SIR HECTOR MacDONALD IN CHINA?

Report Says he is Engaged in Drilling Native Army

A NOTED GENERAL

Was Supposed to Have Committed Suicide in Paris in 1903—Charges Against Him Were Recently Shown to Have Been Unsubstantiated

(Canadian Press) San Francisco, March 6.—According to a report brought in by the Oriental Line, General Sir Hector Macdonald, former commander of the Black Watch, who was supposed to have committed suicide in Paris in a lodging house in 1903, is engaged in drilling troops of the Chinese army.

Officers of the Asia learned the story, they say, from officers of the British cruiser Kent, now at Honolulu, who received word of General Macdonald's whereabouts while on the oriental station recently. General Macdonald was a soldier who had seen service under the British flag in many lands. At the height of his career he was recalled from India to answer a grave charge. He travelled as far as Paris, and then the world was startled with a report that he had committed suicide. The charges, however, were investigated, and the board a few months ago announced that they had not been substantiated and that a letter man had been a victim of a scandal.

KILLED BY AUTO

Toronto Man Dies of Injuries—Left Lying in Road While Motor Speeded on

(Canadian Press) Toronto, March 6.—Edward Jacobs, run down by an automobile on Friday night, and left unconscious in the road by the reckless motorist, is dead. The police have been seeking to identify the occupants of the automobile, but have learned only that it was of the tourist car type, dark in color, and contained two men. The automobile was going so fast that its number could not be caught. The police will ask the Ontario Motor League to assist them.

ST. JOHN'S, QUE., HAS A \$15,000 FIRE

St. John's, Que., March 6.—(Canadian Press)—Several establishments were gutted and damage aggregating \$15,000 was caused by fire which broke out this morning in the certain block, destroying Narces Greig's umbrella factory, damaging Guy's drug store, and Eugene Normandin's straw hat factory by smoke and water.

RUTHENIAN QUESTION IS ALIVE AGAIN

Newcomers in the West And The Secretary of Presbyterian Mission Work

(Canadian Press) Winnipeg, Man., March 6.—Rev. Dr. McLaren, home secretary of the Presbyterian mission work, is in trouble again over the Ruthenian question. Some time ago he was in a heated and acrimonious controversy with the Roman Catholic church over their mission work among the Ruthenians of the west. The Catholics accused the Presbyterians of wholesale attempts at proselytizing and hot words were said on both sides.

BIG CHANGE WHEN CONGRESS ASSEMBLES

Democrats Will be Much Stronger—Support Reciprocity, But Have Two Other Tariff Bills

(Canadian Press) Washington, March 6.—The congress will assemble on April 4 will be considerably changed. The senate just expired and the new republicans, eleven insurgent republicans, and thirty-two democrats. The new senate, so far as it is concerned, will have forty-one democrats, thirty-eight regular republicans, and three insurgents.

PRaises WORK OF THE ENGLISH COURTS

Rhodes Scholars Dine American Consul General—A Lesson For The United States

(Canadian Press) Oxford, Eng., March 4.—The American club, composed for the most part of Rhodes scholars, gave a dinner on Saturday night to John L. Griffiths, the American consul-general in London. Mr. Griffiths, extolled the spirit of British life. He said the Rhodes scholars would return to America, not only impressed with the impartial enforcement of the laws in England, but what was much finer, with the widespread obedience to authority shown by the English people. They could not render a higher service to their own country than to do all in their power to bring about, in America, the same impartial, inflexible administration of justice as prevails in England.

NO NEGOTIATIONS FOR LEASE OR SALE OF THE INTERCOLONIAL

(Canadian Press) Toronto, March 6.—(Canadian Press)—No negotiations have been going on for acquisition or lease of the Intercolonial Railway by any private company, and the line will remain a government railway. This statement was made by Hon. Geo. P. Graham last night in Toronto.

BEATS MCGURDY'S RECORD

(Canadian Press) Nice, France, Mar. 6.—(Canadian Press)—Lieut. Bague accomplished a sensational and daring feat yesterday by flying over the Mediterranean from Antibes to the little island of Geogon off the Italian coast. He covered a distance of more than 124 miles being a new record for over water flight. This he did without the assistance of guide or aid to his confidence by their presence.

Payment of M. P.'s

Dublin, Mar. 6.—A resolution has been adopted by the Dublin trades council in favor of the payment of all members of parliament and of their election expenses. The proposal has been endorsed by the Irish trades congress and other labor bodies in Ireland.

German Prince at Cairo

(Canadian Press) Cairo, Egypt, March 6.—(Canadian Press)—The German Crown Prince Frederick William arrived here today from Suez and was welcomed at the railway station by the Khedive, the ministers and the diplomatic residents here. He will spend some time in Egypt with Crown Princess Cecilia, who, with her suite, has been in the country for some time.

NEW OFFER TO LEASE OR BUY THE MISPEC MILL

Water Board Refers it to Recorder and Solicitor of Company

(Canadian Press) A special meeting of the water and sewerage board was held this morning to deal with an application from the St. John Pulp & Paper Company, for a lease of the Mispec mill property, for which their former lease expired last year. The proposition submitted by the company was discussed by the recorder and the recorder and it was finally decided to refer the matter to the recorder and the solicitor of the company.

PROCEEDINGS AGAINST THE WILL ARE DROPPED

Matter of Estate of Mrs. Bogle Goes Through Probate Court—Other Estates

In the matter of the estate of Mrs. Margaret Bogle, widow, there were proceedings in the probate court today on the account of a brother against the will. A decision having been given that a prima facie case had been made out in favor of the will, adjournment was had till today for the purpose of consideration on the part of those opposing the will. Counsel for the executor, announced that allegations will not be filed, whereupon the will was declared proved in solemn form and the executor, Dr. John C. Mott, was sworn in as executor and probate issued to him. There is no real estate personal estate about \$10,000, besides an interest in the estate of a deceased brother, Abraham Howe, value at present unknown. Amon A. Wilson, K. C., is proctor for the executor, Recorder Baxter, K. C., and G. Earle Logan, are proctors for the executors.

EXTRA SESSION OF CONGRESS ASSEMBLES

Democrats Will be Much Stronger—Support Reciprocity, But Have Two Other Tariff Bills

(Canadian Press) Washington, March 6.—The congress will assemble on April 4 will be considerably changed. The senate just expired and the new republicans, eleven insurgent republicans, and thirty-two democrats. The new senate, so far as it is concerned, will have forty-one democrats, thirty-eight regular republicans, and three insurgents.

TO TRADE WITH CANADA

ANXIOUS TO HOLD AND HOLD OUT HOPE TO BUSINESS MEN THAT FREIGHT SERVICE WILL BE SUBSIDIZED

(Canadian Press) Melbourne, Aus., Mar. 6.—A deputation from the chamber of commerce today waited on Frank G. Tudor, minister of trade and customs, and discussed the possibility of developing Canadian-Australian trade. The deputation pointed out the importance of securing new markets and suggested that the government might subsidize freight services in order to prevent local exporters from losing their hold on the Canadian market altogether.

