

ALLIES GIVE GERMANS BIG EXPENSE CUT

Enormous Reduction in Cost of Army of Occupation is Agreed Upon.

PRACTICALLY OFFSETS TAX ON ALL EXPORTS

Reduction Will Bring Cost of Allied Forces on the Rhine to Sixth of Present Amount

Rome, Feb. 7.—Count Sforza, the foreign minister in the Chamber of Deputies, today made the important announcement that at the recent meeting of the Supreme Council in Paris it was decided to reduce the expense to Germany of the Allied occupation of the Rhine to 240,000,000 gold marks. On Italy's initiative this sum, which will include the expenses of the various inter-Allied commissions.

Big Aid For Germany.

London, Feb. 7.—Count Sforza's statement concerning important concessions to Germany by reducing the cost of the Rhine occupation to about \$120,000,000 sterling, which is only about one-sixth of the present cost, is the first official announcement in this respect, although it previously had been hinted. As the treaty provides for fifteen years of occupation, this reduction will make an enormous difference in the German budget and will almost offset the amount which it was estimated the 12 per cent. tax on German exports would produce during its early years.

CHILDREN KILLED WHEN GLYCERINE CAN DISCHARGED

Teachers and Six Pupils Lost Lives Because Child Found the Can.

SCHOOL WAS WIPED OUT IN EXPLOSION

Teacher and Eight of His Scholars Hurled Fifty Feet Into the Air.

Lawrenceville, Ill., Feb. 7.—Elliott Bunyan, school teacher, and seven of his pupils were killed instantly, and two others wounded seriously when a can of nitro-glycerine exploded today near the cross roads school, about three miles west of here. The explosion occurred at the noon recess, when one of the boys found the can near the school. Not knowing it contained an explosive, he playfully tossed it to a companion and the blast followed.

School Blown Down
One wall of the school house was crumbled, and Mr. Bunyan and eight boys were hurled about fifty feet in the air.

Several girls, who were on the outside of the school house at the time, were knocked down and stunned by the blast, but not seriously hurt. Officials of Lawrence county expressed the belief the explosive inadvertently was left where found by workmen in the oil fields near here as nitro-glycerine is used in "shooting" wells. The boys killed ranged in ages from 12 to 15 years.

Shot His Finger Off While Hunting

Upper Bay Du Vin, Feb. 7.—Clifford Cook met with a very painful accident while attempting to shoot a rabbit. After Mr. Cook had cocked his musket he fired and noticed some snow on the muzzle, and, while brushing it off with his hand, he discharged the gun, the consequence being the loss of a finger.

Peter Cook succeeded in capturing a large black bear near Redmondville.

Foot of Snow Falls

Fredericton, N. B., Feb. 7.—Several and a half inches of snow, as well as a considerable quantity of rain fell here during the week-end in the heaviest storm of the winter. It started on Saturday morning, continued all day and practically all night and Sunday until almost noon. From midnight until two a.m. on Sunday it was raining. The snow carried down branches of trees and telegraph wires, and telegraph wires had to be cut and it was this afternoon before the first train came in over the Fredericton branch.

TO BUILD STADIUM.

New York, Feb. 7.—The New York American League baseball club has completed arrangements for building a two million dollar stadium on the north bank of the Harlem river in the northern part of the city to accommodate 75,000 people. It is hoped to have it ready for the opening of the 1923 season.

Bird Hunting Hog Has Nervous Break After Pointing Chicks

Porker Kept on Duty for Three Days While Awaiting His Master's Return from City.

Natchez, Miss., Feb. 7.—The famous bird-hunting hog owned by Tucker Gibson, widely known Louisiana sportsman, has suffered nervous prostration and is in a serious condition, according to its owner who recently brought it here from Louisiana to train for the spring field trials. According to Mr. Gibson, after the field trials in which he felt assured, his porcine competitor would make good in competition with the dogs entered, he intended exhibiting the hog in Natchez and with this end in view secured a number of birds to be employed in the act.

Mr. Gibson left home for several days, leaving the birds in a cage. On his return he found the porker had located the birds and had been "pointing" them continuously for three days and nights. The intense mental strain together with the fact that the hog had not eaten during that time he said brought on a general collapse.

INSANE OLD MAN KILLS ONE WITH CHARGE OF SHOT

Infuriated Against His Niece He Shot Her Husband in Mistake for Woman.

Brookville, Ont., Feb. 7.—Derrick Tennant, alleged self-confessed murderer of Robert Wood at Caltonville this morning, was lodged in jail here at noon by Constable W. I. Mallory, of Mallorytown.

The shooting, it is alleged, was deliberately planned by Tennant, with the object of killing Mrs. Wood, his niece. In the darkness of the early morning, he called, expecting her to answer. Instead, Wood responded, appearing in his night clothing. He was instantly killed, falling down from the star case in the farmhouse after two charges of buckshot had lodged in his chest. Mrs. Wood jumped from an upper window, and escaped to a neighbor's house. She was injured in the leap.

Burned the Barns
Tennant then set fire to his barn and going to a neighboring farm house surrendered, later trying to shoot himself and falling in this to cut his throat. The man is believed to be mentally unbalanced. Coroner Dr. Harding has opened an inquest at Caltonville. Wood went to Caltonville a year ago from Governor, N. Y. Mrs. Wood was to look after her uncle for the remainder of his life in return for receiving the farm, and \$2,000 cash. The old man became dissatisfied with the arrangement and complained of ill-treatment. Investigation by a constable last week could not substantiate the charge.

Some 2,000 cards a day are made out in connection with what was the Canadian Expeditionary Force, and the distribution of these medals will take place as promptly as received from Britain.

DE VALERA HAS BONDS.

Toronto, Feb. 7.—Eamon De Valera, the so-called "President of the Irish Republic," is an investor in Canadian Victory bonds. A bank in this city on Saturday received from a bank in Jersey City two coupons taken from Victory bonds and calling for the payment of \$5.50 in interest. The advice from the American bank contained the information that the money was the property of De Valera, the Sinn Fein leader.

