

**THE ACADIAN.**

WOLFVILLE, N. S., MAR. 25, 1919.

**Editorial Brevities.**

During February more than 114,000 people, or more than eleven per cent. of the entire population, died in Petrograd, according to Russian police statistics just received in Paris.

The Third Canadian Division is now entirely cleared from England and the major portion of the First Division is now in that country. Only 50,000 Canadians remain in France.

An Ottawa despatch says that the transport Regina, with 1,916 troops, sailed from Halifax on Saturday for Halifax. A London cable reports the Empress of Britain sailed Sunday with 2,800 troops for Halifax.

Expenses incurred by the Government in connection with the last General Election are placed at \$1,509,926, in a statement contained in volume two of the Auditor's General report tabled in the Commons Wednesday.

Have you—the boss of the store—spent more time lately attending to trivial things, your clerks could do pretty nearly as well as you, than you have spent in supervising and planning the store's advertising? The advertising, in work big enough for the boss.

Colonel William A. Bishop, premier British aviator, offered, through the Aero Club of America, an international trophy for annual competition in order to encourage the development of aerial navigation and to stimulate aerial sport between Canada and the United States. The trophy, to be known as the Ace of Aces Trophy, will be awarded in 1919 to the aviator who makes the quickest flight from Toronto, Ontario, to Atlantic City during the second Pan-American Aironautic Exposition, to be held from May 1 to 31.

**Bad Fire at Windsor.**

A disastrous fire occurred at Windsor on Tuesday afternoon when the Demont-Shand block on Water street was destroyed with a loss of \$75,000 only partially covered by insurance. The fire originated in the basement of Murphy & Demont's grocery store at 1:30 p.m., through the upsetting of a lamp which exploded. The firemen were promptly on the scene but the fire spread rapidly and was soon beyond control. As there was a strong northerly wind blowing a repetition of the fire at fire of 1907 was feared. A call for help was sent to Halifax, Kentville and Wolfville, and a number of men from here got ready to go down on a special train from Kentville. However, help was sent from Halifax and the special did not make the trip. The Windsor firemen worked hard for four hours but the fire was under control. The whole block was destroyed. The chief losers were Murphy & Demont, Groceries; Geldert's Men's Furnishings; P. E. Harriott, Jeweller; C. J. Shand, Boots & Shoes; Shand Bros., Groceries; T. W. C. T. U. Lunch Rooms; Singer Sewing Machine Co.'s office, and the Burgess Studio were also destroyed.

**AUCTION!**

To be sold at public auction on the premises of C. F. A. PATTERSON, Hortonville.

**Wednesday, April 2nd,**  
at 1 o'clock

- 1 Horse, 17 years old, 1400 lbs; 1 Mare, 14 years old, 1400 lbs; 1 Mare, 14 years, in foal by Kingborough, 1000 lbs; 1 Jersey Cow, 10 years old, farrow, milking; 1 Sow, 18 months; 1 Pig, 3 months; 1 Hay Wagon, iron axle, all complete; 1 Hay Wagon, butterfly body, truck body and shafts; 1 pair of new sled Shavers; 1 pair of heavy Hay Wagon Shafts; 1 Slown Wagon with ladders and side boards; 1 Phaseton Wagon with cover; 1 light piano box Wagon in good repair; 1 light piano box, rubber tired Wagon, good as new; 1 picnic Express Wagon, neatly new; 1 two-seated Runabout, strongly built with pole and shafts in good condition; 1 Winnowing Machine; 1 Ox-cart, wide tires, new body; 1 Horse Rake, nearly new; 1 Hay Tagger; 1 McCormick Mowing Machine, in order; 1 Deering Mowing Machine, new; 1 Weeder, latest kind; 1 Horse Clipping Machine, knives new; 1 Paris-green Potato Bug Killer; 1 Hay Cutter; 1 Hay Knife; 1 heavy Grind Stone, complete; 1 Wheelbarrow; 3 sets of Block & Tackles; 1 Canvas, complete for covering load; 1 light Boyette Sticks, home made, and Boyettes; 2 sets Plow whiffle-trees; 1 Jack for greasing wagons; 1 ton of Shaves; 1 ton of good English Hay; 1 two-horse Little Giant Thrasher; Watson's Lion Reaper; 2 drill Dyke Plows in working order; 1 heavy wheel Orchard Plow; 1 second size wheel Orchard Plow; 1 O. C. F. A. PATTERSON, Auctioneer.

