General News.
-The London Chronicle's Vienna correspondent says it is estimated the losses by floods in central Europe will reach \$30,000,000.
-Brakemen and switchmen on the Toledo, Columbus & Cincinnati Railway have struck for an advance of wages.
-The Toronto Industrial Exhibition was formally opened on the 9th, by the Earl of Aberdeen under very favorable auspices.
-There is great enthusiasm among the people of San Francisco on the success of the trial of the cruiser San Francisco. The maneuvering qualities of the boat are pronounced wonderful.
-A new political party has been organized on paper at St. Louis. It prohibits national banks, favors prohibition of liquor selling, government control of railways, etc.
-It is reported that the Russian minister of war is enrolling tribes in the Caucasus and other districts to form an Asiatic army, which shall be able to operate independently of the European army in the event of war with European countries.
-It is reported that the recent maneuvers of the British fleet show that few of the ironclads are capable of doing what are supposed to do while at sea. They cannot steam so fast nor can they make the long voyages necessary.
-Canton, Me., is a fortunate and goodly town. Having no other use for their jail, the select men have rented it to a man for a shoemaker's shop. The tenant, however, keeps a cell or two in readiness in case somebody should lapse from virtue.
-S. J. Dixon a photographer of Toronto recently walked across a cable stretched above Niagara gorge. He stood on one foot in the middle, and performed several difficult feats. This was his first attempt at public ropewalking. About 8000 spectators watched the performance.
-More or less successful attempts were made to graft nearly all the different tissues of the body, including skin, bone, teeth, muscle, nerves, eyes, mucous membrane, etc. A successful experiment was recently made in brain grafting, a small piece of the brain of a cat being made to grow on the brain of a dog.
-East Tawas, Mich., is no place for a woman-later, as here is a town which ladies do run. One is a postmaster, another runs the telegraph office and has female messengers, another runs the best hotel, lady printers get out the weekly newspaper, a lone woman manages a big tea house and two or three have general stores, the school teachers are women and so are the store clerks.
A new feature is brought out by a circus now exhibiting at Hamburg. A young lion has been trained to ride on a platform, to leap through hoops jump on a platform and regain his seat when the horse passes a second time, to discharge pistols with his teeth, and finally to race with the horse and dog. During this performance, a high iron grating encloses the ring.
-A pocket telephone has been introduced in Berlin. The idea upon which its use is based is that electric bells are found everywhere, and there is no reason why they should not be used for telephoning as well. The pocket telephone is to be connected to the bell wires of hotels and hospitals as well as private houses, and it is claimed that people will be able to speak to distant places by simply taking their telephone out of their pockets as they would their watch.
-The harvest moon is the full moon on or near the autumnal equinox, and is regarded as particularly favorable to agriculturists, because after it falls it rises from night to night more nearly after sunset than any other full moon of the year thus prolonging the light needed for securing crops. As the harvest moon does not arrive until September 28th our satellite will this year lend her aid to farmers almost to the utmost of her ability.
-A clever bank robbery was perpetrated at Spokane Falls the other day. A beautiful and well-attired young lady stepped into the Exchange National Bank and cashed a cheque for \$2,500 drawn on the Little Rock Bank. She was identified by a prominent lady present. It was soon discovered that the draft had been raised from \$25. The plot was planned by the woman's lover, neither having been seen since.
-A clever bank robbery was perpetrated at Spokane Falls the other day. A beautiful and well-attired young lady stepped into the Exchange National Bank and cashed a cheque for \$2,500 drawn on the Little Rock Bank. She was identified by a prominent lady present. It was soon discovered that the draft had been raised from \$25. The plot was planned by the woman's lover, neither having been seen since.
-The woman called herself Mrs. Gaunt.

The Babies of the World.
It has been computed that between 36,000,000 and 37,000,000 babies are born in the world each year. The rate of production is, therefore, about seventy per minute, more than one for every beat of the clock. With the one-a-minute ejaculation every newspaper reader is familiar, but it is not everyone who stops to calculate what this means when it comes to a year's supply. It will therefore, probably startle a good many persons to find on the authority of a well-known hospital writer that, could the infants of a year be ranged in a line in cradles, the cradles would overflow [and at the same time extend around the globe.
The same writer looks at the matter in a still more picturesque light. He imagines the babies being carried past a given point in their mother's arms, one by one, and the procession being kept up night and day until the last corner in the twelfth month had passed by. A sufficiently liberal rate is allowed, but even in going at the rate of twenty a minute the reviewer at this post would only have seen the sixth part of this infantile host after they had been passing him at the rate of 1200 an hour during the entire year! In other words, the babe that had to be carried when the tramp began would be able to walk when but a mere fraction of its comrades had reached the reviewer's post, and when the year's supply of babies was drawn to a close there would be a rearguard, not of infants, but of romping six-year-old boys and girls.