"BIG TIM" SURRENDERS.

Chicago, Feb. 7.—"Big Tim" Murphy labor leader and politician sought in connection with a \$200,000 mail train robbery, at Pullman, last August, surrendered today. Vincenzo, an associate of Murphy's arrested in the charge, is out on bond. Both men denounced the charge as a "frame-up."

UNION LEADERS ARRESTED WHEN STRIKE CALLED

Charge is That They Violated An Order from the United States Court.

RELEASE ALL NOT AT UNION MEETING

Miners Declare They Will Fight Legality of the Order and the Arrests.

Pittsburg, Kan., Feb. 7.—District Judge A. J. Curran late today issued attachments for the immediate arrest of Alexander Howat, president of the Kansas coal miners, and for all of the members of the district executive board of the union. The order for the arrest of the union officials was made on application of Richard J. Hopkins, state attorney general.

Admits Calling Strike
When the Kansas miners' president was arraigned before Judge Curran he admitted he had called the strike. "Whether it is a violation of the court order is up to the court to say," he added.

Vice President Dorchy, brought into court with Howat, simply said: "I am guilty." Willard Titus, a board member, also was hauled before the judge.

When Thomas Harvey, secretary and treasurer of district miners' union was brought before Judge Curran, he testified that he did not vote for the order calling the strike, and said that he opposed it in the discussion at the meeting. The court dismissed the action against Harvey.

Howat, Dorchy and Titus were also released on their own recognizance and ordered to appear in court tomorrow afternoon. Howat informed the court that Amos Standing of Rich Hill, Mo., is a phony Billings of Oseage County, Kan., board member, was not at the meeting of the board and the court dismissed attachments for them.

Arrested but Released
Thomas Cunningham, formerly district auditor, also was arrested but when he explained that he was no longer an official of the union he was discharged.

The attorney general contended that the strike was in violation of the injunction issued last summer by Judge Curran, and that therefore the miners' officials were in contempt of court. It was asserted that the calling of the strike was in the nature of a test of strength between the howat forces and the Kansas industrial court.

Trotsky Wants Army Ready For New War

Nothing Must Be Done to Irritate Germany or Japan He Declares.

Stockholm, Feb. 7.—Addressing the Moscow Soviet recently, War Minister Trotsky argued that nothing must be done to irritate Japan, says a Holstenberg dispatch. Japanese neutrality and German sympathy, he declared, are necessary for the Soviet when it was beginning a war in the Near East. Trotsky also advocated the maintenance of an army of two millions, delay in the conclusion of peace with Poland, the concentration of Soviet troops in the neighborhood of Baltic States and the Finnish frontier and the most friendly relations with Germany from which, he said, war materials would be procurable.

HOLD GENERAL ELECTION NOW SAYS GAZETTE

Paper That Supports Meighen Government Urges An Appeal to People.

"LIFE OF MINISTRY" HANGS BY THREAD

Declares That "Strong and Efficient Administration is Impossible" at Present.

Montreal, Feb. 7.—Under the caption "Why Not an Appeal," the Gazette tomorrow morning will urge editorially upon the Federal Government the advisability of a general election after the Supply Bill has been proceeded with.

The Gazette will say in part:—"The by-elections won by the Government mean merely the retention of seats and indicate no new popular confidence, while the contest seats like East Bigh and West Peterboro have swung to the opposition and weakened to that extent the strength of the ministry. It happens that at the moment the time is propitious for an election, says that supplies have not been voted—the advice we have to give to the Government is to proceed with the supply bill, and then permit the electorate to express his preference for parties in order that stable administration and confident policy may be carried on."

Situation Now Uncertain.
The situation is now uncertain; the life of the ministry hangs by a thread; and under the circumstances strong and effective administration of affairs is impossible. Mr. Deane, despite the severe handicap of Mr. Burnham's candidature made a spirited fight and a strong run. The result is none the less disappointing from the government standpoint and more than is warranted by the actual facts. If there is one consoling factor it is that the constituency voted overwhelmingly in favor of a protective policy."

BASSAN WRECKED BY STRANDING IN ST. PIERRE PORT

Caught by a Gale in Miquelon Harbor and Driven Ashore.

Crew Rescued From the Ruined Vessel

Checked Career of the Ship Since Last September Ended by Final Disaster.

St. Pierre, Miquelon, Feb. 7.—The United States shipping board steamer "Bassan" stranded in the harbor here during a northeast gale today and will probably be a total loss. Her crew are safe.

The "Bassan" was on her way from St. John's, Nfld., for Norfolk in tow. She was leaking badly when she put in here January 26.

Tore Sides Open.
The wrecking of the Bassan, one of the wooden-walled ships built by the United States Shipping Board during the war, in the harbor at St. Pierre, Miqu., today probably marks the end of a troubled trip and of an ill-starred career. The steamer set out with coal from Norfolk, Va., for Botwood, Nfld., last September. A storm off Cape Race loosened her sides and she sprang a leak. Help was asked by radio and she was taken in tow.

Sinking When Beached.
At the point of sinking the "Bassan" was beached. After repairs she was refloated and started for St. John's. She was ashore again at Trepassay. The "Bassan" was floated with difficulty at that time and taken to St. John's where she was patched up. Tugs that were to take her back to United States ports also ran into trouble that delayed her departure, but she was eventually able to start, only to develop leaks shortly after she left the Newfoundland port.

Some Identify Prisoner and Fatal Axe But Others Fail to Do So as Inquest.

Montreal, Feb. 7.—After the hearing of many witnesses and much evidence, the inquest into the death of Adeline Mather, the victim of the murder on Prospect street last Friday night, was adjourned this morning until Thursday next. The most important evidence against Arthur Jacques, the youthful uncle of the murdered girl, who is at present under arrest in connection with her death, was that of a young man, Mader, who swore to a hearing to met Jacques on Thursday and Friday evening in the vicinity of Prospect street. Reno Mader, a younger brother, was, however, unable to identify him as the man they met on Friday. Brothers and sisters of the victim also failed to identify the axe which caused the girl's death.