**Returned Heroes**

The following Kings county men have returned from overseas during the past week:

- C. S. M. R. S. McLellan, Kentville.
- Dvr. J. S. Jeans, Berwick.
- L. Cpl. C. Raymond, Wolfville.
- Spr. R. East, Wolfville.
- Dvr. G. L. Burgess, Kentville.
- Dvr. G. Spinnay, Wolfville.
- Dvr. J. W. Moss, Berwick.
- Fred J. Parker, Aylesford.
- F. E. Godrie, Cansing.
- E. D. Eaton, Centreville.
- Herbert Tucker, Kingston Station.
- E. R. Fraser, Wolfville.
- J. W. Dow, Kentville.
- R. Richard, Lakeville.
- Pte. D. C. Pich, Wolfville.
- Pte. J. B. Welton, Kingston.
- Spr. D. H. Borden, Sheffield Mills.
- Pte. C. L. Matthews, Berwick.

Among our returned heroes none is more worthy of admiration than Pte. Howard Bishop, son of the late Ed Bishop, of Greenwich, and brother of Mrs. Lewis Duncanson, this town. Pte. Bishop arrived in Halifax this month, after three years' active service in France, and before returning to his home in Vancouver has been visiting his mother and other relatives in this vicinity. This is his first return in sixteen years to his native province, and many old-time friends rejoice to see him.

Although 50 years of age when war was declared, he entered the ranks of the 25th Battalion in Vancouver and proceeded overseas. Pte. Bishop's Vimy and earlier batts found him a valiant fighting man, and although wounded and with several narrow escapes from death, he was able to remain in France until peace was declared. His son, Pte. Richard Bishop was killed at Ypres, and his remaining son, Kenneth, was returned from the army in England, suffering from heart trouble. His only daughter, Miss Nellie Bishop, has been a Red Cross nurse in France and England during the entire war.

L. Cpl. Cecil Raymond arrived home from overseas this week. He enlisted in the 9th Batt., Canadian Engineers and went over with them in August, 1918. He has since seen considerable service in France.

**Spring Time Is Paint Time.**

At the recent annual meeting of the Commission of Conservation, Hon. Senator Edwards made the statement that unless Canada exercised more care with her forest resources, the day was not far distant when she would be without our supplies of lumber.

While this statement is referred particularly to the protection of forests, it might with equal force be applied to the protection of our buildings, fences, farm implements, etc., for the reason that, in the latter case, there is not only the value of the original forest product to protect, but also the value of the human energy necessary for the transformation of that timber into its various wood products. Spring, from time immemorial has been known as house-cleaning time. During recent years this period has developed a popular slogan, "Clean up and paint up." As a conversation measure this would be hard to improve upon. Wood, when exposed to the weather without protection, soon deteriorates, it bears a shabby and neglected appearance, and in a great majority of cases but an indication of the enterprise or carelessness of the owner.

Nothing adds more to the appearance of a building than a coat of paint, nothing will do more to protect the woodwork and prolong its life than covering it with a paint preservative. With building conditions as expensive as at present, and with the necessity of employing the available help in the construction of new houses, it is essential that present construction be protected.

Our soldiers are coming home, they are coming from a country of homes, where thrift is paramount, where the people take pride in their premises and keep them in the best condition. Can we not, this spring, bear this in mind, and let our boys see that the home folks have awakened to the advantages of cleaning up and painting up, that their homes bear that well-kept and cheery appearance that bids them welcome?

**Sudden Death in Halifax.**

The following is taken from the Halifax Chronicle of Tuesday, March 25th, and describes the sudden death of Mr. William H. Vidler, who dropped dead in front of the Armories last evening. Mr. Vidler who was a man of seventy-four years of age, went to the Armories yesterday afternoon to meet his grandson, Pte. E. S. Cunningham, of the Machine Gun Corps, who returned by the Olympic. After the Nova Scotia party was brought ashore and formed up on the pier for the march to the Armories Mr. Vidler accompanied his grandson to that place. He was about to enter the Armories, when he dropped dead on the sidewalk.

Theodore Roosevelt's heretofore unpublished letters are to appear soon in Scribner's Magazine, and the series will run continuously for several months. Subscribe now to Scribner's so that you will not miss reading these most interesting letters. H. F. Davidson, The Magazine Man.

Rev. Chas. A. Kelso has resigned the pastorate of the Madison Ave. Baptist church, New York. Money to loan on mortgage securities. Apply to E. S. Crawley, Wolfville.