WOODSTOCK WOODWORKING GO. HAS FIRE VISIT

Office and Wareroom Destroyed—Rev. Frank Baird May Receive Call (Special To Times) Woodstock, Mar. 6.—A little after noon on Sunday fire caught from a defective fuse in the office of the Woodstock Woodworking Company adjoining the factory. The firemen prevented the flames spreading to the factory but the office and ware room were destroyed together with a stock of moving, sashes, and doors valued at \$4,000. The building was insured for \$200 and the stock for \$800.

THE TIMES' NEW REPORTER

REAL ESTATE NEWS. The activity in real estate continues. Our esteemed fellow citizen, James Jones, has been securing options on property along the right of way of the Marble Cove sewer. He says it promises better than lots in Crouville. When the city wants to buy, James will be there with the goods. He says that sewer would be cheap at \$30,000, and the ancient Byrd Field never approached it in importance to the welfare of the taxpayers.

WAIT FOR IT. Mr. Peter Binks warns his fellow citizens not to be misled by any persons who claim to be able to tell exactly what will happen to the human race in the next few centuries. Mr. Binks has given much thought to this subject, and is writing a book to set all doubts at rest. It is not, perhaps, betraying any confidence to say that Mr. Binks has special sources of information, and that his book will be a revelation. It will be illustrated by diagrams showing exactly what the fate of each race and each generation will be. There will be maps of the next world, and much valuable information for persons travelling that way.

DANGEROUS CHARACTERS. There is good reason to believe that if the board of trade can get the city commission plan adopted in this city it will proceed to tear up the streets and burn down the houses. There are no more desperate characters at large anywhere than the members of this board. They are constantly plotting to ruin the city. But the Standard knows them and will expose their vile machinations.

PINNED BY A TREE, CUTS OFF HIS OWN LEG

Ontario Woodsman Performs Surgical Operation With Axe And Saves His Life

(Canadian Press) Prescott, Ont., Mar. 6.—(Canadian Press)—A woodsman, Fred Snyder, saved his life by cutting off his leg with an axe. He was felling a tree near his home assisted by his brother. The tree fell across his left leg crushing it to a jelly between the ankle and the knee. Knowing he would bleed to death before the tree could be removed, he severed the leg with a couple of blows with his axe. He and his brother bound a strap around the leg sufficiently tight to stop the flow of blood. The man will live.

OPIMUM AND MORPHINE HABIT GRIPS YOUNG WOMEN IN BOSTON

Boston, Mar. 6.—"Ten per cent of the physicians of the United States are users of morphine through the hypodermic syringe," said Dr. William F. Boos, expert toxicologist of the Massachusetts General Hospital, speaking before the Watch and Ward Society at its 33rd annual meeting last night. He continued: "I know of one hospital where all the physicians, nurses and attendants are users of the drug."

FLAMES DRIVE BACK RESCUERS AS SHRIEKING VICTIMS FIGHT DESPERATELY TO GET OUT OF BUILDING—Husband and Wife in Newark Found Dead

(Canadian Press) St. Petersburg, Mar. 6.—Ninety persons, many of whom were burned to death by their lives and forty others were injured in a fire that destroyed a moving picture theatre at Bologna on Sunday. Reports were received here today. The fire caught while the show was in progress and quickly enveloped the building, cutting off every avenue of escape.

FUTURE EFFORTS TO SAVE

Fuller attempts at rescue were made by those who happened to be close by the exits when the fire started and by others from the outside but the fury of the flames drove them back before they could reach the shrieking victims who in their efforts to get out of the building fought desperately among themselves.

FEARFUL SCENES IN CLEVELAND FIRE

Cleveland, Ohio, March 6.—Six persons were fatally hurt and twenty others badly injured in a fire that destroyed a tenement house here early today. One man is missing, and it is believed that he lost his life. The flames spread so rapidly through the building, which was occupied by foreigners, that sixty people were killed when a Delaware and Hudson Railway freight crashed into the rear end of another Delaware & Hudson train.

JUDGE LOWELL DEAD

Boston, Mar. 6.—(Canadian Press)—Judge Francis Cabot Lowell of the United States circuit court died suddenly today.

FAMOUS GEMS OF PROSE

INJUSTICE THE CAUSE OF NATIONAL RUIN

By Theodore Parker

Do you know how empires find their end? Yes, the great states eat up the little, as with fish, so with nations. And how do great states come to an end? By their own injustice, and no other cause. Come with me, my friends, come with me into the inferno of the nations, with such poor guidance as my lamp can lend. Let us descend and bring to the awful shadows of empire long ago, and learn a lesson from the Tomb.

Come, old Assyria, with the Ninevehish devils upon thy emerald ground. What said the law?

It fell by my own injustice. Thereby Nineveh and Babylon came with me to the ground.

Queenly Persia, flame of the nations, wherefore art thou so fallen, who trodest the people under thee, the brigades of the Hellepont with ships and poured thy millions on the western world?

"Because I trod the people under me, and bridged the Hellepont with ships, and poured my temple-wasting millions on the western world. I fell by my own misdeeds!"

Thou, musklike Greece, queen, fairest of all thy classic sisterhood of states, enchanting the world with thy sweet witchery, speaking in art, and most seductive song, why hast thou there with the brazen and yet dishonored hour, reposing on thy broken harp?

"It was not the saint's ideal, it was the hypocrite's pretence I made inquiry my law. I trod the nations under me. Their wealth glided my palaces—where thou mayest see the fox and hear the raven's cry. I had my cabinet of oracles—the flatterer breathed his poison in my ear. Millions of bondmen wet the soil with tears and blood. Do not bear it crying to God? Lo, here have I recompensed, tormenting with suffering downward as you seek to rise, and the new-born child, who sitteth on the Alleghenies, laying his either hands upon a tributary sea, a crown of thirty stars above his youthful brow—tell him there are rights which states must leave, or they shall suffer wrong. Tell him there is a God who keeps the black man and the white, and huris to earth the lofty realm that breaks His just eternal law! Warn the young empire that he comes not down dim and dishonored, but with a mandate from the sky, and that Justice is the unchanging, everlasting will to give each man his right. I knew it, broke it, and an over-throwing led me to the grave!"

THE NEW QUEEN OF THE DAIRY

Over Seven Tons of Milk and Over Half a Ton of Butter in One Year.

Another world's record has been broken. The new queen of the dairy is a beautiful Jersey cow named Sophie Bell of Hood Farm, owned and tended at Hood Farm, Lowell (Mass.) She is the champion Jersey for milk and butter fast production of cows between four and five years of age. During the twelve months ending Dec. 31, 1910, on a test authenticated by the Massachusetts Agricultural College, under the rules of the American Jersey Cattle Club, Sophie Bell produced 74,300 lbs. of 3% milk, 373 pounds 3 ounces milk, testing 1,009 pounds 11 ounces butter or over half a ton. An accurate account was kept of her feed, and her milk sold at 10c per quart made a profit of \$665.22.

The United States Department of Agriculture's estimate in round numbers of the wealth produced each year by the 22,000,000 cows in the United States is \$800,000,000, or an average profit of \$36.36 per cow. If more attention was paid to feeding and breeding it should be easy to increase the average profit per cow to at least one-tenth of the profit made by Sophie Bell of Hood Farm, which would raise the total to \$1,240,000,000, an increase of \$440,000,000.

