

Miramichi and the North Shore, etc.

MILLER'S.—The name of the Post Office formerly called Derby, has been changed to "Millerton" the change taking effect on 1st inst.

CENTRAL.—The Royal Canadian Club Medal was won this afternoon, by Skip T. G. Loggie, with a score of eleven points.

REVEREND CARIBOO were killed by John Connel of Bartheleme in two days. The hind quarter were sold in Newcastle, Douglastown and Chatham at about eight cents per lb. They weighed from 18 to 40 lbs. each.

NEW ENGINE.—The new engine for the Chatham Railway arrived and is now running over the road, a fact that is creditable to the enterprise of Mr. Snowball, who is keeping this road in operation in the face of many disadvantages.

THE SLEIGH FISHING season has been "finer" so far as to extend to 10th inst. Many of the shippers are not well pleased over the manner in which the information was expressed, until a certain "official" shipper had taken advantage of them to secure a large lot for his operations.

CORRECTION.—Mr. Thos. McLaughlin informs us that it was \$225—not \$245—that his own voucher appeared in his account as Read Commissioner. We do not know whether the error was in the Council Committee's report, or made through our reporter's bad hearing, but we gladly make the correction.

THE BANK.—Mr. W. Hudson Matthews, who has been "the popular teller" of the Bank of Montreal for about three years, has been promoted to Brockville Agency. Mr. Benedict, of the Newcastle Agency temporarily and acceptably fills his place, while Mr. Ambrose, of the Chatham Agency, is assisting Mr. MacKenzie at Newcastle.

STRONG DEATH.—An old man named Michael Crowe of Newcastle, who lived alone, died suddenly last week. He was last seen on Monday 24th. On Friday Mr. Jas. Match went to his house and found him lying dead, in such a position as to indicate that death had taken place while he was attempting to make a fire. Coroner Joseph Chaplin held an inquest and a verdict was returned in accordance with the above facts.

CONCERT.—The programme of the concert to take place at the Pro-Cathedral on Tuesday evening next is as follows:—Instrumental.—Orchestra, Chorus "Magnificat"; Est. Solo Soprano, "L'Alceste"; G. S. Smith, "Gustave Smith"; Quartet and Chorus, "O Give ear unto me"; Solo and Chorus "Tantum Ergo"; Hagny Bass Solo; Solo and Chorus "Agnus Dei"; Coleman.

CRICKING.—The match between the St. John and Chatham Crickers played on Wednesday last, seems to have awakened a spirit of emulation in our local Club which is producing match after match on each play-day. A match composed chiefly of the youngest crickers of the Club had the spirit to challenge a rink of five out of the eight who played against the St. John men. To make the match more interesting "the oysters" depended on the result. The game took place on Friday last, the following being the players and results:—

Seniors.—T. H. Fleiger, J. Fred McMillan, W. Wilson, P. H. C. Beeson, John Johnston, John McDonald, E. Hutchinson, F. S. Desbriay, D. G. Smith, Skip 16 D. Chesman, Skip 10. On the same day rinks skipp'd by Messrs. James Neilson and Andrew Brown played against each other for oysters, Skip Brown winning by a score of 16 to 6.

As if there was a conspiracy against the victorious players in the match, Juniors vs. Seniors, a lot of "old players" in place, the men who played against the St. John cricketers. The deft. deft. was accepted and play took place again for oysters on Monday 31st. It was intended to play five men on each side, but only four in each rink took the ice at 2:30 p.m. "A rink that had never been beaten" came near losing its laurels, for under Skip John Brown, his side ran away from the opposition at the start, scoring six in the first two ends, and having 13 to their opponents' five before the latter rose to the emergency. The sympathy of the whole Club and visitors seemed to be with Skip Brown and his men, but though they had so much in their favor, the stern chess was gallantly maintained and gradually the gap was closed. When time was called, the score stood even, each side having made 20 points. Another end was played to decide the game, and when it was over the record stood as follows:—

F. H. Fleiger, Geo. I. Wilson, M. C. Clark, W. Wilson, W. S. Morris, John Johnston, John Brown, Skip 20, D. G. Smith, Skip 21. The oysters were lost and established the whole Club to meet at the Metropolitan Hotel, where the bivalves were served up in excellent style by host Jardine on Monday evening.

