \$4,160, and that of expenses, which was over-expended \$1,787, included the land survey at Loch Lomond, and the expenses of the trucks of the department.  
Replying to Mr. Bullock, Mr. Martin said none of the expense of trucks, about \$5,200, was charged to sewerage.  
The mayor asked that a comparison be made between the cost of doing the work by truck and by horse.  
Mr. Thornton thought the different units of the estimates should be itemized before being presented.  
Mr. Jones said that the other departments should be treated in the same way.  
Speaking about county taxes, Mr. Bullock said that county collectors received pay for collections whether they were made through them or into the office direct.  
Mr. Martin said that the estimate for material and plant was kept at \$22,000, although only \$20,038 was expended last year. Referring to the coal expense, Mr. Martin said that the rooms in the water building in Carmarthen street were rented to the Anti-Tuberculosis Society for \$125 a year, heated.  
**Main Pipe Renewals.**  
Referring to main pipe renewals, Mr. Martin explained that this item was a portion of a proposed expenditure of \$80,000 recommended by the city engineer.  
Mr. Bullock was of the opinion that this item should be cared for by bond issue, as it was considered as a capital expenditure.  
On motion of Commissioner Thornton, the estimate was ordered laid on the table.  
**The Victorian Order.**  
Hon. J. G. Forbes appeared with E. L. Rising to ask for an increase of \$1,000 in the grant to the Victorian Order of Nurses. He said last year the order received \$2,000 from the city and had five nurses. This year there were eight nurses and salaries had increased from \$60 to \$75 a month. Last year, he said, the nurses made about 1,600 visits a month.  
He said there was a lot of diphtheria, scarlet and typhoid fever and measles in the city and he was sure that the V. O. N. was partly responsible for the fact that the death rate was so low. He said the fees were five cents to seventy-five cents. He estimated expenses at \$18,316, while estimated revenue totalled only \$11,600, including \$3,000 from the city; \$2,400 from board of health; \$1,200 from the Red Cross; \$500 from Lancaster; \$500 from Simonds; \$500 from Rothery and \$3,500 from fees. This would leave a deficit of some \$1,700. He asked the city to raise the grant from \$2,000 to \$3,000.  
Mr. Rising also spoke of the necessity of an increase in the grant. He said it was more to the interest of the city to bring up our own children than import foreigners.  
The mayor said he was glad that one of the commissioners (Mr. Bullock) was

on the board, and he intended to ask that a commission be appointed to other boards receiving aid from the city. On motion the application was laid on the table for the present.  
**Lighting Estimates.**  
Commissioner Thornton presented estimates of light appropriation. Last year the total was \$42,806.60 while expenditures amounted to \$39,923.76. This year he asked for \$42,883.98, an increase of about \$77. This included the installation of three additional arc lights and ten additional 100-watt lights. On motion the appropriation was accepted. The meeting adjourned until 3 o'clock to take up other estimates.