LIBERAL WINS W. PETERBORO BY OVER 1,287

Meighen Candidate Ran Second With Farmer Candidate in Third Place.

FORMER MEMBER POLLS BIG VOTE

Labor Man Was at Foot With About One Thousand Votes Only.

Peterboro, Ont., Feb. 7.—The by-election today in the party urban, and partly rural constituency of West Peterboro resulted in the defeat of the Government candidate, R. Deane by well over one thousand plurality. G. N. Gordon, Liberal, was the successful candidate. There were also in the field, a Labor, a Farmer and an Independent candidate, namely: Messrs. McMurray, Campbell and Burnham.

Why the Fight
The election followed the resignation some time ago of J. H. Burnham, who was elected in December, 1917, as a supporter of the Union Government, led by Sir Robert. Mr. Burnham resigned as a protest against the Government continuing in office without an appeal to the electors, and in this contest he ran as an Independent, coming in fourth with the Labor man at the foot of the poll.

How They stood
At ten o'clock the vote stood as follows:—G. N. Gordon, Liberal, 2,387; R. Deane, Government, 2,097; J. C. Campbell, U. P. O., 2,423; J. H. Burnham, Independent, 2,416; Thomas McMurray, Labor, 975.

There are still five polls to hear from in the country. The final figures will make no material change in the standing of the candidates. Gordon leads the field by a majority of 1,287.

9,000 Against Government
The vote against the Government was over 9,000, or about 3 1/2 votes to one.

Mr. Burnham predicted that the vote against the government would be four to one. McMurray is the only candidate who lost his deposit. The result was never in doubt after the first half dozen polls were received. When the result was definitely known congratulatory telegrams were received by Mr. Gordon from all over Canada, including one from his father who resides in Toronto. One message read: "This will mean a general election."

How Burnham Voted
In 1917 J. H. Burnham was elected by a majority of over three thousand to one. He defeated the late Hon. J. R. Stratton by a majority of 45 votes. The city vote is strongly Conservative and the country has usually returned a majority for the Liberals. In the election the country went against the Liberal candidate and in favor of Campbell with the city vote running strongly for Gordon.

It was one of the most exciting election nights ever recorded in the city of Peterboro. Crowds lined the streets and in 1911 he defeated the late Hon. J. R. Stratton by a majority of 45 votes. The city vote is strongly Conservative and the country has usually returned a majority for the Liberals. In the election the country went against the Liberal candidate and in favor of Campbell with the city vote running strongly for Gordon.

WHO WISHED TO CANCEL LOANS MADE FOR WAR?

No One Can Be Found in Britain Who Made the Proposal is Claim.

UNITED STATES SAYS ONE NATION DID SO

Rt. Hon. J. Austen Chamberlain Refused to Give Any More Information on Issue.

London, Feb. 7.—An inquiry carried out in official circles with reference to the statement by Austen Chamberlain, Chancellor of the Exchequer, in his speech at Birmingham last Friday night, that the United States Government had refused a British suggestion for a general writing off of inter-Alleed obligations tends to show that the Chancellor's declaration was based on a misapprehension.

It became known late today that one British official who checked up the date at the Treasury during this afternoon, found that the matter had never been made the subject of formal exchange between the British and United States Governments.

Chamberlain is Silent.

Mr. Chamberlain declined today to accept or comment upon the state-ment made in his Birmingham speech.

In another reliably informed quarter it was declared that the matter had only come up in informal discussions between Allied financial representatives at the Paris peace conference, where the writing off was first suggested by the French to the United States representatives, and by them to the British. This was said to have occurred in February and March, of 1919.

Americans Were Opposed.

A year later when the British Treasury was engaged in a general discussion of Allied financial settlements the writings of the proposal was informally referred to United States Treasury officials by the British Treasury, but the United States officials conveyed an informal intimation, it was stated, that negotiations along that line probably would lead to unfavorable considerations on the part of the United States Government. It was then formally recommended, according to this informant, that the question of writing off the debts had been informally raised, but that in view of the United States attitude the British had decided the point would never be made the subject of formal discussions.

Nation Wanted Loan Cancelled.

Washington, Feb. 7.—Secretary of the Treasury Houston disclosed to the Senate Judiciary committee today that "one nation" had requested the United States to cancel its war loan to that power.

"What nation?" demanded Senator Reed, Democrat, Missouri.

"I prefer not to say," Mr. Houston replied.

How They Stand.

Secretary Houston informed the committee that while it was his policy not to establish additional credits for foreign governments, if requests were made for advances on credits already established, there was a possibility that payments would be made under "solemn commitments" already entered into.

The Treasury Secretary estimated that \$75,000,000 was the total of authorized credit not yet absorbed. Great Britain has taken its full amount, he said, but France, Italy, Czechoslovakia, Greece and Liberia have balances with the treasury.

Board of Trade Luncheon Rally

Large Number Attend "Get Together" Gathering Last Night.

One of the most notable gatherings in the recent history of the St. John Board of Trade took place at the Knights of Pythias Castle last night when upwards of 300 members of the Board and many friends took part in a luncheon and went through a most enjoyable programme. Some interesting speakers were on hand and their speeches had the merit of being short and to the point. A pleasant feature of the proceedings was the inter-ception between the various toasts of some very enjoyable singing, which was joined in most heartily by all present, while D. Arnold Fox accompanied.

The President of the Board, W. F. Burditt presided and he was supported by Premier Foster, His Worship the Mayor, and City Commissioners, and several ex-citric officials and chairmen of the Board of Trade. In the course of his remarks he referred to the excellent work that the Board had been able to accomplish for the good of the city, but he said there still remained a great deal yet to be done. The simplest way to get this done he thought would be to obtain the co-operation of all the other organizations in the city, as by joint effort there was more probability of getting what they wanted carried out. The gathering was intended to stimulate interest in the Board and its work and he earnestly hoped that all present who were not members of the Board would become such and use their influence to help on the work the Board was endeavoring to do in the interests of the city and community.