The Lightning Flash.
Modern photography of the lightning flash and laboratory study of electricity have been useful in destroying some errors in regard to the thunderstorm, even though the electricity remains a mystery, and modern science has not yet been able to divert the course of lightning nor to measure the electro-motive force of the current among the clouds. A popular error, among others corrected in an article in the "Manufacturers Gazette," is an idea of different kinds of lightning, such as forked lightning, sheet lightning and globular lightning. The photograph shows that the only actual flash appears as an intensely crooked line, continually changing its direction. What is popularly known as sheet lightning is the effect of an electrical storm in progress many miles away. The electricity is passing from cloud to cloud, or from cloud to earth, either behind a cloud near the horizon or behind a cloud which intercepts the actual flash from the observer. The impression that sheet lightning is accompanied by thunder storms is erroneous, because an electrical discharge through the air is always followed by a rushing together of the atmosphere in claps of thunder.
Most people have the impression that they are looking upon the electricity itself when they see a flash of lightning; but this is impossible, since no one has seen a discharge of electricity. The phenomenon known as lightning is now known to be simply the heating of a stream of air, through intense friction in the passage of the electric current through the atmosphere, and thus producing intense light. It is comforting to remember during the course of a thunder storm that anyone who sees a flash of lightning is safe, because electricity is so much more rapid in its movements than light itself or the sensation of light. More time is required to communicate the appearance of the flash to the brain than a stroke of lightning would take to put an end to a man. A large proportion of people who think that they are struck by lightning are in reality suffering only from a shock to the nerves.
Much of the fear of lightning would be lessened if people would carefully reflect how rare are the instances of actual death by lightning stroke. As many students of electricity have noticed, few people are able to recall the names of relatives or friends who have been killed by lightning. The nature of the storm; sudden swift and mysterious, is more the cause of terror than its actual effects.

Medicinal Vegetables.
Spinach has a direct effect upon the kidneys.
Beets and turnips are excellent appetizers.
Tomatoes act upon the liver and asparagus purges the blood.
Common dandelion used as greens is excellent for kidney troubles.
Celery acts admirably upon the nervous system and is a cure for rheumatism and neuralgia.
A soup made from onions is regarded by the French as an excellent restorative in debility of the digestive organs.
Red onions are an excellent diuretic and the white ones are recommended to be eaten raw as a cure for insomnia.
Onions, garlic chives and shallots possess medicinal virtues of a marked character stimulating the masticatory system and the consequent increase in the saliva and the gastric juice promoting digestion.
-A St. Petersburg despatch says the haste of Emperor William in departing from that city was due to insubordination and to a rumor of socialistic activity in the Hanoverian regiment.

Read These Lines.
1 to 2 bottles of B. B. will cure Headache
1 to 2 bottles of B. B. will cure Biliousness
1 to 4 bottles of B. B. will cure Constipation
1 to 4 bottles of B. B. will cure Dyspepsia
1 to 4 bottles of B. B. will cure Bad Blood
1 to 6 bottles of B. B. will cure Scrofula
In any case relief will be had from the first few doses.
-It is hinted that the next governor General for Canada will be the Earl of Aberdeen, who recently made a tour of the Dominion.
The Deadliest of Serpents.
The cobra destroys life in the aggregate than the various forms of cholera, cholera morbus, cholera infantum, diarrhoea, typhoid fever, etc. Mortality in Canada from these causes is light owing to the general use of Dr. Fowler's Extract of Wild Strawberry which is an unfailing specific for all bowel complaints.

WOMEN'S COLUMN.
Conducted by the Ladies of the Sackville W. C. T. U.
The Bravest Battle That Ever Was Fought.
The bravest battle that ever was fought - Shall I tell you where and when? On the maps of the world you will find it not;
'Twas fought by the mothers of men, Nay, not with cannon, or battle-ship, With sword, or nobler pen; Nay, not with eloquent word or thought From mouths of wonderful men.
But deep in a walled-up woman's heart - Of woman that would not yield, But bravely silently, bore her part - Lo! there is that battle-field!
No marshaling troop, no bivouac song; No banner to gleam and wave; But, oh! the battles they had so long - From babyhood to the grave!
Yet faithful still as a bridge [of stars, She fights in her walled-up town - Fights on and on in the endless wars - Then silent, unscathed - goes down.
O go with banners and battle-ship, And soldiers to shout and praise; I tell you the kindest victories fought - Are fought in these silent ways.
Oh, spotless woman in a world of shame! With splendid and silent scorn, Go back to God as white as you came, The kindest warrior born!

