

NOT A FIT PLACE EVEN FOR ANIMALS.

I. H. Pratt Condemns Police Cells.

Three Men Appointed to Force To-day.

Will Try to Revive the Police Games.

The Police Commissioners met at 11 o'clock this morning to appoint three men to fill the vacancies caused by the death of Sergt.-Major Prentice and the resignations of Detective Miller and Constable Canary.

The resignation of Constable Canary was not put in till this morning, and it was accepted with regrets, after his long service. Sickness necessitated this course. The secretary was instructed to convey the deep sympathy of the Board to Mrs. and Miss Prentice in their recent bereavement.

The resignation of Constable MacDonald has never been officially accepted, and this was done, and a recommendation given him, signed by the Chairman. There were twenty-one applicants for the three vacancies, and the three chosen were:

H. Burch, 24 years of age, 6 feet 11-3 inches tall, 36-inch chest and 185 pounds in weight. Single and employed as a telegraph operator on the G. T. R.

David H. Pickett, 22 years of age, 6 feet 1 inch in height, 37-inch chest and 174 pounds in weight. Married and a farmer.

Edward A. Pettit, 22 years of age, 6 feet 1-4 inches tall, 36-inch chest and 193 pounds in weight. Single and a farmer.

William Mackie was told to come back on his 21st birthday. He is too young, but a splendidly built man, and a sure winner if he returns in December.

Mrs. Erskine, matron of the new patrol station, had her salary increased from \$12 a month to \$15 a month.

The trustees of the Benefit Fund asked the Commissioners to ratify the payment of \$1,574.46 to the widow of the late Sergt.-Major Prentice. Judge Snider wanted to pay a death claim instead of a lump pension. The Commissioners agreed to leave it to the City Solicitor to decide whether the death claim or the benefit be paid.

The story of the request of the benefit fund trustees that some of the men who had been on for some time be asked to contribute more money to the fund, and asking the commissioners to provide a higher rate of assessment in regard to the officers was again turned down.

"We didn't find anything like Mr. Pratt said was down there," remarked Magistrate Jelfs to the Times, in regard to the inspection of the cells at No. 3 after the commissioners' meeting this morning. He said the other two commissioners were satisfied that the place was clean. "Of course it's not fitted up like a person's bedroom," said the Magistrate.

DEPUTATION SEES WHITNEY ABOUT THE GRAND RIVER.

Asks That Commission be Appointed to Devise Scheme to Prevent Floods.

(Special Despatch to the Times.) Toronto, Ont., April 15.—During the past several years the towns and cities situated on the banks of the Grand River have spent large sums of money to prevent damage by flood, when the river overflows, and for the purpose of securing Government aid for the prevention of floods, a large deputation waited on the Hon. Mr. Whitney this morning. Those in the delegation were Messrs. T. H. Preston, M. P. P., Mayor Bowly, C. Cook, President Board of Trade, Joseph Budy, Secretary, F. Cockshutt, Alderman Suddaby, F. D. Reville, T. H. Jones, City Engineer, and A. G. Olive, all of Brantford; W. H. Breithaupt and Homer Watson, of Berlin; Mayor Patterson and Reeve Jefferson, of Paris, and Mr. J. Kohler, M. P. P.

The Open Shop

Cleveland, April 15.—At a meeting of the Lake Erie dock men and superintendents held here yesterday one of the important questions considered was the labor situation for the coming season. Every Lake Erie port was represented. While it was officially stated that the managers were not ready to announce their plans it was hinted by one of the managers that it would be no surprise if the managers would follow the lead of the Lake Carriers' Association and declare for the "open shop." This will be determined at the meetings to be held next week. The present contract with the longshoremen expires on May 1.

TWO PRESIDENTS

Conferring About the Coal and Steel Dispute.

(Special Despatch to the Times.) Toronto, Ont., April 15.—Seen this morning at the close of his conference with Jas. Ross, President of the Dominion Coal Company, President J. H. Plummer, of the Dominion Steel Co., said to your correspondent: "I have nothing to tell you, except that we have taken a few further steps in our discussion. I may state, however, that there will be no definite settlement either way at this conference. I do not mean this in the offensive sense, that we are not getting together amicably, but simply that at this conference is the nature of arranging the information on each side in order that it may be submitted to our respective boards. We may not even agree on a tentative basis of settlement at this conference. I will not be seeing Mr. Ross this afternoon, but am to meet him again to-morrow."

CUP DEFENDER.

Jack Fearnside's Yacht Canadian In Hot Place.

About 11:30 last evening the fire department was called to 13 Mill street, where a large stable and storehouse owned by John Fearnside was in a blaze. The fire started down stairs on the ground floor, and ran up the hay chute. The yacht Canadian, built as a Canada cup defender in 1901, was on the second floor, but was not damaged. The total loss will be about \$300 or \$400, which is partially covered by insurance. T. Nicholson's horses were all taken out, and the fire was put out inside of an hour and a half.

AN EVERY-DAY ACCURANCE.

On Monday it was a purse and its contents; yesterday it was a pure bred Angora cat; to-day it was a fine black cocker dog—restored to their owners through the medium of the Times. It always works out that way. Yesterday's Times contained these few words in the liner column.

LOST—BLACK COCKER PUP, east Hamilton. Reward. Farrar, cleric, Market Square.

Ald. FARRAR knew the Times was the good thing in the lost and found line and inserted the ad. Henry McIntyre, an employee of the Hamilton Colored Cotton Company, found the black cocker pup, near the James street incline, and returned it to its owner to-day.

Do you see why you should advertise in the Times? The trouble with sober second thought is that it seldom comes till the morning after.

BRITAIN'S NEW PREMIER, THE RIGHT HON. H. H. ASQUITH.

HE IS A FRAUD

Is What Former Employer Says of Ward.

Complaints are still pouring into the police office here about M. G. Ward and wife. This morning two hotels from cities in Pennsylvania reported having been victimized, and John Hoffman & Co., whose name appears on every bogus draft, are also reporting several more. John Hoffman & Co. report that the mysterious Mr. Ward worked for them until March 26th last, and that since then he has been on a long trip and has left his mark in almost every city he passed. "M. G. Ward is a fraud," is the emphatic way the manager of the Hoffman Company, of Rochester, denounces him. As far as he can be traced in Hamilton, the Cecil Hotel and the Boston Lunch are the only sufferers.

MADE RESTITUTION.

Lily King Allowed Off on Suspended Sentence.

Lily King, found guilty a few days ago of obtaining money by false pretence, was up this morning for sentence. Harry Carpenter appeared for her and agreed to pay all the money back that she was charged with having kept from letters she wrote to her cousin in Lockport. The Magistrate said he was satisfied with this, and allowed her to go on suspended sentence. Well-known citizens gave her a good character. George Beard and Moses Niblock, Blake and Prospect streets, respectively, were fined \$3 each for leaving their horses untied at John and King William streets. On Monday morning they left three teams standing in front of a hotel and went in to get a drink. The front team was the only one tied, and Constable Hay found the men in the hotel.

KING'S ORDER.

Miss Elkins Must Turn Catholic or Lose Duke.

Rome, April 15.—The King's consent to the marriage of the Duke of the Abruzzi and Miss Katherine Elkins was obtained conditionally upon Miss Elkins' conversion to the Catholicism, which Monsignor Ferrari, the court chaplain, is now negotiating. The conversion may take place in America. The Duchess of Avona, personally or by proxy, will stand as godmother at the convert's baptism.

STEAMER DISABLED.

Drifted Many Miles at Mercy of Wind and Tide.

Vera Cruz, Mexico, April 15.—The first engineer and the cook of the disabled steamer Sonora, which has been drifting helplessly in the gulf for a week, arrived in this city yesterday in an open boat. They travelled 250 miles at the mercy of the winds and currents of the gulf. They left the disabled vessel on Sunday morning at daybreak in the open boat, off the Triangle Islands, near the Yucatan coast. Vessels have been sent out to locate the missing steamer. She has a cargo of cattle.

Hyman's English Mixture.

Hyman's celebrated English smoking mixture makes a cool sweet aromatic smoke that will not bite the tongue. It is sold for 50 cents a tin at peace's cigar store, 107 King street east.

SAFETY DEPOSIT BOXES.

To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

THE RT. HON. HERBERT H. ASQUITH, M.P.

Premier-elect of Great Britain and Ireland. Although he thought that Premier Asquith seeks none with whom to visit a week with. Where all true patriots gleam; And so Canadians, each and all; Desire him joy in Honour and Hall; And will cooperate with him In all that aids the Empire's vim. William Murray.

MRS. J. ROSE HOLDEN

Widow of Ex-Mayor Holden Died Last Night.

It is with deep sorrow and sincere regret that the many friends of Mrs. John Rose Holden will read the notice of her death. With the exception of a few years of her widowhood, when Mrs. Holden was principal of the English Church school for girls in the Diocese of Montreal, her life since her marriage has been spent here. The daughter of the Rev. Mr. Roach, a Presbyterian minister, after her marriage she joined the Anglican communion. She was a member of St. Mark's congregation from the time the parish was set apart over thirty years ago. The first communion vessels were presented to this church by Mr. and Mrs. Holden and for several years Mrs. Holden was a most successful teacher in the infant class.

DUNDAS WEDDING.

Nuptials of Herbert Baker and Miss Nelson.

Dundas, April 15.—(Special.)—A very pretty wedding was solemnized at 4:30 this afternoon at the home of the bride's parents, Mr. and Mrs. D. W. Nelson, when their eldest daughter, Ellen May, was married to Herbert A. Baker, of Dundas by Rev. Mr. Mansell. Miss Nelson, the bride, was one of the most popular young ladies in Dundas, and enjoyed the esteem of a wide circle of friends. Mr. Baker is a native of Woodville, London, England. The wedding took place in the parlor, which was neatly decorated for the occasion with palms and ferns. The bride was handsomely attired in a cream veil, trimmed with duchess satin ribbon and guipure lace, and wore the customary bridal veil, carrying a bouquet of roses. The bridesmaid, Miss Gretta Nelson, sister of the bride, was daintily gowned in a dress of cream mill, with Valenciennes lace trimmings and a girdle of pale blue ribbon. She carried pink carnations. The groom was supported by J. A. Haines, a close friend.

TO MRS. MACKELCAN

Present of Silver From Central Presbyterian Choir.

Last evening, after the singing of the cantata in Central Presbyterian Church, a very pleasant event took place, in which Mrs. Frank MacKelcan, the contralto soloist, was presented with a beautiful set of silver knives and forks, as a slight expression of appreciation of her services to the choir during the time she has been there. Mr. Percival Garratt made the presentation and in a few words expressed the regret of the members of the choir in the loss that will be sustained by Mrs. MacKelcan's removal to Toronto where she has accepted a position in the Bloor Street Presbyterian Church. He said he had always found Mrs. MacKelcan an earnest worker and helper, and a tower of strength, and wished her the best of success in her new sphere. Rev. W. H. Sedgewick replied suitably on behalf of Mrs. MacKelcan. An enjoyable little spread followed the speechmaking.

