## PRESBYTERIAN CONFERENCE OPENS IN TORONTO SUNDAY WILL FAVOR CHURCH UNION

Proposed to Raise \$10,000,000 to See That Every Mission Field and Church in the Dominion is Provided With the Proper Plant

TORONTO, May 28.—The Presbyterian conference will open in this city at 3 o'clock tomorrow, and all the present indications are that the fullest success will be realized. Toronto is the home of Knox college, the most important theological college of the denomination. The session here of the annual of the college is by far the greatest that has ever occurred. Arrangements are being completed for formal reunions of the graduates of all the colleges of the church in Canada, and all of these will be the most important that have ever occurred. Special arrangements have been made for the reception of the delegates to an important hotel in the city has a number of ministers and laymen among its guests. By the ministers the conference is regarded as an integral part of the assembly, and the subject discussed by the delegates is rather the work of the assembly than of the institutional meetings of the college. A deep interest is shown in the outcome of the movement for church union and in the program for a great development of foreign mission work in China.

**Great Forward Movement**  
The plan of general superintendence of the church in Canada is a great forward movement. No announcement has yet been made regarding the report of the general committee of union which is expected to be presented at the conference. The general committee of union which is expected to be presented at the conference. The general committee of union which is expected to be presented at the conference. The general committee of union which is expected to be presented at the conference. The general committee of union which is expected to be presented at the conference.

**Church Union in 1914**  
The report of the committee on union will be presented to the assembly on Wednesday. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly.

**The Work in China**  
At the opening the present conditions of the church in China were discussed. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly.

**Debate on Rejoinders**  
The debate on rejoinders was held on Monday. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly.

**Arrest of Suspects**  
The arrest of suspects was reported on Monday. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly.

**Gelding**  
The gelding was reported on Monday. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly. It is a protection of the church and will be a subject of debate in the assembly.

## QUARANTINE DOCTORS SAID LITTLE GOOD OF EACH OTHER

Assistant Says the Superintendent Pays More Attention to Sheep, Guinea Pigs and Chicken Feed than to the Work at Station

**HAD TO FOLLOW CHIEF  
ROUND LIKE PUPPY DOG**  
Account Produced in Court with His Signature Said Not to Have Been Signed by Assistant—Was Blank Before Medical Men Not Speaking

Victoria, May 28.—Personal charges of a most serious nature were heard this morning at the session of the Williams Head quarantine inquiry at the court house in connection with the recent detention of the C. P. R. steamer "Montezuma" and alleged ill-treatment of the passengers.

**Daniel Seating Account**  
A bill with an attached voucher, signed by Dr. Hunter, was presented and admitted to about \$25, made out to Messrs. Seating and Co., of Victoria.

**Estimate's Big Will**  
Yanover, May 28.—The will of the late Dr. J. J. Estimate, formerly of Charlottetown, P. E. I., has been filed for probate at \$50,000.

**What the West Did Yesterday**  
VICTORIA.—St. Thomas Legion donates a challenge cup for one of the best teams of the city to play in the summer carnival in August.

**BRANDON**  
A large paving company will be organized here to improve the streets of the city.

**MEDICINE HAT**  
The city council is promoting a scheme for the erection of a second subway under the railway.

## WERE RICH MEN OF CALGARY VICTIMIZED BY ENGINEER ZINK? WARRANT OUT FOR HIS ARREST

Ald. T. A. P. Frost and the Late John Breckenridge Said to Have Gone on Engineer's Paper for \$1500 Each; Zink Said to Be in St. Paul, Minnesota

CALGARY, May 28.—The chief engineer of the proposed inter-urban electric railway which would connect Carbon, Alta., and Calgary by way of Calgary is wanted by the Calgary police on a charge of fraudulently converting an automobile, which stood in his name, but on which there was a first lien, on his own financial resources.

**ALD. T. A. P. FROST,  
Zink Philanthropist to the Extent of \$1500**

**POSTMASTER'S NO OPPOSITION  
TO PARCELS POST  
LEGISLATION**  
Postmaster-General Pelletier Declines to Introduce Measure to House of Commons Under Any Other Conditions

**OPPOSITION ASKS FIRST  
TO EXAMINE THE BILL**  
Prorogation of House of Commons Has Been Definitely Arranged for June 15—This in House Between Quebec Members

**WIFE-YOUNG MEN  
ARE MADE MINISTERS**  
The graduate class this year is by far the largest ever assembled before the Alberta conference. This evening the young men were received by the department of the postmaster general.

**MEDICINE HAT**  
Thomas Powell, new president of the Alberta Methodist Conference, in his address this afternoon proposed the organization of which is the head to do all in its power to fight the liquor and social evils.

**WIDE PAVING OF RESIDENTIAL  
STREETS A WASTE OF MONEY  
IS OPINION OF CITY ENGINEER**  
The desirability from an economic standpoint of providing the paved areas of residential streets, and of widening the boulevards, was emphasized by City Engineer Craig at a meeting of the City Planning commission yesterday.

### WARM

Light showers and thunderstorms are occurring tonight in parts of Northern Alberta, but elsewhere in the west the weather is fair and is quite warm.

## PRESBYTERIAN CONFERENCE OPENS IN TORONTO SUNDAY WILL FAVOR CHURCH UNION

Proposed to Raise \$10,000,000 to See That Every Mission Field and Church in the Dominion is Provided With the Proper Plant

TORONTO, May 30.—The Presbyterian congress will open in this city at 10 o'clock tomorrow, and all the present indications are that the fullest attendance will be realized. Toronto is the home of Knox college, the most important theological college of the denomination. The session here of the annual conference is by far the greatest that has ever occurred. Arrangements are being made for formal reunions of the graduates of all the colleges of the denomination in Canada, and all of these will be the most important that have ever occurred. Special trains carrying large parties for the congress have already started from various points in the province and a number of ministers and laymen are among its guests. By the ministers the congress is regarded particularly as an integral part of the assembly, and the subject discussed by the delegates is the work of the assembly, that of the inspirational meetings of the congress. A deep interest is shown in the outcome of the movement for church union and in the program for a great development of foreign mission-station work in China.

**Great Forward Movement**  
The plan of general superintendency for the year 1913 is the subject of much discussion. An announcement has been made regarding the report of the committee on union, which will be the general tone of the report. It is expected that the report will contain a number of important proposals, which will be discussed in detail during the session.

**Church Union in 1914**  
The report of the committee on union, presented to the assembly by the Rev. Dr. W. J. Clark of Montreal, has been the subject of much discussion. It is believed that there is no doubt as to the desirability of church union, and it is expected that the assembly will pass resolutions in favor of it.

**Work in China**  
The work in China is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that country.

**Work in Africa**  
The work in Africa is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that continent.

**Work in India**  
The work in India is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that country.

**Work in Japan**  
The work in Japan is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that country.

**Work in Korea**  
The work in Korea is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that country.

**Work in Manchuria**  
The work in Manchuria is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that country.

**Work in Siberia**  
The work in Siberia is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that country.

**Work in Alaska**  
The work in Alaska is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that territory.

**Work in Hawaii**  
The work in Hawaii is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that territory.

**Work in the Philippines**  
The work in the Philippines is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that archipelago.

**Work in the West Indies**  
The work in the West Indies is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that group of islands.

**Work in the South Seas**  
The work in the South Seas is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

**Work in the Pacific**  
The work in the Pacific is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

**Work in the Atlantic**  
The work in the Atlantic is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

**Work in the Indian Ocean**  
The work in the Indian Ocean is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

**Work in the Arctic**  
The work in the Arctic is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

**Work in the Antarctic**  
The work in the Antarctic is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

**Work in the Tropics**  
The work in the Tropics is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

**Work in the Subtropics**  
The work in the Subtropics is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

**Work in the High Latitudes**  
The work in the High Latitudes is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

**Work in the Low Latitudes**  
The work in the Low Latitudes is the subject of much discussion. It is believed that the denomination is doing more than ever before for the evangelization of that region.

## QUARANTINE DOCTORS SAY LITTLE GOOD OF EACH OTHER

Assistant Says the Superintendent Pays More Attention to Sheep, Guinea Pigs and Chickens Feared Than to the Work at Station

VICTORIA, May 30.—Personal charges of a most serious nature were heard this morning at the session of the Health Board committee on quarantine work at the station.

CARL ZINK, recently chief engineer of the proposed interurban electric railroad which would connect Carbon, Alta., and Banff by way of Calgary, is wanted by the Calgary police on a charge of wrongfully converting an automobile which stood in his name, yet on which there was a first lien, on his own financial means.

Behind the warrant is a story of misplaced confidence which caused a raid on the pocket books of a number of prominent citizens of Calgary, and which, to all intents and purposes, will continue to thrash the side of their bank accounts for some time.

Prominent among those who were "stung" are Alderman T. A. P. Frost and the late John Breckenridge, who each stood in his name, yet on which there was a first lien, on his own financial means.

The automobile, a dark, according to those familiar with the case, was the one which caused the engineer's downfall, and was virtually the only thing of value in the house of the late John Breckenridge, who was a prominent citizen of Calgary.

Friends of Mr. Zink in Calgary still have faith in him, and one man identified himself as being a friend of the engineer who repaid his debts here if given the opportunity to do so.

The automobile was used in the bearing on the construction of the interurban road, and will not be allowed to interfere with the latter work.

**THIRTEEN-YOUNG MEN ARE MADE MINISTERS**  
The ordination class this year is by far the largest that has ever come before the Alberta conference. This evening 13 young men were received into full communion with the ministry of the Methodist church. The motion for their reception was moved by Rev. T. A. Wilson, of Red Deer and seconded by Rev. J. E. Hughson, B.A., of Macleod.

**MEDICINE HAT**—Mayor Rev. Thomas Powell, new president of the Alberta Methodist Conference, in his address this afternoon, outlined the organization of which he is the head to do all in its power to fight the liquor and social evils.

JUDGE APPROVES ONLY CASUAL SEARCH OF SOME PRISONERS

Mr. Justice Beck Reverts Yesterday to his Statements About the Search of Men Arrested by Constables; Was Misrepresented in Press.

SAYS REGULATIONS ARE REASONABLE AND PROPER

All Prisoners Should not Have Their Private Papers Investigated by Police; Says Jail is Overcrowded and Suggests Investigation.

MR. JUSTICE BECK again yesterday reverted to the searching of prisoners when arrested by the police, and maintained that his statements of the earlier part of the week were not only justified but reasonable. Searching for weapons and incriminating documents, he said, is not the purpose of a search, but in cases which are not indictable he declares that only a casual search should be made for the weapons, while a strict search and a removal of all the arrested man's papers and belongings is at the same time useless and unreasonable.

At the opening of the session of the court yesterday afternoon the judge said as follows: "A day or two ago, in giving my decision in a criminal case, I took occasion to make some observations upon the question of the searching of prisoners by the police. My remarks were inaccurately and incorrectly reported by the press, and the superintendent of the Royal North-West Mounted Police has it appears, not correctly understood their purpose. The official regulation for searches is a regulation of taking from the prisoner dangerous weapons, evidence of crime or means of escape. This is a very reasonable and proper regulation.

Needless Search by Police. "It was however, with regard to the mode sometimes used in carrying it out that my remarks were made. In the case before me, the supposed reference which I found had not been committed, but which if it were committed, the circumstances have been a trifling one, was committed on the spur of the moment in the presence of the police, and was not one in which any evidence of the offence could be found on the person of the prisoner. There is no reason to suppose that evidence of other offences would be found upon the person of a prisoner, and it is not the duty of the police to search for dangerous weapons or for evidence of crime or means of escape. There is no more reason for doing that than for taking the prisoner's private papers. The police authorities do not, I have stated, have a proper view of the case before me, and in my opinion have been sufficient without doing what was done, namely, taking from the prisoner his private papers. There is no more reason for doing that than for taking the prisoner's private papers. I take occasion to add a further remark.

Calgary Jail Overcrowded. "I am told on very excellent authority that owing to want of proper and sufficient accommodation in the lock-up of the city of Calgary, it is found necessary to take from all prisoners everything of value they have owing to the danger of theft by fellow prisoners. I say this in order that the city authorities may investigate the conditions and if they find them to be as they are reported to me, they may apply the proper remedy. "I am led to make such remarks as this when I the course of trials they suggest themselves naturally to me, because in the province there are no grand juries. If there were it would be their duty to report to the courts any condition in relation to public affairs which in their opinion should be ameliorated, and it would be the right of the judge to make his comment upon their report."

TECHNICAL SCHOOLS OF EASTERN CITIES TO BE STUDIED FULLY

School Board Sends Deputation to Look-into the Work Done in the East

At a special meeting of the school board yesterday morning the subject of technical training was taken up, and it was agreed to send a deputation to visit a number of eastern cities and make a study of what is being done there with a view to finding out with more exactitude what may be done in Calgary. The deputation will consist of S. J. Taylor, member of the board; J. S. Smith, assistant superintendent of schools; and T. H. Kidner, superintendent of technical education. Mr. Taylor left for the east yesterday afternoon, and will be joined by the other two in Toronto within a week, and a number of cities will then be visited by all the members of the deputation. Already study has been made of western cities, and Dr. Scott, superintendent, yesterday gave a full report of his recent trip through a number of cities, while the report of Mr. Kidner and R. J. Hutchings was also taken up. The board was unanimously of the opinion that something should be done here in Calgary with a view to taking up vocational training for the younger boys before they reach the age for actual technical training. The extension of Riverside school was also taken up, and the work will be started as soon as possible.

INSIDIOUS LOBBY TO BE INVESTIGATED BY SENATE COMMITTEE

Charge of President Wilson Creates Stir in House and All Names of Lobbyists Will be Taken to See if Methods Have Been Proper or Not.

CLAIMS ARE MADE THAT INFORMATION IS REFUSED

Witnesses to New Schedules Said to be Threatened With Hanging as High as Haman While Big Fund is Raised to Investigate Witnesses.

WASHINGTON, May 30.—President Wilson's charge that an "insidious lobby" is at work in Washington for changes in the tariff was brought to the formal notice of the senate yesterday by a resolution by Senator Cummins, demanding an immediate investigation by a committee of five senators to determine the identity of all persons who had made any efforts to present arguments or bring influence to bear in favor of changes in the tariff law. A similar resolution was introduced in the house of representatives.