The next match is to be between natives and all-comers—4 rinks a side, or 32 men in all. It will be the most interesting of the season and will, probably, come off on Friday.

St. John's Church Lecture Course.—Last Tuesday evening in the Temperance Hall, the people of Chatham were afforded the opportunity of a rare pleasure in the lecture on "Mind and Books and their Relation and Influence" by the Rev. Andrew Burrows of Truro, N. S. This lecture was of a high order of excellence. The audience showed their appreciation by close attention and hearty applause. The style of the lecture was in many respects not only entertaining, but in a unusual degree, instructive, elevating, stimulating and suggestive. He showed the immense power of mind and of books, both for good and evil, and the means as well as the importance of mental improvement. A psychological outline of the various powers and departments of mind, as well, probably, as instructive to many of the young to whom in an especial way the lecturer addressed himself throughout, he proceeded to a review of English literature in its branches of biography, history and poetry. He set the Book of God in its right place as the crown of literary excellence and the first subject of mental study. But we feel that we could not do justice to the lecturer by any attempt at a review. We would be glad to hear of the Rev. gentleman again visiting our town on a similar errand.

A cordial vote of thanks, moved by Rev. J. McCarter of Redbank and seconded

by Rev. J. C. Herdman, was unanimously tendered the Lecturer.

At the close Mr. McLean, to whom the public is indebted for these lectures, announced that the Rev. J. C. Herdman, of Campbellton, would deliver a lecture next Tuesday evening, Feb. 8th in the Temperance Hall at 8 p.m. on "Every Day Wonders." It is needless to say to the general public, that Mr. Herdman will sustain the existence of the lectures already ready given. This will be the last lecture of the course and should be well patronized. Admission 10 cents.

Meeting of Presbytery.—The Presbytery of Miramichi held its quarterly meeting at St. John's Church, Chatham, on Tuesday last. There were seven ministers and two elders present, and a good deal of business was transacted, some of which of general interest we report.

Mr. Maxwell, Missionary at Metapedia, etc., submitted a very gratifying report of his work there last season. There was also one from Rev. Mr. Mason from Tabusaitac.

Rev. John Leishman reported his work at Douglastown, from which it appeared, as also from verbal reports by Messrs. Wm. Russell and James Henderson, of Douglastown, that very marked success attended his services. He was welcomed in all the homes he visited; and a universal regret seemed to prevail that his services could not be permanently secured. The Church has been freed of debt, and is now regularly occupied for worship. This is largely due to Mr. Leishman's efforts, and the very liberal contribution of \$100 by the Hon. R. Hutchison. Rev. Mr. Murray will supply for a time. The boundaries of the congregations were defined as follows:—"That St. Mark's congregation shall comprehend all those families on the North side of the river, between Rosebank and the Lower Mill Cove, with the exception of such families as will remain bona fide, supporting members of the living congregations."

Rev. Mr. McLean gave in his report of the action of the Supplementing Board. A letter was read, signed by the Rev. Mr. Sedgwick, of St. John's Church, setting forth the position and claims of that Church, and urging increased liberality in its support.

The Presbytery considered the report of the General Assembly regarding the proposed annual Sessional Fund for the Church. After due consideration it was unanimously agreed to express a preference for a supplementary Fund, and to urge a greater amount of liberality in support of the fund than has been hitherto accorded to it.

The Rev. Mr. Herdman called the attention of the Presbytery to the illness of Rev. Mr. McLean, and he moved, seconded by the Rev. Mr. Aitken, that the Presbytery grant Mr. McLean, 3 months leave of absence, from the second Sabbath of February, and further that the Presbytery supply the pulpit during his absence by its members giving each a day's service. The Presbytery expressed cordial sympathy for Mr. McLean, in his present indisposition, and also their earnest hope and prayer that he might be speedily restored to his wonted health and work.