The Toasts.

The toast of The King was drunk with musical honors. The toast of the Port and The Province was proposed by H. C. Schofield, and in the course of his remarks he said that the work of developing the harbor of St. John commenced in 1892 but it was not until 1895 that any export trade of any consequence began to come through from Western Canada. At that time the value of the exports amounted to \$3,500,000, at the present time the value is \$200,000,000. The amount paid in wages for labor at the port is in round figures \$3,000,000 annually. Unfortunately the present equipment of the port is inadequate to its needs and it is essential that the most modern facilities be provided if the expansion of the port is to be accomplished. The question of harbor management had been a bone of contention for years, and he thought that the matter was sufficiently well understood by the citizens and it should be the duty of the City Council to take steps to have the whole matter placed before the people in a concrete form, so that they might vote intelligently on it. The C. P. R. had made some improvements and would make more, but they were unable to do anything until some definite plan for the future had been decided on. There are at present no facilities suitable for handling passenger traffic, which was a great drawback. He trusted that the whole matter would be taken up at an early date and dealt with so that work might be commenced and go ahead.

Premier Foster.

Premier Foster replied. He said he had been advised that ten minutes was the time allotted to him, but to him with matters relating to the port alone would take several hours, and if he had to go on to talk about provincial matters also, he would want all the time in the world. He would admit that the Board of Trade had done some excellent work in the past, but he had been in existence for 30 years and during that time had seen many other organizations come and go, and had outlived them all. The port of St. John had been a prominent question for the last 25 or 30 years, and matters relating to it had figured in practically every election that had taken place in that time. The development of the port was a provincial matter only, and it was one of Dominion-wide importance. It had been the policy of Sir Wilfrid Laurier and Sir Robert Borden when in office to promote trade by the all-Canadian route, and he thought that the Government had given financial aid to that that the traffic over them should be brought wholly through Canadian ports.

National Ports.

He believed in all ports being nationalized. It was a matter of national concern that the trade of the country should be conducted through Canadian channels, and for this reason the country should undertake the maintenance of the national ports through which this trade had to pass. With regard to Harbor Commission, he was not by any means well enough versed in the various matters connected with it to discuss or vote upon it intelligently. He thought that the City Council should have a synopsis of the matter prepared for circulation with all the facts and proposals set out, so that it might be able to make themselves fully conversant with it. The matter of charges should be carefully looked into, so that no discrimination might be made for or against this or any other port. If the council would call in the assistance of presidents of the other city organizations, the Board of Trade, Commercial Club, Rotary Club and so on, and prepare a statement showing the exact situation regarding the harbor and what was proposed and so on, the public would then know just what was before them. Speaking for provincial affairs, as head of the Government he felt his responsibility, but in the present reconstruction period, the province must go ahead, it could not be allowed to stand still, no matter what it cost. He would briefly on the most recent say being carried on and other matters of development, particularly Hydro-Elec-

CASH AND DRUGS STOLEN IN STORES

Liquor and Drugs Found by Police in a Barn and in a Hotel.

Special to The Standard
Woodstock, N. B., Feb. 7.—Police Magistrate Comben this afternoon held a preliminary examination on Mr. and Mrs. Ed. McDonald, charged with breaking and entering stores on Friday morning last. R. L. Simms, barrister, prosecuted, and the magistrate sent them up for trial at the April circuit court.

The witnesses heard were: H. T. Stevens, Mr. and Mrs. McArdie, Chief Kelly, Deputy Sheriff Moore, Constables Kirin, Novers, Lenzman and John Brown.

Raided Three Stores
The evidence showed that the thieves, whoever they were, broke into stores of Stevens Bros., J. R. Brown and the Yoxa Company about midnight on Thursday. They first evidently entered the Yoxa store, where they cut their hands in breaking the glass. For a light to carry on their work they used matches throughout the three stores. Here they tried the safe and cash register, but were unsuccessful for money and they were not able to procure.

Got Some Cash
Into Brown's they went and got about \$25 out of the till. When they entered Stevens Bros. drug store they found what they were after. They carefully searched the shelves and carried away all the dope to the value of \$200 that was in the store. They must have lingered there about an hour, because the floor was covered with burnt matches. They took about \$15 that was left in the till and a supply of liquor. Liquor and drugs to the value of \$16 was found by the police in a barn on Water street and in the bedroom of a hotel early Friday morning.

Town Council Meets
The newly elected town council held its first meeting tonight. After the inaugural address of Mayor Major, the different committees were appointed. J. C. Hartley was re-elected town clerk and solicitor, John S. Leighton was appointed principal assessor, and John T. Hibaudeau and Fred. D. Tweedie, assistant assessors. The town manager, F. Armstrong, gave an outline of the proposed work for the coming year. Owen Kelly was re-appointed chief of police and poor commissioner.

Sackville, N. B., Feb. 7.—Over \$22,000 of the \$50,000 that the Sackville zone has been asked to subscribe for the Mount Allison campaign has been secured. This was announced this evening at a big banquet in the Methodist church here, when Mr. A. E. Cope, M.P., and Dr. Eardson, the president of the university, gave addresses upon what Mount Allison meant to the Sackville community. Chief Inspector Hawthorne Here

Thinks They Have Man Who Broke Into Carload of Liquor at Vanceboro.

Chief Inspector Hawthorne was in the city last night and will spend the day here looking after prohibition matters. The chief thinks that in the person of Edmund McDonald they have the man, or one of a party of men, who broke into a carload of liquor at Vanceboro, which were consigned to the National Drug Co. of this city, and stole therefrom 48 cases of gin. The car was broken into on January 11th, and not until last Friday night was McDonald connected up with the case.

Brought Liquors to McAdam.
It is alleged that he, on that night, brought to McAdam some two hundred quarts of the liquor. C. P. R. detectives searched the house where McDonald was stopping, found the liquor in a trunk and had a hand fight to place the respondent under arrest.

