BRIDGETOWN, Annapolis County, N. S.

WEDNESDAY, Jan. 24th, 1923.

Terms:—\$2.00 Per Year In Advance.

SINGLE COPIES FIVE CENTS

CIVIC SITUATION STILL VERY QUIET

No Developments Yet in Connection With Representatives For The Year

NOMINATION DAY NEXT TUESDAY

Attitude of Mayor And Retiring Councilors Not Yet Stated.

The matter of Town Elections now scarcely two weeks away has so far caused no appearance of a ripple on the tides and just at the moment there seems little information of a real definite character which can be offered on the situation.

The retiring Councilors are Messrs. C. B. Longmire, H. Hicks and C. Bent. All are good men and from what we can learn there appears to be a general desire that they offer themselves for re-election. The same holds good in the case of Mr. W. A. Warren, who has, with general acceptance, held the position of Mayor for the past six years.

Perhaps one of the best indications that the town has been well represented is the fact that any prospect of an approaching election does not appear to create the stir usually aroused when actions of civic rulers are discussed with adverse criticism. Every town wants and needs the best men to rule its destinies, but in the larger town especially it becomes more and more difficult to find the men who are fitted and willing to sacrifice time and interests for the common good and at the same time be the butt of destructed criticism which tears to pieces everything done and offers no suggestions of a constructive nature.

We believe that Bridgetown as a whole has been wisely and prudently governed and is free from deplorable conditions met with in many centres from reasons mentioned above.

FIRST MATCHES IN HIGH SCHOOL HOCKEY

Grade X Defeats Grade IX, Grade XII Defeats Grade XI.

The Bridgetown High School has formed a Hockey League all of its own, a team representing each of the Grades IX, X, XI and XII.

The following schedule was drawn up:—

Grade IX vs. Grade X	Jan. 20th
" XI " " XII "	" "
" IX " " XI "	27th
" X " " XII "	3rd
" IX " " XI "	10th
" X " " XII "	17th

The first matches took place on Saturday. Grade X winning from Grade X, score 9 to 5. Grade XII defeated Grade XI 4 to 2.

NICTAUX

Mr. and Mrs. Harold Gates entertained the members of the choir very pleasantly at their home one evening recently. Mrs. Gates has filled very acceptably the position of organist and we are sorry to lose them from our midst, when they go to Middleton to reside in the near future.

Winter has run riot thus far. Lumbering and logging operations are at a stand still. S. S. Stevens and C. S. Rogers' men have left the woods as a result of the unusually heavy snow fall.

Those on the sick list are C. Wilkins (who is seriously ill), Mrs. Arthur Beckwith and Mrs. W. Ruggles.

Mrs. H. J. Munro returned from Clarence Saturday where she had been visiting her mother and sisters.

Mr. G. D. Chute, of Berwick, was a guest of Mr. and Mrs. Harry Morse while attending the Fruit Growers' Association.

Mrs. Harry Morse recently visited in Round Hill at the home of Mr. Fred Spurr, returning, she was accompanied by little Miss Thelma, who will remain with her aunt for an indefinite period.

Mr. and Mrs. L. R. Gates are in Halifax for a few days visit.

Mr. and Mrs. Willis Rice, of Bear River, recently called on their friends in this place.

A GREATER DEVELOPMENT OF TOURIST TRAFFIC FOR NOVA SCOTIA

The Dominion Atlantic Railway are preparing for distribution in the United States a book showing hotels and private homes in country towns and on farms where board and lodging can be obtained during the Summer of 1923 by thousands of Summer visitors.

Nova Scotia can have a Summer tourist traffic which will yield millions of dollars income, not only to proprietors of hotels but to many private homes, for a large number of people are seeking quiet and comfort in small towns, country side and fishing and hunting regions.

Send your name and address to the undersigned who will supply the necessary forms for registration.

R. U. PARKER, Gen. Agent
Dominion Atlantic Railway,
12 Milk Street, Boston, Mass.

RESEARCH WORK BY PARADISE BOY

Albert E. Longley, an Acadia Graduate on Origin of Species—Other Notes.

Professor H. G. Perry, of Acadia University, Wolfville, N. S., recently attended the 7th meeting of the American Association for the Advancement of Science, and has good things to say of the men from Nova Scotia who were present and gave papers. He is especially enthusiastic about the work of Albert E. Longley, formerly of Paradise, Nova Scotia, a graduate of Acadia University in the class of 1920. Mr. Longley, who will soon complete his course for a Ph. D. in Harvard University, presented two papers before the Association, "Species in the Genus Rubus and Crataegus" and "Experimental Investigations on Plants".

Another son of Paradise who has gone forth and made good, is Mr. William H. Longley, son of Mr. I. M. Longley. He also was one of the speakers at the 7th meeting of the American Association for the Advancement of Science.

Dr. Frank E. Freeman, of Philadelphia, and brother, Mr. Fred Freeman, of New Jersey, left Paradise on Friday's boat after spending a week at home with their parents, Mr. and Mrs. David Freeman.

Mr. David Freeman has been very ill, but is now slowly improving.

Miss Gladys Colpitt, of New Brunswick, is the guest for a few weeks of Mr. and Mrs. Byron Chesley.

Mr. and Mrs. W. H. Robinson left Paradise Jan. 15th to spend a couple of months in Digby.

The Messrs Spruie were the guests on Thursday afternoon and evening of Miss Irma Campbell and Miss Rita Marshall.

Miss Rita Marshall spent the weekend at the home of Mr. and Mrs. Will Messenger. Miss Irma Campbell also visited for the week-end at the home of Mr. and Mrs. B. W. Saunders.

There passed away on the 15th inst. at the home of her son, D. M. Charlton, North Williamston, Mrs. Simpson Charlton, at an advanced age. Interment at Nictaux cemetery. Mrs. Arthur Wheelock, of Clarence, is a daughter of deceased.

Mr. Wylie Parker, of Wolford, Kings Co. has come down to see his sister, Mrs. Whitman Ruggles, who is ill.

Horace Rogers, who has been on a two weeks' visit to Boston, returned home the 18th inst.

DIGBY VS. BRIDGETOWN ON THURSDAY NIGHT

Digby hockey team is scheduled to play here on Thursday night in their last league game in Bridgetown for the season, unless something unexpected happens in team standing. Everybody come and see the local boys put on their best stride to win the home game.

Twenty-six Chinamen, most of whom were formerly resident in the U. S., and were returning from visits to their homeland, were among the passengers on the steamer Prince Arthur leaving Yarmouth Tuesday.

CARNIVAL FOR THE CHILDREN

Large Number Enjoyed Themselves in First Occasion of Kind For the Years

LIST OF PRIZE WINNERS.

Four Prizes In All Were Given And There Were Close Contests Among The Boys And Girls For Leading Places.

The Children's Carnival held in our grand new rink on Friday afternoon last was indeed a great success. While it is true that the afternoon is not as convenient for our good people to turn out to see the little ones, it should be borne in mind that they could not very well expect juveniles to perform until a late hour at night and we feel that a larger attendance could reasonably have been expected. Those who were fortunate enough to have been there were well rewarded for the little tots made a show of quite equal to, if not surpassing, the adult carnival held a few weeks ago.

Barbara Longmire as "A Rose" was indeed charming and all acclaimed her the best of her sex while Irene Kinney was a close second as "Little Bo-Peep". Lawrence Durling as "Santa Claus" was, as usual, very popular among the kiddies and won first prize for boys while Lawrence Hicks dressed cunningly as a little girl, took the second prize for boys. Little Douglas Arnold, who was the youngest child on the ice, as "A Page" was easily the best dressed for detail and representation but owing to his age was unable to compete with his older companions in skating. The judgment having been based on skating as well as on costume. This method of judging is perhaps a little open to question according to a number of the spectators as no mention was made in any advertising matter that it was to be a competition for skating but rather for costumes, and such a system only tends to eliminate the little tots who are quite able to compete in costume but not in skating, with the older children.

The judges were:—Mrs. B. N. Messinger, Mrs. G. Salter, Mrs. Eva Troop.

Prizes were awarded as follows:— Girls—1st: Barbara Longmire, "A Rose"; 2nd: Irene Kinney, "Bo-Peep". Boys—1st: Laurence Durling, "Santa Claus"; 2nd: Laurence Hicks, "Blue Bell".

Following is a list of skaters who registered:— Charles Connell, "Tom Sawyer"; Douglas Patterson, "Huck Finn"; Olive Murtha, "Kewpie Doll"; Harry Bath, "Robinson Crusoe"; Laurence Jones, "Snow Man"; Mary Marshall, "Antonia"; Tom; Laurence Bishop, "Sailor"; Evelyn Burns, "Sailor Girl"; Burk Thibe, "Cow Boy"; Clive Hicks and John Orlando, "Two Little Boys in Blue"; Vola Kenny, "Sun Bonnet Baby"; Howard Durling, "Charles Ray"; Florence Marshall, "Flower Girl"; Charles and Howard Pratt, "God Night"; Don McLean, "Pipesman Parance"; Hector McLean, "Fishesman"; Ronald Brooks, "Fairy"; Francis Anthony, "One Little Girl in Blue"; Jean Donaghy, "Safety First"; Helen Ramey, "Rainbow"; Roy Chute, "Whistle"; Reggie Burns, "Little Boy Blue"; Cecil Sabens, "A Tramp"; Don Maxwell, "Hawaiah From the Land of the Ohlweys"; Melba Chute, "Little Red Riding Hood"; Beatrice Chute, "Winter"; Charles Anderson, "Soldier Boy"; Annie Brenton, "Little Red Riding Hood"; Alice Beckwith, "Queen of Hants"; Stanley Magee, "A Clown"; Burton Longmire, "Candy"; Reggie Jones, "Punchenello"; Fleming Little, "Morse Green Lodge"; Douglas Arnold, "A Page"; Adriana Bent, "Dutch Girl"; Henry and Allan Hicks, "The Gold Dust Twins"; Marguerite Foster, "Flower Girl".