How Much Are You Sorry
Some years ago a gentleman who was visiting in the Province of Quebec, or Lower Canada as it was then called, was attracted by the sight of a little group that had collected on the bank of a river and were straining their eyes in the direction of a dark object that was drifting down the stream. Upon enquiry he ascertained that it was a cow that had been carried away by the current. The owner who was the central figure of the group, was loud in his lamentation, explaining in broken English that she was the chief support of his family.
The case was well understood and there seemed to be no lack of sympathy in the bystanders for expressions of regret were heard on every side; but just as they began to disperse one man who was also a French Canadian took off his hat and holding it to his neighbour enquired "How much are you sorry? You sorry too? You sorry one shilling?" A coin was the response, and as the hat went round a collection was taken up, nearly sufficient to purchase another cow. He would be unfair to estimate their sorrow by the amount they gave but it was certainly a good way to test their sincerity.
And now, dear friends, who say you are sorry for the drunkard's family for the heart broken wife and starving children whose tale of woe is ringing in your ears. How much are you sorry? Are you sorry enough to set your face against the liquor dealer's trade? To banish wine from your table or to give your money to the support of the temperance cause? If you are sincere prove it by a willing sacrifice. Your sympathy is good but your help is better.
HARRIET ELLIOT.

Agricultural Notes.
-The international agricultural congress at Vienna has passed resolutions in favor of the formation of a European customs league and the adoption of a standard of weights.
-It is estimated that Massachusetts produced under glass this spring 2,500,000 heads of lettuce and 3,700,000 cucumbers. Estimating the lettuce at 30 cents per dozen and the cucumbers at 31 cents each, the product is valued at \$200,000.
-The experiment with sugar beet seed from Germany and Bohemia has been very successful in Ontario, and a large acreage has been sown this year. Should the seasons' production be successful 70,000 acres will be put under cultivation next year. The yield from this acreage would equal the entire Canadian raw sugar importation and give employment to forty large refineries.
-The Ontario Experimental Farm last year conducted a series of tests with winter wheat. In summing up the results, Prof. Shaw says: "The largest yields per acre are the Volunteer and the Red Velvet Chaff, and the 'heaviest' yields per measured bushel are the Martin Amber and the Lancaster. The varieties least susceptible to rust are the Bonell or Landreth and the Semeca or Clawson, about equal, followed by the Surprise, while those most susceptible are the Manchester and Hybrid Mediterranean. The best varieties for milling purposes are the Lancaster, Red Lion, and Velvet Chaff among the red wheat and the Bonell or the Landreth among the white."
-The following scale of points is now used in the various parts of the United States. The table is printed on a card which is given to the judges and upon which is marked the standing of the animal in the different points.
Points: Unsound horns, name and color, 100
Disposition, 100
Performance of individual points, 100
Character of offspring, 100
Total, 400

5 Head
6 Neck
7 Shoulders, 3 Chest, 4 Forelegs, 5 Hind legs, 6 Sides, 7 Stiles, 8 Quarters, 9 Crop, 10 Stiles, 11 Back, 12 Ribs, 13 Croup, 14 Tail, 15 Color, 16 Feet, 17 Socks, 18 Symmetry, 19 Action, 20 Style, 21

Extension of Time.
It is often asked for by persons becoming unable to pay when the debt is due. The debt of nature has to be paid sooner or later, but we would prefer an EXTENSION OF TIME.
Putnam's Emulsion of Cod Liver Oil with HYPOPHOSPHITES OF LIME and SODA, may give this to all who are suffering from Coughs, Colds, Consumption, General Debility and all Wasting Diseases.
Delicate Children who otherwise would pay the debt very speedily may have an Extension of Time "Try Putnam's Emulsion."
BROWN BROS & CO.,
Chemists and Druggists, Halifax.
-Mr. Doyle McCarthy better known as "Doyley Cart" was supposed to have reached the limit to the stage meta-morphosis of a name; but Mr. Mignone who is writing a comedy for Flora Moore runs him close.