**R. E. HARRIS & SONS.**

Two Telephone 115-11 and 16.

**Migratory Bird Act Stands.**

Some time ago, a wholly unfounded report was current that the United States legislation ratifying the Migratory Bird Treaty with Great Britain had been declared invalid by the United States Supreme Court. The constitutionality of the United States provides that a treaty is supreme and that any legislation which provides for the enforcement of the terms of a treaty cannot be declared unconstitutional, consequently the legislation passed by Congress last August giving the United States Department of Agriculture the authority to apply in the United States the terms of the treaty cannot be successfully attacked on this or any other grounds. A few years prior to the ratification of the Migratory Bird Treaty, Congress had passed legislation which purported to give protection to migratory birds, and it was desirable that it be declared invalid that all conflict with the 1918 act be avoided. The act of August, 1918, has not been attacked and cannot be attacked successfully.

**30 Years Ago.**

The following extracts are taken from the files of "THE ACADIAN" of 30 years ago: Every indication now points to an exceptionally early spring. Our streets are dry and dusty and not a vestige of snow to be seen upon our hillsides or a particle of ice upon our coasts. Already the farmers are beginning to fertilize their land preparatory to planting within a few weeks. Work has been resumed on the Cornwallis Valley Railway, and it will be rapidly pushed along until the road is completed. Messrs. F. W. Woodworth and M. W. P.ick will resume work on the houses begun last fall on Chapel street in a few days.

# DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

## AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-LIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles, that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-lives" are taken to correct Constipation.

"Fruit-a-lives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. Do a box, 6 for \$2.00, trial size \$1. At all dealers or send on receipt of price by Fruit-a-lives Limited, Ottawa.

### White Ribbon News.

Woman's Christian Temperance Union first organized in 1874.

AIM—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in customs and in law.

BOSS—A Knot of White Ribbons.

WARRIORS—Agitate, Educate, or govern.

OFFICERS OF WOLFVILLE UNION, President—Mrs. B. O. Davidson, 1st Vice President—Mrs. G. W. Miller, 2nd Vice President—Mrs. McKenna, Recording Sec'y—Mrs. Ernest Hudson, Cor. Secretary—Mrs. W. O. Taylor, Treasurer—Mrs. H. Pines.

SUPERVISORS, Evangelists—Mrs. George B. Bishop, Parlor Meetings—Mrs. Young, Lecturer Work—Mrs. Fielding, Red Cross and Lumbermen—Mrs. J. W. Vaughn, Press and Willard Hall—Mrs. M. P. Freeman, White Ribbon Bulletin—Mrs. Hutchison, Temperance in Sabbath-schools—Mr. C. A. Patzquin.

Let us not therefore judge one another any more, but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way.—Rom. 14:21

Business meeting of the W. O. T. U. the last Friday of every month.

### The W.C.T.U. In Reconstruction.

By C. Spofford, Victoria, B. C. It is surprising how a single phrase or term grips the popular mind until in a very short space of time it becomes a national slogan. Four years ago the word was "Preparedness," this was the expression on every tongue, the thought which dominated the general mind, the purpose behind all national organization and effort. After four years of intensified carnage on the fields of battle, years which bore witness to horrors unpeepable and to sufferings inconceivable, the red wrath of the war god had been spent, his fury had subsided, and on the ruins of war the nations today are setting themselves to the task of rebuilding.

During these years governments have been overthrown, creeds and dogmas crumbled, the whole social system has undergone change, and the one word which today represents the thought and the purpose of the world is "Reconstruction." In view of the insuperable and radical changes which the war has brought about, the task of bringing a clarified vision to bear on the work of reconstructing the political, economic, industrial, and social life of the nation is by no means a light one.

Why must women share in the task of reconstructing? Because in the final analysis whether it be the political, economic, industrial or social life of the country, these, one and all, have direct bearing on the interest of the home, and the women of Canada are mightily concerned in the homes of Canada; women must therefore make their contribution to the plans for rebuilding, in order that everything pertaining to this acknowledged "Foundation of the nation" be made to conform to the plumb line of rightness, which alone will ensure national greatness.