Bridgetown band discoursed a good programme and between five and six o'clock many skaters not in special costume enjoyed the occasion. Many of the kids would have enjoyed a night performance better but it was considered more advisable to have the carnival during day light hours.

It is announced by the Canadian Pacific that many steamer reservations are being made by Canadian business men who will attend the British Industries Fair, to be held in London and Birmingham, from February 19th to March 2nd next.

C. G. I. T. GIRLS HEARD EXCELLENT TALK BY MRS. WARREN ON "PUBLIC SPEAKING"

On Friday evening, Jan. 19th, a group of Senior C.G.I.T. girls met in the school room of St. James' Church, to hear Mrs. Warren on "Observations on Public Speaking". The speaker charmed the little group to hear her. Her talk was helpful and very attractive, being full of suggestions not only on how to overcome the "mumbling business" habit, but also on how to develop personality.

Miss Allison FitzRandolph thanked Mrs. Warren on behalf of the girls, and all felt that those not present had missed a treat.

J. Elliott Smith, Wolfville, was elected President of the Nova Scotia Fruit Growers' Association at the closing session of that body's convention at Middleton, Thursday.

OFFICERS OF CRESCENT LODGE, I.O.O.F.

Installed by D. D. G. M. Harris of Grandville Ferry.—Retiring N. G. Tenders Supper.

The officers of Crescent Lodge, I. O. O. F., were installed as follows on Thursday evening last by D. D. G. M. Harris, of Grandville Ferry:— N. G.—Harry Stronach. V. G.—Hartley Marshall. Rec. Sec.—Arthur McGregor. Fin. Sec.—W. E. Gesner. Treas.—C. L. Piggett. Warden.—Clarence Troop. Conductor.—H. Balcom. R.S.N.G.—J. H. Longmire. L.S.N.G.—B. N. Messinger. R.S.V.G.—J. H. McLaughlin. L.S.V.G.—Andrew Clark. R.S.S.—Len Hall. L.S.S.—J. Chute. Chaplain.—S. L. Marshall. I.G.—Gordon Marshall. O.G.—Ralph Rice.

After installation the officers and members were tendered a much enjoyed supper by the retiring Noble Grand, Henry Wheelock.

LAWRENCETOWN EVANGELISTIC CAMPAIGN

A series of Evangelistic meetings will be held in the Baptist Church, Lawrencetown, from Sunday, JAN. 28th TO FRIDAY, FEB. 9th, to be conducted by Gipsy John Hawkins, an Evangelist with a splendid record who has been very successful during the last six years in his work in Ontario. He will be assisted by Mrs. Hawkins and Miss Winnifred Gould, Gospel soloist. Special lectures will be given by the Evangelist on Monday's and Friday's of each week, the subjects being: "Evangelistic Tour Around the World" and "From Gipsy Boy to Preacher". The former lecture will be illustrated with lantern views, all of which will be in line with the Evangelistic spirit of the meeting.

A hearty invitation is extended to the public to attend.

WILLOWAY CLUB BANQUET

A very pleasing social function took place Friday evening, Jan. 19th, when the Willoway Club held a banquet at the Riverside Inn. The cuisine of this hotel has more than a local fame, and on this particular occasion certainly excelled. After the banquet the club spent a social evening at auction forty-five.

Through THE MONITOR the club wishes to extend to Mr. and Mrs. Jones their thanks for placing their hotel at their disposal. Judging by the clean tidy rooms, well heated and well lighted; the daintily cooked food and the excellent service, Riverside Inn should receive a generous share of the patronage of the travelling public.

DIGBY HOCKEY TEAM WINS 6 TO 2

Bridgetown hockey team journeyed to Digby on Thursday last to play a regular schedule match. As we have not run across any of the local players since the game we cannot tell our readers much about what happened, but we understand it was a good game, Digby getting the long end of a 6 to 2 score. The local boys went in strong and scored the first goal. Digby was pretty even the last period, but in the second the Digby boys ran up the big tally.

POST OFFICE AT BRIDGETOWN

Short Review of Needs Which Citizens Should Not Allow to Be Forgotten

VISIT FROM DR. LOVETT, M. P.

He Expresses Determination To Keep Matter Before Dominion Government.

Last Thursday, Dr. L. J. Lovett, M.P., was a visitor to town, accompanied by Mr. Morgan. The genial doctor, on being questioned, said that a busy session was anticipated at Ottawa. Coming nearer home THE MONITOR made some enquiries as to how matters were likely to progress regarding the building of the new and much needed Post Office at Bridgetown. The question does not appear to be an altogether new one, for the doctor, in fact a good many citizens, have interrogated him on this point.

While he could not give the definite and cheering assurance which the people of this town would like to hear, he nevertheless expressed himself as determined to spare no effort to urge on and expedite the good work.

It will be recalled that on July 22nd last the doctor was able to get the Minister of Public Works, the Hon. J. H. King, to make a visit to Bridgetown, where he met many prominent citizens and saw the situation of matters by a personal survey of the seat of dissatisfaction. He was sympathetic, admitted the needs, and promised to do all possible to alleviate them.

While no definite commitment has been made in any way, it still behooves all citizens to keep the end in view and not to relax at all in their efforts. The present is an admittedly difficult time to press matters connected with the erection of public buildings, but for all that the question should not be dropped. Nothing comes without effort. Dr. Lovett assures us that he will be unremitting in his endeavors to see that the town gets justice and treatment commensurate with its importance and business interests.

This, as we view it, is not and should not be a question of politics. It is a matter for the common good and an occasion where the larger public interest should always prevail over the question of adjusting matters to please any individual. The public interest all over Canada has at many times and by all parties been made subservient to individual claims, and often rival interests have held up public undertakings because parties and politicians made political football of different questions, and because of sectional or private disagreements failed to take the strong stand which the interests of the people as a whole demanded. There are hopeful signs everywhere, however, that the public is awakening, and tactics and manoeuvres of bye gone days are being rapidly left to the discard to be replaced by results which will give the greatest good to the greatest number.

In the matter of public improvement we believe that the citizens of Bridgetown will set in concert to secure in future what should have come in years gone by.

NORTH WILLIAMSTON

Mrs. Bessie Mudgett, of Intervale, N.H., is spending the winter with her father, W. E. Halsey.

Our school has been closed during the past week, owing to the illness of our teacher, Miss Hicks, of Centrelia.

Mrs. Fanny Moore has returned home from Halifax.

Several cases of whooping cough are reported here.

A. P. Stevenson spent the past week with friends in Truro.

A very sad accident took place here on Tuesday, when Helen, the little daughter of Mr. and Mrs. W. A. Bent was burned very badly. It seems that the little one was standing in front of the stove when her clothing caught fire. Her mother, hearing her screams, rushed into the room, and while endeavoring to extinguish the flames, she had both hands burned very bad. The little one is also suffering with bad burns on her body. Mr. Prior Sanford, of Waterville, N.S., is a guest at the home of D. M. Charlton.

CARNIVAL ON WEDNESDAY, JANUARY 31st, IS EXPECTED BEST

On Wednesday next there will be a fancy dress and calithumpian carnival in the new rink. This is bound to introduce many novel and attractive features and will doubtless be for the best of any attempted yet. Ladies and gentlemen will each receive prizes four in all, two going to the prettiest and two to the funniest and most mirth provoking costumes. Should going be good a large number of visitors and skaters are expected from neighboring towns and country side. Bridgetown band will have special programme and the occasion will be one round of pleasure and amusement.

The latest figures show that there are well over four hundred fox farms in Canada, representing an invested capital of more than \$5,000,000.

UNIVERSITY EXTENSION LECTURES

The Boys' Work Board has arranged for a series of University Extension Lectures, similar to those enjoyed last year.

Dalhousie will furnish two, Acadia one, King's one, Mr. Allison, one, and Professor Tutts one, on birds. The lecture course will commence the first Tuesday in February and be continued weekly on Tuesday evenings. The price of the season tickets this year is one dollar which is very reasonable and special arrangements have been made for the High School students. It is expected that the tickets will be on sale at the end of this week and it is strongly urged that all the citizens shall avail themselves of this splendid popular way of enlarging their education. Full particulars will be published next week.

CORRESPONDENCE

On January 20th, the steamer "Centreville", owned by the Digby Steamship Co., Ltd., arrived at Deep Brook, with a cargo of flour and feed for J. E. Rawling, general merchant, from St. John, N. B. After Mr. J. E. Rawling had cleared the channel of ice so that the steamer could land her cargo without delay, we notice that the steamer had to go to "Victoria Bridge" at the mouth of Bear River, to land her freight for Deep Brook.

The reason for this new landing point, the writer was informed, that the public road leading from the Post Road to the Government wharf was blocked with snow. After Mr. J. E. Rawling had requested the road surveyor to open the same public road leading to the Government wharf, we learned this request was refused. Anyway the road was not opened for the public, therefore the on-going consignments for St. John, N. B. had to be abandoned.

Just why this road was not kept opened to the public, the writer is waiting for "our Councillor", Capt. Elias Rawling, of Clamonsport, to tell the people of Deep Brook, as we are sure it is no fault of J. E. Rawling here, or the Digby Steamship Co. Ltd.

DEEP BROOK.

SUDDEN DEATH OF HON. W. C. KENNEDY

Naples, Florida.—Hon. W. C. Kennedy, Minister of Railways and Canals of Canada, who came here recently to recuperate after an operation in Montreal, died suddenly on the night of the 17th from heart failure.