POLITICS AND GENERAL TOPICS IN ENGLAND

The Times London Letter—Old Misunderstanding Past, Home Rule Now Imperial Question—Mr. Balfour's Loss by Death—A Welcome to Our Troops at Coronation

(Times' Special Correspondence)

London, Feb. 20.—The tariff reformers who have made another fatal blunder this week, amid the wreckage of their hopes, are charging the blame for their misadventure to the indifference of the press. The prospect of the prospective speaker of the House of Representatives, the Tory papers are making capital out of the "warning" that this "reciprocity" arrangement is a political union which makes Canada part of the United States.

Happily, the free trade organs have long memory and this week England is reminded that history is only repeating itself and that fifty-four years ago England and Canada were called upon to make the same choice as now. England took the side of Lord Elgin, in holding that Canada's reciprocal trade with the United States is indispensable to check any talk of annexation.

It is understood here that Champ Clark's speech is a blinding indiscretion that is not to be taken seriously. We free traders do not want the attachment of Canada to this country to be strained by any taxes which would raise the tariff on the goods of the desirable trade which is natural between Canada and her neighbors across the boundary.

Each free trader rejoices to hear from the Washington correspondent of The Times that reciprocity would act as a preventive to aspirations after political union or annexation. It is a herculean task and to join with them in denouncing what is in Canada held to be a "warning" to the merchants all over the province in helping them achieve the result they had aimed at.

Mr. Estabrooks, in reply, spoke of the surprise and pleasure which he had in returning to the return made. The occasion, he believed, was unique in the history of any mercantile house in the maritime provinces.

That Tired Feeling

that is caused by impure, impoverished blood or low, run-down condition of the system, is burdensome and discouraging. Do not put up with a day longer, or take a medicine that will do you no good. It is no other medicine.

"Last night I ran down and had a good sleep. I was advised to take Hood's Sarsaparilla. It did me good, and better than ever." John Day, 487 Fall Street, Lowell, Mass.

There is a victory for Irish home rule in the world in British governing colonies. Home rule would blaze in their rejoicing that the curtain has been rung down on the old drama of selfish opposition and that at last a new drama is which Ireland, as devoted as ever to national sentiment, is reconciled by imperial friendship to the broad smiles of Walter Long.

The appeal to Tories not to let pass the golden opportunity of doing justice to Ireland under a foreign flag, but will gladly share in opposing the glorious gift of self-government to South Africa was most impressive. The old misunderstanding is dead, and Mr. Redmond is winning hands on as he made a most successful maiden speech in the House of Commons, which was an Ulster Tory member gave way to a new Nationalist member (Mr. Fitzgibbon).

Mr. Birrell did his best service to Ireland by his clever and witty speech which has done more to give the Irish people and whose sallies made that other Irish Tory, Sir E. Carson, hold his sides with laughter. The old misunderstanding is dead, and Mr. Redmond is winning hands on as he made a most successful maiden speech in the House of Commons, which was an Ulster Tory member gave way to a new Nationalist member (Mr. Fitzgibbon).

Death of Mr. Balfour's Brother

The Irish debate lacked the presence of the marvellous personality of Mr. Balfour. All parties sympathize with the family bereavement which has called him away. The death of his brother, Col. Balfour, removes a public character, for Mr. Balfour's youngest brother was an untiring private gentleman, who was best known as colonel of the London Scottish Regiment. He was, by profession, a Londoner, but he was an enthusiastic supporter of the cause of the Irish people, whose comparatively early death is mourned in London-Scottish circles.

FAIRVILLE INDUSTRY

A Visit to the Well Equipped Wilson Box Factory

On Saturday afternoon a large number of citizens interested in the new Wilson box factory, Fairville, visited the plant on the invitation of the president and directors of the company. The visitors were shown over the premises and showed great interest in all they saw. Lumber in the shape of rough sawn boards was seen going in at one end of the mill and boxes coming out at the other end, some of which were handsomely stamped in two colors by the Hooper press.

In addition to its box mill at Fairville, the company has a saw mill at Westfield which will be kept busy sawing logs into box boards, dried and shunted by car from there to Fairville, a complete system of sidings having been installed at both points. The plant of the company covers eight acres, and is said to be the most complete of its kind east of Montreal. The power house is of concrete covered by a reinforced concrete roof. There are two 125 horse power boilers with a Corlies engine capable of developing 520 horse power. The fuel for the boilers will be the shavings and sawdust from the different machines. The authorized capital is \$50,000. The total number of employees will be about fifty. The company has already large orders on hand, and backed by capable management which it undoubtedly has, together with the ever increasing demand that exists for boxes, cases and crates of all kinds, the success of the enterprise seems assured.

The officers are: President, T. H. Estabrooks; vice-president, Stanley E. Elkin; managing director, Alex. Wilson; director, W. J. Fenton; superintendent, John Galey. This is one more instance of the great awakening that is taking place industrially in St. John at the present time and which bids fair to be continued as the advantages of this city as a manufacturing centre become better known.

Had Severe Pains In His Back. Could Hardly Work.

Mr. Alfred B. Davis, Gorrie, Ont., writes:—"For some years I suffered from severe pains in my back and could hardly work at all, and when I stooped down to pick up anything felt as if my back must break. I was advised to try Doan's Kidney Pills, and after taking two boxes I was entirely cured, and feel that I cannot speak too highly in your favor."

"This was nearly four years ago and I still remain cured."

Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney troubles.

They help the kidneys to flush off the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Price 50c per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price in advance to The J. C. Watson Co., Limited, Toronto, Ont.

The Home Rule Debate

Today the tug of war between the Unionists and the Liberal and Irish parties is causing only a mild sensation, for the Unionist amendment to the address is a protest against home rule, which meets with overwhelming defeat. The debate is but the prelude to the swelling act of the imperial theme. The debate is only interesting because of the great speeches of the prime minister and Mr. Birrell who have committed the vast majority of the house to the Irish cause. The Irish members, in sight of victory, are less vehement than in any debate on the well worn subject of the Irish cause. The debate is now a general question.

The National Theatre

The energetic committee which has charge of the scheme for the building of a national Shakespeare memorial theatre is at last apparently within sight of realizing the dream of lovers of the English drama and of the memory of the world's greatest dramatist. A site, the most suitable in London, has been chosen and the London county council is now being asked to grant an option of the corner of Spring Gardens which will be available when the offices of the L. C. are removed to the south side over Westminster Bridge.

"Spring Gardens" will likely be the shrine of all the world's Shakespeare worshippers and the erection of such a noble pile as is proposed, will cement the English people to take the theatre more seriously and to raise our stage to the level of the fine art. It is appropriate that the national temple of the drama should be in Trafalgar Square, facing the National Gallery, which is the chief of our picture galleries. It is proposed to spend £200,000 on the building of the national theatre and it is generally believed that the L. C. C. when the old offices are vacated, will grant the letting of this noble site for such a noble purpose.

The Devonshire Statue

This week has seen the addition of another colossal statue to the imposing grandeur of Whitehall. Close to the Horse Guards now stands the giant figure of the late Duke of Devonshire, just unveiled by the Marquis of Lansdowne, who in great regard for the great Unionist statesman, paid their tribute of respect to the man who in his lifetime was held in great regard by the middle classes. In his earlier day as the Marquis of Hartington, he was one of Gladstone's stalwart supporters who parted from his leader, because he would not agree with Home Rule for Ireland.