Two Charges Laid

Two charges were brought against McDonald. One by Inspector Hawthorne charging him with the illegal possession of liquors; one by the Railroad company who allege the stealing of liquors while in transit.

The respondent, now under arrest, will be given a hearing before Magistrate Limerick at Fredericton this afternoon. McDonald was a former car checker for the C. P. R.

What Every Woman Ought To Know

THAT DODD'S KIDNEY PILLS MAKE HEALTHY KIDNEYS.

And that healthy kidneys by straining the impurities out of the blood make for good health all over the body.

Carmichael, Sask., Feb. 7.—(Special)—Miss Hazel Mace, a well-known and highly respected resident here is numbered among the many friends of Dodd's Kidney Pills who have made on the Prairies.

"I have found Dodd's Kidney Pills the best I ever used," she stated, "I would not use any other kind."

HON. H. WICKWIRE GIVES EVIDENCE ON ROAD ISSUES

Outlines Appointments to Highways Board in Making Nova Scotia's Roads.

Halifax, Feb. 7.—Hon. H. H. Wickwire minister of highways, was called to the witness stand before the Royal Commission investigating the construction of roads in Nova Scotia under the Canada Highways Act, late this afternoon, and was examined by Hon. A. K. MacLean, counsel for the Provincial government, as to his appointment, the appointment of the provincial highways board and the events leading up to the adoption on the part of the Nova Scotia Government of a comprehensive policy of highways improvement.

The testimony of J. K. Kellaher, formerly secretary of the board was concluded at this afternoon's session and J. J. Herbert, secretary of the Bedford Construction Company, contractors, gave further evidence as to the records missing from the vaults of his company. The only data he was in a position to produce, he said, was the stock book and stated at present he was unable to lay his hand on any records from which could be ascertained any information regarding their road contracts. PORT ELGIN MAY UNITE SECTIONS FOR BIG SCHOOL

Nine Districts Figure in Rumor of Amalgamation for Advanced Purposes.

NEW TOWN HALL IS ALSO PLANNED

New School Buildings Would be Required to House the Proposed Classes.

Port Elgin, N. B., Feb. 7.—A rumor is current concerning the consolidation of the Port Elgin, Bale Verte, Tudsh Bale Verte Road, Coburg, Woodside, Timber River Melrose and Bay-side School districts. The scheme is to make one school district of the whole nine, if possible, and to erect a new school house at Port Elgin, using the old school building for free Vocational instruction in agriculture, motor mechanics, home economics, bookkeeping, stenography, etc. It is understood such consolidation is well supported by the Board of Education with annual special grants and by the payment of 50 per cent. of the cost of bringing the students to the school in vans suitable for such work.

Another matter that is occupying the attention of the citizens is the proposed incorporation under the Village Incorporation Act, the petition already being signed and progress at present being deferred until a plan of the town boundaries is prepared to accompany the petition.

Undoubtedly the incorporation will lead to a new town hall, containing offices, stores and an auditorium, with a seating capacity of around 500.

New Jersey Farmers To Mix Fertilizers

Refuse to Buy and Manufacturers Reduce Price \$5 Per Ton.

New Jersey farmers have been greatly concerned, according to the Farm Federation of that state, over the high prices which fertilizer manufacturers and dealers are asking for this coming season's mixed goods. While the price of fertilizer ingredients has fallen 30 per cent or more during the last few months, quotations on the standard mixture have been practically as high as last year. The difference between the cost of raw materials and ready mixed fertilizers was so great that many farmers have been planning to buy the ingredients and do the mixing themselves, estimating that they could save \$10 to \$20 a ton. At a recent meeting of the State Federation of County Boards of Agriculture, a resolution was passed requesting an investigation to determine why the price of fertilizer mixtures had not fallen in proportion to that of raw materials. Within a week the price of mixed goods had fallen \$5 a ton. This difference on the 150,000 tons

CONTESTANTS WELL PLEASED WITH EXTRA VOTES

Wires and 'phone calls were received yesterday, thanking the Automobile and Movie Star Department for the additional week of extra votes. Several contestants inform us they intend getting busy this week and laying by a big reserve force of the extra votes. 200,000 EXTRA VOTES FOR EACH AND EVERY \$19 worth of subscriptions secured this week. STARR PHONOGRAPH OFFER CONTINUES THROUGHOUT NEXT WEEK ALSO, ENDING ON FEB. 19TH.

BULLETIN TO CONTESTANTS

Requests for more EXTRA votes has been granted—200,000 EXTRA votes for each and every \$19 worth of subscriptions secured during this week—Make the most of this added week for extra vote ballots that has been given you. The offer ends Saturday night, February 12th, and will not be given again. Special Starr Phonograph offer ends the following Saturday night, February 19th. Which contestants will win the magnificent \$211 Starr Phonograph.

Owing to the numerous requests for another extra vote offer received from the majority of the contestants, The Automobile and Movie Star Department of The Standard has decided to give the contestants another chance this week to secure extra votes. Many contestants stated that they had hardly got started on the extra vote offer before it ended.

It is our aim to assist and encourage the contestants in every possible way, consequently in view of the numerous requests for another chance for the extra votes, we have decided to give a bonus ballot good for 200,000 EXTRA votes for each and every \$19 worth of subscriptions secured this week. There is no limit to the number of extra vote ballots that a contestant may secure during this offer. One will be given for each and every \$19 worth of business collected.

GET AN EARLY START ON EXTRA VOTE OFFER.

It is a very poor plan to put off subscription-getting until the last day of a special offer, especially when the offer is as important as an EXTRA vote offer. Begin your campaign for the extra vote ballots TODAY—the first day of the extra vote offer—and make every minute of your spare time this week yield votes to the utmost.

No matter how many votes you have—secure more! It will take votes to win the big \$2,000 Studebaker, the Gray-Dort, the Ford, the Movie Star Contracts and the other regular prizes. You cannot have too many votes to your credit! It is far better to have more than you need when the Judges make the Final Count of Votes than to not have enough.