Senator Cummins attempted to obtain immediate action on his resolution, which would authorize the greatest investigation of so-called "lobbying" ever undertaken in congress. Senator Gallinger at first objected to the resolution as "absurd." Later he withdrew his objection, but on demand of Senator Owen the Cummins resolution finally went over for one day without action.

Would Require Names. The proposed resolution would require all senators to give names of any persons who had approached or written them in the interest of changes in the tariff law. The purpose of the resolution is to furnish the names of persons referred to in his statement that a "committee of five members appointed by the speaker would investigate the charges." "I recognize the right of any interest affected by pending legislation to appear and offer argument," he said, "I don't know that any lobbyists are here. None has approached me. But we have a tariff bill before us. A great many men are here, I suppose, for the purpose of putting legitimate arguments before the senate and its committee at that legislation. "Now it is said by the highest authority that a lobby of great proportions, employing means of the most insidious and illegitimate character, is engaged in this work."

Dr. W. V. DIXON Dental Specialist GRADUATE OF DENTAL DEPARTMENT TORONTO UNIVERSITY ROYAL COLLEGE OF DENTAL SURGEONS PHILADELPHIA DENTAL COLLEGE Successor to the late Dr. T. H. Quirk Having been associated in practice with the late Dr. Thomas Quirk for the past three years, I will continue to carry on the same at the old location All contracts made with the late Dr. Thomas Quirk will be carried out by me.

VACCINATION OF C.P.R. EMPLOYEES IS NOT COMPULSORY

Road Offering Practically Immunity from Typhoid Because of Good Results Obtained

In answer to questions regarding the vaccination of employees of the Alberta division of the C. P. R., which will start early next week, Dr. L. S. Macklin, in charge of the work on the Calgary district, stated last night that vaccination would not be compulsory with the employees, but would be entirely at the option of the man or woman affected.

The fight over the lobby resolution ended abruptly at the objection of Senator Owen. An echo of the Cummins resolution was heard shortly after it was laid aside when Senator Lippitt, of Rhode Island, asked Chairman Simmons, of the finance committee, when the senate might expect to get material being presented to the sub-committees in the shape of briefs. Senator Simmons replied that one book of briefs probably would be available tomorrow.

Senator Lippitt referred to the "seemingly almost organized attempt to suffice information in regard to the tariff bill." One report he said, was that those who came to Washington to testify before the committee had been threatened with hanging as big as Haman. Another said a \$1,000,000 fund had been raised to investigate those who testified.

An investigation of the activities of the tariff lobby is being conducted by a committee of five members appointed by the speaker would investigate the charges and report in congress.

TO PROHIBIT TAG DAY

Pittsburg's Patience Tires of Plan Which is Worked to Death

Pittsburg, May 30.—The Pittsburg Sun says: The ordinance introduced in the city council to end "tag days" and otherwise regulate the soliciting for charity from the public should be passed. It is in the interest of charity rather than against it, and for the protection of young girls from the loose and familiar talk of the streets. The more safeguards here are brought about the collection of use of money for charity, the greater will be the disposition to give, as there will be fewer fears of impostors and more confidence generally in the donations fulfilling their purpose. Pittsburgers have been very generous in giving to charity, which may explain why so many different organizations have arisen to collect from them. There are 250 such bodies, and it is high time steps were taken toward regulating their collecting, as the more agencies there are engaged in the work the greater is the aggregate of money derived from charitable uses. Consider what it costs to maintain each, and the percentage of donations required for collecting them. Consider also that they are not under bond to the public, and that it is only optional with them whether they issue reports of their work. The ordinance referred to aims to correct those features. There is no danger of its going too far in its restrictions. It is questioned by many whether private charitable organizations are necessary at all, when the state, the county and

Eddy's Washboards

Different in construction from other washboards because of the exclusive patent-protected method of crimping the zinc. Easier on clothes—hands—padding for the same reason. Just as good as Eddy's Matches.

SATURDAY, MAY 31, 1913.

THE SENATE ACTS

If the question were, whether or not there should be a second chamber in the Canadian parliament, The Albertan would not hesitate in answering that there should be no second chamber.

But that is not the question, unfortunately. Whether political party has ever favored the abolition of the senate.

If the question were whether the voice of the commons should prevail, or the voice of the senate should prevail, The Albertan would not hesitate in declaring in favor of the commons. But that is not the question at all.

While there is a senate it must do the work of a second chamber. The work of the second chamber is to prevent hasty legislation.

The commons stands before the senate but the people must have the say. It does the paying and it should do the saying. The senate is acting wisely and the senators who voted in favor of the amendment showed that they were not to be frightened by any bluffs of the premier and his supporters.

MR. BENNETT OPPOSES THE WEST

When W. F. Maclean, a prominent Conservative member of parliament, introduced legislation into the house of commons asking for some cure for the discrimination against Western Canada in the matter of freight rates, he could not get a second reading from his own side of the house.

The fact that there is gross discrimination against Western Canada is not even questioned. That justice can be secured quickly and thoroughly only through parliament is equally well established.

Mr. Maclean's resolution asking for parliamentary action was seconded by Mr. Lemieux and supported by the members of the Liberal party. It was opposed by the government and all the government supporters. And how did R. B. Bennett vote? We are informed that he is no longer attached to the Canadian Pacific railway in any capacity.

net vote? We are informed that he is no longer attached to the Canadian Pacific railway in any capacity. He voted against giving justice to the West. He opposed any action by parliament that would make the freight rates in Western Canada, even fair.

That is what the member for Calgary, the representative of the people of this district, actually did. Who does he represent?

THE INDIAN RESERVES

An effort is being made to throw open a portion of the Blood Reserve for settlement. An effort is being made to throw open a portion of the Sarcee Reserve for settlement.

The movement is a proper one. The Indians have many times as much land as they can utilize. They are cultivating but a small portion of the reserve, and could not cultivate it all, even if they were as aggressive as the whites. They are no longer hunters or rangers.

The large areas of land are doing the Indians no good and are just retarding the development of the country.

The Indians are in the humor to hand over their lands to the government upon a fair valuation. Unfortunately, in one or two instances, they have been cheated badly. However, they get full value in the release of some of the Black-foot Reserve and are now profiting by the sale.

The government should make every effort to reduce the size of the reserves to reasonable areas. At the same time the Indians should be well protected.

PAYMENT OF ALDERMEN

An evening newspaper says that Calgary can get good aldermen without pay, and therefore they should not be paid. That is not the way to look at the question.

The province of Alberta could get members of parliament without pay, but fortunately it does not take the position that the members of parliament should not be paid.

The Dominion of Canada could get good members of parliament without pay, but the Dominion pays the members something like what the work is worth.

The Imperial house of commons has, until recently, paid the members of the house with the honor attached to it, but now, even there, the members are paid in cash.

And that is as it should be. This is a democratic age. The city is no charitable institution. An alderman is doing the work of the people. We do not want him to give up his time to do our work without paying him. We do not want the city council reserved for men who are idle or who can afford to give up their time for the business of the city. They should be paid good salaries. The city council will be quite as desirable for ambitious and public-spirited citizens with a salary attached to the aldermanic position as it is at present.

Let us pay our aldermen. Let us pay our aldermen. Let us pay our aldermen. Let us pay our aldermen. Let us pay our aldermen.

Editorial Notes

The Winnipeg Tribune takes Senator Lemieux to task for declaring that opposition to the policy of the government is practically an announcement of secession from Great Britain.

The bank clearings indicate that despite the fact that money is hard to come by, some way or other many people in Calgary are getting it and causing it to circulate.

The Ottawa Journal being quick at hand, sweeps away all of the very important speech of Sir George Ross when he fell swoop by declaring that it was associated at one time in some way or other with a man named Sullivan.

The photographs of the plan of the Royal college show a very handsome building, but the dome is too much like that of the Alberta parliament buildings to be beautiful and it is a pity that the architects who were entrusted in our gray sandstone will not give the very best results.

The Lethbridge Herald calls attention to the meetings of the Consumers' League in Calgary and points out what has been saved if all the stores in the city had cash and gave the customers the benefit of their added profits by returning the cash rather than the promissory note.

The wool men of Southern Alberta are opposed to the C. P. R. and actually oppose the railway to time, which shows the worth of the wool men of Southern Alberta.

annual salary quite in tact and unimpaired. The Clearwater election seems to have been about the limit in election irregularities. If one tenth of what is alleged is correct, the government should go after all the election crooks with a strong hickory stick and disfranchise the rick.

The Albertan doesn't do much in the prophet business, but it ventures to remark that if Harold Riley wishes to spend \$40 deposit money merely to see how badly he can be beaten in one riding in this province, he has the opportunity to spend the money and have the fun. If that is hilarious entertainment, he has the privilege of going at it.

The Liberals in British Columbia do not believe that their case is at all hopeless. The province of British Columbia will go Liberal for years and years before the province of Alberta goes Conservative. That does not say very much either.

The weather man is on his very best behaviour. It is doubtful if there could be better weather this season of the Calgary board of trade had the making of it. The Futurist's Real Meaning So much protest and so much ridicule have been leveled at the so-called Futurists that the real meaning of a very significant movement is likely to be lost or diverted. The Futurist movement commenced in Italy first as a politico-sociological protest against the dead past, the medieval traditions, the fossilized feudalism which continues to throttle or stifle the hopes and opportunities of the young Italy of here and now. The original Futurists are sick and tired of "the glory that was Rome," Naples as a museum of antiquity, Florence as a mouldy picture gallery, an dhat whole atmosphere of reverential "Pastism" which has enveloped the race as in miasmic shadows.

so new as the name which is now in danger of becoming a mere epithet. In literature, as in music and painting, true Futurism means and means the transfiguration of power, speed, strength, even if such apotheosis is achieved at the expense of all obvious beauty. Victor Hugo accomplished this in letters when he wrote the fight with the cannon, again in "The Toilers of the Sea," and best of all, in his description of Waterloo. The hideousness of power in Verestchagin's big canvases was Futurism with a vengeance, every one trenchant, crass and truculent built at the archaic traditions of both history and art. In music Wagner himself was a protagonist in same Futurism, and Richard Kipling's spectacular literary-artistic felicitous into brittle shards when he made bridge-building epical and sublimated heroism in a locomotive.

Futurism will be all right if the metaphysics quit simulating the real thing by emotional fits of hysteria. Seattle Post-Intelligencer.

Madrid, May 30. - The fourth centenary of the discovery of the Pacific Ocean by Vasco Nunez de Balboa is to be celebrated here this year, and the President of Panama, Belisario Porras, has sent a letter to King Alfonso, assuring his Majesty of Panama's friendship for Spain. Balboa the Spanish soldier and adventurer, first saw the Pacific Ocean from the Isthmus of Panama. President Porras sets forth that the bonds of kinship between Spain and the Hispano-American nations are growing closer, and announces that the Panama National Assembly has decided to commemorate this centenary by a competition of lyric poetry, by an exposition in which Spain is specially marked to participate and by the erection at the entrance of the Panama Canal of a colossal statue of Balboa, the cost to be defrayed by public subscription. He asks the King to place his name first on the list. The Spanish government has decided to celebrate the centenary by organizing at Seville, a congress of Hispano-American history and geography and an exposition of the precious documents from the archives of the Indies and the Colombian library relative to the conquest and exploration of the New World by Spaniards. The congress and exposition, which will give a fitting prelude to the great Hispano-American Exposition being organized for 1915 at Seville, will open in Seville on May 28 next, the centenary of the discovery of the Pacific by Balboa, in 1492.

HUDSON'S BAY COMPANY

Pretty \$1.00 to \$1.25 Waists to Sell at 50c

LADIES can afford to add another waist or two to their supply when the price is as low as fifty cents. It's hard to realize how such chic garments can be made for the money. But kindly remember that they are on sale between 9 and 11 o'clock Saturday morning only.

Another Group of Tailored Waists

FROM the rapidity with which another lot of like waists was cleared, only those who shop this morning can be absolutely sure of getting their share. But they will remain on sale as long as the quantity lasts.

New York Novelties in Separate Veils

Subtle influences of fashion have been working in behalf of these beautiful dress accessories for a long time and now they are full into the favor of the well-dressed lady. And it is only natural that they should, for in no department of lace making is such ingenuity and art shown as in these filmy French veils or so wide a variety of beautiful designs brought out.

Among the freshest of the novelties are those that are called "beauty spot" or "vintage veils." These have a plain net ground with a large spot or a group of small spots at intervals of about a yard.

THE NEW VANITY VEILS—These have a motif or object placed so as to come in centre of left cheek when worn. Come in black and ivory. Each \$2.50

SHEPHERD VEILS—In new filet and hexagon meshes, as shown in illustration, with border in new shades of brown, navy, taupe, emerald, Copenhagen, purple and black and ivory. Each \$1.25

100 Pretty Sunshades in a Bargain Shower at 50c

WE are perfectly willing that you shall match these parasols against any that may be selling at \$1.00 or \$1.25 anywhere, for we are certain they will not suffer by comparison. We've a little too many to our way of thinking. Hence the price on these too for today.

Pretty Parasols in Bulgarian, Dresden, Striped and Paisley designs; Shantung lined in emerald and myrtle. All colors in light and dark combinations, including white with black. Exceptional value. Regular \$1.00 50c and \$1.25 each. Saturday

25c & 35c Ribbons to Bolt Away at 15c

**MAINLY ABOUT WOMEN**

**TODAY'S EVENTS: LEST WE FORGET**

Mrs. Costigan entertains. Travel Section of W. A. club at 2:30 in the home of Mrs. Ranlett. Cinderella club dance, Moose Hall.

Tennis Hostesses. Miss Toole, Miss Cassie Toole and Miss Andrews will be hostesses at the tea hour on Saturday at the Calgary Tennis Club.

Mr. and Mrs. John Sharples sailed for England this week. They will be gone six weeks.

Mrs. A. Murphy ("Janey Canuck") is now so much improved in health that she hopes to be one of the delegates of the Canadian Press Women visiting Calgary on June 18. While here Mrs. Murphy will be the guest of Mrs. Harold Riley.

Mr. and Mrs. P. Stead and children left on Thursday for a trip to Europe.