SUFFERED THREE YEARS

Will Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury, Ont., is one of those who know it. He writes:—"For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. The pain ached across the kidneys, was sharp and recent, my urine was thick, and I was passing it caused, but no relief. I tried medicine, but was failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes effected a complete cure. I now enjoy the blessing of good health, which is due to this remedy."

Don't neglect kidney trouble—it's too dangerous as well as so painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

A VALUABLE SUGGESTION

Information of Importance to Everyone

A great deal of pain and suffering might be avoided if we had some knowledge of physiology and the care of the body, particularly those parts that do the most work and should always be kept strong and healthy.

In an interview with a prominent physician he states that people should pay more attention to their kidneys as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months, especially when we live in indoor life, the kidneys should receive the assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby making the kidneys do more work than Nature intended. Evidence of kidney trouble, such as lame back, inability to hold one's urine, or burning, brick-dust or sediment, weak or complex, rheumatism, may be weak or irregular at heart action, and that your kidneys require help immediately to avoid serious trouble.

An herbal medicine containing no mineral or opiate has the most healing influence. An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp Root.

You may receive a sample bottle of Swamp-Root by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention the St. John Evening Times.

T. H. ESTABROOKS GUEST OF HIS STAFF AT DINNER

It is not often that the traveling staff of a commercial house is able on its own initiative to break a record. This has recently been done in at least one house in this city. The nine men who cover the maritime provinces in the interests of T. H. Estabrooks resolved to make the last month a record one in the sales of Red Rose tea and coffee. They accomplished their object, in spite of the fact that larger sales than usual had been made in January, and sold more goods than in any previous February.

In celebration of the event and to present the result to Mr. Estabrooks, they invited him to a dinner in White's restaurant Saturday evening, at which were also present all the office and warehouse staffs. The evening was a very enjoyable one, and two speeches were made. One of these was by Louis Armstrong, the senior traveler, who in explaining the reason for the gathering, said he was glad that this had made some return for the generous treatment they had always met with at the hands of Mr. Estabrooks. The travelers were also indebted, he said, to the merchants all over the province in helping them achieve the result they had aimed at.

Mr. Estabrooks, in reply, spoke of the surprise and pleasure which he had in returning to the return made. The occasion, he believed, was unique in the history of any mercantile house in the maritime provinces.

THE DOCTOR'S QUESTION

Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 80 per cent of illness is attended with inactive bowels, and that a healthy and active bowels must be removed gently and thoroughly before health can be restored.

Recall (orderly) is a positive, pleasant and safe remedy for constipation and bowel disorders. I am so certain of its power to turn a sick man's money in every case when they try to produce health by other means.

POLICY OF THE NEW FRENCH CABINET

Paris, March 5.—The new cabinet met tonight and drew up the declaration which will be delivered in the chamber of deputies tomorrow. This declaration says that in the interests of social peace the railroad employees of the state who were dismissed at the time of the recent strike will be taken back into service with the exception of those who were guilty of gross insubordination and destruction of property. The railroads not under state supervision will be requested to act similarly with regard to their employees.

The declaration outlines the government's policy in respect to the law, the liquidation of the schools, social reform and foreign affairs. It affirms the government's determination to pursue a policy of pacification, based on the one hand on a system of ententes and alliance, and on the other, on a strong army.

What is thought to be the smallest-sized check ever presented to a bank was cashed at San Rafael, Calif., Wednesday, when Joseph Taylor received twenty cents at the Marion county bank on presentation of a canceled two-cent stamp on which the order to pay had been written.

A GOOD PLACE TO BUY GOOD CLOTHES

Gilmour's New Spring Overcoats

The new line is now here. It is a good line, embodying, we believe, more points of superiority than has been displayed even in the best of our past season's offerings.

This is because the designers' art and the tailors' craft are developing.

Constant effort plus experience have enabled the producers of these elegant overcoats to give us something that stands out prominently above the commonplace, and our garments will mark the wearer as a distinctly well-dressed man.

At \$12.00 to \$27.50, we have black, gray and Scotch effects, many of them silk-lined or silk-lined, and in several models based on the standard Chesterfield.

We invite you to see them while they are at their best.

LEGISLATURE WILL ADJOURN AFTER TRIBUTE TO MEMBER

Premier Hazen to Speak on Death of Thomas Robinson, M. P. P.—Fredericton Horsemen Fined

(Special Times)

Fredericton, N. B., March 6—News of the death of Thomas Robinson, M. P. P. for York was received with great regret by his friends here. He had been a member of the municipal council for fifteen years and served terms as warden. He was twice a candidate for the legislature and was returned at the election three years ago. Premier Hazen will pay a tribute to him this afternoon after which the house will adjourn as a mark of respect to his memory.

Several horse fanciers were fined in the police court this morning for fast driving in the public streets.

Mrs. Hannah Ramsay of Maryville, fell near her home this morning and fractured her wrist.

This is nomination day for the city election and consequently there is considerable activity among the civic politicians. Up to noon those who had filed papers were Ald. Mitchell and R. T. Baird in Wellington ward; Ald. Vanarsdale and Ald. West and Edward Moore in St. Ann's, and Ald. Walker in Carleton. It is thought there will be no contest in ward with the possible exception of Kings.

DEMOCRATS' PLANS IN TARIFF MATTERS

(Canadian Press)

Washington, March 6—Democrat leaders in the house have agreed upon a tentative plan for the special session to be convened on April fourth. The house Democrats probably will pass the Canadian reciprocity agreement, revise the wool and possibly the cotton schedule of the Payne-Allen tariff law and will then pass a bill providing for an about one hundred items all necessary of life, including certain articles of wearing apparel. This accomplished, the Democrats according to present plans will postpone a general revision of the tariff until later after they have had complete investigation. This would make the extra session a short one probably thirty days.

MR. OULTON'S DEATH

George K. Oulton, of this city, whose death in Boston is reported to have been one of St. John's best known citizens and had been in the service of the post office department as a railway mail clerk for many years. He went to Boston about a week ago to undergo an operation on his shoulder which turned out to be a bad one. He died in Boston on Saturday last. He was reported as getting along nicely a few days ago, but then took a bad turn and never rallied. He is survived by his wife, two daughters and one son. His funeral will be held in this city on Saturday.

PERSONALS

R. O'Leary of Richibucto was a passenger to the city on the Montreal express this morning.

Mr. and Mrs. J. H. Doody arrived home on the Boston express this morning after an extended trip through the Southern States.

Mr. and Mrs. J. Fraser Greger arrived this morning from Boston on the Boston express.

A. E. Massie arrived in the city on the Montreal express this morning.

F. S. Thomas was removed to his home on Saturday from the General Public Hospital where he was operated on a few days ago. His condition today is reported as very favorable.

Miss Florence Spencer, of Maryville, is visiting friends in the city.

Lieut-Col. H. H. McLean, M. P., left last evening for Ottawa to resume his parliamentary duties.

Mr. and Mrs. Henry Arbo, formerly of Fairville, left last evening for Strathmore, where they will reside.

FUNERALS

The funeral of William Howes took place in Sussex on Sunday afternoon. The service was held in the Trinity church conducted by Rev. Canon Neales.