A Long Walk

Is good exercise, but is misery if your feet are tender. British Army Foot Powder dusted into the shoes will relieve and cure all soreness and stops excessive perspiration. Be sure to get the genuine; like all other good things it is imitated. Specify British Army and take no other. Sold in sprinkler top cans, 25c. Parke & Parke.

PROHIBITS BETTING.

Washington, April 15.—The Senate today passed the House bill prohibiting race track betting in the District of Columbia.

THE MAN IN OVERALLS

It will be a good thing if we have good weather on Good Friday.

Mr. Chairman, I would like to move that the ladies remove their Merry Widow hats in church on Sunday, and give us all a chance to see as well as hear the minister.

So the Herald refuses to answer my power question, showing that it is neither bold enough to be honest, nor honest enough to be bold.

In the early days of the George Dr. Roberts' case to explain to us all the why and wherefore of the smallpox cases, now he seems to take them as a matter of course.

Perhaps the Mayor will ask the Assessment Commissioner for his resignation, seeing he is a friend of his. Then again he may conclude that Macleod is not Barrow.

The flowers that bloom in the spring, true as should be peking their noses out of the ground over in the Gore any day now.

Well, the Speech from the Throne wasn't worth the space.

The Canadian Northern and other deals may help to supply the Tories with the long green at this crisis.

Ald. Farrar is sure that Mr. Macleod did not kick him downstairs. Perhaps he just fell down.

It's a little early in the year for the aldermen to be taking side trips to see how other cities do it. Who gives the permit for these jaunts.

R. A. Thompson's supporters will need to do double duty this campaign. Mr. T. has not been in fighting trim for some weeks back and will need lots of assistance.

The spring fashions in fly paper are now to be had in the stores. Get your supply now.

People point to Ald. Sweeney's immigration resolution as a straw showing that he may yet be an East Hamilton candidate.

While half a dozen Socialist candidates are spoken of as possible Local candidates, no Black Hand man has yet been mentioned as looking for a nomination.

When is the City Hall salary list to be probated?

Ald. Sweeney should have posted himself before he spoke on the immigration question. His remarks showed that he was ignorant of what the Dominion Government was doing.

The Police Commissioners should make a move to discourage the knife business before somebody is murdered.

If the Barton township authorities gave their residents proper police protection what they ought to get—there need be little objection to the amusement park.

HAS LITTLE CHANCE OF PASSING COUNCIL.

Open or Closed

Cleveland, April 15.—The Executive Board of the Marine Engineers' Beneficial Association still are in session here, receiving reports from the various locals along the great lakes regarding their attitude toward the "open shop" policy of the Lake Carriers' Association. No action will be taken until a full report is received. President Yates said to-day that there was little change in the situation. The engineers for the Mitchell fleet of boats signed individual contracts to-day for the season, it was said, by the boat owners.

BROKE KNEE CAP.

Painful Accident to Mr. Frank Page Yesterday.

Mr. Frank Page, of the Frost Wire Fence Co., was the victim of a painful accident yesterday afternoon about 5 o'clock on Main street in the rear of the Terminal station. He was riding on one of the company's delivery wagons when the horse suddenly kicked him on the kneecap. The cap was broken and Mr. Page was removed to the City Hospital where his injury was dressed and he is improving favorably. Mr. Page had his face burned about two years ago at the works by an explosion of metal and has not been in good health since that time, besides being blind. His many friends hope for a speedy recovery.

MEMBERS AWAY

For Easter Holidays But Cabinet Is Busily at Work.

(Special Despatch to the Times.) Ottawa, Ont., April 15.—The Parliament buildings are pretty well deserted to-day, nearly all the members having left for their homes to spend Easter. The Cabinet is in session and will be daily until the House meets. Civil service reform is giving the Government a good deal of work.

BELOVED VICAR-GENERAL HAS FINISHED HIS COURSE.

Christlike Life of Mgr. Heenan Came to Its Close Last Night.

MGR. HEENAN, Vicar-General of Hamilton Diocese, Who Died Last Night.

Mgr. Heenan, Vicar-General of the diocese of Hamilton, for twenty years rector of St. Augustine's Church, Dundas, and one of the oldest and best known Catholic clergymen in the Province, died last night at St. Joseph's Hospital. His health had been failing for a long time, the result of a complaint from which he suffered for years. It was only three weeks ago, however, that his illness assumed an acute form, and last week he was removed to the hospital.

Little hope was entertained for his recovery from the beginning, and it was only his wonderful vitality that held him up so long. He had evidently delayed too long in having the operation, that was necessary, performed. On account of his low condition the doctors waited, hoping that he would regain some of his strength. It was found impossible, however, to postpone the operation any longer, and it was performed yesterday. It was perfectly successful, and satisfactory, but the aged priest did not have the necessary strength to recuperate. He rallied for a while, encouraging hopes of his recovery, but began to sink rapidly yesterday afternoon, and died at 10:45 last night.

Mayor Stewart Makes Frank Admission

About Hydro-Electric Power Scheme.

Mountain People Favor Annexation.

Mayor Stewart when asked to-day what objection there would be to the council relieving itself of responsibility by submitting the Hydro-Electric by-law to the people again, in view of the fact that no price is to be stated in the agreement, while it was understood when the by-law was being voted on that the cost would be guaranteed, said, "That forty-year contract to which we are tied is a pretty hard nut to crack." It amounted to a frank admission on the Mayor's part that he was afraid if the ratepayers had another chance to express a verdict on Hydro power the by-law would be defeated. "I can understand," said the mayor, "why we might be tied up for thirty years, the time the debentures have to run, but I cannot understand why we should be held for forty years." It grows more apparent every day that the contract has a mighty poor show of ever receiving the sanction of the council.

"It's a pretty tough hole to put a woman in," admitted the Mayor to-day after the Police Commissioners had made an inspection of the cells at No. 3 police station, following the complaint laid by T.H. Pratt. The Mayor thinks it would have been much nicer if the woman had been sent to the jail. The walls, he says, look as if they had not been whitewashed since the place was built, and the benches are very dirty and in need of repair. The Mayor thinks the whole inside of the building should be ripped out and rebuilt, so that it would not be such a dungeon. He thinks tiers of steel cages should replace the cells. The commissioners will deal with the matter at their next meeting.

Thirty residents of the mountain top, east of Wentworth street, representing those in the section who desire to come into the city, met last night at Cotter's Hotel and after talking matters over with Mayor Sewar and Chairman Clark, (Continued on page 3.)

of other denominations with whom he came in contact. His was the Christlike life of the Saviour whom he served. His forty-eight years in the priesthood were spent laboring among the poor and sick.

"He left less than \$100 in the bank, not enough to bury him. All he had went to a poor. This was the tribute Rev. Dean Mahoney, rector of St. Mary's Cathedral, paid to the charity and zeal of the dead priest this morning.

Vicar-General Heenan was born on Nov. 18, 1833, in Walpole township, Hamilton district. He received his education at St. Michael's College, Toronto, and the Grand Seminary, Montreal. On Aug. 4, 1861, he was ordained by the late Bishop Farrell, and attached to the staff of St. Mary's Cathedral, where he remained for twenty-eight years, when Mons. Heenan began his duties as the cathedral's first rector. His life was a life of sacrifice. He was in charge of the diocese in 1870. Eight years prior to that the active work of the parish fell on Father Heenan, who remained as vicar-general and rector until 1889. After being made vicar-general by Bishop Farrell, he continued as vicar-general under the succeeding bishops, and was three times administrator of the diocese. In 1898 he was made parish priest and senior vicar-general of the diocese. On petition of the Bishop, he was made Roman prelate of the highest rank in 1893.

In 1899 he went to Dundas and took charge of St. Augustine's Church, and has remained as its rector since. During all these years he endeared himself to all. He was widely known and respected for his great zeal and charity by those of all denominations. A great number of societies, all of which were formed by Mons. Heenan, when he became rector, flourish in the parish, which grew and prospered under his wise guidance.

The dead priest is survived by two brothers in Walpole township; three sisters, one Sister St. Helena, of St. Joseph's Hospital, and two sisters in the Precious Blood Convent, Manchester. The remains will be conveyed from St. Joseph's to St. Mary's Cathedral on St. evening, and at 7:30 solemn absolution of the dead will be given by His Lordship Bishop Dowling, assisted by the clergy of the diocese. The body will lie in state until 9 o'clock, when the cathedral will be closed. At 3 o'clock to-morrow afternoon the remains will be conveyed to St. Augustine's Church, Dundas, and lie in state there until 10:30 on Monday morning. It is expected that the funeral mass will be chanted by the Bishop of the diocese. Clergy will be present from all parts of the diocese, and it is likely that the remains will be interred in a vault in St. Augustine's Church, as it was one of the dying wishes of the dead priest that he should be buried among the people whom he had loved and labored for for so many years.

THE HAMILTON TIMES

WEDNESDAY, APRIL 15, 1908.

POLICY OF PUBLIC CONTROL.

Evidence is not lacking that the movement to regulate all public service corporations and exact from them the full performance of their duty toward the public, and strict conformance toward the principles of justice, is having its effect, and that the interests affected are preparing themselves to accept the situation. This speaks well for the future. Not only will it prove beneficial in a direct manner to the masses of the people, but it will, having an excellent effect in combating the evil influences of the so-called "ownerships" whose inspiration, as aptly described by Mr. Byron E. Walker, is "envy of success," and whose tendency is toward anarchy. It is not to be denied that excuse for their envy has existed. In too many cases, public service corporations have in the past been too free from effective supervision and control and have abused their privileges. It was high time that the strong hand of Government should be raised to protect the people. The tendency to obey the new regulatory laws is illustrated in the report of the American Telephone & Telegraph Co., just issued. President Vail is at some trouble to state that the shareholders of his company and its predecessors, have paid in more money in cash than is represented by the capitalization at par value. It is doing business on business principles, and it takes the public into its confidence by making "complete and absolute showing of the condition, cost and value of plant, cost and value of service, cost and necessity of maintenance, and the broad position is taken that neither our company nor the associated companies have anything to conceal or anything to apologize for." Its rates are based on its capital investment and judiciously managed operation, and are held to be reasonable and consistent with good service. The supervision of the Utilities Commission is welcomed, and the contention is advanced that the public obtains a better and a cheaper service under a well controlled and regulated monopoly than it would under competition with duplication of plants, which, as everybody is aware, entails wasteful investment of capital and the nuisance of having to subscribe to two or more services to be able to cover the field.

Commenting on this, the New York Journal of Commerce approves the spirit shown by the public in accepting the principle of public control, a control which is, of course, expected to be independent, intelligent, considerate, thorough and just; and it says that, if the company's position "is maintained in good faith, it is commendable and indicates a policy for public service companies, that must almost of necessity be allowed a monopoly in their special field, which is calculated to invite cooperation of public authority for an efficient and harmonious working of the service. With full publicity and efficient supervision, and an exercise of good faith on both sides, there can be no question that charges which will allow of the best maintenance and a fair return to investors will be in the interest of the public as well as the companies."