Moving Pictures in Central Methodist. Dr. F. C. Stephenson, secretary of the Young People's Forward Movement for Missions, will show a series of moving pictures on China in the Central Methodist church on Monday evening. The pictures which will show the Chinese missions in all its spheres were made by an expert who did work for King Edward VII and Sir Thomas Lipton.

Mrs. Guy Lubbock and her little girl of Lac Ste. Anne, are the guests of Mrs. Fred Hance.

Miss Constance Bolton, of Toronto, is the guest of Mrs. Wolley-Dod.

Mrs. Spence entertained at Cronin's yesterday in honor of Miss Constance Bolton, of Toronto.

Performance of Gaul's "Ruth." The choir of Grace Presbyterian church will give a performance of Gaul's "Ruth" on Tuesday evening.

Mrs. J. Stokes, wife of Mr. Stokes, of the Empire Hotel, has come from Toledo to Calgary, where she will in future reside.

Calgary Literary Club. At the Calgary Literary club meeting in the library at 3:30 on Tuesday Mrs. Calhoun will give a talk on Plato.

Woman's Alliance News. At the postponed annual business meeting of the Women's Alliance of the Unitarian church, the following officers were elected for the coming year: President, Mrs. James Middleton; vice-president, Mrs. Charlton; secretary, Mrs. J. William James; assistant secretary, Miss Christie; treasurer, Mrs. Rose. The following donations from the funds of the "Made in Canada Show" were voted: \$100 to the Women's Aid Society; \$100 to the Central Home; \$50 to the Tuberculosis Hospital; \$50 to the Travelers' Aid Society.

Mrs. J. C. Brokoak, 5th street west, entertained at a luncheon on Thursday in honor of her guest, Mrs. C. R. Robinson, of Macleod.

Interesting Engagement. An interesting engagement announced from Toronto is that of Miss Grace Bell, daughter of W. H. Bell, Montreal, and Mr. John W. Sifton, eldest son of Hon. Clifford and Mrs. Sifton.

Mrs. Howell's Orchestra. At the luncheon and reception to be held in Paskett hall for the Canadian Women's Press club on June 13, Mrs. Howell's orchestra has been engaged to supply the music.

White Ribbon. The Methodist branch of the W.C.T.U. will meet in Riley's hall, Hillhurst, on Friday, June 6. Visitors welcome.

Cinderella Club. The Cinderella club will hold its regular dance this evening in Moose Hill, Beveridge block.

Unity Dance. The Unity club will hold its regular dance in Moose hall on Monday evening. The fifty orchestra will be in attendance.

Shamrock Club Dance. The Shamrock club held one of their regular dances last night in Unity hall in spite of the warm weather there was a large turnout of members and their friends.

Travel Section A. W. Club. The travel section of the American Women's club will meet this afternoon at 2:30 in the home of Mrs. Ranlett. "Alaska" will be the place under discussion. Mrs. Dean reading a paper and Miss Fry a touristic impression of the country. Mr. Hennessy will also speak on Alaska and the afternoon promises to be a most successful one.

"Mather Geese and Her Friends." A very successful cantata was given last night in Wesley Methodist church by the Mission band. Mrs. R. F. Marshall, who organized and managed the entertainment, is deserving of great praise for the acting and singing of all the characters who, without exception, were very good indeed. The principal, Mother Geese, was Miss Beatrice Timmins, while Arthur Scott played Boy Blue. Juliet Scott made a charming Bo-Pop, and Jessie Ackland, dressed as a boy, made an excellent Jack Sparrow. Jack's lack of a good wife, whether Jack thought so or not. All the minor characters were equally well played, and the little artists deserve great credit. One of the finest items on the program was the flag drill given by the tiny tots, while praise is due to the pianoforte and to Mr. Leonard Pearson, organist of Wesley church, and Miss Marjorie Grey, for their duet. It is to be hoped that Mrs. Marshall will not make this the last of these delightful little entertainments.

Rev. Mr. Sorag to Preach to Unitarians. Rev. Mr. Pratt, pastor of the Unitarian church, who has been ill with pneumonia, is leaving for the coast early in the week. His health is improved considerably. Rev. Mr. Schragg will officiate at both services at the Unitarian church on Sunday.

Mrs. A. P. Chadwick and little son, Freddie, are spending the week-end with friends in Macleod.

Mrs. Costigan, of Fourteenth avenue east, will receive for the last time this season this (Saturday) afternoon.

Alfred Gaul's beautiful cantata, "Ruth" will be sung by the choir of the Grace Presbyterian church on Monday evening, June 2. The soloists are Mrs. J. H. Jamieson, Mrs. Matson, Miss Scott and Mr. Glover.

The Vice of Prettiness. Prettiness, said The Times, is always said to be the besetting sin of modern British painting; and there are so many flagrant examples of it in this year's Academy that it is worth while to inquire why prettiness is so to be art. It is a general effect of the exhibition, to those who ask of a picture that it shall remind them of pleasant realities, is agreeable enough. There are plenty of reminders of prettiness in dresses and blue skies and green trees; but these are a weariness to the eye of one who demands of a picture that it shall have a beauty independent of what it represents. They are weariness because their prettiness is a negative quality, because it is achieved by the absence of any emphasis expressing the artist's own interest in his subject.

In all original painting there is something sharp and surprising, which many people condemn as ugliness. For an original lays his own emphasis on whatever he paints, which always conflicts with common notions of what is beautiful.

Now in picture after picture at the Academy we see that the painter has been afraid of laying his own peculiar emphasis, and has deferred to the common notions of what is beautiful, and the result is always, prettiness. For prettiness is always produced by the absence of any emphasis that may give beauty of design to a picture and at the same time may surprise the careless spectator.

An artist who is afraid of ugliness checks himself at the very start of his researches into form, and falls into platitudes like a writer who is afraid that some one may disagree with what he has to say. His hand and his eye are guided by public opinion, not by his own mind; and this timidity prevents him from ever developing his own powers.

**At \$18.75** Choose a Suit for vacation wear. Our entire range of Tailored and Novelty Suits, worth from \$25.00 to \$35.00. Smart effects in navy whipcords and serges, striped worsteds and mixed tweeds, in grays and browns; strictly tailored and trimmed styles. Worth to **\$18.75** Today

**TODAY'S SALE OF CLOTH**

**Dresses at \$6.95**

Some in Cream Panama With Hairline Stripe

How much does it cost you to have a dress made? Any way, it's more than \$6.95. That is one reason why we think this sale will interest quite a number of women. The other reason is the fact that these dresses are all new and up-to-the-minute in style.

Fine summer weight serges and Panamas, made with high waist and Peter Pan collar and cuffs, of wash pique and detachable; colors, tan, Alice, Canard blue, navy. Also a number of pretty styles in cream Panama with black hairline stripe, deep cuffs and Robespierre collar of black satin; high waist with new gathered back. Values to \$12.50. Today **\$6.95**

**New Ratine Dresses**

Quite the smartest effects in Ladies' Gowns that we have shown this season are being displayed for the first time in the Garment Section.

These are a number of handsome styles developed in the fashionable ratine. Each dress is distinctive in design and trimming and introduces the latest features in the Bulgarian ideas, both in style and finish.

The draped skirt is produced in several new modes, the high belted waistline and sash are also features to attract. The colors include pretty tones of tan, brown and Danube blue. Don't fail to see these today. Prices from **\$23.50**

**Plumed Trimmed and Model Hats, Today \$10.00**

Worth \$20.00 to \$35.00. A Millinery Sale Extraordinary.

A selection of exquisite styles, including beautiful plume trimmed creations and a complete assortment of pattern hats at a price that would not buy the trimmings alone. These are our direct imports from the fashion centres and are chiefly summer styles, featuring the latest fashion notes. Each one a distinctive model without a duplicate in the city.

From such a beautiful assemblage selecting a becoming style becomes an easy matter. You will find the widest choice in both shapes and trimmings, Tagels, Milans and some with handsome willow plumes, others with Chantilly lace, flowers and velvet. A few trimmed Panamas too give a greater scope to selection. To secure the best choice we urge you to shop early. **\$20.00** to **\$35.00** Hats. Today **\$10.00**

**Women's and Children's Straw Shapes, \$1.00**

Great value here for the woman who can trim her own hat. The season's most fashionable shapes in Tagel, Chip and Rustic Straws; also a number of styles suitable for children. Values from \$2.50 to \$4.50. **\$1.00** Today

**HABITAI SILK**

Slightly Water Marked. Several pieces of White Habital Silk will be sold today at a big reduction. A slight water mark on one selvage is responsible for the lowered price. Splendid quality in a weight suitable for shirtwaists or undergarments. Will launder like cotton; 36 inches wide. Regular 75¢ yard. Today, yard **50¢**

**Shantung Shirt Waists \$2.40**

Worth \$3.50 and \$4.00. Just in time for Today. Shantung Silk Shirtwaists, made in outing styles; some with lounge collar; others with the new roll collar and velvet bow. The material is a rich finished, closely woven Shantung in natural colors. A fortunate purchase brought us this lot at a low price, so instead of \$3.50 or \$4.00, their regular price, **\$2.40** they go on sale Today at **\$2.40**

**The Final Day of Our May White Sale**

### DAUGHTERS OF EMPIRE MUST GO AFTER LOWLY

President of the Woman's Canadian Club of Toronto Makes Remarkable Address Before Local Chapter of Imperial Daughters of the Empire.

MISS BOLTON in her address to the Imperial Daughters of the Empire on Thursday afternoon, made some extraordinary conclusions. Miss Bolton, who is president of the Canadian club in Toronto, spoke for her subject: "The Aim and Work of the I.O.D.E. in Canada," and the course of her speech she stated that the work lay less among Canadians than among the immigrants who were constantly pouring into the country. She said that the Daughters of the Empire must reach "the lower end" of the street—the lower end of the street—make of them good citizens. Give them a jolly good fest and you'll get them," she stated in one part of her remarks, and she urged the I.O.D.E. to go out into the highways and bring them in. In a later part of her address, speaking of the Women's Canadian club, she said the Women's club members, at the same time, "None but naturalized Canadians."

### MISS WILEMAN WANTS CITY BUILD WORKMEN'S HOTEL

The necessity of providing a site for a workmen's hotel in the city planning scheme was brought before the city planning commission yesterday in a letter from Miss Wileman, formerly manager of the Municipal Labor Bureau. Mr. Pearson, chairman, remarked that the idea was a very good one, and although the city's finances were probably not sufficient to carry it out at present, a site might be recommended. Miss Wileman urged the necessity of a clean, well-kept, cheap hotel, with separate accommodation for men and women and for workmen's families, where good nourishing food might be obtained cheaply. The letter was referred to Mr. Dawson for a report. Percy Malden, the Jewish boy charged with perjury, was yesterday acquitted by Judge Beck in the High Court. He held that the boy might have been present, as he stated in the Police court trial, and found no reason to find him guilty of falsehood in the matter.

### THE HEART DEPARTMENT

By Laura Jean Libbey.

**If She's Jilted.**  
WHO can doubt that the most precious possession that comes to a man in this world is a woman's heart? The slightest difference between sweethearts may sever what was supposed to be the greatest affection, even though it be difficult at once to relinquish a long cherished love. A woman is wont to consider the consequences in giving up a love that is as precious as life itself to her. If she is jilted her pride is a staff which seldom or never falls her to lean upon. It takes the greatest of evidence to prove to a woman that she is no longer loved, to make her understand that she has no place in a heart which she believed was all her own—her throne. Even then some women will clutch at and try to cling to a fragment of blighted love.

**Does Not Wish to Marry Yet.**  
"Dear Miss Libbey: I am 18. Have been going with a gentleman for four years. We both think the world of each other, and he wants me to marry him this summer, but I do not see my way clear for marriage for at least one year yet. My mother is not very anxious and my father is not very keen, and I am tending store for him. He cannot afford to pay a girl steady, and if I got married my mother would have to tend store and live in the living rooms in the back, which are very unhealthy, and I know she would not stand it long. My father is very stern and cranky. Would you advise me to get married secretly? I am sure we could manage it all right. You see then I could tend store for my father and no one would be the wiser. I would want the marriage to be absolutely secret. Not even my mother is to know of it. I have never kept secrets from her, and I don't like to keep this from her, but I think it would be for the best, because she opposes all marriages. She likes the boy very much, but she says all men are alike, and that they change after marriage. Please give me your advice."  
"M."

**They Quarrelled.**  
"Dear Miss Libbey: I met a man about six months ago and fell in love with him. We have been going together all the time and spoke to each other over the phone about two or three times a day. We quarrelled over small things, but still we loved each other dearly. Lately he said that we thought too much of each other, and that was why we quarrelled so much. Then he told me to try and forget him, but insisting that he still loves me. I realize now that I love him more than anyone I ever met, and I don't know what to do. I wrote him asking if he meant what he said, and he said 'Yes.' Now I am going out with other men and he doesn't like it, but says it's best for us to part. I would willingly give up all my friends to get him back again, but he is very stubborn and too proud to let me know he still loves me, but tells my girl friends he does. What can I do?"  
"I am afraid you have done about all you can. You will have to wait until his actions to you confirm his remarks about you to your friends. It is not always wise, however, to put much dependence on remarks of that kind. It strikes me if the fellow really loved you he would not treat you that way."

**Shall Pete Elope?**  
"Dear Miss Libbey: I have a girl friend I love dearly, and she says she loves me dearly as she loves herself. But her parents object to me or any boys who correspond with her. She is only 16 and I am 21. Do you think we ought to wait until she is of age to marry or run away? Her parents don't allow me to visit her home, I have written her twice and haven't got an answer. And when I hear from her..."  
**FOR WOMEN'S AILMENTS.**

or go and call on her? Tell me how I may win the favor of any girl?"  
"JOHN."  
You better not believe everything your girl friends tell you, John. You know the motive for telling such things is not always prompted by genuine friendship. In fact, it is often done simply to make fun of a fellow. If you want to win a girl's favor don't ever let her get a hint that you think you are such a winner with the girls. That is one thing the average girl will not tolerate.