The late Minister enjoyed much popularity with his colleagues and with the public generally. During his more or less hurried visits to the Maritimes he showed a keen and quick perception of the needs of the various centres visited.

FATHER AND SON

BANQUET POSTPONED

At a meeting of the Boys' Work Board held on Monday afternoon it was decided to postpone the "Father and Son Banquet" until a later date, there having arisen a combination of circumstances that made it inexpedient to have the same at the present time.

PROGRESS IN LIBRARY WORK

Committee Will Make Selection of Splendid Line of New Books

PERSONAL NOTES

Snow Prevents Lumbering Operations—Snow Shoeing Sports Revived.

Sunday, 14th, roads blocked by snow. No service in the churches.

Week of prayer well attended, the Friday night was very stormy, some good people ventured out to the prayer meeting.

Monday some attempt was made to clear the streets, Tuesday still greater attempts were made, and people began to appear on the high roads.

Wednesday afternoon the Methodist W.T.M.S. met at the home of Mrs. F. Palfrey. A good number present. Encouraging reports were read, business transacted. A creditable sum of money has been raised through the year for the noble work of Missions.

If every woman in the church had a real interest in Mission work, how much greater work could be accomplished.

Thursday a few ladies met at the home of Mrs. (Dr.) Morse to prepare warm garments for a very sick member of the community. More to the point of helping than a tract or a talk. May these good ladies have a rich blessing on their work.

It is reported that Mr. J. Stoddard and his men are forced to return from the high woods, as the great snow fall prevents lumbering operations.

Snow shoes are the fashion at present. One of the medical men made a call to a patient on the Mountain partly on snow shoes. All honor to these brave men who go on their way of helping and healing—no matter how stormy may rage.

Mr. Forman Bishop, Mr. D. M. Balcom and Mr. Peltus set the town an example of how to remove Mountains of snow.

There have been some upsets on the way to Paradise, but the snow was soft and such falls are not generally fatal.

Friday afternoon the Library Committee met at the home of Miss Blackadder. Rev. A. D. Whitman, Mrs. J. B. Hall, Miss James and Mrs. Cloury were present. A good sum of cash in hand will enable the committee to get a number of new and interesting books.

Mrs. Jacob Beals, of Eggleville, has been called to her rest. This lady had reached the four score and over.

Mrs. W. Whitman is quite ill. Mrs. W. Selig has been taking care of invalids at the home of Mr. C. Balcom.

Mrs. Ruth Beals has gone to Boston for the winter.

Mrs. W. B. Foster has gone to Kentville to visit her daughter, who resides there.

Mrs. Chlpman Archibald is spending a few days in Nictaux.

Mr. and Mrs. Tupper are now at home in Lawrencetown. Congratulations to the happy couple.

Mrs. Simpson Charlton was tarried on Thursday at North Williamston. Mrs. Rackham is now able to be out after a rather trying illness.

Mrs. Ward has been visiting at the home of Rev. and Mrs. Rackham.

LOWER GRANVILLE

Mr. Arthur Ellis, of Boston, Mass., who has been visiting his parents, left for that city on Friday, 19th, accompanied by his sister, Miss Alberta Ellis.

The annual supper of the C.O.F. Court "Goat Island" No. 1490, took place at the home of Mr. and Mrs. Edward Shaffner on Thursday evening, Jan. 11th. Owing to the inclemency of the weather and unfavorable conditions of the roads, quite a number of the members were unable to attend.

At 8 o'clock the guests were requested to repair to the dining room where a bountiful supper was served, after which vocal and instrumental music with games were indulged in; the hit of the evening was an old plantation song in character costume given by the hostess, Mrs. Edward Shaffner.

Lobster fishing commenced in this district on Monday. In spite of the weather quite a number of men have been courageous enough to try their luck but with very poor success—Digby Courier.

IN THE MUNICIPAL COUNCIL

(Continued from last week.)

COUNTY OFFICERS

Warden—W. G. Clarke, Bear River.
Deputy Warden—W. A. Marshall, Annapolis Royal.

Councillors

- Wards—
- 1. J. A. Balcom, Margaretville.
- 2. Arthur Borden, Middleton.
- 3. Fred W. Bishop, Paradise.
- 4. Joseph I. Foster, Bridgetown.
- 5. Aaron Philney, Granville.
- 6. Samuel Pickup, Granville Ferry.
- 7. Stewart Mills, Victoria Beach.
- 8. Elias Rawding, Clementsport.
- 9. W. G. Clarke, Bear River.
- 10. W. A. Marshall, Annapolis Royal.
- 11. C. L. Piggott, Bridgetown.
- 12. Thos. R. Charlton, Williamston.
- 13. J. C. Grimm, Springfield.
- 14. A. D. Thomas, South Milford.
- 15. Myers Gibson, Dalhousie.
- 16. Leslie Armstrong, Torbrook.

Municipal Clerk—Freeman Fitch, of Bridgetown.
Treasurer—D. M. Outhit, Melvern Square.

County Health Officer—Dr. M. E. Armstrong, Bridgetown.
Temperance Act Inspector—Elias Messenger, Bridgetown.
Superintendent of County Hospital—A. F. Hiltz, Bridgetown.
Superintendent of County Home—John Myers, Bridgetown.
Janitor and Keeper of Court House and Jail—Sheriff J. H. Edwards, Annapolis.

ANNAPOLIS CO. FARMERS' ASS'N

President Bothamley's Address Containing Many Suggestions of Practical Value

Members of the Annapolis County Farmers' Association:
Ladies and Gentlemen:—

In looking over the year that has just ended, we find that it has been a most unusual one inasmuch as there has been an abundant crop of everything in practically every part of the agricultural world. Unfortunately, mainly on account of this, the supply of certain commodities is in excess of the demand, and the result is a depression everywhere. As a rule, when our home markets are overloaded, we can find an export market, but apparently ALL markets are glutted this year. Consequently in many instances we are compelled to sell our produce at a price below cost of production. The most distressing part for the farmer is that everything he has to buy costs nearly as much as formerly, while the prices of things he has to sell are not one half of what they were a year ago. In consequence of this one hears on every hand that trade is bad, stores are empty and not doing half the business they did last Christmas. Such a state of affairs is not only discouraging to producers but has brought about a condition which, according to bank and other commercial reports, is more contributory than any other single factor to the present trade depression.

Farmers, in the last analysis, are the biggest buyers of manufactured commodities. When they fail to receive an adequate price they stop buying. That is just what has occurred this year, and trade conditions cannot improve until the charges of those handling farm products are rectified. For instance, transportation charges are fixed absolutely; commission, wholesale and retail charges are fixed on a percentage basis, while the farmer, who does the major portion of the work and takes the weather and other risks, has to accept a price which has varied during the last two or three years over a hundred per cent. Without him none of the aforesaid transactions would have been possible.

With regard to the marketing of apples, much has been accomplished during the year in getting the shipping companies to reduce the freight charges down to a reasonable figure. The embargo on cattle having been raised should help out the stock situation. The past few seasons many fine herds of cattle in this County have been depleted, and when we ask for the reason, we are told that stock at current prices does not pay. This is a rather depressing state of affairs, more especially at the present time when so little money is available for fertilizers. With hay at half the price it was last year, I think it behooves us to keep as much stock as possible to maintain the fertility of our soil. In view of the abundance of moisture last season and the protection by snow so far this winter, everything points to a bumper crop of hay this year. Where shall we be if we have no stock to take it? We, the farmers of this Valley, were admired, and rightly so, for paying good attention to our orchards during the dark years of the war. The same should apply to our stock during this time of trade depression. Better days are sure to come.

At the present time we are apparently in the hands of a few local butchers or cattle buyers. In thinking over the matter to see whether there was no remedy for this, I have asked me that what others we could get at a small cost at this Demonstration Building, there seems to be no reason, although there may be many with which I am not familiar, why Lawrencetown should not become a market town similar to what they have in every agricultural district in England. If sufficient cattle could be brought here to be sold by auction, say once a month, or even two months, it might be an inducement for dealers from some of our cities to come here and buy. We all know what we can get per pound for our stock today, and we also know, only too well, what we would have to pay the butcher if we went to buy a piece of the same beast we had sold. And then again, there are times when we have a—there are times when we could sell to one another. Occasionally a man may have a little more hay or rough feed than he has stock for and would be willing to buy from a man who has not quite enough and who has often to sell at a sacrifice to a butcher a beast that is not in the best shape for beef.

This sale need not necessarily be confined to stock alone, but might include everything appertaining to farming. Judging by the crowd that attends a farm auction where only a dozen or so head of cattle and a few farm implements are sold, I should think a sale of this kind would bring

together a large number of people who could be started in a very practical way at first I have no doubt but that it would grow, and consequently would materially benefit.

With the present prices ruling for apples it may seem an inopportune time to speak of planting more orchards. One might reasonably expect to hear the cry of over-production. However, in common with many others, I am fully convinced that this is not likely to take place for a long time to come. Mr. C. R. H. Starr, writing in the "Maritime Homestead", says that in 1880 the total export of apples for Nova Scotia had not reached 25,000 barrels, but five years later the records show the export to have been doubled. He goes on to say that in 1896 there were shipped 329,000, but up to the time of writing, 1901, this figure had not been repeated. Just for one moment compare these figures with those of these last three years, when an average of a million and a half barrels have been produced, and, with the possible exception of this year, very good prices have been received. When we consider that the fruit belt of the three counties—Annapolis, Kings and Hants—contains over 300,000 acres of the best orchard land on which only a small percentage as yet has been planted to orchard, with canning factories and evaporators springing up to relieve us of our inferior apples, and ocean freight rate down to almost normal, surely this is a time when one should consider carefully the advisability of planting more orchard and taking such good care of it that very soon it may bear fruit of such a quality as that which has recently won at the Imperial Fruit Show more money in prizes than was won jointly by Quebec, Ontario and British Columbia. With an ever-increasing number of emigrants with capital expected every year, I feel safe in saying that we must have an extra 20-acre block of orchard on the farm, old fences repaired or taken away, buildings painted and kept in repair, a few shrubs and flowers planted around the house, the farm would soon double or treble in value.