After making arrangements to secure supply for Mission Stations during the coming summer, the Presbytery adjourned to meet in St. James' Church Hall, Newcastle, the first Tuesday of April next at 10 a.m.

Annual School Meetings.—TUESDAY, Jan. 25th, 1881.

Mr. E. Burrows, of the Annual School Meeting in District No. 7, Annapolis, was held on the 13th inst. in the new school house. Mr. William Blake was appointed Chairman, and John Johnston, Secretary to the Board, acted as Secretary. The Trustees' report showed the receipts of the year to have been \$173.95 and the expenditures \$156.01, leaving a balance in favour of the District of \$17.94. The amount assessed last year was \$50 and the amount collected was \$61.60, including the defaulters' lists of 1877, '78 and '79. Mr. Ebenezer Vandyke was the retiring Trustee, and Mr. Charles W. Murphy was elected in his place. Mr. John L. Blake was chosen Auditor. The amount voted for general school purposes for the ensuing year was \$60. A second class teacher is wanted for the District. JOHN JOHNSON, Secretary.

DISTRICT NO. 13 DEBBY.—Mr. Joseph Amos, was appointed Chairman, and Mr. John Russell, Secretary. Mr. Edward Robertson, retiring Trustee, was re-elected, and an assessment of \$130 was voted for the current year.

The County Court.—Our report of the proceedings of the County Court is crowded out this week. His Honor Judge Botsford presided, for Judge Williston who was indisposed. The following order was presented by the Grand Jury:

We the Grand Jury of the County of Northumberland assembled to make inquiry into the affairs of this County generally, and to report thereon to your Honors. We are glad to meet you for the first time since the opening of the County Court during the session, and take this opportunity of showing our appreciation of the remarks in your address relative to the state of Northumberland in particular, and the northern counties in general.

Trusting that you may long spare to the County, thank you most cordially for having so readily responded to the request of our esteemed Judge. His Honor Judge Williston, and will never cease to remember your kindness in consenting to come to us in the last instance of a summons, which will entail upon you a vast amount of labor for some time to come.

Should we wish also to express our regret at the indisposition of His Honor Judge Williston, and trust that he may, in the course of a few days be sufficiently restored to enable him to attend his duties with his usual judgment and impartiality.

Trusting that you may long spare to continue the course of integrity and honor that you have always pursued.

We beg to remain Most respectfully yours, JOHN O'BRIEN, Foreman. His Honor had in his address referred to the fact that he was no stranger to the County having studied law here for some time, and he showed that his interest in our affairs was, therefore, all the greater.

Douglastown Notes.—DOUGLASTOWN, Jan. 31st, 1881.

DEAR ADVANCE.—In one of your late issues I notice a communication from Douglastown, giving among other items of news, a short account of St. Mark's Church here, and that a tea marking would be held in connection therewith on the 27th inst. for the purpose of clearing off the debt on the church. For of past few weeks and up to the date on which it was to be held, the ladies were very busy in preparing for the event. They met with some drawbacks, but their energy never flagged but rather their zeal seemed to increase. The day was fine, and gave promise of a lovely night which seemed to add more vigor to their efforts, now that they were likely to be crowned with success. Nor were they disappointed.

As the time announced for opening, arrived, sleigh load, after sleigh load from Newcastle, Chatham, and surrounding country came pouring into our quiet little town, giving it quite a lively appearance. The ladies having their readiness, as that when 7 p.m. arrived, the company were able to sit down to tables well laden with neatly appointed to please the eye and tempt the appetite of the most fastidious. Ample justice having been done to the establish, and the tables cleared away, the company was treated to some music both vocal and instrumental. A good many of the young folk, and some "not so young as they used to be" wished "to trip the light fantastic toe" which they did for some time, though owing to the crowded state of the Hall, under slight difficulties, during the first of the evening. Too much praise cannot be given the young ladies who arranged and carried out the tea meeting, for through their efforts the debt has been cleared off the church, and Douglastown congregation now on its feet in having, free of debt, as handsome a church as can be found in New Brunswick. The amount realized at the tea meeting, after paying all expenses amounted to the handsome sum of eighty dollars.