The funeral of Miss Mary Flynn took place yesterday afternoon from her late residence, 228 Waterloo street, and was attended by many. The body was taken to the cathedral, where Rev. A. W. Mackenzie conducted the funeral service. Relatives acted as pall bearers; interment was in the old Catholic cemetery.

The funeral of Mrs. Catherine A. Stephenson took place yesterday afternoon from her late residence, 83 Stanley street; Rev. J. H. A. Anderson conducted the funeral service and interment was in Fernhill.

SIGNAL SCHOOL

The school of instruction in signalling for this city for the next six weeks will be opened this evening in the South end armory, under the direction of Capt. T. E. Power, and will be conducted by Sergeant Instructor Webb, of Halifax, who will be assisted by one of the local sergeant instructors. The day school opened this morning, and is continued as long as the night classes, and at the close those passing the examination will receive their certificates.

SEAMEN'S INSTITUTE

A special meeting of the board of management of the Seamen's Institute Society will be held in the institute on Tuesday evening at 8 o'clock. A concert will be given on Tuesday evening, at 8 o'clock. Ven. Archdeacon Raymond gave an excellent address to the sailors and citizens in the Seamen's Institute last night. The choir of St. Luke's church gave several selections which were greatly appreciated by those present.

CITY HALL PAY DAY

The semi-monthly payroll for city employees was disbursed today by Cashier Willett, as follows: Market, \$97,071.45; and salvage corps, \$1,142.50; police, \$1,216.16; ferry, \$692.16; public works, \$108.32; total, \$101,363.07.

BOOTS AND SHOES ABOUT SAME; PRICE OF RUBBERS LOWER

Messrs Hayes and Rising Home After Visit to Upper Canada Markets

Alderman R. T. Hayes and E. L. Rising returned home on Saturday after their semi-annual buying trip to Montreal and Toronto. Alderman Hayes said that the chief topic of conversation among shoe men was the recent merger of the Ames Hoiden McCready companies. It was thought that the merger would have an effect, however, on the price of shoes. As present the price of leather goods was about the same. There had been no advance and there seemed little prospect of a decline. The new price list of rubbers had been sent out and the prices were very much lower than they had been and in spite of the fact that, though rubber declined from \$1.80 to \$1.15, it was now back at the former figure.

The Montreal Star, in referring to the new merger of the Ames, Hoiden-McCready Co., says the issue of \$2,500,000 of preferred stock, was more than twice over-subscribed. The new enterprise is valued at the outset \$1,000,000; \$2,500,000, 7 per cent, preferred, and \$3,500,000 common stock.

C.P.R. WORK ON NEW PROPERTY AS SOON AS FROST PERMITS

The C. P. R. will start the erection of their new warehouses on the recently acquired property at the head of the harbor, as soon as the frost is out of the ground. While some of the leases of the properties do not expire until May 1, it is not likely that the company will wait until then, but will push the work right ahead within a few weeks, so as to get an early start on the buildings, as they are anxious to get into their own warehouses where they will be better able to handle their freight than under the congested conditions in the I. C. R. sheds.

The growing business of the railway here has made the erection of new and larger sheds a necessity. The list of appropriations for work on the Atlantic division this year is unusually large and includes repairs, new bridges, sidings, ballasting, heavier rails in place of some now in use, generally putting the road and equipment in first-class shape.

KILLED IN THE WEST

Son of F. T. Bourgeois of Memramouc Loses Life in Explosion

(Special Times)

Moncton, N. B., March 6—Chief Rivard today came to St. John from the North, 138 West Cliff street, Rivard, R. L., requesting the police to locate the body of his son, Frank, who was killed in an explosion in Kiteville, British Columbia, February 11.

F. J. Bourgeois, father of the young man, lives at Memramouc east, and has a daughter, Marie, at Moncton.

DONNOLLY MAY GO TO NEW ENGLAND LEAGUE

Joe Page, president of the Montreal Professional Baseball League, is in the city today. He said that so far as he knew, none of the local ball tossers had been signed with any of the outside teams as yet, although there was a possibility of Donnolly playing with some of the New England league teams.

Donnolly is studying medicine at McGill, but will very likely be back in the game this summer. Mr. Page said that he had signed a player from Vermont for one of the Montreal teams, and believed he would be the first to play in the city. His name is Honus Hight, and he made a good showing with the college team on which he played last season.

NEW OFFER TO LEASE OR BUY THE MISPEP PULP MILL

(Continued from page 1.)

The engineer reported that Bernard Nelson, of Loch Lomond, had offered to convey a right-of-way and fee to land through which the water ran for \$100. He recommended that the offer be accepted. The recommendation was adopted.

Marble Cove Sewer

The chairman said he thought the board should get more information about the Marble Cove sewer, especially as to land damages before making a recommendation to the council. It was practically certain, he thought, that the matter would be referred back. The engineer had reported that he would want ten feet right-of-way from the sewer to the harbor. There were thought all they had to say was, "Gentlemen, \$12,000 for this sewer or we cut your heads off." He thought the matter ought to be further considered before

RECIPROCITY

Those persons who are now predicting that reciprocity will injure Canada and the empire will, a few years hence, perceive the folly of prophecy that is prompted by prejudice or indulged in for political effect.

Canada has a large and increasing trade with the United States. All that is now proposed is to remove some of the restrictions and secure for this country a larger market, such as it enjoyed under the old reciprocity treaty. That is the whole story. Canadian manufacturers are not to be sacrificed. They will really be benefited, because an increase in the general prosperity of the country as a result of reciprocity will create a larger demand for their goods.

It is asserted by some persons that as a result of reciprocity eastern Canada will trade with the near-by states, and western Canada with the states immediately south, and the growth of trade and of sympathy between eastern and western Canada will be retarded. This is mere folly. Canadians will still be Canadians, and interested in the development of their own country. There will be more trade east and west, as well as north and south. If free trade would lead to annexation it would only be necessary at any time for the United States to reduce or abolish their tariff; but, if they did so, does any Canadian dare assert that annexation would result?

Reciprocity will help the farmers, the fishermen, the lumbermen, the fruit-raising and live stock interests, and many others. To help them is to advance the prosperity of Canada and strengthen the empire. This is the view of the matter that is taken by the British government, which would certainly show alarm rather than satisfaction if it believed imperial interests were threatened.

The cry "Let well enough alone," is always uttered by those who fear that a change will affect their political prospects, and it is echoed by a certain number of pessimistic and fearful souls who dread all new experiences. But Canada must go forward. An opportunity has come to make a trade arrangement greatly to her interest. What difference can it make that she has hitherto failed to get this opportunity? It is now at her doors. We are told by some opponents of the measure that the American people have exhausted their own resources and now seek to rob Canada. This is mere assertion. Canada is not giving up control of a single one of her great resources. She is not landing herself for any period of time. The power remains in her own hands.

In Canada the Conservatives and in Great Britain the Unionists believe they see in the reciprocity proposals something out of which they may be able to make political capital. They are waving the flag and appealing to national prejudice. They are pursuing a very short-sighted policy. A few years hence, if reciprocity is accepted, and Canada reaping the benefit, their predictions of today will be quoted to confound them.