Much has been said about the decreasing rural populations and ways of remedying this. To my mind a greater area under cultivation would do much to solve the question. Plough up some of the old land that is neither pasture, wood-lot nor anything else, plant a portion to orchard, bring in a portion to hay land, and build up the herd. By so doing it would make it worth while for the boy to stay on the farm when he grows up instead of wandering off to the city. One must not overlook the fact that the boy must have some form of recreation that he knows he would get if he went to the city. Let us take a broad view of things, and see that he gets it.

We are very fortunate in having this fine building, and if it were not here we might find it very difficult to get such a building at the present time. Are we making full use of it? It appears to me that it could be put to much further use than it is at present. Personally I should like to see a good exhibition held here every Fall, open to all. There could be a section for the school children to whom all the help and encouragement should be given by their parents to try and grow something better than their neighbors. This would help to get them interested in farm work. I remember a poultry show here, but this, along with the School Exhibition, has fallen out of existence. The faculty of the Agricultural College are always only too ready to help us, but it appears to me that we do not avail ourselves to the full extent of the opportunities at our command. The Short Courses last year, I am pleased to say, were well attended, but I think that if all the farmers fully realized what valuable knowledge they could get by attending these lectures, it would be necessary to hold over-flow meetings. I will cite a case in point. Last year Dr. Cumming spoke for an hour on Fertilizers, and each time he tried to stop cries came for him to "Go on, go on!" Among the things he spoke about was "Potato Fertilizer", and he pointed out that in every ton of mixed fertilizer we bought, we paid for at least 350 pounds of sand, which is used as a filler. In spite of this, tons of mixed fertilizer were bought last Spring, tons will be bought this Spring, and in years to come. Just imagine paying freight on tons of sand into this Valley and putting it on the land! He showed us how to mix a ton of 4-8-4 which would cost \$32.16 as against \$40.50 charged by fertilizer companies. Surely this one lecture alone would make it well worth while for anyone to attend the Short Course. The other lecturers also gave equally valuable information. Acting on the knowledge I acquired at this Course, I mixed my own fertilizer last Spring and found it a simple matter and one which yielded excellent results. I trust the Short Course will be arranged again this year and feel sure that if sufficient interest is shown this course will be extended. Farm book-keeping is a very important thing and to get a thorough grounding on this subject I think it would be necessary to have a special course of lectures.

In conclusion, there is another resource, by no means the least, and that is the boys and girls of this County. We must move with the times and since farming is carried on in a much more scientific way than it was a century or even a quarter of a century ago I consider it our duty to see that the older children get sufficient knowledge of the up-to-date subjects so that they may hold their places in the world both commercially and socially. With a little education on our part much of the advanced education might be given them in this very building.

I thank you, ladies and gentlemen, for your attention and for the honor of being chosen your President, and trust that in the years to come the good work of this Association will be greatly increased.

LONDON COUPLE ARE DELIGHTED

His Wife's Two Years of Trouble Is Now Ended, Says Frank Westlake

"Tanlac has made all the difference in the world in my wife's health and we are both delighted," declared Frank Westlake, valued employee of the Public Works Department of London, Ont., residing at 40 Langarth St. "About two years ago my wife underwent an operation that left her badly run-down and she simply couldn't get back her strength. Her appetite left her and she could hardly eat enough to keep going. The least exertion would tire her out completely, and her housework was an awful burden. She would lie awake hours at night, too, and morning found her just as tired as when she went to bed. She suffered terrible splitting headaches, her nerves were on edge and she got very little pleasure out of life. "But three bottles of Tanlac simply put her on her feet again. She can do her housework easily now, the headaches have gone, she sleeps soundly and her appetite is a joy to behold. I can't find words to express my gratitude."

Tanlac is for sale by all good druggists. Over 25-million bottles sold.

ary to hold over-flow meetings. I will cite a case in point. Last year Dr. Cumming spoke for an hour on Fertilizers, and each time he tried to stop cries came for him to "Go on, go on!" Among the things he spoke about was "Potato Fertilizer", and he pointed out that in every ton of mixed fertilizer we bought, we paid for at least 350 pounds of sand, which is used as a filler. In spite of this, tons of mixed fertilizer were bought last Spring, tons will be bought this Spring, and in years to come. Just imagine paying freight on tons of sand into this Valley and putting it on the land! He showed us how to mix a ton of 4-8-4 which would cost \$32.16 as against \$40.50 charged by fertilizer companies. Surely this one lecture alone would make it well worth while for anyone to attend the Short Course. The other lecturers also gave equally valuable information. Acting on the knowledge I acquired at this Course, I mixed my own fertilizer last Spring and found it a simple matter and one which yielded excellent results. I trust the Short Course will be arranged again this year and feel sure that if sufficient interest is shown this course will be extended. Farm book-keeping is a very important thing and to get a thorough grounding on this subject I think it would be necessary to have a special course of lectures.

In conclusion, there is another resource, by no means the least, and that is the boys and girls of this County. We must move with the times and since farming is carried on in a much more scientific way than it was a century or even a quarter of a century ago I consider it our duty to see that the older children get sufficient knowledge of the up-to-date subjects so that they may hold their places in the world both commercially and socially. With a little education on our part much of the advanced education might be given them in this very building.

I thank you, ladies and gentlemen, for your attention and for the honor of being chosen your President, and trust that in the years to come the good work of this Association will be greatly increased.

The Commission will call for tenders on six timber dams next week.—Pictou Advocate.

A DOCTOR IN A TIN BOX!

Sounds strange, does it not? Yet that is how Mr. J. Cartier says Zam-Buk is regarded by his family. Mr. Cartier, who is a member of the family of the late Sir George Cartier, is Justice of the Peace and Assistant Clerk of the Circuit Court, Montreal. He first discovered the wonderful power of Zam-Buk by using it for eczema, which it completely ended. Since then his family is never without it. "Allow me to express my gratitude," he writes, "for the benefit I have derived from the use of Zam-Buk. I have proved that it is, without doubt, the finest remedy for eczema. Its general healing and curative powers are immense. We call it 'Our Family Doctor,' and Mothers should see that Zam-Buk is always handy, for not only does it end pain, draw out inflammation and prevent blood-poisoning, but it heals skin diseases and injuries in the shortest time possible. All Dealers, 50c. box."

BRITAIN'S DEBT TO THE U. S.

The Commission from Great Britain headed by the Chancellor of the Exchequer, which is now in Washington for the purpose of arriving at a definite basis for the payment of Britain's war debts to the United States, is in a fair way of reaching a satisfactory conclusion. As the "Montreal Gazette" says, it is as refreshing as novel to have a war-debt burdened country approach its creditor with promise to pay, with instalments in evidence of good faith already made, and with no other plea than for reasonable time and a reasonable rate of interest. Great Britain owes the United States \$4,135,818,000 principal, and \$611,004,000 interest computed at 5 per cent., a total of not much less than the stupendous sum of five billion dollars. It would not bother Great Britain to liquidate this debt in due course if, in turn, France, Belgium, Italy and others of the Allies were in a position to pay their debt to Britain, but this they are unable for an indefinite period to do, so that Great Britain is in the awkward position of having uncollectable due debts on the one side of her national ledger and an insistent creditor on the other. The American Congress has authorized the funding of the British debt and accumulated interest for a period of twenty-five years at 4 1/2 per cent. These terms are too stringent, and while they may not smack of charity, they are certainly ungenerous. It is to secure, if possible, a modification of the terms that the British mission has come to Washington. A longer period of maturity and a lower rate of interest are sought, and it will be astonishing if these are not conceded. Some people in the United States believe a portion of the debt incurred in a common cause should be cancelled as a matter of fairness and as a stroke of good business, but Congress has given no sign of sympathy with this view. The Chancellor of the Exchequer, speaking for the Government, emphatically declares that Britain asks no charity and is prepared to pay. Some leniency in terms is all that is desired, and that leniency is likely to be given from motives of self-interest if not of magnanimity. The self-interest is obvious, because if Great Britain is held to harsh terms the United States will not suffer contraction of the purchasing power of her principal buyer.

FRANCE WHOLLY JUSTIFIED

The advance of the French into Germany in order to take further and more stringent steps to compel the Germans to carry out their promise, while not unexpected to persons who have been following the course of events in the European theatre, opens up a page in history whose results are very uncertain and fraught with the possibility of developments of a very serious nature.

Be these as they may, the French can scarcely be blamed for the effort they are making to compel Germany to pay up what was promised.

In 1870 France was humbled at her hands paid without a murmur, and in a space of time deemed incredible. The amounts now, of course, are a much larger. It is not wholly a question of money, perhaps. The German menace is a real and constant one before the eyes of France struggling with a tremendous debt, the ravages of her cities, towns and

villages, still to a large extent un-repaired, and behind this the memory of things more terrible than death itself. Then, too, the sight of a Germany unscathed within its own territory by the marks of war. A nation of seventy millions with a rapidly increasing population facing France with her forty millions with a birth rate scarcely exceeding the removals by death.

What France would doubtless prefer is to see a Rhenish republic made up of disintegrated parts of the German Empire to stand as a buffer state between her and the menace of Prussianism. Her present move, however, may cause whatever jealousies exist between component parts of the German Empire to pass away in a fusion of National feeling against the French invaders though coming in the guise of protectors.