IMMIGRATION BONUSES.

It scarcely needed the motion promoted by Mayor Stewart and Ald. Sweeney, which was passed at Monday night's meeting of the Council, to illustrate that a great deal of ignorance exists as to what the Government of the Dominion does by way of encouraging immigration. Nor is the ignorance confined to those whose prejudices incline them to make the worst of the situation against the Government. The idea that "prevails with many is that Government agents seek Europe, begging the people of all ranks and stations to come over and share our blessings, adding, by way of additional inducement, the offer of a bonus of so much a head for all who will pull up stakes and join us. As a matter of fact, nothing could be further from the real situation. The Government pays not a dollar by way of bonus to immigrants. It does not even give them assisted passages. What the Government does do is to establish a system of restricted or supervised immigration, whereby looking agents of the transportation companies are paid a small sum per head for selected immigrants of a certain class from special localities. Not only does it in this way restrict and select its immigrants, but it has provided that other classes who come to the country must have a certain money qualification to insure that they shall not be charges upon our charitable institutions. The criminal and the physically unfit are excluded under our laws, and if they find a way into the country, in spite of the inspectors, they may be deported. Even English societies, formed to forward emigration to the British colonies, are required to obtain for each emigrant sent to Canada, a certificate of fitness from the Canadian immigration authorities in England. Much has been heard by way of complaint, on the lips of the uninformed, that the Government paid out large sums in bonuses on immigration from Italy. The records show that between 1896, when the Laurier Government came into power, and 1902, bonuses had been paid on only 72 Italian immigrants, and not a dollar had been paid since. It is worthy of note, as pointed out by Hon. Mr. Oliver, that during last year almost half of Uncle Sam's 1,000,000 immigrants came from southern Europe. Canada desires immigrants who will

not crowd into our cities, but who will aid us in developing our great natural resources. We need tillers of the soil. The Government's system of restricted and selected immigration is calculated to encourage the coming of those who will be homesteaders, and help to bring our vast stretches of fertile soil into productive use. That it has been wonderfully successful the records of homesteading and settlement go to prove. That it has been instrumental in inducing many thousands of excellent settlers, the total of whose assets reaches many millions, to settle the country, is beyond dispute. No system of selecting immigrants is likely to be infallible, but the results in general have been beneficial to the country. The straining-out process is year by year being perfected, and inducements are held out only to the desirable. The bonus to the booking agent is not an indiscriminate effort to get population; in practice it is merely a part of this very straining-out process—of selecting the kind of immigrants we desire.

A SPECIMEN OUTRAGE.

A little coterie of Opposition members fairly excited in presenting to the House, on Monday, a brand new outrage of the first class. One Dr. Hawkins, a Government medical inspector, was said to have been guilty of grossly abusing his position. It was alleged that a shipload of passengers were prevented from landing, and were detained at Halifax at great inconvenience to many of them, and the changes on this outrage till duty to devote himself to canvassing and electioneering for a municipal office, for which he was a candidate. They rung the charges on this outrage till they ran the gamut of the emotions, and upon it they built an argument that as soon as a man undertakes any Government work whatever, he should cease to take an interest in municipal affairs. This position, however, was far from being conceded by the Ministers.

Now the Government is in possession of the facts of the case. The steamer, the Tunisian, arrived at Halifax at 12.25 p. m. The second class passengers began to land 25 minutes later, and were all off at 2.15, their examination being begun at 4.25. The third class passengers' examination began at 5, and was finished at 10.45. As far as Dr. Hawkins was concerned, it would not appear that he had been guilty of any slothfulness. There were 1,000 passengers, and Dr. Hawkins' work was completed at 7.30 p. m. Certainly, the examination of such a number of people in such a short time precludes the idea that they were subjected to such an unnecessary delay as to warrant a complaint of dilatoriness against the inspector. Another Opposition scandal bubble punctured.

"COMMENDS" HIMSELF!

The pretigation of Badminton on Tuesday was so flat and tame an affair, and so few of the members were present, as to suggest the fittingness of the event to mark the termination of a session almost entirely given up to planning how to avoid dealing with important pressing legislation, and how to so load the dice as to cheat the minority in the House in the approaching elections. Not that a large number of bills were not presented, for there were 243 introduced. Many of them, however—nearly 100—were killed. Some of the most important of the legislative measures proposed were dropped because the Premier feared to deal with them on the eve of an election. The speech from the Throne was more than usually flat and tame; but there are features in it which are worthy of notice in view of the fact that the speech in every word and letter is the production of the Whitney Government, which placed it in the hands of Sir Mortimer Clark, who, as Lieutenant-Governor, recited it as a phonograph would reproduce a record. Bearing in mind the authors of this speech, it is highly edifying to find by the display headlines of the Spectator that "the Government was commended in Speech from Throne." This "commendation" extends to the speech itself, which we find sets forth that the number and character of the Legislative enactments have been such "as to constitute a distinct era in the Parliamentary history of this Province." O modest Whitney! Unfortunately, the local Tory organ somewhat marred the self-congratulatory paragraph, in which Mr. Whitney provided a compliment for his education at record, by inserting the little word "no" where it did not appear in Whitney's manuscript of the speech, making it to read, "there is no reason to believe that we are in the midst of an educational revival which will be far-reaching in its beneficial results." But perhaps the Spectator's amendment is not very far from the truth. The speech observes "with satisfaction" that a partial redistribution has been made in Whitney's gerrymander, and, as if in irony, expresses confidence "that the measure will commend itself to the people of the province as fair and just and free from political partisanship." One can almost imagine the chuckle with which Whitney relieved his feelings as he put him into the speech, and he thought him of how Sir Mortimer Clark, a man of principles very far removed from those of the political knaves, who put the document into his hand, would feel as he read it.

Oh, yes! Whitney commended himself and praised his own actions in that speech which he gave Sir Mortimer to read, but even his tone is a good deal like that of the boy who keeps his courage up by whistling when he goes into a dark room. The cost of domestic science supplies for Toronto pupils in 1907 was 6.9 cents each. Manual training in 1907, cost 29.7 cents each.

EDITORIAL NOTES.

It was Ald. Farmer, not Ald. Farrar, who seconded Ald. Sweeney's immigration motion at the City Council meeting on Monday evening. Great Britain has at the end of the fiscal year available for debt reduction a total of £14,566,343. Toronto's total expenditures for the year amount to \$11,674,724.

The Toronto Mail says, "C. N. Smith, of the '800,' has charged Mr. Ganey with getting an office for his father, although Mr. Ganey, sen., is dead." Mr. Smith made no reference to Ganey's father. He did refer to the fact that Whitney had been seen to it that some of Ganey's brothers found their way to the public crib. The reference to the dead father was by Ganey himself at Dundas. For what reason the intelligent public must judge.

According to a Winnipeg despatch, individual farmers residing within a short distance of the Provincial Government telephone lines may get a service at a rate of \$24 a year, but the farmer must pay for and erect the poles necessary to be placed on his own premises. Great objections were made to the Bell Company enforcing these conditions, but the Government finds it necessary to adopt them, as otherwise it might have to incur an expense of perhaps \$100 for a line which would soon after be ordered out.

Mr. Ames, M. P., and his fellow slandersingers are very anxious that the timber limits inquiry should be closed and reported to the House, while they still refuse to call and examine Mr. Burrows, who has been the chief object of their attack, and others who have been wanting, to testify. The Liberal members of the committee will do well not to agree to close the inquiry until the Opposition has been forced to allow the victims of their abuse to make a sworn statement. Let Mr. Ames take his medicine.

The death of Mr. Heenan, of Dundas, Vicar-General of the Hamilton Diocese, will cause deep regret, not only in Hamilton and Dundas, where he was so well known and beloved, but all over Ontario and beyond, wherever the dead priest was known. RECOMMENDS CUTICURA SOAP AND OINTMENT. "One day we noticed that our little boy was all broken out with itching sores. We first noticed it on his little hands. His hands were not so bad then, but they soon became very serious and would result. But the next day we heard of the Cuticura Remedies being so good for Itching sores, etc., that I thought I would give them. By this time the disease had spread all over his body, and his hands were nothing but solid mass of this itching disease. I went to the drug store and purchased a box of Cuticura Soap and one box of Cuticura Ointment, and that night I stripped my little boy and took the Cuticura Soap and lukewarm water and washed him well. Then I dried him with a soft bath towel, and took the Cuticura Ointment and rubbed him thoroughly with it. I did this every evening before I put him to bed and in three or four nights he was entirely cured. You have my permission to publish this because anybody who suffered as my baby did ought to know of the Cuticura Remedies. I will surely and gladly recommend the Cuticura Remedies, for they are a godsend to all suffering with skin diseases." Mrs. Frank Donahue, 208 Fremont St., Kokomo, Ind., Sept. 16, 1907."

MRS. LOGAN'S CASE.

Rather Strange Case Before Brantford Police Court.

Fire Escapes—Seed Distribution—Firemen's Demonstration.

Special Despatch to the Times.) Brantford, April 15.—The husband of Mrs. Mary Logan, the colored woman held here on suspicion of securing \$500 from a man in Portland, Ore., yesterday made a fruitless effort, through an attorney, to secure the freedom of his wife from jail. The authorities are expecting the arrival of a special officer from the Western State to-day, who will endeavor to establish further identification. The woman's husband yesterday displayed a photograph of his wife to the Times correspondent, but the photograph bore no resemblance to the one held by the police of Grace Reed, the real woman wanted. It is likely that the case will be cleaned up to-morrow. Logan came here from London and has been put to great expense and trouble over what he terms a blunder of the police authorities. He threatens trouble if the matter is not rectified very soon. Meanwhile his wife is in jail.

Mrs. Logan Discharged.

A. C. Vaughan, a detective, who traveled all the way from Portland, Oregon, to Brantford, in an endeavor to identify Mrs. Mary Logan, the colored lady suspected of stealing \$500 from a Portland man, on Grace Reed, the real lady wanted, arrived here last night, this morning after a half hour's conference with the woman decided that the wrong party had been held. He was not sure whether she was Grace Reed or not, moreover, he stated that he had seen her but once in Portland. The woman did not even appear in court and was given her liberty. She will return to London with her husband. Mrs. Logan was incarcerated at the jail for nearly a week, and the Portland officer stated he would leave to-night on the return trip to Oregon. Considerable criticism is being expressed at the mistake made, and it is certain that Mrs. Logan was entirely innocent.

Golf Club and Car Fares.

A row is in progress between the Brantford Golf Club and the Grand Valley Radial Company. Yesterday three golf enthusiasts were put off a car on their way to the grounds because the conductor claimed that he had not the right tickets. The golfers offered the tickets they had purchased at six for 25 cents under the agreement entered into with the former management. The new management, however, stated that the agreement has been cancelled. The golfers did not receive notice of this action and threatened because the members were put off the cars.