So far as the maritime provinces are concerned, they stand to gain very largely from reciprocity, and no people would resent more indignantly than those of these provinces the suggestion that enlarged trade with the United States would weaken their love of Canada or their loyalty to the empire. Surely we have passed the stage where the political demagogue can frighten us with the bugbear of annexation. The Canadian people are quite capable of guarding their own interests in this matter. But for the intrusion of politics, this agreement would have been hailed as another great forward step in Canadian trade development, and as welcome assurance of growing friendliness between two great nations separated only by a narrow boundary line stretching across a continent. When the noise has subsided, and those whose prejudices have been appealed to are able to review the situation with unbiased mind, they will marvel that they ever permitted themselves to be swayed by assertions that are so ill-founded as those of the opponents of this trade agreement.

It is refreshing, at a time when the problems of life vex the souls of men, to encounter a gentleman who can unfold the plans of the Creator, and tell us about them with all the confidence of one who knows.

MR. CARVELL'S SUGGESTION

In the course of his able address in parliament last week, on the reciprocity agreement, Mr. F. B. Carvell said:—"There are members sitting in this chamber tonight who have opposed the British preference from the day it was brought down to the present time, and who would oppose tonight as strongly as before any proposal to increase it, why? Not because it helps the farmers, the lumbermen, the fishermen and the consuming masses of the Canadian people, but because they are afraid that it will interfere with the dividends of their friends, the manufacturers. But I can assure the government that there is no way in which they can purport themselves with the people of Canada or do more good to the people of Canada than to bring down a measure increasing the British preference to at least 40 per cent."

Referring to Mr. Carvell's speech the Ottawa Free Press says:—"While, of course, Mr. Carvell of Carleton, N. B., was speaking solely in his private capacity in the House of Commons last night when he suggested that the British preference should this session be increased from 33 1/3 to 40 per cent., it was noticeable that the mere suggestion aroused great enthusiasm upon the Liberal side and equal consternation upon the Conservative side of the House. The announcement was, of course, an unofficial one; but, coming from one of the most prominent members on the Government side, it gave the Conservatives something to think about, and it also gave the Liberals an opportunity to consider whether they could not persuade the government to increase the preference to 50 per cent. That would be the natural step forward. It is one that has been urged by The Free Press. The original preference was granted in April, 1897; it was increased a few years later to 33 1/3 per cent., and there have been hopes that the Government would see its way clear to make a very substantial increase in view of the reciprocity agreement with the United States. Still, an increase of 6 2/3 per cent. on the general range of duties upon British goods imported into Canada would be another step forward; and as there is still another year to elapse until a general election, there is still opportunity for hoping that when the Liberal party goes to the country next time it will have not only a trade agreement with the United States which will open new markets for our produce, but also a preference of 50 per cent. in favor of British goods, which will continue the wonderful development of British trade with Canada. And Mr. Fildes's budget speech has yet to come."

THE PASSING OF THE CHILDREN

The children we love, O where do they go? When tired of play and their tiny, bare feet. Turn down the far road where the buttercups grow. And leafy fields and the meadow lands meet? All happy and tired, O where do they go? The children we love—does anyone know? Beyond the bright fields that call them away. That hide the dear children from you and from me. And leaves me no choice but to go and obey. What vision attracts them, what fate can it be? What is it, I wonder, that little folks see? The children we love—become women and men. A tale that time claims, but in fancy I see. Their shadows, still happy and joyous as we. They romped and they prattled all day at our knee. They seek the far fields and the blossoms and there. They live in the bloom of the flowers again.—John D. Wells.

WILL RELIEVE ANY UPSET STOMACH IN ABOUT FIVE MINUTES

Distress from Indigestion, Stomach-gas, Heartburn or Headache Goes After Taking a Little Dapepsin

If you had some Dapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine. This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it. If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heart-burn, that is a sign of indigestion. Ask your Pharmacist for a 50-cent case of Dapepsin and take a little just as soon as you feel these things. There will be no sour risings, no gas, no indigestion, no mixed with acid, no stomach gas or heart-burn, nausea, indigestion, dizziness, or headache. It will all go. Dapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store waiting for you. These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dapepsin, Indigestion or any other stomach disturbance.

THOSE OLD SONGS.

"I cannot sing the old songs."
"Her voice rang sweetly clear; It filled my heart with happiness. It calmed my every fear. 'I cannot sing the old songs!' 'Geezooks! But that's all right! For these are those she used to sing. From early morn till night: 'Has Anybody Here Seen Kelly?' 'School Days,' 'Put On Your Old Grey Bonnet,' 'I've got Rings On My Fingers,' 'Garden of Roses,' 'By the Light of the Silvery Moon,' 'Yip-I-A-D-D-I-A-Y,' 'That Memmorizing Mendelssohn Tune,' 'What's the Matter With Father?' 'Take Me Out to the Ball-Game.'"

She cannot sing the old songs. As in the days of yore. I'm glad of that; I've heard them all. Ten thousand times or more. She cannot sing the old songs! What rare good luck by gee. They may be dear to some folks, but they are not dear to me!—James B. Nevin, in Puck.

Hockey

A Presentation

Halifax Chronicle:—Before the Moncton-Halifax hockey game at the Arena last night was started, Harry Scott, the conqueror of the Maritime champions was the recipient of a very neat presentation. About fifty of the crew of the M. S. S. Niobe were at the game and presented to Scott a lucky horse shoe covered with red and white ribbons. The shoe was the Niobe entwined. The presentation was made by Retired Third Officer "Bob" of the Niobe. The shoe was the best sister and stockholder in the league.

Canadian Teams in States

New York, March 6.—Canadian hockey did not know anything to American hockey. The game in their matches on this side of the border on Saturday. The Crescent Athletic Club seven is the champion of Montreal, 8 to 2, in the St. Nicholas rink here. The Cliffhangers of Ottawa were defeated by the Boston Hockey Club 4 to 3. Boston took the lead at the start, and at the end of the first half had the visitors 2 to 1.

The Ring

Charles Johnson, victor and boxer, and a first cousin of Jack Johnson, has just arrived in Sydney, N. B. Johnson has just arrived from Newfoundland, where he has been playing vaudeville. He while in Newfoundland boxed with Dan McDonald, the Cape Breton wrestler, who is now in hospital in St. John's.