**May He Kiss Her?**  
"Dear Miss Libbey: I am engaged to a girl whom I love far better than my own life. Now, do you think it would be any harm for her to kiss me?"  
"A BOY."  
The kissing problem is one that an engaged couple must decide for themselves. Personally, I think a girl shows greater wisdom if she does not give the man an opportunity to tire of her caresses, even though she is engaged to him. The fact that a man is engaged to the girl does not make him proof against the possibility of tiring of her. Many an engagement has been broken for this very reason.

**Dear Miss Libbey:** I met a man about six months ago and fell in love with him. We have been going together all the time and spoke to each other over the phone about two or three times a day. We quarrelled over small things, but still we loved each other dearly. Lately he said that we thought too much of each other, and that was why we quarrelled so much. Then he told me to try and forget him, but insisting that he still loves me. I realize now that I love him more than anyone I ever met, and I don't know what to do. I wrote him asking if he meant what he said, and he said 'Yes.' Now I am going out with other men and he doesn't like it, but says it's best for us to part. I would willingly give up all my friends to get him back again, but he is very stubborn and too proud to let me know he still loves me, but tells my girl friends he does. What can I do?"  
"I am afraid you have done about all you can. You will have to wait until his actions to you confirm his remarks about you to your friends. It is not always wise, however, to put much dependence on remarks of that kind. It strikes me if the fellow really loved you he would not treat you that way."

**"Cannot Afford to Go With Her."**  
"Dear Miss Libbey: I am keeping company with a girl of 18. She loves me with all her heart, I know. But I cannot afford to go with her steadily and leave the ones I love entirely out. Several of my girl friends I love, and they love me dearly. One of my friends told me that one girl loved me before she knew my name. Now how can I go with her or some of the others and leave out the one I am now going with without making one or more of them mad at me? I love the other girls the most and would like one of them for my wife in the future. Would you write her a letter or card the first time."

## Dr. PRICE'S

CREAM

## BAKING POWDER

You will find it a great satisfaction to do More Home Baking  
You will make biscuit, cake and pastry clean, fresh and tasty—better every way than the ready made foods.  
Dr. Price's Baking Powder is specially devised for home use, and makes home baking easy and a delight. It will protect you from the dread alum baking powders, which are too frequently found in the ready made articles, and insure you food of the highest healthfulness.

**"Dearly in Love?"**  
"Dear Miss Libbey: I am 17. I am dearly in love with a young man two months my junior. He never went with me but once, and then kissed me. I have never spoken to him since. Do you think I should apologize to him?"  
"B."  
What in the world would you apologize for? The fellow is the one to apologize, not you! You had better keep away from a fellow like that. He's pretty bold, I think. Let him go!"

TYNESIDERS CONTINUE THE BIG WINNING STREAK

Defeat of Y.M.C.A. Gives Them Record of Twelve Goals to None By Opponents

Last night the Tynesiders added another to their list of victories in the Senior Soccer League, by defeating the Y.M.C.A. four goals to nothing. The first half of the game was almost a continual bombardment of the Y.M.C.A. but the "T's" were tough playing against a strong wind and sun, defended gamely.

The goal keeper was at fault in losing the first goal, the ball rebounding off a corner through the goalkeeper's hands, Mitchell having rushed him.

The second goal was a gift, Jeffrey, who all through played a fine game, being unucky enough to turn a ball against the running Mitchell, allowing that player to score a goal with a good shot.

In the second half Y. M. C. A. played much better, but one could not help thinking that they have a poorer team than they had in the Intermediate section last year. The team that played against the Post Office in the previous game was far ahead of that played last night, although Tynesiders by their display showed their application for membership to the Senior League was in perfect earnest.

They now scored 12 goals in the league against their opponents nothing, and they will not play again until they meet the Callies next Friday. Richardson was hurt during the progress of the second half, but soon recovered. The final score was four to nothing in favor of Tynesiders. The teams lined up as follows:

Y. M. C. A.—Robertson, Avery and Jeffrey; West, Smith and Willis; Miller, Hilton, Challenger, Roughton and Marr. A.

Tynesiders—Murray, Hales and Colfer; Levie, Buck and Booth; Harrington, Mitchell, Richardson, Worth and Small.

Commercial League at Mewata Park. Jones defeated the Dominion Express in the Commercial Soccer League last night by two goals to one. The game was very interesting and was watched by a good crowd.

ESKIMOS FATTEN UP AT EXPENSE OF EXPERIMENT

Bill Hulén Tries Out New Twirl-er and Birds Wing Game

Regina, May 30.—Manager Hulén tried out a new twirl-er by the name of Carlin today and the Grey Birds fattened up their batting averages. The Red Sox also hit well, but lost the game in the fourth, when there was a wild merry-go-round, Edmonton scoring 8 runs. Catcher Davidson made a sensational play when he threw his glove in the air and blocked a high throw. Under the rules this permits the runners to advance three bases, and it cost two runs. The box score:

Table with columns: AB, R, H, O, A, E. Rows for Maikin, Gleason, Hill, Hargrave, Jewett, Cooper, Davidson, Baker, Carlin.

Regina, May 30.—The Vancouver-Cowichan team did not come up to expectations today in their match with the Australian visitors. From what was said at the Cameson club dinner, and from the records of the combined teams, a much better result was looked for.

But the coast team certainly put up a better showing than did Victoria, both in the field and at bat, for although their scores are not a great deal higher than those of the Victoria team, and the Australian figure ran well over the third century, with two wickets in hand, yet the cricket was far superior.

The bowling of Macartney and Crawford proved the downfall of the Vancouver-Cowichan team. It was found to be practically unplayable after making a really good opening the coaters collapsed before the formidable onslaught of these two bowlers, and by 12 o'clock were all out with a score of only 58 runs.

Becham, Curtenven and Peers scored 40 between them.

PITCHER JACK DOESCHER, Jersey City southpaw pitcher in the International League.

AUSTRALIAN CRICKETERS WIN EASILY AT COAST

Victoria, B.C., May 3.—The Vancouver-Cowichan team did not come up to expectations today in their match with the Australian visitors.

But the coast team certainly put up a better showing than did Victoria, both in the field and at bat, for although their scores are not a great deal higher than those of the Victoria team, and the Australian figure ran well over the third century, with two wickets in hand, yet the cricket was far superior.

The bowling of Macartney and Crawford proved the downfall of the Vancouver-Cowichan team. It was found to be practically unplayable after making a really good opening the coaters collapsed before the formidable onslaught of these two bowlers, and by 12 o'clock were all out with a score of only 58 runs.

Becham, Curtenven and Peers scored 40 between them.

SASKATOON BEAT BRONKS WITH HOT FINISH

Quakers Got to Wainwright in Sixth and Finished Strong—Score 7 to 4

Saskatoon, May 30.—Saskatoon took the second game of the Calgary series today 7 to 4. The attendance, almost 3,500, was one of the largest of the season. The game was played with spectacular fielding. Hurley used two heavers, Manning starting but was taken out in the second inning and replaced by the run, O'Brien walked and Frink singled. Ford went in after that and made one out and although wild for two innings pitched great ball after ball and was given strong support. Wainwright was in good form for the Bronks and was given strong backing. The score was tied by a double in the second session, 3 to 3. Saskatchewan took the lead in the sixth. In the seventh the Quakers added another pair. Miller hit with the ball. Crickshank's reached first on a fielder's choice and Miller hit with the ball. Crickshank scored on Piper's error. The Quakers made a strong attempt to tie the score in the sixth. With two men down two batters, then Hollis struck out. The box score:

Table with columns: AB, R, H, O, A, E. Rows for Mills, Crickshank, Chick, Holmes, Harper, Manning, Ford.

Victoria, B.C., May 3.—The Vancouver-Cowichan team did not come up to expectations today in their match with the Australian visitors.

But the coast team certainly put up a better showing than did Victoria, both in the field and at bat, for although their scores are not a great deal higher than those of the Victoria team, and the Australian figure ran well over the third century, with two wickets in hand, yet the cricket was far superior.

The bowling of Macartney and Crawford proved the downfall of the Vancouver-Cowichan team. It was found to be practically unplayable after making a really good opening the coaters collapsed before the formidable onslaught of these two bowlers, and by 12 o'clock were all out with a score of only 58 runs.

Becham, Curtenven and Peers scored 40 between them.

ERNIE BARRIEAU IS NO SLOUCH, SAYS BIDDY

Referee of Lightweight Bout on 24th has Kind Words for Defeated Man

Biddy Bishop, who refereed the lightweight bout at Vancouver on Victoria Day between Joe Bayley and Ernie Barrieau, and which was won by the former, has a bunch of bouquets for the defeated man. The following is what the well known referee has to say about the bout:

"Ernie Barrieau is one of the cleverest boxers Canada has developed in many a day. And he is one of the fastest as well.

"Joe Bayley is a strong, willing lightweight, a lad who is endowed with wonderful hitting powers and endurance. He can take a punch, showing as little effect as any boxer I have ever seen. Barrieau reached him many times, but Bayley paid little or no attention to these blows. He just kept tearing in. I have never seen his equal for aggressiveness. He reminds me of a cat.

"The contest was a pretty one for five rounds. After that it was all Bayley. Barrieau was anxious to continue. When I stopped the bout he looked at me and said: 'What's the matter? I'm able to go on.' I told him in a few words that he was too game a boy to be permitted to take any unnecessary punishment; that Bayley was too much for him, and that the match had gone far enough. "He was satisfied then and stuck out his glove to Bayley and the two shook hands good naturedly. The contest was a clean one and both boys were fair and sportsmanlike. It was as nice a match as has ever been decided in this respect."

AUSTRALIANS TO ARRIVE IN EDMONTON MONDAY

Edmonton, May 30.—The famous Australian cricket team will arrive in Edmonton at the South Side depot at 10 p.m. Monday evening, and will be met by a committee from the Edmonton Cricket League, and conveyed to their hotel in autos, headed by a band. The visiting team will make their headquarters at the Cecil hotel.

On Tuesday evening the visitors will be tendered a banquet at the Cecil by the Edmonton Cricket League. Mayor Short occupying the chair. Speeches will be made by Secretary Benjamin, Captain Mayne, Mayor Short, A. H. Dickens and others. Tickets for the banquet are \$2.50, and can be secured from E. H. Gamble, 636 Sixth street, or from A. P. Turner, Hubson's Bay Co. Tickets for the game are on sale throughout the city.

The match, a two-day affair, takes place on Tuesday and Wednesday, June 3 and 4. Play begins each morning at 11 o'clock and the players will take luncheon at the Edmonton hotel. It has also been decided to raise the Edmonton side to 18 players, with three reserves. The Australians will play 11 men against the pick of Edmonton.

MCINTOSH REACHES U. S.

San Francisco, May 30.—Hugh McIntosh, for many years the leading promoter of Australia, but now retired, arrived here today from Antipodes with news that Sam Langford, the colored light-heavyweight, may be expected to follow on the next steamer.

"Langford, McVey and Jeanette," he said, "stand as a black barrier against all the white heavies in sight. The only hope of a white champion is to pick out the likeliest candidate in sight and train him for a couple of years. Experience counts for a great deal in the ring and the three I have named have been in the game for 10 to 15 years. They know too much for any of the inexperienced white men.

"As for Jack Johnson, he is definitely out of it, whatever the outcome of his legal difficulties.

"Very likely by the time a dangerous white man is developed Langford, McVey and Jeanette will all have out-lived their fighting days. As things look now that seems the likeliest path by which a true champion of the world will arrive."

BRITISH CHAMPION EASILY DEFEATED FARRELL

Seconds Threw Towel Into Ring in Fifth Round—Moose Jaw Man Outclassed

Moose Jaw, May 30.—Fredie Welsh, British lightweight champion, tonight performed before the largest crowd that ever witnessed a fight in Saskatchewan when he easily defeated Billy Farrell, the local lightweight, with the coming in of the fifth round. Welsh outwaded Farrell and about the only redeeming feature as far as the local man was concerned was in the fact that he was displayed a lot of gallantry. He took a lot of punishment and came up for more. The Welshman showed superiority in every round. In the first he peppered Farrell's face and body with both hands and the local boy got in only about one blow, while in the second Welsh stood him off and walloped him at will. In the next two rounds Welsh continued to pile up an immense lead and the wonder is that the affair was not stopped as it was clear that the Britisher could finish it just as soon as he selected. Coming in the fifth to meet Welsh, the latter sent two stiff wallops to his opponent's body. Another two and Farrell's seconds tossed a towel into the ring as a token of defeat. Welsh was cheerfully cheered both as he entered and left the ring. His fight in Regina came next week.

Farrell's second threw up the sponge in the fifth to save him from punishment.

Advertisement for Dunlop tires. Text: CONCLUSION THAT CAN JUSTLY BE DRAWN FROM HALIFAX TO VANCOUVER AUGUST 27 - OCT. 14 1912. THAT Dunlop Traction Tread has fulfilled all the great predictions made concerning it—as an anti-skid tire, as a puncture-proof tire, as a slow-to-wear-down tire. THAT despite the terrible conditions of our highways an automobile can cross the continent—provided it is equipped with Dunlop Traction anti-skid tires. THAT there is nothing in this wide universe in the shape of a trail—boggy, rocky, hilly or holey—which Dunlop Traction Treads cannot make headway on. THAT Canadian roads are undoubtedly the worst in the world; therefore, the tires that mastered them must be the best in the world. THAT there can be no doubt if we had sent a tire expert along in the All Red Route car, the original four tires could easily have made the entire trip. Haney and Wilby say so. THAT if Dunlop Traction Treads can endure such a test as travelling from Halifax to Vancouver, the regular everyday owner of a car is bound to get the utmost service from these tires in the lesser tests of endurance which he can give. THAT having been subjected to every conceivable kind of shock and battering—and survived everything except the damages attendant on collisions or unnatural travelling on railroad ties—Dunlop Traction Tread tires have proven themselves to be scientifically correct, masterly efficient, and superbly enduring. THAT any car owner who fails now to D.T.T. his car is not the kind of man who wants facts to guide him in making his tire selection.

DUNLOP TIRE & RUBBER CO., LTD. 307 EIGHTH AVENUE WEST, CALGARY. PHONE M3716. Includes Dunlop logo and 'GREATEST AIR CAPACITY' text.

EARLY CLOSING RUNNING RACES ENTRIES

In the list of 36 races to be run during the Calgary exhibition there are only two early closing running events, and the following nominations have been made in them. Owners must make their second payment by June 15.