CLOSE RACE FOR STARR PHONOGRAPHS.
The race for the two \$211 Special Starr Phonographs was a very close one throughout the first week of the Phonograph offer. In fact no contestant can claim much of an advantage over the others in the race. The work done during this week and next week will therefore be the deciding factors in this race for these two desirable special prizes.

With best wishes for your success in securing votes and subscriptions during the Special Starr Phonograph offer, and particularly during this week—the added week of the extra vote offer, we are,

Yours truly

AUTOMOBILE & MOVIE STAR DEPARTMENT OF THE STANDARD

QUESTIONS ANSWERED

Ques. "Is it too late to enter the Contest and win one of the bigger prizes?"

Ans. It is not. New contestants are enrolling in the big \$15,000 prize Contest daily and their chances are as good as anyone's if they get busy and secure their share of the 200,000 extra vote ballots.

Ques. I had \$4 on my \$18 Club of subscriptions, but was unable because of sickness to finish up the \$18 Club and get my 200,000 extra vote ballot last week. Will that \$4 count towards the \$18 Club of this week?"

Ans. Yes. Any contestants who were unable to finish up their \$18 Clubs last week, may apply the unfinished balance upon this week's \$18 Extra club vote offer.

Ques. "I sent you in a remittance last Friday (Feb. 4th) and have not yet received an answer. Did you get the subscriptions?" (A Wire)

Ans. My dear sir, kindly give us time. Your letter of Feb. 4th reached us on Monday morning Feb. 7th, half an hour after your wire arrived. Today the votes will be made out on your subscriptions, the subscriptions entered through our records, a record will be made of your votes, etc., and your letter will quite possibly reach the stenographer's hands tomorrow. Remember, that most of the active workers write to us the latter part of the week, sending in their remittances, and that each remittance has to be handled in its turn.

Ques. "Kindly give me your list of subscribers in my county and the counties adjacent?"

Ans. That is a very indefinite request. Give us the names of the towns, villages or cities for which you wish our lists of subscribers, and if we have not got active contestants in any of the places we will forward you the lists for the various towns.

Ques. "Can a contestant put in guesses in the Barley Guessing Contest?"

Ans. Yes, if the contestant pays his subscription through the Auto and Movie Star Department, so that he gets votes for same.

Ques. "Are any votes given for renewal subscriptions?"

Ans. Yes. The schedule set forth on the outside of your receipt book cover is for renewal subscriptions. You add 10,000 EXTRA votes for each NEW subscription which you secure which is a year or longer in length.

Ques. "My friends tell me that I am foolish to start working so soon in the contest. They say that most of the work will be done during the last week or two of the contest. How about it?"

Ans. Your friends are apparently not fully posted on the contest, also they haven't noticed the declining vote schedules which are in vogue in this contest. Any person with half an eye could see that those with the early start are going to have all the advantage in this contest when it comes to winning the big Studebaker, the Gray-Dort, the Ford, the Movie Star Contracts and the other regular free prizes. You will be making a foolish mistake if you wait until the last few weeks to get started. Begin your campaign now, and get your friends' subscriptions before they give them to some more enterprising contestant; and also get your share of the 200,000 EXTRA vote ballots while they are still to be had.

Ques. "Can I have my cousins in S— help me solicit subscriptions?"

Ans. Certainly. We are sending you receipt books and other supplies so that they can be properly equipped. You can have anyone, anywhere assist you in soliciting subscriptions.

Ques. "I can get several renewal subscriptions, but the subscribers' papers do not run out until next Summer. Will you start their papers when their present subscriptions expire, or will they be getting two papers at once?"

Ans. If you mark the subscriptions, "OLD," in the place left for that information on your middle receipt form, we will not start their renewals until their present subscriptions expire. If you mark the subscriptions "NEW" we will start papers to the subscribers at our earliest convenience, and they will be getting two papers each. Therefore mark renewals "OLD."

Ques. "I received about 15 guessing-answers from your office. Is that all you intend giving me or was it a sample?"

Ans. We will be glad to send you more if you wish them. Kindly advise us how many you want.

Ques. "Are you giving away any other prizes than the two Starr Phonographs and the twenty-two prizes in the Guessing Contest?"

Ans. We gather from your questions that you have not been reading our advertisements as diligently as you might have read them. Do you mean to tell me that you didn't know that the first prize in the contest was a magnificent \$2950.00 7-passenger Studebaker Touring Car, and that the second prize was a handsome five-passenger Gray-Dort Touring Car; and that the third prize was a Ford Touring Car; and that the two Movie Star Contracts with the Universal Film Company were included in the prize list, as well as numerous other prizes, including 10 per cent commission to non-winners. Great Scott, brother, wake up! We thought everyone in Eastern Canada knew all about our generous offer of \$15,000 worth of free automobiles, Movie Star Contracts and other free prizes.

CONTESTANTS! ATTENTION!

When soliciting subscriptions be sure to tell NEW subscribers that it will be about 10 days or 2 weeks before their papers will start, but that they will receive the papers for the full length of time from when they start and not from the time you turn in the subscription. It is impossible for us to handle subscriptions with our usual promptness during a contest.

Contestants must not expect answers by return mail to their letters sent in at the end of a special offer.

It is Not Too Late to Enter the Contest. New Entrants Will Have a Good Chance to Win one of the Free Automobiles or Other Free Prizes.

THE OFFICIAL JAR

The above reproduction is from a photo taken of the official Barley Jar, after it had been filled, sealed and labelled by Mayor Schofield. Twenty-two free prizes, including a 5-passenger Ford Touring Car, are offered for the best guesses on the number of kernels of barley that Mayor Schofield poured into the Small's Peanut Butter Jar. We would suggest that you get a jar of Small's Peanut Butter, eat the delicious contents, wash the jar, fill it with barley purchased from Robertson's, count the kernels in your jar and thus arrive at some sort of an estimate on the number of kernels in the official jar. See the officially sealed jar on exhibition in the window at Macaulay Bros. & Co., 55 King street.

Says Tanlac Fixed Him Up So Fine He Is Always Recommending It To Others.