CHICAGO POST AND BORDERER

SACKVILLE, N. B. SEP. 18, 1890.

The American Tariff.

The McKinley bill has passed the United States senate by a substantial vote, and has practically become law, although the date upon which it goes into force and the hearing it will have on certain goods in bond, are points not yet decided upon.

The working of the almost unprecedented piece of political-commercial machinery, may be watched with interest by those in Canada. A country like the United States can certainly produce at present more of the commodities for the home consumption of its citizens, than almost any other nation.

Mr. RICHARD KIPING the young and brilliant novelist of Indian birth who is now residing in the literary world in England, has written the following very truthful and pointed criticism upon the United States Press.

It is CHARITY should begin at home, the people of the Maritime provinces are doing themselves a rank injury by sending missionaries to the savages.

The Ontario Cabinet has been reorganized. It is now as follows: Premier and Attorney-General—Hon. Oliver Mowat.

A remarkable manifestation of filial piety is displayed in the recent issue of the Imperial Gazetteer, which contains a letter from the Governor of Chinese Turkestan, in which he tenders his resignation of his office, not on the ground of any dissatisfaction with the government, but on the ground of his inability to administer, but solely because he is anxious to stay at home and to devote his entire time to nursing his aged grandmother.

The Ontario Cabinet has been reorganized. It is now as follows: Premier and Attorney-General—Hon. Oliver Mowat.

Imperial Federation.

The promoters of Imperial Federation, in the adoption of the McKinley bill a reason why the movement should be pushed to its fullest extent, and that done at once.

In formally opening the Toronto Exhibition the Earl of Aberdeen said: "Having touched upon this subject of close acquaintance between the colonies and the old country, I am unwilling to sit down without at least some reference to the remarkable indication of a desire in that direction which of late years has found expression both in Britain and the colonies, in the form of a well-known movement in favor of federation."

The Taxes We Pay.

The following are the ratepayers for the Parish of Sackville and the amount assessed. The rates for other parishes will also be given.

Atkinson, Christopher \$11.50
Atkinson, Anselm 12.90
Anderson, Estate of [ami] 8.40

Maritime Matters.

There are several bad cases of typhoid fever in St. John. Robert Charlton of harborville N.S. was murdered at Portland Me on the 11th.

Mr. Stanley is enjoying himself in the Alps and has gained greatly in appetite and strength. He has climbed the Forno glacier.

—The litigation between the famous opera collaborator, Gilbert and Sullivan has revealed the fact that the profits of the partnership in eleven years were \$1,350,000.

THE "CLIMAX"

Has Been Reached and Every Doubt Removed. Fawcett's Furnace is the Best!

IT NOW TAKE GREAT PLEASURE IN OFFERING MY

"Climax" Wood Furnace

to every one desirous of obtaining a first class Heating Apparatus at a moderate cost. This Furnace has been thoroughly tested throughout the New England States and has given perfect satisfaction, besides a large number of them have been in use in the Maritime Provinces for the past two years and from the experience of those using them, I do not hesitate in recommending them to be

Far Superior to any Furnace in the Market.

The fire box is made wholly in one piece and heavily corrugated; thus giving it great strength and a large heat radiating surface. The RADIATOR is of cast iron jointed only at the base in same style as the Fire Box, so that smoke cannot possibly escape into the heated rooms, as is the case with many of the Wood Furnaces in use. An examination of most of the Wood Furnaces in use, will reveal to you the fact that they are all more or less warped and cracked with but one or two seasons wear, and cases exist where the so called cheap Furnaces have proved useless and had to be renewed within the space of one year.

I WARRANT THE "CLIMAX" to last longer than any two Furnaces of other makes, give more heat with a less quantity of fuel and so very compact that it can be set up in many places where other Furnaces could not possibly be placed. The price has been reduced which gives the "CLIMAX" the preference far before all others. Estimates furnished and every Furnace put in Warranted to give entire satisfaction.

A CAREFUL INSPECTION OF THE "CLIMAX" IS SOLICITED.

CHARLES FAWCETT, SACKVILLE FOUNDRY.

R. S. PRIDHAM, (THE ORIGINAL PRIDHAM), Artist in Photography.

Studio opposite Brunswick House, Sackville, and Black's Stone Block, Amherst. Until further notice the Sackville Studio will be open for business every day under the management of Mr. Trenholm.