Indeed woman herself is a very real problem to be taken into consideration in the task of reconstruction. In the earlier days of the war, when women by the thousands were being called out of the home to go into workshop, factory, field and elsewhere, in order to release men for fighting, a prominent writer made the statement that when the fighting

was done the great problem would not be what would the Allies do with Germany, or what would Germany do with the Allies, but what would the nations do with their women? Whether or not this writer exaggerates the situation, the fact remains that woman's occupancy of industry is a serious problem, the solution of which lies largely in the hands of the women themselves. Having proved to her own satisfaction, and beyond dispute, her ability to enter almost every field of industry hitherto held to be the exclusive right of man to occupy, will women be willing to relinquish their so-called "positions," to forego their independence and freedom which these have afforded her, and go back to the old life? Thousands of them never will, they have outgrown the conditions which surrounded their former life.

To judge where to begin in the solution of the many problems which confront us, is like finding the first link in an endless chain. But if the women of Canada would set themselves to the task of elevating "home-making" to the level of other professions, such as nursing or teaching, so that self-respecting young women could go into Canadian homes as "home helpers" without losing their social standing, and consequent self-respect, we believe that the world at large, and the way for solving this problem in the task of reconstruction; further, that they would help to solve the problems which confront the mothers of Canada today in their endeavor to render the civility which the state demands of them without the assistance in the home which that service requires.

It has gone by when educated and capable young women will occupy a position which offers inadequate pay for the long hours of service required combined with social ostracism; there are too many open doors before them. As an organization of the W.C.T.U. has held the interests of the home, the objective of all its activities; it should not the W.C.T.U. as a nationally organized body of women, take the initiative in seeking to solve the problem of the return of women to the home, as its contribution to the great task of "Reconstruction."

### Do You Want Pink Cheeks?

THEY CAN BE HAD BY KEEPING THE BLOOD RICH, RED AND PURE.

Every woman—every girl—wants pink cheeks. They mean not only beauty but good health. When a woman's blood is scanty or acidic, her color fades, she looks dejected, is short of breath and her heart palpitates after slight exertion. Sometimes this trouble is accompanied by severe headaches, or pains in the back or sides. This condition is entirely due to weak, watery blood, and can only be cured by making the blood rich and pure. For this purpose there is nothing so good as Dr. Williams' Pink Pills, which act directly upon the blood, and in this way bring new health and strength to weak, ailing people. Mrs. Anderson, Hearst, Ont., says: "Before coming to Canada from England, I was a sufferer from anaemia for upwards of a year. I had been gradually getting paler and weaker. I did not realize that I was sick, but felt constantly tired and worn out. I had no ambition for anything, and grew so white that my brokers used to call me 'snowball.' At this stage my mother decided that she would get Dr. Williams' Pink Pills, which are a favorite medicine in England as well as in Canada. On the day I commenced taking them I faintly on getting out of bed my mother urged me to stay in bed for a few days. I really felt so weak that I was glad to take her advice. I looked more like a corpse than a living person. I remained in bed for a week, taking the pills regularly, and then I felt that I was able to get up, though not able to go about. From that time on, however, I gained strength daily and in a little more than a month I was feeling as well as ever. The color returned to my cheeks and lips, and my friends were all surprised at my rapid recovery. I took no medicine but Dr. Williams' Pink Pills, so that they deserve all the credit for my restoration to health."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$3.00. The Dr. Williams' Medicine Co., Brockville, Ont.

A clergyman who was not dignified toward an occasional glib sales London T. H. Bits, hired an Irishman to clean out his cellar. He brought out a number of empty whisky bottles, and as he lifted each one looked to see if there was anything in it. The clergyman, who was walking on the lawn, noticed him and said: "They are all dead ones, Mike."

"They are," answered Mike. "But there is one good thing about it that they all had the minister with them when they passed away."

Two Englishmen were walking Dublin street a short time ago when an Irish soldier was seen approaching in the distance. One of the Englishmen, who considered himself witty, thought he would have a little fun with the son of Erin. He walked up to him and remarked:

"Pat, I hear the devil's dead."

The Irishman said never a word, but put his hand in his pocket and brought forth a tobacco pipe and handed it to the Englishman.

"What's that for?" asked the astonished latter.

"Oh, nothing," said Pat, "only it's a custom in our country to be poor and to smoke along when their parrot."

# 1919 MATING LIST

## Evangeline Poultry Yards

### WOLFVILLE, N. S.

H. K. PIERCE - MANAGER

### WHITE WYANDOTTIS

PEN ONE—A grand collection of First Class birds, including our two best last year's brooding hens, the mothers of nine winners at the leading shows in Nova Scotia, also three pullets of sterling quality. This pen headed by an excellent cock bird from Martin's best Dorcas strain. Those should produce PEN TWO—Ten grand setters, including the first and third at the King's County Poultry Show, which was the largest collection of White Wyandottis ever shown in Nova Scotia, also eight other pullets, two of which can easily win over the first and third. All the remainder are show birds which can stand strong competition. This pen is headed by the third cock bird at the Halifax Winter Show and should produce winners and strong layers.