To Make it Safe.

The Fire and Light Committee of the City Council and the Buildings and Grounds Committee of the Public School Board yesterday afternoon inspected Alexander School, with the view of rendering it absolutely safe in case of fire. The committees differ as to the advisability of having a fire escape on the third story, and a more will likely be heard in the matter.

Chief Lewis, of the Fire Department,

has strongly advised that such an addition be made to the building. At a meeting last night the Brantford Horticulturists decided to distribute 8,000 packages of seeds to the school children on May 1st. Prizes will also be awarded for the best kept lawns, gardens and flower beds in the city this summer. Much interest was manifested in the work by those present.

Notes.

Two new shower baths will be placed in the local Y. M. C. A. and the bath-rooms will be lined with tile. The improvements were voted at a meeting of the directors last evening. Secretary S. Bruce Wilson was given leave to attend the Quebec militia camp, where he will have charge of a tent.

The Veteran Firemen last night at their meeting considered an invitation from the Niagara Falls Fire Department to go there on Victoria Day for the demonstrations. The members, however, preferred to go to Dunville on July 1. Angus Macaulay was appointed treasurer. Vice, P. Ryan, resigned.

Exactly ten people returned last night to the city Hall to hear Rev. M. Delos Smith, of Hamilton, lecture on Unitarianism. "The Deity of Jesus Christ" was the theme of the lecture.

Rev. Mr. Gilroy, of Congregational Church, delivered a stirring address last night to a meeting of Royal Templars in the Willard Hall. Messrs. James Cline and W. G. Ranton also spoke. The feeling prevailed that temperance work ought to be taken up with more vigor by the society.

Messrs. Geo. Waller and E. Bishop, of Hamilton, yesterday closed their visit with the Victoria Club to handle their moonlight excursion to Hamilton on June 11.

At St. Andrew's Church last night a most enjoyable lecture was delivered by Mr. A. W. Burt, B. A., on Shakespeare plays.

The finance commissioner held a session last night when the applications of the 16 licensees of the city were considered. The Board meets again on Thursday evening when the usual number of licenses will likely be granted.

At Burford on Monday a Liberal meeting was held and the candidature of Geo. L. Telfer, in North Brant, was ratified. The Liberals expect to secure a solid majority in the township for Mr. Telfer at the ensuing election.

Frank Simons was discharged at the police court this morning for fighting in the Grand Valley Hotel. Jno. Jackson wanted on the same charge was reported by the police to have skipped the town.

KILLED BY CAR.

Little School Boy Run Over and Killed in Toronto To-day.

(Special Despatch to the Times.) Toronto, Ont., April 15.—Benjamin Quinn, a lad of 14 years of age, was struck by a street car at the Queen street subway, while crossing the street on his way to school. Dr. Richardson, who lives close by, was called, but the boy was dead before he arrived on the scene. The body was terribly mangled.

FOUND DEAD IN BED.

Mr. William Perrin, a well known resident of the west end, and a saddler by trade, died unexpectedly yesterday. He was boarding at 11 Garth street, and was found dead in his bed there. Heart disease was given as the cause. Deceased was 60 years of age, and the family had resided in this city many years.

AWFUL CRIME.

Poisoned Child by Order of the Mother.

Chicago, April 15.—Francesca Nicolozzo yesterday declared that the death of Mary Renda, eight years old, who died several days ago under suspicious circumstances, was caused by poison, which he had placed in the flour at the suggestion of the girl's mother. No objection known for the alleged crime, except that Mrs. Renda was angry with her husband, who desired to move from their present residence, while she wanted to remain. She threatened to have revenge unless he consented to abandon his plans, and it is thought by the police that she poisoned her daughter to revenge herself on her husband. Nicolozzo was a friend of the Renda family, and declared yesterday that the woman asked him to buy the poison and, after he had done so, requested him to mix it with the flour. When this confession was read to the woman in the presence of Nicolozzo, she made a vicious attack on him, and it required the full strength of two police officers to drag her away.

DEATH ENDS FEUD.

Foreign Laborer Shot and Killed in Chicago Last Night.

Chicago, April 15.—Veitto Pappa, a laborer, was shot and killed last night in Archer avenue, under the Chicago, Rock Island & Pacific tracks, near Clark street.

When the body was discovered the police believed Pappa was a victim of the "black hand," but they became convinced later that the murder was the outcome of a feud. D. Valenta, a saloon keeper, said Pappa had some trouble last December with Joseph Bertucci, who at that time shot him in the leg. Pappa swore out a warrant for his assailant's arrest, and it is the theory of the police that the murder was committed for revenge. Bertucci was arrested not far from the scene of the murder an hour after it occurred.

BOMB EXPLODED.

Twenty-Eight Families Thrown In Panic by Black Hand.

New York, April 15.—Agents of the dreaded Black Hand late this afternoon exploded a bomb in the hallway of a tenement house at Twelfth street and Second avenue. There were twenty-eight families in the building at the time. The stairways were blown out and the panic-stricken people were cut by flying debris, but no one was seriously hurt.

The bomb was set to punish an Italian banker who occupied the basement for a business place and lived with his wife and seven children upstairs. He had refused to give up \$500 to the Black Hand and had been threatened. The people in the house had no warning. The concussion shook the street, via the fire escapes. A great crowd gathered in the streets and the reserves of the Fifth street station had to club their way through the frantic crowd.

STRANGE CASE.

Oyster Stew Ends in Aged Couple's Death.

New York, April 15.—Mrs. Rose Bendt, 62 years old, died to-day in Newark from typhoid fever, believed to have been the result of eating an oyster stew, following the death of her husband three days ago, who also ate some of the stew and was a victim of the same malady. The cause of the case in Newark in a room adjoining that occupied by Mrs. Bendt, Miss Dora Bendt, 13 years of age, a daughter, is suffering from the fever and the doctors hold out little hope for her recovery. The only other member of the family, and the only one who is not suffering from the fever, is Nellie Bendt, 6 years old. She went to the funeral of her father yesterday while her mother lay dying in the house and ignorant of her husband's death.

GETS FOUR YEARS.

Cudney Goes to Penitentiary and Scarrow Goes Free.

(Special Despatch to the Times.) Guelph, April 15.—Alexander Cudney was this morning sentenced to four years in Kingston Penitentiary. This is the last act of the famous Cudney robberies which have been perpetrated in this section of the country for several years as well as in Hespeler, Preston and Belwood. There were in all twenty-five charges for store breaking, shop breaking, etc. A large amount of valuable goods were taken in the different raids, valued at about one thousand dollars. Scarrow, who was claimed to be an accomplice by Cudney, was acquitted on the charge. He, as did Johnston, denied point-blank all that Cudney said against him.

ODDFELLOW DEAD.

(Special Despatch to the Times.) Windsor, Ont., April 15.—Wm. Bushel, Grand Senior Warden of the Oddfellows' Encampment, and prominently identified with other orders, died suddenly this morning of heart failure. He was attacked with heart failure some time ago, but apparently recovered and was at his office yesterday as usual, being keenly interested in the baseball reports. Deceased was fifty-one years of age, and had been a customs officer for twenty-five years. He was president of the Canadian Customs Officers' Mutual Benefit Association, a Dominion organization formed a year or so ago.

LOVING CUP TO TEMPLE LODGE.

PRESENTED AT THE REUNION OF ABSENTEE MEMBERS.

Gift of Bro. John M. Eastwood Received on Behalf of the Lodge by W. Bro. W. E. Goring.

A pleasant function last evening in the Masonic Hall in connection with the observance by Temple Lodge, 324, A. F. and A. M. of Absentees' night, was the presentation of a beautiful loving cup to the lodge by Bro. John M. Eastwood. The gift is a fine piece of workmanship, standing over two feet in height. It has three handles, a dull silver finish and is suitably inscribed with the name of the donor and date of presentation.

There was a splendid attendance of the fraternity. The meeting was presided over by W. Bro. W. E. Goring. After the toasts to The King, The Craft and The Grand Lodge had been honored, the toast to The Absentees was proposed by Bro. Eastwood, who, in making the presentation, gave a short sketch of the history of the loving cup, and the time honored customs which centre around it. He had been absent a long time, and desired to show that his heart was with the lodge, although he was not able to attend regularly. Bro. Eastwood spoke of Masonry as a splendid organization, which he felt he should do all he could to encourage, and took this means of showing his interest when other duties prevented him from attending the lodge as often as he desired.

W. Bro. Goring in accepting the beautiful gift assured the donor that it was a memento which would long be cherished and kept in the lodge room in a suitable case before all the Masonic lodges of the city, and Temple Lodge in particular. It would always remain there as a token of the kindness and thoughtfulness of Bro. Eastwood.

Among those who spoke in reply were W. Bro. K. Bethune, R. W. Bro. A. M. Cunningham, W. Bro. Frank Walker, W. Bro. H. N. Kittson and others.

Musical selections were contributed by Messrs. Bennett, Featherstone and Garthwaite. The work of the evening was done by W. Bro. Goring, W. Bro. James Dickson, W. Bro. Donald Clark, R. W. Bro. A. M. Cunningham, W. Bro. H. N. Kittson, Y. W. Bro. C. Lemon, W. Bro. K. Bethune, W. Bro. C. E. Burkholder and W. Bro. Frank Wanzner.

ST. PAUL'S GUILD.

Annual Banquet Last Night Was a Fine Affair.

St. Paul's Young Men's Guild held their first annual banquet last evening. Its success was beyond all expectation. About 75 gentlemen sat down to a bountiful repast, provided through the untried efforts of the ladies and served by the dainty hands of the young women. The programme and toast list was of a very enjoyable nature and was appreciated by all present. Many eloquent speeches and musical numbers were rendered. President John A. Soule acted as toastmaster. The programme was as follows: "The King" Piano solo, T. Reg. Sloan; violin solo, Mr. Binnie. "Canada" Proposed by R. E. Brown, (responded to by J. R. Marshall); quartette, members of the choir. "St. Paul's Church" Proposed by Jas. Morrow, and responded to by Bill Kelly. Valedictory for the Kirk Session, Col. Logie, for the Board of Managers, C. R. Linton, for the Sunday School, and Rev. D. R. Drummond, for the Church; violin solo, Oscar Bartmann; reading, James Jolley.

"The Guild" Proposed by Geo. S. Brown, responded to by F. T. Macpherson; violin solo, Allan Veates. "Our Sister Clubs" Proposed by A. G. McLellan, and responded to by H. J. Fenton, of Barton Union; D. A. Wilson, of Knox, and Peter B. Pennington, of Centenary Fireless Club; vocal solo, Mr. Robt. Dineen.

"The Ladies." Proposed by D. G. Goring, responded to by Leon Malcolm; cornet solo, Mr. H. Cummings.

The enthusiasm shown speaks well for the future prosperity of this organization.

DIED IN CHINA.

Brother of Dr. Rennie Loses Life Far Away.