EVERYONE

ACKNOWLEDGES NOW THAT

TREMAINE'S DRUG STORE

AMHERST,

Is by far the Best Place in the Two Counties

They do not pretend to carry the Largest Stock, but they DO Carry

The Freshest and Best

And a FULL ASSORTMENT. You can always depend upon what you get there.

is at this store this Extra Attention is given to compounding Prescriptions, as they make a Specialty of such work.

Special Locals.

Ladies College.—Parties wishing to join the classes in Singing or Short-hand at the Ladies College should do so at the beginning of the term, as classes are then organized for the year.

Wanted.—GOOD COOK. Intercolonial Hotel, Good Wages.

Call at Jos. W. Dobson's for your Nickel Driving Harness, Team Collars, and all other things in his line. To TELEPHONE SUBSCRIBERS.—Subscribers are requested to notify Mr. Frank Harris, No. 25, when their instruments are not in working order.

Around Town.

STONE.—Seven cars of stone were shipped to Toronto last week.

LIVE STOCK.—Mr. Albert Fawcett, shipped a car of live stock to George McLellan Halifax.

Mr. Geo. E. Pond, has taken the agency of the American Steam Laundry St. John.

We return thanks to Mr. A. C. Greenfield Mayville, Yuba Co. Cal. for late San Francisco papers.

NEW MACHINERY.—Several pieces of new wood working machinery passed through Sackville yesterday, for Messrs. Chappell's factory at Tidnish.

N. B. TELEPHONE.—The N. B. Telephone line has extended its wire to Sackville and has put a telephone in the Brunswick House for the use of persons wishing to use the main line. A local circuit will be established in the near future.

SUNDAY ILLNESS.—Driver John Edwards, of the Turco freight, was suddenly taken ill on Tuesday morning last. He was taken to the Intercolonial Hotel and Dr. Thorne called. "He was able to go home yesterday."

The Teachers and children of St. Luke's Sunday school at Baie Verte were entertained on Thursday evening last by Rev. C. A. French. After spending some time in playing Draughts, Go, Bang, &c. a rousing game of Blind Man's Buff was then indulged in. Refreshments were subsequently served, after which the Doxology was sung by all and then the young people took their departure having had as they themselves expressed it a "lovely time."

A FATAL ACCIDENT.—The following very accommodating certificate came to light yesterday in a Scott Act trial before Magistrate Cahill. Judging from the degree of malignancy of the "beco" it had been called into perpetual requisition. It will stand for a long time at the head of the record as a device for beating the Scott Act. It was issued by a Boston medical man. "Please allow the bearer to have a pint of brandy whenever he requires it."—M. D.

SCOTT ACT.—One conviction was made before Stipendiary Cahill, yesterday; a case for selling and the defendant preferred below his name withheld.

The case of Bill C. Burroughs was postponed until Wednesday next.—The cases against Philip Somier, and Albert Polley, for selling were dismissed for want of evidence after several adjournments. The case of Polley for exposing for sale was postponed. The case of Calixte Somier for selling was dismissed for want of evidence after several adjournments and that for exposing for sale was postponed. E. L. Ford, appeared for Bill C. Burroughs, and M. Teet for Somier, the cases from the parish of Bonaventure come up Friday.

BAND CONCERT.—The Cornet Band will play at Lower Sackville on Saturday evening. For some time past the band has been preparing for the band tournament which was to have been held in Amherst in connection with the sports there this afternoon. Bands from Sackville, Parrsboro, Pugwash, Tatamagouche, and Springhill entered, but all retired, leaving the entire field to the Sackville band. The management of the sports then wrote advising that the band tournament was "off." As our band has gone to considerable trouble and expense, an attempt will be made to claim the prize money which right rightly belongs to them.

SERIOUS ACCIDENT.—What came very near being a fatal accident occurred at Upper Sackville on Friday last, when by one of our most respected citizens, Mr. William F. George, had a narrow escape from instant death. His men were attempting to drive a young heifer into the barn for the purpose of killing her, when she broke away and in running came in contact with a barbed wire fence. The animal made frantic by the fence, and the man, who was standing near the bars, suddenly became crazy. Mr. George was coming towards the barn and seeing that could do nothing, he stopped aside to allow the brute to pass, when she made a vicious plunge at him striking him on the right cheek, making an ugly wound and knocking him insensible. He was carried to the house and Dr. Thorne summoned. It was found necessary to put several stitches in Mr. George's cheek, but it is not thought he sustained any internal injury. At last accounts he was resting well and is quite out of danger. Mr. George has the full sympathy of his many friends.