J. S. GLIMO WRITES OF OLD RING DAYS AND TACTICS OF PRESENT

To the Editor of the Times-Star:

Sir,—From remembrance and experience in the past and observations of the present day game of boxing, I have thought a comparison of the past and present might be acceptable at least as showing often destroy the true intent and value of athletics. We saw some time ago a cinematograph of a boxing bout, by Nelson and the veteran colored boxer Dixon. It was fifty years past that we had seen one of a true type of fair stand-off boxing. The game of boxing that was in the days of Tom Sayers, with whom we went watching before his famous fight with Hercules in 1860. In this contest Sayers in the first round broke an arm and by blinding his opponent with the other hand he won. It was on the Cornish coast waters of England we met and talked. Sayers was a man of full, medium height, square of form in head and body, brown in skin and brown, and altogether very strong in muscular prominence in his whole make-up, in color of skin looking like a lion shaved. In those days of boxing or fighting to finish there was no desire on the part of any true boxer to attempt a clinch or holdfast of an opponent. It was then considered a foregone conclusion that the boxer showing this style was a beaten man or a coward. As boys at school and sometimes quarrelling, the matter would often be settled by a fair standing fight with bare fists. They would retire to the next set field or seashore with a few friends on either side. They would strip to the waist and start the conflict with each attempting to win one fist or the other by knocking his opponent over. There was no attempt to strike the fallen opponent. He would have full time to get himself fair on his feet again. This would continue until the one most distressed seeing for himself there was no possible chance of mastering his opponent would cry enough, and shake hands. Such was the game of many contest fifty years ago in that part of England. The present style is one so poor in contrast that when the cinematograph of the Nelson-Dixon bout in the rink in Charlotte street could remain in so it finished. It was, on the Battler's side, a continuous butting with his head down, as sheep butting, and with his hands, such as push, swing and clinch all through, with the so-called great Nelson. It was most pitiable to think that such a miserable showing as the white Nelson made with the fair fighting of the free stand-up veteran colored champion of the belt for so many years, that we felt ashamed of the white race of the present day boxers. The colored man stood straight while he lasted and it is supposed to after failure in

AMUSEMENTS FOR OURSELVES AND OTHERS

THE STAR

The Star begins the week with the Vitagraph sweet home-story, "A Light at the Window" as a leading feature. This is a delightful story with fine moral lessons. The Vitagraph farce "Bumptious Guts a Joke Played Upon Him," is another winning attraction, something a popular and humorous of seeing more than once. The instructive part of the bill will show "Hunting Sea Lions in the North Sea," and there is to be a Pathé farce "How To Get Rich Quickly." Donald MacGregor will be heard in new song.

THE LYRIC

Speaking of Prof. W. H. Van Horn & Co., who will be seen at the Lyric Theatre for the first three days of this week, the New York Herald says in part: "No attraction at Coney Island this season has received as much as one passing mention as the Lyric Theatre. The fact that the professor remains another week at the park shows the value of his act from a business standpoint. He is a man of magic with Thermit and varies his programme by stowing things on ice with ice and waiting half of steel by the side of the ice. He also gets a cake of ice ablate, melts steel and iron filings in a few seconds, and in an excellent manner welds together two pieces of iron. He manufactures a bagful of snow in full view of the audience and performs a number of other wonderful facts. Altogether it is one of the most remarkable that have been seen in the city. The pictures will embrace four late subjects.

THE UNIQUE

The Gaumont weekly film review of recent happenings will lead in a picture programme of considerable merit at the Unique Theatre today and Tuesday. Foremost to be shown in the picture will be the opening of parliament. In this picture the stay at home will be given an opportunity of seeing their Majesties pass through the immense crowd in their stage coach, and of seeing the members of the all British aeroplane meeting at Salisbury Plain. Apart from these features there is a picture of the "The Adventures of Bob in Marseilles," an educational comedy. Miss Mackenzie will sing, "Those Sons My Mother Used to Sing," and although this number has been used many times before, in this singer's hands it is expected to give more delight than ever.

OPERA HOUSE TONIGHT

The second and last week of Myrtle Harder Company will open tonight with a scenic production of Capt. Clay of Missouri, a play dealing with people in Missouri, and Capt. Clay, a politician and a good fellow, who is being plotted against and is taken in hand by his sweetheart, who will marry him and she will not let him go until he has paid her a large sum of money. This is a well acted drama in its own right and tomorrow at the Gem, presenting in an intensely interesting way, this problem relating to the lives of an old soldier and his wife. The picture is from the Biograph studies. Only a story of western life, she is a really good and devoted sister who will do for her brother what she can. A touching scene of human interest runs through the story. "Big Medicine" and "Big Medicine" are two exhilarating comedies, with numerous situations in them calling for hearty laughter. The latter will sing "The Town at the End of the Lane," and a choice new programme by the orchestra is announced.

IF YOU DESIRE TO EAT A BAKED FISH WHOLE AND HAVE IT STAND UPON THE PLATTER, PUT A CARROT INSIDE THE FISH BEFORE COOKING AND IT WILL REMAIN IN POSITION.

and thus do we think that eventually spirit of peace and kindness will be the dominating point of true humanity inaugurated by British and her descendants. We have written this experience of a past era in the hope that the youth of the country may emulate the virtues of vigor and stamina of a day when health, beauty and strength were more dominant than the present time—the days of the past being evidence. To do this successfully they must observe how nature guards the lower animal from disease and death. The line of wholesome and purity to be come strong men, and thus stay the cry of degeneracy and decadence of what is considered the noblest work of God—intellectual, strong and reasoning method. In the interest of clean and courageous sport.

Yours sincerely,
J. S. GLIMO.

AMUSEMENTS FOR OURSELVES AND OTHERS

THE STAR

The Star begins the week with the Vitagraph sweet home-story, "A Light at the Window" as a leading feature. This is a delightful story with fine moral lessons. The Vitagraph farce "Bumptious Guts a Joke Played Upon Him," is another winning attraction, something a popular and humorous of seeing more than once. The instructive part of the bill will show "Hunting Sea Lions in the North Sea," and there is to be a Pathé farce "How To Get Rich Quickly." Donald MacGregor will be heard in new song.

JANUARY C. P. R. EARNINGS SMALLER

Gross Receipts Greater and Show Nearly 10 Per Cent Gain in Seven Months

Montreal, Mar. 6.—For the first time in many months, Canadian Pacific, in January, showed a decrease in monthly earnings. The net showed a total of only \$636,117 as against \$1,316,587 in January, 1910, a decrease of more than 50 per cent. This, however, is misleading as an index of earning power for it should be borne in mind that earnings of this road in January are in large part expended on the demerol or indemnity of the weather conditions. Net in 1910, for instance, was \$1,316,587, which was the largest for that month in the history of the company, compares with total net for January 1909, of only \$650,740 while loss in 1909 net amounted to \$1,282,294.

In spite of this decrease in net, the gross earnings continue to record gains. The gross for January amounted to \$5,740,000, an increase of more than 11 per cent as compared with last year, and marking a new high record for January gross. It is interesting to note that in spite of the predictions of President Shaugnessy last fall, that Canadian Pacific might be able to show a decrease in gross earnings, the shortage of crops along its western territory which it serves has so far prevented any such development.

For the first seven months of the current fiscal year Canadian Pacific has shown a net profit of \$1,222,855 which is already \$5,500,000, or nearly 10 per cent in excess of all previous records, and is 30 per cent in excess of the gross for any previous year except 1910.

The net, moreover, amounting to \$2,272,824 for seven months is an increase of nearly \$2,000,000 as compared with last year, a gain of nearly 10 per cent. It is already larger than net for any entire fiscal year in its history except 1910 and 1907. The largest net the road ever showed in a full fiscal year, prior to 1910, was in 1907, when the total net was \$23,302,000, or only \$2,000,000 larger than the net for the first seven months of the current fiscal year.

IN THE CHURCHES

In Zion church last evening Rev. Wm. Lawson took as the subject of his sermon "The Joy of the Holy Spirit." He showed the joy of sinful pleasures and contrasted them with the joys of following in the way of God.

The pulpit of the Congregational church yesterday was occupied by Rev. H. S. Mahood, of Paris, Ont. In the morning he addressed a large congregation on "The Silence of God." He preached at both services, and in the afternoon he was very striking speaker. It is possible that he may be tendered a call to the pastorate.