News by cable from Hong Kong reports the death of Alfred Herbert Rennie, brother of Dr. George S. Rennie, of this city, for whom one and all have the deepest sympathy in his sad bereavement. It is nearly a quarter of a century since Mr. Alfred Rennie lived in Hamilton, but there is not a few here who knew him well as a young man, and who speak of him in the highest terms. He was always a go ahead fellow, and his career has borne it out. At the time of his death he was head of immense flour mills in Hong Kong, and the concern was most prosperous. He recently made gift of \$150,000 to found a college in Hong Kong. Mr. Rennie was educated at Upper Canada College, and started as a clerk under T. C. Kerr & Co. in this city. Afterwards he was secretary to Hon. Mr. Norquay, Premier of Manitoba, and when he left Manitoba he went to the far east. He was married, but had no family. Mrs. Rennie was formerly a Miss Mowat, of Brockville, a niece of the late Sir Oliver Mowat.

News of his death came as a great surprise and shock to all who knew him here. It is attributed to a breakdown in health, due to the great mental strain his large business interests entailed.

Mr. Rennie was 49 years of age.

Representatives of the Alerts, Crescents, Bayshades, F. O. R., Asylum and Snows are requested to attend a meeting of the City Baseball League at Skerrett's this evening.

The Imperial Baseball Club will hold a meeting at Skerrett's, King street east, Thursday evening at 8.30. Important business will be transacted. A full turnout is requested.

Toronto plays at Reading, Pa., to-day and to-morrow; at Harrisburg, Pa., Friday and Saturday, and Trenton, N. J., Monday and Tuesday, opening the season in Jersey City on Thursday.

Brantford, April 15.—J. J. Kelly made the announcement last night that he would again be a candidate for the C. L. A. team as it had been assumed that Brantford would be a team in the senior league of the C. L. A. He was a member of the former famous Brantford team, and is known all over as a very strong player and an efficient referee. His election is considered.

Vienna, April 15.—The American chess player, John W. Spillman, beat Spielmann in the 17th round of the International chess tournament yesterday, while Marshall lost to Tartakover. Schlechter is still in the lead.

Cleveland, O., April 15.—Willie Hoppe, the 182 ball line billiard champion, easily defeated George Sutton last night in a 400-point 182 match by a score of 400 to 129. Hoppe was in fine mettle, while Sutton played in poor luck. The balls broke badly constantly for him. Hoppe made a run of 111 in the first inning, and 140 in the fifth. He ran the game in nine innings, thus making an average of almost 44g. Sutton made no good runs.

Mr. Thomas Southworth has been drawn as a candidate for the Toronto Parks Commission.

Mr. A. A. McKelvie has been nominated for the Legislature by the Liberals of Temiskaming.

How a Quebec Judge Shock Jury Over the Pit.

Quebec, April 14.—Urie Bertie, a senator of La Vieille (The Lookout), a semi-weekly French paper, published in Quebec, was found guilty in a libel suit this afternoon, and condemned to pay \$800 damages and costs.

The verdict is the result of the most extraordinary trial and charge to the jury that was ever known to occur in a Canadian court of justice.

Witnesses were called to prove the allegations made by La Vieille, but the evidence was so limited and circumscripted by the judge's ruling that La Vieille was unable to make its full defence.

The attorney for the defence, Mr. L. A. Cannon, son-in-law of Sir Charles Fitzpatrick, took numerous written ex-

ceptions to the stringent rulings of the judge. This afternoon, however, when the case was given to the jury, an extraordinary scene was enacted in the court room. The presiding judge held forth the terrors of hell to the members of the jury who did not vote in accordance with their conscience. The jury were to a man frightened, and returned a verdict of guilty.

The case will be appealed to a full court of King's Bench, and every lawyer spoken to stated that he had no doubt whatever that the verdict would be quashed.

MINING SCALE.

Bay City, Mich., April 15.—The Michigan district convention of the United Mine Workers of America, adjourned last night after adopting the scale agreed upon Monday by the operators and miners' joint conference.

LOOKS BAD FOR PEACH CROP.

HORTICULTURALIST AT VICTORIA PARK HAS MADE TESTS, AND THE BUDS DO NOT DEVELOP IN THE GREENHOUSE—TROUBLE SEEMS TO BE IN THE BARK.

Mr. Roderick Cameron, horticulturist at Queen Victoria Park, Niagara Falls, has been testing peach buds, by developing them in the greenhouse, and he writes as follows about his observations:

In looking at the trees the buds never looked better than they do this spring, but in starting them in a greenhouse I find that the buds develop only about half way, and then drop all but a few. I also find that there is something wrong with the young branches, the fruit-bearing wood.

The disease, or whatever it may be called, acts as follows: A ring, uneven in size, forms round the young twigs about a quarter of the way up from the old wood. The bark round this ring shrivels and feels spongy, and in removing the outer bark I find that the inner bark or cambium is brown and dead, and the sap is prevented from flowing up past the above mentioned rings. From here up the bark, for the want of sap, begins to shrivel, and the buds loosen and drop to the ground. As far as I can see there are none of the buds injured by frost. The injury is in the bark of the young wood, and my own belief is that the wood was not properly ripened last fall, and the frost has injured it during the winter. I also find that the varieties that I proved to be hardiest for several years back are the tenderest this year. The hardiest varieties in former years were the late varieties, particularly Elberta and Longhurst; but this year they are the tenderest and less productive. The early varieties show up best in this respect.

The following is the findings: New Prolifer, one-third of the buds sound; opened. Early Crawford, a fifth of the buds sound. Yellow St. John, from young trees, three per cent. buds sound. The Globe, about one per cent. of the buds sound. Yellow St. John on old trees, three per cent. of buds sound. Elberta, from old trees, about one per cent. of buds sound. Wheelhead, hardly one per cent. of buds sound. The wood in this case was more injured than the rest. Aquis Rare Rose, three per cent. of buds sound. Fitzgerald, about one per cent. good buds. Niagara, about one per cent. good buds. Garfield, badly injured and few buds. Golden Drop will produce a few buds. Elberta from young trees about five per cent. good buds. The Speed, a quarter of the buds sound. Triumph, about three parts of the buds good.

My observation leads me to think that the peach trees should be pruned as soon as the wood is made, so as to force the formation of flowering buds on the base of the young wood that is more apt to be ripened before winter begins. The flowering buds are generally very few on the base of the young shoots. They develop from the centre of this wood to the top, and when pruning in the spring the flowering buds are cut away, or they may be injured, as I stated above, by freezing the undeveloped wood. This statement should not be taken for all peach farms, as soils will make a wonderful difference.

TWO STORIES.

Bank Officials and Detectives on Thornhill Bank Robbery.

Toronto, April 13.—Officials of the Sterling Bank, in company with detective officers, yesterday visited the Thornhill branch of the bank and made a thorough investigation into the story of the attempted burglary as narrated by Manager Roy Henry.

As a result of the enquiry the officials were satisfied that his narrative is correct and are satisfied that the manager acted courageously in defence of the property.

The question of offering a reward for the capture of the burglars is now under consideration.

No Attempt at Robbery.

Crown Attorney Drayton yesterday, under permission from the Crown authorities, made a statement concerning the reasons why his department concluded to drop any further investigation into the recent alleged burglary at the Thornhill branch of the Sterling Bank.

An examination of the muddy ground in the vicinity showed no traces of footmarks in the doorways or on the window sills. A thick deposit of dust on the transom of the front door faintly was untouched, showing that no one had tried to get in by that way. The cartridges found in and around the premises, which were said to have been the property of the burglars, were found to be similar to those belonging to Henry. In addition, Mr. Hector Wright, an assistant of Mr. Henry's, who was firing at the time the shot was fired, said he heard no footsteps and saw no one running away, neither did he see any ladder or other article which would enable a man to reach the faintly.

The line of the bullet hole inside the bank shows also that it was fired at short range from inside the bank and could not have been fired from outside the faintly.

"The detectives do not advance any theory as to how Henry received his injuries," said the Crown, "but Henry himself admits to Detective Mills that the idea of the burglary might have originated in a dream and we are inclined to take that view of it. There is no evidence whatever against the three men now in custody." Mr. Drayton said the Crown did not propose to prosecute Henry.

A BOY STABBING CASE.

Earle Cooper, of Embro, Seriously Wounded by a Companion.

Woodstock, April 14.—Earle Cooper, a fifteen-year-old Embro lad, was seriously wounded a day or two ago by one of his comrades. Cooper was standing in front of his father's shop, when the lad came along and asked him if he wanted to fight. Cooper said that he did not, but that he was not afraid.

The other boy then raised his hand, it is alleged, in which he had an open jack-knife, and struck Cooper in the breast. The blade penetrated an inch and a half, just above the heart. The lad bled very profusely, and his condition is somewhat serious.

The offender, who is the son of a prominent citizen, will probably be prosecuted.

GROWING BOYS.

Need an Occasional Tonic to Maintain Strength and Keep the Skin Clear.

On every side one sees young men and growing boys with pale, pasty complexions, their faces covered with pimples and their gait shambling and listless. Such a condition is extremely dangerous—the blood is out of order—a complete breakdown may result. To put matters right; to give that spring to the step; that clearness to the skin, and that glow of active health to the face, a tonic is needed—Dr. Williams' Pink Pills are needed. As proof of this, Mr. Charles Dieffenbach, 12 St. Ursule street, Quebec, says: "Frequently my studies necessitated my remaining up until a late hour. The result was that my system gradually weakened, and in December, 1903, I seemed to collapse. I was completely run down and went under the care of a doctor, but instead of gaining strength, I seemed to grow weaker. I could not take solid food, did not sleep well, and waking night sweats gave me further cause for alarm. Dr. Williams' Pink Pills were brought to my notice and I began their use. Almost from the outset they seemed to help me, but it was some weeks before there was a material change for the better. From that on, however, recovery was rapid, and in a couple of months I was as well as ever. I had been, and able to resume my studies. Every dose of Dr. Williams' Pink Pills makes new, rich, red blood; every drop of pure blood gives strength and vitality to the whole system, and this strength brings health. That is why Dr. Williams' Pink Pills cure such cases as anaemia, all stomach and kidney troubles, St. Vitus' dance, heart palpitation, the afflictions known only to growing girls and women, and a host of other ailments from which both old and young suffer through bad blood. Sold by dealers in medicine or by mail at 30 cents a box or six boxes for \$1.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

BATTLEFIELD ASSOCIATION.

LOCAL BRANCH ORGANIZED AT MEETING LAST NIGHT.

Mr. S. F. Lazier, K.C., Elected President—Lord Grey Assures Meeting of His Heartly Sympathy and Support.

A meeting was held last evening in the Board of Trade rooms for the purpose of assisting in the establishment of a branch of the Quebec Battlefields Association in this city. The meeting was called to order by Mr. W. M. McLeod, who explained that the Canadian Club had sent out the notices, the duty of calling the initial meeting being entrusted to them by His Excellency Lord Grey. Mr. McLeod said it was to be a purely citizens' affair, and not controlled by the Canadian Club. Mayor Stewart was then asked to take the chair, and said he would do everything possible to further the scheme.