President's handicap, seven furlongs, purse \$1,000.

A. J. Stafford, box 551, Calgary. M. Olive, Macleod, Alta. R. R. Morgan, Saskatoon, Sask. Edmonton Stables, Edmonton, Alta. six entries.

Wm. McDonald, box 613, Edmonton, Alta. Calgary Handicap, purse \$1,000.

A. J. Stafford, box 551, Calgary. R. R. Morgan, Saskatoon, Sask. Edmonton Stables, Edmonton, Alta. six entries.

Wm. McDonald, box 613, Edmonton, Alta.

HILLHURST AND CALLIES MEET AT VICTORIA PARK

This afternoon at 3.30 the Callies and Hillhurst met at Victoria park, and the football enthusiasts of Calgary will be out in record numbers. The game is in aid of the league funds and is a result of the negotiations between the league and the Hillhurst Club during the past week. The game last Saturday between the International teams for the benefit of a bereaved widow brought the players together again, and the Hillhurst club will be welcome at Victoria park today by all footballers in the town. The game will start promptly and will continue for the full period of time. The following are the teams:

Callies—Gholcher, Cooper, McLean, Bennett, and Grindlay; halves, from Raig, Strang, Campbell and Petrie; forwards, from Skinner, Williams, Wilson, Nesbit, Towill and Stewart. H. E. Sheldon will blow the whistle sharp at three thirty.

Other Sport on Pages 7 and 8.

Big League Results

NATIONAL LEAGUE. Philadelphia 22 10 688. Brooklyn 20 15 573. New York 20 18 513. St. Louis 19 20 493. Boston 18 20 474. Cincinnati 14 19 424. Cleveland 13 28 338.

Brooklyn and Boston Break Even. Boston, May 30.—Brooklyn won the morning game by a ninth inning rally...

Philadelphia 30.—Boston turned the tables on Brooklyn in the afternoon game, winning 7 to 6. Unlike the morning game, it was one of free hitting and many errors, the latter deciding the contest.

Naps Beat Browns. Cleveland, May 30.—St. Louis lost this afternoon's ten-inning game to Cleveland 5 to 4. The morning game was postponed because of rain, and will be played off Sunday.

Good Fielding Featured. Pittsburgh, May 30.—Pittsburgh took the morning game from Chicago in a sensational pitchers' duel between Reuland and Camnitz. Three of the six outs of Camnitz were for extra bases...

Cincinnati Won in Thirteenth. St. Louis, May 30.—After St. Louis tied the score in the ninth inning of this morning's game with Cincinnati, neither side was able to score until the thirteenth when the visitors rallied two runs and won, 5 to 3.

Cincinnati Lost in Evening. St. Louis, May 30.—A batting rally failed to win for Cincinnati in the afternoon game. The score was 6 to 2 in favor of St. Louis. Steele, pitching for the locals, held the Cincinnati batsmen to six hits until the ninth, when two singles and a double scored one run.

Giants Humiliated Phillies. New York, May 30.—The Giants took both games from Philadelphia, the morning contest by 8 to 5, and the afternoon game by 5 to 1. The first game was a pitcher's duel between McGraw and Egan, the pitcher McGraw proved to be a deal with Cincinnati, made his New York debut and was pounded hard. Marquard held the visitors safe after Fromme's removal in the eighth.

American League. Philadelphia 27 10 730. Washington 28 12 700. Chicago 23 19 548. St. Louis 18 21 482. Detroit 18 27 490. New York 17 26 395. Boston 9 27 250.

Cubs and Tigers Broke Even. Chicago, May 30.—Chicago broke even with Detroit today by winning the afternoon game 9 to 2, and losing the morning game, 2 to 3. Cotto was in fine form and pitched a very tight ball to do anything to him. The visitors used five pitchers in an attempt to check the slugging of the locals, but all looked alike to Callahan's men, who twice today when a hit was needed.

Johnson Losses Shut-Out Game. Washington, May 30.—The largest crowd of the season saw Boston turn Walter Johnson in the box and win the afternoon game 7 to 0. This was Johnson's second defeat this year in both of which the locals have been shut out in showers.

Green Pitched One of his Best Games of the season for Washington in the morning and scored a 2 to 2 victory over the Woods. Boston's star pitcher, Boston, 200 000 001—3 4 1. Washington, 091 102 000—4 5 1.

Dillon Outpoints Klaus. Indianapolis, Ind., May 30.—Jack Dillon of Indianapolis outboxed Frank Klaus of Pittsburgh in a ten-round bout here last night. Klaus did not land over a dozen blows that counted. Klaus did not come near putting up the bout that he was expected to. After the first five rounds, Dillon was the aggressor most of the time.

Cross and Anderson Mached. Los Angeles, May 30.—Leach Cross of New York and Ben Anderson, the northwestern lightweight, have been matched for a 20-round bout here July 4.

Bronchos Are Not Crowding Into the .300 Circle

Only Two Who Have Played in More Than Five Games are Within the Magic Circle; Team Average for Season is .300

HOW THE BRONCHOS ARE BATTING

A.B. R. H. Ave. Meyers 11 1 4 .364. Roche 64 16 23 .359. Hollis 55 11 17 .309. Streib 57 7 17 .298. O'Brien 59 11 17 .288. Philadelphia 205 000 000—2 3 2. New York 000 200 101—4 7 2. Cleveland 000 100 101—4 7 2. St. Louis 000 200 000—7 11 1. Boston 000 000 002—2 7 1. Cincinnati 000 000 002—2 7 1. Chicago 000 000 001—1 6 3. Pittsburgh 000 001 000—2 7 0. St. Louis 000 000 000—2 7 0. Cincinnati 000 000 000—2 7 0. St. Louis 000 000 000—2 7 0. Cincinnati 000 000 000—2 7 0.

The magic .300 circle of batting averages is not as yet being over-crowded by Broncho batsmen. In fact, at the present time only two Bronchos, who have played in sufficient games to be worth while in claiming the distinction: Jack Roche and Hollis are the men. Smick Myers is also there, but he has only played in three games and this is hardly enough to figure in the averages.

The averages which are published above will be a revelation to the fans, most of whom were under the impression that almost half of the Bronchos were batting at a .300 clip, or thereabouts. This impression was doubtless due to the fact that the long road aunt has been a disastrous one as far as the batting averages are concerned, while the games in Calgary were good for the figures.

As a team the Bronchos are pasting the pill at a 272 rate, which is a pretty fair average for a team, but is nothing to boast about. The fact that the Bronchos are occupying such a prominent place in the league race must be accounted for by the work of the fielders and pitchers. Although a great many games have been won by batting rallies, most of the contests which hit the locals have been won by close fielding and by good twirling. Of the two the fielding has played the more important part.

The Bronchos this year have the strongest infield since Bill Carney's immortal nine of 1910. In fact, if the Bronchos of 1910 and 1913 were compared, the present infield would doubtless have a little the better of the argument.

The batting of Jack Roche is the most pleasing feature of the averages which appear above. Jack stands out among all the other players. He is a full 50 points above Hollis, the other member within the magic circle.

Julie Streib comes within two points of touching the 300 mark. Julie is setting all the youngsters an example and has established himself as the best pinch hitter in the league. It

Junior League Baseball League Opens Tonight

The Hillhurst and Pirates will open the Junior League on the northwest field at Mewata park tonight according to schedule. The other teams in the league are the Inglewood Athletic club and the C.P.R. telegraph boys.

Howard Glover had a new team on tap to enter, but a she had not quite completed the organization, he decided to leave it over temporarily.

Saturday, May 31—Hillhurst vs. Pirates. Tuesday, June 2—C.P.R. vs. Inglewood. Thursday, June 3—Pirates vs. C.P.R. Saturday, June 5—Hillhurst vs. Pirates. Tuesday, June 8—Hillhurst vs. C.P.R. Thursday, June 10—Pirates vs. Hillhurst. Saturday, June 12—C.P.R. vs. Pirates. Tuesday, June 15—Hillhurst vs. Inglewood. Thursday, June 17—Pirates vs. Hillhurst. Saturday, June 19—Hillhurst vs. Inglewood. Tuesday, June 22—Pirates vs. Hillhurst. Thursday, June 24—C.P.R. vs. Hillhurst. Saturday, June 26—Inglewood vs. Pirates. All games are scheduled for 7 p.m. and must be started within 10 minutes of the scheduled time whether full teams are present or not.

Edmonton, May 30.—Telegrams were sent out yesterday by President Frank Gray to the managers of every club in the province, advising that the Junior League was to be reduced to twelve men to comply with the league's constitution. The manager of the Edmonton team was the first to receive his little notice. Since the arrival of Moran there have been thirteen men on the Birds' roster and one player must go by tonight if Mr. Gray will wish to know the reason why. The men on the Edmonton team at present are as follows: Spencer, Stark, Clayton, Heinrichs, Dunsford, Redman, Schultz, Reddick, Dullay, Skeels, Povey, Moran and Whittman. It looks as though either Reddick or Schultz will have to go. Bill Hurley will have a chance of proving to get his team inside the limit.

We are selling an ever increasingly greater part of our gigantic output to experienced automobile owners who have tired of the exorbitant expense of big car up-keep. Our factories have produced more than a quarter of a million Model T's. Prices: Runabout, \$475; Touring Car, \$750; Town Car, \$1000—f. o. b. Walkerville with all equipment. For particulars get "Ford Times"—an interesting automobile magazine. It's free—from Walkerville factory. Ford Motor Company of Canada, Limited, Eleventh Avenue and First Street East, Calgary, or direct from Walkerville factory.

BALL TOURNEY AT HIGH RIVER. High River, May 30.—Resident baseball enthusiasts, both players and fans, have made the suggestion that a baseball tournament be held on the fair grounds in connection with the annual exhibition, to be held this year on July 10 and 11. The exhibition management view the proposition with favor, and if the support necessary is forthcoming the tournament will be undertaken, which is much better than a probability, almost a certainty. The contest will be open to teams representing Brant, Blackie, Glenview, Okotoks, Canby, Nanton, High River, and any others representing towns or districts in proximity to High River.

### JULES GOUX, DEVIL DRIVER, WINS 500 MILE AUTO RACE

Average Speed Was Nearly 77 Miles Per Hour; Time of Winner Is Shade Over Six and One-Half Hours; No Fatal Accidents Met

TOWER HAS LEG BROKEN; DUNNING, RIBS BROKEN

Four of the Eight Foreign Cars Entered Finished in the Cash; Merz, Who Motored Third, Finished With Burning Auto in a Sheet of Flame

Indianapolis, Ind., May 30.—Jules Goux, a Frenchman, driving a French car, the Peugeot, won the third annual 500 miles automobile race at the Speedway today in 6 hours 31 minutes 33.45 seconds, at an average speed of 76.59 miles an hour.

No fatal accidents marred the running of the race, although two were seriously injured, when the Mason, driven by Jack Tower, upset on the back turn, due to tire blowout. Tower's right leg was broken, and Lee Dunning, his mechanic, has three broken ribs and internal injuries.

Charles Merz, who finished third, in a Stutz, brought the biggest thrill to the crowd, estimated at 100,000, when he drove the last lap of the race with his car on fire. The flames broke out in the upper stretch turn, and Merz refused to stop at the pits until he had circled the track another time and finished the race. Coming down the home stretch in the finish, Harry Martin, Merz's mechanic, climbed out on the hood of the car and unhooked the straps so the pit men could extinguish the flames.

Four out of the eight foreign cars entered finished in the prizes, the other four being forced out by broken parts. An American car, a Mercer, driven by Spencer Wishart, finished second, several laps behind the winner. The Sunbeam, an English car, driven by a Frenchman, Albert Guyot, came in fourth. The other foreign cars in the money were: Pilette's Mercer-Knight (German), which was fifth; and Ford's Mercedes (German), seventh. The three Italian cars were forced out of the contest.

**Race Ten Minutes Slow.**  
The race was a little more than ten minutes slower than last year's contest, which was run in 5:46. This was due, it was said, in a large measure to the intense heat, which necessitated many changes of tires. All the Speedway records for the class of cars were broken up to 250 miles, when the many stops at the pit began to cut down the average.

Goux, the winner, complained at every stop at the pits because his manager refused to let him put his car to its highest speed. He claimed that he could have made better time, but his manager contended that as he was in the lead in the 140th mile, there was no use to let the car out. Goux, after setting the lead from Burman, when he stopped for oil, was never headed, as he finished far in the lead of his nearest competitor. Anderson's Stutz pushed the leader hard until the 157th lap, when the car was forced out by a broken magnet shaft.

**Record of the Winners.**  
Goux first won fame as a race driver in France, where he was victor in a 402 mile race. Before coming here he went to Brooklands track in England, where he made 100 miles 507 yards in sixty minutes in the same car in which he raced today. His record in the 402 mile race broke all European records for the distance, while his performance at Brooklands track broke all records. Burman, who was the favorite in the betting, ran a hard luck race. In the 18th lap his car caught fire in the back stretch. He put this out and ran to the pits, where he had to change carburetors. He had to make several other stops at the pits, and was relieved at the wheel by Hugh Hughes, who was still on the track about 20 laps behind, when the tenth car finished.

Early in the race Evans Mason turned over to the pits, but the car stayed on its wheels, and Evans continued until near the end of the contest.

Besides the prizes and trophies offered by other concerns, the following prizes were given by the Speedway management, which, with their names, follow in order:  
Peugeot, Goux. Time 6:31:33.45. \$20,000.  
Mercer, Wishart. Time 6:45:06. \$10,000.  
Stutz, Merz. Time 6:50:25.35. \$5,000.  
Sunbeam, Guyot. Time 7:05:08.15. \$3,500.  
Mercedes-Knight, Pilette. Time 7:19:25.55. \$2,000.  
Gray Fox, Wilcox. Time 7:33:38.90. \$1,000.  
Mercedes, Mulford. Time 7:27:17.55. \$1,000.  
Coco, Disbrow. Time 7:30:50.55. \$1,000.  
Tulsa, Clark. Time 7:49:21. \$1,500.  
Mason, Haupt. Time 7:53:11. \$1,400.