PERSONAL.—Says the Toronto Globe: "The chair of chemistry and physics in Victoria University, made vacant by the resignation of Dr. Haxell has been filled by the appointment of the Rev. John Burwash, Sc. D. Dr. Burwash has for many years been professor of chemistry and physics in Mount Allison University, New Brunswick. He also held the appointment of Provincial assayer and analyst from the Government of the Province of New Brunswick. He is a long graduate and medalist of Victoria university and a post-graduate student of the Massachusetts Institute of Technology. He has been most successful in his work as an instructor in chemistry and physics. Several of his students have been winners of the Gilchrist Scholarship, involving rigid examinations in both chemistry and physics. Five of his students have obtained first class places in the recent examination of Edinburgh University.

Dr. Inch has been appointed Secretary of one of the committees on College Federation at the Montreal General Conference.

A. M. Audney Esq and wife of Parrsboro are visiting at the Methodist Parsonage.

Mr. G. A. Thompson formerly manager of the Halifax Banking Co at Sackville, now of Bridgewater spent a few days here last week.

Mr. W. E. Smith Secretary of the New Brunswick Telephone Co. spent several days in town in the interests of his company.

Mr. R. P. Foster, formerly of the Bank of New Brunswick St. John arrived in town yesterday. He will take the position in the Merchants Bank of Halifax here lately occupied by Mr. Willis who goes to Port Hope, Ontario as Manager of the Traders Bank.

A Mossie Story. I have used your Bardsch Blood Bitters Pills and find them every thing to me. I had dyspepsia with bad breath, and appetite, but after a few days use of B. B. I felt stronger and could eat a good meal and felt myself a different man.

W. H. STROY, Mossie, Ont.

K. D. C. for Everybody.

K. D. C. What is it?

K. D. C. Worth millions.

Local Matters.

The mackerel fishery in Kent Co., is a total failure this year.

Last week Job Wade, aged 90 years and his wife aged 83 died. They were buried in one grave.

An oyster boat was confiscated at Buctouche the other day for fishing against the law.

Mr. R. C. Tarr, of Shediac, is preparing for potato shipments to Bermuda and West Indies.

A Mare and colt were stolen from the pasture of William Kinney, at Albert, last week and have not yet been recovered.

Mr. David McConnell, an employe of the L. C. R., Moncton, died suddenly at his residence on Sunday last.

An Amherst man has invented a dust machine, which by driving along the street collects all the dust by suction.

The work on the spear line from the Albert Road to the Cimoro Co's manganese mine is progressing favorably. About 30 men are at work.

The Albert R. R. Co's dispute has been settled. The road will be delivered to the National Improvement Co of New York.

A THREE YEAR old child of W. J. Weldon, of Moncton, died last Saturday from the effects of carbonic acid to which it had gained access.

A CHILD of four or five years the son of Charles Embree, of Athol, was kicked in the stomach by a horse on Thursday evening, and despite prompt remedies, died next morning.

HEAVY COLIC.—A. E. teacher of the superior school at Elgin Corner, Albert Co., has been appointed principal of the Grammar School, Richibucto. His successor is Herbert B. Steeves.

TURBO has about a dozen Seventh day people, who hold their Sabbath on Saturday, strictly refusing to do any work on that day, even for double pay. Moncton can also claim a number who hold similar views on this question.

The steamer Mayflower, lately bought by J. O. Read, of Pugwash, from the Intercolonial R. R. Co. is intended to ply between Pugwash and Charlottetown. This boat will be refitted with new boilers, etc., during the winter and placed upon the route early in the spring. Her capacity is 300 passengers.

MR. W. W. WELLS of Dorchester, who has taken up his residence permanently in Moncton, will spend Monday of each week at his office in Dorchester where a reliable correspondent will be in constant attendance. See card of Wells & Welch in another column.

FRANCIS J. BELLEVUE, died at Memberton, on Friday, after a very short illness. He leaves three sons and one daughter, all of whom are well known in the various parts of the province. The sons are: Rev. F. Bellevue, parish priest of Richibucto; Rev. P. L. Bellevue, parish priest of Sussex; and J. O. Bellevue, of the Normal School, Fredericton. The daughter is Sister Edmond of Buctouche convent.—Transcript.

LAST WEEK some human demon at East Wentworth, Cumberland county mixed Paris Green with salt and placed it in three places in the pasture of Messrs William and James Cooper, the result being the death of five cows and one two year old steer. The families are left utterly destitute in the matter of milk and butter. No one should be left unreturned to discover the perpetrator of such atrocious conduct.