Mr. C. R. McCullough gave many historic reasons why Canadians should help to acquire the Plains of Abraham as a national park. About 150 representatives of various societies and organizations in the city had been invited to attend the meeting, and it was proposed to run the Hamilton branch of the association on similar lines to Ottawa. There the military, athletic, fraternal, Y. M. C. A., and other organizations, all of whom were represented, and thus it was made a citizens' organization.

PARDON DOUKS.

Those at Port Arthur Will be Sent Back to Saskatchewan.

Ottawa, April 14.—The problem of disposing of the Doukhobors who have spent all winter at Fort William is in a fair way of solution, but curiously enough, the Minister of Justice of the Dominion will be the final arbiter in the matter. The Fort William folk would be glad to get rid of their unwelcome guests, while Toronto does not want the ten men and nine women who have been sentenced to six months' imprisonment. To-day Dr. Bruce Smith, Inspector of Hospitals and Asylums for Ontario, and Mr. S. A. Armstrong, Inspector of Prisons and Public Charities, saw Mr. Aylesworth, and discussed the situation with him. They explained that it was not the practice to receive prisoners in Toronto Central Prison for short terms, and, besides, at this time the prison accommodations are taxed to its full capacity. Port Arthur jail was in a similar condition, and the quicker the Doukhobors were got out of Ontario, the better would the people of the twin cities be pleased. The Minister was informed by the deputations that the quickest way to solve the difficulty was to deport all the Doukhobors to Saskatchewan, whence they had come.

The leaders of the party at Fort William had undertaken that the band would return to Saskatchewan provided that the money was extended to the nineteen men and women sentenced to jail, and it was for the purpose of stating the arrangement which had been reached, and to urge the exercise of the pardoning power, that the deputation had come to Ottawa. Mr. Aylesworth said that he would deal with the case promptly.

IMMIGRANTS DEFENDED.

Col. Howell, of the S. A., Replies to Mr. Lavergne.

Ottawa, April 14.—Col. Sam Hughes, M. P., has received from Lieut. Col. Howell, Toronto, who is in charge of the immigration work of the Salvation Army, the following telegram in reference to the statements made in the Commons yesterday by Mr. Armand Lavergne, reflecting on the immigrants brought out by the army:

"It seems shameful that men prompted by greed and race prejudice should declare on the floor of the House that Britishers, carefully selected, emigrating to Canada under our auspices, should be branded as undesirable. Statements, absolutely false. Farmers throughout Canada employing Britishers will resent this reflection. I hope something will be done to repudiate it."

North Renfrew Conservatives have nominated Mr. G. White for the Commons and Mr. Alex. Morris for the Legislature. Mr. Dinlop retiring, Leznox conservatives have nominated Mr. T. C. Carswell, their present member, for the Legislature.

The mixture is composed of harmless vegetable ingredients which can be purchased at any good drug store, and mixed at home. Anyone suffering from any of these ailments will see double benefit in preparing it at home and highly recommended.

APPETITE GONE-NERVOUS --BADLY RUN DOWN

A Strong Moral Will Exemplified in Mrs Wilson's Case.

Like thousands of other people at this season of the year, Mrs. E. P. Wilson was tired and worn out—winter sorely tried her health and vigor. But now she is robust and well, eats well, sleeps well, feels invigorated and braced. "For some years," writes Mrs. Wilson, of Watmore, P. Q., "I suffered from systematic weakness, biliousness and depression headaches. I could take little nourishment, and grew thin and pale. If I ate a hearty meal the result was dreadful. Pains started at my chest and spread all through my body, going across my stomach, back and right side. I was discouraged till a friend insisted on me taking Dr. Hamilton's Pills. They made a new woman of me, and for the past eight months my health has been perfect. For a good cleansing, rejuvenating medicine, I urge everyone to use Dr. Hamilton's Pills. There is extraordinary and magic power in Dr. Hamilton's Pills; they bring vigor, tone, health and spirits—are compounded from the most wonderful and healing juices and essence in vegetable life—safe for young and old, and guaranteed to kindle renewed activity and strength in every system that is weak, sickly or run down from Kidney, Liver, Stomach or Bladder Trouble. Get Dr. Hamilton's Pills of Mandrake and Butternut to-day—25c at all dealers."

COAL AND STEEL.

May Settle the Trouble Between the Two Companies.

Toronto, April 15.—I am here to stay as long as may be necessary to thrash out all the difficulties which may present themselves for adjustment in connection with the coal supply of the Steel Company, and I have good reason for believing that the plan of the day-to-day that a good start has been made to accomplish this result. Mr. James Ross, President of the Dominion Coal Company. Yesterday's meeting was an attempt at a beginning. Mr. J. H. Plummer, President of the Dominion Iron & Steel Company.

Such is the manner in which the heads of two disputing corporations, whose capitalization aggregates about \$60,000,000, tell of the attempts now being made to effect a settlement of litigation that has continued through the Canadian courts, and which has been scheduled to be argued before the Privy Council in England in June. The dispute between the Dominion Coal Company and the Dominion Iron & Steel Company has been one of the largest cases ever before Canadian courts. It all arose around a contract to supply coal for the steel works in Cape Breton. This contract, made a few years ago, was to extend for 99 years, and the allegation is that coal with only a certain quantity of sulphur was to be supplied. The financial interests that have been and are being put in peril by this question as to whether coal from the Phalen seam, and nothing but the Phalen, is to be used in the Dominion Iron & Steel smelters are almost vast enough to make the head swim. Here are the salient points: These two Presidents stand responsible to the capitalists and small investors who trusted the glowing prospectuses sent out six or seven years ago, when our friends down in Nova Scotia started in to build up Canadian steel.

IS NOT AN ANARCHIST.

Mr. Cy. Warman Addresses the Guelph Canadian Club.

Guelph, April 14.—Speaking at the Canadian Club banquet here last night on the subject of "Labor and Capital," Mr. Cy. Warman, the well-known writer, expressed himself strongly against the line which separates the land of lawless things from the land of things lawful. Referring to the war on capital, particularly the attacks that had been directed against the railways, Mr. Warman said that of the 17,000 miles of line projected in the United States, at the close of last year not more than 8,000 miles would be put under construction, simply because owing to the pressure put upon the railways by the Federal and State Governments the railroads were unable or afraid to finance new lines, which were needed both by themselves and the public. He believed that so far as the railways and its workers were concerned there would ultimately be a combination of both self-protection. The railroad and its employees would in time learn that an injury to one was the concern of the other.

BIG JOB FOR RAILWAYS.

They Are Arranging to Carry Troops to Quebec Celebration.

Montreal, April 14.—At a meeting of the Quebec Tercentenary Commission, held here to-day, the question of transportation was considered. The question of carrying the military forces to Quebec was first discussed, and it was resolved that the commission should ask the Federal Government that troops to be sent to the celebration should leave from their respective quarters two days earlier than had at first been arranged, in order that they should all be in Quebec by Saturday.

The transportation companies laid great stress on the fact that they will not only be called upon to bring 25,000 soldiers to Quebec, but they will also have to ship cavalry horses, ammunition and also heavy pieces of artillery. This mobilization of what is practically an army corps is a big undertaking, and the companies do not wish to be caught napping.

Of the 25,000 troops that will be sent to Quebec for the tercentenary celebration, 6,000 will come from the Maritime Provinces, and will be taken care of by the Intercolonial Railway. The remaining 19,000 will come from other provinces, mostly Quebec and Ontario, and will be handled by the Grand Trunk and Canadian Pacific.

Escaped from Guard-House.

Wesley Barracks Deserter Makes a Successful Break.

London, Ont., April 14.—Private Edwards, of Wesley Barracks, who was tried last week by court-martial for desertion and yesterday sentenced to six months' imprisonment, escaped from the guard house at the barracks to-night in some way known to the authorities. Edwards belongs to the engineer corps and was apprehended last week by the Windsor police and returned to the city last Thursday.

EARL GREY AT WASHINGTON.

His Excellency Will be Guest of Ambassador Bryce.

Washington, April 14.—Governor-General and Lady Grey, of Canada, accompanied by Earl Grey's A. D. C., Captain Newcombe, arrived here to-day and will be the guests of the British Ambassador and Mrs. Bryce at the Embassy for several days. The President and Mrs. Roosevelt will entertain Earl and Lady Grey and Ambassador and Mrs. Bryce at luncheon at the White House to-morrow. The distinguished visitors will remain in Washington until Saturday, when they will be escorted by Vanderbilt, at Bilmore, near Asheville, N. C., before returning to Canada.

TARIFF ON VESSEL REPAIRS.

Bill Before Congress at Washington to Remove It.

Detroit, Mich., April 14.—A Washington dispatch says that Congressman Denby, of Detroit, to-day introduced a bill in the House of Representatives to remove the duty of fifty per cent. on vessel repairs made in Canadian shipyards. The bill will probably not pass at this session, but will doubtless do so when the tariff is revised.

Mrs. Carrie Rowland, Secretary-Treasurer of Grace Darling Lodge, Daughters of England, Toronto, has been arrested, charged with theft of funds of the lodge.

GIFT FOR CANADA.

BRITISH FRIENDS PREPARING A BIRTHDAY PRESENT.

Former Governors-General Suggest the Raising of a Fund to Aid in Transforming Battlefields at Quebec into a Park.

London, April 14.—An important movement is on foot to make a national birthday presentation to Canada at the time of the Quebec tercentenary. The Duke of Argyll, the Earls of Aberdeen, Derby and Minto, and the Marquis of Lansdowne recently issued an invitation to a number of distinguished persons, suggesting that a fund be raised here as a substantial public contribution towards the £250,000 understood to be necessary for the transforming of the historic battlefields into a public park. A meeting of the promoters of the movement was held at the Mansion House to-day, the Lord Mayor presiding. An executive committee was appointed, of which Viscount Middleton is chairman and Lords Strathcona and Mountstephen members.

Mr. Arthur Grenfell stated that the suggestion had been made that the English participation should take the form of a memorial to Wolfe and Montcalm. The response had already been very gratifying. The Lord Mayor acceded to a request to call a public meeting on May 5, when the Duke of Argyll, the Marquis of Lansdowne and the Earl of Derby will speak.

CLASS BANQUET.

Young Ladies' Guild Entertained by Y. M. C. A. Boys.