### CANADIANS BEAT PIRATES AT THEIR OWN GAME

In their return game with the Pirates last night at Mewata Park, the Canadians overcame all doubt that may have resulted from the draw score of their previous encounter when they defeated their opponents by the score of 7 to 0. The Canadians are a team composed almost wholly of Canadian players, and their defeat of the former British Rugby champions at their own game is a compliment to the adaptability of the Canadian boys.

### MEWATA PARK FIXTURES.

Saturday, May 31.  
North Field—2:00—Head Co. vs. Young Plow Co. 4:00—Canadian General Electric Co. vs. City Municipal. 6:30—Vics vs. Y. M. C. A.

### BODY OF LUTHER McCARTY ARRIVES AT OLD HOME

Piquette, Ohio, May 30.—The body of Luther McCarty, who met his death last Saturday in a prize fight with Arthur Kelly, Calgary, arrived here tonight, and was taken to the home of his father, A. B. McCarty, at the corner of 10th and Mrs. McCarty, widow of the fighter, Wm. McCarty, McCarty's manager, and Fred Seaman. The funeral will be held tomorrow afternoon.

### MEDICINE HAT WILL STICK TO LEAGUE THIS YEAR

President Gray Makes This Announcement Upon Return From Meeting

(By F. McPherson)  
Edmonton, May 29.—The dispatches regarding the W. C. T. U. Board of Control meeting at Medicine Hat last Monday were rather misleading, inasmuch as they stated another meeting would be held in two weeks' time for the purpose of finally settling the division of the gate receipts at the league games.  
President Frank M. Gray returned to the city yesterday, and stated everything was cleared up in a satisfactory manner, and that Medicine Hat would stick in the league. All the other clubs were opposed to any revision of the present game guarantee, and the Hatters, after thinking the matter over for several hours, finally decided to string along with the majority, so what threatened to become a crisis has been successfully averted. The Hatters, who have not been any too well fixed financially, will start a season ticket campaign, and hope to replenish their exchequer. The team will also be strengthened in several positions where it is weak at present.

Mr. Gray saw the new umpire, Ward, from Vancouver, work at Medicine Hat, and says none of the players will have any opportunity to carry on lengthy conversations with the umpire. Ward makes his decisions, and that is the last of it.

**Moran With Birds**  
Pat Moran, the new outfielder, who left Monday night to join the Braves, will cause some stir up here. It is likely Whisman will play first base, with Dudley on third, Moran, Skeels, and Poney will comprise the outfield. Red Redmond, who is at present in the city, is impatient to join his team, and may leave in a few days for Regina.

All the teams are getting down to the league limit, twelve players, and are hurrying in their contracts. Hurley has sent in thirteen contracts, and to keep all these men, will have to manage from the bench, which will not suit Bill, so it is likely he will cut another man loose.

The local club finds it hard to credit the report that Regina has secured Dutch Altman, the infielder from Spokane. President Cohn, of the Indians, promised the Gray Birds first claim on this utility man, and as Dutch was released on Friday last, he should report to Edmonton, if the terms offered are satisfactory to him. Morse was also being angied after, and is still in the Spokane lineup, and is being retained on account of his abilities as a pinch hitter.

**Altman or Borlecki**  
In event of Altman not showing, there is a chance that Nig Borlecki, who is still the property of the Ed-

### YOU CAN BE STRONG, ACTIVE, HEALTHY, HUSKY AND HAPPY

**Courses—Largely bounding vitality—strengthening of mind, body and nerves—the desire to accomplish all desirable things—these are the attributes that make men admired and sought.**  
I have in my possession a recipe, which, from my own experience, I believe to be the best and surest—setting, up-building, strengthening combination ever put together for the restoration of impaired vitality and the removal of vigor and health.  
If this self-applied home treatment will enable you to successfully treat your own ills and weaknesses, then I have shown you the secret of personal strength and how you can again be as powerful in your capacity as the biggest, huskiest, most successful and successful of your acquaintances.  
For this reason I believe it is my duty to tell every young or elderly person about this best and strength restoring recipe and send a copy free to every one who asks for it, whether or not he is a young, married or single, large or small and are leading a sedentary life. It is a recipe that makes men and women strong, and and capable. Just write to me this: A. E. Robinson, 3223 Luck Building, Detroit, Mich. I will send you a copy of this recipe absolutely free, postage paid, in a plain sealed wrapper.

monium club, will be ordered to report just as soon as his duties as physical director at an Oregon High school are completed. Nig is a mighty valuable man, as not only can he play an infield or outfield position, but is no slouch in the pitching box.  
The six league teams will have a nice little slice of change coming to them from the May 29th pool as there were good turnouts in Calgary and Edmonton, though Regina only played one game, owing to the threatening weather. Each club should draw down nearly \$500 for the day, which helps some. Saskatoon celebrated May 24 on Monday, which accounts for the record crowd of 2,500 at the Quaker-Gray Birds game.

### FINAL RESTING PLACE FOR PEOPLE'S SHIELD FOUND

Vancouver, May 30.—By defeating the aVancouver Thistles by one goal to nothing at Athletic Park this afternoon, Nanaimo Uniteds carried off the second game of the series for the People's shield, and that trophy will now temporarily at least, revert to the cup-bearer of the island club.

### SEVERAL DESIGNERS WILL BUILD YACHTS

Yankees Getting Busy Preparing to Defend Cup—History of Trophy

New York, May 30.—Several American designers are to be given an opportunity to produce the best and speediest yacht to defend the America's Cup against Sir Thomas Lipton's challenger next year, according to an announcement made today by prominent officials of the New York Yacht club. Herreshoff it was said, will have one and perhaps two boats, and William Gardner, who has been very successful with sailing craft under both the old and the new rules, is expected to have one. Henry J. Grew, who designed the Effort, winner of the first King's Cup race, is also talked of for another yacht.  
The America's Cup is of British origin. It arose out of a Royal Yacht Squadron contest for a trophy called the Queen's Cup for a race around the Isle of Wight. The United States schooner America won it in 1850, and in 1857 the owners transferred it to the New York Yacht club as an international trophy.  
In 1870 and 1871 the British yachts Cambria and Livonia were beaten for the trophy, and in 1875 and 1881 the Atlantic and Countess of Dufferin, Canada's contribution to the contest, were also trounced.  
In 1885, 1887, and 1888 Lord Dunraven tried with his Valkyries.  
Lord Dunraven charged his defeat by the Defender to the crowded state of the course, and a heated controversy ensued. The friction resulted in a cessation of British challenges until 1892, when Sir Thomas Lipton challenged with Shamrock, designed by William Pile, Jr., and she was beaten three straight races by Columbia, designed by Nat G. Herreshoff.  
Columbia won the first race by 11 minutes. When Shamrock lost her topmast in the second race, Columbia came home home. Columbia won the third race by 6:24.  
In 1901 Lipton sent over Shamrock II, designed by W. L. Watson, and she was beaten by Columbia, the first time

by 200 yards and the second by 6 minutes.  
In 1903 Shamrock III, designed by Watson, came over, and Ralliance, another Herreshoff boat, beat her three straight races, though she showed remarkable qualities in light air.  
Since then Sir Thomas Lipton has talked annually of challenges, but something has always interfered until the New York Yacht club finally accepted his defiance last week.

### FIVE TEAMS IN TRADES AND LABOR LEAGUE

Five teams will compose the Trades and Labor football league this season. The games are all to be played on Saturday afternoons of the season, two games being fixed for each week-end. The following is the schedule:  
May 31, 2:30 p.m.—Plasterers vs. Machinists.  
June 7, 2:30 p.m.—Plasterers vs. Plumbers.  
June 14, 2:30 p.m.—Carpenters vs. Plasterers.  
June 21, 2:30 p.m.—Machinists vs. Plumbers.  
June 28, 2:30 p.m.—Machinists vs. Plumbers.  
July 5, 2:30 p.m.—Plasterers vs. Plumbers.  
July 12, 2:30 p.m.—Plasterers vs. Plumbers.  
July 19, 2:30 p.m.—Plasterers vs. Plumbers.  
July 26, 2:30 p.m.—Carpenters vs. Plumbers.  
August 2, 2:30 p.m.—Machinists vs. Plumbers.  
August 9, 2:30 p.m.—Plasterers vs. Plumbers.  
August 16, 2:30 p.m.—Plasterers vs. Plumbers.  
August 23, 2:30 p.m.—Plasterers vs. Plumbers.  
August 30, 2:30 p.m.—Plasterers vs. Plumbers.

# THEATRES and Music

## NEXT WEEK'S ATTRACTIONS AT THE LOCAL THEATERS

**Sherman Grand**  
First three nights, with matinee Wednesday, first appearance in Calgary of the clever American actress, Bessie Bates, in a drama by A. E. W. Mason, "The Witness for the Defence."

Last three nights, with matinee Wednesday, Orpheum Vaudeville, offering a special variety program, including the famous American comedienne, assisted by Burt Green.

**Lyric**  
Two performances every evening, with matinee Wednesday, offering a new musical comedy, offering Max Bloom, in "The Sunny Side of Broadway."

**Empire**  
Every night, including two performances Saturday night, Matinee Wednesday, offering a vaudeville.

**Empire**  
The foremost character actor of the contemporary stage, in a play which has carried to a third year, made her first appearance in Calgary this week and the audience assembled at all four performances were more than sufficient to fill the Sherman Grand for one performance. And this in spite of the fact that the vaudeville actress was a Canadian who by reason of her unique personality in two original stage characters has won fame on two continents.

It can hardly be said that Rose Stahl was unknown in Calgary, while it is true that she was the first tour of the Western Canada her name was familiar to the majority of all theatregoers and, if this was not the case, there was no lack of publicity in connection with the engagement. Both through the efforts of the Grand and the daily press as well as the Hill boards, special notices were laid on the doors of the audience, but for some unknown reason the general public remained indifferent to the presence of the famous actress in the city. It so happens that this time the company was originally booked out from the Coast, over the Northern Pacific route, but with the expectation of better returns the route was changed to the Western Canada circuit and if the patronage accorded the company in Calgary is represented in the statistics of the theatre, the management will be greatly pleased with the result. This is the first attraction of the Henry B. Bates have sent through this theatre and it is unfortunate that the first venture was treated with indifference.

The delightful summer evenings probably set as an incentive to keep the doors open, but as a matter of fact, there are few cooler spots in Calgary on a warm evening than the Sherman Grand theatre. It is, perhaps, fortunate that we cannot have a capitalization of \$2,000,000 a firm of American promoters is attempting to establish in Toronto, 20 new picture theatres, having a seating capacity of from 600 to 1,000 each. Toronto now has 33 picture houses, most of which are located in the downtown districts. The new company's purpose is to build the residential districts and locate their buildings in spots free from competition. According to local statistics there is a million picture theatre for every 8,000 population. Wonder how this compares with Calgary?

**"THE CITY IN THE SEA"**  
A Promising New Work for Choral Societies  
A new work which has created unusual interest in choral circles, particularly across the border, is a symphonic poem for mixed chorus and baritone solo, entitled "The City in the Sea," by Mr. Arthur Shepherd. This composition received a special prize from the National Federation of Music Clubs and has thereby focused attention upon a musician who has several times received a similar distinction.

MISS IRENE FRANKLIN—Orpheum vaudeville headliner next week

cities are visited in the order named: Brandon, Moose Jaw, Saskatoon, Medicine Hat, Edmonton, Calgary, Vancouver, Victoria, Seattle, Portland, Spokane, North Yakima, Walla Walla, Dottie Helms, Great Falls, Denver, Lincoln and Omaha.

**Moving Picture Craze in Toronto**  
With a capitalization of \$2,000,000 a firm of American promoters is attempting to establish in Toronto, 20 new picture theatres, having a seating capacity of from 600 to 1,000 each. Toronto now has 33 picture houses, most of which are located in the downtown districts. The new company's purpose is to build the residential districts and locate their buildings in spots free from competition. According to local statistics there is a million picture theatre for every 8,000 population. Wonder how this compares with Calgary?

**Paderewski to Tour This Country Next Fall and Spring**  
Paderewski is coming to America in the fall for a season's tour under the direction of Charles A. Ellis of Boston. He will open his season the end of October in Carnegie hall, New York. Until the middle of January his concerts will be for the most part east of the Mississippi river and he will play in the neighborhood of four recitals each week, which is the maximum he admits. In January he will start for the west giving concerts up and down the Pacific coast and throughout the country going and coming. His season will end in the early part of April, 1914, and in the six months that he is in this country it is expected that he will play about 100 times.

## ORPHEUM BILL BEST EVER SHOWN IN CALGARY

The Orpheum bill this week can easily be termed two hours' ideal entertainment for summer weather. There are features to suit the most assiduous theatregoer—drama for the serious minded, musical comedy for those who prefer light entertainment and exquisite violin selections interpreted by a violinist of the first rank.

Lew Hoffman opens the bill and what he hasn't learned about the manipulation of hats isn't worth writing about. Cecile Beresford, an English comedienne, follows with some songs of refinement which made a popular appeal by the rhythmic accompaniment at the piano by the singer herself. Another musical act, full of wholesome fun and with songs of a style which set the feet going, is contributed by Walter De Leon and "Muggins" Davies. Mr. De Leon is a natural born mimic and the effectiveness of his songs are largely due to his talents in that direction.

A dramatic playlet with the rather outlandish title of "The Girl from Childre" is one of the new features of the bill and not only dispenses its title to that honor seldom has such finished acting been seen on a local vaudeville stage as is exhibited by Willard Mack and Marjory Ransburg. Both characters are of the order of hotel thieves in hourly terror of arrest and the peculiar emotion of the female thief is made stronger in its effect by the hardened attitude of the other. The unfortunate tendency of modern "crook plays" is worse again exemplified in the denouement of this sketch, and strange to say, the sympathies of the audience seemed to be with the crooks, apparently because of the graft tendencies of the representative of the law. The other headline act of the bill is in distinct contrast and furnishes a fitting close to the evening's entertainment. (and "The Nurses" is a bright, exuberant musical playlet in which Henry Bergman and Gladys Clarke, dainty bit of demerita, are featured, and, with the assistance of ten prettily gowned girls, they contribute a most enjoyable 20 minutes' entertainment. Anybody who has ever had any experience with hospital life, and there are few who have not, can appreciate the sparkling good humor of the piece and enjoy its many clever songs.)