THE RACES for the Maritime colts stakes took place at Halifax on Tuesday. Dexter won the two-year-old in two straight heats in 3:10 and 2:57. Sir Charles, belonging to R. C. Sharp of Amherst, distanced the field and won in the three-year-old in the splendid time of 2:33. Al Shipp's Sea King won in the four-year-old in 2:39 and 2:40. All witnesses of the race are of the opinion that Sir Charles is one of the best colts in the provinces. His step is a very fine and telling one.

The property of the late Rev. G. F. Miles, Amherst, was sold at auction last week. It was bid in by the following parties:—The Honessaid, Havelock, from Wm. Greenfield, for \$2,710; three houses and lots, corner of Havelock and Academy, to Wm. Greenfield, for \$1,880; two small houses on Academy street for \$300; one house and lot, near Amherst Road and Shoe Co's factory, to W. D. Pride, for \$455; house and lot adjoining to Cyrus Black, Jr., for \$531; lot of land on Old Halifax Road, to Neil Miles, for \$600.

As the evening train was running to Springhill Junction, Saturday, the driver noticed a man lying lengthwise on the track. The train was stopped and it was found that the man, who turned out to be John W. Hatfield of Maccan and was evidently asleep. Dr. Hayes, who was on board, at once essayed to Springhill, when the leg was amputated by the knife by Drs. Byers and Covey. Hatfield never rallied and died two hours after the accident. Hatfield was a freeman in the Lawson mine at Maccan and came here Saturday seeking work. His father and brother reside at Maccan.

THE AMHERST Press of Friday says: "The corner stone of the new lock at the Tidnish end of the Ship Railway was this morning laid by the Hon. C. H. Tupper, Minister of Marine and Fisheries. Among other things taking part in the proceeding were H. G. Ketchum, chief engineer of the Ship Railway, Mr. Wm. Tupper, A. B. Dickey, M. P., and Messrs. Snamos & Usher. There was a very large gathering of spectators, the whole of the population of that place attending to witness the ceremony. The granite stone weighing nearly six tons was lowered by a contractor and placed in position by the minister. He then gave a short address in which he referred to the future possibilities of this kind of work and of the pluck that the five millions of Canadians displayed in carrying out their schemes when once they were formulated.

Measurements of 21,000 children in Saxony show that the boys are a small fraction of an inch taller than girls up to the eleventh year; but that girls become one taller until the sixteenth year, when the boys again pass the girls in height.

Around Town.

ASSAULT AND BATTERY.—The assault and battery case of Mrs. Christopher Richardson, vs. Joseph Richardson was settled out of court.

SPECIAL SERVICE.—A floral festival will be held in St. Paul's Church on Sunday evening next. A sermon appropriate to the occasion will be preached by Rev. Mr. Wiggins, and a special choral service will be rendered.

Mr. ALLISON.—The work on the new Conservatory is progressing favorably. Mr. Byres representing Macdonald of Halifax who have the contract for putting the building in gear preparing to put in the hot water arrangements.

TIN WEDDING.—On Saturday evening last a few of the many friends of Rev. Mr. and Mrs. Wiggins gathered at the Rectory, for the 10th anniversary of a tin wedding. The presents brought consisted of articles of almost every conceivable nature and use.

CHURCH SERVICES.—"Methodist," Sunday, Sept. 15, 11 A. M. Rev. Jas. Crisp, 7 P. M. Rev. H. J. Indoe, Upper Sackville, 3 P. M. Rev. Jas. Crisp.

Rev. D. C. Lawson will preach in the New Meeting house Dorchester Cape next Sunday the 21st at 10 30 A. M. and 3 P. M.

THE PROMENADE CONCERT.—The promenade concert held in Chignecto Hall, on Tuesday evening last, under the auspices of St. Paul's Church was well attended and was a complete success. Ice cream, oysters, and other light refreshments were on sale during the entire evening, but the principal source of enjoyment was the music furnished by the Petrus and Moncton, who kindly consented to give their services for the occasion. This was their first public appearance of these talented musicians in Sackville, and their efforts on that evening were fully appreciated. The stage was very tastefully decorated with flowers and flags and reflected great credit on those who did the work. The proceeds, which go towards painting the church buildings, amounted to \$88.70.

Billie Match.