The Central Y. M. C. A. study class held its closing banquet of the season last evening in the Association's lecture room. The good things were provided by the Young Ladies' Guild and about 24 of the boys sat down to a table just groaning with the weight of the numerous delicacies, which were gotten up and set out in a way as only ladies can do it. To further make the feast go, the boys were waited on by eleven charming and pretty young ladies, members of the Guild. The tables were prettily decorated with flowers. After the feasting had finished, Mr. Best spoke a few words on the work of the class taking a retrospective view. He said the class would be continued next fall. He also thanked the young ladies for their kindness. Mr. John E. Brown, President of the Association, also addressed the company on the value of "Christian Citizenship," and thanked the ladies for the good work they were doing for the Y. M. C. A. Other speakers were Mr. J. A. Kneale, Mr. W. Robinson and several of the members. The young ladies who so kindly waited at table were the Misses Aileen Davis, Alexandra Sutherland, Jean Mills, Kathleen Browne, Isabel Sutherland, Vera Shambrook, Jeanette Grantham, Ruby Gallagher, Violet Crear, Lillian Seabury and Gladys Seear.

FELL DOWN MINE SHAFT.

Toronto Engineer Injured at Algoma, Dies in Montreal.

Montreal, April 14.—Lawrence Price, of Toronto, the young electrical engineer who fell down a shaft while on a visit to a mine in Algoma last week, was brought to the General Hospital and died this morning. Deceased was employed by the Price of Smith, Kerry & Chase, of Toronto. At the time of the accident Mr. Price was being shown over the mine by a friend, and in passing a shaft he slipped and fell a distance of 160 feet, breaking his knee-cap and sustaining internal injuries.

SHOT HERSELF IN NECK.

A Toronto Woman is Charged With Attempted Suicide.

Toronto, April 15.—After some domestic controversy last night about 7 o'clock Mrs. Robert H. Smith, aged 25, the wife of Mr. Robert H. Smith, cigar store keeper and barber at 645 King street west, is stated to have gone into a back room, pulled out a 32-calibre revolver and shot herself in the neck. Mr. Smith and his father-in-law, who were in the next room, rushed in and found Mrs. Smith with a bullet wound in the back of the neck. Ellis' ambulance was sent for and Mrs. Smith was taken to the Western Hospital, where there is little doubt entertained that she will recover quickly. Mrs. Smith, who has three children, has been ill and apparently subject to melancholia for some time.

ESCAPED FROM GUARD-HOUSE.

London, Ont., April 14.—Private Edwards, of Wesley Barracks, who was tried last week by court-martial for desertion and yesterday sentenced to six months' imprisonment, escaped from the guard house at the barracks to-night in some way known to the authorities. Edwards belongs to the engineer corps and was apprehended last week by the Windsor police and returned to the city last Thursday.

STOESSSEL'S WIFE HAS FREE ENTRY BY PERMISSION OF THE CZAR.

St. Petersburg, April 14.—Surrounded by the dank grey walls of his cell which flanks the dreary prison yard, where the moisture always stands upon the stones, "the prisoner Stoessel," formerly Czar. Stoessel, of the Imperial Russian army, daily receives his wife. The Czar has granted permission for Mme. Stoessel to call upon her husband whenever she chooses, and the loyal wife daily makes a journey to the fortress kitchen in Peter and St. Paul, where her husband is confined.

Madame Stoessel always calls the former general her "hero husband," and their little greeting is marked by the simplicity of their devotion. Although Stoessel's fate is not that of the prisoner kitchen, his wife daily brings some little token or tidbit to the prison.

Gen. Stoessel has constructed a little wooden platform outside the barred window of his cell, and at mealtime always places a portion of his food upon this platform for birds.

WOMEN MAY VOTE.

Government Franchise Bill Passed Danish Folketing.

Copenhagen, April 14.—By a vote of 64 to 36 the Folketing to-day passed the Government franchise bill. This measure already had been adopted by the Landsting. Under it all taxpayers, both male and female, over 25 years of age, and all married women whose husbands are taxpayers, are entitled to vote in all communal elections.

EIGHT YEARS FOR THEFT.

Judge Choquet Lectures Dishonest Montreal Postoffice Clerk.

Montreal, April 14.—"Squandering your money with dissolute companions, men and women, spending right and left, ordering fur coats and automobiles, living a fast life with money that he had done enough to deserve twice fourteen and twice seven years in penitentiary." This was what Judge Choquet told Eugene Baribeau, who pleaded guilty to two accusations of theft and two of forgery committed in the Montreal postoffice, where he was employed. He received eight years on the two charges.

Some foods have the same effect on the bowels as Cascarets.

But one must select the foods and that's difficult. It's easier to take Cascarets.

Here is one way to keep cheerful: Live out-doors and exercise in plenty. Eat coarse food, much fruit, many green vegetables.

Here is the other way: Take a Cascaret when you need it. That will supply, in a gentle and natural way, the same laxative effect on the bowels.

Nobody questions that the first way is best. So would it be best, for much the same reason, to do all of our reading by sunlight. But most of us are compelled to choose a second best way. And that way is Cascarets.

No other laxative acts so nearly as proper living would act on the bowels.

The days of castor oil and salts, of pills and cathartics, are over. What they did artificially, is now done by Cascarets gently.

The right way is to take a Cascaret when you need it. Carry a box in your pocket. Ward off those dull feelings, those headaches, before they fairly get started.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and

MUSIC AND THE DRAMA

case and finish that was delightfully refreshing. Mrs. Macklean had but one solo during the evening, and her singing of "More Love to Thee," was given with grace and feeling. One of the gems of the cantata was a trio number, by Mrs. Macklean, Mr. Hutchison and Mr. Hamilton. The harmony was beautiful and the piece, short though it happened to be, was rendered in a thoroughly artistic style.

The chorus was well balanced and the precision of the attack was almost faultless. The bass and tenor stood out prominently, but the soprano and contralto sections were not behind by any means. The cantata showed evidence of hard work on the part of Mr. Garratt and the chorus, and both are to be congratulated on putting such a finished work before the public.

John D. Is Sore.
James Butler Haviland, who is giving a striking impersonation of John D. Rockefeller at the Savoy this week in a sketch, "The Mighty Dollar," may possibly be presenting the playlet for the last time. Mr. Haviland has received a letter from his attorney in Boston, notifying him that when he returns to the States it is probable that the standard oil magnate's attorneys will take further action in an effort to prevent him from continuing to impersonate Rockefeller in the sketch. Under the presumption that the sketch, as a whole, would not be offensive to Mr. Rockefeller, Haviland wrote him a letter a year ago, when he was preparing to produce the act. Mr. Haviland said that the idea of producing a little dramatic offering, in which he could impersonate the Oil King, seized him when he saw Rockefeller at Old Point Comfort, Pa., in 1900. He pointed out that he did not descend to burlesque or caricature, but presented the hero as a very large-hearted man, and asked Mr. Rockefeller's opinion on the manuscript and photo.

A letter by return mail was received from Rockefeller's attorneys. They emphasized that the law had decided every man had a right to his own personality, and while the sketch was not a libel, it was much against Rockefeller's wishes that anything of the kind should be placed on the stage. Despite the warning, Haviland produced his sketch and not long afterward an injunction was granted restraining him from using the name of the Oil King for several weeks. The case was argued in the courts, but nothing found whereby the vaudeville artist could be kept from producing the sketch. It looks no as if another effort was to be made to stop the act.

At the opening of the sketch, Haviland makes a few jabs at Rockefeller, but the general spirit of the sketch is kindly enough, showing the Oil King as a man moved by a little girl of the slums.

Haydn's Passion Music.
Haydn's famous setting of the "Seven Last Words of Our Lord," to be rendered by the choir of Centenary Church on Good Friday evening, consists of the first antiphony, which was originally composed by the choir and each saying is followed by an elaborate quartette and chorus written in the great master's inimitable style. The admission to this recital has been placed at 25 cents.

At the Savoy.
The performance of the Savoy this afternoon and evening are under the auspices of the City and Veteran Firemen, a portion of the proceeds going to the benefit fund which the city department hopes to establish shortly. The matinee playing at big business this afternoon and the advance sale for tonight indicates a capacity house. It is seldom that such an array of talent is secured for a single bill as comprises this week's show. Frank Bush, the cleverest comedian seen here in many months; Dumond's Parisian Minstrels, a splendid musical act, and the clever dramatic sketch presented by Butler Haviland and Alice Thornton, are billed as the star attractions, although the bill throughout is of uniform good quality. It includes Mike, Olive, a dainty juggler, and other shows coming.

Other Shows Coming.
An attraction at the Grand next week will be the appearance of that immensely popular and capable comedian, Scott Welch, in Klaw & Erlanger's production of "Forty-Five Minutes From Broadway." Scott Welch will be seen in the unique character of "Kid Burns," an ex-slange prize fighter, George M. Colahan's best character.

Mr. Edmund Carroll as Gustavus Vener and Hector, King of Kabburg, infuses in the dual role all the requirements of the part. Mr. Carroll is under the management of Mr. A. W. Cross, and will present "We Are King" at the Grand on Thursday of next week.

There is plenty of action in the new four-act comedy drama, "The Cowboy and the Squaw," which will be seen at the Grand next Monday and Tuesday.

Miss Marlowe Breaks Down.
New York, April 14.—Miss Julia Marlowe is lying seriously ill at the Plaza Hotel in this city as a result of a nervous breakdown following a season of ten weeks of one-night stands.

Her doctors have ordered the Shuberts, her managers, to cancel all of her engagements for the next fortnight. Miss Marlowe's physician and her attorney have found it unwise to consult her for the time being concerning the introduction of her name in a Boston divorce suit. If present no one is permitted to see her.

ANTCOE SENT DOWN.

His Successful Appeal Proved a Bad Thing.

George Antcoe, who was one of the guests at a New Year Eve ball given in a hall on MacNab street north, the guests at which were mostly foreigners, probably now regrets the step he took when he decided to appeal against the Magistrate's decision in his case. Last January, Magistrate Jelfs, on summary conviction, sentenced him to 18 months in Central Prison for cutting and wounding Stephen Knight, at the holiday ball. An appeal was taken on the ground that Antcoe had not been given leave to elect as to his manner of trial. Mr. J. J. Schelter, his solicitor, succeeded in the appeal, and a new trial was ordered. It took place before Judge Monk yesterday, and was concluded after press time. Antcoe was found guilty again, and sentenced to 18 months in Central Prison. Mr. Schelter asked if the three months that the prisoner had already served, before getting his second trial, could be deducted, but His Honor said that the prisoner would have to spend the 18 months from date, and the three months could not be counted in. This means

MORALITY IN THE YUKON.

Police Will Now Enforce the Criminal Code.

Toronto, April 15.—In an interview with Sir Wilfrid Laurier on Monday Rev. Dr. Chown was informed that evidence has been supplied by the Minister of Justice showing that the Royal North-west Mounted Police are now taking the initiative in enforcing the criminal code in the Yukon, according to the request of the Moral and Social Reform Council. He also arrived at a clear understanding with the Prime Minister as to legislation for the suppression of the cigarette.

At fifteen cents is the cheapest food on the market, cheaper than oatmeal, because it guards against disease by regulating the stomach and bowels. Think how much that means.—A. W. Maguire & Co.

AFTER DEATH.

Dr. Marsh Drawing Large Crowds at Tabernacle.