"For two years I was in such a weak rundown condition that I couldn't do a lick of work, but Tanlac has fixed me up to where I'm on the job every day feeling fine," said Charles Ryder, of 724 Robie street, Halifax.

feeling completely worn out. All I could do was to lie around the house, a burden to myself, and words can't express the misery I was in. "A friend of mine had gotten such splendid results from Tanlac that he insisted on my trying it, and the medicine proved to be the very thing I needed. Why, it has given me a fine appetite and freed me of all my troubles, and I'm feeling like my old self again. Officer Gorman told of placing the accused under arrest at one o'clock yesterday morning and of meeting him wandering around several times within the past few days. Remanded for investigation.

ST. JOHN VOCATIONAL SCHOOLS
The press of your city has recently published the refusal of the Council to grant any amount towards Vocational schools for the year 1921-22, their action being based on the protests of certain citizens who desire retrenchment and of certain others who claim that the present system of Vocational instruction, as conducted in St. John, is wrong and should be abolished. Besides this one of your leading journals makes the statement that "The scheme was originally squeezed through the legislature largely to give a job to a supporter of the present government."

Two drunks were remanded to jail. One of them stated that he paid \$10 for his liquor.

1 Pill a Laxative,
2 Pills a Cathartic,
3 Pills a Purgative,
This is the Way Milburn's Laxa-Liver Pills Work

You will never use any of the old griping nauseating, sickening, purging pills, containing, as they do, calomel, and other drastic mineral ingredients, once you use Milburn's Laxa-Liver, a pill that is purely vegetable.

Owing to the great care used in procuring the highest grade of drugs from which they are manufactured, they are as near perfect as it is possible to get a laxative remedy.

They work gently and effectively, without a gripe or pain. If you are troubled with constipation, biliousness; driven to distraction with sick headaches, if your tongue is coated, your breath bad, your complexion maddly, your eyes yellow, have floating specks before the eyes, jaundice, itching, bleeding or protruding piles stir up your sluggish liver with a few doses of Milburn's Laxa-Liver Pills.

Mrs. Roy Mackie, Orillia, Ont., writes:—"I desire to express my thanks for the relief I have had by using Milburn's Laxa-Liver Pills. I had been suffering, for some time from constipation and bad headaches. I tried all sorts of cures, which did me no good, until I was advised to try your pills. I got great relief after taking only a few doses."

Save Black Squares

It is absurd to think that these students received no instruction and that the money was wasted. Instruction in night schools throughout North America is not considered useless and it is my impression St. John opinion is no exception. Complaints are made that the system does not reach those that it is intended for. Diligent attention in the selection of night school students is as difficult as it would be under our free school system, where rich and poor alike are accepted. To really reach the boy and girl who do not proceed with cultural training, St. John needs the Industrial High School and the Province is prepared to assist materially in the cost of its erection, its equipment, and its maintenance. Such a building could be used for night schools as well.

The New Brunswick Vocational Education Committee is prepared to co-operate with St. John and to assist them in their difficulties and will be pleased to meet and discuss conditions with delegations of citizens representing all groups that a solution for the present stagnation in industrial training in your city may be discovered.

To the taxpayers of whom the writer is one I let me say that the education of your children should be your first consideration and that retrenchment should not be made along these lines especially as our scheme is to fit for industry those who in the past have had no chance and to save part of the \$100,000 per year that leaves New Brunswick for the correspondence schools. The investment is sound and the economic value of a trained community is immense. St. John's action is handicapping our work throughout the Province and this letter is written with the hope that such action will be reconsidered.

As to the statement that "this scheme was squeezed through the legislature largely to give a job to a supporter of the present government" let me say that the Vocational Act was accepted by both political parties and that the political dogma of the present director, Mr. Peacock, was not known at the time of his appointment and is not known yet, as the Board's interest in Education is not based on fiscal doctrines but on the needs of the people. It is best for education that partisanship be eliminated absolutely from its application.

In conclusion I am impressed upon the citizenship of St. John that we are ready and eager to assist in the industrial training of your sons and daughters.

FRED MAGEE,
Chairman Vocational Committee
Province of N. B.

Americans Cut Army Enlistments To 175,000

Washington, Feb. 7.—The House resolution directing that army enlistments be stopped until the United States army was reduced to 175,000 men became a law late today over President Wilson's veto. The senate placed the resolution on the statute books by voting to override the veto. The House voted overwhelmingly to overturn the veto last Saturday. The Senate vote was 67 to 1. Senator Kirby, Democrat, Arkansas, alone voted to sustain the veto.

Recently published figures regarding the daily work would indicate that the bricklayers have been laying down on their jobs.

NOURISHING AND APPETISING

Good home made bread is the most palatable, wholesome and nourishing food in the world. It is far more economical than any other staple food. If people would eat less meat and other heavy foods they would feel better and help to keep down the cost of living. Bread made in the home with Royal Yeast Cakes is more nourishing and appetizing than any other. Nothing healthier for children and grown ups.

Scientists have discovered that yeast possesses remarkable curative powers due to its richness in vitamins—that by its use the blood is purified and enriched, and the resistive power of the body to disease greatly enhanced. Soak a cake of Royal Yeast for half an hour in a cup of luke-warm water with one teaspoon sugar. Then stir well and strain once or twice through muslin and drink the liquid. BETTER results will be obtained by allowing it to soak over night and drinking half an hour before breakfast. Repeat as often as desired. Send name and address for free booklet entitled "Royal Yeast for Better Health."

Contribution To War Memorial Fund

Loyalist Chapter I.O.D.E. Reports Show Great Assistance in Patriotic Undertakings.

A fine contribution to the I.O.D.E. War Memorial fund and assistance given numerous patriotic undertakings were features of the splendid report read at the annual meeting of the Loyalist Chapter, I.O.D.E. held last evening at the home of Miss Marion Magee, Wellington Row. This is the oldest among the St. John chapters and has a record of wonderful work.