France is justified, and justified absolutely, in taking the steps she has taken. There is not in the world the amount of sympathy for Germany in this crisis that she would like nations to think. There is only a questioning of the wisdom of France and the improbability of making an ultimate success.

The reparations which Germany has been called upon to pay are only to repair the damage which she did when she invaded and attacked France. The editor of the Literary Digest, who has recently toured both France and Germany, declares:—
"The devastated regions still lie like a great wound in the side of France that is exposed toward Germany, only partly healed." "that virtually all the restoration thus far accomplished has been at the expense of France," and he quotes this striking summary of the French point of view from the Paris Le Matin:—
"Cost of the war to France:
"Seven devastated Departments.
"Ninety-four percent of her wool production;
"Ninety percent of her steel production;
"Seventy percent of her sugar production;
"Fifty-five percent of her electric energy;
"Thirty-three per cent of her coal production;
"Four hundred kilometres of railroads;
"And France in three years:
"Has had to pay \$7,500,000,000.
"To rebuild her ruins.
"The war did not cost Germany:
"One inch of soil ruined;
"One factory damaged;
"One coal mine destroyed;
"One sugar beet pulled up;
"One electric cable broken;
"One rail stolen.
"And Germany has paid in three years:
"One and a quarter billion dollars."

Is it, then, to be wondered at, that the French, despairing of results, have taken the issue into their own hands?
LOTS OF TIME
It is announced by scientists that the sun will continue to shine and the justly esteemed solar system to function for eighty-six million more years. This will see us through very nicely.—(Manitoba Free Press.)
TEACH THE YOUNG
School districts in various parts of Canada are taking an interest in the reforestation movement. It is to enlist the sympathies of the youth of the country in tree planting. There is pleasure in the mere act of putting something into the ground and watching it grow.—Forestry News-Letter.)

TOO EARLY FOR HIM
Farmers have told us that they rise at 4.30 a.m., feed the horses, milk the cows, wake up the pigs, let in the cat, light the fire, and then get ready for the day's work. Accepting that as gospel truth, we felt it in our bones that Sir John Willson would never devote himself very long to that particular occupation.—(Ottawa Journal.)

SAVE THE PAPER
The paper industry of the United States will this year utilize 2,000,000 tons of waste paper in the manufacture of new paper. The biggest problem of the paper industry, is the shortage of waste paper. To save waste paper is to save the forests. Every ton of waste paper used by the paper mills means just so much of our forest resources saved for the future. Taking good pulp wood as an example, it can be said that used

CLEMENTSPORT

"THE QUEEN OF THE BASIN"

Owing to no mail going from here East, Jan. 15th, no notes came from Clementsport. In fact we were snowed in. Snow piled high on all sides of us, equaling, and some of the old residents say, surpassing that of 1904-5. The storm began on Friday night, 12th inst., and continued all Saturday, filling the roads and railway cuts full—the wind continued blowing so that only a few sections had men out breaking roads on Sunday, 14th inst. All services were cancelled. On Monday, 15th, all trains on the D.A.R. were running, but late. The company certainly deserve to be congratulated on their success. The annual parish meeting of St. Clements Parish scheduled for Monday, 15th inst., had to be postponed until the 22nd inst. Every one was shovelling snow sometime during the week. The roads were only nicely broken—in many places through drifts 6-12 ft. deep—when a gale of wind on Thursday night, 18th inst., filled the cross roads full again. Then Friday being mild and turning colder formed a crust so that on Saturday, 19th inst., the snow shovellers and difficulty in breaking the icy snow crust. On Saturday the glass began to fall again, and at night a rain storm which continued all day Sunday, Jan. 21st, and part of Monday, 22nd inst., ushered in the January thaw. Again on Sunday no services were held in the churches, as the walking was terrible. The St. Clements annual parish meeting is again postponed "sine die".

On Friday, 12th inst., Dr. Campbell, of Bear River, left home about 10 p.m. in the height of the storm for Guinea via Deep Brook. He had a most difficult trip, one enough to try the stuff of which heroes are made—with roads drifted so they could not be distinguished and deep snow, a howling storm and biting wind got out and broke roads for his horse until 3 a.m., when he had covered about 6 miles or a little more, and his horse was played out. He roused up Mr. Jones and Mr. Masters and put his horse in Harry Long's barn, walked on to Capt. Fred LeCain's, where he arrived about 4 a.m., and remained there until morning. He then walked to Clementsport and got a team, got to Guinea, looked after his case—and was storm-stayed for a couple of days

here—in which time he borrowed a pair of snow shoes and made calls at Guinea and out the Brook road. Dr. Campbell! Clementsport admires your pluck and grit, and trusts you may not have many similar experiences.

The many friends of Miss Pearl McFadden are extending to her congratulations on her marriage recently to Mr. Carl Nicholls. Miss McFadden is a daughter of Mr. Wm. McFadden, Waldeck, and taught in the Advanced Dept. of the school here last year. Mr. Nicholls is a resident of Deep Brook and was a candidate in the last Municipal election.

On Tuesday, 16th inst., a most enjoyable dance was given by Mr. and Mrs. M. D. Robertson. Some forty guests had a happy few hours tripping to the compelling music of Joe Penala's violin. Snow made no difference; time counted not, and the pleasant hours passed all too soon.—So we are told by those who were there and they certainly should know.

Capt. Herbert Rawding, Mr. Rawding and Little Clare came home on Friday, 19th inst. In the same party were Mrs. Durland, Mrs. Munro, and Mrs. Herb. Fraser. All received a hearty welcome from their many friends.

Sorry to report the illness of Mr. Wm. Mills, who has been laid up for some days now.

Mr. Ezra Hamilton is now able to be up, since his recent severe sickness. He and Mrs. Hamilton are at Mr. and Mrs. Amos Frazer's. Considerable unnecessary trouble and bickering—re shovelling of the roads could so easily be prevented if the Council would only take the time and the trouble to find out from the Municipal Clerk the list of roads and lanes to be kept clear in each section, and post them in a public place. Doing this in Clementsport and Deep Brook would settle a controversy in both places. We trust Councilor Rawding will do this or cause it to be done AT ONCE. Next Summer will be too late for the Winter.

Station agents, snow plows and smiles, small station, narrow platform, deep snow just shovelled, great glee, piles up platform. Station agent looks out and smiles.—We take off our hats to him.

of six tons of waste paper is equal to saving of one acre of timber.—(The Magazine.)

THE LITTLE ISLAND

The total value of the fisheries of Prince Edward Island for 1922, will be upwards of \$1,500,000, an increase of \$100,000 over 1921, according to the Inspector of Fisheries. It is on the lobster that the fishermen of the island mainly depend, and the catch this year for the early and late seasons, was 41,611 cases, valued at \$1,248,450, plus 2,606 cwt., sold in shell, valued at \$26,090, making a total of \$1,274,540, compared with \$645,542 for 1921, about a hundred per cent increase.—(C. P. R. Bulletin.)

GRANVILLE FERRY

Dr. and Mrs. H. D. Weaver, of Saskatoon, are guests at the home of Rev. and Mrs. Robert Thomas. Miss Edwina Baltzer entertained the (Dolt) Club on Wednesday evening, it being her birthday anniversary. A very pleasant evening was spent in games, music, etc.

Mr. James Langille and family are moving from Granville this week to their new home in Annapolis. We regret very much to have them leave Granville.

E. R. Reed, who spent several days in the village last week, returned to Halifax Tuesday. The W.M.A.S. of the Baptist Church will be held at the home of Mrs. Minard Bent's on Friday afternoon.

Mrs. Edna Skeene and daughter Elaine, of Calgary, who have been spending the past two months with Mrs. Skeene's parents, Mr. and Mrs. W. H. Weatherspoon, returned to Calgary Tuesday.

Mrs. Lois Caswell celebrated her one hundred and third (103) birthday anniversary on Saturday, January 20th. Mrs. Caswell, or grandma Caswell, as she is called by so many, seems as well and cheerful as she did many years ago, and we sincerely hope she may spend a few more happy birthdays with us yet.

Mr. Fred Farnsworth, of Halifax, is a guest at the home of Mr. and Mrs. W. H. Weatherspoon.

If the business men of Bridgetown will all give THE MONITOR a chance to figure on their office stationery wants they will save money and get a good job.

Pride is equal in all men—the only difference is the means and manner of displaying it.

How to Prevent Biliousness

Doctors warn against remedies containing powerful drugs and alcohol. The Extract of Roots, long known as Mother Seigel's Curative Syrup, has no dope or strong ingredients; it chases away indigestion, biliousness and constipation. Can be had at any drug store. Get the genuine. 50c. and \$1.00 Bottles.

TO OUR CORRESPONDENTS

Correspondents will confer a favor by mailing their news items so that they will reach this office not later than Monday. We have been compelled to carry over to the next issue good items arriving on Tuesday after noon.

EVANGELISTIC SERVICES IN BRIDGETOWN

Rev. Alexander Torrie and Mrs. Torrie Commence Campaign **This Evening.**

Rev. Alexander Torrie and Mrs. Torrie of Toronto, commence a series of evangelistic services in the Bridge-town Baptist Church this (Wednesday, January 24th) evening. The services will be held each evening at 7:30 p. m. Mr. Torrie comes highly recommended as an evangelist of experience and power. Mrs. Torrie is a great help in the leading of the Gospel singing and solo work. We append below reports from places where Mr. and Mrs. Torrie have held services in the past:

"Evangelist Torrie is a sound, earnest, interesting Gospel preacher, and skilful in conducting the meetings. Mrs. Torrie has a good voice for Gospel singing, has excellent taste in the choice of hymns and sings them with power and expression. Both Mr. and Mrs. Torrie are refined people of the best type. There is no vulgarity, nor frivolity in their work and they are strictly loyal to the pastor and the church."