PEN THREE—This pen is made up of our best bred layers and some of our best Dorcas strain pullets, headed by our best laying strain cockerel, he being from Martin's Dorcas pen No. 26 (his best special Dorcas pen) and is a 232 egg strain bird. This makes it sure to produce great layers.

PEN FOUR—Made up from the balance of our 200 egg strain Dorcas pullets, headed by two Dorcas cockerels, he hatched from eggs coming from two of Martin's special Dorcas pens (No. 26 and 27), the hens of which have records of 300 up to 255.

### BARRED PLYMOUTH ROCKS

PEN FIVE—Made up of ten good layers, yearlings of 200 egg strain, mated to a fine dark cockerel, nicely barred with a splendid shape. Those hens produced the pullets in pen No. Eight. This pen will produce great layers.

PEN SIX—Consisting of pullets from a 267 egg strain mated to a splendid pullet mated yearling, being a very good layer. This pen will produce show pullets and heavy layers.

PEN SEVEN—Consisting of pullets as in pen Six, mated to a good laying strain cockerel, which has been barred.

### PEDIGREED BARRED PLYMOUTH ROCKS

PEN EIGHT—A pen of pullets coming from the hens in pen No. Five, mated to three Pedigreed Cocker Birds purchased from W. J. Johnson. Their records are 225, 224, 224. We took 772 eggs from these 40 pullets in the month of January.

PEN NINE and TEN—RHODE ISLAND REDS—Birds of standard color and shape, bred and raised in association with the King's County Poultry Show, with eight pullets, including second at above show. Pen eleven headed by a cockerel from Budd's famous laying strain; he also has grand color and shape and has never been shown.

PEN ELEVEN—A pen of Partridge Wyandottis—nice shaped pretty birds.

### PRICE LIST

1 & 2	\$5.00
3	4.00
4 (a bargain)	3.00
5	2.00
6	1.50
7	1.30
8 (Pedigreed)	2.50
9 & 10	2.00
11	1.00
White Wyandottis eggs as they run	3.00
Barred P. Rock eggs as they run	2.00

Prices quoted on large quantities upon application.

Our stock is much better than we have ever possessed before and our dual purpose White Wyandottis will produce winners in the show room and will also produce as many eggs as any other White Wyandottis in Nova Scotia. We have placed our prices within the reach of all in order to get our birds before the brooder.

Costs must accompany all orders. Give the Evangeline Poultry Yards your order and be confident of satisfaction.

Keep this Mating List for reference. After about May 15th we are offering some of our breeding pens for sale. This will be an excellent opportunity to procure some good stock at low rates.

If you know anyone who is interested in raising good stock you will be doing them a favour as well as by dropping us a post card bearing their name.

# Irrigation as a source of wealth

FEW agricultural districts have grown to prosperity more quickly and found it more substantially than the country tributary to Lethbridge in Southern Alberta. Driving through this district towards the end of last summer, a prominent official of the Dominion Government at Ottawa, who had been making an extensive tour of Western Canada, remarked that here were the most prosperous agricultural communities he had seen during the whole of his trip. Now this remark is relative. All over Western Canada there are very prosperous districts, where modern homes, spacious barns, well filled granaries, good sized herds of cattle and many other signs reflect the welfare of their owners, reason may be given in one word—irrigation.

Driving into one of these districts from the east, one cannot help but be immediately impressed. The most striking fact in this district is the deep green fields of alfalfa, in which hogs, sheep or cattle are pasturing. The substantial farm buildings, mostly surrounded by trees, the well fenced farms, all these are evidence of a prosperity which is being built up on sound lines. A measure of the fast development of the whole of the territory east of Lethbridge is the village of Coaldale, for this village has grown with the district. But a very short time ago a railway siding only, Coaldale is now an active business centre, with a lumber yard, hardware business, general stores, hay market, butcher facilities, bank and other businesses. The community is also served by one of the best and most up-to-date consolidated schools in the West.

Probably no other community in Canada has received more settlers who have purchased lands at the high average price which has been paid by those who have most up-to-date consolidated schools in the West. Probably no other community in Canada has received more settlers who have purchased lands at the high average price which has been paid by those who have most up-to-date consolidated schools in the West.