Secretary's Report
Miss Muriel Sadler, in her report as secretary, gave the following facts:—Nine regular meetings and one special held with an average attendance of thirty-three members, sixty. To the I.O.D.E. Memorial Scholarship Fund the chapter has contributed \$500; given towards the prize for returned soldier, at U.N.B., tagged for the Free Kindergarten Association; contributed \$5 monthly towards the salary of a kindergarten teacher at East St. John Hospital; sent 200 articles to the Evangelical Home; co-operated with other chapters in a Child Welfare booth at the St. John Exhibition; given \$200 to the Protestant Orphan Home, and furnished relief in four emergency appeals from soldiers and their dependents. Tickets were sold for the G. W. V. A.; a concert was held at the Seaman's Institute; a Loyalist evening successfully carried through at the Natural History Society; six flags and eleven school charts donated to the Public Schools; \$15 monthly is given towards the salary of a Victorian Order nurse; \$200 was donated to the G. W. V. A.; \$175 contributed to furnish a room in the Nurses' Home; \$150 was given to the Navy League, and \$25 to the Goodfellow's Fund.

Some of the chapter attended a recent exhibition of British moving pictures. This was an effort to give British films preference over American ones.
It has been decided to give four quarts of milk daily to the South End Free Kindergarten. The Chapter has identified its favor of a needy soldier's fund for the Municipal Chapter.
A rummage sale, Christmas sale, and Revue were held. The Christmas sale owing to the kindness of F. E. Holman, had the best stand it had ever enjoyed, and \$850 was realized. Tributes must be paid to all conveners, especially to the valuable work of Mrs. W. Lockhart.

The greatest undertaking of the year was the Revue. Too much praise cannot be given committees and members. Special thanks are due Mrs. M. B. Edwards, friends of the chapter, W. H. Golding and the staff of the Imperial theatre for courteous co-operation and assistance.
Meetings of the chapter have been exceptionally interesting owing to the splendid work of the educational secretary, Miss Pertie Mackenzie, who has given a series of talks on topics of the month. The Regent, Mrs. Vroom, also gave an address on the life of Cecil Rhodes.

The Chapter had an opportunity of hearing the National President, Miss Arnold. This was most inspiring.

Treasurer's Report
The treasurer, Miss Jean White, in her report stated: Receipts \$5,784.93; disbursements, \$3,966.83; balance on hand \$1,728.10.
It was decided to purchase aprons from the National Institute for the Blind, and to assist the Victorian Order of Nurses by making garments. Mrs. Heber Vroom was chosen delegate for the National annual meeting and five councillors were appointed for the provincial.

The following officers were elected: Mrs. Heber Vroom, Regent.
Mrs. Ellen MacArthur, Vice-regent.
Mrs. J. Royden Thomson, 2nd vice-regent.
Miss Kathleen Sturdee, Recording Secretary.

REFLECTIONS OF A BACHELOR GIRL.

By HELEN ROWLAND
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

Life is a movie-drama, in which the most successful people are the woman who can register indifference, when she is in love, and the man who can register love, when he is indifferent.

Romance is just the froth on the soda water, flirtation just the bubble in the champagne, sentiment just the sparkle in the wine—but what would life be without the froth, the bubble, and the sparkle?

A man is like an ostrich; so long as he can deceive himself, he dwells in the happy conviction that no woman on earth can see through him.

A woman's charms may "intoxicate" a man, before marriage; but he can no longer claim that she "drove him to drink," afterward, considering what a roundabout and expensive way he has to go, to find it.

At seventeen, it requires all a girl's energy and self-control to look bored and cynical—when she is having the time of her life.

Nothing makes a man so happy or a woman so miserable, as to be loved mildly, sanely, and reasonably.

A woman has reached "the age of discretion," not when she knows a lot about life, but when she knows enough not to tell it.

Courtship is a ship, which always starts for the Isle of Romance, and ends either by being docked in the harbor of matrimony or wrecked on the shoals of disillusionment.

Every man loves a good woman—on theory; an intelligent woman—on principle; and a beautiful woman—on sight.

In the comedy of marriage, the "perfect wife" plays valet, wardrobe woman, scene shifter, background, chorus, property man, stage director, and "applause from the audience."

Matrimonial reciprocity: "I'll let you choose my hats, if you'll let me pick out your stenographer."

Money Devoted To The Lecture Room Nurses' Alumnae Ball Netted Over \$300—Memorial for Late Nursing Sister Stammers

Over three hundred dollars was realized at the ball given by the Nurses' Alumnae of the General Public Hospital, which was recently held in the Knights of Pythias Hall on Union street. An announcement to that effect was made at a meeting of the alumnae held in the lecture room at the hospital last evening, and over which the president, Miss E. J. Mitchell, presided.

Some \$300 were taken in, but expenses amounted to \$275. The nurses also received several donations. "The money will be devoted to the furnishing of the lecture room in the new Nurses' Home which will be dedicated as a memorial to a former member of the alumnae and graduate of the Public Hospital, Nursing Sister Ann Stammers, who lost her life while the hospital transport "Llandovery Castle" was sunk by a German submarine in the Irish Channel, and the nurse-tending holding a tea and sale on the 15th of March to supplement the fund already secured for the memorial.

Centenary Church Missionary Society Members at the Regular Meeting Heard Reports and Excellent Addresses.

A beautiful word picture of the life of Esther was given by Mrs. C. F. Sanford. Mrs. Sinclair read an article referring to a new fund for missionaries and a collection was taken for this fund. Mrs. Langroth took charge of the study hour, giving an inspiring talk on "A Crusade of Compassion for the Healing of the Nations in the Near East," showing how aid sent to these lands will assist the spread of Christianity. Mrs. W. C. Good sang a much enjoyed solo, Miss Lilian Dryden was pianist.

METALS ARE GIVEN.

Queen things about metals, most men spend their lives striving for silver and gold, but their brains are leaden and they don't have much luck. They go to the doctor, and he probably prescribes iron, and in the final analysis, it is sometimes discovered they develop more brass than any other kind of metal.

MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as the smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—more tobacco for the money.