"For fourteen years Evangelist Torrie has held 'Revival Missions' throughout Canada and the United States, in Methodist, Presbyterian, Congregational and Baptist Churches. He has held union campaigns when all evangelical denominations united.

PLEASANT SURPRISE PARTY AT MR. AND MRS. JOHN P. MORSE'S

Mr. and Mrs. John P. Morse received a pleasant surprise Thursday evening, Jan. 18th, when their home was invaded by a large party of their Bridgetown friends. Mr. and Mrs. Morse have recently moved in their new bungalow on Granville Street and being new residents of the town their friends took this opportunity to inspect their home and give them a welcome to the community.

A very pleasant social evening was spent at which refreshments were served. Mrs. Morse was presented with a gift along with a few words of welcome, to which she happily responded. At a late hour the party broke up, wishing their host and hostess many happy years in their beautiful home.

Side stepping only gets you farther from where you are going.

DEEP BROOK

Mr. and Mrs. Abner Woodworth, of Berwick (at present residing with their daughter, Mrs. Marguerite Page of Deep Brook) celebrated their sixty-fourth wedding anniversary on Friday, Jan. 12th inst. Mrs. Page entertained a few friends at a dinner-party in their honor. The bride and groom of sixty-four years received in their happy special manner. A number of friends who called during the day to offer their felicitations, many letters of congratulations were received by them. Mr. and Mrs. Woodworth are enjoying good health, and taking a keen interest in church and community life. Their many friends wish them continued health and happiness and many more pleasant anniversary occasions.

The W. M. A. Society held their regular monthly meeting at the home of Mrs. Manning Nichols on Thursday, Jan. 11th. In spite of the severe storm of Wednesday a good number were present. A very interesting programme was arranged by the President, Mrs. Marguerite Page. This was the half yearly mite box opening over \$20.00 was taken from mite boxes and collection for Missions.

Mrs. Bessie McBride returned home on Tuesday of last week after a pleasant holiday season spent with her daughter and family, of Somerville, Mass.

Miss Emma McClelland is the guest of her sister, Mrs. Robert Spurr, for the month of January.

CENTRAL CLARENCE

Mrs. Potter and daughter Evelyn spent a few days recently visiting Mrs. Charles Spurr at Middleton, and Mrs. Clyde Bishop at Lawrence town.

Miss Eunice Brinton, of St. Croix Cove, is staying for an indefinite time at the home of Mr. W. L. Messenger.

While skating on the rink at Bridgetown Miss Jean MacDougal had the misfortune to fall, breaking her wrist.

After spending several weeks with his parents, Capt. and Mrs. J. E. General, Leone returned to his duties on the yacht, "Patricia". He was accompanied on his return by his brother Thomas.

Babe Conrad recently visited in Bridgewater and vicinity.

Mrs. Risten, of Hampton, is spending the Winter at the home of Mr. and Mrs. M. C. Marshall.

Mrs. Adie Potter is visiting her son and wife, Mr. and Mrs. M. V. Potter.

The W. M. A. S. of Clarence, is preparing for a Jubilee celebration which will be held some time this month. Frequent storms and bad roads have hindered much in the way of practising.

COMMERCIAL CLUB OF ANNAPOLIS

The Commercial Club of Annapolis Royal celebrated its first birthday on Friday evening, January 12th, by holding a banquet at Frost's. At seven o'clock about forty members gathered about the board and the following programme was carried out:

- 1. J. H. Fortier, "O Canada!"
- 2. Mellor—Grace.
- Dinner.
- Feast—The King.
- National Anthem, led by members of Annapolis Royal Concert band.
- Charles Whitman—"Correspondence."
- E. Ames—"A Little Story About a Big Town."
- C. King—"Resume, 1922."
- J. J. Armstrong—"Broadening of Activities for the Benefit of the Community."
- J. McCormick—"Industries—thought for 1923."
- Paul Yates—"Music, as a Benefit to a Community."
- V. A. Livingstone—"Housing."
- C. Whitman—"Twenty-Four Hour Electrical Service."

FALKLAND RIDGE

The W. M. A. Society convened Jan. 3rd with Miss Annis Saunders at the home of the Reop Bros. It was also observed as Crusade Day by special readings, etc., and a delicious luncheon at the close of the meeting.

Mrs. Marshall and daughter Florence, spent January 3rd at the home of her sister, Mrs. W. O. Wright at E. Pelhouse.

Mrs. W. L. Sproule was the guest of Mrs. Jeffrey Measor January 3rd. Kathleen Sproule, who spent a few days with relatives at Bridgewater returned home Friday, Jan. 5th.

Iona Marshall returned from her visit at Aylesford Saturday, Jan. 6th.

Mrs. Maud Mosher is spending a short time at the home of Mrs. W. Grimm, South Springfield.

Mrs. Harry Whynot is quite ill again.

Miss E. Emeneau, of Lake Pleasant, is assisting in the care of Mrs. H. Whynot.

Mrs. Fred Bishop, of Netaux, arrived at the home of her sister, Mrs. E. G. Mason, on Saturday, and visited her mother, Mrs. Ada Falm, who is at the home of Mrs. Mason. Mrs. Bishop returned to her home on Tuesday.

Personal Mention

Capt. W. R. Longmire leaves for Halifax this week for a short time.

A. FitzRandolph attended the Nova Scotia Farmers' Association in Yarmouth.

Mrs. T. D. Ruggles and daughter, Miss Florence, left this week on a visit to St. John.

Miss Beatrice Roberts, of Halifax, arrived on a short visit to her mother, Mrs. M. Roberts.

Mrs. Percy Bu-A. and daughter, Miss Ruth, left for Halifax on Monday and will be gone some days.

Mr. G. E. Carter, of St. John, traveling passenger agent for the C.P.R., has recently returned from two months stay in the West.

Mr. and Mrs. C. F. Day, of Liverpool, were recent visitors in town, spending the week-end with Mrs. Day's mother, Mrs. W. R. Troop.

Miss Laura Congdon, of the C.P.R. City office, Calgary, left for home on Monday, after a pleasant visit of two months with her aunt, Mrs. Burpee Chute.

Mr. Arthur E. Ellis, of Roxbury, Mass., spent a few days in Bridgetown last week. While here he was the guest at the home of Mr. R. H. Barnes.

Mrs. F. L. Fay and Mrs. H. B. Hicks left for Kectville Tuesday where they are guests today of an important event of which we trust to give particulars in the next issue of THE MONITOR.

The many friends of Dr. N. R. Warey will be pleased to know after undergoing a most successful operation for appendicitis at the Victoria General Hospital, she has so far recovered that it is now expected that she will be able to come home at the end of the week.

Mrs. E. F. Goggans and little daughter, Barbara, who has been visiting at the home of Mrs. John Greenlan, has returned to the U. S. They will join Sergt. Goggans in Washington, and proceed to San Antonio, Tex., where Sergt. Goggans will do X-Ray work for the U. S. Public Health. Their many friends wish them the best of luck in their new home.

Miss Annie Anderson, till recently a popular member of the Post Office staff, was tendered a miscellaneous shower by a large number of her friends one evening last week. She received a large number of beautiful gifts testifying to her popularity. Needless almost to say, Miss Anderson becomes one of the principals in an important and pleasing event not many hours after our readers scan these lines.

UNFAIR COMPETITION

A writer of popular stories was being shown through a book shop in New York. A small table was devoted to the new books, and all the rest of the space was taken up with gorgeous editions of Stevenson, Dickens, Scott, Thackeray, Fielding, etc.—fine leather-bound volumes at very modest prices.

The writer indicated with a sweep of his arm this collection of books and observed: "Literature would pay better if there were not so many dead men in the business."—Harper's Magazine.

Imports of butter by Great Britain during 1921 were 85 per cent. of the pre-war average.

GUARD THE BABY AGAINST COLDS

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order, colds will not exist; that the health of the little one will be good and that he will thrive and be happy and good-natured. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

About five per cent. of the weight of a plant comes from the soil; 95 per cent. is built up from the air.
Reductions in grain rates obtained for the West resulted in a saving of approximately \$8,000,000 to farmers.

NOVA SCOTIA FRUIT GROWERS MEET

Great Opportunities for Fruit Growing in the Annapolis Valley

MORE SETTLERS WANTED FOR LAND

Principal Cumming of the Agricultural College is Extremely Optimistic on the Outlook For This Year.

Middleton.—The formal opening of the Nova Scotia Fruit Growers' Association's 59th meeting took place at 7.30 Tuesday evening in the Assembly Hall of McDonald School, as has been the custom since the inception of the Association.

The meeting opened with prayer, Rev. Canon Morris invoking the Divine Blessing.
Mayor Parsons, on behalf of the town, then addressed the audience. He touched on the quantity of land in the Annapolis Valley that was particularly suitable for fruit growing, and that men who would interest themselves in that industry should be urged to come into our midst. He regarded the fruit growers as a great body of men, who while accumulating money also disseminated it, which is what the country needs. Mayor Parsons then extended a cordial welcome, and gave them, one and all, the freedom of the city.

H. S. Shaw, of Berwick, on behalf of the Association, replied to the Mayor's remarks, and thanked him for his kind hospitality. During his speech he touched on three points necessary to successful fruit growing.
1st—Reduce the cost of transportation. The United Fruit Companies are helping to solve the matter.
2nd—Reduce the cost of production by getting to work ourselves.
3rd—A simpler mode of living. Cut luxuries if they interfere with the income we need for our work.
G. H. Vroom, the President, then read an address. Mr. McMahon, President of the United Fruit Companies, moved the adoption of the address. It was seconded and presented by A. L. Davidson, of Middleton, in his usual happy manner.