An artistic touch is given to the bill in the finished performance of Professor Osa Giza, who has the distinction of being court violinist to the king of Spain. His several selections stamp him as an artistic, extraordinary ability, both in technical skill and in the soul he imparts to his interpretations. An act, clever as it is unusual, is given by Le Gros; they are acrobaticists of remarkable ability and their act is a most enjoyable one throughout.

The talking movies this week are better than ever and round off a most enjoyable evening's entertainment.

**Next Week's Orpheum Bill**  
One of the great stars of the American stage, Miss Irene Franklin, will headline next Thursday's bill at the Orpheum. Miss Franklin has been an acknowledged star both in vaudeville and in musical comedy. As a comedienne she is one of the great favorites, and she can be counted upon to please the audience with her list of songs that are packed full of human nature. She is assisted by Burt Green, who presides at the piano, and is something of an entertainer himself.

The Benedix Players are a dedicated act and can be counted upon to elevate the tone of any bill upon which they may be placed. It is also worthy of note that Theodore Benedix is a direct lineal descendant of Felix Mendelssohn on his mother's side. With him are Michael Bernstein, Jacques Slove and Arthur Bernstein. Their repertoire is almost unlimited in its range, varying from the progrome from "Pagliani" to such a playlet as "The Killarney, My Home O'er the Sea."

Fred Watson and Rena Santos have been vaudeville partners for a long time and all of that time have been near the top of the list as song and dance artists; the reason for this is not hard to find for they have been "Pigliani" to such a playlet as "The Killarney, My Home O'er the Sea."

Both Harry and Bessie Doyle are there with the chatter as well as the line of songs and dances and they certainly maintain a fast "gait" all the time that they are before the audience and, after all, that is what the public is looking for.

Bomering throwing is an art with the bomering itself but when similar stunts are accomplished with plain ordinary, garden variety of hats, at the time we stood up and took our hats to Moran and Victor, who accomplish a number of feats that appear to set up naught all laws of logic.

Classic Greek posing and acrobatics are admirably combined by the Curson Brothers, who Sweden, whose feat of strength place them in the Sandow class.

Then there will be another complete installment of the "talkies," which, with the Sherman Grand Orchestra, makes the bill.

**Queal and Kolehmainen Won**  
New York, May 29.—William Queal, of Alexandria Bay, N. Y., and Kolehmainen, of Helsinki, Finland, won the international professional tennis tournament here today. The winners' time was 13:00.00. Wood, of the United States, and Alfred Wood, of the United States, were runners-up and the crowd there.

**Edmonton Man Kills Himself**  
Edmonton, May 29.—Fred, a guest at the St. James hotel, was found dead in his room today. He ended his own life with a revolver. The cause of the tragedy is a mystery.

**Too Old at Forty?**  
Some years ago, and in some quarters at the present day, "Too Old at Forty" was regarded as an almost incontrovertible proposition. It is not so now. It is indeed recognized that there is work which can best be done by young men, but it is also recognized, and with even more emphasis, that much of the progress of the world is due to the ripeness and experience of mature years. Lord Alversstone declared before a royal commission, that the best work of judges is done between the ages of sixty-five and eighty. There is plenty of support for the statement and numerous examples of its truth. Life is no doubt lived at a faster pace than in days of yore, but the Psalmist, when he fixed as reasonable the age limit of three score years and ten, was reckoning without the more sanitary condition which now prevails. Man, when he reaches the age of forty, may look in vain for employment as a professional footballer, but fortunately when his muscles have lost their youthful elasticity, there are other occupations in which for many more years brain power, capacity and experience will earn a due proportion of daily bread.

**Free Victor Victrola Records**  
daily from 2 to 4 p.m. You are cordially invited to attend.  
**MASON & RISCH, LTD.**  
507 8th Ave. W.

**EDUCATION PAYS**  
Look about you and see how trained brains win better salaries than trained muscles. We train young men and women to train their brains in business. They succeed. Why not you? Write to F. G. Garbutt, principal, Garbutt Business College, 513 Eighth avenue west.

WOMAN IS CHARGED WITH TRYING TO BURN HER HOUSE

Evidence heard in High Court in Arson Charge Against Mrs. Annie Weintrob; Firemen Found Rag and Pillows Saturated With Gasoline

GOODS REMOVED FROM HOUSE BEFORE FIRE

Evidence by Valuator and Insurance Men Shows Discrepancy as to Value of Articles in House; Child Fond of Playing With Matches.

Mrs. Annie Weintrob was yesterday afternoon up for trial at the high court on a charge of arson. Part of the evidence for the prosecution was taken and one witness for the defence was heard. The case will be continued this morning. It is stated that Mrs. Weintrob set fire to her house at 555 Twelfth avenue west on April 24. The fire was put out before there were any bad results and the firemen scattered all about the house and the matches had not been found.

The first three witnesses were Chief Smart, Assistant Chief Carr and Captain Croker. They told of the alarm arriving at the fire station shortly after 10 o'clock on the evening in question. The captain was the first to get there and broke into the side door. He felt the small of gasoline first and then found five small fires. There were three in the basement, one on the staircase leading down and the other at the foot of the stairs. There were rags and feathers scattered all about the house and matches were found beneath the small blazes, which were soon extinguished. There was a mattress at one place a pillow soaked with gasoline and a couple of bags of coal about the floor. A bottle of gasoline, half empty, lay about twelve inches away from the blazes.

Stories Do Not Agree. The fire, investigations were made and as the stories told by the woman and her sister, also charged with arson. Witnesses from adjoining houses told of the blazes and the woman accused, on the afternoon in question. She passed from one house to another and had just time to be in her own house at the time that the fire was started.

Valuation Lower. J. G. Pratt, a valuator, said he had the day previous made an appraisal of the belongings in the house and found them worth \$420. Reginald Dene, insurance man, said an insurance policy had been taken out by the woman in November for \$1,000. She wanted \$1,000 more in March but after a visit to the house he allowed only \$400. On his visit after the fire he found the belongings in the house much the same as when he made the visit before he allowed the policy to go. The only article he found missing was a gown worth about \$250.

By Mischievous. Mrs. Butler, a neighbor of the accused, said she had seen some furniture taken away from the house about the end of March. She could not see who was helping at the removal, but the defence, said she knew the small boy of the accused as a mischievous boy and she had seen him play with matches and rags. Another witness stated that the boy was very clever and could talk his name. He is eight years old. The afternoon of the fire the boy had some matches with him. During the hearing of the case, the accused, who did not sit in the dock in front, was accompanied by a court clerk who played about the court. James Short, K.C. appeared for the defence and R. Forsyth for the defence.

Taber Will Celebrate. Taber, May 30.—Arrangements are being completed by the board of trade for the observance of Dominion Day. Special trains will probably be run from Calgary and Lethbridge.

SIR MAX SAYS HE IS A FAILURE IN PARLIAMENT

London, May 30.—Sir Max Aitkin, M.P., who will sail for Canada tomorrow, addressed the constituents of Ashton-Under-Lyne, Lancashire, last night. "I have been a failure as a member of Parliament—(Voices: Not at all.) I have had one illness after another and been quite unable to attend to my parliamentary duties. The nature of my illness is such that for months to come I cannot hope to sit in parliament. If my constituents think that they cannot wait for me I am ready to make way for another." (Cries of No.) Sir Max concluded his address with a sympathetic reference to his opponent, who is also harassed by constant illness.

HUSBAND KILLS WIFE.

Marshalltown, Iowa, May 30.—Finding his wife at a dance after warning her not to attend, James Quirk, aged 27, shot her through the heart here last night, instantly killing her. Then he turned the gun on himself. He may die.

CHINAMAN AND \$1,100 DISAPPEAR AT THE SAME TIME

But Chief Thompson of Okotoks Was on Job and Yee Wah You Will Face His Irate Partner Today; Entire Force of Okotoks Here to Get Him.

AIR BLUE WITH STRANGE INVOCATIONS OF THE JESS.

Charged with Having Taken the Money From His Cousin and Partner; Sergeant Richardson Locates Runaway on Canadian Pacific Train.

Strange Oriental catches rent the air at Central police station last night when Yee Wah You was lined up before the cell register book and forced to give his name, age and pedigree to the constable in charge.

Yee Wah You's cousin and former business partner, Quong Man Wing, kept at a respectful distance outside, envying his cousin his flow of profanity and fearing the wrath invoked from the High Chief Jess.

For this morning Yee Wah You will be placed in the prisoner's box and made to answer Quong Man Wing's allegation that he, Yee Wah You, did fraudulently go south with the sum of \$1,100 which belonged jointly to the pair.

One of the heroic figures in the case will be Chief Constable Thompson of Okotoks, who, single handed, yanked Yee Wah You from a C. P. R. train and held him in the nightmarish proof jail of Okotoks until Sergeant Richardson and Detective Yates arrived from Calgary in an automobile to take the prisoner back to this city. What Okotoks will do in the absence of his entire police force is a mystery, but Chief Thompson will be on hand to aid in sending Yee Wah You to the bars.

H. C. McMULLEN WILL BE APPOINTED TO IMPORTANT POST

Live Stock Agent of Canadian Pacific in Calgary Said to be Prospective Superintendent of Huge Union Stock Yards Being Erected in Winnipeg.

MOST IMPORTANT PLACE OF ITS KIND IN CANADA

Mr. McMullen has been in Calgary for over ten years and has been popular with all stockmen of the West who will be sorry to see him go.

H. C. McMullen, live stock agent of the Canadian Pacific railway in Calgary will, according to well-founded reports, at an early date become superintendent of the huge Union Stock Yards which are nearing completion just outside Winnipeg at St. Boniface. Mr. McMullen when interviewed last evening stated that there was nothing settled on the matter and said that for the present he had nothing to say. It appears that the official announcement will be made within a few days and Mr. McMullen, one of the oldest servants of the city of Calgary, will be promoted to a position of larger usefulness.

Mr. McMullen has filled the position of live stock agent for the Canadian Pacific railway here for the last 14 years or so, and he is well known in the city as well as to a larger circle of friends through Alberta and the whole west. He has done as much as any here for the development of the live stock industry, and with Calgary one of the largest centres on the continent for this industry, he has filled a most important position. Mr. McMullen has always commanded respect in Calgary and among the live stock men of the west he has been a particular favorite. Last year when the big stampede occurred, he was one of the most energetic in making the big show a success. This was but a part of his endless enthusiasm for such a cause.

New Winnipeg Yards. The new Union Stock Yards of Winnipeg are situated on the east side of the Red River in the southeast of St. Boniface. They will be completed this summer and are being run by a general company known as Public Markets Limited, on the board of which are representatives of all the three railways, the Grand Trunk Pacific, Canadian Pacific and Canadian Northern.

The stock yards cover a very large area and will be among the largest of their kind in the world. Tracks will be run in from the three main lines and there will be huge abattoirs which are being erected with assistance from the provincial government, while a number of packing houses from the east and from the States are expected to erect plants in the vicinity.

LONDON PAPERS COMMENT ON CANADIAN NAVAL BILL

London, May 30.—Tonight's papers have little to say about the reception of the naval bill. The Evening Standard and The Globe, Unionist newspapers, are agreed that a constitutional crisis now exists in Canada and The Mail Gazette, also Unionist, along with The Globe, declares that now the extra ships necessary cannot come from Canada, it is up to Rt. Hon. Winston Spencer Churchill to provide them all.

MURDERED FOR HIS MONEY IS OPINION OF POLICE

Edmonton, May 30.—R. M. Hymorechuck, a young man who was found dead beside the O. F. R. tracks in Edson, last Tuesday, was murdered. Of this the police are certain. They are working now on the case.

When he was last seen Hymorechuck had considerable money with him, but when his body was found his pockets were empty. It is believed he was held up, robbed and then killed. The body was found lying on the ones of the tracks near the rails with the left leg protruding. The leg was lying between the rails. The right leg was broken and nearly cut off.

KINGSTON RIDING SCHOOL BURNS; PRIVATE IS HURT

Kingston, Ont., May 30.—Early this morning fire started in the stables of the riding school at the Royal Military College. A large quantity of hay was destroyed and part of the roof was burned.

Cadets rescued the horses and poured water on the building until the flames arrived. Private Frederic Gombie, Royal Canadian Dragoons, fell through a floor of the loft and was seriously hurt.

John Emphy, the new district deputy master of the provincial grand lodge, returned to Calgary from Banff yesterday.

Calgary Furniture Store Ltd. 18 YEARS WITH THE SAME POLICY "SATISFACTION AT ANY COST" Give That Baby a Carriage TODAY. That baby of yours deserves a good carriage or go-cart to ride in. SCOTTISH HOME RULE BILL READ SECOND TIME IN COMMONS

Next Step in Scheme of Devolution Following the Impending Granting of Home Rule to Ireland Pressed Into Public Notice

COMMISSIONER WITH EXECUTIVE POWERS

Privy Council Will Act in Advisory Capacity; Same Control Given As Ireland With Addition of Old Age Pensions and State Insurance

London, May 30.—The Scottish Home Rule bill passed its second reading in the house today, and was then referred to committee. It follows somewhat the lines of the Irish Home Rule bill and was introduced by Wm. Henry Cowan, the member from East Aberdeenshire.

Now that Ireland is in a fair way to receive self government, the unofficial Scottish Liberal members have taken up more seriously the question of securing home rule for their country. A committee of these members of the house drafted a bill, which was read a second time today.

More Devolution. As described by Mr. Cowan, the bill represents a further extension of the policy of devolution initiated by the government in Ireland. It provides therein, differing from the Irish bill, for the establishment in Scotland of a single chamber of parliament, and returns to the imperial parliament, and consisting of 140 members representing the existing constituencies and returned by parliamentary electors, with the addition of powers.

The representation of Scotland in the House of Commons will continue as at present until such provision has been made for devolution in England and Wales. When the representation of the component parts of Great Britain in the parliament of the United Kingdom is to be reconsidered and readjusted.

Additional Powers Given. The powers to be conferred on the Scottish parliament include all those conferred on the Irish parliament, but with the addition of the administration of old age pensions, national insurance, and labor exchange.

The executive, however, it is proposed, shall continue vested in the King, who is to be represented in Scotland by a Lord High Commissioner, advised by the members of a Privy Council.