The rifle match on the Smith Range, Sackville, Tuesday, 10th inst., resulted as follows: Medal, 200 and 400 yards, 5 shots at each range—1st, C. Pickard, 43 pts; 2nd, J. Brooks, 42 pts.

Thursday, October 2nd.—Organ recitals and special programmes of music by all musical instruments in the building.

Friday, October 3rd.—All departments of the Exhibition, will be in full swing. Music by military bands afternoon and evening. The final closing of the Exhibition by a grand promenade display by Messrs Pain & Son, Saturday, October 4th.—Grounds and buildings will be thrown open to exhibitors to commence moving their exhibits.

Dorchester.

—With the exception of some painting the work on the outside of Mr. J. H. Hickman's monster stock barn is about completed. He still remains a good deal to be done on the inside. When completed the building will be a notable one of the kind, as well as a school for the completeness of its arrangements and its suitability for the purposes for which it is designed.

Mr. Hickman has entered two of his horses for competition in the St. John exhibition, one of which has already taken first prize at a similar exhibition last year.

Mr. A. M. Gaudet, painter and two assistants in a most miraculous escape from death or serious injury last week. While engaged in painting the roof of Mr. Hickman's barn, a staging on which they were standing gave way, and precipitated them from the very summit of the building to the ground, a distance of about sixty feet. Fortunately, their fall was broken by the roof of another smaller barn below, and the men escaped with a black eye and some severe bruises.

—Hon. Judge Landry, has been absent from Sackville for several weeks on account of her health. Miss Clara Lewis intends accompanying her.

Shipping News.

The St. John Exhibition.

The following is a short outline of the Official Programme.

Wednesday, Sept. 24th.—The Exhibition Buildings and Grounds at Moosepath will be open to the public. The formal opening by the Lt. Gov., will take place at 10 a. m., and about noon the Gov. and party will proceed to Moosepath, where they will officially open the grounds. In the afternoon there will be a grand parade of stock and the following races will take place, 3 minute class, purse \$100, and 2.37 class, purse \$200. There will be band concerts in the buildings afternoon and evening.

Thursday, 25th, inst.—There will be a series of Band concerts in the buildings during the afternoon and evening. The following races will take place at Moosepath, the 2.45 class, purse \$100 the free for all class, purse \$300, and the handicap running race \$150. In the evening the first pro-technical display by Messrs. Pain & Son of London, Eng. will take place.

Friday, Sept. 26th.—A great parade of the Government stations and all the live stock at the grounds at Moosepath. Organ recitals in the buildings and during the evening the great mammoth concert, in which the large Peters' Organ and an Orchestra between 250 and 300 organs will take part.

Saturday, Sept. 27th.—A parade of all the prize winners in the stock section at Moosepath during the morning and athletic games on the grounds, during the afternoon Band concerts in the buildings during the afternoon and evening. A second display of special selections of fireworks, by Messrs. Pain & Son will take place. On this day the great stock sale will take place at Moosepath, and stock from N. B., N. S., P. E. I., Ont. and Que. will be sold.

Monday, Sept. 29th.—All prize articles throughout the buildings will be fully labelled, and the judging and awarding of prizes by the judges will take place. The great stock sale will be continued. During the morning there will be organ recitals on the Peters' Organ and music by the military bands. The third days races will be as follows: Foals of 1888, purse \$100, and foals of 1887, purse \$100; 2.40 class, purse \$200.

Tuesday, Sept. 30.—The closing day for the stock at Moosepath, there will be a special parade of all prize animals, and the closing races, free for all, purse \$300, and also a 3 year old yearling race. This is also a special excursion day on all railways in the Maritime Provinces. At the buildings the prizes for the Manchester, Robertson and Allison butter competition will be awarded.

Organ recitals in the morning and military band concerts in the evening and a third display of fireworks will be given.

Wednesday, October 1st.—Prizes will be awarded in the Horticultural and Agricultural products section. A number of new features will be introduced in the Machinery Hall, and other sections in the building. Athletic and other sports will be in full swing.

Thursday, October 2nd.—Organ recitals and special programmes of music by all musical instruments in the building.

CONTRADICTION

MR. EDITOR.—Allow me through the medium of your journal to contradict the article published in the 11th inst. of your last issue, who, by the way, is not the regular correspondent, but a travelling agent whose business allows him ample time to take in all the gossip of the place without looking for authentic information. When he states that I sell to any one with only the semblance of an M. D.'s certificate, he states what is false and known to be false by his advisers, who dare not make themselves liable, but makes a "cat's paw