Principle Cumming Optimistic
Dr. M. Cumming, of the Agricultural College, Truro, then took the platform. He has always proved an interesting and practical speaker. He touched on a few phases of agriculture in the year 1922, first, the depression that the farmers are laboring under. Now, he was extremely optimistic as to the readjustment of conditions. He spoke of Canada's place in the great English Fruit Show, and of the special mention and prizes Nova Scotia received at this show, for on that it was a natural transition to local fruit shows, and threw out the suggestion that a consuming centre such as Halifax would be splendid as a fruit exhibition place.
Then the potato industry was taken up, and he suggested that seedling potatoes for outside markets might be raised. Silo and silage crops were also taken up, and an experiment in trench silos at the Agricultural Farm showed a perfect success.

He mentioned wild Kentish as a perfect weed for permanent pastures. He also spoke of the letters of "Agricola," which the Agricultural College now had to sell. He said it was practical reading for the farmer of to-day.

Prof. Brittain, of Truro, then addressed the audience on five years spraying and dusting experiments. Experiments are necessary, and those from the practical experiences of men who are not afraid to try new things are the best.

He gave a resume of all tests that he had made in various orchards, with various applications, with spray mixtures in some, as compared with dusting in others. He advised each grower to carry on the method that each one was using. He had a full report that he could show, but simply gave a small condensation, particulars to be found in the full report.
Mr. McMahon, President of the United Fruit Companies, gave a short address on what the companies are doing in regard to providing cheaper fertilizers; also flour and feed. The United Companies now number 49.

Owing to the weather conditions the opening session was not as large as it would have been otherwise, about 75 being in attendance, the following are the officers for the present sitting: President—G. H. Vroom, Middleton; Vice-President—J. Elliott Smith, of Wolfville; Secretary—F. W. Foster, of Kingston; Treasurer—Prof. S. Blair, Kentville.
Executive—Geo. Hutchingson, Ray Clarke, Fred Johnson and Fred Chipman.

The afternoon meeting opened at 2.30 p.m. with Pres. Vroom in the chair, after a few opening remarks. Mr. Vroom then introduced the first speaker, Prof. P. J. Shaw of the Agricultural College, Truro. He addressed the audience on varieties of

SO EASY TO BE WELL AND STRONG

Take "Fruit-a-lives" The Wonderful Fruit Medicine

805 CARTIER ST., MONTREAL
"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headaches and was unable to sleep at night. I was getting so thin that I was frightened.
At last, a friend advised me to take "Fruit-a-lives" and in a short time the Constipation was banished, I felt no more pain, headaches or dyspepsia, and now I am vigorous, strong and well."
Madam ARTHUR BEAUCHER.
80c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

question that lent itself to discussion because of the differences of opinion. Apples grown on certain soils and in certain sections were not suitable to other soils and sections. This would at once give rise to a difference on the subject. He said that this was an important point 30 or 40 years ago, and had been discussed at length by men who were prominent orchardists at that time.

Three classes of persons are interested in the question of best varieties, viz: the nurserymen from a commercial standpoint, the planter who wants greater returns, managers of fruit companies simplified packing and sorting, etc.

Adaption to area is an important point. For example the Wine Sap is best in British Columbia, the Fameuse in the St. Lawrence region, and so on. He also entered into the mean temperature for fruit. If too low acidulation takes place, if too high, over ripening, then also there arises the danger of prematureness. This happens according to climatic conditions, short season, early frosts, etc. It is also wise to pay attention to particular sections on farms or localities as for instance the Waterbury particularly suited to growth on the North and South Mountain slopes of the Annapolis Valley.

Soil drainage and sunshine are large influences determining the productivity and qualities of the fruit as to markets.
Give the people better kinds. Our fruit is particularly acceptable to the English market. The Ribston being a special favorite. The personal preference of the grower must be considered, whether box, barrel or dessert is preferred.

How varieties originate: 1st chance seedlings, the McIntosh Red Gravenstein, Blenheim, Ribston, King and Baldwin are in this class.
2nd, Blood sports—Banks' Gravenstein, Red Ribston and Red King.
3rd, Artificial Crossing, Pewaukee and Ontario. The first is a cross between a Spy, and a Duchess, the 2nd, Spy and Wagner.

New York State has produced two new varieties, the Toga and the Cortland.
Prof. Shaw read extracts from prominent orchardists from the year 1883 up to the present.
It was most interesting to note the various opinions from such men as R. W. Starr, A. H. Johnson, G. C. Miller and T. H. Parker, all agreed as to the qualities of the Gravenstein and the Ribston, but opinions differed on the Blenheim, Golden Russet and King.

Gravenstein the Leader.
The Gravenstein took the lead and the Ribston had a prominent place but all opinions reverted to the original fact that soil and situation were the real tests.

How many varieties should everyone attempt to grow? Not less than five nor more than ten.
The fruit best adapted to the colder parts of Nova Scotia, as north of Truro, are Crimson Beauty, Yellow

Transparent, Astrachan, Duchess, Weidly, Dudley, McIntosh Red, Alexander, Bethel.

Smimmering down the different varieties of fruit we find that the following list of ten seems to fulfill all requirements:—Gravenstein, McIntosh, Red King, Baldwin, Wagner, Cox Orange, Golden Russet, Stark, Spy, Grand, or Ben Davis.

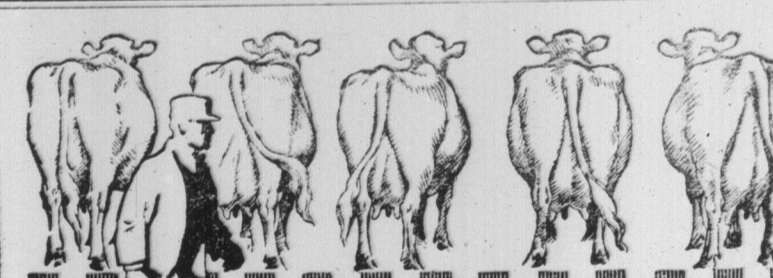

Prof. Blair, of the Experimental Farm, Kentville, then opened the discussion. He was followed by H. D. Bentley, E. Robinson, Mr. Shaw and Mr. Watts. The delicious came under particular discussion. It is a fruit that well bears out its name, but is not so hardy a grower as the standard varieties and perhaps not so marketable.

B. Leslie Emslie, of the Department of Agriculture, then took the platform on behalf of the Dominion Fertilizer Act provisions. Mr. Emslie was on the Reservoir Board, and is fully acquainted with all the details. He said it was the foster child of four departments, came into force in 1909, revised in 1919, and again in 1922, and will be subject to revision in two years; belonged at first to the commerce and customs, then to trades and commerce, third public health and Department of Agriculture, where it rightfully belongs.

At the close a formal discussion as to the virtues and non-virtues of various kinds of fertilizers took place regarding basic slag. "Sydney" vs. English slag being discussed fully as regards to merit.
The number of the various brands has been greatly reduced, and it is illegal for any fertilizer dealer to sell two brands containing almost identical ingredients.

Mr. Emslie laid especial emphasis on the point that if adulteration is found in fertilizers it should be reported at once to the general inspector, F. L. Fuller, of Truro, fills that position for Nova Scotia and it is his duty, or the duty of any inspector, to have an official analysis made.

Principal Cumming took a keen and lively part in the discussion, his practical knowledge of fertilizers helping to clarify many points that arose on the subject.
The President then appointed a resolution committee, consisting of R. S. Shaw, F. A. Chipman, and A. S. Banks.

More Milk

HALF a gallon more milk from each cow every day, will more than pay your feed bill.
Nearly every cow owner gets that increase with Purina Cow Chow.
It costs about a dollar a month more to feed Cow Chow, but that difference is more than made up in the first week. The rest of the month you get your extra milk for nothing.
Feed out of the Checkerboard Bag and you will get more milk.

OBITUARY

Mrs. Thomas Dearness.

The community has been saddened by the passing of Mrs. Thomas Dearness, aged seventy, who for many years has been closely identified with its life and work. Although in failing health for some time, she came somewhat suddenly early Thursday morning, the 18th inst. Mrs. Dearness, who was formerly Miss Mary Jane Henderson, of St. John, was pre-deceased by her husband about twenty-five years ago. Both Mr. and Mrs. Dearness were loyal Presbyterians and faithful supporters of Gordon Memorial Presbyterian Church. In various departments of the church life Mrs. Dearness was a willing and efficient worker; in her younger days she assisted in the Service of Praise; her home was at different times thrown open, with great hospitality, for Church socials and in all such affairs her executive ability was particularly noticeable. In the Sewing Circle, organized during the pastorate of Rev. D. K. Grant, she was invaluable as a Director. In sickness or trouble generally, Mrs. Dearness' kindness was unbounded, and although she had many demands on her time she gave of herself freely to help others. Three children are left to mourn the loss of a most devoted mother—John and Marion, residing at home, and Mrs. A. B. MacKenzie, also of Bridgetown, William A. died in infancy. She also leaves two sisters—Mrs. Margaret Laseelles, of Dorchester, Mass., and Miss Ella Henderson, of St. John; and two brothers—James, of Daughters, Mass., and Frederick, of Truro, the latter of whom attended the funeral which took place from her home at two p. m. on Saturday. The regular services at the home and at River St. cemetery were conducted by Rev. E. Underwood, pastor of St. James' Anglican Church. At the conclusion of the home service, the Rebekah Lodge performed their usual rites, adding to the already beautiful floral tributes another offering of affection and remembrance and saying a last farewell over the body of their departed Sister, in the hope of a Glorious Resurrection.