The young ladies not content with having a tea meeting, are now busy preparing for a concert to be given by the Sunday School scholars, and which, will, I've no doubt, be creditable to those concerned in the undertaking. Rev. Mr. Leishman, who has been preaching here for the last seven Sabbaths, has left us and intends starting for Montreal to-day where he will preach next Sunday, and then proceed to Ontario.

Our schools are all now running. Two assemblies will supply for a time. Mr. McLoth has charge of the advanced school, Miss Russell, Miss Purvis and Miss Sullivan the Primary and Intermediate departments.

Now Mr. Editor, hoping you will excuse me for taking up so much of your valuable space, I am, yours, &c., B.

Fatal Accident near a Lumber Camp.—On Monday, the 24th inst., Mr. Thomas Call of the parish of Wolford, Kent Co., came to his death under very painful circumstances. He had been engaged during the winter in carrying on lumbering operations on Trout Brook, a branch of the Richibucto river. It would appear that on Tuesday evening the 18th inst., the cook, in attempting to cut down a tree near the camp, had lodged it in another tree near it. The next morning, as Mr. Call was leaving the site, he stepped on the trunk of the tree, which he had cut down, and he fell to his death.

At the last Annual Meeting, we reported of the "Advanced Department" of the Academy, in an unsatisfactory condition, and up to the 20th October, 1880, it, in our opinion, was still in that unsatisfactory condition, and in the educational interests of the district, we dismissed Mr. McCully and employed a Mr. Coyngraham in his stead, under whose charge we consider the Department is rapidly being brought forward to the condition it should have been in twelve months ago.

As a proof that the school was in the unsatisfactory condition we state, and that the dismissal of Mr. McCully was justifiable, we beg to inform the ratepayers of the district, that no pupils have been graded out of the Department for fifteen months, whereas grading used to take place every six months, previous to his taking charge of the Department, and when it was in the hands of an efficient teacher, and we further beg to inform you that it will take from 3 to 6 months hard work, yet before a grade is fit to come out of it.

We also beg to inform the meeting that we have only re-engaged the present staff of teachers for six months from the 1st November, 1880, and that our arrangements will expire on the 30th April, 1881.

There are more pupils attending the schools at present than has ever been the case, and their (the schools') capacity is overtaxed, and we would recommend the opening up of the vacant Department in which is styled the Miss Reid School, and the employing of another teacher to teach grades 3 and 4, but to enable us to do this, you will require to make an appropriation of \$300 in addition to the amount set off for our estimate for this year, to pay the teacher's salary and defray cost of desk and seating.

RICHARD DAVIDSON, Trustee. JOHN FERGUSON, Trustee.

The Report was received. Dr. A. C. Smith was elected Trustee in place of Rich. Davidson, Esq., whose term had expired. E. P. Willard, Esq., was elected Auditor for the current year. Resolutions were moved and carried to increase:

Miss Parker's Salary \$85.50  
Miss Hickey " 40.00  
Miss Reid " 40.00  
Miss Morrill " 40.00  
Miss Jones " 40.00  
The amount voted for support of the Schools the current year was \$2,500.

A Trip to Miramichi.—I left home for Miramichi, Thursday, December 29th. The night was bitterly cold. The engine broke down half way between Truro and Amherst, so we had the pleasure of waiting two hours on the road, until a new engine came from Truro. Some of the passengers growled some, like true philosophers, resolved that they would not be in the next. We got to Moncton about 2 o'clock. I stayed there till 12 o'clock next day, and then left by the Accommodation train for Chatham. It was an accommodation train in every respect, except that it gave no opportunity to the passengers to get up and see the country. The train was full of passengers, and we were crowded together like sardines. The journey was not very pleasant, but we got to Chatham about 10 o'clock. I was very tired, but I was glad to be home.