Rev. F. S. Porter, of the German street Baptist church, delivered an interesting sermon last night on the Fine Art of Hope.

A meeting of the United Baptist young people's league was held in the Lutheran church yesterday afternoon. It was decided to undertake the support of a missionary in Persia.

Rev. Dr. Chown, one of the general superintendents of the Methodist church in Canada, occupied the pulpit of Portland Methodist church yesterday morning and that of Centenary church in the evening. There were large congregations at both services. His subject in the evening was Holiness, and the sermon was most interesting.

THE ARTILLERY

The annual meeting of the officers of the 2nd Regiment, A. A., took place Saturday night. Col. J. B. M. Baxter presided and nearly all the officers were present. The reports of the various companies and the condition of the regiment is in a very flourishing condition. A regimental committee was appointed, consisting of Major L. W. Barker, Major W. H. Harrison and Major B. R. Armstrong. The band committee for the year is composed of Capt. Harrison, Capt. Magee and Capt. McGowan. Plans were discussed for the season, but nothing definite was settled upon.

Burdock Blood Bitters

Burdock Blood Bitters regulates the digestive and biliary organs, removes acidity of the stomach, improves digestion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body.

Mrs. C. Meadows, Clarkburg, Ont., writes: "For years I was troubled with sick headache and indigestion, and was constipated. I was forced to try Burdock Blood Bitters, and after only three bottles of the medicine, my bowels fed like a new person. I am completely cured. I can truly testify that B.B.B. is the best medicine I have ever used."

Burdock Blood Bitters, has during the last 35 years built up an unrivalled reputation as a cure for all troubles arising from a constipated condition of the bowels.

STANLEY WAS UNABLE TO LAND MAILS

Back in Port After Rigorous Trip to as Near Magdalen Islands as Ice Would Permit

The return of the Gov. Steamer Stanley on Sunday marked the failure of the first attempt to land mails on the Magdalen Islands during the winter season. She reports the winter there particularly rigorous, and that it was impossible to get nearer than forty or fifty miles. The Stanley had a hard battle with the ice in the struggle to accomplish her mission and was twice caught in the heavy ice—going and coming. It was with the greatest difficulty that the steamer kept from being hemmed in. Signals of distress were shown from Flat Island, but on approaching it, it was found that those inhabiting it were only anxious to find out why the relieving staff had not reached them.

Some members of the crew managed to get ashore on St. Paul's Island by walking over the ice. The ice was reported as being of great thickness and surrounded the islands for many miles. The weather was bitterly cold and there was considerable snow.

The sturdy little vessel bears evidence of her hard experience as she is coated with snow and ice of a great thickness, covering decks, deck house, rails and masts. The mails were unloaded from the steamer at the ballast wharf this morning, and the many mistletoes, both business and of a personal character, addressed to the ice-bound folk of the Magdalens will be returned to the senders to await the opening of navigation in the spring. The Stanley will leave soon to relieve craft frozen in the ice at Lunenburg, L'Anse-au-Loup and other Nova Scotia ports.

LOCAL AID TO STARVING IN CHINA

Evangelical Alliance Appoints Committee to Take up The Matter—Dr. Chown Heard

The members of the Evangelical Alliance at their monthly meeting this morning were addressed by Rev. Dr. Chown, general superintendent of the Methodist church in Canada, and they listened with pleasure and appreciation to his remarks, tendering him a hearty vote of thanks at the close. Rev. Dr. Reid presided, and there was a fair attendance.

Rev. Dr. Chown was given a warm welcome. He dealt with three important problems—civil instruction in schools, better care of prisoners, and the uplift of fallen women. With each feature he dealt at some length, and his remarks showed a careful study of his subject.

He spoke of the need of making children become better men and women, socially, intellectually and especially spiritually, and said that Christianity was really the most important feature of education.

Regarding the care of fallen women, the speaker said, he had addressed them in Toronto, and had found that they were for the most part, disgusted with their lot, but social conditions prevented their bettering themselves, or freeing themselves from their surroundings, or making a start afresh. Dr. Chown said that the method of treating the man should be generally severe as it is with the woman. If a tree were destroyed by a man, he would be sentenced to five years in the penitentiary, but when a man destroyed the life of a creature of the other sex, he was meted out but little punishment.

Speaking of the care of prisoners, he touched on what had been done in other parts of the country in the way of establishing reform schools, farms, etc. In Ontario he visited the reform school or farm established and was surprised at the law and order which prevailed. No guns or fences were in evidence, yet there were boys working about with every chance to escape, yet did not attempt to do so. Their word of honor was taken, and this they endeavored to keep. The parole system was a man's word is taken, even though he is a criminal, has considerable effect on the bettering of the life of even the most hardened of this class. Keeping a man in jail or in a penitentiary for a long term only embitters him against his fellow men, and does not permit him to be better if he desires.

Moved by Rev. W. R. Robinson, and seconded by Rev. Dr. Lang, a hearty vote of thanks was tendered the speaker.

Before the address of Dr. Chown was given, the matter of the famine in China was brought to the attention of the alliance, and it was felt that something should be done in the way of lessening the hardships of the people of that country, as far as the local body was able to assist. A committee, composed of Rev. Messrs. Raymond, Manders and Lang, was appointed to proceed in the matter, endeavoring to secure subscriptions or in any way forwarding money to the stricken kingdom.

The Woodstock team has also entered, and it is likely that there will be at least ten teams in the competition.

I. C. R. LOCK-UP SOON READY.

The new I. C. R. lock-up in the Union depot will soon be ready for occupancy. The workmen are busily engaged putting on the finishing touches and it is expected to have it ready toward the latter part of this week. The new "pen" will be used by the city policemen as well as the station officials. It will be a great benefit to the local police, as, instead of taking prisoners away up to the King street East jail, or to Water street, as heretofore, they can place them in the new lock-up. The work is being done by I. C. R. workmen.

Donaldson liner Cassandra arrived at Glasgow from St. John on Saturday.

WHAT CITY OF ST. JOHN MIGHT HAVE GAINED

Protectionists of Ontario Shut Us Off From Benefits—Extract From F. B. Carvell's Speech

The following extract from F. B. Carvell's speech in parliament last week is of special interest in St. John:

"I myself applied to the finance minister to reduce the duty on an article which could be manufactured in St. John in enormous quantities, right on the shores of deep water, whence it could be shipped to the United States, an article of which millions and millions are sold every year. The minister could not do it because an industry in Ontario might be affected, and he could not do it, I do not know whether he was offered it by the American commission or not, as he has a faculty of holding his peace. I know he did not take off the duty, and that the city of St. John cannot have that industry which would employ hundreds, I believe thousands of men in the next five years and would become one of the greatest industries in New Brunswick, simply because some protectionist gentlemen in Ontario felt that they would be affected."

ZION CHURCH MAY MAKE PEWS FREE

Zion Methodist church may have free pews as a plan has already been formulated which will be decided upon at a meeting tomorrow night. The plan is to have each member of the congregation make a monthly subscription to take the place of the revenue derived from pew rents and this to be collected by collectors appointed for the purpose. Those having the matter in charge have received much encouragement, and the belief has been expressed that the idea can be worked out all right.