The power of varying taxes, except customs and excise, is by the bill to be conferred upon the Scottish parliament, which is in addition to have the exclusive power of levying the existing taxes on hereditary property in Scotland. Provision is made for the payment by the imperial exchequer to the Scottish exchequer out of the proceeds of Scottish taxes of a sum toward defraying the cost of Scottish services. A joint exchequer board is established to determine all questions arising under the financial provisions.

The judicial committee of the privy council is by the bill substituted for the House of Lords as the final court of appeal and all constitutional questions are to be determined by that tribunal.

Substitution is attended by so many safeguards, that, to be safe, you must insist upon getting what you know is good. This applies as strongly to the sale of any medicine as to anything else. Ask for "SALADA" and accept no other.

The Bullery Exchange is proposing a trip to Banff and arrangements are being made for the excursion, the date of which will be announced later.

PURE BLOOD MAKES HEALTH

Disorders of the Blood are Cured by Dr. Williams' Pink Pills for Pale People. If people would realize the importance of keeping the blood rich and pure there would be less disease. The blood is the medium through which the nutrients of the food reach the different parts of the body. If the blood is impure the nourishment that reaches the nerves, bone and muscle is tainted with poison and disease follows. The blood also is the medium through which the fight off disease. If the blood is thin and watery this power of resistance to disease is weakened.

SISTER TO PRETENDER TO MONTEGRIN THRONE ASKS RELIEF FROM A DEBT FOR OFFICE RENT

MRS. M. B. DODD GOPEVIC AND MILOS M. GOPEVIC.

Mrs. M. B. Dodd Gopevic, housewife, of Lakeport, Cal., has filed a petition in bankruptcy in the United States District Court, alleging that her liabilities are \$5,100 and her assets nothing. She asserts that the indebtedness was contracted with W. J. Barrett, who is suing Mrs. Gopevic for this sum in the State courts.

The petition in bankruptcy does not state that M. B. Dodd Gopevic is the wife of the famous Milos M. Gopevic, the street car gripman who married the Pacific coast. Her father, a Kretschmer, with a civil war record, lived in Los Angeles, but the young woman lived in San Francisco.

Goepic inherited from his first wife an estate valued at \$100,000. In 1915 M. Gopevic and his wife lived in the same place there is called Kopyak.

B. C. LIBERALS OUT FOR KEEPER OF IMMORAL JAPANESE EXCLUSION HOUSE GETS VERY STIFF SENTENCE

Favor Government Ownership of Telephones and Local Control of Liquor Traffic of the Province. Revelstoke, May 30.—As the unanimous choice of the convention of B. C. Liberals, H. C. Brewster of Victoria was selected leader of the party for the provincial election.

Revelstoke, B.C., May 30.—The Liberal convention here today spent the morning in discussing resolutions applicable to the platform of the party, and the afternoon the question of whether or not a leader should be appointed by the convention.

The unanimously adopted platform which was delegated to the executive, which it emerges it will express the definite promise of the Liberal party to exclude Japanese, a promise for government ownership of telephones, for single tax, for a real compensation act, for local control of liquor traffic, and for a homebased law.

Upon the question of leadership the convention divided. Evidently quite a number of delegates would like to ask Wm. W. McManis to step down from the bench and assume the leadership, and to leave the opportunity for promotion to the man who has been the most prominent in the party during the past year.

The amendments were approved and the bill read a third time. The senate adjourned until Monday afternoon.

CITY PLANNER MAWSON COMPLAINS OF LACK OF CO-OPERATION

(Continued from Page One.) bers of the commission to interest their friends, as far as possible. The members of the commission with endeavor to see that Mr. Mawson is informed of the progress of the work, and the information which he desires. The chairman says, can be obtained without any difficulty. Plans required: immediately for the plans committee will probably place their data at his disposal on request, and copies of the various acts and by-laws will be secured by the secretary.

TOO LATE TO CLASSIFY.

WANTED—Two plumbers for repair work. For any one who will do the work, I have had \$10 per month and board. Free postage. Apply O.K. 15, 15 Centre St. H4-154.

TO STUDY EUROPEAN METHOD OF FARM FINANCE

North American Commission to Travel Through Europe to Study Problems of Rural Life and Rural Credit. Plan Originated in the South.

ALBERTA REPRESENTED ON THE COMMISSION

Commission has Been Traveling Through Italy, Now in Session in Venice; Will Compare Systems of Continental Europe with Britain.

GIBLARTAR, May 3.—Nothing could demonstrate more completely the change of public opinion in the United States than the fact that a commission now traveling through Europe to study the rural life and rural credit of that continent has originated in the South. The idea originated with the Southern Committee on the Rural Life and Rural Credit, an aggressive body of confederated chambers of commerce, whose objects are to promote the interests of the southern people. The cotton crop of the southern states is valued at over a billion dollars per year in value, counting lint and seed, and is the largest article of export to the United States.

The situation is, however, that while this enormous production contributes largely to the wealth of the country, great employment and a living to millions of people, it is not profitable to the farmer. The small southern grower is not interested in finance, and manufacture, the small southern grower is not interested in finance, and manufacture, the small southern grower is not interested in finance, and manufacture.

Mrs. E. G. Logan Convicted of Grave Charge Before Magistrate Sanders

Mrs. E. G. Logan, proprietress of the Logan Inn on First street east, was yesterday morning the recipient of a heavy sentence for running a bawdy house under the guise of a private boarding house.

The president and congress took action and appointed a delegation called the committee on the Rural Life and Rural Credit of the United States.

The last session of the legislature of the province of Saskatchewan voted ten thousand dollars for the investigation of rural credit and grain marketing in Europe, and appointed a royal commission for the purpose, consisting of H. Haslam of Regina, who is chairman of the commission; Chas. A. Dunsmuir, manager of the Saskatchewan Agricultural College, and O. Langley of Saskatchewan.

The amendments were approved and the bill read a third time. The senate adjourned until Monday afternoon.

SENATE CONSIDERATION OF BANK ACT IS COMPLETED

Ottawa, May 30.—The senate today completed the consideration of the Bank act. A number of amendments proposed by the Department of Finance were adopted. The amendments were approved and the bill read a third time. The senate adjourned until Monday afternoon.

"LIKE MAGIC"

When a man has suffered from dyspepsia so many years that he can't remember when he had a natural appetite and then hits on a way out of trouble he may be accused for saying "it acts like magic."

When it is a simple, wholesome food instead of any one of a large number of so-called remedies in the form of drugs, he is more than ever likely to feel as though a sort of miracle has been performed.

COLONIALS FALL VICTIMS TO "JEREMY DODDLER"

"Confidence Trick" Artists Reap Harvest from Trippers to Effete Europe

London, May 30.—Within the last few days three visitors from the overseas dominions have been the victims of "the confidence trick" in the west end of London, and during the last month the authorities of Scotland Yard have received notification of a large influx of foreign criminals.

The Canadian delegation is intensely amused and hopes to find means of escape from arrest; but the right of asylum for political refugees carries with it an obligation to refrain from making the territory of the country providing hospitality the centre of an agitation directed against a friendly government.

A safe medicine for the baby. Baby's Own Tablets are a safe medicine for little ones. In fact they are guaranteed by a government analyst to be absolutely free from opiates or any other harmful to the lives of little ones.

The confidence trick was played and the South African party with his 12,000. When inquiries were started most amusing story the beginning.

Why? exclaimed one of them, "your head of hair is like a stack of hay." "Well," returned Pat, "that's what I thought when I saw so many men standing round it."

The Suspicious Coal Man

"YOU'RE not buying as much coal this winter," said the coal man frowning darkly at Mr. McBride. "So you noticed that, did you?" remarked McBride with a smile of great delight.

"Buying somewhere else?" questioned the suspicious coal man. "No, just threw out the old 'Warhorse' that I had in my cellar and put in a McClary's Sunshine Furnace. And I'm buying one-third less coal."

"You see, McClary's Sunshine Furnace has many features for cutting coal bills that no ordinary furnace has. For one thing it has four radiating surfaces that gather up the heat and distribute it through the house. The gas chamber is built to get all the heat out of the gases which would otherwise escape up the chimney. And its four triangular grate bars release ashes without wasting fuel. And its straight fire-pot—"

"Geel Mr. McBride," interrupted the coalman, "You talk like a McClary salesman."

"Well, you see," said the enthusiastic McBride, "I went into the furnace question mightily thoroughly before I decided on the Sunshine, and I know what I am talking about."

"Well, Mr. McBride, I must say that the Sunshine is a bad furnace for the coal man's business. But I wouldn't mind saving some coal myself, now that the cost of living has gone up so high."

"Better see the McClary agent," was McBride's parting suggestion.

HOOD'S SARSAPARILLA

Eradicates scrofula and all other humors, cures all their effects, makes the blood rich and abundant, strengthens all the vital organs. Take it. There is no "just-as-good" medicine. Insist on having Hood's.

According to a report made by Chancellor University, the plan of the University of Alberta, in the case of the University of Alberta, in the case of the University of Alberta, in the case of the University of Alberta.

Showing that the victim had been tracked from his home through the world by the two swindlers. Only last week Mr. Sims Farmer, a New Zealand mining engineer, was the victim of a confidence trick by which he lost \$2,500.

The Markets

AMERICAN MARKETS ARE CLOSED; WINNIPEG DULL

Little Doing, Either in Cash Wheat, Exports or Options; Close is Higher

Winnipeg, May 30.—American markets were closed, consequently trading on the local market today, was extremely dull.

Winnipeg options opened unchanged to a lower and closed to a higher level. The demand for cash wheat was dull.

Cash prices closed unchanged to a higher level. The near approach of the close of the month has revealed the fact that the wheat market is not as strong as anticipated.

Grain inspection. Spring wheat: No. 1 Hard, 1.10; No. 2 Hard, 1.05; No. 1 Northern, 1.15; No. 2 Northern, 1.10; No. 1 Southern, 1.10; No. 2 Southern, 1.05; No. 1 Western, 1.10; No. 2 Western, 1.05.

**FORT FRASER**

has outlived its first struggle for existence. Today Fort Fraser is a trade centre, with substantial business houses. Today Fort Fraser is the seat of government jurisdiction for the Fort Fraser district and the Nechaco Valley, of which Fort Fraser is the centre, is known to have the largest and most productive area of agricultural land in the entire province. For these reasons and many others, an investment in Fort Fraser at the present low prices can not be otherwise than profitable.

**MAN IS KILLED WHEN FIVE FREIGHT CARS LEAVE TRACKS**

Man Was Sitting in His Car of Effects, All of Which Escaped in Train Wreck

Strome, Alta., May 30.—J. E. Thompson, a young man from the Bowden district, was instantly killed yesterday afternoon when the eastbound freight train left the tracks on a curve two miles west of here. The accident took place about 4 o'clock. None of the other people on the train was injured at all, and Thompson alone was the victim. The train was running about 20 miles an hour round the curve, and a side wheel jumped the track and struck the freight car, which was then thrown out of the tracks and struck the ground. The freight car was then crushed and the man sitting in it was killed. The train was carrying a large amount of freight, and the wreck was a serious one. The cause of the accident is not yet known.

**MADNESS LURKS IN THE TELEPHONE**

Freaks and Vagaries of Phone Girls Drive Business Men Insane

Berlin, May 30.—Remarkable evidence of the effect of the telephone on the minds of subscribers was given yesterday in the trial of Dr. Paechter, who is charged with the insanity of a number of his patients. The doctor's evidence was that the telephone is a powerful agent in driving men insane. He said that he had treated a number of men who had become completely insane through telephone conversation. Dr. Paechter asserted that he could bring evidence that the government permitted by the inspector to utilize the telephone for the reception of their dances. One amusement of all the subscribers with the same name and then connect all together, ring them all up and laugh loudly at the result.

**CALGARY CENTRAL GOT SECOND PLACE FOR MUSICAL TROPHY**

All Saints Again Won Sifont Cup for Best Choir at Edmonton Musical Festival

Calgary Central church choir made a very fine showing at the annual festival held in Edmonton yesterday and came second in the choir competition for the Sifont trophy, being beaten by the All Saints choir by only four points. The winners secured the trophy last year and repeated their victory once more with Vernon Barford as conductor. They secured 96 points while the Calgary Central church, under W. V. Owen, came second with 88 points. The McPherson Methodist, Edmonton, had 82 points, and the First Presbyterian, Edmonton, 80.

The festival was a success in every way and was well attended by the public which is now showing an increasing interest in the musical gathering which is now an annual event.

**RAILWAY COMMISSION TO HOLD SPECIAL HAT SESSION**

For the Purpose of Adjusting Difference in Cost of Railroad Crossings

Medicine Hat, Alta., May 29.—Next Monday the railway commissioners will hold a special session in Medicine Hat, for the purpose of adjusting the question of division of cost for constructing two subways at C.P.R. crossings in this city.

At present there is but one crossing of the railway in the main business part of the city, at Main street near the station. At this point the traffic is so congested that, notwithstanding the regulation gates, it is dangerous, and also frequently blocks traffic. It is proposed to put in two subways, one at the Toronto street crossing and the other at the Esplanade crossing. City Engineer A. K. Grimmer has had a model made of the Toronto subway, which is on exhibition at the city hall.

In addition to the city and railway being represented by legal advisers at the hearing next Monday, the Montreal office of the C.P.R. will also have representatives present. That company is now making active preparations for the proposed construction of street railway subways and is vitally interested in the subway plan, as it must bear its own share of the cost of any subway which it may use.

Mr. G. H. Miles, general manager, and C. E. Miles, chief engineer, are now on the ground for the Montreal Engineering surveying and assembling material for the beginning of work on the subway line. A number of material contracts have already been let and offices have been rented in the new business theatre building. Active physical work is to be started at once.

**LETHBRIDGE WOOL CLIP READY FOR SHIPMENT**

Lethbridge, May 29.—This year's crop of wool, which will be ready to ship in about six weeks will be clipped by the Lethbridge-Woolburn line from a point 25 miles southeast of Strathmore. The request of the wool growers has been complied with by the C.P.R. according to information received from the Wool Growers' association this morning.

The use of the new locomotive on the Western line will enable the clip to be taken to the shewmen. Their sheding cars will be kept right at the terminals, loading platform, thus saving on haulage charges. Shearing will commence on Monday.