The lecture room of the Gospel Tabernacle was crowded out last evening. The subject of Dr. Marsh's lecture was "Does Death End All?" and was handled in a masterly way by the speaker, who is evidently a thorough Bible student. Taking the different words in both the Old and the New Testaments, he undertook to prove that not in one instance were the words, "destruction" or "lost" are used in reference to man's future estate did they mean annihilation. Mr. Marsh is a pleasing speaker, and quite free from censoriousness when dealing with others who may differ with him. His address made a marked impression upon all present last evening. On account of the large congregations that are gathering to hear these lectures, the evening meetings in the future will be held in the large tabernacle. The subject for to-night is "Is Eternal Punishment, Punishment Eternal?"

John Montgomery, of Toronto, 74 years of age, was found dead in his bath on Tuesday.

WOMAN SCARED THIEVES AWAY.

Bold Attempt at Burglary of London Home.

London, Ont., April 14.—The house of City Engineer Kirkpatrick was entered by unknown parties during the absence of the owner, but they were frightened away by Mrs. Kirkpatrick, who had remained at home. Three men effected an entrance through a side window, and despite the fact that the lights were burning brightly commenced to relieve the sideboard of silverware.

Mrs. Kirkpatrick, hearing a noise, came downstairs to investigate, and on opening the hall door came upon the men, who immediately fled through the open window. The police are working a clue.

New Symbol for France Wanted. Paris, April 14.—The directors of the Paris paper, Le Journal, are offering a prize of \$2,000 for the best symbolic statue of the French republic of to-day. The figure with the Phrygian cap is considered out of date.

Bennett Finds a Scandal in Midland Dredging—Even Members of His Own Party Show Their Dissent—Another Dredging Grievance.

Ottawa, April 14.—Mr. W. H. Bennett occupied the centre of the Parliamentary stage this afternoon, when he seized upon the renewal of a contract for dredging at Midland, Tiffin and Victoria Harbor as the basis of an attack upon the Minister of Public Works, whom he charged with condoning collusion and fraud on the part of certain tenderers.

Another Dredging Grievance.

Mr. Bennett had another dredging grievance, based this time on a statement by the Minister of Public Works that it was proposed to enter into contracts for dredging at Midland, Tiffin and Victoria Harbor without calling for tenders.

Mr. Bennett was proceeding to comment upon the operations of the Owen Sound Dredging Company when Hon. Mr. Pugsley, on a point of order, asked a ruling as to whether Mr. Bennett was entitled to discuss a matter which was still before the Public Accounts Committee.

The Speaker ruled that Mr. Bennett was not in order in referring to the proceedings of any investigation before a committee or to any documents before the committee.

Proceeding, Mr. Bennett said the people who had an interest in the Dredging Company were talking about the streets of Midland boasting that they were getting 75 to 100 per cent profit on Government contracts.

Mr. Pugsley's Reply. Hon. William Pugsley recognized that the matter of having dredging properly and efficiently done was one of importance. It was growing more important year by year.

TEA TABLE GOSSIP.

Judge Monk presided over the First Division Court this morning. There were about twenty cases on the list.

—The Buffalo Courier announces the marriage there yesterday of G. Louis Visco, 28 years of age, Hamilton, Ont.; Katie Aileen Case, 18 years of age, Hamilton, Ont.

—The local railroad ticket offices report that Easter passenger business has already been somewhat heavy, and indications are that this will be a record Easter for travel.

—Mr. W. J. Waters, accompanied by his daughter, Miss Wanneite, and son, Donald, arrived home from the south yesterday. They spent about two months at Palm Beach, Florida.

—Mrs. Wm. Howard Marshall (nee Pottruff) will receive at her home, Myrtle avenue, south of Delaware avenue, to-morrow afternoon, and afterwards on the last Thursday of the month.

—Mr. Frank Buttrum, the well-known milkman, Cannon street east, is confined to his home through a temporary illness. Mr. Buttrum expects to be on his route again in a few days.

—Grand display of newest hats for Easter holidays at waugh's, post-office opposite. Specials in new stiff hats at one fifty. Grand display of new ties and gloves. Specials in colored shirts at fifty and seventy-five cents.

—The Alexandra Roller Rink announces special attractions at the rink for Easter holidays. A special band will play at afternoon and evening, and children will be admitted to the balcony free.

—When High County Constable Heber came here for a man named Abraham, who was arrested for Berlin, he got a telegram saying that the case was settled, and he released Abraham.

—A confirmation service was held last evening in St. George's Church, conducted by His Lordship Bishop DuMoulin. There were thirty-six persons in the list. A special service, conducted by the pastor, Rev. J. H. Howitt, will be held in the church on Friday evening.

—Mr. Leo W. Doherty, who has been Chief Clerk for W. B. Boiling, assistant freight traffic manager of the Canadian Pacific Railway, with office at Toronto, has accepted a position with the Inland Navigation Company as assistant to Mr. A. B. MacKay, General Manager. He has entered upon his new duties.

Probably you have read the announcements which have been appearing in the press during the past eight days. If so, you are familiar with what has been going on at Carey's store. If not, read our last call in this issue of this paper. Then, if you need a piano, a player piano, a pianola or an organ, get in action at once.

"Sit up and take notice. Because the greatest opportunity ever offered to the people of this community to get an instrument at sacrifice prices is rapidly slipping from you. Thursday evening, at 9 o'clock, is the time for closing. Lead over the list of specials advertised for the last day. No matter how close a buyer you are, you will find something here to suit your taste at practically your own price.

We expect this list of unprecedented bargains to bring the biggest crowd of buyers to our store that we have had any day since the sale opened. Just ponder over some of the figures. One \$800 piano at \$312; a pianola at \$147; a new upright piano at \$137; a group of six organs, which were marked during the sale \$23 to \$47, your pick in the last day's sale for \$23. No home need be without an instrument. No children without a chance of a musical education. Come and see for yourself. Geo. W. Carey's, 90 King street west, is the place.

VETERANS WON.

Hamilton Checker Club Defeated the Y. M. C. A.

The Hamilton City Checker Club and the newly formed Y. M. C. A. Checker Club tried conclusions last night, and a very interesting match was held in the Y. M. C. A. lecture room, a large number of men, in addition to the players, being present. The young players of the Y. M. C. A. were no match for the veterans, although the match was entirely one-sided. The final score was 29 to 12, in favor of the City Club, with 12 draws. The players were: Y. M. C. A. club—Harrison, Randall, Feinberg, Fleming, Wildman, Dymont, Long, Potter, McCoy. City Club—Vernon, Cumming, Yarrish, Cook, Delorin, Duncan, Robson, Leitch, Clark.

At the annual meeting of the Hamilton Lacrosse Club last night the following officers were elected: President—J. G. Gould. Vice-President—V. Barker. Secretary—R. S. Bobb. Treasurer—Ald. J. P. Hennessy. Directors—J. W. Nelson, R. B. Simpson, Jas. Wright, Fred Hubert. Delegates to the C. L. A.—Fred Lebert, R. B. Simpson and Ed. Lalonde. Managing Director—Fred Hubert. Team manager—Ed. Lalonde.

GREAT PRE-EASTER SALES.

Right House Sale Event Bringing Hundreds of People From Far and Near. Only two days more of The Right House Pre-Easter sales. This big sale, with its great saving opportunities, is drawing thousands of people to The Right House from Hamilton and from the surrounding country.

NO RELATION, SAYS MISS GOWLAND.

Miss Lillie Gowland, of Jos. Mills & Co., asks the Times to explain that she is no relation whatever to the editor or any one else connected with the Spectator. The editor of the Spectator, ten or eleven years ago, married the widow of the late Dr. Gowland, who was a brother of Miss Gowland, and that fact, apparently prompted the letter to the editor of the Times, which was printed yesterday.

RJSH SEATS.

A number of excellent 50-cent, rush seats will be placed on sale at 7.30 to-morrow evening at the Association Hall for the celebrated English entertainer, Mr. Leslie Harris. Don't miss this treat!

Some men even take their pleasure as though they meant business.

THE WEATHER.

FORECASTS.—Strong winds and gales, westerly to northerly, turning decidedly colder this evening and to-night, with local snow flurries. Thursday, decreasing winds; fair and cold.

Table with columns for location (Calgary, Winnipeg, Parry Sound, etc.), temperature, and weather conditions.

A pronounced cold wave for the season is now covering the upper lake region and the western provinces, whilst the disturbance mentioned yesterday has now reached the lower St. Lawrence valley.

Washington, April 15.—Forecasts: Eastern States and Northern New York: Rain to-night; colder in interior. Thursday, rain, snow and colder; increasing west to northwest winds.

ANCASTER

The following marks were obtained by the pupils of S. S. No. 6, Ancaster, during the month of March: Senior fourth—Edna Smith 427, Clara Reinke 424, Maysie Boylan 359. Junior fourth—Vernon Smith 349, Florence Draper 324, Gordon Vansickle 309, Dorothy Stannell 247.

STONEY CREEK

Messrs. Oliver Nash, Nathan Nash and E. L. Snider have returned from their three months' trip to California. Miss Lawry, of Hamilton, is visiting Miss Jessie Lutz. Miss Clara and Ethel Walker spent Sunday at J. G. Nash's.

NEWFOUNDLAND

Fishery Dispute May be Referred to the Hague. Washington, April 15.—The British and the United States Governments are planning to submit to the permanent court of arbitration at the Hague the task of interpreting the Newfoundland fisheries treaty of 1818.

The Windsor people claim that the Toronto team represented that Hamilton was not in the running, not having arranged to play the Queen City victors. It appears that there has been misstatements made in connection with the series and in the interest of clean sport the league executive should take a hand in righting the wrong.

DISCHARGED MAN

Shoots and Fatally Wounds Man Who Discharged Him. Northampton, Mass., April 14.—John Tracey, a discharged employee of the street department, shot and fatally wounded George F. Birge, Superintendent of Streets, in the latter's office, and immediately returned home and shot himself. Neither man is expected to survive. Tracey, who is 60 years old and married, was an employee of the street department for ten years. No cause for the shooting is known other than the discharge of Tracey on Friday on account of lack of work.

WHERE HE IS.

(Special Despatch to the Times.) Windsor, April 15.—For past week previous the police had been investigating the disappearance of Archie Drouillard, of Delray. He left a lumber camp early in January to go to Port Arthur, and when his shoes were found in the snow it was supposed that he had been devoured by wolves. Word was received to-day that Drouillard is serving four months in jail for theft.

BRAKESMAN ON TRIAL.

Charged With Causing Death of Engineer at Guelph. Milton, April 14.—The trial of Richard Newton, C.P.R. brakeman, charged with criminal negligence, causing the death of Charles Armstrong by throwing open the switch at Guelph Junction, on March 11th, was commenced this afternoon. The defence, as outlined by counsel, is that the conductor, engineer and operator should have seen the lumber wagon up while shunting was going on in the yard.

There is quite a difference between breezy conversation and hot air.