OBITUARY

Mrs. M. A. Charlton.

The death occurred on Monday night, Jan. 15th, at North Williamston, of Mrs. M. A., widow of the late Deacon Henry S. Charlton, at the advanced age of 87 years. She has been in failing health for the past two years and her death was not unexpected. Although the night without was wild and the storm fierce, yet within her heart was joy as she passed peacefully to meet her Redeemer. Her bright and cheery disposition had won for her many friends who will deeply mourn their loss. The funeral service was conducted at the home on Thursday afternoon, Jan. 18th, by Rev. R. F. Allen, pastor of the Nictaux Baptist Church, at which she had been a faithful and consistent member for more than 60 years. Interment in the Nictaux cemetery. A beautiful pillow of flowers from the children and wreath from the grandchildren were placed with loving hands on the casket. She leaves to mourn their loss: three children, Mrs. A. M. Brown, Woburn, Mass.; Mrs. A. J. Wheelock, West Clarence, and one son, Daniel, with whom she made her home, also twelve grand children. Her husband had predeceased her by eighteen years.

"Blessed are the dead who die in the Lord for they rest from their labors and their works do follow them."

OBITUARY

Mr. John Wright.

The death took place at his home in Beauséjour on Saturday morning of Mr. John Wright, an old resident of that community. He leaves to mourn their loss, two daughters, Mrs. Ezra Ring, of Beauséjour; Miss Laura, of W. H. Maxwell's; two sons, Edward, at home; John, Round Hill. One son, David, gave his life for King and Country overseas. Mr. Wright's wife predeceased him some years ago.

The deceased enjoyed the esteem of a large circle of friends. The funeral was conducted on Tuesday afternoon by Rev. C. W. Robbins, pastor of the Bridgetown Baptist Church.

In a city one's sleep is disturbed by the cars running; but in a small town there is nothing to disturb the quiet except the rum running.

OBITUARY

Mrs. H. S. Charlton

The death occurred at the home of her son, D. M. Charlton, of North Williamston, on Monday night, at 12 o'clock, of Mrs. H. S. Charlton, aged 86 years. The deceased lady had been in failing health for the past few years, but only a few days ago did her illness take a serious turn and while the end was eventually expected, it came suddenly, and was a great shock to her many relatives and friends.

The deceased leaves to mourn, two daughters, Mrs. Archie Brown, of Woburn, Mass., and Mrs. Arthur Wheelock, of Lower Clarence, and one son, D. M. Charlton, with whom she resided with since the death of her daughter, Mrs. Prior Sanford, of Berwick.

Mrs. Charlton will not only be missed by her family, but by a host of friends who sympathized deeply with the bereaved ones who have been bereft of a kind and loving mother. The deceased was a consistent member of the Nictaux Church.

The funeral took place on Thursday afternoon. The services were conducted by her pastor, Rev. J. Allen of Nictaux. The interment took place at the Nictaux Cemetery.—(Middleton Outlook please copy.)

OUTRIM

Mr. Charles Healy spent Saturday 20th in Middleton.

Mrs. Sarah Grant is visiting her daughter, Mrs. David Marshall.

Raymond Belsor, of Torbrook, who spent a few days visiting his cousin Lendley Banks, has returned home.

Mr. and Mrs. Bayard Marshall, who have been suffering for a couple of weeks with severe colds we are glad to say, are on the active side again.

Miss Annie Morehouse, of Centreville, Digby Co., returned the 19th to take charge of her school here. The heavy fall of snow which blocked the roads detained her until a late date. She was accompanied by her sister, Miss Ella Morehouse, who will be the guest of her friend, Doris E. Healy.

Eighteen years ago this Winter what has ever since been known as the Winter of the deep snow, has never since been equalled until this Winter, and this is quite up to it I think. I hope an open Winter won't be prophesied another Fall if this is going to be the outcome of it.

Evidence that wildcats are increasing in numbers in Halifax county is found in the monthly report at the county treasurer's office. Two dollars a snout bounty is paid or killing the heads. During December fifty snouts were turned in.

Local Happenings

The service in St. Mary's Church, Belleisle, next Sunday afternoon, will commence at 2 o'clock.

The recent thaw as well as storms has given the trainmen added snags of troubles. On Saturday night the C.N.R. engine with plow went off the tracks at Clarence station, melting snow during Sunday thaw followed by a freeze up left an icy rail. On the North Mountain branch of the D. A. R., an engine with plow went off the track and spilled out the occupants of the cab, fortunately none of whom were injured. Mishaps during the past two weeks have been frequent and on the whole the life of the trainman has been an existence of a very strenuous and annoying kind.

We would give our readers a last reminder of the Monthly Entertainment to be given in the Recreation Hall next Tuesday evening. This month under the auspices of St. James' Church, Part I will consist of a miscellaneous concert program, and Part II of a laughable farce entitled "Old Cronies". We would also remind our readers that, owing to weather conditions, the Christmas tree entertainment did not net the usual revenue for the Hall's maintenance and for this reason, besides of them a bumper house. The Bridgetown orchestra, who played so splendidly at Christmas, will again be in attendance. The entertainment will commence at eight o'clock. Admission 35c., children 12 and under 25c.

NOTES AND PROSPECTS OF THE APPLE MARKET

North of England Fruit Brokers, Ltd., Manchester.

The present season opened returning discouraging prices for Gravensteins and for a few boats after the Gravensteins were marketed, remarking the two principal factors contributing to the unsatisfactory conditions are, the large and simultaneous world crop and the reduced purchasing power of the British public due to industrial depression.

Total arrivals from all points this side to U. K. markets have been almost doubled during the corresponding period in 1921-22 and it may be said that arrivals have been so heavy as to demoralize the markets.

English early apples were very plentiful and considerable quantities were imported from the European continent.

Ontario has as usual scored a superior average price to our N. S. fruit.

The quantities of boxed apples going forward have been very great—too great in view of the impoverished demand.

Considerable quantities of the New York Imperial and Albernarle varieties from Virginia have been placed on U. K. markets and have made excellent prices.

"Brownheart", a condition arising in the core of the fruit, supposed to occur through improper ventilation, appeared in some consignments of B. C. apples. As there are no external symptoms of this disease, the apples have to be out in order to detect its presence. Needless to say, consignments harboring "Brownheart" have returned very disappointing prices.

Prospects for improved markets are not very promising but hopes are held out for better prices towards the end of the season for Nonpareil and Ben Davis.

LUMBERMEN AND OTHERS HARD HIT BY WEATHER CONDITIONS

Cord Wood and Barrel Stock Apt To Be Scarce.

The thaw which started on Sunday and continued through a portion of Monday had the effect of wearing down the huge banks of snow to an appreciable extent and still there is more than enough to meet all requirements.

We are informed that the reduction of the snow will improve conditions somewhat in the woods where they have been exceedingly serious hampering to an unprecedented degree the operations of lumbering and getting out wood, and even preventing the getting near the scene of operations, to say nothing of working in the usual places. The thaw no doubt caused an accumulation of water in the swamps which may perhaps not be frozen again this Winter. This combination of unfortunate circumstances will no doubt mean high prices for cord wood, barrel stock and lumber generally through the difficulty of getting supplies. Weather conditions have hit the lumbermen heavily when there seemed a dull in the business.

To people who live in the country

Royal Securities Corporation, Limited
Royal Bank Building, Halifax

Many of you have money and wish to invest it as promptly, as profitably, as privately and as conveniently as city people. FOR these reasons we have extended our facilities for the sale of safe, reliable Bonds by mail. UNDER our plan, we send you a list of high-grade Bonds to select from and make your definite recommendations. Then, when you have made your choice, you order the Bonds from us just the same as you would order goods by mail from a big department store. We deliver them to your bank with draft attached, so that you may inspect them before purchase. You take no risk. BY investing in this way, you get prompt service. You have the same choice of investments as city clients and you can buy by mail on exactly the same terms as big institutions and large private investors.

Splendid Services Torrie's Solos a Striking

Rev. Alexander Torrie, Torrie, Eva

The revival mission in the Bridgetown by Rev. and Mrs. Torrie of Toronto as provided for each evening and Torrie's preaching at singing. In spite of weather of last week were very largely attended morning, afternoon and services will be continued or two. The week will be held in the audit church each evening (except at 7.30 p.m. special services next 4th). The regular mission will be held at eleven Torrie will address a to which all the residents are invited at 3 p.m., will be of especial importance. The evening held at the usual hour Torrie will speak at all and Mrs. Torrie will in addition to special choir. Three prayer held each morning in the people, with the exception Monday morning to 10 a.m. The arrangement made each evening of meeting of these prayer the following day. Torrie is cordially invited. These services this week on Sunday morning he spoke on the subject: "Down Now a Revival", a revival were from God's Pentecostal revivals must look beyond preachers to God for an of the Holy Spirit. Pray for spiritual deadness, decay, prayer meeting, the lack of altar and discussed unbelievers and also, the believers.

The need of reading word "The people need the least concerned. They the grace of God in them. They often go to church listen to the sermon. Observe others and spend in thinking over business bred things not connected with.

In the afternoon the spoke on "Choosing a mingled much humor with advice. Girls should be to be useful in the home ornaments, spending the frivolous pursuits.

In the evening Mr. Torrie strongly and fluently from I am the way, the truth and the light". A large congregation his utterances with intense Torrie's singing at the services was listened to with interest.

The following tribute to the Oshawa Ministerial Association in that part of Ontario for itself, as follows:—
Rev. Alexander Torrie, B. A., Ministerial Association.
Dear Bro. Torrie.—At the meeting of the Oshawa Ministerial Association I was instructed you that it was moved by Garbutt, pastor of Simcoe
