The Toronto World.

Label every morning at five o'clock at No. 1 King street east. Extra editions are published whenever there is news of sufficient moment to warrant it.

The Toronto World.

Really the Mail should have sent a man with the marquis. The Globe will get all the glory, and by the Mail's slip it has already indulged in a column full of glucose.

The Toronto World.

Franklin's fall is great. The New York Sun rejoices in it for three reasons: He was an enemy of the press; he was one of the inventors of the electoral commission; he was the leader of the third term idea and the Conscription that involves.

The Toronto World.

The Duke of Sutherland says that the funniest thing he says in this country was the American for spang an English cockney. The Duke evidently didn't get his eye on any Canadian young man trying to look like a stylish American.

The Toronto World.

The Minister of the editor of the Globe as it often does others, and a correspondent is of with the margin to the Northwest. We must give the Globe credit for the correspondent it sends to write up the trip.

The Toronto World.

The details for the United States immigration statistics for the year ending July 31 shows that during that period the list landed being no longer first, nor even second, but third. Of the total of 626,000 there were 209,500 from Germany, 118,624 from Canada, 72,338 from Ireland, 65,977 from England and Wales, and 55,000 from Scandinavia.

The Toronto World.

The bulk of the wheat crop in western Ontario has been cut, and with favorable weather it will be safely housed by the end of this week. A large acreage has been under the average per acre the gross product will probably exceed that of any previous year. The European harvest also promises to be good, so that the price may be expected to rule low; but even should it not exceed a dollar per bushel the receipts must be far to put the trade of the country on a solid basis.

The Toronto World.

We have built the Intercolonial and are now building the Pacific railway, at great cost to the country, for the alleged purpose of having a national road through our own territory. Are we then to allow our telegraph wires to pass out of the hands of Canadians into the control of foreigners? In case of war—rather an improbable event—the government could take over the wires, but there are instances in which the government would not feel justified in so acting, yet nevertheless it would not feel secure in entrusting its business to "the buccannery of Wall Street."

The Toronto World.

The Governor-General finds an advertisement in the London Free Press for his partiality to foreign newspaper men. That journal says his colonial has an opinion that he intends to pay for his own pleasure, and that the English and Scotch journalists who have gone with him are his private guests. And it asks, "Why is there to be low about? Should we not have leave to select his own countrymen? Will the Free Press say where or when his colonial made this announcement? The Montreal Gazette—"

LETTER ON DOG STEALING.

Mr. Fenton in the local news column of your Journal of Saturday I notice a paragraph wherein it appears that one J. A. Perry is charged at the police court with having stolen a dog, and that the man is acquitted, whilst the other man is remanded for further evidence on the charge of receiving stolen property.

ABOUT GLOUCESTER.

It is certainly the duty of the press to "turn on the light" with regard to the manufacture and uses of glucose. As we have before said, the article as now produced on the large scale may be wholesome enough, or it may be like a chip in the partridge—neither good nor harm. Even were it proved, however, to be harmless, the public are still concerned with the question whether they will consume it.

THE MAIL AS AN ORGAN.

The Mail, as a party organ, is unequalled in its persistent attacks upon the leaders of the reform party, and in its full and unflinching exposure of the misdeeds, or more properly speaking misrepresentations, of those who are its opponents.

THE SECRET SOCIETIES.

There are some secret societies with which we have no sympathy—such, for instance, as are semi-political in their character. But there are others that deserve our sympathy, and we are glad to see them promote the sentiment of brotherhood among men, to help the distressed, to relieve the wants of widows and orphans, or that of the aged and infirm.

A SAD SPECTACLE.

The Globe must be in hard straits when it allows itself to be engaged in furthering the habit of the Atlantic in furthering the habit of the Atlantic in furthering the habit of the Atlantic.

FOR MALES AND MARRONS.

Yet is more fashionable than ever. Hanging pockets are in high favor. All red patterns grow in popular favor. Embroidered collars are again worn.

REST AND COMFORT TO THE SUFFERING.

Brown's Household Remedy is equal for relieving pain, both internal and external. It cures Pain in the Side, Back, Stomach, Sore Throat, Rheumatism, Toothache, Lumbago, and any kind of pain or ache.

AGENTS.

The summer season now reaches its climax, and in proportion to the heat of the weather, the prevalence of cholera, dysentery, and other ailments, is increasing.

MOTHERS' MOTHERS.

Are you disturbed at night and broken in your sleep by the sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSTON'S SWEETENED SYRUP.
